Haskell Wins Indian Battle, 14-6 Over Quanah Tribe

The Indians of Haskell and Quanah met last Friday night and the Haskell Tribe won the battle, 14-6, on two quick fourth quarter touchdowns.

After three scoreless quarters, Quanah scored with 8:38 left in the game. The TD came on an eight play drive which covered 92 yards.

Haskell's first scoring drive came on their next possession when the Tribe moved the ball 78 yards in 10 plays. Indian Albert Sherman carried in from the four for the score. Indian Toby Villa carried twice during the drive for rushes of 46 and eight yards. Both carries came on third down situations. The PAT failed and the score was tied, 6-6, with 4:22 left in the game.

On the first play following the kick-off, Haskell recovered a Quanah fumble and scored three plays later on a two yard run by Sherman. The TD came :59 seconds after the first Haskell score. Villa carried for the two point conversion.

Band Booster Membership

The Haskell Band Booster Club is inviting interested persons to join and be "Sustaining Members". There is no set membership fee; you may become a member for any amount that you choose. The annual membership is for people who want to help support the band, even though they don't have a child in the band at the present time.

Our priority needs are (1) new band uniforms and (2) shed for band instrument trailer.

Everyone who has a child in the

and Haskell had moved the ball to the seven yard line when time ran out.

The Haskell defense stopped Quanah throughout the night and at the end of the third quarter had held them to -9 yards total offense. The bulk of Quanah offensive yardage came on back to back fourth quarter plays of 23 and 52 yards.

Indian Toby Villa lead the Haskell rushing attack with 112 yards. Doug Lanier had 36 yards and Albert Sherman had 25 yards. Indian James Davis caught the lone Tribe pass for a 41 yard gain.

Haskell moved the ball to the 16 near the end of the first quarter and a 26 yard field goal attempt failed.

The next Haskell threat came early in the third quarter when the Tribe moved the ball to the 9 yard line only to be stopped on downs.

The Tribe will open District play this Friday night at 7:30 in Seymour. All Haskell fans are urged to attend the game and boost the Tribe to a victory.

NEW MANAGER

Billy Marr has moved to Haskell and assumed duties as manager of furniture sales at Bynum's Furniture Gallery in Haskell and Munday. Marr is a 1969 graduate of Haskell High School and a 1975 graduate of North Texas State University. He is the son of Bill and Marie Marr of Haskell and moved from Dallas where he was marketing manager for MPI Office Products. He is married to the former Leeta Pharris, daughter of Mr. and Mrs. O. B. Pharris Jr. of Haskell. They have two daughters, Sheree, 10, and Kristen, 8.

In the normal world of bureaucratic process, things usually go wrong.

Not so this week when representatives of the Texas Education Agency were in Haskell to evaluate our school system.

The two ladies spent two full days in Haskell searching through files, records, manuals, visiting with teachers and examining buildings and facilities.

It's probably true that two people can't spend two days and see all they need to and if their report had been more critical, then we would probably be questioning their capabilities.

But for two trained evaluators who are also experienced classroom teachers to issue such a good report was impressive. They both admitted that they frequently find violations of state law and policies and also find serious concerns.

They found neither during their visit in Haskell.

They did list several concerns, most of which amounted to suggestions in utilizing specialized personnel more in their fields of expertise to assist other teachers.

They also listed several areas of commendations which go well beyond minimum guidelines in school operations.

The commendations included required areas such as reading, math and science and also other areas such as public relations, music and journalism.

After listening to the two hour debriefing, I was extremely proud to be a resident of Haskell. Haskell people know what a wonderful place this is, but it's extra nice for outsiders to recognize our good points.

Again, we express our appreciation to Superintendent James Lanier, Principals Clayton Neal and Bill Blakley and the entire staff of Haskell ISD for an outstanding job.

Haskell ISD Receives Good TEA Accreditation Report

Members of the Texas Education Agency spent two days evaluating Haskell ISD this week and in their report Tuesday afternoon announced that the system's status as accredited would not change.

During the evaluation, the team found no violations of accreditation rules.

Although a written report will be prepared and mailed to the school later, the team members, Laverne Morrison and Mickie Boyvey, spent about two hours with Superintendent James Lanier and Principals Clayton Neal and Bill Blakley in discussing the evaluation. Also attending the meeting were representatives of Region IX Education Service Center and Don Comedy of the *Haskell Free Press*.

The oral report Tuesday was divided into three sections: commendations, concerns, and violations.

Commendations were listed as the things which had been seen that were above and beyond what is normally expected.

Concerns were listed simply as suggestions which are not mandated which could help provide a better school.

Violations are areas which violate state board policy or state law and specific steps must be taken to correct the problem areas. The team found no violations in their visit.

During the oral report, commendations out-numbered concerns by better than two-to-one and Mickie Boyvey summed her feelings of the visit with "you have a very good, strong system".

Listed as specific areas for commendation and comments by the two ladies included:

- Goals of the system are especially practical
- Professional staff in library and periodicals in elementary school library
- All day Kindergarten program

should be beneficial in developing a better reading program

•Number of visits by Principals to classrooms prior to teacher evaluations

•Extremely impressive school newspaper and two year journalism program should also contribute to language arts program and reading program

•High School teachers are following suggested objectives of the Texas Education Agency

•Reading in content areas

•Individualized math program

•Very strong remedial program and priority on reading throughout system

•Good maintenance in buildings and playgrounds

•Western Texas College Extension and Adult Basic Education Programs

The two also specified several other areas of exception during the meeting which included:

Outstanding public relations on the part of the school in the form of a regular column in the local newspaper by the Superintendent; an excellent student handbook and a questionnaire provided to students, faculty and local citizens.

They also praised Journalism

Charles Thornhill Is Booster Of The Week

Charles Thornhill was selected as Booster of the Week Tuesday night at the Indian Booster Club meeting. Charles has lived in Haskell for 16 years and during this time has led cheers and given speeches at pep rallies, filmed varsity football games for 7 years, presented numerous Jaycee sports awards at the All Sports Banquets, and Friday night stepped in as photographer at the game.

He and his wife, Louise pull the Indian Band instrument trailer to out of town games. Charles is one of those people that does the job, when others are making excuses and looking for a way out.

If there is a new comer in Haskell that doesn't know Charles, he'll be the long tall fellow at the game, that might be mistaken for an overgrown Indian cheerleader, he probably will be dressed in black and gold and you will never guess he is a former Seymour Panther.

The Booster Club would like to give a special thanks to Alton Middleton for his help in organizing

Fund Drive Set

The kickoff for the Haskell Salvation Army Service Unit fund drive was held at 10 a.m. on September 30 in the Community Room of the Haskell National Bank, according to Buddy Lane, local Service Unit chairman. Lane and his wife, Peggy, will head up the fund drive.

Lane noted that the goal of \$1,500 will be used to pay for The Salvation Army's services to the less fortunate in the area. The campaign is to be concluded on November 1. "We are confident that our community will support the fund drive as generously as they have in the past. The Salvation Army has long been a valuable asset to our town," Lane commented.

The Service Unit committee, composed of business and civic leaders, carries out a year-round program of aid to people with emergency needs. Acting on behalf of The Salvation Army, the committee arranged for food, lodging or other basic necessities that a family or individual might require in a crisis situation. The Service Unit committee also acts as

Teacher Jill Druessedow, Science Teacher Jim Bob Mickler and Band Director David Mooney for various aspects in their programs.

The concerns were listed as suggestions which could possibly improve the school and most concerned utilizing existing personnel in advisory capacities. The two encouraged the band director to provide leadership to elementary school personnel; Janice Browning to provide reading program advice to elementary personnel and P. E. Teacher Jeannine Comedy to assist in the Kindergarten P. E. program.

Other concerns included: dating school board policies; more use of TEA elementary school frameworks and carpet or appropriate furniture for the elementary school library.

The accreditation survey is conducted every five years by the TEA and evaluators looked at the curriculum, number of students per class, electives, facilities, teacher certification and confirmation to state law and TEA guidelines.

Superintendent James Lanier said following the oral report, "There were no surprises in the report, we know where we need to be going and are working in that direction".

and frying fish at the fish fry. The 8th grade team will be introduced at the next week's meeting.

Coach Mickler gave a scout report on the Seymour team. Among other things, he told members the Seymour team is big and play tough, especially at home games. However, if the Indians are playing the same type football they played against Quanah, we can beat them.

Coach Holt showed the Quanah film and praised the Indians throughout the film. He said this was the best football the team had played all year, there was only a very limited amount of errors.

For this week's game Patrick McCoy will be the only Indian on the injured list.

Those of you that missed the Quanah game missed a very exciting game. We've got a team that's working hard to represent their school and town, so let's go to Seymour and cheer them on to another win.

Study Club Supper Set

The Progressive Study Club's third annual Chicken Spaghetti Supper will be held prior to the Haskell-Hamlin football game on Friday, October 15, from 5:30 p.m.-7:30 p.m. in the Haskell High School Cafeteria.

Tickets are \$3.00 for adults and \$1.50 for children and may be purchased from any club member or from Virginia Jones at Haskell National Bank.

Harris, Bleiker Repeat Vows In Canyon

Jill Darlene Bleiker and Dr. James Edward Harris were united in marriage in a double ring ceremony on Oct. 2, 1982 at 7 p.m. at First United Methodist Church in Canyon. Officiating was Rev. Bobby McMillan, pastor.

Vows were read before an altar flanked by arrangements of white spider mums, blue Dutch iris, white daisies, ranunculus and other flowers in tree candelabras. Three fifteen-branch arch candelabra garland with greenery formed the background for the ceremony.

Parents of the couple are

Mr. and Mrs. Bill J. Bleiker of Canyon and Mr. and Mrs. Leon Jones of Haskell.

Organist was Marilyn Dees of Canyon and vocalist was Camille Hall of Roswell, N.M. Flutist was Liz Moore of Canyon. Selections included "To Know Love" and "Bless This House".

Candlelighters were Crystal and April Scarborough of Levelland. They wore gowns of periwinkle blue to match the bridesmaids. Ivory lace and satin ribbon accented the neckline and bodice. The waistline was accented with an ivory satin ribbon bow tied in

the back and flowing the length of the dress. Skirts fell to floor length. They wore a garland of babies breath, flowers and ivory satin ribbon in their hair.

Registering guests were Tanya Grona of Amarillo, Kris Olson of Waco and Stacey Bass of Ft. Worth.

Ushers were Jack Cocke, Jim Cocke, both of Dallas, Dr. Tom Hall of Austin and Steve Robnett of Midland.

Matron of Honor was Janna Lewis, sister of the bride, of Abilene. Bridesmaids were Suzanne Clark of Midland, Diane Denkhoff of Abilene, Amy Hall, Atlanta, Georgia, Cynthia Jones, sister of the groom, of Canyon and Mynea Jones, sister of the groom, of Haskell.

They wore gowns of periwinkle blue chiffon designed with jewel necklines. Tucks accented the front of the gown. Their sleeves were three-quarters in length which were caught up below the elbow in bands. A self fabric sash accented the waistline with a peplum that extended over the hips. The skirts fell to floor length. The bridesmaids carried free form bouquets of blue iris, bachelor buttons, white daisies and white spider mums tied with ivory ribbons and accented with purple statice.

Best Man was Gary Lewis, brother-in-law of the bride, of Abilene. Groomsmen were Dr. Derrel Davis, of Hamlin, Dr. Glenn Hansen of Albany, Dr. Greg Harrison of Canyon, Dr. Jim Kemp of Amarillo and Rick Pritchett of Houston. They wore black single peak

lapel coats, black pants, black satin vests and ties, ivory wing tip shirts to match the groom and coordinate in with the wedding colors.

The bridegroom wore a traditional black full dress tailcoat with black pants, black satin vest and black satin tie with an ivory wing tip shirt to coordinate with the bride's candlelight wedding dress.

The bride, given in marriage by her father, wore a formal gown of all over English net and Lyon lace designed with a high sheer Victorian neckline. Strings of pearls accented the high rolled collar. The closely fitted bodice was overlaid with lace and pearls. Her long sheer fitted sleeves of Belgian lace extended into a chapel length train. The back of the gown was accented by a wattleau train. Tiny self fabric buttons accented the back and wrist closures. She wore a matching lace coil designed with silk illusion which fell unadorned to fingertip length. The bride carried a bouquet in cascade styling of ivory roses, spider mums, and stephanotis flowing with ivory ribbons of

lace and satin.

A reception was held at Saint Ann's Parish Hall.

A floor length sheer candlelight cloth with a swiss embroidery overlay covered the bride's table. Bouquets of spider mums, roses, carnations and babies breath in the bride's chosen colors adorned the silver candelabra epergnes on either side. Matching flowers formed the top of the four-tiered bride's cake and cascaded through the layers, encircling the lower layer. A silver punch bowl, samovar service and other silver appointments completed the table arrangements.

Serving at the bride's table were Sue Scarborough of Levelland, Kim Snyder of Baird and Constance White of Houston.

The groom's table was covered with a silver grey floor length cloth with candlelight overlay. German chocolate cake was decorated with the monogrammed initials of the couple. The centerpiece on the groom's table was of ivory flowers and blue bachelor buttons cascading from a brass candelabra. A brass samovar service with other brass appointments were used for mints and nuts.

Serving at the groom's table

were Suzanne Mayer of Lubbock, Missy Morgan of Rockwall and Alice Williamson of Lubbock.

After a wedding trip to the New England States of Massachusetts, Vermont, New Hampshire and Maine, the couple will reside in Haskell.

The bride is a graduate of Goddard High School, Roswell N.M. and Texas Tech University with a Bachelor of Science Degree in Home Economics. She is a member of Pi Beta Phi Sorority and is currently employed as Kindergarten and Homemaking Teacher for Weibert ISD.

The bridegroom is a graduate of Haskell High School and Texas Tech University with a Bachelor of Arts Degree in Biology. He received his D.D.S. from University of Texas Dental Branch at Houston and currently has private practice of General Dentistry in Haskell. He is a member of Sigma Phi Epsilon Fraternity.

The couple was honored with parties and showers in Dallas, Ft. Worth, Canyon, Haskell and Roswell, N.M.

The rehearsal dinner was given Friday evening, Oct. 1 by Mr. and Mrs. Leon Jones at Rheingold's.

Yard Of The Month

October is the in between month when summer flowering is past its peak and the fall mums are in full bud but not yet blooming. So it was hard to find neatness and bloom color. Some of the yards needed mowing and some needed shrubs pruned.

Yard of the month goes to Mr. and Mrs. J.C. Yeary, 905 N. 8th. Their yard is beautifully landscaped with a variety of trees and shrubs yet an open, spacious, uncluttered look. In the front, two hanging baskets accent the entrance with caladiums and elephant ears growing in beds below, across the front a mimosa in the center with two native mesquites. One on each side. Two abelia bushes in full bloom on each side of doorway add color and interest, a beautiful evergreen cherry laurel and a red bud tree on the north east corner are balanced on the north west by eleagnus and a spanish oak.

Four pecan trees on the east define the yard. The backyard was designed for play equipment and games.

In spring hollyhocks, iris and blue bonnets grow and bloom against a fence that screens the alley from view. In summer and fall, red caster beans and red cannas give a beautiful view from the covered patio with its sixteen hanging baskets of purple jewel, airplane plant, fern, and purple velvet.

Langfords To Celebrate 50th Anniversary

Mr. and Mrs. C.V. Langford of Haskell will be celebrating their 50th wedding anniversary Sunday, October 10. They invite their friends to come and help them celebrate from 1-5 p.m. in their home at 909 N. 4th.

Delta Kappa Gamma Meets In Knox City

Chapter improvement was the topic for the first Delta Kappa Gamma meeting held at Knox City last Saturday. Nancy Abernathy of Aspermont discussed chapter improvement with the 43 members in attendance and then used a get-acquainted exercises to further member participation.

Following a treasurer's report by Margaret Chafin of Knox City, Cathy Bartley introduces the research project, volunteer community service, to the members. Christie Stapleton, program chairman, distributed the yearbooks.

Mary Jo Lankford, president of Beti Chi chapter, presided at the business meeting. She congratulated the members for their attendance at the area meeting in Hamlin. "We were recognized for having the most members there," she said.

Hostess were members from Knox City. Using a fall theme, they served assorted breads and cakes and orange fruit cups.

Hannsz, Hunt United In Marriage

Jana Lyn Hunt and James Mark Hannsz were united in marriage at 7 o'clock in the evening Saturday, October 2, in the Church of Christ in Haskell. The double ring ceremony was performed by Don Fleming of Loop, cousin of the bride.

The bride's parents are Mr. and Mrs. Jerry L. Hunt of Haskell. The groom is the son of Mr. and Mrs. James R. Hannsz of Haskell.

The couple exchanged vows beneath an arch holding silk tiger lillies, rose buds and camellias in peach and brown tones accented with green. Large candelabras with white candles stood on either side of the arch. The pews for the parents and grandparents were adorned with votive candles with green ivy and brown satin bows, while the remainder of the pews were adorned with ivy and satin bows of the bride's chosen colors. The unity candles were held by a brass candelabrum trimmed in silk lillies and roses of peach and brown with

three white candles, and stood at the front of the parents pews.

Given in marriage by her father and mother, the bride was escorted down the aisle by father in an original gown by Michelle for Alfred Angelo in white organza and lace. The fitted bodice of Chantilly lace had a Queen Ann neckline. Seed pearls and paillets traced the lace pattern and the long fitted sleeves were edged in an organza ruffle and enhanced with lace appliques and a deep bias flounce was held by a wide band of scalloped lace. The skirt fell into a full chapel length train.

Her pearl and lace head piece held a Chapel length veil of imported English illusion that was edged in matching lace with appliques. The bride carried a bouquet of peach colored rose buds and asters with white accents. The streamers were satin ribbons and petit-point lace. The bride wore a diamond necklace belonging to her paternal grandmother, Mrs. R.L. Hunt,

as something borrowed in keeping with tradition. For something old, she wore the wedding ring of the groom's great grandmother Kohout, who wore the ring from her native Czechoslovakia. The ring is of rose gold. Her garter was something blue and her head piece was something new.

The church singers provided traditional wedding music with Gail Crow of Loop, cousin of the bride singing, "If" as a solo. Other songs sung by the chorus were "My God and I", "Heavenly Love", "Be Still My Soul", "Follow Me", "We've Only Just Begun", and "The Wedding Song".

Serving as matron of honour was Lissa Cauley of San Angelo, sister of the bride, Trina Haley of Perkins, Ok., sister of the bride, was bride's matron. Miss Julie Coday of Tulsa, Ok., cousin of the bride, and Kristie Hannsz of Haskell, sister of the groom, served as bridesmaids. They wore matching floor length dresses of peach colored taffeta with tucks accenting the short sleeves and the full skirts. The dresses were belted with self material belts tied in the back with bows.

They carried large bouquets of peach silk camellias and rose buds on lace folding fans, and enhanced with tiny brown flowers, ribbons, and lace.

Serving as flower girls were Charla Kay and Amber Carolyn Hunt, twin daughters

of Mr. and Mrs. C.B. Hunt, and cousins of the bride. Their dresses were peach taffeta and miniature copies of the bridesmaid dresses. They carried baskets of natural straw lined in white satin trimmed with lace.

The groom was attired in a western accented white tuxedo. Serving as bestman was Joe Wheatley of Haskell. Serving as groomsmen were Benny Bredthauer, Kirk Markey, and Rick Kennedy. They were attired in western accented brown tuxedos. Ushers were Dennis Stegemoeller and Wilton Wiese.

The bride's mother wore a street length dress of soft creamy beige crepe with wrist length sleeves and a lace yoke with a tie at the neck. The groom's mother wore a street length apricot colored crepe dress with a jewel neckline and wrist length sleeves.

As the bride neared the altar, she presented her mother with a long stemmed peach colored rose and a kiss. The bride presented her mother-in-law with a long stemmed rose and a kiss after the ceremony.

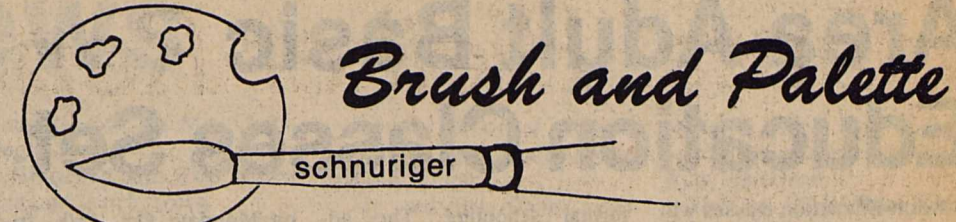

Registering the guests was Charlotte Peiser, sister of the groom. The registration table was covered with an over and under table cloth of peach and beige lace and percale with a large bouquet of flowers in the bride's colors held in a gold

vase. Following the wedding ceremony, the reception was held in the annex of the church building. The three tiered white wedding cake was adorned with peach colored flowers with a bouquet of peach colored rose buds on the top tier. The table cloth was candlelight in color on a large round table. Silver candlesticks with crystal appointments and brown and peach napkins were used. Jana Ingram, Kim Glover, and Leigh Ann Sims all of A.C.U. at Abilene served at the bride's table.

The groom's table was covered with a beige crepe cloth with brass appointments. The chocolate cake was decorated with cotton boles made by the decorator. Serving at the groom's table was Becky Medford and Julie Coleman both of Paint Creek.

For her going away ensemble, the bride wore a three piece dark salmon pink corduroy skirt and jacket with a plaid blouse of complimentary colors. Her shoes and bag were light brown.

A rehearsal dinner was served on Friday night to the wedding party, the parents and the grandparents in the home of Mr. and Mrs. James R. Hannsz. Ham, bar-b-que beef, pinto beans, potato salad, marinated vegetable salad, and coconut cream and chocolate cake for desert.

Having lived in this Big Country for a year, we believe this is the true regency of the land, so impressive and inspiring - where we can be at peace with ourselves and where we can face up to God and be unafraid. We just have to say it again - "This is a great country!"

Q. How do you paint a white object against a white background?

A. This reminds me of the old class room art of painting an egg on a white cloth. It is a good exercise and makes one think. The important thing to remember is that white things generally do not appear absolutely white. Where there is light, there is a shadow; therefore most so-called white objects are painted off-white. You can use some kind of gray - often bluish gray, sometimes

grated toward the umber tones. The color reflected on to the object dictates the shadow. There will be dense, sometimes surprisingly dark shadows - then graded toward the lightest light. Shiny objects are easier to paint than matte surfaces, because the brilliant highlight helps you. Don't forget the reflected light! There will also be a sharp dark shadow underneath any mass sitting on another surface.

Q. What is the difference in toning and underpainting?

Toning is really just a wash using Turpenoid and color applied with a cloth dipped in Turpenoid and then into color. Smear this all over the canvas

- not worrying about streaks but smooth it out pretty well. After four or five minutes, wipe off as much as possible with a cloth (paper towels leave lint). Toning does three things - gets rid of the white canvas, fills in the roughness a bit and gives color to vibrate through the paint.

Underpainting is different; this is where you quickly lay in color with the brush using fairly thin paint. Establish composition and values as well as the flat areas. Think 'forms' as you do the underpainting. I usually finish the sky at this point of the picture. Use the colors necessary for the middleground and the foreground. The direction of the brush strokes make things go uphill or down. Tree trunks can be loosely stated at this point also. Cover the entire canvas before you start details. You will have a better painting and get along faster. Some painters let this under painting dry before progressing, however, it is good to learn to paint wet-in-wet.

Mariann Cassell To Speak To WAF

The Aspermont chapter of Women's Aglow Fellowship will meet on Thursday, Oct. 14, at 7:30 p.m., in the Living Church, Aspermont.

Speaker for the Oct. meeting will be Mariann Cassell of Lubbock. Mariann is the author of two books, "The Prodigal Wife", and "Me, Revereance My Husband?"

She was instrumental in the organization of the recent "Women in Accord" retreat for Christian women in leadership, held in Lubbock.

Mariann has a beautiful testimony of God's healing of

Baby's Logic Develops Throughout Early Years

We have all marvelled at how a magician can make objects seem to appear or disappear in his hand, hat or pocket.

Our logic tells us that he is not really creating things out of thin air, or making them disappear without a trace, even though the visual illusion of such magic is overpowering.

A baby's logic is not so well-developed, and she lives in a world of constantly changing sights and sounds. She tries to make some sense out of the world, to recognize stability and order when she sees it, and to discover rules for explaining the strange events that do not fit in with her fragile new ideas.

Growing Child, the monthly child development newsletter, reports that a baby learns that if something is moving, it is likely to keep on moving unless something else makes it stop. So if a toy falls or rolls behind an obstruction, she may not find it at just the place where it disappeared. She will learn that an object looks different from different viewing angles, but its true nature hasn't really changed.

This concept is called "object constancy" and learning it takes time and experience. It is one of several stages of mental development that increase in complexity throughout Baby's preschool and early school years.

At 8 months old, a baby is

still working on simple ideas, like recognizing familiar objects and deciding whether new objects fit in with her present conceptions. She tends to accept changes in appearance at face value, without holding out many long-range expectations. Her "logic" tells her that things change unless they can be proven to be the same.

A proving process probably has to happen for every object that Baby encounters in her early months. It happens first for those objects she sees most often, or are most important to her like the faces of her parents. She sees these faces at different angles, in light and shadow, and with all kinds of expressions on them.

But there tend to be certain sounds and behaviors that always go with them to confirm that they are the same. She learns to identify what parts stay the same to aid her recognition and what changes occur but are unimportant (at least for recognition).

When she finds a new object like a block, she turns it at different angles and sees it at different distances. At each moment, it appears different

Births

Mr. and Mrs. Raymond Eugene Moore, of Munday announce the birth of a daughter, Amanda Diane Moore, born Oct. 1, 1982, at Haskell Memorial Hospital, weighing 6 lbs. 14 1/2 oz.

Mr. and Mrs. Russell Craig Williams, of Knox City, announce the birth of a son, Russell Craig Williams Jr., born Sept. 28, 1982, at Haskell Memorial Hospital, weighing 9 lbs. 9 oz.

Mr. and Mrs. Guillermo Rojo, of Haskell, announce the birth of a son, Guillermo Daniel Rojo Jr., born Sept. 30, 1982, at Haskell Memorial Hospital, weighing 9 lbs. 6 1/2 oz.

to her eyes. But the feel, sound and other qualities stay the same.

She learns that if she moves or the object moves, it may look different but the difference is not important either.

Finally (and this takes a little longer) if the object is partly hidden, it will look different, but that does not mean that it has disappeared, or changed into something else.

All of these learnings help a baby come to grips with the world. She begins to sort things out. She forms stable ideas and expectations. Her picture of concrete reality is developing steadily, and in not too many months she will be ready to take a giant step forward in gaining control over her environment-using words to label the objects and experiences she so silently contemplates today.

The Growing Child newsletter follows a child's development month-by-month. For more information on the social and physical development of children from birth to six years old, write to Growing Child, PO Box 620N, Lafayette, IN 47902. Include child's birthdate when writing. A year's subscription to the newsletter costs \$11.95.

Area Adult Basic Education Classes Set

Adult Education classes will be held in Rule, Weinert, Munday, and Knox City. Anyone 17 years of age or older may register for one of three levels of instruction. The basic level (grades 1-3) will be held for those persons who have little or no schooling or who need to read and write English. The intermediate level (grades 4-6) will be for those who have completed the basic level and have had some

formal schooling. The advanced level will involve those who have not finished junior or senior high school. Bookkeeping, typing, shorthand, and conversational Spanish will be offered in some schools for the advanced students. Classes will meet one night weekly.

Persons may register at one of the schools according to the following schedules:

The Rule classes will meet

on Monday, Oct. 11th, from 6:00 to 9:00 p.m., at the Rule Elementary School. Programs available are all three levels, English-as-a-Second-Language, GED, and Conversational Spanish. Mrs. Vida White and Mrs. Dora Torres will teach the classes.

The Weinert classes, led by Mrs. Dolores Foster and Mr. H.L. Guess, will meet on Tuesday, October 12th, from 6:00 to 9:00 p.m., at the Weinert School. Mrs. Foster will teach the three levels and GED, and Mr. Guess will offer beginning and advanced bookkeeping, two levels of typing, and shorthand.

The Munday classes will meet at the Munday High School on Tuesday, Oct. 12th, from 6:00 to 9:00 p.m. Instructors will be Mrs. Ruth Ishmael and Mrs. Martha Andrade. Mrs. Ishmael will teach bookkeeping in addition to the GED level. Mrs. Andrade will teach the Basic and Intermediate levels, English-as-a-Second-Language, and Conversational Spanish.

The Knox City classes will meet at the Knox City High School on Tuesday, October 12th, from 6:00 to 9:00 p.m., with Mrs. Joanna Delgado instructing. In addition to all levels, bookkeeping will be offered.

All adult education classes are free to those attending, and all books and supplies are provided without charge. Persons unable to register on the first night of classes may register on any following class night. For further information, call Mrs. Betty Davis, Program Supervisor, at Haskell High School.

Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Sir,

I graduated from Haskell High School in May, 1961. I am in the process of putting together a biography on each of our class members. I need an address on Patsy Bartley Walker, Joy Bevel Harvey, and Shirley Carter. Would you please put a note in your paper about this. If anyone has an address on these 3 people I mentioned they may contact me at 1715 Lynn Dr., Garland, Tx. 75040. Thanks for your help.

Sincerely,
David Hiebert

Dear Editor,

This is a plea to the parents of band students over the past seven years. The band is 22 pairs of pants short to the uniforms. Of course that

means 22 coats that cannot be worn. Although we are saving money to buy new uniforms for the band students we need these pants back to help us have enough uniforms until we can buy new ones.

Please look in your closets, drawers, in the trunks of the cars and see if you find a black pair of pants with a gold stripe down the outside of each leg. We need your help in finding these pants.

Call the band hall 864-2707 during school hours and someone will come and get the pants or take them by the band hall.

We are proud of our band and we know you are by the past support you have given the band.

Sincerely,
Bettye McBroom

National 4-H Week Is October 3-9

Encouraging 4-H members to become responsible, productive citizens is the purpose of "Pathways to the Future," the theme of National 4-H Week, Oct. 3-9.

"During National 4-H Week, nearly five million 4-H Members across the nation will rededicate their heads to clearer thinking, their hearts to greater loyalty, their hands to larger service and their health to better living," said Dr. John Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service Texas A&M University System.

Members of America's largest out-of-state youth educational organization and 568,000 volunteer leaders will celebrate with activities aimed at promoting individual growth and accomplishment, creativity, social responsibility and family involvement, he said.

Texas boasts about 140,000 members and has a support force of some 19,000 junior, teen and adult volunteer leaders.

Reviewing 4-H projects in Texas, Pelham pointed out that the top five projects the past year were food-nutrition,

Driver education doesn't turn out perfect drivers

COLLEGE STATION — High school driver education courses are useful in teaching youngsters the basics of safe driving, but it is unrealistic to expect the programs to turn out perfect drivers, says a Texas A&M University safety education professor.

"That's where driver education has gotten into trouble — by saying it can guarantee students won't have any accidents," said Dr. Maurice Dennis, director of the safety education program in the university's Department of Industrial Education.

Driver education courses give the young driver experience behind the wheel and that is important, Dennis said.

electric, safety, clothing and horse.

"In the past five years the top 10 projects have been about the same, though they frequently change positions," said the 4-H leader.

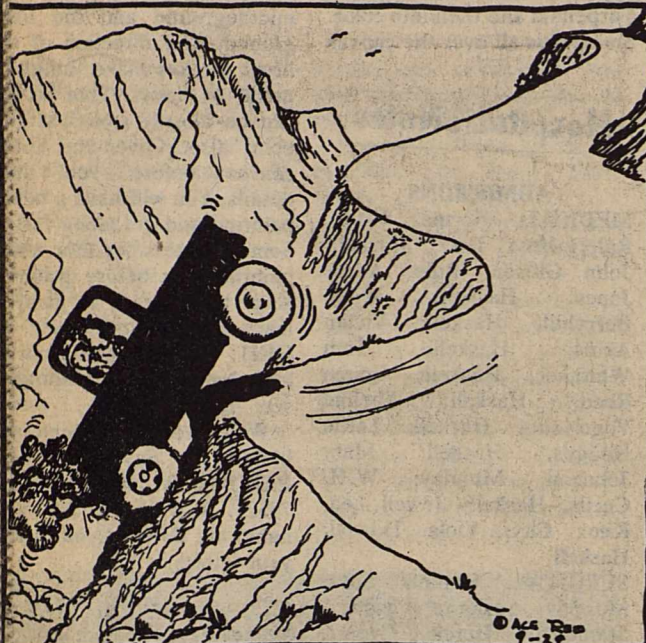

"4-H members learn far more than specific skills with projects such as food-nutrition, animal science, forestry or gardening," Pelham said. "They also learn to keep

accurate records, make oral presentations and develop life-long management, consumer and communications skills."

Young people from 9 to 19 may participate in 4-H through organized clubs, special interest groups, nutrition education programs, television series, short term activities and camping, he explained.

Big Country Savings Changes Status

John Harrell, president and chief executive officer, announce today the conversion of Big Country Savings from a state mutual to a state stock savings and loan association.

Brought about by the purchase of the Association by Commodore Insurance of Dallas, the change makes Big Country Savings one of the most profitable thrifts in the state of Texas.

The home office will remain in Stamford. All officers, directors and employees will be the same. And the Association is still fully insured by the Federal Savings and Loan Insurance Corporation.

Harrell commented, "We have expanded our asset base to over \$100 million in assets. And changing from a state mutual to a state stock will not affect our customers in any way except that now we can offer them better and stronger services through a statewide and national presence."

Other affiliates of Commodore Insurance include Commodore Life Insurance, Dallas; Del Monte Mortgage Corporation, Carmel, Ca.; and National Mortgage Corporation of America, Dallas. National Mortgage covers sixteen states outside of Texas. And both Del Monte Mortgage and National Mortgage are F.H.A./V.A. approved mortgage corporations.

Big Country Savings has offices in Stamford, Haskell, Quanah, Abilene and Dallas.

ERS Now Taking Applications

The Emergency Response System serving Haskell, Knox, Kent, Stonewall and Throckmorton counties is now taking applications for the first 60 government funded home units now available.

The Emergency Response System is a community based emergency response program that allows elderly and disabled persons to live independently in their own homes while still being in touch with help if needed.

In the case of an emergency, the home unit in the subscriber's home can be activated to automatically send a signal to the Emergency Response Center, which is the Knox County Hospital. Personnel at the hospital summon help which has been prearranged for each individual subscriber. The home unit also has the ability to send a signal for help even if the subscriber is unconscious.

The 60 home units will be distributed over the five county area 12 per county. Since these home units are funded under the Older Americans Act through the West Central Texas Council of governments the units must be placed in homes of frail or handicapped persons over the age of 60. Subscribers must be mentally alert, medically vulnerable and/or socially isolated and live alone or with medically vulnerable spouse. Each subscriber must furnish a private line telephone and be willing to sign an agreement about participation in the program. There is a \$10.00 monthly service charge.

To apply for a home unit contact Trudy Hunt weekday mornings at 658-3535.

REASON FOR SALE

We are OVERSTOCKED have bought too much merchandise for a store our size and we need to convert this excess inventory into cash NOW. We are an aggressive firm attempting to maintain an amiable reputation in the community and selling fine lines of merchandise, but like many stores there comes a time when mistakes occur and adjustments are in order that is why profits is not the object of this sale. REDUCING INVENTORY - raising cash and stimulating business is our ONLY REASON for this sudden and drastic move. We consider it good business to take losses-swallow our pride and admit our mistakes. Nothing wrong in that—is there?

ADVISORY COUNCIL

3 of 7 members of the Advisory Council are pictured with Principal Clayton Neal. Members pictured are Steven Klose, Sheila Klose and Hollis High.

7 Students Elected To Advisory Council

Seven students were elected to an advisory council set up by Clayton Neal, Haskell principal.

"The council will advise me on student problems and needs. It will also keep me in touch with the whole student body", Mr. Neal said.

"The teachers first selected four nominees from each class, grades 7-12, then the student body made the final selection.

The representatives are Steven Klose, 7th grade; Andy Griffith, 8th grade; Stephanie Browning, 9th grade; Hollis

High, 10th grade; Sheila Klose, 11th grade and Shannon Lane, 12th grade. Albert Sherman, 12 grade, was selected by the teachers as an at-large representative.

"The council will meet once a month unless an urgent problem arises," Mr. Neal said.

The junior high has had a council for the last two years.

"The council was very successful in junior high and I believe it will be just as successful with the whole school involved," Mr. Neal said.

LaJet Classic Set This Weekend

Lee Trevino, Andy Bean, Scott Hoch, and Fuzzy Zoeller head the latest list of pro golfers who have committed to play in the 1982 LaJet Classic, Oct 7-10, at the Fairway Oaks Golf and Racquet Club, according to Tournament Director Steve Threlkeld.

Threlkeld also announced today that former U.S. Open champion Lou Graham and gallery favorite Chi Chi Rodriguez will be in the field for the \$350,000 tournament that benefits the West Texas Rehabilitation Center.

Back surgery has curtailed Trevino's playing time on the pro tour in 1982, he ranks only 108th on the current money list. But he's determined to make a comeback to the level of golf that has made him one of the all-time leading money winners in the history of the sport.

Trevino was inducted into the World Golf Hall of Fame in Sept., 1981. During his distinguished career, he has won 26 tournaments including two U.S. Opens, two British

Opens, and one P.G.A. Championship.

Trevino won the original LaJet "icebreaker" in 1979 when he shot a three-under-par 69 in a one day exhibition. He is always a gallery favorite wherever he plays.

Bean currently ranks 13th on the 1982 Money List with \$190,002 in earnings. The University of Florida golfer has come back strong this year after missing a great deal of playing time in 1981 because of a fracture near the base of his left thumb. Bean captured the 1982 Doral-Eastern Open in Miami with its \$54,000 first place check in February. He has also finished in the top ten at the Joe Garagiola-Tucson Open, the Phoenix Open, the Wickes-Andy Williams San Diego Open, the Inverrary Classic, the Masters, the MONY-Tournament of Champions, the Greater Milwaukee Open, and the Canadian Open.

Zoeller is coming back to LaJet, where he finished in a third place tie in 1981 with current Masters champion Craig Stadler and Tommy Valentine. Zoeller, who counts his triumphs in the 1979 Masters and the 1981 Colonial NIT as the high water marks in his career, currently ranks 26th on the Money List with \$124,287 in earnings. He has not won a tournament so far in 1982, but has placed in the top ten at the Phoenix Open, the

Wickes-Andy Williams San Diego Open, the Bay Hill Classic, the Masters, and the B.C. Open.

Two more Texans who have agreed to come to LaJet this year are Brad Bryant of Amarillo and Rik Massengale of Charlotte.

These names today just add more glitter to an already outstanding field of golfers who will be competing for LaJet's top prize of \$63,000. Others who have previously announced they're coming to LaJet include reigning PGA champion Ray Floyd, three-time 1982 tour winner Lanny Wadkins, 1981 Player-of-the-Year Tom Kite, defending LaJet champion Tom Weiskopf, former U.S. Open winner Johnny Miller, and Abilene's Charles Coody.

Other new commitments include: Bob Eastwood (42), Dan Halldorson (48), Doug Tewell (53), Woody Blackburn (80), Mark Pfeil (81), Lennie Clements (87), Jim Nelford (97), Lee Elder (109), Ed

Dougherty (115), Perry Arthur, Paul Azinger, Jim Bertonecino, Doug Black, Michael Burke, Antonio Cerda, Ron Commans, Johnny Elam, Woody Fitzhugh, Buddy Gardner, Billy Glisson, Richard Zokol.

Chaplain Robert Barnett Undergoes Surgery

Chaplain Robert Barnett has been in the Brooke General Army Hospital in San Antonio, where he underwent surgery for the removal of a malignant kidney. The tumor was found before spreading and the surgeon is confident no further treatment will be necessary except for close follow-up and observation.

Chaplain Barnett is now

recuperating and doing fine at home in San Antonio. He is the son of Mary Barnett and brother of Tom Paul Barnett of Haskell.

Sagerton Community News

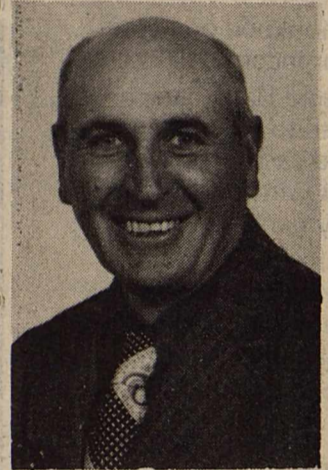

September is a beautiful and favorite time of the year. The air becomes crisp with a freshness from summer.

Many have returned from vacations and the ECC has grown in numbers. The highest day count was 161 served Wednesday the 29th. A wonderful time has been had this month.

The Odd Fellows voted to allow the sale of the piano that has been in their Lodge Hall for 30 years to the center. The Chunky Tidwells purchased the piano and Mrs. Charlie Conner paid to have it tuned. Our deep appreciation goes to James Bevel and his FFA class for the moving of the piano from the Lodge Hall to the center with the guiding hands of Slover Bledsoe and Jess Leonard who work very hard making every thing ready for the move.

These same boys returned the following Wednesday to present their FFA Business

JESS LEONARD

Meeting to the members of the Center. Everyone was so proud to see these young men conduct themselves and their meeting in such a professional way. These you men, all Haskell High School Seniors, are Terry Snelling, Joseph Toliver, Shane Welch, Lee Lane, Dan Griffith, Sam Toliver, Jerry Snelling, and Dwane Snelling.

Our Volunteer Teams had a great time this past month. The Yellow Team, the winners, were honored on 'Game Night' by being hosted by the Red and Green Teams with a salad supper.

The Red Team had as their guest, Youth Director Joey Graves of the First Baptist Church who performed his magic wonders while telling the story of God's salvation. Ending with several beautiful songs he had written.

Everyone then gathered around the Center's new piano for the sing-a-long. There were fifty-four attended this game night. The largest yet.

The Volunteer of the Month was Mr. Jess Leonard with nineteen volunteer hours of donated services through the center. Because the center can not afford these services, volunteers donate their time at \$3.35 an hour. These hours are totaled at the end of the month times \$3.35, the team having reached \$500 dollars of donated time wins for the month.

Each team has worked very hard for their hours and have greatly enjoyed the challenge. The Green Team won this month with the most volunteer hours.

Jess and Olivia Leonard have been members for 2 years. Moving to Haskell after his retirement they live in their home on 1104 N. 8th. Jess gardens for his hobby. Well known for his raising of sweet potatoes.

He helps with the Senior Citizens meetings at the Community building twice a month, besides at the ECC. He and Olivia are members of the First Baptist Church. Olivia with Mrs. Elaine Blohm are captains of the Green Volunteer Team. Jess belongs to the Yellow Team.

They had three children. Two boys and a daughter. Nine grandchildren and seven great grandchildren.

Texas A&M engineer fears chemicals may affect water quality

COLLEGE STATION — The quality of some drinking water is a big question mark, says a Texas A&M University environmental engineer.

The average person consumes about half a gallon (two liters) of water every day from the kitchen tap, cooked food, coffee, tea and soft drinks.

But researchers in water quality aren't sure what effect, if any, is caused by minute levels of chemicals now being found with regularity in the nation's underground water tables, says Dr. Bill Batchelor of Texas A&M's Civil Engineering Department.

Mr. and Mrs. Alvin Bredthauer, Erma and Walter Schaake of Stamford, Clarence Stegemoeller, Mrs. Beilba Vasek, played 84 in the home of Mrs. Lena Schaake last week on Tuesday.

Mrs. Dickie Greenwood's birthday.

Mr. and Mrs. Tommy Nierdieck and children of Abilene, Mr. and Mrs. Dickie Greenwood of Haskell visited in the home of Mrs. Herbert Neirdieck Sunday.

Clergy marriages not free from marital problems

COLLEGE STATION — Ministers marriages may be made in heaven, but they're lived out on earth — a place where even husbands and wives in the clergy encounter problems, according to the results of a study conducted by a Texas A&M University graduate student.

In the study of 30 clergy and 30 lay couples, Scott E. Barber found that clergy couples experienced as many marital problems as those not in the ministry.

THE BEST IN MEAT, CUT THE WAY YOU WANT IT

Dear Citizens of HASKELL COUNTY:

HASKELL COUNTY, and Texas as a whole, are facing some difficult times. Recent layoffs in our oilfields and other major industries and the problems confronting our farmers, ranchers and older Texans must be addressed without delay.

These major problems, combined with federal budget cuts and the demands of our growing population, are affecting state spending and will require careful decision making on the part of your government leaders. In these times, you need leaders who have the strength and experience to make the difficult decisions and the compassion to guard your interests.

There are no instant solutions to the national recession, but I will help insure that we strengthen job opportunities by maintaining a healthy economic climate that encourages business development. This can be accomplished only by continued prudent state spending and keeping our tax burdens low.

Our educational system has advanced significantly in the past nine years, but there is still room for improvement. My efforts to improve the quality of public education for your children and grandchildren will begin in the classroom—by improving teacher salaries and benefits and by giving more control to local school districts.

Our past approach to crime has won us many battles but now is the time for a new approach. For this reason, I will ask the 1983 Legislature to approve a comprehensive strategy that attacks crime on all fronts—police, courts and corrections.

It has been a privilege and an honor to have served you as Lieutenant Governor for the past nine years. I am asking for your support on November 2 so that I can use my experience and leadership to help face the important challenges confronting you and all other Texans.

Sincerely,

Bill Hobby

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

What do teachers do at inservice that is so important to turn out school? Inservice serves many purposes. It affords an opportunity for teachers to pick up new ideas and methods. It renews their knowledge of teaching techniques. Teachers, like everyone else will tend to become mechanical on routine matters; hence, a reawakening can promote new approaches. It also affords the opportunity for teachers to share with each other. In the busy world of education, teachers often do not have share time. They become locked into their small world of the classroom. The association with other professionals is extremely valuable. Inservice during the year allows the teacher a moment to step back and breathe

without the pressure of students before them, lesson plans to be followed, etc. For those of you that have never faced a classroom, you cannot realize the pressure of the day by day grind. Professional teachers are constantly trying to improve and look forward to hearing people with new ideas and concepts. The majority of teachers (all of ours) have the knowledge of their subject matter necessary for instructions. It becomes a matter of developing the methods and techniques to transfer this knowledge to the students in a manner that will expand the students' horizons and develop their skills to live in our hectic world as useful, productive, moral, patriotic citizens.

If I may change directions for a few lines, remember that this week our football team goes into district play. We have not won all our non-district games, but now we are beginning the parade that can lead to that ultimate goal of Texas High School football, the state playoffs. I hope all of you can journey to Seymour to support our Indians as they open the district wars. They need your support. They appreciate your cheers and your encouragement. This years version of the Indians are good kids. Most of them are good students. They have worked long and hard to represent us well. So let all of us be at Seymour at 7:30 p.m. Friday night to help the Indians declaw the Panthers.

Warrior Football

The eighth grade Warriors will play tonight at 6:15 in Seymour against the Panthers.

Last year the Warriors' only loss was to the Panthers, 8-6. "We will have to work hard and concentrate on not getting any penalties. Seymour is our rival, and it should be an exciting game," Coach Jimmy Lisle said.

The team hosted Hamlin last Thursday and won 36-6. "Hamlin had a tough line, and we had to give one hundred percent in order for the running backs to get through. Our hard hitting and the use of the basic techniques helped us to score," Andy Griffith, team lineman, said.

"We had good special team coverage, and we also had a hard hitting game. The team had to give one hundred percent to win," Coach Lisle said.

Haskell's first scoring drive was made with 4:42 left in the first quarter by Albert De La Cruz.

The second touchdown was made with 7:37 in the second quarter for a 45 yard run by Joel Torres and Steven Rodriguez ran it in for two extra points. The clock was down with 4:45 still in the second quarter and De La Cruz ran it in for another TD for 80-yards.

Hamlin's only score was in the second quarter with 2:11 left.

With :41 seconds remaining on the clock Torres made a score and Ponciano Lopez caught the ball for the extra two points.

Haskell's last score was in the fourth quarter with 6:55 left, and Torres broke for a 96-yard touchdown run after suffering a penalty. Rodriguez ran in for two extra points.

Haskell	Hamlin
3 firstdowns	9
1-1 fumble	1-1
4-40 penalties	1-5
0 interceptions	1

The Warriors had a tremendous victory against the Stamford Bulldogs two weeks ago, 66-6.

Albert De La Cruz scored four touchdowns, Roy Graham scored two touchdowns and made four extra points. B.J. Mitchell also had a good night with two touchdowns and two extra points, and Joel Torres made two touchdowns.

"We as a team felt that our offense did a good job, however, Stamford as a defense was weak.

"We felt our defense did an outstanding job," Coach Lisle said.

The team's record now stands 3-0.

Weinert Homecoming Is Biggest Ever

Graduates, students, patrons, and visitors made the 1982 Weinert Homecoming one of the largest in history. Activities began Fri., Oct. 1 and continued through Sun. Oct. 3.

Friday night, Bulldog fans formed a victory caravan and traveled to Rochester where the Bulldogs suffered a disappointing loss to the Steers.

Registration began Saturday morning at 10:00 a.m. A short program was held at 2:00 in the gym. The invocation was given by Dale Carroll. Guests were welcomed by Superintendent H.L. Guess.

The Response was given by Roberta Raynes Jenkins. High School Homecoming Queen candidates were presented to the audience and Coming Home Queen Nominees and Escorts were selected. Recognition of classes was led by Homecoming Secretary Lindsay Yates Stewart and President David Earle conducted the following business meeting. A pom-pom was performed by Bulldog cheerleaders Kim Forehand, Kelly Earp, Donna Griffith, Darla Griffith, and mascot Darlene Carroll. The cheerleaders also led the audience in singing the school song before the benediction by Jimmy White.

410 people enjoyed the delicious supper of brisket, beans, and salads served by the Homecoming Committee. Homemade desserts were furnished by the generous women of Weinert.

The crowning of the 1982 Homecoming Queen and Coming Home Queen high-

lighted the activities. Kelly Earp and Shannon Forehand, freshmen representatives, were selected by the Weinert School student body as '82 Homecoming Queen and Escort. Coming Home Queen Nominees and Escort Nominees were: 1920-1945, Clara Bettis Moody and Foy L. McKennon, 1946-1959 Wanda Dunna and Donald Griffis, 1960-1970 Kathy Hager and Jimmy White, and 1971-1982 Karen Earp Harlan and Johnny Earp IV. The crowd selected Wanda Dunnam and Donald Griffis for their 1982 Coming Home Queen and Escort.

A beautiful handmade quilt, made by Weinert Extension Homemakers, was given away by Weinert Homespun Extension Club. Winner of the drawing was Juanita Dunnam of Haskell. Auctioneer Joe Yates led bidding on three matching pillows to net a total of over \$500 to benefit the West Texas Rehab.

A musical trip through the decades began at 7:30 p.m. Bailey Guess presented music from the '20's, while George, Faye, and Lee Gray played selections from the '30's. The class of 1958, led by Wilburn Hill, Durwood and Elwood Burton, wrote and performed a radio program featuring news and hits from the '50's. Kay Newton Graham, Anita Edwards Watkins, and Sandra Mathison Nichols sang selections from the '60's. Alexia Mayfield Rimmer brought back memories from the '70's while Kristi White Hutchinson represented the '80's. The Raynes girls also presented musical selections.

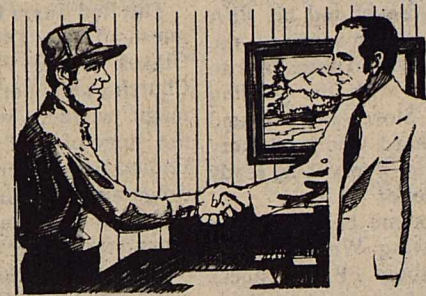

The program was closed by Cindy Guess singing "Coming Home".

A community-wide worship service was held Sun. morning at 11: a.m. in the Weinert gym. Prayers were led by Jerry Walker and R.M. Walker. Special music was brought by the Weinert Foursquare Children, a quartet of Alice Yates, Erlinda Mayfield, Doris Walker, and Wanda Hester, and a quartet of Kelly Earp, Darla Griffis, Laurie Hester, and Stacia Adams. The sermon was

delivered by Weinert graduate Terry Sanders, now of Abilene.

The programs and church services were made more comfortable by the addition of evaporative air conditioning installed in the gym recently. However, contributions are still needed to pay for them. Donations may be given to any Weinert teacher or faculty member or deposited at Haskell National Bank or 1st National Bank in Munday. Your donation will be greatly appreciated.

Recycled Wastewater May Be A Solution To Water Shortage Woes

COLLEGE STATION — Although seven-tenths of the Earth's surface is water, there is hardly more than a drop of fresh water for drinking and industrial use, says a Texas A&M University researcher specializing in recycling treated wastewater.

Research has already given planners an idea of the limits on available groundwater, said environmental engineer Dr. Bill Batchelor.

Figures provided by the federal government more than a year ago revealed that the nation's fresh water supply was being reduced daily by 21 billion gallons more than rainfall could replace.

Batchelor says recycling relatively clean wastewater for industrial or agricultural use could provide a practical alternative to reducing our consumption.

Adult Basic Education Classes Set In Haskell

Registration for Adult Basic Education Classes will begin Tuesday, Oct. 12, at 6:00 p.m., in the Haskell Junior High School Library. Classes will be held each Tuesday evening from 6:00 to 9:00 p.m. Regular classes begin Oct. 19, 1982.

All materials and instruction is furnished at no charge to the students.

These classes are preparatory for the G.E.D. test, which can be taken any time during the school year. This program has been beneficial to many people in our community. Obtaining the G.E.D. certificate has enabled many to further their education or

acquire better employment.

If you have further questions, come Tuesday evening, Oct. 12, at 6:00 p.m. Instructor is Doris Watson. Come and bring a friend.

The Adult Education Program is provided by the State of Texas. Our classes are operated through the Big Country Adult Education Cooperative of Abilene Independent School District, in cooperation with Haskell Independent School District.

Public Notice

PUBLIC NOTICE
The City Council of the City of Haskell will conduct a public hearing at 7:00 p.m., October 12, 1982, at City Hall for the purpose of soliciting input for submission of an application to the U.S. Department of Housing and Urban Development for a Community Development Block Grant. All citizens are invited to attend.
The range of eligible activities include acquisition or disposition of real property, public facilities and improvements, rehabilitation and preservation, economic development, and planning/administration activities.
Maximum funding amounts are \$500,000 for Single Purpose (one activity) or \$800,000 for Comprehensive (several activities) unless the City is less than 1,666 in population in which case the maximum available funding will be equal to \$300 times the population.
Competition is statewide and funds are limited. Therefore, type of activities and the amount of funds requested will depend upon documented need and the criteria as established by HUD. 40c

VOLUME NINETY-SIX HASKELL, TEXAS 79521, OCTOBER 7, 1982 NUMBER FORTY

Chamber Plans Giant Parade

WANDA DULANEY
Manager, Haskell Chamber of Commerce

The only NIGHT CHRISTMAS PARADE in the nation, according to national Chamber of Commerce affiliates, will be in Haskell, Texas on Saturday, December 4, beginning at 6:00 p.m.

Theme of the parade will be "THE MUSIC OF CHRISTMAS". Wanda Dulaney is coordinator/director of the parade, Charles Thornhill is Christmas program chairman and Bill Lane is Retail Trade Committee chairman, for the Haskell Chamber of Commerce. Parade marshal is Grace Womack, with nine deputy marshalls being appointed to be responsible for the line-up and start in the parade routes of all entries in their respective categories. They will use walkie-talkies for communications in assembling and procedure for the giant parade which is expected to be about two miles in length.

Three months before the parade date, twenty-nine floats have already been signed up for participation, with others expected to do likewise as word spreads about the activity. Among those already in are eight service clubs and other organizations.

Letters have been sent to twenty nearby towns inviting their respective mayors and chamber presidents to ride in a decorated convertible, asking their Chamber managers

to be judges for the Haskell floats, and seeking their school's band to march and play. David Mooney, Haskell band director has confirmed that both the High School Band and the Junior band will be a part of this activity. Hardin Simmons Cowboy Band and Sheppard Air Force Band have also been invited.

Riding Clubs with decorated horses and riders will be invited. The THEME FLOAT DIVISION (major category) will have three components: Commercial, Youth, and Organizations. Standards are set high and rules are very strict to insure a first-class parade. Both the large trailer and the vehicle pulling it must be completely covered in corresponding material to give the appearance of one very large unit. Each float is assigned a specific Christmas carol which it is to depict. No one carol will be heard twice in the parade since even the bands are being assigned their tunes. Each float is to be lighted. Music from tape recorders on board the float or live music are also required.

The Parade will be presented as a pageant with each float stopping in a spotlight at each of the 5 viewing area, one on each side of the square and one in front of the Christian Church. The usual parade route will be followed and

lighted all the way, but the musical presentation by the floats and the bands will only be at the five viewing areas.

Any other persons who would like to enter floats are asked to contact the Chamber office not later than Oct. 15 so that all entries can be publicized within the next few weeks. If you wish to be in the THEME FLOAT DIVISION a song will be assigned to you and a suggested plan for the structure. Those entering the NON-THEME division must also adhere to rules for uniformity and quality. In this category, you cannot depict a Christmas carol or use Christmas music or Santa or the Nativity since these are delegated exclusively to the theme floats. To be admitted all units must have notified the Chamber of Commerce far in advance of the parade.

Now, we're not trying to compete with the Rose Bowl or the Orange Bowl or the Cotton Bowl Parades, but we all know that they are successful because of strict regulations and community unity. We're not competing with parades in our neighboring towns which Haskellites enjoy very much, but we know that they are successful and continue because of a central theme and community pride.

We're not competing with Haskell's terrific Frontier Days Parade held last summer

but we know it was outstanding in every way because it was well organized and had a common focal point—the history of Haskell.

There is considerable competition, however, among our service clubs, each determined to be a winner. We'll see when the trophies are awarded at 8:00 p.m. on the south side of the courthouse the night of the parade. Merchants will compete with merchants in the commercial division; kids with kids in the youth division; age groups with their own ages in the decorated bicycles; riding clubs against other riding clubs.

In almost every Christmas parade you will see new cars which automobile dealers like to display. This will be no different. But like all the other entries, there will be rules. Each dealer can enter up to three cars, but each must be completely covered with clear plastic or cellophane and tied with a huge ribbon, and bow.

Our parade may not be as big in size and length as Macy's Thanksgiving Parade, but it promises to be as big in spirit and meaning as the best there is.

Kids in Haskell can enter the decorated and lighted bicycle division by completing the following form and mailing it to the Chamber not later than October 15.

College Scholarships Available

There are thousands of unused college scholarships and loans for which students can and do qualify. The student's problem is to search out those which apply to him

or her. Student College Aid, a nationwide, computerized, scholarship locator service with \$500,000,000 of non-government awards in its data

base, searches out scholarships and loans for students. Students contact the company for free information and personalized dataform. SCA mails this information to the students.

To use the service, students fill in the dataform as completely as possible. Information as to college major, religious affiliation, club membership etc. is requested. This information is coded into the computer. The computer searches through thousands of sources and prints out those to which the student is eligible to apply. This printout is mailed to the student, who then contacts the funding sources.

Student College Aid guarantees to furnish at least 5 listings or to refund payment along with those listings discovered. The average number of listings the students receive is 12, valued at \$12,000. The fee for this service is \$45.00. There is a discount for families with more than one student. Students should begin applying now for the spring and fall of '83.

For free information and an individualized dataform, write Student College Aid, 3641 Deal St., Houston Tx 77025 or phone (713) 668-7899. The company is listed with Houston Better Business Bureau.

New Minister Named At Christian Church

It has been announced that David Martin of Anniston, Alabama will be the new minister at the Christian Church of this city and will begin his ministry next Sunday. He and his family arrived in Haskell this week and will be located at 607 North 9th Street, Haskell, phone no. 864-2445. The church is located at 107 North Ave. F. phone no. 864-3550. The regular schedule of

services will begin next Sunday. Bible School 9:45 a.m. morning worship and communion 10:45 a.m., youth meeting 5:00 p.m. and evening worship 6:00 p.m. Mr. Martin comes to Haskell highly recommended as a minister. He is a graduate of Roanoke Bible College, Elizabeth City, North Carolina. Mrs. Martin is also a graduate of Roanoke Bible College with a 2 year certificate. Two of their three

sons will be living in Haskell. Mr. Martin has preached in Richmond, Virginia and also on two radio stations. He has also preached in Camden, North Carolina and at Niceville, Florida. Before coming to Haskell he was the minister at Lagrand Ave. Church of Christ in Anniston. If at any time Mr. Martin can be of service to any of the residents of this area you are at liberty to call him at either of the above numbers.

SOME INSURANCE AGENTS ARE LOCKED INTO ONE COMPANY.

NOT LANCO INSURANCE

There are 2 ways to buy insurance. You can buy your insurance from a one-company agent. But he's locked into only those policies that his company sells. So his hands are tied.

Or you can buy your insurance from an Independent Insurance Agent... the more-than-one-company agent. You see, your Big "I" Independent Agent doesn't work for one company. We represent several. So we're free to give you an impartial, independent opinion and help advise you on the best coverage at the best price.

THE COMPANY CAR

Tax advisors are often asked whether it is better to own a business vehicle in the name of the company or in the name of the individual taxpayer.

The deductibility of a business vehicle is not going to be determined by who owns the car. It will be determined by the business usage, and upon close examination by the IRS, that usage will determine the percentage of the business deduction. It is possible that a vehicle taken as a deduction on your personal return would be more of a red flag than it were listed on a business return.

If a vehicle is used for business and personal, you will be required to pro-rate all the tax benefits appropriately. It should be noted that all travel to and from "work" is personal and nondeductible even in company cars.

If you have a 100% business use vehicle, the actual after-tax cost is determined by your tax bracket. A 50% bracket taxpayer purchasing a \$20,000 business vehicle would have an after-tax cost of \$8,800 plus one-half of the operating expenses over a three year period of time. The current tax laws permit you to write off light-weight cars or trucks over three years with no consideration for salvage value, and you're entitled to an investment credit of six percent of the purchase price of the vehicle.

A business vehicle may also be leased rather than purchased. The portion of the lease payment attributable to business use of the vehicle will then be deductible.

Instead of depreciating the vehicle and expensing the actual operating costs, you may choose to deduct the "standard mileage rate" of 20¢ a mile for the first 15,000 miles of business use each year and 11¢ a mile for each additional mile. The use of the standard mileage method does away with the need for keeping detailed records of expenditures, though it remains necessary to keep a diary of business mileage and total mileage. This method is limited to self-employed individuals or employees who use only one automobile for business purposes.

Haskell Nursing Center

On Sept. 21, 1982 we held our annual Mini Fair. There was a lot of excitement on Monday as the residents and staff both brought items for the fair. The front of the building was decorated with red, yellow, and blue flags made by Cris Collins. Inside, balloons were hung about the lobby where all the furniture had been removed to make room for all the tables that held all the paintings, antiques, plants, hand work items, quilts and even a batch of homemade cookies. Mrs. Eva White, Mrs. Johnson, and Cris Collins received Best of Show ribbons from the judges, Margeret Wall, Earmal Bevel, Callie Roberson and Lorene Adams. We would like to say a very special thank-you to these fine ladies for a job well done.

Also a special thank-you to Vivian Shaw, Lena Dendy, Alice Andress, Delila Petrich, Isabil Flannery, Marie Elmore, Jerrye Jackson who helped with displaying the items on fair day. Also to Sandy Sandford who made a delicious assortment of cookies that was served to a large

number of guests that visited our fair that day.

There were 47 blueribbons, 31 red ribbons, 32 white ribbons awarded to the staff and residents.

On Friday, Cris Collins, Mrs. Beason, and Marie Elmore took a number of the residents to the Haskell County Fair to see all the exhibits and to see what ribbons we had won on the items we had entered. Every one was very pleased with the results. Congratulations to Mrs. Beason for winning Best of Show on the Afghan that she entered.

Thanks to Debbie Kerger of Rule who spent the day giving manicures to our ladies. They really enjoyed having their nails done. Hope she comes back soon.

A day does not go by that we do not give thanks for all the volunteers that help us so much. We could not do nearly so many things if we did not have them. No bigger blessing could be received than when you volunteer. Some say, well what can we do as volunteers? Here is a list of things that you can do: Visit one on one. Talk

with and listen to residents. Do mending. Open and read letters. Read books and newspapers.

Escort residents to activities both inside and out of the home. Help with grooming (like polishing nails and brushing hair). Take one or two residents for a walk. Run errands (shop for personal laundry. Help with exercises and games like bingo and dominoes, darts. If you have any spare time, bring a friend and come on out and receive a blessing beyond belief. Regardless of how much time you can give, even if it is only an hour a week or several hours a month every minute will be appreciated.

Several of our residents had things for sale in The Starving Artists Sale held in town and they sold some of their things and have some more to sale if anyone would like them. We received a letter from Joy Hill who is in the Stamford Hospital and she misses us as much as we miss her. Hope she is well and back with us soon.

Our deepest sympathy to the families of John Scheets and

Terresa Baiza in the loss of their loved ones. They will be missed by all of us.

Activities for October will be: 3 Sunday, Church- 4 Monday, Residents Council Meeting- 5 Tuesday, Assembly of God Ladies at 3:00-- Sweet Home Singers 7:00-- Wednesday, the 6th, Rev. H-SU Plans New Visual Art Center

Hardin-Simmons University has plans to construct a "Center for the Visual Arts."

The architectural firm of Tittle, Luther, Loving of Abilene has been chosen to draw up plans for the proposed new art building, one of the projects of the university's \$15 million endowment and capital needs campaign. Theme of the campaign is "Forging the Future."

Exact cost and floor space will be determined after study, university officials said.

Expressing enthusiasm about the proposal is Ira M. Taylor, professor in art and head of the department since 1970.

Taylor said, "The proposed 'Center for the Visual Arts' will serve both the Hardin-Simmons University academic community and Abilene Community as a focal point for the visual arts. Through careful design of the facility, we will retain the 'close knit' relationship between the art faculty and students that is such a unique part of our academic program."

"Our students are, of course, our first priority followed closely by our commitment to the cultural atmosphere of the Abilene community."

Taylor said the proposed building will have two galleries and added, "We will be able to expand our profes-

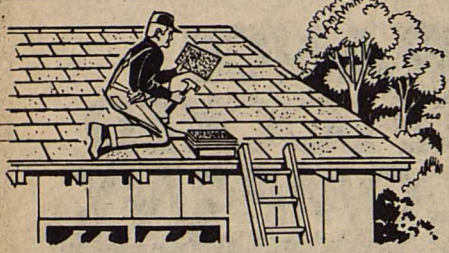

sional exhibitions and competitions, establish a permanent collection of contemporary and western art and become one of the leaders in the Abilene area."

He also said, "This building will be our most important tool as we continue our stated goal for excellence."

The new building will contain studio classrooms, a small art history classroom/auditorium, faculty studios, student studios, a small teaching and larger exhibition gallery, and an audio visual room.

The present art building was built in 1928 and remodeled 20 years ago. University officials have determined that it is not sound enough for major renovation.

FLAG CORP

Flags for this year are from left to right standing Jan McKeever, Junior; Kimla Strickland, Sophomore; Lisa Bennett, Junior; Sylvia Torres, Senior; Molly Grimes, Senior; Flag Captain, Renea Kretschmer, Senior; (kneeling) Michelle Frith, Junior; and Susie Blankenship, Junior.

Flag Corps Started At HHS

As you have noticed this year if you have watched the Indian Band at half time, there are some new features to the band, one being the addition of 8 flag girls. These girls volunteered to be the first

flags ever for the Indian Band and are on their way to be an outstanding and vital part of the Band Program.

These girls started working in June and spent a great deal of their summer preparing for this year. They were taught

the basic fundamentals of flags and how they are to be utilized in the band by Mr. Mooney, who has been using flags in band for a number of years, and has been a flag clinician for some time.

Being a flag girl is a very

demanding and physical job and requires lots of dedication and physical endurance.

We look forward to seeing bigger and better things from these girls in the future and know they will add a lot to our band program.

PROPOSED B-K RESIDENTIAL RATES

The following schedule J-1.0 shows the comparison of existing rates and proposed rates for the residential class. As you will notice at the bottom of this schedule, the existing Fuel/PCA variable of 5.397¢ per kWh has been reduced to 3.169¢ per kWh on the proposed column. Until B-K gets approved rates from the Public Utility Commission all of the Brazos Electric Power Cooperative's (wholesale power supplier) rate increase, that was effective in December 1981, has to be passed through to the consumer in the form of a power adjustment charge. The wholesale power increase will become part of our rates when approved by the PUC; thus the lower proposed Fuel/PCA variable of 3.169¢.

5000	370.02	395.79	25.77	6.96
Fuel/PCA	.0539700	.0316900	\$/kWh	

How to use this schedule for the proposed rate increase for 1000 kWh consumption on a monthly bill:

FIRST 25 kWh = \$6.00; NEXT 975 kWh @ 4.65¢ = \$45.34;
Fuel/PCA : 1000 kWh @ 3.169¢ = \$31.69.
Add \$6.00 + \$45.34 + \$31.69 = \$83.03 Total Monthly Bill Charge.

The utility commission has not ruled on this proposal. Thus, the example is an estimate only.

Our present residential class rate became effective in June 1973. B-K Electric is no longer able to meet its operating and other expenses on these rates. The total utility plant in June 1973 was \$5,041,984 and as of August 1982 was \$8,099,290. This has been an increase of 38% growth in total utility plant. B-K Electric has experienced the same expense increases as other businesses and should be commended for holding the line as long as they have.

The proposed rate increase package as presented to the Public Utility Commission is available at the cooperative's office at 419 North Main St., Seymour, Texas. We invite you to come by and examine it if you wish. The cooperative's business hours are, Monday - Friday, 8:00 a.m. - 12:00 noon and 1:00 p.m. - 5:00 p.m.
