## TOUCHDOWN

Haskell Indian Albert Sherman is somewhere at the bottom of the pile after crossing the goal line for a Tribe score against Seymour last Friday night. The one yard run capped an 80 yard drive early in the third quarter and with the PAT, was enough to give the Tribe a 1-0 district record. The Tribe will host Hamlin this Friday night at 7:30.

# Tribe Wins Dist. Opener

A pass interception with only seconds left in the game halted a Seymour Panther drive and clinched a Haskell win during the first district game of the season last Friday night.

The Tribe had held a 7-0 lead since early in the third quarter and the pass interception by Indian Toby Villa stopped a Seymour drive and dashed all hopes of a Panther score in the closing minutes of the game.

The only score of the game came with 8:36 left in the third quarter on a one yard run by Indian Albert Sherman. The play capped an eleven play drive which started on the Haskell 20. The TD followed a 19 yard pass from Mark Bailey to Sherman. Earlier in the drive, Villa had carried for 35 yards and Doug

Lanier had carried for 22 yards. The PAT by Bailey gave the Tribe the 7-0 winning margin.

Seymour's only serious scoring threat came early in the second quarter when the Panthers moved the ball to the Haskell three before losing possession on a fumble.

The Tribe moved the ball to within two yards of a score early in the fourth quarter. The drive died when the Seymour defense held on a fourth and two situation.

Indians Villa and Lanier led the Tribe rushing attack with 72 and 66 yards.

The Tribe earned 142 yards rushing and 71 yards passing compared with 92 and 105 for Seymour.

Haskell will host Hamlin this Friday in the second week of district

play. Hamlin defeated Paducah last Friday, 20-15. In other district action, Munday defeated Rotan, 7-0.

# Tribe Managers Are Boosters Of Week

Five outstanding young men that help prosper the Haskell Indians were selected as "Boosters of the Week." The young men are the varsity managers.

Head manager is Paul Cox, a junior and 2nd year manager. Paul is very devoted to his duties, it's not unusual to find Paul cleaning the field house on Sunday afternoon. He's a very busy young man on Friday nights, just before half time he makes a quick change and marches with the Band.

Mickey Dewey is a sophomore and a 2nd year manager; Chris Mills and Locario Comstante are both sophomores and this is their first year as managers. Jerry Davis, is an 8th grader and this is Jerry's 2nd year.

These boys take care of team members throughout the season by assisting with aid to injuries, securing water, first aid equipment, give encouragement, take care of the team equipment, clean the field

house and any other job that needs to be done. Like the rest of the Indian team, the managers are number one also. Thank you managers for a good job.

Coach Holt gave a report of the Seymour game and reported more injuries than any other game this far. However, the Indians are tough, he felt all would be ready to play Friday night.

Prior to the film by Coach Mickler, Coach Liles introduced the 8th grade team and managers. The 8th graders have played four games, won 3 and lost 1. Last year they only lost 1 game for the season. Coach Liles, also wanted to mention his aids that help with this team, they are Senior Indians, Jamie Davis and Barry Tidrow.

The Indian Booster Club meets each Tuesday, 7:00 p.m. at the High School Cafeteria. All Indian fans are invited to attend. Coaches explain plays, calls and give you a general inside look at the team.

## AWARD

R.W. Herren, chairman of the board of Haskell National Bank, is shown with the Outstanding Banker Plaque he was recently presented at the 8th annual convention of the Independent Bankers Association of Texas, IBAT. Herren is a charter member of the organization which started with 12 members and has grown to over 1,000 members. The plaque cites his "...efforts in projecting and furthering the goals of independent banking and in recognition of his dynamic leadership in the IBAT".

# Farm Bureau Holds County Convention

Haskell County Farm Bureau held its annual convention and barbecue supper, Saturday night, Oct. 2nd in the Elementary School. Two hundred and twenty-five members and guests attended.

Steve Cochran, Fieldman for District 3, and Louis Hetjminek, from the Waco office, told the audience of programs with scholarships offered to students and other ways that Texas Farm Bureau helps their members.

Kim Jones, daughter of Mr. and Mrs. Alvie Jones; Ron and Rob Ballard, sons of Mr. and Mrs. Fletcher Ballard represented Haskell County at the Seminar in Waco in July, were recognized. Since Kim had entered the Free Speech

Enterprise contest, she gave her speech to the crowd.

Several new policies were formulated and approved to be sent on to the State Convention. Also, Proposition 3 was discussed and the audience was urged to go vote.

New directors elected for the next two years were Lynn Dale Dudensing of Rule and Larry Short of Rochester. Re-elected were Tim Burson-Pres.; Cole Turner-Vice Pres. and Steve McGuire-Sec. Hold-over directors are Robert D. Aycock, Phil Coleman, Joe Davis, Bill Jones, Leon Stegemoeller, Kenny Thompson and Harlan Weinert.

Door prizes were given and the meeting adjourned.

Success was still the watchword and the 23rd annual Cattlemen's Round-Up for Crippled Children was termed a tremendous success today by General Chairman, Jim Alexander, of Abilene.

When all the dust had settled in the auction ring at Abilene Auction, 265 head of cattle sold for \$112,031, combined with \$51,000 in cash donations by generous friends from throughout the Southwest for a total of \$163,031 to help the handicapped.

Leading off the sale were five head of heavy beef donated by Mr. and Mrs. J. Williard Vinson of Abilene which sold for \$1.85 per pound, totaling \$8,214, purchased by Wayne Moore Pipe & Supply and

Wes-Tex Drilling Co. of Abilene.

The second top selling pen was donated by Abilene Cattle Feeders and sold for \$1.15 per pound totaling \$6,146.25. These Charolais cross were purchased by R. W. McDonnell of Abilene.

The top selling pen of heifers brought three times the fed heifer market price on this day.

The combination of Shackelford and Callahan counties' ranchers brought a total of approximately 20% of the total amount of cattle and funds gathered by the Rehab Center Monday.

Alexander added that needless to

## Open House Set At Labriere Home

The Haskell Progressive Study Club will hold Open House at the John Labriere Home, a Haskell landmark, October 24 from 3-5 p.m.

Members have been in the process of restoring the home since 1977. Tentative plans for the Open House include gospel singing, speech-making, and refreshments of lemonade and tea cakes. Chairs will be provided, and guests may tour the home at their leisure. Club members will be on hand to welcome guests. The public is cordially invited to view this historic Haskell landmark.

## Haskell Wins At Convention

Members of the Haskell Volunteer Fire Department and Ladies Auxiliary attended the 88th semi-annual meeting of the Mid-West Texas Firemen and Firemarshal's Association last Saturday in Stamford.

During the pumper races, Haskell received three first place trophies and two second places in a total of five races. The ladies pumper teams, men's pumper team, and men's hose lay teams all placed first. Both two men's teams finished second.

District officers from Haskell include: Nancy Trussell, auxiliary president; Nene Comedy, auxiliary historian; Don Comedy, district president and Tom Watson, district secretary-treasurer.

# Grand Master To Visit Haskell Lodge

The Honorable J.M. (Jimmy) Wilson, Jr., Grand Master of Masons in Texas will be guest of the 91st Masonic District on October 21st, according to Joe B. Roberts of

say this had been a tough year in the cattle business but as always our friends were responsive to the needs of the West Texas Rehabilitation Center and dug a little deeper to ensure the success of this year's Round-Up.

A special sale was held at Haskell Livestock Auction and a total of over \$3,000.00 was raised for the Center.

## Band Boosters Set Salad Luncheon

Members of the Haskell Indian Band Boosters will sponsor their annual salad luncheon October 27 at the Corral Building from 11 to 1:30. Tickets are \$2.50 each and are available from any band member.

Band boosters will also be at the gate Friday night prior to the Hamlin game to accept sustaining memberships. The memberships are available to anyone and there is not set membership fee.

## HHS Yearbooks On Sale Now

The 1982-83 Chieftain yearbook will be on sale October 18-22. The price of the yearbook is \$13.00. Members of the yearbook staff will be at Elementary School October 19 and 20. Yearbooks will be on sale in the Secondary School all week.

The full amount of \$13.00 may be paid, or a deposit of \$7.00 will reserve a yearbook. The \$6.00 balance will be paid when the books arrive in May.

## First Bale

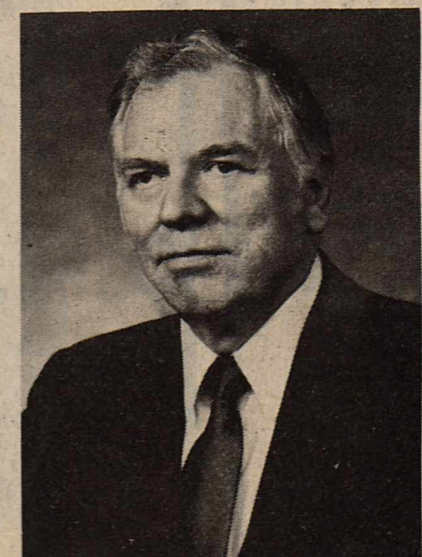

The Rule Compress received their first bale for 1982 October 11 from Charles Pribyla.

The 502 pound bale came from Gorie Producer Co-op. Pribyla will receive \$50.00 from the Compress for the first bale.

## Bonfire Canceled

A bonfire originally scheduled for tonight has been postponed until next Thursday night according to Haskell Indian Cheerleaders.

Next week's bonfire will begin at 7:30 p.m. south of the Railroad Museum if weather permits.

J.M. WILSON

Munday, president of the local association.

Roberts stated that the quarterly meeting on October 21st will be hosted by the Haskell Masonic Lodge, Haskell. Supper will be served at 6:30 p.m. by the ladies of the Order of Eastern Star.

Wilson will be guest speaker for the occasion. All Masons within-driving distance are invited to attend. Haskell Masons in residence, are urged to attend, physical infirmities excepted.

Each Masonic Lodge, or individual Mason outside the 91st Masonic District, expecting to attend, is requested to contact J.C. Yeary, P.O. Box 766, Haskell, Texas, 79521, Phone 817/864-2812. The number expected to attend should be turned in no later than Tuesday, October 19th, Roberts said.

Dreams of a Civic Center in Haskell took a giant step recently when the Internal Revenue Service issued a ruling that the Haskell Memorial Civic Center, Inc. would be classified as a charitable organization.

The ruling allows donations to the Civic Center to be deducted from income taxes.

President R.C. Couch Jr. is in the process of making committee assignments and plans for meetings to start the project.

Committees to be appointed include: Finance, Building and Publicity and others as they are needed.

Officers of the Civic Center include: Couch; R.W. Herren, Vice President; Opal Adkins, Secretary; Abe Turner, Treasurer; Carolyn

Everett, Assistant Treasurer; and directors, Dr. William J. Kemp, Juanita Dunnam, Jerrene Couch, and Mattie Muriel Felker.

Preliminary plans for the Civic Center and proposals for raising funds will be announced in the near future.

The idea of a Civic Center in Haskell started many years ago and almost to a person, the need is realized.

Now the opportunity is facing us to fulfill this dream. When asked to help, do all you can. When asked to give, please do.

We have decided that there is a need. A little work now will create a facility which will be enjoyed for many years.

Begin making plans now to do your part.

The great San Antonio River Art Show is now in the past. It was a great pleasure to visit with friends, make new ones, but the most rewarding part of all was customers returning. The trend of flowers, windmills, and bluebonnets continue to be prominent throughout the show. I had the pleasure of riding the 'President's' barge and viewing the several hundred artists along both sides of the river. What a beautiful array of color for the eye of the artist! There was the usual visit with the famous Harold Gore, the portrait and still life artist. He sends his regards to those he met during his visit to the studio. His portrait commissions keep him so busy that he could not promise a return visit soon.

Q. What are the three basic principles for beginner painters?

A. Contour, Complementary Color and Proportion. Contour is painting the objects with brush strokes to indicate the movement of the object, i.e., an apple should not have

the same brush strokes as a painted wall. Contour the brush strokes with the movement of the object. Proportion is comparing sizes of objects. This proportion should be related to the size of the canvas. Complementary Color is the application of principles of color. Use the color wheel and determine the color across the wheel - that will be the complement. This is the key to achieving luminosity and dimension.

Q. What is the remedy for oil paintings that appear quite brittle with the tendency to peel? What caused this?

A. 1. Sparsity of the binder (linseed oil). If not sufficiently used in the binder, the pigment particles lose their cohesion. 2. Diluting the painting medium with turpentine. 3. Painting with a lean paint over an oil saturated surface. 4. Exposure to heat. The remedy: a. Use an appropriate medium such as Copal Painting Medium (or make your own by using one of the recipes in "The Artist's Handbook"). b. Use an appropriate painting ground, which has been prepared with Gesso. c. Don't store your

paintings behind an active heat, such as furnace or water heater.

## County 4-H Food Show Set

4-H'ers will match foods-and-nutrition expertise against each other in the Haskell County 4-H Food Show Oct. 16.

About 30 youth will compete in senior and junior divisions, according to Lou Gilly and Max Stapleton, County Extension agents.

Entries will be on public display beginning at 3:30 p.m. at the Haskell National Bank Community Room in Haskell.

Senior-division entrants are ages 14-19, while junior-division youth are ages 9-13.

This year's theme will follow along the lines of the Fall season.

For the contest, each 4-H

entrant will compete in one of four classes, including main dish, side dish, breads and desserts, or snacks and beverages.

"Because the foods and nutrition program focuses on nutrition, each contestant will have to demonstrate what she or he knows about nutrition, meal planning, food buying

and meal service, as well as preparation techniques," the agents explain.

Haskell County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, the Texas A&M University System and the Morrison Milling Company of Denton.

## Chicken Spaghetti Supper Set By Study Club

The history of the Haskell Progressive Study Club, the presentation of yearbooks, and the upcoming chicken tetrazzini supper served as topics for consideration at the regular meeting of the Progressive Study Club, Oct. 7. Honored guests for the evening were the club's past presidents, who had been especially invited to attend.

President Jerrene Couch presided, and First Vice-president Marilyn Bahney presented the club's yearbooks for the 1982-83 year. In her presentation, Mrs. Bahney introduced the year's theme, "A Fantasy of Smiles - Starring Community Involvement," and read the dedication. This year's book is dedicated to the past presidents of the Progressive Study Club, "the stars of the past."

Mary Martin presented the club's history by reading a review of programs presented in each year since the club's

beginning in 1937. The review was written in verse form. As the past presidents' names were mentioned, Yearbook Committee member Evelyn Cobb presented each one present with a star corsage. Fifteen past presidents attended the meeting, including two charter members, Anita Herren and Frances Lane. Club yearbooks and scrapbooks were displayed.

Peggy Payne, chairman of

the Finance Committee, led the discussion of plans for the chicken tetrazzini supper to be served before the football game Oct. 15, from 5:30 to 7:30 in the High School Lunch Room. Food assignments and work assignments were made, and the tickets distributed to members.

Pat Byford reminded members of the John Labriere Open House October 24, and urged all members to attend and bring guests.

The next order of business concerned the Christmas parade scheduled for December 4. Members voted to enter a float in the parade. Ellen Rieger and Leesa Toliver will serve as co-chairmen for the

project.

The last item on the agenda was to vote on two names presented for membership. Mary Ann Perry and Adele Mooney were duly elected.

Prior to the business meeting, hostesses Arnolia Foote, Sherry Adams, Mildred Mancill, and Faye Woodson served refreshments to members and guests.

Eighteen short and wonderful years have come and gone

Remember the year you got your phone. Basketball has been your sport,

Go out this year and blow those teams off the court.

Happy 18th Birthday from your mom and dad. We can't help but feel a little sad.

The years went by too fast for us, But you've been well worth all the fuss. We wouldn't trade these eighteen years, Although at times there have been tears.

We wish you well in '83.

May you become everything you've always wanted to be.

We love you more than you'll ever know, These "Eighteen Years" have thrilled us so.

# Vo Ag Students Earn Profits

61,988 students in Vocational Agriculture Education earned a net profit of \$24,263,512.12 from their supervised occupational experience programs, (S.O.E.P.), in the 1980-81 school year. This is an average of \$391.42 per student. These projects are usually livestock, poultry and/or crops. A record of expenses and income is kept on each enterprise under the direction of the Vo Ag Instructor/Future Farmer of American (FFA) advisor.

Vo Ag and FFA is an elective course taught in 870 school districts in Texas. Students in Production Agriculture (I, II, III, IV) are required to carry on a successful Supervised Occupational Experience Program each year while enrolled in the course.

51,540 students during the 1981-82 school year earned a net profit of \$13,826,714.33 from their livestock, poultry and/or crop projects or a net profit of \$268.27 per student.

During the 1980-81 school year 339 students worked on a farm or ranch and earned \$156,727.49 or \$462.32 per student.

5,848 vocational ag students

carried out miscellaneous S.O.E.P. and earned \$616,766.01 or an average of \$105.46 per student. 1,610 vo ag teachers assisted students in carrying out successful S.O.E.P. programs in 1980-81.

## College News

Haskell Junior Mary Lou Gonzales has been named as a recipient of one of the Hunewell Band Performance scholarships at Tarleton State University in Stephenville. Mary Lou, a music major at TSU, is the daughter of Mr. and Mrs. Jose Gonzales.

The Hunewell scholarships are awarded to members of the Texas marching band. Under the direction of Dr. C. John Keith, the group performs at halftimes of the Tarleton football games. This year, the band boasts \$13,000 worth of new uniforms.

Sonja Tidrow, a junior Accounting Major at Texas Tech University has been chosen by the Sigma Phi Epsilon Fraternity as a Little Sister. Sonja is a member of the Alpha Phi Sorority and the daughter of Mr. and Mrs. Gaston Tidrow.

# Superintendent's Views

BY JAMES LANIER  
Superintendent, Haskell ISD

We have made another step forward in unifying our students and faculty. When Mr. Neal came to Haskell as Junior High Principal, he continued and enlarged upon the concept of having a Principals' Student Advisory Council. Now that he is principal over the entire secondary school, he has again expanded this group.

The first step was the selection process. He requested that the teachers nominate four students from each grade. This selection was based on aptitude toward leadership, self-motivation, some executive abilities, influence on peers, dependability, honesty, and pleasing personality. After the teachers had made their nominations, the student body then voted by popular ballot for a student from each grade. As a result of this procedure, Albert Sherman was selected as member at large; Shannon Lane, Senior representative; Sheila Klose, Junior representative; Holli High, Sophomore representative; Stephanie Browning, Freshman representative; Andy Griffith, 8th grade representative and Steven Klose as 7th grade representative.

Mr. Neal uses this group strictly as an advisory group. They meet at least once a month to discuss any student concerns. He asks that they keep him informed in areas such as student relations, handbook editing, and serve

as a general sounding board for decisions affecting the entire student body. Mr. Neal tries to listen carefully to these students and their advice. He has the philosophy that students have worthy ideas and workable methods. While he does not want them making policies or decisions, he can get student reaction from a group of selected leaders. Mr. Neal feels that this group is showing good leadership and maturity.

This writer interviewed one of the members of the council, Shannon Lane. Shannon related to me that the honor of being selected. She did express the fact that Mr. Neal would listen to their views. She said they felt comfortable opening up to him with student problems. She said she felt that the council improved not only the confidence of the council, but also the interest and integrity of the principal and faculty. Shannon felt that this Student Advisory Council had already caused changes to occur.

Students must grow not only physically and mentally, but also socially as well. They must learn to counsel with people and express their views and concerns. The Advisory Council gives them a peer group to express themselves to. It is valuable training not only to the members of the council but to the entire student body as well.

# New Agronomist For Rolling Plains

U.U. Alexander has been named to the position of agronomist for the Rolling Plains area by the Texas Agricultural Extension Service, Texas A&M University System.

He assumed the position Sept. 16 and will be headquartered at the Texas A&M University Agricultural Research and Extension Center at Chillicothe-Vernon.

"Mr. Alexander will be responsible for educational programs relating to all phases of crop production in the Rolling Plains," said Dr. Zerle Carpenter, Extension Service director. "He will be working closely with other Extension specialists at the Texas A&M Center to provide a multidisciplinary approach in dealing with various crop problems and concerns. In addition he will work with the staff of Texas A&M's Department of Soil and Crop Sciences headed by Dr. E.C.A. Runge."

Alexander also will be working closely with county Extension agents and county program building committees in identifying crop production

problems and planning educational programs to deal with them, Carpenter added.

Alexander has been an agronomist with the Missouri Extension Service for the past 11 years. Prior to that he was a research and Extension agronomist with the University of Nebraska for six years and served as a county Extension agent in Nebraska for three years. In addition, he was acting soil fertility specialist while in graduate school at the University of Nebraska. Alexander also served two years with the Near East Foundation and U.S. AID as a rural development advisor in Kenya.

A native of Idabel, Okla., Alexander holds a B.S. degree in agricultural education from Oklahoma State University and a M.S. in soil science from the University of Nebraska.

He served in the U.S. Army from 1948 to 1953 and was awarded a battlefield commission in Korea.

Alexander is a member of the American Society of Agronomy and the American Registry of Professional Agronomists.

# Help Wanted

By extra conservation, you can reduce the effect of an event which temporarily increase your electric bills.

The San Miguel lignite-fired plant will be shutdown for scheduled maintenance for about 4 weeks beginning October 18. This shutdown will increase the cost of electricity throughout the maintenance period.

Normally, most of your electricity is generated using lignite for fuel. A smaller amount comes from natural gas and hydroelectric power plants. The cost of all sources are blended to determine the cost that B-K Electric pays for wholesale power from Brazos Electric Power Cooperative.

While the San Miguel Plant is shutdown, most of your electricity will come from natural gas plants. Because natural gas is considerably more expensive than lignite, your electric bill will be higher. Try to use less electricity during this maintenance period to control your electric bill.

Thank you.

B-K Electric Cooperative, Inc.

# Farm Leadership Conference Set

A Farm Leadership Conference will be held in Lubbock, on Oct. 21, 1982. The purpose of the meeting is to analyze the 1983 farm programs and the importance of farmers' participation in them. It is planned primarily for the agricultural news media and officers and leaders of agricultural organizations and commodity groups who will be responsible for disseminating information about the 1983 programs to their members. Leaders of the nation's major farm organizations are expected to be present.

The 1983 programs for feed grains, wheat, cotton, rice and soybeans will be reviewed along with the basic alternatives of each. A comparison of the effects of full participation versus low farmer participation will be made.

The meeting is scheduled to begin at 10 a.m. at Plains Co-op Oil Mill, 2901 Ave. A.

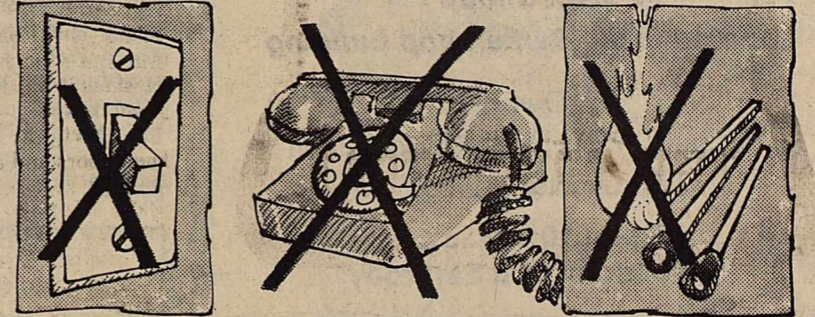

Lubbock. Sponsoring organizations include: Texas Association of Cotton Producer Organizations, Grain Sorghum Producers Association, Texas Corn Growers Association, Texas Wheat Growers Association, Texas Soybean Association, American Rice, Inc. and Women Involved in Farm Economics.

# Elderly Parents Will Be Program Topic

"AS PARENTS GROW OLDER" is an educational program for families with aging parents or relatives. It is designed to be of help to those who have concerns or want to improve their communication with elderly parents. A series of six sessions will deal with the aging process, relationships between family members, availability of community resources and ways to help aged relatives remain as vital and self-reliant as possible.

The Mental Health Association of Abilene is offering a group experience to deal with these and other concerns that occur as parents grow older. The series will be held Thursday evenings, Oct. 14 through November 18, from 7:30 - 9:30 p.m. at the Junior League House at 774 Butternut St. Registration is limited. Fee is \$10.00 for materials. To register please call 695-5240 or write the Mental Health Association, 1734 So. Clark, Abilene, Tx. 79605.

# NOTICE

# IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as a safety feature. Otherwise, it would be completely odorless.

If you are outdoors and smell gas, call your local Lone Star Gas office.

If you are indoors and detect faint whiffs of what you think may be gas, investigate. It may be that a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment seems to be working properly and the odor persists or intensifies, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone office and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

# TALKING ABOUT IRA's

A lot of people are making a lot of talk about Individual Retirement Accounts these days. They tell you how, if you are now age 30, you could be a millionaire by the time you retire. They talk about tax deductions and tax deferrals. And they're right.

But there's one question some financial houses don't say too much about—what happens when you retire, at age 60 or 65, and withdraw all that money from your IRA?

The answer is simple—you could get taxed on the whole amount, all at once, in the year it is received. And unless you take some quick action then to avoid it, that tax could chew a big chunk out of your retirement savings.

But you don't have to wait until you retire to solve that problem.

You can solve it today by establishing your IRA with a Travelers Individual Retirement Annuity. It can start paying you an income for life when you retire—automatically, by contract. No hassle of having to make investment decisions just when you should be sitting back and enjoying life. It's a plus many other IRA plans can't offer.

That's The Travelers IRA advantage. Give us a call. We'll be happy to give you all the details.

# Prosecutors Council Gives Rape Prevention Tips

The following article is a public service by the Haskell Free Press through the cooperation of Joseph Thigpen, District Attorney and The Prosecutor Council. Its purpose is to make you aware of a prosecutor's role, of your responsibility as a resident of this County and how we can work together to alleviate some of society's problems.

This in the first is a series of articles on rape and it

discusses rape prevention. The second article discusses the men who rape; who are they and why do they rape. The third article will discuss the victim and the events which may follow the rape.

## PREVENTING RAPE

Rape has been cited as the fastest growing violent crime in the United States today. The chances of your being raped increase daily. Last year, in Texas, a reported rape occurred every 1 hour and 17 minutes. FBI statistics say that nationally only one in ten rapes are reported to police. Regardless of your age, marital status, income, educational level or race, you are a potential victim. Some facts:

- \*RAPE IS A CRIME OF VIOLENCE, NOT SEXUAL PASSION.
- \*Rape victims are 6 months to 93 years old.
- \*80% of the time the rapist and the victim live in the same neighborhood.
- \*50% of the time the rape occurs in the victim's home.
- \*50% of the time the rapist knows the victim.

\*90% of the time the rapist and victim are the same race.

\*50% of the time the rapist is married and has a normal sex life.

\*Rape occurs just as often in rural areas as in major cities.

The responsibility of reducing the incidence of rape is upon the victims and potential victims. Recognize that you are a potential victim and always practice preventative measures. Encourage and provide rape education to friends, family, and especially your children.

## AT HOME

1. Never let a stranger into your home, EVEN one in a repairman's uniform. (The Boston strangler posed as a repairman.) Check a repairman's identification and call his office to verify it. If a stranger wants to use your phone leave him outside and make the call for him.
2. Never give personal information to strangers over the phone. Should you receive a misdialled phone call, do not reveal your name, number or address. Instead ask what number he is calling. If you receive an obscene call, hang up immediately.
3. Install a peephole and chain. Never admit to a stranger that you are alone.
4. Replace all locks when moving to a new place, or if you lose your keys. Do not give keys to your landlord. Deadbolts are recommended.
5. Use only your initials on the mailbox and in the phone directory.
6. Leave outside lights on at night and keep lights on in more than one room in the house. Keep curtains drawn at night. Leave a light on when you are not at home.
7. Keep your doors and windows locked.
8. Have your house keys ready before getting out of your car to enter the house. If it looks like your house has been broken into, do not enter or call out. Use a neighbor's phone to call police.
9. Get to know your neighbors and check on each other. Report any strange cars in the neighborhood.

## WHEN DRIVING

1. Look around the area before entering or leaving your car. Before entering your car look inside. Lock your door as soon as you get in and keep windows up as much as possible.
2. Travel well-lit, busy streets and avoid back roads and short cuts.
3. Do not pick up hitchhikers or stranded motorists when alone. You can call for help for a stranded motorist from a safe place.
4. Park your car in a lighted area and always lock it up. Do not leave your house keys with a parking attendant.
5. If you have a flat tire keep driving until you reach a well-lighted area occupied by other people.
6. If your car breaks down take a moment to assess your situation. If you are in an isolated area open the hood,

trunk and door and tie a handkerchief to the antenna. Then hide nearby where you can see the car but not be seen easily. This way you choose who helps you. A car full of drunks is trouble. A state trooper is perfect. A man, his wife and six assorted children is another good choice.

## WHEN WALKING

1. Walk close to the street and avoid passing close to shrubbery, dark doorways and other places of concealment.
2. Dress appropriately. Wear clothes and shoes that allow freedom of movement.
3. Be alert and aware of your surroundings at all times.
4. When arriving at home by taxi or private car, request the driver to wait until you are inside.
5. Have your key ready so you can immediately open the door.

## BABYSITTING

1. Tell your parents who you are babysitting for, the address and phone number and time you can be expected home.
2. Call your home before leaving to return home.
3. A parent should accompany their child on the first occasion and meet the people.
4. Never let a caller or someone at the door know that you are a babysitter.
5. Follow the at home rules listed above.

## PROTECTING YOUR CHILD

1. Rape and murder of children is rare. Molestation and sexual annoyances are fairly common. Eight-five percent of the sexual assaults on children are by people known to them, not by the strangers they have traditionally been warned about.
2. Information about sexual as-

sault could be a part of every child's basic safety information. Several good books and pamphlets have been written on how to talk about sexual abuse with your children. A good book is *The Silent Children; A Parents Guide to the Prevention of Child Sexual Abuse* by Linda Tscherhart Sanford. It is published by McGraw-Hill.

2. Children need close supervision when using a public rest room. They are a favorite spot for molesters. Small children, especially, should always be accompanied by a grownup they know when

they use the facilities.

3. Tell your child never to open the door to anyone except you or someone you told him was coming. If you hear someone at the door, don't let your child handle the situation alone.

These are some of the preventative measures you need to adopt. Sources for brochures and other information on rape and child sexual assault are the Department of Human Resources, your local rape crisis center, police department or Mental Health/ Mental Retardation center.

## TAX PLANNING

Written by  
Gerald Rodgers, CPA

## IRS AUDITS (Don't Lose Sleep)

The IRS has three levels of examination (audits) of income tax returns. All are intended to review the facts and see that your return is properly filed. The agent is not to harass or belittle you. If you have filed your return with the correct numbers, don't lose sleep over an upcoming audit.

The simplest of the audits is a "direct correspondence." You may be asked to send photo copies of a few specific checks or documents.

An "office audit" will often be more detailed and may require you to take certain records to your nearest IRS office. A call to the examining officer for more information on what to bring could save you an extra trip.

The "field audit" is held at your home or place of business. It usually involves a full review of all major income and expense items. If you have income from a partnership or small corporation, they may also be brought into the audit.

The IRS has had excellent results by letting their computer select which returns are to be audited and most likely to produce added revenue for the government. The computer checks for certain "norms" in your return depending on the nature of your business, income level, etc. If you have abnormal figures such as excessive interest expense, high medical bills, etc., you should attach a photocopy of the document supporting the deductions. Such documentation may keep the IRS from contacting you.

If you receive correspondence from the taxing authorities, respond timely. Ignoring their first few notices will not gain you favor when you finally meet, and you will.

## Green Thumb Program Budget To Continue

For almost 1,000 older workers in the Texas Farmers Union Green Thumb program, the "battle of the budget" came to a happy conclusion with the recent Congressional override of the President's veto of a supplemental appropriations bill.

The bill provides money for a variety of programs and agencies ranging from the defense department to NASA to Title V of the Older Americans Act, which funds TFU Green Thumb and other senior employment programs, according to Diane Parrish, Green Thumb state director.

Speaking to 50 Green Thumb workers at a training session in Colorado City on Sept. 27, 1982, Parrish said

the Congressional override "was decisive" in saving the jobs of more than 54,000 Title V workers nationwide. The workers are all 55 and over, low income, and provide services for libraries, schools, senior centers, and museums.

"Without the override, the only hope would have been yet another appropriations bill," she said, "and there were no real guarantees that another one would have been passed and signed in time to keep the program going." The new bill funds the program through June 30, 1983.

Green Thumbers had already received letters informing them that their last day on the job was to be Sept. 24. Parrish said the letters had to

be sent out because "there was no assurance that both houses would override the veto. What we've seen is a minor miracle." The override vote in the Senate was 60 to 30, exactly the two-thirds majority necessary.

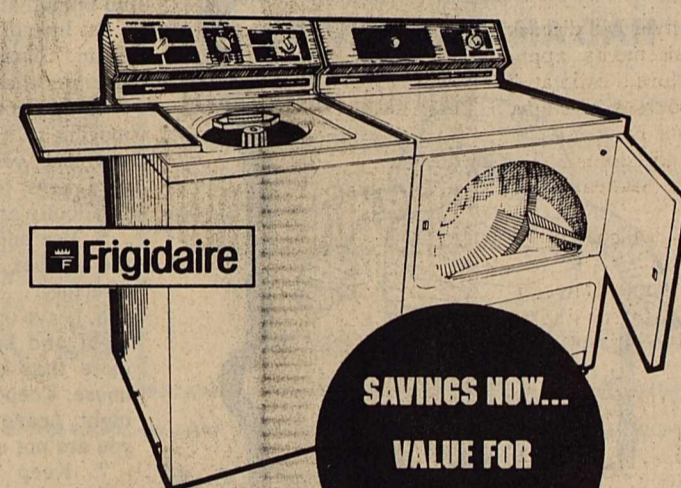

"One more vote against the appropriations bill and the dismal news in your letters would have been all too true," she said. "And I'm afraid we all know that there aren't enough jobs out there in the private sector for 54,000 older workers."

The Green Thumber Representative from Haskell County attending the training session at Colorado City was Juanita Bevel.

# College/Technical School Night Set In Abilene

Junior and senior students of high schools in the Big Country who are planning additional education after high school and the parents of these students will have an opportunity to meet and talk with representatives from various colleges, universities, and technical schools at a College/Technical School Night program at Cooper High School on Monday, Nov. 1, 7:00 p.m. Representatives from thirty-five colleges and universities and ten technical schools have been invited. In addition, representatives from the Air Force, Army, Marine, and Navy ROTC programs and a representative to discuss financial aid will participate in the program.

The evening program will begin in the auditorium where Bobby Cluck, President of Cooper High School Student Council, will preside. Mr. Richard Styles, member of the Board of Education, Abilene ISD will welcome the students and parents.

Following the general meeting in the auditorium, each student and parent will have an opportunity to attend three discussion groups of thirty minutes each to obtain information about three different schools in which they are interested.

Representatives will discuss entrance requirements, application procedure, estimated yearly cost, courses of study, types of housing available, financial aid, and other topics of concern to students and parents.

The schools which will be represented are:

Abilene Christian University, Abilene Intercolligiate School of Nursing, Angelo

State University, Austin College, Baylor University, Berry College, Cisco Junior College, Hardin-Simmons University, Howard Payne University, and Lubbock Christian College.

# Warm Winters Highlight Activities

The benign brevity of wintertime in Texas is demonstrated by the listings in the brand-new Calendar of Texas Events just issued by the highway department's Travel and Information Division.

Dozens of outdoor events such as fishing and golfing tournaments — impossible in northern climes—show how Texans plan to enjoy the cooler months ahead. The Calendar spans the months from October through March.

Typical Texas products, such as peanuts, spinach, rice, hay and sugar cane, are all recognized with harvest festivals. Citrus and livestock are also featured with events that celebrate the bounty of Texas agriculture.

There'll be finger-licking all

over Texas as the native cuisine is highlighted at festivals featuring barbecue, pinto beans, stew, buffalo burgers, gumbo, cabrito, or at a syrup-soppin' contest. For the stouthearted, there's even a snake-meat eating contest.

The Calendar period includes Christmas, and there are the traditional presentations of "The Nutcracker" ballet, tours of decorated homes, and parades on both land and water.

The Calendar can help in planning close-to-home mini-vacations where maximum entertainment can be found with a minimum of travel. Free copies are available at any Texas Tourist Bureau or by mail from Calendar of Texas Events, P.O. Box 5064, Austin 78763.

# Barnett Retires As Oldest Pilot

It took reaching the mandatory retirement age to get the Army's oldest pilot on active flying duty, Chief Warrant Officer 4 Don Barnett, to hang up his uniform and flight suit.

On Friday morning at Fort Hood, Barnett's fellow aviators in the 6th Cavalry Brigade (Air Combat) turned out in force—some 300 strong—at the retirement ceremony.

Hosted by the 54th Signal Battalion, few of the soldiers standing in the formation were

even born when Barnett first put on the uniform of a private in the Signal Corps.

Barnett's career spanned 37 years of service to his country, including combat in WWII, Korea and Vietnam. He had more than 8,500 "Accident free" flying hours—1,600 flying hours in combat.

However, Barnett believes his most important contribution has been the teaching of younger pilots and his contributions to aviation safety.

Upon his retirement, Barnett was awarded the Legion of Merit medal for his exceptionally meritorious performance of service while assigned to the 6th Cav. at Fort Hood.

He was credited with furthering the refinement of doctrine and tactics in the Army's only Air Cavalry brigade.

However, to Barnett himself, the award was more for practicing and preaching "Pa-

atience." He is totally unflappable, which is attested to by his excellent health, and he points with pride at the "accident free" hours he has amassed during his long career.

"If there is any one thing specific that I would leave with you, it is practice patience. In all things, this will keep you in good stance," Barnett told his 300 fellow aviators after the ceremony.

Barnett is quick to point out that he was not a gung-ho fighter pilot, but rather a man behind the scenes, concerned with safety and standardization. He definitely does not like being made out a war hero.

Being recognized as an extremely experienced pilot, Barnett enjoyed the highest respect from his fellow pilots, both the seasoned veterans and the young new ones.

Although qualified in both fixed and rotary wing aircraft, while he was in the 6th Cav. Barnett was the brigade standardization instructor pilot for the UH-1 helicopter. He

enjoyed taking the new pilots, the one's fresh out of flight school, on their initial checkout flight at Fort Hood.

Barnett likes to tell how many of the young pilots are impatient—eager to get flying and rack up flight time. However, Barnett shows them how to do a slow and methodical preflight check before ever cranking the engine. When the young pilot questions the necessity for such detailed attention, Barnett always points out, "Son, I'm still flying because of that attention to detail."

"Patience is what it takes. Don't get homeitis. Don't say well, we can check that off later—we'll skip that today. An accident can ruin your whole day," Barnett tells his fellow pilots.

The honors bestowed upon Barnett Friday continued through the day. Following the formal retirement ceremony, which was personally a very moving moment for Barnett, Col. Charles E. Ivey, 6th Cav. commander, had some presentations to make on behalf of the brigade.

"Not only a fellow aviator and a fine officer, Barnett has been very active with our religious groups and with the youth of our brigade," Ivey explained as he announced some unusual honors.

Ivey told Barnett that the Blackhorse Chapel doors were being refurbished, through donations, and would have a plaque saying it was done in honor of Barnett and in appreciation of his service.

"Additionally, we are initiating a very large quarterly award to be given to the outstanding teenager of our chapel, which will be called the Don Barnett Quarterly

Award," Ivey explained.

Barnett, who is an ordained Methodist minister and deeply involved with the post chapel and youth activities, said he couldn't imagine any greater honor.

"The things you have done, in my name, are just marvelous—it fills my heart up," Barnett remarked to his fellow aviators. Later Friday, at a Fort Hood Chapter general membership meeting of the Army Aviation Association of America (AAAA), Barnett received a long standing ovation as he walked to the

speaker's platform. Barnett said the aviation people know how to do things right.

"In aviation, we strive to do everything right—whether it's flying or maintenance. It's just like I used to tell my first flight instructor—Orville, You're right," Barnett quipped.

With his retirement home in Killeen, Barnett said he would continue to be active in the chapel and youth activities of Fort Hood. He also intends to remain active in the AAAA.

As of March 1, the Army's oldest Army aviator on active

duty will be Chief Warrant Officer 4 Michael Novosel, stationed at Fort Rucker, Ala.

Barnett remarked of Novosel, "Now there is a warhorse and gung-ho fighter pilot." At 58, Novosel also served in WWII, Korea and Vietnam as a pilot. It was in Vietnam that Novosel won the Medal of Honor. Barnett has a very high regard for the man assuming his position as "The oldest active duty Army aviator"—but points out that will not be until midnight of Feb. 28.

## IS YOUR INSURANCE AGENT LOCKED INTO ONE COMPANY?

There are 2 ways to buy insurance. You can buy your insurance from a one-company agent. But he's locked into only those policies that his company sells. So his hands are tied.

Or you can buy your insurance from an Independent Insurance Agent... the more-than-one-company agent. You see, your Big "I" Independent Agent doesn't work for one company. He represents several. So he's free to give you an independent opinion and advise you on the best coverage at the best price. And that goes for homeowners, automobile, business, life and health insurance.

Before you reach a verdict about insurance, see your Big "I" Independent Insurance Agent... the more-than-one-company agent. Do it today.

THE MORE-THAN-ONE-COMPANY INSURANCE AGENT.

# Chamber Plans Country Dinner Theater

**WANDA DULANEY**  
**Manager, Haskell Chamber of Commerce**  
 It's another Centennial celebration for the people of Haskell and our guests from out of town, according to Centennial co-chairmen Lois Richardson and Hank Sherman.  
**SATURDAY OCTOBER 30, 1982, 7:00 p.m. AT TOM AND LOIS RICHARDSON'S BARN.**  
 Country dinner theater under the auspices of the Haskell Chamber of Commerce, \$5.00 for the meal, entertainment and hayride.

**THE MEAL:** baked ham, beans, potato salad, cole slaw, onions, cornbread, peach cobbler, coffee and tea which will be served in tin cans.  
**THE DECOR:** brown paper tablecloths, kerosene lamps—an old fashioned atmosphere according to decorations chairman Pat Byford and Doris Phemister.  
**THE PLACE:** The Richardson's barn in Southeast Haskell.  
**LOCATION:** One block south of C.O. Holt's home off South 6th between Strain Road and Paint Creek Road.

It's the old Wheeler place.  
**WAYS TO GET THERE:** 1. Turn east on South 6th at American Legion Hall, pass the park, cross drainage road, Strain Road, then 3 blocks later, turn right and go one block South to the Richardson's. 2. Or take the Drainage Road south to its end at 6th St., turn left go 3 blocks past Strain road to South 6th. Turn left go 3 blocks, turn right one block. 4. Or from Throckmorton Highway take Paint Creek road three blocks, turn right, go three blocks west, turn left and go 1 block

south.  
**THE HAYRIDE:** Donny Rieger is in charge. 6:30 p.m. sharp, catch the hayride wagons on the East Side of the Square. Leave your car in town. The moon will be almost full. It will be fun for all ages. Or if you prefer to drive to the Barn Theater in your own car, there will be ample parking.  
**WHAT TO WEAR?** Jeans, prairie skirts, boots or whatever you have that is comfortable. It is not a dress-up affair.  
**THE TICKETS:** Advance ticket sales will tell us how many beans to put in the pot, so buy your ticket please from any Chamber director, from the Chamber welcoming committee or at the Chamber office. We'll sell as many tickets as there are chairs so that means they will be limited. Get yours while they are available.  
**THE SHOW:** We're going to treat you to a very enjoyable Variety Show, featuring some of Haskell's top talents. Here's a sneak preview of some of the acts (and there

will be others);  
 David Mooney, Haskell's Band Director, will be our Master of Ceremonies. He has been a professional entertainer in Las Vegas and other places in America, plus entertaining all over Europe.  
 Ernest Flanders, Minister of Independent Baptist Church, has agreed to entertain you with a medley of jazz and boogie woogie piano numbers and all of us know what a fine musician this man is!

Singing the old time gospel songs will be Tom Watson's quartette. Tom has also volunteered to be chief bean cooker.  
 Mike McKinney, minister of First Baptist Church and showman extraordinaire will be on hand, too. This gifted guitarist-singer will represent the popular country music era which we are in today.  
 Then it will be YOUR turn. You'll get to sing, too. At the Chamber of Commerce banquet last Spring, it was easy to tell that Haskellites

like to sing. Our town can belt out the tunes together even those of us who can't carry a tune.  
 The complete program will be printed in next week's Haskell Free Press to whom we are so grateful for allowing the Chamber the space for this column and for publicity for all the community events. What would we do without the help of the paper and our radio station in letting the public know when things like this are scheduled?

Join the continuing Centennial Celebration; Enjoy the country air; Enjoy the people. Good food. Good show. Good time. **COUNTRY DINNER THEATER, OCT. 30, at 6 p.m. AT THE RICHARDSON'S BARN.**

**If you're concerned about rising grocery costs, here's something you can do about it.**

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

**VOTE FOR 3.**  
 HELP HOLD THE LINE ON YOUR FOOD COSTS!

## USDA Soil Conservation Service Conservation Viewpoints

F.A. Ulmer of Sagerton was recently re-elected to the Haskell Soil and Water Conservation District board of directors Monday Oct. 11. Ulmer represents Zone 4 of the district.

The purpose of the Haskell SWCD, with headquarters in Haskell is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors

coordinates the conservation efforts of various local, state and federal agencies and other organizations and has the authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Ulmer will be responsible for district policies and procedures for carrying out the district program with in the framework of the Texas soil conservation district law.

In Texas there are 201 soil

and water conservation districts. Each is a legal subdivision of the state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator. Assistance is furnished thru the Soil Conservation Service without regard to race, creed, sex or national origin.

Celebrating six points—Cornell Thompson (54), Todd Harris (12) and Marvin Tate (72) celebrate after Carl Dever scores in the first quarter against Seymour. Haskell won 22-12 and will play Hamlin at 7:30 p.m. today (Thursday) at Piper Stadium.

## JV's Down Seymour

BY DOUG RICHARDSON

Last Thursday the Haskell JV took on the Seymour Panthers at Indian Stadium and defeated them 22-12.

Haskell's Carl Dever came up with a score in the first quarter, and Todd Harris scored in the third quarter. Also scoring was Ricky Rojas

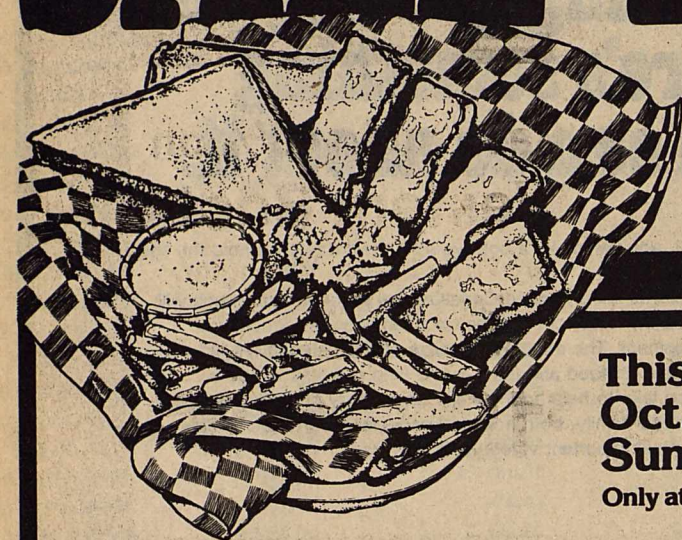

with an outstanding catch in the end zone late in the fourth quarter.

For the extra points lineman Cornell Thompson caught a pass for two points, and fullback Robert Ivey ran for two points.

"The defense played extremely well. Also our running game went very well," Coach

Jim Bob Mickler said. Seymour scored twice outside plays but never threatened the middle. The Indians will meet Hamlin tonight for the second time this year. They hosted Hamlin Sept. 30 but lost 14-6. Game time is 7:30 p.m. at Piper Stadium in Hamlin.

## Throckmorton History Book Underway

The Throckmorton County History Book Committee is delighted with the response they have been getting from people who have received their history book literature. Letters of literature were recently mailed and there have been several long distance calls as well as local calls from people who are interested and wanting to get their 500 word family story in the forthcoming book.

Interest has also been gratifying for the memorials and tribute pages as many people want to remember loved ones who are deceased or they want to honor living loved ones with the tribute pages. These special pages will add an extra dimension to the book that cannot be done effectively any other way.

The committee wishes to acknowledge some persons who worked on addressing and stuffing envelopes or who worked in other ways to help get the letters of information in the mail. Mary Lou Harvick, Marjorie Brown, Maurine Hibbitts, Dorothy Lilly, and

various beauty salon patrons of Mrs. Harvick worked on Throckmorton mailings. Mrs. Laverne McCarron was in charge at Elbert. The names of those in Woodson were unavailable at this time.

If for some reason you did not receive a letter of information please contact Mrs. Mary Lou Harvick, W.T. Lindsey, Mrs. Mary Gene Chandler, or Mrs. Nel Rey Coker. Your stories, pictures may be turned into the judges' office during office hours or mailed to: Throckmorton County History Book Committee, Box 370, Throckmorton, TX 76083. The committee and area representative will gladly help, or find someone who can, if anyone is having problems. The deadline gets closer every day. Remember to get your 500 word family stories and pictures turned in before the Oct. 20th deadline.

Watch this paper for further information and listen to KSTB & KVRP radio for public service announcements.
