Offense Comes Alive Downs Munday, 29-0

The Haskell Indian offense came alive last Friday night defeating Munday 29-0. The offense had their best game of the year with 19 first downs and 268 yards total offense.

The first Tribe score came with 4:29 left in the first quarter on a drive that covered 23 yards in 10 plays.

A fumble recovery by Doug Richardson gave the Tribe the ball with good field position and set up the score. Mark Bailey scored on a one yard run. The PAT failed.

Two plays later, Indian Lonnie Hise captured a Mogul ball carrier in the end zone for a safety and gave the Tribe an 8-0 lead.

The next Munday possession also ended with a fumble which was recovered by Indian Barry Tidrow.

The second quarter was scoreless but the Tribe offense got things going early in the second half. The offense took possession on their own 30 but a series of penalties moved the ball back to the 15. Indian Toby Villa got the Tribe out of a hole with a 30 yard scamper and then Indian Albert Sherman carried seven times during the 17 play drive before scoring from the five.

Indian Roger Dever scored two

fourth quarter TD's, both on two yard runs. The first came with 2:01 remaining and was followed 46 seconds later with another.

Board Accepts Bid For New Ambulance

Board members of the Haskell County Emergency Ambulance Service accepted the low bid of \$39,255.64 from First Ambulance Center of Tennessee Tuesday night. The bid includes a new modular ambulance with full equipment.

The bids were opened last week and since that time, Ambulance Service Administrator, Tim Leek has visited the two plants which submitted bids to inspect ambulances.

Leek reported to the board that in addition to being over \$6,000 less, the vehicle built in Tennessee appears to be every bit as good or better.

Also submitting a bid was Superior Southwest, located near Dallas. Their bid was \$45,618.00.

The new ambulance is scheduled for delivery in mid January.

The Tribe will travel to Paducah this Friday night. All Indian fans are urged to make the trip and support our team.

Civic Center To Memorialize Past, Present And Future

A joint meeting of all committees and the officers and directors of the Haskell Memorial Civic Center, Inc. was held Tuesday night to formulate future plans.

Special committees attending the meeting included: finance, special gifts, publicity and building.

Civic Center President R.C. Couch Jr. announced that the organization had received a charitable-non profit exemption from the Internal Revenue Service and that all donations to the organization would be tax deductible.

Couch emphasized to about 60 persons present, that the Civic Center would be built with donations as a living memorial to the past, present and future. He added that contributions of one dollar to \$50,000.00 would be equally appreciated in reaching the tentative goal of \$300,000.00.

Couch explained that the Civic Center fund currently has about

\$15,000.00 in pledges and about \$5,000.00 in an expense fund. He said that all donations will be used to build the Civic Center and that printing, postage and other expenses will be paid from the expense fund which came from The Miss Hey Day Pageant and the remaining funds of the B&PW Club when the group disbanded.

The Progressive Study Club received a round of applause from those in attendance when Couch expressed appreciation for their dedication to the project for the past eleven years.

Don Comedy, publicity co-chairman, announced that pledge cards and memorial cards would be ready for distribution soon.

Charles Thornhill urged the group to set a goal of one year to raise sufficient funds to build the building.

Haskell School Superintendent James Lanier explained to the group

that the school board had voted to allow the building to be located on school property and that the school would provide maintenance and utilities after completion.

Couch announced committee appointments and asked that all committee chairmen meet monthly with officers and directors of the board.

Committees include:

Finance Committee: Abe Turner, chairman; Carolyn Everett, assistant treasurer, Carolyn Pippin, Sammy Larned, Tom Watson, Nedra McCauley, Pat Hale, Nancy Toliver, Charles Thornhill, Sue Pate, Ed Walling, Ruby Smith, Wallace Cox Jr., Felipe Arredondo, Larry Gilliam, J.H. Strain, Doris Reeves, John Rike, Lynn Pace Jr., Ernest Flanders, Ed Harris, Bud Turnbow, Anita Medford, Amy Medford, Mary Ann Perry.

Special Gifts: Mr. and Mrs. R.W. Herren, Dr. and Mrs. Wm. J. Kemp, Mr. and Mrs. Clay Smith, Mr. and Mrs. Viars Felker, Mr. and Mrs. Royce Adkins.

Publicity: Don Comedy and Jerene Couch, co-chairmen, Bill Comedy, Wanda Dulaney, Jill Druessedow, Franciene Johnson, Kathleen Diggs, Mary Martin, Anita Thigpen, Edith Wheatley, Mr. and Mrs. Kenneth Lane, Buck Everett.

Building: Archie Jones, chairman, Ervin Frierson, James Lanier, Winnie Sherman, Betty McBroom, Joel Nanny, Melvin Turnbow, Earl Proctor, Gerre Larned.

Members of the Board of Directors of the Civic Center are: R.C. Couch, president; Bob Herren, vice president; Abe Turner, treasurer, Carolyn Everett, assistant treasurer, Opal Adkins, secretary; Dr. William J. Kemp, Juanita Dunnam, and Mattie Muriel Felker.

FATAL ACCIDENT

Cristoval Limones, 46 of Rule, was pronounced dead at the scene of a one vehicle accident Sunday afternoon by Justice of the Peace Geraldine Hise. The accident occurred shortly after 5 p.m. about 5 miles west of Haskell. DPS Trooper James Davis investigated the accident.

Chapter Two

After last week's 'Pipe Smoke' and lengthy visits with both Gary Druessedow and Larry Gilliam, it seems only fitting to fill you in on the rest of the story.

According to the two, things were generally much worse than the early reports indicated.

Instead of the one breakdown of the pickup, there were three. Parts were not available locally and had to be transported from Lubbock.

Other than the drive train problem, a transmission line ruptured and caused various problems. And then, less than 20 miles from home, our pair ran out of gas. After a 3 a.m. call to Haskell and a short wait the gas arrived, was put in the tank and the pickup would not start. The remedy was simple: remove the breather and pour a small amount of gas into the carburetor.

The three admitted having done the procedure more times than once and were quick to add that this particular time was the first time the pickup had ever backfired and

caught fire.

A short time later they arrived in Haskell. Complete with two elk! (Several mules were also alive, apparently well and in good shape).

Both Larry and Gary have enjoyed showing pictures of the trip and retelling their adventures. They also are planning to take their families to Colorado this summer for a fishing trip and have started plans for next year's elk hunt.

And now (as Paul Harvey would say) the rest of the story:

The following is a clipping of a classified ad which recently ran in the *Abilene Reporter News*.

DEER, quail, fish leases, 3200 acres, Palo Pinto county, Camp house, 817-325-2287, 817-325-8367. BIG SOUND Colorado hunting mules, are very successful in hunt. Mules are also, young and will pack or GUN Collection for sale. Some new, some used. AR18, new. \$410. Call Jim 426-2204. AR18, new, 4 wheel drive.

Labriere Home Dedication Held

It might have been a late October Sunday afternoon in 1883, with ladies wearing bonnets and men talking of the approaching hard winter while sipping lemonade and eating tea cakes. Instead, the time was October 24, 1982, and the Sunday afternoon was devoted to the dedication of a Haskell historical landmark, the John Labriere Home. This house was the first frame house built in Haskell in 1883.

The dedication ceremony began with gospel singing, featuring Phillip and Laela Martin. Jerene Couch, president of the Progressive Study Club, welcomed guests and thanked all the members of the club

and the Haskell citizens who had contributed time, money, and/or artifacts to the home. Next, Wallace Cox, Jr., the son of one of Haskell's pioneer families, gave a brief history of the home. Jane McAdoo gave the prayer of dedication following the comments of Dr. David Ballard, a descendant of the Labriere family. Dr. Ballard escorted Mrs. Charlie Conner to the porch to cut the yellow ribbon as the audience sang "The Eyes of Texas." Guests were then invited to tour the home and enjoy refreshments.

A walk through the door of the John Labriere Home is a walk into the past. The interior contains such authentic items as an iron bedstead,

a bedside table, an armoire, a safe, a wooden kitchen table, and an old wash stand. Ruffled domestic curtains adorn the windows, and braided rugs lie on the floor. Quilts, kerosene lamps, and old books provide the finishing touches.

The Open House marked the realization of a dream shared by many Haskell residents and members of the Progressive Study Club who have worked on the restoration project since 1977. At that time, the Haskell Bicentennial Committee donated approximately \$900 to the Progressive Study Club, who agreed to take the restoration of the home as a club project. Other civic organizations making donations to the project were the Rotary Club and the Lions Club. The City of Haskell donated the shingles for the roof, and Duane Gilly, Ag teacher, and his students did the roofing work. Don and Steve Horton worked on the home extensively, also.

While club member Mary Holden served as the "general carpenter,"

Miller Montgomery and Bill Blankenship were hired to restore the outside of the home.

The Progressive Study Club members who helped to finish and furnish the inside were Labriere Committee members Lois Richardson, Pat Byford, Julia Harrell, and Leesa Toliver. Other club members who worked on the project include Ruby Turner, Nedra McCauley, Sandy Horton, Evelyn Cobb, Peggy Payne, Anita Thigpen, and former club member Becky Richardson. These ladies worked long hours painting, hanging wall paper, scrubbing floors, and collecting the antique furnishings.

Anita Herren registered approximately 126 guests. The registry had a hand-painted picture of the home on the cover painted by Mrs. Herren. Other club members were both inside and outside the home to greet guests during the two-hour Open House, and afternoon filled with old-fashioned friendliness and fellowship which characterized life in a bygone era.

Sunday Football Returns

A special six-man football game has been scheduled this Sunday afternoon at 2 p.m. at Indian Stadium to benefit the Haskell Memorial Civic Center.

The game will feature disc jockies from radio station KVRP against members of the Haskell Volunteer Fire Department.

Organizers are calling the October 31 contest the "First Centennial Great Pumpkin Bowl". Present plans call for the contest to be held again in 100 years if all wounds are healed.

There will be no admission charge but donations to the Civic Center Building Fund will be accepted. Rumor has it that all persons donating less than \$2.00 will be

required to play in the game.

The KVRP crew volunteered to secure officials for the game and have announced that the line judge will be a KVRP employee whose visual handicap should not interfere with his job.

Fire Department members agreed to the line judge only if the Fire Department team captain had the authority to change rules throughout the game as he saw fit.

In addition to the game the concession stand will be open and will also benefit the Civic Center Building Fund.

The game promises to provide an afternoon of spectacular football in the absence of televised games during the NFL strike.

RIBBON CUTTING

Mrs. Charles Conner, center, is shown cutting the ribbon on the John Labriere home during dedication ceremonies last Sunday. The dedication was held as part of the Haskell Centennial Celebration and was sponsored by the Progressive Study Club. Also shown are Julia Harrell and Dr. David Ballard. Dr. Ballard, of Stamford, is a descendant of Labriere.

Around Town

Albert Thane returned last week from a two week's trip to Europe. Thane departed from Dallas and joined a group in Chicago with their destination being Frankfurt, Germany. From there they flew to Munich where they visited various historical sites, one of them being the site of the 1972 Summer Olympics. The group toured in and around Salzburg, Austria, where "The Sound of Music" movie was filmed, and then went on to Lugano, Switzerland. At Berchtesgaden, Germany, they visited the remaining ruins of the historical "Eagle's Nest", the famed secret hideout of Adolf Hitler. The group returned home via the same route.

Mr. and Mrs. Kenneth Flemming of Brownfield were here over the weekend visiting in the home of her father, L.B. (Tubby) Jones.

Allen Overton, his daughter, Jana, and his father, Roy A. Overton, were all in Seymour Sunday visiting in the home of another daughter and her family, Mr. and Mrs. David Hajek, and Dustin. The occasion was a birthday dinner in honor of Allen Overton.

Mr. and Mrs. Jack Chapman, and their son and family, Mr. and Mrs. Ronnie Chapman, and Missy, were in Norman, Okla., recently visiting in the home of another of their sons, Mr. and Mrs. Terry Chapman. They were joined there for the family get-together by their other son and daughter, Glenda Gayle Chapman, of San Antonio, and Keith Chapman, of George-

town. Ms. Chapman is associated with the "Texas Farm & News".

Mr. and Mrs. W.J. (Jody) Earles entertained in their home Friday evening with a family dinner for their children and guests. Present were Mrs. Frank Daniels, Jody, and Jessica, of Nashville, Ark., Mr. and Mrs. Martin Dale Coleman, Julie and Rhonda, and Mr. and Mrs. Joe Bob Earles and Annie, and Kevin Wade, all of Stamford. Daniels had visited enroute to Lubbock where he attended the World Evangelism Forum held at the Sunset Church of Christ over the weekend. The Daniels returned home Monday.

Ms. Bennie Faye Shelton returned home recently from a visit with her daughter, Sgt. and Mrs. Mike Roberts, and Loretta, who are stationed at Little Rock A.F.B., Ark.

Mrs. Lynn Davis, and daughter, Renee, of Abilene, were here Saturday to attend the funeral of her uncle, Raymond Brewer. They also visited in the home of her parents, Mr. and Mrs. Vernon Ivy before returning home.

Mrs. Robert Starr, of Abilene, was honored with a surprise birthday buffet Sunday, October 17th, in the home of her mother, Mrs. R.A. Lane. Out of town guests included her sister, Mrs. Chester Jones, of Houston. Mr. and Mrs. John Gannaway, of Lubbock, Mr. and Mrs. Kermit Jackson, of Hearst, Mr. and Mrs. Wayne Lehrer, of Abilene, Mr. and Mrs. Jerry Hill, Becky Hill,

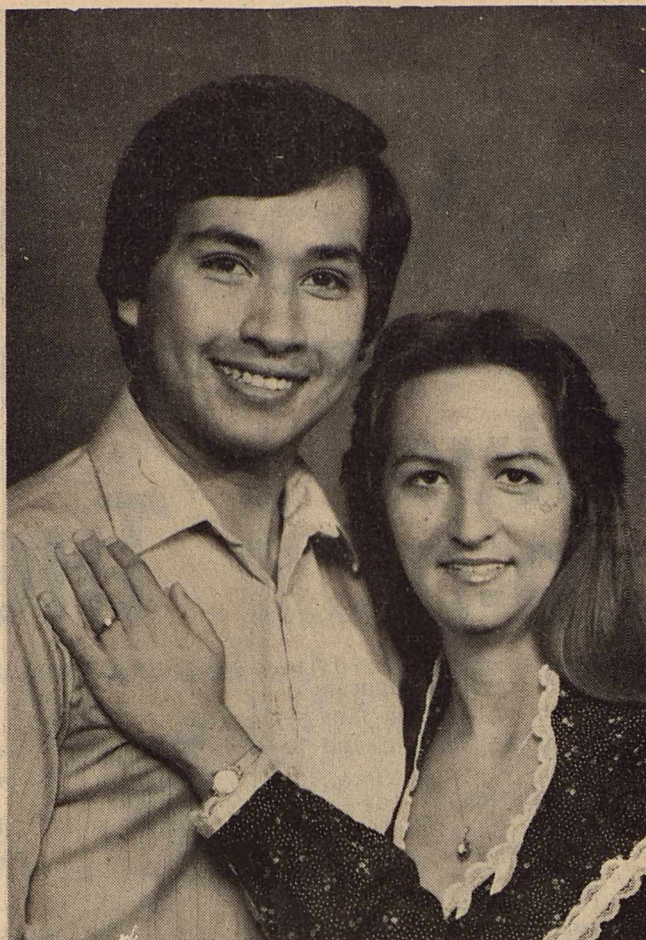

and Richard Hill, all of Milsap, and the honoree's husband, children, and granddaughter, Robert Starr, Sara, Fran, Doug, and Blake, and Mr. and Mrs. Tommy McGuire, and Brooke, of Weinert. Many local friends and relatives were also in attendance.

Guests in the home of Mr. and Mrs. Jesus Arellano and family Sunday were Sister Lucis, Sister Cynthia, and Sister Magdalena, who are all here from Mexico on a working assignment with St. George Catholic Church and St. Ann Catholic Church in Stamford.

Mr. and Mrs. Marion Strickland have returned home from several weeks in Houston where Mr. Strickland was a patient at the M.D. Anderson Hospital. Their daughter and son-in-law, Mr. and Mrs. Bill Lane, Jr., met them in Dallas over the weekend at the home of their son, Doyle Strickland. Earlier Mrs. Lane had flown to San Antonio to visit in the home of her sister and her husband, Mr. and Mrs. Jackie Pike, and Mrs. Pike and Mrs. Lane had visited with their parents at the hospital.

Gary Ivy, of Grand Prairie, was here Sunday visiting in the home of his parents, Mr. and Mrs. Vernon Ivy. Ivy, who is a 1955 graduate of A.C.C., was in Abilene for the Abilene Christian University Homecoming, and to visit with his daughter, Michelle, who is a Senior at A.C.U.

Guests in the home of Mr. and Mrs. W.J. (Jody) Earles this week were Lisa Cracknell and Marie Stagbower, both of Adelaide, Australia. Ms. Cracknell and Ms. Stagbower had been in Abilene visiting with the Earles' granddaughter, Lori, who is a Senior student at A.C.U. The girls have been on vacation in the United States and returned to Dallas with Tammalie Todd, of Dennison, friend of Ms. Earles, Thursday before returning home to Australia. Ms. Earles is the daughter of Mr. and Mrs. Joe Bob Earles, of Stamford.

MR. AND MRS. EMORY EARL SMITH of Haskell announce the engagement and forthcoming marriage of their daughter, Mona Claire Bledsoe to Richard Rejino, son of Mr. and Mrs. Ben C. Rejino, Sr., of Bovina. The couple plan to exchange vows at 6:00 p.m., Saturday, Dec. 18, in the First United Methodist Church in Haskell with Rev. George Benson of Canyon officiating for the ceremony. A 1977 graduate of Haskell High School, Mona graduated in 1981 from West Texas State University with a degree in music. She is presently attending graduate school at North Texas State University, and is employed as a group piano teacher in the Dallas School District and as pianist at the Old San Francisco Steakhouse in Dallas. Richard, a 1975 graduate of Bovina High School, also received a degree in music from West Texas State University in 1979. He is now attending graduate school at North Texas State University, and is employed by Brook Mays Music Co. and Brookhaven Community College in Dallas.

Births

Mr. and Mrs. Tommy Franklin Clay of Haskell announce the arrival of their son, Lucas Seth Clay, born October 23, 1982 at Haskell Memorial Hospital weighing 8 lbs. 3 1/2 oz.

Mr. and Mrs. Jack Waylan Matura of Haskell announce the arrival of their son, Shannon James Matura, born October 21, 1982, at Haskell Memorial Hospital, weighing 4 lbs. 12 3/4 oz.

Mr. and Mrs. Robert Lee Spells of Haskell announce the birth of a son, Robert Lee Spells Jr., born October 21, 1982 at Haskell Memorial Hospital weighing 7 lbs. 3 oz. Maternal grandparents are Mrs. Girlie Mae Walker of Haskell and Ostel Griggs of Stamford. Paternal grandparents are the late Mr. and Mrs. Horris Spells.

Mr. and Mrs. Rodney Brown of Austin announce the birth of a son, Aaron Austin Brown, born October 9, 1982 at Sagon Hospital in Austin weighing 8 lbs. 10 1/2 oz. Grandparents are Mr. and Mrs. Fred Brown of Haskell.

Benjamin Ross Cadenhead was born at 9:04 on Oct. 20, 1982 in Wilbarger Memorial Hospital in Vernon. He weighed 9 pounds and measured 20 inches long. His parents are Dr. and Mrs. J.F. Cadenhead, III of Vernon. Grandparents on his mother's (the former Ann Fillingim) side are Mr. and Mrs. Homer T. Fillingim of near Capitan, New Mexico. Maternal great grandparents are Mrs. Elizabeth Kingsfield of Roby and Mr. Roy Kingsfield of Rotan. Paternal grandparents are Dr. and Mrs. J.F. Cadenhead, II of Haskell. His older brother, Joshua James is almost 3. Since the day of his birth, little Benjamin has been in the Intensive Care Unit of Children's Memorial Hospital in Dallas. All the family appreciate the prayers and concern shown and said in Benjamin's behalf and ask your continued prayer. He is fighting for his little life and is holding on in spite of many complications.

"Monet is only an eye; but what an eye!", said Cezanne. It's easy to understand what he meant. Monet can be described as a man of great intellectual powers, great sensitivity and great ability to organize his material imaginatively. He painted with his whole being and not merely with his eye and hand.

This is where a lot of amateur artists fail to make as much of their natural capacities as they might. They think of painting as a craft, practiced and studied in and for itself. If a painter wants to go further than this, he has to bring more of himself into the seriousness of painting. We can be sure that Monet did plenty of reading, talking as well as looking. He knew what was going on in the fields of science and theory. The only sort of painter who can develop without this kind of all-round self-education is the true primitive - a very rare bird at the best of times. Then there was Rousseau, a primitive artist, who hob-nobbed with the great artists to learn. A few - a very few - painters may be able to get along without taking much interest in influences around them and the discoveries of the past, and without reading a word; but these are in the minority. Most of us need educating, or

self-educating. Formal schooling and diplomas do not make a painter. A painter will take from many sources, his daily routine, on his holidays, in his relations with other people, things he reads, talks about and sees will all contribute in some way.

Q. How can I design a picture of a shape different from the usual rectangle?

A. This is an excellent way of becoming more conscious of the relation of the design to the picture area. We take the rectangle for granted - how many of us have painted an oval or round canvas? Admittedly the ovals and rounds dictate more of a pre-exhibition or specific setting. When pictures were painted to be hung on a wall with other pictures around them, then of course, the rectangle became the norm, and to deviate from it meant that pictures were neither hung nor sold. So the accustomed rectangle format

has, in the end, become a largely economic justification, like so many other things. There have been painters using a 20 x 24 board, did not like the corners, then cut them away and drew an oval. The composition of an oval format should be considered the same as a rectangle. If you have the instructions for an ellipse, then you can easily make an oval. Circular designs use a fairly definite horizontal or vertical motif to keep things stable within the design. There are oval canvases available in most art stores.

HINT: "Get the habit of cleaning your brush constantly as you work. The rag to wipe. Thus the brush can hold the kind of paint you need for the stroke." - Robert Henri

Happy Birthday "Sweet Sixteen"

October 28th, sixteen years ago today, a sweet little bundle from Heaven, Came down to our house to stay.

We know how long you've wished, for this Very Special Day.

Of being, "Sweet Sixteen", and you did your way.

So, look out drivers, please get out of her way.

She'll be taking her driving test, probably today!

The years have flown by in such a terrible haste,

I only wish, we could somehow, slow the pace.

You've brought us more joy than you'll ever know,

By your laughter, and caring, and the love you show.

Here's wishing the future will always be bright,

With laughter, and love, and God as your light.

Thank you, Sweetheart, for these precious Sixteen years.

But, please forgive us if we shed a few tears.

So, JENNIFER DAVIS, "TODAY'S YOUR DAY", Congratulations, honey, you've come a long way.

Superintendent's Tips For Sewing Views On Leather Offered

BY JAMES LANIER
Superintendent, Haskell ISD

This column will be devoted to a group of youngsters who have worked long and hard this fall, the Junior High Warrior Football Teams. These student-athletes along with their coaches start their day much sooner than the rest of the student body. They are asked to on the field at 7:30 a.m. fully suited and ready to go. This gives them an extra thirty minutes to develop the skills that will carry on to the varsity level. I personally know the excitement of that first day of football practice having survived it twice at my house with my two sons. To play football for the Haskell Indians is the goal of many young men of our fair town. One of the things I have noted in my nine years in Haskell is the willingness of the majority of these young men to work hard to achieve that goal.

This year we have thirty boys playing 7th grade football. They have a season record of 4 wins and 2 losses. They play two more games both at Indian Stadium. This week their opponent is Knox City followed by Rotan next

week. At the 7th grade level, our program stresses fundamentals and learning how to hit correctly. The coaches work very hard in encouraging all the athletes to play. They strive to let each athlete play in each game. The 7th grade is coached this year by Jim Dan Raughton and Jim Bob Mickler.

The 8th grade has 18 boys playing under Coach Jimmy Lisle. They have a record of 5-1 with two more games to go. This is one of the smaller (number wise) groups we have had come through our school. However, there are certainly some quality athletes in this group. Fundamentals continue to be stressed at the 8th grade level but with a few more refinements. Naturally the 8th graders are bigger, faster, and more mature. The years development makes a big difference.

If you have nothing to do the next two Thursdays, you might venture over to Indian Stadium for some good hard played football. It might not be the NFL, but to me, it is more fun.

Leather and leather-like fabrics are very much in fashion this fall and several things should be considered before sewing garments from these materials, says Becky Saunders, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Many leather or leather-like fabrics currently available have different weight and color than those used previously, making them easier to sew and care for," she explains.

Choose a vest or tunic pattern that is simple to sew when making a leather garment the first time, Saunders suggests, and select fabric accordingly.

"The newest trend in suede and leather looks or actual skins is they are also lightweight and soft," she adds.

Skins are sold by the square foot, and an average size full skin is about six square feet. For one yard of fabric, approximately nine square feet makes a fabric 36 inches wide, 11 square feet equals a fabric 45 inches wide, 13 square feet equals 45 inches in width and 15 square feet equals 60 inches in width.

"Add approximately 10 to 15 percent to the square footage needed to allow for any irregular shapes of a real skin," Saunders suggests.

Skins should be matched according to color and weight and sewn with a minimum seam of one-fourth inch. Leather doesn't have a true grain line but stretches the way it grows, and stretch should go around the body.

All pattern pieces should be laid out in the same direction and skins should not be folded when cutting out a true leather garment, she advises. Some leather-like fabrics can be cut with double thickness to save time.

A test seam should always be constructed when making the garment to see if tension and "pressure" may need adjusting, she says.

"Avoid back stitching at the end of the seam when using real leather, because it weakens the garment," Saunders suggests. "Knot thread instead, and remember to stitch slowly for maximum evenness."

Caring for the finished product is also important, she says. Use the right tempera-

ture and recommended brand name detergent when machine washing. If dry cleaned, as suggested for real leather, make sure leather techniques are used.

If the leather garment becomes wet, Saunders says to stuff it with paper or let it air dry at room temperature, since heat may cause shrinking. The garment should be kept on a padded or shaped hanger in a cool, dry place, and plastic should never be used. Sunlight may also cause fading.

"Pressing will vary according to the fabric content and weight," Saunders says. "True leather garments use a low setting and for best results require heavy brown paper between the fabric and iron." Always test for the right

heat and pressure before ironing so no visible marks will be left on the fabric, she concludes.

A&M biochemist says iron deficiency is worldwide problem

COLLEGE STATION — Nearly 20 percent of women in their child-bearing years exhibit some degree of iron deficiency ranging from iron depletion to anemia, warns a Texas A&M University biochemist.

Iron deficiency ranks as the most serious nutritional disease in both humans and plants today, said Dr. George Bates, and is second only to protein/calorie malnutrition in the worldwide severity of its effects.

FIRST DOWN

The Haskell Monday clash started out as a defensive battle last Friday night. Pictured is the first Tribe first down of the game. Four plays later the Tribe was forced to punt but got the ball back three plays later when Doug Richardson recovered a fumble. Mark Bailey scored 10 plays and 23 yards later to give the Tribe a 6-0 lead. Haskell won the game 29-0.

Difficult times demand wise decisions... and strong decision-makers like Lt. Gov. Bill Hobby.

Texans are facing some difficult times. Now, more than ever, we need experienced, compassionate leaders in our state government.

We need a leader like Lt. Gov. Bill Hobby who has our interests at heart. Here's how Hobby stands on the issues concerning Texans:

EDUCATION.

HOBBY will not be satisfied until our education system is the best in the nation. His efforts to improve the quality of public education for your children and grandchildren begin in the classroom. He is for improving teacher salaries and benefits. He is for giving more control to local school districts.

JOBBS.

HOBBY is working to create more and better jobs for Texans. He is making sure jobless Texans receive their full unemployment benefits. He is working to increase the efficiency to the Texas Employment Commission. He is stimulating economic growth and new jobs through responsible state spending and one of the lowest tax rates in the nation.

CRIME.

HOBBY is for strong laws and certainty of punishment of criminals, backed by better training and pay for our police officers. He is helping upgrade our courts to speed up trials of accused criminals. He is for improving our prison system and parole system.

Re-elect
Bill
Hobby

A STRONG
LT. GOVERNOR,
HONESTLY.

BIG GAIN

Indian Albert Sherman stretches for a big gain against Monday last Friday. The gain came late in the third period when the Tribe drove 85 yards in 17 plays before Sherman carried in from the five. Sherman carried seven times during the drive for 36 yards. A key play in the drive was a 30 yard gain by Indian Toby Villa.

Best Of Show Pumpkin Contest Winners Named

By Kathy Kemp

The best of show winners in the elementary pumpkin contest were the Pump "Kin Folk", first grade and the Owl, second grade Reading Lab.

First place winners were Farmer Brown, third grade; Paula Indian Pumpkin, sixth grade; the Scarecrow, third grade Reading Lab; and the HHS Cheerleader, sixth grade Reading Lab.

Second place winners were Grandma, kindergarten; Captain Hook, sixth grade, Bookworm, first grade Reading Lab and Pumpkin Express, fifth

grade Reading Lab.

Third place winners were Witch, second grade; HHS Football Player, sixth grade; Sombrero Man, third grade Reading Lab, and Pac Man, fourth grade Reading Lab.

Honorable Mentions were Humpty Dumpty, early childhood and HHS Beenie, fifth grade.

Using an Autumn Motif with hay bales, the display was made by Mrs. Paula Everett, sixth grade teacher and Mrs. Peggy Adams, aide.

Each class contributed at least one pumpkin and some entered more.

"The object was to create a Halloween atmosphere and get the students involved in a school project," Mrs. Everett said.

Judges were Mrs. Nelda Lane, Mrs. Nedra McCauley and Mrs. Becky Richardson.

"We had a difficult job, the pumpkins were so original," Mrs. McCauley said.

WE HAVE pencil cups, stackable trays, book-ends, paper clip holders, stamp cubes and telephone files in matching colors. *Haskell Free Press*

UNICEF Drive To Be Held In Rule

Special spooks, members of the Rainbow Connection fellowship group, will be "trick-or-treating for UNICEF" this Sunday afternoon. The group has decided to share their day of fun with children of many

nations who have very important needs. The group will meet at 2:00 p.m. at the United Methodist Church in Rule. They will be covering the town collecting money for UNICEF, the United Nations Children's Fund.

UNICEF directs its work to the essential needs and problems of children, primarily those in the developing world. Improving the conditions of children is complex work involving interrelated fields, such as nutrition, health care, and education. This Novel Peace Prize winning organization concentrates its services on behalf of children. UNICEF's total income for 1981 was approxi-

mately 291 million dollars. Unlike other organs of the United Nation system, UNICEF does not have an assessed budget. Thus, it depends entirely on voluntary contributions to finance its work.

The kids who will be collecting for UNICEF will be carrying official UNICEF cartons and identification. After "UNICEFing" the group will return to the church for a Halloween party. If you have questions or would like to join us call Donna DeVries-Hestand.

33 Confirmed Entries In Night Christmas Parade

BY WANDA DULANEY
Manager, Haskell Chamber of Commerce

Thirty-three firms and organizations have confirmed with the Chamber of Commerce that they will enter floats in Haskell's Night Christmas Parade December 4. Others are considering participation and their names will be published as soon as they confirm with the Chamber. The theme of the parade is "The Music of Christmas".

Floats may be entered in two categories: Theme and Non-Theme. In the Theme Division each one must be decorated to represent a certain Christmas carol, must be lighted, must have music on board of the song represented, and the vehicle pulling it must be decorated also. In the Non-Theme Division floats are not restricted as to decor, but cannot play any Christmas carol that has already been assigned in the parade nor use the Santa Claus nor Nativity theme. Santa will be riding on

the Chamber sleigh, and ministers of Haskell will present the Manger scene. These will be the last two floats in the parade, followed by the City of Haskell float representing the close of the centennial year and heralding in a new century for Haskell.

To date, entries include: **THEME FLOATS-COMMERCIAL**- "We Wish You A Merry Christmas", Richardson Hallmark and Kids Duds; "Deck The Halls With Boughs of Holly", M-System; "O Christmas Tree", Sears Catalog Store; "A Caroling, A Caroling", Heads or Tails and Sport About; "Little Drummer Boy", Lane Apparel; "Sleigh Bells", Hayloft; "Ave Maria", Heidenheimer; "No Place Like Home For The Holidays", Hartsfield Agency; "Winter Wonderland", The Mercantile; "Rudolph The Red Nosed Reindeer", Mitchell's Port-hole; "I'll Be Home For Christmas", This 'n That and Coffee Clique; "Wassailing",

Personality Shoppe; "Santa Claus Is Coming To Town", Slipper Shoppe; "He'll Be Coming Cown The Chimney", Fraziers Appliances; "Frosty The Snowman", The Drug Store; "I'll Have A Blue Christmas Without You", Jones Plumbing Co.; "O Holy Night", Haskell National Bank; "Gloria In Excelcias Dios", Lane Felker.

THEME FLOATS-ORGANIZATIONS- "Joy To The World", Rotary Club; "O Come All Ye Faithful", Fire Department and Auxiliary; "The Christmas Waltz", Experienced Citizens Center; "Hark The Herald Angels Sing", Progressive Study Club; "Twelve Days of Christmas", Brazos West Art Association; "We Three Kings", Lions Club; "White Christmas", Kiwanis Club; "Silent Night", Ministers of Haskell; "Here Comes Santa Claus", Haskell Chamber of Commerce; "Auld Lang Syne", City of Haskell.

THEME FLOATS-YOUTH GROUPS- "Little Toy Soldiers", Boy Scouts; "I Heard The Bells On Christmas Day", Girl Scouts; "Toyland", RA Boys First Baptist Church.

NON-THEME FLOATS CONFIRMED are Sherman's Carpets and Interiors; and Kiddie Kottage.

Members of the Clark Twirling Academy of Abilene will enter seventy twirlers with lighted batons decorated as candy canes, under the direction of Roseland Love.

Wrapped in clear plastic and tied with ribbon will be nine new cars three each from Bailey Toliver-Chevrolet, Medford Buick and Pontiac, and Bill Wilson Motor Company.

Only two entries have been received for the decorated bicycle section, so KIDS, contact the Chamber of Commerce - tell them your name, age, school grade,

address and telephone. Please sign up NOW so your name can be added to those of the first two entrants, Trecci Burson and IV Burson.

Others towns who have already agreed to have decorated convertibles bearing their respective community leaders are: Rule, Stamford, Knox City and Anson. They will be lead by Haskell Mayor Franciene Johnson, with Chamber President Gene Long and Mrs. Long as official hosts.

According to Mrs. Geneva Bennett, the Hawley Riding Club will also appear in the Haskell Parade.

Area bands who have confirmed thus far are Anson High School, Knox City High School, Stamford High School, Haskell High School and Haskell Junior High. Others have indicated interest and will confirm within a week.

Others wishing to enter floats, bands, riding clubs, bicycles, etc. are asked to notify the Chamber of Commerce as soon as possible. Due to network coverage expected and because of the unusual length of the parade already, it is necessary to be fully organized by Nov. 1.

Chamber of Commerce managers from Stamford, Knox City, Seymour, Munday, Anson, Hamlin, Albany and Breckenridge have been asked to serve as out-of-town judges for the parade. Mr. and Mrs. Hugh Horton will be hosts and coordinators of the judging. Trophies will be presented at 8:30 p.m. by Christmas program chairman Charles Thornhill on the south side of the square. The parade is expected to last two hours, exceeding even the length of the Cotton Bowl Parade in Dallas.

Haskell can be proud, very proud, of such community spirit. So many are working so hard to make this truly a night to remember.

Revival Set At First Baptist

An Alive in Christ Revival will be conducted November 7-12 at the First Baptist Church of Haskell.

The evangelist will be David Edwards of Wichita Falls. The singer will be Buddie Lytle of Anson.

Mr. Lytle began his music training early in life at the age of 6, and he says the training and studying never stops. In 1979, God touched Buddie's life, and he made a commitment to serve Him through music. God opened the door for the opportunity to record. Buddie has had three albums

released on the Pure Love Label. He is a member of First Baptist Church in Anson where he serves as Deacon and he is engaged in ranching and farming in Jones County.

Mike McKinney, pastor of First Baptist Church, is general chairman for the Alive in Christ Revival. He said that the church encourages Haskell residents to attend the revival. The revival meetings will begin at 7:00 p.m. each evening and 12:00 noon, Monday through Friday, November 7-12. Everyone is welcome!

Addison Drive Residents To Have Fantasy Lane

Addison Drive - Fantasy Lane
The residents of Addison Drive who have already given us three years with the pleasure of "Snoopy" characters adorning their lawns at Christmas have notified the Chamber of Commerce that they are expanding their decorations to an even more elaborate display for 1982.

Their efforts are also in keeping with the Chamber's push to have this the biggest and best Christmas the town has ever known. It is hoped that other residential areas will follow the example of the Addison residents and unite for special themes in a collective effort in their neighborhood, or do individual decorations at their own home.

This year's theme on Addison Drive will be "Fantasy Lane" and the area will be filled with story book characters to delight young and old alike. They will be ready for viewing December 4, after the downtown Christmas Parade which begins at 6:00 p.m.

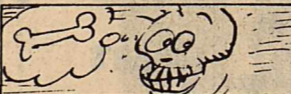

Here's what you'll see on "Fantasy Lane" at the following homes: **Christmas Message**, Mrs. Archie Jones; **Little Bow Peep**, Mrs. Clovis Winchester; **Donald Duck Characters**, Mrs. Harold Spain; **Hansel and Gretel**, Mr. and Mrs. Henry Harris; **Three Little Pigs**, Mr. and Mrs. Glenn Caddell; **Alice In Won-**

Democrats United as Never Before

In Governor's Race—White Outdistances Foe

AUSTIN—Attorney General Mark White is leading his GOP opponent in every area of the State in his bid for Governor according to recently released polls.

As the state's chief enforcement officer, White co-chairs the Federal-State Law Enforcement Coordinating Committee and is a member of the Organized Crime Prevention Council. On the national level, White has gained recognition as Attorney General. He was elected chairman of the Southern Conference of Attorneys General in May 1981.

Before he became Attorney General in 1979, White served as Secretary of State under Gov. Dolph Briscoe. During his four years and nine months as Secretary of State, White streamlined operations and made his office more responsive to the public. As Attorney General, White's office has won 98.4% of the

cases that have gone to litigation—31,000 cases—and has recovered over \$60 million, which has been returned to state offices.

As Secretary of State, White supervised the first state supported voter registration drive which resulted in a record 6.3 million registered voters in 1976. He also drafted and guided through the legislature Texas' own strong and permanent Voting Rights Act.

"This is the sort of efficiency, reliability and leadership you have every right to expect from your governor," White said. "I want to make Texas a better place for all of us—a better place to live, to work, to go to school, to raise our families. To do that, we need a Governor who is a problem solver, not a problem."

Bentsen Seeks Third Term

LAKE JACKSON—At a time when answers to complex economic questions are sorely needed, Senator Lloyd Bentsen has moved to the front rank of national leaders working to get the nation back on course.

To further this goal, Bentsen has led the fight for individual tax cuts, tax incentives to increase savings and productivity, and reduction of the federal deficit to bring down interest rates.

Bentsen has broad experience in both government and business. A bomber pilot with 50 missions over Europe during World War II, he first went to Washington in 1948 as a Congressman from South Texas after serving as County Judge of Hidalgo County. Following three successive terms of office,

Congressman Bentsen declined to seek re-election and the following year moved to Houston to enter business where he became President of Lincoln Consolidated. Sixteen years later he went back into public service by winning election as U.S. Senator.

Senator Bentsen is ranking Senate Democrat on the Joint Economic Committee of Congress and second ranking Democrat on the Senate Committee on Environment and Public Works. At the start of the 97th Congress Bentsen was assigned to the prestigious Senate Select Committee on Intelligence. The senator is widely recognized as a skilled legislator and is respected for his effectiveness in the Senate and his knowledge of economic affairs.

As Lieutenant Governor—Hobby Provides Experience

HOUSTON—Lieutenant Governor Bill Hobby has been in office nine years and has spent those years gaining the experience and know how that Texas will need to face the issues of the '80's.

Bill Hobby has demonstrated that he has the experience and compassion to deal with tough and complex issues while maintaining a balanced budget without new or increased taxes. The Lieutenant Governor has

been effective, sensitive and fair-minded in conducting Texas government and offers Texans positive programs for greater job opportunities, a healthy economy and efficient, honest government.

Hobby graduated from Rice University and served three years in the Navy as an intelligence officer. He and his wife have four children and they are active in the Episcopal Church and in educational and civic programs.

As Lieutenant Governor, Hobby chairs the Legislative Budget Board, which submits spending recommendations to the Legislature, and the Texas Legislative Council, which conducts research on legislation. He is co-chairman of the Texas Energy and Natural Resources Advisory Council.

Since he was first elected, support for public education has been one of Bill Hobby's highest priorities. He has placed equal emphasis on improving the quality of teaching and extending equal educational opportunity to all Texans.

Through Hobby's leadership, the Legislature has authorized an abuse reporting system and protective services program for older Texans.

Mattox—The People's Lawyer

DALLAS—Jim Mattox of Dallas won the Democratic nomination for Texas Attorney General in a hotly contested primary election. Mattox, 39, now serves as U.S. Congressman from Dallas, an office he has held since 1976.

and earned a law degree from Southern Methodist University. He is a life-long member of the East Grand Avenue Baptist Church, and is a member of the Christian Life Commission.

Jim Mattox is well known as a public servant who honors the principles of honesty and integrity. He has been conservative when it comes to spending the taxpayer's money, and he has provided progressive humanitarian leadership for our growing state. Above all, Mattox has been an independent who is not afraid to stand up and fight for what's right.

His record and aggressive, issue oriented campaign have gained Mattox the endorsement of the 5,000 member Combined Law Enforcement Association of Texas, a statewide group of law enforcement and public safety officers.

Mattox was elected the first chairman of the New Members Caucus of the 95th Congress and became the only freshman elected to the powerful House Budget Committee. He also served on the House Committee on Banking, Finance, and Urban Affairs.

Before his election to Congress, Mattox served two terms in the Texas Legislature and was named one of the "Ten Best Legislators" by Texas Monthly Magazine.

Congressman Mattox is a graduate of Baylor University

Richards to Modernize Treasury

AUSTIN—Ann Richards, the Democratic nominee for State Treasurer, is no stranger to public service. As Travis County Commissioner for more than six years, Richards has overseen all aspects of county government in one of the most rapidly growing urban areas of the state. As a member of the Lieutenant Governor's Special Committee on the Delivery of Human Services, Richards was instrumental in overhauling the

state's juvenile justice system. She has served on the Texas Criminal Advisory Board which allocates funds to criminal justice projects and on President Carter's Advisory Committee on Women.

Born in Waco, Texas, in 1933, Richards earned her B.A. at Baylor University and attended graduate school at the University of Texas at Austin.

"Few people realize that the state treasury is a revenue pro-

ducing agency," Richards said. "In 1981, the Treasury made \$300 million for Texas. This money is used to fund needed services which range from educational programs to roads. I am not afraid of computers and I am committed to bringing the Treasury Department into the 20th century. That's the only way state government can meet its growing responsibilities and continue to improve basic services without raising taxes."

Info On SS Numbers

Social Security numbers for issued to U.S. citizens, per-work purposes can only be manent resident immigrants,

and temporary aliens who have been granted permission to work by the immigration and Naturalization Service, Glyn Hammons, Social Security district manager in Abilene, said recently.

Even so, Hammons said, legal aliens who do not have permission to work may need a Social Security number for purposes other than work, such as banking, school, or driver's license.

In such cases, a Social Security number will be issued, but the card will be marked to show that it is not valid for employment. A prospective employer would know at once that the holder of such a card is not legally permitted to work.

Social Security numbers cannot be issued to illegal aliens for any purpose.

A person applying for a Social Security number must present evidence of age, identity, citizenship or alien status. In addition, a person 18 or older must apply in person.

An applicant for a Social Security number who provides false documents or false information of age, identity, citizenship or alien status may be subject to a fine of \$5,000 or 5 years in jail or both.

More information about Social Security numbers can be obtained at the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is 698-1360.

TAX PLANNING

Written by
 Richard Rodgers, CPA

INTEREST RATES CHANGE

Interest rates charged by the IRS used to be considerably below market rates. A favorite "tax strategy" was to use the government as your banker, delaying tax payments since IRS interest was 12% simple interest compared with the bank's 16% to 20%. It was often wiser to leave your money in the bank earning a compounded higher rate and delay paying taxes.

The 1981 Tax Act provided that IRS interest rates would be adjusted annually to equal commercial rates rather than every two years under prior law. As of February 1, 1982, the IRS interest rate was 20%.

The 1982 Tax Act made two more significant changes. The interest rate is now to be adjusted semiannually as of each January 1st and July 1st beginning January 1, 1983. The rate will be based on the average prime during the prior six month period ending September 30th and March 31st.

Based on the new rule, the IRS interest rate will fall from the current 20% to 16% on January 1, 1983.

The second significant change made by the 1982 Act is that IRS interest will be compounded daily. The change affects all "taxes owed" by the taxpayer or "refunds" due the taxpayer after December 31, 1982.

The effect of compounding can be seen in a simple example. If a taxpayer had a tax deficiency of \$1,000 that went unpaid for three years, he'd owe \$600 interest at the 20% simple interest rate.

The same tax liability with a 20% interest charge compounded daily would result in \$822 interest over a three year period. If the liability involved a tax dispute that dragged on for two more years, the compounding would result in an additional \$896 of interest rather than \$400 at the "simple rate."

The government hopes these changes will discourage taxpayers from using the IRS as a banker.

Long, Reed Named Boosters Of Week

Charles Reed and Gene Long were selected as "Boosters of the Week" Tuesday night. Mr. Reed and Mr. Long have been filming the varsity games since 1976. Charles Reed moved to Haskell attended one football game and started filming with the second one. Later in the season Gene shared the responsibility.

Charles has 18 years of experience filming games including eleven years when the Reed family lived in Hamlin.

Gene has lived in Haskell so long most people don't realize he was reared in Dimmit and was attracted to Haskell by his wife Jo Iva.

Both of these gentlemen have been active in Little League and have a genuine interest in youth and community.

Haskell coaches told the Booster Club these men are not only devoted to their tasks, but are very good at

it. When they compare Haskell films to other films, they have an even deeper appreciation for Charles and Gene.

In the absent of Coach Holt, who is still recuperating from an ulcer, Coach Liles and Coach Mickler gave game reports and showed the Munday film.

Hank Sherman agreed to video tape a 7th and 8th grade game for the Junior High Coaches.

Coach Mickler gave the District 4-AA standings and reported two teams would represent District this year. Haskell is in first place at the present time and if the Indians beat Paducah we will have 1st place for the season. However, if there is an upset Friday night there will be a three-way tie for first place. So let's all go to Paducah Friday and help the Indians stay out of a three-way tie.

TOUCHDOWN

Indian Roger Dever scored on a two yard run against Munday last Friday with 2:01 left in the game. The score and PAT gave the Tribe a 22-0 lead. Forty-six seconds later, Dever scored again and the PAT completed the scoring at 29-0 to keep the Tribe record unblemished during district play.

USDA Soil Conservation Service

Conservation Viewpoints

\$144,107.82 for the Great Plains Conservation Program in Haskell County in 1983. This was the report to the Haskell Soil and Water Conservation District Board of Directors at their October 15 meeting. Jim Hudson reported that this is the largest funding for GPCP in the Haskell District since its beginning. Because of the evidence of need for conservation treatment, the producers desire to control erosion and actions of the local board, "we got monies for GP that we normally would not receive," said Hudson.

"Although the farming and ranching industries are on shaky ground now, local people are responsive to their lands needs," Hudson stated. "This shows their concern not only for themselves but the future generations that will depend so heavily on how the soil is treated today."

Since man began to till the soil or limit the grazing areas for stock, erosion has taken place. And since this time

many people have been concerned about this erosion. "The Great Plains Program is our number one tool against erosion," said R.V. Earles, chairman of the Haskell SWCD. This is evidenced by past, present and "future" participation in the program. 157 contracts on 119,539 acres of Haskell lands have been covered by this program in the past 25 years. There are now 26 contracts on 15,890 acres in the county with 4 new contracts on 1884 acres, awaiting funds for 1983. These people are carrying out concentrated treatment to solve all their erosion problems. In a year of "cuts" in the federal budget, it is reassuring to see the increased concern of our government for the needs for erosion control. "We had believed we would not receive funds for GP in 1982", said Earles. "And now we have managed to get 38% of the total for this area of the state."

What does the future hold? "I believe if we can use the

people we have and continue to accomplish the quality conservation we are getting on the land now, that Great Plains has an even brighter future," said Earles. This is good news to the 8 local producers that are standing in line to participate in GPCP in Haskell and even to those who will want to enter the program in the months and years to come.

Absentee Voting Urged By THA

Voters who will be hospital patients on Election Day November 4th are being urged by the Texas Hospital Association (THA) to make arrangements for absentee ballots, and hospitals throughout the state are being asked by the THA to assist hospital patients who want to vote.

Registered voters who have advance knowledge that they will be hospitalized on November 4, perhaps for elective surgery, testing, etc, need not miss their opportunity to cast their votes.

THA has notified its 800-plus institutional members in the state, suggesting ways to assist hospital patients who want to vote.

According to the State Election Code, persons who are admitted prior to Election Day and whose stay will run past November 4 can obtain and complete a request for an Emergency Absentee Ballot. Once the patient and his or her physician have completed the request, it should be delivered to the patient's County Clerk's Office to pick up an absentee ballot. The ballot must be

completed and returned to the County Clerk's Office no later than noon November 4.

THA is the Austin-based trade association for hospitals in Texas with over 800 institutional and 4,500 personal members.

NOTE: In many areas, volunteers, auxiliaries, public relations departments, nurses and other hospital staff are involved in assisting hospital patients who want to vote. Your local hospitals may be able to tell you what activities are underway in your area.

Arthritis Suffers Can Help Disease With Self-Management

Managing arthritis requires a team approach and depends as much on the arthritis sufferer as on the doctor.

"Arthritis is a term applied to more than 100 different diseases, each of which—in some way—affects the joints. Americans spend an estimated \$4 billion each year on arthritis care and relief, making it an extremely costly health problem," explains Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

By practicing "self-management," arthritis sufferers can do much to help themselves live a normal life.

"With your doctor's help, decide on a self-management program that best suits your needs," Shirer suggests.

Self-management activities

include:
*Breaking the pain/depression/cycle through either medication, relaxation techniques, or just keeping your mind busy on other things.
*Exercise—although exercise is vitally important to keep joints flexible, you must also know when not to exercise. If a joint is red and hot, exercise should be limited to minimal movement.
*Protect affected joints from injury and over-exertion by proper lifting techniques, avoiding prolonged periods of maintaining the same joint position, and balancing work with rest to conserve energy and strength.
*Practice good eating habits and maintain ideal body weight. With the exception of gout, there is no concrete scientific evidence that eating or not eating certain foods

affects arthritis.
*Many types of heat help arthritis pain. Be careful not to cause burn, however.
*Cold compresses will have a numbing effect and give relief from pain for some arthritis sufferers.
*Good posture—whether resting, sleeping, standing, or walking—is vitally important for people with any kind of arthritis.

"Finally, it is important to work closely with your doctor. Since there are many types of arthritis, the first step is an accurate diagnosis. Your local Arthritis Foundation office also can help you in managing arthritis," Shirer says.

If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

Lone Star Specialist Pam Hacker uses a hot-air balloon to get her message across. The message is that new high-efficiency* gas water heaters can help you stretch your energy dollars.

We used a hot-air balloon to make a point about hot-water efficiency.

77,000 cubic feet. That's how much gas this balloon holds. That's enough gas for 7,700 five-minute showers. That is, if your water heater was built ten years ago.

With a new high-efficiency* water heater, 77,000 cubic feet of gas goes a lot further... more than 20% further.

You can still take 7,700 five-minute showers. With the gas left over, you can wash 1,022 loads of dishes and dry 785 loads of clothes.

Gas has always been your most efficient fuel. High-efficiency appliances make it go even further.

If you'd like to stretch your energy dollar, talk to your local appliance dealer. Find out how much a high-efficiency water heater could save you.

Eighth Grade To Host Knox City

The eighth grade Warriors will host the Knox City Greyhounds tonight at 6:15 p.m.

Last year the Warriors beat the Greyhounds 26-0.

"Knox City last year played as individuals and not together as a team," Val Sims, player, said.

Last Thursday the Munday Moguls hosted the Warriors, but the Warriors trounced them 34-6.

The first and second half seemed like two different ball games. All the scoring occurred in the first half.

Joel Torres scored his first touchdown in the first quarter.

With 3:36 left in the first quarter, Haskell was backed upon their own one-yard line. Torres got the ball and broke tackles for a tremendous run of 99-yards.

On the kick off following that touchdown Munday made their only score of the game. Steven Rodriguez then made his first TD.

With 5:16 left in the second quarter Robert De La Cruz made his only touchdown of the game. B.J. Mitchell scored the two extra points.

Rodriguez scored the final TD with 2:83 in the second quarter and De La Cruz polished the play off with two

extra points.

Ponciano Lopez and Rodriguez made one fumble recovery a piece.

Roy Graham and De La Cruz each caught an interception.

The team fell within two sacks last week of their record of eight sacks. They had a total of six sacks with alot of players getting to Munday's quarterback.

Johnny Castillo, De La Cruz Andy Griffith, Bubba Holley, Jerry Hunt, and Torres all got a shot at Munday's quarterback. "Munday was out classed. Our offense was good and in the second half our defense started relaxing."

"In the second half our second string offense and defense played Munday's first string," Coach Jimmy Lisle, said.

ATTENDANCE

The Senior Class had a 98.3% attendance record the first six weeks of school and the highest in high school. I was very pleased with the class, Clayton Neal, principal, said. To show his appreciation he bought the seniors Cokes during Civics Class. The sophomores were second with a 97.2 average, juniors had a 96.6 and the freshmen, 93.7. 7th Grade Team Defeats Munday

by Lee Roberts

The seventh grade Warriors will travel to Knox City today (Thursday) to meet the Greyhounds at 5 p.m.

The team upset the undefeated Munday Moguls 28-0 at Mogul Stadium last Thursday.

The Warriors first score came from a 50-yard run by Stephen Brockington with Patrick Perez making the two point conversion.

Marty Martinez scampered 30 yards for the second score

with Perez again making the conversion.

Perez then added six points, but the point after was no good.

The fourth and final score came in the last seconds of the game with Mark Young jumping across the goal line from the one-yard line. The clock ran out before any extra points could be attempted.

Some of the outstanding defensive players were Dan Benton, Jason Shipman and Mark Young, Coach Jim Raughton said.

"The whole team played well, and we're looking forward to the Knox City game," he said.

Moguls Defeat Haskell JV 25-24

By Doug Richardson

The Haskell Indians could not come back from a 19-6 halftime deficit and lost to the Munday Moguls, 25-24 last Thursday at Mogul Stadium.

"Poor field position and defense in the first quarter hurt us a lot. We just didn't play the type of football we are capable of playing, and we didn't play four quarters of it," Coach Jim Bob Mickler said.

Scoring Indians were Fred-

die Villa on a pass from Todd Harris, Carl Dever who ran a kickoff back, and Robert Ivy on a sweep from 10-yards out and again on a pass from Harris.

With a 5-3 record, the JV has one remaining game. The game scheduled for today against Knox City was canceled by the Greyhounds.

The JV will continue play Nov. 4th when Rotan will travel here to take on the Indians at 7:30 p.m.
