BURNING COTTON

Farmers from as far away as Paducah joined Haskell area producers last week in burning several bales of cotton as a symbolic protest of low agriculture prices. The action drew the coverage of five television stations including WFAA in Dallas; CNN News based in Atlanta, Ga., two newspapers and one radio station.

60 Units Received At Red Cross Bloodmobile

The Red River Regional Bloodmobile secured 60 units of blood from 64 donors in Haskell last Thursday according to Bloodmobile Chairman Brian Burgess.

Burgess said, "While we are not regularly reaching our goal of 80 units, our average is up from 30 units two years ago to the high 50's. We're getting tremendously valuable help from the Haskell County Extension Homemakers Club and the 4-H'ers in calling and volunteer work at the mobile.

The chairman also expressed thanks to Anita Perry for securing professional helpers, Ruby Martin, Lindy Collins, Marsha Guess, Lena Petrich, Audra Holsapple, Phillip Martin, Charles Harvey and Tim Leek.

Extension Homemaker Volunteers included: Janie Coleman, Mildred Robertson, Delores Medford, Hazel Thomas, Lorene Harris, Anna Mae Roberts, Earmal Bevel, Mabel Overton,

Phycelia Bailey, Dorthy Wells, Margaret Wall and Edna Anderson.

Receiving special recognition from Bloodmobile officials were several individuals who reached gallon donor marks. They included: Jim Pollard four gallons; Ken Lane, Curtis Darden, Ed W. Hester Jr., and Travis L. Solomon Jr., two gallons each; and Richard Albus, Donnie R. Rieger, and Robert Bartley, one gallon each.

Donors during last Thursday's Bloodmobile included:

Dorothy M. Birdwell, Betty Alvarez, Homer Josselet, Rita Hoover, Jane Smith, Kay Smith, Joetta Burnett, Donna Cole, Robert Bartley, Debra Norwood, Doyle Mitchell, Clifford Stegemoeller, Tom Turner, Travis Solomon, Mike Fouts and Dale Fischer.

Tom P. Barnett, Brian Burgess, Mikeana Wilcox, Lisa Baird, Jeanie Stout, Jim Camp, Sammy Larned, S.E. Braly, Charles New, Kenneth B. Lane, Kim Lane, Scott Alves, Andy Hill, James Whitehead and

Jim Pollard.

Michael Iley, Lori Renie Kretschmer, Frances Macias, Jane Coleman, Marilyn Bahney, Ed W. Hester Jr., Lindy L. Collins, Buster Gholson, Cathy Bartley, Merilan Sue Holt, Marla Gonzales, Bobby Sanford, Curtis Darden, Donnie Rieger and Betsy Bellah.

Dickie Greenwood, James R. Perry, Leroy Diaz, Dennis Grand, Richard Albus, Darlene Swinney, Bill Swinney, Lois Howard, Cindy Hickman, Linda Howard, Wanda Thompson, Glenn Brzozowski, Louise Thornhill, Glenn Darden, B. Adele Mooney, Michael Bartley, Kenneth Blair and Sandy Sanford.

Haskell Sales Tax Receipts Up 36%

State Comptroller Bob Bullock Thursday sent \$32 million to nearly 1,000 Texas cities as their share of the one percent city sales tax for January.

"These payments are down 7.7 percent from last January's checks," Bullock pointed out. "Collections are down in every major city in the state except Austin. It is this trend the led me to reduce my estimate of available state revenue and it's affecting the finances of Texas cities even more drastically than the finances of the state," Bullock said.

Citing depression in the Texas oil industry and the repeated devaluation of the Mexican peso, Bullock dropped his estimate of available state revenues by \$1.5 billion dollars this week.

Houston's payment—as usual the biggest in the state—dropped more than \$1 million below last January's check. The city received \$6.4 million this month, compared to more than

\$7.4 million in January 1982.

Dallas' \$4 million check showed only a slight decrease—one hundredth of one percent—from last January's.

San Antonio received \$1.6 million, down from last year's \$1.8 million.

Fort Worth got \$1.2 million, down slightly from last year's.

Austin's total rose 7.65 percent to \$1.2 million.

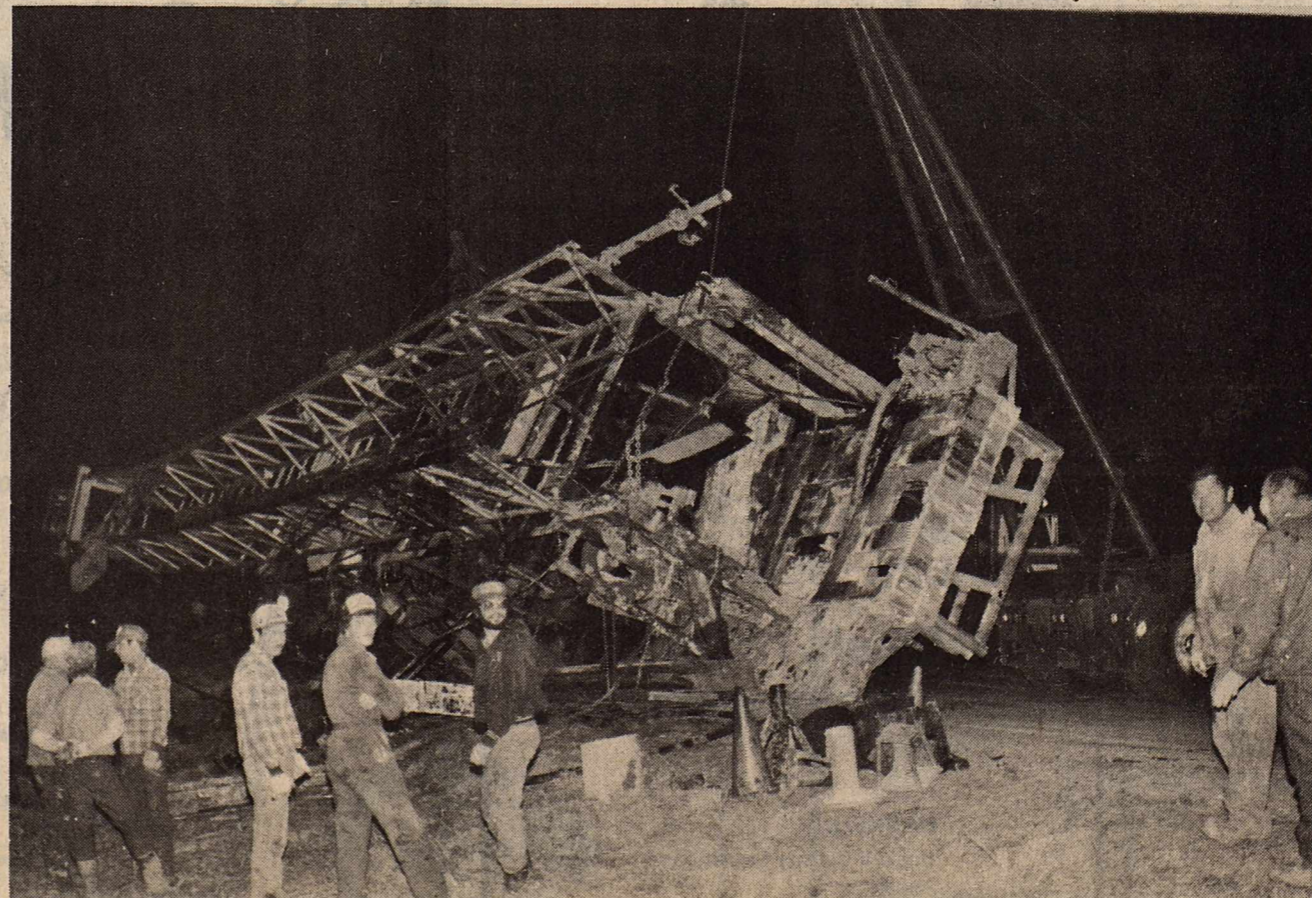

El Paso's check of \$733,000 was 15 percent less than last January's.

Bullock also sent January rebates to the state's two Metropolitan Transit Authorities. The Houston MTA received \$7.3 million, down 15 percent from last January. The San Antonio MTA got a check for \$982,000, down 12 percent from last year.

The City and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

OVERTURNED RIG

A drilling rig owned by Wayne Browning Drilling in Archer City overturned last week on a curve on FM 1225. The driver of the truck received only minor injuries. Three winch lines and several hours were required before the rig was turned upright and traffic was opened.

VOLUME NINETY-SEVEN HASKELL, TEXAS 79521, JANUARY 20, 1983 NUMBER THREE

Civic Center Donations Total Nearing \$34,000

Donations and pledges to the Haskell Memorial Civic Center now total almost \$34,000.00 according to assistant treasurer Carolyn Everett.

The total was reported during the monthly meeting of the officers, directors and committee chairmen Tuesday night.

Various aspects of fund raising was the major topic of the meeting and while all present were excited about funds which have been received, they were in agreement that even greater efforts must be put forth to secure adequate funding.

A minimum goal of \$300,000.00 has been set for the facility which will include and banquet hall, meetings rooms and auditorium as minimums.

Archie Jones reported that the building committee is attempting to secure minimum size requirements for the various components of the facility and that a composite of the facility should be available soon.

A discussion concerning the disposition of funds in the event that adequate funds are not received was held. President R.C. Couch Jr. said, "I think I speak for each of us in my belief that the necessary funds can be secured. If we didn't think the funds could be secured we wouldn't be here. After every attempt has been made and it becomes obvious that adequate funding is not available, this board will consider giving the funds to our local school or other qualifying organization as stipulated in our by-laws. To consider such action at this time would be very premature."

Donations, pledges, memorials and honorariums are listed below.

Cash and Pledges:

Benefit Game Set Tonight

The KVRP Super Suds basketball team will host the Anson Gray's tonight, January 20, at 8:30 p.m. in the Haskell Junior High School gym.

There will be no admission for the game but donations to the Haskell Memorial Civic Center will be accepted.

The KVRP team is 0-3 for the year and members are looking forward to their first win.

Brush and Palette

It is such a thrill when I attach a clean white sheet of good watercolor paper on my board. It is a challenge and gives me that exhilaration just to visualize the possibility of what I have in mind to paint. Due to weather conditions, most of my watercolor paintings are done in the studio. I like to make a sketch with pencil, felt tip or one of those new pencil watercolors. I use tube colors and a John Pike Palette, which I find is adequate as it has enough space for mixing and wells for many colors. If you have not tried watercolor, why not try it for a new media in your art work?

Q. Do you work from dark to light in watercolor as in oils?
A. No. In watercolor, you work from light to dark, usually washing in the largest area first. Try to keep the paper "going" before it dries completely.

Q. Do you finish detail work as you go along in watercolor?
A. No. I leave all the detail to the very end of my work. At that point, I try to relate the size of a figure by comparing it to a doorway or some other recognized scale object nearby.

Q. Do you ever cut out paper figures, such as birds and animals and move them around on your picture to determine the right spot for

them?
A. Yes, that is an excellent idea. Much better than painting in an animal to discover that it could have been in a better spot.

Q. Are you finished with a picture when you set it aside?
A. Generally not. One should stop painting when they first think it is finished. Many pictures are ruined by trying to add something more. I might add, it is often wise to put a finished painting aside and study it for a week, a month or even a year. It is astonishing how a fresh eye will see things that have faults. Your perspective may be a little off, or you may have figures that are too small or too large.

Q. I have been told that one can Gesso watercolor paper, what is the method?
A. This is a good way to use

a watercolor that did not turn out to be good - or just for experience. Gesso the paper to get another 'feeling' of the paper. You can simply apply one or two coats of Gesso and paint on it. Another way is to glue paper on masonite and size the paper with glue, then Gesso. This will allow you to rework and scrub out things you do not like in the picture. Gessoed surfaces take stain

too readily and gives a chalky appearance, a dead quality which most watercolorists do not care for. You might like it.

HINT: "Empathy is your pain in my heart." - H.E. Luccock

Write your questions and hints to me, Faye Schnuriger, P.O. Box 134, Haskell, Texas 79521. I will not use your name but do want you to sign your letters.

Doty, Adams Exchange Vows In Munday

Sheryl Lynne Adams and Joe Craig Doty exchanged marriage vows at 3:00 in the afternoon on Saturday, January 15 in the First Baptist Church in Munday.

Reverend Jim Way, pastor of the First Baptist Church officiated at the double ring ceremony.

She was escorted by her uncle, R.D. Hurst of Clifton, and given in marriage by her mother, Joyce Melton of Munday. Parents of the groom are Mr. and Mrs. J.C. Doty of Sudan.

The bride wore a gown of poly-organza adorned with chantilly-type lace. The gown featured a Queen Anne neckline and sheer lace Bishop sleeves with lace applique and simulated pearl accents leading into a softly gathered skirt with a center lace panel and six-tiered bouffant chapel train. Her chapel-length veil was trimmed in chantilly-type lace and seed pearls to match her dress.

The bride's bouquet was of white gardenias and rose buds accented with lace ribbons of peach and white, and streamers of English Ivy.

In keeping with tradition, the bride wore the groom's grandmother's pearl earrings for something borrowed. A lace handkerchief for something new and something old was a pearl necklace of her great-grandmother's. The garter was blue. For good luck, she wore a six-pence in

her shoe given to her by Mrs. W.A. Lyles of Haskell.

The church was decorated with a brass archway, two brass candleabras accented with peach tapers and a unity candle. The pews were marked by six hurricane lamps.

Teresa Lynne Adams Brown of Rhineland was her twin sister's Matron of Honor. She wore a peach floor length gown with fitted bodice and a short chantilly-type lace cape.

Bridesmaids were Lisa Hurst of Clifton, cousin of the bride and Lissa Myers of Goree. They were dressed identical to the Matron of Honor. They carried lighted hurricane lamps accented with peach flowers and long streamers of peach and white lace and wore peach and brown flowers in their hair.

The bridegroom's attire was a white tuxedo and matching vest with a white ruffled shirt and a peach rosebud for his boutonniere.

Mitch Chester of Sudan was the best man. He was dressed in a brown tuxedo with matching vest and a ivory ruffled shirt. He also had a peach rosebud for his boutonniere. Groomsmen were Larry Baker and Mike Hill, both of Sudan. They were dressed identical to the best man.

Vicki Robinson of Lubbock, sister of the groom registered guests at the wedding.

Sarah Woodard, daughter of Mr. and Mrs. Ray Woodard of Haskell was flower girl. She

was dressed in a white floor length dress with a peach satin ribbon and two peach bows on the top of her dress. She carried a flower basket decorated with peach and white flowers and ribbon streamers.

Andres Melton of Munday, brother of the bride was ring bearer. He wore a beige suit with a peach rosebud boutonniere and carried a white satin pillow accented with white ribbons tied in love knots.

Pianist was Laura Powell of Sudan. Soloist was Dawn Ham of Lueders. She sang "The Lord's Prayer", "If" and "Always and Forever".

Ushers were Johnny Melton of Munday, brother of the bride and John Chester of Sudan. They were dressed identical to the groomsmen. They also lighted the candles.

Kelli Baker, daughter of Mr. and Mrs. Larry Baker of Sudan, handed out rice bags from a basket decorated with peach and white ribbons.

The bride presented both mothers with a kiss and long stemmed red rose. Grandmother of the bride, Mrs. Inez Hurst of Aspermont, and grandmothers of the groom, Mrs. Evah Doty and Mrs. Delma Gann, both of Sudan were each presented with a kiss and long stemmed peach rose.

The parents of the groom hosted the rehearsal dinner in the Fellowship Hall of the Baptist Church. Curley and Dortha Awalt prepared the meal. White tablecloths accented with brown napkins and candle centerpieces of brown in keeping with the bride's chosen colors.

The bride's mother hosted a reception in the Fellowship Hall of the Church. The bride's table was decorated with a peach tablecloth and beige overlay and accented with crystal candleabras and peach candles, a flower arrangement of peach and brown flowers in a crystal vase. The three-tiered wedding cake was sitting upon a flowing fountain. Serving at the bride's table was Lori Kimmel of Munday and Lara Powell of Sudan.

The groom's cake was a chocolate sheet cake decorated with beige and brown

flowers. The table was accented with a brown tablecloth with silver coffee service and silver nut and mint dishes. Serving at the groom's table were Sheila Summers and Debbie Hill of Sudan.

The bride is a graduate of Munday High School and is attending West Texas State University.

The groom is a graduate of Sudan High School and is employed by Southwest Public Service in Sudan.

Following a wedding trip to Lubbock the couple will make their home in Sudan.

MRS. JOE CRAIG DOTY
...formerly Sheryl Lynn Adams

Conservation & Public Affairs Program Topic

Weinert Matrons Club met January 6, 1983 in the home of Mrs. Henry Vojkufka for a program on Conservation and Public Affairs.

Mrs. J.A. Mayfield conducted the business meeting. Minutes were read and approved. Treasurer's report and reports from committees were heard. Outstanding bills were approved.

Mrs. W.B. Guess was director for the program. Roll call was, "some plans I have for my yard and garden."

Mrs. Ramon Lites' subject was, "In Balance With

Nature". She told of the use of pesticides, and the results we will see if they are banned.

Mrs. Guess gave some useful information on plants and insects, and passed out some pamphlets to be used in planning gardens.

Mrs. Vern Derr talked on pride in citizenship, reminding us of our privileges and responsibilities as citizens, and reminding us to vote.

Meeting closed with reading of the collect.

Mrs. Vojkufka served delicious refreshments to six members.

Nanny, Spoon Repeat Vows In Odessa

Doris Jean Spoon and Pierce Flint Nanny were united in marriage Friday, Jan. 7, 1983 at 7:00 p.m. in a candlelight ceremony at the West Tenth St. Full Baptist Church in Odessa. Jean Oden performed the double ring ceremony.

Parents of the couple are Mrs. Georgia Spoon, Mrs. Charlotte Foreman of Odessa and Joel Nanny of Haskell.

The bride was escorted to the altar by her brother-in-law, Robert Fowler. She wore a floor length gown of ivory satin and chiffon with matching veil. She carried a bouquet of blue carnations and baby's breath.

Matron of honor was the bride's sister, Georgia Kincaid. Her dress was ice blue and she carried a bouquet similar to the brides.

Best man was Billy Hayne. Both the groom and best man wore blue tuxedos. Ushers were Chris Lasater, Ricky Anderson, Kenny Kincaid and Wayne Spoon. Candlelighters were Bruce Wheeler and Todd Newman.

Following the ceremony, a reception was held in the home of the groom's aunt, Suzy Lundy.

The bride attended West Tenth Christian Academy, the groom is a graduate of Odessa High School and is employed by Nanny Plumbing. They are at home at 604 S. Ave. D, Apt. B in Haskell.

Hospital Notes

Visiting hours at Haskell Memorial Hospital are 2 to 4 p.m. and 7 to 8:30 in the evening. No visiting hours in the morning. No children under 14.

ADMISSIONS
MEDICAL: Oscar Kirkland, Haskell; Irene Cloud, Rule; Edith Henderson, Haskell; Thelma Henderson, Haskell; Leoma Tuggle, Munday; Mattie Price, Haskell; M.E. Strickland, Haskell; William Simmons, Truscott.

SURGICAL: Carl Hamilton, Munday; Becky Richardson, Haskell.

DISMISSALS
Nannie Winter, Ellie Cartwright, June Smith, George Hagle, Charles Howeth, Retta Baccus, Leon Medford, Mike Alvarado, Petra Ortiz, Shannon Jordan, Floyd Emerson, Elizabeth Acree, Martin Randle, George Hagle.

NELSON King James Version Reference Bible. Features center reference, red letters, concordance, 8 pages of maps, family record and presentation page, ribbon marker. Thumb indexed. Available at the Haskell Free Press.

HYH Hears Rape Crisis Program

The Haskell Young Homemakers met Jan. 11 in the home of Mr. and Mrs. Bill Trammell. The program for the evening was presented by Carolyn Gilmore of the Rape

Crisis Center in Abilene. Miss Gilmore showed an informative, but intense, film. She encouraged the women to be aware that rape can happen to any woman, regardless of age, looks or personality.

The business meeting was held, and plans were made for the Sweetheart Banquet to be held on Feb. 8 at the Bank Community Room at 7:00 p.m. Members were asked to bring a salad to complete the meal.

There are still some cookbooks available for \$5.00 each. Contact any HYH member. All proceeds go to the Haskell Civic Center fund.

Hostesses for the Jan. meeting were Jo Nell Trammell, Nancy Kay Munday and Jennifer Burgess.

Study Club Presents New Slate Of Officers

Everything from family heirlooms to recent Christmas gifts were shown by members of the Progressive Study Club at their first meeting of the new year, January 6. Each member brought an object which "has brought smiles to her." Many of the objects had interesting stories associated with them, which club members shared. The objects remained on display for examination by members after the meeting adjourned.

During the business meeting, the Nominating Committee, made up of Chairman Anita Perry, Jennifer

Burgess, Nancy Toliver, Sue Yearly, and Virginia Jones, presented its slate of officers for the 1983-84 year. The following officers were unanimously elected: Sandy Horton, president; Julia Harrell, 1st vice president; Jennifer Burgess, 2nd vice president; Mildred Berry, recording secretary; Jill Druesedow, corresponding secretary; Francine Johnson, treasurer; Pat Quattlebaum,

historian; Jerrene Couch, board member. These officers will be installed during the May meeting.

Next year's Nominating Committee was also selected by club members. The new committee consists of Chairman Mary Martin, Marilyn Bahney, Sharon Alves, Juanita Dunnam, and Sherry Adams.

Hostesses for the meeting were Jennifer Burgess, Virginia Jones, Nancy Toliver, and Lorene Beason.

MR. AND MRS. LEE ROY SCHAAKE of Haskell are announcing the engagement and approaching marriage of their daughter, Debbie Stubblefield, to Blake Bedell, son of Mr. and Mrs. Norvell Bedell of El Paso. The couple plan to be married March 19 at the Haskell Church of Christ.

Clothing Can Cause Allergic Skin Rash

A particular garment can make you feel great when you put it on, but red areas of itching skin can change all that.

What you wear can cause an allergic reaction in the form of an itching, inflamed skin rash, says the Texas Medical Association. The rash is less often caused by the fabric itself than by the dye or other chemicals used to treat the fabric.

For instance, many people claim to be allergic to nylon. The allergic response often is not to the nylon, however, but to the nylon's keeping the skin too warm. Warm skin, in turn, contributes to the release of dyes in the fabric and to the skin's absorption of the dyes. In addition, nylon often is treated with an allergy-causing resin.

Any dyed or chemically treated fabric can produce an allergic skin rash. For this reason, finding the problem item of clothing in the patient's wardrobe can require more than a little detective work by the patient and the doctor. Besides dyes, a person may be allergic to elastic or stretch fibers, permanent-press finishes on fabrics, fur trims or moth repellent used in storing clothing.

Women seem more prone than men to skin rash from clothing, and overweight women are particularly susceptible. In both sexes, inflammation occurs more often where clothing rubs skin, such as inner thighs, armpits, sides of the trunk, and the waist. The typical allergic rash is red, swollen and itchy. It may be blister-like and moist or scaly and dry.

A skin rash that develops from an allergic reaction may need medical attention. Treat-

ing the rash yourself with other chemicals—even mild lotions normally considered soothing—could aggravate the allergic skin. The same can be true of preparations that customarily relieve itching.

The doctor's main objective is to identify the chemical causing the reaction so you can avoid it. In most cases, the rash will subside once the cause is removed. Sometimes, however, the doctor may treat an uncomfortable and unsightly rash with cortisone-like drugs.

Garden Club Hears Purple Martin Program

"Listen to our Garden Sing" "Under the Old Apple Tree" was strongly emphasized as Mrs. Dray Lowe presented her talk on the Purple Martins to the Haskell Garden Club Jan. 13 in the Community Room with Mrs. J.O. Blankenship, the president, presiding.

If you had heard Mrs. Lowe's interesting and informative talk, you would have wanted to do as she and her husband, enjoy sitting in their yard and watch the Purple Martins in their twelve compartment house. Mr. Lowe is now building a twenty-four compartment house. The Martins like a more open location, away from trees and power lines so squirrels can not jump from one to the other and on to the Martin house. The wooden houses are not as easily kept clean as the aluminum ones and last longer because they are lighted and the reflective paint is much cooler. A telescoping pole is best so the house can be lowered quickly for inspection or cleaning, because the sparrows and starlings try to take over the compartments. A metal pale is best for

protection then a wooden pale from snakes and four-legged predators.

The Male Purple Martin is a beautiful dark purplish-blue color and he is the first to come as a scout to look over the house, as early as January, going from one compartment to another trying to make up his mind, which one suits the best. Battles ensue as males squabble over who owns what. In a few days, the female will come and not always taking the compartment the male has selected. Mrs. Lowe said they have noticed the Martins come around Feb. 13 to March 16 to their place. The Martins are very neat birds about 7 to 8 inches long and lay from 3 to 6 pure white one inch long eggs. It takes about twelve to twenty days for the eggs to incubate. They usually have only one brood in a season. A Martin eats about 400 flies a day and in other areas about 2,000 mosquitos a day. They also eat house flies, ants, wasp, beetles (especially weevils) and dragon flies. They will die if it rains for several days or if the weather is real bad, so suet can be put out for them to eat. The worse enemies are the heat and parasites and the screech owl.

The Purple Martins stay from 3 to 6 months, sometimes leaving as early as July and not later than August going back to South America. They may leave suddenly for the weather plays an important part. They can fly as fast as 20 miles an hour. And when migrating, they fly in a circular pattern and as many

as 100,000 birds cover a nine mile area. They eat and drink while in flight. They return year after year to the same place.

The new officers for 1982-83 for the Haskell Garden Club are:

President, Mrs. Marsha Whittemore, First Vice-President, Nettie McCollum; Second Vice-President, Juanita Shea; Recording Secretary, Callie Robinson;

Treasurer, Mrs. Richard Bischofhausen; Corresponding Secretary, Mrs. Ed Fouts; Reporter, Juanita Dunnam; Parliamentarian, Mrs. O.J. Blankenship.

Roll call was answered by naming their favorite bird.

Mrs. Blankenship explained her beautiful flower arrangement, also her horticulture of dogwood, pear, nectarine, apple and redbud cutting the buds on each branch. Mrs.

Dunnam gave cuttings from a rose bush that is supposed to have come from the largest rosebush in the World.

Mrs. Dunnam reported the planting of a Crepe Myrtle at the Labriere house with the help of Mr. and Mrs. Tommy Richardson and Mrs. Blankenship who donated the plant in absence of Arbor Day.

The hostesses were Mrs. Blankenship and Mrs. Fouts.

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

I will use this column again to dream dreams of improvements that we desire for our school curriculum. We have written previously about computers and work experience courses. Today, we would like to address a program primarily for elementary, a program for the gifted and talented.

For many years we have addressed the problems of children with slow learning abilities through our Plan A (special education) program, and our Chapter I programs in the elementary school, and our developmental English-basic math track in high school. While we as idealistic teachers will never reach as high a plateau of success as we desire in these areas, realistically we are probably doing the best possible in this area. However, we need to address the needs of the students on the other end of the learning spectrum, the gifted.

At this time we address the needs of the gifted with elective courses such as chemistry, physics, trig, advanced English, etc. in the high school. The vast majority of these students have college aspirations so these courses are designed and taught in such a manner as to prepare them for college. However, we dream of beginning to address the needs of these students at the elementary level. By isolating these students for a period of time during the day, we can accelerate materials. We can allow the gifted students to use his creative mind to explore areas of special interest. A student can be given the opportunity for self directed study. Remember, we are addressing the truly gifted child and not just a bright student. We know a truly gifted student is a self-motivator. We would

strive to channel this characteristic into realistic academic pursuits. Supplies and materials would be needed for resources for this program. But by expanding the educational horizons of these unique students, we may truly open up a brighter future. I feel safe in predicting that the cure for cancer will come from the ranks of gifted students in schools today. The answer to the unlimited cheap supply of energy is probably locked away in the inquisitive mind of a gifted fourth grader sitting in a classroom today locking his or her way through school. I sometimes feel that it is almost criminal that we do not challenge the minds of this small, unique group. Yet, I know that we must educate all the students to the height of their ability and we are not dealing with a vast number of students.

Therefore we dream dreams of a program to challenge this unique group to greater heights in achievements and productivity. They are truly the promise of tomorrow.

PC Jr. High Girls Win Haskell Tourney

Paint Creek Junior High girls won the Haskell 8th grade tourney by defeating Rochester 44-10; Weinert 40-23; and Haskell 28-24. Also after Christmas holidays PCJH defeated Aspermont 37-11; Rochester 55-22; and Weinert 38-19. PCJH is now 16-0 for the season. PCJH returns to action at home on Jan. 31 at 6:00 p.m. against Lueders-Avoca.

Moeller Says Crop-Swap Plan Needs More Work

Texas Farmers Union President Mike Moeller said today that President Reagan's recently announced payment in kind program represents both good news and bad news for Texas farmers. "The good news," said Moeller, "is that the Regan Administration in announcing this very radical departure from its earlier program now admits that its 1981 Farm Bill has been a failure. This, of course, comes as small consolation to the farmers who were driven out of business under the Administration's 1981 plan."

On the other hand, Moeller said, "The bad news is that if the President fails to make

some significant changes in his recently announced payment in kind crop-swap program, farmers won't be much better off under this program than they were under his earlier one."

Most important, Moeller said, was the need to provide for a floor price for raw agricultural commodities. "Without such a minimum price guarantee," Moeller said, "Most farmers probably won't be able to participate in the new program, and those who do might still end up in the red in 1983." Moeller further explained that without some kind of price protection

for the farmer, the new program might depress agricultural prices to the point that the overhead from just planting fifty percent of the previous year's acreage could easily eat up all the income from 1983's crop and the farmer's Payment in Kind from the government.

"We are greatly disappointed that the Administration has, to this point, failed to consider our recommendation for a floor price for commodities distributed in this new program," Moeller said. It's not, however, too late for the Administration or Congress to take this kind of action and shore up the Administration's

program. Failure to provide some sort of price protection will almost certainly doom the Administration's new program to failure before it ever begins."

Moeller also suggested that the Administration could allow the farmer the option of choosing to take his payment in kind or in cash. In addition, Moeller said that the Government's proposal to dump all the excess commodities at harvest time was an extremely unwise proposal. He recommended that the commodities be distributed in an orderly fashion in twenty-five percent increments, spaced out over a period of twelve months.

"Texas farmers and their bankers are suspicious enough of any new government programs as it is," Moeller said. "The Administration desperately needs to gain the farmers' confidence in this

new proposal. They can accomplish that by making the amendments we have proposed and then conducting a very vigorous campaign to inform our farmers of this program."

VRJC Offers Classes In Munday During Feb.

Vernon Regional Junior College's Continuing Education will be offering two new classes to begin in February in Munday.

Small Engine Repair - February 7 to March 28, 7-10 p.m. Instruction in the theory, repair, maintenance and tune-up of small 2 and 4 cycle gasoline engines.

Conversational/Farm Spanish - February 14 to April 25, 6:30-9:30 p.m. A practical approach to speaking Spanish. Emphasis on pronunciation, vocabulary, and phrases students would encounter in everyday situations. Some knowledge of Spanish is necessary.

TAX PLANNING

Written by
Richard E. Rodgers, CPA

NEW IRS FORM W-6 (Certificate of Exemption)

Taxpayers who receive interest or dividend income are faced with some new rules in 1983. The law requires that beginning July 1, 1983, federal income tax must be withheld on interest, dividends or patronage dividends at the rate of 10%.

At the time you prepare your 1982 tax return, you should determine whether you qualify for exemption from this withholding requirement and if so, file a certificate with each bank or other payor of the interest, dividends or patronage dividends to keep them from doing any withholding.

You may claim exemption from the withholding requirement if you meet any of the tests listed on IRS Form W-6.

Unless you file a certificate to claim one of the listed exemptions, the institution or other payor of the interest must do the required withholding. In the case of interest only, the payor may elect not to withhold even though no exemption certificate is filed if the interest does not exceed \$150 annually.

You only need to file the certificate once. It remains in effect until revoked. The determination for qualification is made on an annual basis. You have ten days after the due date (without extension) of a tax return that shows a tax liability that does not meet any of the tests for exemption to revoke your exemption and begin the withholding process. The revocation is done on Part 2 of IRS Form W-6. Joint accounts require the signature of only one person on the exemption certificate.

Filing a false certificate when you are not entitled to the exemption from withholding or failing to revoke an exemption when you no longer qualify subjects you to penalties of up to \$500 or one year imprisonment or both.

Review this area of the new Tax Act with your accountant when your 1982 tax returns are prepared.

REBOUND

Patrick McCoy and Mark Bailey go up for a rebound after a missed shot in the Haskell-Munday game.

Lone Star Gas Is Ready For Winter

Texas and Oklahoma residents have already gotten a taste of cold weather, but Lone Star Gas Company's residential customers can anticipate clean, reliable gas heat even on the coldest days of the winter season.

"We don't foresee an exceptionally long, cold winter this year," says Jack Cole, Lone Star's chief gas controller. "We anticipate a relatively normal winter, and we base that opinion on forecasts from the National Weather Service."

During the spring and fall

when little gas heating or air conditioning is normally required, Lone Star injects large volumes of gas into the company's nine active storage facilities located near Athens, San Angelo, Denton, Hamilton, Cisco and Wichita Falls. On cold winter days when customer demand for natural gas is high, Lone Star supplements gas coming directly from wells with the stored gas.

During the coldest weather of the winter, gas service to certain large industrial and electric generation customers

is expected to be curtailed according to contracts under which they receive service.

Cole explains, "This is because the Lone Star pipeline network is designed to carry less than a peak-day load. Designing the system to meet the maximum peak day load, which only occurs a few days per year, would be like building a church large enough to handle the Easter Sunday congregation. The cost would be too high and would cause rates to increase."

"Industrial gas users and

electric generation plants sign a contract with Lone Star which states that their fuel may be cut back on a predetermined schedule during high customer demand periods," Cole says. "By cutting back gas to those customers, Lone Star's curtailment program protects our human-needs customers."

Many industrial and electric

generation customers have an alternate fuel supply available for use during curtailment periods.

The utility's curtailment procedures were approved by the Railroad Commission of Texas in 1973, and are essentially the same as used to provide dependable service to high priority customers for well over 35 years.

Brehm To Install New Sons Of Hermann Officers

Raymond C. Brehm of San Antonio, a grand trustee of the Order of the Sons of Hermann in Texas, will install officers of nine West Texas area Hermann Sons lodges in ceremonies at 2:30 p.m. Sunday, Jan. 23, in the Brown Lee School at Roscoe.

Assisting him will be Paul Metzger of Canyon Lake, member of the Grand Lodge Youth Activities Committee, and fraternalists Judy Meurer

of Slaton and Alton Middleton of Haskell.

Having their officers installed will be Lubbock Lodge No. 16, Odessa Lodge No. 38, Abilene Lodge No. 50, San Angelo Lodge No. 177, Rowena Lodge No. 216, Old Glory Lodge No. 228, Haskell Lodge No. 241, Hermleigh Lodge No. 256 and Roscoe Lodge No. 257.

Host for the ceremonies will be Hermleigh Lodge No. 256.

The 79,500-member Sons of Hermann was established in Texas in 1860 by German

pioneer settlers and is widely known for its many fraternal benefits as well as for life insurance for its members.

The society operates tuition-free dancing schools for junior members age 3 through 17 in 24 Texas communities, a youth summer camp for juniors age 9 through 13, and a home for its aged members. The camp and home are both in the Hill Country near Comfort. Headquarters for the society, which numbers 159 lodges in some 140 cities and town across Texas, are in San Antonio.

Farabee Appointed To Committees

Lieutenant Governor Bill Hobby announced at the opening of the 68th Legislative Session that he is appointing State Senator Ray Farabee as chairman of the State Affairs Committee, and as a member of the Jurisprudence Committee and the Finance Committee.

"I am pleased to be able to call

on Senator Farabee's experience and knowledge in this session of the Legislature to help on these important committees," Hobby said of the appointments.

Farabee, from Wichita Falls, served in these same capacities during the 67th Legislative Session.

McKinney Job Corps Boost Blood Bank

At a time when most communities are experiencing severe blood shortages, the city of McKinney, a town of approximately 16,000 located near Dallas, Texas, has established a community blood bank. Blood banks are created when more blood is available to a community that is needed.

Local officials credit participation by the McKinney Job Corps Center as a major factor in the establishment of the blood bank, which is a first for the City of McKinney.

The McKinney Job Corps Center, a federally funded job training program, initiated its quarterly blood drive in September of 1981. Since that time, over 1070 pints of blood have been donated by students and staff.

Participation in the blood drive is strictly voluntary with all blood collected donated to the community blood bank.

Describing student participation in the blood drive program as "better than even

we had hoped for", John Crosby, Director of the McKinney Center, stated, "We feel this is one of the best ways we can show our appreciation for the support McKinney has given our Center."

Job Corps is a program designed to train young men and women in skills which will enable them to obtain a job with a future. The McKinney Center has trained and placed over 14,000 students since its opening in March of 1967.

Young men and women, ages 16 through 21, from Haskell who are interested in signing up for Job Corps may obtain more information by contacting their local Texas Employment Commission Office.

Sagerton Community News

Sagerton makes plans for 1983.

The annual community meeting was held at the Sagerton Community Center, Monday night, January 10, with Leon Stegemoeller, chairman, presiding.

J.B. Toney gave the treasurer's report for 1982 and it was approved.

Leon Stegemoeller, who has served as chairman for the community for the past two years, stepped down and Clayton Stegemoeller was elected to succeed him. Delbert LeFevre was elected as vice chairman and J.B. Toney served as secretary-treasurer. Supervisors for the Community Center will be Alvin Bredthauer and Alvin Ulmer. Mr. and Mrs. Joe Clark will again be in charge of the park, and Allen Meier will continue as fire chief. Allen was commended for the good job he had done taking care of the fire trucks.

Delbert LeFevre read a letter from the Texas Dept. of Health concerning the Sagerton land fill. It stated that the land fill was not being operated properly, but they recommended more confinement of deposited waste and that a fence be put up to confine blowing waste. It was decided to put up a fence and a locked gate. This action was taken because the land fill was being used and abused by people from outside the Sagerton community. Keys for the lock will be placed at the Exxon Station and Robert's Place. Any person residing in the community is entitled to pick up a key at any time at these businesses.

This may be a little inconvenient for our Sagerton residents, but the action was taken to comply with the rules of the State Health Dept. The residents are also urged to

dump trash into the pits that are provided. Alvin Ulmer was elected to be supervisor for the land fill.

Why is it people will not do what they are supposed to in taking care of something that is for the good of the people. This is just for the Sagerton community people and no one else.

Kathy Manske reported on the Sagerton Softball Club. It was decided to move the back stop for the ball field to the northwest corner of the Community Center lot in order to have a larger playing field, so that the windows in the houses across the street would be safe.

Mrs. Joe Clark was elected unanimously director for the Hee Haw show for 1983. It will be held the latter part of March. She will select a committee and the next meeting will be announced soon.

It was decided to limit the rental of the Community Center to the inside of the

building only. There will be no water or electricity hook ups on the outside of the building for anyone who rents the building for family reunions, etc. The wiring in the building can not carry the load.

There was a good attendance at the meeting and everyone is looking forward to working together for our Hee Haw and with the various committees during the year.

Mrs. Etta Leach and Mrs. Alva LeFevre went to Stamford Tuesday.

The Hobby Club will meet in the home of Mrs. Herbert Stremmel Thursday, January 20 at 2 p.m.

Mrs. Etta Leach spent the weekend with her daughter, Mrs. Wilson Gibson of Stamford.

Mr. and Mrs. Jack Tabors of Austin visited in the home of his mother Mrs. John L. Brooks and his aunt Beluah Mae Summers. Jackie came to go hunting.

Mrs. Ernest Bredthauer

had a surprise birthday party for Ernest Tuesday night. Those who helped him celebrate were Mr. and Mrs. Tommy Davis, Mr. and Mrs. Lyn Dale Dudensing, Mr. and Mrs. Bill Vahlenkamp of Abilene, Mr. August Angerman, Mrs. Herbert Nierdieck, Mr. and Mrs. Tom Florence of Stamford, Lillian Neinast, Mrs. Odene Dudensing, Mr. and Mrs. Alvin Bredthauer, Mr. and Mrs. Anton Teichelman, Mrs. Lou Dell Barbee and Mrs. Doris Lehmann. After games of sheep head and 84, refreshments of cake, sandwiches, chips, coffee and tea were served. All enjoyed their selves.

Henrietta Stegemoeller came home after having spent Christmas in Columbus, Ohio with her son Harvey and family. Henrietta spent New Year's with her son Kenneth and family in DeSoto. Kenneth brought her

home Saturday. Sunday she had a dinner in her home for some of the family. Those who were there were Mrs. Louise Stegemoeller, Clarence Stegemoeller, Mr. and Mrs. Arthur Knipling, Mrs. Betty Balzer, Larry Cornelson and Mrs. Lena Schaake.

Tuesday the women of the church met in the Fellowship Hall of the Faith Lutheran Church at 2:30. Lillian Neinast had the topic. After the topic, Mrs. Louis Stegemoeller served the refreshments, which was sandwiches, cake, chips and coffee. Those who attended were Mrs. Lena Schaake, Mrs. Lillie Lehmann, Mrs. Frieda Quade, Miss Lillian Neinast, Mrs. Alvin Bredthauer and Louis Stegemoeller.

Mr. and Mrs. Walter Sparks of Boone visited in the home of their son, Rev. Tommy Sparks and his wife Lorie, and granddaughter, Monday.

Mr. and Mrs. Larry

Hobratch of Littlefield visited in the home of Mrs. Odene Dudensing during the holidays.

Mrs. Lena Boedeker of Stamford visited for a few minutes in the home of Mr. and Mrs. Alvin Bredthauer Tuesday morning.

Mrs. Leo Monse visited in the home of Mrs. Alvin Bredthauer Tuesday.

Mr. and Mrs. Reece Clark visited in the home of Mr. and Mrs. Leslie Cobb of Midland, then went to visit with their daughter Glenda, and her husband Pete Bryan of Odessa.

Mr. and Mrs. Sam Nienast attended the birthday party of their grandson, Doug McEwen of Tuscola, Saturday, Jan. 8th. He was 4 years old. They also visited with the rest of the family, which was Roy, Judy, Daryl and Dustin.

Mr. and Mrs. Sam Neinast and Mr. and Mrs. Glyn Quade hosted a birthday party in

honor of Reece Clark in the home of Mr. and Mrs. Sam Neinast Friday night, Jan. 14. Those who attended were Mr. and Mrs. Reece Clark, the Quade's and Neinast's.

Mrs. Herbert Nierdieck had

her granddaughter, Sheila of Abilene, to spend the weekend with her. Sunday her parents, Mr. and Mrs. Tommy Nierdieck and Mickey, came to get her and visit in the home.

Facts About Texas Capitol Available

The Texas Capitol is seven feet taller than the U.S. Capitol in Washington. Its roof is made of copper. And the cornerstone weighed eight tons in the rough.

These facts, and dozens more, are good news to Texas schoolchildren who, every year about this time, are assigned the task of writing themes.

Perhaps, because of publicity surrounding the convening of the new Legislature, lots of teachers have been

inspired to assign the topic of the Texas Capitol.

Somehow, students know that the State Department of Highways and Public Transportation can be counted on in time of need, and they write to Austin for help.

The colorful folder they receive is one that's printed for distribution to tourists at the department's Visitor Information Center in the Capitol. More than 20 excellent pictures are featured in the folder, from antique cannons to the modern Senate and House chambers. There's a locator aerial view of the whole Capitol complex, floor plans of the Capitol itself, and that all-important (for themes) list of architectural and historical facts about the majestic building.

To earn at least a 90 on a theme (or just for fun), write for a free copy of the Texas Capitol Guide, P.O. Box 5064, Austin 78763.

ERASERMATE PEN by Papermate. Erasable ink that can be erased with any standard eraser and is refillable. Available in a variety of colors. Ideal for students. *Haskell Free Press*

ROCKWOOL CELLULOSE SPRAY-ON FOR METAL BLDG.

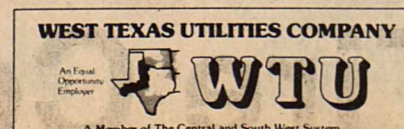

YOU MAY BE LOSING ENERGY DOLLARS UP YOUR CHIMNEY!

How many times a year do you open and close your Fireplace damper?

Many people leave it open all the time — so it's always ready when they build a fire in the fireplace. A fireplace damper that's always open is allowing winter heat and summer air conditioning to leave through the chimney in a continuous flowing stream. And with that loss of conditioned air goes higher electric bills. Be sure to close your fireplace damper when not in use.

A fireplace screen can help to save a lot of Energy too! With your damper closed, when not in use, and with an air-tight glass screen in front of your fireplace you can keep ENERGY DOLLARS from escaping up the chimney.

THE BEST IN MEAT, CUT THE WAY YOU WANT IT

Jr. High Teams Compete In Tourney

By Toby Villa
The Haskell Jr. High teams finished competition in the Haskell Invitational Tournament with some winning teams.

The 7th grade boys and girls won the consolation trophies by defeating Stamford. The girls beat Stamford 36-6 and the boys defeated Stamford 34-21.

The 8th grade boys didn't win a trophy, but did manage

to defeat Knox City 29-28. Seymour defeated the 8th grade boys in the second game of the tournament 39-36.

The 8th grade girls finished the tournament in second place, behind falling short of the championship. At the end of the first quarter the score was 16-0. The Maidens made a comeback but fell short on their effort. The game ended with Paint Creek on top 28-24.

7th Grade Girls Defeat Stamford 30-4

By Jan McKeever
The seventh grade girls will host Seymour Jan. 24. The first time the two teams met Haskell lost by one point.

The seventh grade girls again defeated Stamford last Monday 30-4. Dana Hale led the scoring with 10, followed by Tiffany Moeller with 8.

According to Coach Jim Bob Mickler, Stamford was unable to break the Maidens press and to score off their man to man defense. The first time Haskell met Stamford Jan. 10, the seventh grade trounced them 28-6.

Varsity Boys Remain Undefeated In Dist.

BY ALBERT SHERMAN
Haskell traveled to Munday Jan. 14 to take on unbeaten district rival Munday Moguls. When the final buzzer sounded the Indians remained the only unbeaten team in district, with a 58-54 win over the Moguls.

At halftime the score was even at 33-33. The Tribe held a one point advantage going into the fourth quarter, then with three minutes left in the game started to pull away.

Jamey Davis led the Indians with 25 points.

"The win was a good team effort. They were able to make changes on the floor without having to call a time out. I was also proud of the way the team

played under the pressure of a close game. We have two big ballgames left in the first half, and if we win them we are assured of a playoff spot," said Coach Jim Raughton. The Indians record is now 17-3 for the season and 3-0 in district play.

Munday Defeats Maidens 58-41

BY APRIL TURNER
The Maidens are now 0-3 in district after losing to Munday 58-41.

Leading the Maidens in double figures were Melinda Blakely and Sheila Randle with 17 and 16, respectively.

The Maidens played Hamlin Jan. 18 but scores were unavailable at press time. They will host Paducah Friday Jan. 21.

JUMP BALL

Emily Comocho (33) tries successfully to tip the ball to teammates Gloria Villa (13) and Janie Villa (15).

9th Grade Boys Defeat Stamford 46-14

By Todd Jennings
The freshman basketball team recently beat Stamford, 46-14.

Leading the winning effort was Kelly Strickland with 12 and Sammy Baker with 8.

The Tribe, coming off two wins against Stamford and two losses against Merkel will take on Munday, Jan. 24.

Tip off time will be around 7 p.m.

The freshmen played Roby yesterday, but scores were unavailable at press time.

8th Grade Girls To Meet Seymour

By Alisa Bennett
The eighth grade Maidens again came back victorious over the Stamford Bulldogs Monday, 35-0.

High scorers were Julie Rowe with 7 and Rebecca Flores and Janie Villa with 6.

"They played good defense, hustled, and did a good job on setting the ball up," Coach W.L. Holt said.

Their next game is at the home Jan. 24 against the Seymour Panthers. Game time is 5 p.m.

Texas A&M professor passes on ideas for coal-fueled future

COLLEGE STATION — A seasoned engineering researcher at Texas A&M University is passing on his ideas for coal-fueled engines to younger researchers whom he hopes may make the dreams a reality.

Dr. William Harris, professor of chemical engineering and an expert in alternate fuels such as methanol, says he's figured out "some really neat ways" of designing engines that would burn coal, including one with no sliding parts.

"These are just ideas, however," Harris cautions. "I haven't built any of them yet. I don't have time."

"I once figured out that I could drive my car to the Atlantic Ocean and back on \$7 worth of coal," he said.

A&M Press Publishes Image Of Texas Cowboy

COLLEGE STATION — For more than a century the imaginations of Americans have been captured by the mystique of the cowboy.

Now that mystique has been captured between the covers of a new book published by the Texas A&M University Press. Through the photographs of Ray Rector, who was himself a cowboy before he became a professional photographer.

"Cowboy Life on the Texas Plains" candidly details the life of the men who rode the range and whose activities ranged from roping to square dancing.

Rector, who died in 1933, left a legacy of more than 1,000 photographic negatives of ranch life that are now held by the Humanities Research Center at the University of Texas. The stills appearing in the book were selected and identified by his daughter Margaret.

"Cowboy Life on the Texas Plains: The Photographs of Ray Rector" (hardback \$19.95, 119 pages) includes an introductory text by noted Texas author John Graves. Graves' conclusion is that although we will never again see the likes of the old-time cowboys that Rector photographed, their descendants may still be found, more often riding tractors and pickups than half-wild ponies, but still working cattle on the West's farms and ranches.

Registration Underway

Late registration for spring classes at the Haskell extension center of Western Texas College is now in progress.

Persons interested in enrolling are asked to contact Bill Blakely or call his office at 864-2891, or to contact the Student Services office in Snyder at 915 573-8511.

Obituaries

E.L. Hill

Funeral services for Euel L. Hill, 80, of Haskell were held at 2 p.m. Jan. 14 at the Church of Christ in Haskell with Pat Hale and Rev. Rick Tomlinson, Four Square minister of Stamford officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Mr. Hill died Jan. 12 at 6:25 p.m. in Haskell Memorial Hospital.

Born Oct. 7, 1902 in Bono, he married Velma L. Trussell Dec. 24, 1925 in Cleburne. He came to Haskell County in the late 1930's moving to Central Texas in the 1940's. He returned to Haskell in 1970. He was a general laborer and a member of the Church of Christ.

Survivors include his wife; one son, Johnny L. Hill of Stamford; two brothers, Elmer Hill of Godley and Homer Hill of Lubbock; one sister, Adeliene Holloway of Lubbock. He was preceded in death by two brothers and one sister.

Pallbearers were Bobbie Thompson, Happy Hendrix, Ocie Carruth, Max McMeans, Robbie Peiser and John W. Larned.

Christopher Johnson

Christopher Michael Johnson, 2-day-old son of Mr. and Mrs. Phil Johnson of Munday, died Sunday at Hendrick Medical Center in Abilene. Graveside services were held Tuesday at Johnson Memorial Cemetery, directed by McCauley-Smith Funeral Home.

The Rev. Paris Barton of Weinert officiated.

The infant was born Friday in Stamford.

Survivors include his parents; paternal grandparents, Mr. and Mrs. Leon Johnson of Munday; maternal grandparents, Mr. and Mrs. R.W. Raynes Jr. of Weinert; paternal great-grandparents, Mr. and Mrs. Albert Johnson of Stamford; and maternal great-grandparents, Mr. and Mrs. R.W. Raynes Sr. of Weinert and Mrs. Oleta Williams of Haskell.

Paint Creek Girls Win First Four

Paint Creek High School won its first 4 games since the Christmas holidays. First defeating Aspermont 48-44. Scoring were Julie Coleman 22, Becky Medford 8, Luann Cockerell 12, Mary Gonzales 4, and Jettone Bivins 2. Stamford 54-40. Scoring Julie Coleman 34, Becky Medford 12, Luann Cockerell 8, Rule 32-23. Scoring Julie Coleman 14, Becky Medford 4, and Luann Cockerell 14. And last Rochester 56-35.

Scoring Julie Coleman 25, Becky Medford 8, Luann Cockerell 17, Mary Gonzales 6. PCHS is now 4-1 in district. PCHS plays host to Weinert and Old Glory Tuesday and Friday with both games starting at 7:00 p.m.

Attention Farmers

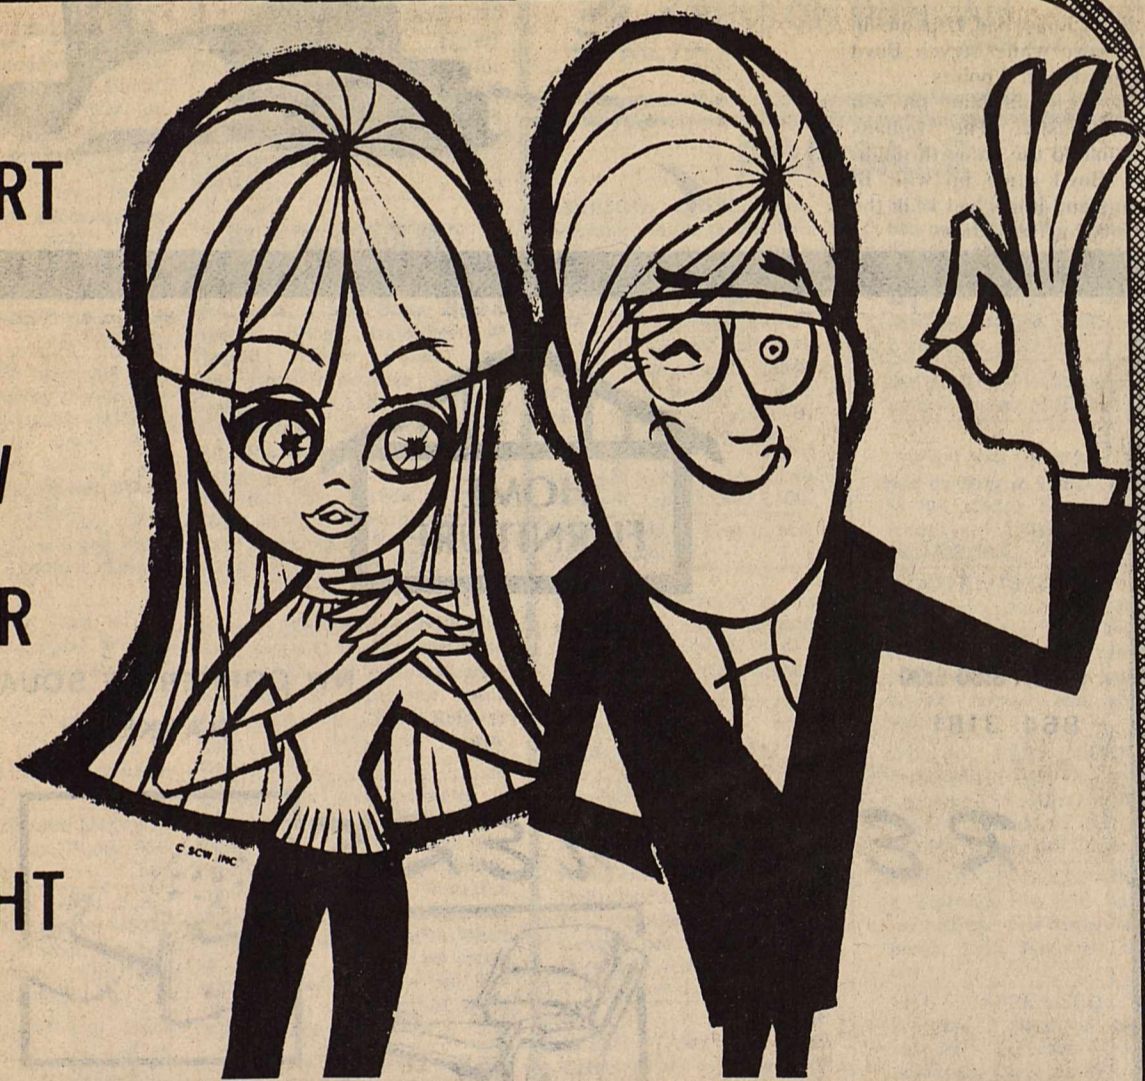

Are you tired of low commodity prices??
Would you be willing to try a 'New' crop?
Can you irrigate a row crop?
Can you invest \$25,000 or more?
Would a gross return of \$3,000, \$5,000 or more per acre interest you?

FACTS: This 'New' crop can and has produced high returns. 10 to 20 acres may just help save the farm. Markets are developed and expanded markets being developed. Scientific research is an on-going project. This crop has many, many uses.

We work direct with everyone involved including; Research Scientists, Markets, Market Developers, etc.

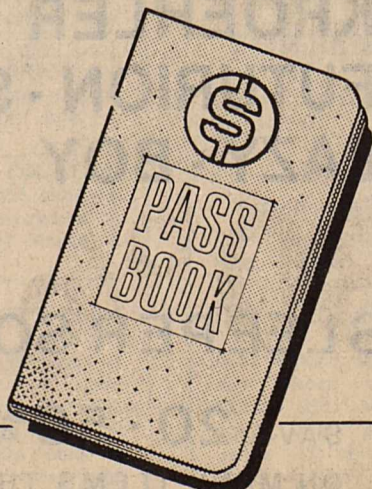

If any of these ideas and facts interest you and there is more, Please call 915-692-0373 after 6 p.m. and your questions will be answered. This could be the best decision you make this year!

Frequent Changes Cause Tax Planning Problems

When Congress lowers taxes one year and raises taxes the next year, the right to tax is more readily seen in a different light: The power to confuse.

Taxpayers beware: The 97th Congress, which has eased into history, devoted more time to revising tax laws than any Congress in memory.

"Barely a year after enacting the largest tax cut in history, Congress passed a bill that many call the largest income tax increase in history," Dr. Richard W. Rahn, chief economist of the U.S. Chamber of Commerce, notes in the foreword of a new tax

booklet published by the Chamber.

Besides raising and lowering taxes by record-setting amounts, Congress also made countless changes in rules that will affect individual taxpayers. As might be expected, the changes will help some taxpayers and hurt others. Taxpayers will learn how they fared when they compute the final tax bill for 1982 and future years.

Between now and April 15, when 1982 tax returns are due, both business executives and ordinary taxpayers face a learning process. To help its members cope with the

changes, the Tax Policy Center of the Chamber has published a 43-page booklet, "The 1982 Tax Law: What It Does to You and Your Business." Not surprisingly, it is a sequel to a booklet published after the 1981 tax law, entitled "The New Tax Law: What's in It for You and Your Business."

The publications deal not only with corporate and business taxes but also with numerous changes affecting individual taxpayers. Why? Over 90 percent of the Chamber's members employ fewer than 100 persons, and most owners of businesses of that size file returns and pay taxes as individuals, rather than as corporate entities.

The 1982 booklet, which deals with the Tax Equity and Fiscal Responsibility Act of 1982 and the Subchapter S Revision Act, which concerns some small businesses, also summarizes key changes of both the 1981 and 1982 laws.

Some major revisions applicable to 1982 returns (effective Jan. 1, 1982, unless otherwise indicated):

— Individual income tax rates are lowered by 10 percent. Taxpayers saw the difference in tax withheld from their paychecks, starting last July 1.

— The top tax rate for investment income — such as dividends and interest — is lowered from 70 to 50 percent.

— The so-called marriage "penalty" tax is reduced for working couples. Five percent (up to \$1,500) of the first \$30,000 of income of the lesser-earning spouse is tax free. In 1983, this exclusion rises to 10 percent.

— Americans working abroad may earn \$75,000 and a housing allowance tax free. The exclusion jumps by \$5,000 a year until 1986.

— Taxpayers who do not itemize deductions may deduct charitable contributions up to \$25.

— Credits for child and dependent care are increased. Amounts spent up to \$2,400 for one child or dependent and \$4,800 for two or more are eligible for credit, computed at 20 percent for those with adjusted gross income above \$28,000 and 30 percent for those with \$10,000 or less.

— The first \$100 (\$200 on a joint return) of income from dividends is tax free but all interest income — even amounts below \$100 — is taxable.

— Individuals covered by employer pension programs for the first time may set up their own IRAs — Individual Retirement Accounts. Up to \$2,000 (\$2,250 on a joint return) may be invested tax free in a future investment. Money invested through April 15, 1983, may be deducted from 1982 income.

— Self-employed taxpayers may put aside up to \$2,000 in an IRA, in addition to their Keogh fund.

— Self-employed may

double the amount — to a maximum of \$15,000 a year — they can invest tax free in their Keogh or other retirement fund.

The new year also features important adjustments effective Jan. 1, 1983 (unless noted otherwise):

* Individual tax rates are reduced 10 percent effective July 1, 1983.

* Banks, savings and loans and other payers must start

withholding 10 percent as tax on dividend and interest payments of over \$150 a year, effective July 1, 1983.

* Pension, profit-sharing and annuity plan managers must withhold 10 percent tax on pension checks and annuities, unless recipients elect against it.

* Only medical expenses over 5 percent of adjusted gross income are eligible for deduction, compared with

expenses of over 3 percent in the past.

* Casualty loss may be deducted only for amounts exceeding 10 percent of adjusted gross income.

* Telephone tax is raised from 1 to 3 percent.

* Cigarette tax is raised from 8 to 16 cents a pack.

How did you fare? And don't forget, the gasoline tax is raised from 4 to 9 cents a gallon, starting April 1.

Soil Tests Aid Efficiency

With continued low prices for commodities, many farmers are becoming more concerned about ways they can improve the efficiency of nutrient use by crops. One way is to have soil tested to see what nutrients are actually present and which ones are lacking.

Fertilizer efficiency deals with the amount of a nutrient in fertilizer used by the crop to increase yields and profit, says Max Stapleton, county agent with the Texas Agricultural Extension Service, Texas A&M University System. If no increase is obtained, then the soil's nutrient level was inadequate to meet the crop's requirement. Therefore, knowing the level of available nutrients in a soil is funda-

mental to fertilizer efficiency.

Soil tests have been developed to measure soil nutrient levels, explains Stapleton. These laboratory tests use methods that have given good correlations with crop responses. Soil nutrients must be considered for sound and profitable decisions about fertilizing 1983 crops.

Texas Agricultural Extension Service Soil Testing Laboratories at College Station, Lubbock and Seymour can test your soil samples and provide you with information for more efficient use of fertilizer, says Stapleton. More information about collecting and mailing samples can be obtained from the county Extension office.

Collecting soil samples and getting them tested now will help you avoid the spring rush and will allow you more time to plan your fertilizer needs for the coming crop season.

JV To Meet Paducah Friday

By Doug Richardson
The Indian JV will take on the Paducah Dragons in Paducah Friday. Game time will be around 5 p.m.

This past week brought two more wins to the unbeaten Indians, boosting their record to 8-0.

The Indians handed losses to Munday and Rotan. The Indians squeaked by a close one over the Moguls 34-32. The JV delivered a big loss to the Yellowhammers 43-21.

Against Munday the Indians were down 10 points at half, but good hustle and shooting brought them back to win.

Ricky Rojas had 11 points in the score while Steven Boyd followed with 9 points.

In the Rotan game the win came easily. The Indians dominated the game throughout. Boyd came up with 18 points and Rojas had 10 in the victory for the Indians.

COWPOKES

Conservation Viewpoints

USDA Soil Conservation Service
Assisting
Haskell Soil and Water Conservation District

The Haskell Soil and Water Conservation District recently held its annual Conservation Poster Contest for area elementary students. The theme of the contest was Resource Conservation and the students were asked to design a poster with that theme and how it affects our land. The top 3 posters from each grade at each school were given ribbons from judging based on theme, originality, and neatness.

The winners from each school are as follows: **Weinert**—First Grade 1) Kole Sanders,

2) Lisa Russell, 3) Martin Estrada. Second Grade 1) Felipe Castorena, 2) Daniel Castorena. Third Grade 1) Kenny Forehand, 2) Missy Alexander, 3) Shana Murphy. Fourth Grade 1) Teri Myke Underwood, 2) Rosa Perez, 3) Molly Estrada. Fifth Grade 1) David Owens, 2) Tina Herricks, 3) Mike Ramirez. Sixth Grade 1) Shawnee Russell, 2) Denny Tibbets, 3) Kent Sanders.

Rochester—First Grade 1) Angela Adkins, 2) J.L. Strickland, 3) Christy Saucedo. Second Grade 1) Chris Carver, 2) Kurt Sloan, 3) Dawn Goode. Third Grade 1) Bryan Cox, 2) Deanna Scheets, 3) Jenna Lea Byrd. Fourth Grade 1) Kellie Spraberry, 2) Stacie Oxford, 3) Claud Christian. Fifth Grade 1) Jennifer Shaver, 2) Lenore Medina, 3) Stephen Andrada. Sixth Grade 1) Nick Jones, 2) Shawn Wallace, 3) Karen Brown.

Rule—First Grade 1) Jana Saffel, 2) Tomika Vanderbilt, 3) Traci Sanders. Second Grade 1) Kenna Tanner, 2) Derek Gann, 3) Ben Gonzales. Third Grade 1) Stacy Birt, 2) Joseph Pace, 3) Tommy Casey. Fourth Grade 1) Rusty White, 2) Tori Jenkins, 3) Kody Wilson. Fifth Grade 1) Michelle Bowles, 2) Shannon Stephens, 3) Stacie Dennis.

Of these winners, the Haskell Soil and Water Conservation District will choose the top 3 for each grade and an overall champion. The district winners will then be submitted for area judging. The winners of the district judging will be announced next week.

The Haskell Soil and Water Conservation District Board of Directors would like to thank all of the students that participated. The Board would also like to express that they are sorry not everyone could receive ribbons but you are all winners when you think of conserving our land.

WE HAVE Riverside Family Reference Bibles. These large Family Bibles include presentation page, complete family record section, Biblical Cyclopedic Index, Study Helps, Great Bible Truths, Beautiful Illustrations, full page maps, padded cover with velva-gold edges. *Haskell Free Press*
