

WHITTLIN'

By DOLPH MOTEN

Come Friday night, the most important sporting event in the communities of Bovina and Farwell will be unreeled.

It is, of course, the yearly meeting on the football field between the Mustangs and the Steers. Whether or not it's the most important sporting event is a matter of opinion, of course, but we don't know of anything that will equal it as far as the sports fans of both communities are concerned.

Traditionally, it's the "big" game of the year for the Bovina team. We say that with all due respect to other teams on the schedule. A win over Farwell is just worth a little more than your run of the mill week-in, week-out victory. And at the same time, a loss to the county seat boys hurts just a little deeper.

We remember last year's Bovina win as being one of the sweetest we've had the pleasure of eyeballing. The Mustangs came out on top of a 23-13 count. The thing that made that one extra nice was the fact that it was Bovina's first in 16 years. During that long dryspell, the rivalry didn't drag any that we know about. The majority of that time, the teams were in different leagues as the Mustangs competed on the Class B level and the Steers had long since advanced, quite successfully, into the Class A ranks.

The Farwell game and Bovina's inability to win it, got to be a bad deal. The Mustangs could come close to winning, but doing it evaded them for much too long.

We thought during the Farwell drought that if and when we could ever win the tilt, the spell would be broken and the team's could go back to good honest football games with neither dominating the series. We still expect that to be the case, but only time will tell, of course.

If the Mustangs win Friday night, they'd have a winning streak of their own in the making.

If the Bovina-Farwell rivalry didn't exist, we'd expect the Mustangs to be favored to win Friday night, even on Farwell's own field.

But the rivalry does exist and that isn't the only reason the Steers have for wanting to win this game.

This hasn't been a good year for the Big Blue. They have only one victory to their credit this season. That being a come-from-behind upset over Springlake-Earth. That makes their record like 1-6, so they'll come out on the short end of the stick over the 10-game season no matter what happens from here on in.

A win over the Mustangs would do a lot to soothe the feelings of their irritated fans, however. That's especially true since this is a bad year anyway. Too, some of the members of the Farwell team were members of last year's squad which lost the Bovina game. They'd like to make up for that, too.

The Mustangs are having a reasonably good year up to this point. They're 4-2 for the season and 2-0 in district play. It's still too early to be planning for any district championships, but if the Ponies are going to have a shot at the throne room, they need a win over the Farwell Steers along the way.

However, no extra incentive is needed by either team.

This is the Bovina-Farwell game. For the players and their supporters, that's enough said right there.

If you're on the winning side, you can take that and 10 or 15 cents and get you a cup of coffee come Saturday morning. But you can enjoy your coffee more, if you can talk about your team's win while you're drinking it.

The Blade and Weatherman Willie Williams will, no doubt, have some disagreeing opinions about the First Freeze date. Some folks are of the opinion that last Thursday's cold spell wasn't of the killing variety. Willie explains that some plants were protected from the cold by the moisture which had fallen earlier, but it was definitely a killing freeze and so declared.

That was good enough for us. We remembered that business about "decision of the judge shall be final . . ."

It was a good contest. We're appreciative to everyone who entered.

Word has been brought into this community that there are only two schools of importance in Texas, in at least one man's opinion.

Those are A&M and Sunday School, according to the way we heard the story.

As a predictor of football games, we'd make a good cow

In Sunday Shooting --

Charge Garcia With Assault

Eugene Garcia, 42, of 702 Boyce Street in Bovina, is being held in Parmer County jail at Farwell on a charge of assault with intent to murder in connection with a shooting incident Tuesday.

The victim, Emilio Ramos, 43, of Clovis, is reported to be in good condition at Memorial Hospital in Clovis. Minter said he was shot seven times in the right arm and side with a .25-caliber automatic pistol.

The deputy said the shooting occurred about 4:30 a.m. Sunday. Several persons in the home had just returned from Clovis and were drinking when the shooting occurred, according to reports. Garcia fled in a vehicle and two persons, identified as Helen Button of Clovis and Flavis Benavidez of Tulia, took Ramos to the Clovis hospital. Officers said the shooting apparently stemmed from an earlier argument between the two men.

Garcia was employed by Vernon Willard.

CST Returns Sunday A.M.

Central Standard Time returns Sunday morning much to the delight of teachers, milkmen, paper boys, mothers of school children and other early risers.

Clocks will be turned back one hour from 2 a.m. to 1 a.m. Sunday across the United States, ending another six months of Daylight Savings Time.

The time standard will return to its normal pace, giving people an extra hour of sleeping time in the morning and an hour less daylight in the evenings.

In Bovina, it means that people will be able to regain that hour's sleep they lost in the spring before Sunday school and worship services begin in city churches, it won't be quite as dark when rural children catch the school bus, and the last three football games of the year will begin at 7:30 rather than 8 p.m. This Friday night's will be the final game to begin at 8 p.m.

This is the sixth consecutive year Texas has gone along with 47 other states in observing Daylight Savings Time.

The change to DST gives the nation an extra hour of daylight during the spring, summer and fall months.

WINS WEEKLY PRIZE --- Ronnie Bunch was the only contestant out of 198 to get nine correct games in last week's Bovina Businesses Dallas Cowboy Football Contest. Bunch missed the outcome of the Dallas Cowboy-Washington Redskins game. He was awarded \$5 first place prize money. Bobby Hightower and Billy Whitecotton placed second and third, respectively, last week. They were among five contestants with eight correct predictions and won on their tiebreaker predictions.

Ronnie Bunch Wins Weekly FB Contest

The pickin's were rugged in the seventh week of the Bovina Businesses Dallas Cowboy Football Contest with only one contestant out of 198 having nine correct predictions.

Ronnie Bunch, missing only the outcome of the Dallas Cowboy-Washington Redskins game, picked up \$5 first place prize money for his effort. Five contestants emerged

from another "upset" week with eight correct guesses out of the 10 games on the slate. Bobby Hightower came in second on the basis of his tiebreaker score. He picked Bo-

vina to defeat Sudan, 21-12, nine points off the actual 14-14 score. Hightower missed the Dallas-Washington and Hereford-Lubbock Monterey games.

FIRST FREEZE DECLARED --- Weatherman Willie Williams, right, presents a check for \$5 to Wayne Spears who accepts the check and title of Champion First Freeze Predictor for 1972 for his son, Mike. The younger Spears hit the nail on the head by predicting the first freeze on October 19. The contest is sponsored jointly by Williams and The Blade. Spears accepted the check for Mike, who is attending Ranger Junior College.

Mike Spears Calls First Freeze Date

Mike Spears is Bovina's Champion First Freeze Predictor for 1972.

Spears hit the nail on the head when he predicted Oct. 19, which was Thursday.

A \$5 check accompanies the title in the contest which is sponsored by The Blade and Willie Williams, Bovina's weatherman. Williams judges the contest.

Spears beat out two other contestants who picked the same date. He turned his entry in to The Blade on Oct. 6. Carl New-

ell and David Phelps turned entries in on Oct. 13.

The earliest prediction received this year was Oct. 4, the latest was Nov. 15. A total of 73 entries were received this year.

There was some question about the temperature dropping to a killing freeze. However, Williams said the moisture protected the plants though the temperature did drop to below the freezing level.

Spears joins other first freeze

predictors who have won in the past years -- Flossie Rhinehart, 1971; Dalton Morrison, 1970; Mrs. Rita Mast, 1969; Johnnie Horn, 1968; Cathie Trimble, 1967; Mrs. E. L. Cochran,

1966; and Charles Smith, 1965. The earliest freeze date recorded since the contest began was Oct. 9 in 1970. The latest freeze date was Nov. 27 in 1965. The contest is conducted be-

cause of the widespread interest among residents of the area in the first freeze date. The interest is caused by the effect the freeze has on the overall agricultural conditions here.

Weather

Showers indicated this week. ---Willie

Area Receives 2-Inch Total

About the time most farmers were ready to get serious about the 1972 milo harvest, the weather, in the form of a rainy, cold spell, changed their minds.

The moisture, totaling as much as two inches in some parts of the area, began Thursday and continued Friday and Saturday.

A front moved into the area Wednesday afternoon, causing temperatures to drop below the freezing mark Thursday morning.

The damage the freezing temperatures did to still-maturing crops, cotton and milo, can't be determined yet, most farmers believe. The plants were protected by the moisture which had fallen earlier.

The total rainfall during the three-day period recorded in Bovina was 1.64. Most of this fell Thursday as an inch of rain was measured here. Friday's total was .54 and a tenth of an inch fell Saturday afternoon.

The moisture was considered highly beneficial for the young wheat crop which is now reaching the ready-to-graze stage. Damage to milo and cotton from the moisture isn't considered serious unless the spell continues to hang on.

More showers were predicted for this week, however, as Tues-

day was cloudy with a threat of rain.

Last week's rainfall added with the amount of moisture already received this year brings the total for 1972 to some 22 inches, five inches over the 17 yearly average for the area, with two months remaining. This will, no doubt, make '72 be remembered as a "wet" year.

Continued moisture could be a problem from the standpoint of harvesting milo and cotton.

Most farmers are appreciative of the rain, but are now ready for the weather to "fair up" and allow harvesting to continue. The milo harvest was just getting into full swing when the rain brought it to a standstill.

Band Enters UIL Contest At Lubbock

Seventy-six members of That Mustang Band will compete Tuesday in the University Interscholastic League Region XVI marching contest at Jones Stadium in Lubbock, according to Bryant Harris, band director.

The band will leave at 8:30 a.m. Tuesday for Lubbock.

Judging the event will be Warren Thaxton of Abilene, Bill Dean of Odessa High School and Fred Prentiss of Wichita Falls, said Harris.

The Mustang Band won a Division III in last year's marching contest.

People will be able to preview the band's contest performance Friday night at half-time of the Bovina-Farwell football game at Farwell.

OCTOBER GOOD GUY --- Roy Donaldson, elementary physical education teacher and assistant basketball coach at Bovina Schools, has been named Bovina Chamber of Commerce and Agriculture's Good Guy for the month of October. Donaldson was cited for his work in Little League baseball program and for helping organize the girl's softball and Little Dribblers program for elementary-age boys this past year. Admiring the plaque, from left to right, is Pam Spring, Darlene Smith, Kathy Williams and Arlene Smith, students in Donaldson's fourth grade PE class.

caller or something. We just got half of them last week. That's the same percentage you should get if you guess at all of them.

This week is another hard one, we think. Since nobody uses our pickings for a guide, anyway, we'll try 'em this way:

Morton at OLTON --- We know that Morton upset Mule-shoe a couple of weeks ago, but that was one of the rivalry-filled games and this one is being played in Olton.

Friona at LITTLEFIELD --- We're wrong about the Chieftains more than we're right, but the Wildcats have the home-field advantage in this one, too.

Sudan at VEGA --- Surely this one is rated a toss-up. The Longhorns won this district last year, though, and they're tired of losing these games this season.

Hart at KRESS --- Depending on what the Bovina Mustangs do during the remainder of the season, this game could decide the 3-A championship. Hart is good, but the Kangaroos have more tough-game experience.

PLAINVIEW at Hereford --- The Whitefaces got upset last week. We're guessing they won't rebound in time to stop a good Bulldog team.

TEXAS TECH at Southern Methodist --- This, too, is probably a toss-up, but if you're going to play the game, you have to pick one or the other.

TEXAS CHRISTIAN at NOTRE DAME --- The Irish aren't unbeatable. If you think so, check last week's scores. Besides, the Frogs outscored a whale of a good team last week.

Wichita State at WEST TEXAS --- Just about the time we start thinking the Buffaloes will, they won't. However, they should take this one for the home crowd.

TEXAS A&M at Baylor --- Disagree if you like, but remember what we told you.

Minnesota at GREEN BAY --- The Packers have two outstanding runners and this isn't a good year for the Vikings.

Football Contest --

He was awarded \$3 second place money.

Billy Whitecotton took \$1 third place money with his tiebreaker prediction of 19-8 which was 11 points off the actual score. Whitecotton missed the Hereford-Monterey and A&M-TCU games.

Also getting eight right were Virginia and Junior Lambert and Bill Read. All three contestants were 21 points off on the tiebreaker score.

Of the remaining contestants, 25 had seven correct predictions, 55 had six right, 69 had five right, 27 had four, 14 had three, one had two and one contestant had one correct game.

Most contestants missed the outcome of the Hereford-Monterey and Dallas-Washington games with the West Texas-Northern Illinois, Kress versus Springlake-Earth, Rice-SMU and TCU versus Texas A&M tilts crossing up a large number of contestants.

Terry Carpenter of Clovis who pulled into a tie for the lead in the fourth week of the contest and a one point lead after six weeks gained a two-point lead over his closest rival last week. Carpenter had six correct guesses for a total of 54 points out of a possible 70.

Two points back with a total of 52 are Gary Cox, George Douglas and Larry Wardlaw. Rocky, Bartlett and Mrs. Larry Crump are in third place with 51 points.

Contestants with 50 total points are Janice Carpenter, Corky Criswell, Donna Criswell, Cindy Morrison and A. M. Wilson.

Five points back with a total of 49 are Donna Jester, Bill Moore, Carlton Newell, Ruth Newell, Lee Roy Nuttall, Carl Rea, Bill Read, Scooter Russell and Kent Stanberry.

The contestant with the highest number of points at the end of the 13-week-long contest will win an expense-paid trip for two to see the Dallas Cowboys on December 17. In the event of a tie for first place, the winner will be determined on the basis of tiebreaker predictions during the contest.

 Unofficially, Friday is DC Day (District Championship) for Bovina Mustangs.

They go to Happy to take on the Cowboys in the game which will, in all probability, decide the Champion of District 1-B. Bovina and Happy have been heavy favorites for the district title all season.

It was "Women's Week" again in last week's Bovina Business Cotton Bowl Football Contest as female contestants won all the prize money.

Drilma Boozer took \$5 first place award. Taking second place and \$3 was Karen Beauchamp. Keeping the record straight in favor of the women was Bernadette Pierce who won \$1 third place money.

Gaining an even easier victory than the score indicated, Bovina Mustangs uncapped district play Friday night at Hart with a 60-24 verdict over the Longhorns.

Vickie Hawkins, daughter of Mr. and Mrs. Harold Hawkins, celebrated her 12th birthday last Tuesday afternoon with a party at her home. Attending were Judy Sisk, Vicki Vaughn, Martha Adams, Myrna Rittche, Deborah Hawkins and the honoree. Ponies Seek Second Consecutive Win --

Bovina Vs. Farwell In Annual County Tilt Game There Friday Night

Bovina's Mustangs take the field Friday night with high hopes of extending their undefeated record in District 3-A competition and repeating last year's jinx-breaking 23-13 victory over the Farwell Steers. The game, which is traditionally considered the most important on the Mustang's annual

schedule, will be played on Farwell's field. Kickoff time is 8 p.m. The Mustangs go into Friday night's game with a 4-2 record while Farwell has won only once in seven outings. Bovina stands at 2-0 in district play while Farwell is 1-2. The Steers' defeats have come

at the hands of Friona, Dimmitt, Plains Seagraves, Kress and Hart with their sole win being over Springlake-Earth. The two teams have faced two common opponents this year, Friona and Plains. Both teams defeated Bovina and Farwell, with Friona winning over Farwell, 34-14, in the season

opener and Plains trouncing the Steers, 52-8, in the third game of the year. Friona defeated the Mustangs, 26-6, and Plains lost the battle of statistics against the Ponies but took a 14-0 win on the scoreboard. The Mustangs are in good shape physically for the Farwell match, and it's a matter of tradition that they will be mentally prepared as well. "Farwell is getting better every week," was the way Coach Roger Ezell summed up Fri-

day's opposition. "You can forget the previous games this season because it doesn't matter what the records are, it's going to be a dogfight all the way." The Steers run from a Houston ver offense and according to scouting reports, their big plays are the option and pass. "They do both well," commented Ezell. "In fact, offense hasn't been their problem this year, it's been their defense."

Back from Farwell's 3-5-2 team last year are eight offensive regulars and seven defensive starters, and coming as no surprise, another Hrgrove at quarterback -- junior Kevin, 5-11, 165 pounds. Hargrove has been injured in a couple of games this year, but is apparently in top physical form now. Backup quarterback, senior Johnny Boling, is out for the season after undergoing knee surgery earlier in the year. Ty Phillips, 6-2, 215 pounds, anchors the line at a tackle spot and is rated an all-state prospect by Steer Mentor Toby Booth.

"We weren't very pleased with our game Friday night," Ezell lamented. "We didn't look 'good' even when we scored." The Mustang mentor said the weather played a part in the lack of offensive punch, but that apparently in the second half "... our guys just let down." Ezell singled out Joe Delgado and Larry Wiseman for their performances in Friday night's game. "And, when we needed that first down to win the game, Rundell came through for us."

games, Hart edged Farwell, 14-6; Kress shutout Springlake-Earth, 12-0; and Bovina edged Sudan, 10-9, on first downs to chalk up the victories. Vega was idle last week.

Mustang JV Blanks Sudan

Mustang Junior Varsity was the only team to emerge with a win in three games Saturday at Sudan. The games, originally scheduled for Thursday of last week, were played Saturday morning on a muddy field. The Mustang JV got on the scoreboard early in the first quarter when Dennis Willard went over from the three-yard line on a quarterback sneak. Alton McCormick ran for two points on the extra-point conversion, making the score 8-0, Bovina.

"We really had an outstanding job from the entire team last week," Criswell concluded. In the opening game, the seventh grade lost a defensive battle to a larger Sudan squad, 14-0. The eighth grade Colts went down, 44-16, to Sudan. Earl Quintana scored all the points for the Colts. The three teams will host Farwell junior high and junior varsity Thursday night with the first game scheduled to begin at 5:30 p.m.

THE HISTORY OF HALLOWEEN

You may not know it, but Halloween has been celebrated on October 31 since the year 834 A.D. Though it wasn't called Halloween then, that's the day the ancient Celts celebrated new year's eve—a time for calling up the spirits of the dead! When did the holiday come to America? Probably during pioneer days, when there was a great influx of Irish immigrants, who brought their colorful Halloween customs with them.

Trick-or-treat goes back to ancient times, too, when adult Celts went mas'ed into the night to honor a mythical figure called Muck Olla. Today's trick-or-treaters, of course, are a whole lot younger and, unlike their more serious predecessors, can have their costumes and activities recorded for posterity with true-to-life GAF color film and modern motion picture and still cameras. What about witches and black cats? They come from 16th-century Europe, where witch cults held mock masses on the Eve of All Hallows. But don't let that scare you because—even during Halloween—there are just no such things as real, live witches. Are there?

Chili Supper Set Friday At Farwell

Senior Class of Farwell High School will sponsor a chili supper Friday evening prior to the Bovina Mustang-Farwell Steers football clash, according to Mrs. Joyce Hargrove, class sponsor. Serving time will begin at 5:30 and continue until game time at the school cafeteria. Adults will be charged \$1.25 and children 75 cents, said Mrs. Hargrove. Bovina Mustang fans are invited to attend.

Fillies Name New Officers

Nancy Hutto was named president of the Fillies Club at a recent organizational meeting. The club is made up of members of the varsity and B team basketball squad members. Other officers elected were Rhonda Rhodes, vice president; Pam Wilson, secretary; and Christi Trimble, treasurer. The elections were held following the first practice session of the 1972-'73 season.

WINS SPEECH TROPHY --- Jan Kassahn, senior at Bovina High School, shows off the first place trophy she won in persuasive speaking at the Muleshoe Forensics Tournament Saturday to Mrs. Margaret Durben, speech teacher at Bovina High School. It was the first tournament of the year for the forensics group. Others participating in the meet Saturday were Arty Kunselman and Debra Sorley in prose. Attending as observers were Heidi Corn and Mike McCallum. Mrs. Durben said she expects a larger group to enter the next tournament at Lubbock Christian College on Saturday, Nov. 4.

Of Interest To THE WOMEN

Cook's Corner

Mr. and Mrs. G. A. Bandy moved from Anson to the Texas Plains 25 years ago to seek more and better farming opportunities and Mrs. Bandy says they could never move back now.

Mrs. Bandy, who lived in Anson from the age of two months, married G.A. in 1924. They farmed near Anson until they moved to Olton in 1947. They lived there two years and then moved to Oklahoma Lane. Bandy farms west of town at the present time and the couple has lived in Bovina 11 years.

Mrs. Bandy said on each farm they worked, they put in irrigation wells for the first time. The Bandy's are parents of four children, D.L., who lives in Medford, Ore.; J. J., who lives in Gila Bend, Ariz.; Don of Bovina; and Mrs. Arnold Langford of Anson. They have 18 grandchildren and one great-grandchild.

Mrs. Bandy has been a member of the Thrifty Club since its organization and is a member of the Oklahoma Lane Variety Club. They are members of Bovina United Methodist Church.

Her hobbies are gardening and canning, although she says she can't work in the yard and garden as much as she would like to now. "I tend to my houseplants now, it's much easier," Mrs. Bandy's hobbies also include ceramic work and collections. She has over 140 sets of salt and pepper shakers, plates from various states and a spoon collection. "When your children are all gone, you look for things to occupy your time.

"I've chosen some of my favorite recipes from some of my favorite people at Anson," said Mrs. Bandy. The recipes were taken from a local cookbook published at Anson.

SWEET MILK CORNBREAD
Sift together:
1/2 c. flour
1 c. corn meal
1/2 t. salt, or less
1 t. sugar
3 level t. baking powder;
Stir in 1 c. sweet milk, 1 egg yolk and add 1 T. melted shortening. Mix well and pour into hot greased pan. Bake in 475 degree oven.

RAW CHOW CHOW
1 peck tomatoes
1/2 gal. cabbage
1 pint hot pepper
1 pint sweet pepper
1/2 gal. apples, chopped with peelings
1 qt. onions
2 bunches celery
6 c. sugar or more
1/2 gal. vinegar

'Tis The Season . . .
When Mark Twain said, "Part of the secret of success in life is to eat what you like and let the food fight it out inside," he must have had the mad swirl of holiday parties in mind. The holiday season seems to take its vengeance out on the stomach. Parties, rich foods and lots of them all add up to indigestion, gas and acidity. The makers of Di-Gel antacid tablets and liquid suggest that you be good to your stomach this holiday season and watch with some concern the foods you eat. Upset stomachs and gassy acid buildup are caused when the digestive processes aren't functioning properly or when you eat too much of the wrong kinds of food. Z

1 t. mustard
1 t. tumeric
1 t. celery seed
Method: Grind tomatoes; add 1 c. salt, let stand overnight; drain in colander; add other ingredients. Use only apple cider vinegar (4 or 5 per cent acid). May be used raw or can be cooked.

GINGERBREAD
1 c. sugar
1 c. shortening
1 c. molasses
1 c. buttermilk
3 c. flour
3 eggs, well beaten
1 1/2 t. soda, dissolved in buttermilk
1 t. cinnamon
1/2 t. cloves
1/2 t. salt
1 c. raisins

1 c. nuts
Method: Cream shortening and sugar, add molasses and eggs. Add dry ingredients alternately with milk. Bake in 350 degree oven for 45 minutes. Mrs. Bandy says the recipe is over 100 years old.

PARTY CAKE
Make an angel food cake by your favorite recipe. When cool and ready to ice, slice off a thin piece from across top and put aside. Scoop out center, leaving a thin shell. Crumble cake taken out of shell into a bowl and add 2 cups whipped cream and cherries or other fruit. Mix and put back into cake shell, replace top section and ice. Place in refrigerator for several hours, slice and serve. It is a complete dessert by itself.

All of us get information from time to time through the mail on insurance policies, so I thought the following information might be of interest to you: Mail order insurance policies can be worthwhile if the consumer is fully aware of what he is buying. If he isn't, later he may find that his insurance doesn't pay for things he mistakenly thought it did. Four points are important in studying an insurance policy. First, the buyer should understand what happens if he has any "pre-existing" health conditions. Second, he should know how much his policy will pay per day. Third, he should check time limitations on collecting money from the company. Fourth, he should learn how much he must pay in premiums. Although many mail order policies don't require a physical examination, they do have some special limitations on benefits for pre-existing health conditions. Most policies, for example, have a two-year waiting period before the policy holder can collect on pre-existing conditions -- whether he knows about the pre-existing condition or not. Also, most such policies don't pay out-of-hospital benefits, so how much they pay per day is an important point to know. In addition to the study of the policy, more steps are advised in considering such insurance. Check existing coverage against what an illness or accident could cost to determine if the added insurance is necessary -- don't buy insurance if you don't need it. Check with the Texas State Insurance Board at 1110 San Jacinto, Austin, Texas, 78701, to determine whether the mail order offer is from a company licensed to sell insurance in Texas and whether the company is financially sound. The expression "eating crow" was coined after an English army captain made the soldier who shot his pet crow dine on the bird as an act of repentance.

Club To Hear Student Reps

Patty Mills and Mike Ware will be guest speakers at the meeting of Bovina Woman's Study Club tomorrow (Thursday) at 3 p.m. Miss Mills and Ware will relate their experiences at Girls State and Boys State this past summer. They will be introduced by Mrs. Rouel Barron. Members of the junior and senior classes at Bovina High School have been invited to attend. Hostesses will be Mrs. Charles Ross and Mrs. Leslie McCain.

In a shell by Lou Nuttall
Whatever you choose to wear this time of the year is the wrong thing. The day you decide on a long-sleeved outfit, sure 'nuff, the temperature hovers around 85 and the next day, when you switch to a sleeveless blouse, guess what? However, the weather is more football-like now. Don't feel like I've really been to a football game until the temperature drops below 40 degrees. It may not have been below 40 Friday night, but it sure was wet!

Won't it be nice when standard time returns Sunday? And wouldn't it be an extra bonus if we defeat Farwell Friday night, over there?

In case you haven't noticed, the stores have their Christmas delights on display. Yep, it's only 60 more shopping days until Yule time.
Marilyn O'Dowd contributed to the early stirring of holiday spirit at the last Study Club meeting. She had made some of the most attractive Christmas decorations from yarn, gingham, juice cans and other odds and ends, most of which were lighted with delicate twinkle lights. And the goodies she whipped up --- um, um, um.

We recently ran across this unusual definition of a cow. Publisher Larry Crabtree of Unabury sez: "A cow is a completely automatic milk manufacturing machine. It is encased in untanned leather and mounted on four vertical movable supports, one on each corner. The front end contains the cutting and grinding mechanism, as well as headlights, air inlet, a bumper and foghorn. "At the rear end is a dispensing apparatus and an automatic fly swatter. "The central portion houses a hydrochemical conversion plant. This consists of our fermentation and storage tanks connected in series by an intricate network of flexible plumbing. "This section also contains the heating plant complete with automatic temperature controls, pumping station and main ventilating system. "In brief, the externally visible features are: two lookers, two hookers, four stand-uppers, four hanger-downers and a swishy-swashy. "There is a similar machine known as a bull, which should not be confused with a cow." Do you suppose some of the city bred youngsters of today would come up with an accurate picture of a cow from that description? It's hard for us West Texans to realize that some children have never seen a real live cow. It's probably a fact that most of us have seen as much of the said animal as we care to.

Advice to TEENS
From Your Pharmacist
Almost every teenager has suffered at one time or another from skin disorders such as acne. What to do about it? You might keep in mind that starches, fatty foods and sweets should be avoided in favor of a more healthful diet. Proper rest and outdoor exercise also aid in combating this condition.

WHAT YOUR MONEY WILL BUY

Money will buy a bed, but not a good night's sleep. Money will buy books, but not brains. Money will buy amusement, but not happiness. Money will buy food, but not appetite. Money will buy finery, but not beauty. Money will buy a house, but not a home. Money will buy medicine, but not health. Money will buy preaching, but not truth. Money will buy the world, but not heaven. Money will buy religion, but not righteousness. Money will buy what is perishable, Righteousness only buys what is eternal.

Muddy Mustangs, Soaked Sudan Battle To 14-14 Tie In Rain Here

Bovina Winner On 1st Downs

In a tilt marred by a soggy field and almost constant rainfall, the Bovina Mustangs edged the Sudan Hornets here Friday night, 10-9.

That 10-9 count, oddly enough, wasn't the score or even the penetrations inside the 20-yard lines earned by each team. First downs were used to determine the winner after the score was knotted 14-14 and the penetrations were tied 3-3.

The Mustangs picked up the deciding, game-winning first down in the final 25 seconds as Quarterback Kim Rundell ran from the Bovina 32 to the 44. In another game, it would have been "just" a first down. In Friday night's tilt here, it was the deciding factor.

The Mustangs started the game as if they would win it easily, racking up 14 points in the opening period of play. They scored the second and third times they had the ball. After that, though, they had to hang on to manage for the unusual-type win.

Halfback Jeff McCormick got the initial TD on a five-yard jaunt, capping a 33-yard drive which was set up by a Mustang fumble recovery. The touchdown came seven plays later. McCormick also put the icing on the touchdown cake as he carried for the dual extra points. The rain-soaked ball wasn't considered dependable enough to kick for the extra point.

Bovina's next touchdown came only minutes later. Sudan was unable to move the ball as they attempted to punt on fourth down from its own 25. The punter fumbled the snapback, was unable to get the kick away, and the Mustangs had possession on the Hornet 16.

Four plays later, Tailback Billy Shelby went into the endzone from six yards out to boost the score to 14-0 in Bovina's favor. Even after Rundell's try for the extra point failed, it looked like an easy, if wet,

night for the Mustangs, who were seeking their second consecutive District 3-A decision in as many outings.

The remainder of the game pretty well belonged to the visiting Hornets, however, as the damp pigskin created numerous fumbles for the hometown team. Sudan broke the scoreboard goose-egg in the second period, just before the second half ended, on a two-yard plunge by Quarterback Kim Ingram. The score came at the end of a 46 yard drive by the Sudan team which required seven plays and included a 15 yard penalty against the Hornets.

The try for two extra points following Sudan's first TD failed and the count was 14-6 as the teams took halftime breaks and got inside out of the weather.

The score-tying eight points came in the third period for Sudan. Scoring the six-pointer was Halfback Pat Hedges on a two-yard scamper. Mark Hanna, also a halfback, knotted

the count as he added the dual extras.

When Sudan tied the score, time remaining in the third period was 5:56.

Late in the fourth quarter, the Mustangs were unable to answer the door when opportunity knocked. Forced to punt from their own 23, McCormick got off a beauty which travelled 54 yards downfield, was fumbled by the Sudan safetyman and covered by Bovina's Danny McKay on the Sudan 18. Three plays, including two incomplete passes, went for naught. On fourth down, Rundell attempted a field goal, but it was not good and the chance to get the go-ahead points had slipped away from the Mustangs.

The Hornets put the ball in play, then, on their 20, but were forced to punt four plays later. The Mustangs put the punt in play on their own 32. On the first play from that point, Rundell went the 12 yards for

the deciding first down on a keeper play.

Shelby was the leading ball-carrier for Bovina with a net of 50 yards in 20 attempts. McCormick made 37 yards as his number was called 15 times.

Because of the weather, the game was played before a sparse crowd. The wet and cold forced all but a handful of fans out of the stands and into cars along the sidelines.

Mustangs of the Week

LARRY WISEMAN

JOE DELGADO

Named Mustangs of the Week for their performances in Friday night's squeaker over Sudan were Larry Wiseman and Joe Delgado. With the score knotted at 14-14 and the penetrations also tied, the Hornets were accorded the win on the basis of first downs, 10-9. Head Coach Roger Ezell named Wiseman lineman of the week and Delgado back of the week.

SPECS APPEAL

If you haven't already noticed, eyeglasses have really come into their own as great beauty accents and fashion accessories. So much so that even gals who don't need them wear fabulous fakes for specs appeal.

With that in mind, here are some tips from the Fashion Eyewear Group of America to help you become a vision of loveliness:

1. Blondes look great in

transparent beige or pastel frames; redheads and brunettes in tortoise classics; true brunettes in dramatic black.

2. Makeup colors should complement the tint of tinted lenses. A light lavender tint flatters brown eyes, and a light green tint gives extra emphasis to hazel and green eyes.

3. The eyes behind no-color frames need to be accented a little more with mascara, liner and shadow. And, because one set of eyebrows is enough for any gal, tops of sexy spec rims should rise above them.
