### SINGING SCHOOL

Over 100 students are in Haskell participating in the annual Church of Christ Singing School. This week long school marks the 18th annual event sponsored by the local Church of Christ. Special programs will be presented Friday at 8 p.m. on the courthouse lawn and Saturday at 6 p.m. at the Church. The public is invited.

## 111 Students Enrolled In Annual Singing School

Haskell singing school is underway. A total of 111 have come to Haskell for the 18th Annual Singing School hosted by the Church of Christ. This year's enrollment is up, with over half of the students here for the first time. Four instructors, Holland Boring, Sr., of Bryan, Holland Boring, Jr., of Grand Prairie, Paul Epps of Temple & Bob Connel, former Haskell minister now of Abilene, spend a week of intense training with the students, who range in age from 10 years and up. Individuals

have come not only from Texas, but also Oklahoma, Kansas, Arkansas, and as far away as Arizona.

Time is spent in class every morning, afternoon, and evening. During the week special activities will include devotionals, meals together, and time for recreation. This year the public is invited to attend a singing which will be held on the courthouse steps Friday night, July 15 at 8:00. The closing program will be from 6:00-9:00 p.m. Saturday night at the Church of Christ, 510 N. Ave. E and the

public is encouraged to attend.

This yearly event, not only provides great training for the students, but is also a boost to Haskell, as word of the school reaches many other communities. Jim Crain, minister, states, "We believe lives are touched through these efforts in ways they might never be touched. Lasting friendships are made and training is given to enhance the spiritual lives of all who attend. We encourage the community to hear our programs on Friday and Saturday night."

### Haskell VFD Auxiliary Elects New Officers

Members of the Haskell VFD Auxiliary met July 6 for the final meeting of the 1982-83 year.

Main item of business was the election of officers and appointment of committees for the coming year. Elected as new officers were: Betty Stocks, president; Floradean Cockerell, 1st vice president; Janie Andrada, 2nd vice president; Nene Comedy, secretary-treasurer; Merry Harvey, historian; Lisa Shaw, reporter; and Pearl Lusk, chaplain. Nancy Trussell was reappointed as racing captain.

Members plan a formal installation banquet to be held for fellow Auxiliary members and husbands. The banquet set August 2 will include a covered dish supper at the Fire Station.

Refreshments were served by Nene Comedy and Lisa Shaw.

### Country Music Show Set In Knox City

A Country Music show has been scheduled July 16 at 7:30 p.m. in Knox City in the new auditorium at the Knox City High School.

The show is sponsored by the Knox City Jaycees as a fund raising project for the Senior Citizens Center.

Tickets are \$8.00 in advance and \$9.00 at the door. Advance tickets are available at Senior Citizen Center, Bob's Super Save, Knox County News or from any Knox City Jaycee.

Entertainers will include: Maines Brothers Band, Lubbock; Cecil Cladwell, Lubbock; Jim Fullingim, Petersburg; Tommy Anderson, Lubbock; Angle Sisters, Knox City and Lubbock; Jerry Brownlow, Lubbock; and Larry LeFevre and the gospel group Faith from Rule.

There will also be four separate cash drawings and an auction of baked goods during the show.

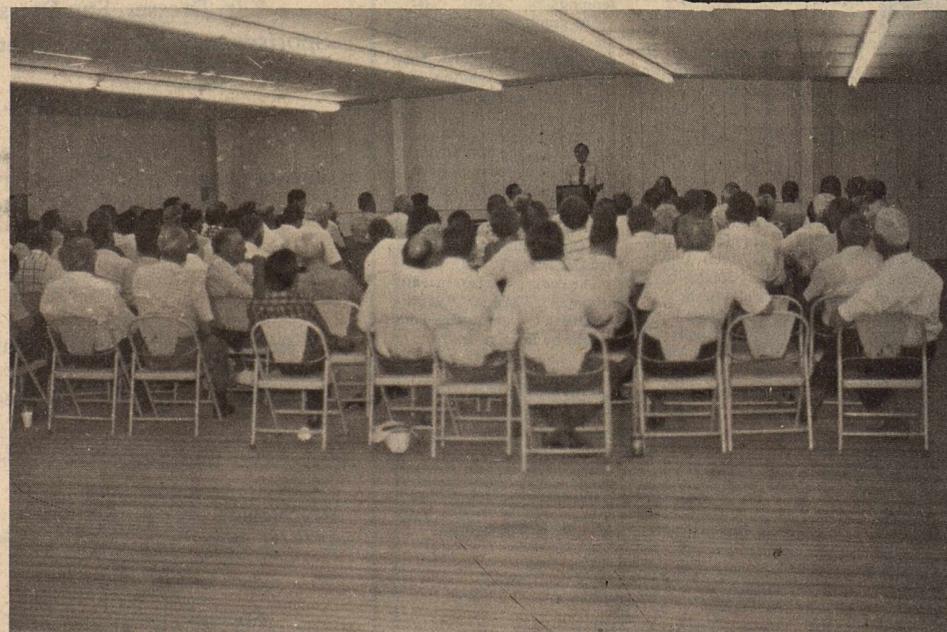

## Retail Trade Committee To Plan Promotions

All Haskell merchants are urged to attend the quarterly meeting of the Retail Trade Committee of the Haskell Chamber of Commerce next Wednesday, July 20, at 10 a.m. in the Community Building of Haskell National Bank.

Discussion during the meeting

will center around the retail promotions during the next quarter and the start of planning for the 1983 Christmas program.

Retail Trade Committee chairman Doris Phemister asked that all retail merchants attend the meeting to participate in the planning of these promotions.

### FARM MEETING

Congressman Charles Stenholm was in Haskell last week to discuss farm legislation with approximately 200 area farmers. The Congressman asked farmers to consider the problems and benefits of allotments and basis being legislated instead of left to the discretion of the Secretary of Agriculture or allowing each producer to set their own basis and allow a 20% change in basis each year.

## New Ordinance, Bids Lead Council Agenda

Members of the Haskell City Council opened bids on a paving project and an oil, gas and mineral lease at the landfill and approved a new City ordinance during their regular meeting Tuesday night.

The paving project includes paving, curbing and guttering on North Third East and the bids were tabled until the next Council meeting to give Council members

and property owners a chance to tabulate the cost share. The City will pay one-third of the cost of the project.

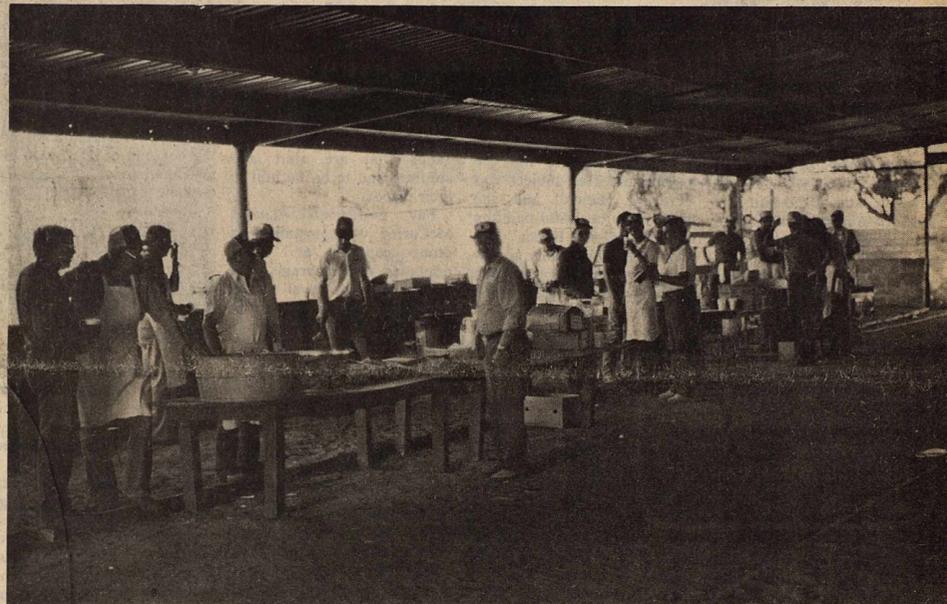

West Texas Construction Co. of Abilene submitted the low bid of \$44,171.15 for the project. Bids range upward to a high of \$59,770.03.

Council members agreed to lease oil, gas and mineral rights at the landfill to Baja Energy Co. of

Abilene for a \$25.00 per acre bonus and \$2.00 per acre per year and one-eighth royalty for a two year lease.

In other action, Council members approved a new ordinance prohibiting alcoholic beverages in the City Park and establishing a curfew on park use between midnight and 6 a.m.

It was reported that June fines totaled \$1,631.50.

How do you watch a painting demonstration? Since the world began people have enjoyed watching other people in their activities, whether it is work or play. It's conceivable that the caveman who first discovered fire had a group of others peering over his shoulder to see what he was doing and how he did it. Rubberneckers are always drawn to a construction site, in fact peepholes are now provided with the invitation to witness the progress of the edifice. Even the short-order cook flipping his flapjacks in

the restaurant window has his following. A painting demonstration is a popular and at times, entertaining form of dispensing information about a painting procedure. This is by no means a product of our times. Painters have demonstrated for groups of students in the past. It was at a painting demonstration that John Singer Sargent answered what artists today are still being asked: "What medium do you mix with your paints?" Sargent's answer: "Brains." If the demonstrating artist invites questions, ask them during his program. In most cases, they inspire and help him to mention important items that may have escaped his mind. Also, questions while he is working gives a definite clue about the audience's advancement in the field of painting. After the painter asks: "Any more questions?" and doesn't get any, consider this the end of the question period and not an invitation to ask more at the

time he is attempting to clean up his equipment. It's better to keep your eye on the canvas than to try to take detailed notes during the demonstration and miss half of it. As the demonstrator deals with the problems that arise as he paints, you should respond to his manner of presentation. The quality of the program is quite dependent upon you. The artist feels his audience and this affects his painting. Your courtesy can make him do a better job and, in the long run, benefit you. So - when viewing a demonstration, pay attention and do not talk to your neighbor - it hurts the demonstrator. HINT: "Jet planes have passed the speed of sound. Next goal - to attain the speed of Gossip." - Unknown Write your questions and hints to me, Faye Schnuriger, P.O. Box 134, Haskell, Texas 79521. I will not use your name but do want you to sign your letters.

## Engagement Announced

AMY CLARE

Mr. and Mrs. Amos L. Wilson announce the engagement of their daughter, Amy Clare, to Stephen Marcus Winstead, of Houston. The wedding will be held Sept. 3 in the First Presbyterian Church in Old Hickory, Tennessee. The bride-elect is the granddaughter of Mr. and Mrs. H. Kai Grissim, Sr., of Lebanon, and of the late Mr. and Mrs. Amos L. Wilson, Sr., of Madisonville, Tenn. A 1979 graduate of the Lebanon High school, she attended Mississippi State University and will graduate in August from Texas A&M University with a Bachelor's degree in landscape architecture. The bridegroom-elect is the son of Mr. and Mrs. Richard L. Winstead of Groves. He is the grandson of Mrs. John S. Rike and the late Mr. Rike of Haskell, and of the late Mr. and Mrs. Claude Walter Winstead of Morton, Miss. A 1977 graduate of the John Jay High School in Hopewell Junction, N.Y., he graduated summa cum laude from Mississippi State University in 1981. While there, he was a member of Phi Kappa Phi, Tau Beta Pi, and Omicron Delta Kappa honorary organizations and was nominated to Who's Who in American Colleges and Universities. He is an electrical engineer with Shell Oil Company in Houston.

## Deborah Class Holds Installation Ceremony

The members of the Deborah Sunday School Class of the First Baptist Church met in the home of Mrs. Erna Russell for fellowship, and the installation of the new teacher and officers who took over on July 1st. Mrs. Delores Foster was the guest speaker and did the installation. Her subject was "Praying Hands" and she displayed a beautiful painting of "The Praying Hands" and told the touching story of how the artist came to paint the picture, and brought out the thought that when people look at the picture, they will remember with love and devotion all hands that toil for others. Mrs. Foster mentioned the lines of the hands as being the line of life, the line of head, and the line of the heart. As she presented the new teacher and officers, she challenged Mrs. Ora Childress as the teacher, to be concerned about the health and life of all living people and things around her, and to be clear in her thinking and teaching of God's word, and when we think of love, sympathy, and mercy, the heart is at the center of these emotions. As Alice Huckabee was installed as class president, she was reminded that hers would be the guiding hands for the class and through her leadership and example, all the hands of the class would

be kept busy and useful. As Erna Russell was installed vice-president, she was exhorted to have friendly and creative hands. As the Secretary, Lola Everett, and the treasurer, Ruby Hobbs were installed, they were reminded to have hands that are alert and accurate and to be faithful in their places. Fay Self, and Lucille McCurley were installed as group captains and were reminded to encourage their members to be loyal to the class in attendance, but to let their hands be gentle ones. The card and gift chairmen are Arvella Holland and Ruby Hobbs who were asked to have hands of love and concern, especially for those in sorrow or in illness. As all the class members stood with the officers she asked that we all have challenging hands to meet every new situation, and seeking hands to promote the Lord's work and compassionate hands to bring sunshine and cheer to those about us. The retiring teacher, Cora Hagins, was presented a beautiful scriptural plaque. The hostess served a refreshment plate to 14 members and one guest. After the group stood and sang "God Be With You Till We Meet Again" Mrs. Childress dismissed with prayer.

# Double Ring Ceremony Unites Richardson, Senter

Norma June Senter and Gil Bryan Richardson were united in marriage June 4 at 7 p.m. in the First Baptist Church of Stephenville. The Rev. Emil V. Becker performed the double ring ceremony. The bride is the daughter of Mr. and Mrs. Tom Senter of Stephenville. Parents of the groom are Mrs. Becky Richardson of Haskell and Mr. A.C. Richardson of Rule. The altar was decorated with ivy covered lattice work. Two standing brass arched candelabrum were placed on either side of the altar, and a large arrangement of peach gladioli, carnations, a single peach rose, baby's breath and fern was centered on a pedestal between the candelabrum. Peach and white bows ornamented the lattice work, candelabrum, and family pews. Wedding music was provided by Jo Joiner of Stephenville, pianist. Solists were Kim McMahan of Granbury and Brent Pendleton of Stephenville. Mrs. McMahan sang "Through the Eyes of Love" and "The Lord's Prayer". Mr. Pendleton sang "I.O.U." while accompanying himself on the piano. Given in marriage by her parents and escorted to the altar by her father, the bride wore a gown of white clipped lace, featuring an off-the-shoulder bodice with a mushroom pleated ruffle at the neckline. The bouffant sleeves also featured a pleated ruffle. The ultra bouffant skirt cascaded from the silhouette waist and was enhanced with a scalloped mushroom pleated ruffle. It flowed to a full chapel sweep train. Her matching veil, three tiers of bridal illusion with each tier completely encircled with a band of chantilly lace, cascaded from a wreath of white silk flowers. The bride carried a cascading bouquet of silk peach old fashioned roses, stephanotis, airplane plant, and fern foliage trimmed with streamers of peach and white ribbon. She wore a single strand of antique pearls borrowed from her aunt, Mrs. J.C. Brewton of Houston. Something old was a 1939 dime worn by her mother on her wedding day, something new was her wedding gown, and her garter was blue. The bride also wore a six penny in her shoe. Susan McCoy of Morgan Mill, sister of the bride, was matron of honor. Regina Curtis of Conroe and Terri Escobedo of Hurst were bridesmaids, and Marcy Greenwood of Bluff Dale and Sharon Turner of Haskell were bridesmaids. Melody McCoy, niece of the bride, was the flower girl. Each of the bridal attendants wore a gown of peach dotted swiss with a ruffled neckline, and an off the shoulder effect accented with peach satin bows. The skirt featured a hemline ruffle and was accented at the waist with a peach silk ribbon. The flower girl wore a similarly styled dress of peach dotted swiss with lace trim. Each attendant carried a white wicker flower basket of silk peach and white flowers, and wore a hairpiece of miniature peach carnations with baby's breath and ming fern. Doug Richardson of Haskell, brother of the groom, served as best man. Grooms-men were Greg Gideon of Stephenville, David Gray of Lubbock, Trey Polster of Burleson, and Clark Richardson of Lubbock, brother of the groom. Randy Walker and Robert Browning, both of Stephenville, were candlelighters and ushers. The groom was attired in a brown tuxedo with a white pleated shirt, and wore a boutonniere of a fresh peach rose with stephanotis and baby's breath. The grooms-men wore brown tuxedos with peach pleated shirts. They wore peach carnation and baby's breath boutonnières. The fathers of the bride and groom were attired in black tuxedos with peach carnation and baby's breath boutonnières. The mother of the bride selected a gown of seafoam green tenasetta. The bodice was completely overlaid with chiffon, and the chiffon formed the capelike sleeves. The slightly gathered skirt draped softly to the floor. The mother of the groom chose a gown of azure blue quiana. The bodice and sleeves were gathered onto a diamond shaped yoke. The dress also featured a fitted waist and pleated skirt. Both mothers wore corsages of peach gladiolus with peach and brown ribbon. Following the ceremony, the bride's parents hosted a reception in the fellowship hall

of the church. The bride's table was covered with a peach tablecloth with a white lace runner. A large arrangement of peach gladioli, carnations, and a single rose with baby's breath and fern served as the centerpiece. The bride's bouquet was centered between silver candelabrum that held peach candles. The wedding cake was a beautiful three tiered confection of white adorned with peach daisies. Fresh peach slush punch was served from a silver punch bowl. Peach colored daisy mints were also served. The groom's table was covered with an ivory eyelet cloth. Adorning the table were silver candelabrum that held ivory candles. The groom's cake was of chocolate, and featured both the bride's and the groom's monograms. Coffee was served from a silver coffee service. Chocolates and nuts were also served. The registry table was draped with a white lace tablecloth, and held the bride's book, a plume pen, and a centerpiece of peach silk flowers. Members of the house party included Kendra Alderfer, Cindy Carroll, LaNell Chumney, Becky Hammett, and Angela Newton, all of Stephenville, and Beverly Mitchell of Fort Worth. For traveling, the bride wore a peach dress with white accessories. Her corsage was of peach silk flowers with brown and peach ribbon. After a wedding trip to Hawaii, the couple are at home in Haskell, where the groom is the general manager of Richardson Truck and Tractor. He graduated from Tarleton State University in May. The bride attended TSU for two years and will continue her education at Midwestern State University in Wichita Falls. A rehearsal dinner was hosted by the groom's parents on June 3 at the Cutting Horse Restaurant in Stephenville.

A bridesmaid's luncheon was hosted by the bride's aunts, Mrs. J.C. Brewton of Houston, Mrs. Gene Nabors of Big Spring, and Mrs. I.A. Savage of Keller at the Tejas Country Club in Stephenville on June 3.

# Bledsoe, McKinley Exchange Vows In Stamford

Susan Lynn McKinley of Stamford and Kevin Wayne Bledsoe of Austin were united in marriage in a double ring ceremony Saturday, July 2, 1983 at 6:30 p.m. in the backyard of the bridegroom's mother with Rev. Ronnie G. Holloman, Minister of Central Presbyterian Church of Stamford, officiating.

The bride is the daughter of Mrs. M.C. McKinley of Stamford. The bridegroom is the son of Faye Bledsoe of Haskell and Jim Bledsoe of Anchorage, Alaska.

"The Wedding Song" was played as the bride and bridesmaids approached their places. Cheryl Denson sang "Leather and Lace," "Song Bird," and "The Wedding Song."

The bride presented each mother with a long stem red rose and a kiss as she was escorted and given in marriage by Wayland Fuqua. The bride's bridal gown was an original by Michelle for Bridal Couture in candlelight organza and lace. The Empire bodice, of Raschel lace, a

deep scoop neckline and brief sleeves. Her floor length skirt of organza was enhanced with beads of tiny seed pearls placed vertical on the skirt. Pearls were repeated on the lace around the neckline. She wore a wreath of lace with pearls and tiny satin bows with streamers. Her bouquet was shades of purple roses with pink and yellow stephanotis.

The bride was accompanied by Cheryl Denson of Rule as Matron of Honor. She wore a street length green two piece dress. The bridesmaids were Deanna Ramoz of Abilene and Sherry Johnson of Spring.

They wore identical dresses to the matron of honor in shades of purple. Each girl carried stems of purple babies breath, with pink roses and yellow stephanotis. They each wore a comb in their hair to match their bouquets.

The groom wore a three piece gray pinstripe suit with a purple rose with pink and yellow stephanotis to match the bride's bouquet.

Best man was Alan Merchant of Stamford. Groomsman were Bob Mantooth of Abilene and Steve Philpot of Graham.

Seated at the registration table was Vicki Adams, sister of the bridegroom.

The reception was hosted by the bride's mother. The table was covered with a light purple tablecloth and a crochet lace overlaying. The two tiered cake was decorated in white with green and purple roses. The top was decorated with a bride and groom kissing under an archway. The center-

piece was an arrangement of fresh spring flowers in the bride's chosen colors. Lime sherbert punch and champagne were served and mixed colored mints and nuts were an added accent. Serving at the reception table were Kathy Young and Lisa Prescott both of Dallas.

Nikki Powell, daughter of the bride, handed out rice bags.

Following the reception, the bridegroom's mother hosted a Bar-B-Que which consisted of Bar-B-Queed sausage and brisket, red beans, potato salad and a relish plate.

The bride's mother also hosted the rehearsal dinner at Fuqua's Cafeteria in Stamford.

The bride graduated from Stamford High School, attended Southwest Texas State University, and graduated from American Commercial College and has been employed by R. Bettis Clark, C.P.A.

The bridegroom graduated from Haskell High School, attended Texas State Technical institute in Sweetwater and is employed by A.M.I. System in Austin as a draftsman.

Following a short wedding trip to the Dallas-Fort Worth area, the couple will live in Austin.

## Mrs. Clark Celebrates 90th Birthday

Some fifty people visited in the home of Mr. and Mrs. Reece Clark in Sagerton, Sunday July 10, to honor Mrs. John Clark. She celebrated her 90th birthday, Tuesday, July 12. Co-hosting the open house from 2 until 4 were Mrs. Clark's two sons, Mr. and Mrs. Charles Clark, Mr. and Mrs. Joe Clark, her daughter, Mrs. Leslie Cobb, and a

daughter-in-law, Mrs. Whit Clark.

Mrs. Glenda Bryan of Odessa and Mrs. Ray Clark of Lueders, granddaughters, served punch and birthday cake to guests.

Mrs. Clark is considered Sagerton's oldest resident, even though she now resides at Rice Springs Care Home in Haskell. She was born at Sagerton, the daughter of the late Walter and Ruth Burks Smith, and has lived here most of her 90 years, occasionally moving off for a short time to find work. She married John Clark and they were engaged in farming in the Sagerton community until his retirement.

Mrs. Clark is a charter member of the Sagerton United Methodist Church and has played the piano there for many years. Occasionally, she still plays for the services when she is able to attend. Her grandchildren and great-grandchildren are intrigued at her method of playing the piano. She uses no music, and is able to play almost any tune that one might request, and usually plays on the black keys, which really fascinates the younger generations. She taught Sunday School and helped with the MYF while her children were younger, and was a lifelong member of the W.S.C.S. of The Methodist Church. She was an avid traveler, often times driving as far as Springerville, Arizona alone to visit relatives, until failing eyesight forced her to give up this favorite hobby.

Mrs. Clark has many interesting tales to tell of her growing up years in the early times of Haskell County, but she says that she was just a little sad at school when all the other children would say, "I came to Sagerton from Coryell County, or I came from Bosque County, etc., etc., and she "didn't come from anywhere".....she was born in

# 4-H'ers To Model Fashion Creations In Jayton

Five 4-H champions from Haskell County will model apparel they have created in the annual Rolling Plains District Fashion Show, Tues-

## Country Club To Hold Steak Night

The Haskell Country Club will hold a Steak Night this Saturday, July 16, beginning at 7:00 p.m. All members are urged to call Jack Medford at 864-3400 for reservations. Cost for tickets is \$6.00 each. Members and out of town guests are invited.

day, July 26, at the Jayton High School in Jayton. Members from 4-H clubs in 21 counties will compete for honors and the right to represent their district in state competition next September. The theme of this year's show will be "Fashion Through the Years: 75 years of 4-H in Texas," a salute to the youth program's Diamond Anniversary.

Representing Haskell County will be: Kim Jones, Senior Tailored Daywear; Jill Jennings Senior Non-Tailored Daywear; Rebecca Holt, Senior Active Sportwear; Michelle Scoggins, Intermediate Division; and

Jennifer Shaver, Junior Division. Already these entrants have won in county competition. Contestants are judged on their sewing and construction skills, as well as overall appearance. Other winners in the Haskell County Fashion Show were Penny Peden, Second place Intermediate and Mindy Ballard, Second place Junior. Ribbon placings in the Intermediate Division were: Blue—Tamra Burnett, Laurie Hester, and Dalyn Gilly. Red ribbons went to Janet Quade and Faye Mullino, Juniors receiving red ribbons were Jana Payne and

## Adding Tap Water To Formula Recommended

Powdered infant formula mixed with flouridated tap water is preferable to ready-to-use formula because flouride helps prevent cavities, according to an article in the journal Texas Medicine.

Dr. Basil K. Byrne, an El Paso pediatrician who wrote the editorial, notes that infant-formula producers removed flouride from their products during the 1970's because of "a lessening of enthusiasm, perhaps even some backlash, for wholesale flouridation."

He explains that an American Academy of Pediatrics committee recommended that all formulas be made with water low in flouride so that pediatricians could decide whether a supplement was needed.

"This approach, however, offers no protection to the infant who does not visit a pediatrician (children's doctor) or a pedodontist (children's dentist) in the early months or whose doctor does not inquire into water intake or consider recommending a flouride supplement," Byrne writes.

"To encourage the use of powdered formula and local water would be a start toward correcting the problem," he says, adding that powdered formula costs 50 cents per quart less than ready-to-use formulas.

The article appears in the July issue of Texas Medicine, the monthly journal of the Texas Medical Association. Byrne is an associate professor of pediatrics at the Regional Academic Health Center of the Texas Tech University Health Sciences Center.

Whether the tap water added to the infant formula contains flouride depends on the local water supply. Government statistics from 1975 showed that nearly 60 percent of Texans drank water containing flouride either occurring naturally or added to water systems. That figure rated high nationally but did not include Houston, which recently added flouride to its water supply. Among major Texas cities, Dallas, Fort Worth, Corpus Christi, and Austin all add flouride to their water.

## Texas 4-H Congress Set July 19-21 In Austin

The 1983 Texas 4-H Congress, July 19-21, in Austin, will afford an opportunity for older 4-H members to learn about the legislative process and how to become involved in local government activities, say Lou Gilly and Max Stapleton, county Extension agents, Texas A&M University System.

Representing Haskell County in the activities will be Rebecca Holt of Haskell's 4-H Club.

Theme for the 1983 Congress will be "Celebrate Citizenship."

Delegates will be actively participating in writing, debating, amending and voting on 4-H legislative bills.

The meetings are expected to be conducted in the Senate and House chambers of the State Capitol, while other Congress sessions will be at the Sheraton Crest Inn of Austin.

District delegations will also have an opportunity to tour the LBJ Library, Texas Memorial Museum, Harry Ransom Center and Barton Springs.

Among featured speakers will be Senator Chet Edwards of Duncanville, Ola Madsen of Nicholasville, Ky., and Dr. Zerle L. Carpenter, Director of the Texas Agricultural Extension Service, Texas A&M University System.

## WTC Dormitory Space Limited For This Fall

Only sixteen dormitory spaces for the fall semester remain available at Western Texas College, announced Dr. Duane Hood, Dean of Student Services.

Prospective students planning to attend WTC this fall and live in campus housing who have not made arrangements to do so are urged to contact Dr. Hood's office as soon as possible by calling (915) 573-8511, ext. 394.

Dr. Hood explained that when all dormitory housing is filled, names of additional persons desiring to live in the

dormitory will be placed on a waiting list.

The college also has housing available in modern duplex apartments on campus, some of which are not filled. These also are for unmarried students, who are assigned four to each apartment. Rent is \$110/month per student.

Registration for the fall semester is scheduled August 31, and classes are scheduled to begin September 2. Last day of the fall semester is December 16. Students who wish to pre-register may do so July 25-28.

Teri Underwood.

Kim Jones was awarded the First Place honor in the Senior Division. Mr. and Mrs. J.R. Perry of Paint Creek presented her a \$100 savings bond.

Other special recognition was given by The Fabric Collection in Stamford. A pair of Gingham scissors was presented to the girl in each division sewing with 100% cotton or a blend of at least 50% cotton and having the highest score. Receiving these awards were Kim Jones, Tamra Burnett and Jennifer Shaver.

The five county winners will model their creations in a public fashion show following the District Judging at 1 p.m. in the Jayton auditorium. West Texas Utilities Co. is host for the contestants and their parents at a luncheon at 11:45 a.m.

Each Senior contestant will compete in one of four

categories of clothing; daytime tailored, daytime non-tailored, active sportwear, or evening and specialty wear. Special awards will be presented to the senior exhibiting the best cotton garment or ensemble and the one modeling the best wool or mohair outfit.

Senior, beginner and intermediate contestants will be judged in separate groups and compete for awards in their own skill classification. Only the senior winners advance to the state contest.

While the contestants are being judged, special activities will be conducted for parents and guests. At 9:30 a.m. a microwave cooking demonstration will be given by Carolyn Schur and Karen Burgess, home economists with West Texas Utilities. Guests also will receive guided tours of the Jayton school facilities.

CAPT. AND MRS. STEVEN D. KNOTT

## Knott, Wallace Wed In Double Ring Ceremony

United in marriage Tuesday, July 5 at 7:00 in the evening were Julie John Wallace and Capt. Steven D. Knott.

The bride is the daughter of Mr. and Mrs. John W. Wallace of Haskell, and the groom is the son of Mr. and Mrs. Leslie J. Knott of Eugene, Ore.

The wedding was in the home of the bride's brother J.W. Wallace, Jr.

The double ring ceremony was officiated by Judge Ben Charlie Chapman.

The bridesmaid was Milisande Maddox from North

Carolina. She is the granddaughter of Mr. and Mrs. J.S. Newcombe of Haskell.

The best man was Guy Martelle from Calif. Groomsman was Clint Knott, brother of the groom, from Pittsburg, Penn.

Given in marriage by her father the bride wore a floor length gown with chapel train and an illusion veil.

Reception immediately followed the ceremony featuring the bridal cake which was cut with the groom's saber.

Pre-nuptial dinner was hosted by the groom's parents, Mr. and Mrs. Leslie J. Knott, at the Red Lobster.

The Sunday rally will follow by a day a statewide seminar for lodge membership representatives scheduled for Saturday afternoon in the Grand Lodge building at 515 S. St. Mary's St.

## Hermann Sons Leaders To Rally In San Antonio

The presidents, vice presidents, secretaries and treasurers from the 159 Hermann Sons lodges in Texas will convene at the Villita Assembly Building in San Antonio Sunday, July 17, for a statewide rally launching the order's traditional three-month membership campaign. Louis B. Engelke of San Antonio, grand president, has announced. The event is expected to draw about 800 fraternalists from some 140 cities and towns in Texas, Engelke said. Because of space limitations, attendance must be by invitation only. The gathering will give local lodge leaders an opportunity to meet Grand Lodge officers and officers from other lodges and to prepare for the 1983 campaign to invite new members, starting Aug. 1 and running through Nov. 10. At present there are 79,500 Hermann Sons members. Beginning at 1:30 p.m., the rally will end with a barbecue supper and dance, with music furnished by Wence Shimek and his band from Hallettsville. Hardy A. Mosel of

Fredericksburg, first grand vice president, will be master of ceremonies. Louis R. Hoog, Jr. of San Antonio, grand secretary-treasurer, will introduce Grand Lodge officers, and Engelke will address the assembly. Entertainment will feature the Hermann Sons mixed chorus, the Hermann Sons Polkateers and the Hermann Sons Square Dancers, all of San Antonio, and troupes from the Hermann Sons Schools of Dance in New Braunfels and Gonzales. The Sunday rally will follow by a day a statewide seminar for lodge membership representatives scheduled for Saturday afternoon in the Grand Lodge building at 515 S. St. Mary's St.

### Charles Gibson Named To Outstanding Young Men

Charles Langon Gibson, son of Mr. and Mrs. Oris Gibson has been selected as one of the outstanding young men of America.

In receiving this honor he joins a group of young men from the United States who have demonstrated excellence in professional endeavors and civic activities. These men work diligently to make their cities as well as their country a better place in which to live and deserve recognition for their outstanding achievements.

He is married to the former Pam Harris. They have two sons Chad and Paul.

## Letters To The Editor

Dear Editor:

Even before the results of our ticket sales for the Haskell Fire Dept. and Auxiliary fish fry are available, I can believe that the project was a success.

We did it to benefit the Civic Center, but most of all to benefit ourselves. In the long run, we will want to use and be proud of a Civic Center here in Haskell.

I want to thank everyone who bought a ticket and helped us support the Civic Center project.

I also want to thank everyone who helped in the food preparation and service. This was our first undertaking of this size, but we learned fast.

Also, I want to apologize to the ones who went without chairs and tables while we made the mad rush to find more. We had used every table available to us at the Corral Building and still needed more.

This proves to me that we really need a facility that can house our projects. How nice it would have been to be able to pull an extra table or two from a nearby storage closet.

It would have saved us some embarrassment.

Again, I urge everyone to help support this project. We need a facility of this type so desperately.

Thanks again,

### Mrs. Herbert Lammert

MRS. HERBERT LAMMERT

Funeral for Mrs. Herbert (Mamie) Lammert, 69, of Old Glory, was at 2 p.m. Wednesday, July 13, in Faith Lutheran Church in Sagerton.

The Rev. Tommy Sparks, pastor, officiated. Burial was in Old Glory Cemetery under direction of Holden-McCauley Funeral Home of Haskell.

Mrs. Lammert died at 4:55 p.m. Monday, July 11, in Haskell County Memorial Hospital.

She was born Mamie Magdalena Lily Teichelman on Feb. 5, 1914, near Sagerton. She was the daughter of the late August and Augusta Teichelman, settlers in the Flat Top community south of Sagerton.

One of 15 children, she grew up on the family farm and attended Flat Top School, a one-room, rural school.

She was baptized and confirmed in the Lutheran faith and was a longtime member of Faith Lutheran Church in Sagerton.

She married Herbert W. Lammert Sr., on July 20, 1933, at her parents' home. The couple first lived in Bosque County where they farmed near Clifton.

In 1942, they moved to a farm east of Old Glory. Mrs. Lammert was a housewife and homemaker.

In addition to her church membership, she was also a

member of the Sons of Hermann Lodge No. 228 at Old Glory and a former member of Sagerton's Women of the Community, a home demonstration club.

Survivors are her husband, Herbert; two sons, the Rev. Herbert Lammert Jr., of Rockdale and Danny Lammert of Sagerton; one daughter, Mrs. Gloria Turner of Lubbock; six grandchildren; six sisters, Mrs. Ida Dinse of Elgin, Okla., Mrs. John Letz and Mrs. Tony Letz, both of Old Glory; Mrs. Fred Schonerstedt and Mrs. Ernest Lowack, both of Sagerton, and Mrs. Cecil Baumbach of Taylor; and four brothers, Herbert Teichelman of Old Glory, John and W.F. Teichelman, both of Sagerton, and Fred Teichelman of Hamlin.

Two brothers, Albert and August, and two sisters, Mrs. Minnie Vahlenkamp and Clara Teichelman, preceded her in death.

Pallbearers were Jay Turner, David Lammert, Herbert Vahlenkamp, Leo Albrecht, Clancy Lehrmann and Leonard Kieke.

The family requests that memorials be made to Faith Lutheran Church or the American Cancer Society.

### Julius Smith

Services for Julius G. Smith, 91, of Sweetwater were held at 10:00 a.m. Wed., July 13, at the First Baptist Church in Rule with the Rev. J.R. Williams, pastor, officiating. Burial was in Rule cemetery.

Mr. Smith died Monday, July 11 at 8:10 p.m. in Sweetwater Nursing Home.

Born July 14, 1891 in Rule, he was a farmer and cotton ginner. He married Maude McRenolds on August 2, 1914 in O'Brien. They lived in Rule until 1969, when they moved to Sweetwater. His wife preceded him in death on August 3, 1979. He was a member of the First Baptist Church.

Survivors include: one daughter, Thelma Simpkins of

Sweetwater; one son, Vergil Smith of Haskell; 1 grandson, Mike Smith of Abilene; 1 great granddaughter, Misty Smith of Abilene. He was preceded in death by his wife, and a son, Eldon, in May 1936.

Pallbearers were Melvin Fannin, Derrell Sorrells, James Moore, Eugene Rhoads, Paul Bell, and Herbert Hunt.

### David Brinlee

Funeral services for David Art Brinlee, 78, of Haskell, were held at 7:30 a.m. in Haskell Memorial Hospital.

Born June 2, 1905, in Collins County, he was a longtime resident of Haskell County, and a retired truck driver.

Survivors include one sister, Mrs. Ruby Coggins of Haskell and two nephews, Curtis Cross of San Antonio and Lewis Snelling of Haskell.

Pallbearers were J.E. Walling, Billy Jack Ray, Jack Daniels, Sr., E.C. Collins, Slover Bledsoe, and Jesse Dean.

### John Hobbs

Services for John Addison Hobbs, 24, of Abilene, were held at 10 a.m. Saturday at Elliott-Hamil Funeral Home, with Rev. Bob Rich, pastor of Wylie Baptist Church officiating. Burial was in Lakeview Cemetery in Winters.

Hobbs was born Oct. 6, 1958 in Fort Worth.

Survivors include his parents, Mr. and Mrs. William H. Hobbs of Abilene; five brothers, Robert of Merkel, William of Abilene, Danny of Oklahoma City, Jay of Odessa and Bill Mack of the home; two sisters, Jana Morris of Abilene and Susan Hobbs of the home; grandparents Mr. and Mrs. B.L. Kuykendall, of Haskell, and Vera Lindly of Winters; aunt and uncle, Mr. and Mrs. Jerry Kuykendall of Haskell; a son, Justin of Abilene and a daughter, Stephanie Hobbs of Paducah.

Family members were pallbearers.

## Six Flags Show Features Olympic History

As interest in the 1984 Olympic Games in Los Angeles continues to build, Six Flags Over Texas has introduced an elaborate multimedia show which traces the history of the Olympics from its beginnings in ancient Greece to modern times.

The show titled "Spirit of the Olympics" is being presented by Olympic sponsors 7-Eleven and Coca-Cola in the theme park's Good Time Theater each evening during the summer months.

More than 4,500 individual images flash across the theater's three motion picture screens during the 22-minute show.

The rapid-fire presentation was made possible by computer technology. The show's producers used computers to synchronize 27 projectors. The result was three, synchronized motion picture films which show pictures taken from 35mm slides, still photo-

graphs, videotape, film and computer animation.

Actual TV and radio broadcasts rekindle the drama of Olympic highlights including Bruce Jenner's decathlon victory in 1976, Jesse Owens' gold medal track and field performance in 1936 and Mark Spitz' sweep of seven gold medals for swimming in the 1972 Games.

Eric Heiden, Cathy Rigby and Bruce Jenner recall their personal moments of glory. Somber moments are remembered too, as headlines flash the U.S. Skating Team's plane crash and Jim Thorpe's disqualification in 1912.

Olympic superstars of the last 70 years are featured in a fast-moving salute of their achievements. The segment brings to mind the accomplishments of Frank Shorter, Rafer Johnson, Buster Crabbe, Peggy Fleming, Johnny Weissmuller, Babe

Didriksen, the 1980 U.S. Hockey Team, Jean Claude Killy, Dorothy Hamill, Nadia Comaneci and others.

The show also includes tributes to the youngsters who test their skills in the Special Olympics and the oldsters who strain for glory in the Senior Olympics.

The presentation's original musical score adds to the impact of one emotional sports highlight after another.

The "Spirit of the Olympics" is projected onto three screens spanning 36 feet. The screens are the focal point of a specially-designed set themed in Olympic bronze.

silver and gold and highlighted by computerized lighting which flashes in dramatic patterns to underscore the show's emotional high points. "Spirit of the Olympics" will be presented hourly each evening beginning at 6:30 p.m.

## Bailey Toliver Reappointed As Area Director Of Texas Automobile Dealers Association

Bailey Toliver of Bailey Toliver Chevrolet in Haskell has been reappointed to the key post of Area Director of the Texas Automobile Dealers Association.

Gene N. Fondren, Executive Vice-President in Austin, said Toliver will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Haskell area.

"Toliver will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Fondren.

"The job of Area Director is one of the most important in our statewide association," said TADA President Bob Hayes, Dallas, "and we are confident Toliver will serve with distinction."

TADA represents the franchised new car and truck dealers in Texas.

# LaJet Coors Classic Set Sept. 22-25

Touring golf pros Larry Mize and Jim Simons have both agreed to play in the \$350,000 LaJet Coors Classic, September 22-25, 1983, at the Fairway Oaks Golf and Racquet Club, according to Tournament Director Steve Threlkeld.

Mize took a big step forward in his young pro career by recently capturing the Danny Thomas Memphis Classic, his first tournament win on the PGA Tour. Mize won the Memphis Classic in grand style—he birdied three of the last four holes, including sinking a 20-foot pressure-

packed putt on the 18th to beat Fuzzy Zoeller by one stroke. The \$72,000 first place check in Memphis boosted Mize's earnings to \$110,077, 28th on the 1983 Money List. The former Georgia Tech golf team captain, who's in his second year on the tour, has

finished in the money in 14 of the 21 events he has entered so far in 1983. Mize's other Top Ten finish was a tie for sixth in the Coca-Cola Houston Open in early May.

Also coming to Abilene for the 1983 LaJet Coors Classic is Jim Simons, one of the most popular and personable players on the tour. Simons is no stranger to Abilene. He played in the 1982 LaJet Classic and he works with Abilene golf research specialist Dave Pelz on putting and his short game.

1983 has been an injury plagued season for Simons, whose last tournament win was the 1982 Bing Crosby Pro-Am at Pebble Beach. It was at that event that Simons revealed that he's legally blind without proper corrective lenses.

So far this year, Simons has collected \$31,408 by finishing in the money in eight events of the 15 he has entered to

other friends who were responsible in making this affair such a success. We look forward to another social fellowship with our friends and loved ones.

Come join and visit us whenever possible, we look forward to seeing and being with the people of the community. We are all blessed in living in a country of which we can meet together in fellowship and freedom to celebrate and practice the ideals of which this nation was formed.

WEBSTER New Collegiate Dictionaries. The latest most widely approved dictionary for home, office and school. Indexed. *Haskell Free Press*

currently rank 93rd on the 1983 Money List. Overall in his career, Simons has won \$738,369. The field for the 1983 LaJet Coors Classic is already shaping into one of the best on the tour as Mize and Simons join the list of early commitments. Others who have agreed to play here include 1983 Joe Garagiola Tucson Open and 1983 Glen Campbell Los Angeles Open Champion Gil Morgan, 1983 TPC Champion Hal Sutton, 1982 Southern Open Winner Bobby Clampett, and Bobby Wadkins.

**PUBLIC NOTICE**

At the request of the Office of the General Counsel of the Public Utility Commission, the Commission has established Docket No. 5113 to inquire into pressing issues involving the entire telephone industry in Texas. Docket No. 5113 will deal with many issues resulting from the impending divestiture of American Telephone and Telegraph Company and Southwestern Bell Telephone Company. Some of those issues include establishing the service areas of Southwestern Bell after divestiture and assessing the impact on other telephone companies in Texas, including General Telephone Of The Southwest, of current settlement arrangements between Southwestern Bell and those companies. Additionally, Docket No. 5113 will deal with the issues arising from the Federal Communications Commission's Final Order in Docket 78-72 (the Access Charge Docket) as they impact all telephone companies, including General Telephone Company Of The Southwest. It is anticipated that Docket No. 5113 will be evidentiary in nature. RATES FOR GENERAL TELEPHONE COMPANY OF THE SOUTHWEST MAY BE DETERMINED BY THE COMMISSION IN OR AS A RESULT OF THIS PROCEEDING. Interested parties seeking further information or desiring to participate in Docket No. 5113 are advised to write to Rhonda Colbert Ryan, Secretary and Director of Hearings, Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or telephone the Public Utility Commission Consumer Affairs Division at (512)458-0223 or 458-0227, or (512) 458-0221 TTY for the deaf.

## Haskell Nursing Center News

The Haskell Nursing Center was a scene of festive celebration Saturday night. Residents, families, friends, and staff joined together to celebrate Independence Day with a bean-ham and salad supper.

We wish to thank all of the good cooks who were responsible for the delicious meal. The Home was filled with colorful decorations and each table had an arrangement of wheat and red bandana centerpieces covered with white tablecloths.

Over 150 people were present to enjoy the meal and hear the Sweet Home Singers bring a Gospel Program. There were guests from Ft. Worth, Hamlin, Rule, Rochester, and other surrounding towns.

Chris Collins and Mona Gibson helped serve and host along with Georgia Shipman - Head Director, and Nelda Webb - Director of Nurses.

Cooter Boles led the singing and inspired the audience to join in and help fill the Home with a joyful and inspiring fellowship.

Mrs. Beason, former administrator from Rochester attended the social with her husband and was recognized. Many family members of residents were present. We wish to thank the staff and

## Texas Farmers Union Banquet Set July 14

District 3 of the Texas Farmers Union will host its banquet on Thursday, July 14 at 7:00 p.m. at the Ag Pavilion in Crowell. Addressing the banquet will be Mike Moeller, President of the Texas Farmers Union; Jim Hightower, Texas Commissioner of Agriculture; and State Representative Steve Carriker of the 78th District.

Borchardt of Crowell said, "Jim Hightower plans to give an informative speech on the Texas Department of Agriculture's efforts to boost farm income and open up more domestic and international markets for our products. He will also discuss the benefits of an ongoing supply-management program for all commodities." Borchardt added, "Representative Carriker plans to discuss the Agricultural Development Act along with other agricultural legislation and its impact upon Texas farmers and ranchers."

District Director Floyd

Moeller said, "One of the major highlights of our legislative program was the passage of the Agricultural Development Act which will help producers if they should choose to process and market their own products." The purpose of the Act is to provide low-interest financing to agricultural producers to package, process, market or transport their own products, and will take effect on August 29. The Texas Farmers Union was the only general farm organization to support the passage of this Act.

Both Moeller and Hightower will discuss the recently passed Brucellosis Control Bill and will also give reports on their efforts to stop the freezing of target prices. Predicting a large attendance at the banquet in Crowell, Borchardt concluded, "Our attendance will help to show our appreciation to three great spokesmen for family agriculture."

Reservations for the barbecue should be made with county officers or by calling Floyd Borchardt at 817/684-1675. Door prizes will be given away, and the public is also invited.

## Two New Laws To Crack Down On Drug Abuse Signed

Two bills supported by the Texas Medical Association to crack down on drug abuse have been signed into law by Gov. Mark White.

One measure makes look-alike drugs illegal in Texas, and the other law in effect removes the much-abused drug methaqualone (Qualudes) from the marketplace. The common street name is "ludes."

Attending the recent signing ceremony at the Capitol was Dr. Stuart Nemir Jr., of Austin, chairman of TMA's committee on alcoholism and drug abuse.

The first law prohibits the manufacture, sale, and delivery of look-alike drugs, also known as imitation controlled substances. They are made to resemble controlled substances such as amphetamines. These imitations usually

consist of some combination of phenylpropalmine, ephedrine and caffeine, all legal, over-the-counter drugs. But the combinations have not been tested and could cause serious side effects for users, often teenagers.

In addition, a particular danger exists for the person who has been taking look-alikes in modest amounts and then unknowingly takes the real thing. The Food and Drug Administration has confirmed 12 deaths associated with the use of look-alike drugs.

For all of these reasons, the 22,000 member TMA pushed for passage of this bill. The sponsors were Sen. Bob Glasgow (D-Stephenville) and Rep. Gary Thompson (D-Abilene).

The second law reclassifies

methaqualone as a Schedule I drug, the most dangerous of the five categories under the state's Controlled Substances Act. The effect of classifying a drug under Schedule I is to make it unavailable for prescription by physicians. Heroin, codeine, and morphine are other Schedule I drugs.

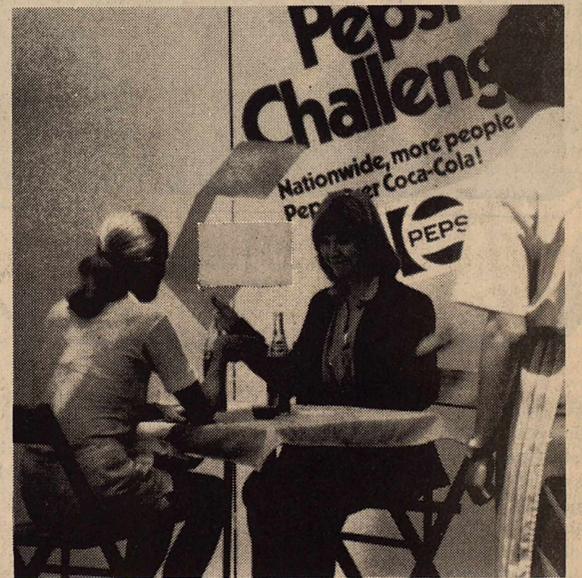

Besides the problem with abuse by drug addicts, TMA supported the rescheduling of methaqualone because there are a number of less-abused, equally effective substitutes that doctors can prescribe.

Sponsors of the methaqualone bill were Sens. Glasgow and John Montford (D-Lubbock) and Rep. Thompson.

The Texas Medical Association is a non-profit, voluntary organization of physicians and medical students.

# Blood Donors Screened For Diseases

The nation's voluntary blood service organizations today announced they do not advocate "directed donations," an unconventional practice whereby patients needing transfusions select their own blood donors. The American Red Cross, American Association of Blood Banks and Council of Community Blood Centers agreed that existing arrangements with volunteer donors and donor groups are the best way of assuring a safe supply of blood for all patients needing transfusions.

Publicity about the current AIDS epidemic has led to widespread concerns about the possibility of transmitting AIDS through blood transfusion. The facts do not justify these concerns: data accumulated over the last three years indicate that the possible occurrence of AIDS in transfusion recipients is on the order of one case per million patients transfused. Still, as a consequence of misleading reports, some patients have demanded that blood for their transfusions be donated by specially selected family members, friends or co-workers.

The three organizations emphasize there is no scientific basis for the assumption that blood from donors selected by patients is safer than that available from volunteers at community blood banks. In fact, such a practice may be hazardous because it could pressure selected donors to be untruthful about their ability to meet donor eligibility requirements.

ARC, AABB, and CCBC all agree that the altruistic volunteer donor who is free from coercion or expectation of gain is the safest blood donor. As a further precaution, blood centers across the country have recently adopted even stricter requirements for blood donation to assure that high risk donors are excluded.

Adopting a policy of patient-directed donations would create an illusion of additional protection where none exists and, by disrupting existing volunteer donor systems, could result in inability to supply blood to patients who need it. The blood collecting organizations are also concerned that the logistical complexities of patient-directed donation could lead to serious errors in donor and patient identification.

ARC, AABB and CCBC represent some 2500 community and regional blood centers, hospital blood banks and transfusion services which collect and transfuse over 98% of the nation's blood supply.

COLLEGE STATION — The Reagan administration could save consumers money if it deregulated natural gas before summer instead of gradual deregulation over the next three years, says a Texas A&M University economist.

"Although the long-term deregulation plan will ultimately mean lower gas bills for consumers, deregulating natural gas before summer would have a more immediate effect," said Dr. S. Charles Maurice.

Maurice pointed out that present regulations are forcing pipeline and utility companies into buying higher-cost gas when lower-cost supplies are readily available. He said the long-term deregulation plan only provides incentives for companies to keep cheaper natural gas supplies off the market until price ceilings are lifted.

Deregulation will insure extra supplies of natural gas, which will only cause prices to come down, he said. The problem for proponents of deregulation, Maurice added, is to convince people that increases in price would be temporary.

# Crib Death Still A Mystery

The mother of an apparently healthy infant lays her child in his crib. An hour later the mother discovers that the sleeping child has died, a victim of sudden infant death syndrome, or SIDS.

A scene similar to this one occurs about 8,000 times each year in this country, says the Texas Medical Association. That means one of every 500 live births.

The death is unexpected and the cause unknown. SIDS itself was unknown until the 1960's, when the phenomenon was given its name. It was the mid-1970's before SIDS, also known as "crib death," was used as a cause of death on death certificates.

Now it is the most common cause of death in infants 2

weeks to a year old, accounting for a third of these deaths. Several groups have responded with funding for research, information distribution, and parental counseling.

From what is known, SIDS is not believed to be hereditary. It is not contagious, although a viral infection may be present. SIDS occurs most frequently in the third or fourth month of life. The incidence is higher in infants born prematurely or living in poverty. SIDS occurs more frequently in boys than in girls and in winter more than in summer. Most infants with SIDS die in their sleep, with no signs of trouble and no crying out.

Autopsies show that SIDS has nothing to do with

suffocation caused by, say, a blanket. There may be minor inflammation of the upper respiratory tract, but this is not the cause of death. Sleep apnea, a temporary inability to breathe, may be a contributing factor.

Theories aside, a true SIDS victim dies of unknown and unexplained causes. This can have a destructive effect on a family. With nowhere to place the blame, parents may accuse themselves, each other, or other family members. The loss of a child to a

disease or an accident can be understood, but not the loss of a baby to an unknown.

For this reason, support groups help families of SIDS victims to adjust to the death and to understand that no one is to blame. Two of these groups are the International Council for Infant Survival (phone: 202-833-2253) and the National Sudden Infant Death Syndrome Foundation (301-459-3388). Both groups can provide information on the nearest local chapter.

# Social Security Investigating Benefits

Disability benefits are intended to be paid only as long as a person's condition prevents substantial gainful work.

Social Security's strict definition of disability is one only the severely disabled can meet. Partial disability is not sufficient for a person to qualify for, or to remain entitled to, Social Security benefits.

The 1980 amendments to the Social Security Act require periodic review of all disability claims. Each claim must be reviewed at least once every three years unless it is determined a shorter or longer review period is justified. This review will begin at the local Social Security Office with a personal face-to-face interview.

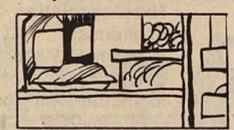

The new law recognizes that many advances in medical science and rehabilitation techniques enable an increasing number of people to return to work after serious accidents and illnesses. For example:

- \*Surgery and new mechanical aids and devices improve mobility and enhance job opportunities for many individuals with orthopedic and neurological impairments.
- \*Coronary bypass surgery, pacemakers, and new medications enable some people with cardiovascular impairments to lead more active lives.
- \*Kidney dialysis enables many people to hold productive jobs.
- \*Microsurgery, prosthetic surgery, organ transplants, new drugs, and new methods of treatment enable additional people to overcome their handicap.

When an individual applies for disability benefits, he agrees to report promptly if he goes to work or if his medical condition improves.

The Social Security Administration has an obligation to terminate disability benefits when an individual is not disabled. The primary purpose of a continuing disability investigation is to obtain complete, current information about the disabled individual's medical condition and work activity. This information is used to determine if an individual continues to meet the definition of disability as prescribed by law.

If you have any questions about continuing disability investigations, or any other aspects of Social Security, Supplemental Security Income, or Medicare, you can call the Social Security Office in Abilene. The number is 698-1360. They will be glad to assist you.

# Cotton growers: save bucks and beneficients.

DIPEL® helps protect the high-yielding bottom crop from bollworms. And, because DIPEL leaves beneficients in the field, you reduce the chances of getting locked into a regular-interval spray program. Net result: your overall insecticide costs are likely to be reduced.

Since DIPEL costs less per acre than most conventional insecticides...and beneficients continue working your fields...bottom-line profits should be greater!

DIPEL is a natural, biological worm killer. One bite of treated foliage and worms stop feeding almost immediately...then die within a few days. DIPEL has not shown worm resistance build-up, won't affect boll maturity, and has not shown harmful effects on man or his environment.

DIPEL 4L is the only microbial insecticide which is registered for use with cotton seed oil. DIPEL may also be tank mixed with ovicides such as chlordimeform or methomyl if significant eggs are present at time of treatment.

Apply DIPEL when the majority of worms are less than 3/8" long, and scouting reports show light to moderate (up to 15,000 worms per acre) populations.

This is the year you need to save bucks and beneficients while controlling bollworms. DIPEL does it all!

## Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective August 1, 1983, unless otherwise determined by the Commission.

A complete copy of the new rate schedule is on file with the Texas Public Utility Commission (PUC) at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

As a result of the settlement of a lawsuit brought by the U.S. Department of Justice against AT&T, Southwestern Bell, on January 1, 1984, (or as otherwise ordered by the United States District Court) will no longer be a part of the Bell System, but will be owned by public shareholders. Under the terms of the settlement, Southwestern Bell has identified 15 areas in the state within which it may provide service, and the federal court with jurisdiction of the settlement has tentatively approved these areas, called LATAs (Local Access and Transport Area). On or about January 1, 1984, Southwestern Bell can not provide service between these LATAs, and in addition, must transfer to AT&T customer premises equipment that it leases to customers.

Southwestern Bell has filed a proposed revised rate schedule with the PUC reflecting these changes. These rates would become effective August 1, 1983, if they are not suspended by the PUC; however, it is expected that they will be suspended and that the rates ultimately set by the PUC will become effective on or about January 1, 1984. If the rates were to become effective as filed, they would produce a 48.2% increase in Southwestern Bell's unadjusted test year revenues (or a 76.36% increase in Southwestern Bell's test year revenues adjusted to reflect the effect of Southwestern Bell's divestiture from AT&T). Any change in the rates for any interLATA services offered by AT&T or a subsidiary after January 1, 1984, could affect customers of Southwestern Bell Telephone Company.

### Notice to Customers of Other Telephone Companies

While Southwestern Bell has proposed no increase in rates for intraLATA interexchange toll services, any change in those rates could also affect customers of other telephone companies. Southwestern Bell is proposing changes in the structure of the present private line and foreign exchange services. Changes in these rates may affect customers of other telephone companies. Any change in the rates for any interLATA services offered by AT&T or a subsidiary after January 1, 1984, could affect customers of other telephone companies.

## Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio de teléfono en Texas, con vigencia a partir del 1o de agosto de 1983, a menos que la Comisión haga otra determinación.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (PUC, ó Comisión de Servicios Públicos) de Texas en Austin, Texas, al igual que en cada municipalidad afectada y que es servida por Southwestern Bell, y dicho arancel está disponible para inspección pública en todas las oficinas de Southwestern Bell en Texas. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios cada vez que Southwestern Bell solicite un cambio en dichas tarifas.

Como resultado del arreglo judicial al cual se llegó tras el proceso legal entablado en contra de AT&T por el U.S. Department of Justice (Departamento de Justicia), Southwestern Bell dejará de formar parte del Bell System (Sistema Bell) a partir del 1o de enero de 1984 (ó en la fecha que disponga el United States District Court — Tribunal Federal de Distrito), y llegará a ser posesión de accionistas públicos. Bajo las condiciones de dicho arreglo, Southwestern Bell ha identificado 15 regiones dentro del Estado de Texas en las cuales puede proporcionar servicio, y el tribunal federal con jurisdicción en el arreglo ha dado su aprobación provisoria a éstas regiones, que se denominan "LATAs" (Local Access and Transport Area, ó Regiones Locales de Acceso y Transporte). A partir de fecha 1o de enero de 1984 aproximadamente, Southwestern Bell no podrá proporcionar servicio entre dichas LATAs, y además deberá ceder a AT&T todo equipo ubicado en premisas de clientes y alquilado a los mismos.

Estos cambios se han incluido en el propuesto arancel de tarifas de servicio revisado que Southwestern Bell ha archivado con la PUC. Dichas tarifas tendrían vigencia a partir del 1o de agosto de 1983, a menos que fueran suspendidas por la PUC; sin embargo, se espera que si seran suspendidas, y que las tarifas que en último caso establezca la PUC entrarán en vigor a partir de fecha 1o de enero de 1984 aproximadamente. Si las tarifas entrarán en vigor tal y como se han archivadas, aumentarían en un 48.2% los ingresos no-ajustados de Southwestern Bell para año de prueba (unadjusted test year revenues), ó sea un aumento de 76.36% en los ingresos de Southwestern Bell para año de prueba, ajustados para reflejar el efecto del despoesamiento entre Southwestern Bell y AT&T. Cualquier cambio en las tarifas para cualquier servicio tipo-interLATA que proporcione AT&T ó una compañía subsidiaria después del 1o de enero de 1984 podría afectar a los clientes de Southwestern Bell Telephone Company.

### Aviso a los Clientes de Otras Compañías de Teléfono

Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para servicios tipo "intraLATA interexchange toll", cualquier cambio en dichas tarifas también podría afectar a los clientes de otras compañías de servicio telefónico. Southwestern Bell está proponiendo cambios en la estructura de los servicios actuales de línea privada (private line) y de intercambio extranjero (foreign exchange). Cambios en las tarifas para dichos servicios podrían afectar a los clientes de otras compañías de servicio telefónico. Cualquier cambio en las tarifas para cualquier servicio tipo-interLATA que proporcione AT&T ó una compañía subsidiaria después del 1o de enero de 1984 podría afectar a los clientes de otras compañías de servicio telefónico.

## PUBLIC NOTICE

At the request of the Office of the General Counsel of the Public Utility Commission, the Commission has established Docket No. 5113 to inquire into pressing issues involving the entire telephone industry in Texas. Docket No. 5113 will deal with many issues resulting from the impending divestiture of American Telephone and Telegraph Company and Southwestern Bell Telephone Company. Some of those issues include establishing the service areas of Southwestern Bell after divestiture and assessing the impact on other telephone companies in Texas of current settlement arrangements between Southwestern Bell and those companies. Additionally, Docket No. 5113 will deal with the issues arising from the Federal Communications Commission's Final Order in Docket 78-72 (the Access Charge Docket) as they impact all telephone companies. It is anticipated that Docket No. 5113 will be evidentiary in nature. RATES FOR SOUTHWESTERN BELL MAY BE DETERMINED BY THE COMMISSION IN OR AS A RESULT OF THIS PROCEEDING. Interested parties seeking further information or desiring to participate in Docket No. 5113 are advised to write to Rhonda Colbert Ryan, Secretary and Director of Hearings, Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or telephone the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or 458-0227, or (512) 458-0221 TTY for the deaf.

## AVISO PÚBLICO

A solicitud de la Oficina de Consejo Legal (Office of the General Counsel) de la Comisión de Servicios Públicos (Public Utility Commission), la Comisión ha establecido la Acta No. 5113 con el fin de investigar asuntos de importancia que incumben a todas las compañías de servicio de teléfono en el Estado de Texas. La Acta No. 5113 tratará con muchos asuntos que resulten del despoesamiento que está pendiente entre American Telephone and Telegraph Company y Southwestern Bell Telephone Company. Algunos de éstos asuntos incluyen el de establecer las áreas de servicio de Southwestern Bell después del despoesamiento y el de tasar los efectos de los arreglos judiciales que están en vigor entre Southwestern Bell y otras compañías de servicio de teléfono en el Estado de Texas. Adicionalmente, la Acta No. 5113 tratará con los asuntos que surjan del Decreto Final (Final Order) de la Comisión Federal de Comunicaciones (Federal Communications Commission) en la Acta No. 78-72 (ó sea la Acta de Cobros por Acceso — Access Charge Docket) en cuanto al efecto que tengan en las actividades de todas otras compañías de servicio de teléfono. Se anticipa que la Acta No. 5113 será probatoria. PUEDE QUE LASTARIFAS QUE COBRE SOUTHWESTERN BELL SEAN DETERMINADAS POR LA COMISIÓN EN Ó COMO RESULTADO DE ÉSTE PROCESO. A las partes interesadas que busquen más información, ó que deseen participar en la Acta No. 5113, se les aconseja comunicarse por escrito con la Sra. Rhonda Colbert Ryan, Secretary and Director of Hearings (Secretaria y Directora de Vistas), Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, ó llamar a la Consumer Affairs Division (División de Asuntos de Consumidores) de la Public Utility Commission al (512) 458-0223, ó 458-0227, ó (512) 458-0221 TTY para aquellos que padecen de la sordera.
