GETTING READY

Members of the Board of Directors of the Haskell Junior Livestock Association and other volunteers invited Haskell County residents for supper last week. The annual cornbread and bean supper is held each year immediately prior to the Junior Livestock Show. Proceeds from the supper will be used to support the show which will be held Jan. 26-28.

Haskell Chamber of Commerce Announces Coming Events

By Wanda Dulaney, Mgr., Haskell Chamber of Commerce

Community Chorus Sings Country
Concert scheduled Saturday, January 28, 1984 at 7:00 p.m., Elementary School Cafeteria. Ford Cole, choral director; Wanda Dulaney, coordinator; Charles and Louise Thornhill, narrators; soloists: Bob Acree, Rochester, Franciene Johnson, Philip Martin, Carolyn Everett, Ed Walling, Carolyn Reynolds, Tom Watson, Virginia Kloog, Bro. Phil Harris, John Wayne McDermett, Delight Jones, Dr. Ed Harris, Ford Cole, Bro. Mike McKinney, musicians: Ellen Rieger, pianist, Bonnie Workman, Rule, fiddle; Dickie Greenwood, guitar; Bro. Mike McKinney, guitar. The chorus will present the most popular country songs of the past century. Admission \$1.00. Tickets at door

only.

Irish Shindig

Haskell Chamber of Commerce Annual Banquet Saturday, March 17 at 7:00 p.m. Elementary School Cafeteria. Tickets \$7.50 each beginning Feb. 8 from any member of the Chamber Board of Directors, the Welcoming Committee, Chamber office or Haskell National Bank. Seating is limited due to unavailability of enough chairs and tables. (Won't it be great to have a Civic Center so that such problems will be solved?)

Membership Campaign

During the month of January, the Board of Directors of the Chamber of Commerce will conduct an extensive membership campaign, contacting persons who have already expressed an interest in joining and other prospects who have been referred by Chamber members. Don Comedy is chairman

of the campaign, with Mrs. C.M. Conner, honorary co-chairman. Mrs. Conner had been asked to be an active leader prior to her illness because of her involvement with the Chamber throughout the years and her enthusiasm for others to join.

Advantages of membership include; an investment in your home town, opportunity for community involvement, a part of growth, a voice in electing chamber directors and Haskell's Most Outstanding Citizen, promotion of activities, personal satisfaction in uniting in community spirit, help promote retail trade expansion, and to be a part of an organization that is working for the good of all organizations. Persons who are interested in becoming members may call the Chamber office for additional information. There are currently 123 members.

G.E.D. Tests Scheduled January 28 By Appointment

The G.E.D. Exam, a high school equivalency test, will be given by the Abilene Adult Education G.E.D. Testing Service on Saturday, January 28th by appointment.

The G.E.D. Exam is given regularly on each Tuesday and Wednesday of each week by appointment. The Saturday testing date is for persons who work and can not come in on the regular testing dates.

Persons who wish to make an appointment to take the exam must come by and pre-register and pay the \$20.00 fee in cash or money order. (No checks accepted). Pre-registration must be made before Saturday, January 28th.

To be eligible to take the exam,

Haskell Indians Now 3-0 In Dist. Play

BY TODD HARRIS

The Haskell Indians defeated the Munday Moguls last Friday night 58-56 in overtime. Patrick McCoy led the scoring with 18 points. Shane Hadaway followed with 16.

"We finally began to come out of our slump that we have been in for the last three or four games. It feels good to keep winning when you aren't really playing well," Coach Raughton said.

Super Bowl Party

The Country Club will host a Super Bowl party Sun., Jan. 22 at the Clubhouse. T.V.'s provided, bring your own snacks and drinks. Come early.

persons must not be enrolled in the regular in-school program. Seventeen year olds (17) must have parental permission and proof of withdrawal from public school. A picture identification, such as a driver's license is also required for all applicants.

Persons living out of town may send a money order payable to the Abilene Independent School District at 150 Orange St., Abilene, Texas 79601. For additional information, one may call (915) 673-6585.

The G.E.D. Exam covers five (5) academic areas: Writing Skills, Social Studies, Science, Reading Skills, and Mathematics. The Exam will begin at 8:15 a.m. and usually takes from 6 to 7 hours. Persons

who successfully pass the exam will be issued a certificate from the Texas Education Agency. Anyone who wishes to study prior to the exam may enroll any Mon. night (6-9) in Room 106 at the Haskell High School. These evening classes are at no cost. Books and supplies will be furnished to the student.

Scholarships Available For Two HHS Seniors

Two Haskell High School seniors have an opportunity to win a \$500 college scholarship, it was announced this week by Bill Comedy, publisher of the *Haskell Free Press*.

The *Free Press* is a member of the West Texas Press Association, the world's largest regional press group, and that organization is seeking out two future community journalists to receive stipends of \$500 each.

Through the "Bob Craig Memorial Scholarship" program, named in honor of long-time *Hamlin Herald* publisher Bob Craig who died in 1981, the West Texas Press Association is sponsoring an essay contest based on the theme "My Future and Career Plans in Community Journalism". High school seniors interested in pursuing a career in community journalism may submit their essays to WTPA Scholarship Committee, Marshall Day, Chairman, Drawer 1200, Seminole, Texas 79360.

The essays must be postmarked no later than April 15, 1984.

The essay is limited to a maximum of 400 words and no letters of reference will be accepted

100 Persons Attend Rick Perry Reception

About 100 persons attended a reception last Friday for State Representative candidate Rick Perry.

The reception was held in the Community Building of the Haskell National Bank during which Perry made a formal statement concerning his candidacy for State Representative of the 64th Legislative District.

Perry told those attending that he was going to Austin to represent the people of this district and that he had no intention of entering the race to benefit his career or just to have a good time. He said that the people of this district deserve an effective voice in Austin and that he is committed to making that voice be heard.

He stated that during the past two

weeks he had traveled over much of the district and that support had been overwhelming, but added that he needed the help of those attending the reception. "I'm asking you to get personally involved in this campaign. Money and publicity aren't enough, its going to take all of us working together," said Perry.

During a question and answer session Perry stated that he had no axes to grind and was not in the race to go to Austin for any specific purpose. He added that fiscal

responsibility was a major problem facing Texas and that he would fight tooth and nail to keep our state on a "pay as you go" basis. He added that education, aid to the elderly and raising sufficient revenues to fund the state budget would be major problems facing the legislature during the next two years. "With your help and the help of the people of the 64th District, we can address these problems in an intelligent manner and continue living in the greatest state in the nation," said Perry.

Haskell Maidens 2-1 In District Play

BY JENNIFER DAVIS

The Maidens will play their fourth district game at 6:30 p.m. Friday in Paducah.

In last week's district action the Maidens ended their losing streak by defeating Rotan 38-33.

Leading the Maidens scoring attack was Jennifer Davis with 11.

"We finally started hitting the outside shots; we needed to pull people out of a tight zone. That, coupled with the fact that our press worked well, gave us the edge to win," Coach Jim Bob Micker said.

Also, in a very physical game, the Maidens defeated Munday, 36-29.

Holli High and Tamala Randle combined their efforts and led the Maidens with 8 each.

"Tenacious defense along with a good third quarter scoring surge helped in this win. The main reason we're 2 and 1 now is that we're starting to play smart basketball and not turning the ball over," Coach Micker said.

The Maidens played Hamlin Tuesday night but scores were unavailable at press time.

Cold Spell Could Have Impact on 84 Pecan Crop

The late December cold spell in Texas could have a major impact on the 1984 pecan crop.

"Many rapidly growing young pecan trees (less than 7 years old) as well as pecan trees in nurseries took a severe beating from the prolonged cold weather," says Dr. George Ray McEachern, horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. "Mature trees that were stressed from a heavy crop in 1983 could also have suffered some freeze injury," adds McEachern. "This is especially true of Barton, Mahan and Wichita varieties."

Also, mature trees that were drought-stressed at the time of the severe cold weather likely suffered more severe freeze damage, notes the horticulturist.

Commercial pecan growers as well as homeowners interested in nursery pecan trees to plant this winter should inspect them closely for freeze injury before making a purchase. McEachern suggest slicing the buds, cambium (layer of growth just under the bark) and crown (base of plant) to check for brown tissue, which would indicate freeze damage.

The horticulturist also advises against pruning back existing trees until mid-May to determine the extent of any freeze injury. "Freeze

injury can be deceiving," says McEachern. "Pecans trees that have been frozen often bud out and look healthy in April. This growth can be 6 to 12 inches long before it wilts and turns brown a few weeks later. The cambium layer of freeze-damaged pecan trees will have a brown color and a syrup-sugar smell in late April."

He advises growers and homeowners to keep a close check on their pecan trees in the coming months to determine the extent of freeze injury.

Youth Revival Set Jan. 20-22

There will be a youth revival at the First Assembly of God Church on Fri., Sat. & Sun. Jan. 20-22. Services on Fri. & Sat. will begin at 7:30 p.m. & services on Sunday are at 11:00 a.m. & 6:30 p.m.

The speaker for this revival will be Reverend Terry Bryan, youth pastor at North Mesquite Assembly.

Everyone is welcome. Come with an open heart and receive what God has in store for you.

There will be activities after the services for anyone that would like to participate.

Producers Meeting Set January 26

A producers meeting will be conducted by Glenn R. Brzozowski, Haskell County Executive Director of ASCS, concerning the 1984 wheat, feed grain and upland cotton program provisions.

The meeting is set for January 26 at 7 p.m. at the Haskell National Bank Community Building.

The sign-up period for the 1984 program began January 16 and continues until February 24.

Farm Bureau Directors Plan Meet The Candidate

Members of the Board of Directors of the Haskell County Farm Bureau met in regular session Jan. 10 and made plans for a "meet the candidate" program during the month of March.

The program will be open to the public and will feature invitations to all political candidates. The time and place of the event will be announced at a later date.

Directors also discussed meetings recently sponsored by the Farm Bureau. The meetings included a farm program meeting with ASCS County Executive Director Glenn Brzozowski and a hedging workshop conducted by Mike Williamson of the Farm Bureau office in Waco.

Directors also agreed to donate \$5.00 per entry for the premium sale during the Haskell County Junior Livestock Show. The show will climax with the premium sale Jan. 28.

for consideration in the contest.

In addition to being a senior in high school, they must maintain a "B" average or better and plan to continue studies at a school of journalism. Once the winners are selected they must be enrolled in at least three hours of journalism each semester he or she receives assistance.

The scholarships will be divided into payments of \$250 per semester for two semesters for two students. The essays will be judged by the Texas Press Association.

Booster Club Luncheon Set Jan. 19

The annual Booster Club luncheon is scheduled for Thursday, January 19 from 11-1 at the Corral Building.

Tickets are \$3.50 for adults and can be purchased from any athlete or at the door. Children's tickets (12 and under) will be sold at the door for \$2.00 each.

Proceeds will go to benefit the athletic program.

schnuriger

Here we have the gift of a brand new year to do with as best we can. Many people have long since given up making resolutions, thinking that such promises to themselves are generally broken. It seems to me, however, that just to sort out one's thoughts and ambitions to the point of even making a resolution is all to the good. And if one can by chance keep a brave new resolution, so much the better. Try making just one where your art world is concerned—do some drawing, sketching or painting every day. You will become a better artist and a more useful, happier person.

Q. I want to paint portraits. How long should one paint before attempting a portrait?
A. If you are like most

people I know, you will not wait long enough, but try it soon, and more than likely you will succeed. But do not be disappointed if you do not get a likeness. While portraiture is extremely rewarding on the one hand, it is tedious, hard to learn, exasperating and often quite frustrating on the other. In landscapes, you generalize, while in portraits, you particularize. You should learn to draw individual features such as the eyes, nose, mouth, ears, necks, etc. Then when you can put them all together, in the right proportion, you are on your way. It is said that if you can make a vase round, then you

can paint a head—can you do that?

Q. How do you paint a yucca?

A. Not easy! Study the plant first to see the forms. You need to know the anatomy. It would be quite difficult and take more than this column to explain the technique of painting a yucca. I have written a book on "Painting Cactus and Yucca". Come by the studio and you can see it, then you will know how much space it would take here.

Q. What brush do you use to paint a yucca?

A. A scriptliner.
HINT: We all know the importance of direction of light, but have you thought about the direction of wind? Don't make the smoke go one direction and the clothes on the line go the other.

Write your questions and hints to me, Faye Schnuriger, P.O. Box 134, Haskell, Texas 79521. I will not use your name but do want you to sign your letters.

Births

Mr. and Mrs. Tim Lacey of Midlothian announce the birth of their daughter, Tara Celeste Lacey, born January 16, 1984 at 8:30 p.m., weighing 6 lbs. 6 oz. Grandparents are Mr. and Mrs. Jerry Sorrells of Breckenridge and Mr. and Mrs. Charles Burnett of Haskell. Great grandmothers are Mrs. Bill Carter of Haskell and Mrs. Beulah Ross of Rule.

Mr. and Mrs. Tad Brian Richardson of Knox City, announce the arrival of their daughter, Carrie Anne Richardson, born January 15, 1984 at Haskell Memorial Hospital, weighing 7 lbs. 4 1/2 oz.

Mr. and Mrs. Charlie Flye Jr. of Knox City, announce the arrival of their son, Christifer Lawrence Flye, born January 15, 1984 at Haskell Memorial Hospital, weighing 6 lbs.

Hospital Notes

Visiting hours at Haskell Memorial Hospital are 2 to 4 p.m. and 7 to 8:30 in the evening. No visiting hours in the morning. No children under 14.

Garden Club Votes In New Slate of Officers

The Haskell Garden Club met at 2:00 p.m. January 12 in the Haskell National Bank Community Room with the president, Mrs. Marsh Whittemore presiding. "Growing and Learning" were taken from the theme "Growing-Showing-Sharing" by the program director, Nettie McCollum who ask Mrs. N.L. Bevel to introduce

Rochester Hobby Club Elects Officers

The Rochester Hobby Club recently held a New Year's party and elected new officers. They include President, Helen Cox; 1st Vice President, Tinnie Mae Short; 2nd Vice President, Odessa Erwin; Secretary, Evelyn Rogers; Treasurer, Mae Speck; Reporter, Olga Alvis.

The Hobby Club meets every first and third Tuesday at the Hobby Club Building and quilts.

her son, Mr. James Bevel, Vocational Agriculture teacher in Haskell High School.

Mr. Bevel told of the uncertainty of the effect the cold weather will be on the fruit and pecan trees as well as other plants in the yards. He said it was all right to start pruning back to where the green could be seen in the center of the stems, but also, be sure and paint the cut off limbs with pruning paint, because of the pecan borers. He said to start a good fertilizing program about the first of February or later. Soils are important to have a loam mixer of sand, clay and silt phosphate makes the blooms and produces the fruit. Do not use too much ammonia sulfate, but a good fertilizer like 16-20-0 every once in a while.

The club voted to accept the new slate of officers, the nominating committee submitted, chairman, Juanita Rhea, Mary Bischofhausen, Janelle Nanny. The officers for 1984-1985 are: President Mrs. Callie Robison; first vice-president, Mrs. J.O. Blankenship; second-vice president, Juanita Rhea; recording secretary, Mrs. Lorene Dewey; treasurer, Mrs. Mary Bischofhausen; corresponding secretary, Mrs.

Cody West; Parliamentarian, Mrs. Marsha Whittemore; and reporter, Mrs. J.C. Dunnam.

Mrs. Iva Davis read the "conservation pledge", I give my pledge as an American to save and faithfully to defend from waste the national resources of my country, its soil and minerals, its forests, waters and wildlife."

Mrs. Blankenship said she would donate a crepe myrtle for the January 18 Arbor Day planting at the Labriere House, the oldest one in Haskell.

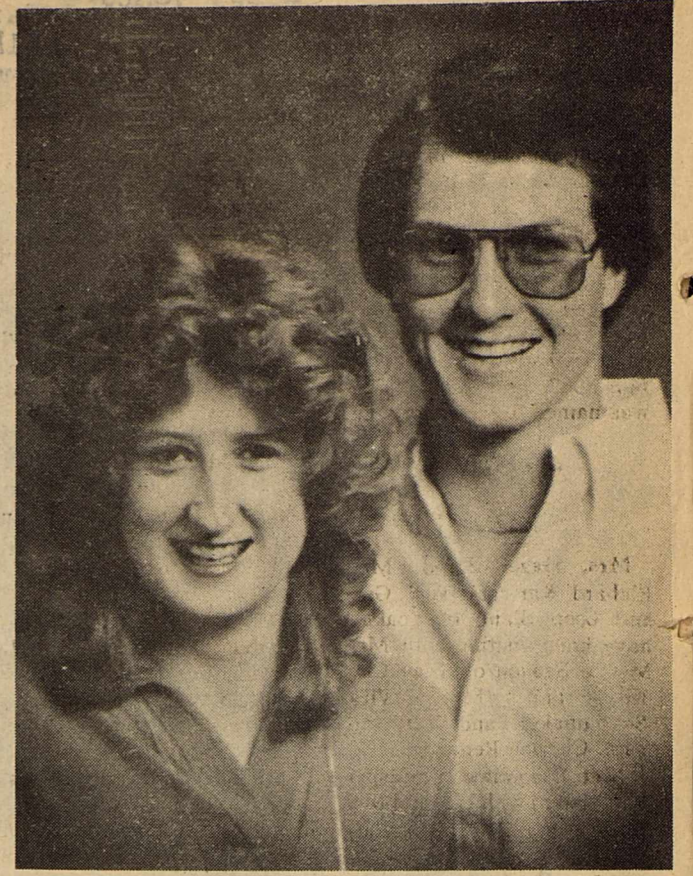

Mrs. Blankenship said she had decided to give up the "yard of the month" after doing it for 18 months.

Horticulture was shown by Mrs. Blankenship, the bulbs she planted in October after keeping them in a dark place, they had begun to grow. We hope to see them blooming soon.

Juanita Rhea showed an arrangement representing the "4th of July picnic and fireworks", "Shooting of the Rockets" displaying red, white and blue.

Mrs. Marguerite Jordan of San Antonio, sister of Nettie McCollum was a visitor.

Hostess were Mrs. Otho Nanny and Mrs. Ed Fouts.

Engagement Announced

MR. & MRS. MICHAEL MILLER of Slaton announce the engagement to their daughter, Teri Denise Huckabee, to J. Edward Bland, son of Mr. & Mrs. Joe Fletcher of Rochester. Miss Huckabee is a 1979 graduate of Slaton High School and graduated from Bauder Fashion College in 1981. She is employed as a merchandise coordinator for Dillard's Department Stores. Mr. Bland graduated from Rochester High School in 1977 and received a degree in finance from UTA in 1983. He is employed by Woodcrest Realty of Fort Worth. A February 19th wedding is planned and the couple plan to reside in Fort Worth.

MR. AND MRS. R. W. TURNBOW

Anniversary Reception To Honor Turnbows

Mr. and Mrs. R.W. Turnbow will be honored with a reception January 21st from 5 to 8 p.m. (if icy weather will be January 28th) at the Haskell National Bank Community Building in observance of their 50th wedding anniversary.

Hosting the celebration will be their children and grandchildren, Mr. and Mrs. (Patsy) "Cotton" Milliman, Vic and Pam, Mr. and Mrs. Rit Milliman, Mr. and Mrs. Nathan Milliman, and Mr. and Mrs. Mark Knight.

Mr. Turnbow was born in Haskell County November 27, 1911.

Mrs. Turnbow, the former

Estabelle Brown, was born in Arkansas October 15, 1915 moving to Haskell County in early childhood.

They were married in the Methodist Parsonage in Haskell by the late Rev. Orin Carter on January 25, 1934.

Mr. Turnbow was the former manager of the Haskell Coop. Gin, farmer and stockman.

Mr. and Mrs. Turnbow have lived in Haskell County all of their married years and they are members of the First Baptist Church of Haskell.

All friends and relatives are invited to attend. No gifts please.

Haskell FHA Members Tour Fitness Shop

By Vickie Judd
The Haskell Chapter of Future Homemakers of America toured the Fitness Shop after a short January business meeting.

Laura Tidwell, co-owner, led the members in an exercise routine.

The top 15 members, those receiving the most points during the fall semester, will be attending the ACU Dinner Theatre on Feb. 9. The presentation will be a comedy entitled, "A Midsummer

Night's Dream."

Several decisions were made which included forming a committee to plan for National FHA Week, finalizing plans to attend the area meeting in Stephenville on Feb. 11, and voting to purchase a new living room suite for the Homemaking Cottage.

For the Feb. 6 meeting, Valentine favors will be made for the residents of Rice Springs Care Home. The meeting will be at 7 p.m. at the homemaking cottage.

Hendrick Medical Center Offers Childbirth Classes

As an expression of its educational commitment, Hendrick Medical Center is offering, free of charge, prepared childbirth classes for expectant parents, in addition to maternity and sibling orientation classes.

In order for a coach to accompany a mother to the delivery room, the couple must attend either prepared childbirth classes or a maternity orientation. Lamaze classes are offered in six-week sessions beginning between the 28th and 32nd week of pregnancy. Beginning dates for spring classes are February 13 and 14, March 26 and 27, and May 7 and 8. Monday classes meet from 7-9 p.m. and Tuesday classes from 6-8 p.m. and 8-10 p.m. Mothers should wear pants, bring two pillows and a coach should accompany her. All classes will be at Hendrick Medical Center. Exact room locations will be announced when couples register for class.

Myrna Baker, R.N., will instruct expectant mothers and their coaches in the Lamaze method of prepared childbirth, designed to teach the mother how to cope with the pain associated with childbirth, as well as teach the coach how to assist the mother through childbirth. Topics covered during the session include labor and delivery and variations of normal, complications and Caesarian sections, medication available to mother and its effects on mother and baby, anesthesia, intercourse during pregnancy, birth control after pregnancy, hospital stay, first two weeks postpartum, the newborn and parenting.

Maternity orientation classes are sponsored by the HMC department of volunteer services, and last only one night. These classes familiarize the couple with HMC policies and procedures and include a tour of the labor, delivery and nursery areas. Dates for classes are January 12, 29, February 2, 23, March 8, 25, April 5, 19, May 6, 24 and June 3 and 14. Thursday classes meet from 6-8 p.m. and Sunday classes from 5-7 p.m.

To help familiarize soon-to-be big brothers or sisters with changes that a new baby brings, HMC volunteers offer sibling orientation classes for children ages 3-7. During the one hour class, children visit where their mother and sibling will be while at Hendrick, explore their feelings about a new baby and practice holding a baby. They are then designated "official" big brothers or sisters. Classes for children 5-7 meet every third Saturday at 9:30 a.m. and children 3-4 meet every third Tuesday at 9:30 a.m. Classes meet in the Hendrick Auditorium, located on the first floor of the Anderson wing. Classes are limited to 10 children. These classes are not offered in June, August, or December.

Reservations for all classes can be made by calling the department of volunteer services, 677-3551, extension 2317. Further information is available in physicians' offices offering obstetrical services.

NEW! The pen that floats across the paper, "Spinnaker," a rolling ball pen by Sanford. Available in black, blue & brown. **Haskell Free Press**

College News

Having completed her student teaching in Health Education and Biology at Bryan High School, Renae M. McBroom received a Bachelor of Science Degree in Health Education from Texas A&M University December 10, 1983. She received a certificate for Distinguished Student Fall 1982, and having a 3.8 was named to the Dean's List

Fall 1983. Renae is a member of Texas Association for Health, Physical Education, and Recreation. She was inducted into Eta Sigma Gamma, the Professional Health Science Honorary Society, and Phi Epsilon Kappa, the Professional Physical Education Fraternity.

Daughters of Waymond and Bettye McBroom and granddaughter of Juanita Hester Dunnam, Renae is now in training as a flight attendant with American Airlines.

Around Town

Mrs. Hazel Bland, Mrs. Richard Karl and son, Greg and Leon Bland of Yoakum have been visiting with Mrs. Myrtle Beason of Knox City, Mr. and Mrs. Virgil Sonnamaker and Mr. and Mrs. Charley Redwine.

Scott Henshaw of Casper, Wyo. visited with Mr. and Mrs. Vern Foreman, Flint and Monica Nanny and Suzy, Chad and Jennifer Lundy of Odessa, with grandparents, Mrs. Iola Henshaw, Mr. and Mrs. Charley Redwine, great grandmothers, Mrs. Ella Andrews, aunts and uncles Mrs. Hazel Bland and Mr. and Mrs. Virgi Sonnamaker.

Gena Whitaker of Route 1, Haskell, has been named to the Dean's List for the 1983 fall semester at Western Texas College.

Students on the Dean's List must be enrolled for a minimum of 12 hours of college credit work and have a grade point average of 3.5 or more for the semester. Eighty-two students at WTC qualified for the Dean's List in the fall semester.

Miss Whitaker is a freshman at WTC and is a cheerleader.

MR. AND MRS. ROBERT HUCKABEE

Couple Celebrates 50th Anniversary

Mr. & Mrs. Robert Huckabee were honored December 30, 1983 with a golden wedding anniversary reception in fellowship hall of First Baptist Church.

Hosting the occasion were their children Mr. Malcom W. Huckabee of Danville, Va., Mrs. Laquita Huckabee Kirkland of Haskell and Mr. Ronald L. Huckabee of Premont.

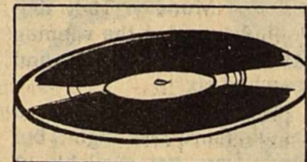

Laid with imported Irish linen cloths, the serving tables were adorned with an arrangement of silk flowers of gold and white. Granddaughters of the couple presided.

Toni Huckabee of Premont served the three tier wedding cake and the punch and coffee was served by Shawna Welch of Haskell.

Piano and flute music was provided of Shannon and Michelle Huckabee of Danville, Va.

Shawn Huckabee of Premont presided over the guest register.

Out of town guests attended from Godley, Levelland, Oltan, Post, Breckenridge, Brewster, Washington, Dexter, N.M. and Blarksburg, Va.

The first long-playing records were produced by the Neophone Co. of Finsbury Square, London, from 1904 to 1906, and consisted of 20 in. discs with a playing time of up to 12 minutes.

"You can tell the ideals of a nation by its advertisements." Norman Douglas

First Steps Center

Help Available For Special Children

Have you noticed any children who are old enough to walk but aren't walking? Children who are old enough to talk but aren't talking?

Noticed any children who don't seem to respond or smile and laugh? Children who are developing more slowly than

others, or don't seem to be learning the way other children do?

Do you know any children who may be handicapped or developmentally delayed but who are not getting the professional help they need?

If you have noticed any of these children The First Steps Center in Haskell can help. The philosophy, behind the center, a community outreach service of the Abilene State School, is straightforward. The earlier a child can be identified as needing special help, and the earlier that help can be made available, the further a child can advance.

The First Steps Center is designed to identify these children through screening and evaluation, providing individualized developmental activities, and supporting parents through training, counseling, and case management. The service at the center is without cost to parents.

The center focuses on children from birth to three years of age who show a significant delay in one or more of the following areas: cognitive development, motor skills, language or speech, social or emotional development, or self-help skills. Children may also be

eligible who have an organic or medical problem that might cause such a delay.

If you have a child or know of a child that would benefit from this program, please call Janie Stone at the Haskell First Steps Center, 864-3622 or come by 307 S. 1st. in Haskell.

8th Grade Girls Boast 12-2 Record

By Todd Jennings
The eighth grade Maidens will be playing Hamlin, at Hamlin, Monday, 5 p.m.

In the first game of the O'Brien Tournament, the Maidens defeated Seymour 34-30. Robyne Weaver led the scoring with 10 points followed by Dana Hale, Tiffany Moeller and Vicky Chavaz with 6 each.

For the championship game, the Maidens beat O'Brien 34-31. Sheree Dumas had 10 points to lead the scoring. She was followed by Weaver with 7 and Moeller with 6.

"I feel that we have some fine talent on our team this year. We have five or six girls leading our team this year, and this is helping the rest of the girls to mature," Coach Jim Bob Mickler said.

The girls played O'Brien once again. This was a little closer than the last with the outcome 21-20 in favor of the Maidens. Dumas was high point with 10, followed by Chavez with 5.

The Maidens then hosted its own tournament last week. They were matched up against Weinert in the first game. The Maidens came out on top 21-15. Weaver led the scoring with 6 followed by Moeller with 5.

In the championship game the Maidens went up against O'Brien for the fourth time

this season and came away with a 21-17 victory. Dumas led the scoring with 5 followed by Hale and Tamra Burnett with 4 each.

9th Grade Downs Stamford

By Steven Boyd
The ninth grade Warriors hosted the Stamford Bulldogs Jan. 16. It was a closely fought battle to the end.

Although the Warriors seemed to control the tempo of the game, the Bulldogs were determined to change that. At the end of the third quarter the Bulldogs had pulled within two points of the Warriors. The Warriors held on to their lead and defeated Stamford 44-34.

Leading the scoring drive for the Warriors was Steven

Rodriguez with 14. B.J. Mitchell had 11 points and Jerry Davis had 8.

"We played better than we have ever played before, and were more consistent with our shots. We also had very few turnovers, and we played together as a team better than we did last week," Coach Jimmy Lisle said.

The ninth grade Warriors will not play next week, but will be competing in the Knox City Tournament, January 26-28.

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

The Indian Booster Club is having a salad luncheon on Thursday, January 19, 1984, from 11:00 a.m. to 1:00 p.m. I feel this would be a good time to describe some of the things the booster club does for our school and community. First and foremost, they support all the kids, boys and girls, high school and junior high, in their endeavors on the athletic playground. Secondly, they support the coaching staff. Third, they provide some revenues for items beyond our budget means. The booster club has just finished paying for a seven man blocking sled over a period of three years. They bought an ice making machine which is used by the entire school including the lunchrooms. Each year, they sponsor and help finance an outstanding all sports banquet. They have bought golf bags for basketball and numerous other items which are important. Fourth, they provide a rallying point for the community to get behind the Indian and Maiden teams. Their sale of caps creates a oneness of support. A kid may

not hear the crowd noise (good athletes usually tune out that) but they cannot help but see the sea of bright caps.

The Indian Booster Club is a fine organization and will appreciate your support plus I know you will get some excellent food.

8th Grade Boys Win Consolation At O'Brien

By Todd Jennings
The eighth grade Warriors competed in the O'Brien Tournament and took the consolation trophy.

Their first game was against Seymour. The final score was 18-51. Casey Reed and Patrick Perez hit six points in the losing effort.

They took the consolation trophy from Munday in a tight 24-23 victory. Reed and Perez again led the scoring with 10 and 8 points respectively.

They also played O'Brien last week. The game was another close one, but Haskell came out on top 23-22. Reed again led the scoring with 10 and Perez with 8.

The Warriors also took honors in their own Haskell Tournament.

They played Weinert in the first game defeating them 34-31. Reed continued to lead the scoring, this time with 13 and Mark Young followed with 8 points.

To take the trophy they had to defeat Munday. They did, 21-14. Young led the winning effort with eight points and Reed had six.

The Warriors played Hamlin there last night, but scores were not available at press time.

Also they will be playing Hamlin here again next Monday at 5 p.m.

A Haskell Free Press
want ad will find you a buyer.

Eighth Grade Win 34-24 Over Stamford

The Haskell eighth grade Warriors grabbed the lead early and never lost it on their way to a 34-24 win over the Stamford Bulldogs Monday night at the Indian gym. Mark Young and Cayce Reed were high points with nine each. Close behind was Patrick Perez with six. Other warriors getting in on the scoring act were: Bruce Geilhausen 3, Wayne Geilhausen 2, Kirt High 2, Louie Torres 2 and Michael Rodriguez 1.

JV Maidens Down Munday, 36-33

By David Adams
The JV will be finishing the first half of district play at Paducah.

The Maidens then will match up against Seymour here Jan. 24.

Last Friday the Maidens had a close 36-33 victory over Munday.

Scoring leaders were Lori McGee with 16 followed by Kim Lanier with 7 points. The freshmen girls, also, suited up with the JV girls.

Freshman Patricia Henry

came off the bench to add 4 points to the Maiden victory. Jan. 10 the Maidens traveled to Rotan and were defeated by the score of 32-23. At the beginning of the fourth quarter, the score was tied up at 20. Rotan then pulled out to win by 9 points. McGee led the scoring again with 10 points.

On Dec. 16 the JV Maidens beat Throckmorton 44-14. Lanier led the scoring with 14.

The Maidens have a 7-2 record for the season.

JV Wins Two

By Robert Ivey
The Haskell JV came away with two victories this past week.

The first game was a squeaker over Rotan 24-19.

Sammy Baker was high point with eight.

The game was low scoring because they were unable to play the last quarter due to time limit.

Their other victory was a 31-24 victory over the Munday

Moguls. Scott Schaake and Baker were high point with six.

Coach Wayne Plemister was pleased with the way the guys played in the second half of both games. "We're still lacking a first half consistency," Coach Plemister said.

The JV will travel to Paducah Friday to take on the Dragons at 5 p.m.

7th Grade Girls Win Second In Haskell

By Jan McKeever
The seventh grade Maidens will travel to Hamlin Jan. 23.

The Maidens Alpha team won 2nd place in the Haskell Invitational Tournament.

The girls whipped Munday Thursday 30-13. The Maidens grabbed an early lead and held on. April Brandon led the scoring with 10 points.

The Bravo team was defeated by O'Brien 31-4. Thursday making the Alpha team have to face O'Brien on Saturday. The girls came up short by four points of winning first place.

The final score 26-24. There was a three way tie for high point between Christian Comacho, Lakay Gibb, and Dala Harris all scoring four points each.

The Bravo team were defeated again final score 24-16. High point was Cassie McGee.

The Maidens traveled to Stamford to over come an easy victory of 24-8.

Freshman Girls To Compete In KC Tournament

By Shawna Welch
The freshman Maidens will travel to Knox City next weekend to compete in the Knox City Tournament. This will be the girls' first tournament this year.

They will host Hamlin on Jan. 30 and compete in their final tournament here Feb. 2, 3, and 4.

The Maidens thrashed Stamford 22-5, Monday Jan. 16.

Patricia Henry led the girls with 10 points. She was followed by Robyn Struve with 6 points.

The girls were leading 6-3 at half-time and put up 16 more to finish the game off. Both team had 5 fouls among them.

HOW LONG CAN YOU CONTINUE TO PAY YOUR UTILITY BILL?

COME IN MEET ERIK BY NORDIC STOVE

A versatile, air tight stove burns either wood or coal, is either freestanding or a fireplace insert. A removable smoke shelf allows for easy chimney access. The 230 CFM blower which is standard equipment, has both a thermostat and manual override. The exclusive air intake design helps keep the DOUBLE pane safety glass (both panes tempered and shatter resistant) free of smoke and properly cool. The oiled hardwood handles remain cool and when the door is opened a smoke curtain automatically drops into place, preventing spillage. Erik comes with a 5 year, factory warranty and is UL listed.

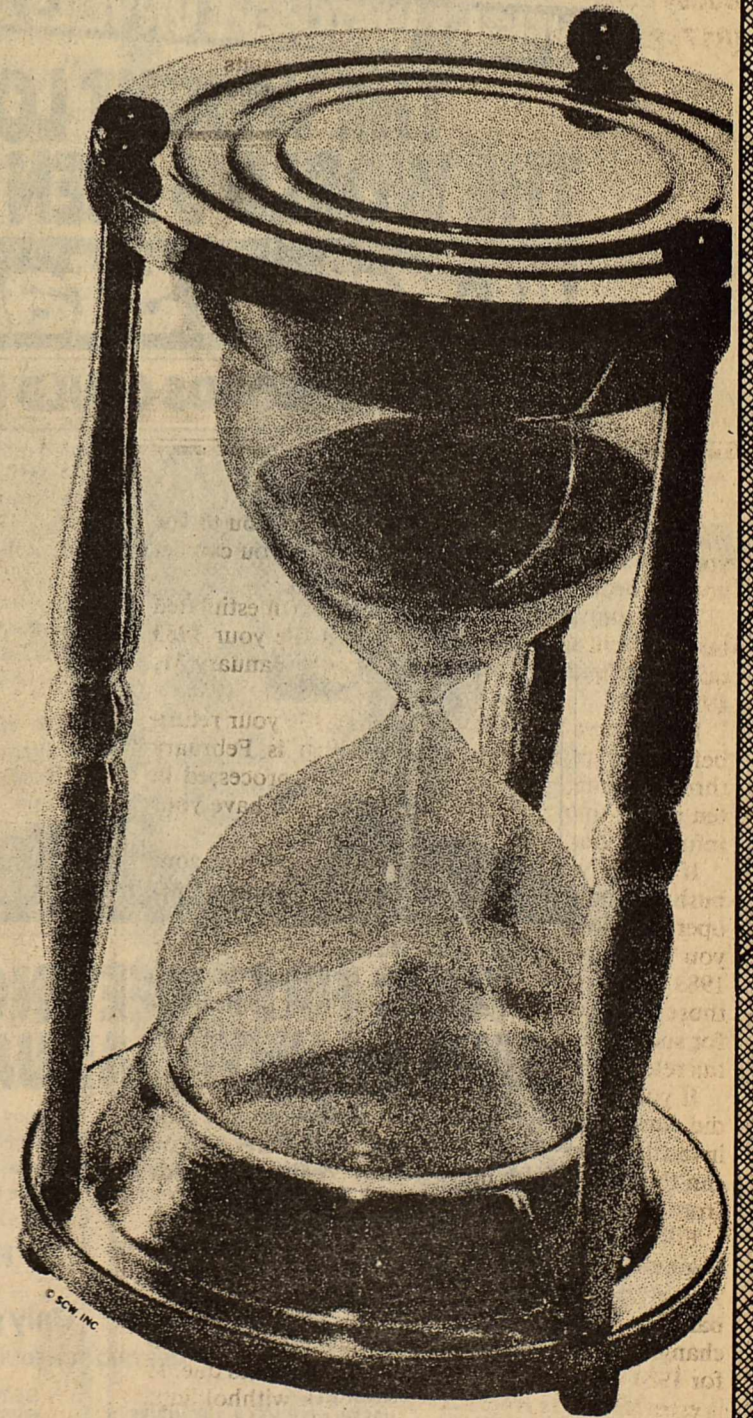

200 pounds free coal given with each purchase.

Program Allows More Vets To Own Homes

Texas Land Commissioner Garry Mauro announced today that the Federal Veterans Administration had agreed to participate in the Texas Veterans Housing Assistance Program (VHAP).
 "This is good news for Texas veterans as it will allow them to obtain home loans with no down payment if they receive a combined loan from the VA and the Texas Veterans Housing Assistance Program," Mauro said.
 The Texas Veterans Housing Assistance Program offers eligible Texas veterans \$20,000 loans at 9.97 percent interest to apply toward the purchase of a home. The program is intended to be used in conjunction with a loan from a private lending institution.

buying market by rising minimum down payments and ever increasing interest rates. This is a significant step toward our goal of enabling Vietnam veterans to break into the home buying market and fulfill every American's dream to own their own home," Mauro said.
 Mauro said that standard VA underwriting guidelines will be used on the VA portion of the loan and the loans will be underwritten based on the

Properly Address Valentines

"I've spoken to hundreds of Vietnam veterans who have been frozen out of the home

If you want your valentines to be delivered on target and on time, you can help the Postal Service by addressing them properly, Postmaster Joe Alves of Haskell Post Office said today.

"A return address should be the first address a person puts on an envelope," he said. "If there is a delivery problem, it will allow us to return the letter, card or parcel to the sender."

Both the return address and mailing address should contain complete address information. This includes all of the following elements that apply: Full name of recipient; Apartment mailbox number or apartment number; Rural route number and box number; Street name and number or post office box number; City, state and—very important—ZIP code.

Postmaster Joe Alves also urged use of: legible handwriting, a ball point pen (felt tips smudge easily) and correct postage (oversized cards require extra postage).

"Proper addressing is especially important around holidays such as Valentine's Day, when many people do not use their return address in order to momentarily surprise the recipient. But when the card or letter is undeliverable, the one who is surprised is the sender when he or she discovers it was not received," Alves said. "Use a little care, and we'll get it there."

TAX PLANNING

Written by
 Gerald Rodgers, CPA

WHY FILE RETURNS EARLY?

There are some very good reasons for you to file your 1983 tax return as soon in 1984 as you can get your information together.

To begin with, you can skip the fourth estimated tax payment due January 15 if you file your 1983 tax return and pay any balance due by January 31, 1984.

If you have a refund coming and file your return before the peak filing season which is February through June, your return should be processed in ten rather than twelve weeks, and you'll have your refund sooner.

If 1983 was an unprofitable year for your business and your tax return is going to show a "net operating loss," file as soon as possible. Then, if you paid income tax in the three prior years, your 1983 "net operating loss" can be carried back to those prior years for a tax refund. Your application for such refunds can only be made after you file the tax return for your current loss year.

If you invested in business equipment in 1983 and did not have enough tax liability to use the investment tax credit you earned, file early so you can then carry back unused 1983 credit for refunds from prior years when you did pay taxes.

Filing early will allow you to decide at the beginning of 1984 whether to increase or decrease your withholding allowances. If you have a sizeable balance due or refund on 1983 return, consider changing your withholding so that taxes withheld for 1984 will more closely match actual taxes due. It is especially advisable to eliminate overwithholding; you'll increase your net take-home pay and have the use of your own money throughout the year.

A final advantage in filing early is that you'll beat the rush at your accountant's office. You'll find your accountant more accessible for getting not only this tax return filed, but also for advising you about your tax and financial affairs in general.

Consumers Attacking Appliance Repairs

More and more consumers are beating the high cost of service calls by doing their own appliance repairs.

Manufacturers of major appliances such as washers, dryers, refrigerators and ranges, have reported a surge of interest in repair information, says Mary Clayton, a home economist with the Texas Agricultural Extension Service.

"High costs and the increase in unemployed people who have the time to make repairs but not the dollars to hire the work done is one reason for the growth in do-it-yourself activity," says Clayton.

More women and people with high-tech jobs are also entering the do-it-yourself market as they feel they have the skills to make home repairs. Even the availability of more how-to information contributes to the appliance repair boom, she explains.

Some manufacturers now encourage home repair by applying step-by-step manuals and specially packaged repair parts. These companies often provide a toll-free number that consumers can call to get help in diagnosing problems and performing repairs.

But not all manufacturers are responding to do-it-yourselfers' needs, says Clayton, a family resource management specialist.

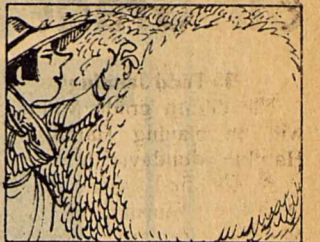

Some companies do not recommend home repairs because of concern about potential liability due to injury or accidental death of the do-it-yourselfer.

Manufacturers also note that customers may spend more money in the long run if they repair the appliance improperly and then need to follow-up service call.

"Safety is the big question all manufacturers raise about do-it-yourself appliance

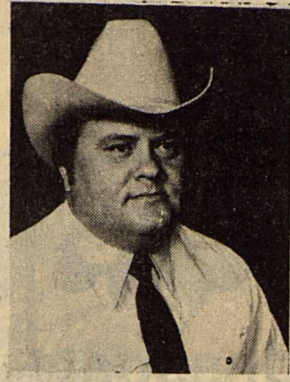

repair," states Clayton. Most companies contend that only those consumers who are mechanically inclined should tackle their own repairs.
 "So consumers should consider their own

competence to do repairs, as well as how much help they can get from the manufacturer before buying a new appliance," says the specialist.

A tea plant must reach the age of five years before it is ready to be plucked.

Sports Show Set In Wichita Falls

The 1984 Northwest Texas Field & Stream Association SPORTS SHOW opens Tuesday, January 24th, for 5 full days at Sikes Senter Shopping Mall in Wichita Falls. Free admission to all exhibits will be regular Mall hours of 10 am to 9 pm thru Saturday, January 28th. Outdoor related items will be exhibited by many firms. Riley Cook and Clyde McPhee are Co-Chairmen. Special events and displays include:

1. Eddie Hill with his worlds fastest drag boat "The Texan";
2. The Northwest Texas Field and Stream Daisy Air Rifle shooting gallery will be in operation each evening and all day Saturday for all youngsters free of charge.
3. Available at Field and Stream Headquarters Booth at Center Court Fountain will be information on future Hunters Safety Classes and Trap-shooting lessons for area youth (9 to 19).

4. Door prizes will be awarded daily with free registration to the general public. Outdoor gear and other related items will be given away to SPORTS SHOW visitors.
5. Interesting booths will fill the Mall with items ranging from boats to travel trailers—antique guns to resorts—truck equipment to storm windows. Items of interest to all sportsmen and their families.

Neighbours Enters State Rep. Race

Dr. Kenneth Franklin Neighbours, a former professor at Midwestern State University, announced Wednesday January 4, that he will seek election to the legislative seat vacated by Joe Hanna, D-Breckenridge. Neighbours, an Olney Democrat, aspires to be a House Representative from the 54th Legislative District. The 54th District encompasses eight north central counties, including Young, Stephens, Throckmorton, Haskell, Shackelford, Callahan, Palo Pinto and Hood counties.

"I have taught history and government all my life. I decided I want to try to make some history as well as teach it," he said. Other factors that qualify him for state office include years of studying the workings of government and associations with state and national legislators, he said. Neighbours, an occasional guest lecturer on historical topics, said he doesn't know of any "great crusades or changes that need to be made" at the state level. "I'm proud of this state and want to be of further service to it. I think we have done rather well, actually," he said. Continued progress of state programs and a "sound and prudent" fiscal policy are concerns, Neighbours said. "We need to do some long range planning for our state water program," he said.

DR. KENNETH NEIGHBOURS

adding that promise of a future supply of water is the "prime problem" for Texas. Neighbours said he would support the expenditure of state funds to improve the educational system including paying decent salaries but the change would be slow in coming. "It's like turning a great ship, you can't turn it around quickly," he said. Born in Fannin County, Texas Neighbours has been a longtime Young County resident. He graduated from Olney High School, Southern Methodist University and The University of Texas at Austin, where he received a doctor of philosophy degree.

Day Surgery Changing American Surgery

Day surgery is one of the most rapidly growing areas of health care and will help "change the face of American surgery," according to an article in Texas Medicine. "Improved anesthetics, better educational preparation, and a healthier public are permitting surgical care to change quite dramatically," Dr. James Tang writes in the January issue of the Texas Medical Association's monthly journal. Day surgery means the patient is released from a hospital or free-standing surgical clinic the day of the operation, which often involves general anesthesia.

Also called ambulatory surgery, in-and-out surgery, or outpatient surgery, it includes many non-life-threatening procedures such as tonsillectomies, plastic surgery, and orthopedic, dental, and gynecological procedures. Tang, a Friendswood plastic surgeon, is a former assistant professor of surgery at The University of Texas Medical Branch at Galveston. The advantages of day surgery usually mentioned are reduced cost, less exposure to hospital infections, less disruption of family life (especially important for children), and a potential reduction in medication errors in hospitals, Tang says.

"Hospitals often can make better use of their facilities, especially the operating and recovery rooms, if they have an ambulatory surgery service," he writes. "Hospital beds are freed up for sicker patients who really need in-hospital care."

Tang notes an estimate by the U.S. Department of Health and Human Services that 20 million surgical procedures are performed in this country each year.

According to a study by the Kaiser Permanente Medical Care Program in Oregon, almost \$800 million would be saved nationally each year if ambulatory surgery increased from 10 to 30 percent of all surgery. The average annual savings per patient would be

\$192. Two other studies have shown that up to 40 percent of all surgery can be safely performed on an ambulatory basis without compromising the quality of care. The savings would be about \$1,000 per patient, or approximately \$5 billion nationally each year, according to the Orkand Report and Rhode Island Blue Cross-Blue Shield.

"Of the \$200 billion that is spent in America each year on health care, about \$50 billion is for surgical care," Tang writes. "The impact of ambulatory surgery on the entire health care system is uncertain, but direct savings have been demonstrated for individual patients."

Tang also notes the disadvantages of day surgery. "One problem is the lack of time available for medical personnel to develop rapport with the patient."

"There is also less time to examine the patient being prepared for outpatient surgery," he says. "Although the physician may examine the patient the day before surgery, there is no 12-to-24-hour period in which the patient is observed by trained medical personnel." In addition, the responsibility for spotting potential problems after surgery is in the hands of the patient, his family, or friends, Tang notes.

PUC Requests Moratorium

The Public Utility Commission of Texas is asking electric utilities to place a moratorium on service disconnections for customers unable to pay unusually high December bills.

In a letter to chief executive officers of Texas electric utilities, Chairman Al Erwin outlined the program which utilities may participate in voluntarily. The voluntary moratorium applies only to electric utilities. Guidelines are: customers must request that the utility not disconnect their service; utilities may offer extensions or payment plans following PUC rules; the moratorium is voluntary and statewide.

The plan is intended to address only the December usage and billing period. Almost \$300 million in statewide damages resulted from the unusually cold weather which was experienced throughout Texas in December.

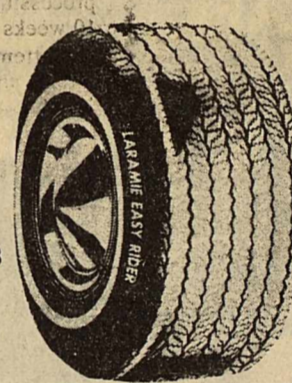

"We hope that the electric utilities will want to participate in the moratorium in order to prevent service

disconnections to customers unable to afford a single payment for December's usage," said Chairman Erwin. Utilities participating in the program are asked to inform the PUC's Consumer Affairs Office (512/458-0252). Utility customers may contact the Consumer Affairs Office for this information.

Report Mobile Home Moves To County Appraisal District

The State Property Tax Board (SPTB) reminds those who move mobile homes, both within the state and from out of state, that they are required to report all mobile home moves to the county appraisal districts in Texas in which the moves take place.

The reports are used to place mobile homes on the property tax rolls of local taxing jurisdictions. According to SPTB data, 285,743 mobile homes were on the tax rolls in 1982, with an

appraised value of \$2,530,290,904.

Requirements for reporting movement of mobile homes are spelled out in the Texas Property Tax Code in Chapter 21. The law requires that any person moving a mobile home in Texas file a report of the movement and pay a \$10 filing fee.

Mobile home movers are liable for a penalty of up to \$200 for knowingly failing or refusing to report the movement of a mobile home.

The report and filing fee must be turned in to the chief appraiser of the county appraisal district in which the move begins, as well as to the chief appraiser of the district in which the move ends.

If the move originates out of state, the report and filing fee must be turned in to the chief appraiser of the district in which the move ends. The report must be filed before the day on which the move begins.

Filing fees are deposited in the general funds of the counties.

Some mobile home transporters based outside the state may face a delay if shipment is held up until a report can be filed in the Texas county for which a mobile home is destined.

Out-of-state transporters seeking to comply with Texas law, yet avoid such a delay may write the local chief appraiser to request extension of the reporting deadline. Under the law, the chief appraiser may extend the deadline for a single period of up to 15 days, "for good cause shown."

Alternatively, the out-of-state mover may authorize drivers to file the required reports on behalf of the company upon arrival at their destinations in Texas at least a day before the mobile home is moved onto its site.

Report forms and lists of appraisal district mailing addresses are available from chief appraisers or at district offices of the Texas Department of Highways and Public Transportation.

Mobile home movers or owners with questions about the reporting requirements are urged to contact local chief appraisers or to call SPTB's Technical Assistance Section, 512-837-8622 or, toll-free in Texas, 800-252-9121.

Sons Of Hermann To Install Officers

Benjamin C. Boyd of San Antonio, a grand trustee of the Order of the Sons of Hermann in Texas, will install officers of nine West Texas Hermann Sons lodges in ceremonies at 2:30 p.m. Sunday, Jan. 22, in the Haskell Hermann Sons Hall.

Assisting him will be Clarence Teichelman of Stamford, member of the Grand Lodge Laws Committee, and fraternalists Judith Meurer of Slaton and Alton Middleton of Haskell.

Having their officers installed will be Lubbock Lodge No. 16, Odessa Lodge No. 38, Abilene Lodge No. 50, San Angelo Lodge No. 177, Rowena Lodge No. 216, Old Glory Lodge No. 228, Haskell Lodge No. 241, Hermleigh Lodge No. 256 and Roscoe

Lodge No. 257.

Host for the ceremonies will be Haskell Lodge No. 241.

The 80,000-member Sons of Hermann was established in Texas in 1860 by German pioneer settlers and is widely known for its many fraternal benefits as well as for life insurance for its members.

The society operates tuition-free dancing schools for junior members age 3 through 17 in 27 Texas communities, a youth summer camp for juniors age 9 through 13, and a home for its aged members. The camp and home are both in the Hill Country near Comfort. Headquarters for the society, which numbers 159 lodges in some 141 cities and towns across Texas, are in San Antonio.

Stamp Collecting Is Rewarding Hobby

Have you been harboring philatelic tendencies? If so, then you might want to join about 20 million other stamp collecting enthusiasts in this country.

Stamp collecting is a lot easier in America today than it was in 1847 when stamps were first issued. The U.S. Postal Service booklet, "Introduction to Stamp Collecting", will help you start your own collection, choose types of stamps to collect, learn about the condition of stamps, care for your collection, and even join a stamp club. For your copy of "Introduction to Stamp Collecting", send 50 cents to Consumer Information Center, Dept. 82, Pueblo, Colorado 81009.

The first step in starting your own collection is to decide what type of stamp you want to collect. The 20 cent stamp you see most often on daily mail is called a regular or

definitive stamp. It is printed in large quantities by the U.S. Postal Service and is kept in circulation for a number of years.

Commemorative stamps, on the other hand, are larger and more colorful than regular stamps. They also have a shorter circulation period.

Commemorative stamps are issued to honor important events, persons, or subjects. Collecting these stamps is a good way for a new collector to begin.

You can also collect stamps according to subject areas. Many topical stamp collectors concentrate exclusively on music, sports, historic, or animal themes. Or, you can go into specialty areas and collect aerogrammes, postal cards, stamped envelopes, or first day covers.

Once you've decided what kind of stamp collection you want, you will have to make a small investment in the proper

equipment. Stamp collecting doesn't require many tools, but you will need a stamp album, mounts or hinges for affixing your stamps, and a pair of tongs for delicate handling. "Introduction To Stamp Collecting" notes that these tools can be very costly or inexpensive, depending on your budget.

Your initial investment in stamps and equipment will be more than compensated for by the future returns. In addition to the fun and knowledge acquired by collecting stamps, it can also be a good investment. Stamps have held their value in times of inflation, and many stamps increase in value within a relatively short number of years.

But making money isn't the primary motivation for most beginning stamp collectors. It's the opportunity to learn about famous people, foreign

places, or new plants and animals. The U.S. Postal Service booklet, "Introduction To Stamp Collecting", has everything from a glossary of technical terms to a list of major U.S. stamp societies so that you can reach out and meet all those other people with philatelic tendencies.

When you order "Introduction To Stamp

Collecting" (50 cents), you'll also receive a free copy of the "Consumer Information Catalog". Published quarterly by the Consumer Information Center of the U.S. General Services Administration, the free Catalog lists over 200 selected free and moderately priced government consumer booklets on a variety of subjects.

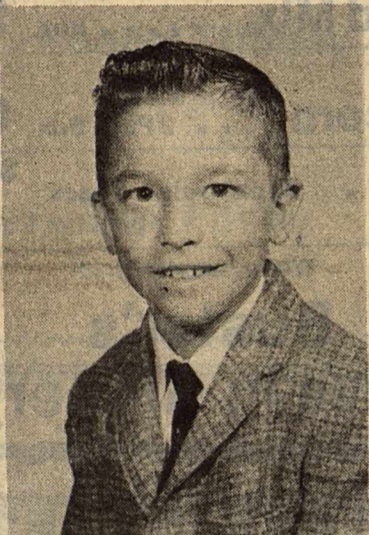

Check Instructions For Itemized Deductions

Itemized deductions were claimed last year on more than 220,000 federal income tax returns filed by north Texas area taxpayers. Union dues, interest, certain nonbusiness taxes, some medical and dental expenses, and other expenses may be itemized as deductions on Schedule A of

Form 1040 and reduce your taxes. Check the instructions in your federal income tax package for details.

Wait 10 Weeks For IRS Refund

Taxpayers expecting a refund on their 1983 federal income taxes can expect to wait up to 10 weeks for it.

IRS says that normal processing can take as long as 10 weeks and that you should not attempt to check on the refund until after that time.

Nice People Do Not Litter!

Beautify Haskell Council

PUBLIC NOTICE

In proceedings pending before the Public Utility Commission of Texas (PUC), local exchange telephone companies are requesting authority to charge AT&T Communications of the Southwest, Inc., for use of their facilities. These proposed charges are higher than AT&T Communications can pay at current Texas long distance rate levels. To position itself to be able to implement rates that are sufficient to produce revenues that will recover the costs facing the company, AT&T Communications must now file for rate relief to be able to implement rates that reflect the costs of access that are ultimately imposed on the company.

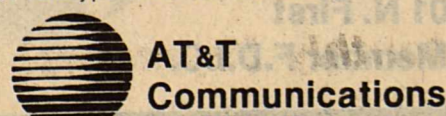

While AT&T Communications does not want to increase its Texas rates, an increase would be required to recover the increased access charges AT&T Communications will have to pay to the local exchange telephone companies under several proposals pending before the Commission. These access charges at the proposed increased levels represent more than 80 percent of AT&T Communications' operating expense in Texas.

Accordingly, AT&T Communications, in accordance with the Public Utility Regulatory Act and the rules of the PUC, hereby gives notice of the company's intent to implement a new schedule of rates for long distance calls within Texas. The proposed rates will be effective January 28, 1984, unless otherwise determined by the Commission. All customers and classes of customers would be affected by AT&T Communications' proposed rates.

If higher access charges are ordered, AT&T Communications has no recourse but to pay these charges and recover the costs from its customers as a cost of providing long distance service within Texas. AT&T Communications has filed rates which would mean a maximum overall increase in adjusted test period revenues of \$301.4 million, or 27.85 percent. This amount would help recover cost increases due to the proposed level of access charges now pending before the PUC.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas, and with every municipality in Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

THE BEST IN MEAT, CUT THE WAY YOU WANT IT

Consumer Alert

by
Jim Mattox
Attorney General

AUSTIN—Many Texans looking for investment opportunities are deciding to buy gold these days. Although there is no protection against a falling market, there are certain steps consumers can take to protect themselves against fraud.

Most small investors prefer to buy gold coins, rather than bullion. A number of different types of coins are available throughout Texas.

There are two basic categories of coins for investment: *monetary* coins and *numismatic* coins. *Monetary* coins are the more common variety. Their value lies in the amount of gold they contain, not in the age or rarity of the coin itself. *Numismatic* coins are the type prized by coin collectors. They derive much of their value from their scarcity. Their prices are often far in excess of their actual gold value.

Experts warn novice investors against investing in rare coins. Analyzing and collecting rare coins takes a considerable amount of time and patience. You will need to study the value of individual coins before entering the market. In addition, the mark-up or premium for numismatic coins is generally much higher than for regular, monetary coins. If you do not enjoy coins, it's probably wiser to buy monetary coins.

Regardless of the type you decide to collect, you should plan to acquire your coin portfolio carefully over a long period of time rather than buying a large number of coins at once.

In choosing a coin dealer, you should check with your local Better Business Bureau to find out

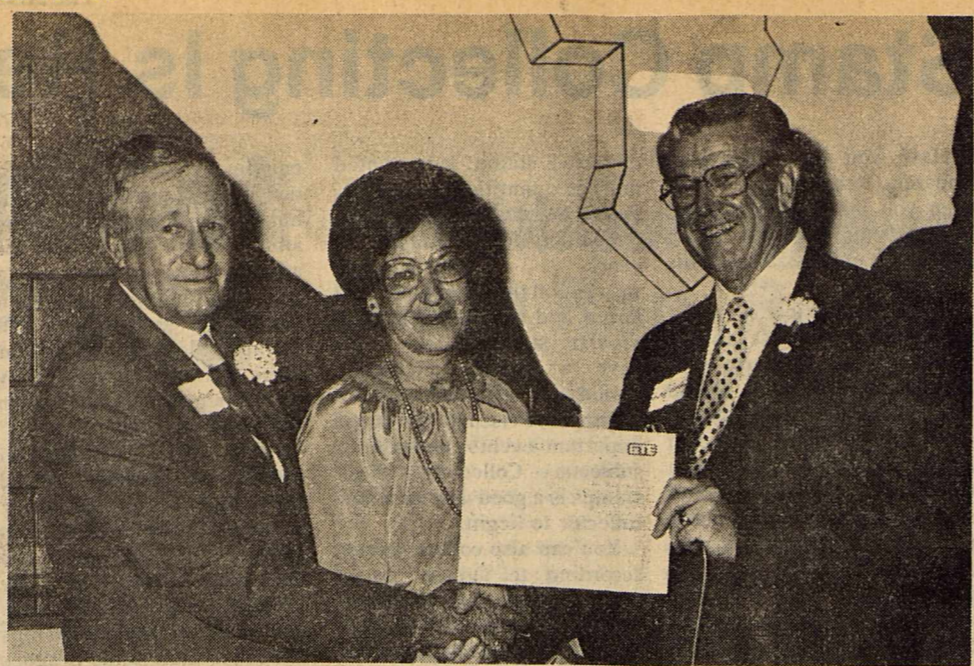

if anyone has complained about the sellers you are considering. Ask your friends who trade coins who they recommend. *(It is not a good idea to buy coins by mail or from itinerant sellers. If you are not satisfied with these purchases, the chance of getting your money back is slim.)* Ask sellers their average premium over the last year. That's the amount they charge for doing the transaction. The premium can vary from 3% to 15% or more, depending on the direction of the gold market, the dealer, the size of your purchase, and other factors.

Experts warn against buying gold or silver medals as an investment. These are fine as a hobby, but medals are often difficult to resell, and so not a good investment. Gold jewelry is not usually considered a good investment either.

If you decide to buy rare or numismatic coins, spend a lot of time reading and talking to experts before spending your money. Look in your public library. The more knowledge you have in this rather complex area, the better your investment decisions will be.

As in many areas of our economy, there is a lot of "bait" advertising for gold coins. These ads promise great bargains, but rarely deliver them. It is best to deal with a reputable firm you can trust.

If you feel you've been the victim of an investment fraud, call the Attorney General Consumer Protection office nearest you (in Austin, Dallas, El Paso, Houston, Lubbock, McAllen, and San Antonio). The Attorney General's office is here to help you.

RECEIVES AWARD

Some 77 General Telephone Company employees with 2170 years of service and 25 retired employees located throughout the company's Mid-Texas Division were honored on December 1, 1983, in Brownwood at a special Service Awards Dinner at the Texas 4-H Center, according to W.C. Wells, general manager-Mid-Texas Division, for General Telephone. E.W. Pruet, communications technician in Haskell, was honored for his 35 years of service. Shown receiving his award from E.L. "Buddy" Langley, President of General Telephone Company of Southwest, is Pruet and his wife, Wilma.

Most People Don't Need Dietary Supplements

It is a fact that many people are attracted by ads for vitamins and minerals which imply that they will improve appearance, give sex life a boost, prevent or cure diseases, and even lengthen life. There is, as yet, little scientific evidence to back most of these claims.

We know that doctors occasionally prescribe dietary supplements to correct deficiencies diagnosed in their patients. For example, people who have osteoporosis—a condition causing thin, brittle bones—may be advised by their physicians to take calcium supplements, usually in combination with vitamin D. Strict dieters, heavy drinkers, and those who are recovering from surgery or an illness may need certain preparations.

Too often, though, people take high-dose supplements of various vitamins and minerals without a doctor's advice in the hope of preventing or curing a disease or condition. This can be a waste of money or, worse, a threat to health.

Scientists still have much to learn about the special nutritional needs of the elderly, particularly. At present, there is no reason to

believe that large amounts of vitamins and minerals in supplement form will help prevent or treat health problems or slow the aging process. Daily multi-vitamin tablets may be beneficial for some people, but the value of any dietary supplement depends on many factors, including dietary habits and overall health status.

Scientists have identified a large number of nutrients that are essential to health, but supplements contain only some of these. A well-balanced diet—one that contains a wide variety of foods—provides all the necessary nutrients.

The U.S. Public Health Service and the National Institutes of Health tell us that large amounts of some supplements may upset the natural balance of the nutrients that the body normally maintains. Too much of them can affect the way others act. Although extra amounts of some nutrients are not absorbed and pass out of the body, others can build up to dangerous levels.

Most older people can get the nutrients they need by eating a wide range of nutritious foods each day.

However, some older people do not always get the vitamins and minerals they need from their daily diet. In some cases this may be because they find it hard to get or prepare the foods they know they need. Digestive problems, chewing difficulties, and the use of certain drugs all can interfere with good nutrition. People with these problems may benefit from a dietary supplement.

If you are taking a supplement, or thinking about taking one, ask your doctor or a registered dietitian whether it's really necessary. He or she can check your health status and your diet, and decide if any steps should be taken to improve your nutrition. If you have been taking an unapproved supplement, ask for advice about stopping.

Consider checking with your doctor before taking any over-the-counter dietary supplement, particularly if you have illnesses such as diabetes, high blood pressure, or others.

Two articles, "Some Facts and Myths About Vitamins" (S30L) and "A Primer on Dietary Minerals" (S26L), are available free from the Consumer Information Center, Pueblo, Colorado 81009.

Use Nutritional Value To Help Cut Food Bills

If you're trying to feed a family on a shoestring budget, it will be easier if you consider the nutritional value as well as the dollar value of the food you buy. While a cubic yard of Puffed Yummies for only \$1.99 may look like a good buy, if it does not contribute to filling your nutritional requirements, you're losing money.

The U.S. Department of Agriculture booklet, "Making Food Dollars Count", can help prevent this. It combines nutritious recipes with a balanced meal plan at a low cost. For your copy of "Making Food Dollars Count", send 50 cents to the Consumer Information Center, Dept. 88, Pueblo, Colorado 81009.

No matter what kind of food budget you're on, be sure to plan your daily food intake around the basic four food groups—vegetables and fruits, breads and cereals, dairy products, and meat or meat alternatives.

The most cost effective way to obtain good nutrition within the four food groups is to be flexible in your shopping habits and meal plans. Do make a shopping list, but don't decide the final menu until you get to the supermarket. That way you can take advantage of store sales and seasonal prices. Be a careful shopper and you'll be able to substitute lower cost items in each food group that are as good nutritionally as those at higher prices.

When selecting meat, however, the price per pound is not always the way to get the best buy. Consider the amount of fat and bone in your purchase. The bone-in cut with a low price per pound may not yield as many

servings as a boneless piece of meat at a higher price per pound. You can also substitute dry beans and peas, peanut butter, and eggs for meat to vary your menu and reduce costs. These foods provide protein and many of the same nutrients found in meat.

If you reduce the quantity of meat, poultry, fish, and other high priced items in a meal, you can fill in with economical foods like potatoes, rice, macaroni, and bread products. These foods are inexpensive sources of nutrients, and contrary to popular belief, are not high in calories—that is if you can withstand the temptation to top them with sour cream, butter, jams or jelly.

To maintain good health, everyone needs to eat a specific number of servings from all four basic food groups every day. And, according to "Making Food Dollars Count", don't forget to include snacks when you're planning your family's diet. A peanut butter sandwich, apple, and glass of milk, for instance, contains servings from all four groups.

There is no one "prescribed" or "right" menu or meal plan. What is important is that your meal plans include the right amount

of nutrients. The Department of Agriculture booklet, "Making Food Dollars Count", contains nutritional information, savings tips, and a two week menu plan that has 52 recipes, including snacks.

When you order "Making Food Dollars Count" (50 cents), you'll also receive a free copy of the "Consumer Information Catalog". Published quarterly by the Consumer Information Center of the U.S. General Services Administration, the free **Catalog** lists over 200 selected free and moderate cost government consumer booklets on a variety of subjects.

Use Peel-off Labels To Speed Return Processing

Taxpayers can help speed up the processing of tax returns by using the pre-addressed, peel-off labels and by double checking their arithmetic before mailing the returns. As simple as the items appear, they are the cause for thousands of errors every year, the IRS says.

The label comes with the tax package in the mail and lists the taxpayer's name, address, social security number, and other bits of information which help the IRS in processing the return quickly.

If any of the information on the label is incorrect, the correction can be made

directly on the label. Taxpayers should also use the coded envelope included in the tax package. It's pre-addressed and helps the IRS sort returns.

Errors such as checking the wrong filing status, failing to sign the return, math mistakes, and the omission of necessary documents are common mistakes which can delay taxpayers' refunds. The IRS must correct the errors or obtain the documents before processing the return.

Most errors can be avoided if the return is double checked for accuracy and the label is used.

Money Matters

A Series Of Informative "Plain Talk" Thoughts Regarding Your Money Matters

Some Advantages Of NOW Account Checking

You can earn interest on your combined checking and savings account balance instead of just savings, while keeping the total balance as near as your checkbook if you really need it.

The NOW Account enables you to keep only one account book... your checkbook. You can balance one less statement, remember one less account number, keep one less set of records, make one less deposit and minimize transfers between accounts. You're able to make all your deposits into this one account, including funds destined for longer term investments. Transfer the funds by check when you want to without ever having to lose interest. You are able to trace all your assets through just one account.

Come in and open one of these accounts with us. You may be required to maintain a qualifying balance in the account during the statement cycle to earn interest, but you may already be keeping that same balance in your checking account without the benefit of earning interest. Give us a call or stop in if you would like more information.

We Think Money Matters!

Sagerton News

The Friendship Club met last Thursday with a fair group attending. The cold weather caused some of the people not

to come. Those who were there Mrs. M.Y. Benton, Mrs. Leo Monse, Mrs. John Clark, Mrs. Lillie Lehmann, Lone

Shield, Mrs. Louise Stegemoeller, Clarence Stegemoeller, Mr. and Mrs. Anton Teichelman, Mr. Larry Cornelson, Mr. E.J. Neinst, Doug Cornelson, Mr. & Mrs. Reece Clark, Mrs. Alva LeFevre, Mr. & Mrs. Glyn Quade, Mr. & Mrs. Delbert LeFevre, Dean & Philip Quade, Mr. Joe Clark, Mrs. Frieda Quade, Mr. Charles Clark, Mr. & Mrs. J.B. Toney, Mr. & Mrs. Alvin Bredthauer, Rev. Tommy Sparks. The next meeting will be Jan. 26th at 11:30 o'clock. Everyone is welcome to come.

Ernest Bredthauer celebrated his birthday Thursday night with several people coming to play all kinds of games. Those who attended were Mr. & Mrs. Tommy Davis, Mr. & Mrs. Lyndell Dudensing, Mrs. Odine Dudensing, Mr. & Mrs. Steve Lehmann, Brian, Stephanie, Mr. August Angerman, Mr. & Mrs. Bill Vahlenkamp, Rev. Bredthauer, Mrs. Adelia Niedieck, Mr. & Mrs. Anton Teichelman. Games of double Merdieck, Mr. & Mrs. Anton

Teichelman, Games of double nine, Sheep head & 84 was enjoyed by all. Refreshments of sandwiches, cake, pie, dip & chips and relish plate was enjoyed by all.

Ernest Lowack is in the hospital at Haskell but hopes to get to come home today. Virgil Vahlenkamp Jr., son of Mr. & Mrs. Virgil Vahlenkamp of Denton, was sworn in as a member of the State Board of Texas in Austin on November 14, 1983. Virgil received his B.B.A. at North Texas State University in 1980. He graduated from Texas Tech School of Law in May 1983. He is currently an Assistant District Attorney in Denton County.

Virgil Jr. is the grandson of Mr. & Mrs. Leo Monse Sr. of Sagerton & the late Mr. & Mrs. August Vahlenkamp. He has numerous relatives in this area.

Mr. & Mrs. Franklin Mrazek of Aspermont, Jill Howle of Clyde ate lunch in the home of Mr. & Mrs. Leo Monse Sunday.

Rexrode To Join Austin College Staff

Former Sherman High School coach Bobby Rexrode, most recently an assistant coach at Pottsboro, is joining Austin College as baseball and soccer coach.

In announcing Rexrode's appointment as a part-time member of the AC coaching staff, Athletic Director Dr. Bob Mason said Rexrode is a welcome addition to the athletic department. "We are very pleased to have a coach of his ability join us," said Mason.

Rexrode succeeds Larry Tidwell as baseball coach. Tidwell, who led the Kangaroos to the NAIA District 8 playoffs in 1983, left to become athletic director at Lexington High School in May.

"I want Austin College's baseball program to be a class operation that reflects the school's excellent reputation," said Rexrode. Larry Tidwell did an

excellent job last season and I want to continue where he left off—by getting to the district playoffs."

In soccer, Rexrode succeeds Kenneth Austin of Dallas, who led the Kangaroos to their second consecutive NAIA District 8 title and a trip to the NAIA area playoffs in Denver.

An all-district baseball player three years for Haskell High School, Rexrode also played for Baylor University, where he received a bachelor's degree in 1959.

He coached at Sherman High from 1969 to 1982, then coached one year in Crowley before coming back to Pottsboro last year. Rexrode's wife Lynda is an employee of M&P Bank in Sherman. They have one daughter, Mrs. Gena Huntsman of Sherman, and one son, Mark, a baseball player in the Los Angeles Dodgers' minor league system.

story of the early days of the settling of the Texas Panhandle told in music, drama, and dance. A story of gaiety and strife—great storms and sturdy people. Nearly 1,500,000 people have seen the show since it opened in 1966.

"Texas" Musical Seeking Talent

The "Texas" Musical Drama is seeking talent for its 1984 season which begins June 13 and runs through August 25, 1984. Singers, actors, dancers, instrumentalists, technicians, and hospitality crew members are all needed to fill the 140 paid positions in the company.

The directors will hold auditions in Dallas, January 28; Austin, January 29; Albuquerque, February 5; Lubbock, February 12; and in Canyon, February 19.

The directors will be looking for men and women in all voice ranges, and actors with outdoor voice and presence since the drama uses no microphones. Dancers need to bring work-out clothing and be able to demonstrate ballet or modern training. Instruments used in the show include two violins, upright string bass, standard guitar, banjo and accordion.

1984 will be the 19th season for this drama that tells the

story of the early days of the settling of the Texas Panhandle told in music, drama, and dance. A story of gaiety and strife—great storms and sturdy people. Nearly 1,500,000 people have seen the show since it opened in 1966.

The show plays in awesome Palo Duro Canyon's Pioneer Amphitheatre, near Canyon and Amarillo.

Applicants need to bring a photograph as well as current address and telephone numbers. Company members are placed under contract and must be available for the entire season (May 20 through August 25).

Employees who are under 18 as of May 20 must live with parents or relatives in Canyon or Amarillo.

For further information concerning auditions, or for reservations, call or write "Texas", Box 268, Canyon, Texas 79015; 806-655-2181.

BUILDING YOUR RETIREMENT IS AS SIMPLE AS A.B.C.

OPEN A TAX-DEFERRED, MONEY-MAKING INDIVIDUAL RETIREMENT ACCOUNT TODAY AT COMMODORE SAVINGS.

Retirement used to be a taxing situation. But not any longer. Because now, you can open an Individual Retirement Account (IRA) at Commodore Savings — the simple-to-understand retirement account that will save you money today so you can enjoy better tomorrows.

Just add up the benefits for yourself:

- All contributions are tax-deferred and 100 percent deductible. You pay no taxes on the money you invest in your IRA or on the interest it earns until you begin taking distribution as early as age 59½.

- Save as little or as much as you want each month. Up to \$2,000 a year if you are single and employed. Up to \$2,250 a year for a couple where one spouse is employed and the other is not. And up to \$4,000 a year for a working couple. Save as little as \$10 a month. Even skip a whole year's contributions if you prefer.

- Pay much less tax on your retirement income. By retirement age, you'll probably be in a lower tax bracket, so the taxes you'll pay on your IRA retirement income could be much less than you pay now.

- Almost everyone can qualify. If you are under age 70½ and are earning an income, you qualify for a Commodore IRA, even if you are already participating in another retirement program.

Best of all, the money you put into your IRA earns a guaranteed high compound interest rate. Save \$2,000 a year for just 20 years, and your IRA investment could amount to well over \$100,000!

Seven different retirement plans are available, including Regular IRA, Spousal IRA, Employer IRA, rollover IRA, Payroll Deduction IRA, IRA/SEPP and Keogh Plan. Find out which plan is right for you. Call Commodore today, and build yourself a better retirement at Commodore Savings. It's as simple as A.B.C.

Stamford (915) 773-5006

Newcomb Enters State Rep. Race

Sam Newcomb, 48-year-old Breckenridge independent petroleum land man, today announced that he will be a candidate for state representative of the 64th District.

Newcomb is a candidate in the Democratic primary for the seat being vacated by Rep. Joe Hanna, who earlier announced he would not seek re-election.

Describing himself as a conservative Democrat, Newcomb praised Hanna's long service in the legislature and said he hopes to be able to continue the same type service for the district.

A native of Albany, Newcomb moved to Breckenridge in 1949. He joined the Army in 1954 as an enlisted man and rose to the rank of major before his retirement in 1974.

While in the Army he attended Cameron College in Lawton, Okla. for two years and then was accepted for

Officers Candidate School, which he successfully completed in 1961.

Later he was accepted for flight school and graduated as a pilot in 1965. Newcomb served one tour of duty in Korea as an enlisted man and served two tours of duty in Vietnam, the first as a fixed wing pilot and the second as commander of a helicopter company.

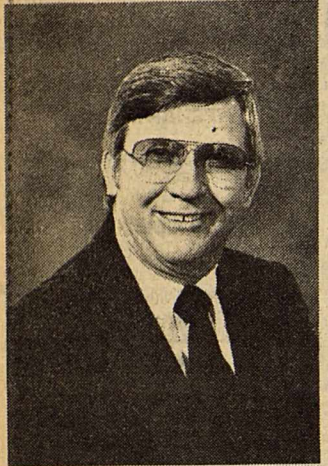

While in the Army he earned several decorations. He ended his military career at Fort Wolters in Mineral Wells where he was stationed three years before retiring in March, 1974.

Newcomb returned to Breckenridge after his discharge and served as manager of the Breckenridge Chamber of Commerce before going into business for himself as an independent petroleum land man.

He is married to the former Stephanie Satterwhite of Breckenridge and the couple has three children, Eddy, a student at Mesa College in Grand Junction, Colo.; Jimmy, a graduate of The University of Texas who now lives in Fort Worth; and Mrs. Mike Pope (Jettie) of Breckenridge. The Newcombs also have three grandchildren.

The Newcombs are members of St. Andrew's Episcopal Church and Newcomb is a Mason, an Elk and a member of the National Right-of-Way Association.

The 64th District includes Callahan, Haskell, Hood, Palo Pinto, Shackelford, Stephens, Throckmorton and Young counties.

SAM NEWCOMB

Obituaries

REV. HUBERT H. SEGO

Rev. Hubert Sego

Funeral services for the Rev. Hubert H. Sego, 79, of Haskell were held at 2 p.m. January 16 in First Baptist Church with Rev. Mike McKinney, pastor, and Rev. Louis Wilson, Baptist minister of Haskell, officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

He died Saturday, January 14 at 8:50 a.m. in Haskell Memorial Hospital.

Born December 17, 1904 in Onaville, in Bell County, he had been a Haskell County resident since 1906. He had been a Baptist minister since 1930 serving churches at Matson, Lone Star, Roberts and Curry Chapel. He supplied many churches during his ministry. He married Ethel U. Bledsoe, January 17, 1926 in Haskell. He was a member of First Baptist Church.

Survivors include his wife; four daughters, Joyce Laverne Davis, Mary Francis Lowe and Flora Gayle Pace, all of Haskell, and Franke Jo Alvis of Odessa; one brother, Taylor Sego of Rochester; one sister, Nanny Reese of Haskell; 7 grandchildren and 8 great grandchildren.

Pallbearers were Mike Newberry, Charles Gibson, Milton Christian, Tim Burson, Felton Everett, J.W. Aycock, Carl Bailey and Lynn Pace Jr. Honorary pallbearers were members of the Victory Sunday School Class.

Funeral services for E.D. "Toots" Earle, 73, a retired cotton gin manager and farmer from Weinert, died at 10:30 a.m. Wednesday, Jan. 11 at West Texas Medical Center in Abilene. Services were held at 10 a.m. Saturday at First United Methodist Church in Munday.

The Rev. Roy Herricks of Weinert and the Rev. Don Travis, pastor of First United Methodist Church, officiated. Burial was at Johnson Memorial Cemetery, directed by McCauley-Smith Funeral Home of Munday.

Born July 10, 1910 in Guyton, Okla., he moved from Campbell to Weinert in 1928. He married Irene Martin Feb. 19, 1939 in Fort Worth.

A son, Danny, died in 1961. Survivors include his wife; a son, David of Weinert; a brother, Eldon of Lone Oak; a sister, Robbie Tregaskis of Sublimity, Ore.; and two grandsons.

Pallbearers were Tiffen Mayfield, Rex Herricks, Ronnie Alexander, Stanley Hager, Melvin Vojkufka, Elmer Adams, Bill Quattlebaum and J.W. Wallace.

Honorary pallbearers were Clyde Mayfield, Edwin Reeves, Moulton Wiggins, W.R. Hager, Henry Vojkufka, Clifford Williamson, John Wallace, Bud Offutt, Ronnie Adams and Larry Cunningham.

Funeral services for Mrs. Marvin "Mamie" Hancock, 92, a former Haskell resident, will be held at 11:00 a.m. Thursday, January 19 in First Presbyterian Church in Haskell. Burial will be in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Mrs. Hancock died January 17 at 8:45 a.m. in Dallas.

Senator Lloyd Bentsen Watching Washington

There is a group of research scientists in the United States working to combat hunger by providing us with tastier, cheaper and more bountiful seafood.

Their specialty is aquaculture, which means, literally, farming the water.

Cultivating protein-rich seafood is increasingly important in a world that is concerned about overfishing of rivers and oceans, a world in which protein is the single element most lacking in the diets of people.

Many countries already rely heavily on aquaculture (sometimes spelled aquiculture). Half the fish consumed in Israel are produced through aquaculture as are a fourth of the fish in China and India.

With the help of intensified research in recent years, the U.S. aquaculture industry has begun to pick up steam.

Americans are eating more seafood—up from 10.3 pounds of fish and shellfish a person in 1960 to 13 pounds in 1980—and the aquaculture industry is keeping pace. It has increased its commercial fish harvest from 130 million pounds in 1975 to 400 million currently. It produces 40 percent of the oysters we eat, most of our catfish and crawfish, nearly all of our rainbow trout and smaller quantities of other fish.

I was the first Member of Congress to propose legislation to coordinate the government's far-flung and sometimes erratic support of aquaculture research, development and production. My bill, the National Aquaculture Act of 1980, also helped spark interest in this very promising source of food.

Let me cite an example.

Texas A & M University is studying technology for the culture of marine shrimp. It is the largest research and development program of its kind in the Western Hemisphere.

The A & M researchers have succeeded in raising shrimp 40 to 50 miles inland, using salt water taken from the ground.

This program has also improved the yield of shrimp to 1,600 pounds of small shrimp per acre, valued at \$4,800, and 1,000 pounds of large shrimp, valued at between \$12,000 and \$14,000. That compares exceptionally well to cotton, which is valued at \$400 to \$500 an acre, and grain sorghum, valued at \$200 to \$400 an acre.

This vital research could well be laying the foundation for a thriving aquaculture industry in areas of South and West Texas which need new and profitable crops.

The opportunity for expanding aquaculture in the United States is tremendous. We have only dipped our toes in the water, so to speak.

As much fish and shellfish as our aquaculture industry produces, it only accounts for 11 percent of our total intake.

That is why I am pushing in the Senate for legislation to replace my National Aquaculture Act, which recently expired. I am confident it will be enacted since the original law has proved its value many times over.

That is good news, indeed, for a hungry world.

Form 1040A Changes Good News For Many

The short Form 1040A is a little longer, and Internal Revenue Service officials say that will be good news for many taxpayers.

The 1983 version of the 1040A has added five lines and a schedule which may be attached if needed. According to the IRS, the new short form becomes a more versatile tax return that will save time and reduce errors for the taxpayers who can use it.

For example, taxpayers claiming the child care credit can now use the 1040A instead of filing the longer Form 1040 and separate schedule that were previously required. Likewise, taxpayers claiming Individual Retirement Arrangement (IRA) deductions can use the short form.

According to IRS officials, the new 1040A should reduce refund delays caused by errors as well as save time for those who use it. One reason for this is that many taxpayers who previously had to use the 68-line long form can now do the same job with the 1040A. This not only saves the time for reading through the nonapplicable lines of the 1040 but also reduces the chance of errors caused by wrong line entries.

Taxpayers who filed Form 1040A or 1040EZ last year will automatically receive the same forms in the mail. Other taxpayers can request the 1040A or 1040EZ through the Federal Tax Information number listed in the phone book under U.S. Government.

CIVIL RIGHTS

It is the policy of the facility to admit and to treat all residents without regard to race, color, national origin, religious preference or marital status. The same requirements for admission are applied to all and residents are assigned within the home without regard to race, color, national origin, religious preference. There is no distinction in eligibility for, or in the manner of providing, any resident service provided by or through the nursing home. All facilities of the nursing home are available without distinction to all residents and visitors regardless of race, color, national origin, religious preference or marital status. All persons and organizations having occasion either to refer residents for admission or to recommend the facility are advised to do so without regard to the residents race, color, national origin, religious preference, or marital status.

This policy was approved and adopted by this facility on January 1, 1984.

Card of Thanks

CARD OF THANKS
We want to express our thanks to everyone for their visits, food, and flowers during the loss of our loved one. A special thank you to Rick Hahn, the minister, for his words of comfort, Ruth Ann Klose and Brian Burgess for the lovely music. May the Lord bless each and everyone. The family of Mary Peter. 3p

CARD OF THANKS
We would like to offer our sincere appreciation for all the kindness, love and concern shown us during the loss of our loved one. We want to thank the doctors and hospital staff for their help. We are grateful for each thoughtful deed. May God bless you. The family of Mattie Ridling, Billie and Alton Harris. 3p
