Sagerton Hee Haw

Evelyn Ulmer Is Outstanding Citizen

Evelyn Ulmer was honored as the Outstanding Citizen for 1984 of the Sagerton Community at their annual "Hee Haw" presentation, Saturday night, March 24.

Evelyn Ulmer, who is known as "Ev", has been a citizen of the Sagerton Community for over forty years. During this time she has given her time willingly and helped with all the community, school, and church activities, always working

diligently in the background with the "dirty" jobs, such as washing dishes, cleaning floors, and mowing weeds. However, she can be a leader when the need is there.

She is a faithful member of the Sagerton Methodist Church where she has worked with the youth and children, the ladies group, and the elderly and sings in the choir.

She has always been ready to lend a helping hand to anyone in the community in need of help, whether it was sitting with the sick, babysitting, cleaning their house, or just a ride to church.

She is an active member of the Sagerton Hobby Club and was largely responsible for the success of their bazaar. She works with the elderly in the Community Friendship Club.

She is married to Alvin Ulmer and they have two children, Winston, who lives in San Antonio, and Jana Whitaker, who lives in Meeker, Colorado. They have five grandchildren.

Car Wash Set At Assembly of God

There will be a car wash, Saturday, March 31, 1984, given by the CA's of the First Assembly of God Church in Haskell. Cars will be washed at the church and they are washed for donations only.

The money received will go to help the young people pay their tuitions for Youth Camp this summer.

Tickets For All-Sports Banquet On Sale

Tickets are now on sale for the All-Sports Banquet to be held Friday, April 6. As usual the banquet will be held at the

Elementary School Cafeteria. Tickets are \$5.00.

A special treat this year will be speaker Jerry Larned Assistant Superintendent of the Monahans Independent School District. Larned, a Haskell graduate and former coach, is a sought-after banquet speaker. He is a humorist who is enjoyed by all ages, but he also will give the audience a message to remember.

Tickets may be purchased at Hale Farm Supply, Bailey Toliver Chevrolet, The Drug Store and Haskell Clinic.

Fund Started For Coy Payne

A fund has been started at Commodore Savings in Haskell for Coy Payne.

Payne recently underwent surgery at Parkland Hospital in Dallas.

Deposits to the fund may be left at Commodore Savings.

Rule Chamber Banquet Set April 3

The Rule Chamber of Commerce will hold its annual banquet Tuesday, April 3 at 7 p.m. in the Rule School Cafeteria.

Tickets are \$5.50 and may be purchased from any Chamber member or at Woods Pharmacy.

The guest speaker will be F.M. Churchill from Abilene Christian University, a well-known humorist. Mr. W.E. Mayes and his choir from Rule High School will present the musical entertainment.

Rule Man and Woman of the Year will be announced at the banquet as well as the recognition of Outstanding Youth both boy and girl.

New chamber officers will be recognized and the chamber work of the year will be reviewed.

One-Act Play Competes In Rotan

The cast of "A Storm is Breaking," Anthony Garland, Steven Boyd and Jill Jennings, recently completed in the One-Act play division of the UIL competition in Rotan.

Garland and Boyd were chosen for the all-star cast and honorable mention, respectively.

"I thought we did extremely well, and we were pleased with the students' performances and awards," Mrs. Glenda Drinnon, Drama teacher said.

Telephone For Prayer In Operation

A new community outreach "Telephone For Prayer" recently went into operation.

Each day whoever calls 864-8033 will hear a 3 minute inspirational message. The number can be called 7 days a week 24 hours a day and whoever calls will hear a fresh, new different message each day. You call this number every single day of the year and hear a different message each day.

Many have indeed already called and been blessed and encouraged. All you need to do is call and listen.

Council Holds 5 Hour Session

Haskell City Council members met Tuesday night in a five hour marathon meeting. The meeting was the last regularly scheduled meeting prior to city elections April 7.

A majority of the meeting was spent hearing proposals on the purchase of a storm warning system and the purchase of a new motor grader. Council members also considered salary adjustments and took formal action on the status of City Police Officer S.E. Braly.

Leon Hatfield of Gifford Electric in Fort Worth presented a proposal for the city to install a storm warning system. Council members agreed to the \$4,500.00 purchase of one siren to be located near the center of town. Preliminary estimates are that the system will be audible throughout town, but in the event it is not, council members stated they would consider the purchase of an addition unit to insure adequate coverage. The system should be in operation in about 30 days.

Mr. Alan Mason of Godsey Equipment Co. in Abilene presented a proposal on the lease of a motor grader for the city. Council members accepted the lease pending approval of the contract by the city

Crop Hail Seminar Set April 3

All area farmers are invited to a Crop Hail Seminar, April 3, in the Community Room of the Haskell National Bank beginning at 7:30 p.m.

The meeting will be conducted by Don Skipworth and Roland Watson from the Crop Hail Department of Texas Farm Bureau.

Topics to be discussed will be general information on adjusting and paying claims. The meeting is sponsored by the Haskell County Farm Bureau.

attorney.

Council members also considered and approved various salary adjustments to city employee categories. The adjustments were to starting pay including an automatic raise after a six months probation period. Other adjustments were approved for department heads and various other categories of positions. Council members pointed out that these adjustments were not simply raises to employees but adjustments to the base salary of a position based on job description and responsibilities.

Members of the council also approved a motion by 3-2 majority to terminate the employment of Police Officer S.E. Braly.

Officer Braly is currently under a felony indictment in connection with a shooting incident which occurred November 3, 1983. Braly was indicted for reckless conduct (a misdemeanor) on January 5 and was later indicted for aggravated assault (a felony) on Feb. 22.

According to city job description policy, an officer must hold a current peace officers certificate issued by the Texas Commission on Law Enforcements Standards and Education.

According to Alfredo Villarreal, attorney for the commission in Austin, upon a felony indictment, the commission begins proceedings to suspend the certification. Villarreal told the Free Press Wednesday morning that the process was underway but that no suspension had occurred.

Council members voted to terminate Braly's employment effective the date of suspension by the commission. Voting in favor of the motion were council members Hugh Horton, Darrell Smith and Larry Gilliam. Council members Jerry Stocks and Bill Lane opposed the motion.

According to Villarreal the final outcome of the suspension will be based on the trial, which started Wednesday. He indicated that if

Braly is found not guilty there will be no suspension of his certification. If he is convicted of a misdemeanor the suspension will be temporary and will be based on the sentence and if there is a felony conviction there will be a permanent revocation of the certification.

In other action, council members approved a new policy concerning police officers; approved a resolution concerning delinquent taxes; approved a resolution appointing Bob Baker as City Administrator and approved the sale of several lots in the Cottage Lawn Addition to Bob Dulaney for back taxes.

Council members also accepted a bid for the removal of a house on city property and gave tentative approval to the moving of the Little League park to city property.

A special spring clean-up was set by members of the council in cooperation with members of the commissioners court. The cleanup will be formalized later but tentative plans call for city and county crews to begin pick-up on April 16.

In the past the clean-up has been scheduled for a week and some property owners waited until the last day to stack debris for pick-up. This caused the crews to make several trips. Plans for this year's clean-up call for property owners to have all debris for pick-up in place near their garbage cans prior to April 16. The crews will begin picking up debris soon after that day on a work load permitting basis. Any debris not in place when the crew comes by will require a charge to the property owner for a special pick-up.

City Administrator Bob Baker said, "If residents will clean-up prior to April 16, there won't be any problems but we simply can't go back and forth and make special pick-ups for several weeks after the deadline."

Brush and Palette

Want to have some fun? Want to forget it all for a little while? Join an art class. These little gatherings are different from anything else in the world. The camaraderie, the fellowship, the exchange of ideas and resultant benefits are unequal anywhere. We come together because of a common interest, because of the very human desire to create and to learn from the teacher and from one another. Perhaps as important as

anything, we meet with people who like talking about art. Although learning self-expression as an artist is an overall satisfying and fun-filled process, it isn't so easy as to be without challenge, or the need to do some hard, constructive thinking. This certainly prevents boredom. That there is a tremendous amount of good therapy in art is a well known fact. Most of all, however, there is such a keen enjoyment derived from

it that almost everyone who takes it up wonders why they didn't start sooner.

Q. Is it necessary to make a detailed drawing for a painting?

A. If you mean detailed to the point of shading, the answer is "no". This kind of drawing is excellent, however, to paint from later on. The drawing on your canvas should NOT be done with a pencil! Use charcoal or think paint with a small brush. Complete enough of the drawing that you can render the forms and planes properly. The important thing, I think, is that you do careful and correct drawings, whether you draw three lines or a hundred. It is better to spend a little more time and thought on a drawing so that you do not have to enlarge or reduce the size of a tree or a house. You might have to move the road or the river into a better angle after you have started to paint it in. Think about how many times you have smeared up a pretty sky or background by having to change something. Sometimes you never can get it back as nice as it was in the beginning. This is really a waste of time and a little forethought will avoid it. Besides, a finished painting is no better than its basic drawing, this is a truth that every aspiring artist needs to learn.

HINT: Be a good house-keeper with your paint kit. Put the tops back on the tubes, wash brushes after each painting session.

Double Ring Ceremony Unites Browning, Adams

Miss Lisa Sue Adams and Robert Edward Browning were united in marriage in a double ring ceremony Saturday evening, March 10, 1984 at the First Presbyterian Church in Breckenridge. The Reverend Andrew Channer, pastor of the church, officiated.

The bride is the daughter of Mr. and Mrs. Joe Adams of Breckenridge. The groom is the son of Mr. and Mrs. Jimmy Browning Sr. of Haskell and grandson of Mr. and Mrs. Cliff Dunnam and the late Ed Hester.

Vows were exchanged before an altar flanked with white wicker baskets filled with peach and yellow spring blossoms. Church pews were accented with aqua satin bows.

The bride was escorted to the altar by her father and presented in marriage by her parents. She wore a candlelight tea length dress of Point D'Estret lace with satin underlay. The bodice was trimmed with lace and featured softly gathered ruffles. The fitted sleeves were tipped with bands of satin ribbon and lace. The gathered skirt was edged with lace and a satin sash accented the slim waist. Her hat was a candlelight open weave derby trimmed with Venice lace and tulle. She carried a bouquet of candlelight roses.

Maid of Honor was Deborah Kike of Breckenridge. She wore an aqua silk de chine dress and carried a stem of peach ginster and morning glories and yellow sweet peas. Best Man was Robert Rodriguez of Haskell. The groom and best man wore white western tuxedos with ruffled shirts and boutonniers of sweetheart roses and baby's breath.

Seating guests and lighting candles were Lance Adams, brother of the bride, and Joseph Browning, brother of the groom.

Karen Walker, soloist, sang "Truly" and "The Lords Prayer" accompanied by Marie Adkins, organist.

The bride's mother chose a peach and beige linen suit. The groom's mother wore a smoke blue crepe de chine dress. Corsages were of candlelight sweetheart rosebuds and baby's breath.

Stephanie Browning, sister of the groom, registered guests in the church foyer.

The wedding reception was hosted by the bride's parents in the church fellowship hall. The bride's table was covered in yellow overlaid with ivory lace. The bridal bouquet was the centerpiece complimenting the double tiered wedding cake decorated with peach and yellow flowers. Punch was served from a crystal punch bowl, mints were served from a silver tray and nuts in cut glass dish.

The groom's table featured yellow jonquils in miniature western boots on an ecru lace cloth over a cinnamon undercloth. A brass coffee service and brass trays filled with

cheese and sausage, vegetables and ham ball with crackers were served by Lisa Beth Browning of Lubbock, sister-in-law of the groom.

Houseparty members were Ann Guy, Christie Coapland, Natalie Brown, Maude and Shorty Allison and Kathy Barron.

The groom's parents hosted the rehearsal dinner at Hayden's Restaurant.

The bride, a graduate of Breckenridge High School is a

student of Tarleton State University and works at Gibsons. Robert, a 1979 Haskell High School graduate, will be graduating in May from Tarleton State University with a degree in Agriculture Education. He is presently employed with Beam Concrete, Inc.

The couple is living at 211 East Collins in Stephenville. They are planning a trip to Colorado following May graduation.

Parenting Seminar Slated

Each year, more than one million American girls between the ages of thirteen and twenty become pregnant. Most are unmarried. Few thought it could never happen to them. And the sad thing is that the teen pregnancy epidemic shows no sign of being checked in the near future.

Meanwhile, the commercial exploitation of sex in America also continues. Almost everywhere, we see and hear the same message: Sex is what's happening; it's pleasure and excitement. Almost no one reminds us that sexuality involves certain responsibilities as well.

To help parents understand adolescents' newly emerging sexual identities, A Parenting Seminar on Communications has been scheduled in

Stamford at the VIP Center, 508 E. Gould. The program, which is hosted by the County Extension Agents in Fisher, Haskell, Jones and Kent Counties, will be from 6:30 to 9:00 p.m. on Thursday, April 5. Dr. Dolores Stegelin, Extension Family Life Education Specialist with the Texas Agricultural Extension Service, will be the featured speaker. There will be a \$2.00 registration fee for all those who attend. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion, handicap or national origin.

Why attend a parent seminar such as this? Most parents have strong personal beliefs about human sexuality that

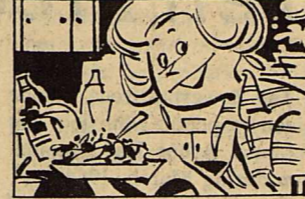

they would like to convey to their children, but often, they do not know how to discuss the subject with their youngsters. Parent seminars recognize the importance of the family as the primary vehicle for the transmission of sexual values, and are designed to help parents think through their own

convictions, express them, and explore strategies that can initiate family discussion. These seminars help parents to develop effective techniques for talking with their adolescent children about these issues.

For more information contact one of the following County Extension Agents—Home Economics: Alice Ballenger—Fisher County, 915-776-2171; Lou Gilly—Haskell County, 817-864-2546; Martha Alice Sprayberry—Jones County, 915-823-2433; or Shirley Long—Kent County, 806-237-3345.

Nutrition Tip

Does olive oil conjure up visions of veal parmigiana, stuffed peppers, eggplant rollatini, luscious pastas...? It's indispensable for all those Italian favorites, of course, but did you know that it also adds that special something to all-American broiled fish, sauteed chicken, herb-based sauces, vegetable dishes and salads galore?

In other words this unique ingredient, prized for centuries and surrounded by colorful legend and lore, also qualifies as a health food! Contrary to the popular myth, it contains absolutely no cholesterol. And clear, golden Bertolli, world's best-loved olive oil, lends its distinctively light, delicate flavor, its smooth, blendable consistency to a wide variety of tasty recipes that are "legal" — even if you're dieting.

Warm Note For Chilly Bathrooms

You needn't be floored by your chilly bathroom tiles if you decorate them with plush bath rugs made from a luxurious new fiber that can both warm the feet and delight the eye.

Bath rugs in both oval and rectangular shapes are now available in a spectrum of fashion-wise colors in this fiber, called Anso® Soft Impressions nylon, created by Allied Corporation. You can also find coordinating tank sets for a complete designer look.

SHARRON PIERCE of Knox City is proud to announce the engagement of her daughter, Melissa Lynn to Todd Alan Lewis, son of Elaine Lewis and Sterling Lewis. Melissa is also the daughter of Ken Young of Granbury. She is a junior at Knox City High School from where she plans to graduate next spring. Todd is a 1982 graduate of Knox City High. The couple plans a July 20 wedding in Knox City.

Arbor Day Offers Ten Free Trees

Ten flowering trees will be given to people who join the National Arbor Day Foundation during March, 1984.

The free trees are part of the Foundation's effort to promote tree planting throughout America.

The Foundation will give two White Dogwood, two American Redbud, two European Mountain Ash, two Washington Hawthorn, and two Flowering Crab trees to members joining during March. The six-to-twelve inch trees will be shipped at the right time for planting this spring, between March 1 and May 31, postage paid with enclosed planting instructions.

These trees were selected because they will give a colorful flowering of pink, white, and red blossoms throughout the spring, according to the Foundation. The trees are guaranteed to grow or they will be replaced free of charge.

The National Arbor Day Foundation, a non-profit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The Foundation will give the ten free trees to members contributing \$10 during March.

Mildred Kelso Honored With Birthday Party

Mildred Kenamer Kelso was honored with a birthday party March 17, 1984 at the Haskell Bank Community Building.

The building was decorated with balloon bouquets and crepe paper steamers of purple, orchid, pink and yellow. Guest tables were covered with ivory cloths with balloon bouquet centerpieces. The main table was covered with an orchid cloth and held the birthday cake, strawberry punch and an arrangement of purple and silk irises. Crystal appointments completed the table.

Hostess for the celebration were her daughters, Imogene Camp of San Antonio, Peggy Burson, Pat Driver, and granddaughter, Debbie Driver Adams of Lubbock. Other grandchildren attending were Steve and Joni (Burson) Speegle and new son, Travis Louis, of Flower Mound, Brant and Stephanie Camp of San Antonio, and Rendi Driver of Lubbock.

Big Bird, Mickey Mouse,

and Cookie Monster made a special appearance to the party. Friends and relatives attended from Haskell, Throckmorton, Middlothian, Flower Mound, San Antonio and Lubbock.

Superintendent's Views

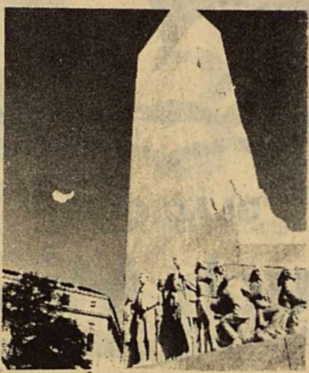

BY JAMES LANIER
Superintendent, Haskell ISD

Sometimes, inspiration and subject matter for this column comes at strange times and strange ways. I did an unusual thing for me last night. I took the problems of school home with me. I left the office around 6 o'clock after finishing a special edition of the *Dallas Times Herald* which proclaimed forcefully the problems of education. As I tossed and tumbled in my bed, I could not keep the questions concerning our school out of my head. How are we going to implement HB 246 with our staff? How will our students and parents react to a tougher curriculum? How are we going to finance our schools? Will the legislature go into special session? How do we handle the problems of petty jealousy that sometimes arise among our faculty and staff? Will the electrical wiring hold out another year? Can we keep the old boiler and steam system going one more year? How many staff members will we lose? Where can I find replacement personnel? What methods can we use to better communicate with the board, the staff and faculty, and the public?

Around 2 a.m., it slowly dawned on me that these problems existed and were just waiting to be solved. It was my job to work toward solutions. Instead of concerning myself with the problems, I should be counting my assets. These thoughts came through my subconscious mind. We have a competent administrative staff with a combined total of experience of 79 years with approximately 40 of these years spent in administration. This staff has good energy level and is willing to work. Our faculty, even though it is underpaid and over worked, is dedicated to the education of students. They are generally intelligent, well trained individuals who are willing to accept change especially if it will help kids. Very few of them ever have

negative thoughts about the students, but strive hard to motivate and teach. Our paraprofessionals and other staff are willing to work and go that extra "mile" it takes to be successful. Our school board is supportive of the school and interested in the management and improvement of the program. They have been a great asset these past four years with their help in fiscal management and their loyalty and support. The public has been supportive of what we are trying to do and willing to give us time and financial support to accomplish the goals in mind. Best of all, we have a great bunch of students who work just as hard in the classroom as they do at play.

Around 2:30 a.m., I realized the assets outweighed the problems. Solutions are available. With the help of God, hard work, and the cooperation and efforts of all of us, we will solve these problems. It may take time and money, but we can and will do it. As I drifted off to my short slumber last night, I was content and satisfied we have the answers. When I awoke this morning at 6 a.m., I also knew I had the text of my column for this week.

The fallen heroes of the Alamo are commemorated by this monumental sculpture which was dedicated in San Antonio on March 6, 1936, the 100th anniversary of the famous battle. The structure, in Alamo Plaza, bears likeness of some of the more famous Texas heroes and bears inscriptions of the names of the men who gave their lives for Texas's independence. Rojas Competes In Tennis Tourney

BY JENNIFER DAVIS
Ricky Rojas advanced to finals in B division singles at the Burk Burnett Invitational Tournament, but defaulted in the semi-finals.

Rojas defeated a team participant from Burk Burnett in the first round, 8-4.

In the second round, Rojas defeated a Petrolia participant 8-2, and in the semi finals, a team participant from Holiday, 6-4, 6-2.

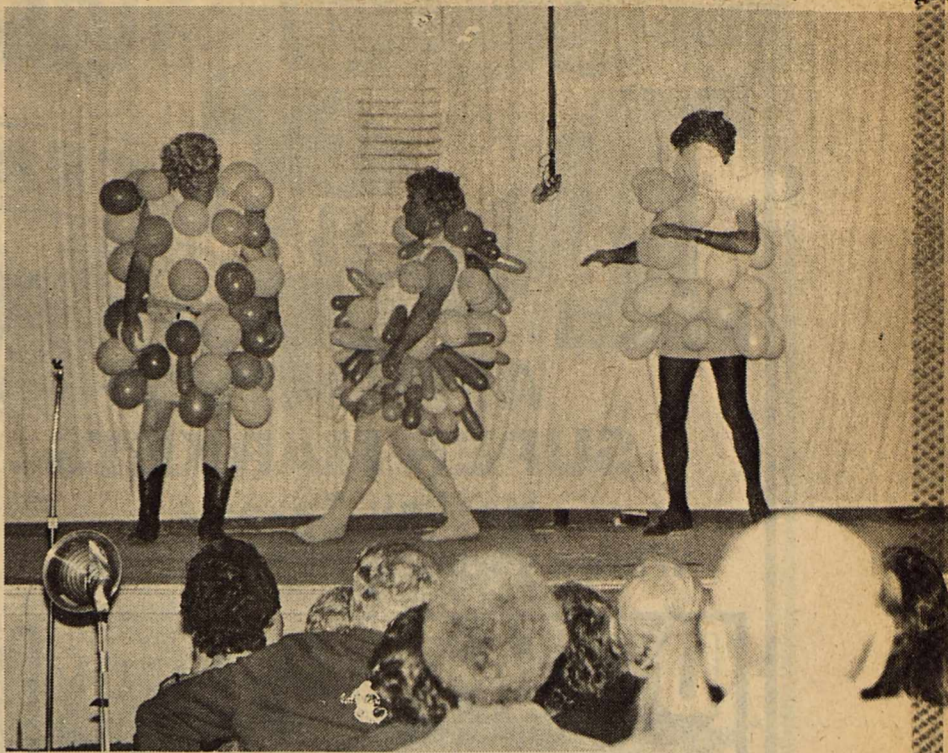

Rojas' reason for his decision to default in the semi finals was made because he is on the relay team and had a track meet the same day as the finals. He felt like he would be letting the relay team down so he defaulted in the semi finals instead of the finals. Had he defaulted in the finals, the entire tennis team would have been put on probation.

"Ricky had a hard decision to make and we appreciated him thinking of us instead of himself," said mile relay member, Shane Hadaway.

Other members participating in the tournament from Haskell were: A division doubles team: Tim Johnson and Scott Schaake.

In the first round Johnson and Schaake defeated a team from Iowa Park, 8-4. In the second round Johnson and Schaake were defeated by the number one seed, Burk Burnett, 8-1.

The boy's tennis team district tournament will be played April 16, 18 in Hamlin.

PICK A STAR ACCOUNT FROM COMMODORE SAVINGS.

All checking and transaction accounts are not created equal. That's why Commodore Savings gives you a choice of checking and checking/savings accounts. There's one or more here that's right for you, and all three pay you high interest.

STARCHECK

StarCheck is an Interest-Bearing Checking Account that pays you 5 1/4% simple interest monthly. With a StarCheck Checking Account, you have the option of having your checks returned to you each month. The account requires a minimum balance of \$500, with a \$7.50 charge for the month if your balance falls below \$500.

SUPER STARCHECK

Super StarCheck is an unlimited check-writing account that pays a high simple interest when a minimum balance of \$2,500 is maintained in the account. If your average balance should drop below the \$2,500 minimum, the account will earn at the StarCheck interest rate of 5 1/4%. Like StarCheck, you have the option of having your checks returned in your statement each month. Also like StarCheck, there will be a small \$7.50 service charge if your balance falls below \$500.

STARPLUS MONEY MARKET ACCOUNT

The StarPlus Money Market Account is a limited check-writing account that pays you the current Money Market rate when a minimum balance of \$2,500 is maintained in the account. The Money Market rate is subject to change weekly. Like Super StarCheck, if your average balance should drop below the \$2,500 minimum, the account will earn at the StarCheck interest rate of 5 1/4%. Transfers and drafts can be written to the StarPlus Money Market Account. Like all the Star Accounts, you have the option of having your checks returned each month. There is also a small \$7.50 service charge if your balance falls below \$500.

StarCheck, Super StarCheck and the StarPlus Money Market Accounts. Three highly interesting ways we're working for you and working with you at Commodore Savings. Come in and find out more about these money-making accounts today.

4-H Summer Camps Set In Brownwood

Many educational and recreational opportunities await Texas 4-H'ers at the annual Summer Camps to be held at the Texas 4-H Center near Brownwood.

Program features several three-day programs for 4-H members from across the state, divided by ages. These camps will be held June 24-27, June 27-30 and July 15-18 for

nine-to-11 year-olds; and July 8-11, July 11-14 and July 18-21 for 12-to-14 year-olds.

The Special Interest Camp, for 4-H'ers ages 14 and up, is planned for the week of June 18-23. It will feature in-depth instruction in waterfront activities, such as canoeing and sailing; computers, natural resources, shooting sports, swimming and diving; and foods and nutrition as well as all the recreational and fun activities of a week-long camp.

In addition, three sessions of the County Camping Program provide counties which choose to bring a large delegation of 4-H'ers of all ages a two-day, pre-planned camp led by the Texas 4-H Center's summer staff. The dates for these county camps are July 23-25, July 30-Aug. 1 and Aug. 1-3.

Also, the Lakeside Pavilion at the Center is available for weekend or one-day camps, providing counties the opportunity to plan and prepare their own meals and activities while enjoying the Center's facilities and taking advantage of its resource personnel.

For more information, contact your local county Extension agent or 4-H specialists Marshall E. Crouch or Barbara Albert at the Texas 4-H Center, Route 1, Box 527, Brownwood, Texas 76801.

BIRTHDAY PARTY

Albert Sharp, left, was honored with a birthday party last week at the Southside Barber Shop. Friends contributed to a money tree and served refreshments throughout the day.

Vets Emergency Job Training Act Information

Employers may receive up to \$10,000 if they train and hire an eligible veteran through the provisions of the Act. The reimbursement will be 50 percent of the starting wage up to a maximum of \$10,000 per veteran. Payments will be made at the end of each three-month period of training or can be monthly in the case of employers with less than 75 employees.

While some particulars are involved, employers must design a program and apply to the Veterans Administration for certification to train an eligible veteran. The training should be approvable for 6 months, but cannot exceed 15 months. Also the employer's program should be in one or more of the following categories: a growth industry; an occupation requiring technical skills; or an occupation where demands exceed the supply of workers.

Veterans must also be certified eligible by the V.A.

before they enter into train-

ing. To be eligible, he/she must be a Korean or Vietnam-Era Veteran, and must have been unemployed for at least 15 out of the past 20 weeks immediately preceding his/her application.

According to Ronnie L. Wiggins, Job Service Representative with the Texas Employment Commission, the program is temporary. Employers must obtain certification and begin training an eligible veteran no later than December 31, 1984. Also,

funds for the program are on a first-come, first-serve basis.

That means that Haskell County employers and veterans are in competition for the funds with employers and veterans nationwide. Therefore, application must be made as soon as possible.

Wiggins also stated that T.E.C. is serving in an assisting capacity to the V.A. by providing personnel to aid employers in designing and applying for training approval. T.E.C. is also assisting veterans in applying for eligibility. "There is really little paperwork involved in this

program," Wiggins said. For more information, employers and veterans should contact the nearest office of the Texas Employment Commission.

BUILDING YOUR RETIREMENT IS AS SIMPLE AS A.B.C.

OPEN A TAX-DEFERRED, MONEY-MAKING INDIVIDUAL RETIREMENT ACCOUNT TODAY AT COMMODORE SAVINGS.

Retirement used to be a taxing situation. But not any longer. Because now, you can open an Individual Retirement Account (IRA) at Commodore Savings — the simple-to-understand retirement account that will save you money today so you can enjoy better tomorrows.

Just add up the benefits for yourself:

- All contributions are tax-deferred and 100 percent deductible. You pay no taxes on the money you invest in your IRA or on the interest it earns until you begin taking distribution as early as age 59½.

- Save as little or as much as you want each month. Up to \$2,000 a year if you are single and employed. Up to \$2,250 a year for a couple where one spouse is employed and the other is not. And up to \$4,000 a year for a working couple. Save as little as \$10 a month. Even skip a whole year's contributions if you prefer.

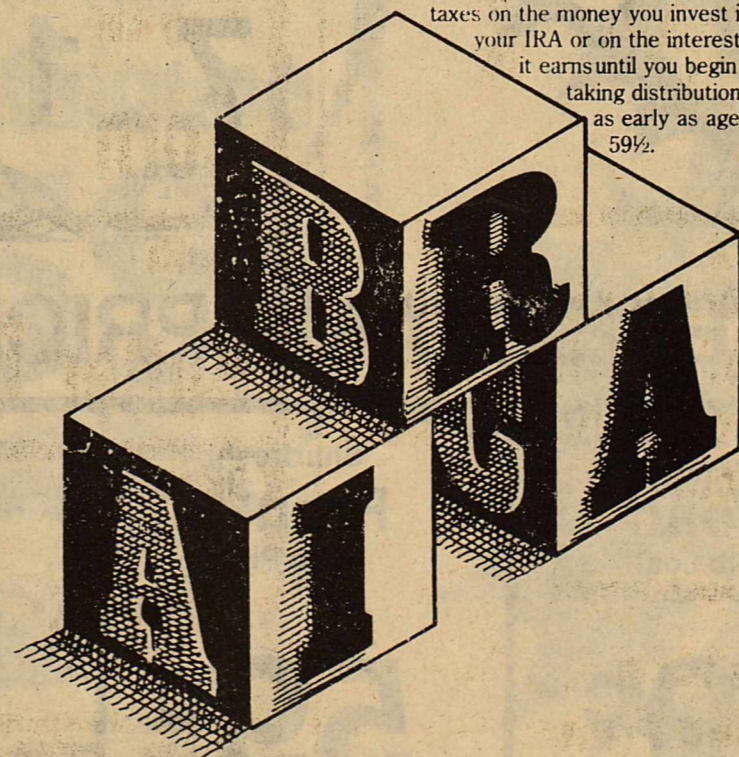

- Pay much less tax on your retirement income. By retirement age, you'll probably be in a lower tax bracket, so the taxes you'll pay on your IRA retirement income could be much less than you pay now.

- Almost everyone can qualify. If you are under age 70½ and are earning an income, you qualify for a Commodore IRA, even if you are already participating in another retirement program.

Best of all, the money you put into your IRA earns a guaranteed high compound interest rate. Save \$2,000 a year for just 20 years, and your IRA investment could amount to well over \$100,000!

Seven different retirement plans are available, including Regular IRA, Spousal IRA, Employer IRA, rollover IRA, Payroll Deduction IRA, IRA/SEPP and Keogh Plan. Find out which plan is right for you. Call Commodore today, and build yourself a better retirement at Commodore Savings. It's as simple as A.B.C.

We want to say thank you to everyone who helped in any way with the food, in the Hee Haw Show and the cleaning up after the show. Hope everyone enjoyed it as much as I did.

The fourteenth annual Sagerton Hee Haw was presented Friday and Saturday nights before a near sell-out crowd. On Saturday night, Mrs. Alvin (Ev) Ulmer was recognized as the Sagerton Outstanding Citizen of the year. An engraved silver tray was presented to her by Delbert LeFevre, a

member of the Hee Haw cast. A special thanks goes out to all the community who donated food, time and talents to make this a successful project.

Mr. and Mrs. Arthur Knipling attended the funeral of Fred Rodeck of Brenham on Saturday, March 17. They visited with friends and relatives in Brenham over the weekend. On Monday, they went to Brazoria to see their new great-grandson, Steven Shawn, son of Mr. and Mrs. Steve Moffett. They also visited with their daughters and their families, Mr. and Mrs. Bill Perkins and Mr. and Mrs. Ed Peel of West Columbia.

Coleman Bivins, son of Mr. and Mrs. Don Bivins, was selected best actor at the District 10-A South Zone one-act play competition in Rochester last week. He

participated in the competition with the Rule High School play entitled "The Miracle Worker". Members of the cast making the all-star cast included Mike Fouts and Tempa Wofford. Mike is the son of Mr. and Mrs. Ed Fouts and Tempa is the daughter of Mr. and Mrs. Jeffery Wofford. They advanced to district competition at Vernon two days later and won there also. Tempa Wofford was

selected Best Actress there and now the play advances to Graham on Tuesday March 27. We congratulate these Sagerton students and hope they go all the way to Austin with their U.I.L. play.

Guests of Mr. and Mrs. Joe Clark for the weekend included Mr. and Mrs. Randy Cobb of Ft. Worth and Mrs. Leslie Cobb of Midland. They were all here for the Hee Haw

Financial Services Office To Open

Don Book, who recently joined the Financial Services Firm of Edward D. Jones & Co., will begin meeting the people of Haskell and finalizing plans to open an office within the next few months. Book's initial plans include calling on all businesses and residents of the area to introduce himself, explain the conservative investment philosophy of Edward D. Jones & Co., and offer financial planning and investment services.

"We are pleased to extend the services of our firm to the communities of this area," said John Bachmann, managing partner of Edward D. Jones & Co. "For many years we have sought to fill the financial planning and investment needs of intelligent investors throughout the country who have worked hard for their income, do not wish to speculate, but are looking for a return on investment to keep pace with inflation and taxes."

For more than 110 years the people of Edward D. Jones & Co. have built a sound business based upon a conservative philosophy. The firm's registered representatives sell decidedly low-risk securities; including federal tax-exempt bonds, government bonds and trusts, corporate bonds and trusts, municipal bonds and trusts, and common stock of companies with histories of solid growth and sound management.

"I look forward to meeting the business community and residents of Haskell," stated Book. "I plan to become quite active in the community by joining local civic and business groups, and look forward to raising my family in this area." The firm takes pride in having been able to improve the position of many investors, particularly in reaction to bond issues. After realizing that bonds are generally designed with the institutional investor in mind, Edward D. Jones & Co. is continually persuading a large number of corporations to restructure their bond issues with the needs of the individual investor as the

primary consideration.

These special bond features include the estate benefit whereby when the holder of the bond dies the surviving holder or heir can redeem the bond at full cost plus interest with no penalty. Our firm has also underwritten bonds providing for early redemption which allows the holder to cash in a bond after two years and receive full face value plus interest. Such bond offerings have also provided monthly or quarterly interest payments, in contrast to the usual semi-annual interest payments of most bonds.

The firm began in St. Louis, MO., in 1871; and the home office today is located in Maryland Heights, MO, about 20 miles northwest of St. Louis. In the late 1940's the firm evolved the concept of opening offices in small towns, concentrating on those with a population of 10,000 to 25,000. The first branch office was opened in Mexico, MO, and later another office was opened in Pueblo, CO, 800 miles west of St. Louis. Today this network extends to nearly 550 branch offices in 33 states.

Letters To The Editor

Dear Editor:

To the many friends of Haskell that thought so much of me on my birthday. This is just a little something to say thank you for everything you did for me. It is good to have your friends with you when you need them most. You and your thoughtfulness will always be remembered. I can't forget the party you all gave me, all the cards and gifts and flowers and prayers and money. You all have been so good to me ever since I have been sick. I can't call you by name but I can say thanks to all of Haskell County. We love you all very much. May God bless and keep you all.

Thank you,
Mr. and Mrs. Albert Sharp

Money Matters

A Series Of Informative "Plain Talk" Thoughts Regarding Your Money Matters

We Are An Independent Bank

When you stop to consider that our country was founded on the principle of being independent, it would seem that there's something better than ordinary about "independence." A word that is almost interchangeable with the word independence is the word "freedom". Freedom is the very thing that makes an Independent Bank more responsive to the needs of the community than a financial institution that is owned and controlled lock-stock and barrel by someone who lives outside of the community. Because we are an Independent Bank we are free to say, "yes or no" without consulting anyone from out of town. When you come in to make a loan you are able to talk to someone who has the authority to make a decision.

Since we are locally owned it stands to reason that what's best for the community is also best for the bank. The only master we we serve is... you.

We Think Money Matters!

1984 Range, Pasture and Land Contest Winners

The Haskell and California Creek Soil and Water Conservation Districts sponsored the 1984 Range, Pasture and Land judging contests March 21 in Haskell. The contest is open to area FFA students from Haskell and Jones counties and is a preliminary contest to prepare students for the area contest. Six schools participated this year, they were

Haskell, Paint Creek, Weinert, Stamford, Lueders-Avoca and Anson with a total of 56 FFA students in the contest.

The Range and Pasture contest consists of four sites, two range sites where the participants determine the type of site, the condition, degree of use and select the best management practices

for the site. The third type of site is a pasture site. The contestants select the soil characteristics of the pasture in terms of texture, depth, slope, run-off and the capacity class and the best practices for improving the pasture. The final site is a plant identification site. Twenty range and pasture plants are identified and the characteristics of each plant listed. Anson F.F.A. won the Range and Pasture contest with Greg Smith of Anson the high point individual of the contest. Other members of the Anson team are Pam Lackey, Teddy Gray and Brooks Hagler. Second place went to the Paint Creek F.F.A. team of Regenia Rogers, Kathy Simmons, Jettone Bivins and John Reed and the Haskell F.F.A. team of Chris Medford, Lance Hanson, Chris Mills and Darryl Hoover placed third. Haskell F.F.A. #2 team placed fourth and the Paint Creek #2 team was fifth.

In the Land judging contest the participants are required to determine soil characteristics such as texture, permeability, depth and capability class. The contestants were also required to determine what land treatments were needed on the test block. The winning team came from the Stamford F.F.A. chapter and consisted of David Villaneava, Dusty Mathis, Jeff Gilbreath and Chuck Muehlstein with Mathis being the high point individual of the contest. The land judging team from Paint Creek F.F.A. of Ruben

Gonzales, Ronald Campbell, Ricky Myers and David Hoadly placed second. Third place went to the Weinert F.F.A. team of Mark Jimenez, Louis Perez, Robin Raynes and Kevin Messenger with fourth place going to Lueders-Avoca and fifth place to the Haskell F.F.A. A total of 10 teams participated in the land judging contest.

The Haskell and California Creek SWCDs would like to thank everyone for their help. We would especially like to thank Elizabeth Cofield, Mary

Zelisko, The Meadors Trust c/o R.C. Couch, Sam Herren, Allen Strickland, Lynn and Riley Pace and Mrs. Thurman Bynum for the use of their land for the contest. Also, we want to thank the Haskell I.S.D. and school board for allowing the use of their facilities.

A special thanks also to James Crawford, Larry McDaniel, Nathan Frierson, Bob Earles, Kim Crawford, Violet Earles and Myrtle Phemster for preparing and serving the meal.

1984 Land Judging Contest 2nd Place Paint Creek. L-R Ruben Gonzales, Ronald Campbell, David Hoadly, Ricky Myers and R.V. Earles-Haskell SWCD Director.

1984 Range and Pasture Judging Contest 2nd Place Paint Creek F.F.A. L-R Jimmy Cearley-Advisor, Regenia Rogers, Kathy Simmons, Jettone Bivins, John Reed and R.V. Earles-Director Haskell SWCD.

1984 Range and Pasture Judging Contest 3rd Place Haskell F.F.A. L-R James Bevel-Advisor, Chris Medford, Lance Hanson, Chris Mills, Darryl Hoover and Johnny Wheatley-Director Haskell SWCD.

1984 Land Judging Contest 3rd Place Weinert F.F.A. L-R Russ Perry-Advisor, Mark Jimenez, Louis Perez, Robin Raynes, Kevin Messenger and Marvin Phemister-Haskell SWCD Director.

7th Grade Track

BY STEVEN BOYD

March 24, the seventh grade track team traveled to McMurray to compete in their third track meet of the year. There were twelve schools at the meet, most of them were AAA schools. Approximately 1,200 athletes competed at the meet.

The individuals who placed were Alberto Alvarez, 2nd in the 800 and third in the 1200. Chan Guess placed fourth in the 100 yard dash; Derrick Billington placed fifth in the 200, Steven Gonzales placed second in the shot and third in the discus; and Dusty Meeks placed fourth in the high jump.

Both of the relays did well. The mile relay placed fifth and the sprint relay placed fourth. Haskell finished fourth, behind Wylie, Clyde and Merkel, all AAA schools.

March 17, the seventh grade boys competed in the Hamlin track meet and took home the second place trophy. Their next track meet is again in Hamlin on April 14.

Mrs. Dulaney To Head St. Jude's Bike-a-thon

St. Jude Children's Research Hospital is proud to announce that Mrs. Betty Dulaney has been named to lead the 1984 Spring BIKE-ATHON in Haskell.

Clifford Damstrom, St. Jude Director of the Southwest Region, stated that we are extremely proud to find such a dedicated person for this very important job.

"St. Jude Children's Research Hospital is the largest and one of the leading childhood cancer research centers in the world and it is the first research center dedicated exclusively to the research and conquest of catastrophic diseases of children, such as cancer and other life-destroying diseases," Damstrom stated. "When St. Jude accepted its first patient in 1962, the survival rate for children diagnosed with acute lymphocytic leukemia was less than 5%. Today, the disease free survival figure for children has grown to over 50%. Cancer treatment procedures that originated at St. Jude are now being used to treat children throughout the United States and in other parts of the world. Such progress has brought worldwide acclaim to St. Jude."

"Children come to St. Jude

for one purpose: A CHANCE TO LIVE!" Damstrom stated. St. Jude's dramatic progress has been made possible primarily by volunteer contributions raised through events such as the Wheels for Life Bike-A-Thon.

Danny Thomas, who founded St. Jude Children's Research Hospital because of a vow, stated its purpose clearly: "To wipe catastrophic diseases of children from the

face of the earth." "Since Thomas opened the research center in 1962, his dream of conquering cancer and other diseases that destroy our children has been brought closer to reality," stated Damstrom. "Thomas is still extremely active in pursuing this goal, and he inspires all of us in this cause."

Details of the Bike ride will be announced later.

Senior Night Parties Set At Six Flags

Two of the nation's hottest rock groups have been booked for concerts highlighting Six Flags Over Texas' annual Senior Night parties.

On Friday, April 6, Adam Ant will perform at 9 p.m. in the theme parks Festival Concert Pavilion.

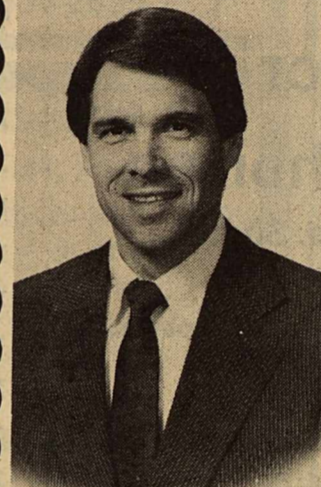

The second Senior Night of the season, scheduled for Friday, May 11, will feature a 9 p.m. performance by Huey Lewis and the News.

Both Senior Night events honor graduating high school seniors from throughout the southwest. Six Flags will be

open from 5 p.m. until 4 a.m. each of the two dates.

Tickets to the all-night celebrations are \$15.50 if purchased at Six Flags on the nights of the events. Discount tickets priced at \$12.50 are available in advanced at all Sound Warehouse locations in the Dallas-Ft. Worth area. Ticket prices include admission to the concerts.
