RETAIL MERCHANTS MEET

About 50 persons attended a meeting of the retail trade merchants at the Back Porch Wednesday morning. Donna Wilson, committee chairman, urged cooperation between the merchants in many upcoming events. Those who attended discussed plans for promotions to be held during the next several weeks.

50 Merchants Plan New Business Promos

About fifty persons attended a retail trade meeting Wednesday morning at The Back Porch.

Committee chairman Donna Wilson opened the meeting by thanking everyone for attending and introduced guests and new business owners.

Recognized as new business

owners were: Edwin Roberson, owner of the Back Porch; Doug Morrison, Ben Franklin; Joan Lain, Diana Esber Cosmetics; Elaine Campbell, Sunshing Shop; Ricky and Donna Martin, Sweet Shop; Betty Lacey, Kountry Kookin'; and Linda Briscoe and Frances Bennett, Busy Bee Mini Mart.

Discussing plans for promotions during the next several weeks, those in attendance agreed to cooperate in a three day Halloween sale October 25-27. In conjunction with the sale, all merchants are asked to keep their businesses open until 9 p.m. Oct. 25 and dress in Halloween costumes. A special committee was also appointed to complete plans for school groups to decorate windows. The promotion will center around the theme "Ghost Busters Sale".

Other promotions discussed included all merchants opening their businesses until 9 p.m. on Thursdays beginning the first Thursday after Thanksgiving until Christmas.

Another possible program discussed was a giant city wide auction in which any merchant could provide merchandise for sale at public auction and a marketing seminar.

The next meeting of the Retail Trade group was scheduled for Nov. 7 at 7 a.m. The meeting place will be announced at a later date.

Committee chairman Donna Wilson expressed a special thanks to all merchants attending the meeting. "We appreciate your ideas, your cooperation and your enthusiasm for promotional ideas for Haskell. See you Nov. 7."

Country Dinner Theatre

Advanced ticket purchases are urged by the Chamber of Commerce for those who are wanting to attend the Chamber's third annual country dinner theatre, which is scheduled for Saturday, October 27, beginning at 7:30 p.m. at the American Legion Hall.

The tickets can be purchased from any member of the Board of Directors, a member of the welcoming committee, or by stopping by the Chamber of

Commerce office.

As in the past, a capacity crowd is expected, and the Legion Hall will only seat approximately 350-400 persons, so this is the reason that advance tickets are urged.

On the menu will be ham, pinto beans, potato salad, hot rolls, and peach cobbler, with iced tea as the beverage. The fee for a night's meal and entertainment is only \$5.00.

Dr. Jeri Pfifer of Abilene was the speaker for the fall meeting of Haskell County Association of Texas Professional Educators.

Addressing the positive things in education today, Dr. Pfifer presented two sets of rules for teachers from the past.

The rules are re-printed below.
RULES FOR TEACHERS
1872

1. Teachers each day will fill lamps, clean chimneys.
2. Each teacher will bring a bucket of water and a scuttle of coal for the day's session.
3. Make your pens carefully. You may whittle nibs to the individual taste of the pupils.
4. Men teachers may take one evening each week for courting purposes, or two evenings a week if they go to church regularly.
5. After ten hours in school, the teachers may spend the remaining time reading the Bible or other good books.
6. Women teachers who marry or engage in unseemly conduct will be dismissed.
7. Every teacher should lay aside from each pay a goodly sum of his earnings for his benefit during his declining years so that he will not become a burden on society.
8. Any teacher who smokes, uses liquor in any form, frequents pool or public halls, or gets shaved in a barber shop will give good reason to suspect his worth, intention, integrity and honesty.
9. The teacher who performs his

labor faithfully and without fault for five years will be given an increase of twenty-five cents per week in his pay, providing the Board of Education approves.

RULES FOR TEACHERS
1915

1. You will not marry during the term of your contract.
2. You are not to keep company with men.
3. You must be home between the hours of 8:00 p.m. and 6:00 a.m. unless attending a school function.
4. You may not loiter downtown in ice cream stores.
5. You may not travel beyond the city limits unless you have the permission of the chairman of the board.
6. You may not ride in a carriage or automobile with any man unless he is your father or brother.
7. You may not smoke cigarettes.
8. You may not dress in bright colors.
9. You may under no circumstances dye your hair.
10. You must wear at least two petticoats.
11. Your dresses must not be any shorter than two inches above the ankle.
12. To keep the school room neat and clean, you must sweep the floor at least once daily, scrub the floor at least once a week with hot, soapy water, clean the blackboards at least once a day, and start the fire at 7:00 a.m. so the room will be warm by 8:00 a.m.

HASKELL—A GOOD PLACE TO VISIT. A BETTER PLACE TO LIVE.

VOLUME NINETY-EIGHT HASKELL, TEXAS 79521, OCTOBER 18, 1984 NUMBER FORTY-TWO.

Tribe Falls 15-14 In First Dist. Game

BY SHANE HADAWAY

The Haskell Indians suffered a heartbreaking 15-14 loss to the No. 6 ranked Hamlin Pied Pipers in both teams' first district ball game. The game was almost an exact repeat of last year's Haskell-Hamlin game.

The Pipers won last year, 14-13, on a big play after the Indians had taken the lead from the Pipers.

The Indians rolled up 287 yards total offense; 257 yards rushing and 30 yards passing. Fullback Robert Ivey led the Indian ground game with 133 yards rushing on 27 carries.

The Indian defense held Hamlin's high-powered offense to 227 yards total offense; 168 yards rushing and 59 yards passing.

Linebacker Ivey led the Indian defense with 12 tackles.

The Pipers scored first with 1:10 left in the first quarter when halfback Mike Howerton scampered in from 30 yards out. The Pipers decided to go for two on the PAT, and quarterback Jeff Lawlis tiptoed into the endzone to put the Pipers up 8-0.

The Indians came back to within a point when on a fourth and goal to go from the 30, quarterback Todd Harris connected with split-end Ponciano Lopez for the touchdown. The PAT by Harris was good to draw the Indians within 1, 8-7.

Craft Sale

Haskell Young Homemakers are now selling booths for the annual craft sale to be held November the 10th from 8:00 to 5:00.

We will also be selling booths to any business which wish to show this year.

To reserve a booth contact Pam Mathis after 6:00 at 997-2485.

Editorial

In a world where it is all too easy to see kids who are delinquents, who are on drugs, and who are runaways, we should be indeed thankful for the type of kids which rural communities seem to breed.

Most of these kids are good, hardworking, honest, on the level types, with maybe one or two who are a little rough around the edges.

But, how did we luck out? Why are we not the ones whose children are stoned out of their heads in class, running away, or in detention homes?

Those are really good questions. Perhaps the answer lies in that these kids have been raised in small towns, with small town ethics. They were raised to believe that a person's reputation will, indeed, follow them throughout their life, and that their name is something worth keeping spotless.

But, are we really the ones to be commended?

I say no, not entirely. It takes a lot of courage to not give in to getting drunk, taking drugs, and being a trouble maker. Kids this day and time have to grow up faster, and then be tougher than when I was a kid, which, believe it or not, was not too awfully long ago.

That is why we, as adults and supporters of the activities these kids are in, should be especially careful not to over criticize. After all, they are only kids...they are not adults. They are not robots who can be programmed to perform perfectly every time.

They are kids, and they are humans who can be hurt by the slightest comment made about them, either to them or behind their backs, which might be misconstrued as critical. It is not entirely their fault that they cannot win every time. They go out and they give their best.

No group can always be a winner 100 per cent of the time. But the key word is to TRY. They try everytime to be able to be winners.

And this should be all that we expect of them. Too many times we see kids who are on the sidelines of life who have quit trying because each time they did, they got ridiculed, made fun of, or criticized. It became more important to do what others expected of them, than to do their best.

Encouragement is a fine thing, but we also need to let these kids know that it is acceptable to fail. Sometimes there can only be one winner and if they have done their best, they have nothing to be ashamed of.

Think about how they feel. No one will feel any lower than they will if they fail to meet their own expectations. They don't really need any more criticism from the public...they do need our support, win, lose, or draw. For, if they don't do as well as they had hoped, their own disappointment will be tough enough for them to live with.

They are involved, and trying, and haven't given up yet. Should we be the first to give up on them? They have given us their 110 per cent.

What more could we ask for than that???

44 Haskell Co. 4-H'ers Receive Awards

Forty four Haskell County 4-H'ers received awards for their accomplishments in 1984 at the annual Haskell County 4-H Awards Program. The Rochester Community 4-H Club hosted the hamburger

supper and awards program on Monday night, October 15. In order to receive an award the 4-H'ers had to complete a Project Record Form in their chosen 4-H project area. Awards were presented for

completion of beef, foods, and nutrition, recreation, and swine projects. The beef award recipients were: Chris Carver, Joseph Pace, Ross Shaver, and Richard Shaver.

Nineteen 4-H'ers were honored in the area of foods and nutrition. They were: Emmalee Bivins, Michelle Bowles, Kim Gilly, Heather Gore, Dana Hearn, Angela Hisey, Traci Landes, Larressa LeFevre, and Shanna Murphy.

Without the enthusiasm, support, and dedication of the fine 4-H leaders in Haskell County the awards these 4-H'ers received would not have been possible. Receiving special certificates for their devotion were the following leaders:

HASKELL: Kim Crawford, Jeanne Holmes - 7 years, Mary Jennings - 5 years, Jill Jennings, Muriel Nanny, Janis Payne, and Florence Peden - all 4 years, Amelia Perry - 3 years, Janice Browning and Kay Smith - 2

years, and serving for 1 year were Elaine Davis and Beverly SoRelle.

ROCHESTER: Pat Quade and Earlene Townsend - 8 years, Teresa Scoggins - 6 years, Kim Jones, Debbie Quade, and Jinx Shaver - 4 years, Alice Ballard, Sharon Mullino, and Shirley Sloan - 3 years, Cindy Friley, Michelle Scoggins, and Velvet Townsend - 2 years and Shelly Cox, Sheila Hester, Jeanie Hollingsworth, Bobby O'Neal, Regina O'Neal, R.A. Shaver, III, and Rod Townsend - 1 year.

RULE—SAGERTON: One year certificates went to: Don Bivins, Renee Dudensing, Helen Lammert, Lou Landes, and Patrick Pace.

Rule Young Homemakers Hold Costume Party

The Rule Young Homemakers met October 8th at 7:00 p.m. in the home of Clayton and Paula Stegemoeller for a Halloween Costume Party. Among the fourteen people present were Dolans, M&M's, a chicken, a magician, a witch, a devil, a jester, and Papa Smurf and Smurfette.

After a brief business meeting, the members and husbands enjoyed refreshments and games. Voted as best dressed man and woman at the end of the evening were Steven and Karen Lehrmann. Steven was "Papa Smurf", and Karen was "Smurfette."

Faye Stiewert Is Artist Of The Month

Faye Stiewert was named artist of the month at the Brazos West Artist meeting this month. Faye began painting six years ago with Mary Rike. Her work has been exclusively in oils. She loves to paint country scenes with soft colors. The painting which won the artist of the month for

Faye is entitled Reflections of Yesteryear and can be viewed along with other selections of her work at Commodore Saving for the month of October. Second place honors went to Lora Mae Mullins and Pauline Norman. Their work will be on display for the month of October at WTU and Haskell National Bank.

Used Child Safety Seats May Not Be A Bargain

Parents who feel they cannot afford the \$30 - \$40 cost of a new child safety seat may be tempted to search the garage sales and want ads looking for a bargain.

with these defects will not adequately protect a child until the belt system and padding are replaced. Parents should not purchase a used seat with these problems unless they actually intend to repair them.

The recent passage of the Child Safety Seat Law by the Texas legislature now requires the use of child restraints for transporting children younger than four years old.

If the device has a metal frame, check to see if it rattles. Ask the owner if you may tighten the screws on the frame. If the frame is still loose after tightening, do not buy it.

"But a used child safety seat that could be defective is no bargain," says Lou Gilly, County Extension Agent with the Texas Agricultural Extension Service. Parents need to shop very carefully to avoid buying a defective used seat which can endanger the life of their child if they are involved in an accident.

Also, check the seat bars. If they are twisted or bent, do not buy the seat, since full protection cannot be guaranteed.

The first test of a child restraint device is whether it has a label stating that it "meets or exceeds all federal safety standards."

The manufacturer's directions for using the safety seat should be provided by the owner. Most seats made after 1981 have a place on the seat to store instructions. For effective use of the seat, parents must carefully follow the manufacturer's instructions.

Beginning in 1981, the federal standard governing child safety seats required crash testing of the devices to insure their safety. All seats that meet the standard can be considered good ones.

Finally, try the seat in your car before buying. Certain types of safety belts may cause installation problems. Bulky seat-belt buckles, for example, will not fit through the belt slots on some safety seats.

Some car seats manufactured prior to 1981 meet these requirements, while others do not. Many seats now on the used market were made before 1981, so parents should always look for that label.

When it comes to the safety of our children a 'bargain' may not be the best buy. Simply using a child restraint device is not enough. Parents must also make sure that the device itself is safe and used properly in order to protect their children from injury or death in an accident.

In addition to the federal safety label, parents should look for the following defects in used child restraint devices. Check the harness to see if it is torn at any point. A torn belt system can be easily repaired on most safety seats with replacements ordered from the manufacturer.

For more information on child restraint systems, contact Lou Gilly at the County Extension office, 101 S. Ave. D, Haskell. Phone: 817-864-2546.

Also examine the padding to see if it is torn. If so, it should be replaced with new padding from the manufacturer.

Mrs. Sanders Celebrates Illness Is A Normal Part Of Childhood

Mrs. Jack (Sallie) Alexander Sanders of Weinert celebrated her eightieth birthday Saturday, October 13, 1984, with a special open house and party given in her honor.

She was honored by her children and grandchildren. Ten of her 11 children were present, the only exception being one son. Many of her grandchildren and great-grandchildren were present, as were her sister, Mrs. Lola Tidrow of Paradise and her brother, J.T. Alexander and his wife, of Weinert.

Also at the party were Mrs. Sanders neices: Dorothy Fenn of Hobbs, N.M., Evelyn Ellington of Wulshoe, Wanda Smith of Wichita Falls, and her nephews: Aubry Touchstone and wife of San Antonio, and Troy Wayne

Blakeley of Florida, who traveled the farthest distance to attend.

The serving table was covered with a lace tablecloth, with a pink underlay. It held a beautiful cake with pink icing, and deeper pink roses. The cake was made by Mrs. Sanders' daughter, Etheyne Slade of Eager, Arizona.

A crystal punch bowl held pink punch, and pink napkins, with "Happy 80th Mama" imprinted on them also graced the table. Coffee was served out of a silver coffee service, and table serving pieces were crystal.

Mrs. Sanders' granddaughters sang special songs as the entertainment. Elaine Campbell sang "My Desire", Andra Poole, of Pampa, sang "It Would Take Me a Million Years", Netha Carrouth, Lisa

Lambright, and Tina Thomas, sang "Change Me Lord" and "Grandmother, We Appreciate You", with Brenda Sartain and Deborah Sue Cox singing "Paper Roses".

Mrs. Sanders, nine of her children and several of her family attended the Weinert Homecoming prior to the party.

Mrs. Sanders lives alone, does her own cooking, and enjoys television. She loves the outdoors, keeps her own yard, and walks at least a mile a day, with a good friend, Mrs. Frances Mahan.

Having her family near her at this special celebration was a wonderful event in her life, and Mrs. Sanders wants to thank each one for making her 80th birthday such a special time, even if it meant getting out in the rain.

Illness is often looked upon as an abnormal part of childhood.

Although it is undesirable, it is not abnormal, according to Growing Child, the monthly child development newsletter. Illness in a child is as normal as teething, learning to walk, and "growing up." In fact, it is part of growing up.

Without the illnesses of infancy and childhood, there would be no normal build-up of a child's resistance to the diseases he will have to face and ward off all his life. It is only when the illnesses get out of hand that they need to be a cause for concern.

The most common of all diseases are those caused by viruses—so-called colds and flu. They strike all age groups, including infants. Mothers pass along some protection against contagious diseases to their newborn babies, particularly the childhood diseases such as measles and mumps. However, this protection or immunity lasts only for nine months to a year—which, incidentally, is why the immunizations for these diseases are delayed until the child passes that age.

The immunity to colds, flu, and other viruses is much less complete. Immunity to chicken pox is absent altogether.

Because of this, babies can

and will get viral illnesses frequently. How frequently depends on two factors—exposure and resistance.

Exposure occurs naturally every day of a child's life. It is through such natural exposure that he builds his resistance. Because the extent of this resistance is unknown, it is unwise to deliberately expose any child to any known disease. This precaution includes diseases to which the child has been immunized since such immunization, although very effective, is not 100% perfect.

When you child does get a cold or mild flu-like illness, it will usually include one or more of the following symptoms: fever, running nose, cough, vomiting, or diarrhea. These symptoms, particularly the fever, are usually worse during the first 24 hours. Temperatures up to 104° or 105° are a scary but normal response of children to infectious diseases. Cooling-off methods such as sponging with cool (but not cold) water and the use of aspirin or its substitutes are usually successful. It is important to give such medications in the proper dosage in accordance with the age of the child. Follow the directions on the label or those given by your physician.

The other symptoms can be

handled by similar simple "home remedy" methods prescribed by your physician or a well-recognized child care guide. However, if symptoms are unusually severe or get progressively worse in the second 24 hours, your doctor should be consulted.

Colds usually precede more serious illnesses, such as ear infections, tonsillitis, bronchitis and pneumonia. These are heralded by ear ache, sore throat, increasing cough or chest pain. It is these complications, not the cold or flu, that require and respond to antibiotics.

So, when a child becomes ill, watch him carefully for signs of complications but look on the experience as nature's preparation for the years of

exposure to diseases that lie ahead.

Growing Child newsletter follows a child's development month by month from birth to six years old. For more information and a free sample newsletter, write to Growing Child, P. O. Box 620N, Lafayette, Indiana 47902. Include child's birthdate when writing.

Trick 'N Treating Is Fun For All

The sight and sounds of children dressed in Halloween costumes for trick or treating through the neighborhood is something we look forward to each year. And for the children, going door-to-door for treats is the high point of Halloween festivities.

But the traditional "trick or treat" celebration also raises concern about pranks, safe food treats, and street safety.

Parents wishing to preserve Halloween's traditions but insure their children's safety, have become more involved with the supervision of door-to-door trick or treating.

But other parents and communities are working to change the trick or treat tradition itself. The original idea of trick or treating is simple: either you give a "treat" or endure a practical joke on you or your property.

Today we see that this sort of activity can be destructive and could also be viewed as a mild form of blackmail. To emphasize the positive aspects of Halloween, some communities are emphasizing the constructive meaning of "trick" as a brief entertainment. So for the favor of being entertained by the child, the adult gives a treat.

Parents can call this activity "trick and treating" or as many children already say, "trick n' treating." For young children, disguises are tricks

enough to merit a treat. The child visiting neighbors to ask "Guess who I am?" can both surprise and delight.

For older children simple magic tricks such as palming a coin, are fun and entertaining. Children can learn easy tricks from friends, games or books on magic from the library.

Active tricks like singing a short song, reciting a limerick, juggling or doing an imitation of the character their costume represents, can also be fun for older children.

The traditional treat of candy is also changing in some communities. Neighbors are giving homemade cakes, cookies or doughnuts, fruits,

nuts, popcorn and other harvest time foods. Often they'll place an address label on the wrapped treats so parents will know who they came from.

Other people are giving inexpensive nonedible items for treats such as coloring books, crayons, pencils, fast food coupons, baseball cards and novelty items.

Along with changes in trick and treats, some communities and neighborhoods have publicized guidelines and hours for the activity. These can serve to help all members of the community have a fun, safe, positive trick n' treat celebration.

Garden Club News

"Growing in Knowledge" was taken from the theme "Let us work and Grow Together" as it was explained to the Haskell Garden Club when they met October 11, 1984 in the Haskell National Bank Community Room, with the president, Mrs. John E. Robison presiding.

Mr. Juanita Rhea reported on the Flower Show presented at the Haskell County Fair. Even though there were not many fresh flowers, there were several dried arrangements complimenting the beauty of the flower show. There were several exhibitors that had not exhibited before

and we were thankful for that. The hanging baskets and pot flowers were truly an addition.

Mrs. Juanita Bevel talked of Civic Development and about The Experienced Citizens Center which serves an average of two hundred people a day for three days a week. They have 135 volunteers that serves the meals, deliver meals, do numerous things, also teaching different classes such as china painting, oil painting, talk art, doll making, exercises, walking and playing games. All the people are friendly and have a happy attitude, as if they were one big family.

Mrs. Robison read the letter that she had written for the headquarters of the Sesquicentennial, so she would be getting material.

Mrs. Rhea showed two arrangements from the flower show, which had received high honors.

In the Horticulture Exhibits, Mrs. Otho Nanny displayed a beautiful red canna and three orchid dahlias, Nettie McCollum had a mock orange tree branch that had several oranges, Juanita Rhea had the old time holly hocks and the world's best marigold and a sugar plum branch, Juanita Bevel showed house leak, Callie Robison had a large container of perry winkles, Mrs. Dewey had some pretty blooming begonias, she was rooting and containers of Ralanabse which she gave to members.

Tips To Help Kids Combat Bullies

Parents often worry about how to help their children combat teasing from peers or older youngsters.

Children who engage in the cruel form of teasing (which does not differ substantially from the "friendly" kind) usually come from homes where sarcasm and hostility-in-joke form-are abundant, according to Growing Child, the monthly child development newsletter. Most parents are able to control their irritations and do not physically hurt children, yet some parents do not stop to consider that regular teasing, though indirect and imaginative, is a similar type of punishment.

Children do not have the thick skins—or the sophistication—to laugh at themselves or to have others laugh at them. Further, they do not have the vocabulary or the speech fluency to talk back. When a child is constantly mean, he probably has been regularly taking meanness from someone else in his family.

* Be present. With young children, a parent's presence helps keep older children in line. Then when trouble appears to be developing, the parent can redirect the play or introduce a new activity—in other words, provide a distraction. When parents intervene too soon and rescue their children too often, however, they teach the children that their only defense is the parent's presence. This certainly does not help a child build self-confidence.

* Don't teach children it is wrong to fight. Parents of timid children often report that they cannot convince the child to fight back, even when the bully is smaller.

* Eliminate teasing from your own behavior.

* Keep cool and don't become agitated when you hear stories about how your child was tormented. Listen to the child's story, comfort him for a minute, then send him off to do something else.

* Avoid discussing the

Girl Scouts To Meet At Camp Boothe Oaks

Junior Girl Scout Troops of the West Texas Girl Scout Council will meet at Camp Boothe Oaks, Sweetwater, on October 26-28 for the fall Junior Event.

Each girl will have the opportunity to earn the Troop Camper Badge, which emphasizes outdoor skills. They can also choose to work on Prints and Graphics Badge, learning about printing and its history, or Group Sport Badge, learning the history, rules and techniques of a group sport.

The event director is Judy Moss of Big Spring and the Double-Dutch program will be taught by Dee Goldsmith of Merkel.

Registration for Junior Event ends October 20. Any Junior troop that is interested should contact the West Texas Girl Scout Council, P.O. Box 5586; Abilene, 79608; or 915-698-1738.

The West Texas Girl Scout Council is a participating agency of the United Way.

We had a visitor, Mrs. Vivian Robertson and three new members, Mrs. Edith James, Mrs. Joe Bob King and Mrs. Martinez.

If you are having trouble with little black bugs, crawling up the outside of your house and into the house, Mrs. Dewey said to sprinkle salt around the edge of the house.

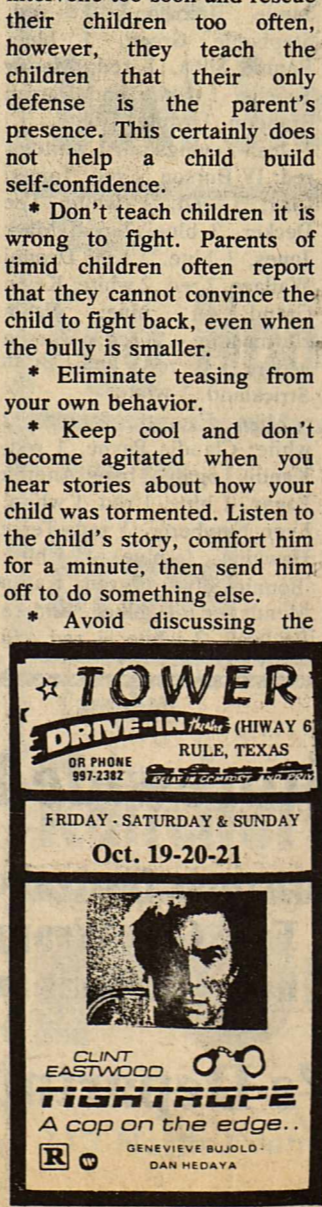

Mrs. Rhea reminded that now is the time to pull up your geraniums and store in a dark place or a cellar or basement. Now also is the time to plant bulbs so the root system will grow deeper and beautiful blooms next Spring.

Mrs. Couch said in a few days she would be having a night blooming cactus.

District VIII will have their fall meeting November 7-8 in San Angelo.

Hostesses were Mrs. Robison and Mrs. Mary Bischofhausen.

Conservation Viewpoints

USDA Soil Conservation Service

R.V. Earles, F.A. Ulmer, M.W. Phemister, and Johnny Wheatley directors from the Haskell Soil and Water Conservation District will be in Corpus Christi, October 22-24, 1984 to attend the Forty-fourth Annual State Meeting of Texas Soil and Water Conservation District Directors. The meeting will be held in the Corpus Christi Convention Center.

Others attending from the Haskell Soil and Water Conservation District are Jim Hudson and Kim Crawford.

The purpose of the meeting is to review developments affecting Texas conservation programs. An array of top agricultural leaders and state legislative officials will highlight the meeting. Speakers will include State Senator John Sharp of Victoria; State Representative Phillip Robinson of Gonzales; Peter Myers, Chief, Soil Conservation Service, Washington, D.C., and former Texas State Soil and Water Conservation Board member, Henry Turney of Dublin. State Senator Charles Truan will welcome meeting participants to Corpus Christi.

Approximately 1,200 SWCD directors including other conservation leaders are expected to attend the meeting.

Speaking during the Tuesday morning general session will be State Representative Robinson and SCS Chief Myers.

Representative Robinson is currently a member of the House Agriculture and Livestock and Insurance Committees.

As Chief of the Soil Conservation Service, Myers heads an agency of the United States Department of Agriculture responsible for planning and carrying out, in cooperation with the nation's soil and

water conservation districts, a national program to conserve and develop the nation's soil and water resources. Myers also operates a crop and livestock farm near Matthews, Missouri.

Joe Montgomery of Abilene, president, Association of Texas Soil and Water Conservation Districts will also address the group.

Speaking at the banquet on Tuesday evening will be State Senator Sharp. Senator Sharp, who represents the 18th Senatorial District covering all or parts of 19 counties in the South Central-Gulf Coast region, serves on the Economic Development, Health and Human Resources Intergovernmental Relations Committee. He also serves on the Sunset Commission and State Special Committee on Business, Technology and Education.

During the Wednesday general session former Texas State Soil and Water Conservation Board member Henry Turney will speak on the history and development of soil and water conservation districts in Texas.

Five concurrent workshops featuring discussions on district operations, research, effective management of soil and water conservation districts, state resources and the district program and federal resources and the district program will be conducted on Tuesday afternoon.

Regular elections for Association of Texas Soil and Water Conservation District Directors for State Areas Two and Four will be held on Tuesday afternoon in the area sessions. A president and vice president of the State Association will be elected at the Association's business session on Wednesday.

Minnie Pearl To Appear

For Art Council Benefit

Minnie Pearl, America's First Lady of Country Comedy, will appear in Abilene on Tuesday, October 23 at the Abilene Civic Center as headliner of **GRAND OLD COUNTRY MUSIC**, an all-new six-act package show with a young cast of 21 performers. Proceeds from the show will benefit the Texas Assembly of Arts Councils.

This tour is the first Minnie Pearl has made in over a decade, and is probably the last time most of her fans will be able to see her unique

October 31 Deadline For Child Car Seats

The child safety seat law passed by the Texas legislature goes into effect on October 31, 1984.

The new law will require residents of Texas to transport children up to two years old in federally approved child safety seats or safety belts.

An offense is punishable by a fine of \$25 to \$50, but the court will dismiss the charge if the person shows proof of having acquired a safety seat by purchase, loan or rental within ten days after the offense.

The law exempts violations involving a person operating a vehicle for hire and a person transporting a child in a vehicle in which all seating positions equipped with the child safety seats of safety belts are occupied.

Although the law is effective at the end of October, only those offenses committed on or after January 1, 1985, will be prosecuted.

comedy style onstage. Critics have praised the show for its freshness and professionalism, and it has been a box-office hit with audiences. Local sponsor is radio station KEAN.

GRAND OLD COUNTRY MUSIC is a music and dance tribute to the history of country music in America, and performers offer audiences a sampling of its varying styles. They include: Vernon Oxford (honky tonk); The Cimarron Boys (western swing); the Cyclone Rangers (rockabilly); The Nashville Bluegrass Band (mountain country); Mindy J. (fiddler); The Pat Cannon

Dancers (two step and clog); and songwriter Steve Young.

Tickets are \$8 and \$10 and are available at the Civic Center box office.

The Texas Assembly of Arts Councils is a non-profit, state-wide organization concerned with the development and support of arts councils in towns throughout the state. Mrs. Sterling Childers of Abilene is a member of the Texas Assembly Board of Directors, and Abilene Cultural Affairs Council Director Lynn Barnett serves on the Advisory Board. Peter Fox, Jr., is Director of the Assembly.

Final Crop Acreage Info To Be Sought

The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in late November for final 1984 crop acreage, yield and production totals and during December for end-of-year livestock and poultry inventory information.

The confidential interviews, conducted by mail or in person by field enumerators, provide information used by producers to make their production and marketing plans for the coming year.

"These surveys take on a new importance this year," State Statistician Dennis Findley added, "since the prolonged dry weather in many areas of the state cut crop and forage yields and forced heavy culling of livestock herds. Producers are depending on this information for an accurate picture of the

1984 agricultural situation. We all need a sound base to make the right decisions for 1985."

To reduce survey costs, the Texas Crop and Livestock Reporting Service is urging farmers and ranchers to return the mailed questionnaires as soon as possible. The reported information will be combined for state as well as county estimates.

Annual county estimates are published for livestock, dairy, poultry, cotton, field crops, small grains, fruits and pecans, vegetables, and cash receipts from the sale of farm products.

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect.

It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment is working properly and you still smell gas, please follow these precautions:

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

James W. Morton M.D. To Open Aspermont Office

James W. Morton, M.D., a native of Graham, and a graduate of Graham High School, has opened his office in the Stonewall Memorial Hospital Clinic, in Aspermont for the practice of Family Medicine. He attended college at Texas Tech and received his B.A. degree from the University of Texas at Austin. He taught math for two years in the public school system in Arlington while taking Pre-Med courses. In 1972, Dr. Morton received his Medical Degree from the Universidad de Guadalajara, in Guadalajara, Mexico. He then spent one year serving a rotating Internship in Regina, Saskatchewan, Canada followed by a three year Residency Program in Family Practice under the guidance of

Texas Tech University School of Medicine at St. Mary of the Plains Hospital in Lubbock. He also has had six months of Post Graduate work in Florida.

Dr. Morton was affiliated for six years with Dumas Memorial Hospital, Dumas. After several years in Idaho and Wyoming, he decided to return to Texas where he located in Paducah. Presently he is scheduled to be in his office at the Stonewall Memorial Hospital Clinic fourteen days in October, increasing the number of days in November and full time as soon as possible. He is also working part time in Knox City, at the present time.

He holds a medical licensure in Texas, Georgia, Wyoming, Idaho and Nebraska. He is a member of the Texas Medical Association and the American Medical Association.

Dr. Morton will be working with Dr. Robert Gross and will offer a full range of family

practice, including Obstetrics, Gynecology, General Surgery, Pediatrics, Internal Medicine, Orthopedics and Dermatological procedures.

In his spare time, Dr. Morton enjoys travel, music, is an avid sportsman and is a collector of rare firearms. He and his father also maintain a cattle ranch at Graham. He has three children, Grace, Christy and Michael.

John B. Martin, Administrator of the Stonewall Memorial Hospital said "we are most fortunate to obtain the service of Dr. Morton. He will add much to our service to our patients. He is well qualified and will be adding procedures here that we have not had in the past. He has had a very busy obstetrics and pediatrics practice in the past and has had considerable experience in doing laproscopic procedures, commonly known as 'band-aid' surgery."

WTC Ag Dept. Sponsoring A.I. School For Breeders

Western Texas College's agriculture department will sponsor an American Breeder Service Artificial Insemination and Palpation School Oct. 30-Nov. 2.

Jack Wiley of American Breeders of El Paso will be the instructor for the school.

Fees will be \$375 per person, with a \$100 deposit due by Oct. 19. The deposit is to be mailed by the Adult Vocational Education Department, Western Texas College, Snyder, TX 79549. Along with the deposit, those enrolling should include their name, social security number and telephone numbers where they can be reached. If the deposit cannot be sent by Oct. 19, persons who wish to enroll should call the AVE office at WTC at 915-573-8511, extension 240 or 216.

The school will include a study of anatomy and physiology of reproduction plus the techniques of artificial insemination. Topics to be covered include heat detection methods, synchronization,

shorter breeding periods and shorter calving seasons. Students will also be taught to determine pregnancy in cows by pregnancy testing (palpation).

American Breeder Service was one of the pioneers in artificial semination and WTC was fortunate to secure their representative to direct the school in Snyder, Bob Doty, WTC ag instructor, said.

"This company has taught students of all ages and of all educational backgrounds," Doty said. "You need no prior education or knowledge of AI or pregnancy testing. The format of the course will include some classroom time and then actual 'hands on' training with students doing the breeding and palpation."

"When the student completes the course he or she will be able to breed cattle artificially and set up an AI breeding program," Doty added.

Persons who complete the course will receive a certificate from the American Breeder Service in AI and from Texas A&M on palpation.

Sessions will begin about 8:30 each morning and the course is to be concluded by 4:30 p.m. on Nov. 2.

Ninety Year Olds Honored At ECC Reception October 7

The Haskell County citizens, ninety years and over, were honored with a reception Sunday, October 7th. The reception was hosted by members of the Experienced Citizens Center with over 180 attending the gala affair.

The honored guests were welcome by Mr. Marsha Whittemore, director of the ECC. Mrs. Whittemore greeted the families and friends representing each of Haskell County's towns; and

OVER 90 HONOREES
Shown left is Mrs. Angie Mullino, who was 94 on her birthday which was October 4, and right is Mrs. Alice Denson, 96, who celebrated her birthday October 11. They were honored at a reception held at the Experienced Citizens Center for all Haskell residents over 90 years of age.

cities as far west as Odessa and as far east as Ft. Worth.

The program began with prayer by John Greeson, pastor of the Church of Christ in Rule. Mrs. Mona Gibson, Old Glory, lead everyone in the singing of "America." The national colors of red, white, and blue; representing our country's patriotic beginning, were displayed throughout the center. Each family was seated at their individual table.

The honored guest's name was called, then a family member would come fourth and recite a short history of the family. A pink carnation corsage, for the ladies, or a red carnation, for the men, was presented to the family representative. On returning to their respective table they pinned the corsage on the honored guest. At this time pictures of the family and friends were taken by Hess

Hartsfield. (Mr. Hartsfield, later, presented each family with a 3/5 framed snapshot.)

The two oldest Haskell County born survivors were introduced. Mrs. Angie Mullino of Haskell, born October 4, 1890, was introduced by one of her sons Bud Herren. He introduced the family and told of the love and friendship that the two women held for each other.

Mrs. Alice Denson of Sagerton, born October 11, 1888, was introduced by her daughter, Mrs. Juanita Rhea. Mrs. Denson the oldest born survivor of Haskell County ended the program with the reciting of the poem "Stealing the Green Watermelon." Mrs. Denson had learned the poem long ago in school and still remembered it well.

Red punch and cookies were served by the volunteers to guest. The guests went around to each table signing a

Assembly Of God Youths Plan Hayride, Family Night

The young people of the First Assembly of God Church are planning a Family Night Hayride, set for October 27, to begin at 5 p.m., at the church.

There will be a hotdog supper and time of fellowship at the church before the hayride. On the hayride, there will be singing, and a campfire will be lit at the end of the hayride.

In other activities, the youths of the church, this Sunday, October 21, will be participating in National Youth Sunday or "Speed the Light" Sunday.

The young people will be conducting part of the worship service Sunday and will be taking up a special offering to send to their "Speed the Light" project.

"Speed the Light" is the church's youth-oriented project in the Assembly of God Church in which the young people of the churches worldwide help to purchase vehicles, bicycles, and/or any other means by which the Gospel can be speeded up in reaching the world.

Sponsor Eugene Gibbs also said that following the Sunday night service, the young people will hold an "Afterglow" fellowship, in which there will be games and refreshments. Donations will also be taken toward their pledge for the missions, said Gibbs.

Last Tuesday, October 9, the Haskell church participated in the Abilene section Drama Rally, which was held in Stamford.

The name of the Haskell selection was "After this Manner, Pray", and it dealt

with a girl's discussion with the Lord about the Lord's Prayer.

Attending the rally were LaKay Gibbs, Michael Mendoza, Sherry Payne, Tammy Everton, Cherie Everton, and sponsors Elaine Cambell and Marvin and Ethel Jones. Eugene Gibbs and Karen Mitchell took part in the actual production.

There were five dramatic akits, all dealing with Christian subjects, which were performed, and Gibbs said they were all very good. "This is one way in which the young people become more involved in the church's ministry," added Gibbs.

Over One Million To Take PSAT/NMSQT Soon

More than 1.4 million students are expected to take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall in over 19,000 high schools across the nation. Among them will be a number of students scheduled to take the test October 23 at Haskell Secondary School, according to Mrs. Betty Davis, counselor.

The PSAT/NMSQT will be offered nationally this year on Saturday, October 20 and Tuesday, October 23. Since 1959, nearly 30 million students have taken the test, which measures verbal and mathematical abilities.

"Students take the PSAT/NMSQT for several reasons," said the local guidance official. "The PSAT/NMSQT is the qualifying exam for students wishing to participate in competitions of the National Merit Scholarship Corporation. Students also want to find out how they rank among their peers taking the test in other parts of the country."

The test also provides an opportunity to become familiar with types of questions similar to those on the Scholastic Aptitude Test, which many college-bound students take. In addition, the test is the first step in qualifying for the National Hispanic Scholar Awards Program, conducted by the College Board under a \$2.1 million grant from the Andrew W. Mellon Foundation.

Before taking the PSAT/NMSQT, students receive a

complete practice test with an answer key and scoring instructions. After the test, they receive a booklet, **About your PSAT/NMSQT Scores**, that helps them to interpret their test results and plan for college.

Particularly helpful for students is the **Report of Student Answers**, which includes the correct answers and their own responses and scores. They also receive their own test booklets so they can review the actual questions, see the ones they got wrong, and try to figure out the correct answer and why they may have missed it.

The College Board also provides other services that enable counselors and other school personnel to better understand and interpret the test results to students and parents. These services include school summaries of students' answers, profiles of the academic characteristics and career interest of students taking the test, and a special publication for use with students as part of a general guidance program.

When using dried herbs, make sure to crumble them to release the flavor.

Seminars On Dating At First Baptist Church

Lyn Gooden, youth director of the First Baptist Church, is now offering a youth seminar on dating. These sessions begin at 5 p.m. on Sunday afternoons, and last for about one hour. They are being offered at the Church's gym, and the dress code is casual.

Some of the upcoming sessions will include: "But, I don't Date" October 21; "How Do I Know if I'm In Love?" October 28; "Does God Have A Special Person for Me?" Nov. 4; "Will You Marry Me?" Nov. 11;

"Looking Forward to Marriage" Nov. 18; "How Do I Start Over?" Nov. 25.

These sessions are open to all young people who are junior high/high school aged, and these are free.

The Baptist Church asks all young people who would like to attend this session to come and bring your friends.

Public Notice

Southwestern Bell Telephone Company, in accordance with an order from the Public Utility Commission of Texas, hereby gives notice it has filed a tariff to reduce the monthly rates for the Switched Access portion of the company's intraLATA Foreign Exchange (FX) Service offering that was implemented starting June 1, 1984. Simultaneously, the LATA-wide toll-free calling scope, also started June 1, would be discontinued and the calling scope would return to that in effect prior to June 1. The Commission has assigned this matter Docket Number 5891.

The net effect of the tariff will be a monthly decrease in total billing of approximately \$700,000 until November 1, 1984. After that time the net effect on the company's revenue is estimated to be negligible.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 tele-typewriter for the deaf.

Southwestern Bell Telephone

Aviso Público

En conformidad con una orden de la Comisión de Servicios Públicos de Texas, se anuncia mediante el presente aviso público que Southwestern Bell Telephone ha presentado una tarifa con el objeto de reducir las cuotas mensuales que se han cobrado desde el 1 de junio de 1984, por la porción de la tarifa para acceso a la red central necesaria con el uso del Servicio de Zona Exterior (Foreign Exchange (FX) Service).

Simultáneamente, el servicio de llamadas de larga distancia sin cobro dentro del área de servicio que también se efectuó el 1 de junio de 1984, se discontinuará; y el campo de llamadas será al igual que antes del 1 de junio de 1984. Se ha registrado la nueva tarifa bajo el Docket 5891.

El efecto real de la nueva tarifa se verá en la reducción del costo total de facturas de aproximadamente \$700,000 hasta el 1 de noviembre de 1984. Se calcula que despues de esta fecha el efecto real para nuestra empresa será despreciable.

Los usuarios de Southwestern Bell Telephone Company que estén interesados en participar en esta reunión, o que requieran mayor información, deben dirigirse por escrito a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. También se puede obtener información adicional llamando a Public Utility Commission Consumer Affairs Division al 512/458-0223, al 512/458-0227, o al 512/458-0221 si requiere teletipo (aparato para personas con impedimentos de audición).

Farm Crisis Seen By Farmers Union

Farm leaders have begun to recognize the severity of the economic crisis in agriculture, according to Mike Moeller, President of the Texas Farmers Union, and Chairman of the National Farmers Union Executive Committee, following his participation in the just-completed Farm Credit Forum in Washington, D.C.

The September 26 forum was attended by 75 representatives of farm credit organizations, congressional staffers and agricultural group representatives.

According to Moeller, "While we were disappointed that more time was not spent on developing proposed solutions to the current crisis in our rural America, we were encouraged that there now appears to be recognition on the part of farm lending institutions that their future is inextricably tied to the future of our farmers and ranchers."

"Indeed," Moeller continued, "If we, the family farmers and ranchers of this country go belly-up, so will most of our rural banks, thrift institutions and Production Credit Associations (P.C.A.'s)."

Moeller said that other encouraging signs were produced by the forum. "Ag-

lenders now say they will no longer advise their customers to 'get big or get out' of farming. On the contrary, they seem to be counseling caution and a return to family-sized operations. Perhaps the pendulum is beginning to swing back toward some tried-and-true concepts as far as the future structure of agriculture in this country is concerned."

"However, Moeller added, we can't forget the struggle ahead of us in writing a 1985 Farm Bill that reflects these values—virtually everyone at the forum acknowledged that unless current Federal

agricultural policies are changed drastically in 1985, there will be little or no hope for the future for many family farmers."

"At least one of the academicians present put it best when he said that our farmers are the nation's biggest losers under Reaganomics. In 1985, regardless of whether Mondale or Reagan is President, the taxpayers who have been Reaganomics 'winners' must be willing to support a program to help the losers or the entire economy will suffer."

Gonzales Is DPS Trooper

The Texas Department of Public Safety has commissioned 84 new troopers and assigned them to various duty stations throughout the state.

Trooper David B. Gonzales, 22, of Haskell, received his commission in a special graduation ceremony in Austin. Colonel Jim Adams,

director of the DPS, presented the badges to the new troopers.

Adams said the men and women of this graduating class have been given some of the best police training available during their 18-week course at the DPS academy in Austin.

"Due to the variety of law enforcement related situations facing our troopers we provided detailed training in criminal law, civil law, traffic accident investigation and dozens of other related police topics," Adams said.

"The trooper is traditionally a well-trained individual who is charged with the responsibility of providing the public with courteous service and the protection the citizens deserve," said Adams.

In addition to the basic law enforcement training, the recruits were instructed in first aid, firearms use, traffic management, defensive survival techniques, drug identification and other law enforcement courses.

Trooper Gonzales is to report to the new assignment in Sweetwater immediately to work in the Highway Patrol Service.

Scout Camporee Set For Hester Ranch

Yes, it is fall camporee time for both the Northern and Southern Districts of the Chisholm Trail Council.

It is time for Scouts to put aside their school books and get out the bedroll, cooking gear, and back pack! Fall camporees are exciting times for the Scouts of the Chisholm Trail Council. The date is October 19-20-21.

This year the Southern District (Taylor County, Callahan, Shackelford,

Coleman, and Runnels) will camp at Hords Creek Lake west of Coleman. At the same time the Northern district (Haskell, Stonewall, Jones, Fisher, and Nolan Counties) will camp northeast of Haskell on the Hester Ranch.

The development of Scouting skills, fun games, campfires, camping out, and cooking own meals are features of a camporee. Over 500 Scouts and leaders are expected to attend the two events.

I.D. Evidence Needed For S.S. Card

Nearly everyone in the Big Country area who applies for a Social Security number remembers to bring evidence of age and citizenship, but many forget to bring evidence of identity, Glyn Hammons, Social Security manager in Abilene said recently.

Evidence of identity is always requested before the Social Security number can be assigned, no matter how young the person is, Hammons said. This rule applies to infants and small children as well as adults.

A person applying for a Social Security number usually needs at least 2 pieces of evidence; one to establish age and citizenship and the other to establish identity.

The best evidence of age and citizenship is a public birth certificate established before a person's 5th birthday which was issued by a U.S. State or local government. A foreign born person needs the appropriate immigration or naturalization records as well.

Some people find it difficult to find evidence of identity for infants or young children, Hammons said. Examples of documents that can be used include vaccination certificates; newspaper birth announcement; day care or nursery school record; adoption record; or doctor, clinic, or hospital record.

Older children can use school records, membership in Boy Scouts or Girl Scouts or

other youth organization, report cards, ID card, or welfare case record.

In fact, any document that gives enough identifying data to establish proper identity can be used.

Parents who apply for a Social Security number for a child must also provide evidence of their own identity in addition to the required evidence for the child.

Only original documents or copies certified by the issuing agency can be used. Uncertified or notarized photocopies are not acceptable.

U.S. citizens applying for a replacement Social Security card to replace a lost card need evidence of their identity, while foreign-born

persons need evidence of current U.S. citizenship or lawful alien status as well as evidence of identity.

People reporting name changes need evidence of identity under both the old and new names before a new card can be issued.

Although people 18 or over who are applying for a Social Security number for the first time must apply in person, others may apply by mail. Social Security will promptly return all original proofs to the applicant. Documents issued by the Immigration and Naturalization Service should not be mailed.

More information about applying for Social Security numbers can be obtained at

the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is 698-1360. A free leaflet can be obtained which tells about other evidence that can be used.

Cattlemen's Roundup Nets Over 300 Head Of Cattle

The 25th annual Cattlemen's Round-up for Crippled Children got off to a good start Monday at Abilene Auction with the sale of 310 head of cattle bringing in \$142,794, said Jim Alexander, general chairman.

Drug treatment programs successful according to study

Drug treatment programs seem to be successful in helping some chronic drug users kick the habit, according to the results of a 12-year follow-up study of almost 500 opiate addicts nationwide.

Of the 26 percent of the addicts who reported they had not used illicit drugs for the last year before the follow-up, more than half said they had been on a treatment program when they quit, said Dr. Dwayne Simpson, head of the Behavioral Research Program at Texas A&M University which is conducting the research — one of the few long-term national studies of chronic drug abusers.

Sponsored by the National Institute of Drug Abuse, the study shows that drug treatment programs may be the key in disproving the old adage "once an addict, always an addict."

including cash donations of \$60,815, the total raised from the Abilene sale is \$203,609. Alexander said the goal after all Round-Up sales are completed is about \$280,000.

A top price of \$5 per lb. was paid for 5 heifers donated by Mr. and Mrs. Willard Vinson of Abilene and purchased by R.W. McDonnell for a total of \$22,625. 5 steers donated by Abilene Cattle Feeders brought \$3 lb. for total of \$17,610 purchased by Wayne Moore Pipe and Supply.

The prize Longhorn steer with a trophy-sized horn span donated by King Ranch brought \$1,500.

"This is a good start for the Round-Up, and we really appreciate the efforts of the ranchers, donors and buyers who helped with this sale," said Alexander.

Several other Round-Up sales are still to come, he said, and "We can't stop now in our support of the Cattlemen's Round-Up for Crippled Children and the West Texas Rehabilitation Center."

Upcoming sales will be the horse sale Oct. 6 at 1 p.m. at Abilene Auction, the sheep and goat sale Oct. 8 in Junction, and special sales Oct. 10 in Coleman and Stephenville and Nov. 7 in Brownwood.

It is not too late to make cash or livestock donations to the Round-Up, said Alexander. To arrange for livestock to be picked up free of charge, call the West Texas Rehabilitation Center in Abilene at 915-692-1633 or San Angelo at 915-949-9535.

The Cattlemen's Round-Up for Crippled Children benefits the West Texas Rehabilitation Center in Abilene and San Angelo serving 11,000 handicapped patients annually free of charge.

Indian Band To Compete At UIL Marching Contest

By Janet Wilke

The sixty member Haskell Indian Band will be in competition Saturday, October 20, at 1:12 p.m. at the Regional UIL Marching contest, which will be held at Stamford High School football stadium.

The band will be performing several intricate drills, and they will be marching in traditional style.

The first pass the band makes will be to the strains of "Apache", as the band will be

making a pass to the mid-field area, then going into a fast-break, where they will be maneuvering into long diagonals. Then, in their second set of drills, the bandsmen will be marching to "Coming on Strong". In this drill, they will be doing a step two drill, which will form chevrons. This drill will be ended with each of the band members doing a drag halt, in which the halt will be delayed for just a second. In the finale, the Indian band will be

marching to "Strategic Air Command", and they will be featuring the cornet section on this. The drill will consist of marching a step two drill by four, marching eight steps to every five yards. At one point in the performance, the band will be changing pace, and will begin marching at six steps to every five yards.

Judges for the marching contest will be Dan Gibbs from Monahans, Ed Martinez from Pampa, and James Mallow, from Brady.

Also on the agenda for Saturday will be the competition of twirling, and several girls from Haskell will be involved in this contest, which will also be held at the Stamford stadium.

The Haskell Indian Twirlers will be twirling an ensemble. These girls are Holli High, Lorry Geilhausen, Michèle Stout, Jill Jennings, and Kelli Gilliam.

In addition to twirling in the ensemble, each of the high school twirlers will also be twirling a solo routine. Others who will be twirling for a rating will be Patricia Henry

7th Graders Lose To Pipers 14-12

By Steven Boyd

The Haskell seventh grade warriors defeated Hamlin 14-12 last Thursday, wrapping up their first win on their own.

"The team showed much improvement, and played a lot better overall," Coach Jim Dan Raughton said.

"The team played better defensively, and Barry Tate had a good defensive performance," he said.

Baldemar Perez scored one touchdown and threw another one th Salvador Rodriguez. Rodney Johnson ran in the two point conversion.

The Warriors were supposed to play Rotan Thursday, but Rotan does not have a seventh grade team. The seventh and eighth grade Warriors will combine their teams and play Rotan here at 5 p.m.

The next game will be Oct. 25 here against Stamford. Game will begin at 5 p.m.

and Shanna Mueller. Judging the twirling competition will be Elaine Florry of Amarillo.

On Monday night, October 15, the band participated in a pre-contest clinic, which was conducted by Sam Robertson of Snyder. In the clinic, Robertson went over the marching show and made any changes which needed to be made. Then the band just worked on polishing up the show. The clinic was from 7 p.m. until 10 p.m. at Indian Stadium.

Director Carl Wilke said he is optimistic about the band's chances for doing well at the Saturday contest.

The band will be under the field direction of Drum Major Kim Lanier, who is a senior and the daughter of Mr. and Mrs. James Lanier.

This contest is open to the public to attend, and there is no charge. The Haskell band invites all of their supporters to come out Saturday afternoon, and watch them perform.

This contest will be featuring bands from the Class A and AA schools. Other bands from this area which will be in competition will include Stamford, Throckmorton, Knox City, Hamlin, Munday, and Seymour just to name a few.

JV Indians Fall To Hamlin 26-0

By Robert Ivey

The Indian JV team was defeated by the Hamlin Pied Pipers 26-0.

Several injuries to key players hindered the Indians offensive attack. "We didn't play well at all, we had too many turnovers and this cost us the game", Coach Jim Bob Mickler said.

The Indians face the Rotan Yellowhammers tonight.

The JV team will face Stamford next Thursday here at 7 p.m.

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

I feel that I was obligated to use this column to inform you, the public, of the impact of HB 72. Also, I know I need to write a series on the 1984-85 budget. However, I will delay that project for one week to give you a brief report on the beginning six weeks of school.

Certainly the most difficult role of this trying implementation year for HB 72 and Chapter 75 has been placed on the classroom teachers. The paperwork is monumental, the teaching responsibilities of Chapter 75 are awesome, and the heat (at least at the secondary level) has been burdensome. Our teachers have responded beautifully. You, the public of Haskell, are fortunate to have a most dedicated staff of professional teachers. Their paramount goal continues to be student learning. They have shunned off the unfortunate implications of HB 72 to fulfill this role. While visiting one of our veteran teachers, the discussion came around to the growing amount of paperwork. I made the statement that hopefully from all this would come improved instruction. Her comment was that the improvement was already occurring and sheepishly she admitted that even she was doing a better job of teaching due to the preparation. These teachers need your unlimited support. To support a few at a cost to others is nothing less than failure to support the program. Our program, because of the new legislation, is even more

interlocked. Schools no longer consist of isolated segments. The third grade teachers must provide instruction which will interact with high school biology. Therefore, the adage of the weakest link is even more true.

Our students are working very hard on their studies. We do not have the problems of failures as many school districts throughout the state have. Students amaze me. They are the most adaptable animal around. They just do not let change bother them. You tell them they must master certain essential elements and they respond "Well, gee! what are they?" and move right along.

Our enrollment is down again this year. We had 714 enrolled the first of October last year as compared to 687 this year. However, our percent of attendance is outstanding. The first six weeks per cent was in excess of 98%. We appreciate the parents and students in this effort.

What the future holds for public schools may be cloudy, but you can be assured that Haskell ISD got off to a good start, learning is occurring, people are working hard, and we will continue to provide the best education possible.

Booster Club Thanks Team For Their Efforts

At the regular Monday night meeting Booster Club president, Jerry Harris, thanked all the Indian fans for their wonderful support at the game against Hamlin last Friday night. He said the boys appreciated the enthusiastic cheering and the victory line formed by the fans before the game and at halftime. Harris also expressed appreciation to the boys and the coaches for giving us such a fine game. He said, that although we lost the game 15-14, we "won the battle."

A special note of thanks goes to the Video Vendor for the use of the disc and the disc player used by the team just prior to the game.

Concerning the Hamlin game, Head Coach Blue Holt said, "Beat them we did, win the ball game we didn't."

But the Indians now must be ready for the Rotan Yellowhammers. Since this is Rotan's homecoming, they will probably be fired up and ready to play ball. They have a 1-5 record.

Their tailback, Charles Williams, has won the 800 meter run for the last two years in the district. Their quarterback usually throws 30-35 times. They run a five-man front defense but do move to a seven-man front. "They can line up and run the football," according to Coach Holt.

He said that we can win the game if we come out with a good attitude and are ready to play. We know we have to win to go to the play-offs.

The 7:30 game will be covered live on KVRP.

This evening, Thursday, 7th and 8th grade teams will combine at 5:30, and the JV's will play immediately following.

Money Matters

A Series Of Informative "Plain Talk" Thoughts Regarding Your Money Matters

A Misunderstanding About IRA's

Usually when Individual Retirement Accounts are advertised the main point of the ad is the fact that you can invest \$2,000 annually (\$2,250 if your spouse doesn't work). This is the maximum contribution allowed each year.

Because of the fact that the ads on IRA's always emphasize the *maximum* contribution many people have been left with the feeling that you have to contribute \$2,000 annually. This is not true. You can contribute whatever amount you want as long as it doesn't exceed the maximum.

The important thing is that you get started with an IRA even if you can only contribute \$200 a year initially. Come in and see us about an IRA. Substantial penalty for early withdrawal.

Sesquicentennial Committee Named Here

In 1986, Texas will celebrate its 150th birthday, and Haskell is already making plans to be in on the biggest celebration in the state ever. The committee chairpersons have already been named and they are beginning to go to their respective clubs, schools, and communities seeking input on ways to make this a birthday celebration to remember.

Mrs. Jerrene Couch is the chairperson for the entire project, and Mrs. Ruby Turner is her assistant. The committee chairmen have already had two meetings, the first on just for organizational purposes, and the second with Jan France, of the Texas Wagontrain Association. In the second meeting, Mrs. France explained to the

members what procedures were to be going into effect when the wagontrain pulled into Haskell on June 5-6. Plans are already being made to serve a barbecue supper under the stars the night the wagontrain pulls into town.

The Horse Club, with Bob Brandon, and the Kiwanis Club, with Marshall Brown, are hoping to be jointly sponsoring the barbecue cookout. There may be as many as 500 people involved in the wagontrain and some of them will be from as near as Rochester.

There is a possibility that the group will try to spend on night in Rochester, and they may have a meal at noon in Rule, but no definite plans have been made as yet. People from all over Texas will be riding either part or all of the way with the wagontrain.

Each of the organizations who will be involved in this event will be on their own financially, as this is not a fund-raising venture. It will be up to each of the clubs, schools, and/or communities to plan whatever they feel will fit in best with the scheme of things for their particular group.

Mrs. Couch said that if the Civic Center was completed by the latter part of 1986, when the event will be in full swing, that there is a possibility there

would be a Texas pageant, which would be written and directed by Wanda Dulaney, of the Chamber of Commerce. The main reason for a celebration of this magnitude is first of all, to promote and

incorporate more Texas history in the community, and to acquaint the public with Texas' heritage. The second reason is to try to bolster tourism in Texas in 1986. In Haskell, there will be

efforts made to try to draw more people here to do their shopping, carry on their business, and visit.

For all of the effort which will go into this project, Haskell will receive a special

Texas Sesquicentennial flag, which will be given to the Committee after their plans have been approved in Austin by the state Sesquicentennial committee. The copy of Haskell's master plan is due to be in the state office sometime in December.

All of the master plans in the state for each town, will be incorporated in a booklet, which will list all of the celebrations and in what town they will be going on.

The following list was submitted earlier as to who are on the committee and there may have been changes, but here are the names we have to date:

Jerrene Couch, Ruby Turner, Abe Turner, Cotton Whitfield, Dr. Ed. Harris, Tom Watson, Floradean Cockerell, Sandy Horton, Tom Watson and Marsha Whittemore. Lavern Barnett, Phil Harris, Eddie Hester, Louise

Thornhill, Max Stapleton, Lou Gilly, Bob Brandon, Leesa Toliver, Marshall Brown and Carolyn Reynolds.

James Lanier, Brian Burgess, Tim Everett, Callie Robison, Cole Turner, B.O. Roberson, C.H. Herren, Modelle Barton, Owen Aikin, Robert Ace Turner and Norris Anders.

H.L. Guess, Allan Dinsmore, Lavon Beakley, Troy Gaunt, Ohreana Greeson, Charlene Murray, Nancy Sheets, Jane Short, George and Sharon Mullino and Anna Lou Shaver.

Billie Kupatt, Joyce LeFevre, Butch and Sue Stephens, Don Comedy, Raja Hassen, Bettye McBroom, Edith Wheatley, Wallace Cox, Jr., Kenny Tanner and Lorene Fouts.

These persons were appointed at a meeting of the City Council and by appointment of the County Judge.

P.C. Pirates Down Rule In District Opener

The Paint Creek Pirates won their first district game by defeating the Rule Bobcats 34-18. The Pirates now have a 5-1 season record. The Pirates scored all 34 points in the last seven minutes of the game. Scoring touchdowns were Ronald Campbell with two and Lewis Lacey, Keith Medford, and Mikeal Gonzales with one each.

The defense had 111 tackles with Campbell leading with 30, followed by Lacey with 21. The Pirate defense had four fumble recoveries, two pass interceptions, two blocked punts, and two blocked extra points.

The Paint Creek Pirates will host the Lueders-Avoca Raiders at Paint Creek on Friday, October 19 at 7:30 P.M.

Names Left Out On C Of C Article

WANDA DULANEY, Manager, Haskell Chamber of Commerce. Despite careful proofreading, to our regret some names were omitted in the Chamber of Commerce article last week, our mistake, not that of this newspaper.

We failed to list the Western Auto Store as a Chamber member and apologize to Darold and Maxine Roberson who have long been active supporters of the Haskell Chamber of Commerce and their community. Also omitted were the names of Cotton and Frankie

Whitfield as members of the Chamber's welcoming committee. The Whitfields have participated in every program, every activity and every meeting since the day they joined. When hundreds of names are listed in a story, this type of omission frequently occurs, thus prompting more careful scrutiny. As hard as we tried, we still did not catch our error until after the article was printed.

The Robersons and the Whitfields did not ask for a correction — it's just something we want to do, so we may recognize them as they deserve.

East Side Baptists Name Youth Council

East Side Baptist Church recently named its youth council for the year.

Serving on the Council for this year will be Kevin Mitchell, B.J. Mitchell, Diana Jarred, Lance Hanson, and Michael Wallace. The Youth minister is Kevin Walker.

This council will be helping to finalize plans for the entire church year for the youth of the church, and will also take part in the ministry of the church, from the youth standpoint.

Later, in the last part of November, the East Side young people will perform a musical called "Priority".

Halloween Safeguards Stressed By T.M.A.

High-spirited children excited about Halloween are rarely cautious during the big night out.

For this reason, a safe Halloween involves cooperation by parents, motorists, and homeowners to help prevent accidents, according to the Texas Medical Association.

Parents first should make sure their child has a safe costume. Cloth masks or entire head masks are dangerous because they can slip and block a child's vision or breathing. A good option is to paint a mask on the child's face with cosmetics or grease paint.

Avoid loose-fitting costumes, which may catch on fences, bushes, or other obstacles. Make sure the costume is not so long that the child can trip on it.

Dark costumes are difficult for motorists to see. If a child insists on one, use reflective tape or liquid "paint" (available at hardware stores) that shines in the dark or

reflects light. Put the tape or liquid on jack-o'-lanterns, hats or bags that the youngster wears or carries.

Parents also should warn children not to eat the candy or fruit they receive until it is checked at home. If a party is held at a home, flameproof or fire-resistant materials should be used for costumes, caps, and decorations.

Motorists can do their part by slowing down and driving with extra caution while in residential areas on Halloween.

Homeowners should light their property so youngsters do not trip over stairs or other obstacles. Lawn furniture and garbage cans should be put away, and garage locked.

Bring pets inside, for bands of noisy children may excite them. Cover any holes in the yard.

Following these common-sense suggestions will help ensure that children enjoy a fun-filled yet safe Halloween.

TAX PLANNING

By Gerald Rodgers, CPA

ESTIMATED TAX PAYMENTS

Investors and self-employed businesspeople are required to pay their income taxes during the year through quarterly estimated tax payments. The 1984 Tax Act makes several changes in the rules for these payments.

ALTERNATIVE MINIMUM TAX

The Act requires any alternative minimum tax liability to be taken into account for estimated tax payments. Determining the amount of alternative minimum tax is often very difficult to do before year-end. Individuals with tax preference items and large capital gain income will have to be more concerned with tax planning in order to avoid stiff penalties for underestimating their taxes.

PENALTY EXCEPTIONS

The Act does away with two of the exceptions to the underpayment penalty. Beginning with 1985, individuals must make estimated tax payments that equal or exceed either 80% of the tax shown on the current year's tax return or 100% of the tax shown on the prior year's return. No estimated taxes are due if the current year's liability is less than \$500 or there was a zero tax liability for the preceding tax year.

Penalty computations are liberalized under the Tax Act. Under prior law, if you made tax estimates that fell \$1 short of the required amount, the penalty was calculated on the full "balance due" with the return. Now the calculation will be on the difference between what you paid and the lesser of 80% of the current year's tax or 100% of the prior year's tax.

FARMERS' EXCEPTIONS

Farmers will continue to have special rules. They may ignore the first three installment due dates for estimated taxes. They may either pay all of their estimated taxes by January 15 of the following year and file their returns by April 15 or file and pay the full tax by March 1 of the following year.

Weinert Homecoming Has Over 400

Over 400 Weinert School exes were on hand Saturday, as the school observed its annual Homecoming festivities.

Crowned at the halftime ceremonies of the Weinert-Rochester game was Homecoming Queen Amy Castillo, daughter of Mr. and Mrs. Ruben Castillo. She was escorted by Edward Perez, son of Pete Perez. The pair represented the junior class.

Amy has been a varsity cheerleader for the past three years. She is also involved with basketball, the speech club, the annual staff, and is a member of FHA.

Others in the Queen's court included Senior representative

Kelly McGuire, daughter of Mr. and Mrs. Lowell McGuire, who was escorted by Shannon Forehand, son of Mr. and Mrs. Chet Forehand. Sophomore representatives were Stacia Adams, daughter of Mr. and Mrs. Elmer Adams, and her escort, Louis Perez, son of Pete Perez. Freshman class representative was Karen McGuire, daughter of Mr. and Mrs. Lowell McGuire, and her escort was Mondy Mayfield, son of Mr. and Mrs. Tiffen Mayfield.

Also crowned was the "Coming Home" Queen, who was selected by popular vote. This year's selection was Betty Boykin Carroll, of the class of '54. She was escorted

by Harley Reeves, of the class of '55.

Mrs. Carroll is the daughter of Ted and Edna Boykin of Weinert. She is the mother of four children: Barbara Lenholt of Durham, N.C., Brenda Marcum, and Linda Yenta (twins) both of Corpus Christi, and Keith of the home. She, and her husband, Bobby, who is an ex of the class of '51, are the grandparents of five grandchildren: Erica Lenholt, 6; Lori and Tonya Yenta, three years old and four months old respectively; Jesse and Samantha Marcum, two years old and one year old, respectively.

The Carrolls own a cattle and chicken farm in Nashville, Ark.

Representing other classes for Coming home queen and escorts were Tiny Driggers Vaughn ('44) and R.S. Sanders ('40) for the classes 1945 and prior; Betty Boykin Carroll ('54) and Harley Reeves ('55), classes of 1946-58; Patsy Raynes Shawver ('62) and Jacky

Sanders (63), classes of 1959-70; and Janice Rainey Isbell (71) and Johnny Earp IV, class of '73, for the years 1971-84.

The selection of the Coming Home queens and their escorts were made by filling out cards at registration, and then a drawing was made of these cards in order to have representative from each of the four categories. Then the actual Coming Home Queen was voted on later.

Acting as Crown Bearers and Flower bearers at the halftime events were Shelly Hester, daughter of Billy Wayne and Shelia Dutton Hester, and Mindy Howard, daughter of Bobby and Kim Hager Howard. Also Cory Wood, son of Bob and Melanie Vojkufka Wood, and Jeremy Harlan, son of Ricky and

Karen Earp Harlan. The presenters were all children of Weinert Exes.

The oldest graduate present was Slover Bledsoe, of the class of 1918. The youngest graduates were Donna Griffith, Darlene Carroll, and Kim Forehand Stewart, all from the class of 1984.

Traveling the farthest distance to attend the Homecoming were W.T. "Dub" Johnson, ('40) from Sacramento, California, Winton B. Palmer ('38), of Homestead, Fla., and Tommie Jean Hargrove Swilling ('44) of Miami, Fla.

Ila Moody and Mabel Durr were recognized as having taught the most number of years, with Mrs. Moody teaching 30 yrs. and Mrs. Durr 25 yrs.

The class which had the

most present at the event was the class of 1958, with 12 of its 14 graduates present.

Two interesting notes which were brought up at the program were that the School's colors of blue and white and the mascot, the Bulldog, were both chosen by the class of 1942. The school Song was chosen by the class of 1945.

To top off an almost perfect day, the exes were treated to a win by the Weinert Bulldogs over the Rochester Steers, 40-0. This was the Bulldogs district opener.

Officers for next year's Homecoming activities at Weinert will be president Truman Therwhanger, vice president, Melaine Vojkufka Wood (73), and secretary/treasurer Karon Guess Yates (71).

Other representatives will be present from: Baptist Memorial Hospital System, Commercial College, Fashion & Art Institute of Dallas, Hendricks Medical Center, Midland Memorial Hospital and Texas A & M Engineering Service.

Texas State Technical Institute (Sweetwater), Texas State Technical Institute (Waco), Air Force ROTC, Army ROTC, Marine ROTC, and Navy ROTC.

Eighth Graders Win Over Pipers

By Shawn Lane
The eighth grade Warriors hosted Hamlin last Thursday and increased their record to 3-0 with a 38-0 victory over the team in green.

The scores came from three runs by Freddy Shaw and one by both Chan Guess and Derrick Billington.

The line played well driving the line of scrimmage backward.

Intense pressure on the quarterback caused three interceptions. Guess, Billington and Dusty Meeks each intercepted a Hamlin pass.

"The team has improved, and we are expected to do great things this year," Paul Harvey, defensive linebacker, said.

The eighth graders will consolidate, with the seventh graders Thursday to play the Rotan Junior high here. Game will be at 5:30.

Exhibitors To Receive Premium Lists For Fat Stock Show

A major phase in advance planning for the 89th annual Southwestern Exposition and Fat Stock Show, Jan. 23 through Feb. 3 at the Will Rogers Complex in Fort Worth, was accomplished this week with the mailing of some 6,000 Premium List books to potential 1985 exhibitors.

Recording more than \$400,000 in premiums for the livestock show and accompanying 23 performances of the World's Original Indoor Rodeo, the Premium List notes overall show regulations and deadlines for making entries in the various departments.

W.R. Watt Jr., president/manager of the Stock Show, said the exposition will host three national breeding cattle association shows. The American Polled Hereford Association will have its two-day show in Will Rogers Coliseum Jan. 24 and 25 with premiums of \$30,000.

The American Shorthorn Association has set Jan. 28 for its national show with premiums of \$10,000. And the Santa Gertrudis Breeders International's national is set Feb. 1 with \$20,000 in premiums.

Stock Show officials are pleased, according to Watt, that Fort Worth was selected by the three associations as host for their prestigious shows. "Their presence will bring national recognition to our show and our city," he said.

Card of Thanks
Words are inadequate to express our sincere thanks for all the kind deeds in our time of sorrow. We appreciate the food, flowers and many acts of kindness expressed. We also appreciate your many prayers during our time of grief. The family of Oleta Sorenson. 42p

CARD OF THANKS
We wish to express our sincere thanks and appreciation to all our loved ones and friends, our doctors, the hospital staff and EMS for every word and act of kindness extended to me and my family during my recent surgery and recuperating at home. Please accept our gratitude for every expression of love: every prayer, visit, call, gift, flowers, food and the many lovely cards. J.P. and Eloise Perrin and family. 42p

said, "as well as provide us with the opportunity to show our community to their large delegations of members."

Entry closing date for Polled Hereford breeding cattle is Nov. 15, and Shorthorn breeding cattle must be entered by Dec. 1. Other cattle, horses, mules, donkeys, swine and sheep entries must be received by Dec. 10. Exhibitors of poultry, pigeons and rabbits have until Jan. 15 to enter.

Watt urged exhibitors to read the rules and other information in the Premium List to become acquainted with changes from previous years. Arrival and show schedules are also important to note, he added. The book also includes a schedule of livestock auctions, and youth activities.

The American and Texas Hereford Associations will honor L.E. (Sonny) Nance, co-owner and manager of Hall-Nance Ranches of Haslet, Texas and secretary of the Stock Show's board of directors, by designating its show as the L.E. (Sonny) Nance Register of Merit Hereford show. The Hereford program will include the Commercial Female Show and Truckload Bull Show, both on Jan. 27, and the open breeding cattle show on Jan. 28.

Added to the list of auctions at the show is the Palomino Horse Sale. This joins sales for Paint and Quarter Horses and Donkeys and Mules. Cattle sales scheduled include offerings for Beefmaster, Texas Angus Futurity, National Polled Hereford Sale, Hereford commercial females, Shorthorn, Brahman, and Simmental.

The Sale of Champions, including winners from the junior steer, lamb and barrow shows, is set to begin at 10 a.m. Saturday, Feb. 2 in Sale Barn 6.

have been increased to \$5,000 in each class, in addition to entry fees. Horse Show officials also report completion of a larger exercise arena inside the main horse barn.

Two traditional dates have been changed. The All-Western Parade will begin at 11 a.m. Saturday, Jan. 19, and Public School Day at the Stock Show will be held Friday, Jan. 25.

Included in the mailing with the Premium List was an information brochure on the 1985 Stock Show and Rodeo, listing schedules and performances. Mail orders are being accepted for rodeo tickets at the show office, P.O. Box 150,

Fort Worth, TX 76101. Tickets for Monday through Friday 2 p.m. matinees, including the new matinee for Public School Day, are priced at \$6 each; Monday through Thursday week night performances are \$8 each; and Friday nights and all week-end rodeo performances are \$10 each. Mail orders should specify which performance is desired, and include \$1 extra for return postage and handling.

Mail orders will be filled in early December. The rodeo ticket office in the lobby of Will Rogers Coliseum will open Dec. 3.

Texas A&M Feeds 50,000 Students Daily

COLLEGE STATION — When Fred Dollar thinks about the start of a new school year he isn't concerned about teaching loads, classroom performance or even campus extracurricular activities. He thinks about food.

Every day this school year, Dollar will feed more than 50,000 meals to hungry students at Texas A&M University, where he is director of the Southwest's largest college or university food service operation. The more than 10 million meals Dollar and his staff will serve this school year also put the university among the 10 largest college food service operations in the U.S.
