Munday Defeats Tribe 33-0

The Haskell Indians started the 1985-86 football season on a sour note, suffering a 33-0 loss to the State Ranked Munday Moguls.

The Moguls first score came in the first quarter on a one yard quarterback sneak by Dent Offutt. The P.A.T. was no good.

The Moguls were able to muster up twenty points in the second quarter. The first came on a ten yard pass from Offutt to wide receiver Anthony Stinnett. Their second score came on a five yard pass from Offutt to tailback Tim Collier. Offutt then connected with Collier for the 2-point conversion. Offutt scored his second touchdown

of the game right before halftime on a 7 yard run. The P.A.T. was no good. The score remained 26-0 at halftime.

The entire third quarter went scoreless, but the Moguls were determined to score again. Collier who was called on again sprinted in from 8 yards out to secure a Mogul victory. The P.A.T. was good.

The Indian offensive was almost at a standstill, gaining only 89 yards rushing, while the Moguls were able to gain 368 yards.

The Indians opponent this week will be the Electra Tigers.

Game time is 8 p.m. at Indian Field.

Food Stand To Benefit Jamaica Queen Contestants

September 12-14th the St. George Catholic Church of Haskell will open a food stand at the Haskell County Fairgrounds. One Jamaica queen contestant has the food stand on Thursday the other contestant has it on Friday. Saturday it opens for both contestants and closes at 7:00 p.m. We are sorry for the inconvenience. A dance will be held at the American Legion Hall at 8:00 p.m.

The Jamaica begins about 12:00 p.m. September 15th. Lots of food will be sold, there will be plenty of games to play, and winners of the raffle tickets will be announced.

Contact Ray Acosta for more information. The crowning of the queen begins at 5:00 p.m.

Everyone is invited to attend!

17th Biennial Haskell-Mattson Homecoming Set

The 17th Biennial Haskell-Mattson Homecoming will get underway next Friday, September 20. Registration of exes will begin at 3 p.m. in the ag building.

All exes from both Haskell and out-of-town are urged to register so that the Homecoming Association will have current, updated information on all alumni.

A pancake supper, sponsored by the Lion's Club, will be held from 5:30-8 p.m. at the high school cafeteria. Tickets may be purchased at the door.

Then the Haskell Indians will

Band Boosters To Hold Cakewalk

The Haskell Band Booster's Club met Tuesday night, September 3 at the band hall. During the business meeting final plans were made for the cake walk at the county fair. The sixth, seventh and eighth grade parents will sponsor the walk on Thursday night at 6:00 p.m. Saturday night at 5:00 p.m. the high school parents will have the booth open. All band parents are asked to bring a home made cake on their assigned night.

Plans were also finalized concerning the workers for the concession stand.

The next Booster Club meeting will be held on Oct. 1 at 7:00 p.m. at the band hall. All new sixth grade band parents are especially invited to attend.

take on the Seymour Panthers at Indian Stadium. Kickoff time is 8 p.m. class parties will follow the game and will be announced at the game. If you would like your party announced, please contact Dorothy Hartsfield at 864-2665, 864-2069, or 864-2004.

On Saturday, registration will begin at 9 a.m. and continue until 11:30 a.m. at the ag building. From 11:30 a.m. until 1:30 p.m. a barbeque luncheon will be served in the high school cafeteria catered by Joe Allen of Abilene. Tickets are \$6 and may be purchased at registration or at the door.

After lunch on Saturday, the center of activities will be moved to the Haskell Elementary School where the general assembly will begin at 2 p.m. Late registration will be held there from 1:30 until 2:00 p.m.

Entertainment for the session will be provided by The Four Friends, a singing group consisting of Patsy Robertson Blakley (class of '62), Pam Harris Gibson (class of '69), Susan Wainwright Pope (class of '70) and Roberta High. The business meeting will then be conducted by Dr. Ed Harris.

At the conclusion of the general session, arrangements have been made to have a guided tour of the Civic Center for those interested in viewing the new structure. Because the air-conditioning has not been completed, it was decided not to have the general session there in the interest of everyone's comfort.

Class parties and dances also will be held Saturday evening and will be announced later.

Last week's puzzle has prompted more calls than we could count. Several people solved the problem but the best answer was provided in the following poem written by Elsie Kasten of Littlefield and first printed in the *Andrews County News*.

The Answer

I've read your riddle over and over

As everyone can see
But when I read it once again
The answer came to me.
When it was born it had no soul
No hands or feet as we—
I'm sure it will not go to heaven

And neither to hell.
It did obey the law of God
We read it in His word.
He told this thing to swallow the man
As we've often read and heard.
It has no land to call it's own
And it is never free.
It's running from the fishing poles
Down in the deep blue sea.
Yet for three days it had a soul
As everyone must know.
While Jonah lay inside of him
Down in the sea below.
I think my answer must be right
We all have heard the tale
I think it is a GREAT BIG FISH
We often call the WHALE.

Down in the deep blue sea.
Yet for three days it had a soul
As everyone must know.
While Jonah lay inside of him
Down in the sea below.
I think my answer must be right
We all have heard the tale
I think it is a GREAT BIG FISH
We often call the WHALE.

VOLUME NINETY-NINE HASKELL, TEXAS 79521, SEPTEMBER 12, 1985 NUMBER THIRTY-SEVEN

Leiza Morales Named Miss West Texas Fair Teen Queen

It's been a busy week for Haskell's Leiza Morales.

Sunday, she celebrated her 16th birthday, Monday she received her drivers license and Monday night she was crowned Miss West Texas Fair and Rodeo Teen Queen for 1985-86.

The crowning occurred following five days of intensive competition in several categories.

As Queen in the 13-18 year old

division Leiza will ride in the grand entry each night of the rodeo this week and be introduced. To win the title, Leiza finished first in competition in horsemanship and first in competition in western attire modeling. Other competition included personal interviews by a group of five judges and personality competition.

Leiza is the daughter of Nancy Morales of Haskell and R.L. (Snuffy) Morales of Breckenridge. She was sponsored in the contest by Larry Rigby Chevrolet in Abilene. There were 18 contestants in the Teen Division.

Leiza will make personal

appearances throughout the year and will also compete at the state level in Fort Worth next June.

She is a sophomore at Haskell High and listed as her interest awards: varsity track, junior varsity basketball. She shows Brangus heifers and sheep in FFA. She is a member of the Haskell 4-H Club the Haskell Horse Club, Stamford Junior Sheriff's Posse, West Texas Barrel Racing Association, Junior Brangus Breeders, and is active in Presbyterian-Lutherian Church Youth Group. She was 1984 Haskell Rodeo Queen and a 1984 Miss West Texas Rodeo Queen. She rides in junior rodeos and area playdays and shows.

Annual Pancake Supper To Benefit Civic Center

This year's homecoming will be special for a number of reasons and especially so when we see the Civic Center becoming more and more of a reality. The Haskell Lions Club is happy to host their annual Pancake Supper during Homecoming this year and to inform the community and exes that all profit from this effort will go toward the completion of the Haskell Civic Center.

This year the ticket price will remain the same with adult tickets costing \$3.00 and children 12 and under eating for \$1.50. The Lions Club is hopeful that this will be the

greatest Pancake Supper ever, and that the community will see this a great opportunity to help raise the necessary funds for the Civic Center.

Tickets may be bought from any of the 40 Lions in town as they go on sale this week. Time for the Supper will be from 5:30 to 7:30, at the High School Cafeteria. Additional donations will be gladly accepted as they go to the Civic Center.

Everyone is encouraged to come out Friday, September 20 before the game and enjoy the Lions Club Pancake Supper.

Homecoming Parties

List Available

Anyone having a homecoming party is asked to call Dorothy Hartsfield at 864-2665, 864-2069 or 864-2004. She is compiling a complete list of parties that will be handed out during registration. You must call Dorothy if you want your party or gathering listed.

Cheerleaders—Twirlers Party

Attention: All Haskell or Mattson ex cheerleaders, twirlers or drum majors.

The time is drawing near to homecoming so make your plans now to attend the Brunch being held Saturday morning, September 21st from 10:00 to 11:30 a.m. at the Jimmy Browning home, 707 North 7th in Haskell.

The brunch is being held in honor of all former cheerleaders, twirlers or drum majors from either Haskell or Mattson. It is being hosted by the '85-'86 squads and their mothers.

Phone former squad members and let's see who has the most complete group there. Pictures, uniforms, or other memorabilia are being sought for display so bring them with you or if you live in the area, label them and drop them by the Junior High for Cathy Bartley or Elementary School to Janice Browning or Peggy Adams.

Go east on Throckmorton highway, turn right at Church of God, go 3 blocks, 3rd brick house on your right. See you Saturday night September 21.

Graves, Hogue Repeat Vows In Eules

Kimery Hogue of Bedford and Joey Graves of Arlington were united in marriage September 7 at 4 p.m. in First Baptist Church in Eules with Rev. Mike McKinney, of Childress officiating. Parents of the bride are Mr. and Mrs. Charlie Hogue of Bedford. The bridegroom is the son of Joe Graves of Robert Lee. The bride wore a full length, candlelight satin gown with matching Chantilly lace overlaid with a V-neck bodice

incised with a lace ruffle. The Victorian style long sleeves were highlighted with embossed lace and pearls. A medium length train was made up of alternate layers of pleated lace and Chantilly lace from waist down. The bodice and sleeves were pearl studded. She wore a complimentary small brimmed Juliet hat with veil by Chicago Bead Works. The ensemble was enhanced by a strand of pearls and pearl earrings. Matron of honor was

Tena Redding of Irving. Bridesmaids were Mrs. Jan Wood of Houma, Louisiana and Mrs. Chris Vert of Woodinville, Washington. Best man was Warren Walker of Arlington. Groomsmen were Russell Hartsfield of Lubbock and Denis King of Plaines.

The reception was held in the Fellowship Hall of the First Baptist Church following the ceremony. Serpentine tables with teal green skirting overlaid with candlelight rose lace were the beauty of the room. Teal green and ivory bows were the finishing touches for the tables.

Gold and bronze serving piece enhanced the tables. The bride's cake was a four tiered white cake with strawberry filling. The butter icing was candlelight in color decorated with teal green and jade flowers. Precious Moments bride and groom topped off the cake. The groom's cake was a round, red velvet cake with candlelight

butter icing topped with teal green initials of the bride's and groom's names. Pineapple sherbert, coffee, mixed nuts and jade and ivory mints were served. Receiving guests were the bride, groom, Mr. and Mrs. Charles Hogue and Joe Graves.

After a wedding trip to Eureka Springs, Arkansas and Branson, Missouri, the couple will reside in Eules. The bride is a 1982 graduate of California Baptist College in Riverside, California. She received two degrees, a B.A. in Liberal Arts for Education degree and a B.S. in Physical Education. She taught 1st, 2nd and 3rd grades in Riverside, California.

The groom is a 1981 graduate of Hardin-Simmons University. He received a B.B.S. in recreation. The past few years, he has been Minister of Youth for two

different churches in West Texas. He is presently self-employed by Graves Custom Fence in the Hurst-Eules-Bedford area.

Births

Mr. and Mrs. Ricky Lewis Gonzales of Knox City, announce the arrival of their son, Ricky Lewis Gonzales II, born September 3, 1985 at Haskell Memorial Hospital weighing 5 lbs. 14 1/2 oz.

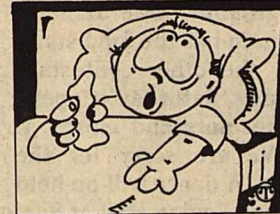

Mr. and Mrs. Dionicio Cantu of Stamford, announce the arrival of their son, Adrain Cantu, born September 9, 1985 at Haskell Memorial Hospital, weighing 7 lbs. 14 oz.

Pointers For Parents

Preventing School Daze?

For many high school students, the back to school season coincides all too well with the hay fever season. Allergic rhinitis, as allergies such as hay fever are called, is estimated to cause two million lost school days in the U.S. each year. Just when it's time to be alert and learn, many young people are forced by their allergies to either devote some of their concentration to controlling their sneezing and coughing, itching, watering eyes and running nose; or resort to an antihistamine that can make them feel sleepy and mentally dull.

Hay fever and similar allergies cause about two million lost school days a year.

Fortunately, the Food and Drug Administration (FDA) has just approved a new prescription drug that seems able to control the one without causing the other. In tests, patients were as likely to feel drowsy after taking a placebo as after the new medicine.

According to Dr. Frank E. Young, FDA Commissioner, other currently available antihistamines apparently cause drowsiness by affecting the central nervous system; the new medicine, Seldane from Merrell Dow hardly gets into that system at all. It doesn't get to the point where it can cause sleepiness.

For The Handicapped

A collection of attractive clothes has been designed exclusively for the handicapped, senior citizen or arthritic person.

The collection, in 60 merchandise categories offers special adaptive closures like Velcro, snaps and ties to facilitate ease in dressing, and sensitively designed items to wear with confidence and easily allow freedom of movement. Progressive Study Club

Members Receive Yearbooks

The first meeting of the Progressive Study Club of the 1985-1986 was held in the Haskell High School Homemaking Building on September 5, 1985 at 7:30 p.m. with Mrs. Kenneth Quattlebaum in charge.

Mrs. Quattlebaum called the meeting to order and greeted members and guest, Mrs. Gail Parker.

The yearbooks with the theme "Texas Milestone—A Legacy of Contrast" was presented by Mrs. Tom Hairgrove, first vice president. She was assisted by Mrs. Gary Druessedow, Mrs. Kenneth Patton, Mrs. Rick Perry, Mrs. Joseph Thigpen, Mrs. Clifford Thomas and Mrs. Bailey Tolver members of the yearbook committee. The very attractive cover features the State of Texas Seal, 1836-1986 surrounded by the six flags that have flown over Texas and a ribbon containing "Sesquicentennial" above the seal is 150.

Mrs. Hairgrove, to show her appreciation of committees presented a gift to each. Mrs. Pete Mullins, finance chairman, presented plans for the chicken tetrazzini supper which will be in the High School cafeteria October 25, 1985. Each member received a card with material to supply and the assigned duty. Mrs. Garvin Foote, ticket chairman, had

members to sign for the number each will sell. Mrs. Sandy Horton at Sears will have tickets. Mrs. Mullins reported Mr. Sam Bittner of Modern Way has donated 30 lbs. of spaghetti.

Three prospective new members were presented to the club. Mrs. George Fouts, Mrs. Tom Kaiger and Mrs. Ed Harris. All three were elected to active membership.

Mrs. Thelma Thomas program director for the evening entitled "Self-Culture", "The Sweet-Life" presented Mrs. Bud Pace, a well-known caterer, who gave a demonstration

on cake decorating which was very educational as well as beautiful. She gave several hints on cake baking and how to use real flowers for decorations.

Mrs. Gary Drusedow explained the duties of the director for each program. Mrs. A.J. Schnuriger gave the parliamentary pointer.

The social committee: Mrs. Milton Christian, Mrs. Bill Holden, Mrs. Sandy Horton, Mrs. Elbert Johnson, and Mrs. Tom Richardson served a sheath cake Mrs. Pace had made and decorated, home-made ice cream, and tea to the members.

"Pride In The Past-Footsteps To The Future" sounds of an interesting theme for the Haskell Garden Club as they met September 5, 1985 for a salad luncheon in the Bank Community Room with the president, Mrs. Callie

Robison presiding. Mrs. Linda King, first vice-president, shared the theme in the yearbooks speaking of the high lights for the coming year. Juanita Dunnam ask the club members, "Meet me at the Fair," September

12, 13, 14, the dates of the Haskell County Fair. She also brought several different kinds of materials the members are privileged to use in their flower arrangements.

Juanita Rhea explained the schedule of the Eighteenth annual Flower Show". Section A using all fresh plant material and accessories or figurine are permitted. Class 1,

"Welcome To Our Fair"; Class 2, "Queen For A Day"; Class 3, "Kitchen Showoff" fresh flowers, fruit and/or vegetables. Section B: All dried plant material, some may be treated, painted or naturally dried. Accessories may be used. Class 4, "Country Roads"; Class 5, "Memories of Days Gone By"; Class 6, "Whistling Breezes."

also bring your horticulture specimens for they are always needed and interesting. Mrs. J.O. Blankenship, Junaita Rhea and Juanita Dunnam held a workshop on the art of flower arrangements.

We were sorry, Mrs. LeRoy O'Neal could not be present to bring "Remembering Yesterday and Planning Tomorrow" honoring the charter members since 1957 of which three were present, Nettie McCollum, Hassie Couch and Lillie Mae Clare.

We are happy to have a new member, Mrs. Tom (Mary) Kaigler and Helen-Mable Fouts as a visitor.

The hostesses for the delicious salad luncheon were the officers and members of the club.

Today's Cooks' Dilemma

What is today's cooks' dilemma? Of course, it's fitting an uncompromised mealtime into a hectic schedule.

Now you can beat the clock deliciously with easy side dish sensations from Lipton Noodles & Sauce and Rice & Sauce. Dress up fillets tonight with Dill-icious Alfredo, a fresh tasting combination of deluxe noodles & Alfredo sauce, grated lemon peel and dill weed. Or, add a taste of the Orient with Teriyaki Chicken Rice by stirring extras like snow peas, ginger and soy sauce into a package of rice & chicken flavor sauce. In just 10 minutes or less, Noodles & Sauce and Rice & Sauce can give creative new dimensions to ordinary main dishes — quickly and easily!

DILL-ICIOUS ALFREDO
1-1/2 cups water
1/2 cup milk
2 tablespoons butter or margarine
1 package Lipton® Deluxe Noodles & Sauce—Alfredo
1 teaspoon grated lemon peel

1/2 teaspoon dill weed
Pepper to taste
In medium saucepan, bring water, milk and butter to the boiling point; stir in remaining ingredients. Continue boiling over medium heat, stirring occasionally, 8 minutes or until noodles are tender. Makes about 4 servings.

TERIYAKI CHICKEN RICE

2 cups water
1 tablespoon butter or margarine
1 package Lipton® Rice & Sauce — Chicken Flavor
1 cup snow peas
1 tablespoon brown sugar
1 tablespoon soy sauce
1/4 teaspoon ground ginger

In medium saucepan, bring water, butter and rice & chicken flavor sauce to a boil; stir in remaining ingredients. Reduce heat and simmer uncovered, stirring occasionally, 10 minutes or until rice is tender. Makes about 4 servings.

Haskell County Fair Queen Contest Is Tonight

Tonight is the night! The 1985 Haskell County Fair Queen and Court will be crowned at the Elementary Cafeteria at 7:00.

You won't want to miss this opportunity to see the pretty young ladies of Haskell County. Each was interviewed Saturday morning by the two judges at a lovely tea given by Progressive Study Club in the home of Nedra McCauley. In the picture perfect country atmosphere, including the

serenade of a baaing neighborhood lamb, the contestants were served lemonade and cookies waiting their turn to meet the judges.

Each one now has a score based on appearance and her poise and personality during the interview. As she models her evening gown tonight, each will be given another score based on stage presence and appearance. Ten finalists will be selected. As the judges contemplate their

difficult decisions, we are fortunate to be entertained by the Four Friends.

After these then finalists are announced, a decisive question will be directed to each finalist. And after a final score is tallied, the new Queen and her Court will be presented. This year's Queen will look forward to a \$100.00 Scholarship awarded by the Fair Association.

Any business wishing to donate to this scholarship

is encouraged to do so.

Don't think there is nothing to do tonight. Your ticket to the Queen's contest will also admit you into the 1985 County Fair. Let's show our pride in our town and county - particularly Haskell County Youth - and be at the 1985 Queen's Contest.

Those businesses who have made this event possible for the High School girls of the county

are listed below. Thank you for your support.

Contestants and their sponsors include:

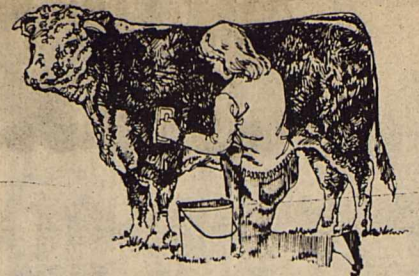

Donna Gayle Rowan, Heidenheimers; Sonja Nixon, Jessie Couch; LaKay Gibbs, Smitty's; Diane Jarred, Henderson Bookstore; Kathleen Kutch, Farmers National Bank; Kacye Nemir, Pulmonary Assoc.; Dala Harris, Hale Farm Supply; Kay Fischer, Hassen's; Kelly Earp, Murphy Photography and Robyn Weaver, Slipper Shoppe.

Linda White To Address Workshops

Texas First Lady Linda Gale White will give the opening address at a series of Governor's Regional Leadership Conferences on Child Abuse Prevention scheduled during October.

Conference participants will learn how to create or improve community coalitions to develop child abuse prevention services.

The conference dates and sites are: San Antonio, Oct. 3-4; Abilene, Oct. 17-18; and Tyler, Oct. 29-30. For more informa-

tion and to register for the conference, contact the Texas Crime Victim Clearinghouse, 1-800-252-3423. The cost of registration is \$30 per person and includes lunch on the second day. Registration is limited to 250 people per conference.

"Community Problems: Community Solutions" is the theme of these conferences co-sponsored by the Governor's Office, the Texas Department of Human Resources and the Texas Coalition for the Prevention of Child Abuse. Target Stores and Prudential Insurance are also conference co-sponsors.

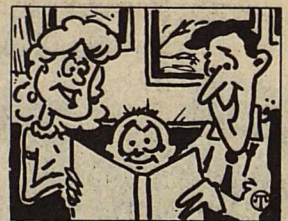

Conference workshops will be held on the role of education, churches, law enforcement, health and social services, and business and civic organizations in the prevention of child abuse. Persons interested in forming community child abuse prevention coalitions can attend sessions on board development, program planning and fund-raising.

THEN NOW!

A once-popular pastime is making a comeback with families across the country.

Then: Not too long ago, parents would read aloud to their children in the evenings. The children, too, would take turns reading and everyone would discuss the book, asking questions and learning about each other in the process. Then came television, and reading aloud became a thing of the past as youngsters and parents alike started to spend hours in front of the set.

Now: Today, more and more parents are coming to realize too much television can take away from a child's emotional and intellectual development. Reading aloud is once again becoming a daily habit, thanks in part to the success of the national best-seller, "The Read-Aloud Handbook" by Jim Trelease, author of the newly revised "Read-Aloud Handbook." Trelease tells why it's so important to read aloud to children at an early age: it sparks their imagination, improves language skills, and develops a life-long love of books, reading and learning. The book offers tips on what makes a good "read-aloud," and includes a Treasury of favorite children's books.

The Great Seal of the U.S. has 13 of each of these items: stars, stripes, clouds, arrows, laurel leaves, berries, feathers in each wing and tail, and rows in the pyramid. This is one case where 13 is a lucky number.

Group Challenges Texans To Lead States That Buckle Up For Safety

"We are expecting Texas to beat other states in increasing safety belt usage and lowering traffic fatalities as a result of the new safety belt law," according to George R. Gustafson, Texas Safety Association Executive Vice President, speaking on behalf of the Texas

Coalition for Safety Belts. "That's not a prediction—it's a challenge to every individual and group to make Texas' usage rates higher than any other state's. Of course, our Texas can-do spirit and pride give us an unfair advantage in such competition, but let's do it

anyway," Gustafson said. He noted that Texans were beginning to respond positively to the new safety belt law even before it went into effect Sunday, September 1. A recently released Texas Poll indicated that 45 percent of Texans surveyed in July remembered buckling up the last time they were in a car.

The Texas Poll, conducted by Texas A&M University's Public Policy Resources Laboratory, showed that 56 percent of those surveyed supported the new law.

"With a head start like that, we are optimistic about the reduction in traffic fatalities and injuries that increased usage will bring. There is just no doubt that when safety belt usage increases, traffic fatalities and the severity of injuries go down," Gustafson said.

"Usage rates have climbed and traffic fatalities have dropped in other states that have passed safety belt laws. We are expecting to see similar headlines in Texas by next spring when citizens have had the chance to make a positive adjustment to the new law," he said.

In the first few months after enforcement began, New York state experienced a 20 percent average decline in traffic fatalities while the nation was experiencing a 1 percent to 2 percent increase in those fatalities. More recent New York statistics show about a 33 percent decline in traffic fatalities during the first five months. Michigan is reporting a 33 percent decline in traffic fatalities during the first month after enforcement.

Although fines will not begin in Texas until December 1, drivers and passengers in the front seat of passenger cars and light trucks were expected to buckle their safety belts by Sunday.

Texas Department of Public Safety Director Jim Adams said, "The Department will begin issuing written citations December 1, as provided by the law. The transition period between the effective date of September 1 and December 1 will give motorists a chance to get into the habit of buckling up. Our troopers will give oral warnings and will remind motorists of the new law and that effective December 1 they will be subject to a fine of \$25-\$50. The transition time will also give all the public and private sector organizations an opportunity to do intensive education on the lifesaving benefits of the law."

Many of those private and public sector organizations will be working together in the Texas Coalition for Safety Belts according to Gustafson.

"The Texas Coalition for Safety Belts is composed of more than 30 private and public sector groups working to help Texans get into the habit of buckling up. Member organizations include the State Department of Highways and

Public Transportation, Medical Association and Department of Public Safety, Texas Department of Health, the Texas TMA Auxiliary, the Texas Pediatric Society, the Texas Congress of Parents and Teachers, Texas Automobile Dealers Association, local safety councils, and many others," said Gustafson. Texas Safety Association will be playing a coordinating role in a massive public information and education effort by the coalition, according to Gustafson.

William Clements To Be WeCTOGA Keynote Speaker

William P. Clements, former governor of Texas, will be the keynote speaker at the annual fall meeting of the West Central Texas Oil and Gas Association at the Sweetwater Country Club on Thursday, September 12, according to Dan M. Fergus, WeCTOGA president.

Fergus, an oil and gas lawyer and producer from Abilene, said the House Ways and Means Committee has started writing its tax bill. "Ways and Means Committee Chairman, Dan Rostenkowski, has stated that the oil and gas industry will feel the pain of tax reform," Fergus said.

"We know that Chairman Rostenkowski would like to remove percentage depletion and immediate expensing of intangible drilling costs from the tax law," he said. "Without these tax incentives, many independent oil and gas producers would simply get out of the business, because the risks would far outweigh the potential advantages of drilling a well."

Fergus noted that the Association's Board of Directors will also discuss the proposed oil import tax recently introduced in the Congress.

WeCTOGA Vice President Rick Rhodes of Sweetwater, this year's Meetings Committee chairman, stated that he expects a large turnout for the

annual fall event.

"The high interest level regarding various tax proposals, coupled with our annual golf tournament and barbecue has created a good response from the oil industry," Rhodes said.

Golfers will begin teeing off at the 71-par, 6,369-yard Sweetwater Country Club at 8 a.m. Thursday. Eighteen foursomes will begin play simultaneously. Eighteen more foursomes will tee off at 1:30 p.m.

The Board of Directors meeting, which is open to all WeCTOGA members, begins at 3 p.m. in the clubhouse.

Refreshments will be served at 5 p.m., and the barbecue begins at 7 p.m.

People wishing to register for the various events can do so by calling 915/677-2469 in Abilene. Cost of the barbecue after September 6 is \$20 per person, and golf registration is \$30.

West Central Texas Oil and Gas Association is an organization of more than 920 members who are interested in a healthy independent oil and natural gas industry. It is based in Abilene.

Understanding Your Child

Motivate Children To Make Books Into Friends

Readers aren't born—they're made. Reading aloud to your child from a very early age can help him or her achieve more at school and enrich your family life as well.

Experts say the major reason more than half the children in America can't read, is that they don't want to read. How do you instill a desire to read in children? You, as the parent, are the prime model for your child's language development. The daily practice of reading aloud is the oldest and most successful promotion of reading, says Jim Trelease, author of the newly revised "Read-Aloud Handbook."

According to Jim Trelease, reading interesting stories to your children before they can read themselves plants the desire to read. It builds listening comprehension, enlarges vocabulary and stimulates their imaginations. Even infants benefit from hearing stories read to them. They learn to recognize books, be-

Books become friends to a child who has been read aloud to by a parent since infancy.

come conditioned to the sound of your voice.

Reading aloud, reading often, and choosing books carefully are critical factors in how much children will get out of the reading experience, Trelease points out in his book, published by Penguin Books.

Reading aloud may make your child brighter, and it may even brighten up your family life as well, Trelease suggests. Reading aloud provokes questions and discussions. It can be a wonderful way for you and your child to find out more about each other.

The Fair is for the Whole Family!

Our roots are firmly planted right in your own back yard!

For years, the Terra Seed Company has been a valuable part of farming communities throughout the country. As quality producers of certified seed, and by offering a wide variety of seed products, we've become like a member of the family at planting time...doing our part to bring you the best wheat seed yet.

Our roots go deep!

Your wheat crop needs a good strong root system to assure its survival. One that goes deep in search of food resources and won't leave the plant high and dry. Terra Seed Company's roots are deeply embedded in its over 30 year history in the seed business. And now the roots grow stronger with the backing of Terra International so you

know your seed is coming from a tried and true friend who will stand by you at planting time.

Breaking new ground.

Our roots are firmly planted in quality production of clean certified seed. By continually searching for the sturdiest, high yielding wheat strains, we make sure we're offering you the best seed available. It's our goal and our promise to continue producing new types of seed to increase the harvest of today's farmer.

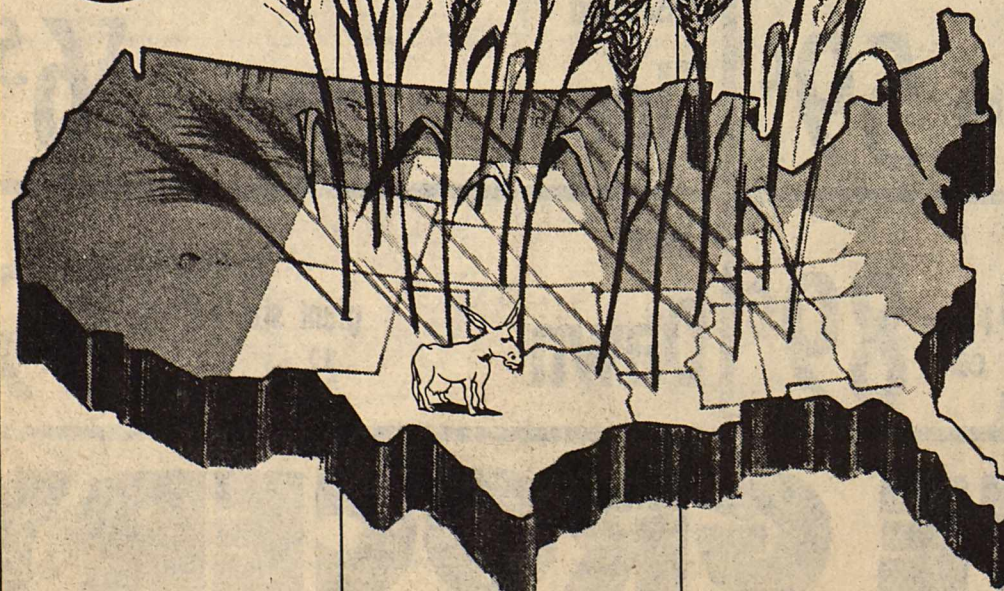

Consistency

When you plant your wheat fields you're putting your livelihood into the ground, so you have to make sure

that what comes up is a consistently healthy high yielding wheat crop. Terra Seed Company has always offered the highest quality wheat seed available to make sure your fields produce a great crop year after year.

Applications For Nominations To Service Academies Accepted

Congressman Charles W. Stenholm has announced that he is currently seeking applicants for nomination to the United States Service Academies. Applications for nomination to the U.S. Military Academy in West Point, New York, the U.S. Air Force Academy in Colorado Springs, Colorado, the U.S. Naval Academy in Annapolis, Maryland, and the United States Merchant Marine Academy in Kings Point, New York may be obtained by writing to Congressman Stenholm's Washington, D.C. office.

women who will be at least 17 years of age, and not past their 22nd birthday upon entry into the academy in July. Nominees are selected by a competitive process, judged on scholastic aptitude, moral character, leadership ability, and community involvement.

The academies offer a four-year degree in a variety of areas ranging from Civil Engineering and Physics, to American Studies and Behavioral Science. While attending the academies, cadets and midshipmen will earn an annual salary of approximately \$6,500, from which expenses for books, uniforms and incidentals are taken. Tuition, room, board, medical and dental expenses are paid for by the academies. Upon graduation from the academies, the cadets and midshipmen will serve as officers in the service for a minimum of five years.

Any persons who may be interested in applying for a nomination, or who would like to obtain additional

information should write to Congressman Charles W. Stenholm, 1232 Longworth House Office Building, Washington, D.C. 20515. Applications must be submitted, and files completed, no later than December 1, 1985. Nominations will be made toward to end of December.

Dear Sir:

I am working on an army reunion for Company "E", 386th Infantry Regiment, 97th Division for World War II and it will be held in June 1986 in Dayton, Ohio.

I am trying to locate a John Freeman who was from Haskell, Texas and I am wondering if you would

know this man and his present address so I could contact him about the reunion. I want to thank you for your time and patience.

Sincerely Yours,

Farmers Must Manage Risks

If farmers are going to survive financially, they will have to manage risks. Managing risks is what an upcoming shortcourse by the Texas Agricultural Extension Service is all about.

The shortcourse is slated for Oct. 1-3 at the Computer Training Center at Stiles Farm near Thrall. The farm is located on U.S. 79 about a mile east of Thrall of six miles east of Taylor.

"Purpose of the short-course is to acquaint crop producers with numerous yield and price strategies," points out Dr. Ashley Lovell of Stephenville, Extension Service economist.

Lovell notes that a microcomputer will be used during the shortcourse as a tool for evaluating strategies for managing

yield and market risks. Included in the training will be crop insurance, summarizing information for risk evaluation, crop enterprise budgets, accounting reports, cash flow projections, and whole farm production and financial planning. Computer software will be featured during evening sessions.

A day also will be devoted to market outlook, grain futures, commodity options and options hedging, says Lovell.

Because the training facility at Stiles Farm can only accommodate a limited number of people, interested individuals should register as soon as possible by calling Rosemary Pivonka at Texas A&M University at 409-845-1861.

Public Notice

Southwestern Bell Telephone Company, in accordance with an order of the Public Utility Commission of Texas, hereby gives notice that on August 20, 1985, the Company filed tariffs which propose revisions to the Joint User Tariffs and implementation of Shared Tenant Services Tariffs.

If the tariffs are approved by the Public Utility Commission, the Company will grandfather existing customers to the Joint User Tariffs and totally withdraw the Joint User Tariffs one year after the date of approval of the proposed tariff revisions, with one exception. Even after the one year period, existing single-line customers subscribing to Joint User Tariffs may continue their service under certain conditions.

Also, if the tariffs are approved, the provision of shared tenant services will require partitioned switching equipment.

No new rates are being proposed in the aforementioned tariffs. As a result of the partitioning of switching equipment, some existing customers may require additional PBX trunks. If so, the Company's revenues may increase. The Company is unable, at this time, to estimate the additional revenues, if any, which would result therefrom.

The Commission received these tariffs as Docket 6450 and a prehearing conference will be held at 10:00 A.M., Monday, September 23, 1985, at the Commission's offices at 7800 Shoal Creek Boulevard, in Austin, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. Motions to intervene should be filed with the Commission on or before 4:00 P.M., Friday, September 20, 1985. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

Aviso Público

De conformidad con una orden de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia el registro de nuevas tarifas, las cuales proponen ciertas modificaciones de las Tarifas para Usuarios Mancomunados (Joint User Tariffs) y la implementación de Tarifas para Servicios Compartidos por Inquilinos (Shared Tenant Services Tariffs).

De aprobar la Comisión tales tarifas, la Compañía mantendrá vigentes los acuerdos con usuarios actuales en lo que respecta a Tarifas para Usuarios Mancomunados, pero discontinuará tales tarifas a partir del primer aniversario de la fecha en que se aprueben las nuevas tarifas. Sin embargo, existe una excepción; aún después de tal aniversario, los clientes con líneas sencillas que actualmente cuentan con el servicio para Usuarios Mancomunados podrán seguir con tal servicio sujeto a ciertas condiciones.

De aprobarse las nuevas tarifas, las disposiciones correspondientes a los Servicios Compartidos por Inquilinos requerirán el uso de conmutadores separados.

Las citadas tarifas no proponen nuevas cuotas. Sin embargo, es posible que debido a la separación de equipos de conmutación, algunos clientes actuales requerirán nuevos troncales PBX. De ser así, los ingresos de la Compañía podrían aumentar. En la actualidad, la Compañía no puede determinar el monto de ingresos adicionales que resultarían de tales tarifas.

La Comisión ha registrado este asunto bajo el Docket 6450. Se llevará a cabo una audiencia preliminar para discutir todo asunto relacionado con el Servicio Compartido por Inquilinos el lunes 23 de septiembre de 1985, a las 10:00 de la mañana, en las oficinas de la Comisión, 7800 Shoal Creek Boulevard, en Austin, Texas.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención deberán presentarse ante la Comisión antes del viernes 20 de septiembre de 1985 a las 4:00 de la tarde. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission, Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

Booster Club News

The Haskell Indian Booster Club met Monday night for the first official meeting of 1985 with President Dan Griffith presiding. Members decided to change the meetings to 7:00 p.m. each Monday night during football season.

Friday nights loss to the Munday Moguls was discussed and the coaches told how they were impressed with the character the Indians showed Friday night, especially in the second half. Coach Hill said the boys are "still working hard, have a good attitude, are enthusiastic and showing improvement every day." This is a young team and they need the support of the fans. Coach Hill also reported that everyone was healthy and ready to play

Electra Friday night. The scouting report is that Electra has a very physical team but we're going to try to be quick.

Booster Club Members will be selling raincoats and the ever popular caps at the game Friday night.

It is the purpose of the Booster Club to raise money to help with all phases of the Athletic Program. Monies raised this year will go toward the purchase of a new in-door-out-door carpet for the field house and weight room and the Annual All Sports Banquet.

The Indians will take on Electra Friday night at Indian Stadium and everyone is asked to form a Victory line from the field house to the gate to show our support for the Indians. Kick-off is set for 8:00 p.m.

Selling Haskell Co. for over 25 years

KNOCK! KNOCK! WHO'S THERE?

So you've decided to sell your home, have you? If so, one of the dilemmas you'll have to cope with is learning how to be in two places at one time.

It seems that buyers are an interesting group of people. The less serious buyers (the ones you're NOT looking for) are never in a hurry. They'll gladly let you make an appointment to see the house later in the day or tomorrow if you find it inconvenient to show your house to them now.

But the really serious buyers, the ones both willing and able to buy your home, are usually less patient. If they call and you're not home, they probably will NOT call back later. Or if they stop by without an appointment and you've not yet made the beds nor washed the breakfast dishes, you'll have a difficult time convincing them to come back at a later time.

Good buyers will more than likely want to see your home at THEIR convenience, not YOUR convenience. So if you're not there when they call or come by, you'll probably never see them again.

Once you decide to sell and begin advertising, be prepared to have both the phone and the front door answered at all reasonable hours. Make the buyer feel you've been waiting for his call, and graciously offer to show your house at his convenience.

If you're planning to sell your home soon and would like information on its current value, give us a call at 864-2665 or come by our office located at 417 S. 1st.

TEAMS Tests Set For Students Oct. 2 & 3

Texas law has mandated numerous changes in the student assessment of minimum skills program beginning with the 1985-86 school year.

One of the most significant changes occurred with the requirement for exit level testing. The Exit Level Texas Educational Assessment of Minimum Skills (TEAMS) will evaluate the student's knowledge of the mathematics, reading, and writing skills which have been taught throughout the school years.

Students must pass both the mathematics and English language arts sections of the TEAMS by the end of their twelfth grade year in order to receive their diplomas. If a student passes both sections the first time he is tested, he will not be tested again. Students who do not pass both the mathematics and English language arts sections will have the opportunities in May 1986 and in October and May of their twelfth grade year to pass both sections of the examination. Students who do not perform successfully on both sections of the TEAMS will be eligible for intensive remedial instruction.

The Texas Education Agency scheduled the following TEAMS test dates. Students should do all they can to be in school for the October tests:

Tuesday, October 1, 1985: English Language Arts

Wednesday, October 2, 1985: Mathematics

To make sure that students and parents know exactly what is expected of the students on the TEAMS test, a brochure presented by the Texas Education Agency entitled TEAMS has been issued to all students in grades eight through eleven. Students should familiarize themselves with the sample questions and with the methods of answering. For further information, contact the Haskell High School.

Snuff Epidemic Presents Hazards

A small harmless looking circle on a hip pocket is the first symptom of a major health-threatening epidemic. The circle, made by carrying a snuff can, is a more obvious symptom than a chewing tobacco pouch. But both show that the user is sucking on chemicals that can cause cancer, the Texas Medical Association says.

Bad breath, discolored teeth and white patches of skin called leukoplakia inside the mouth or throat are a few other signs of the epidemic that has spread to many groups of young people and adults.

Some people start using chewing tobacco and snuff as a replacement for smoking. But they merely are trading one set of

health hazards for another, TMA says. Chewing tobacco is one of the risk factors for developing oral cancer which includes cancer of the tongue, lip, or throat. Last year 456 Texans died from oral cancer.

Chances of gum and tooth disease increase and users' teeth wear away quicker than non-users' teeth. Tobacco juice chemicals may slow wound healing, especially in the mouth. The juice also can irritate or cause stomach ulcers.

Other unhealthy effects come from the drug nicotine that is absorbed through the mouth lining or swallowed. Nicotine makes arteries smaller and speeds up the heart rate. Pumping

more blood through a narrower opening may increase blood pressure which heightens the risk of stroke or heart attack. Pressure may increase even more because tobacco users may use too much salt since nicotine can dull taste buds. Too much salt also may increase blood pressure.

These additional effects

mean that dippers and chewers are at risk. Even though they are not sending up bad health smoke signals by puffing on a cigarette, they still are risking their health.

INSTANT TOWN ...

Henry H. Campbell established his Matador Ranch in 1879, in present-day Motley County. By the late 1880's he had built it into a half-million-acre empire. In order to organize a county seat the General Land Office required a town to have at least 20 businesses. Matador County had no town. What to do? Answer, create one. With borrowed supplies from the ranch commissary the cowboys created an "instant town," Matador, which was designated as county seat.

TAX PLANNING

Written By

Richard E. Rodgers, CPA

TAX REFORM AND 1985 PLANNING

If you are wondering what tax strategies make sense as Congress debates tax reform, here are some suggestions:

1. Manage your cash so that, if necessary, you can prepay state and local taxes (including property taxes) before December 31st. Reagan's tax proposal, if it becomes law in 1986, will make these non-deductible. Also, if you are planning to buy some big ticket items, such as a car, boat, airplane, etc., make the purchase in 1985 to get the sales tax deduction.

2. If you are planning to install energy saving devices in your home, do it before the December 31st expiration of the residential energy credit. The credit is 15% of the first \$2,000 spent, with a maximum credit of \$300. Qualifying expenditures include insulation, storm and thermal windows and doors, caulking and weather stripping, and automatic setback thermostats. Wood burning stoves do not qualify. There is also a "renewable energy source" credit of 40% of the first \$10,000 spent, with a maximum \$4,000 credit. Qualifying for this credit are solar, wind, and geothermal energy equipment installed in your residence.

3. If you are planning to buy business equipment, do it in 1985 rather than after the new year. Depreciation writeoffs are likely to be smaller after any new tax legislation, and the investment credit seems almost certain to be phased out.

4. Be wary of investing in tax shelters. Credits and deductions you were counting on could be eliminated by new legislation.

5. Miscellaneous deductions on personal returns will probably be limited by 1986. These include employees' business expenses for travel, education, professional and union dues and subscriptions, as well as fees for tax preparation and tax investment advice. Pay them before December 31st.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalination. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalination, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

(1) the abolition of the office of county treasurer in Andrews County and El Paso County;

(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Cattlemen's Round-Up Off To Good Start

The 26th annual Cattlemen's Round-Up for Crippled Children is off to a good start with more than 100 head of cattle and horses already pledged, reports general chairman Jim Alexander of Abilene. The event benefits the West Texas Rehabilitation Center with campuses in Abilene and San Angelo. Despite depressed markets and prolonged drought, CRCC officials are optimistic livestock producers will agree that this cause deserves their donations of livestock or cash. This year's Round-Up will begin with a cattle sale September 30 at the Abilene Auction. Other scheduled sales include horse sale, Oct. 5, Abilene Auction; sheep and goat sale, Oct. 14, Junction Stock Yards; and special

auctions Oct. 9 in Coleman and Stephenville, Oct. 17, San Saba; and Nov. 4, Brownwood. "We are expecting more heavy beef for this year's Round-Up than ever before," Alexander continued. "Support for the annual fund raiser comes from all over the Southwest as evidenced by pledges already received." "We are hearing from folks from as far south as Corpus Christi and Kingsville, and as far north as Yukon, OK. Over the west pledges have arrived from Clayton, NM." Alexander expressed his appreciation to those who have already pledged horses. "Many of these are registered quarter horses while others are suitable for running and cutting." Persons wanting to make a donation should contact

Cattlemen's Round-Up chairmen in their area or call the West Texas Rehabilitation Center in Abilene at (915) 692-1633. Nearly 200 area chairmen throughout Texas will be giving their support to this event by lining up donated livestock and coordinating auction arrangements. Donated livestock are collected at designated points in each community and transported to the auction site. The Cattlemen's Round-Up idea began in Bronte back in 1960 on the late Conda Wylie's Fort Chadbourne Ranch. He came to WTRC president/executive director Shelley V. Smith with the suggestion that 20 top steers be cut from his herd and sold to help defray operational expenses of the Center.

Today the results speak for themselves. WTRC personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients other than for hearing aids and braces.

Committee urges changes in meat, poultry inspection procedures

COLLEGE STATION — The meat and poultry purchased by American consumers is generally wholesome and safe, but inspection could be improved by new technology for detecting contamination and by revision of inspection practices, says a National Research Council committee which includes a Texas A&M University researcher. Although USDA now monitors about 100 chemicals in meat and poultry under its National Residue Program, the committee claimed that the program was not adequate to ensure maximum protection and urged initiation of a risk assessment system to define hazardous exposure levels. The study, co-authored by Dr. Norman Heidelberg of Texas A&M, suggested that even though the USDA's inspection service had been effective, it could better protect the health of meat and poultry consumers if its operations stretched from the farm to the table. The inspection service currently focuses on slaughterhouses and processing plants.

If your child is having trouble adjusting to school, parental attitudes may be one possible problem, the Texas Medical Association says.

Sometimes parents are afraid to let new people care for their children. Children pick up such signals and become anxious also. Parental stress about busing or other problems also can make a child feel uncomfortable. Doubts and fears of parents and children can be eased by visiting the school and talking with the teacher. Such discussions can familiarize everyone with the child's schedule and upcoming activities. A visit also can give parents an early opportunity to inform the teacher about the child's special abilities, problems, or complicating situations, such as a recent family divorce that may have upset the child.

Another important discussion can be between

parent and child. It can help to reassure the child that he or she can handle new circumstances just as in the past. Getting frequent updates about the child's progress and attitudes can help parents keep in touch with problems.

Persistent problems may mean the child has a learning disorder. To find out about possible problems quickly, tests can be done to determine hearing, sight, or learning handicaps that can cause the child years of frustration and failure if undetected, TMA says. The teacher often can give recommen-

dations about available testing.

No matter what the cause of poor performance in school, it is important to help the child before troubles last too long. Help may be something as simple as aiding the child with homework. Or it may involve getting medical attention. But TMA urges parents to take action to help keep the child from falling far behind in class.

Weinert Bulldogs Defeat Trent 54-6

The Weinert Bulldogs defeated Trent 54-6 in their season opener last Friday night.

Weinert scored first with Louis Perez passing 15 yards to Ramon Castorena.

Extra point was missed. The score was then 6-0 in favor of Weinert. That was the only score in the first quarter. In the second quarter Weinert scored six times and Trent scored one

time. Weinert scored first in the second quarter with Shannon Forehand passing to Ramon Castorena for a 5 yd. touchdown. Kevin White kicked the extra point. Edward Perez then intercepted a pass and ran back 36 yards for a T.D. Extra point kick by Kevin White was good to make the score 22-0.

The next score was also by Weinert. Shannon Forehand passed 22 yards

to Ricky Perez for a T.D. Kevin White kicked the extra point that was good. Trent then scored their only T.D. when Benjamin Beaver ran 60 yards down the field to score. Extra point was missed.

Shannon Forehand and Ricky Perez then connected on a 26 yard T.D. reception to score for the Bulldogs. Kevin White kicked the extra point and it was good.

The next score for the Bulldogs came on an

interception by Shannon Forehand who ran the ball back 65 yards for a T.D. Extra point by Kevin White was good.

The last score of the game was by Weinert on a 77 yard pass from Shannon Forehand to Johnny Perez for a T.D. Kevin White kicked the extra point that was good to give Weinert a 54-6 victory over Trent. The ballgame was called at halftime on the 45 point rule.

Show Lamb Clinic Set In Munday

A show lamb clinic has been scheduled for 7:30 p.m., Thursday, September 12 by the Knox County 4-H and Youth Committee. The clinic will take place at the Munday Vo. Ag. Building in Munday.

Dr. George Ahlschwede, Extension Sheep and Goat Specialist, will discuss how to feed a show lamb. He also will conduct a showmanship demonstration with the help of Munday 4-H members, Bryan Latham, Kent Latham, Missy Reneau, Jae-Jae Reneau, and Robin Reneau.

Other topics which will be discussed at the clinic include, selection, facilities, health, and exercise for lambs. Helping to cover these topics will be Larry Thompson, Todd Thompson, and John Reneau from Munday.

All area 4-H and F.F.A. members are invited to attend.

Need a tax break? Why not give to the Haskell Co. Ambulance Memorial Fund? Your contribution will be tax deductible, and it will go to aid in the upkeep and future of the ambulance service in Haskell. By your giving, you allow others to benefit. Please give!

Goffs Named 1985-86 HSU Missionaries-In-Residence

Dr. William E. Goff and his wife, the former Emilee Griffith, who serve as Southern Baptist missionaries in Venezuela, have been named missionaries-in-residence at Hardin-Simmons University for the 1985-86 school year.

They served in a similar capacity at HSU in the 1980-81 school year while on furlough, according to Palmer McCown, director of religious activities.

Goff, a 1962 graduate of HSU, serves as professor of Christian ethics, church history and missions at the Venezuelan Baptist Seminary, Los Teques, Venezuela and as director of theological education in extension.

Mrs. Goff serves as dietician and kitchen supervisor at the seminary. She received a BS degree from HSU in 1960.

The Goffs were appointed in 1971 as missionaries and have been in Venezuela for 13 years.

He is a Wichita Falls native and lived in Iowa Park while growing up. He also earned a master of divinity degree (1965) and a doctor of theology degree (1976) from Southwestern Baptist Theological Seminary, Fort Worth.

Goff is the author of "The Christian Life in Marriage and Family" (Spanish), and has written material for Sunday school lessons for the Spanish

Baptist Publishing House and various other articles for magazines.

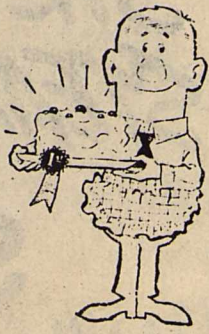

Mrs. Goff was born in Abilene and has lived in Haskell and Weinert.

They have two sons, Gary, a sophomore at HSU, and Samuel, 11.

While at HSU, they will work with MK's (youth whose parents are missionaries), lead out in missions promotion, assist with the Baptist Student Union, and provide counsel to those students who might have an interest in serving in missions in the years ahead.
