Arts/crafts sale planned for Saturday

Haskell Young Homemakers will have their annual arts and crafts sale Saturday, Nov. 9.

It will be from 10 a.m. to 5 p.m. at the Haskell Civic Center.

Merchandise will be offered from 39 booths. There also will be a tasting tea.

FHA girls will provide baby-sitting and will accept donations for the service.

"Come and buy your Christmas gifts," the girls remind the public.

1985 rainfall above normal

Rainfall in Haskell during the month of October totaled 2.3 inches, according to Sam Herren, official weather recorder.

October precipitation brought the 10-month total to 25.93 inches, nearly four inches above the normal amount of 22.01 inches.

Outlying areas of the county reported greater rainfall for the month.

Lowest thermometer reading for October, 40 degrees, was reached on the first day of the month.

October's highest reading was 88, recorded Oct. 8.

X-ray locates piece of wire in wrapper

Seventy-nine bags of candy (Halloween treats) were x-rayed last Thursday night at the lab of Haskell Memorial Hospital.

Charles Harvey, lab technician, said that a piece of wire was found between the wrapper and the candy in one piece.

"It did not appear to have been tampered with," said Harvey. "The candy was completely sealed within the wrapper. And the wire was not in the candy."

X-ray personnel speculated that the wire had gotten inside the wrapper at the factory.

Black day for Anson proclaimed

Members of the Haskell Indians Booster Club want Friday to be Black Friday for the Anson Tigers.

They said they would like for everyone to wear black for the football game in Anson.

"There will be black Indian banners passed out at the game," they said. "We want everyone to wear these banners. We want the Indians to know that we are 100 percent behind them."

Paint Creek crowns queens

Kay Fischer, daughter of Gene and Jo Fischer, was crowned Homecoming Queen during the halftime activities at the Paint Creek Homecoming Saturday night.

Kay, a high school junior, is active in Future Homemakers of America, Future Farmers of America, basketball, track, tennis and drama. She is the FFA reporter this year and the vice president of the junior class. Kay is also a cheerleader.

She is ranked no. 2 on the high school honor roll and was in the top 10 finalists of the Haskell County Queen Contest this year. Kay is a member of the Paint Creek Baptist Church where she works with young children in the church nursery.

Kay is the granddaughter of Mrs. Bertha Humphrey and Mr. and Mrs. W.A. Fischer, all of Haskell.

Other candidates for homecoming queen were Sharlene

Homecoming Queen

Kay Fischer was crowned Homecoming Queen at Paint Creek Saturday night during halftime of the Paint Creek-Rochester football game. She is escorted by her father, Gene Fischer.

Grief Workshop slated next week

The Experienced Citizens Center will hold a Workshop for Grief from 7 to 10 p.m. Thursday, Nov. 14.

Speaker will be Doug Manning of Hereford.

Manning has been a public speaker for the past 20 years and is noted for his sensitivity, humor and dynamic presentations. He is author of "Don't Take My Grief Away" and has written other books and articles. A counselor for the past 25 years, he is currently head of the Family Growth Center in Hereford.

A spokesman for the sponsoring organization said that Manning is

exceptional in his presentation to physicians, nurses, social workers and nursing home staff members and that his presentation leaves the professional with a new appreciation of nursing homes and their value.

He leads the family through the adjustment process with warmth and humor, the spokesman said.

Advance registration for the workshop may be made by sending a check for \$10 per person to the Experienced Citizens Center Grief Workshop. Admission fees also may be made at the door.

WTU announces reduction in rates

The price of electricity for residential and commercial customers of West Texas Utilities Co. will decrease slightly in November as the company's winter rates go into effect, according to Sue Pate, Haskell manager.

Beginning with November billings, base rates will be reduced by 3/4-cent per kilowatt-hour. Residential base rates will drop from 3.97 per kilowatt-hour to 3.22, while commercial base rates will drop from 4.18 to 3.43 cents per KWh.

Result of the base rate decrease and slight adjustment in the fuel cost factor will be an 8.2 percent reduction in costs for residential customers. For example, a

customer using 1,000 kilowatt-hours will be charged \$6.56 less than for the same amount under the summer rates.

The summer-winter rate differential for the two classes of customers was established by the Public Utility Commission of Texas during negotiations in WTU's rate case during the fall of 1984. Seasonal rate differentials have been used by many companies for many years. The main reason is that the cost of providing service is higher during the peak usage season, or summer months when air-conditioners are in use.

Winter rates will be effect through April 1986.

County voters endorse only eight amendments

Haskell County voters gave a resounding endorsement to the two water amendments in Tuesday's election, but just as resoundingly they turned thumbs down on two more of the 14 propositions.

In all, Haskell countians favored eight of the amendments and rejected six of them. One was endorsed by a single vote.

Proposition 1, calling for the authority to issue bonds to create special water funds was favored 591-129 in Haskell County.

Proposition 2, authorizing the issuance of agricultural water conservation bonds, passed here by a 546-171 count.

By about the same ratio, county voters turned down Proposition 5, which would allow the state legislature to regulate the provision of health care by hospital districts, and Proposition 13, which would provide for the reapportionment of the state's judicial districts.

The hospital vote was 558 against and 134 for, while the judicial issue tally was 548 against and 136 in favor.

Reflected in the vote on those four issues was active local support of the water amendments and local opposition to the other two. In each case, county voters followed the desires of the local groups.

All other of the six amendment proposals favored here passed by narrow margins.

Proposition 4, authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land, was endorsed 357-309.

Proposition 6, which would permit state prisoners to be placed in penal facilities of another state was okayed 353-323.

Proposition 8, providing

additional bonding authority for the Veterans' Housing Assistance Program, passed here by a 368-310 margin.

Proposition 10, authorizing the issuance of bonds to provide financing assistance for the purchase of farm and ranch land, passed by the narrowest of margins, 338-337.

Proposition 11, which related to the manner in which a person is charged with a criminal offense, was okayed here 350-299.

Proposition 12, which would grant the Supreme Court of Texas and the Court of Criminal Appeals jurisdiction to answer questions of state law certified from a federal appellate court, was approved 349-289.

In addition to Propositions 5 and 13, county voters voted against Proposition 3, 7, 9 and 14.

No. 3 was the one authorizing the legislature to enact laws permitting a

city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property. Haskell County voters rejected it 403-277.

No. 7 was one calling for Chambers County to be divided into two to six precincts, Haskell County said no by a 413-267 count.

No. 9 called for protection of public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations. It was defeated here by 338-337 vote.

No. 14 provided for the abolition of the office of county treasurer in Andrews and El Paso counties and the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson and Randall counties. Locally, the vote was 306 against and 274 for.

Altogether, 725 persons voted in Haskell County in Tuesday's election.

Haskell student 'White Horse' rider

Sharon Gray of Haskell will be one of the riders when the Hardin-Simmons University Six White Horses participate in the 1986 Cotton Bowl parade in Dallas New Year's Day.

The 1986 Bowl parade will mark the fifth in which the Six White Horses have marched.

HSU Six White Horses are six white quarter horses ridden by university coeds dressed in traditional Western costume, including boots and spurs, and each carrying one of the six flags of Texas.

Trained and maintained by Dr. William Beazley, vice president emeritus, on HSU property, the Six White Horses and their coed riders have appeared in five presidential inaugural parades as well as numerous gubernatorial inaugural parades. Other appearances include riding in the Macy's Thanksgiving Day parade and the Celebrities Parade in Hollywood. The number of parades and rodeos in which this equestrian group have been featured runs into the hundreds.

Dr. Beazley has recently published a book, "Great Horses I have Known," which retells some of the experiences and honors he

Sharon Gray

has encountered in his years with the Six White Horses.

The riders are chosen by try-out each fall and are required to maintain a high academic average. In addition to Miss Gray, riders include Suzanne Inman of Farwell, Beth Carpenter of Richardson, Susan Henry of Abilene, Anna Marie Warren of Abilene and Lesa Harrington of Colorado Springs.

Two banner bearers accompany the group. They are Becky Gray of Snyder and Carla McClatchey of Hawley.

Swimming pool tops city agenda

City councilmen will wrestle with the problem of the swimming pool at its meeting next Tuesday.

The State Health Department has requested that the swimming pool be equipped with a filtration system. City Administrator Robert Baker told councilmen at their Oct. 8 meeting that it would cost \$60,000 to \$75,000 to meet the state's requirement.

Since that time, at the request of Mayor Abe Turner, the administrator has been exploring ways in which the city may meet the state's requirement at a lesser cost.

AT MODERN WAY

Witches and clowns greeted customers at Modern Way Supermarket on Halloween day as employees dressed for the holiday. Among them were these employees. From left, they are Kenny White, Charlotte Parsons, Patsy Castleberry and Lila Myers.

BIRTHS

Mr. and Mrs. Randy Campbell of Odessa announce the birth of their daughter, Tiffany Nicole Campbell, born Sat., Nov. 2, 1985 at 10:49 a.m. weighing 9 lbs. 12 oz. and was 22 inches long. Grandparents are Weidon and Lois Hutchinson of Knox City, Nick Hibbitts of Abilene, Jeanette Campbell of Dallas and Billy Joe Campbell of Haskell. Great grandparents are Myrl Jones of Haskell, Roy

Whisenhunt of Texarkana, Thelma Hibbitts of Abilene, Opal Hutchinson of Knox City and Nanny and Papaw of Anson.

Mr. and Mrs. Reyes Perez Benavides of Haskell, announce the arrival of their son, Reyes Fuentes Benavides, born October 31, 1985 at Haskell Memorial Hospital.

Grimes-Van Story vows exchanged

Mollewon Mishael Grimes and Donald Ray Van Story were united in holy matrimony Saturday, November 2, at 3:00 in the East Side Baptist Church, Haskell. The bride is the daughter of Joan Lain of Richardson and Edwin Grey Grimes, Jr. of Garland. The groom's parents are Mr. and Mrs. Dolan Van Story of Brownwood. The bride's maternal grandparents are the late Fred Lain of Munday and Mrs. Fred Lain of Haskell. Her paternal grandparents are Mr. and Mrs. Edwin Grimes of Arlington. The groom's maternal grandparents are Mr. and Mrs. Ott Bray of Lake Stamford. Paternal grandparents are Mr. and Mrs. William C. Senior of Lubbock. The Rev. Darrell Feemster performed the double-ring ceremony. Pianist was Mrs. Teresa New who played traditional

wedding music and classical selections. During the ceremony, she accompanied the bride's mother Joan Lain, as she sang "A Long and Lasting Love". A recording of the bride and groom's song, "You're the Inspiration" by Chicago, was played during the ceremony. The altar was decorated with a candelabra accented with greenery and doves and baskets of flowers of the bride's chosen colors, red and gold, were standing by the candelabra. The bride wore a formal gown designed by Lizette Creations. Ivory satin, ruffles, brocade lace and tiny pearls gave the gown its air of exquisite elegance. Feminine organza pleated ruffles enhanced the open neckline and low back. Detailed Venice lace and an aspray of pearls covered the satin princess style bodice. Off the shoulder satin sleeves were bouffant puffs at the shoulders and fitted to the waist. The skirt was caught into soft scalloped drapes where pleated roses held the full skirt and a touch of lace continued the dramatic effect. Beneath the satin, ruffles upon ruffles of organza pleating completed the gown into a chapel length train. The bride selected a picture hat of identical ivory satin trimmed in accordion pleated ruffles, brocade lace and seed pearls with attached veil. The bridal bouquet, designed and made by her mother, was a cascade of ivory silk roses, accented with baby's breath, red, gold and ivory ribbons, lace, pearls and greenery against a background of softly gathered net and lace. Something new was the gown; something blue and borrowed, her mother's garter and sapphire earrings something old, her maternal great grandmother, Molly Shannon's wedding band; and she carried a handkerchiefs belonging to her grandmother Lain and great grandmother Gardner. A sixpence was placed in her shoe by her father. The groom, ring bearer and usher were attired in Dynasty midnight blue tuxedos (with tails) ivory colored shirts. Justin Grimes, brother of the bride, was ring bearer. Nicole Grimes, sister of the bride, was flower girl. She wore a long red chiffon dress with ruffles down the side and carried a flower basket designed by the bride's mother. Andrew Shamblin, brother of the bride, served as usher. Mother of the bride wore a long red dress of satin skirt and lace blouse. Mother of the groom wore a long red chiffon dress. The bride's mother hosted the reception in the fellowship hall. The table, centered with the bride's bouquet, was laid with an ivory lace tablecloth. The three-tiered wedding cake, made by the bride's cousin, Patti Lewis, was ivory adorned with red roses and bells. The top was crystal swans inside a crystal heart rim with bells. Serving the cake and punch were

Mrs. Donald Ray Van Story

Laura Tidwell and Gina Foster of Haskell. The bride is a 1983 graduate of Haskell High School. She went to Cisco Junior College where she was a Wrangler Belle and took classes at Western Texas College. The bridegroom a 1980 graduate of Haskell High, attended Texas State Technical Institute and is employed by Harmon Cable Communications of Stamford. After a wedding trip, Mr. and Mrs. Donald Van Story will reside at 104 South Ave. H in Haskell. Friends and relatives attending the wedding were from Richardson, Garland, Arlington, Abilene, Brownwood, Knox City, Seymour, Weinert and Munday.

Students take part in UIL conference

Twenty-two Haskell secondary students traveled to the University Interscholastic League's student activities conference Saturday at McMurry College.

Participants in junior high number sense were Tiffany Bradford, Corie Brozowski, Davis Chapman, Becky Cline, Kyle Darden, Amanda Diaz, Robin Harrell, Daniel Mauro, Pam McGhee, Missy Plemister and Wendi Watson.

Mrs. Bonnie Fouts, who sponsors the junior high number sense, also attended.

Mrs. Cathy Jones, advisor and Michael Rodriguez attended the meeting for high school spelling.

Prose and poetry participants were Cory Mills and Kevin Mitchell, while Kayce Nemir attended the reading/writing

conference.

Rachel Capetillo, Lance Hanson, Rebecca Holt, Tim Johnson, Tina Lacey, B.J. Mitchell, George Watson and Mrs. Jill Druessedow, advisor, attended for journalism.

Many of the sessions were led by state UIL department chairmen.

City officials attend conference

Four Haskell city officials attended the annual conference of the Texas Municipal League, held Thursday, Friday and Saturday in San Antonio.

Attending were Abe Turner, mayor; Robert Baker, city administrator; Dave Miller, director of public works, and Thomas Rodriguez, water superintendent.

Thomas M. Saali and Starla Ann McFadden

Couple reveals wedding plans

Arvil and Mary Ann McFadden have announced the engagement and approaching marriage of their

daughter, Starla Ann, to Thomas M. Saali.

Starla is a 1984 graduate of Haskell High School. She is currently completing her Associate of Arts degree in elementary education at Southwestern Assemblies of God College in Waxahachie.

Tom is a 1985 graduate of Southwestern Assemblies of God College where he completed his Bachelor of Science degree in Pastoral Ministry. He also is a licensed minister with the Assembly of God.

Starla and Tom plan to marry Jan. 11 at the First Assembly of God Church in Haskell. After marriage they plan to enter full time pastoral ministry.

City issues eight permits

The City of Haskell issued eight building permits during the month of October.

They included:

Jim Brock, \$500 for a storage building at 1203 North Ave. G.

Christene Greene, \$300 for a carport at 208 North Ave. E.

Christene Greene for a storage building at 208 North Ave. E.

Alva Camp, \$300, for a storage building at 402 South Ave. F.

Billy Pittman, \$15,000, for a residence at 405 South Ave. G.

Ray Norvill, \$200, for a storage building at 206 South Ave. L.

Billy Parrott, \$60,000, for a residence at Tandy and Pinkerton.

Claude Payne, \$5,000, for a business building at 205 North 1st.

Flores transfers to Jayton following three very successful years as County Extension Agent-Agriculture (assistant) in Fisher County

Beta Chi members discuss organization

Members of Beta Chi Chapter of Delta Kappa Gamma Society International met in regular session Monday at the Philadelphia Club in Rule.

Cathy Bartley, program chairman, introduced the program entitled, "Orientation and Reorientation of Beta Chi Chapter of Delta Kappa Gamma Society International."

Jill Druessedow paid tribute to Dr. Annie Webb Blanton, founder of Delta Kappa Gamma. She accomplished the task of uniting women educators. Twelve members grew to thousands and a chapter in one state grew to chapters in 49 states.

Erma Liles explained the various rules which govern Beta Chi. There is the International Delta Kappa Gamma constitution, then the state by-laws and finally a book of chapter rules.

Christie Stapleton explained the yearbook which keeps members aware of the programs, committees and current members. The programs must follow a theme sent by the state.

La Rue Reeves showed the four scrapbooks kept by the presidents. Erma Liles is credited with completion of three of these books. She took books of Beta Chi momentos and organized them in to three of the scrapbooks, beginning with the organization of Beta Chi in 1936. These books go from 1936-54, 1954-72 and 1982 to the present. These books give a wonderful account of Beta Chi's history.

Betty Sanders gave the members a test on ceremonies. Delta Kappa Gamma has a new ceremonies book this year. This book covers all types of ceremonies from initiation of new members, installation of officers, tributes to founders and many more.

Carol Dickson gave qualifications to be presented for active membership.

Vida White described the various scholarships available to outstanding women educators pursuing higher learning.

Mary Swyers explained the key pin and Linda Chapman told of the origin of the Delta Kappa Gamma song. She then led the members in singing the song, accompanied by Ellen Rieger.

Dorothy Myers reported the December meeting date has been changed to Dec. 8 in Munday.

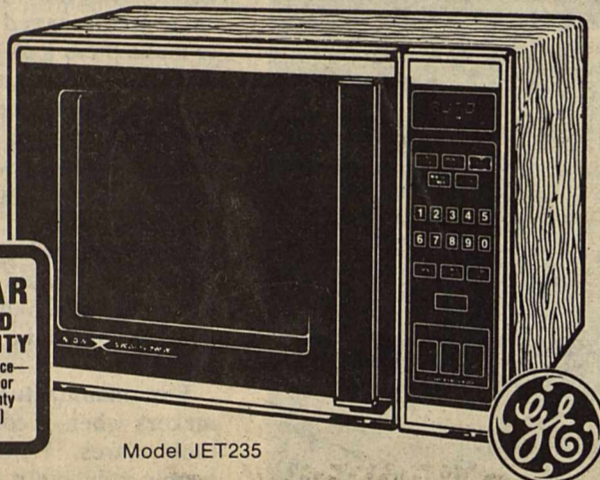

During the business meeting, La Rue Reeves read correspondence from a past state president and Carol Dickson read correspondence concerning membership.

Ima Palmer requested resignation of membership due to her inability to attend meetings. Members voted to honor her request with regret.

Alice Partridge requested reactivation of her membership since she has moved back to Munday. Members voted to reinstate her membership.

La Rue Reeves presented a medal of honor to Dorothy Myers, the President's pin.

Commentary

Call it 'Spirit'

There may be several reasons why Haskell is a livelier town than most of those of comparable size, but the big one has to be because of its spirit.

No proud resident of any community is going to say his town lacks spirit, but when it comes to putting his finger on specific examples, he may come up wanting.

Not so in Haskell.

And we're not just talking about the hundreds of local football fans who screamed and yelled and otherwise egged on a winless team to its first victory a couple of weeks ago, although that display of spirit is not to go unnoticed.

We're also talking about:

•The 500 people who showed up for the Chamber of Commerce's dinner theater Oct. 19, and the 16 cast members who gave countless hours of their time to put it on.

•Members of the Haskell Fire Department's Ladies Auxiliary who sponsored the Halloween carnival, the other organizations which pitched in to make it a huge success

and the individuals who offered their services.

•The merchants who let the kids paint their windows for the Halloween celebration.

•The many contributors to various Civic Center fund appeals, the latest being for money to pay for the tables and chairs; and those who threw in their support to build the new livestock building.

•The Lions, Kiwanians and the Rotarians for giving money to buy the mannequins to that better CPR classes may be given, and the volunteers who conduct these important classes.

•The dozens who took part in the turkey walk Saturday for the benefit of the Heart Fund, receiving in return the gifts of fellowship and a strengthening of the bonds of unity among neighbors which knit this community together.

We could go on and on. But these examples make the point. We're livelier because we have livelier people, obsessed with an ever-burning spirit which challenges one and all to be a part of that spirit.

—Out of the Past—

Marketing measures confusing

By Wendell Faught

A reader—who requests anonymity—says he's all for returning to the simplification of the English language, but he thinks something needs to be said about the new lingo being used in measurements.

He says he used to buy a half-gallon of bourbon, but now he has to settle for 1.75 liters, considerable less merchandise at the old familiar price.

Manufacturers are taking advantage of the public's ignorance of the metric system, camouflaging a price increase by decreasing the amount of goods, says my informant.

And that's not all. The packaging can also be deceiving.

It was no challenge for a bottle designer to come up with a 1.75-liter container which looks just as big, maybe bigger, than the half-gallon size.

"Everyone knows that a quart of whiskey contains the same amount of liquid as a quart of milk," says he. "But in appearance, the whiskey bottle can be two or three times larger."

It's just an old trick of marketing ingenuity. Many products we buy today are packaged in such a way as to make them look like the package contains more than it does.

It's apparently no trick for a meat processor to turn out a 12-ounce package of bacon which looks every bit as large as the standard one-pound size.

Store-bought ice cream is sold in volume, not liquid, measure. Take the air out of a half-gallon of it and you can put it in a much smaller carton.

Box manufacturers rival bottle makers when it comes to peddling their wares. Whereas the bottle people rely on a distorted visual concept which makes the bottle appear larger than it is, the boxers are often more straight forward.

No play rule

Editor: Now that the first public school grading period is over and Texans are assessing the value of the new "pass-play" rule, I would like to take this opportunity to stress the gains we are making in the classroom.

Approximately 85 percent of varsity athletes statewide passed all their courses, while the overall pass rate was considerably lower. What this means is that our athletes are winning on and off the playing

Late paper

Editor: I enjoy the Haskell paper, but not when I don't get it until the next Tuesday or Wednesday.

There have been only a few times I have gotten the paper on even Friday. Sometimes I get it on Saturday.

I hope you can do something

A Land Bank loan... for more than just buying land

Many people think of the Federal Land Bank only when buying land. Truth is, there are many other ways to use long-term Land Bank loans.

You can:

- ✓ Refinance debts
- ✓ Improve land
- ✓ Build or remodel

Long-term Land Bank loans keep payments manageable so that these and other farm needs can be handled more easily. So stop by and see how the Land Bank can help.

TEXAS TRAILS

LONE STAR STATE HISTORY by DAN BROWN

LITTLE RAILROAD...

In the 1860's Brownsville was a land-locked city. Brownsville got its start with the establishment of Fort Brown in 1846. All supplies were brought in from Port Isabel by wagons. During the Civil War a railroad was built to speed up delivery. It was called the "Little Railroad" because its locomotives were slightly larger than a regular size and it ran on narrow gauge.

Marketing measures confusing

From Page 4

They just put out a box which is too big for its contents and then print a disclaimer saying if the box isn't full when purchased, it is due to "settling" in shipping and handling.

This "settling" is eating the cereal maker alive, forcing him to buy bigger boxes and pay higher shipping costs which are passed on to you-know-who. If one of them would just wise up and set up a "pre-shrinking department" so he can do all the "settling" before shipment he would save everybody a bundle.

Some goods are priced in such a way as to make the price appear lower than it is. A sign advertising gasoline at 119.9 per gallon is more attractive to a consumer than one that reads 120. It is lower, of course, but the difference is negligible. It's a new twist to the age-old custom of merchandising items at \$2.49, \$3.49, \$2.98, \$3.98, etc.

There's something to be said for candy bar makers. When the nickel candy bar went to a dime and then kept on going beyond, they at least increased the size of the bar. And chewing gum companies increased the number of sticks, as well as the package size—and the price.

Ever wonder how the government comes up with all those figures revealing what you earn, what you spend, etc.? It's another numbers game.

Averages, the medium so many government agencies accept as gospel truth, can be absolutely meaningless.

You can put nine penniless bums in a group with a person who earns \$1 million a year and the average net worth of the group is \$100,000.

By the same reasoning, you can put one foot in a bucket of ice water and the other in a bucket of hot coals, and you will be, on the average, quite comfortable.

Letters

From Page 4

field. Why is their percentage pass

rate higher than the average? Because the coaches, whose own performance is evaluated each week when their teams compete, worked with their players in tutorials and helped them make the grade. My office advocated this kind of teamwork in a "play book" mailed each Texas coach, and I think we have found a winning formula that produces results.

As parents, teachers, coaches and students, we can improve the pass rate during the second grading period if we extend the same attention and "scholastic coaching" given our varsity athletes to every child experiencing difficulty in the classroom.

Discovering this key to academic achievement is no less significant to Texans than the discovery of the Spindletop oil gusher. Educated minds are the "oil and gas" of Texas' future, and we must work harder—and encourage our young people to work harder—to better prepare for the challenging jobs of the future. The real issue for our children and grandchildren is not going to be "no pass-no play." The real issue is going to be "no learn-no earn."

This is no time to retreat from education reform. It took courage to raise the standards, and it's going to take courage to stick to them. I think the vast majority of Texans want this state to have the best schools, and I remain committed to seeing Texas achieve that goal.

Mark White
Governor of Texas

Speakers named for ag symposium

Leading livestock authorities of the state and nation will be featured speakers for the Animal Agriculture Symposium Nov. 13 at Texas A&M University.

Titled "100 Years of Animal Agriculture: The Past 50 Years--The Next 50 Years," the program will honor Dr. O.D. Butler, longtime livestock industry leader and since 1980 the associate deputy chancellor for agriculture with the Texas A&M University System. Butler will complete 50 years of service to the people of Texas next January and has announced plans to retire.

AT PAINT CREEK

An attentive audience takes in the business reports as alumni of Paint Creek School gathered Saturday during the homecoming.

Sagerton Community News

The Sagerton United Methodist Church held their monthly family night supper Wednesday evening, October 30, at the church.

Following the meal, District Superintendent Carlton Thomson of Seymour, held the devotional and then conducted the church's annual conference.

After conference a surprise birthday cake was brought out for Bro. Tommy Wilson, pastor of the Sagerton and Rule United Methodist Churches, whose birthday was October 31. As

another surprise, an anniversary cake was brought out in honor of Tommy and Evagene Wilson's 35th wedding anniversary November 1.

Several guests from the Rule United Methodist Church attended the birthday party, and also Ophelia Gibson of Stamford, Mr. and Mrs. J.B. Toney of Sagerton, the Wilson's little granddaughter, Jennifer, of Lubbock, and Mrs. Carlton Thomson of Seymour.

Weekend visitors in the home of Mr. and Mrs. Sam Neinst were Mary's brother and sister-in-law Dr. and Mrs. Kermit Brown of Tulsa, Oklahoma. Kermit teaches in the University, there also Kenneth Neinst of Emory and Gary Bowman of Pittsburg came quail hunting over the weekend.

The Browns and Neinsts attended the Paint Creek Homecoming Saturday Nov. 2nd where Mary and her brother both finished high school.

Saturday night visitors were Mr. and Mrs. Wilmer Bunkley of Abilene.

Sunday afternoon Sam and Mary went to see their grandson Daryl play soccer ball. They won second place. They also visited with Mr. and Mrs. Roy McEven, Doug and Dustin.

Mr. and Mrs. Jimmy Teichelman, Chad and Greg had lunch in the home of Mr. and Mrs. Herbert Teichelman Sunday.

Mrs. James Billner came home from the hospital last week.

Mrs. John L. Brooks and Mrs. Clota Engleman of Spur went to Abilene Thursday for Mrs. Engleman's check up with her doctor.

Mr. and Mrs. Delbert LeFevre had their new granddaughter over night while the mother Mrs. Jill Brown was in Lubbock with her school children.

Mr. and Mrs. Delbert LeFevre had lunch in the home of Mr. and Mrs. Kent Brown and the granddaughter Kinsey.

Mr. Clarence Stegemoeller, Erna and Walter Schaae played pinocle in the home of Mrs. Lena Schaae Tuesday night.

The third annual Sagerton Bazaar sponsored by the Sagerton Hobby Club held Saturday, was a big success. There were ten booths at the bazaar with a wide variety of crafts and baked goods. The club wishes to thank all of the participants and also all the people who came to the bazaar. Mrs. Vernon Mahler of Rule was the winner of the quilt, made by the club.

Mrs. Rene Toney of Abilene, Bruce Toney of Snyder and Mr. and Mrs. Arthur Knipping were

dinner guests of Mr. and Mrs. J.B. Toney Sunday.

Mr. and Mrs. Melvin Baitz and Mr. and Mrs. Kenneth Hertel of Hamlin went to San Angelo over the weekend.

Tom Bivins and his friend from Denton spent the weekend in the home of Mr. and Mrs. Joe Clark.

Mr. and Mrs. Arthur Knipping, Mrs. Adela Niedieck, Mr. and Mrs. Leonard Kieke played 84 in the home of Mr. Herbert Rinn in Rule. one night last week.

The Old Glory Sons of Hermann Lodge had the annual Thanksgiving supper with a nice crowd of people there. Everyone enjoyed the meal very much.

Educational innovator to speak

Bill Martin, Jr., considered one of the most creative educational innovators of our time, will be the guest speaker for the Key City Reading Conference at the Mabee Room of the United Methodist Student Center at McMurry College. The conference will be held from 4 p.m. to 8:30 p.m. Friday, Nov. 15, and from 8 a.m. to 12:30 p.m. Saturday, Nov. 16.

Sponsored by McMurry's Dept. of Education, Abilene Christian University's Dept. of Reading Education, Hardin-Simmons University's Dept. of Reading Education, the Abilene Independent School District Dept. of Reading and Region XIV Education Service Center, the conference will offer teachers a one-day professional growth credit or six hours of advanced academic credit. Pre-registration and registration at the door will cost \$12.

Martin will speak from 7 p.m. to 8:30 p.m. Friday and from 9 a.m. to 10:15 a.m. Saturday.

Martin's philosophy pinpoints language as the most important tool for carving out human destiny, and therefore places the school in the responsible position of helping all children develop a practical repertoire of human-centered language skills.

Toll-free number for boating info

A nationwide toll-free telephone number has been established to provide the nation's 12 million boat owners with instant access to information on boating courses.

Operated by the nonprofit BOAT/US Foundation, the number 1-800-336-BOAT will help boaters locate boating safety courses

THE \$64,000 QUESTION!

You've decided to buy a house in the \$62,000 - \$65,000 range. You'd like a two-story colonial with about 2,000 square feet, a fireplace, four bedrooms, a double garage and a basement. After looking at available homes you find there are two homes, almost identical in size and features, which would meet your needs. Both are priced at \$64,000.

BUT, there is one difference in the two homes. The first is located in "Thousand Oaks", a neighborhood of mostly ranch-style homes, ranging in size from 1,600 up to a maximum of 2,000 square feet. Most have either single garages or double carports, and the majority only have three bedrooms. There are few homes with basements in the area. Prices in "Thousand Oaks" range from \$52,000 to a high of \$85,000.

The second home is in Waverly Hills, a sprawling subdivision with many large two-story homes ranging in size from 2,000 to 4,000 square feet. All have four or more bedrooms, double garages and fireplaces. Most of the homes have many more amenities than the house you've chosen. Prices range from \$62,000 upwards to \$93,000.

Which home would you buy? And why? Here's a hint: The first home is the largest in the neighborhood, and the second one is the smallest. There is a significant lesson to be learned in this example. Next week's column will explain the lesson.

Sports

Win or tie at Anson will do it

Haskell shoots for berth in state playoffs

Haskell can wrap a silver lining around a football season which began so disastorously with a win over the Anson Tigers at Anson Friday night.

By winning, or even tying, the Indians can assure themselves of second place in district 6-AA and qualify to meet Shallowater next week in the first round of the state playoffs.

The Indians will be going after their fourth consecutive district victory as they seek to extend a

string started after losing to Hamlin in the first 6-AA contest. Rotan, Stamford and Hawley fell to the Indians on successive Friday nights after the Indians turned around a season which had begun with six straight losses.

Anson will prove a formidable foe for Haskell and the Tigers will have just as much incentive going for them as will the Indians. The Tigers can tie Haskell for second place and be in the running for the same playoff spot with a victory over the

Indians.

The Tigers, who Haskell coach Harold Hill picked in the pre-season as the best in the district, have a wealth of good material. Their 2-2 district record and 4-4-1 season mark is a bit spotty in that they have looked both good and bad during the season.

They warmed up for the Haskell showdown last Friday with a smashing 50-14 defeat of Rotan, the same Rotan team which the Indians defeated 26-7 on the strength of

three last-quarter touchdowns.

The week before that, Anson lost to unbeaten Hamlin 41-0, the same team which clobbered Haskell 47-0 before the Indians found their winning ways.

Against Rotan last week, the Tigers scored seven touchdowns, by seven different players, as they rolled up more than 400 yards on the ground.

Able Garcia had a 50-yard touchdown scamper, Eddie Villanueva clicked off a 22-yard

scoring run and Junior Garcia raced 20 yards for a score. Chris Woodard, Tracy Ward and Luke Torres also ran for touchdowns and a pass from Michael Tolleson to Lee May accounted for another. George Ramos booted an 18-yard field goal and kicked four extra points as Anson had everything going its way.

In winning its last three, Haskell also has been racking up some touchdowns from long range. In fact, all nine Indian touchdowns in

those three games have been scored from at least 25 yards out.

Like Anson, Haskell's scoring has been spread around. Mark Young got three of those nine touchdowns, one in each game, and Stephon Brockington had two. The other five have been scored by five different Indians, including a guard and a defensive back.

Haskell's defense, led by Sammy Baker, Kendall Larned and Andy Griffith, has made the difference in all Indian victories.

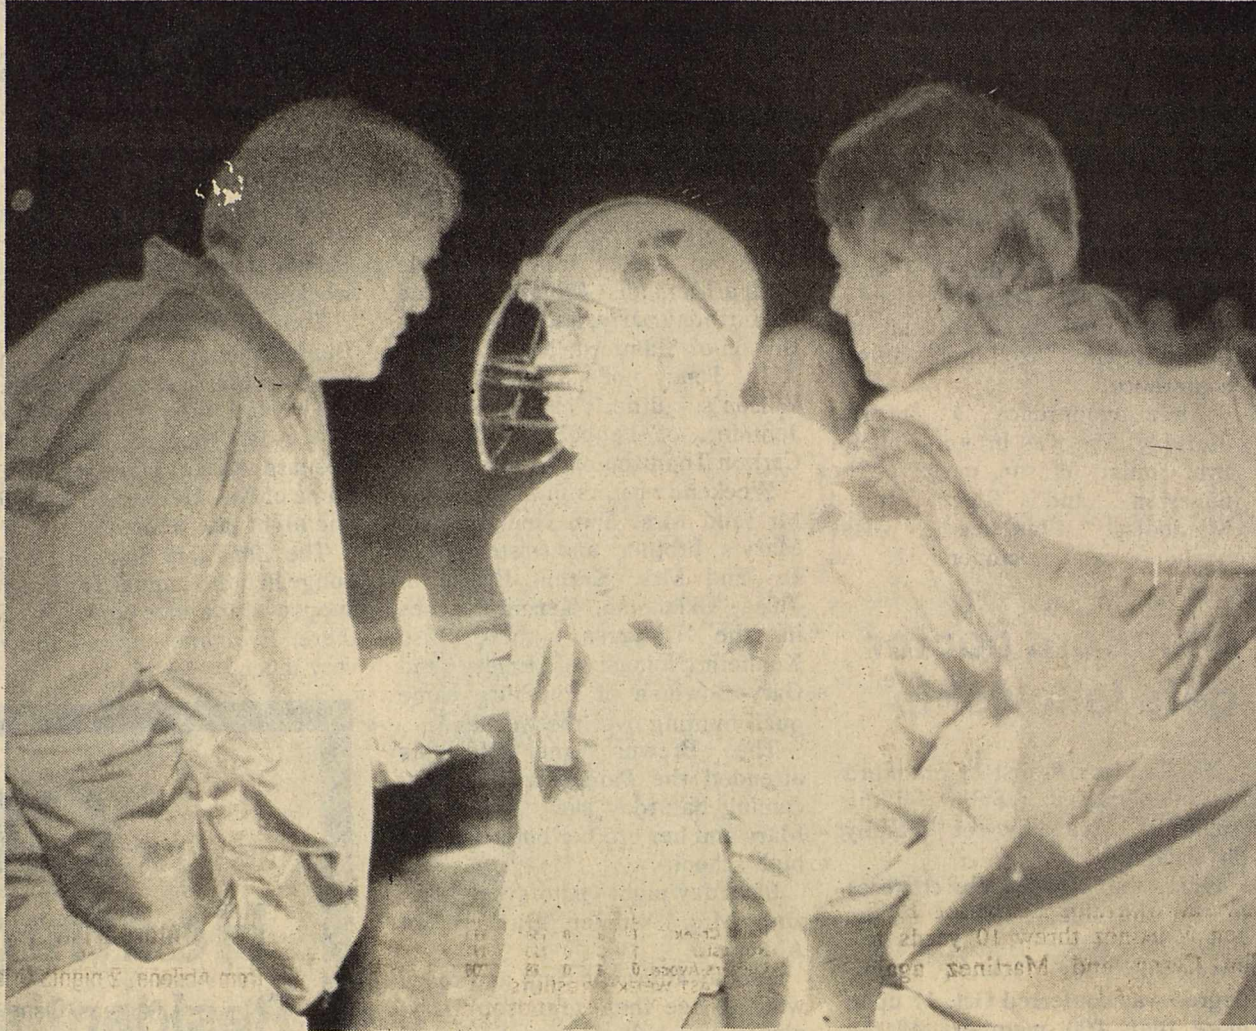

Rochester wins over Paint Creek

The Rochester Steers got four touchdowns from Scott O'Neal and three each from Larry Reed and John Wyatt to post a 60-38 victory over the Paint Creek Pirates Saturday night.

O'Neal ran for 12, 3, 10 and 1 yards for his touchdowns, while Reed ran for 20 and 11 yards, and caught a 50-yard scoring pass from Paul Ortiz. Wyatt ran 4 and 7 yards, then caught an 8-yard pass from Larry King for his scores.

Michael Gonzales ran 12, 5 and 9 yards for Paint Creek touchdowns. Keith Medford also threw touchdown passes of 40 and 28 yards to Derrick. Kenneth Jeffcoat ran 3 yards for the other score.

Both teams are now 1-3 in district play. Rochester is 6-3 overall and Paint Creek is 3-6.

GETS INSTRUCTIONS

Indian quarterback Felipe Arredondo gets instructions from Coach Harold Hill during the Haskell-Hawley game Friday night. At right is Coach Jim Lisle.

Indians defeat Hawley, 20-13

Haskell pulled out a 20-13 victory over the Hawley Bearcats Friday night to assure itself at least a share of second place in the final district 6-AA standings.

In winning their third consecutive district game, the Indians used the big-play offense, which produced two touchdowns, and a big-play defense, which produced the other.

Kendall Larned put the Indians out front less than two minutes deep in the second period when he raced 73 yards for a touchdown. A minute and a half later, Freddy Shaw stretched the margin to 13-0 by picking a Hawley fumble out of mid-air and racing 40 yards for a score.

After Hawley answered with two quick scores before halftime to knot the count at 13-all, the Indians came back to put up the winning score on a 26-yard pass from Felipe Arredondo to Mark Young. Joel Torres booted two of three extra point attempts.

It was a tough physical game for the Indians, who found themselves on the defensive through most of the first half. Whereas the Indians struck quickly for their three scores, the Bearcats used long, time-consuming drives to maintain ball possession throughout much of the game, especially in the first half.

Haskell's defensive unit gave up considerable yardage, but several times it rose up to put out the lights when things got really rough.

Haskell took over first on its own 31 following the opening kickoff and marched to the Hawley 29. After a 4-yard loss moved the Indians back to the 29, the Bearcats' Kevin Sullivan intercepted a Haskell pass at the 5.

It was to be the last time the Indians would have the ball until the second quarter. With Sullivan and Wesley Greenway carrying the load, the Bearcats moved from their own 5 to a first down at the Indian 3. Here, the Indian defense got a

stiff test, and passed the exam with flying colors.

Quarterback Jake Womack was dropped for a 2-yard loss back to the 5. A 5-yard penalty moved the ball to the 10. Patrick Perez sacked Womack for a 5-yard loss at the 15. After Womack's third-down pass fell incomplete, Shaw broke through to block the Bearcats' field goal attempt and the Indians recovered on the 30. The Bearcats had run 17 offensive plays in their first possession which had extended into the second period.

Young picked up 3 yards and then Larned broke his 73-yarder. Torres' kick made it 7-0 with 10:17 to go in the quarter.

Greenway returned the ensuing kickoff from the 20 to the 27. Sullivan picked up 3 yards and Womack made 7. But on the next play, the ball popped from the hands of the Bearcat quarterback and straight into the hands of Shaw who ran unmolested for the Indians' second score.

Things looked pretty bright for the Indians at this point. With a 13-0 lead at the 8:47 mark, the momentum of the game appeared to be definitely in their favor.

But the Bearcats had other ideas. They took over on their own 21 following the kickoff. Although Womack was dropped for a yard loss by Larned and Andy Griffith sacked him for a 10-yard loss, the Bearcats used a 20-yard pass from Womack to Cliff Bristow and a 23-yard run by Sullivan to power them to the Indian 37. From this point, Greenway broke a touchdown run and Womack booted the bonus point to narrow the gap to 13-7. Five minutes remained in the half.

Haskell failed to move after taking over after the kickoff and Torres punted dead on the Bearcat 14. It took Hawley just six plays to score. A 15-yard run by Womack and a 28-yard pass from Womack to

See Page 7

Weinert girls in bi-district

The Weinert Lady Bulldogs enter bi-district volleyball play Thursday (Nov. 7) at Holliday.

Competition begins at 6:30 with Chillicothe, winner of district 9, facing Bryson, runnerup of district 10. At 7:30, Weinert, runnerup in district 9, challenges district 10 winner Windthorst.

Admission to both games will be \$2 for adults and \$1 for students. Weinert fans are asked to support their girls by going to Holliday and seeing some powerful volleyball action.

Winners will advance to area play on Nov. 11-12. A regional tournament will be Nov. 16 at Tarleton State University in Stephenville.

Weinert bubble bursts

By Stacy Hester

The Weinert Bulldogs lost their first game of the year Friday night. The loss came at the hands of the 1984 state champion Jayton Jaybirds by the score of 78-30.

Coming into the game Jayton had only allowed its opponents a total of 33 points, and Weinert scored 30 points. Weinert had only allowed its

opponents a total of 80 points, and Jayton scored 78.

Weinert stayed close to the Jaybirds until the second half when the Jaybirds broke loose. At halftime it was Jayton 36, Weinert 22.

Jayton got the first two scores of the game. Trey Richey scored both of these on runs of 51 and 7 yards. Ricky Martinez was successful one point after and the other was blocked by the Bulldogs. This left Jayton with an early 14-0 lead which it never lost.

Weinert then scored on a 12-yard pass from Shannon Forehand to Ricky Perez for its first score. The PAT was missed.

Then Richard Boswell ran 38 yards for a touchdown. Martinez kicked the PAT, bringing the score to 22-6 in favor of the Jaybirds.

Forehand connected with Ricky Perez again for a 38-yard touchdown play. Kevin White kicked the PAT to put Weinert closer to the Jaybirds by a score of 22-14.

Richey then scored again for Jayton, this time going 60 yards. Martinez kicked the PAT.

Forehand and Richey Perez connected again for the third straight reception, this time on a 40-yard pass play. White kicked the PAT. Then Jayton scored one more time before half when Boswell ran one yard. The PAT was no good, leaving the halftime score 36-22.

After the half, Jayton came back and stunned the Bulldogs with three straight touchdowns. The first came off an 8-yard run by Richey. The second score was off a 12-yard pass from Martinez to Patrick

Indians beat Hawley

From Page 6

Trent Spencer ate up most of the yardage as Hawley moved to the 22.

Then, Womack found Oscar Roa in the end zone and threw him a perfect strike. The extra point

attempt was foiled when the holder could not handle the snap so the score remained tied at 13-13 just 32 seconds before intermission.

The Indians stopped the Bearcats on their first second-half possession, but had to punt the ball back to their hosts when they could not move. Three plays later, Larned pounced on a Bearcat fumble and the Indians were in business at the Hawley 41.

Despite a 15-yard penalty and another penalty which wiped out a 17-yard pass completion from Young to Derrick Billington, the Indians moved on for the winning touchdown. It came at the 0:50 mark on a 26-yard pass from Arredondo to Young who came down with the catch in the end zone after the ball first appeared to have been intercepted.

Hawley was to have three more possessions to overcome the Haskell margin, but the Bearcats came away empty handed each time. Womack was sacked on a third-down play at the Haskell 28 and the Bearcats had to kick. On their next possession, after two consecutive pass completions had moved Hawley from its own 27 to the Indian 44, Young intercepted a Womack pass at the 32.

On the final Hawley possession, begun at its own 34, Griffith and Sam Baker sacked Womack for an 8-yard loss at the 26. After an incomplete pass, Griffith again sacked the Hawley quarterback as time ran out.

Passes intercepted: Haskell, Young, Hawley, Sullivan. Fumbles recovered: Haskell, Shaw, Larned, Griffith.

WINNING TOUCHDOWN

Haskell's Mark Young comes down with this touchdown pass after it appeared to have been intercepted. The 26-yard pass was thrown by quarterback Felipe Arredondo and turned out to be the winning score as the Indians bested Hawley 20-13.

Weinert

From Page 6

Hamilton. The third score was a 28-yard touchdown run by Boswell. Martinez was successful on one of the PATs.

Weinert's last score came off a 49-yard run by Forehand. White's PAT was successful, making the score Jayton 56, Weinert 30.

Richey scored again on a 7-yard run and Martinez kicked the PAT. Then Martinez threw 10 yards to Tim Carey and Martinez again added the PAT.

The last score was a 17-yard run by Richey which left the score at 78-30. The game was called with less than two minutes left.

Weinert is now 3-1 in district and Jayton is 4-0.

Weinert will play Paint Creek at 7:30 this Friday in its last district contest.

TAX PLANNING

Written By James E. Rodgers, CPA

TAX BITS AND PIECES

These items may be of interest to you as 1985 tax return filing time approaches.

1. The standard mileage deduction for business use of an automobile has just been increased by the IRS. For 1984 it was 20.5 cents per mile for the first 15,000 business miles driven. For 1985, it will be 21 cents a mile. The standard rate for business miles in excess of fifteen thousand will remain at 11 cents a mile. The deductible standard rate for using your car for charitable activities increases from 9 cents to 12 cents a mile for 1985.

2. If you have overdue government loans, any 1985 federal income tax refund you are due may be held back to cover the loan payments. This new program is part of a two-year test to have the IRS collect non-tax federal debts by withholding income tax refunds.

3. Effective January 1st, 1986, the interest rate that the IRS charges on overdue taxes and pays on overdue refunds will drop from 11% to 10%.

4. Though the business equipment recordkeeping rules were eased in 1985, taxpayers will still be required to provide information on their 1985 tax returns that they have not been asked before. This information for automobiles includes:

- the total number of miles driven during the year
- the percentage of personal use claimed
- whether the vehicle was used for commuting or not and, if it was, the commuting distance
- whether the vehicle was available for personal use in off-duty hours
- whether another vehicle was available for personal use.

f. whether adequate records or sufficient evidence exists to justify the deductions, and whether or not such evidence is written.

Sidelines

Perhaps Haskell has faced better individual backs than the Hawley trio of Kevin Sullivan, Wesley Greenway and Jake Womack, but it's doubtful that the Indians have gone up against a better backfield.

At 170, 175 and 180 pounds, respectively, they moved the ball about as well as anyone has against the Indians.

Even though the Bearcats were able to move well in the first half, the Indians could get tough when it counted. They held the Bearcats without a score after Hawley had marched 92 yards for a first down at the Haskell 3.

Especially sparkling for Haskell's defensive unit was its pass rush. Womack wound up with a respectable statistics of 8 completions in 15 attempts, but what the stats don't say is the number of times he couldn't get passes away.

Exactly 11 times, the Bearcat quarterback was sacked, or otherwise dropped for a loss. He had runs of 20, 15, 7 and 4 yards, but still wound up with a minus-5 yards to show for 16 carries.

Defensive standouts were Kendall Larned and Andy Griffith who were mainly responsible for the woes of the Bearcat quarterback. Each also recovered a fumble, as did Freddy Shaw who took his recovery in for a touchdown shortly after blocking a Hawley field goal attempt.

Sammy Baker was quite noticeable, as he always is, although the Hawley backs did not run at him all night. He still got in on a number of tackles.

A considerable delay developed late in the third quarter after a couple of flags brought about a huddle of the officials and then an explanation to the two benches.

Mark Young passed 17 yards to freshman Derrick Billington, but two flags went down on the play. The Indians had an illegal receiver downfield and the Bearcats were whistled down on a personal foul (spearing). Since the Hawley infraction was a dead-ball foul, having occurred after the play was over, both penalties were stepped off, 10 yards against Haskell and then 15 yards against Hawley. The Bearcat foul also brought an automatic first down.

The people of Anson won't be the only ones pulling for the Tigers to beat the Indians Friday night. Stamford fans will be just as anxious for an Anson victory. That is the only way Stamford can get into the playoffs, and then only if the Bulldogs defeat Hawley and are lucky enough to win the coin flip between themselves, Haskell and Anson.

When Stamford's Timmy Delce ran 10 yards for a touchdown late in the Hamlin game Friday, it was the first time Hamlin had yielded a point to a district opponent.

If...

If Haskell beats—or ties—Anson Friday night, the Indians will finish in second place in district 6-AA and will earn a playoff spot.

The playoff game will be played next weekend against Shallowater at a site to be determined.

If Anson beats Haskell and Stamford beats Hawley, it will leave a three-way tie for second place between Haskell, Anson and Stamford. The playoff representative would then be determined by coin flip.

If Anson beats Haskell and Hawley beats Stamford, there will be a tie for second between Anson and Haskell. In that event, Anson would get the playoff berth by virtue of winning the head-to-head meeting between the two teams.

Unbeaten Hamlin will represent district 6-AA as champion, regardless of the outcome of its game this week with Rotan. In the unlikely event that Hamlin loses to Rotan, then Haskell could tie the Pied Pipers for first place with a victory over Anson. But Hamlin would still get the crown by virtue of its earlier win over Haskell.

Hamlin will play Morton in its first playoff game. Morton is the second-place team in the district won by Shallowater.

So, going into the final games of the season, four of the district's six teams still entertain playoff hopes. Only Rotan and Hawley are eliminated.

Haskell opponents enjoy big weekend

Five of the six teams which have beaten Haskell this season went on rampages last Friday, while the sixth suffered a narrow loss.

Electra (9-0), the state's top-ranked team in 2A, crushed Nocona 62-6. Munday (9-0), ranked first in the state in 1A, buried Archer City

60-0. Quanah (7-2) clobbered Shamrock 46-7 and Seymour ran over Jacksboro 55-15. The other winner, district 6-AA rival Hamlin (9-0), beat Stamford 31-6.

Only 3A Iowa Park (7-3) failed to win. The Hawks lost a close one to Springtown 16-13, when Springtown scored a touchdown at the end of the game after Iowa Park had given up an intentional safety to preserve what appeared to be an Iowa Park victory.

Want to buy? sell? results? Wand ads will work for you.

VOLLEYBALL
Darla Griffiths, a senior, is one of the players who will lead the Weinert Lady Bulldogs into bi-district play at Holliday tonight.

Warriors tie with Hawley

By Lance Hanson

The seventh- and eighth-grade Warriors combined together to face the Hawley Bearcats, but could only muster a 6-6 tie.

"The boys played as well as could be expected, because it was hard to get up for a game like this," Coach Jim Bob Mickler said.

The Warriors' only score came with 12 seconds left in the game when Rodney Johnson took the ball 10 yards for a touchdown. Jay Scott Miller attempted the point after, but the snap was bad.

The two teams will combine again this week to face the Anson Tigers at 5:30 p.m. Thursday in Indian Stadium.

JVs to host Anson today

By Kelly Strickland

The JV Indians host the JV Anson Tigers tonight (Thursday) at 7:30 in their last game of the season.

Haskell last week was unable to play Hawley's JV because of the high injury list from Hawley's previous game.

The record for the JV team this year is 1-3, going into tonight's game.

Many of the JV players have divided their time between the varsity and junior varsity. This type of experience should give depth to next year's varsity Indians.

WHAT YOU DON'T KNOW ABOUT HEAT PUMPS...

COULD COST YOU MONEY!

An Electric Heat Pump & The Energy Saving Plan Will Help You Save Money in These Ways:

1 The electric heat pump is the most efficient system for heating and cooling a home, and can offer you years of energy savings. A heat pump can actually produce more than 2 units of heat for every unit of electricity used in a properly insulated home.

An electric heat pump, along with the other energy efficiency measures outlined in the Energy Saving Plan, can save you thousands of dollars in energy bills over the life of your home.

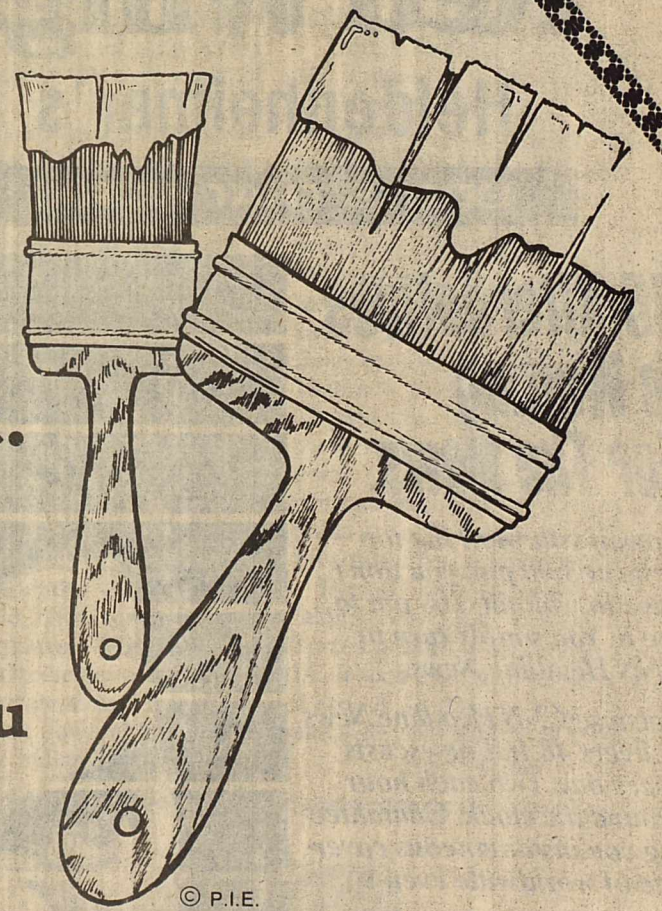

2 You can get a \$110 per ton cash bonus for installing a central system heat pump in your home through the Energy Saving Plan. Your home must meet all the E.S.P. requirements and be served by WTU to qualify for the bonus program. Also, be sure to ask about WTU's incentive plan for installing a heat pump window unit.

For more information on the electric heat pump and the Energy Saving Plan, contact your local West Texas Utilities office today.

Remember REDDY Supplies the energy—
but only YOU can use it wisely!

Paint it.
Repair it.
Build it.
Remodel it.

We'll help you pay for it.

If it's time for you to brush up on your homework, see us about a loan to cover home improvement costs.

We'll show you how to spread out the monthly payments to best suit your needs so you can afford that much needed project. Stop in today.

ROCHESTER CHEERLEADERS

Rochester High School cheerleaders this year are, from left, Traci Fry, Mary Cardoza, Michelle Scoggins, Patricia Andrada and Beth Clevenger.

Cable company to offer free service Nov. 11-24

Harmon Cable Communications has announced a 14-day free preview of its Cable Plus entertainment service scheduled for Nov. 11-24. The company will preview each of the four channels making up the Cable Plus service for two to five days each on Cable Channel 7. Headline News, a 24-hour all-news cable channel, will preview Nov. 11 and 12. The Nashville Network, an all country variety

cable network, will preview next, Nov. 13, 14, 15, 16 and 17. MTV, featuring 24 hours daily of rock music videos, will preview Nov. 18 and 19. Nickelodeon, a 24-hour family-oriented network featuring PTA recommended children's programming during the day and family oriented Nick-At-Night programming in the evening, will preview Nov. 20, 21, 22, 23 and 24.

"Our Cable Plus entertainment package offers our subscribers an additional option to basic cable only," stated Gigi Barnett, Harmon Cable's system manager. "Cable Plus subscribers receive four very different and equally popular cable channels to select from," Gigi continued. "Not everyone who subscribes to Cable Plus watches all four channels, but subscribers are bound to find at least two of the selections to their liking."

"Once our subscribers try Cable Plus they are convinced of its value too since it only costs less than 15 cents a day to have Cable Plus."

Harmon Cable is running a special installation offer in conjunction with its free previews in November. New subscribers can order Cable Plus for a \$5 installation fee. If they do it during the month of November new

subscribers will receive the third month of Cable Plus service free of charge. In addition they receive their choice of a premium item gift just for their order.

"We encourage everyone to try our Cable Plus entertainment service," said Gigi. "Cable subscribers should sample each channel during our November Free Previews and we're sure they'll find something that they really like."

The special offer expires Nov. 30.

Surplus food to be distributed

Surplus commodities will be distributed to qualified residents of Haskell next Thursday, Nov. 14.

Those 60 years and older may pick up their commodities between 8 and 9 a.m. at the Experienced Citizens Center. Those under 60 will be served between 9 and 10 a.m.

Persons desiring to receive the USDA surplus commodities must present proper identification.

Commodities will be distributed in Rule from 9:30 to 10:30 a.m. Wednesday, Nov. 20, at the Church of Christ. In Sagerton the distribution will be between 10 and 11 a.m. Nov. 20 at the Faith of Lutheran Church.

Distribution in Rochester will be made Friday, Nov. 22, at the First Baptist Church.

Sports magazine has rapid growth

The National Rifle Association's American Hunter, a magazine devoted exclusively to the subject of sport hunting, is credited with the largest circulation growth of any such magazine, according to a recently concluded survey of sales histories for the past five years.

The survey, conducted by the Audit Bureau of Circulations (ABC), established a 74 percent circulation growth for American Hunter, over the period.

Striped bass can taste OK

Striped bass have been embraced by thousands of Texas anglers because of their sporting qualities, but their table qualities have been questioned at times.

Texas Parks and Wildlife Department officials believe that stripers rank with the better freshwater fish in palatability, if one important step is taken. Stripers have a band of red meat running just under the skin along the side of the fillet. This should be removed before cooking, leaving only pure white meat.

EXTRA POINT

Weinert scores an extra point after one of its touchdowns against Jayton Friday night. Weinert players were Johnny Perez (88), and Shannon Forehand (11), Kevin White (80), Ramon Casturena (82) and Ricky Perez (1). No. 18 is Jayton's Tim Rarey and No. 54 is Patrick Hamilton.

Over-65 can defer taxes on homestead

By simply filing a sworn affidavit with the Haskell County Appraisal District, homeowners age 65 and over in Haskell County can defer payment of property taxes on their homesteads.

If an elderly taxpayer has already been sued to collect delinquent taxes on his homestead, he can still take advantage of the "over-65 tax deferral" by filing an affidavit with the court in which the suit is pending.

J.L. Grissom, chief appraiser of the Haskell County Appraisal District, explained that once an over-65 taxpayer properly files the tax deferral affidavit, state law prevents taxing units from initiating or pursuing delinquent tax suits on the homestead for as long as the applicant owns and lives at that property.

Grissom said that elderly homeowners can obtain forms for the deferral affidavit at the district office. The homeowner should fill out the form and have his signature witnessed by a notary public or other official authorized to take oaths, he added.

Grissom stressed that the tax deferral only postpones tax payments. It does not dismiss them.

"Elderly homeowners should understand that the taxes, penalties and interest will continue to add

up," he explained. "Once the homeowner no longer qualifies for the deferral—that is, if he no longer owns or resides at that homestead—all those deferred amounts must be paid. At that time taxing units may sue to collect the delinquent taxes, penalties and interest, and can foreclose on the property."

More information is available by contacting the Haskell County Appraisal District at 604 North 1st. Telephone is 864-3805.

Commissioners to meet Tuesday

Next meeting of the Haskell County Commissioners Court will be Tuesday, beginning at 10 a.m.

The court normally meets on the first Monday of the month, but since next Monday is a legal holiday (Veterans Day), the meeting date was changed to the following day.

Obituaries

Matthew W. Alexander

Matthew C. Alexander of Austin died Wednesday, Oct. 30. He was the son of Mr. and Mrs. F.G. Alexander, a prominent pioneer Haskell area family.

He was associated with his late father who was a rancher and merchant and later moved to Fort Worth where he was associated with Waples-Platter Company until his retirement.

Survivors include his wife, Mabel McNeill Alexander of Austin; a daughter and son-in-law, Maxine Linn and Daniel T. Powell of Austin; a sister, Mrs. W.C. Bickley of Abilene and a granddaughter, Suzanne Walrath of Austin.

Graveside services were Friday at Austin Memorial Park.

Arrangements were by Weed-Corley Funeral Home of Austin.

Paint Creek

From Page 1

Cooper High School in Abilene and has been active in the Albany Fandangle musical, including writing several scores for the presentation.

The Overton's youngest son, Mike, is a veterinarian in McKinney. Mike and his wife, Linda, have two daughters, Paige and Brooke.

Crownbearers for halftime activities were Casey Abbott, son of Mr. and Mrs. Warren Abbott of Midland, and Jodie Reel, son of Mr. and Mrs. Ronnie Reel of Paint Creek. Flower girls were Breann Peiser, daughter of Mr. and Mrs. Robbie Peiser of Haskell, and Jessica Comedy, daughter of Mr. and Mrs. Don Comedy of Haskell. Homecoming Queen and the Coming Home Queen were crowned by Wallar Overton, president of the Paint Creek school board.

Homecoming officers for 1989 were announced during the business meeting Saturday afternoon. They are Irvin Overton, president; Dorothy Wells, vice president; Shirley Mickler and Brenda Reel, co-secretary/treasurer and Barbara Patterson, program chairman.

New folder depicts six Texas flags

Just in time for Texas' forthcoming sesquicentennial year, when Texans will be looking back on their colorful heritage, the folks at the travel division of the state highway department have come up with a new folder capturing the very meat of the state's epic heritage.

Titled "The Flags of Texas," the folder pictures in high-quality detail the famous six flags of Texas history, and for good measure includes bits about the state seal, bird, tree, flower, grass, gem, stone and dish. (The official Texas state dish is—what else—chili.)

"Speaking of birds", said Tom Taylor, director of the highway department's Travel and Information Division, "this little folder may well get two or three with the same proverbial toss. It's not only timely for next year's Sesquicentennial, but it'll answer a lot of questions we get from millions of travelers at our Texas Tourist Bureaus."

Taylor explained that most of the state's 12 tourist bureaus began flying all six of the historical flags in recent years. Among non-Texans, they generate perpetual questions about what they are and which is which.

"We Texans took it for granted that everyone would recognize the flags of Spain, France, Mexico and so forth," said Taylor, "but after thousands of questions, it's apparent that folks from Ohio or Illinois have no idea, but they do want to know."

Acknowledging that the folder was produced primarily for out-of-state visitors who come by the millions each year, Taylor added, "This little folder also may become a 'must' for school youngsters studying Texas history. But that's all right, we printed enough to supply our tourist bureaus a lots of mail requests, too."

Individual copies of the new folder are available free by mail from The Flags of Texas, P.O. Box 5064, Austin 78763-5064.

LET US HELP YOU with all your office supply needs. **Haskell Free Press**

Chicken wins favor with trendsetters

Two groups -- the working woman and young career couples known as "yuppies" -- have emerged as today's trendsetters in food as well as other consumer products.

And their influence has contributed to the increasing importance of chicken in the diet, according to the National Broiler Council.

The working woman especially has helped to raise the national consciousness of eating for good health. While she is not always in the home at mealtime, she demonstrates concern and influence over the food served to children whom she has left in the charge of others. When she cooks herself, she seeks high quality, easily prepared foods.

Career couples committed to living the "good life," believe that eating well and being healthy go hand-in-hand. They are young,

affluent, sophisticated and willing to experiment. Extremely image conscious, they set high standards of excellence and for them the presentation of food is almost as important as taste.

Both groups see chicken as a good protein source, low in calories and cholesterol. While fried chicken is still America's favorite, the collective effects of both health and lifestyle influences have resulted in new trends in cooking chicken.

Broiled chicken is becoming increasingly popular. Poaching and baking, often without the skin, meet demands for decreased calorie count. Light sauces made from pureed marinades and wine reductions give chicken a gourmet touch. Burritos, enchiladas and pasta salads are made with chicken as an ingredient or teamed up with chicken.

In any form, chicken is in step with today's dietary demands.

Are your parents eating right food?

Since our parents teach us to eat our vegetables when we're children, it's difficult to imagine that they may not be eating right in their later years.

Yet research shows that older people in all economic groups in this country often don't get enough calories, protein, vitamin C and calcium, says Dr. Alice Hunt, a nutritionist with the Texas A&M University Agricultural Extension Service.

H-SU eyes future with optimist

Hardin-Simmons University officials eye the immediate future into the 1990's with optimism, with at least two new buildings on the horizon, enrollments within the target range of 1,800 to 2,000 and the financial base strongly improved within recent years.

Dr. Jesse C. Fletcher, HSU president, says, "Thanks to people who care about what we do here, the future is promising. Strong support in Abilene, the Big Country and from Baptist churches in Texas assures continued progress for Hardin-Simmons University."

Endowment has grown to \$21 million. The \$1.9 million Frost Center for the Visual Arts currently is in the preliminary stages of construction, with completion expected during the 1986-87 school year.

Wiley Dugger, vice president for financial affairs, reported that Mike Klein, general contractor of Lubbock, was low bidder on the Frost Center for the Visual Arts and was awarded the contract. The Lubbock firm's bid was \$1,590,000.

With other costs of furniture and equipment, landscaping and additional projects around the building, the new art building will cost an estimated \$1.9 million, Dugger reported.

The new art building is being made possible by a matching grant of \$750,000 from the J.E. and L.E. Mabee Foundation of Tulsa, Okla.

The Frost Center for the Visual Arts bears the name of a late San Antonio geologist, independent oil producer and cattleman, Edward Leon "Jack" Frost and his widow, Mrs. Adele Frost. He died Feb. 21, 1970 and was a student at Simmons College in 1919 and a member of the Board of Development at the time of his death. Gifts from the Frost estate and other donors also are helping to make this building possible.

At the fall meeting of the Board of Trustees and Board of Development, Dr. Fletcher announced that Mrs. Charles Logsdon of Abilene has committed \$2 million toward the construction of a new classroom and office building for the Logsdon School of Theology.

Following the announcement, trustees in a business session gave the "go-head" for preliminary plans on the proposed new theology building with final approval on the architect's drawing, costs and related items expected at the February meeting of the trustees.

subject the performance of many non-national security activities -- currently handled in-house by the federal government -- to competitive bidding between government agencies and the private sector.

Registration at H-SU set

Pre-registration for the spring term at Hardin-Simmons University will be Dec. 4-6, with academic advising to start Nov. 11. Dorothy Kiser, assistant registrar, said schedules should be ready by Nov. 8.

Pre-registration hours will be Wednesday and Thursday, Dec. 4-5, from 1-4:30 p.m. on Friday, Dec. 6, from 8:30 a.m.-4:30 p.m.

Registration for students who have not pre-registered will be held on Jan. 13.

Moody Center will be pre-registration site.

Assorted color coding labels. These self sticking colored labels come in a package of 4 bright colors. Ideal for shower invitations or home color coding projects. **Haskell Free Press.**

Weeds rob bermuda grass

Weeds rob bermudagrass pastures of a lot of grazing and hay potential each year, and producers can correct this problem with a fall herbicide application.

"The time to control weeds on bermudagrass pastures is now, not next spring," emphasizes Dr. Dave Weaver, weed specialist with the Texas Agricultural Extension Service, The Texas A&M University System. "Use of a preemergence herbicide to control annual weeds can release the true potential a pasture or hay meadow has for producing top quality forage."

"The need for nutrients does not change with age, but a decreased sense of taste and a less activity can result in a loss of appetite and lead to a less than adequate nutritional intake," she says.

Adult children should be concerned about older parents' eating habits because a prolonged poor diet can reduce their ability to fight disease, advises Hunt.

The nutritionist lists seven signs that an elderly parent may not be eating right:

- Have your parents lost weight?
- Have their eating habits changed? Do they skip meals or snack throughout the day? People can rarely eat a healthy diet while following these eating patterns.
- Do either of your parents live alone? Preparing and then cleaning up after a balanced meal for one person three times a day is unusual. Healthful convenience foods or a community meal service can reduce the burden of food preparation.

- Do either of your parents seem depressed? If so, they probably lack motivation to eat well. Some company at mealtime may help.
- What type of physical limitations do your parents have? Use of a walker or arthritic joints can make shopping or preparing food difficult. Check into community service or private housekeeping agencies for help.

- Are either of your parents taking medications? Many drugs alter the way the body uses food or affect the appetite. Encourage them to discuss the problem with their doctor.
- Do your parents have dentures? Often when chewing is difficult, soups and soft foods, such as pudding, are eaten instead of high protein meals and vitamin-rich fruits and vegetables. Encourage your parents to have regular dental check-ups to avoid problems.

- With just a little assistance, adult children can help their elderly parents maintain good nutrition and their independence," says Hunt.

- Are either of your parents taking medications? Many drugs alter the way the body uses food or affect the appetite. Encourage them to discuss the problem with their doctor.

WIN THE TOTAL SPORTS CAR FROM THE TOTAL SPORTS NETWORK - ESPN!

GRAND PRIZE: THE NEW 1986 PORSCHE 944 TURBO

FIRST PRIZES: 10 SONY HOME ENTERTAINMENT CENTERS

SECOND PRIZES: 500 ESPN WARM-UP JACKETS

THIRD PRIZES: 1,000 ESPN SPORT BAGS

WATCH AND WIN WITH THE CFA IN NOVEMBER!

Live every Saturday at 7:30 PM on ESPN (EST)

November 2, 9, 16, 23 and 30 are especially exciting Saturdays on ESPN. Each big game earns you a big chance to win!

How to Play

Each Saturday night, from November 2 through November 30, tune-in to ESPN's exciting live telecasts of college football. As you watch, write down the half-time score (include the names of teams playing) on a postcard. Include your name, address, and men's jacket size (XS, S, M, L, XL). Every game you watch is a chance to win -- up to 5 chances in all!

Play as many weeks as you like! Send in a card each week,

or, put all the scores on 1 card and mail it after the last game. Mail your card(s) so we receive them by 12/20/85 to: **ESPN, INC., P.O. Box 1665, Ridgely, MD 21163**

HERE ARE THE OFFICIAL RULES

1. No purchase necessary to play. First half game scores available by sending stamped, self-addressed envelope to ESPN Score List, P.O. Box 1666, Ridgely, MD 21161, by December 1, 1985. 2. To enter prize drawing, write team names and first half score from any or all of the eligible games televised on ESPN each week in accordance with the instructions in the advertising on a plain 3" x 5" card. You may enter more than once each week but multiple entries for any one week must be mailed separately. Include on the card(s) your name, address and men's jacket size (xs, s, m, l, xl) and mail via first class mail to: ESPN, Inc., P.O. Box 1665, Ridgely, MD 21163. All cards must be received no later than 12/20/85. No correspondence will be returned and all entries become the property of ESPN, Inc. and The Marketing Partnership, Inc. and its agents without further compensation. 3. Each entry with correct first half score qualifies an entrant for one entry in the sweepstakes drawing. Winners will be selected in a random drawing from the eligible entries supervised by The Marketing Partnership, Inc. and an independent judging organization, whose decisions are final. Grand and First Prize winners will be notified by mail and must sign and return a release and affidavit of eligibility, which they must return to ESPN or its agent within 21 days of the date mailed to them. ESPN jackets and bags will be shipped directly to address shown on the winning cards. 4. All entrants must be U.S. residents. Employees of ESPN, Inc., American Broadcasting Companies, Inc., Capital Cities Communications, Inc., Nabisco Brands, Inc., R. J. Rey-Companes, Inc., Capital Cities agencies and their immediate families living in their households are not eligible to participate. All prizes won by minors will be awarded to their parents or legal guardians. 5. No substitution, transfer or assignment of prizes is allowed. The odds of winning depend on the number of correct entries received. 6. The prizes to be awarded via the drawing are: One 1986 Porsche 944 Turbo, Ten Sony KV25 XBR 25" Trinitron Televisions, 500 ESPN Jackets, 1000 ESPN Sports Bags. All prizes will be awarded. 7. Any prize or notification of prize returned as undeliverable will result in the awarding of that prize to an alternate winner. Only one prize will be awarded per household. Taxes, registration fees and similar costs and expenses are the sole responsibility of the prize winners. 8. For a list of major prize winners, send a stamped, self-addressed envelope to ESPN Winner's List, P.O. Box 1548, Ridgely, MD 21161 no later than 2/28/86. 9. The sweepstakes is void where prohibited or restricted by law.

Card of Thanks

CARD OF THANKS
We would like to send our heartfelt thanks and appreciation to those who stood by our side through the sickness and loss of our loved one. We want to thank Bro. Blair and Bro. Amburn, the choir and special singers at the services and all those who expressed their condolences. Those who brought food, who served, who sent flowers and cards, for your kindness and love have certainly enriched our lives. Again, thank you for all your prayers and concern. The Cecil Payne family.

Conservation Viewpoints

USDA Soil Conservation Service
Assisting
Haskell Soil and Water
Conservation District

The Board of Directors of the Haskell Soil and Water Conservation district met Oct. 18 to reorganize the board and view the progress of the past year.

R.V. Earles was elected chairman of the Board. M.W. Phemister is vice chairman and F.A. Ulmer is secretary-treasurer. Other members are Dan Wadzeck and Johnny Wheatley.

"The year 1985 started out wet and slow in terms of conservation work," said Earles, "but when spring came many producers were busy preparing land for establishment of critical conservation practices."

The need for waterways and other practices used to remove excess water from cropland fields again was a major area of work for the SCS staff. Jim Hudson, district conservationist, reported 221 acres of waterways were successfully established to grass while another 200 acres were shaped but have not been planted to grass.

Parallel terraces were constructed on 24 farms in the district this year, amounting to 380,269 feet. Four hundred and one acres of critical area were established in grass and 163 acres of range and pasture land were seeded. Brush management was applied on 5,000 acres, four livestock ponds were constructed and 6,281 feet of irrigation pipelines were installed.

In the area of conservation contracts, 17 applications on 8,053 acres were received for assistance through the Great Plains Conservation Program. Three new GPCP contracts were funded on 1,161 acres with four contracts on 2,307 acres expiring. Two long-term agreement contracts were funded on 632 acres with two being completed on 563 acres.

"Last year we decided to move into some new areas and to try to promote the wise use of our soil and water through more public awareness," said Earles. "In 1985 we held our first ever Conservation Awards banquet to honor our local people for their accomplishments and interest in the land."

Awards were presented in several categories to people who have practiced and promoted conservation and its benefits. Categories in the program include conservation rancher, farmer, teacher, homemaker and a public media award. Also recognized were winners in the Conservation Poster Contest and Land, Range and Pasture contests.

"The year 1986 looks very promising, at least for conservation treatment," said Earles. "If we can keep our heads above water, we will see the installation of much needed conservation work and the reinforced commitment of rural people to keep America strong."

THE HASKELL FREE PRESS

HASKELL, TEXAS 79521, OCTOBER 31, 1985

Winter driving tips told

Major V.J. Cawthon, commander of the Dept. of Public Safety, Region 5, said, "Winter driving is more hazardous than we realize, there are longer hours of darkness, freezing temperatures, and sleet and snow. These are real handicaps for the driver."

The National Safety Council suggests that drivers adjust their driving habits to fit the weather. Start gently, and when stopping, apply the brake pedal lightly when ice and snow conditions exist. Jamming the brakes will only send the car into a skid.

Many accidents and deaths are caused by driving too fast for existing conditions and losing control of the vehicle. Even though the speed limit is 55 the safe speed might only be 25 or 30.

When temperatures drop below the freezing point, drivers must guard against reduced visibility caused by frosted windows and windshields. To prevent this condition, idle your car long enough for it to warm up and for the defroster to become effective before starting to drive.

The Texas Dept. of Public Safety reminds motorists that this winter can be wonderful if they are able to make it safely from point "A" to point "B" without an accident. It is in your hands, the defensive driver, to make for a safer winter.

City reports new hook-ups

Twelve new water connections were turned on by the City of Haskell during October.

They included:
 Ruby Melton, North Ave. H East; Ray Fuentes, 708 South 9th; 380 Automotive, North 1st East; Maurycie Price, 1005 North Ave. G; Mae Cothron, 1102 North Ave. J; Allison Equipment Co., 1103 North 1st; Becky Douglas, 1108 N. Ave. L; C.L. Shipman, 203 North Ave. D; Anthony Potts, 504 North Ave. A East; Paymaster Gin, 106 North Ave. A; Gonzales Welding, 1300 North Ave. E; Northside Exxon, 206 North Ave. E.

Haskell manager heads list of WTU honorees

Sue Pate, West Texas Utilities Co. manger in Haskell, headed the list of 25 honorees Monday night at the company's annual district service and safety awards banquet.

Mrs. Pate was recognized for having completed 40 years of service with the company.

The banquet was at St. Ann Catholic Church in Stamford.

Lee Dickerson of Stamford, district appliance service

supervisor, received a 35-year service award, while Bud Reynolds, Knox City serviceman, and Roy Amonett, shift supervisor at Paint Creek Power Plant, each received a 30-year safety award.

Receiving 25-year awards were Wallace Brimer of Stamford, storekeeper, service; James Elam of Stamford, district manager, service; Dick Evatt, local manager

at Knox City, service; Garvis Hinson of Rotan, local manager, service.

Receiving 20-year awards were Don Ferguson of Spur, local manager, service and June White of Rule, bookkeeper/cashier, service.

Receiving 15-year awards were Warren Miller of Stamford, appliance salesman, service; Frank Jackson of Munday local manager, service.

Receiving 10-year service awards were Bill Martin of Stamford, distribution Superintendent, service; Tony Diaz of Knox City, serviceman, safety; E.C. Collins of Paint Creek mechanic, service and safety; James Johnston of Paint Creek, apprentice mechanic, service and safety; James Pollard of Paint Creek, service and Teri Wilson of Anson bookkeeper/cashier, service.

Receiving five-year awards were Phillips Henshaw, Haskell serviceman, service and safety; Carla Bird, staff assistant at Stamford, service; Rick White, Stamford serviceman, service; Roddy Kuentler, foreman at Stamford, safety; Jimmy Stinnett, lineman apprentice at Stamford, safety; Diana Castillas, bookkeeper-cashier at Knox City, service; Clayton Hawkins, laborer at Paint Creek, service and Perry Thomson, service apprentice at Anson, service and safety.

Awards were presented by Glen D. Churchill of Abilene, president and chief executive officer of WTU.

PUSHMOBILE WINNERS

Members of Den 5 of Cub Scout Pack 136 were first-place winners in the Sweetwater pushmobile contests Sunday. Members of the den are Ryan Olson, Bobbie Cothron, Jamie Hodgins, Wesley Alsabrook, Mik Everett, Casey Larned, Justin Lisle, Chris Silvas and Scott Albuquerque.

Cub Scouts win pushmobile contests

Cub Scouts Pack 136 produced several winners in the pushmobile contests Sunday in Sweetwater.

Den 5, with its Mean Green Machine, won first place in the 8-year-old division and third place overall.

Members of Den 5 are Ryan Olson, Bobbie Cothron, Jamie Hodgins, Wesley Alsabrook, Mik Everett, Casey Larned, Justin Lisle, Chris Silvas and Scott Albuquerque. Leaders are Rhonda Lisle, Frankie Cothron and Paula Everett.

Den 2 took first place in the 9-year-old division and second place overall.

Den 2 members are Brian

Brzozowski, Matt Perry, Kevin Conner, Shawn Sanford, Shanna Meeks, Jonathan Tatum, Manuel Villarreal, Matthew McFadden, Eddy Gonzales and Blake Henshaw. Leaders are Kay Perry and Janice Brzozowski.

Taking second place in the 10-year-old division was the Den 1 Webelos team.

They are Mark Jones, Zacheri Espinoza, Stacy Martin, Cody Josselet, Kevin Conner, Brad Lane, Brandon Hester and John Headstream. Cub master is Bill Perry.

These teams will compete next weekend in the Abilene Pushmobile Derby.

Service academy nominations open

Haskell area young people interested in appointments to one of the U.S. Service Academies should contact Congressman Charles W. Stenholm's office immediately.

The address is 1232 Longworth HOB, Washington, D.C. 20515.

The congressman is currently seeking applications from young

people in the 17th District. Applicants must be between the ages of 17 and 21 and must have their applications completed by Dec. 1.

The academies offer young people an excellent education, while also developing skills in leadership and self-discipline.

Pride.

A tradition in the good country.
And at Olney Savings.

The tradition of pride runs deep in the good country, and it sets the people here apart from others.

In one sense, it's pride in being the best they can be. But more importantly, it's pride in knowing that their efforts are directed toward a common good—the kind of pride that can be experienced only through shared achievement.

At Olney Savings, that's the kind of pride we encourage—and always will. Because that's the kind of pride that makes the most important things in life happen.

Come see us soon. Or call and we'll come see you. We'd be proud to serve you.

4-H recipes to be displayed

Culinary skills of Haskell County 4-H Club members will be on display Saturday at the Rolling Plains District 4-H Food Show at Sikes Center Mall in Wichita Falls.

Entering the event from Haskell County in the senior division are Penny Peden, breads and cereals; Jill Jennings, fruits and vegetables; Tamra Burnett, main dishes and Janet Quade, nutritious snacks and desserts.

Entries in the intermediate division include Traci Landes, breads and cereals, and Jennifer Shaver, fruits and vegetables.

Entries in the junior division are Joni Penman, breads and cereals; Emily SoRelle, fruits and vegetables; Jana Saffel, main dishes and Kim Gilly, nutritious snacks and desserts.

All of the 4-H'ers previously won their division in the county food show. In addition to displaying their dish, the young people will be asked questions by the judges on general nutrition and the nutritional value of their displays.

Winners in the senior division of the district show will represent the 21-county district at the State 4-H Food Show during State 4-H Roundup in June on the campus of Texas A&M University.

The event is sponsored by the Texas Agricultural Extension Service. Accompanying the Haskell County contestants will be Lou Gilly, County Extension Agent-Home Economics, the contestants' parents and 4-H leaders, and four county residents who will be serving as judges for the district event, Kim Crawford, Renee Dudensing, Kim Jones and Michelle Scoggins.

Ham-Macaroni Salad

Jana Saffel, Junior, Main Dish
1 can tender chunk ham (or tuna) flaked and drained, 1 cup cheddar cheese cubed, ½ cup minced onion, 1 cup salad dressing or mayonnaise, ¼ tsp. pepper, 6-7 oz. macaroni cooked and drained, ¾ cup pickle relish (sweet), 1 cup salad dressing or mayonnaise, ¾ tsp. salt, 2 cloves garlic crushed or sprinkle powder instead.

Cook macaroni as directed on package. Drain, rinse with cold water. Combine macaroni, cheese, ham, relish and onion in large bowl.

Stir in salad dressing, salt, pepper and garlic; pour over macaroni mixture and toss. Cover, chill at least 3 hours.

Honey-Orange Rainbow Salad

Emily SoRelle, Junior, Fruits and Vegetables
1 large mango (about 1 lb.) peeled and diced, 2 cups fresh strawberries halved, 2 nectarines unpeeled and sliced, Honey-Orange sauce, 2 cups fresh blueberries, 2 bananas sliced, 2 cups seedless green grapes, 1 kiwi peeled and sliced.

Layer fruit in serving bowl, just before serving, pour on Honey-Orange sauce. Yields 12 servings (about 102 calories per cup)

Honey-Orange Sauce

½ cup unsweetened orange juice, 1½ tsp. honey, dash of ground nutmeg, 2 tsp. lemon juice, ¼ tsp. ground ginger.

Combine all ingredients in a bowl, mix well. Yield: ½ cup.

Bacon Herb Bread

Joni Penman, Junior, Breads
1 package active dry yeast, ¼ cup very warm water, 1 cup creamed cottage cheese, 1 tsp. dillweed, margarine and salt, 1 tsp. sugar, 1 tsp. salt, ¼ tsp. soda, 1 tsp. margarine, 1 egg, 2½ cups flour, 2 tsp. real bacon bits.

Soften yeast in warm water. Heat cottage cheese, sugar, onion, dillweed, salt, soda, margarine, egg, bacon bits and softened yeast. In a large bowl lightly spoon 1½ cups of flour into heated mixture. Beat 2 minutes at medium speed. Stir in remaining 1 cup flour. Cover, let rise until doubled, 50-60 minutes. Grease an 8 inch round casserole. Stir down dough. Turn into casserole. Let rise until doubled, 30-40 minutes. Bake 40-50 minutes at 350 degrees preheated oven, immediately remove from pan. Brush with soft margarine and sprinkle with salt.

Cheese Cookies

Kim Gilly, Junior, Snacks and Desserts
1 lb. extra sharp cheddar cheese grated, ¼ tsp. red pepper, 1 tsp. salt, 1 lb. butter, 1 cup pecans chopped finely, ½ tsp. paprika, 5 cups flour.

Cream cheese and butter. Add rest of ingredients, shape into small balls. Press with a fork, bake at 375

degrees for 15-20 minutes on ungreased cookie sheet.

Cheese Grits

Jennifer Shaver, Intermediate, Fruits and Vegetables
6 cups water, ½ cup butter margarine, 2 tsp. seasoned salt, 1 tsp. Tabasco sauce, 1 lb. American cheese grated, 1½ cups Quick Cooking grits, 3 eggs beaten, 1 tsp. salt, pepper to taste, 1 can chopped chilies (if desired).

Bring water to a boil. Stir in grits. Cook 2 minutes, grits will be thin. Add butter (or margarine), eggs, seasoned salt, salt, Tabasco sauce and pepper. Combine mixture with grated cheese and chilies (if desired). Pour into shallow baking dish and bake at 300 degrees for 35 minutes to an hour.

Apple-Nut Coffee Cake

Traci Landes, Intermediate, Breads and Cereals

½ cup sugar, 1 egg, 1 cup flour, 1/8 tsp. salt, ½ cup sour cream, ¼ cup packed brown sugar, ½ tsp. cinnamon, ¼ cup shortening, ½ tsp. vanilla extract, ½ tsp. each baking powder and soda, 1 large apple peeled and chopped, 1 tsp. butter, ¼ cup chopped pecans.

Cream sugar with shortening in bowl until fluffy. Beat in egg and vanilla. Add combined dry ingredients alternately with sour cream, mixing well after each addition. Stir in apple. Spread in greased 9x9-inch baking dish. Mix remaining ingredients in small bowl. Sprinkle over coffee cake. Bake at 350 degrees for 25 or 30 minutes or until coffee cake tests done. Yields 10 servings.

Savory Stuffed Chicken Breasts
Tamra Burnett, Senior, Main Dish

1 8 oz. pkg. Philadelphia brand cream cheese softened, 1/8 tsp. pepper, 4 chicken breasts split, boned and skinned, Parkay margarine, 1 tsp. grated onion, ¼ tsp. dried oregano leaves, 1 garlic clove minced, 2 eggs beaten, 1 cup bread crumbs.

Combine cream cheese, onion and seasoning, mixing until well blended. Pound chicken to ¼ inch thickness. Spread each piece with 1 tsp. cream cheese mixture. Roll up, secure with wooden picks. Dip in egg, coat with crumbs. Repeat. Brown chicken on all sides in

margarine. Place in baking pan, bake at 375 degrees 25 minutes or until tender. Serves 8.

Squash Casserole

Jill Jennings, Senior, Fruits and Vegetables

6 cups partially cooked squash, 1 box chicken flavored dressing mix, 1 cup sour cream, 1 medium chopped onion, 1 stick margarine, 1 can cream of chicken soup, salt and pepper to taste, dash of garlic salt.

Cook the squash with the chopped onion, salt, pepper and garlic salt. Mix dressing, according to box directions. Mix soup, sour cream and water. Layer the squash, dressing mix and liquid in casserole dish, bake at 350 degrees for 15 minutes or until firm.

Angel Biscuits

Penny Peden, Senior, Breads and Cereals

4½ to 5 cups flour, 2 cups buttermilk, ½ tsp. soda, 1 tsp. salt, 1 package yeast, 1 cup shortening, 5 tsp. baking powder, 1 tsp. sugar, 5 tsp. warm water.

Dissolve yeast in warm water. Sift dry ingredients. Cut in shortening. Add buttermilk and yeast. Knead lightly, do not let rise, bake at 400 degrees for 25 minutes.

Honey Crunch

Janet Quade, Senior, Snacks and Desserts

3 cups Quaker Corn Bran cereal, 1 cup coarsely chopped nuts, ½ cup raisins, 1 cup Quaker oats uncooked (quick or old fashioned), ¼ tsp. soda, ½ cup honey, 1 tsp. cinnamon, ½ cup butter or margarine, ¼ cup firmly packed brown sugar.

Heat oven to 325 degrees. In large bowl combine cereal, oats, nuts, cinnamon and salt. In small saucepan, combine butter, honey and brown sugar. Cook over low heat, stirring constantly until butter is melted and ingredients are well blended. Pour over cereal mixture, mix until thoroughly coated. Spread evenly into 15x10-inch jelly roll pan. Bake 20 to 25 minutes or until mixture is golden brown, stirring occasionally. Immediately spread mixture onto wax paper covered cooling rack. Stir in raisins. Cool completely. Store in tightly closed container in cool dry place. Makes about 7 cups.

Texas Baptists are big business

Texans are often accused of bragging about having the biggest and best of everything under the sun.

And Texas Baptists are upholding the tradition this week as they celebrate the 100th anniversary of the Baptist General Convention of Texas during their annual meeting Nov. 5-7 in San Antonio.

Since Dec. 9, 1885, when several regional Baptist groups consolidated into a statewide Convention to coordinate the work of Texas Baptist, the membership has grown to 2.3 million in nearly 5,000 churches and missions.

Messengers at the annual Convention in San Antonio are considering a \$63.5 million Cooperative Program budget to help support 7,000 Southern Baptist missionaries, six seminaries, 27 Texas Baptist institutions and a statewide program of state missions efforts.

And that's just the beginning. Texas Baptists also claim the largest private hospital in the state, Baylor Medical Center, second largest in the nation. They operate

the largest private university in the state, Baylor University which also is the largest Baptist university in the world. Also Buckner Baptist Benevolences, headquartered in Dallas, is the largest social services agency in the United States.

Baptists came to Texas in 1824 and organized their first Sunday School in 1829. The first church was started in 1837 and from that point Texas Baptists took off starting churches at a remarkable pace.

By 1890 Texas Baptist numbered 150,000 with 2,221 churches. Not only were Texas Baptists involved in evangelistic efforts in Texas, but they were and continue to be active in the affairs of government.

General Sam Houston, first president of the Republic of Texas, was a member of the old Independence Baptist Church near Brenham. Pat M. Neff served as governor of Texas from 1919 to 1923 and later served as president of Baylor University from 1932 to 1947. Currently Mark White serves as governor of the state and also is an active Baptist layman at Hyde Park Baptist Church in Austin.

Texas Baptists also have

influenced public policy in the state taking active roles in legislation dealing with gambling, drug and alcohol abuse, church and state issues, family problems, child abuse and care for the poor.

The scope of the work of Texas Baptists might be easier to understand when one takes a closer look at their finances. The net assets of the 27 institutions affiliated with the Baptist General Convention of Texas is approximately \$900 million with

church property valued in 1982 at \$2 billion.

In addition, the Baptist Foundation established in 1930 encourages, receives and manages gifts and bequests for the benefit of all institutions, agencies or undertakings supported by Texas and Southern Baptists. Total assets of the foundation exceed \$417 million (book value) and during 1984 the foundation distributed more than \$27.7 million to Baptist causes.

Church plans garage sale

Members of the Greater Independent Baptist Church will have a garage sale from 9 a.m. to 5 p.m. Saturday.

It is being sponsored by the Mission Women of the church, said the Rev. Floyd Chenault, pastor.

The sale will be at the church on 3rd street.

Shop Haskell First

WINNER

Jewel Pittman of Haskell received a jacket Monday morning from Jim Hokanson, representing Communicating for Agriculture (CA). Mrs. Pittman had registered at the CA booth in Abilene during the West Texas Fair and her name was drawn as winner of the jacket. She, along with her husband, is owner and operator of Haskell Butane Co.

Enrique Calderoni

Murder suspect on 'list'

Law enforcement officials in Brownsville and Cameron County have had a frustrating time trying to track down Enrique Calderoni Jr.

Calderoni, who is wanted in Cameron County on warrants charging him with capital murder, is so tantalizingly close and yet so far away from police hands.

Investigators say they have reliable information that Calderoni is living in nearby Matamoros, Mexico, and occasionally crosses into the United States. They are hoping that on one of the fugitive's forays into the Brownsville-South Padre Island area they can get their hands on their elusive prey. Meanwhile, investigators say Calderoni should be considered extremely dangerous.

Calderoni, 22, is charged with the July 11, 1983, murder of David Solis, a Brownsville shopkeeper.

Police reports indicate Solis was gunned down outside his store as he closed down for the night. Detectives theorize that robbery was a motive, since the victim was carrying the receipts for the business day.

Police officials say one offender has been convicted of capital murder in connection with Solis' death. However, detectives believe Calderoni was the triggerman in the killing and desperately want to apprehend him.

Calderoni is described as being 5-11, 160 pounds, with black hair and brown eyes.

This week he has been added to the Texas Most Wanted list. A reward of up to \$1,000 is being offered by the governor for information leading to Calderoni's arrest.

Anyone with information concerning Calderoni's whereabouts is asked to call the Texas Crime Stoppers Advisory Council toll-free at 1-800-252-8477.

In all cases, callers do not have to reveal their identities.

Crime Stoppers programs throughout the State of Texas offer cash rewards on a regular basis for information leading to the arrests and indictments of major crime offenders and the capture of wanted felons.

Currently a major crime is being solved every 42 minutes in Texas through a tip to Crime Stoppers programs in the state and almost \$9,000 an hour worth of stolen property and narcotics are being recovered through citizen information to the programs.

Texas Most Wanted is a cooperative program between the Department of Public Safety and Texas Crime Stoppers.

Late-calving cows cost money

Cattlemen should have little respect for late-calving cows because they are income robbers and should be culled.

Studies have shown that late-calving cows—those that give birth after the majority of the herd has calved on the ground—are a detriment to a cattle operation. They wean lighter calves and have lower rebreeding rates than early-calving cows, and that means money down the drain.

Farm Bureau sets convention

Texas Farm Bureau, the state's largest farm organization, will hold its 52nd annual meeting in Fort Worth Dec. 1-4, at which time more than 1,300 voting delegates will decide policies for 1986.

Austin faces heavy fines

Texas Water Commission Executive Director Larry Soward has recommended fines of more than \$165,000 against the City of Austin for water quality violations committed since Sept. 1.

Soward also recommended a series of deadlines for improvements at Austin wastewater treatment plants which the city must meet to avoid additional heavy penalties.

The recommendations resulted from 168 violations of permits which occurred at Austin's treatment plants through Oct. 24.

Oil production

Texas crude oil production averaged 2,245,892 barrels daily in August, according to Railroad Commission chairman Buddy Temple.

This figure compares with July production of 2,266,326 barrels daily and August 1984 production of 2,296,792 barrels daily.

Senator Graham outlines budget bill in interview

U.S. Sen. Phil Gramm, in an interview to be broadcast to Europe and the Soviet Union by Voice of America, said the Gramm-Rudman-Hollings budget bill will "force the Congress and the President to make the hard decisions."

The senator was interviewed by Washington journalists Tom DeFrank of Newsweek, Fred Barnes of the New Republic, Clive Small of the British Broadcasting Corp. and Julia Malone of the Christian Science Monitor.

(The interview will be seen in many Texas television markets in November as a segment of the public affairs program, The Washington Report.)

The budget bill, which passed the Senate on a 75-24 vote, is currently being considered by a House-Senate conference committee.

"What my budget is saying is

this: Let's draw the line this year," Gramm said.

"The power I'm taking away from Congress and the President is the power to not make a decision...to pass the cost of government along to our children and grandchildren."

"If we don't make the system work, then we deal with the problem with across-the-board reductions," Gramm noted. Thus no one, the senator said, will have the ability to simply allow the deficit to increase in the future.

"My belief is that after the first year, we'll have Congress and the President adopt budgets that don't generate automatic cuts."

"Forty-three states of the union have processes under which they meet their responsibility on deficits in basically the same way."

"It's a lot easier to cut the heart

out of the family budget with a tax increase than it is to cut the fat out of the federal budget. We have a lot of people who want to do that, but I don't support it and neither does the President and we're going to make sure they don't get away with it," Senator Gramm said.

Gramm said when he first spoke to President Reagan about the Gramm-Rudman-Hollings proposal, "every special interest group in America was against it."

"The President said, 'Phil, I've always thought we'd have to go in this direction.' And he did it," Gramm said.

Thanksgiving meal

The Sons of Hermann will hold their Thanksgiving meal at Irby Hall at 3 p.m. Sunday.

Polish wafers are available

Founded in Poland in 1893, the Mariavite Old Catholic Church, plans to preserve a centuries-old tradition by making available traditional Polish Christmas Eve Wafers (Oplatki).

The Oplatek, a treasured link between Poland and her children who have settled in various parts of the world, is a thin unleavened wafer similar to communion wafers. The Oplatek wafers are embossed with figures of the Christ Child, or other Nativity scenes.

The Oplatek wafers, baked by the Mariavite Nuns at their Motherhouse in Poland, are available in envelopes of three each by writing to: Mariavite Old Catholic Church, 2803 10th Street, Wyandotte, Mich. 48192. A voluntary offering of \$3.50 is requested for each envelope to assist in defraying costs and mailing.

All offerings are tax-deductible and proceeds are used to assist needy and orphaned children in Poland.
