## Rep. Perry appointed to Board

Speaker Gib Lewis last week named State Rep. Rick Perry, D-Haskell, as one of Texas' three appointees to the Southern States Energy Board.

In addition to Perry, Public Utilities Commissioner Dennis L. Thomas and Sen. J.E. (Buster) Brown, R-Lake Jackson, appointed by the Governor and Lt. Governor respectively, make up the state's representatives to the SSEB. All serve at the pleasure of the appointing officer.

The board has the power to ascertain a regional position on energy-related and environmental concerns, to collect energy information, to conduct training programs for state and local personnel, and to perform various other cooperative functions related to energy and environmental concerns.

Perry, who is serving his first term in the House, is a farmer-rancher and a graduate of Texas A&M University.

During the current session of the 69th Legislature, he is serving as a member of the House standing committees on Energy and Agriculture and Livestock.

Perry represents District 64, including Callahan, Haskell, Hood, Palo Pinto, Shackelford, Stephens, Throckmorton and Young Counties.

## CHECK ENTRIES

Joe Wilson of Abilene, County Extension Agent of Taylor County, was judge of the Haskell County Pecan Show Tuesday. Also looking over the entries prior to judging during the morning are Charles Swinson, Erwin Frierson and Wallace Allison, all members of the Pecan Show Committee.

## Group to distribute to needy families

Lions Club Goodfellows will distribute food and toys to needy Haskell families again this year.

Donations of food and toys are underway and on Dec. 7 and Dec. 14 the names of those who will qualify for the Goodfellow's project can be placed, by application, in the office of the Haskell Chamber of Commerce, beginning at 2:30 p.m. on each of the two days.

On Dec. 20, Goodfellows will meet at the High School Ag Dept. to pack the boxes and on Dec. 24 the boxes will be delivered to those who

have been selected to receive them.

This project will be conducted as it has in previous years and a sincere effort will be made to provide food, toys and a happy Christmas where there might not otherwise be provisions for Christmas, said project chairman Darold Roberson.

Cash donations to the project may be made at the Haskell Free Press, P.O. Box 1058. Those wishing to contribute toys may leave them at the Haskell Fire Dept.

## Santa Claus plans three Haskell visits

Santa Claus will be visiting with children in Haskell on the afternoons of Dec. 7, 14 and 21, at the invitation of the Haskell County Child Abuse Welfare Board.

He will be on the steps of the south side of the court house from 1 to 3:30 p.m. on each of those three Saturdays.

Arrangements have been made for any child to have his or her picture taken with Santa.

"It will cost only \$2.50 to have a

color picture of you and Santa Claus and all proceeds will go to aid those less fortunate than you," said a spokesperson for the Welfare Board.

"Don't forget," she reminded the children of Haskell. "Be sure and remind your parents to bring you to the south side of the court house. You have a date with Santa Claus."

Santa will have candy for all the little ones.

## Santa letters deadline Dec. 12

Santa Claus letters to appear in the Christmas issue of the *Free Press* must be received by Dec. 12.

All letters received by that date will be published in the Christmas

issue. It is hoped that those desiring letters published will begin submitting them now and not wait until the Dec. 12 deadline.

## Early deadlines apply next week for Free Press

All deadlines for next week's issue of the *Haskell Free Press* will be noon Monday. Deadlines apply to display advertising, classified advertising and all news items.

The early deadline is necessitated by the early printing schedule for the Christmas Shopper edition of the *Free Press*. Ten thousand copies of the newspaper will be distributed in Haskell, Throckmorton, Knox, Stonewall and Jones counties.

## Closes for holiday

Offices of the *Haskell Free Press* will be closed Thursday and Friday of this week in observance of the Thanksgiving holiday.

## Merchants meet

Members of the Retail Merchants Assn. of the Haskell Chamber of Commerce will meet at 7 a.m. next Wednesday, Dec. 4, at the Haskell Steak House. The upcoming Christmas parade and other Christmas events will be discussed.

## It's time to buckle up

The 90-day amnesty period for compliance with the new Texas Seat Belt law comes to an end Sunday.

Although it took effect Sept. 1, drivers and front-seat passengers of cars and trucks up to three-quarter ton capacity have not been cited for failure to comply with the new law.

But beginning Sunday, they will be subject to fines of \$25 to \$50 for violations.

Informal observations around Haskell indicate that many local motorists are already complying with the new law. But the same observations indicate that quite a number of Haskell drivers will need to develop the habit of buckling up of face the prospect of paying a fine.

"Those motorists who are not

observing this statute are risking losing their lives or being seriously injured in a vehicle accident, and soon they'll also be facing the prospect of paying a fine for their oversight," said Jim Adams, Department of Public Safety director.

Adams said that in most instances, troopers will be checking for compliance with the safety belt law during routine traffic violator contacts. However, he pointed out that troopers will have the option of stopping motorists if the officers have probable cause to believe the law is being violated.

"The possibility of paying a fine for failing to use a safety belt should increase the incentive for observing this law, but much

greater consequences could be involved for motorists who don't use this proven, lifesaving device," Adams said. "What value can be placed on the loss of a human life or a long-term, serious injury resulting from a crash in which a safety belt could have made the difference?"

The new law did not change the child safety seat statute, which provides that children under two years of age must be secured in a federally-approved child safety seat system when they are riding in a passenger car or light truck (3/4 ton capacity and less). Children from two to four years of age must be secured by a safety belt or safety seat system when riding in a car or light truck.

# Commentary

## Good luck, Bulldogs!

While Haskell's football championship hopes were wiped out two weeks ago, another Haskell County team is very much in the running for the state championship. The Weinert Bulldogs, losers only once during the season, take on Three Way at 7 p.m. Friday in Gail in an effort to take another step up the ladder toward the six-man championship. It's been a great season for Coach

Chet Forehand and his high-scoring Bulldogs.

The Bulldogs' only loss was to defending state champion and unbeaten Jayton. And in that losing effort, Weinert scored as many points against the Jaybirds as all 10 of the other Jayton opponents combined.

All sports fans of Haskell County have a right to be proud of the Weinert team. And they all are. Good luck, Bulldogs!

## Solar scams

With the 40-percent federal tax credit due to expire Dec. 31, the solar energy industry is being infiltrated by high-pressure con men and hucksters.

"They use some of the slickest, most manipulative pitches I've seen in my 13 years with the Consumer Protection Division," says Asst. Atty. Gen. William O. Goodman. "It's like all the crooked timeshare and vinyl siding salesmen jumped on the solar bandwagon."

Consumer Protection has six suits filed or pending against solar energy promoters since January. Typically, unscrupulous companies inflate the prices of their systems to near the \$10,000 ceiling allowed by the tax credit. This lets them use the bait of a tax credit that approaches \$4,000. Since the credit will expire shortly, they can then exert pressure for the customer to "hurry up and buy before it's too late."

These promoters also grossly exaggerate projections about the increases in the cost of traditional fuels and they make wildly inaccurate claims about the efficiency of their units. One promoter even had the audacity to claim his unit could make you "totally independent" from utilities.

The state official listed these warning signs for potential rip-offs: •Salespersons who represent themselves as energy "inspectors" or "auditors."

•Claims of being able to provide

85 percent or more of your hot water or total energy needs.

•Systems that cost more than \$7,000.

•Fuel cost projections of 15 percent or more.

In general the AG's office has found that if you use natural gas to heat water, it is not likely that you will realize any economic benefit from a solar water heater. In addition, the Department of Energy predicts a one-half to two-percent increase above inflation in the cost of electricity and a three- to six-percent rise in the cost of natural gas.

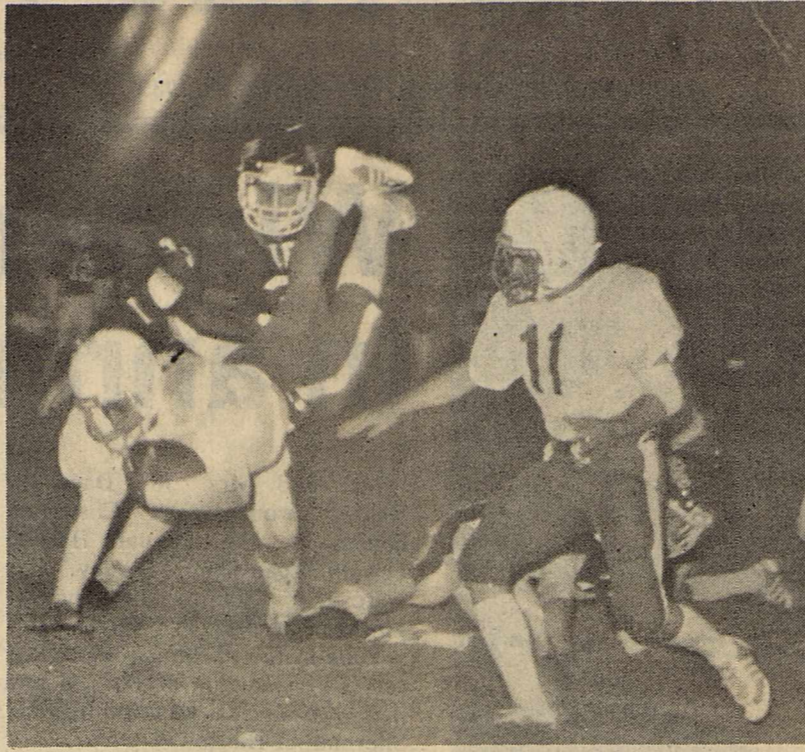

The solar energy industry has been working hard improving and developing its technology and has realized a corresponding increase in acceptance by the American people. But a few unscrupulous sharks are giving the honest business a bad name.

If you are considering a solar energy unit, write for the Attorney General's "Handbook for Analyzing Solar Energy claims."

## Out of the Past

30 Years Ago  
Nov. 24, 1955

The Haskell Indians decisively outplayed the strong Albany Lions in every department of football here Friday night in the district 1-A encounter between the two teams. But the Indians could not compete with the officials' rulings which denied a well-earned title to the championship team and awarded an empty victory on a 0-0 score to the visiting Lions. What happened to the Indians in having a hard-earned touchdown swept aside by a questionable penalty should not happen anywhere this side of the iron curtain.

## Medical warnings fit about anything

BY WENDELL FAUGHT

I've seen all those medical warnings alerting people to various ailments, a la cancer's seven danger signals.

Since I'm often drowsy, I have one of the symptoms of Reye Syndrome. It matters not that I'm not under 16 because the surgeon general only states that Reye Syndrome is more prevalent in those under 16.

At times I'm nervous, nauseated and irritable. I really hit the jackpot here. These are symptoms of a host of illnesses.

I smoke. That makes me a prime candidate for emphysema, high blood pressure, heart disease, lung cancer, etc.

Until this week I had never seen any health warning of any kind which didn't fit me to a 'T'.

Now I'm indebted to the Texas Dept. of Health. A news release this week states that persons who smoke, work under pressure, are overweight, get little or no exercise AND (not or) take birth control pills are likely to have high blood pressure.

High blood pressure I don't have. Not I know why.

Texans, and others, should get a chuckle out of this piece which has appeared in a number of newspapers. It is the original work of Doug Crichton of the Associated Press:

The following article, which has appeared in several Texas newspapers, was originally written by Doug Crichton of the Associated Press:

Camey Lynn Glover Ely

## Glover-Ely vows read in Rochester

Camey Lynn Glover of Rochester and John Charles Ely Jr. of Longview exchanged wedding vows Saturday, Nov. 23 at 3 p.m. The ceremony was performed in the First United Methodist Church of Rochester with Mark Embree of the Rochester Church of Christ officiating. The bride is the daughter of Mr. and Mrs. John Ben Glover of Rochester. The bridegroom is the son of Mr. and Mrs. John C. Ely Sr. of Alvin. The altar of the church was decorated with a 15-candle arch with two side spirals with candles. Two baskets of pink and burgundy

flowers were on each side. Musical selections were presented by Susan Turner of Rochester, organist, as she accompanied Dana Byrd of Rochester as she sang, "If" and "Endless Love." The bride was escorted to the altar by her father and was given in marriage by her parents. She was attired in a traditional white gown that her mother wore at her wedding. It had layers of Venice lace over taffeta. The bosque waist was fashioned with Wedgewood lace overlay on the waist to the neckline. The sleeves were fitted lace to the waist. Her camelot cap of Venice lace sprinkled with seed pearls held the finger tip veil of silk illusion. The veil was circled with Venice lace edging. She carried a cascade bouquet of burgundy and pink carnations and roses. Something old was her wedding dress. She borrowed a bracelet from Earl Alvis that belonged to her grandmother, the late Mrs. I.E. Alvis. Something new were her pearls, a gift from the groom. She wore the traditional blue garter and a six pence in her shoe.

Earlene Austin of Rochester, cousin of the bride, was the matron of honor and Ember Miller of Abilene was maid of honor. Mitch Ely of Alvin, brother of the groom, was best man. Groomsman was Chad Glover, brother of the bride. Serving as ushers were Mitch Ely and Chad Glover. Flower girl was Megan Michael of Odessa, cousin of the bride. She wore a formal length pink taffeta gown with a burgundy cummerbund. The bridal attendants wore formal length burgundy taffeta gowns with pink cummerbunds. The groom wore a white tuxedo with tails and a burgundy rose boutonniere. The groom's attendants wore gray tuxedos with white shirts and burgundy rose boutonnieres. The reception was hosted by the bride's parents in the Fellowship Hall of the church. Rita Kramp of Haskell was in charge. Linda Barnett of Rule attended the register. The bride's table was centered with an arrangement of pink and burgundy flowers with five candles. The three-tiered cake wedding cake was decorated with pink and burgundy flowers and a fountain at the bottom. White doves topped the cake. Cake, punch, nuts and mints were served from the bride's table. Chocolate cake, cheese roll, crackers and coffee were served from the groom's table. Serving at the bride's table were Kathryn Medford of Haskell and Margie Arellano of Abilene. Susan and Valarie Ely, sisters of the groom, served at the groom's table. A rehearsal party was hosted by the bride and groom in the church's Fellowship Hall.

## Sam West

Former major league baseball star Sam West died at 9:20 a.m. Saturday at Methodist Hospital after an illness. He was 81.

The Longview native, who grew up in Haskell County, was a major league baseball player for 18 years with the Washington Senators, the St. Louis Browns and the Chicago White Sox.

West played in the first baseball All-Star game in 1933 and saw action in three others before World War II ended his career in 1942. He had a lifetime batting average of .299, hit .300 or better for 10 seasons and held an American League record with four years of 400-plus putouts in center field.

He once batted six-for-six against Hall of Fame pitcher Ted Lyons, another Texan, and was a rookie at Washington when Babe Ruth hit his 60th home run of the 1927 season.

In an interview with *The Lubbock Avalanche-Journal* in 1982, West said that he did not resent the fact that during his playing days he made far less than athletes of the '70s and '80s.

"More power to 'em," West said. "If they can make that much money, then I'm glad for them. I never thought about making anywhere near that kind of money."

His was an era when Ruth, the greatest player West ever saw, received public criticism for making more money than the President.

"I'll never tell you what I made as a player," West said. "But I will say this, Bobby Layne once said he never made more than \$25,000. I never made more than \$15,000."

Before retiring in 1942, he coached for two years. After moving to Lubbock in 1930, he married Grace Cross. She died on Nov. 14. He was a partner in Jarrett-West Drug Store until 1945 and operated the Sports Center in Lubbock until his retirement in 1970. He was a member of the Lubbock Country Club and the Red Raider Club. He was a Methodist.

Survivors include two brothers, A.Y. of Carlsbad, N.M., and Pete of Lubbock; a sister, Dolly Todd of Wichita Falls.

He was a member of the East Side Baptist Church.

Pallbearers were Frank Jenkins, Billy Mitchell, Orville Darden, Wallace Bird, Milbert Opitz and Jack Jarred.

Survivors include his wife; eight daughters, Gladys Carruth and Neoma Kirby, both of Haskell, Lora Bell Posey of San Antonio, Wanda Jean Dodson of Sacramento, Calif., Mirtie Irene Bunner of Independence, Mo., Rosie Lang of Moscow, Kansas, Evelyne Graham of Dallas and Geneva Miles of San Angelo; one sister, Mrs. Onnie Beaver of Dallas; 26 grandchildren, 35 great-grandchildren and 11 great-great-grandchildren.

He was preceded in death by a daughter, Ora May Blackwell, in 1962; a son, J.R. in 1930, two sisters, two half sisters and one brother.

The Warriors were ahead by 6 at halftime. By third quarter they were ahead by 15.

Paul Harvey led the scoring with 18, and Chan Guess had 14 followed by Brad Bevel with 12.

The freshman Warriors will travel to Hamlin next Monday.

By B.J. Mitchell

## Cattle outlook shows improvement

The cattle market finally seems to be turning around, according to a livestock marketing economist with the Texas Agricultural Extension Service, The Texas A&M University System. Cattle numbers are down, and the price recovery that began a few weeks ago should continue at least until the spring.

The latest cattle-on-feed figures suggest that the oversupply problems of the beef industry caused by larger marketings of overweight feedlot cattle are about over. A 13 percent reduction in calves placed on feed during July-September should assure light supplies of fed beef for the last quarter of this year and continued lower marketings through the first quarter of 1986.

Attending were Sammy Baker, Emery Baker, Felipe Arredondo, Kelly Strickland, Chris Medford, Chris Lopez, Lance Hanson, Kendall Larned and Scott Schaake.

These three Weinert girls were named to the all-district volleyball team selected by district coaches. From left, they are Darla Griffis, Kelly Earp and Karen McGuire.

## Maidens split pair with Roby, Coleman

By Andy Griffith

The Haskell Maidens played the Roby Lionettes Nov. 19 and turned around and played the Coleman Bluecats on Nov. 22.

Both games helped the Maidens improve their ability to play the sport.

The Maidens beat Roby 57-43.

"The girls played an exciting game," Coach George Martin said. The Coleman Bluecats are ranked at the top of their region. They only lost one girl from last year's squad.

The Coleman Bluecats barely squeezed by for a narrow victory 58-54.

"We had some rareless mistakes which I feel cost us the game," Mindy Smith said.

"I am pleased with the girls' performance against Coleman. I feel they played a super game," Coach Martin said.

The Maidens were to play Big Lake this week, but the game was canceled. The Maidens' next game is against Seymour. They play on Dec. 3, around 6:30 p.m. here.

## Weinert advances to quarterfinals

By Stacy Hester

The Weinert Bulldogs beat the Tornillo Coyotes in their bi-district contest Friday night in Imperial.

The Bulldogs romped to an 80-43 victory. Weinert will now advance to the quarterfinal round with only eight teams remaining in the state six-man playoffs.

Weinert scored first with 7:33 in the first quarter. Louis Perez ran in for a 12-yard touchdown. Kevin White kicked the point after.

Tornillo came back to tie the game on a 58-yard pass play. The PAT was successful. This score was made with 4:19 left in the first quarter.

Shannon Forehand then threw a 30-yard pass to Ricky Perez and a 9-yard pass to Louis Perez, both for touchdowns. White's PATs were both successful. This ended the first half scoring with the Bulldogs leading 24-8.

After the half Forehand intercepted a Coyote pass. This set up the next touchdown when Forehand passed 16 yards to Johnny Perez. White kicked the PAT.

Tornillo then ran back the kickoff for an 80-yard return. The PAT was successful. This put the score at 32-16 still in favor of the Bulldogs.

Forehand then came back and threw a 30-yard touchdown pass to Louis Perez with 7:26 left in the third quarter. White's PAT was again successful.

Forehand intercepted another Coyote pass and on the next play, he threw a 66-yard touchdown pass to Ricky Perez. White's PAT was good.

Edward Perez got in on the scoring for the Bulldogs when he ran 4 yards with 1:22 left in the third quarter. White kicked the PAT. This left the Bulldogs with a 56-16 lead.

Tornillo then scored on a 14-yard run. The PAT was good. This score came with 9:28 remaining in the fourth quarter.

Forehand connected with Ricky Perez for a 27-yard touchdown. White's PAT was successful.

The Coyotes then came back and scored on a 1-yard pass play, but the PAT was unsuccessful.

Louis Perez scored again when he ran 39 yards for a touchdown. White's PAT was again successful.

Tornillo scored on another 1-yard touchdown with 1:49 left in the game. The PAT was no good.

Forehand connected with Johnny Perez for the last Bulldog score on a 23-yard pass play. White's PAT was good to give him a perfect night.

The Coyotes scored with :04 left on a 49-yard run. The PAT, a pass play, was good to leave the final score; Weinert 80, Tornillo 43.

Weinert will meet Three Way Friday night at 7 p.m. in Gail. This will be a state six-man quarterfinal matchup.

## Pride.

A tradition in the good country. And at Olney Savings.

The tradition of pride runs deep in the good country, and it sets the people here apart from others.

In one sense, it's pride in being the best they can be. But more importantly, it's pride in knowing that their efforts are directed toward a common good — the kind of pride that can be experienced only through shared achievement.

At Olney Savings, that's the kind of pride we encourage — and always will. Because that's the kind of pride that makes the most important things in life happen.

Come see us soon. Or call and we'll come see you. We'd be proud to serve you.

### Rice Springs Care Home

## Meet a sprite 99-year-old

Charity Bradley is someone you should get to know. Charity was born Nov. 11, 1886, in Bosque County as Charity Neely in a family of seven kids having five sisters and one brother, all now deceased.

She came to West Texas in fall of 1907 and married Ira Bradley Oct. 18, 1908.

They lived on a farm near Rule where Charity was a housewife and loved to grow flowers and help her husband on the farm.

Charity and her husband moved to Rule in the fall of 1945 after retiring. They lived there until they moved to the Leisure Lodge Care Home in Haskell, in 1970. After Charity's husband died in

September of 1973, Charity moved to Rice Springs Care Home where she has been a resident for 12 years.

Charity celebrated her 99th birthday recently with a shower as she called it cake, cards, many gifts and lots and lots of friends and nieces and nephews. She says if she counted right she received 72 cards.

Charity was a member of the First Baptist Church of Rule.

Charity is one of our most active residents. She is still able to bathe herself, dress herself, feed herself and does all her writing of letters and reading of her mail. She attends every activity unless she has company or some other good

excuse. She gets around by wheelchair and walker.

Charity tells everyone who visits with her, "I love it here at RSCH." She says the advice she would like to give to others is, "when you get old and can't take care of yourself, come to Rice Springs Care Home." Charity follows her advise to others by being a member of our "Welcoming Committee" group. This group welcomes new residents to the Care Home as soon as the new resident comes through the doors of Rice Springs.

If you don't know Charity Bradley, you should get to know her very soon.

## A bunch of old bags started this company.

In every bag of Terra Seed, there's a lot of history... and with that comes years of experience in developing high quality, hearty and high yielding seed varieties. The people at Terra Seed Company understand farmers and farm problems... that's why we've been around for awhile. If experience means we're old... then yes, I suppose we are, but when it comes to ideas, innovation, and enterprise... we're as new as they come.

### Old bags filled with new ideas.

Terra Seed Company is an old company with a new name, new people and new dedication. In 1981 Terra

International, Inc. purchased the former Hunt and Tipps Seed Company based in Lubbock, Texas and in 1983 strengthened its operation with the Southwest division of Delta and Pineland Company. With these purchases, Terra was able to combine their knowledge and resources to develop and search out new varieties of high quality planting seeds. Now the Terra Seed Company provides seed varieties that are better than ever!

### We've got it in the bag.

Terra Seed Company understands that in order to keep up its fine reputation, we constantly must improve our product. That's why research, development, production

and an excellent distribution system is so vital. We know that if you're going to get better yields at harvest... we've gotta provide you with a superior product at planting time. That's not a new promise, but rather one that lets you be confident in the fact that with the Terra Seed Company, a good start at planting time is in the bag.

See your local Terra Seed dealer.
