Coke Co. Pharmacy Hit By Burglars

Coke County Pharmacy had an unwelcome visitor about 4 a.m. Wednesday when an unknown person or persons broke into the drug store and took an undetermined amount of drugs. Entry to the building was gained by breaking the glass in the front door.

Deputy Sheriff Ron Wetterman said Wednesday that an investigation of the premises yielded no clues as to the identity of the burglar. No fingerprints were

found, he said. Wetterman said a car was heard leaving Robert Lee going toward Colorado City about the time the burglar alarm went off at the store. However, he said it was about 20 minutes before he was notified of the break-in, "so it was a little late to catch them."

Apparently the burglars were amateurs, since they took drugs not commonly stolen in drug firm burglaries. Wetterman said "no hard stuff was missing" and the merchandise taken would be of little use to anybody who was seeking any kind of dope.

Steve Oleksuik, owner of the store, was busy Wednesday determining just exactly what was taken from his store.

MONDAY IS A HOLIDAY

A number of Robert Lee business firms and offices will be closed Monday in observance of Memorial Day.

County and city offices will be closed and Memorial Day is a mandatory bank holiday, so Robert Lee State Bank will be closed. The U. S. Post Office also will be closed; firms which notified the Observer of their intention to close were Baker's Grocery & Market and West Way Grocery.

However, there probably are other firms which will close and persons who have business in town should bear in mind that Monday is a holiday.

Student Council Officers Named

Officers for the 1977-78 school term have been named by students of Robert Lee High School. Betty Flowers, who has been vice-president this year, will serve as president next year.

Other officers elected include Buddy Wallace, vice-president; Cindy Ash, secretary; Karen Rasco, treasurer; Carla Wojtek, reporter.

Tonight (Friday) is the big night for the 21 members of the Class of 1977 of Robert Lee High School. They will be honored at a commencement exercise beginning at 8 p.m. in the school auditorium.

William E. (Bill) Young, minister of the Johnson Street Church of Christ in San Angelo, will give the commencement address for the class. Young, in addition to having served as a minister in Texas, California and Colorado, has also worked as a teacher and administrator at high school and college levels.

Virgilla Streng is valedictorian of the class and will give the valedictory address. She has a grade average of 95.016. Giving the welcome address will be Morris Wallace, salutatorian of the class, who has a grade average of 93.254.

A complete program of the evening's activities is being run in company with this story.

Ushers will be La-Johnna Deen, Kristen Prather, Richard Long and Barry Clark.

Sponsors are Gayle Bolding and Ronnie Ruff.

The class flower is the daisy and class

colors are yellow, green and white. The class motto is "Success is a journey, not a destination."

Members of the class include: Joe Russell Ash Jr., Travis Eli Austin, Mary Kay Baker, Virginia Ann Balderas, Randall Raughan Bessent, Janice Lynn Bloodworth, Becky Lynn Clark, Sheila Cummins, Jay Lynn Millican, Teresa Lynn Millican.

Also, Anthony William Percifull, Myna Kay Roane, Timothy Allen Rowoldt, John Thomas Sawyer Jr., Gayle Ross Shandley, William John Simpson, Virgilla Helen Streng, Rosa Linda Tijerina, Clark Burns Tinkler, James Morris Wallace and Sheldon Kurt Williams.

Millican Takes Deputy Position

Marshall Millican will take over as deputy sheriff of Coke County in the next few days, according to an announcement this week by Sheriff J. Lee Ensor. Millican, a former deputy, will replace Ron Wetterman who is moving back to his home town of Goldthwaite to serve as a deputy in Mills County.

Ensor said this week he did not know the exact date when Millican will go to work, but said it would be soon. Wetterman's resignation was effective Wednesday.

Seniors Featured in This Edition

This issue of the Robert Lee Observer is the annual Senior Edition and is being handled differently from anything we have done before.

Thanks to the wonderful cooperation of our advertisers we were able to secure a sponsor or someone to feature each of the 21 seniors. In each of the 21 ads a picture of the senior is being run along with names of parents, activities and accomplishments of the senior and the name of the sponsor.

The management of the Observer is deeply appreciative of the willing cooperation shown by local firms to participate in this new way of presenting the class members.

We are also grateful to the sponsors of other ads being run congratulating the seniors on their accomplishments and wishing them well.

It's been a great year and the Observer is happy to join in wishing the very best to the 1977 Class.

Reports

Now is the time of year when students all over the country will be graduating from high schools and colleges, making the important decisions that face them about their careers, their educations, and the lives that lie before them.

As someone who left academic life after a number of years to take an active part in government and politics, I am often asked for advice or opinions on the issue of the in-

terrelationship of public and private life, and on the importance of education as it relates to a career of public service.

There is little doubt in my mind that higher education is of tremendous value to most of those who pursue it; nonetheless, I am also convinced that some do just as well without it, spending their time learning a trade, attending vocational schools, or otherwise pursuing the course

which seems best suited for them.

I hope that some of the graduating students in the 21st District will look this year toward careers in public service. There are a number of ways in which young people can contribute to the public good, such as VISTA (Volunteers in Service to America), the Peace Corps, RSVP (Retired Senior Volunteer Program), or the Foreign Service. It is important to me, as I think it is to most people, to feel that the work I do is of some value to others.

The pursuit of a public service career, while not offering the kinds of visible and tangible rewards of the private sector, offer substantial immaterial rewards and satisfactions to a personal level, and are of true benefit to society.

For those who wish to continue their education in college or vocational schools, the federal government offers a number of programs of financial assistance to those who cannot make it on their own. For more information about such programs as the National Defense Student Loans, the Basic Opportunity Grants, or other financial aid programs, contact your high school or college counselor. They should have information on these means of assistance.

Although there has been substantial criticism of the federal

government's spending for education in the past few years, it is my belief that programs which invest in the ability of our young people to become productive members of society are worthwhile. Most of these programs are loans, which result in no real loss to the Treasury. Other educational funding takes place on a higher level in University communities, such as research. Although many research projects may have technical, lofty sounding titles, the research that has been assisted by the federal

government that takes place in American universities has proven to be a great asset to our country. In the field of agriculture for example, individual farmers and ranchers do not have the resources or expertise to engage in serious research, but universities, aided by the federal government can.

In short, those who have completed their education this year are to be commended.

For those to whom this year's commencement marks just another step in a career, I offer my best wishes.

Reddy Tips
To Help You...

Your ENERGY Dollar\$

Use your
Refrigerator Wisely...

- ★ Open and close the refrigerator and freezer doors only when necessary. Several items can be removed at once to reduce loss of cold air.
- ★ Freezers and refrigerators operate most efficiently when filled to the correct capacity. Foods should be placed slightly apart on refrigerator shelves for correct circulation.
- ★ Cover all liquids stored in the refrigerator (especially frost-free models). Moisture is drawn into the air from uncovered liquids making the refrigerator work harder.
- ★ Be sure your appliance is standing level so that the door seals properly. By setting a glass of water on the top, you can see if it is level.

ALPHA OMICRON NU HAS FINAL REGULAR MEETING OF YEAR

Members of Alpha Omicron Nu met Thursday, May 19, at a San Angelo restaurant with all members present. After enjoying the food and live entertainment, the women made plans for their summer activities.

Ice cream sales are on tap for June 13 and June 16 and a car wash is planned for July 16. It was announced by Sheri Millican that the sorority will have a bridge party June 22 at the home of Gaye Williams.

The group will not meet again in regular session until Sept. 1.

CORRECTION

In a May 13 story an error was made in reporting award winners. Sheri Millican and Gayle Bolding were recipients of Girl of the Year Awards and Kathy Post received the Program of the Year Award.

WALKERS HOSTS FOR PALMER REUNION

A reunion of the descendants of the late Mr. and Mrs. D. H. Palmer, long time Bronte residents, was held during the past weekend at the Recreation Hall in Robert Lee. Mr. and Mrs. Curtis Walker hosted the event. A total of 60 persons registered for the gathering.

Members of the family were present from Wichita Falls, Odessa, Midland, Lake Whitney, San Angelo, Evant, Big Spring, Colorado City, San Antonio and Robert Lee.

Coke County Library News

By Linda Boone, Librarian

Coke County Library will participate in the 1977 Texas Summer Reading Club. The Reading Club is sponsored by the County Library and the Texas State Library.

A summer reading club has two purposes: to encourage leisure reading by children and to promote the library as a place the children will want to return. We hope to achieve both of these goals this summer.

Reading logs will be provided for each child participating. Each child will maintain his own records of books read. Certificates will be awarded at the end of summer to those who have met all requirements.

Enrollment will begin Wednesday, June 1. Also, June 1, summer hours will begin. New hours will be 8 a.m. until 12 noon, Monday through Friday.

Girls Organize Softball Teams

Two girls slow pitch softball teams have been formed at Robert Lee and are ready for action to start next week. One team is made up of girls who are 9-12 years old, while the other team includes those who are 13-15.

Games will be six innings or 1½ hour time limit which ever occurs first. The 9-12 group's games will start at 7 p.m. and no inning will start after 8:25 p.m. Games for the 13-15 group will start at 8:30 p.m. and no inning will begin after 10 p.m.

The schedule follows:

- June 2: Robert Lee at Miles
- June 3: Miles at Rowena
- June 9: Miles at Robert Lee
- June 10: Rowena at Robert Lee
- June 16: Rowena at Miles
- June 17: Robert Lee at Rowena
- June 23: Robert Lee at Miles
- June 24: Rowena at Robert Lee
- June 30: Miles at Rowena

Roy Epperson, Milton Tomplinson and Rhonda Askins will coach the 9-12 year olds and Joe David Key and Steve Olersuik will coach the 13-15 year old group.

Notes From The Oil Field

Oil activity in Coke County has been on the increase during the past week with one completion and other locations staked.

Completed was Mann Rankin of Midland No. 1 Arledge in the Arledge Field three miles north of Sanco.

The new producer is 487 feet from the south and west lines of Section 261, Block 1-A, H&TC Survey.

Daily potential was reported at 200 barrels of 45 gravity oil with a trace of water. Flow was through a 10-64 inch choke with packer set on the casing and 850 pounds tubing pressure.

It is producing from perforations at 6,591-94 feet with the 4½ inch casing set on the bottom at 6,660 feet. Gas-oil ratio was 1,903-1.

Wes-Tex Drilling Co. of Abilene will drill No. 2 S.B. Savage in the Jameson (Strawn) Field two miles northwest of Silver.

The 6,200 foot venture, located on a 79 acre lease, was spotted 660 feet from the north and 1730 feet from the east line of B.H. Humphrey Survey.

Wes-Tex Drilling Co. also spotted No. 1-C.W.I. Tubb Estate in the Jameson (Strawn) Field in Coke County.

The planned 7,000-foot venture is located two miles northwest of Silver on a 70-acre lease.

It spots 421 feet from the north and 4,213 feet from the east lines of Sallie C. Savage Survey 10.

Mann Rankin spotted No. 3 Cargile in the Arledge (Lower Pennsylvanian Sand) Field 12 miles north of Robert Lee.

The planned 6,700-foot venture is located on a 320-acre lease.

It is 500 feet from the north and west lines of Section 300, Block 1-A, H&TC Survey.

Samedan Oil Corp. of Midland will drill No. 1 Harwell as a proposed 6,500-foot wildcat.

Location is 10 miles southeast of Robert Lee on a 320-acre lease.

It spots 660 feet from the north and 1,980 feet from the east lines of Section 2, HE&WT Survey, A-1359.

Dr. Do Installs Separate Phone

A private telephone line has been installed for Dr. Thuy Danh Do in his office at West Coke County Hospital. The number of his office is 453-2509. Persons who wish to talk with the doctor or one of his staff workers are asked to call this number.

Previously, Dr. Do had to be called through the number of the hospital.

Dr. Do's office hours are 9:30 to 11:45 a.m. and 1 to 4:30 p.m. Monday, Tuesday, Wednesday and Friday and 9 to 11:45 a.m. Thursday and Saturday. Persons who need medical attention after the doctor's office hours should call the hospital at 453-2511.

A "staggering" variety of tropical plants could provide many food items for the world--which now depends on only about 20 crops for food. A recent report of a National Academy of Sciences panel on under-exploited tropical plants with promising economic value was cited.

LOOK WHO'S NEW

Mr. and Mrs. Robert Sanchez Jr. of Midland are parents of a son, Shawn Michael. He was born at 5:35 p.m. May 18 at a Midland Hospital and weighed 7 lbs. 5 oz. His grandparents are Mr. and Mrs. Robert Sanchez Sr. of Robert Lee and Mrs. Ernest Little of Goleta, Calif.

Pat Heffernan of Bronte spent the weekend with his grandparents, Mr. and Mrs. T. W. Casey.

Call In Your News - 453-2433

Mrs. Turney Casey went to Dallas with her daughter and son-in-law, Mr. and Mrs. Bascom Chesney of San Angelo, for the May 13 graduation of David Drennan from Dallas Baptist College. David is a son-in-law of the Chesneys; his wife is the former Cindy Millican. While in the Dallas area, they visited in the home of the Drennans and their other daughter, Pam Millican, and Mr. and Mrs. Mark Shelton.

Senior's Last Will and Testament

Virgilla wills her shot to David. However, we don't know if David will have much use for this article since it weighs more than he does.

Becky wills her ways with younger guys to Stella. Get the hint, Kerry?

Myna wills her ability to acquire promise rings to Carla. We thought it would come in handy.

Jay wills his favorite dance, hobby and magazine to Richard. By the way, Richard, we hope you can hustle.

Anthony wills Mike's ID to Dubby, in case Dubby needs it at the Pizza Hut, again.

Dan wills D'Ann to Barry, since Barry can always use another sister.

Mary wills her halters to Danny. Hang in there, Danny.

Kathy wills the Anniversary clock that she bought on the senior trip to LaJohnna in hopes that LaJohnna will have one... anniversary, that is.

Wild William wills his wicked ways to Betty. Caution: The Surgeon General has determined that this product is hazardous to your health.

Sheila wills her understanding and extremely logical mind to Cathy Pierce--I don't get it.

Morris wills his "Rifle" game to Micky. It's a blast, Mick.

Tom leaves his practice and expertise photographic poses to Debra Caulder. Photo-

graphs are available upon request.

Randy leaves Cindy. D'Ann wills Dan to Barry, since Barry can always use another brother.

And now, Vicki, what you've always wanted but were afraid to ask for, Gayle wills you her wedding rings.

Teresi wills her term paper on mental illness to Anita. It'll blow your mind.

Travis wills his broom to Tammy, because she's got the hands for it.

Virginia wills her "Sounds of Silence" to Lupe and Isabel. Try it, you'll like it.

Russell wills his novel, "Jokes in the Key of Gross," hand-written (by a machine) to Dallas. Instructions and answers in the back.

Linda wills 21 phone numbers to Debbie Smith. Linda's keeping one--just in case.

Tim wills his great name, Eight Ball, and his world renown wizardry in the game to Eloy. After all, someone needs to take Tim's place after he's gone.

Janice wills her outstanding ability to ride with Clark and come out alive to Kip. Careful, however, Kip, there's an art to it.

Lori wills Monore to Jo Ann. Anyway, it's your turn, Jo Ann.

FLASH!!!! We have an all points news bulletin. Morris wills his particular territory, the south side of the lake, to Kaylan. Have fun, Kaylan, everyone else has.

Shell wills his gravel truck to Kay so she and her husband can work together.

Clark wills his ability to stay dry for one full week to Billy. By the way, Billy, the towels are included.

Gayle Bolding wills her remarkable ability to answer every question with another question to Coach Dukes. It's a great help during class meetings, Coach.

Coach Ruff wills his face to science with high hopes that maybe they can find a cure.

When sewing collars, facings and cuffs--press seams open on a point presser or seam roll before turning them right-side-out. Seams will be easy to turn and will form a smooth edge.

1977 Senior Prophecy

May 27, 1977

Robert Lee Observer

PAGE 7

One spring evening as I was dozing in front of my T.V., I was awakened by an unusual advertisement for a Millican's Mortuary. I thought the name sounded familiar, and indeed the director was none other than Jay Millican. It seemed that he had modernized the mortuary business with far-out funerals for real cool cats.

This brought to my mind the Senior class of '77, and I began to wonder about what had happened to the rest of them. So I decided to take a quick trip to the better half of Coke County and see.

On my arrival, the first person I ran into was Myna Kay. Luckily, Daryl was able to fix the fenders. While we were waiting for the repairs we chatted and I discovered that Myna Kay was now secretary for the ISPA (The Institution of Short People of America.)

I asked her if anyone else had gone on to become a secretary. She said Linda Gayle had started to, but ended up as a pitstop worker at the Indi 500 and is also the mother of five speed demons.

I learned from Myna's conversation that much of the class was ambitious and pulled up roots to see the world. It seems that Virginia was off hunting the rare 20-20 vision vine in the deep orchards of Florida and has not been heard from for three years.

Dan had joined the tennis circuit and is winning doubles matches with his new tennis partner, Renea Richard. He seems to be having a gay-o time.

Mary Kay has moved to Colorado and is very busy with her plush horse stables. She somehow found time to write a book for beginners called "How to Ride 'Em When You Don't Know How".

As to the Adventures of Tom Sawyer, he has moved to Mississippi and freights pigs from one side to the other on his custom made raft. This comes in handy for his in-laws because they get half price.

She mentioned that Lori now owned a small cafe downtown called the Killiam (kill 'em) Steers Cafe. I remembered that I was hungry so since the cars were fixed, we exchange-

ed good-bys and insurance companys and I was on my way to grab a bite to eat.

Lori fixed me one of their super deluxe hamburgers with two all beef patties, special sauce, lettuce, cheese, pickles, onions on sesame seed buns.

As I ate, Lori said she'd sit with me because she deserved a break today. She filled me in on some more of her classmates.

Her old pal Virgilla has developed a string of Streng stringed canned goods. Her biggest selling products are Streng String Beans, Streng Stretched and Stringed Strawberries, and a new taste treat Streng Stringed Starfish.

Becky having achieved her L.V.N. license is school nurse at a Boys Ranch. She's still taking care of the teen-age boys.

As the conversation went on, I found that D'Ann is the founder of Pecan Valley Rehabilitation Center. It specializes in the rehabilitation of short-handed people.

The new girl Theresa Millican, Lori informed me, has the Millican Ranch out at Silver and seems to be repopulating Silver as she has just had her eighth kid.

My dinner finished, I left the cafe. I couldn't be in town without seeing my sister and Shell so I headed directly for their house.

As I drove down the Sterling City Highway I glimpsed a garage with a sign that read: TRAVIS BODY SHOP, We Get the Job Done Right the First Time.

As I drove on to their house I opened the door to be plowed over by a canary, six cats, three Labadores and two kids. Cautiously I stepped into the house. I looked around and finally found Shell in the closet. I asked where Stacy was and he shakily replied that she had gone for bridge with the girls and he had been left alone to defend himself--er--take care of the kids.

We sat down and I told him of my adventures of the day and asked him what had been cookin' in my absence. He told me the Chevrolet House was for sale. Seeing my surprise, he hastily explained that Randy had

passed only 60 of the 130 hours he needed to graduate at Tech and had run up a bill of \$127,000 in the past few years.

Good ol' Anthony had started the AAA (Anthony's Angels of America). What exactly it was for only Anthony and his angels knew for sure.

That finicky cat Morris had started out for a law degree, ended up with a chemist and is now working on a solution that will absolutely guarantee straight hair.

Shell also informed that Wild Will had gotten too wild for his own good and wound up in jail in Tiajuana and it cost him 3 ranches and a half a million dollars to get out. He's now trying to rebuild his empire by raising worms in the vacant lot next to the city park.

Well, there are the not so business minded and then there are the business minded. Clark, for instance, had settled to being a nice business man. He is the owner of a line of factories that make the famous Tinkler Tinkle Pots for Tots.

And Tim has gone into a singing and dancing career. He has his own band "The Eight Nuts" which play nightly in his dance hall "The Eightball Ballroom."

Janice had made her millions with her Bloodworth's Beauty Lotion. She is now investing in a large ranch to raise herfords. (Cows, that is).

Shell said he had an errand to run and left me with the kids (... and the canary and the cats and the dogs...) In trying to amuse myself I looked through the bookcase. I found an unusual book by a familiar author, called "But I Don't Understand" by Sheila Cummins. Below it I found its sequel, "I'll Explain It To You Later" by Russel Ash.

As I seemed to have heard that story before, I settled for the newspaper. Two feature stories caught my eye.

A Miss Linda Tijerina had met her match at the powder puff boxing tournament held at Madison Square Gardens. She was puffed to a knock-out in the 9th

round. She is presently resting up for her next match with Pinkie Tuscadaro. Looks like Linda really got into the swing of things.

A small group headed by none other than Kathy Deen had made the top of the charts with their own revised edition of "Smoke On the Water."

Feeling content that I had completed the task of finding out about the class of '77, I was reminded of our Jr.-Sr. Banquet theme "We may never pass this way again." And in the case of the seniors, I must say.... THANK GOODNESS!

Only 2.3 per cent of the nation's women earn more than \$25,000 per year--yet women comprise over 40 per cent of the labor force.

JAMIE CAROL CRAIG GRADUATES AT ACU

Jamie Carol Craig of Robert Lee was a member of the 1977 graduating class at Abilene Christian University. The commencement exercises were held May 1.

Miss Craig, who was escorted by her father J. H. Craig, for the special hooding ceremony, received a Bachelor of Science Degree in education with a minor in psychology. Her specialization was Early Childhood/Exceptional Kindergarten. Other relatives came for the graduation from Forsan, Odessa, Dallas and Lubbock.

After the sun goes down, open doors and windows to let in cool evening breezes--for cooling.

**Lubbock Man
Hits Hole in One**

Stan Bilsland of Lubbock performed an unusual feat recently at the Mountain Creek Golf Course. He made a hole in one. The odds against such a thing happening are tremendous.

The Lubbock man made hole number eight at the local course, a distance of 144 yards. He has mailed in certified forms to Golf Digest to record the score.

In a letter to Mrs. Mary Martin, secretary of the Mountain Creek Golf Club, Bilsland stated: "You have a fine course and I, obviously, enjoyed the round there very much. We'll see you again next year on our annual fishing trip."

CARDINAL CENTER HERE

Tom Brahaney, center for the St. Louis Cardinal football team, also was a recent player on the Mountain Creek Golf Course. The big football player is from Midland and was in Robert Lee playing with a couple of his former coaches.

Mrs. Martin reported that 45 teams already have signed up for the Annual Robert Lee Partnership Tournament which is scheduled for June 11 and 12. A total of 64 teams can be accommodated at the tournament and a full house is expected.

**Local Church
Changes Name**

The old Full-Gospel Church on Sixth and Houston has recently become the Victory Assembly of God. The Rev. Doyle N. Oliver is the pastor of the church.

The Olivers are from San Angelo originally, and have served churches in Eldorado and Arlington, Ky. They came to Robert Lee from Clyde, where they pastored for 2½ years.

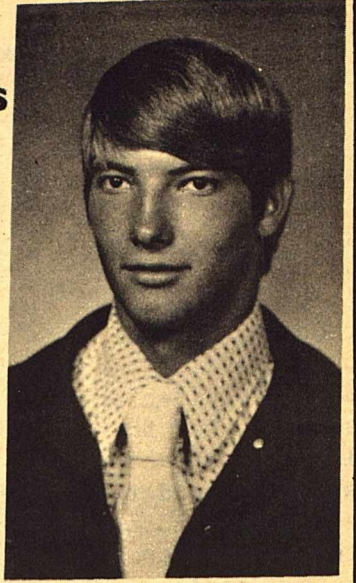

The Rev. Oliver graduated from Southwestern Assemblies of God College, Waxahachie, in 1970 with a B.A. degree. He is presently employed in San Angelo.

The Olivers have one son, Michael, who is 6½. They reside at 201 E. Seventh here in Robert Lee.

Plans are being made to make repairs on the church building so it will be more comfortable. The Olivers would like to extend thanks to all who have made them welcome in Robert Lee.

PERSONALS

Mrs. Bess Keener recently visited in San Saba with her father, John Duff, and with the Mert Donleys at Voca. Mr. Donley, who underwent surgery May 10 in San Antonio for a pace-maker, is at home and reportedly doing fine.

Mrs. Keener left for Garland Wednesday to visit her daughter and family, the C. D. Herrons, and to attend graduation exercises on Saturday of her granddaughter, Deena. Miss Herron plans to enroll at Texas A&M University this fall.

Mr. and Mrs. Jimmy Millican and Shane moved last week from Midland to Oklahoma City, Okla. Millican, who is employed by Sun Oil Co., was transferred to the office in Oklahoma City as a land technician. He was doing drafting in the Midland office. He is the son of Mr. and Mrs. D.B. Millican of Silver.

Johnny Millican of Silver, recently wrote a short story about his grandfather, Dave Millican, who is a resident of West Coke County Nursing Home, and has been notified that the article has been published in the July issue of Frontier Times magazine.

USDA Announces Dates and Rules For Beef Research, Info Referendum

The U. S. Department of Agriculture (USDA) has announced June 6 as the beginning of a two-week registration period for the Beef Research and Information Order referendum and issued rules for the referendum.

Anyone who was a cattle producer during 1976 can register to vote, either in person or by mail, at local Agricultural Stabilization and Conservation Service (ASCS) offices between June 6 and 17.

A list of those who register will be posted daily at ASCS offices and a final listing will be posted five days after registration closes.

Those registered can vote between July 5 and July 15 at their ASCS

office. For approval of the Beef Research and Information Order, at least 50 per cent of those registered must vote, and two-thirds of them must favor it.

The Order that producers will consider in the upcoming referendum would authorize a research and information program administered by a Beef Board of up to 68 producers. Board members would be appointed by the Secretary of Agriculture from nominations submitted by producer organizations. Each state or geographic area would be represented in proportion to its cattle production.

The Beef Board could initiate a broad spectrum of projects to

improve beef production, distribution and marketing. Such a program could include consumer education and information, and research.

During the first three years of operation, the Board could collect assessments of up to three-tenths of one per cent of the value of all cattle sold. After that, the rate of assessment could be changed but could not exceed five-tenths of one per cent--the maximum amount permitted under the Beef Research and Information Act. Producers not wishing to participate in the program could have their assessment refunded.

The rules for conducting the referendum are scheduled to be published in the May 17 Federal Register. Copies will be available from Program Operations Division, ASCS, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013.

Body of Abilene Man Recovered At Lake Spence

The body of Joseph Roscoe Johnson, 51, of Abilene was found in Lake Spence about 8:10 p.m. Sunday. He had been missing since May 14, but all efforts to recover the body had failed due to the depth of the water and heavy brush in the lake bed.

Mr. Johnson's body was spotted from the shore some distance out from the dam on the north side of the lake, and was retrieved by Game Warden R.L. Flanagan.

Sheriff J. Lee Ensor said there was no evidence of foul play.

Funeral services for Mr. Johnson were held Wednesday in Abilene, with military graveside services at Elmwood Memorial Park.

He was born Nov. 29, 1925 in Clifton and was married to Jhung Sook Lee in 1957 in Seoul, Korea. He retired from the army in 1973 after 22 years of service and moved to Abilene from Killeen in 1974.

Survivors include his wife; a son; two sisters; two brothers and a niece.

Canning and freezing time is upon us and it is most important that good, reliable tested and approved methods are used to insure good quality food. This is important whether you are freezing foods or canning. In canning there is a definite danger of food poisoning if improper methods are used.

All non-acid foods such as green beans, squash, peas, greens, okra, peppers and others must be processed in a pressure canner. Jars must not have chips or cracks and lids must be from a reliable manufacturer with new sealing caps and well taken care of rings. Follow manufacturer's instructions for heating and using.

Frozen foods will continue to mature if the enzymes are not killed through heat. These foods should be heated thoroughly, cooked quickly, package in moisture proof, vapor proof containers labeled and quick frozen to maintain good quality.

I have free bulletins on freezing and canning in my office. Call 453-2461, send a card to Box 126, Robert Lee for your free copies. We also have pickling information and many ideas for saving your onion and potato crop. Call for any needed information and we will try our best to answer all questions.

Educational programs conducted by the Texas Agriculture Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Younger and lower-income households are making more changes in cooking practices to save energy than are other households.

A.U.S. Department of Agriculture survey reports one-tenth of its respondents cook more food in the oven at one time, use slow cookers and other specialty items, or buy more food that requires little or no cooking at home.
