## Robert Vaughan Is Citizen of Year

**Views Wanted On Conservation**

"Public views on the future of the conservation, protection and enhancement of Texas' soil, water, and related natural resources will be sought at a meeting to be held in the district courtroom in Robert Lee at 7:30 p.m. on June 12, 1978," Joe Rawlings, chairman of the Coke County Soil and Water Conservation District, said.

The meeting is in response to President Carter's signing of the Resources Conservation Act last November which requires an appraisal and evaluation of the state and nation soil and water conservation program.

"The RCA act authorizes and directs the Secretary of Agriculture to develop a national soil and water conservation program in cooperation with the public, our local soil and water conservation districts, the Texas State Soil and Water Conservation Board, and the Soil Conservation Service," said Rawlings.

"This program will establish new direction for future soil and water conservation efforts in Texas based on current soil, water, and related resource appraisals," Rawlings continued. "One point I want to make clear is that districts in their 40 year history have always assisted landowners with voluntary conservation programs on their farms and ranches. We do not advocate any other approach since farm and ranch land is privately owned and that the interests and welfare of the owners must be served and that programs must be acceptable to them," Rawlings added.

"Our first meeting will primarily deal with discussions on soil and water resources in the district and how to conserve them" he said.

The public will also have the opportunity to learn more about the RCA act and the mission, relationship, and responsibilities of the district and the SCS.

"I want to emphasize that a grass roots, bottom-up approach is the key to this act. Our district and the SCS will need to identify specific resource concerns and associated problems, if any, in addition to determining the extent and severity of these problems. We urge anyone with an interest in natural resource conservation to attend and air their views," Rawlings concluded.

**Former Governor, County Native Dies in Dallas**

A Coke County native, former New Mexico Gov. John Burroughs, 71, died Sunday in a Dallas hospital of lung infection. Burroughs, who made his home in Portales, N.M., was governor in 1959-60.

The former governor was born at Robert Lee and his father, Jim Burroughs, served as Coke County sheriff from 1914-16.

Burroughs moved with his family to Lubbock about 1918. He graduated from Texas Tech in 1939 and was vocational agriculture teacher until he entered business. He built up a highly successful peanut processing and farming operation in the Portales area.

Burroughs defeated Edwin L. Mecham for New Mexico governor in 1958.

Old timers in this area remember in his boyhood days he was known as "Johnny Bill" Burroughs. He was a nephew of the late John Burroughs, who was a Divide farmer.

A picture in Sunday's Standard-Times shows Burroughs having a pleasant visit in 1975 with then Gov. Jimmy Carter of Georgia.

**Two Candidates On Runoff Ballot**

Absentee voting is now underway in the second (runoff) Democratic Primary in Texas. Voting is being done in the usual manner in the office of County Clerk Mrs. Winnie Waldrop.

Only one race is being voted on in Coke County. The names of John Poerner and Jerry Sadler appear on the ballot for the office of railroad commissioner.

The election will be held June 3.

**ANITA BALDERAS, CARLOS MINJAREZ TO WED JUNE 2**

Mr. and Mrs. Alfonso Balderas of Robert Lee announce the engagement of their daughter, Anita Balderas, to Carlos Minjarez of Bronte.

Parents of the prospective bridegroom are Mr. and Mrs. Edward Minjarez of Bronte.

The couple will be married at 7 p.m. June 8 at the New Recreation Hall in Robert Lee.

Miss Balderas is a 1978 graduate of Robert Lee High School.

Her fiance is employed by J.D. Harmon, Inc.

**FB GROUP INSURANCE GIVES PROTECTION**

Members of the Coke-Sterling County Farm Bureau and members of their families are automatically covered in a group accidental death insurance program.

Benefits are \$1,000 for member, \$1,000 for member's spouse, and \$500 for each unmarried child under 25 living at home, attending school, or in the armed forces. There is no exclusion provided that the accident occurs within policy period and death occurs within 90 days after the accident.

Since the program began in 1971, more than 1,200 claims totaling more than \$1 million have been paid in Texas.

**Postage Increase Going Into Effect**

Sunday will be the last day to mail a letter for 13 cents. At 12:01 a.m. on May 29, the price for mailing a first class letter will be 15 cents.

The decision to increase mailing costs was made several days ago and was quickly implemented as another effort to do something about the perennial deficit under which the Post Office Department operates.

The usual 9 cent post card will go up to 10 cents at the same time.

Other increases include higher costs for third class matter (parcel post) and second class matter (newspapers and magazines).

**Dustdevils Fall  
To Bulldogs**

The Robert Lee Dustdevils fall short to the Miles Bulldogs by a score of 3 to 1 Thursday night.

The first inning, the Dustdevils were three up and three down. The Bulldogs got one hit the first inning and were unable to score.

The second inning, the Dustdevils got two walks, but were unable to score. The Bulldogs left one on in the second also.

The third inning the Dustdevils repeated the first inning, while the Bulldogs got one hit and a base-on-balls, and still couldn't score.

The fourth inning O.J. Saucedo got on with a single, but was left on base. The Bulldogs got their first two runs on three singles, while leaving two men on base.

The fifth inning Scot Long led off with a single. After stealing second base, Scot was moved to third on a ground out to first. Scot scored on the next batter's slow ground out ball to the first baseman. The inning was retired on the next batter. The Bulldogs managed to gather up another score in the bottom of the fifth.

The sixth inning the Dustdevils left one on. The bottom of the sixth the Bulldogs did the same.

The seventh inning was do or die for the Dustdevils. The first batter walked. The next batter hit a ground ball to the Miles first baseman. The next batter walked, putting two men on. The next batter popped out to the Miles catcher. With two men on and two outs, the next batter walked loading the bases. All the Dustdevils needed now was a hit. It looked like they were going to get it, but a diving catch on a shallow fly ball from the Miles third baseman retired the inning and won the game for the Bulldogs.

The Dustdevils would like to say thanks to J.M. Henderson for helping out with the umpiring of the bases.

### Health Services Offered at Home

Clients using home health care services often need skilled nursing service by an LVN or an RN, but they are ineligible for home health visits because their skilled nursing needs do not meet the Medicare guidelines for "skilled care".

Seeing this special need, the MBFA Foundation, which has delivered home health care in Texas since 1969, now announces a new service to these special clients.

Now those persons who require less than skilled care under the Medicare guidelines, or those who require the skills of a licensed professional (vocational) or registered nurse, but cannot afford to

pay the regular charge and have no insurance covering these services, are eligible through the Texas Homemaker Service, a division of MBFA Foundation.

An example of this type of service would be the client who needs a B-12 or other type of vitamin injections, as has been ordered by an attending physician, and has no Medicare, Medicaid, Veterans or private insurance of any kind and cannot afford to pay the normal charge. Now this patient can have the visits of an LVN or RN in the home at a beneficial rate based on one's individual financial status.

This service also will benefit the patient who

has been on the home health service under Medicare, or some other type of insurance coverage, and has depleted this coverage, but is still in need of skilled nursing service. Now the client can pay a beneficial rate and remain on the service under this new system through MBFA's Texas Homemaker Service.

The service should not be confused with regular homemaker services. This is still skilled nursing care given by an LVN or RN, but just does not meet the Medicare guidelines. The client must be under the care of a physician who will order this service for the patient.

You may discuss this with your physician or you may call the West Central Texas Home Health Agency for more information. The phone number to call is (915) 677-2231 (collect) in Abilene. Judy White, R.N. Supervisor for the Bronte area will be able to answer any questions you or your physician may have regarding this new service.

Mrs. White indicates that this new service will provide another alternative to their clients toward better and more complete medical care available in the clients' homes. She adds, "MBFA Foundation's motto is a 'Vision With A Task', and this task is continually being accomplished and the vision is becoming a reality to those the Foundation is privileged to serve."

### Two Vehicles In Accident

A two vehicle accident occurred Monday night in front of the Little Freezer in Robert Lee, with moderate damage to both vehicles. One of the cars was driven by Stanley Daulong of Bronte and the other by Mrs. Verna McDorman of Robert Lee.

Report of the accident said Daulong was driving north on Commerce Street and Mrs. McDorman was driving south when she turned left toward the Little Freezer parking area.

The report said the vehicles sustained quite a bit of damage but there was no injuries to the occupants.

### Senior Prophecy Reveals Future

I was touring Texas in early spring in 1988 and decided to check up on the 1978 graduates of Robert High School.

I stopped for gas at Ross's Conoco which is now Big Bear's Pit Stop and Barry filled us in on Billy Matlock's new job at the Coor's brewery as taste tester. As I was getting gas Isabel Costilla drives up and it took me three hours to get out of ear shot but she did give me a little information about Kaylan Service. She is now in Aspen chasing John Denver.

I was getting hungry so decided to head to the Little Freezer. On the way I ran across Kip and Buddy each with an arm load of kids he-

aded for the doctor's office with twins on the way. It seems they were in a hurry so I gave them a lift to the hospital. There I met Debbie Smith. She had worked up from nurses' aide to private nurse for Dr. Stephen Ray.

Once again as I was headed toward Little Freezer, I recognized a little white Subaru. So I stopped it and sure enough it was Vicki Gartman. It seems she is still trying to decide whether to have Blooming Idiots or Huckleberry Finns. Vicki told me that Betty Flowers had finally passed her Freshman year at ASU.

I finally made it to the Little Freezer ex-

cept it was called Deputy's Dub's Coffee Shop. I went in and found Dubby had taken it over and Lupe Costilla and Cathy Pierce were waitresses dressed in policeman's uniforms.

Dubby told us that Mickey Baker was a member of the Houston Rockets Team, as water boy. He also told us that Richard Long is singing in Nashville, followed by his entire fan club .....Carla. Dubby also said that David Meadows was now famous for the new version of "Drummer Boy".

I picked up a paper and saw a picture of Jackie Bishop in it. She had just won the Kentucky Derby, she was the only one entered though.

Dubby also filled us in on Stella Bickley. He told me that Stella is continuing her basketball career. She was signed up by the Wayland Flying Queens, as pilot of the plane they fly in.

Lupe informed me that Anita and Carlos live at Bronte with their 10 kids all packed in the back of their Chevy. She also said that Rosa and Joe had gotten married and have taken up cycling--tricycles.

I thought I'd drive around town for awhile to see how much things have changed.

I drove by Kay Torres' house. It is still a little bitty house and it seemed instead of her house expanding, her kids have.

I then went to the school and found that Eloy had done so many of the small jobs for Mr. Long that the school board hired Eloy as Ag. teacher instead of Mr. Long.

Eloy told me that Dallas Johnson has just come home from the Coast Guard and is now in Wall navigating Debra's shark expedition. He also told us that Tammy was working in an office as secretary. So I went to see her and she told me that she was selling steamomatic cleaner and clay pottery in her spare time.

She also told me that Lynnette Boykin was working as a electric socket tester with Randy Kilowatts.

Tammy also said that Lisa Bessent had set up her own studio for the use of photographing Jack only, at Horton's Portraits.

Well that concludes my stop, checking out the 1978 graduates of RLHS. It seems they have done pretty good in life.

### Time to Spray for Pecan Casebearer

**TIME TO SPRAY**

The pecan nut casebearer makes its presence known about this time each year and I receive numerous calls regarding the proper time to spray to control the casebearer. The calls we have received, but the casebearer has been a little more difficult to pinpoint this year. The cool nighttime temperatures we experienced earlier slowed down tree and nut development; likewise, the casebearer appears to be slightly later than usual. In checks made here in the county through Monday, only one egg was found and no tunneled or eaten nuts were found. The adult moth had

emerged from the stems but no damage was found. Normally the female will emerge, then mature for 3 to 6 days before she starts laying eggs on the nutlets. Once the eggs are deposited, it takes four to six days for the eggs to hatch. Based on what I have found, plus what the Extension agents in Runnels and Tom Green Counties have found, we anticipate nut damage to being between May 25 and May 28. Likewise, we expect the egg lay to be over a period of several days. Our recommendations are that you check your pecan nutlets daily. Once you find damaged nuts, spray your tree

or trees. Then, five to seven days later, give your trees a second spraying. We think the proper time to start will be May 25 to May 28. The second application then would be due between May 30 and June 5. We would recommend you use Malathion, Seven, or Zolone. Add zinc sulfate or NZN to your spray mix. The zinc will help control rosette and strengthen your trees. The casebearer will make another cycle in about 42 days. Usually the second generation is less damaging. Also, be on the lookout for the walnut caterpillar. This is the insect that strips the foliage. The same chemicals listed above will control this insect. We will continue to check for the casebearer as time allows. If our findings are different than what is being anticipated, we will update our recommendations. Several calls have been received about "gum" or "sap" on young or green peaches. This damage is being done by the plum curculio - the same insect that bothers the fruit at or near the ripe stage. Based on the estimated date of the present damage, we are suggesting the peaches be sprayed with Malathion between May 25 and May 27 then continue at 10 day to two week intervals until harvest. This would mean two to four more applications before harvest. The curculio, at least in certain locations, is causing considerable damage.

## Dr. Do Reveals Hardships Under Communist Rule

Robert Lee High School was honored to have a special guest on Wednesday, May 17. Grades six through 12 listened as Dr. Thuy Danh Do, Robert Lee, told of life in Communist countries.

Dr. Do told of how the people in Vietnam were made to clean the streets before they even thought of cleaning their own homes. The government and their country was to come before their own family.

At school the children were taught only the basics. Reading and writing were taught, but there were not any subjects like math such as we have. The school, Dr. Do said, was used for propaganda purposes as were the churches. There were no lunches offered at school. The children had to bring their lunch or go home for it.

Food, in Communist countries, is obtained through food stamps. Everyone is given just enough to live on and no more. Milk and sugar are luxury to them.

Terror is used in Communist countries to keep control of the people. People were always watched. Family members had to report on friends, and if the reports didn't match, someone was in trouble.

The freedoms that we take for granted so often are not open to those in Communist countries. The freedom of speech is definitely not a part of their li-

fe. The American way of working, achieving, and promotion is not a dream for them. If an average citizen becomes too powerful he will be killed or simply disappear.

The speaker made the audience realize that almost all Americans don't appreciate the life that we have here. We cannot fathom a life without our God, our education, and the privilege to speak our mind. All of these are our privileges to use without fear of death or disappearance.

To show Dr. Do their appreciation of his outstanding talk, the students along with several visitors gave him a standing ovation.

## Mrs. Hinnard Is Injured in Wreck

Mrs. Gene (Thelma Jo) Hinnard was injured in a one car accident Tuesday afternoon of last week, when her car went out of control about five miles north of San Angelo and overturned.

Mrs. Hinnard was hospitalized, suffering from broken ribs, cuts and bruises. She was dismissed from the hospital Sunday, returned to work in the ASCS office Monday, but had to return to the hospital Tuesday morning.

Mrs. Mark Simons and son, Scott, have returned to their home in Virginia after visiting several weeks with her parents, Mr. and Mrs. Horace Scott.

### Melissa Ann St. Clair, Michael Davis Wed in Mertzon Church Ceremony

A double ring ceremony in the First United Methodist Church of Mertzon May 20 united in marriage Miss Melissa Anne St. Clair and Michael DeWayne Davis. The bride is the daughter of Mrs. Daniel Clifton St. Clair of Mertzon and the late Mr. St. Clair. The groom's parents are Mr. and Mrs. Addison Davis of Robert Lee.

The Rev. Grady Peters officiated at the ceremony before a setting of white gladioli and daisies flanked by candleabra and greenery. White satin rope, ice blue ribbons and candles adorned the altar

railing.

The bride was given in marriage by her brother, Robert Steven St. Clair. She wore a formal gown of pearl white poly knit, chiffon and Venise lace. Beaded Venise lace formed the scoop neckline with chiffon capelet sleeves extending across the back yoke. Beaded lace appliques were repeated on the high rise bodice extending over the skirt. The softly flowing skirt swept to back fullness to form a chapel train. The stand up Venise lace cap held the lace edged veil of illusion falling to chapel length. She carried a bouquet of orange blossoms and forget-me-nots centered with a white orchid.

Miss Nancy St. Clair, sister of the bride, was maid of honor. The bridesmaids were Nadine Davis, of Robert Lee sister of the groom, Mrs. Doug Rainey and Miss Susan Mayse of Mertzon. Their empire waist dresses of printed blue voile featured cowl necklines. They carried bouquets of white carnations and blue forget-me-nots.

The best man was Craig Bessent of Lubbock. The groomsmen were Poly Abalos of Sonora, Wibby Millican of Levelland and Ronny Payne of San Angelo. Ushers were Steve Evans and Burney Shelton of Mertzon and Mitch Davis of San Angelo.

The groom wore an ice

blue tuxedo with the lapels edged with darker blue and a white ruffled shirt. The groomsmen's tuxedos were ice blue jackets and dark blue trousers along with white ruffled shirts.

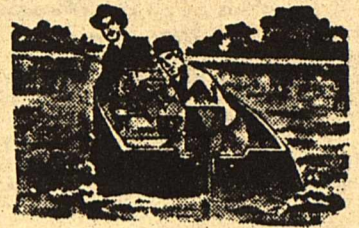

Prior to the ceremony Mrs. Elton Gene Davis of Mertzon sang "More" and "The Wedding Song" accompanied by Mrs. Morris Grice. Mrs. Sid Burns of Odessa provided the traditional music during the ceremony.

A reception followed the ceremony in the Mertzon Community Building. Light blue and white were accented in the arrangements. Members of the house party were: Mrs. J.W. Wallace of Clyde, Mrs. Javan Vosburg of Robert Lee, Mrs. J. Lane of Rankin, Mrs. Joe Kessler of Iraan, Mrs. James Kessler of Big Lake, Miss Delanie Montfort and Miss Laurie Leech of Austin; Mrs. A.M. Lasater, Mrs. Howe Mayse, Mrs. Stewart Evans and Mrs. C.W. Trainer of Mertzon.

The couple left on a trip to Ruidoso, N.M. They will reside at 524 Pulliam Street in San Angelo.

The bride is a 1977 graduate of Irion County High School and attended Angelo State University. She is employed in Mertzon. The bridegroom is a 1975 graduate of Robert Lee High School. He is attending Angelo State University and is empl-

oyed at Super Sports. Mr. and Mrs. Addison Davis were hosts for the rehearsal dinner given at the Mertzon Community Building. Fabric flower arrangements were featured in the decorations for the buffet dinner.
