24th Sanco Homecoming Is Planned for Weekend

Homecoming weekend is here for present and past residents of Sanco and things are shaping up for the big celebration which will start Saturday night and continue through Sunday.

The official Homecoming program will begin at 10:30 a.m. Sunday, but an unofficial gathering will start at 8 o'clock Saturday night. Nolan Pentecost will be master of ceremonies for the Sunday program. The devotional will be given by Rev. Darryl Kelly, pastor of the First Evangelical Methodist Church in San Angelo. Former students and teachers will be recognized.

The Sanco Community Association will furnish barbecue and ice tea for the noon meal. Those attending are requested to bring other foods to go along with the meat and drinks.

Recent rains have greened up the Sanco area in the last few weeks, enhancing the beauty of

Club to Make Last Paper Drive

The '64 Study Club wishes to thank everyone who donated paper for their paper drive, and those who helped get the paper to the recycling places.

The club regrets that it will have to discontinue the paper drive as the buyer at San Angelo can only take non-plastic lined feed sacks and flattened corrugated boxes.

Newspapers and flattened corrugated boxes are being bought in Abilene, but the distance prohibits taking the paper there unless someone is already having to go. There will be a truck going to Abilene June 13, taking newspapers and flattened corrugated boxes only. This will be the last trip.

Anyone wishing to donate newspapers tied in bundles or put in grocery sacks, and/or flattened corrugated boxes, and non-plastic lined feed sacks, may call 453-2523, to find where to take them.

the setting for the homecoming.

James Bird Pentecost, president of the association, said that generous contributions by several local persons have made it possible to put new doors, some new windows and a new roof on the old school house. He said repairs will be continued after the homecoming.

Everyone is invited to come to the celebration, Pentecost said, adding, "We are expecting a good crowd and a wonderful time again this year."

Petitions Ask For Ambulance

Petitions are still being circulated in Coke County requesting that the county provide ambulance service for all residents. Backers of the movement said they hope to present the petitions to the commissioners' court either at its meeting Monday or the following week.

It was reported that a large number of signatures have been obtained on the west side of the county, with a lesser number of citizens from the east side signing it.

Members of the commissioners' court indicated they would look favorably on trying to work out a solution to the lack of ambulance service if enough signers are obtained to convince them the petitions reflect the wishes of the people.

Coke County has been without ambulance service for several weeks since Shaffer Funeral Home stopped its ambulance service. Shaffer has made a proposal to re-instate the service if an agreement could be reached for sufficient payment at least to make it break even.

COUPLE TO BE HONORED

Mr. and Mrs. W.M. Sparks of Roswell, N.M., will be honored at a reception Sunday in observance of their 50th wedding anniversary. The affair will be held at the First United Methodist Church in Roswell.

Pecan Baptist To Have Revival

A revival meeting will start Sunday at the Pecan Baptist Church west of Robert Lee. The special services will continue through June 10.

Evangelist doing the preaching will be John Boland of Canton.

Services will be held each day at 8 p.m. and at 11 a.m. on Sunday.

The pastor, Rev. John C. Hix, said everyone has a cordial invitation to attend all the services.

STUDENTS MAKE ASU HONOR ROLL

The playday at the Bronte arena this Saturday night is important because participants will start counting points toward their season records.

The playday program, sponsored by the Coke County Rodeo Association, so far this season has consisted of practice contests and points were not counted.

Mrs. Curtis Walker and Debbie Caulder were in Merkel Tuesday night to attend the Eighth Grade Graduation at Merkel School. Eddie Caulder, grandson of Mrs. Walker and brother of Debbie, was among the students graduating.

Second Primary Set for Saturday

A Democratic runoff election will be held Saturday with only one contest to be voted on by Coke County citizens. Here, as well as all over the state, voters will decide between John Poerner and Jerry Sadler for railroad commissioner.

Mrs. Cumbie Ivey Jr., Coke County Democratic chairman, said the county committee voted to have only two polling places in the county. They will be at the courthouse in Robert Lee and at the city hall in Bronte.

Voters who live in voting precincts 1, 3 and 9 will vote at the courthouse, while those who live in voting precincts 2, 4 and 5 will vote at the city hall in Bronte.

A number of hotly contested races are to be decided in some neighboring counties, but all county and district nominees were decided in the First Primary in Coke County. The race for railroad commissioner is the only statewide contest to

develop into a runoff.

Mrs. Ivey urged all Democrats to vote. She said she would like for Coke County to have a good turnout even though there are no local races.

Funeral Friday For Bill Wrinkle

Funeral services for Bill Wrinkle, 71, will be held at 10:30 a.m. Friday in Central Baptist Church in Bronte. He died at 11:23 a.m. Wednesday in West Coke County Hospital in Robert Lee after a long illness.

Officiating at the services will be the pastor of the church, the Rev. M.E. Patterson, and a former pastor, the Rev. R.W. Blackmon of Red Springs Baptist Church in Smith County. Burial will be in Fairview Cemetery under direction of Shaffer Funeral Home.

A long time resident of Bronte, Mr. Wrinkle was a retired businessman and farmer. He was born Dec. 24, 1906, in Callahan County, the son of the late Mr. and Mrs. R.L. Wrinkle. He was married to Evaline Sims Dec. 10, 1927, in Ballinger. He was a member of Central Baptist Church where he served as Sunday School superintendent for a number of years.

Survivors include his wife; a son, Bob Wrinkle of Robert Lee; a daughter, Mrs. David (Kathryn) Gulley of Sulphur Springs; one brother, A.L. Wrinkle of Bronte; five grandchildren and one great-granddaughter. One son, Willie Ray, preceded him in death.

GOING TO CHANUTE

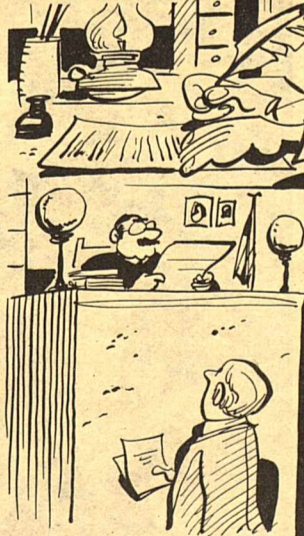

Airman Brian E. Wright, son of Edwin G. Wright of Robert Lee has been selected for technical training at Chanute AFB, Ill., in the Air Force avionics systems field.

Airman Wright attended Robert Lee High School. His mother, Mrs. Bobbie L. Phillips, lives at Grants, N.M.

AMERICA'S HERITAGE

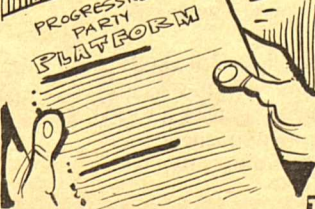

Protecting Freedom Of Choice

Keeping freedom safe has long been a part of our American tradition. In 1859, for instance, Abraham Lincoln wrote "Those who deny freedom to others deserve it not for themselves, and under a just God cannot long retain it."

Today, laws protect working people's freedom of choice. Although union organizers have made a blizzard of charges against J.P. Stevens, more than 150 charges against this employer of 44,000 workers have been decided in favor of Stevens or dismissed. Stevens employees have voted repeatedly against union representation.

A popular political slogan of the 1920s was "Every generation must wage a new war for freedom against new forces which seek through new devices to enslave mankind."

IMPORT BILL**

WASHINGTON—This week in Washington, I testified before the House Ways and Means Committee regarding legislation of major importance to two seemingly diverse groups of Americans: people in the meat-producing industry and the average American consumer.

The bill I have introduced and about which I testified is H.R. 8684, a bill which will provide relief to the troubled financial plight of cattle ranchers and other meat producers and which would assure consumers—meat eaters—that the meat they purchase is healthy and subject to high inspection standards.

If Congress does not soon enact legislation addressing these two major concerns, the nation faces a continuation of the economic strain that is steadily eroding the number of meat-raisers in the U.S.A. and consumers continue to run the risk of being victimized by impure meat.

The financial ramifications of this issue do not necessarily begin and end with meat-raisers, either.

In recent years, many of the nation's cattle-raisers have been forced to take losses on sale of their beef because the import of foreign beef has kept prices at relatively low levels.

Now many of those cattlemen who have not been able to make profits on cattle investments are having to mortgage their land and, unless they get relief in their battle with foreign meat importers, many will not be able to maintain their range and cropland and, at some point, the banks and financial firms which have underwritten them will be forced to foreclose. That is an awesome situation for our farmers and ranchers to have to live with.

By the same token, the same leniency which threatens the financial stability of meat producers is also exposing the consumer to possibly impure meat and meat products.

What my bill will do is bring about significant change in the 1964 Meat Import Act, changes that will at least give American meat producers equal opportunities to compete with foreign importers and will provide a form of preventive medical insurance to the people who purchase meat in supermarkets across the nation.

We all are aware of recent incidents in which impure meat, impurity brought about by inspection standards that are too lax, has resulted in, at best, recall of some meat products and, at worst, severe illness. In today's world of technology, we must not tolerate such neglect.

Perhaps the most important element in H.R. 8684 is that it calls for foreign beef imported to the U.S. to undergo the same thorough inspection that domestic meats must undergo and that all foreign meat be labeled as such so the consumer knows if he is purchasing American-raised meat or imported meat.

This legislation would also bring under the Meat Import Act meats currently exempted from regulation under that act, including processed beef, goat and sheep meat.

In it is also a provision dealing with another serious threat which evidence indicates is coming from imported cattle which have not undergone close inspection or quarantine. H.R. 8684 calls for imported cattle to be inspected and quarantined for brucellosis, a deadly disease spreading all too rapidly through herds of American cattle.

The balance my bill seeks is nothing more than a balance that hopefully will trigger an equity of opportunity that does not currently exist. It does not exist because we import into our country far more meat than we export, causing a significant trade deficit for meat-raisers. And it does not exist because current legislation regulating beef inspection is weighted in favor of importers rather than our own domestic meat-raisers.

Already the cost of entering the meat-raising industry, or of staying in it, is a major deterrent to Americans who in the past would have been able to operate with a fair margin of return.

If action is not forthcoming on bills such as H.R. 8684, the individuals of Texas and the nation who have supplied the rest of us with meat and meat products for all of our history will face devastating consequences and that confrontation is one we in Congress must not allow to occur.

Vote FOR John Poerner

(An Editorial)

Coke County voters will cast their ballots in only one contest in the Second Democratic Primary which will be held Saturday. The only race in which we will have a vote is for Railroad Commissioner of Texas. This is a very important office, has been since oil production became a major industry of the state, and is even more important in today's energy crisis.

It seems to us there is no choice at all in the matter except to vote for John Poerner. He ran second on the ticket in the First Primary, with the old perennial and familiar name of Jerry Sandler coming in with the most votes.

It boggles my mind as to how the voters of Texas could even consider Jerry Sandler for any office at all. He has a long record of less than satisfactory service to the state. He has been reprimanded for his conduct of the office when he was Land Commissioner. He is 70 years old (which is no great liability, but neither is it an asset when compared with the mature but vigorous Poerner).

Poerner is now serving on the Railroad Commission. He has done his job with distinction and with integrity. Poerner is solid, he is intelligent, he has the interests of the state at heart and in his head; he is not seeking the office as another opportunity to feed out of the public trough for a few more years.

Texas voters seem to have a great weakness for voting for persons only because of name recognition. It should not be so. We have suffered grievously on more than one occasion in the past on account of this lack of learning about the men involved. Let's not let it happen again Saturday.

The name to remember is POERNER (pronounced Purrner). If you consider qualifications, you can do nothing but place your X in his box.

FARM BUREAU SAVES \$100 PER MEMBER

On the average, a Farm Bureau member saves about \$100 a year by participating in the organization's insurance and group purchase programs. But, since not all members participate, the actual savings is usually a lot more, according to officials of the Coke County FB.

The saving from dividends in the Farm Bureau's mutual and casualty insurance companies and the Safemark tires, battery, and tillage tool program amounts to at least \$20 million a year. This does not include substantial dividends paid to life insurance policyholders.

The Farm Bureau's economic service programs were established to help farmers and ranchers obtain insurance protection and tires, batteries, and tillage tools at the lowest possible cost.

New SS Card Harder to Get

A person who needs a duplicate social security card to replace one lost or to show a new name must now present evidence of identity before the new card can be issued, Franklin Upp, social security manager in San Angelo, said today.

Previously, all a person had to do was submit the stub of the lost card, or the old card, and a new card could be issued on the spot. This can no longer be done, Mr. Upp said.

In addition to submitting evidence of identity, the person's application will be checked against the records at social security headquarters. If all the information checks out, a new card will be issued.

Mr. Upp said the new rules are intended to help protect the person's social security record, assure that it is complete and accurate, and to prevent anyone else from misusing or abusing the person's social security number.

Evidence of identity should show the person's picture, signature, date of birth or age, or other identifying information. All documents are subject to verification with the agency which issued them.

Since it takes 3 to 4 weeks to issue and deliver the new card after all documents have been submitted, Mr. Upp said that it is a good idea to apply for the duplicate as soon as possible.

A free leaflet, "Applying For A Social Security Number", lists the kinds of evidence that can be used to establish a person's identity. Copies can be obtained at the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone is 949-4608. Residents of Ballinger, Big Lake, Brady, Junction, Mason, Ozona, Sonora, and Winters may call toll free by dialing "Operator" and asking for "Enterprise 2058".

ACCIDENT CONTROL--Does wearing a helmet impair a motorcycle rider's ability to hear warning signals such as sirens? On the contrary, a study at the University of Utah found that, because helmets reduce wind noise, test subjects could more easily detect a siren with the helmet on.

THREE C'S OF CREDIT

Consumers applying for credit are judged by the "three C's of credit"--character, capacity and capital, says a family resource management specialist.

Character represents the borrowers willingness to repay. Capacity is the financial ability to repay, Dr. Carolyn McKinney with the Texas Agricultural Extension Service, The Texas A&M University System, explains.

Capital reflects the overall financial strength to repay as represented by the resources or collateral available to secure the loan, she adds.

REPLACEMENT HEIFERS FOR EARLY CALVING--Select replacement heifers that will calve early their first year and reproduce regularly, advises a livestock specialist. Heifers that calve early normally have fewer rebreeding problems, produce more calves during their lifetimes, and wean more pounds of calf per year than late-calving cows. To calve near two years of age, a heifer will have to reach puberty by 13 to 16 months. Heifers of most breeds will reach puberty by this age provided they have sufficient weight.

THEATRE TO OPEN ON FRIDAY NIGHT

Luis Charles said this week he is changing the schedule of the Texas Theatre in Bronte. Instead of running a Saturday afternoon matinee the theatre will be open Friday night.

Charles said Saturday afternoon crowds were light and he is hopeful that a larger crowd will turn out for a Friday night showing. The regular Saturday night show will continue as usual.

The feature on both Friday and Saturday nights begins at 8 p.m. "Almost Summer" is this weekend's featured movie.

Janice Lynn Bloodworth of Silver and Dale Ray Burnett of San Angelo were united in marriage at 3 p.m. Saturday, May 27, in the Robert Lee Baptist Church.

Performing the double-ring ceremony was the Rev. Roy Epperson, pastor, assisted by the Rev. H.L. Bloodworth of Silver, grandfather of the bride.

The bride is the daughter of Mr. and Mrs. Clayton Bloodworth of Silver. Her grandparents are Rev. and Mrs. Bloodworth and Mr. and Mrs. Perry Post of Laverne, Okla.

Mr. and Mrs. Billy Burnett of Austin are parents of the groom and he is the grandson of Mr. and Mrs. W.L. Wood of Austin.

The couple repeated their vows before an altar flanked by two large fan shaped arrangements of yellow gladiolas, carnations and daisies with Queen Anne's lace, emerald leather leaves and yellow ribbon. The chancel rail was draped with boxwood greenery and large yellow bows with streamers marked the pews.

Mrs. Michael Post, the bride's aunt, played the prelude of wedding selections and accompanied Ronnie Ruff as he sang "The Wedding Song" and "The Wedding Prayer".

Given in marriage by her father, the bride wore a gown of white

sata-sheen fabric with a Queen Anne neckline and bishop sleeves and a cathedral train. Rembroided French Alencon lace covered the bodice and motifs of matching lace were around the train and also the tiers of her shoulder length veil. Her bouquet was of yellow and white daisies accented with baby's breath and white ribbon. She wore a locket-watch belonging to her grandmother, Mrs. Bloodworth, which she wore on her wedding day, Dec. 15, 1912.

Mrs. Troy Millican of Robert Lee, served her cousin as matron of honor. Mrs. Arthur Morton of San Angelo, also the bride's cousin, was bridesmaid and Patty Bloodworth, the bride's sister, was junior bridesmaid. They wore identical long dresses of yellow-flowered voile and each carried a stem of white daisies with yellow streamers.

Mark Burnett of College Station, the groom's cousin, was best man and groomsmen were David Burnett, the groom's brother of Austin, and Clay Bloodworth, the bride's brother.

Ushers were Buddy Wallace of Robert Lee, the bride's cousin, and John Singleton of Corpus Christi.

The groom wore a light brown tuxedo with darker brown lapels and a boutonniere of yellow

daisies and baby's breath. The groomsmen and ushers wore black tuxedos with yellow ruffled shirts and yellow carnations.

Following the ceremony, the bride's parents hosted a reception in the Fellowship Hall of the church.

Chris Post of Corpus Christi, a cousin of the bride, registered the guests. Also serving the houseparty were Becky Clark, Mary Kay Baker, Kathy Deen and Mrs. Randy Bessent of Robert Lee and Mrs. Carl Bloodworth of Levelland.

Passing rice bags to the guests were Miki Askins of Sulphur Springs and Amy Bloodworth and Lori Bloodworth of Levelland.

The bride is a graduate of Robert Lee High School and attended Angelo State University. She is employed by the San Angelo Credit Bureau.

The groom is a graduate of Crockett High School in Austin and Southwest Texas State University. He is an inspector for the Texas Department of Agriculture.

Class of '38 Has 40th Anniversary

Forty years is a long time after marching across a stage to receive a high school diploma, and 16 of the 20 members of the Class of 1938 met Saturday, May 13, to observe the occasion. They celebrated their 40th anniversary with an afternoon reception in the school cafeteria and an evening banquet at Zenter's Daughter Steak House in San Angelo.

The reunion was dedicated to the memory of the late George L. Taylor, who served in various capacities in Robert Lee School from 1928 to 1946. A resolu-

Library Settled In New Home

The Coke County Library in Robert Lee has moved into its newly remodeled building. The facility can now shelve all 10,000 books and still have room for patrons. We would like to take this opportunity to thank some of the workers.

While the library has collected funds from the community to pay the remodeling costs, much expense was avoided by the volunteer help. Many people donated time to the efforts, but the major work was done by carpenter Wayne Mashburn, who donated a great deal of the materials; Bob Boone, who rewired the building; Bryan Concrete for materials and labor; and Robert Vaughn and Hank Baker, who gave many hours to the project. The workers painted, patched and paneled as well as put in the new dropped ceiling.

The Establishment Grant for the library has almost been expended. Besides being able to purchase new materials, such as a basic children's collection, the library added much new equipment needed in the new library such as a desk, typewriter, chairs and tables.

We are busy now planning for our summer children's programs. Registration is June 2. We hope to really have a successful summer. All this progress makes it hard to remember that at three years ago this was an unserved county.

We would like to also acknowledge recent donations and memorials: Mrs. Mildred Baker Sparks, Glenn R. Waldrop, Mr. and Mrs. H.W. Garringer, Mr. and Mrs. F. K. Meadows, Mr. and Mrs. Wilson Bryan, 64 Study Club, Mrs. Reba Roberts, Mr. and Mrs. Bill Casey, Cooter Rudd Davis and Mr. and Mrs. Bill Allen. Patronize Our Advertisers

tion citing the dedication was signed by all class members present.

Members of the class who were present are listed below, along with the names of their spouses who accompanied them:

James and Betty Fay (Gunnells) Smith of Oklahoma; Bob and Nona Davis, Amarillo; Gene and Lucy Roberts, Beatrice (Wojtek) and Walker Cobb and Edna (Walker) and Rankin Russell, all of San Angelo.

Grace (Robertson) and Tommy Miller, Richardson; Ed and Billie Hickman, Killeen; Pat (Haywood) and Elbert Humble, Post; Dick Gramling, Florida; Joyce (Green) McBride, Burnet; Melrose (Boykin) Koonce, Houston.

David and Alene Key, Finnell and Ronda Smith, Lawrence and Chrystel Higgings, Bryce (Stewart) and Weldom Fikes, all of Robert Lee.

Six former class members were present:

James (Corny) and Velda Smith, Nebraska; Orval Denman, Maryland; Billie Rae (Havins) Hallmark, Bronte; Oda Lee (McCutchen) and Ben Keyes, Christoval; Cathryn (Havins) and Clifton Olsen, San Angelo; Kathleen (Olsen) and Raymond McCutchen, Robert Lee.

Two former teachers: Miss Juanita Barger, third grade, and Mrs. O.A. Etheredge, fifth grade. Other parents, teachers and friends: Lois and Dee McCleskey, Mrs. Bernice Roberts, Mrs. Grace Boykin, Mrs. Ethel Green, J.D. Green, Calvin Wallace, Cleo Havins, Shelby Markham, Tommie Jo (Kerley) Boyles and Eugenia (Davis) Smith.

The resolution honoring the late Mr. Taylor said in part:

"Whereas, we remember with appreciation, admiration, respect and affection, the late George L. Taylor who was one of West Texas' most prominent school men, and who was a teacher or official in the Robert Lee School from 1928 to 1946 in various capacities: teacher, its first football coach, principal, and superintendent, during which time the school grew from seven teachers and 145 students to a fully accredited independent school district...his instruction, counsel, and example had a profound influence on the development of desirable character traits and abilities of his students..."

YOU DECIDE

On June 3, Texas voters will elect one of two men as the Democratic candidate for Railroad Commissioner:

Jerry Sadler, 70, is a twice-defeated former Land Commissioner. Here's what three of the state's leading newspapers have to say about him:

The Austin American-Statesman: "Voters deserve to know whom they will be choosing between in the runoff June 3. Poerner is not a household name; Sadler is. But Sadler has a sorry record in state government. He is the only person ever censured by the Texas House of Representatives (for failure to cooperate with an investigation). He became notorious for attempting to choke then-State Rep. Jake Johnson. He was defeated at the polls in 1970 and lost to Jon Newton in a race for Railroad Commissioner in 1976. And now he's back again."

The Dallas Times Herald: "Sadler has made Texas government a universal target of ridicule and derision."

The San Angelo Standard Times: "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

IS THERE REALLY ANY CHOICE?

The Railroad Commission regulates the oil, gas and transportation industries in Texas. Our energy and utility rate problems demand vigorous and responsible leadership. We need John Poerner to fight for Texas and protect what is rightfully ours.

John Poerner, 45, is a respected businessman and rancher. John Poerner was elected to three successive terms in the Texas House before being named Executive Director of the Governor's Committee on Aging and Director, Education Resources of Texas.

His honors include being named "Citizen of the Year" in his hometown of Hondo, receiving a "Distinguished Legislator" award from the Vocational Agriculture Teachers Association, and being named to the "Agriculture Hall of Fame" at Southwest Texas State University.

He was recently appointed to the Railroad Commission by the Governor.

"Poerner is a solid, competent individual with a record of 10 years of dedicated public service," says the Houston Chronicle. "(We urge) his election."
