BABY BEEF A FEATURE. Boys and Girls Will Show Results of Full-Feeding to Calves with Silage. Baby beeves and silos are now go ing hand in hand, arousing the stock producers of Texas to the Personal Service in the Hospital splendid possibilities of profit when latter-day' scientific methods" are Personal Service in your S. S. and adopted. Baby beeves and silos will play a most prominent part in the National Feeders and Breeders' Show, which will be held at Fort Worth November 22 to 29. Baby beef as a source of wealth for the Texas producer is little more than a year old. Conceived by a Texas livestock expert, it was heartily indosed by the Texas Department of Agriculture, but et last spring's National Feeders and Breeders' Show there were only twelve entries. Tolav, however, there are more than fifty Boys' and Girls' Baby Beefs. Flubs, with a total membership of more than 1,200 youngsters between the ages of eight and eighteen, in Texas, and one county alone-Coleman-will send sixty entries to the Enrollment committee --- Miss Fair- show this year. Other counties will contribute in proportion and the entries in this class alone are expected to number far more than one hundred. Through the children, the Department of Agriculture is achieving considerable success in arousing the elders, inasmuch as a number of Work of the Local Societies, in prominent ranchmen are taking up Through the introduction of the silo this has been made practicable B. Y. P. U. Progress in Medina as, indeed, this same storage tank of livestock prosperity is transforming Texas into a greater feeding ground for cattle than it has ever been be-

> People who are interested in the silo will have an opportunity of seeing all of the recognized styles that are being introduced in the Southwest. "Silo Rov" will be a feature of the show and men skilled in the filling of the great tanks and the principles of feeding will be on hand The small producer of livestock, who could not afford to keep the fine individual animals he displays at the country fair for spring exhibit at Fort Worth, will be much benefited by the change of date to fall. In this manner, Fort Worth's big show will get a more representative showing of cattle and the small ex-

Beginning at 8 o'clock Saturday, Nov. 1, we will issue vote coupons of 1000 votes each for every dollar cash purchase in the dry goods department of our store. These coupons can be voted for any contestant regularly entered for the prizes. This is simply a popular voting contest and the person receiving the lasgest number of votes at close of contest will receive the 1st prize; the one receiving next largest number of votes the 2nd prize. In case of a tie a prize of like value will be given to each. No one connected with this store or the Kerrville Advance will be allowed to be a contestant or solicit votes for any one, and we guarantee the contest shall be fair to all alike.

You may enter contest upon your own application or upon nomination of some friend on the blank printed in this paper.

2000 votes will be given free to each contestant as a starter but no free votes will be issued to any one except the 2000 nomination votes. Enter your name or the name of some friend in Nomination Blank and hand to Mr. Mittanck, our contest manager, and he will enthe name and credit the 2000 votes.

A sealed ballot box will be kept at our store

in which all votes will be deposited until close of contest when a committee of three persons to be chosen by the costestants will open the box, count the votes and declare results.

8.835,913 BALES 1913 COTTON GINNED

Fourth Report Issued by Bureau of Census, However, Shows Texas Nearly 1,000,000 Bales Short.

Washington-The fourth cotton ginning report of the season, compiled from reports of census bureau correspondents and agents throughout the cotton belt and issued Friday, announced that 8,835,913 bales of cotton, counting round bales as half bales, of the growth of 1913 had been ginned prior to Nov. 1. To that date last year 8,869,222, or 65.8 per cent of the entire crop, had been ginned; in 1911 to that date 9,970,905, or 64.1 per cent of the crop, had been ginned; in 1908 to that date, 8,191,557 bales, or 62.6 per cent of the crop, had been ginned, and in 1906 to that date 6,906,-395 bales, or 53.2 per cent of the crop, had been ginned.

Included in the total ginnings were 61,820 round bales, compared with 54,-539 bales last year, 68,313 bales in ales in 1909.

"he number of sea island cotton included was 42,769, compared 8,887 bales last year, 56,563 1911, 40,504 bales in 1910 and
