In Memoriam of My Friend, Silas Howard.

Thou art gone from my gaze,
 It is vain to deplore thee,
 When thou wert on earth,
 God was thy guardian and guide,
 He gave thee, He took thee,
 But He will restore thee,
 For death hath no sting,
 As thy Savior has died,
 Thou art gone from my gaze,
 But not forever,
 Though death from us,
 Thy life did sever,
 We will meet again
 Oh that beautiful shore,
 Where there is no death,
 But life forever more.
 Soft remembrance drops a tear,
 And Friendship sits a mourner here.
 P. W. D.

Center Point Letter.

From Regular Correspondent.
 Fred Cox and family, S. G. McElroy, Miss Dove McElroy, Mr. and Mrs. Combs left Monday morning for Medina Lake for a few days.
 Editor White of the Nixon News and Mr. Weber are visiting Prof. Rumsey this week.
 Prof. M. O. Britt and wife left for their new home in Nixon Monday evening.
 The ball game between Bandera and Center Point Saturday resulted in a victory for Bandera 7 to 5.
 Dr. and Mrs. Black left for their home in Roysie City after a short stay in the mountains.
 Don Cross of San Antonio passed through Center Point Monday on his way home from Camp Verde.
 Dr. J. W. Merritt and family returned Tuesday from a visit to Caldwell.
 Leonard Witt of Angeleta came in Friday to visit his wife and children who are spending the summer here.
 Milton Moore came in from Mission Tuesday. He says that he saw several shots fired by both sides, and says that three Mexicans got after one white soldier and the soldier killed all three of them. He has a bullet that went through one of the Mexicans.
 Paul Wray of Waring was up on a visit Sunday.
 Will Jetton and family, Norman Jetton and Sam Culpepper spent Sunday in Kerrville guests of Mr. and Mrs. W. C. Coleman.

Medina Local Notes.

(Regular Correspondence.)
 We are still thirsting for rain. However, the shower last week settled the dust for which we are thankful.
 Revival services are in progress at the Baptist church. Bro. Riddle is bringing some very impressive messages.
 Jas. Freeman of Kerrville was in the community Friday buying stock.
 Miss Fay Sealorn of Port Arthur is visiting at the home of G. F. Sealorn.
 Miss Anna Mae Davis of San Antonio is visiting Miss Ruth Adams.
 Rev. Mr. Winkle was not well enough to be in his pulpit last Sunday on account of a foot which was injured several weeks ago.
 Mr. Tom Moore and family of Ingram are visiting relatives here. They came in the Ford that went to Frisco.
 Mrs. Felix Rippe of Coleman is visiting her brother, Mr. Chas. Powell.
 Walter Mayfield Jr. was a visitor in Kerrville Saturday and Sunday.
 Mrs. Claudia Coulter visited her sister, Mrs. Sam Mayfield, in Center Point Sunday.
 Mr. Ira Cavitt of Mason is visiting his sister, Mrs. Mark McBryde.

Kerr County Aid Association.

Judge Hugh Turner is doing some good work soliciting for the Kerr County Aid Association this week and has put in something like 20 new members. The Association is a strictly home enterprise and the money paid in goes to home people. When a member dies his family receives the money the same day and it is often an emergency fund that comes in good play.
Card of Thanks.
 We take this means of thanking the many friends who so kindly ministered unto us in the time of our late bereavement. The tender words, the sympathetic tears, the beautiful flowers, will ever be cherished in our memory. May the Heavenly Father reward you.
 Mrs. Lula Howard and Gladys.

Mrs. Leah Florence Council.

Mrs. Leah Florence Council was born in Marshal County Tennessee, Nov. 13, 1875, and moved to Texas settling in Kerr County while a girl. On Jan. 1, 1900 she was married to Mr. Will Council, to whom were born two children, a girl and a boy. The boy, Will Mitchell, lived but a short time and preceded his mother to the better world. Mrs. Council was sick about one month. She suffered intensely but in all was patient. At the age of 12 years she professed faith in Christ and united with the Methodist Church in which relation she remained till her death, which came last Thursday morning at 5 a. m.
 Her body was laid to rest at the Glen Rest Cemetery, while her spirit has returned to the God who gave it. She leaves a husband, a little girl 8 years old, a mother, one brother and other relatives as well as a great host of friends who will greatly miss her and mourn her departure. She has gone to be with God, weep not for her, dear loved ones, she cannot come back to you but you can go to her.
 A FRIEND.

Schofner-Williamson.

During the interval, the breathing space, between Sunday School and Church last Sunday morning, Mr. T. R. Schofner and Miss Alice Williamson drove up to the Methodist parsonage, where the minister who had been fore warned, was in waiting. Quietly and gracefully they took their places before the Holy Altar while Rev. S. C. Dunn spoke the beautiful and solemn words that united them as husband and wife.

 Piano Solo by Miss Leah Buckner.
 Mexico of Today, Current Events, by Mrs. W. H. Rawson.
 Roll Call. Respond with Scripture quotations on peace.
 Chain of prayer for peace throughout the world.
 Leader, Mrs. Robert Remschel.

Invitation.

"How are you," I asked a man and he answered, "Thank you, physically I am well, financially I am getting along pretty well, but I don't know how I am morally." It was a typical answer of an intelligent non-churchgoer. A person's physical condition mainly depends on nature's benevolence, its financial situation is determined by society's law but for its moral condition the individual itself is responsible. To get the encouragement and the help for your moral development go to church. Lutheran services will be held next Sunday at 10:30. You are invited to partake of it.
 B. Schleifer, pastor.

Ice Cream Social.

The Epworth League will give an ice cream social on the lawn of the Methodist Parsonage next Friday evening, August 29. Refreshments of ice cream and cake will be served from 7:30 to 10:30 p. m. The proceeds will be used for League work. Everybody help out a worthy cause and bring your friends. "Ten cents" worth of cream and cake will make you wish you had "another dime."

Bandera Letter.

The revival meeting at the Baptist church which commenced last Friday night is being attended by large crowds and much interest is being manifested. There were two conversions Sunday. The pastor, Rev. Wilson Finch, is doing the preaching and Rev. A. P. Robb and wife of Kerrville are assisting him. The meeting will continue over next Sunday, the services being held at 4:30 and 8:00 p. m.
 Mr. and Mrs. R. D. Garrison of West Prong attended the revival meeting here Sunday and Monday.
 Sheriff Sam Smith visited his family at the ranch near Medina last Saturday.
 Mr. and Mrs. Glema Hicks and two daughters, Misses Clara and Verna, of Tarpley attended the meeting at the Baptist church here from Friday till Monday.
 The two cotton gins are getting ready for the ginning season which will open in a few days. It is estimated that the crop will not amount to more than 400 bales here this year against 800 last year.

More Railroad Rumor.

Some railroad talk that listens good to us is the rumor that the Frisco has bought the San Antonio Uvalde & Gulf and will connect the terminus of their line at Menard with the S. A. U. & G. here at Uvalde.
 Just how much there is in this rumor, we are unable to say, but it has come from at least two disconnected sources. It is said that Vice-president Ponder negotiated the sale on his trip to New York. That while away, either on the present trip or on one he previously took, he had the matter up with the "Katy" people and also with the Frisco people, but that the trade with the Frisco was completed. Uvalde Leader-News.

Ingram Locals.

T. J. Moore and family arrived late Saturday evening from their long trip by Ford to the San Francisco Exposition. Barring one accident in which their car was overturned they had a good trip and came back safe and sound. On their return they came via Salt Lake City and Denver. They were gone three months and eight days and report a great trip.
 The meeting began at the Baptist church Thursday night of last week. Bro. Carter who was to have assisted in the meeting failed to come and Bro. T. C. Lee, the pastor, is doing the preaching. Good crowds are attending and prospects are good for a splendid revival.
 Miss Ada Hannah is here from Belton in the interest of Baylor Female College.
 The Ingram public school will open for the term September 13th with Prof. A. Meadows, Mrs. Meadows and Miss Mabel Deering as teachers.

School Will Open Sept. 13.

The Kerrville Public Schools will open for the 1915-1916 term on Monday Sept. 13. The Superintendent, Prof. J. G. Chapman, is expected to return in a few days from San Francisco where he is in attendance upon the National Educational Convention. Indications are good for a large attendance at this term of school and, with the splendid faculty we have, it is safe to say we will have a successful session.

Farmer's Institute.

We are requested to announce that the Kerr County Farmer's Institute will meet at Center Point next Saturday, Aug. 21. It is expected that reports will be received from the Girl's School of Domestic Economy, also the boys A. & M. trip. A good attendance is expected.

ALLIES DROP BOMBS UPON CONSTANTINOPLE

London—A dispatch to the Daily News from Athens says: "French and British aeroplanes have flown over Constantinople causing heavy casualties."

ARMY SCOUTS ORDERED TO BROWNSVILLE

Lawton, Okla.—A second aeroplane section to reinforce the one already ordered from Fort Sill to the Texas border, was late today ordered to enroute for Brownsville. A battalion of scouts consisting of twenty-five men under Major Bowley, as field officer, was also ordered to Brownsville at once.

AUSTRIAN SUBMARINE SUNK AFTER CHASE

Paris—The French official version of the sinking of the Austrian submarine U-3 in the Adriatic August 13 was given out by the Ministry of Marine here as follows:

"The Austrian submarine U-3, after attacking in the Adriatic without success, an Italian auxiliary cruiser, was pursued during the whole of the afternoon on August 12 by Italian and French torpedo boat destroyers. The U-3 was discovered and sunk by gun fire on the morning of August 13 by the French torpedo boat destroyer Bission, which made prisoner of one officer and eleven sailors."

RUSSIA GETS WAR MATERIAL FROM JAPAN

Factories of Island Empire Working at High Pressure.

Tokio.—Now that the danger of war with China is over, all Japan and Korea is engaged in making supplies for Russia and her allies. The war brought big financial losses to Japan, but the gaps are being filled in part by the furnishing of guns, ammunition and general necessities to the armies at the front—particularly the armies of Russia.

Officially, Japan has given increased expression to her friendship towards Russia by going to the limit of dismantling some of her fortifications on the northeastern coast of the empire. Big coast guns, stripped from these fortifications, have been shipped to Vladivostok and thence forwarded to Galicia to strengthen the big gun artillery of the armies of the Czar.

Americans who visit Japan are especially astonished at the almost limitless number of tiny shops in the big cities of this nation—miles upon miles of streets filled with them—all occupied in making something when they are not selling something. These shops are really the factories of the empire. It is here that cloth goods and innumerable articles needed to keep huge armies in supplies are turned out, handed over to commission merchants, assembled in great quantities and distributed to Russia. The Associated Press is informed by a reliable authority that practically every household in Korea is hard at work making cloth for Russia. It is sent to Moscow and other points and manufactured into uniforms, blankets, coverings and wrappings.

Korea, also, is making big quantities of boots and ammunition cases. Major Papowski and another Russian officer have just arrived at Seoul to take over the fourth consignment of orders manufactured by a tanning company near Seoul and consisting of 40,000 pairs of boots and 30,000 ammunition cases.

The Japan Celluloid Company at Aboshi, near Kobe, has abandoned temporarily the celluloid business for the more profitable business of making explosives. This company recently received an order from the Russian government for 440 tons of gun cotton, to be delivered before the end of the year. A test of the explosives having proved satisfactory, the first installment, consisting of fifteen tons, was dispatched to Petrograd. The Aboshi factory is said to be turning out two to three tons of explosives daily.

Leather materials, belts, sacks and pouches are manufactured at Tokio. A series of temporary sheds have been erected on vacant land near the houses of the Diet and are busy night and day.

The production of rifles in Japan is limited in capacity, compared to other countries, and Japan is anxious to fill out her own reserve stock. The available number of rifles for the reserve strength of the Japanese armies is estimated at 500,000, and it is understood that the general staff of the army is desirous of increasing the number to 1,000,000. It has learned a lesson from the unpreparedness of the allies with respect to guns and ammunition and from the vast expenditure of munitions demonstrated to be necessary to the successful conduct of modern wars. Japan, therefore, means to get ready herself along the lines revealed by the international war.

This has naturally reduced the quantity of manufactured material available for Russia—still Japan is doing a great deal, especially in the direction of powder and small ammunition. Powder is sent over to Russia and there used for the manufacture of shrapnel and explosive shells.

The private output of guns and ammunition is, generally speaking, controlled by the Mitsui and Okura companies, who attend to the distribution of the orders. Guns are being manufactured at Tokio and Osaka and at the steel works in Hokkaido, which is partly controlled

GARRANZA WILL NOT STAND FOR INTERFERENCE

First Chief Declares That Only Thing Pan-American Conference Can Do Is to Recognize or Refuse to Acognize Him.

Vera Cruz—To written questions submitted to General Venustiano Carranza the first chief of the Constitutionalist government in Mexico dictated, and, after revising them, signed answers as follows:

"My opinion of the meetings held in Washington and New York (referring to the Pan-American conferences) is that the nations there represented can only consider the question whether the governments there represented shall recognize or refuse to recognize as the de facto government the one which I represent as the First Chief of the Constitutionalist army and as the head of the executive power of the union—unless they discuss matters which have no reference to Mexico's internal affairs.

"Yes, these sessions might bring trouble for Mexico if the delegates intend to solve internal problems, because we will not consent to any nation's interference in our domestic affairs.

"No, I have not received any official advices whatsoever relative to these conferences."

To the main question, whether be considered President Wilson's policy based on *overlordship*? General Carranza for the present necessary I shall express my opinion in that respect.

"The retiring of the Brazilian minister undoubtedly was ordered by his government. We knew of it two days before it was decided to expel Dr. Ortega (the minister to Guatemala) on account of being a pernicious foreigner.

"I have not fixed any date for my personal entry into the City of Mexico. I shall do so when all departments of the government have been installed there which installation has begun.

"Until my personal arrival the metropolis will not be declared the capital. On arrival there I shall officially declare the City of Mexico the seat of government once more. If it is possible I should like, before I go to the City of Mexico, to visit certain states which I did not visit during the last campaign."

by English capital. It is understood, also, that the Mitsubishi Company at Nagasaki and the Kawasaki Company at Kobe are sharing in the manufacture.

A good part of the output was held up by the recent congestion at the port of Vladivostok. When Japan's contribution to the munitions of Russia actually reach their destination it is expected here that there will be a noticeable change for the better in Russia's power of defense and offense.

ELECTRIC BATTLESHIP.

The first electric battleship will be the 30,000-ton California now building at the Brooklyn navy yard. This great warship will be driven by powerful electric motors and in addition to this electricity will be used for steering, hoisting ammunition, turning turrets, operating winches, for ventilating apparatus, for signaling, wireless communication and for cooking the daily meals for the officers and crew.

The California is the first large battleship to be equipped with a complete electrical system. The excellent results obtained with the collier Jupiter induced the government to adopt this novel method of propelling its latest new super-dreadnought. The contract for the propelling equipment for the California has been recently awarded to the General Electric company. The apparatus will cost about \$431,000 as against an estimate of \$631,000 for propelling by steam.

The equipment includes two 18,000 horse power, 2200 revolutions per minute turbine generators and four induction motors. The maximum speed of the ship will be 22 knots per hour. It is estimated that 75 per cent of the power generated by the turbines will be delivered at the generator, and that there will be a loss of only equipment. The efficiency of electric drive is far ahead of any other in existence on any of the large Atlantic liners.

A feature of electric propulsion not obtainable with steam propulsion is full power in backing. Full speed astern with electric propulsions means almost as many knots per hour as full speed ahead. This is an important military feature. If successful it promises to revolutionize the present methods of propelling all our warships.

MAJESTIC THEATRE TO OPEN VERY SOON

Season at the Majestic Will Open August 29—Better Acts Assured to Patrons.

San Antonio—Sunday afternoon, August 29, the Majestic Theater will inaugurate its vaudeville season for 1915-16. Announcement to that effect was made by Edward Raymond, manager of the theater.

The Interstate Amusement Company, which has heretofore had its general offices in Chicago, will hereafter be a Texas concern, for the offices have been moved to Dallas. The booking office of the company has been moved from Chicago to New York and this means that a higher standard of acts will go over the Majestic circuit the coming season.

Under the new order of things the Interstate Company is affiliated with the Orpheum Circuit, Keith's Circuit, the United Booking office and the Western Vaudeville Managers' Association. This means that the big acts starting from the East will be routed westward and into the Southwest without a break, thereby assuring the vaudeville fans here attractions on a par with those in the larger eastern houses.

The annual house cleaning is being done at the Majestic and the theater will be sparkling when it again bids for patronage. Scientifically, it will have an entirely new equipment. New scenery was received here about a month ago.

New York—The date of General George W. Goethals's resignation as Governor of the Panama Canal Zone has been designated as November 1 in his formal resignation, sent to Washington, according to an announcement made by him on his arrival here from Cristobal.

Washington, D. C.—Preliminary work on the national defense plans was begun by President Wilson immediately after his return from Corinth, Secretary Daniels said the President the general outline of proposals for improving the navy and army early conference with Secretary Garrison regarding the army.

Washington, D. C.—With the approach of the open season for shooting wild fowl, the United States Department of Agriculture is warning sportsmen that the Federal regulations, as amended October 1, 1914, will be strictly enforced. Some misunderstanding has arisen from the fact that the various State laws do not always conform to the Federal regulations.

Washington, D. C.—Secretary Garrison made it plain that the War Department expects the Governor of Texas to deal with purely domestic disorders in the State.

Corpus Christi, Tex.—Rev. Isadore Mark, missionary of the Corpus Christi diocese of the Catholic church and one of the most noted lecturers of that denomination in America, was badly injured late this afternoon when an auto in which he and three others were riding, was wrecked.

London.—The situation in Poland and the Baltic provinces is changing only little from day to day, and public interest is being turned to the near east, where the diplomats of all belligerent nations are concentrating their attention on Sofia, for Bulgaria holds the key to the situation.

Amsterdam.—A hand and sea attack on the Turkish positions on Gallipoli peninsula is announced in an official communication issued at Constantinople as received here.

St. Louis, Mo.—A bill phoning before the mayor equipped himself with an outfit of army clothing, and will provide his own transportation and deposit \$30 at camp to pay for food and other necessities.

Louisville, Ky.—Former Congressman A. O. Stanley, Democrat, and Fred J. Drexler, Republican, were nominated for governor in the State-wide primary held in Kentucky. Stanley's majority is estimated at 20,000. Morrow virtually had no opposition.

Beer and the Fair

The question of the legality of running a beer saloon under the grand stand at the Fair grounds came up Monday before County Judge Lee Wallace. M. F. Weston had procured license but wished to transfer it, and Fred. F. Real filed application to operate the saloon. Judge J. R. Burnett, who is a stockholder of the Fair, on behalf of himself and other citizens filed opposition on the ground that the Fair grounds, just outside the city limits, was not a proper place for selling beer where there were assembled several thousand people, more than half being women and children, and that under the law the application must show that "no other person or corporation shall in any manner be interested" in the business, when in fact the Fair always received the profits. Mr. Real is not a saloon man but is a director of the Fair. He stated that there was no agreement that he was to give the profits to the Fair, but admitted that this had been done in the past and that J. M. Hamilton, former secretary of the Fair, was looking after obtaining the license. Mr. Hamilton said there was no agreement between Mr. Real and the Fair that he should donate the profits to the Fair, but that the Fair had always received the profits.

Heretofore one of the saloon men would take out the license, but it seems they are tired of assuming so great a responsibility solely for the honor or pleasure, if any, of the title, for the Fair always got the profits and of course helped run the institution. Judge Burnett contended that the Fair was not only interested in the business, but that it was evident that Mr. Real was not to run the saloon for his own benefit, and that a general understanding and practice was equivalent to a positive agreement. Judge Wallace decided, however, to grant the license but said he would submit the matter to Comptroller Terrell who has authority to revoke the license.

The Advance editor is not a lawyer, but it looks to him that a party who gets all the profits is considerably interested in the business, if not the whole thing itself. A few years ago the law cut out race-track gambling and it now seems it has cut out the saloon, its twin vice. It is an unjust reflection on the Christian and moral ideals of our people to insist that a beer saloon is necessary to the success of so useful and beneficial an institution as our county Fair. It is stated the profits from the saloon nets the fair association about \$200 each year. A good citizen has suggested that a subscription list be circulated and the \$200 raised and donated to the Fair each year to offset the necessity of running a saloon to help finance it.

The man who gets mad at what the newspaper says about him should return thanks three times a day for what the paper failed to say about him that ought to be said.

Community Co-Operation.

A merchant in one of our smaller towns made the statement to me not long ago that the reason he refused to carry standard brands of clothing and shoes was that this class of goods costs both the retailer and the customer more than the unadvertised sort—because of the money spent by manufacturers in advertising.

To prove this contention he exhibited a suit, of the non-standard variety, containing his private brand, with this argument:

"This suit was made by one of the best known manufacturers of standard clothes in this country. It retails under the established trademark for \$25.00 the same price I ask for it. I buy these clothes, without the makers' name in them, for \$15.00 per suit, whereas if I demanded the makers' name I must pay \$18.50. In other words I must either lose \$3.50 profit on each sale, which amount goes into a fund to pay for the makers' advertising, or else raise the price to the consumer."

Investigation on my part developed the fact that the manufacturers in question refuse to place their name and trademark on a suit until it has been carefully inspected and found to come up to standard in every way. Suits containing faulty material or workmanship are called "seconds" and sold unbranded at reduced prices. The makers have invested too much money in the good will of their name to permit its association with faulty or under-standard products.

This incident is illustrative of existing manufacturing and merchandising methods, and conditions, that are of vital importance to you and every other consumer.

There are two distinct classes of merchandise on the market: Standard goods of known quality, backed by reputable makers, and goods of unknown or doubtful quality and origin. It should not be a difficult matter to judge which class offers you greatest advantage.—Farm and Ranch.

The city of Kerrville has during the past three years expended \$20,000 on her streets and Kerrville road precinct No. 1 has about finished expending the \$40,000 received from the bond issue two years ago. As a consequence we have better streets and roads than any community in West Texas, so say visitors from other parts of the State. Center Point precinct will have an election on Sept. 18 to vote on a \$15,000 bond issue for the roads of that precinct. No doubt the election will carry, and if it does it will be a big boost for Center Point and put it on the map more prominently than ever before. Good roads, like good schools, are necessary for the development and advancement of civilization and good government.

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroad needs to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.

CARRANZA DECLINES TO TREAT WITH VILLA

Northern Chieftain Willing to Cease Operations for Three Months or Longer for Peace Parley.

Washington, D. C.—President Wilson, on his return from Cornish, N. Y., was given a comprehensive account of the Mexican situation in all its phases by Secretary Lansing.

The secretary told the President that official reports indicated that the situation in the vicinity of Brownsville was of a local character and that quiet prevailed at Vera Cruz, where there had been some anti-foreign demonstrations. He outlined in detail the discussion of peace plans at the New York conference of the Pan-American diplomats.

Neither the President nor Secretary Lansing was inclined to view the situation as requiring any further precautionary measures than have been taken in sending battleships to Mexican waters and Federal troops to the Texas border. They devoted most of their time to a discussion of the inter-American plan on which they are pinning their hopes for the early restoration of peace in Mexico.

The appeal of all factions has not yet been sent, although signed by Secretary Lansing and the ambassadors and ministers of the six Central and South American governments participating in the conference. A list of chiefs, generals and governors is being compiled and as soon as the locations of all determined the appeal will be telegraphed simultaneously to every part of Mexico.

On the eve of this action came the announcement from the Villa agency that General Carranza had flatly refused to enter into any peace conference and would treat with his opponents only on terms of unconditional surrender. Enrique Llorente, Washington representative of General Villa, gave out letters which have passed between him and Eliseo Arredondo, the Carranza representative here. Mr. Llorente began the correspondence in observing in the press that Charles A. Douglas, counsel for Carranza, had filed a brief with the State Department calling attention to the presence in Washington of Luis Cabrera and Eliseo Arredondo as Carranza representatives, and saying that "either or both of them, I am assured, will be glad to confer with any element of the Mexican people with a view of furthering the common interest and the peace and welfare of the nation."

Mr. Llorente promptly telegraphed General Villa and was instructed to begin a discussion of peace terms. Mr. Arredondo replied that he would refer the matter to General Carranza, whose response came in the form of instructions to Arredondo not to enter into negotiations with the Villa agent. After stating that he would only accept the unconditional surrender of his opponents, the Carranza message set forth that there could be no negotiations with the Villa forces because their troops on July 12 last attacked a military convoy train, killing many innocent people. Mr. Llorente declared that Mr. Douglas' statement was made several weeks after this incident was alleged to have occurred.

KAISER MAY MAKE PEACE PROPOSALS

Germany's Terms, It Is Reported at the Vatican Will Not Be Harsh.

Chicago.—The Rome correspondent of the Daily News cables: "Prospects of peace, which until a fortnight ago were considered remote in well informed Vatican circles, are now unexpectedly improved. The impression prevails in the Pope's entourage that the olive branch is to be offered by Germany, which unvanquished and still sufficiently powerful to continue the war, is able to take the initiative in a peace movement without assuming the role of suppliant."

"A member of the papal household who wishes his name withheld, though it may be said that it is not Mgr. Gerlach, the only German papal chamberlain now at the Vatican, asserts that according to indirect information available a day or two ago, Germany expects to propose acceptable terms of peace to the allies."

"These terms, said my informant, prove that it is Germany's intention to end the war without securing great territorial advantages or increasing its power. They will merely safeguard complete liberty and insist on equal rights with other nations. If the terms are accepted by the allies, peace will follow as a matter of course, but possibly the main difficulty consists of the lack of sufficient guarantee by the powers to abide by the conditions, since the war unfortunately has increased the distrust among the nations."

"It is thought, however, that this difficulty might be overcome by finding the requisite formula especially since the Pope is determined to use his utmost influence in striving for peace when the outlook is hopeful."

"Possibly Germany's terms will not be modified in the course of the negotiations, but once these are opened they are deemed likely to lead to practical results, because, as my informant added, all the belligerents dread a second winter campaign, and even if the war ends in a draw, with nobody either victorious or defeated, all will be willing to sheathe the sword. The Pope is reported to be optimistic, and is doubling his efforts in the hope that peace may be obtained by Christmas."

CANNOT ESCAPE SERVICE NOW

Ottawa, Ont.—Official announcement was made today by the militia department that it no longer will be possible, as it used to be, for a Canadian wife to keep her husband, or her sons under 18, from enlisting by withholding her consent. The department also served notice on all Canadians that they could no longer avoid military service by paying \$15 each.

VALLEY'S BEST SHOTS HAVE JOINED RANGERS

Ferguson Orders Increase of Twenty Men—All Must Be Dead Shots.

Corpus Christi, Tex.—Following the receipt of details of the fight at the Norias ranch on Sunday night between bandits and Rangers, soldiers and ranchmen, Governor Ferguson sent to the proper officers instructions for the immediate increase of the anger force, ordering that twenty men be immediately employed.

This makes an increase of forty men in the service within the past three days, all of the men to be picked shots of the Rio Grande territory.

"We have ordered the entire force of rangers in the State to the Rio Grande section and with the forty new enlistments I believe that the State will have a force of men that aided by the troops and peace officers of the several border counties will, within a very few days, be able to run down the armed bands of men who are committing acts of lawlessness and terrorizing the people of the valley," said the governor.

Governor Ferguson received information that proof had been received that at least part of the bandits had crossed over from Mexico, and he expressed his pleasure at the action of Federal authorities in sending the four companies of infantrymen from Laredo to assist the State authorities in the valley.

HAITI NOW TRANQUIL

General Bobo to Co-operate With Caperton in Restoring Order In Country.

Washington, D. C.—Encouraging reports on conditions in Haiti came from Rear Admiral Caperton. With American marines and bluejackets controlling the principal towns, naval officers administering the customs houses and revolutionary leaders giving assurances of co-operation, officials here were hopeful for rapid progress towards restoration of peace.

General Bobo, the northern revolutionist, has arrived at Port au Prince, renounced his pretensions to executive power and ordered his soldiers disarmed and sent home. He has assured Admiral Caperton he will co-operate in efforts to restore order. Bobo is a candidate for the presidency, but has agreed to abide by the choice of the Congress. When the election shall be held has not been determined.

Secretary Lansing explained the occupation of Haiti's customs houses: "The customs houses are being supervised by American authority," said he, "because a state of anarchy exists in the country. It is necessary that we should see the customs revenues do not go where they do not belong."

No decision has been reached by this government as to representations to be made to Haiti. Nothing will be done until a new government is established. Then an understanding will be sought to assure continuation of peace. This will necessitate adjustment of the financial affairs of the country.

WAR HORSES WORTH \$170 EACH

East St. Louis, Ill.—British agents today resumed the purchase of war horses at the National Stock Yards. The daily purchase of 200 horses was stopped about a week ago because of the lack of sufficient transports for conveying the animals to England.

The French, Belgian and Italian army representatives last week bought 2,000 horses here. About 150,000 animals have been purchased in East St. Louis by the allies since the outbreak of the war at an average of \$170 a head.

THE HONEY MARKET.

There seems to be regret among the beekeepers over the dullness of the honey market this season. There is a very light crop in Dixie, and it would seem that the beekeepers could find a market promptly and without much trouble for their very small output, but this does not seem to be the case and lots of honey producers don't know, even at this late date what they will do with their honey. It took but little to supply their old customers and to look up good and reliable new ones is rather a hard task, for many merchants and firms are going out of business, and are crying hard times, and will not settle their accounts with anything like promptness or satisfaction. These conditions seem to prevail in Dixie with no hope for better conditions.

Where the output is not too great, it might be best to resort to a more general development of the home or nearby market. In Dixie the average beekeeper has hitherto shamefully neglected his home market, depending solely on a far-away market which is not always the best and the most satisfactory. This might be a good time to surprise yourself as to how much better satisfaction you can get by placing your honey near home. Of course the larger producer cannot do this for the greater part of his crop must go into the hands of dealers who are in position to sell large quantities.

When you find out that the wholesalers are reliable and prompt in settling, get together on a price and if they cannot take your entire crop ship them what they say they can handle on thirty and sixty days time. But in order to get their trade, you have to have the honey packed attractively for the retail trade and well repacked in cases and crates for the jobbers and wholesalers. They will not take it poorly put up, but if well prepared for the trade nearly every firm will take it and there will be no trouble in making sales and general satisfaction will be the result.—J. J. Wilder.

LAYING WORKER.

Did you ever have any experience with laying workers in a hive where a young queen has hatched? This is my experience. On May 9 I transferred a swarm of bees from a hive which I expected to discard on account of its odd size. On May 30 all of the brood was hatched, and on examination I found a cell already hatched, and by searching I found the young queen. Today I went through the hive to see if the queen was laying, and all of the eggs and larvae which I found were in drone-cells, and the eggs scattered about in worker-cells. I examined closely the comb on which I found the most drone cells, and then there I saw a worker doing her work. What do you think of that, with a young queen in the hive and she was a beauty. I closed the hive, thinking things might right themselves if left alone, but in the afternoon I found the queen on the lighting board dead with a ball of bees around her. I broke up the colony at once.

Would you kindly tell me what you think of this case. When I say they had a laying worker, I mean to say that I saw her lay one of her eggs in a drone cell INDIANA.

Answer—Your experience is quite exceptional. It is not often that a laying worker is caught in the act. In all my experience I never saw it, I think more than once. If your bees are Italians, it is remarkable that laying workers should appear when they did, although with some of the other races laying workers are inclined to put in an appearance whenever laying is not normal. You speak a little as if there was only one laying worker present. The probability is that there was quite a large number.

DR. C. C. MILLER.
The grocers sell practically all the honey that is retailed, except that sold by the beekeepers themselves. As a rule, they are not pushing it particularly. Many are not selling it at all. This applies to both the retailers and wholesale trade. They would do so if their attention was called to it and their interest awakened. Honey is short in the clover

belt, the alfalfa regions, the southwest, and south, as present conditions seem to indicate. How about the price? Will we ever get a better opportunity than the present to "boost" them a little?

You will some of you remember the editor recommends "Shaking energy into bees when they get indolent, and get to

Honey sales suffer much by neglect in giving it proper display. With proper effort, any grocer can sell some honey every day, and not detract from his other trade in the least.

Mutual Benefit.

The small town or city that affords a desirable market for crops, livestock, fruits and vegetables has solved the problem of keeping money at home. It is only necessary then to keep staple trade-marked, advertised goods that sell at the least cost, the prices of which are practically the same everywhere. Farmers cannot trade till they sell their products for cash; they can not employ legal services, patronize the business men of the town unless the town wants the trade of farmers had enough to buy the food products raised at home and sell as cheap as business men of other towns and cities. Business men that buy potatoes, canned fruits, butter, eggs, etc., from other and distant markets when farmers near by have an abundance have no claim on local trade.

Why not get together. Farmers are in business producing and selling food products, merchants and other business men are in business to supply farmers what they do not produce. To patronize each other is of mutual benefit, to refuse when each sells at market prices means an economic loss.

Every dollar made on the farm is a dollar more for legitimate business and every dollar's worth of goods sold in the town is a dollar more for products which farmers raise. Co-operation builds both town and country. Lack of it may injure both and build up other ills. Farm and Ranch.

I will be prepared to take so many as six school pupils to board again this session. If you desire a place with me please let me know at once so that I can reserve room for you.

The Advance has a friend who wants to sell or exchange some fine business property which is now renting for \$500 cash rent. A good improved farm will be considered in exchange.

Masons and Saloons.

A few weeks ago we published a clipping from the Baptist Advance to the effect that Masons in Arkansas were forbidden to have any part in the circulation of petitions for saloons. A letter has come from one of the leading Masons of that State confirming this significant fact. He writes: "A year ago the grand lodge of Arkansas adopted the law, called by the Masons an edict, forbidding any of the members of the fraternity signing a petition for a saloon or circulating such petition. It was considered quite a radical step and many of its enemies protested that the succeeding grand lodge would repeal it, but instead of doing so, it has re-affirmed and made it stronger. The first edict allowed a lodge to inflict any penalty, even a moderate reprimand for a member signing the petition. Some of the lodges in the State simply reprimanded those of their members who signed. The last grand lodge, however, so changed the edict as to provide that the penalty must be expulsion from the order or definite suspension, which is almost as severe as expulsion." We commend the Arkansas Masons for the stand which they have taken on the saloon question. Baptist Standard.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me--haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
