Kerrville Gets \$250,000 Preparatory School for Boys

Captain Charles Schreiner celebrated his 80th birthday last Friday, Feb. 22 with an elaborate dinner at the St. Anthony hotel in San Antonio, with all his children and most of his grandchildren present. Capt. Schreiner had previously made a gift of \$250,000 and 140 acres of land on the Guadalupe in the edge of Kerrville for the establishment of a preparatory school for boys, and he took this occasion to make the important announcement of this big gift. The school is to be controlled and under the direction of the Presbyterian church. The school is not to be built until one year after the close of the present war and the land and money are to be held in trust by five trustees named by

Capt. Schreiner as follows: Dr. R. E. Vinson, W. G. Garrett, A. C. Schreiner, H. Renschel and Rev. W. P. Dickey. The reason given for delaying the building until after the war is that building material will not be so high after conditions have become normal.

Certainly this is the greatest thing that has come to Kerrville. Our people can hardly realize what it means to the growth and general welfare of our little city. It places Kerrville on the map in the biggest way. How thankful we all are to Capt. Schreiner and how the future generations as well as we, will revere his memory for this great gift to Christian education. It is an heritage that will abide.

Mrs. Mary C. Hatch

The funeral of Mrs. Mary C. Hatch was held at the Sunset Cemetery Feb. 22 4 p. m., conducted by Rev. S. W. Kemerer, of Kerrville.

Mary C. Hatch was born in La. Oct. 11, 1848. Moved to Texas when a child; was married to L. S. Hatch Dec. 28, 1868, joined the Methodist church in 1880. Moved to Kerr Co. for her health in about 1883. Has lived on the divide in ranching business for 25 years, living in a thinly settled district she tried to interest people in a church out there.

Her husband L. S. Hatch died 16 years ago. She is survived by two sisters, two brothers and eight children, as follows: H. E. Hatch, R. L. Hatch and J. M. Hatch of Rock Springs Tex.; A. F. and W. N. Hatch of Kerr County, Mrs. V. B. Snodgrass of Edwards County, Mrs. J. R. McVicker of Ingram, Texas, and Mrs. Sam Adcock of Waco, Texas.

For many years she has been an invalid and suffered greatly. She bore her affliction with great fortitude and patience. For a long time she was confined to her bed and cared for by her children until death freed her from the broken and frail body, Friday Feb. 22, at the home of her daughter, Mrs. J. R. McVicker.

A large concourse gathered at the grave and paid their last tribute of respect to her memory. Their sympathy is extended to the children who survive one who held the tender and beautiful relation of mother.

Mrs. W. B. Burton, Mr. Allie B. Burton, Miss Graves Dewees and Miss Lucile Williamson were visitors to the Alamo City Tuesday.

A Call for United Prayer

The Federal Council of the Churches of Christ in America, through its War Time Commission, has sent out a call to the Church throughout the United States for a joint observance of the month of March as a time of special penitence, prayer and intercession. This call says that, while the nation by diplomacy and on the field of battle will do all in its power to bring the war to a just close and to restore peace on the earth, the Church should use every resource of power and faith and love to hasten the end of strife, and to bring in the kingdom of God that is first righteousness and then peace and joy.

The pastors of Kerrville have made earnest response to this call and plan for union services to be held each evening throughout the month at 7:45 and, to avoid confusion as to place, all services will be held in the Methodist church, beginning Monday March 4th.

Rev. S. W. Kemerer will conduct the services Monday, Tuesday and Wednesday nights, and announces as the themes to be presented: Monday "The Religious Principles Involved in this War;" Tuesday, "Let us pray for ourselves;" Wednesday, "Let us Pray for our enemies."

We, your pastors, earnestly and solemnly call upon the Christian people in Kerrville to heartily and continuously support these services by your presence, your profoundest thought and most devout prayer.

Bishop J. S. Johnston,
W. P. Dickey,
B. Schleifer,
S. W. Kemerer.

Sidney Deering came up from San Antonio and spent the week here with home folks.

Mrs. Ruby Freeman Durrin

At the home of Mr. and Mrs. J. P. Freeman was the funeral service of their eldest daughter, Mrs. Ruby Freeman Durrin, Monday afternoon at 2:30 o'clock, Rev. S. W. Kemerer officiating.

Before and after the service a stream of friends of the family passed in to look for the last time at the young face and form that lay so quietly in the open casket in the solemn majesty of death.

A quartette sang softly, "Jesus Savior of My Soul" and "In the Sweet Bye and Bye." The words of the minister were words of comfort to the bereaved family and pointed to the beauty of young life inspired by the love of Christ and dedicated to his service.

Accompanied by a large procession the body was laid away in Glen Rest Cemetery to await the resurrection at the last day.

Ruby Freeman was born July 12, 1900 in Bandera County. She was married in July 1917 to Chas. Durrin, setting up the new home in Kerrville. A few weeks ago she contracted the prevailing sickness of whooping cough, settling in pneumonia, and causing the premature birth of a little daughter which still lives. On Sunday last the young mother bade father and mother, husband and little one farewell and at 11 a. m. smilingly went away midst the glories of the sunshine to the spirit world.

This fair young girl was of a retiring nature, loving home and family. The ties uniting her and her mother were unusually strong. She gave promise of a life of worth and service, but before that promise could be realized she was cut down as a flower of the field. Her death caused widespread and profound sorrow in the community and deep sympathy is felt for the bereaved family.

And we think of one who in her youth and beauty died,
The fair, meek blossom that grew up and faded by our side;
In the cold, moist earth we laid her e'er the forest put forth its leaf,
And we wept that one so lovely should have a life so brief;
Yet not unmeet it was that one, like that young friend of ours,
So gentle and so beautiful, should perish as the flowers.

A FRIEND.

Baptist Church Notes

The church extended a call to Rev. D. B. South of Corpus Christi as pastor at the regular conference last Sunday. It is hoped that he will accept the call and will soon be here to take charge of the work.

There will be preaching services next Sunday morning, Rev. Flanders to fill the pulpit. No preaching service at night.

The B. Y. P. U. extends an urgent invitation to all to attend their service at 6:30 P. M. The Sunday School is building up again and hopes for a still larger attendance next Sunday.

Dr. Thompson Now Owner of Mountain Park Sanatorium

Dr. Thompson, who has had the management of Mountain Park Sanatorium for the past year, has just closed a deal by which he becomes the sole owner of this splendid institution which is one of Kerrville's greatest assets. The Sanatorium has been built up by Dr. Thompson, who was formerly director of the State Tuberculosis Sanatorium at Carlsbad, until it is now full of patients all the time and many on the waiting list. But the Doctor is equal to any emergency, it seems, for he is now preparing for extensive additions and improvements which will give adequate room for present requirements at least. The institution was formerly owned by a stock company of citizens of San Antonio and Kerrville.

Junior Red Cross

The Junior Red Cross met two successive afternoons of last week, Tuesday, under the supervision of Mrs. Lee Wallace and Miss Nellie Horne, 142 compresses were made and Wednesday afternoon under the direction of Mrs. Butler and Miss Hattie Garrett 90 compresses were made.

The Junior Red Cross is indebted for the following supplies:

- 1 table, Miss Dora Nimitz,
- 1 table, Fair Association,
- 1 table, Mrs. Parsons,
- 1 machine, Mrs. Taylor.

Special Features

THE ADVANCE goes back to its old form of eight pages. We got tired of the little flimsy 4-page sheet and are sure our readers did. The high price of paper was the cause of our adopting it and may force us back to it, but we hope with the splendid news service we are now giving to infuse new life in the paper and gain enough new patronage to justify us in keeping it up.

The War News feature, the fine serial story, "North of Fifty Three," Texas News, Washington News, Stock and farm news, and many other strong features will make the Advance worth a great deal more than the price asked.

All the news about the Army Draft, War Saving Certificates, Red Cross, and everything pertaining to the great war will be given each week. We hope you will appreciate the new service and help us to boost for the Advance. If you are behind with us, this would be a fine time to pay up. Help us in our effort to give you a better paper.

7 MILLION TO CONTRIBUTE TO THE COST OF WAR

Two and a Half Billion Dollars Will Be Collected Under War Revenue Act.

IS CALLED THE 'LIBERTY TAX'

Every Married Man or Head of a Family Having an Income of \$2,000 a Year and Every Single Man Having an Income of \$1,000 Must File a Return.

Washington.—Seven million taxpayers will contribute this year, in proportion to their income, to the cost of the war. The estimated revenue to be collected under the war revenue act of October 3, 1917, is \$2,500,000,000, of which \$600,000,000 is in individual income taxes.

The "liberty tax" is the designation given the levy by Daniel C. Roper, commissioner of Internal Revenue. The title is an apt one, for the revenue to be derived under the war revenue act and the proceeds from the sale of the Liberty bonds are to be used for the same purpose, to feed, clothe and furnish arms ammunition the American armies.

Many persons shared in the prosperity of 1917. Merchants, farmers, business and professional men and employees were beneficiaries. To insure a continuance of prosperity each must assume a share of the common burden—a burden so distributed that every man is assessed according to his income. Better for the American people to pay to their own government a Liberty tax of \$2,500,000,000 than a war indemnity to Germany of many times that amount.

Who Must File Returns. Now is the time to file your income tax return.

Income tax forms may be had from collectors of internal revenue. These have been prepared in the simplest form possible and with a little care and attention taxpayers should be able to fill them out to the satisfaction of themselves and the government.

If married or the head of a family, and your net income for 1917 was \$2,000 or more, you are required to file with the collector of internal revenue in the district in which you live a return of your income for the calendar year. If single and your income was \$1,000 or more you are required to make such a return. These returns must be in the hands of collectors not later than March 1, 1918.

The normal rate of tax under the war revenue act of October 3, 1917, is 2 per cent on incomes above the amount of exemption, which is \$2,000 in the case of married persons or heads of families and \$1,000 in the case of single persons. The old income tax under the act of 1916 still is in effect, so that the total of your tax will be the sum of these taxes added together. Under the act of 1916 the normal rate of tax is 2 per cent on incomes of married persons in excess of \$4,000 and on incomes of single persons in excess of \$2,000.

For example, if you are married and your net income for 1917 was \$5,000 you will be taxed \$80. This is 2 per cent on the amount above the exemption of \$2,000 under the act of 1917 and 2 per cent on the amount above the exemption of \$4,000 under the act of 1916.

Exemption for Children. If married or the head of a family you are allowed an additional exemption of \$500 for each dependent child, if under eighteen years of age or in-

capable of self-support because defective. A taxpayer is considered to be the head of a family if he is supporting one or more persons closely connected with him by blood relationship, relationship by marriage, or if his duty to support such person is based on some moral or legal obligation.

Women as well as men are subject to the tax. The combined net income of a married couple living together is assessed. If, for example, the husband earns \$2,000 and the wife \$1,000, they will have to pay a tax of \$20, provided they have no children.

A widow, a woman living apart from her husband, or a maid is assessed on her net income above \$1,000.

"Net income" means gross income, less certain deductions provided for by the act.

In arriving at your net income you are allowed to deduct from gross income all expenses actually paid during the year in the conduct of a business, trade or profession. These include the amounts paid by a farmer in preparing his land for a crop and the cultivation, harvesting and marketing of the crop; the cost of seed and fertilizer used; the amount expended for labor in caring for live stock and the cost of feed. The farmer may deduct also the amount paid for repairs to his barn or other farm buildings, but not the dwelling, and for repairs to farm fences, machinery, etc. The cost of materials for immediate use and of small tools which are used up in the course of a year or two, such as binding twine, patchwork, spades, etc., is a deductible item, but not the cost of thrashing machines, tractors and machinery of a more or less permanent character. Rent paid for a farm may be deducted.

Deductions Allowed. A merchant may claim as deductions the amount expended for advertising, hire of clerks and other employees, cost of light, fuel, water, telephones, etc., used in his place of business, drayage and freight bills, the cost of operating delivery wagons or trucks and cost of their repair.

A physician may deduct the cost of medicines and medical supplies used by him in the practice of his profession; expenses paid in the operation and repair of an automobile used in professional calls, dues to medical societies and subscriptions to medical journals; expenses of attending medical conventions, rent paid for office rooms and the hire of office assistants and cost of fuel, light, water, telephones, etc., used in office rooms. Amounts expended for books and surgical instruments are not allowable as a deduction.

This, in a general way, outlines the ordinary expenses incurred by a farmer, merchant or professional man, and the principles underlying these allowances are equally applicable in the case of any business, trade or profession. In short, all expenses connected directly and solely with an income-producing business, trade, profession or vocation are allowable deductions. You may deduct also from gross income debts actually ascertained to be worthless and charged off within the year, and losses sustained in business or trade or from fires, storms or theft, if not compensated by insurance or otherwise. Reasonable allowance is made for the depreciation of property on account of wear and tear in the use of business. Depreciation of your residence is not allowed, but if you rent property to others, depreciation can be claimed.

Items to Be Included. You are required to include under gross income the following items: Salaries, wages, commissions or compensation of whatever kind for personal services.

All profits derived from business trade or commerce.

Profits from the sale of property, real or personal.

Interest on notes, mortgages, deeds of trust or other securities issued by individuals, partnerships, etc.

Interest on bonds, mortgages, deeds of trust or similar obligations of corporations, joint stock companies or insurance companies.

Interest on bank deposits, including savings banks.

Income received from fiduciaries, that is, amounts received from incomes of estates, trusts, etc., through trustees, administrators or executors.

Dividends on stock, whether received as cash or stock. Only dividends paid out of earnings or profits accrued since March 1, 1913, are taxable.

Net partnership profits, whether divided and distributed or not.

Royalties from mines, oil and gas wells, patents, copyrights and franchises.

Heavy penalties are provided for delinquents. If you are late in filing your return you are subject to a fine of not less than \$20 nor more than \$1,000, and, in addition, 50 per cent of the amount of the tax due. For making false or fraudulent returns the penalty is a fine not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent of the tax evaded. For failing to pay tax when due, which is on June 15, 1918, the penalty is an assessment of 5 per cent of the amount unpaid, plus 1 per cent interest for each month during which it remains unpaid.

Government Keeps Check. The man who thinks that failure to make proper returns might escape unnoticed is making a serious error. The government has a checking system by which it will be informed of delinquents.

The task of collecting the revenue to be derived under the war revenue act devolves upon the bureau of internal revenue. Revenue officers are visiting every county in the United States to assist taxpayers in making out their income tax returns. The date of their arrival and the location of their office may be ascertained by inquiry of collectors of internal revenue. These government experts will furnish you with return forms and answer any and all questions as to how they should be filled out. Their services are offered without cost. You should remember, however, that failure to see the official who visits your county does not relieve you of the duty imposed by law to file your income tax return within the time prescribed. The taxpayer must seek the government, not the government the taxpayer.

Every effort has been made to inform persons subject to the tax of their duty, and ignorance of the law will not be accepted as an excuse. Delinquents need expect no leniency.

If, on account of illness or absence from home, you are unable to render a return within the time prescribed, you may obtain an extension of thirty days by filing with the collector of internal revenue of your district a request, therefore before March 1. In this you must state your reason why the return cannot be rendered within the time specified. Collectors are not authorized to grant extensions of more than thirty days. But this authority is granted the commissioner of internal revenue in meritorious cases. If such extension is desired the request should be addressed to Commissioner of Internal Revenue, Treasury Department, Washington, D. C.

Agent May Act for You. You may appoint an agent to act for you if, by reason of illness or absence from home, you are unable personally to render your return. Your agent must make affidavit that he has sufficient knowledge to make return for you and must accept responsibility for and be willing to assume the penalties for a delinquent, false or fraudulent return.

The best advice that can be offered to taxpayers in connection with the filing of their income tax returns is: "Don't delay." By prompt action you are cooperating with your government in the greatest task it has ever undertaken, the defeat of German autocracy and the establishment of a world-wide and lasting peace. Every patriotic American will pay these Liberty taxes cheerfully and promptly. The man who seeks to evade them is not only dishonest, he is disloyal. When discovered, as he will be, he will be made to suffer the full consequences. Get in line early. Remember it is such now or kaiserism later. Whether you pay a tax of \$10 on an income of \$2,000 or \$175.180 on an income of \$1,000,000 you may rejoice in the knowledge that your dollars are helping to win the war.

WORKS FOR BANK 64 YEARS

Connecticut Man Believed to Be Oldest Bank Employee in the Country.

Derby, Conn.—William S. TAKES THE PLACE OF DANGEROUS CALOMEL

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten

you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the safe of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Adv.

Peculiar Scythian Vehicles.

Herodotus (450 B. When settling in any one place for any length of time these huts were lifted to the ground and served as tents. This style of vehicle was found in different localities for centuries, and doubtless with its modifications was largely used for all purposes of immigration.

How to Improve Your Business.

Get out of the old habits; put on new life; make up your mind that what anybody else can do you can do. There isn't anyone who cannot improve his business 50 per cent if he thinks along the right lines and carries into action the new things he thinks about. It isn't what we hear that counts, it is what we remember and use. Take this home to yourself. Don't say you are doing everything that can be done. Not one of us is doing that. I don't care how efficient a man may be, no man is 100 per cent efficient. If you go away regularly somewhere and think for half a day about how to improve your business and then write down the things as they come to you, you can bet that your business will increase 50 per cent within six months.—Hugh Chalmers.

Habitual transgressors of the law, when brought to the bar of justice, fly to the newspaper, pleading, "Keep my name out of the paper." Only the greatest contempt can be held for such cowards. If any one knowingly does wrong let him be man enough to pay the price, and publicity is one of the penalties of crime.

Proclamation

TO ALL WHO EAT.

The public should read the newspapers for their own protection and in order to keep posted upon all changes and modifications of the food conservation law.

Every day there is something new in food conservation. It can be learned in no quicker or better way than through the columns of the newspapers.

Read these articles upon food conservation and food production. Don't skip in reading.

If you don't remember or haven't a good memory—cut out the items and save them for continuous reference.

Use the newspapers to keep posted. Mails are slow. The story is always in the paper before it reaches our district and county administrators. You owe it to yourself to keep posted. You will then know the law and be able to live up to the law. Remember, if you violate the regulations you are subject to a fine of \$5000 or two years' imprisonment, or both, and ignorance of the law is no excuse.

Read the newspapers. They are the voluntary distribution agents of the government.

Catholic Church Notes

(By Father Kemper)

Washington's Birthday was patriotically celebrated by the Notre Dame students on Thursday evening. The entertainment was a short, varied and highly appropriate one. Up-to-date war songs and medleys of national airs comprized the vocal numbers. The recitations for the most part had direct bearing with the Father or Our Country, except the monologue of Jules Dubus which was made up of the titles of well-known songs and poems. Flag drills and instrumental selections were skillfully executed, but best of all was the mirth-provoking farce, known as "The Magic Fiddler."

Several of the Notre Dame Sisters visited their fellow nuns at Bandera and Boerne during week-end holidays. Miss Angeline Kemper took a crowd of students to San Antonio to see the famous mortality play "Everywoman" at the Grand Opera.

Mr. Arthur Mosel motored down to the metropolis with Mr. A. J. Rabel and Alex Dietert. The last-named hopes to be admitted into the navy. Two more of our volunteers, Felix Staudt and Max Rubio are home on a furlough.

The hearing resulted in the applicants getting their water rights, but on a restricted basis, each having to put in a dam to conserve the necessary amount of water desired to be diverted.

RED CROSS WILL GET THIS MAN'S EXCESS PROFITS

FOOD ADMINISTRATION HAS A WAY TO PUNISH HOGGISH DEALERS AND HELP CHARITY ALONG, TOO.

The Red Cross has been made the beneficiary of the Federal Food Administration of Texas in the amount of certain excess profits, which accrued to a certain retail dealer in a very prosperous community of East Texas. When the dealer prepared his statement of profits and forwarded them to Washington, he was apprehensive that the 72 per cent and 75 per cent and 82 per cent shown in the instance of certain commodities might be regarded as "stepping a bit high," but he felt it were better to "out with the facts," and with this in mind so sent in his report.

A week after he mailed his report he received a letter from Washington, which was noticeable for its crispness and succinctness. The letter was not long, it was not in the least involved. It simply commented upon the splendid business the dealer had been successful in securing and then intimated that perhaps the very points raised in the letter should be of immediate concern to the Federal Food Administrator.

Friday night the business man traveled to Houston. Early Saturday morning he appeared in the department of groceries of the Food Administration and waited very patiently until his time came for an audience. He admitted his transgression, said he had not meant to be in the wrong, that the thing just happened.

Convinced that the dealer was sorry, and acting upon the recommendation of Washington that where grocers show a desire to "do the right thing" they are to have the chance, the administration informed the dealer that he might settle the whole matter by making out a check for the excess profits and give to the Red Cross, and that upon showing proof that he had so made amends for excessive profits, he would be restored to good standing.

The dealer, gratified at the decision, promised that he would straighten out the matter at once, took his departure for the piney woods and in a few days some Red Cross chapter will be the richer for a certain appreciable check on excess profits.

Hoover Meeting a Big Success.

The mass meeting of citizens of Kerrville at Pampell's Hall was highly entertained last Thursday afternoon by Walter E. Davis of the Government Food Administration, also Mr. Williamson, another government agent. The Hoover Food laws were explained in full and much valuable information given our people upon the Government requirements for food conservation. The business houses closed for the meeting and the hall was fairly well filled. The meeting was under the direction of County Agent, K. G. Baker.

Resolutions of Respect.

Again the Grim Reaper has invaded the ranks of the Baptist church at Center Point, Texas, and carried away another beloved and useful member. On February 6th, 1918, the Messenger of Death closed the eyes of Mrs. B. W. N. Simms, wife of our pastor, forever to this life. Modest, retiring, unassuming, yet ever faithful, and busy with what her hands found to do, in the home, in the community, in the church and aid she was always found where she was needed, and never shirked a responsibility. We shall miss her more than words can express, but with genuine love and respect we shall cherish her memory.

Therefore, be it resolved by the Baptist Ladies Aid at Center Point, Texas:

1. That a page in our minutes be inscribed to her memory.
2. That we strive to follow her example in unselfish devotion, duty, and loyalty to her church and society.
3. That we mourn the loss of her sympathetic, stimulating presence among us. May God help us to press forward with renewed energy in the work that she loved with her whole heart.
4. That we extend to her bereaved husband our affectionate sympathy and forward to him and the Baptist Standard for publication a copy of these resolutions.

We the committee,
Mrs. Laura Evanson,
Mrs. Dick Swayze,
Miss Jewell McElroy.

Notice to the Public

The government has made an attempt to assist the farmers in the drought stricken district to secure seed for planting purposes. On account of the scarcity of seed, and due to the fact that it is necessary to make this seed go as far as possible, it has been necessary to place a limit on the amount of seed that any one farmer can buy. Some people have the mistaken idea that the government is limiting the amount of seed they can buy from other sources and on that account are going to let some of their fields go unplanted. This is a mistaken idea, you may buy the limit from the government and then buy as much as you like from other sources. It is every farmer's duty to plant all of his fields in something this year. Food is the essential thing to our success in the war and every farmer who does not plant all that he can this year, is failing to do his duty.

K. G. BAKER,
County Agent.

FOOD MEN TAKE RISING PLEDGE TO DO THEIR DUTY

A pledge to be faithful and just in the performance of their duties was taken at the conclusion of a two days' meeting in Houston of district administrators for the Food Administration of Texas. The occasion was a luncheon given at the Rice Hotel, the management being the host, and the district administrators rose to their feet to give their pledges to their chief, E. A. Peden of Houston.

In their concluding session the administrators were addressed by L. M. Hewitt, administrator of the Navasota district; B. E. Johnson, administrator of the Wichita Falls district and director of the campaign of production under state auspices; J. B. Carrington, administrator of the San Antonio district; and Sam H. Dixon, of the forage and truck department. The need of recruiting sufficient labor was discussed.

"Do not be discouraged upon the issue of labor," said Mr. Peden. "If there is not enough labor to harvest all the crops that are planted we will turn the people of the cities into the fields and give of service until the harvest is performed."

Mr. Johnson suggested then that city men in taking their vacations should plan to go to farms where they could work and help the nation in securing an increased production and replace the labor now drawn into the army.

PEDEN SUGGESTS BUTCHERS CLOSE

STATE FOOD ADMINISTRATOR ADVOCATES LOCK AND KEY FOR TUESDAYS

Administrator Peden is being daily advised of meetings of butchers and meat market proprietors in various Texas cities on the issue of closing their markets on Tuesday, which is meatless day; and to so conduct their business as to sell no pork on Saturday, which is porkless day. The butchers of San Antonio have agreed to close their shops on Tuesday; while Galveston has the matter under consideration, as is also the case in Dallas and Fort Worth.

Mr. Peden thinks that the question of closing meat markets on Tuesdays should be a volunteer measure on the part of a community, and that if the majority of the guild are in favor of closing, the minority should abide by the decision.

"There is a Reason"

GERMAN DRIVE IN RUSSIA UNCHECKED

BOLSHEVIKI ACCEPT GERMAN-MADE PEACE TERMS, BUT THE ARMY STILL ADVANCES.

PILING UP BOOTY

Martial Law Is Declared in Petrograd and Severe Regulations Are Announced—On Other Fronts.

The bolshevik government in Russia, represented by Nikolai Lenine and Leon Trotzky, has acceded to the demands of Germany and announced its readiness to accept the hard peace terms which Germany has laid down. Thus, apparently without further hesitation, the Russians are prepared, in an effort to stop the inroads the Germans now are making into their country, to add to the enemy's already vast holdings more of Russia's most valuable western territory, extending from the Gulf of Finland southward to the Black Sea, and even to withdraw her troops from Finland and give back to the Turks what has been taken from them in battle.

A Russian wireless government statement received in London says: "Germany will renew the peace negotiations and will conclude peace on the following conditions:

"Both to declare the war ended. "All regions west of the line indicated at Brest-Litovsk to the Russian delegation which formerly belonged to Russia to be no longer under the territorial protection of Russia. "In the region of Dvinsk this line must be advanced to the eastern frontier of Courland.

"The former attachment of these regions to the Russian state must in no case involve for them obligations toward Russia. Russia renounces every claim to intervene in the internal affairs of those regions.

"Germany and Austria-Hungary have the intention to define further the fate of these regions in agreement with their populations.

"Germany is ready after the completion of Russian demobilization to evacuate the regions which are east of the above line. So far as it is not stated otherwise, Livonia and Estonia must immediately be cleared of Russian troops and Red Guard."

The surrender seems about. Russia is immediately to send a delegation to Brest-Litovsk, there to discuss with German representatives the final details of the peace and sign the compact.

At last accounts the German armies in the east were giving no heed to talk of peace, but, on the contrary, were methodically pushing forward their line over the more than 500-mile front from the Gulf of Finland region to Volhynia, and still nowhere meeting with any systematic attempts to hinder their progress.

Numerous additional towns have been captured and several thousand more Russians made prisoner. In addition, nearly three thousand German and Austrian prisoners of war have been liberated by the invaders. Rival Russia's principal port on the Finnish Gulf, is rapidly being approached, notwithstanding the snow-covered roads. The troops here are being pushed forward in forced marches, the desire of the German high command evidently being to capture the port, which would be available if necessity arises as a base for operations by a fleet of war vessels against Kronstadt and Petrograd.

Meanwhile the internal situation in Russia continues chaotic. So bad have conditions become in Petrograd that a state of siege has been declared by the military authorities. Looting and other reprehensible deeds will result in sentences of death, it is announced by the bolshevik authorities, and all explosives must be immediately turned in to the authorities on pain of the holders being declared outlaws. Opposition newspapers have been warned that inaccurate information published in them will lead to the arrest of the editor and their staffs.

Roumania, cut off from her allies through her disaffection, at last has entered into formal peace negotiations with the central powers, according to advices reaching London.

Like a great tidal wave, the German invasion of Russia rolls forward. From Leningrad, the Russian province on the south shore of the Gulf of Finland, on the north of Rowno, part of the famous triangle of fortresses which stood as a Muscovite bulwark in the early days of the war, on the south, the Germans are still advancing.

The Teutons' forward movement has taken the form of a crescent, with its convex face toward the heart of Russia.

From the official reports from Berlin it would appear that the Russians were not destitute of war supplies. Dispatches received Thursday were to the effect that the booty captured at Rowno is enormous. Among the items enumerated were 1,233 guns, 120 machine guns, 4,000 to 5,000 motor cars and trains, about 1,000 carriages, many of which were laden with grain, airplanes and war material of an amount said to be "incalculable."

Russia is now forced to sign peace upon the conditions proposed by Germany, says an official Russian statement received in London Wednesday.

BRITISH RED CROSS LINER GOES ON ROCKS

Big Liner Strikes Ledge Near Cape Race in Blizzard and Many Persons on Board Perish.

St. Johns, N. F.—The crack Red Cross liner Florizel, from St. Johns for New York by way of Halifax, with 140 persons on board, including seventy-eight passengers, piled up on the ledges near Cape Race during a blizzard Sunday and it is believed that all on board were lost.

Naval gunners sent on a special train from St. Johns shot a line across the bow of the partly submerged ship, but waited in vain for it to be hauled aboard. Just before darkness blotted the wreck from view five men, driven from the forecastle by the giant seas, were seen to climb the forward rigging, signalling feebly for help. But when they failed to make fast the line it was feared that they had succumbed to the cold and exposure. Those five were the only one visible on board several hours after the ship struck. Somewhere beyond the white mainstrom of breakers two stanch rescue steamers lay in waiting for a favorable moment to send a boat through the surf.

Included among the passengers were twelve women and four children. Among the first cabin passengers were John Shannon Munn, a managing director of the firm of Bowring Bros., Ltd., owners of the liner, and his 3-year-old daughter Betty. They were going to New York to meet Mrs. Munn and Sir Edgar Bowring, one of the owners of the line.

Six cadets of the Royal Flying Corps on their way from Newfoundland to join their command, were aboard.

Passengers on Board. First class for New York: Alec Ledingham, Thomas McNeil, Fred Smythe, J. H. Baggs, William Butler and wife, Patrick Lacey, Edward Proude, James McCoubrey, Robert Wright, James Miller, James Daly (all business men of St. Johns), Misses Kitty Cantwell, Annie Dalton, M. Barrett.

Second class for New York: Joseph Maloney, wife and child; William Dodd, P. J. Fitzpatrick, A. Power, J. G. Sparrow, Edward Greig, John Costello, Peter Gullfoyle, Thomas Whelan, William Fusswell, David Griffiths, Misses Minnie Daniel, Elizabeth Frank.

First class for Halifax: Frank Chown, Fred Snow, Edward Berteau, Jack C. Parsons, Newman Sellers, Ralph Burnam (cadets of the Royal Flying Corps), George Massie, wife and child; William E. Bishop, Charles H. Miller, O. P. Bellevue, George A. Moulton and son, George Parmiter, Gerald St. John, William Moore, John Kieley, Michael Connolly, John Connelly, William Parmiter, Major Michael Sullivan, Archibald Gardner, Captain Joseph Kean, John S. Munn, William Earle, Michael O. Driscoll, Misses Beaumont, Munn, Trenchard.

Second class for Halifax: George Long, A. G. Fagan, R. J. Fowler, George Puddesler, Gregory Mahoney, John Lynch, W. Richard, Leonard Nichell, John Cleary, James Crookwell, H. Pearcey, James Bartlett, Charles Howell, J. Forest, Joseph Stockley (all of St. Johns), and Mr. Stevens (New York).

TUSCANIA SURVIVORS IN IRISH HOSPITALS

Twelve Texans Are Among Those Who Are Recovering From Their Injuries in Ireland.

Washington.—Sixty-three American survivors of the torpedoed troop ship Tuscania were reported to the war department Monday as recovering in Irish hospitals from the effects of injuries or exposures. The dispatch said none of the cases was serious and that it was expected all the men would soon be discharged.

All of the sixty-three had previously been reported saved and the presence of many of them in hospitals had been recorded in press dispatches, although a later dispatch brought the first official list of those in hospitals.

The list included: At Londonderry, Elmo Holden, Fort Worth, Texas. Willie P. Lohman, Garyville, La. Oscar McCullough, Lone Wolf, Okla. George R. Baker, Carter Valley, Tex. Pedro Belmont, 107 South Lonea street, San Antonio, Texas. Olan Binkley, Ralston, Okla. Henry S. Burleson, Minco, Okla. Lewis P. Carline, Lometa, Texas. Sam B. Eddins, Ladonia, Texas. Mark T. Gibson, Batson, Texas. James T. Gore, Fred, Texas. Silva Hensley, Boswell, Okla. Joseph G. McAdams, Atlanta, Texas. John F. McDonnell, Hinton, Okla. Herbert D. Taylor, Santo, Texas. Roman Sandoval, Floresville, Texas. At Larne: Virgie B. Brewer, Dexter, Mo. John N. Stinson, Smith Center, Kan. Charles R. Pelley, Farrisville, Texas. Walter Villines, Stephenville, Texas.

Murphy and Davis Elected. Houston, Tex.—The indications are that Franklin P. Davis and Charles R. Murphy will represent Harris county in the legislature, filling vacancies created by the resignation of two members who joined the colors, by the result of an election held Saturday.

Price of Wheat Fixed. Washington.—A price of \$2.20 a bushel—the same as for last year's crop—was fixed by President Wilson Saturday for the coming year's wheat yield.

WORK OF THE PATRIOTIC GARDEN LEAGUE OF TEXAS

School Superintendents, Teachers, Boy Scouts, Campfire Girls, Women's Organizations Are Co-operating.

Austin, Tex.—"I can not fight the kaiser with a gun, but I can fight him with a hoe," writes 16-year old Sam Williams of Lancaster on his application for enrollment as a member of the Patriotic Garden League of Texas.

"If the re-ordinated movement for a greater production of food and feed in Texas during 1918 accomplishes nothing more than the formation of the Garden League for the cultivation of war gardens, it will have fully justified its efforts," said W. C. Barrickman, who has been loaned to the campaign by the Texas Industrial Congress, and who is conducting this feature of the work.

"We have already printed and distributed 100,000 applications for membership in the league, and have placed another order for 150,000 additional cards. County school superintendents, teachers and pupils of public schools, boy scouts, campfire girls and members of many different women's organizations are heartily co-operating in the campaign.

"The state superintendent of schools has endorsed our plans for a garden in every home in Texas; the food administrator has granted us a mail frank; and the governor of Texas has prepared a certificate of membership in the league bearing his official seal, which is to be sent to every man, woman and child who agrees to help win the war by planting a garden this year.

"From every section of the State and by every mail we are receiving requests for membership application cards ranking in number from 10 up to 20,000. Houston has asked for 15,000, Galveston 10,000, San Antonio 20,000, the county superintendent of Bastrop county wants 4,000, Hill county 3,000, Hopkins county 5,000, and so on.

"Every newspaper has been asked to print the membership application blank in its columns for the next few weeks, and many of them have already complied, with the result that hundreds have been clipped from the papers, signed and mailed to R. F. Johnson, manager of the Texas Food and Feed Production Campaign at Austin.

"The ages of applicants vary from 7 years to 70, and at least one member of the State Council of Defense, Judge Alvin C. Osley of Denton, has enrolled.

"Any possible doubt of the patriotism of the people of Texas and of their earnest intention to help win the war through the cultivation of war gardens would be dissipated by an examination of the membership roll of the Patriotic Garden League of Texas. If food will help win the war, Texas is going to do her part in its production, for a hundred thousand gardens, with an average value of \$25, means \$2,500,000 added to the agricultural wealth of the State, that under ordinary circumstances would not be produced."

Americans Airplanes in France. Washington.—The first American built battle planes have gone to France, nearly five months ahead of the original schedule. In making this announcement Thursday Secretary Baker said the first shipment, although in itself not large, "marks the final overcoming of many difficulties met in building up this new and intricate industry."

Daniels Praises Labor. New York.—The bitterest disappointment of the war for the Prussians has been the shattering of the "fatuous belief" that the labor of the United States could be stamped by "insidious propaganda," Secretary of the Navy Daniels declared in an address Friday.

Report Defeat for Villa Troops. Juarez, Mex.—Francisco Villa's forces were defeated at Laguna de la Estrella, south of Jiminez, this week, and General Carrasco, a federal commander, and Adelinos Sanchez, a Villa colonel, were among those killed in the battle.

British Captures During Year. London.—The British captured from the enemy in the past year 168 heavy howitzers, 68 heavy guns, 427 field guns, 1,655 trench mortars and 2,814 machine guns.

RULES FOR DEALERS IN FISH AND OTHER FOODSTUFFS

Houston, Tex.—The following facts have been prepared by the legal department of the federal food administration for Texas:

Special permit to licensee, selling dried beans and peas, if canned in tinplate containers, required by special rule 4, need not be obtained by the broker if such permission has already been granted his principal.

Retailers of foodstuffs, whose gross sales of all licensed commodities are less than \$100,000 yearly, are not subject to license.

The licensee shall not sell any fish, whether salt water or fresh water, except by the actual weight in pounds.

Grain elevators may exchange flour for wheat, without purchase of substitutes, provided amount does not exceed purchaser's reasonable household requirements for the next thirty days.

Frozen or killed poultry, if purchased before February 11, may be sold without restrictions; that purchased thereafter may be sold, if purchaser had no notice of rule, provided he discontinued making purchases upon receipt of notice.

The wheat flour substitutes listed in wheat conservation rules 25, 26, 29, 30, and 31, do not include unbolted cornmeal, hominy any other products suitable only for cattle feed.

Flour may be sold to ships licensed as bakers on the same basis as in sales to hotels; sales to other ships must be on fifty-fifty basis. Local agent of war trade board determines amount of flour or sugar which may be sold to ships.

OVER THREE FOURTHS OF FIRES PREVENTABLE

Austin, Tex.—Of the 81,000 fires occurring in Texas since December 10, 1910, since which date the Texas fire insurance commission has made classification of fires, 79.55 per cent were preventable. Fires occurring in dwellings, apartment houses, boarding houses and private out-houses numbered 38,705, of which 25,242, or 65.9 per cent, were preventable; 4,957, or 12.8 per cent, were unpreventable, and 8,506, or 21.5 per cent, were from unknown causes.

Fires in mercantile, special hazards and other classes numbered 42,655, of which 21,965, or 51.4 per cent, were preventable; 8,156, or 19.2 per cent, were unpreventable, and 12,534, or 29.4 per cent, were from unknown causes.

In the class of fires in dwellings, apartment houses, etc., taking the proportion of preventable fires from unknown causes to be the same as for known causes, the ratio of preventable fires was 86.2 per cent. In the mercantile and special hazard class, the ratio of preventable fires was 72.9 per cent.

Cars to Handle Foodstuffs

Washington.—Director General McAdoo Friday gave assurance that "so far as transportation is concerned, there is no danger of suffering from a serious food shortage in the eastern part of the country." This was prompted by the warning Thursday by Food Administrator Hoover that unless grain and meat movement is greatly increased in the next sixty days the country is threatened with an acute shortage of food and the program of food shipments to the allies will fail. In a letter to Mr. Hoover the director general declared that if the food administrator will give definite information on the location of stocks of supplies intended for the allies, the railroads will move them promptly to seaboard. Simultaneously, the railroad administration gave out figures showing that the movement of grain to primary markets in the West within the last ten days was far greater than in previous years.

Strange Malady Attacks People. Peoria, Ill.—With between 2,500 and 3,000 Peorians suffering from a strange stomach and bowel malady, the village of Washington, Tazewell county, reported the same epidemic had broken out there. Washington is twelve miles from Peoria and does not use Peoria water, to which some had attributed the origin of the trouble.

Jericho Captured by British. London.—The British have captured Jericho in Palestine, the war office reports.

MORE SURVIVORS OF THE DESTROYED SHIP TUSCANIA

List of the Missing Is Checked Against All Available Official Records, Texans Included.

Washington.—The war department Thursday announced the names of forty-four additional American soldiers who were rescued from the torpedoed liner Tuscania and that of one other man listed as missing, but who, it develops, was not on the ship. Eight of the survivors previously had been reported in Associated Press dispatches as saved.

Those not previously accounted for were: Second Lieutenant Richard Warren, Waltham, Mass.; Sergeant Gilbert H. Wiggin, Minneapolis, Minn.; Corporals Thomas G. Adams, Chester, Pa.; Henry John Cook, Cameron, Wis.; Ernest Albert Grabow, Milwaukee, and Private Andrew C. Anderson, Nelson, Minn.

Privates: Louis T. Johnson, Paris, Texas; Mérie S. Kingham, Roosevelt, Texas; Milton Brown, Pilot Point, Texas; Herman L. Bennett, Bellevue, Mo.; Clarence H. Bradshaw, Haverhill, Mass.; George R. V. Cary, Springfield, Mass.; Hans M. Erickson, Beaver, Ore.; Francis P. Firnstahl, Colby, Wis.; John E. Heisel, Niagara Falls, N. Y.; Bobbie C. Ray, Seymour, Texas; Barney H. Ray, Temple, Texas; James L. Kirwin, New York City; Henry C. Murphy, Willow, Ore.; Alexander C. McNeal, Pittsburg, Pa.; Cruz R. Martinez, Morenci, Ariz.; Richardson Peter, Ravin, Okla.; Harry E. Peterson, Milwaukee, Wis.; Louis Todor, New York City; Frederick J. Thomas, Bridgeport, Conn.; Edgar H. Taber, Providence, R. I.; Charles L. Thompson, Endeavor, Pa.; Emmet S. White, Weaver, Cal.; John W. Weatherall, Dallas, Texas; Lawrence E. Wise Jr., Woodside, N. Y.; Firdel Wilkerson, Unionville, Mich.; Hans Andam, Orskog, Norway; Luracia B. Amigo, El Paso, Texas.

Cook: Carl S. Winnie, Schenectady, N. Y.

Civilian employes: Edward T. Fitzgerald, Detroit, and Abner E. Larned, Detroit.

The man previously listed as missing but who it is found was not on the ship is Private Homer Pullin of French Camp, Miss.

Thirty-seven American soldiers who sailed on the Tuscania, and who had not been accounted for since the ship was torpedoed February 5, were found to be survivors, when the Associated Press list of Tuscania, missing was checked against all available official records. They are:

Charles F. Billing, Rosenberg, Texas; William L. Cook, Aquila, Texas; Ruel A. Parrott, Garrison, Texas; John R. Terry, Aquila, Texas; Frank T. Allen, Independence, Okla.; Edward J. Burzelle, Nott, Ore.; Willard A. Monstans, Blue Earth, Minn.; Benjamin Gorge, Tahlequah, Okla.; Charles L. Hall, Vancouver, Wash.; Karl Elzmer Hultenius, Kenosha, Wis.; Gay J. Jameson, Portland, Ore.; Edmund Palmer Johnson, Iola, Wis.; Jacob W. Kramer, Abbottsford, Wis.; William J. Lambert, Philadelphia; Albert Louis Larsen, Kenosha, Wis.; Clarence G. Larsen, Saxeville, Wis.; Hans Christ Larson, Rice Lake, Wis.; Robert F. Lind, Poy Sippi, Wis.; William D. Lawrence, Webster City, Iowa; Theodore A. Montgomery, Maistetteque, Mich.; Otto Mowrey, Kenosha, Wis.; Joseph Lake Barsdale, Independence, Wis.; John Fred McCutcheon, Washburn, Wis.; John McCardie, Neshkoro, Wis.; Leiland H. McCreary, Poy Sippi, Wis.; Harry Albert McCarry, Shell Lake, Wis.; Lester W. McKenna, Fishling, N. Y.; Joseph McKee, Indiana Harbor, Ind.; Lawrence P. Miller, Hortonville, Wis.; Walter Albert McLean, Ottawa, Okla.; Anton B. Olson, Milan, Wash.; Henry A. Okanes, Ettrick, Wis.; Arthur M. Root, Seattle, Wash.; Philip Richter, San Francisco, Cal.; James W. Sallee, Hot Springs, Mont.; Granville J. Wade, Elwood, Neb.

Definite figures of the loss of American troops in the Tuscania disaster could not be determined. Of the 349 names not found in the lists of survivors as issued by the war department several days after the sinking, after careful checking with the Tuscania's passenger list, 134 have since been identified among the dead, 45 have been reported as survivors and 67 remain unaccounted for. There have been thirty-three unidentified dead buried on the Scottish coast, which are included in those unaccounted for.

Tribute Paid to Madero. Mexico City.—A miniature mountain of flowers was Friday heaped about the tomb of Francisco I. Madero, martyred president, on the fifth anniversary of his assassination. The tributes came from all classes of people and government officials delivered addresses to a great throng at the grave. Washington's birthday was celebrated by the American colony with a display of flags.

Must Serve Twenty Years. Camp Funston, Kan.—George Yeager of Troy, Kan., convicted by a court martial on charges of evading the draft and cursing the government, Thursday was sentenced to serve twenty years in the federal penitentiary at Leavenworth, Kan.

Conscription of Fortunes Favored. Helena, Mont.—The Montana house Friday adopted a joint resolution to Congress asking that the nation conscript all fortunes above \$1,000,000 for war expenses.

American Women No Slackers

We can well be proud of our American girls and women. In France and England women are taking up the work of men resolutely, and have shown their ability to do almost all kinds of work. When it becomes necessary women will show their worth in countless shops, stores, factories and offices. No one hears them complain of their hard work. These are the days when American men have caused to respect, love and honor their mothers, wives and sisters. If a woman is home daily, by the weakness and sufferings of which, she should be helped by a herbal tonic made with glycerin which has had such uniform success during the past half century. She should be well, instead of sick and suffering; healthy and vigorous, instead of worn-out and weak; bright eyes, clear skin, rosy cheeks—you wouldn't think it was the same woman, and it's all due to the use of a few bottles of Dr. Pierce's Favorite Prescription. All druggists. Tablets or liquid. Tablets, 60c.

What this medicine has done for thousands of delicate women, it will do for you. If you're over-worked and debilitated, it will build you up; if you're borne down by the chronic aches, pains and weaknesses, peculiar to your sex, it relieves and cures. It regulates and promotes the proper functions of womanhood. This old and tried Prescription of Dr. Pierce's invigorates the system, purifies the blood, improves digestion, and restores health, flesh and strength. Consult the specialist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for free confidential medical advice or for free book on Women's Diseases.—Adv.

KERRVILLE

Is the county seat of Kerr County, has a population of about 2500, is situated 70 miles northwesterly from San Antonio, and is the terminus of the Kerrville branch of the S. A. & A. P. railroad. It has two daily trains to and from San Antonio, and daily mail route, carrying passengers in autos, to Ingram, Junction, Rock Springs Harper and other places north and west of Kerrville, and also a daily line to Fredericksburg. From Kerrville to Fredericksburg is 25 miles, to Battered and Medina City, 25 miles; to Junction 60 miles, Rocksprings 80 miles, Harper 21 miles.

Kerrville has electric lights and a splendid system of water works. The sum of \$20,000 has been spent on the streets and \$40,000 has been spent for road improvements in this precinct.

The elevation at Kerrville is 1750 feet. The Guadalupe river, which heads 30 miles north of Kerrville, runs through the city. On the east side where the city is located, there are high bluffs on the river, and on the west side is a fertile and beautiful valley, and mountains surround the city on the east and west. The Guadalupe valley is occupied by thrifty farmers and ranchmen, and the mountain regions, among which there is considerable valley, creek and arable land, there are large ranches of cattle, horses, sheep and goats, all of which do well in the Kerrville country. The land generally is well wooded, principally with live oak, Spanish oak and cedar, and the range is good, and water excellent.

Our farmers grow wheat, oats and all other small grain, cane and alfalfa, cotton and corn, and fruit and vegetables do well. Kerrville is one of the largest wool markets in the state, and large quantities of wool, mohair, cotton, oats, cattle, etc., are shipped from this point.

The climate of the Kerrville country is unsurpassed. The winters are short and generally mild and invigorating owing to the dryness of the climate and the prevalence of sunshine. The summers are cool and delightful, and the mountain air is pure and bracing. Game abounds in the Kerrville country, and fishing in the Guadalupe, especially north of Kerrville, is good. Kerrville and the adjoining towns are popular resorts for health and recreation.

The Kerrville Commercial Club, any of the different Realty Companies or any of our citizens, will be pleased to give prospective residents or visitors further information.
