THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, SEPTEMBER 14, 1960

BOVINA, TEXAS

VOL. VI, NO. 12

WHITTLIN'

BY DOLPH MOTEN

A Parmer County friend of ours, with whom we discuss politics on occasion, told us recently, "Texas is going Republican without a doubt." Shook us. We heard him the first time, but we said, "Sir?" just to be dead sure we had heard correctly. The man's a Democrat, too. He's been reading something we haven't to have that figured out for certain. We were so stunned we didn't think of the comeback that happened in Bovina right after the conventions. One fellow told a good Democrat, "Nixon's going to be the next president." The Democrat took the man aside and told him, "It's all right for you to think that. What you think is your business. But don't be telling that up and down Main Street. Somebody might believe you."

From standpoint of conversation, the election is dormant here. We can't get people to keep off various phases of football long enough to make any remarks concerning politics. And this means that the religious issue, too, is not being discussed locally. At least not where we can hear it. We believe that phase of the campaign is over here.

Hear a farmer say recently that he couldn't afford to vote anyway but Democratic. We agree wholeheartedly. And the same goes for people who live in farming communities, among others.

As we see it, people in Parmer County, for instance, who vote Republican aren't doing that as such. They're voting against something -- the Democratic platform or the Democratic candidates. They're not considering what's best for themselves as individuals. They're letting prejudices run away with them.

Something else that worries us is people who say, "I'm a Democrat, but I can't vote that way this time." And probably they haven't voted that way since Truman's day. Still, they say, "I'm a Democrat."

That's like telling us that "All newspaper people are stupid, but we don't mean you." It's just not that way. Maybe if the people are ashamed to admit they're Republicans, they could stand to wear the title of "Independent." That's kind of a fence-straddling deal that might just fit.

Blade Weatherman Willie Williams got his first traffic ticket a couple of weeks ago. The first in his life. And we don't know how long Willie has been driving, but he says he came to Bovina when "The sun was just a little bitty thing and there was no moon a'tall."

Willie believes in trading at home, too. He got caught, ticketed and fined right in town.

We understand he was guilty of running the stop sign at the intersection of Third Street and Highway 86. Willie says "running" the stop sign isn't the correct word. Says it was more of a question of slowing down, looking both ways, shifting into second, and easing onto the highway.

Didn't cost but \$16.50, though. That's not high if you like to run stop signs.

At that rate--each running of a stop sign costing \$16.50--there's a million dollars a month going to waste in Bovina.

A report on last week's football contest appears elsewhere in this issue.

Interest is increasing.

If you haven't entered in either of the first two, it's still not too late. Nine dollars is awarded weekly to winner of the contest besides the Cotton Bowl trip grand prize.

As the season progresses, it becomes harder and harder for the people who know football to come up with good scores. This throws the door wide open for "amateurs" to win the contest.

We're looking for your entry whether you're amateur or pro.

FOR FIREMEN--

Chief Seeks Meeting Spot

Firemen and city commissioners are still seeking a suitable place for firemen to conduct their monthly meetings this winter.

Fire chief James Taylor met with the commission Wednesday night to discuss this problem. Firemen have been meeting in the fire hall, where trucks and equipment are kept. But the building is not warm enough for winter meetings. Buildings under consideration for meeting places are the Legion Hall and Wilson-Brock Insurance Office. The insurance office is adjacent to City Hall and was originally constructed as part of city offices.

Neither place was officially designated.

Firemen were also seeking payment of a \$250 recreation fund set aside for them by city commissioners earlier this year.

The commission agreed to pay \$190 of the fund immediately and the remainder in monthly payments of \$20. The fund will be paid each year to firemen for their own use for suppers and other recreation.

Commissioners also have under consideration an offer by Jesse Vestal, who owns property on Eighth Street. Vestal wants to trade the city some lots for payment of his portion of a paving project on Eighth Street. The city is interested in the offer and details of the transaction will be worked out.

Court Awards Payment To J. E. Hardage

In the first case to be tried in the fall session of district court at Farwell Monday, J. E. Hardage was awarded payment in the amount of \$560.80 from C. A. Workman of Olton.

Firemen Plan Bingo Games

Bovina Volunteer Fire Department members voted at a regular meeting Monday night to sponsor twice-a-month bingo games as a fund-raising activity.

First of the sessions will be Saturday night, October 1, in American Legion Hall, Fire Chief James Taylor announces.

In addition to bingo, firemen will operate a concession stand. The set-up will be similar to a project carried on by American Legion some three years ago.

The bingo games will be under direction of Lou Marot, Chief Taylor says.

Thieves Strike Again

Burglars struck again in Bovina Friday night. This time at Three-Way Chemical Co. on Highway 60.

Sheriff Chas. Lovelace, who investigated the break-in, said the thieves apparently rummaged through the firm's office searching for money before taking about four automotive batteries and some wrenches.

Entry was gained through the back door of the large sheet iron building that houses the chemical company. Employees had swept and cleaned the building Saturday morning before they noticed the missing merchandise.

Sheriff Lovelace made casts of auto tire marks outside the building that indicated the thugs left hurriedly.

The break-in was one in a wave of minor burglaries that has plagued Bovina businesses in recent weeks. The burglars haven't made off with much valuable loot in any of their recent raids.

LOSE, 44-12--

Ponies Scare Steers For Three Quarters

Bovina's underdog Mustangs played the highly-favored Class A Farwell Steers a tremendous game there Friday night for three quarters. The Steers' weight, speed, and experience proved dominant over the Mustangs' determination and the host team rallied for a 44-12 triumph.

The Mustangs, given little, if any, chance for an upset at best, were handicapped by sickness and injury. Coaches Hallie Gee and Malcom Kennedy had

AT FARWELL--

Hartwell Okay After Beating

John Hartwell, Bovina farm machinery dealer who was beaten by three men in Farwell Monday night before last, was released from the hospital last week and is back at his job.

Hartwell's attackers were charged with intent to murder, after the assault at a roadside park near Farwell that continued in the driveway of a Farwell service station.

The Bovina man was severely beaten and lost several front teeth. Bert Christenson and Houston Bryan Martin were arrested following the attack that occurred after an alleged argument. A third party was thought to have had a part in

the beating.

According to Sheriff Chas. Lovelace, the beating occurred following an argument, which apparently started at the Clover Club in Texico. Hartwell and his wife left the club and started toward Bovina.

Christenson and Martin, along with several companions, started following the car and forced it off the road at a roadside park a mile northeast of Farwell.

After bringing the car to a stop, Hartwell's pursuers started beating on the car, causing damage to the body and breaking the window. They also started beating Hartwell

with a double strand of rubber coated wiring.

Hartwell managed to start his vehicle and go back to Farwell to seek help. He was again overtaken and the beating continued at a Farwell service station. He was semi-conscious and "badly beaten up" when the sheriff arrived.

In addition to being charged with assault and intent to murder, Christenson and Martin have been charged with malicious destruction of property.

A warrant was issued for the arrest of the third participant in the beating.

EARLY MILO---Tom Beauchamp grew one of first loads of grain sorghum delivered to Bovina this season. Jimmy Charles, left, and Ralph Kunselman harvested the milo and delivered it to Sherley Grain Co. here. This load was delivered September 7.

Grain Cutting Begins

First grain sorghum of the 1960 crop delivered to Bovina came to Sherley Grain Co. Tuesday and the second load was brought in Wednesday.

E. C. Berry took first load honors at the elevator Tuesday with a 1800 pound load of hegar. It tested 15 per cent moisture and was grown on dryland.

Berry received a \$25 bonus from Sherley Grain for delivering the load.

Tom Beauchamp brought a load of milo to Sherley Grain Wednesday that contained 18 per cent moisture.

Berry's grain missed being the first load delivered in Parmer County this year, by only one day. L. A. Wingham brought the county's first load to Prewett Elevator at Black.

Wingham's grain was grown on irrigated land.

SEEK FIRST WIN--

Ponies Nurse Pains Prep For Panthers

Probably the two roughest games of the season are behind the Bovina Mustangs and they have aches, pains, bruises and two losses to prove it.

Roger Ezell, who ran wild against the Farwell Steers last week and played like a demon on defense, may not be in the lineup this week when the Ponies meet the Whitharral Panthers. He suffered a back injury.

Other doubtful starters will be second string fullback Jerry Frazier, who has a severe cold and hay fever, Rocky Hance, who still hasn't recovered from a broken thumb, and Joe Jones.

Ezell was injured late in the second period in the brutal Farwell contest. He stayed in the game until the third quarter when Coach Hallie Gee took him out after he received a blow on the chin.

A back injury was what had the coaches concerned after they learned the big fullback's jaw was not broken.

Only 23 boys were in uniform for the Farwell game. The remainder of the 34-man squad was out with injuries.

Another player, Jimmie

Tommy Horton Buried Thursday

Funeral Services for George Thomas Horton, 62, were conducted in First Baptist Church Thursday afternoon. Burial was in Bovina cemetery.

Alfred White, minister of Bovina Church of Christ, and Rev. John Ferguson, pastor of First Baptist Church, were in charge.

Mr. Horton died Monday in a Temple hospital.

He was born March 3, 1898 in Hopkins County. He and his wife, the former Delle Rice, moved to the Bovina area in 1925 and had lived here since that time.

Survivors are the widow, two daughters, Murlene Gaines of Friona, and Mrs. Imogene Frazier of Amarillo; six sisters, Mrs. Ertle Payne of Dallas, Mrs. Callie Pierce, Dallas, Mrs. Thelma Stevenson,

Saltito, Mrs. Donnie Smith of Saltito, Mrs. Maggie Wilson, Portales, N. M., and Mrs. Cora Bennett of Midland; and by one brother, Robbie Horton, of Avinger.

Three grandchildren also survive.

Committee Will Meet

A committee of Boy Scout leaders will meet tonight in the Legion Hall with Terry Edwards of Clovis.

Pat Kunselman, local scout leader said the committee meeting is for organizational purposes and that several scout parents have been asked to attend.

DIES THURSDAY--

Bovina Farmer Shot In Home

John J. Whittle, 36, who had farmed two miles southwest of Bovina the past 18 months, died about midnight Thursday from an accidental gunshot wound.

Whittle died in surgery at Parmer County Community Hospital where he was taken following the tragic accident at his home about two miles southwest of Bovina.

Funeral services were con-

ducted at 2 p. m. Sunday in Lubbock at Southcrest Baptist Church. Masonic graveside ceremonies were also held.

Mrs. Whittle said she and her husband were sitting in their living room talking while her husband handled a 22 calibre rifle. Suddenly the gun discharged, hitting Whittle in the lower left side of his stomach.

He was rushed to the Friona

Hospital by automobile and was admitted about 10 o'clock. He died about 11:30. Doctors were performing surgery when death came.

Survivors include the widow and three small children, Sandra, 5, Clint, 4, and Carol, 2.

The family had moved here from New Deal.

IN GRID CONTEST--

Nine Correct Gives Prize To Grissom

Leon Grissom, Oklahoma Lane farmer, became the first contestant to pick as many as nine winners in the Bovina Business Football Contest this week.

Grissom's feat gave him the weekly first place prize of \$5 and pulled him into a tie for the

overall lead with 15 points. Three contestants tied for second and third place prizes.

The Amherst-Hart tie game was the only blot on Grissom's entry. Thirteen contestants picked eight winners from the 10 games listed in the weekly football predicting contest.

Billy Richards, Boyd Gilreath and Roy C. Dodson each had eight correct selections and each was eight points off the correct score of the Bovina-Farwell game, which was used as a tie-breaker.

Eighty-nine persons entered the contest last week. The prediction game will run nine more weeks, with weekly prizes of \$5, \$3, and \$1 and a grand prize of an expense paid trip for two to the Cotton Bowl.

Other entries with eight correct selections were Jerry G. Morton, C. R. Brandon, H. N. Turner, Donnie Young, M. H. Carson, Hylton Moore, Norvell Strawn, Mark Charles, Doris Strawn and Joe C. Moore.

For the second week in succession, a tie game caused every contestant to miss at least one selection. Last week Clovis and Muleshoe battled to a 22-22 tie to foil contestants' bid for a perfect score.

Highest score last week was eight.

In competition for the Cotton

Bowl trip, nine contestants tied for the lead with 15 points. Allen Cumpton, Ed Hutte, Ronnie Isham, James Lawler, Billy Richards, Lynn Loone and H. N. Turner have each scored "7's" and "8's" in the first two rounds. Grissom had "6" last week to go with his prize-winning "9" this week.

Winner of the expense-paid trip to the Cotton Bowl Class will be determined on the basis of weekly points. The Cotton Bowl will pit the Southwest Conference Champion against a team to be selected.

Enrollment Reaches 500

Enrollment in Bovina School surged over the 500 mark for first time in history Monday.

Announcement of the increase was made by Superintendent Warren Morton. The total was 504 as of Monday afternoon.

"This is the goal we've been shooting for the past couple years," Morton says.

Other school news includes the hiring of a high school math teacher. He is Robert McDonald, a graduate of East Texas State College who taught last year at Littlefield.

McDonald is married and has two children; a daughter who is a sophomore in high school and a son, 2.

Miss Hammonds Has Coffee

Carole Hammonds gave a Coffee Tuesday morning in her home for several local girls.

Coffee, tea, spudnuts and mints were served from a table laid with a white cloth graced with crystal and silver appointments.

Jimmy Wright Has Surgery

Jimmy Wright, son of Mr. and Mrs. J. W. Wright, underwent surgery Friday morning at Parmer County Hospital in Friona. He is expected to be released early this week.

Among those present were Mrs. Gerald Harden, Misses Verna Marie Estes, Harriette Lou Charles and Virginia Embree.

Mr. and Mrs. L. C. Moore returned Tuesday following a vacation to Childress and Clarendon. While there they visited relatives.

Death Claims Lynn Kersey

Funeral services for Lynn Olan Kersey, 9-year-old son of Mr. and Mrs. Olan Kersey of the Oklahoma Lane community, were held Saturday at the Pentecostal Church in Bovina.

Rev. S. W. Blake, former pastor of the church, who now resides in Clayton, was in charge of services. Pallbearers were Wendol, Troy and Donald Christian and John N., Max and Weldon Crim.

Lynn Olan, a victim of leukemia, had been ill about three months. He had completed the second grade at Farwell last year. The family first became aware of his illness in early summer. He passed away at Parmer County Community Hospital in Friona Wednesday of last week.

The youngster was born in Vancouver, Wash., and moved to this area with his family in 1956. His father is a farmer in the Oklahoma Lane community.

Survivors include the grandparents, Mr. and Mrs. A. T. Kersey of Oklahoma Lane, and Mr. and Mrs. Lecher of Portland, Oregon; great-grandmother, Mrs. Gertrude Graham of Portland;

Also four brothers, Wilton of Portland, and Wayne, Wesley and Glen of the home; and one sister, Mrs. Jean Page of Dallas.

Out of town relatives attending the services included Mrs. Ruby Ross and Mr. and Mrs. Bill Doak of Las Cruces; Mr.

LYNN OLAN KERSEY

and Mrs. Homer Thomas of Oklahoma City; Mr. and Mrs. Troy Kersey and Mr. and Mrs. Ray Loomis of Albuquerque; Mrs. Lois Kibbee of Portland; and J. L. Bennett of Arcadia, Calif.

Members of the Kersey family this week expressed their appreciation to all their friends who had been so helpful to them during Lynn's illness. They particularly gave their thanks to those who gave blood donations, sent food to the home, for the comforting flowers, and the love offering. Also, they particularly expressed their gratitude to the nursing staff at the hospital in Friona for their care of the sick child.

Claborn's of Friona was in charge of arrangements for the services.

FHA Plans Initiation

Activities for the year were discussed at a regular meeting of the Bovina FHA Monday night in Homemaking Cottage.

First of the scheduled activities is freshman initiation. It will be September 21-23 and will be climaxed with a program and slumber party at the cottage the night of the 23rd.

A total of 44 girls are members of the chapter this year. Mrs. Charles Thompson is instructor.

Stork Shower Planned For Mrs. McLeroy

A pink and blue shower will honor Mrs. James McLeroy Thursday afternoon September 15, from 2 to 4:30 p.m. at First Baptist parsonage.

Friends are cordially invited.

Blade Sawdust by SUE MOTEN

Was fortunate enough to receive an invitation to the coffee honoring Lady Bird Johnson and the two Kennedy women.

However am not sure fortunate is the right word since we had to stand in a crowd of pushing, shoving, women for over an hour in order to shake their hands.

Guess I shouldn't complain though, just think, they had to shake approximately 2000 hands and smile all that time. The pressure on the wives of the presidential hopefuls is just a degree less than that on the candidates themselves. Lady Bird is vivacious and gracious lady with a charming southern accent which isn't Texan.

An amusing thing was called to my attention by Anita Anderson. She said that some of the Republican women arranged the flowers for the coffee. Seems they vowed they wouldn't attend but they very helpful in arranging the centerpiece.

A crowd of women is certainly an amusing thing to see. There are women of all sizes shapes and descriptions with no two alike. It is also a question in my mind as to how many of the two thousand who attended really attended for a political purpose or just went because it was a social occasion.

Mrs. Richards Hosts Circle Meeting, Wed.

Mr. T. J. Hoppingardner presided over the meeting of Dorcas Circle Wednesday.

Mrs. I. W. Quickel opened the program with a prayer and Mrs. Hoppingardner presented the devotional. Mrs. Frank Wilson presented the program entitled "Commission On Home Fields."

Mrs. Earl Richards hosted the meeting in her home.

Those attending were Mesdames: Oral Kunselman, L. C.

Couples Bridge Club Entertained

Mr. and Mrs. Vernon Willard hosted the Couples Bridge Club Thursday evening in their home.

Following a sandwich supper, coffee and soft drinks the couples played bridge.

Attending were Mr. and Mrs. Oakley Stevenson, Mr. and Mrs. Jimmy Ware, Mr. and Mrs. Gerald Harden, Mr. and Mrs. Leon Ware, Mr. and Mrs. Jimmy Clements, Mr. and Mrs. Jim Hemke, Mr. and Mrs. Glendon Sudderth, and the hosts, Mr. and Mrs. Willard.

Girl Born To Howards

Congratulations to Mr. and Mrs. Ronnie Howard on the birth of a seven pound, five ounce baby girl born August 30 at Parmer County Community Hospital. The name chosen for the little girl is Rhonda Lanell.

Mrs. McCallum Has Program

Mrs. Dean McCallum presented a program entitled "The Lord's Prayer" to members of the Fellowship circle Friday morning in the parlor of Methodist Church.

Following the program Mrs. D. R. Bushnell conducted a short business session.

Those present for the meeting were Mesdames, Leon Grissom, Hallie Gee, Leon Ware, Jimmy Ware, Vernon Willard, Jimmy Clements, Lloyd Nabors, and Richard Baxter.

The the latter had a great deal of influence since many of the women there had no intention of voting Democratic and their minds weren't changed after standing in line for a couple of hours to see and meet the women behind the men.

Another note of interest was the new costume worn by the Texas Congressmen's wives. They are real smart looking blue pleated skirts white blazers and red sailor hats with ribbons monogrammed with Kennedy and Johnson.

Moore, I. W. Quickel, Mable Newberry, Frank Wilson, John Wilson, T. J. Hoppingardner, and the hostess.

Pink And Blue Shower Honors Mrs. Dick Martin

Mrs. Dick Martin was honored with a pink and blue shower recently in the home of Mrs. Tommy Williams.

Corsages made with baby socks adorned with ribbon and maline were presented to the honoree, her mother, Mrs. Lester Rhinehart, and Mrs. A. M. Martin.

Gifts were presented to Mrs. Martin in a baby basinet decorated with ruffles of blue.

The serving table was laid with a white lace cloth over pink and was graced with an artificial arrangement of spider mums in a Danish candleholder. Refreshments of lemonade, cookies, nuts, mints and coffee were served to guests. A crystal punch bowl and appointments completed the setting. Favors of storks made with safety pins were given to the ladies.

Attending were Mesdames Wayne McCutchan, Neil Smith, A. M. Martin, Bill Burnam, Carroll Burnam, Tom Ware, Earl Stevenson, Lawrence Jamerson, and Lester Rhinehart.

Hostesses were Mesdames Erith Hawkins, Tommy Williams, Clifford Leake, Gerald Hardin, Dolph Moten, Vernon Ward and Glendon Sudderth.

Ponies Score-

(Continued from page 1)
vina fans went wild.

With the first quarter almost over, the Mustangs put the ball in play after a short kickoff on their own 47. Quarterback Don Caldwell made seven to Farwell's 47. Ezell plowed for three and a first down on the 43. Caldwell made three more and then Ezell made the Mustangs another first down with a nine-yard carry to the 31.

On first play of second quarter, Turner made four. Then Ezell broke loose on a 17-yard jaunt for a first and 10 on Farwell's 10 yard line. Ezell made two more to put the ball on the eight. Turner almost got loose, but was stopped on the two. Ezell failed to gain on third down, but on his fourth down effort, he sailed through center of the line and into the end zone for Bovina's first tally of 1960 season. A fake kick-pass play for extra points was no good and the score was 14-6.

The Mustangs got a break for their second TD. After kicking to their Parmer County rivals, they recovered a Steer fumble on their first play after the kickoff on Farwell's 30 and the Mustangs were on their way again.

Caldwell went for seven on a keeper play to the 23. Ezell managed for the first down with six yards to the 17. Turner made two, then Ezell three to put the ball on the 12. Ezell made nine and a first down on the three. Turner made one to put the ball on the two yard line. On the next play, Ezell went over for the touchdown and the score was 14-12. The underdog Mustangs were within inches of tying the score as an almost-complete pass for the extra points went for naught. The Steers wasted little time in getting their next score. On second play after the kickoff,

Lovelace again broke loose on a scoring jaunt; this time for 55 yards. When Dial ran the extra points over, the score was 22-12.

The third quarter was scoreless. The Steers' defense tightened to keep the Mustangs in check as Farwell's offense was handicapped by fumbles throughout the period. Farwell had one touchdown erased by a penalty during the third stanza.

Late in the third quarter, Bovina's Ezell, the Mustang leader on offense and defense, was taken from the game because of an injury and the Steers were on the move again.

Early in the final period, Dial went over from two yards away to make the score 28-12. Second later, after the Steers recovered a Mustang fumble on Bovina's 29, Dial scored again; this time from 15 yards out. The extra points brought the score to 34-12.

Late in the game, a Dial to Huggins pass covered 38 yards for the final touchdown of the night. The extra points, a pass to halfback Tommy Williams, ended the scoring.

Ezell was Bovina's leading ball carrier. He made 76 yards in 17 carries. Turner was second with 13 tries.

Nurse Pains- (Continued from page 1) any easier.

"We haven't scouted them (Whitharral) and all we know about them is that they have beaten Lorenzo," the coach said.

"We may have trouble preventing a letdown among our boys after the Farwell game," Gee had high praise for the recent conquerers of his charges. "They will win their district without a contest," he said of the steers.

He also said he is proud of the showing of his own crew. The coach said he felt the injury to Ezell and the "wearing down" of the light Mustangs enhanced the fourth quarter scoring binge by the Steers.

After Whitharral, the Ponies will tangle with Boys' Ranch and Amherst before starting district play against Hart. The game will be played at Whitharral. Gametime is 8 o'clock.

The hillbilly spotted a motorcycle, the first he had ever seen, coming up the mountain road. He raised his rifle and fired at it.

"Did you get the varmint?" his wife inquired.

"Hit it, didn't kill it," he replied. "I can still hear it growlin'--but I shore made it turn that pore man loose!"

Grain Sorghum Meet Tuesday

A meeting of Grain Sorghum Producers Association has been slated for 8 p. m., Tuesday, September 20, in the Community Room of the Friona State Bank.

Principal item of business at this meeting will be election of officers for the coming year.

Research, market development and service program of the Grain Sorghum Producers Association gained added impetus this week with an announcement of expansion of their work in two important directions.

In one expansion move, Frank Moore of Plainview, the Association's president, announced that B. M. McGinley is joining the staff of the organization to enlarge the field service activities. Moore pointed out that this is in order to give greater service to the expanding potentials for livestock feeding in the area, the need for closer relationships with other feeding areas such as the California market, and the need for close attention to legislative matters affecting sorghum growers as farm policy programs are reconstructed during the coming year.

McGinley, former Anadarko, Oklahoma businessman, will give special emphasis to work with county sorghum producer association directors and local grain elevator operators in organizational matters.

The second area of expansion according to Moore is the naming of a local grain elevator operator to the board of each county grain sorghum producer association. Such officials have in the past worked closely with Association leaders in all phases of their program but this marks the first time they will be serving on the board of the organization. These added directors as well as other officers for the coming year, will be elected at county meetings which will be held throughout the sorghum-producing area during the ensuing weeks.

Moore pointed out that McGinley comes to the Grain Sorghum Producers Association with an admirable background of

many years' business and civic experience. After being reared on a farm in Kansas, he attended Oklahoma State University and since has served Oklahoma Agricultural interest in such towns as Enid, Elk City, El Reno and Anadarko. In all these areas he has been active in civic affairs and has served as president of the Junior Chamber of Commerce, the Chamber of Commerce and the school boards.

Field Day At Halfway

The fourth annual Field Day of the High Plains Research Foundation will be held Wednesday, September 14 at Halfway, Texas, Frank Moore, president of the Foundation announced.

Tours of the research plots will start at 1:30 p. m. and continue until 5 p. m. A barbecue will be served all visitors at 6 p. m., followed by an evening program.

Visitors will have an opportunity to see the expanded research programs with cotton, and the new basic plant breeding program with soybeans and sesame.

Other points of interest include the new research program on weed elimination with flame cultivation; fertilizer studies with cotton, grain sorghum, and castor beans; variety tests on grain sorghum, soybeans, corn, castor beans, and sesame; and irrigation valuation, water conservation, and the recharge well.

In addition to the farm tours, a farm machinery exhibit will show the latest development in farm, irrigation, and agricultural aviation equipment.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

Herman Gerles, PCFB president, and wife, Alta, invited all the directors out to their home for regular director's meeting Monday night, Sept. 5. To make it more interesting, they asked them to bring their wives and enjoy barbecued chicken with trimmings and ice cream.

Attending were: The Donald Christians, F. D. Carters, J. T. Joneses, Claude Osborns, Joe Jeskoes, Vernon Symcoxes, Franklin Bauers, all of whom are directors and officers. Others attending were the Buster Davises, Jack Pattersons, Raymond Eulers and the Roy Millers.

Subjects discussed in the meeting were investment of building fund money; letters to legislators regarding need for a different type of farm program than presently advocated; and membership acquisition. The date and place for the annual county convention was set for the Oklahoma Lane Community Building on the night of October 6th.

The United States Department of Agriculture reports that there are one hundred seventy automatic cotton samplers operating in gin plants in the United States. Ninety-seven of these are in the state of Texas.

Regarding the statement often heard that the United States should donate its surplus food supply to the needy, here are some interesting facts. Over fifteen billion pounds of surplus food have been moved into use during the last eight years through the operation of the District Distribution Program, both in the United States and overseas.

The number of persons receiving surplus food in the needy person category increased to five and seven tenths million in March, 1959--the largest total since 1942. The cost of the food was reportedly nearly three billion dollars.

We would like to urge each person to give time to study of the political situation and decide how you really want to vote in the coming election. It is important that everyone study enough that they are interested enough to make it a point to vote their convictions.

Consider this: "The father of the righteous shall greatly rejoice; and he that begetteth a wise child shall have joy of him." Prov. 23:24

Cotton Is "Trying Hard"

In spite of adverse weather conditions during much of this year's growing season, Parmer County cotton is "trying hard" to produce a fair yield.

"What we need now is plenty of open weather between now and November 1," says Parmer County Agent Joe Jones. By "open weather," he was referring to plenty of warm, sunshiny days.

As was the case last year, much of the cotton is several weeks late and the cotton farmer's fate will rest with the weather. An early frost could be damaging.

There are 37,000 acres of cotton in Parmer County and if the weather cooperates it could make on the average of a bale per acre, believes Jones. There are a few acres less cotton in the county this year than last, because more of it was plowed under.

Some of the acreage, which didn't get off to a very good start, was abandoned and planted into grain sorghum or wheat. In all, there were 12,000 acres plowed up, according to Prentice Mills of the County ASC office.

The way things look right now, the cycle of alternate good years and bad years for cotton in Parmer County will be broken this year. Since 1954, when county farmers were just getting nicely started growing cotton, the crop has been on this every-other-year cycle.

Even-numbered years have been when farmers produced high, quality yields and the odd-numbered years have been the poor ones. The year 1958 was the last good cotton crop and last year was a poor one.

Naturally, farmers have been hoping this cycle would be broken, but not in the manner which it will perhaps be this year. This is 1960, an even-numbered year, and according to past history, this should be the year to "hit."

Everything has been against the cotton farmer this season, and only a miracle would make this crop any better than "fair." The weather was unusually cold

SOIL CONSERVATION DISTRICT NEWS

Plans are being made for the annual Soil Conservation District tour and banquet. Date of the tour has been tentatively set for Monday afternoon, September 26.

The banquet has been scheduled for Tuesday night, September 27. Be sure to check next week's column for complete details.

Marketing Cards At ASC Office

Marketing cards for Parmer County's cotton farmers are now available at the ASC office in Farwell, reports Prentice Mills, County ASC manager.

Farmers may now pick them up at the ASC office, or they will be mailed on request, Mills says. The farmers must have the cards to market their cotton.

SOME OF THE EARLIEST COTTON in Parmer County this year is this one patch on the Kenneth Johnson farm. It is maturing fast and, here, Johnson is shown looking at some of the open bolls. Johnson estimates that this field of Gregg cotton will make about a bale per acre.

STANDING IN TALL COTTON at his farm near the Oklahoma Lane community is Glendon Sudderth. Here, Sudderth checks a few of the open bolls on this patch of Austin cotton. Cotton, generally is not in too good a shape, but with the proper weather conditions this field could make a bale and a half per acre.

in the spring and in July the area had its heaviest rainfall on record.

All of this stymied the cotton's growth and contributed to various plant diseases.

The way things look right now, farmers who planted some of the new disease-resistant hybrid varieties will have the better cotton yields. Two of these varieties which some farmers in the county have planted are Austin and Rex.

The variety planted most extensively this year, however, has been Greg, a seed that has proven to be quite successful in years past. But, this year two races of bacterial blight have been prevalent, as well as other diseases and the cotton has suffered.

According to a pamphlet put out by the Texas Agricultural Experiment Station at College Station, "bacterial blight causes yield and grade losses

WILSON'S ALFALFA FIELD SLOPES--This makes it impractical for irrigation by flooding. The soil is medium textured and permeable, so is ideal for irrigation with a sprinkler system. This is just one of the many ways that farmers are using water from playa lakes in a conservation irrigation program.

PARMER COUNTY FARMER USES WASTE WATER--Leon Wilson, who farms south of Clay's Corner near the county line, is taking advantage of extra water available from the playa lake on his farm. The water is pumped from the lake with a 6 cylinder automobile engine directly into a sprinkler line. The crop being irrigated is alfalfa.

WITH THE COUNTY AGENT

JOE JONES

The Annual Soil Conservation District Tour will be held Monday afternoon Sept. 26. For details see the program in next weeks paper and make plans to go on the tour.

The Grain Sorghum crop is the best ever the way it looks to me at present. The big harvest is just ahead so I'd like to remind you of a few things that are of real importance to our future markets. Dry grain is the key to safe storage and in the end a good feed. Too many farmers do not consider the ultimate end of all grain sorghum as a feed to be fed to livestock and poultry for the production of livestock and poultry products.

The condition it reaches the consumer whether it be a local feed lot, a boy feeding one calf, a mill in Europe, or South America, greatly affect the attitude people have toward grain sorghum as a feed. The expansion of markets for grain sorghum is being pushed hard by the "National Grain Sorghum Association" and other groups and many of you are contributing 2¢ per 1000# production, but unless a product will stand up as useful product all the advertising and efforts put forth are of little value. Research has proven the value of grain sorghum as a feed grain and many people have used it and are well satisfied, but in talking to a lot of people who have used grain sorghum they say too

much of it is received in poor condition. This is true even with farmers here in the county who use grain sorghum after they store it on their own farms or in the elevator. All this adds up to harvesting while the moisture is too high or poor storage conditions. If we are to create and hold our local and foreign markets we must harvest at the correct moisture levels (12% to 14%) and then store in good storage facilities that will maintain this quality. As we move forward with our market development program let us also supply a product that will give us repeat orders for this product that is basic to our agricultural economy. The condition you take grain sorghum to the elevator and how the elevator takes care of it is the key to our exported grain sorghum trade.

The "Grain Sorghum Association" is holding a meeting Tuesday, night Sept. 20 to discuss their marketing program the past two years and outline their future plans. The meeting will be held in the meeting room of the Friona State Bank and everyone is urged to attend and hear the Grain Sorghum situation from the National Association personnel who will be present.

TIP TO MOTORISTS
Hold your horses--uncontrolled horsepower causes a big percentage of our traffic fatalities.

Cotton Outlook Cloudy

Texas cotton production for 1960 has been figured at 4,375,000 bales in the first estimate released by the U. S. Department of Agriculture, but this was before heavy August rains covered nearly all areas of South Texas.

The 4,375,000 bale estimate would be some 125,000 bales below the 4,500,000 bale yield of 1959 in Texas, and it may be lower than that after the results of continued rainfall in the harvest season are counted up. About 10 per cent of the 1960 crop has now been gathered, mainly in the Rio Grande Valley and in the lower reaches of South Texas. The average yield in all of Texas this year is estimated at 321 pounds per acre.

Nationally, total cotton production for 1960 is estimated at about 14,471,000 bales, a little below the 14,558,000 bale crop gathered last year. This

compares with a ten-year average of 13,710,000 bales.

Cotton harvesting will be late this year in nearly all areas of Texas because of the lateness in getting the growing season started. Growers in some sections were unable to get stands even with one or more replantings, and some acreage was diverted to other crops.

But what ever the outlook in the rest of the state, the 23 counties in the High Plains covered by the Plains Cotton Growers, Inc. were full of optimism as August neared its end. First official estimates put out by the Lubbock Cotton Exchange and the Plains Cotton Growers indicate a production of 1,899,000 bales for 1960, which would be 29,647 bales more than the 1959 production in the same 23-county area.

It is figured that the 1960 crop will be worth from \$267 million to \$286 million. The all-time record for cotton pro-

duction on the High Plains stands at 2,025,433 bales ginned in 1958.

In common with many other sections of the state, High Plains cotton early in the season was plagued by adverse weather, plant diseases and insects. But the condition of the crop, bolstered by exceptionally heavy rains when most needed in July, was described in August as being "good to excellent." No large volume of High Plains cotton is expected to be harvested before October.

Under the Federal farm program, cotton is grown on a plan which seeks broader markets and lowered price supports. Growers are allowed to over-plant allotted acreages provided they are willing to accept lower price guarantees. Cotton acreage allotments this year amounted to 15,531,000 acres, compared with an average of 19,969,000 acres for the past ten years.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Washday takes no summer holiday. On the contrary, the piles of soiled clothes generally seem to mount higher and higher. Washing is complicated, too, by food spots and stains, grass stains and perspiration stains.

Here are a few suggestions for dealing with some of the garden variety of warm weather washday problems when the fabric involved is white or colorfast cotton linen, nylon or dacron.

(These methods apply to fabrics that have been tested for color fastness.) Some fabrics with "permanent" finishes should not be bleached. Look for hang tag to read "bleachable with chlorine bleach."

CANDY AND SUGAR SYRUPS: Sponge with clear cool water. Launder. If stain remains, soak in chlorine bleach beads. Rinse thoroughly.

FRUIT JUICE: Fresh stain: Rinse with cold water. Soak in chlorine bleach bead solution. Rinse thoroughly. Old stain: Pour boiling water through stain. If stain remains, soak in chlorine bleach bead solution.

Wanted--All Your Shoe Repair SKINNER'S
Clovis Boot Shop
308 Pile Clovis, New Mex.

Rinse thoroughly.

GRASS STAIN: Sponge with cleaning fluid. Rub liquid detergent or a paste of packaged detergent into fabric. Launder. If stain remains, soak in chlorine bleach beads. Rinse thoroughly.

GREASE AND TAR: Remove excess with dull knife. Sponge with cleaning fluid. Launder in hot water. If stain remains, soak in chlorine bead bleach solution. Rinse thoroughly. (Alcohol may be used to remove some grease stains.)

MERCUROCHROME: Soak in chlorine bleach bead solution. Launder. Alternate method: Soak in alcohol, then in vinegar. Repeat alcohol soak. Launder.

MILK, CREAM, ICE CREAM: Soak in warm water. Launder. If spot remains after drying, remove grease or fat with cleaning fluid. For chocolate flavored milk or ice cream: follow above directions, then soak in chlorine bleach solution. Rinse thoroughly.

PAINT: Soak in paint remover. Rub out as much as possible. Launder. Rubbing in vaseline or lard may soften the paint.

PERSPIRATION: Launder. If stain remains, soak in chlorine bleach bead solution. Rinse thoroughly.

.....
Chicken is one of those foods that's a natural for picnics and

other summer outdoor eating. Most of us automatically think of fried chicken for picnic meals. There are, however, many ways of preparing chicken for indoor or outdoor meals.

A simple open-face sandwich and be made with hot chicken salad filled into buns, which are wrapped in aluminum foil and refrigerated until ready for use. Before serving, the sandwiches are heated in the oven for ten minutes, or may be heated at an outdoor fire or grill.

A generous portion of grated sharp cheddar cheese combines with the chicken salad to make these sandwiches substantial eating. The following recipe yields six sandwiches.

2 cups diced cooked chicken
1/2 cup diced celery
1/4 chopped green pepper
3 green onions chopped
1/4 cup mayonnaise
salt and pepper
1 1/2 cups grated sharp cheddar cheese
6 hamburger buns
butter

Mix chicken, celery, green pepper and green onions. Add salt and pepper to taste and mayonnaise. Spread on buttered rolls and top with a generous amount of grated cheese (1/4 cup per sandwich).

Dot with butter. Wrap each sandwich in a square of aluminum foil and refrigerate until ready to use. Before serving, heat at 450 degrees for ten minutes. May also be heated in the coals of an outdoor fire or over a grill.

County Has 35 Million Bushels Of Grain Storage

With the production of wheat and grain sorghums increasing each year in Parmer County, the construction of new grain storage facilities has been moving along at a rapid pace.

A survey this week of the 20 elevators in the county revealed that by the time harvest is completed this fall, the storage capacity of all the commercial grain businesses will be 29,181,000 bushels.

This space, coupled with the 6,000,000 bushels of storage space individuals farmers have in the way of steel structures on their farms, gives Parmer County a total grain storage capacity of more than 35 million bushels.

Parmer County in all probability has more storage available than any other county in the grain producing region on the High Plains. The storage would be adequate to handle two high-yielding grain sorghum crops like last year's and the one anticipated this year.

Two elevators in the county are now in the process of adding to their grain storage tanks. Sherley Grain in Bovina will soon complete construction of a 1,500,000 bushel addition and Worley Grain at Farwell got started on a 1,250,000 bushel building project last week. The Worley addition is scheduled to be completed in 60 days.

Just how much of this 35 million bushels of storage will be available for the fall sorghum crop is not known, since most of the elevators are now moving out some of the grain belonging to Commodity Credit Corporation, the government price support agency.

However, most of the elevator operators say that there will be a sizeable amount of storage space empty and ready for the fall harvest, which will get underway in the next few weeks.

Of course, this year's sorghum crop is expected to be

one of the better crops, if not the best, in history. Some of the elevator men indicate that part of this year's anticipated bumper crop will have to be temporarily piled on the ground. There is plenty of storage space in the county, but there are also many bushels of grain.

Not only have the commercial elevators been increasing in size, but during the past two years another trend in grain storage has been taking place. Many individual farmers have also been going into the grain storage business.

Prentice Mills, manager of the Parmer County ASC office, says that there are now 225 farmers in the county who have steel quonset storage structures. This is about one-fifth of the county's 1100 farmers.

The average capacity of these buildings is 38,000 bushels, and in all, this type of storage totals 6,750,000 bushels.

Better than half of these individual storage units have been added in the past two years, Mills says. In the past year, the ASC office has made loans for the construction of 800,000 bushels of this type storage.

Mills points out, however,

that the government has made loans on only a small percentage of the new structures. The remainder have been financed privately.

Individual farmers have gone into the storage business for two reasons. They receive payment from the government for storing this grain, and they can wait to sell it when the market is most favorable.

Throughout the county there are more grain storage units being built all the time, both by commercial firms and private individuals.

How long will this building boom continue?

No one knows for sure, but right now there appears to be no end in sight.

USDA INCREASES INSPECTION FEES

The U. S. Department of Agriculture has announced an increase, effective September 1, in fees charged for appeal inspections of grain and for overtime charges in connection with these inspections.

Fees which were \$8 per car were increased to \$9 per car, and cargo grain fees were increased from \$2 per thousand bushels to \$2.25 a thousand. Comparable increases were made in fees for appeals on trucklots and on submitted samples.

Overtime charges on appeals on grain, which are authorized by the United States Grain Standards Act, were increased from \$5.80 an hour to \$6.40 an hour per man.

LEGAL NOTICE

Notice is hereby given that the Parmer County Commissioners Court will conduct a public hearing on the proposed 1961 Parmer County Budget at 2:30 p. m., Monday, Sept. 26, 1960, in the courtroom at the county court house in Farwell.

All persons wishing to attend are invited to do so.

DRY YOUR GRAIN FASTER WITH CONTROLLED AIR MOVEMENT!

Behlen GRAIN DRYER

Look at these features that make Behlen America's Biggest Selling Grain Dryer:

- AUTOMATIC GRAIN HANDLING**—A system of augers moves grain into the Dryer... distributes it evenly throughout the drying chamber... then removes it automatically after drying.
- NEW AUTOMATIC MOISTURE CONTROL**—Saves time, protects from over-drying. Set controls for the desired moisture content. Behlen Dryer automatically shuts off at the pre-set moisture content.
- EXCLUSIVE H/A POWER**—Exclusive variable-pitch axial vane fan and high-output Behlen burner give you the right amount and volume of heat and air.
- Full "WRAPAROUND" Grain Compartment**—Grain in drying chamber is actually "wrapped around" the air chamber. Heated air passes through all grain... gives fast, uniform drying and eliminates the need for costly grain movement.

Bovina Businesses 1960 Cotton Bowl FOOTBALL CONTEST

You May Win Weekly Prizes Of
\$5 - \$3 - \$1

Plus Grand Prize Of Expense-Paid Trip
For Two To Cotton Bowl, January 2, -1961-

Join The Fun!
Win The Prizes!

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside the same number in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1961 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

Weekly Prizes

1st \$5
2nd \$3
3rd \$1

*Expenses Include
2 Tickets To Cotton Bowl Game, Paid Reservations For 2 At Statler-Hilton Hotel and \$55 For Food and Traveling Costs.

Commissioners Turn Down Road Request

Parmer County Commissioners Court Monday accepted a recommendation of an appointed jury of view and turned down a request for a new half-mile road northwest of Black.

A petition bearing the names of eight individuals was submitted to the court on August 8, requesting that the road be built from an existing county road to the farm home of James E. Buckley. Because of heavy rains, the only road leading to the Buckley home is blocked by a lake.

Damage to the property, which would be required for the road, would have cost the county \$1600. In its report, the jury of view said it was "of the opinion that the route is too expensive for the county to build and serve one family."

They suggested that the old road, south of the Buckley home, could be repaired at a lower cost. Members of the jury of view were J. R. Braxton, Grover Goggans, Ellis Tatum, T. A. Sherley and R. W. Parr.

In other business for the commissioners court Monday, the group paid bills and worked on the acquisition of right-of-way for the proposed four-lane road on Highway 70-84.

Mmes. John Ferguson, Ovid Lawlis, Henry Ivy, Rouel Barron, Warren Morton and Billie Sudderth, left to right, hostesses for Women's Club Coffee are shown behind serving table. The coffee opened the season for the women's clubwork.

Woman's Club Has Coffee

Bovina Woman's Study Club opened their fall meeting with a Coffee Thursday morning in the club house.

The program committee hosted the occasion. Hostesses were Mesdames, Rouel Barron, Warren Morton, Henry Ivy, John Ferguson, Billie Sudderth, Travis Dyer, Charles Ross and Ovid Lawlis.

The serving table was laid with a white lace cloth and graced with an arrangement of

orchid astors in a crystal bowl. Refreshments of sweet rolls, melon balls, tea and coffee were served to guests. Silver and crystal appointments completed the table setting.

Following refreshments the program was opened by Mrs. Lawlis. Mrs. Leroy Berggren led the club woman's ABC's of clubwork to climax the meeting.

Those attending were Mesdames, J. R. Caldwell, A. R. Crump, Buck Ellison, Clarence Gaunt, Clarence Jones, Regan Looney, Connie O'Brien, I. W. Quickel, Mack Ragsdale, Amos Shockley, Amos Steelman, Warren, A. B. Wilkinson, Jess Walling, Bill Bradshaw, J. P. Macon and Earl Stevenson.

Guests present were Mmes. Neil Person and Dolph Moten.

THE STATE OF TEXAS

TO: J. A. RICHARDS, and, if dead, the unknown heirs and legal representatives of the said J. A. Richards, deceased, and the following Defendants, to-wit: Frank J. Richards, Olive Roberts, Della Wingo, Lucy Raynes, Thelma New, Marie Chase, Dollie Kemp, Earl Richards, George Richards and Lohoyt Richards GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of October, A. D., 1960, at or before 10 o'clock A. M., before the Honorable 99th District Court of Lubbock County, at the Court House in Lubbock, Texas.

Said plaintiff's petition was filed on the 15 day of August, 1960.

The file number of said suit being No. 35500

The names of the parties in said suit are:

Municipal Investment Corporation as Plaintiff, and J. A. Richards, and, if dead, the unknown heirs and legal representatives of the said J. A. Richards, deceased, and the following named Defendants, to-wit: Frank J. Richards, Olive Roberts, Della Wingo, Lucy Raynes, Thelma New, Marie Chase, Dollie Kemp, Earl Richards, George Richards and Lohoyt Richards as Defendants.

The nature of said suit being substantially as follows, to-wit: This is a suit to foreclose a paving lien on the following described real estate, to-wit: East 50 ft. of Lot 11 and all of Lot 12, Block 23, Original Town of Bovina (also known and referred to as Old Town Addition of Bovina), Parmer County, Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 16 day of August A. D., 1960.

Given under my hand and seal of said Court, at office in Lubbock Texas, this the 16 day of August A. D., 1960.

One touch tends your furnace

be warm and snug automatically with

GULF GULFTANE LP-GAS BUTANE PROPANE

Say goodbye to shoveling coal, hauling heavy ash cans--annoying dirt and soot. Just turn a dial for clean, healthful, automatic heat with Gulftane. Conveniently stored outside your house, Gulftane brings modern gas heating to any home.

Plan now! Don't go through another winter with heating that's old-fashioned, undependable, expensive and inefficient. Switch to easy, convenient Gulftane. It's so safe, too. For safety control on modern gas furnaces turns off gas--instantly--if flames go out.

Best of all--you'll cut your heating bills with this modern fuel. Many users report Gulftane actually costs them less than coal.
