Fire Rating Board Muddle.

SAN ANTONIO, Tex., June 23.—Something of a sensation was caused at the State Fire Rating Board hearing at Austin yesterday when Senator Hudspeth announced he had received a message from San Antonio asking him to protest the representations made by Mr. Stiles. Mr. Stiles declared the affair is the result of different construction of resolutions passed by the chamber of commerce of San Antonio.

INFANT DIES SUDDENLY.

Little Son of Mr. and Mrs. Nathan Crenshaw Dies From An Unknown Cause Monday.

Chester, the infant son of Mr. and Mrs. Nathan Crenshaw, died suddenly at the home of his grand parents, Mr. and Mrs. W. A. Hein, in Kerrville Monday afternoon.

The little fellow was in apparent good health and was setting on the gallery floor playing when he suddenly fell back upon the floor of the gallery, striking his head violently. From that he went into convulsions and never rallied, dying within an hour.

Physicians were called promptly but their services were unavailing. It could not be ascertained whether the child had some sudden attack which caused a paroxysm and consequent fall or merely lost his balance and died from the effects of the sudden blow causing concussion.

The death was a sad blow to the family and friends and the funeral which occurred the following day, was largely attended by sympathizing relatives and friends.

The little fellow was only twenty-one months old.

Masons Elect Officers.

Kerrville Lodge 697 A. F. & A. M. held its annual election of officers last Saturday night. The officers elected are: A. E. Self, W. M.; Maurice Granville, S. W.; W. A. Fawcett, J. W.; Jack Moore, treasurer; R. B. Knox, secretary; A. F. Thigpen, tier.

The installation will take place at the next regular meeting of the lodge.

FIREMEN'S CARNIVAL

Big Crowd Visits the Scene of the Festivities and Night Spent in Halirious Happiness.

VIEWING MANY ATTRACTIONS

Fire Laddies Assisted By Their Numerous Friends Entertain In a Very Pleasing Manner on Thursday Night.

Blowing of horns, shouting of the spiclers, laughter and music opened the grand firemen's carnival on the lawn of the St. Charles Hotel Thursday night.

There were snake charmers and other charmers, fortune tellers, guessing contests, fishing, dancing and all the schemes and devices for separating people from their money that modern ingenuity knows, and yet the crowd was jolly because it was, for the fire laddies.

Among the young ladies who presided over the various booths were: Misses Clara Herzog, Carson, Mary Johnson, Weir, Maurer, Hazel Hamilton, Thorne Remschel, Eugie Myers, Mrs. Zinker, Margaret Rummel, Kate Remschel, Ethel Williams, Sadie Lockett, Caylona Goss, Minnie Cor-kill, Nellie Smith, Miss Tipps, Josie B. Newman.

The boys from the Y. M. C. A. camp furnished a large share of the entertainment of the evening, especially with their singing.

The carnival was, aside from being a very enjoyable affair, a success in the matter of augmenting the treasury of the firemen.

SUMMER NORMAL

Work Is Progressing Along Very Interesting Lines and a Great Interest Is Displayed.

ATTENDANCE IS VERY LARGE

Primary Work Is Made a Special Feature by Mrs. Edith Wright Who Has Aroused Considerable Enthusiasm.

Kerrville Summer Normal is progressing and much interest is manifested by the large attendance. Primary work is being made a special feature.

The present enrollment of the Kerrville Summer Normal is very encouraging and still others are coming in daily. Several more are expected from Houston, Pleasanton and other places.

The tone and spirit of the teachers could not be better and earnestness and zeal with which they have entered upon their work will count for a great deal when the examinations come.

Special interest is being aroused among the teachers for primary work by Mrs. Edith Wright. Where it is possible all the teachers in Kerr County and the counties surrounding Kerr should take advantage of the excellent opportunities offered in her daily instructions. The following is a partial program of her work:

Primary methods. The work is divided into units. Reading, number work, language, spelling, phonics, nature study, geography.

These subjects are all arranged with the view of starting beginners and is continued through the third grade. The aim back of all this work is intended to be practical and helpful rather than merely theoretic. Seat work is often discussed and at the close of each week a class of first, second or third grade pupils will attend the Normal to illustrate how the work is developed.

Construction work. Mrs. Wright has samples of the construction work done in the Houston schools on display and teachers are shown how it is done. The Sloyd system of paper work is used and mats are woven of raffia. The first grade also makes reed hammocks and other things are woven of raffia. In the third and fourth grades language and geographical studies are told, bookbinding is also taught and some geography papers showing how primary work relates itself with department work will be discussed.

Teachers who have not had this class of work can well afford to attend the Normal for the primary work alone, even if they did attend a normal last summer.

SLAYDEN GETS WRATHY.

The Usually Quiet and Conservative Statesman Fires Up at the Postmaster General.

WASHINGTON, June 21.—Congressman James L. Slayden of Texas paid his respects to Postmaster General Hitchcock this afternoon in language as plain and as vigorous as parliamentary rules will permit. Like other members, Republican and Democratic, has been gradually more indignant at the treatment accorded members of Congress by the "Office Broker," who is now Postmaster General.

After conclusion of his brief but fiery speech Mr. Slayden was congratulated by Republicans from Connecticut, Pennsylvania, California and other Northern States and by all the Democrats who heard him. Each had a tale of woe to tell about the lack of courtesy encountered at the general postoffice. In part Congressman Slayden said:

"It is impossible in a five minute speech to do justice to the subject that I shall discuss. The subject is pertinent to this bill. My experience at the Postoffice Department, I have and dashed down a steep grade.

When the cars reached a curve after tobogganing for six miles and attaining a terrific speed left the track and were dashed to pieces.

Engineer Watson, an American, and Conductor Martinez, a Mexican, were promptly arrested by the soldiers and are now in jail pending investigations.

reason to believe, is not peculiar. In December I had business at that department. I was until then under the impression that Democrats, who represented a constituency in Congress had some rights that even the Postmaster would recognize. I called at the department and after a critical inspection by a negro doorkeeper was admitted to the temple of near-greatness. I had reached precincts honored by the presence of one of the haughty gentlemen who are officially called clerks. After being congealed for half an hour I was informed by the clerk that the Postmaster General was busy and that it was uncertain when I could see him.

"Under the circumstances I could not in self respect stay any longer. From that day to this I have not essayed to get into the presence of this mighty and exclusive man. But today I had a letter from Novice, a small town in my district, signed by merchants and bankers and other citizens, complaining of an intolerable situation at Atoka, a nearby post-office. I tried to have this situation corrected through the chief of one of the bureaus, but was informed that it was a matter that could only be handled by Postmaster General Hitchcock himself.

"In view of these circumstances, I decided to smother my wrath over the treatment I received in December. I telephoned to the secretary of the Postmaster General to ask if I could see that gentleman today. I was told that I could not see him today, nor tomorrow, nor Thursday, and that it was very probable that the Postmaster General could not see me until after adjournment. Let me say Mr. Speaker, that it will be a long time after adjournment when I see him.

"The Postmaster General ignores the appeals of our people. He has suspended in the most arbitrary and inexcusable way the operation of the rural route laws. He treats the law with contempt and refuses to see the people's representatives who want to have matters corrected.

"I can not help but contrast his conduct with that of the President of the United States. Mr. Taft has time and inclination to attend to the public business. Members can all see him without difficulty and as often as they have business at the executive offices. There are no barriers in the way. He is not shut off from the people by the sort of obstacles that make it impossible for a mere member of Congress to get into the august presence of his high-mightiness, the Postmaster General.

"The President treats members as gentlemen. The Postmaster General refuses to treat with them at all. The President respects the dignity of his

high office and appreciates the importance of Representatives in Congress. The contrast between the conduct of these two gentlemen is both painful and ludicrous."

The entire Mississippi delegation called at the Postoffice Department today to protest against the suspension of the work of the installation of rural routes in that State.

SHORTAGE IN CATTLE AND HOGS.

It is evident from the shortage of hogs and cattle that has been proven to exist that it will require some time—years, possibly—to overcome it. Not only is the shortage extraordinary, but the population of the country is constantly and rapidly increasing, not only naturally, but by immigration. These facts would seem to suggest to the farmers and stock raisers that it is a good business proposition to arrange for the production of as many hogs and cattle as possible, since conditions make it very evident that the profits to be derived from this industry will be good for years to come, especially where the raiser of these animals is in a position to produce the corn and other food necessary to the growth and fattening. Indeed, it seems that there is, to use a somewhat slangy expression, "a cinch" on a good profit being realized by the hog and cattle raiser for some time to come.

Another fact that is even more potent than the possibility of profits in this business in the immediate future is the fact that there is probably no country on earth where both hogs and cattle can be grown with greater success than in the great Southwest—Texas, Oklahoma and New Mexico.

In these States the feed crop is prolific, which makes the stock raising industry inviting, and, added to this, is the fact that in parts of the States mentioned hogs are seldom known to die of disease. These two facts would seem to be sufficient to induce not only the farmers of these States to embark in the stock industry, but it seems enough to induce those of the older States to come to the Southwest to engage in the business, as numbers of them are doing. The certain production of an abundance of feed and the assurance of freedom from disease, added to good prices, would seem to guarantee success.

And, come to think of it, almost every other business, particularly the various lines of agricultural and the other productive industries, are offered to a greater degree conditions which make success more certain in the Southwest than in any other country.—Galveston News.

Representatives from the Seventy-seventh and Twentieth Representative Districts, respectively. Governor Campbell today issued a proclamation for an election in both of the newly vacated districts July 23, to fill the vacancies, and last Saturday issued proclamations for special elections in other districts.

The idea of resigning seems to be a popular one among the members of the Thirty-first Legislature. Within the last week there have been four resignations, all of which were received after the Governor had issued the call for a special session on July 19. Representatives Gaines and Ridgeway and Senator Hayer assigned as their reasons for resigning that they had removed from their district. Representative Harger gave no reason whatever.

LOOKS GOOD FOR RAILROAD

Fredericksburg In Its Efforts to Secure a Railroad Demands Cash Guarantee of Promoters.

Fredericksburg is again threatened with a railroad, and like all the preceding threatenings, prospects are declared to be looking good for the accomplishment of, an object that has been the standing order of business with the citizens of Fredericksburg for a number of years, but now seems to be in a fair way to produce favorable results, inasmuch as the railroad committee of Fredericksburg has demanded of the new railroad company, which is the Texas, North & South Railroad, a \$30,000 guarantee which is to be put up by the company by November 1 to insure the completion of the road.

It is to be hoped that Fredericksburg will be successful in obtaining its long desired and much needed rail connection with the business world.

The proposed new road is to extend from Coleman to San Antonio, across the counties of Coleman, McCulloch, Mason, Gillespie, Kendall and Bexar.

The company has two surveying parties in the field now and one of them is in the neighborhood of Fredericksburg at the present time.

GARNER WINS HIGH COURT
 Puts Through Bill Equalizing Officers' Salaries
 WASHINGTON, June 20.—Justice Garner today introduced by Representative Kellar and passed by the House a bill equalizing the salaries of United States District Marshals in Texas with those in other states. The President's signature is expected today.

Under the provisions of the salaries of the attorneys in the Eastern District reduced from \$5000 to \$4000, salaries in the Southern District increased from \$3500 to \$4000 and in the Dallas district increased from \$3500 to \$4000.
 The passage of the bill was a victory for Representative Kellar, who has been fighting for several years to have the salaries of the marshals in Texas equalized with those in other states. Mr. Garner insisted upon consideration and you will find it in the law.

STATEHOOD IS APPROVED
 President Taft Makes Two States Possible
 WASHINGTON, June 20.—President Taft signed the Statehood bill at 1:49 o'clock this afternoon in the presence of Postmaster General Hitchcock, Senator Beveridge, chairman of the Senate Committee on Territories; Delegate Cameron of Arizona, Delegate Andrews of New Mexico and several others.
 Two pens were used in affixing the signatures.
 "Approved, William H." was signed with a solid gold pen made to order by Postmaster General Hitchcock, who has done much hard work in putting the bill through.
 "Taft" was written with a big eagle feather pen, presented by Delegate Andrews, and "June 20, 1910," was written with the gold pen.
 After signing the bill the President congratulated the citizens of the Territories who were present and was heartily congratulated by them.

Market Operators Take Notice.
 NEW ORLEANS, La., June 22.—Among the telegrams put forward by the bears in the local cotton market today was one from Houston announcing that Texas' first bale of cotton this season would arrive at Houston tomorrow.
 Texas' first bale is always the first of the cotton belt and much sentiment is usually attached to the marketing of it. This year the bears are making much of the comparatively early arrival of the first bale, after the intense cold late in the spring, but the bulls say it can not be taken as an indication that the reports of general damage by the cold snap were exaggerated.

THE KERRVILLE NORMAL
 Opened Monday Under Auspicious Circumstances.
 The Summer Normal of Kerrville opened Monday under very auspicious circumstances. The weather was perfect and everybody in good humor. The program was begun in the High School building at 2:30 o'clock with the invocation pronounced by Rev. J. R. Green, pastor of the Kerrville Presbyterian Church.
 This was followed by an address of welcome from the head of the county schools, Judge Lee Wallace. This was followed by a response on the part of the Normal by Prof. D. F. Eagleto of Austin College, Sherman, who has charge of the English and history of the Normal curriculum.
 The conductor, Prof. Horace W. Morlock of the Kerrville city schools, presented in turn the other members of the faculty, Prof. A. R. Thomas of the San Antonio High School, J. A. Bixler of the Pleasanton schools and Mrs. Edith Wright of the Houston schools, all of whom responded with brief pointed remarks. This program was interspersed with music by Kerrville talent, which was much enjoyed by the audience.
 After the program the faculty effected organization by the enrollment of the teachers present. It is representative body as will be found in any normal in the State. While the Kerrville enrollment is never large as at some more accessible points, this present gathering promises to maintain the character and grade of the work done in the past summers.
 There is an unusually large number applying for permanent certificates, which is considered in educational circles as a good indication.
 The very location of Kerrville precludes any competition with centrally located normals from the standpoint of members, but the fact that the State Superintendent has recognized so many small normals about us has tended to reduce the attendance at this point. Still the attendance has been increased by the arrival of almost every train since the opening, and a number of other teachers are expected at an early date. Some delay matriculating until the latest date possible, as the law requires an attendance of only twenty days for extensions and fifteen for examinations.
 The following is the enrollment of teachers from a distance:
 Miss Alice Winthrop, Miss Julia Peritz, San Antonio; Miss Mildred Richardson, Miss Ray Richardson, Miss Mamie Lyons, Miss Emma Hines, Morgan Williams, Pleasanton;

For Governor of Texas
ROBERT VANCE DAVIDSON
WHO IS RIGHT?

Among the best men are diversities of opinion, which should no more in true reason breed hatred than one that loves black should be angry with him that is clothed in white; for thoughts are the very apparel of the mind.—Sir P. Sidney.

The above quotation should appeal very strongly to the reason of reasonable men just at this time when there is such a diversity of opinion among the people of this State in regard to the matter of selecting a man for chief executive of the State, and dictating the political policies of the commonwealth. It is perhaps a paradoxical statement, but the fact remains the same, that if a man does wrong sincerely trying to do right, he is doing right. All statements in regard to the weighty matters of statecraft and politics should be the result of reason, and it is gratifying that in spite of all the oratorical fireworks that have been discharged by the various candidates and their several followings in the State during the campaign, no great amount of hair pulling enthusiasm has been aroused among the great mass of voters. This is as it should be. Men should not cast a ballot for officials of any kind, and especially for the high office of Governor, except upon the arrival at a conclusion from intelligent reasoning. For the voters of the State to be thrown into violent fits of passion and hatred by the oratory of political spell-binders is a menace to the well being of the country.

Again those political bushwhackers who say that if this, that or the other man is nominated there will be an independent candidate put in the field, who will defeat the regular Democratic nominee, are voicing a sentiment that is a discredit to all concerned. In the first place this kind of talk is uninformed twaddle. In the second place, it is a statement that some of the men who are in the race for the Democratic nomination if defeated would probably become independent candidates. He who believes such a thing possible has a poor conception of manly honor. When a man enters the primary election of any political party, and pledges himself to support the nominees of that convention, and afterwards fails to keep his obligation he lowers himself in his own estimation, and though none but himself knows it, is afterward, in his own judgment, a poorer citizen of his country. If a man is an applicant for preferment to any office, at the hands of any political organization, and upon being defeated fails to support all the nominees of the party whom he asked for patronage he is a traitor and a poltroon, and our personal knowledge of the men in this race is such as bars the possibility of such an act of political indecency occurring.

In every political organization majorities rule. When a majority is given to one man in any kind of contest in this State it is pretty safe that the people who gave it to him did so sincerely believing they were voting for the best interests of the State, and it is the proper thing for the minority to abide by the decision without question.

This publication has its own fixed policy. It names its candidates and supports them. It does not attempt to mould the public opinion of the community adversely to reason. There is no man that we know of that is incapable of reasoning who is likely to read its columns. We merely advise men to reason out their course in political affairs. Sir William Drummond, the Scottish poet, philosopher and historian, said:

"He that will not reason is a bigot, he that can not reason is a fool, and he that dare not reason is a slave." The gentleman is not recorded as having finished the epigram by adding that the fool in the premises has the best of the situation so far as his value to the community is concerned.

The newspapers of the State have pretty faithfully done their duty in the matter of furnishing the people uncolored accounts of the political contest. Less frenzied editorial writing of a fanatical nature has been indulged in this year, perhaps, than

ever before in the history of the State. We can not say that there have been fewer political lies told. In the first place we do not know. In the next place that is a matter of figures, there are more people in the State now than in any former campaign, and while there can not be no doubt that the class of men who resort to lying as a political expedient have faithfully attended to their business in past campaigns, still, weight of numbers may have increased the output.

The country would be better off if every intelligent citizen who is capable of reasoning would align himself with the political party that appeals to his reason, go into its primaries and conventions abide by the will of the majority, support its nominees, and thereby retain his self respect and the respect of those who did not agree with him upon political issues. The man who sulks in his tent and says, "I am greater than my party," is a camp follower and a bushwacker and should be divested of the party coat that is shielding a traitor's heart. The fact that Texas has been so long overwhelmingly Democratic, and the State of Pennsylvania overwhelmingly Republican, has caused many men in those two States to enter into the primary elections of parties with whose tenets they did not agree, in order to have a voice in the selection of public officials, but such political apostasy will not much longer continue. Men of a high sense of honor dislike to barter their honor and violate their pledge for the purpose of bringing about a thing that would probably occur without their assistance.

There are men of high ideals, and fine sense of honor who conscientiously do not believe in party politics, and do not enter the councils of any party. These men, in our judgment reason unwisely. History does not show many examples of a nation with more than two schools of political thought that were of consequence in shaping the destiny of that nation. Unless the citizen aligns himself with one of these parties he deprives himself, practically, of that highest privilege, the right to participate in the political councils of his country. It would, perhaps, be an excellent thing, if it were possible for every voter to have a personal knowledge of the men who were candidates for office, as some men have expressed it, "to vote for the man". But in matters of State or national politics it is impossible. We do not vote for men, we vote for the principles and policies to which they have committed themselves. In local affairs where every voter is personally acquainted with the candidates, voting for the man has some support of reason. In State politics it is not so.

The matter of voting a ballot carrying a pledge is comparatively new, and the people have not fully understood it heretofore. The matter is now fully understood. The people of this section are as honorable as any in the State, and few if any who vote in the Democratic primary on July 23 will fail to support all the nominees of that primary.

THE COUNTRY ROAD.

There's a wonderful roadway lying
Far away from the grimy town,
Where the vales of peace
Are a sure release
From the cares that vex and wound
Tis a road of simple beauty
But it's broad and white and fair,
And the jaded feet
From the city's street
Are craving to enter there.

There are happy highways leading
Thru the gates of fret and care,
From folly and sin,
From traffic and din,
To the road so clean and fair,
Get back, hear the call of the wild,
Break away from cries and roars,
The charm of the Road
Will lighten the load,
In God's great out-of-doors.

And the way it beckons onward
Thru lanes of droning bees,
The world-fret behind—
The eyes all dust-blind
May rest 'neath the shade of trees,
Seek peace and stillness, the pause,
Remote, out of reach of today—
The lure of the Road
Will lift every load
And ease all the worries away.

Tuesday, July 5.

District Judge 38th Judicial District.

DEMOCRATIC PRIMARY.

To the Democratic Voters of Kerr County.

At a meeting of the Democratic County Executive Committee held at the court house in Kerrville on Monday, June 29, in compliance with that part of the Terrell election law governing primary elections, a Democratic primary election was ordered to be held in Kerr County, on the 23d day of July, 1919.

This order was made by the committee because it was the opinion of those present that the Democratic voters of the county desired that such primary be held.

It was the sense of the committee that a Democratic primary, participated in by any who were not Democrats and who would not pledge themselves to support all the nominees of that primary, and take an oath to that effect if challenged, would be farcical, a detriment to the party organization in this county, and have a tendency to cause voters, and especially young men to lightly regard pledges of honor.

Acting under the latitude given by the law in regard to supplementing the pledge to be placed upon the ballot, the committee prescribed the following pledge to be printed upon the ballot:

"I am a Democrat, and I hereby pledge myself to vote for all the nominees of this Democratic primary at the coming November election".

As chairman of the Democratic Executive Committee for Kerr County I appeal to the officers of election of the several precincts to see to it that strictly a Democratic primary is held. There is now agitating the minds of the people a question so potent in its influence that men of extreme ideas upon either side of the question may cast all other consideration to the winds. No man has authority over the conscience of other men, but no man who will knowingly violate his own word of honor, or who will be a party to holding an unfair, and therefore undemocratic, election is entitled to participate in the councils of this or any other party. I believe there are no men in this county who would willfully be a party to the debauching of that sacred institution, the elective ballot.

GARNER WINS HIS FIGHT.

Puts Through Bill Equalizing Federal Officers' Salaries.

WASHINGTON, June 22.—The bill introduced by Representative Garner and passed by the House some time ago equalizing the salaries of the United States District Attorneys and Marshals in Texas was passed by the Senate today and needs only the President's signature to make it a law.

Under the provisions of the bill the salaries of the attorneys and marshals in the Eastern District are reduced from \$5000 to \$4000 a year, salaries in the Southern District increase from \$3500 to \$4000 a year, and in the Dallas district the salaries are increased from \$3500 to \$4000 a year.

The passage of the bill in the House was stubbornly resisted by Representative Kelfer of Ohio and several others, but Mr. Garner instead of being intimidated by the opposition, was spurred on to more determined endeavor.

At one time it looked as if the bill would not be acted on by the Senate owing to the lateness of the session and the hurry for adjournment, but Mr. Garner insisted upon immediate consideration and won out.

OPPOSED TO THE FIGHT

NEVADA GOVERNOR FROWNS ON THE BIG FIGHT.

Everything Has Reached the Stage of Uncertainty in Arranging for Jeffries-Johnson Fight.

SAN FRANCISCO, June 20.—The despairing news that Governor Dickerson of Nevada may declare himself in the next few days as against the Jeffries-Johnson fight being held in the Sagebrush State, was received at the Johnson camp today. Johnson himself was the recipient of the news and he refused to divulge where the information came from.

It cast a noticeable gloom over the training quarters. Jack said he intended to leave the beach Thursday for Reno, but that he would wait until he received word from Tex Rickard or Manager Flanagan that Governor Dickerson was in favor of the bout.

Billy Delaney also expressed himself in favor of waiting until news had been received from the promoter. "We expected to leave Thursday evening sure, but this news of today kind of puts a damper on the trip. We certainly want assurance that the fight can be pulled off in Nevada, and we want it from the Governor direct. This business of taking the word of the district attorney don't go."

"Since this Governor Gillette affair we want information from the head man that he sanctions the fight before we begin to travel. From what I have heard, however, I think Tex Rickard has positive assurance from Governor Dickerson that the fight will come off in Nevada. We expect to hear from Rickard tonight and will begin to move immediately. Johnson and his partners will go on Thursday night, while I think I will leave Saturday or Sunday."

Hundreds of inquiries have been received both by the promoters and by the Metropolis Trust and Savings Bank as to the disposition of the tickets purchased so far by intended spectators at the battle.

These tickets have been purchased under guarantee of the local bank, with the understanding that in case the fight is not held here, the money is to be refunded. Statements were issued today.

President Alfred Meyerstein of the bank said: "People who have purchased tickets with our guarantee will receive their money back in case they do not care to go to Nevada. There is no question about that. We have the trust fund amounting to more than \$130,000. We will naturally hold the money until there is absolutely no chance for the fight being held here. As soon as the promoters officially give up we will return the money. That, however, may not be until July 5."

Jack Gleason said: "There is no disposition to make people buy tickets they took with the understanding that the fight would be held in California. Those who desire can have the same seats in the Nevada arena. The others will be requested to send in their cancellations at once, that we may know where we stand."

The squabble between Johnson and his former manager, George Lytle, continues. Today Lytle said he would bring suit against the champion tomorrow for \$10,000, while Johnson said he would swear to a complaint tomorrow, charging his former manager with grand larceny. Johnson announced that he would go on the road again tomorrow morning and probably would box six rounds with his sparring partners.

Former Citizen Visits Kerrville.
W. L. Robinson, who for many years was a merchant of Kerrville and a member of the Kerrville school board, and who now resides at Navasota, arrived in Kerrville last Sunday accompanied by his daughter, Miss Kittle. The young lady came to Kerrville to attend the Summer Normal. Mr. Robinson left Monday for Harper to visit his daughters, Mrs. Henry Bierschwale and Mrs. Charles Nixon.

This former resident of the Hill Country was agreeably surprised to see the great improvement along all lines that has taken place in Kerrville in his absence.

PINCHOT'S MANIFESTO.

Launching of a New Party Arouses Much Comment in Washington.

Is there to be a new political party fashioned somewhat on the lines of that organization headed by "The Three Tailors of Tooley Street?"

Was the launching of Gifford Pinchot's movement for national salvation at St. Paul, Minn., the official announcement that Theodore Roosevelt is to tie his fortunes to the "Back From Elba Club?" or was it merely a desperate effort at justification in anticipation of a report against Messrs. Pinchot and Garfield from the joint congressional investigating committee on forest affairs?

These questions, not frivolous or unkind, were asked by many persons in Washington after they had read Mr. Pinchot's speech. This speech, outdoing the most violent attack of the "insurgent" leaders in congress, has placed Mr. Pinchot on the very Pikes Peak of party insurrection.

The boast made by Hugh T. Halbert, president of the St. Paul Roosevelt Club, before Mr. Pinchot fired his heavy artillery, that a new party had been born, and that Messrs. Roosevelt, Pinchot and James R. Garfield were its leaders, naturally aroused interest. Those who were inclined to belittled the movement suggested that its inspiration was a mixture of grievance and ambition.

Messrs. Pinchot and Garfield, these critics said, each had a grievance of which they could not rid themselves, while no one questioned the high-mindedness or ambition of Mr. Roosevelt. Hence it was that those not submerged by awe of greatness looked upon that famous proclamation beginning, "We, the people of England."

Reference was made to the coincidence that June 18, the day of Mr. Roosevelt's arrival in New York, is the anniversary of the battle of Waterloo.—Galveston News.

Dolliver's Speech.

Perhaps it was more than a mere coincidence that from first to last there ran through the powerful speech of Senator Dolliver in the Senate the same note that predominated in the equally remarkable speech delivered by Gifford Pinchot in St. Paul Saturday night, which likewise was a ringing declaration of war on the domination of the interests in politics.

The Pinchot speech has caused wide spread speculation among members of Congress. Although Mr. Pinchot disavows speaking for any one but himself, the progressive Republicans persist in the belief that he was speaking for Mr. Roosevelt, or at least with the tacit approval of the former President. On the other hand, the progressives hope this is the case, despite Mr. Pinchot's disavowal, and on the other hand, the conservatives fear it is the case.

The new party idea suggested by the president of the St. Paul Club, in introducing Mr. Pinchot, has not been taken seriously. Senator Dolliver, in his speech, made it clear that the fight the progressives are making is for the purification of the party from within, which precludes the idea of a new party. Senator Borah's comment on the new party suggestion was as follows:

"There is no occasion for the formation of such an organization and no possibility of its materialization. The proposition is a poorly constructed joke, due, I believe, to the enthusiasm and exuberance of a good dinner, the flowing bowl, and the wine when it is red."—Galveston News.

RENO WINS THE BIG FIGHT.

Rickard Announces Definitely Fight Will Be Held in Nevada.

SAN FRANCISCO, Cal., June 20.—With the departure of Tex Rickard today for Reno the question of the location of the heavy-weight championship battle on July 4 was shifted definitely from California to Nevada. When the interview that Mayor McCarthy held yesterday with Governor Gillette failed to produce any positive results, the promoters admitted that the last chance of holding the fight in this State had gone glimmering.

Both training camps are awaiting instructions from Rickard, who is to reach Reno tonight. As he expects to hold an immediate conference with the respective fight promoting committees from Reno and Goldfield, it is believed the two camps will receive marching orders early tomorrow.

That active preparations are being made to shift the Langford-Ketchel fight to Nevada was made manifest today when Joe Woodman instructed his Reno representative to secure training quarters at Reno for Langford.

Sid Hester, who promoted the Nelson-Wolgast match, is in Reno, and it is believed that he is trying to land a permit for a fight between Langford and Ketchel.

The purpose of the convention is to canvass the votes cast for State offices and for and against questions appearing on the official ballot in the general primary election of July 23, 1910, and declare the result thereof; to adopt and promulgate a platform for the party, and to elect a State Democratic Executive Committee and a Chairman thereof, as provided in Sections 116 and 120 of the State Election Law, as follows:

Section 116. All party State conventions to announce a platform of principles and announce nominations for Governor and State offices shall, except as otherwise provided, meet at such places as may be determined by the parties respectively on the second Tuesday in August, A. Section 120. The State convention shall canvass the vote of the entire State for each candidate for each State office as shown by the statement thereof presented to it by the State committee, and shall declare the candidate for each State office, who has received the largest number of votes in the primary election for such State office the nominee of the party for such office, and the Chairman and Secretary of the State convention shall forthwith certify all such nominations to the Secretary of State. Each county in the State or district convention shall be entitled to one vote for each five hundred votes or major fraction thereof cast for the candidate for Governor of the political party holding the convention at the last preceding primary election. In case at such primary election there were cast for such candidate for Governor less than five hundred votes in any county, then all such counties shall have one vote; provided, any political party in this State in convention assembled shall never place in the platform of resolutions of the party they represent any demand for specific legislation on any subject, unless the demand for such specific legislation shall have been submitted to a direct vote, of the people, and shall have been endorsed by a majority vote of all the votes cast in the primary election of such party; provided, further, that all laws and parts of laws in conflict herewith be and the same are hereby repealed; provided, that the State Executive Committee shall, on petition of ten per cent of the voters of any party, as shown by the last primary election vote, submit any such question or questions to the voters at the general primary next preceding the State convention.

The convention will transact such other business as may properly come before it.

The convention is called in accordance with the order of the State Democratic Executive Committee of Texas, made at its meeting in Dallas on June 13, 1910.

In the State convention each county will be entitled to the delegate vote as shall appear from the vote cast for Governor in the primary election, to be held on July 23, 1910, the basis of representation being one delegate for each 500 votes cast or major portion thereof. But any county casting less than 500 votes shall be entitled to one vote.

WILL SEGREGATE TUBERCULAR

New Cottages at State Insane Asylum Accommodate Sixty.

AUSTIN, Tex., June 20.—Dr. John Preston, superintendent of the State Insane Asylum, says that the two new tubercular cottages just completed will accommodate a total of sixty patients, thirty to each cottage.

There are now twenty-two women in one and nine men in the other. He is corresponding with the authorities at the Terrell asylum relative to transferring some of the tubercular patients from that institution to the cottages.

By segregation it is hoped to reduce the spread of the dreaded white plague, which is a scourge among the insane, because they will not care for themselves as they should, and all live in wards mingling together. By providing for their separation the State performed a duty which should have been done long ago, and is expected to go a long way toward reducing the contagion.

Dr. Preston says that a total of, approximately, \$20,000 will be required to make the additions and enlargements now contemplated and authorized by the Governor, and that when completed 100 new patients can be admitted. The special session will be called upon to make the appropriation, the Governor having authorized a statement to that effect.

It was stated by Dr. Preston that there are now thirty-five patients in the Pastour Institute taking the preventive treatment against hydrophobia.

A Woman's Great Idea
is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. But Electric Bitters always prove a godsend to women who want health, beauty and—if you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by all dealers.

To Correct Error.
At a regular meeting of the city council held Tuesday night an order was issued calling an election to re-submit the school house bond issue proposition.

The bond issue was carried some time ago, but owing to a technical error in the matter of publication the bonds were not approved.

This election, which is ordered to be held July 23, the same day as the primary, is for the purpose merely of correcting the error.

SOCIAL MATTERS.
MISS HERZOG ENTERTAINS.

Complimentary to Miss West, Miss Ganzer and Miss Allen's Guests.
Miss Clara Herzog entertained at cards at Hill Crest, the home of her parents, Wednesday evening in honor of Miss Allen's house party and Miss Nellie Ganzer of Louisville, Ky., and Miss Clay West of San Antonio.
The Herzog home was like the proverbial "garden of roses". The soft breezes blew through the conservatory, perfume laden and entrancing. Dividing their time and attention between the same old inquisitive moon and their beautiful partners the young men, managed to "lose successfully" and feel that all such losses were but gains, even though some mayhap lost more than the game at cards. No happier social event than this graces the season's list.

MISS HAMILTON'S RECITAL.
Vocal and Instrumental Numbers Display Exceptional Ability.

On Wednesday morning Miss Hazel Hamilton entertained her friends with a musical recital at the home of her teacher, Mrs. J. W. Burney.
Her rendition of the several difficult numbers, both vocal and instrumental, gave evidence of exceptional talent and training and was a delight to those fortunate enough to be present.

The color scheme of yellow and white was prettily carried out. Miss Hamilton wore white net over yellow mesaline. The programs were tied with yellow ribbons. The favors were bunches of pansies tied with yellow ribbon and the refreshments were yellow and white cake and cream.
The rooms were decorated with bowls of yellow flowers.

The following was the program:
Rhapsody No. 2..... Liszt
Jewel Song (Faust)..... Gounod
Boat Song..... Neidlinger
Scotch Songs—
(a) Bonnie Sweet Bessie. Gilbert
(b) All the World To Me. Robyn
Sonata, op. 26..... Beethoven
Ave Maria (Cavalleria Rusticana)..... Mascagni
Bid Me Discourse..... Bishop
Prayer From Othello..... Strakosh
Celestial City..... Pontius
My Love Wears Roses..... De Koven

The invited guests were: Mesdames Hamilton, Hudspeth, H. Renschel, W. W. Allen, J. W. Taylor, L. A. Schreiner, G. F. Schreiner, A. Brautigam, H. V. Scholl, J. L. Pampell, R. Galbraith, E. E. MISS ALLEN'S HOUSE PARTY.
Numerous Guests Enjoy Entertainment Given By Kerrville Belle.
Miss Nannie Elizabeth Allen is entertaining a house party at the home of her parents, Mr. and Mrs. W. W. Allen. The house guests are:
Miss Nina Lucas, Sherman; Miss Eileen Benton, San Antonio; Miss Alex Connelly, Austin; Miss Genie Hunter, Austin; Ross Irving, San Antonio; Charlie Vann, Brownsville; Sam Kone, San Marcos; Don Summers, San Antonio.
On Saturday night last a reception was given at the Allen home in honor of the guests. The feature of the evening was music.
Miss Benton sang. She has a rich, mellow soprano voice, and sang two songs with exquisite taste. Her pleasing personality proved to those present that all is not in the song, but much in the singer.
Miss Hazel Hamilton sang a bright Japanese song, as only Miss Hamilton can, for those who know her acknowledge her individual personality.
Miss Clara Herzog's singing was a delight, as it always is.
Miss Elise Maurer could not withstand the temptation to sing Clara Jacob Bond's "I Love You Truly," and truly we all were glad.
Of course, the program was not complete without a rendition by Miss Allen, who developed within the last year a strong, pure soprano voice. Miss Allen's voice is one of still more promise. It is full, brilliant, yet sympathetic and suited to any of the arias of the oratorios or heavier operas.
Those who have had the pleasure of hearing Grace Van Studdiford sing will appreciate the possibilities of Miss Allen's voice, for in range, quality and timbre her voice compares very favorably with Miss Van Studdiford's.
Miss Allen sang "Adoration," by Maurice Strakos, a song, the rendition of which not only requires unusual voice, but a singer who is blessed with a glowing and commanding personality combined with vocal power to portray the intense emotional feeling of the song, all of which Miss Allen showed that she possessed.
Mrs. W. W. Allen made an ideal hostess and those who went to her home expecting to endure the regular formal reception were joyously disappointed. Among those present were:
Misses Thorne Renschel, Rose Enderle, Mary Johnson, Hazel Hamilton, Clara Herzog, Ethel Williams, Eugie Myers, Elsie Maurer, Sadie Larkin, Tess Wier, Vela Burney, Teena Gardner, Nona Shelbourne, Colie Shelbourne, Nellie Ganzer of Louisville, Clay West of San Antonio, Louise Carson of Houston, Margaret Carson of Houston; Messrs. Ross Irwin, Don Summers, Juna Schreiner, Frank Brady, Scott Schreiner, Will Lee, Will Garrett, Will Bessan, Sam Kone, Rodger Renschel, Ivy Burney, Carl Maurer, Frank Coleman, J. C. Wyatt, Oswald Herzog, Dr. Thigpen, Dr. Galbraith, Charles Vann; Mr. and Mrs. Howard Davis, Mr. and Mrs. Louise Enderle, Mr. and Mrs. Courtney Denny, Mr. and Mrs. Ollie Belfel, Mrs. Bettie Dewees.
The party spent Sunday by attending church in the forenoon and receiving callers in the afternoon and evening.
Monday Don Summers entertained the party on a kodak trip to Split Rock. The party made the trip in tally-hos and autos and the day was happily spent in "getting back to nature." In the evening the merry-makers attended the picture show and rounded out a day that was full of joy.
Tuesday a walk at 5 o'clock in the morning was indulged in. On Tuesday night a dance was given by Captain Ross Irving at Pampell's Hall complimentary to the house party. This was a very successful affair, largely attended and greatly enjoyed.
On Wednesday Charlie Vann of La Feria entertained the party on a tally-ho trip with fishing and picture making for a purpose. The party went to Sherman's Mill and revelled in the beauties of nature, kodaked the waving ferns to the music of laughing rills.
On Thursday afternoon the party drove about and admired the scenery of the Hill Country. At night they attended the Firemen's Carnival.
Friday a walk was taken at 5 o'clock in the morning, including a visit of inspection to the new ice factory. At night they were entertained by Mrs. J. C. Wyatt at her home in Center Point, returning this morning.
Tonight the closing events of the week will be a lawn party at the beautiful home of Mrs. H. E. Gedney.

Texas Live Stock

Texas has more live stock than any other state in the union. We have 15,981,000 head of live stock, valued at \$312,857,000 by the Federal Government Agricultural Department on January 1st, 1909. We have four head of live stock per capita. We lead all other states in production of cattle and mules. Illinois and Iowa lead us in horses and we stand third in hogs. To increase the value of our live stock we must raise the grade, improve the market condition and increase the market price.

Texas has 1,314,000 head of horses valued at \$98,188,000. The average price of an Illinois horse is \$400 and the average price of a Texas horse is \$74 as shown in the cut below.

"Comparative Value in Texas and Illinois."

This difference in price is largely due to the grade of horses. By improving the grade we can add about \$40,000,000 to live stock values of the state. This is equal to \$10 per capita and would be net money to the farmer as it costs no more to raise a good horse than it does a poor one.

We have 3,304,000 head of hogs valued at \$5.80 per head while Illinois hogs are valued at \$7.00 per head as shown in the cut below.

"Comparative Value in Texas and Illinois."

We have 1,883,000 head of sheep valued at \$2.70 while the Illinois sheep are valued at \$4.80 per head. This difference is due to difference in grade and accessibility to the market. By raising the grade of the live stock of Texas to the Illinois standard we can increase values \$50,000,000 per annum, says the Texas Commercial Secretaries Association.

The spirit of progress that makes the farmers want better public highways, more factories, more railroads will stimulate them in improving the grade of live stock.

PAY YOUR DOLLAR IF YOU RUN

Candidates May Be Assessed But Notice Shall Be Given.

To the Chairmen of the County Democratic Executive Committees of Texas:

Gentlemen—Inquiry is being made and I am asked to rule whether or not the county committees will be justified in not placing the names of candidates for State and district offices on the ticket in the primary election when the amount of \$1.00 assessed against them for the expenses of the election, as fixed by the statute, has not been paid, at the time of the meeting of the committee for the purpose of making up the ticket.

You are advised that it is the opinion of the State chairman that such amount is not due "unless (in the language of the Terrell election law, Sec. 111) the executive committee of the county shall so direct," and notice of such assessment be given to such candidate. You are, therefore, directed in case of an assessment "so directed" that you shall give reasonable notice of the same to the candidate, and I am sure all will cheerfully give their assessment. If, after assessment and notice, any candidate will not pay the \$1.00 as assessed, then only would the committee be justified in not putting the name of the candidate upon the ticket.

I urge you to take such action. If it is contemplated, and give notice as early as possible, that the notice may reach all the candidates.

A. B. STOREY, Chairman State Democratic Executive Committee of Texas, San Antonio, Tex., May 28, 1910.
