## LADIES HOLD RALLY AND PARADE FRIDAY

### MEN OF KERRVILLE LET THE "WOMEN DO THE WORK" ON LIBERTY BOND DAY.

The Governor proclaimed Friday as Liberty Bond Day and there were no doubt many parades and rallies to forward the sale of Liberty Bonds, but we claim that Kerrville had one of the best in the State, and all the credit is due to a few women who would not let a few slow men disappoint them.

On Wednesday the women of the town decided that we should have a parade and public addresses, both to express our loyalty and boost the Liberty Bonds. They decided that they would prepare for the parade and asked a committee of supposedly public spirited men to arrange for the speaking. Thursday these men got together and held a "what's-the-use" meeting and decided that everybody knew that the local talkers could say; it was too late to get outside speakers, and nobody could add anything to what Harry Hertzberg said last Saturday any how, so they did not think it worth while to try to have any speaking.

Word of this wise decision got to a number of the ladies who were busy doing Red Cross work and talking about what a time they were going to have the next day, and the top blew off right then.

The telephone got busy and they do say several dignified and important citizens of Kerrville were afraid to go home. Slackers and piters were about the most gentle names they heard till the storm blew over. Then the ladies proved that they are fully qualified for full citizenship and the ballot. They said: "Men or no men, we are

going to have a parade and speaking too."

They went right on getting busy, and at 3 o'clock Friday afternoon they met at the Court House and lined up for the parade. They made the City Marshal carry the flag, then came the Boy Scouts and the Camp Fire Girls in uniform, and the Junior and Senior Red Cross members in uniform, and many others who had caught the enthusiasm.

They marched for eight blocks through the principal streets of the town and then filed into the Court Room for the speaking.

Judge Geddie was drafted as master of ceremonies and accepted in a burst of appreciation in which he thanked the ladies for the unusual honor accorded by them of allowing the men to do the talking.

He then called upon Dr. S. W. Thompson. For about five minutes Dr. Thompson showed that a machine gun has nothing on him in either speed or effectiveness. He declared that the time has come for every body to line up and show their colors; to fight or buy bonds, and if they did not have the money, to do like he did, borrow it.

In conclusion he remarked that he was constitutionally opposed to mob law, night riders, Klu Klux and vigilance committees, but if the law would not or could not suppress disloyal talk and conduct, he for one did not want a mask or the shadows of night, but day time suited him to take care of any man who was disloyal to the United States.

Rev. D. B. South also made a very impressive address of about five minutes, in which he called attention to the religious aspect of the present duty and showed that it had always been necessary for people not only to talk and act right, but also, at times to fight for it. That God had interrupted Deborah's song to declare a curse on Meroz because the people of that town tried to be neutral when it was time to fight. That Christ had declared that he came not to send peace, but a sword, which meant that the

truths he was declaring would force a decision and compel a conflict, even dividing families. The question then is whether the things we are fighting for are the truth and right and justice. Our country is fighting for the principles of truth and justice and humanity and honor, and every man must fight or deny his manhood.

Judge Geddie then called on Dr. W. P. Dickey with the remark that he knew Dr. Dickey had had no warning, but he hoped he would have something to say.

He said it was always a privilege to talk for the encouragement of those who were fighting the fight for liberty and truth and humanity. It is a glorious privilege for any country to occupy the place which the United States occupies today. He said that a recent experience had impressed upon him the meaning of citizenship in the United States and what our part in this fight means. Waiting at the Post Office he noticed a German Jew reading the headlines and talking about what "our men" were doing. He was joined by a Russian Jew. A moment later an English Jew came in. Then he noticed a full blood German taking just as great an interest in "our fight"; then a girl came up who was German and Scotch; a Frenchman, all enthusiasm for "our boys," entered; a Mexican was pouring over the news from "over there," and the speaker was Scotch-Irish. What do we mean when we say American? We are not fighting as one nation against another, but America represents the people of vision and hope and self-reliance of every nation on earth who have been fired by the vision of manhood and passion of freedom and have come to America to enjoy the blessings of liberty and now these freed men are going back to fight the battle of liberation for the home land, whatever it may be, and to open the way to freedom for all humanity.

Judge Lee Wallace was another on the program and in the course of his remarks he urged the great im-

## DRAFT RECORDS OF KERR COUNTY

### LOCAL BOARD MAKES COMPLETE STATEMENT OF CLASSIFICATION OF REGISTRANTS.

Every citizen is, or ought to be, interested in the classification of the registrants in this county and know the war status of each registrant. On account of cases on appeal and cases of industrial and agricultural claims pending before the District Board, it has not been possible for the Local Board of this county to furnish the public correct and accurate information concerning each of our registrants at an earlier date. We have now heard from the District Board on practically all cases from this county and are herewith making a complete statement, which is as follows:

Registrants of County.	
Colored	29
Mexicans	39

Class 4	168
<b>Total</b>	<b>191</b>

There were two industrial claims filed by registrants of this county. One was a vulcanizer and the other engaged as an officer of a bank. We did not recommend either of these claims. The District Board affirmed our view on the first, but on the bank claim gave the registrant a deferred class in class 3. We did not then, nor do we now believe that the law covers any such cases and think that the bank claim is very unjust. In its allowance some other young man has been compelled to take the place of this particular registrant and do the fighting that he should have done.

There were 60 agricultural claims presented, 50 by those of German descent and 10 by all others. The District Board has granted 18 of these claims, 15 to those of German descent and 3 to Americans.

The law requires the Local Board to endorse its recommendation on all such claims and forward same to the District Board, which has exclusive jurisdiction of them. This Local Board declined to favorably endorse any of such claims and took the position that the places of all such registrants thus engaged could be filled by others not in the draft age and that no substantial and material loss would accrue to the agricultural interests of this county, were all such registrants drafted into the army.

**Subsequent Marriages.**  
All registrants who married subsequent to May 18, 1917, their marriages were not taken into consideration by us in classifying them.

### Senator Hudspeth Here.

Senator Claude B. Hudspeth arrived in Kerrville last Friday night, en route to Bandera, where he opened his campaign for Congressman from this district Saturday evening to a very large and attentive audience.

Friends from Kerr and Kimble Counties were in attendance and their report to this paper is very flattering of the impression made by Senator Hudspeth on this occasion. He spoke for over two hours to a packed court room and about half had to stand up during the entire time, but all remained until the close. Every person present, men and women cordially shook hands with the Senator and pledged him their support. Bandera County is the birth county of the Senator, and it would appear by the attendance and applause manifested on this occasion that he will receive practically the unanimous vote of that county.

Senator Hudspeth spent Sunday in Kerrville, visiting friends and relatives, and Monday went to Fredericksburg and from there to Mason.

### Judge Ellis to Be in Kerrville.

Judge John C. Ellis, Field Marshal of the Texas State Council of Defense, will be in Kerrville on Sunday and Monday, May 5th and 6th, for the purpose of thoroughly organizing the county.

He will deliver an address at the Methodist Church Sunday evening at 8:30 o'clock. Judge Ellis is a very eloquent speaker and every one is urged to hear his message.

### H. C. Clayton.

H. C. Clayton, aged 70 years, died at his home in Kerrville, Tuesday, April 30, at 3 a. m., after an illness of some time.

Interment was made at Glen Rest Cemetery at 4 p. m. the same day, the funeral services being conducted by Rev. D. B. South, pastor of the First Baptist Church of Kerrville.

### WAR-SAVING SOCIETIES TO ORGANIZED OVER COUNTY

The War-Savings Committee of Kerr County have been requested by the National Committee to concentrate their efforts for the next two weeks in organizing War-Saving Societies throughout the county.

The Ladies Local Committee, headed by Mrs. G. M. Doyle, chairman, are devoting their time this week to organizing societies in the city.

Next week committees headed by E. H. Prescott, County Chairman; Mrs. G. M. Doyle, Chairman of the Ladies Committee; Judge Lee Wallace, and Postmaster Carpenter, will start visiting the rural schools and the following schedule of meetings have been decided on so far:

Tuesday, May 7th: Mountain Home (Sunset School), 10 a. m.; White School House, 1 p. m.; Ingram, 3 p. m.

Thursday, May 9th: Japonica, 10 a. m. Hunt, 1 p. m.

The trustees and teachers of the above schools are requested to give this as wide publicity as possible. It is expected that all citizens of your community will be present.

The following week the other rural schools of the county will be visited.

### EXPERTS IN SHOOTING TRAIN MEN AT CAMPS

The National Army and many organizations of the National Guard having been equipped with the United States rifle, model of 1917 (modified Enfield), it became necessary to devise some plan whereby troops could be efficiently trained in the use of this weapon in short time.

A statement authorized by the Ordnance Department tells how experts in shooting, many of them members of United States teams which won international shooting matches, were commissioned and sent to various camps to instruct officers and men in shooting and in the operation and care of the rifle.

In one camp officers under instruction from these men gave a demonstration in dismounting and assembling this rifle while blindfolded, the record time being 7 minutes for dismounting and 22 minutes for assembling. There are 86 parts to the rifle. These officers in turn instruct mechanics classes, the mechanics being trained to make repairs to rifles in the field. Frequently they will have to do their work at night, when they will not be allowed to use lights, and therefore they must be thoroughly trained in taking down the rifle and putting in new parts by sense of touch.

LOCAL RED CROSS NEWS

Edited by Mrs. J. W. BURNEY

+++++

An office has been opened at Red Cross Headquarters and the Secretary, Mrs. John Burney, will be on duty from 1 o'clock until 3 every day. All business with the Secretary should be transacted at that time.

+++++

The American Red Cross has just performed another record feat by preparing and shipping to a town behind the front lines in France a tent hospital of 500 beds, within twelve hours after receiving a request from the French Government. The hospital was needed to take care of patients suffering from fractured limbs, who were being removed from a hospital in Eastern France menaced by German air raids. The equipment supplied by the Red Cross consisted of twenty-five tents 20x60 feet long and each containing twenty beds. Each ten has an inner and outer wall with an air chamber between so that it can be adapted to either cold or warm weather. When set up such a hospital covers an area about the size of a football field. The equipment weighs twenty-two tons. The Red Cross is making arrangements with a committee of Parisians to send 50,000 children of this city to a provincial center, where they will be cared for during the summer vacation.

+++++

The Red Cross House for Convalescents at the Base Hospital at Camp Logan, Houston, Texas, is open. This building is said by authorities to be the most substantial building in camp and the best constructed. It is in the midst of six two-story hospital wards, deep in a pine woods, back of the main group of buildings. The ground around it forms a park. The hall itself is in the form of a gigantic cross. The roof is painted red and the sides white, so that airplanes and observers can easily distinguish it. Each wing of the cross is used for a different purpose. There are writing, reading and game rooms. The big feature of the building is an auditorium in which artists can perform for the convalescent patients. There will also be a library in the building. This is one of seven Red Cross Houses now under construction in the Southwestern Division.

**A FAMILY MEDICINE**

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Theford's Black-Draught has been found a valuable remedy for those troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's the original and genuine. E 79

At the close of June the group that loses in the contest will give a social to the successful group.

Mineral Oil is an excellent lubricant for the intestinal tract. In other words, it acts as a substitute for the mucous which exhausted nature failed to supply. It relieves constipation in a natural way and its use for a limited time will overcome the trouble permanently. We have just received a fresh supply of the best and heaviest of this oil. It is a colorless, odorless and tasteless preparation. It is slow but sure in action and leaves no bad after effects. We consider this oil equal to the famous Russian Mineral Oils which are not now available.

KERRVILLE, TEXAS**SWINDLERS' TRICK TAKES MONEY SENT TO SOLDIERS**

Relatives and friends of several soldiers in Army camps have been victimized by swindlers who wired or wrote for funds under soldiers' names. In each instance it was suggested that money be sent by wire waiving identification, or by mail to general delivery, the customary explanation being that the soldier had been discharged and would have no way of securing identification, nor of getting mail addressed to his company.

The following is a typical telegram, sent to the father of a soldier in a Southern camp:

"Have been discharged. Coming home. Going to Atlanta through country tonight. Please wire me \$60 at Atlanta so I may pay for uniform and come home direct. Waive identification as I am not known in Atlanta. Wire cash quick so I can get it tomorrow morning."

Before being complied with, any request for money to be sent under such conditions should be verified by a letter or telegram to the commanding officer of the camp in which the man whose name is signed to the request is stationed.

**Cause of Headache.**

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

### A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

### SCHOOL TEACHERS AND THE HIGH COST OF LIVING

Are you content to continue teaching without any increase in salary when the cost of living has more than doubled in the past twelve months? Or will you enter the broad field of business where the demand for trained young men and women is the greatest in the history of this nation? The commercial concerns of the country, realizing the advances in the cost of living, have increased salaries in proportion, and Bookkeepers, Stenographers and Operators receive from \$75 to \$100 per month for twelve months in the year and receive advances promptly as they progress in experience and skill. The increase in salary during the school terms added to the additional salary in vacation amounts to a large gain over the teachers' pay, and the expense of schooling is over after the few months spent in a commercial college. Teachers' salaries are limited, while business positions pay salaries as large as the abilities of the employees justify. Salary and ability seek their level in business very quickly, because of the widespread demand for help. Can you blame several thousand teachers who see quitting the profession annually to enter commercial work where they have an opportunity of increasing their earning power each year and where their training fits them for the responsible positions of life? Do you know that, with only a small cost in money and from three to five months' training, you can step into a good paying commercial position? Compare this with the time and money which teachers must spend in preparation before they can begin earning, after which they are employed only six to nine months in the year and spend what little money they save to attend summer normal during vacation. Make up your mind to spend your vacation this summer in America's largest commercial training school and prepare yourself to answer one of the many calls we have daily for our students. Write the Tyler Commercial College, Tyler, Texas, for their large, free illustrated catalogue and read what teachers who have attended this institution say of the many advantages it offers to those who desire to enter the business world.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion for a Few Cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

## NOTICE!

### Electric Light Customers

The great increase in our operating expenses, due to the continued advance in price of everything used in the power plant, especially fuel, makes it absolutely necessary that we make some changes in our lighting rates. We feel sure our customers can see the justice of this change as it is a condition which is simply in accordance with the times, and over which we have no control. Therefore, beginning April 1st, the minimum rate, with or without a meter, will be \$1.25 per month. Any flat rates that may be made will be based on the number of drops connected, and will not be less than \$1.50 per month. In case a meter is desired it will be necessary for the customer to make a deposit with the company of \$5.00, to apply on purchase of same, or to pay a meter rent of 25c per month. The deposit of \$5.00 will, of course, be returned by the company at any time the service is discontinued.

Good rains have fallen over most of the State and present crop prospects are encouraging.

Have you ever noticed that immediately after a good heavy rain good roads talk begins to pick up?

Don't let the third Liberty Bond campaign close without making a supreme effort to buy at least one bond; but it so that "government by the people, of the people and for the people" may not perish.

Be patient; the return of the biscuit will happen in time. Besides, you are not the only person compelled to eat corn bread; and, then again, some of you weren't used to biscuits more'n once a week anyway.

The Third Liberty Loan has just about closed, with a number of localities going over the top. We have that confidence in the American people to believe that the thirty-third loan will be equally as successful, if that many are launched.

The Austin American is unique in that it is a daily (morning) paper of no mean pretensions without even an attempt at an editorial page. Even at that, the American has some so-called dailies in Texas that have a page set aside to all-leaded stuff skinned a mile editorially.

We frequently hear people say this or that person has too much religion. There is no such thing as too much religion, if it be of the right kind. While we are at it, we want to say the right kind makes those about you happy as well as yourself.

Speaking to a young farmer friend who wants to know if it is his political duty to listen to each and every candidate, we'd say: Son, it depends. If you have nothing else to do, you might put in your time listening to candidates; but if it is nip-and-tuck between cotton and cocklebur in your field you'd better attend to the cockleburs and let the candidates attend to their vote getting. It will pay you better.

What the optimist calls 'progress' the pessimist regards as deterioration, each taking himself seriously. It is not necessary that either be degenerate; 'tis a mere question of human conclusion and determination of fact. Neither is it a question of education or lack of education; throughout the ages history shows a constant human antagonism, physical among the more brutal, mental among the more erudite. This antagonism is due to the fact that man too readily forgets that he is finite and assumes definite exactitude. Ridiculous as it may seem, it is right here where he takes himself most seriously. Man naturally seeks the truth; has been striving for it since creation; seldom seeks to willingly pervert what truth he manages to acquire; but, not possessed of the full ability to determine between truth and its imitation, he too frequently accepts the latter as "something just as good," according the imitation all the virtues of the original and real

thing. Hence the disagreement among men; the imitation, no matter how closely it may resemble the real, fails for the very fact that it is an impossibility for any imitation to fulfill the office of the real. But, for all this, he who sincerely seeks the truth may trust an all-wise and just God to forgive his honest mistakes.

The American people, as a Nation, may be—in fact, are—divided into many factions politically, religiously and otherwise; they may be capable of spitting and clawing at each other like a couple of tomcats; they may quarrel over booze; they may consign each other to hell theologially; but the Kaiser will find them united, one and inseparable in this great fight to perpetuate the principles of free government. Every true American, be he pro or anti-Democrat or Republican, sprinkled or immersed, is ready to fight side-by-side against the foes of political and human liberty.

All may not be patriots who have bought Liberty Bonds, but the man who has not or is not making an earnest effort to save enough money to buy one is not only not a patriot but is very nearly in the position of a traitor so far as his indifference is a help to the enemy. Now, this does not apply indiscriminately to all; only to those who can and won't. There are some (not many) who would if they could, but really can't. Every time you meet one of these unfortunates you meet a case of sincere regret over an inability to help.

Our daily papers are still running a sport page, just as though there were no war. Now, we are fond of sport; patronize all clean sports, but when we see a headline telling how this or that artist won a brilliant pitching victory we can't help feeling that said twirler's victory would have been much more brilliant if he had won it pitching hand grenades in France instead of a base ball in America. Why is not a ball player or other athlete between the ages of twenty-one and thirty-one just as much of a slacker as any one else?

In the State of New York, at a recent election (for prohibition, too) the total vote averaged seventy per cent greater than that cast at the last gubernatorial election, due chiefly to women voting. Are we to understand from this that fully thirty per cent of the women preferred not to vote? If so, may it not be attributed to the fact that it was their first opportunity and many were diffident about voting? Most women are diffident about adopting anything new—which is to their credit. Our daughters now ride astride; our wives would have fainted at the bare ideal. Only the other day a girl of nineteen, rummaging through an old store room, came upon her mother's old side-saddle, and innocently inquired what it was! But women learn new things, pick them up much more rapidly than men, and pass a quicker (and we believe a better) judgment upon their value. So it will be with the ballot in Texas. If it is a good thing, trust the women to know it and hold to it; if a bad or useless thing, trust them to know it and drop it. Just give the women time and they will learn to get all-out of the ballot there may be in it for them.

HUDSPETH FOR CONGRESS.

Junction Citizen-Light: In this issue is found the announcement of Claude B. Hudspeth of El Paso for Congress, 10th Congressional District, subject to the action of the Democratic primary.

For a man who has served West Texas in the Legislature as Hudspeth has for sixteen years, certainly no introduction is necessary. Four years he was in the Lower House and twelve in the Senate at Austin, and to record a list of his achievements for the people of Texas, and the western portion especially, would make a rather lengthy article. Suffice to say he has made a record of which to be proud, and with his long experience in the legislative halls is very familiar with the needs of our people, and peculiarly fitted for a broader field of endeavor. Certainly our State would be ably represented in Congress by Mr. Hudspeth.

The Minister of Agriculture of Brazil has been authorized to establish modern experimental farms and agricultural colonies, especially for the education of orphans and abandoned children.

Millions of dollars, it is estimated by revenue officials, will be added to the Government funds in penalties as a result of the round-up of income-tax delinquents by the Bureau of Internal Revenue.

HIS BACK TO THE WALL; HELP HIM!

Today Uncle Sam's boys are on the fighting line—right in the midst of the blood and carnage. At this moment good American youths are facing the power-crazed German hordes. Perhaps today a score of our brave lads were killed or wounded. Hundreds we know are facing privations and suffering. Shall we at home limit our interest to pity for them? No—they do not ask or want it. The boys in khaki have gone to their task willingly, most of them enthusiastically. Many of them are volunteers! All of them awaited the call with a ready spirit. The American soldier realizes he is doing a stern duty, and he does it with a will, as he does everything else. When his sense of duty drives him to extra effort, and inspires him to supreme courage, he doesn't give his bit, HE GIVES ALL.

The American soldier, like all red-blooded Americans, hates a traitor, pities a coward, and despises a slacker. Of all our troops now in France, and the millions that are to follow, there will be no cowards or slackers. From the reports of Gen. Pershing we have yet to learn from "over there," of the first deliberate slacker. And now, with all these things in view, it is unthinkable that we, with every energy and every dollar at our command, shall even for a moment hesitate to back the brave boys, many of them personally known to us, to the extreme limit. Liberty and freedom gave us the opportunity to be prosperous and comfortable, and now with our boys at the front, giving their all to preserve to us these privileges, in the name of reason, shall we hesitate to back them, not with a few dollars, given grudgingly, but with our financial life-blood, if necessary? Don't stop to argue and debate about the causes of the war, and how we might have stayed out of it, and listen to pacifists, but look the grim truth in the face: THERE IS A MAD DOG RUNNING AMUCK, AND IT MUST BE KILLED. This rabies-infected animal is biting only your neighbor and his children at present, but it can be here in a week. IF WE FAIL, IT WILL TAKE THE GERMAN FLEET BUT ONE WEEK TO REACH THESE SHORES.

SNAPPY THOUGHTS

From Liberty Loan Speeches.

"Gentlemen, I never made a speech in my life and 'aint goin' to now, all I say is—we're in it—let's win it."

"Don't say you got no money. If you 'aint got none, go borrow some."

"We are going to try William Hohenzollern for murder in this Church next Wednesday. You are summoned on the jury and there will be a heavy penalty if you do not attend."

"A Chinaman went to one of our banks last week and said, 'Me buy Lib'ly Bond.' 'What you want to buy one for, John,' said the Cashier, just to make conversation. 'Why no buy?' said John."

"There is only one reason why every man in America should buy Liberty Bonds—should go in rags to do it—should starve himself, if necessary, to do it. And that is because it is the right thing to do. What is the difference whether Liberty Bonds pay four and one-quarter per cent. interest or no interest at all? It is the duty of every American to buy them."

"Defeat would mean ruin to the farmer; it would mean taxation to a point which would mean slavery to German masters."

"The war is a 'Family Affair.' The boys who are fighting for us have earned the affection and protection that is due to a son. They have earned the right to the title of 'Our Boys.'"

Something Worth Fighting For

For over two hundred years Americans have fought valiantly, and died gallantly, to win for themselves and hand down to their posterity the blessings of liberty, justice, self-government and equal opportunity. This precious heritage, bought at so great a price, is now threatened.

THE QUESTION WHICH TODAY CONFRONTS AMERICA AS A NATION, AND YOU AS AN INDIVIDUAL, IS WHETHER OR NOT A FREE AMERICA IS WORTH FIGHTING FOR.

This question can not be answered by word of mouth but by deeds alone.

Have You Bought Your Liberty Bond?

We must win the war quickly, if possible; we must carry it on for years, if necessary. It is freedom we are fighting for and we must do the job with American thoroughness, let the cost be what it may.

The men who remain at home must finance this war while the boys "over there" are doing the fighting.

## TO ALL WHO EAT

EAT AN ONION FOR YOUR HEALTH'S SAKE —EAT AN ONION AND HELP SAVE THE VALLEY CROP.

Try Out These Food Administration Onion Recipes, and, Through Good Appetite, Give Zest to Your Own Life, and Release Concentrate Foods for Our Soldiers.

At present there are 8,000 acres of land in the Rio Grande Valley from which have been produced \$5,000,000 worth of onions. This means a shipment of approximately 15,000 cars and under present conditions only ten thousand cars can be secured. The result is that we will have 5,000 carloads which we must take care of in Texas and in Southern territory. For this reason the Federal Food Administration for Texas has entered into interest with the onion growers and is assisting them in securing transportation and is also doing everything in its power to secure onions as a food.

The recipes given below have been carefully prepared by Miss Lou Stallman, Government Food Demonstrator.

### CREAM OF ONION SOUP.

1 cup of cooked and sieved onions  
1 cup of liquor in which onions were boiled  
1/2 cup of milk  
1/2 tablespoon rice flour  
1/2 tablespoon vegetable oil  
Salt and pepper to taste  
Cook onions until tender and mash through a sieve, reserving one cup of liquor in which onions were cooked. Combine onions, liquor, seasoning, fat and milk, then bind with the rice flour moistened with a small amount of cold milk. Cook until slightly thickened. A few celery leaves cooked in the mixture will give an added flavor. Strain out before serving.

### ESCALLOPED ONIONS.

Place boiled onions in an oiled baking dish and cover with white sauce. Sprinkle with crumbs over the top. Crumbs may be made from white bread, muffins, etc., made from substitute flour, or with peanut oil. Bake until a delicate brown. Season crumbs with salt and pepper.

### BUTTERED ONIONS.

Boil as above, seasoning with margarine or butter. If butter is desired, add a few drops of oil. Sprinkle with salt and pepper. Butter should not be used in cooking.

### BAKED ONIONS.

Peel, wash and bake in oven around meat, poultry, or fish. The juice from the meat, poultry, or fish, if it has been added, may be used in the water and 2 tablespoons of oil.

### ONION SOUFFLE.

Cook onions, rub through sieve. There should be 1/2 cup of pulp. Heat 4 tablespoons of oil and add 4 tablespoons of rice flour on gradually. Add 1/2 cup of water left from the onions and 1/2 cup of milk. Add onion pulp with salt and pepper. Beat partially. Beat the whites of three eggs until thick and foamy and add to the first mixture. Cut and fold in the whites of the 3 eggs beaten until stiff and dry. Place in an oiled baking dish and bake 25 minutes in a moderate oven. Serve at once.

### ONIONS STUFFED WITH PECANS (DELICIOUS).

4 onions  
4 tablespoons bread crumbs  
Salt and pepper  
2 teaspoons chopped parsley  
4 tablespoons chopped pecans  
1 tablespoon oil (vegetable)  
1 egg  
2 tablespoons white sauce (or enough to bind)  
Cook onions whole, having been carefully cut to cut root end off to close. Cool and remove center. Chop center and mix. Add crumbs, oil, salt, pepper, parsley, egg and sauce. Sprinkle inside shell with salt. Fill with mixture and pile it up on top. Bake until delicately browned. Serve with white sauce to which 1/2 cup fresh peas have been added.

### INDIAN PUDDING.

5 cups scalded milk  
1 cup cornmeal  
1/2 cup molasses  
1 teaspoon salt  
Note—Four scalded milk slowly on meal. Cook in double boiler 25 minutes, add other ingredients, pour into oiled baking dish. Bake two hours in slow oven. If baked too rapidly it will not whet. Serve with cream.

### WHEATLESS BREAD.

Note—Vary all cornmeal dishes by small amount of boiled rice. Excellent flavor and texture. Rice paste may be made 100 per cent rice flour. Make same as wheat pastry. However, any pastry calls for a high percentage of fat, which is needless use of fat. The making of rice and cakes is to be discouraged, as these products are usually used as a superfluous addition to the diet. Fruits make a more beautiful dessert.

## TO ALL WHO EAT

SEVEN RECIPES FOR BREAD OF WHEAT SUBSTITUTES TO REPLACE "LUXURY BREAD."

By Using These Recipes Texans Will Aid in Making Wheatless Period of 45 Days a Success.

In adopting a wheatless program for Texas from April 15, 1918, to June 1, 1918—and longer if there be a need—the Federal Food Administrator sought out a period of the year in which cornmeal and corn flour is abundant; as well as numerous other substitutes, which may replace wheat flour. Naturally, the elimination of wheat flour has awakened a keen interest on the part of hotels, restaurants and public eating places, as well as the homes, to secure recipes for making bread of substitutes which are as good, if not better, than "luxury bread."

Miss Lou Stallman, director of Home Economics for the Federal Food Administration for Texas, has prepared seven excellent recipes for wheatless bread. All the recipes have been carefully worked out and tested and are offered to the public of Texas with the approval of Federal Food Administrator Peden:

### Corn Flour Biscuit.

1 cup liquid  
2 1/2 cups corn flour  
2 1/2 tablespoons fat  
2 teaspoons baking powder  
1 teaspoon salt  
Appearance, good  
Texture, very dry and close, although not heavy  
Color, white  
Flavor, slight corn flavor  
Comment, most nearly the appearance of wheat biscuit of any of the substitutes used.

### Cornmeal Hoe Cakes.

3 cups cornmeal (scalded with water)  
1 egg  
2 teaspoons baking powder (level)  
Add enough milk to make the mixture thicker than ordinary cake batter. Bake three at a time on a hot griddle as griddle cakes. Small ones are best, as there is less waste on each plate after serving. Scalded rice may be substituted for part of the cornmeal.

### BOSTON BROWN BREAD.

1 cup oil  
1 cup cornmeal  
1 cup rice flour  
1 cup cotton seed flour  
1/2 cup molasses  
1/2 cup molasses  
2 cups sour milk  
Mix dry ingredients, add molasses and milk (mix together). Put in oiled baking pan and steam 2 1/2 hours. Small cans less time. Covers must be oiled also and well tied on. Do not fill cans over 2/3 full.

### CORNMEAL STICKS.

1 pint boiling water and milk  
1 pint cornmeal  
1 teaspoon salt  
2 tablespoons liquid fat  
1/2 cup molasses  
Add boiling liquid to make stiff mush. Add seasoning, cool and mold into finger rolls. Bake in hot oven 15 minutes. (Use a little more oil on waffle iron than when baking wheat waffles.) Use some mixture and bake as muffins. Delicious.

### CORN MUFFINS, OR BREAD WITH-OUT WHEAT.

1 cup cornmeal  
1/2 cup fat, scalded  
1 egg  
2 teaspoons salt  
2 teaspoons baking powder  
Milk to make consistency of batter cakes. Bake in muffin tin 25 minutes. Boiled rice may be substituted for part of the meal.

### RICE FLOUR WAFFLES.

2 cups milk  
1 egg (beaten)  
1/2 teaspoon salt  
1/2 cup rice flour to make batter  
4 teaspoons shortening  
4 teaspoons baking powder  
(Use a little more oil on waffle iron than when baking wheat waffles.) Use some mixture and bake as muffins. Delicious.

### INDIAN PUDDING.

5 cups scalded milk  
1 cup cornmeal  
1/2 cup molasses  
1 teaspoon salt  
Note—Four scalded milk slowly on meal. Cook in double boiler 25 minutes, add other ingredients, pour into oiled baking dish. Bake two hours in slow oven. If baked too rapidly it will not whet. Serve with cream.

### WHEATLESS BREAD.

Note—Vary all cornmeal dishes by small amount of boiled rice. Excellent flavor and texture. Rice paste may be made 100 per cent rice flour. Make same as wheat pastry. However, any pastry calls for a high percentage of fat, which is needless use of fat. The making of rice and cakes is to be discouraged, as these products are usually used as a superfluous addition to the diet. Fruits make a more beautiful dessert.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work! Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Reports received from State and Federal employment bureaus by the United States Employment Service, Department of Labor, indicate a shortage of woman labor in 34 cities. The greatest demand is for domestics and, next, factory workers. Twenty of the 34 cities report a scarcity of domestics. Nine report a demand for factory workers.

About Rheumatism.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

CATHOLIC CHURCH NOTES

BY FATHER KEMPER

The Blessed Sacrament will remain exposed till the procession at 5:00 p. m., when the candidates will renew their baptismal promises. Owing to this program the services in St. Mary's will consist of a low mass at 10:15 a. m., followed by Benediction; and no Sunday School in the afternoon.

During the month of May special devotions in honor of our heavenly Queen and patroness will be held at 7:35 a. m. every Monday, Tuesday, Wednesday and Friday. Mr. John Gallagher, a San Antonio druggist, died at the Kerrville Sanitarium last week. His body was taken home by his wife and sister-in-law, and buried from St. Patrick's Church. At Comfort, last Sunday, another applicant was received into Mother Ch. reb by baptism.

Sergt. Geo. Thornton, who was a frequent visitor to Comfort, was married at Fort Sam Houston to Mrs. Margaret Buschman. This Sunday Miss Annie Beulah Kaiser, oldest daughter of Mr. Ed. Kaiser, on Johnson Creek, will be united in holy matrimony to Conner Squyres of Camp Travis, in St. Joseph's Rectory. Bride and groom were old neighbors in Yoakum.

On the eve of Liberty Day we were honored by a visit from an army captain and chaplain who used to be pastor of Kerrville. He granted this congregation the privilege of using the cross in our service flag. In addition to this volunteer we have altogether twenty-two stars in our honor flag.

St. Stephens, who has been a Sister of Charity for over forty years, visited Notre Dame on Liberty Day, and motored with several members of our faculty to the Holy Angels Academy in Boerne.

Mrs. Wm. Lindeman and family of Comfort visited her sister, Mrs. Millard Stephens, on Sunday.

Mrs. Anna Rosenthal of Bandera was a guest this week at her sister's, Mrs. Frank Krueger.

Mrs. James McMahon of New Orleans is staying with her invalid sister-in-law Miss Alma McMahon.

Miss Ouida McCarthy is again nursing at the Kerrville Sanitarium, from which hospital she had the honor of graduating.

LIFT YOUR CORNS

OFF WITH FINGERS Tells How to Loosen a Tender Corn or Callus So It Lifts Off Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid you of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

Sec. 3. Any person who shall, within this State, publicly or privately, mutilate, deface, defile, defy, tramp upon, or cause contempt upon, either by words or acts, any flag, standard, color, or ensign, of the United States, or that of any of its officers, or an any imitation of either of them, shall be deemed guilty of a felony, and shall be punished by confinement in the State penitentiary for any period of time not less than two years, nor more than twenty-five years.

Sec. 4. Any person who, during the existence of the war between the United States and any other nation, or nations, shall knowingly, within this State, display, or have in his possession for any purpose whatsoever, any flag, standard, color, or ensign, or coat of arms of any nation with which the United States is at war, or any imitation thereof, or that of any State, subdivision, city, or municipality of any such nation, shall be deemed guilty of a felony, and shall be punished by confinement in the State penitentiary for any period of time not less than two years, nor more than twenty-five years.

Sec. 5. Any officer may, without warrant, arrest any one violating any section of this act, when the offense is committed in his presence, or within his view, or within the view of a magistrate. Any officer about to make such arrest shall be authorized to require any person violating any provision of this act to at once desist from such violation.

Sec. 6. Indictments and prosecutions for violations of the provisions of this act may be had in any county where the offense is committed, or in Travis County, the State of Texas; and for such purpose venues and jurisdiction is conferred upon the district courts of the counties of the State where such offenses are committed, and on the District Courts of Travis County; provided, that the suspended sentence law of this State shall not apply in convictions had under this act.

Sec. 7. It shall be the duty of any person who shall hear, see, or know of any person violating any of the provisions of this act, to immediately report the same to some officer authorized to make arrests in such cases; and it shall be the duty of said officer to forthwith cause the arrest of such person, or persons, against whom such charge has been filed, and to immediately carry him before some officer whose duty it shall be to thoroughly investigate the charges, and to make such orders, and to enter such judgments, as to such person, as the law may direct.

Sec. 8. The fact that this is a special session of the Legislature, which can last but thirty days, and the fact that the United States is now engaged in war, and that there are many breaches of the peace and other disturbances of public order and safety arising, due to the evils sought to be remedied by this act, creates an emergency and an imperative public necessity which requires that the constitutional rule, providing that bills shall be read on three several days be suspended, and said rule is hereby suspended, and this act shall take effect and be in force from and after its passage, and it is so enacted. F. O. FULLER, Speaker of the House. E. A. DECHERD, President of the Senate. Approved and signed by the Governor, March 11, 1918, and became effective on that date. 18-1f

# KEEP THE HOME FIRES BURNING

Tonight there will be American boys in lonely listening posts far out in the desolation of No Man's Land, American boys in the darkness and the mud and cold of the trenches under the ceaseless thunder of guns and the scream of shells, American boys tramping along the pitch-black, shell-torn roads. Through the long, dreary hours, as they wait and watch in the dark, while dangers lurk on every hand, their thoughts turn to the homes they have left behind, homes on distant farms, in scattered villages, in great cities, and they see in imagination the pleasant home lights shining out into the night.

## They Are Fighting To Keep Those Home Fires Burning

You back here in the peace and safety of the homes they love, can help in the bitter struggle that our boys must face tonight, and tomorrow night, and every day, and every night, until the final VICTORY is won. You, too, must work to keep the home fires burning—for our sons in France. They need guns and more guns, shells and more shells; they need tanks and trans-

ports and airplanes, good food and warm clothes and medicines and hospital supplies—an ever increasing abundance of all the vital materials of war, if they are to drive the ruthless German invaders back within their own borders, and establish for all time the sacredness of American liberty and the safety of America's homes—their homes, our homes.

**For these lads who are fighting and dying for you--do your share to send them to VICTORY. Invest today in Bonds of the Third Liberty Loan--All You Can. Keep the Home Fires Burning.**

### How Do YOUR Sacrifices Compare With These?

The American boy who goes to war gives up the position which means so much to his future, or the little business which has just begun to show promise of success.

He severs home ties, gives up home comforts, leaves behind parents, friends, wife or sweetheart.

He faces probability of being obliged to take up life anew when he returns; of losing all the advantages which years of hard work have won for him.

He faces the possibility of coming back incapacitated for earning a living, and of being dependent upon his friends or upon charity.

He faces the possibility of never coming home at all.

Facing these things, he goes to France to fight for us who remain safely at home—and when the moment comes for him to go over the top—he GOES!

What will he think, how will he feel, if we complain because we are asked to make a few sacrifices for him—sacrifices so insignificant when compared with his.

Show him that to invest in Liberty Bonds is not a Sacrifice but a Privilege—an appreciation of his sacrifice.

importance of the purchase of Liberty Bonds and made a heavy charge against any person or persons who, if they were able, had failed to go strong for the support of our Government.

The enthusiastic cheers and applause of the best and finest looking audience (they were nearly all women and girls) that has been seen in Kerrville for a long time, not only rewarded but stimulated the speakers to do their best.

Again the women have shown that they are the power behind every good thing, and that the men of this community have to be loyal and show it if they expect to be comfortable in Kerrville.

#### Birthday Celebration.

On April 28th, G. W. Lamb celebrated his eighty-second birthday at his home on Turtle Creek, in which he has lived for about forty-six years of the eighty-two.

Those present at the celebration were: A. M. Lamb and wife, C. S. Childs and wife, Boyd Jetton and wife, and six grandchildren, George Arthur Lamb, Louise Colbath, Ozman and Waunita Childs, Terry Lamb and Leola Jetton. His other two daughters, Mrs. T. C. Lee and Mrs. Rumor Colbath, were unable to be present. The day was happily spent. Mr. Lamb is hale and hearty, and enjoys life.

#### Card of Thanks.

I wish to express my sincere thanks and appreciation to the good people of Kerrville for their many kindnesses and words of sympathy during my short stay and loss of my beloved husband; especially my neighbors for the beautiful floral offerings.

MRS. J. H. GALLAGHER.

### Death Claims Mrs. John P. Grider.

The death of Mrs. John P. Grider occurred at her home in Kerrville, April 26, at 5:02 p. m. Interment was made the following day at Mountain View Cemetery, the funeral services being conducted by Rev. D. B. South, pastor of the Kerrville First Baptist Church.

Mrs. Grider was born in Fannin County, Texas, September 20, 1850, being in her 68th year when death came. She came to Kerrville with her family twenty-seven years ago, where she has since resided. She was a faithful member of the Baptist Church, to which she became united when a small girl. Not only was she faithful to her church, but just as faithful in believing that it was her duty as a Christian to do the will of her Master at all times. She was devoted to her family, and one who was always ready to lend a helping hand in time of need—both in acts of kindness and in words.

Deceased is survived by a devoted husband and three daughters, Mrs. Joe Crawford of Bigfoot, Texas; Mrs. M. W. Crawford, Devine, Texas, and Miss Narcisia Grider of Kerrville.

The Sun joins the many friends in extending sympathy to the bereaved family during their hour of sorrow.

#### Card of Thanks.

To all of those who performed acts of kindness and spoke words of sympathy during the illness and at the death of our wife and mother, we wish to express our heartfelt appreciation.

Gratefully yours,  
JOHN P. GRIDER AND FAMILY.

#### Card of Thanks.

To those who showed so many acts of kindness to our grandfather, H. C. Clayton, during his illness and at his death, we wish to express our thanks of appreciation.

Gratefully,  
MR. AND MRS. HENRY BROWN.

## WOMEN OF AMERICA MUST HELP WIN WAR

"Why should we American women be shielded and kept from doing the work that French and English women have done?" This is the question being asked by Miss Grace Parker, who was sent to Europe to investigate woman's war work on the other side of the Atlantic. Miss Parker points out that one million English women are making ammunition, that several hundreds of thousands are working on the farm, that they are performing every kind of labor needed to build a battle ship; that ten thousand are working in France behind the firing line; that twelve thousand are acting as motor drivers; that within ten days of the declaration of war sixty thousand nurses were enlisted.

At her meeting in Dallas recently Miss Parker's question was applauded vehemently. This was to be expected of Southern womanhood.

There is a work into which the woman of the Southwest can throw all those energies which they would gladly extend in more arduous and dangerous tasks. They can secure for the Government a huge over-subscription to the Liberty Loan. This will send food and ammunition to our soldiers and to our Allies. Will build ships, help to crush Germany and so achieve the object of every true American woman. Do the duty that arises clearly defined before you, and the same credit will be due as to the over-alled, dirt-stained sister on the other side. In the army of Democracy some must go "over the top"—some must engage in the prosaic work of mule driving—some making ammunition—others again must provide the money. All are necessary. Do your part and you will share equally in that glorious triumph which must one day be ours. Women of the Southwest, we look to our men to subscribe the Liberty Loan quota. We look to you to double it.

"Mother, I believe Mamie is a pro-German. She's got 25c and won't buy a war stamp." These are the actual words of a five-year-old Ellis county child. The man who has not subscribed to the Liberty Loan, or has not purchased his full quota, should realize that his action is subject to the criticism of even the children.

At a Liberty Loan meeting held in a Louisiana parish the speaker drew such a vivid picture of the duty we owe to our boys in France and pleaded so earnestly for economy and sacrifice that a prominent citizen of the community drew off his \$500 diamond ring, handed it to the speaker, saying, "It would burn my fingers now. Sell it and invest the money in Liberty Bonds."

Read this letter from Otto Meissner of Copperas Cove, Texas, a town of six hundred people: "I am a farmer. I called a meeting at the public house, put up the posters, explaining the facts. After the meeting I said, 'I am ready to sell Liberty Bonds' and sold a few. Next day I started my campaign from house to house. In three days I had my quota sold. I worked my territory with pleasure." Unused to selling, or business pursuits, this man "got busy" in the hour of his Country's need. This is the spirit that will "put over" the Third Liberty Loan.

## Don't Forget to Plant a War Garden!

Last year our people got a late start in raising war gardens but in many places a success was made in that enterprise. This year our President is asking us to do even better. He wants the war gardens to be worth Five Hundred Millions of Dollars. We realize that the dreadful drought that we are suffering is a big drawback to the people of this section, yet let's do our part. We are ready to serve in any of the lines we sell.

## THE CHARLES SCHREINER COMPANY

"The House of Quality"

### DRAFT RECORDS OF KEPR COUNTY

(Continued From First Page)

draft law was passed May 18, 1917, and all registrants then had notice that all males between the ages of 21 and 31 were called upon to do military service and any change thereafter of their status was taken by us as prima facie evidence that it was done to avoid military service. All this class was placed by us in class 1 and our action has been approved by the District Board in all but two cases. A few registrants even married after questionnaires were mailed to them and they then had their blushing brides file dependency claims. We were not willing that the other young men of the county who had kept faith with their Government by not marrying should be imposed upon by these registrants whose patriotism had turned to marrying instead of fighting, and we refused to recognize their marriages and dependency claims; not that we thought marriages should cease when war was declared, but no registrant should get the benefit of a changed status thereby. The inducement would be too great for registrants to impose upon the Government, if such were allowed.

While our labors have been arduous and trying, yet, as a whole, we feel that we have performed and are continuing to perform a very important duty. We are all in this war heart and soul. We must furnish our quota of fighting men and at the same time the public and the army must be fed. To do this without serious detriment to either, is a very serious problem, but we believe the Selective Service Law will fully do this.

Some registrants appeared to be under the impression that the class they were placed in represented the call number, while others thought it was the trench line. Some manifested a disposition to be patriotic in support of the various war measures and really appeared to be convinced that they had done their full duty in so doing and had made all the sacrifices one person could and should make; had really made concessions, but when called upon to make the full test of a patriot in putting in flesh and blood were slackers; they were willing that we should win the war, but with some other persons' boys.

Each registrant has been classified and has his order number and it is

and will be the purpose of this Local Board to see that each shall perform his part of this war burden. There are those whose zeal has become notorious, making all kinds of efforts to evade the draft and have gone to the extent of employing attorneys to aid them and in some cases did procure deferred classifications from the District Board, while the other young patriots walked up, took their places in class 1, and asked for a gun. The one class, in our opinion, will some day regret their action while the other class will forever live in the hearts and souls of the people.

Of course many things came up that were amusing. One registrant claimed deferred classification in agriculture and proved he was tilling ten acres of dry land; another one an onion patch; another that he could not be spared from his farm for the reason no other person could handle his team (we presume he had a balky team); one that if he were taken away some non-interested person would work the farm in his place; and one claimed as an additional reason why he should not be drafted, that he was standing a stud horse which sired about twenty-five colts each year. We suppose he was raising colts for the cavalry, or for eating purposes. We were not able to find authority in the law authorizing us to grant a deferred class to one engaged in such enterprise. The District Board, however, allowed this registrant an agricultural claim.

**Agriculture.**  
Under the law this Board is charged with the responsibility and authority to defer the induction of any registrant who is wholly and assiduously engaged in agriculture and is necessary until the crop is harvested. We will pass on each case as the registrant's number is called. In advance, we want it distinctly understood that it must be a very urgent case before this Board would grant such a claim. The proof must be full and complete showing the necessity. In this connection we ask the citizens of the county to assist us in passing upon all these classes of claims, so we can act intelligently and at the same time do justice to the claimants, the agricultural interests and the Government. You can be of very valuable aid to us in this matter and it is your patriotic duty to thus assist us. The point always to be ascer-

tained is where can the registrant best serve his country.

Where classes are shown in this report it is not our purpose to cast reflection on any class, but for the purpose that the public may know how many we have of each class and how they have finally been classified as to Class 1, which is the man power from which we must furnish our quota of fighting men. We are very glad to say that the final result shows that each class will practically furnish its equal proportional part of fighting men.

In concluding this report, we desire to say that our Board has in every instance acted in perfect harmony and there has been a division of its members on any question coming before us. We have served free and propose to still serve free. Dr. Roberts has ably assisted us in making physical examinations and has made no charge. We all should feel grateful that our expense account of administering this law in Kerr County has been reduced to the minimum and the War Department has commended our patriotic service in this particular.

This Board has made an earnest effort to classify each registrant under the Selective Service Law based upon the facts of each case without fear or favor. That we have made mistakes there is no dispute and that other errors will appear in future is also certain, we, however, have the consolation of having done our best.

Respectfully,  
J. M. HAMILTON,  
Chairman.
