### Arthur Real Buys Fine Buck

Mr. Arthur Real, breeder of fine registered sheep has received one of the Delaine-Merino Bucks that has ever been brought to this section.

It is an established fact that the highest bred sheep in the world came from Ohio and they are shipped to all of the sheep raising states of America and also to Africa, Australia and all countries of the world where the sheep industry is extensively engaged in.

Mr. Real paid \$210.00 for the buck he has just received. It was purchased from S. M. Cleaner, of Delaware, Ohio, who is among the most experienced and successful sheep breeder of America and one of the highest authorities on the subject. For more than 15 years he has been secretary of the Delaine-Merino Association of Ohio.

Mr. Cleaner was more than a year selecting this buck for Mr. Real; as one was wanted that was not too wrinkly, but with a heavy fleece.

As a yearling, the buck shipped Mr. Real took first prize at the Ohio State Fair in competition with eighteen other yearling bucks.

### Bruce McGee Loses Eye

Bruce, the young son of Mrs. Lee Wallace, had the misfortune to get struck in the eye while playing war a few days ago, and the injured eye became so painful his parents took him to a specialist in San Antonio last Friday. The last reports it was stated he would entirely lose the sight of the injured eye. Mr. and Mrs. Wallace are still in San Antonio with him.

### Live Stock Shipments

Monday Jim Freeman shipped 12 cars cattle to Brown & Russell at Benavides.

Tom Holdsworth shipped a car of cows to San Antonio Tuesday.

E. Driacoll shipped 15 cars of cattle to Clara and 9 cars to Los Nichos.

J. L. Bierschwale shipped two cars cattle to San Antonio yesterday.

### Hunt Red Cross Auxiliary

The workers on duty at the regular Auxiliary meeting last week were: Mesdames H. I. Hardin, A. B. Hardin, J. J. Sublett, D. S. Griffin, W. H. Page, Lizzie Mathews and the Misses Eula Byas, Oneda Mayhugh, Anna Mogford and Elbie Griffin.

### Baptist Board Meeting.

A meeting of the Executive Board of the Medina River Baptist Association was held at the Kerrville Baptist Church Tuesday afternoon at which was present the following members and visitors: Rev. and Mrs. W. H. Price and Mr. and Mrs. Doss Caton, Medina; Rev. and Mrs. Ira Garrison of Bandera; Rev. B. W. N. Simms and Rev. J. M. Witt of Center Point, Rev. C. M. Moore of Harper, Rev. S. F. Marsh of Junction, Rev. R. L. Woods of Ingram, Mr. R. G. Bierschwale of Resivation and the Missionary, Rev. J. P. King of Kerrville. The work of the Association for the year was laid out and financial arrangements made for same. Rev. R. L. Woods presided over the meeting in the absence of a regular moderator, Bro. South having moved away. The spirit of the meeting was good and a good year's work is promised by all indications.

### A Righteous Hymn of Hate

I hate the German government with a consuming hatred because she has made the people of my blood and kindred outcasts of the world, the Ishmaelites of civilization. P. W. Goebel, Kansas chairman of the war savings stamp campaign, is quoted as having said before a recent convention of bankers at Hutchinson, Mr. Goebel was born in Germany, but is an American citizen now.

As a lad of fourteen continued Mr. Goebel, I lived in a German garrison city. There I have seen little, insignificant sergeants and sublieutenants strike in the face strong men privates in the ranks, I have seen them spit in their faces.

These things, by the way, stand by to startle. That is war with even end that red may foulest graced of history.

Frank I chased the bus under his son is a man, and invitation him.

resided about twelve miles south of Floresville for many years, had passed away. Mr. Dewees has been in ill health for some time and for the past few months his condition gradually grew worse. A few days ago it was decided to take him to Mineral Wells, thinking the baths might benefit him. He was accompanied on his trip by his wife, Mrs. Dewees' brother, Joe Kerr, and wife of Sanderson and Dr. J. E. Sparks of this city, the family physician. His condition became alarming shortly after their arrival there, notwithstanding the fact that he stood the trip well. Heart failure was the direct cause of his death.

The remains will be laid at rest at Hamilton this (Friday) morning at 10 o'clock.—Floresville Chronicle.

### CHRISTMAS PACKAGES FOR THE SOLDIER BOYS

The War Department wishes each man in the service to have the privilege of receiving a package from home at Christmas time, but has been forced to rule—that only one parcel, and of a standard size and weight, be sent to each man. Therefore, the army authorities abroad are distributing to each man in the American Expeditionary Force a label for his parcel. The soldier will then mail that label to a relative or friend to be attached here at home to the package which is to go back to the soldier. No package will be accepted for the soldier unless it has on it this official label issued to the soldier in France, and by the soldier sent to his folks at home. The Red Cross has been asked to distribute the standard size cartons to all families who can present the label received from relatives overseas. These cartons have been ordered and delivery is promised in ample time to distribute them. It is expected they will be on hand by November first. At the same time definite instructions approved by the War and Post Office Departments will be issued.

### OBITUARY.

William Withroe Sproul, eldest son of Samuel and Jane Sproul, was born May 5, 1835 at Staunton, Va. His childhood was spent on his father's plantation near Staunton, and at the age of sixteen he came with his parents to Texas. The first year in Texas was spent at Austin, after which the family moved to Bexar county where they resided many years.

When the Confederate States seceded and war was declared, W. W. Sproul volunteered his services to the Confederate army, but was persuaded by a number of officers that he would be of most value in freighting supplies to various Texas bases, as the roads were familiar ground to him. So, for four years, driving one ox team himself and a

### Some Liberty Loan Slogans.

Wear your old clothes and buy Liberty Bonds.

"Come across" or the kaiser will. Liberty Bonds or German taxes. Buy over here to win over there. For Foch and freedom buy bonds. A bond slacker is the kaiser's lackey.

The more bonds you buy the fewer boys will die.

Let all get on the big wagon. Dig up the coin and bury the Hun. Buy bonds before it's verboten. Idle dollars are pro-German. Put the "pay" into patriotism.

Dr. E. D. Shipmann received his Commission as Lieutenant and will report at Camp McArthur at Waco on the 15th of this month. Mrs. Shipmann will join her husband at that place.

## Does Your Life Work Mean Anything to You?

You Ranchmen, who have worked hard to get together your property, what does it mean to you? Your ranch, your stock, your farm and buildings, and, too, your home. All of these represent years and years of work that you have done.

Everything that you enjoy as the result of your work comes to you and stays with you because the heroic soldiers and sailors of Uncle Sam are standing between you and the blood-thirsty, murderous Hun.

To keep the Hun away from you Uncle Sam does not ask you to give even a single penny. He simply asks you to LEND him your money at good interest, and he guarantees on his word of honor—a word that has never been broken—to pay back every penny you lend.

### SPANISH INFLUENZA.

National Red Cross has issued following precautions for prevention and treatment of Spanish

in mind that like most of these diseases is spread by contact, by the transfer from one to another. It is spread by coughing and spitting and times the discharges from nose and throat are scattered in

crowds as much as possible. Avoid picture shows, theater assembly halls. When possible avoid crowded street cars. Sneeze or coughing, use handkerchief before your nose and mouth.

Make sure that you are properly clothed, in accordance with the various changes in temperature, prevalent at this time of year.

Fresh air is always good. Keep your bedroom windows wide open and secure as much sleep as possible. Keep the digestive organs in good condition.

Drink water freely. Avoid common drinking cups, common towels and similar utensils. Wash your hands frequently.

Use a mild antiseptic as a nose spray or as a mouth gargle, especially if your nose is sore or there is tendency of sneezing.

If you have "cold" use utensils for your own personal use exclusively, or if you are in contact with one affected be careful not to handle utensils used by them.

Consult the family physician at first onset of symptoms suggestive of influenza.

Born to Mr. and Mrs. Hal Morris Thursday Oct. 4, a fine boy.

## FOR STRONG, BRAVE MEN ONLY

If you are a mother or a wife, please do not read this. There is no crisis stern enough to justify the harrowing of women's souls. This article is addressed to American men, in the confident belief that it will accomplish the end for which it has been prepared.

**H**AVE you ever seen an old, sad-faced woman sitting by the roadside, holding out palsied hands for pennies with which to buy scraps of food?

Have you ever thought that she is somebody's mother? That she once held a sweet baby to her breast, and the world looked like heaven to her? Have you ever thought of the years she spent taking care of that baby, and of her babies, guarding them, denying herself, giving of her strength and comfort that they might grow into strong, capable men and women?

This is the History of Millions of Mothers.

Not all of whom sit by the roadside with palsied hands, but millions of whom sit with palsied hearts and unspeakably sad eyes, by firesides, on vine-veiled verandas, or in darkened rooms, waiting for God to take them home to the realm where the pangs of memory will no longer torture them. These women think of the babies they bore, babies that grew to maturity, and who are now no more on this earth.

In the years to come after this war there will be millions of such mothers—mothers whose sons have gone down to death in the full promise of youthful manhood. It is terrible to picture the desolation of these mothers—a desolation that will be theirs long after many of us have forgotten the horrors of this war.

But though millions of such mothers have already begun the long war by the side of the unrelenting road, other millions can be saved from like fate.

The United States of America—YOUR COUNTRY—has gone into the war. It has gone in to stop the horrible slaughter of mothers' sons, and to bring an end to the tragic multiplication of human woe.

The manner in which the United States has taken hold means but one thing—the termination of the war as quickly as possible. For every day

that the war is prolonged, the suffering of mothers is increased.

Nothing is so short of the mark as to say that the United States has gone into the war to take their also, if only to give Germany a permanent lesson in this horrible gambling in blood and tears.

Over, if we read the speeches of the writings of her prominent men, she will not be content with compensation alone; she will demand justice. To the one she is urged to plain business principles; to the other she is urged to something much higher, a real passion for righteousness.

The average American it seems to me is wrong, a gross betrayal of the duty of man, that human power should shrink from the duty of punishing great criminals merely because their rank is exalted and their crimes on a stupendous scale. American men not only to make the German people pay to the uttermost farthing, having tried to enslave the world, but to hang the traitor and the other criminals against whom atrocious acts are proved. The Americans are a highly practical people and they do not propose that the thing shall be done in metaphor, but from a substantial gibbet and at the end of a very real rope.

### STERN STAR MAKES PERSONAL CONTRIBUTIONS

Frequently these people offer to accept Liberty Bonds in exchange for their pieces of worthless paper.

To exchange pledges of citizenship for a false promise of a fortune is the height of foolishness and lack of patriotism.

When one of these "compensating for nothing men" comes to you tell him that if his stock is as good as he claims he would not have to peddle it from door to door.

If the old stock peddler tells you that you are helping the country by buying his stock, because you are alone in the production of oil, tell him that the big oil companies can be relied upon to keep up the country's oil supply while the war lasts—after that the weak investor may be justified in entering the field.

Let there be no mistake—oil is being found and worked in Texas, BUT NOT BY THE FARM COMPANIES THAT WANT LIBERTY BONDS IN EXCHANGE FOR THEIR SCRAPS OF PAPER.

The next time they try the confidence trick on you show the fellow this message. Keep a copy by you.

## "I NEED THE MONEY IN MY BUSINESS"

Have you ever said this as you considered a Liberty Bond purchase? You can buy bonds and use the money in your business as well. Liberty Bonds are the finest collateral security in the world.

Buy the Bonds, borrow on them and finance your business with the loan you obtain from the Bank.

If it costs you anything—this is the price you pay for being an American citizen.

It is worth it.

#### LIFT OUT YOUR CORNS

Apply a Few Drops Then Lift Corns or Calluses Off With Fingers—No Pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corn or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist

## TO ARMS, CITIZENS!

The immortal words of the French battle cry of freedom ring out again today to the American nation.

We are called upon to take up arms and fight to the death - if need be - for freedom, justice and those things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to devote the balance of your earning power - your life if need be - as an offering to your country.

The next best form of duty is to stay at home and produce - allowing yourself enough money to purchase the bare necessities of life and to conduct business, essential to the war, and to devote the balance of your earning power to your country in the form of subscriptions to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who can - you will enable them to bear your arms for you.

J. D. MOTLEY

Political economy is not a ma-  
 thematical proposition, and may  
 not be reckoned by the size of  
 the majority one man gets over  
 another. Political economy calls  
 for a moral dispensation and con-  
 sideration of human affairs. The  
 greatest majority possible, no,  
 not even the unanimous election  
 of a representative of the people,  
 entitles such representative to  
 any disregard of those measures  
 best calculated to serve desir-  
 able ends. Under no circum-  
 stances is the election more than  
 the servant of his electors—even if  
 he has acquired the proud dis-  
 tinction of a leader among men.  
 He should never consider him-  
 self as greater than those who  
 made him a leader, for he is  
 made a leader to carry out the  
 wishes of his followers; not to  
 raise himself to a pinnacle from  
 which he may look down upon  
 the masses as so many "cattle" to  
 be driven as he wishes. As long  
 as the political situation remains  
 in the hands of the people—and  
 the people do their duty—they  
 can never be a country of slave  
 man power. In its organization,  
 the government of this country  
 was intended for the people, and  
 with the people, let it remain.

The wisdom of the govern-  
 ment in granting exemption to  
 the producers and those engaged  
 in essential occupations can not  
 be questioned. Men thus exem-  
 pted are doing their full share  
 toward winning the war. They  
 are the soldiers of the great in-  
 dustrial army so vitally neces-  
 sary to the successful prosecu-  
 tion of the war.

The agitation in congress,  
 while it lasted, over fixing the  
 price of cotton cost the southern  
 farmers from twenty to thirty  
 dollars per bale, and was doubt-  
 less brought about for that pur-  
 pose. The south is doing its  
 share toward winning the war;  
 let it alone and it will do more

Money is not scarce. Every-  
 body is at work and drawing  
 good pay. But have you tried  
 to sell a piece of property recent-  
 ly? And nobody seems to want  
 to sell, either. About the only  
 things for sale nowadays are Lib-  
 erty Bonds and second-hand  
 Fords. Having placed our last  
 spare dollar in the bonds, we are  
 not in the market for a Ford.

The word hooverize should not  
 be capitalized; it is now by com-  
 mon consent and usage a com-  
 mon noun, due to be used as  
 such for many years to come in  
 America.

Everything is not coming our  
 way at all in Europe. Every-  
 thing is going the Hun's way,  
 too. Train up a soldier in the  
 way he should go toward Ber-  
 lin—and when he gets to Europe  
 he will not depart therefrom.

The same man who goes to

## YOUR CAST-OFF CLOTHING TO WARM BELGIANS IF YOU'LL GET IN NOW AND PLAY THE GAME

Campaign by Belgian Relief Commission During Week September 23-30. Commission Must Raise 5,000 Tons. Get in Touch With Your Local Red Cross and Give All You Can.

Five thousand tons of clothing for the destitute people of occupied Belgium and France!

This is the objective of a drive to be conducted by the American Red Cross at the request of Herbert C. Hoover, chairman of the Belgian Relief Commission, during the week beginning Monday, September 23. The clothing drive of the Red Cross last March brought in 5,900 tons of garments and it is estimated that at least as much more will be required to clothe the 10,000,000 people in the occupied territory during the coming winter.

As in the previous campaign, the clothing will be collected by the chapters of the Red Cross throughout the United States, each chapter getting its allotment from its division headquarters. There are thirteen of these divisions and each has already been apprised by National headquarters in Washington of the amount of clothing its chapters are expected to produce. Every kind of garment, for all ages and both sexes, is urgently needed. Garments of strong materials are wanted, as they will be subject to the hardest kind of wear. Flimsy garments, ballroom dresses, high-heeled slippers, silk hats, straw hats, and derbies, which were donated in large quantities in the last clothing campaign, will not be accepted. Such articles would be of no use.

This clothing can come from America only. Five thousand tons are needed to clothe Belgium through the coming winter. Securing the clothing is a matter of life and death for this helpless, courageous population behind the German lines.

In Belgium it is impossible to buy shoes. There is no more leather of any description on the market. Every available substitute has been tried. For a time old belting from factories was used, and roofing paper, of which there happened to be a stock, was resorted to for re-soled shoes. But the Germans, after having seized all the leather, requisitioned these substitutes also, and soon not a single yard of belting was left in any Belgian industrial establishment.

Now the Belgians fasten pieces of old rugs onto wooden soles and wear them for shoes.

And they make coats out of old blankets—and blankets out of anything. Daily the ravages of tuberculosis throughout Belgium become more terrible. Deaths from this disease have increased 100 per cent and cases of external tuberculosis 1900 per cent. The doctors, in spite of their untiring devotion, can no longer cope with the rising tide of disease.

Today, two die where one died in peace times, while owing to under-nourishment the birth rate has been cut in half.

An American, writing from abroad about the conditions of this brave little country, says, "Poor Belgium! One-third of her people has starved to death; one-third has been carried away to work for Germany, and those who remain are left trying to decide between these two fates."

## THE INSIDE STORY OF WHY SUGAR IS SCARCE

U. S. Food Administration Explains Facts With Regard to Reserve Stock; Geographical Complications in Sugar Distribution; Prospects for 1918-19 Sugar Crops; and the Shipping Situation.

### OUR RESERVE STOCK.

Our sugar comes to us in definite seasonal cycles. The cane sugar of Cuba, Hawaii, Porto Rico, Philippines, and other minor sources, is exported to this country in the period from January to October. Although there is some available even as late as December, the amount is relatively small. From October to January we depend chiefly on our own domestic beet and cane crops, but it is not until November that the beet sugar is available in the eastern part of the country. To bridge the gap between the end of the arrivals of cane sugar from outside of this country, and the arrivals of beet sugar from the Western States, we depend normally on our reserve supply of cane sugar of earlier seasons. Since our shortage during the latter part of last year our reserve stock has been in a depleted condition. Reserves now have only about 100,000 tons of raw cane sugar on hand, about 40 per cent of the normal reserve supply. Had our consumption in the past six months been reduced proportionately, our reserve stock at this time would have been enough to cover our needs.

It is a striking fact that in the past few years have stocks been of a character that has made it impossible to bridge the gap between the end of the arrivals of cane sugar from outside of this country, and the arrivals of beet sugar from the Western States. At the same time, it is also a fact that in the past few years our consumption in the past six months has been reduced proportionately, our reserve stock at this time would have been enough to cover our needs.

**GEOGRAPHICAL COMPLICATIONS IN SUGAR DISTRIBUTION.**

As an industrial factor, sugar is one of our most important commodities. It is a staple of the diet of the people of this country, and it is also a raw material of great value in the manufacture of many of our most important products. The sugar industry of this country is one of the most important of our industries, and it is one of the most important of our industries. The sugar industry of this country is one of the most important of our industries, and it is one of the most important of our industries.

**PERSPECTS FOR OUR 1918-19 SUGAR CROPS.**

With the shortage of cane sugar, it is not surprising that in the United States there is a shortage of the raw material. The prospects for the 1918-19 sugar crop are not very bright. The prospects for the 1918-19 sugar crop are not very bright. The prospects for the 1918-19 sugar crop are not very bright.

**THE SHIPPING SITUATION.**

All of the foregoing considerations, however, would not bring about a shortage in normal times. Sugar could be brought from distant places if the demand was sufficient to warrant the financial outlay to obtain supplies. In fact, at this time, there is some 500,000 tons of sugar available in Java of last year's crop too far away to be moved, either to the United States or to the allies, which in ordinary times would certainly have been brought here to relieve the situation. The economic use of shipping facilities in accordance with our war program makes it advisable that we reduce our sugar consumption and employ shipping for more necessary purposes.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cheaply for Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiten-er and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

If you can't fight, your money can.

CHEERFUL WORDS

For Many a Kerrville Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Kerrville readers.

Mrs. August Maertz, Depot Ave., Boerne, Tex., says: "My kidneys were in bad condition and my back gave me a lot of trouble. I had a constant, dull ache through my back and there were puffy spots under my eyes. Twinges in my lower limbs also caused annoyance. After using Doan's Kidney Pills the complaint disappeared and I have felt better ever since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Maertz had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Young Women's Auxiliary

The regular meeting of the Y. W. A. was held in the Sunday School room of the Baptist Church, Thursday afternoon at 5 o'clock.

The meeting was opened by the president, Miss Josie B. Newman, and after attending to the business of the Society Mrs. Burton conducted the discussions in which each member participated.

The monthly contribution to the Red Cross was sent in by the Treasurer.

Can Now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated by system, and since that time I can eat and sleep in comfort. I am today entirely well."

CATHOLIC CHURCH NOTES

BY FATHER KEMPER

Last Monday Mr. John Schneider died at the age of sixty-six at the home of Jacob Reinhardt and was buried at Glen-Rest Cemetery. Deceased had been a carpenter and left no relatives behind in this locality but some brothers in Missouri by the name of Snider.

Another adult convert was received into Mother Church on Tuesday. At his own request the Guadalupe Church was preferred for the ceremony.

Mr. Chas. Mosel received Tuesday the sad news of the death of his father, Mr. Peter Mosel at Live Oak, aged 86 years. Mrs. Sophie Buckholtz an aunt of Mrs. Chas. Mosel is here from Baker City. Miss Annie Mosel and her brother John motored to San Antonio on Saturday to visit their sister Mrs. Frank Nitch who is now working for Uncle Sam.

Miss Angeline Kemper went to St. Louis College on Friday with Misses Mary and Wilhelmina Mosel to see our Kerrville students among whom Lytton Bulwer must now be included. Mr. Oscar Bulwer was in Kerrville on Monday.

The Notre Dame program for Columbus Day (Oct 12th) had to be postponed on account of the Spanish Influenza quarantine at all soldier camps. Father Kemper visited Mr. Maurice J. Wall, Knight of Columbus Secretary at Kelly Field, and Mr. Jas. P. O'Brien K. C. Secretary at Camp Stanley in the interest of this patriotic celebration.

A parochial branch of the National Catholic War Activities has been organized with Dr. Frederic Nyc and Mrs. W. G. Carpenter as directors. One of the principle objects of this society is to assist in the post-bellum reconstructive problems.

Mrs. Tom Carpenter of Manchaca spent several days in Kerrville.

Mrs. Chester Achilles of St. Louis returned from San Antonio with her sister Mrs. J. P. Earl. Mr. Earl the Notre Dame Janitor, has submitted his application for a government position on the strength of his many years experience during actual war service in the Philippines and China.

LIBERTY DAY.

Saturday, October 12, is the four hundred and twenty-sixth anniversary of the discovery of America. President Wilson has proclaimed it Liberty Day and requests the citizens of every community in the United States—city, town, and countryside—to celebrate the day.

The President, in his proclamation, says: "Every day the great principles for which we are fighting take fresh hold upon our thought and purposes and make it clearer what the end must be and what we must do to achieve it."

"We now know more certainly than we ever knew before why free men brought the great Nation and Government we love into existence, because it grows clearer and clearer what supreme service it is to be America's privilege to render to the world."

BRONCHIAL TROUBLE.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. It is helping thousands. Try it. Scott & Bowne, Bloomfield, N. J.

CALOMEL DYNAMITES

A SLUGGISH LIVER Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

Trespass Notice.

The public is hereby notified that trespassing of any kind is positively forbidden in our pastures located on the Kerrville and Fredericksburg road.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take No Chances! Move Poisons From Liver and Bowels at Once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of California Syrup of Figs, and look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

# America's Answer to Peace Proposal From Murderers, Outragers and Looters

(Manufacturers Record)

Science prostituted to wholesale murder is the diabolical scheme with which Germany has sought to destroy civilization in order that in the ruins it might build a world-controlling, autocratic, atheistic power.

All that German scientists have been able to achieve has been, by the German government and the German people, prostituted to the killing and the maiming of millions in order that Germany might conquer and loot the world.

In the air, on the land and under the sea every device which the chemist and the engineer have been able to devise for bringing suffering and sorrow upon the world has been put into effect by German experts. All that the whole German nation has accomplished in the past in the development of science has been prostituted to the destruction of moral forces at home and to the murder of millions of people on the battlefield.

It has been said that this is a war of science, but, broadly speaking, we are not engaged in war, for the fight to which this Nation and our Allies have dedicated their lives is not a war such as the world has ever known.

This is a campaign by Germany of deliberately, definitely-planned, long-gloried-in murder.

This is a campaign of frightfulness which finds expression in ruthless destruction of every country over which the rotten-souled armies of Germany have marched.

This is a campaign in which Germany has gloried in its power to inflict suffering untold upon women and children, in which it has ruthlessly shot the aged and infirm, in which it has destroyed churches and cathedrals with the same gloating glee of the demon with which Germans have destroyed womanhood and childhood.

This is not, therefore, a war of science; it is a fight in which science, as expressed through chemistry and engineering, is being used to the utmost power of human ingenuity, aided by every influence which the devil himself can put into effect to enable Germany to make more frightful its hell-devised and hell-begotten plan of murder.

We have been compelled to meet German science with greater science. We have been forced to find a way to master its work in the air, on the land and under the sea; and the science of Americans and our Allies will yet prove as far superior to the science of Germany in its campaign of murder as American honor exceeds the black dishonor of Germany.

As every telegraphic click across the Atlantic brings a new toll of death and of suffering, our hearts should be steeled to an unbending and unbendable determination that Germany and the German people shall pay to the utmost extent of human power the penalty of their crimes, not only because they deserve punishment as the blackest criminals in history, but in order that civilization may be safeguarded for the future.

Every word of peace spoken in America or in the countries of our Allies is uttered by some one who is a pro-German at heart, whatever may be the disguise under which he seeks, clothed in the livery of Heaven, to do the devil's work.

False to the teachings of God Himself, false to the history of all humanity, false to every man who has died and to every man who has been wounded on the battlefields in defense of civilization, false to the honor of womanhood and the safety of childhood, false to human liberty now and forever, is every man or woman who utters one word suggestive of peace without punishment.

False is every man who even for one moment thinks that an unfeared, unrepentant, unpunished Germany would not for all the centuries to come be a blot upon civilization and an everlasting disgrace to those who profess to believe in that righteous wrath which every honest-hearted man and woman should have as we contemplate the boundless woe and unvoicable sorrow with which Germany has filled the world, merely that its people might become the murderers, the outragers, the looters of all mankind for personal and national aggrandizement. It would seem that even Almighty God would to such spineless moral degenerates or cowards as those who favor peace without punishment say, "Because you are neither hot nor cold I will spew you out of my mouth."

ON TO BERLIN, AND DEATH TO GERMANISM!

This interesting scene was snapped at Hotel Petrograd in the heart of the French capital. Thousands of women war workers are daily in Paris, many of them Americans, and in their rush in connection with war affairs they find this place, conducted by the Young Women's Christian Association, a haven. The women and girls from the States especially like the American cooking and surroundings.

### FOOD RULES ARE BEING ENFORCED WITH PENALTIES

Men Who Sell Flour and Sugar Pay Red Cross Benefits; Gin Company Fined \$400; Licenses Restored.

H. L. Mills of the Department of Field Inspection of the Federal Food Administration for Texas posted on the door of D. Aron's retail grocery at 224 East Sixth Street, Houston Heights, a placard setting forth the fact that the establishment had been closed for two days—September 18 and 19—because of violation of the rules and regulations of the United States Food Administration in selling wheat flour at an excessive profit. Aron was also required to pay \$50 to the Houston Recreational Canteen, which sum was delivered to the canteen at the Houston Light Guard Armory. The placard placed upon the door was 22 by 28 inches and was in bold black lettering upon a yellow background.

Seventeen cases charging violations of the food regulations by Houston merchants who are alleged to have exceeded the quantity of sugar and flour to be sold customers are now being investigated by the Inspection Department.

The New Gin Company of Greenville, Texas, a corporation operating at several points in Texas, recently had its license suspended for 30 days for violation of the rule forbidding the payment of different prices by licensees for cotton seed in the same zone on the same day. The suspension was revoked when it appeared that closing would injuriously affect the cotton industry and the firm was ordered to pay \$400 to the County Council of Defense at Greenville, this amount representing the difference between the firm's prices paid at that point and elsewhere on the day in question.

The Food Administration has restored licenses to the Walker-Craig Company and George McConigle & Co. of Brownsville. These firms have been closed since April 20, this year, for violation of sugar rules.

J. E. Adair, a retailer at Cooper, Texas, has been found guilty of selling flour and sugar in violation of regulations. He has been ordered to pay \$100 to the Red Cross and suspend his business for four days.

The Clay County Cotton Oil Company of Henrietta will pay four hundred dollars to the Red Cross organization of that county as the result of a hearing before the Enforcement Division of the Federal Food Administration at Houston on September 14. The reports of the company showed that it had bought cotton seed at Henrietta at lower prices than it was paying elsewhere at the same time in Texas. This occurred before the price was stabilized and accepting the company's assurances of good faith, the contribution of four hundred dollars was mutually agreed upon as proper compensation to the public for its loss through the transactions in question.

The District Food Administrator at Dallas reported August 17 that on the last four weekly reports of the Kleber Baking Company of that city the bakery was short on substitutes. A hearing was called, but on August 21 the administrator advised the Enforcement Division he had reached conclusion the proprietor was innocent of any intentional violation, laying the blame on the foreman, who had been discharged. On August 28 the administrator again reported that he was convinced that the proper amount of substitute was not used in his operations. The result is that the Kleber Baking Company has voluntarily agreed in lieu of revocation or suspension of license to pay \$250 to the Red Cross and to close its place of business on September 18 and 19, 1918, on the premises a notice in the effect that such notice was made for violation of the regulations.

### POUND BUTTER SALES AFTER THE NEW YEAR

In order to prevent the waste of labor and parchment of paper and carton made for units smaller than the pound size, the rule prohibiting the manufacture or sale of butter in less than pound prints has been amended so as to go into effect on January 1, 1919, instead of September 15, 1918. This is to prevent the waste of supplies of printed paper and cartons already on hand.

After the first of the year no quarter or half-pound prints or any prints less than a pound can be made or sold; provided, however, that a retailer may cut a unit of a pound or more and sell a portion of any size demanded by his customers.

The rule, it is expected, will result in the saving of considerable quantities of paper, as much more is required to wrap a pound in quarters or halves than in one piece. There will also be a large saving in cartons and in the labor necessary in putting up the butter.

### "YANKS"

By Wilbur D. Nesbit

There were sixty-two names in the casualty list, published July 23d. Twenty-two of those names were of men who were obviously of foreign blood. Joseph Maciejewski and Wesley Verkoulas and Eggi Ganski and Thomas Villotto and Wesley Knutson and Toras Maximovitch were among them. So it went—Greek, Italian, Swede, Dane, Russian, Jew, Pole, German—you could find as many nationalities as you know. Yet they were all "Yanks."

The casualty lists keep coming; the names keep pouring over the cable. "Oh, yes, the Smith and Joneses and Browns are all there. Yet, somehow, one's hand involuntarily goes up in salute to Szysperski and Mente and Schwarz—to those "Yanks" whose fathers and mothers just a few years back stepped from deck to dock and blinked their eyes in the knowledge that at last their dreams of freedom had come true.

They ARE "YANKS"—God bless them! And ever ytime you buy a Liberty Bond you put a newer and a higher courage in the hearts of all our boys, but especially of those boys whose parents came here so that their sons might be free to fight for liberty if liberty had to be defended.

Now it is the Fourth Liberty Loan—bigger than was ever known before, and backed by greater resources than any investment you ever made.

Buy your Liberty Bonds now, for you KNOW you are going to buy them.

You are not sacrificing a penny; you are not GIVING a cent. You are lending your money; you get good interest for it; you get your money back.

Best of all, you are saying to Seims and Norvich and Nowatny and all the other boys who are fighting shoulder to shoulder with Smith and Jones and Brown:

"We Yanks are standing together and fighting together!"

## BUY THAT LIBERTY BOND TO-DAY

### Heaven or Hell, Freedom or Slavery Which Do You Choose?

(Manufacturers Record)

Liberty Bonds stand for freedom and Heaven. Germany stands for slavery and hell. Which will you have? Germany is fighting to enslave mankind and make of all the world a hell under German domination.

America and our Allies are fighting to save human freedom and make a Heaven on earth.

The battle is on; we will have one or the other.

To the extent that you back our Nation in every way in your power and buy Liberty Bonds to the utmost stretch of your ability you are working for freedom and Heaven.

To the extent that you fail to do your share you are helping Germany in its effort to enslave mankind in an earthly hell, ruled by the vilest brutes that earth ever knew.

You cannot shirk your individual responsibility without being a traitor to your country, a traitor to every soldier who has offered his life to save you and yours, a traitor to outraged womanhood, a traitor to God and all mankind.

No one else can do your duty.

If you knew that the Liberty Loan would be oversubscribed a hundred-fold, your duty to subscribe would be just as great as though you knew the needed amount would not be raised.

What others do does not relieve you from your responsibility any more than the religion of your neighbor relieves you from the responsibility of a religious life, nor any more than the protection by a neighbor of his family through life insurance releases you from obligations to protect your family in the same way.

In buying Liberty Bonds you are helping to buy liberty for our country and all mankind.

In buying Liberty Bonds you are protecting your loved ones from the fearful crimes wreaked by savagery upon the women and children of Belgium and France.

In buying Liberty Bonds you are standing by the millions of our beloved boys who over in Europe are being blinded and maimed and murdered in your defense and mine.

In buying Liberty Bonds you are doing infinitely more than making the world safe for democracy, for you are helping to make the world safe for your wife and your daughter and your mother, and the millions of other women whose honor would be gone if once the German beast broke down the barriers of armies and navies which have stood between us and a "made in Germany" hell, or a "made in hell" Germany.

In buying Liberty Bonds you are making it possible for civilization to beat back barbarism, for Christianity to drive back atheism, for the civilized nations to punish the murderers, the outragers, the manglers of babies, the highwaymen, the looters, the freebooters, the destroyers of temples, the wreckers of cities, the "bully" of the world, the only people who glory in war as a holy thing and preach frightfulness as a duty.

These are some of the things which Liberty Bonds mean, and unless you buy to the utmost of your power you become a slacker, and a slacker, whether financially or physically, is a coworker with the men guilty of all these beastly crimes.

Which do you choose?

Will you stand by America and its soldiers?

Will you stand by our devoted Allies?

Will you stand by outraged France and Belgium and Italy and Serbia by buying Liberty Bonds; or,

Will you be false to all that is sacred on earth, false to man and to Heaven?

There is only one true answer possible, and deep down in your heart you should make your answer before Almighty God, and vow:

"I will buy Liberty Bonds to the last dollar I can invest for world salvation from German damnation."

## CANNED GOODS NEEDED TO SUSTAIN THE ARMY

Canners of tomatoes, corn, peas, salmon, and string beans have been notified by the U. S. Food Administration that the requirements of the U. S. army, navy and marine corps will take the following percentage of the 1918 pack:

Tomatoes: The navy and marine corps will take 33 1/3 per cent of the packs of Delaware and New Jersey, the army will take 33 1/3 per cent of the packs of all other States.

Corn: The navy and marine corps will take 25 per cent of the canned corn packs of Maryland, Nebraska, and Pennsylvania; the army will take 25 per cent of the packs of the other States.

Peas: Allotments for 25 per cent of the total pack of 1918 have been made.

Salmon: The salmon canning industry has been instructed to reserve for the government 65 per cent of their total packs of red, medium red and pink salmon; 55 per cent of the total pack of Chum salmon, and 20 per cent of the total pack of Stockeye salmon.

Beans: The string bean packers have been instructed to reserve for the government 25 per cent of their total packs of green and wax beans.

It will be understood that such reservations are made from the stocks of commercial canners and home packs are not referred to whatever. One of the principal elements entering into the federal campaign to have housewives put up canned vegetables was to lighten the home drain on stocks of canned goods originating at the canners. Every can or jar of tomatoes, peas, corn and beans put up in the home gives from a fourth to a third of a can to the army, navy, and marine corps.

## SUGAR CERTIFICATE NOT NEEDED FOR FARMS AND LABOR GANGS

Farmers and foremen of labor gangs working on construction work, as well as managers of other temporary camps, who are feeding 25 persons or less per day, hereafter are not required to make application for sugar certificates at the Houston office, Federal Food Administration for Texas. Administrator Padan advises that they may purchase sugar in accordance with the two-pound rule (that is, two pounds of sugar for each person per month). District or County Administrators may issue special permits to such people allowing them to purchase sugar in larger quantities than two or five pounds.

If any grocer needs additional sugar after honoring these permits, the Sugar Department at Houston will issue certificates to cover amounts of sugar delivered on these permits, providing the request for same comes through the office of the District or local Administrator.

## ABOLISH TIN CONTAINERS FOR CHOCOLATE AND COCOA PACKS

Chocolate and cocoa manufacturers have signified to the Food Administration their willingness to effect substantial savings in tin and steel by packing their products in containers made of other material, as set forth in resolutions adopted on September 6, at a conference in Washington.

Manufacturers will adopt new containers not made of tin or any other metal as soon as present stocks are used up, which must not exceed a period of five months at most. These containers will be square or oblong instead of round to save packing space.

It was further recommended that cocoa and chocolate, sweetened or unsweetened, in powdered form, shall be put up in packages not smaller than one-half pound, or in packages of one five, ten, twenty-five, fifty or one hundred pounds, and barrels and cases. This eliminates certain sizes and will effect a saving of labor and material.
