VOLUME 37
NUMBER 11

KERRVILLE'S RELIGIONS, SECTS AND INSECTS

Was the man who said "Kerrville has more churches and less religion than any place in the world" telling the truth? Let us take a view of the religious situation in the City of Kerrville. After taking a religious census of the town, going from house to house, being as accurate as possible, we find the religious condition here about as follows:

Kerrville has, in round numbers, 200 Baptists, 100 Presbyterians, 175 Methodists, 60 Episcopalians, 30 Christians, 60 Lutherans, 7 "Dawns," 7 Christian Scientists, 125 Catholics, 2 Agnostics, 1 Infidel, 1 Brethren, 3 Bible Students Association, 1 Friends and 200 who belong to no church at all, but most of whom express some church preference.

Please remember that this count does NOT include the Mexican and Colored element of the town, and that in counting the children we have included those above 14 years of age for the Protestants and all the children of the family for the Catholics, as they claim the whole family whether the children have really become members of the church or not.

This shows that about 80 per cent of the white population of the city limits belong to some church or sect. Would you have guessed it? Some asked the other day: "Do you not find a great many people here who do not belong to any church?" The above count will answer. Most of the Kerrville people belong to some church or sect (sect or insect).

In a way this result is very gratifying. We are glad to learn that so many of our people affiliate with the church. But when we see the deplorable condition of the churches, so far as their real spiritual life is concerned, our spirits are made to groan within us. Hardly 50 per cent of these church members attend church.

I am aware of the fact that many of our people are sick. A great many of them are too sick to come to church, but are able to go fishing on Sunday. Many of them are too sick to stir much on the Sabbath and come to church, but on Monday morning, hot or cold, rain or shine, regardless of northers or what not, they are able to get to their places of business. Many of them who do not have a dollar for the relief of Armenians and the salvation of the souls in other lands whom God has made us responsible for, have plenty of coin for automobiles and gasoline, picture shows and soda water, cigars and chewing gum. Ezekiel's vision of the valley of dry bones, where there were MANY bones and they were VERY dry, it seems to us would fit Kerrville's religious state with all appropriateness. Our people have gone mad after the things of this world; their tastes and desires, as a whole, are for the things of the flesh. The carnal mind is being satisfied and the soul is being starved. We love darkness better than light. We like the vulgar pictures and suggestive sports far better than we love the church to which we belong. We give far more time to bridge and the dance than we give to the God to whom we belong.

and to whom we, as church members, have pledged our allegiance. Such a condition is nothing less than a reflection upon the moral and cultural sense of the town. Our tastes and desires are not after the higher things of life but rather are they after the lower, the sensual, the fleshly.

Does Kerrville need a revival of religion? Do the church members of the town need to be awakened to their obligations? Any man, who looks upon the scene with open heart, will say YES!

I am persuaded that the Baptists, the Methodists, the Presbyterians, the Lutherans, and all of us need it. We, therefore, invite you one and all to cooperate with us in the revival meeting that begins next Sunday, that we as a town may be revived and brought closer to the Lord. If you fail to get good out of this meeting it is because you do not want it. We hope that all the Christian people of the town will join with us in this campaign and make it a success. Pray that we ourselves may be awakened and that our friends, loved ones, sons and daughters, may be saved by grace.

ROY T. HOUTS.

K.M.S.

HUDSPETH IS COMMENDED FOR OFFICIAL ACTIVITY

Leader, Rocksprings. Congressman Hudspeth is coming in for a great deal of praise at the hands of the press of his district for his untiring activities on behalf of his constituency, and especially the stock-raising portion of it. Mr. Hudspeth thoroughly understands the needs of West Texas stockmen.

Recently he secured a postponement of the immigration law which would prohibit Mexican laborers from coming to Texas. Had this prohibition stood it would have proven a calamity to stockmen and cotton farmers.

And Mr. Hudspeth's latest is to secure an appropriation of \$50,000 with which to combat the screw worm and blow fly. There will also be other funds available to be used in exterminating blow flies. This is another piece of very important legislation in the interest of stockmen.

K.M.S.

Committee on Essays

We neglected to announce last week the members of the committee selected to decide the winner of the district prize in the National Essay Contest.

The single essay which this committee will select from all the best essays turned in from schools in this district will entitle its writer to the district prize—a sterling silver loving cup worth fifty dollars—and the essay will then be forwarded to Washington where it will compete with fifty-five other essays from the recruiting districts for one of the national medals and loving cups.

The members of the district committee are: Col. Ivers W. Leonard, Commanding Officer, Recruit Depot Post, Camp Travis, Texas; Lieut. Col. J. B. Corby, 9th Infantry, Camp Travis, and Lieut. Col. William E. Finzer, Head of Vocational Schools, Camp Travis.

BASKETEERS STAGE GOOD GAMES ON LOCAL FIELD

The Tivy High School basket ball team met the Fredericksburg team on the local athletic field last Saturday for their last clash of the season in basket ball.

As usual the boys played a brilliant game of ball and won an easy victory from the visitors. Every man on the team played a star game, with Louie Wilson doing the most prominent work, throwing 7 of the 11 field goals made. Fredericksburg made only two field goals, the other points coming from fouls.

The game ended with Kerrville on the top of a 24-to-8 score. The lineup was as follows:

Tivy High.	Fredericksburg.
Wilson..... F.....	Kleinknecht.....
Tewksbury..... F.....	Shellhouse.....
Renschel..... C.....	McGuire.....
G. Rees..... G.....	Hirsch.....
Palmer..... G.....	Probst.....
A. Rees..... S.....	Schmidt.....

The local first team of girls showed very good form and quite an improvement over their playing in Fredericksburg, but lost 24 to 19. Two of the players on the Tivy team were crippled during the first few minutes of play, which proved to be quite a severe handicap.

The second team game of girls was another "battle royal," but Fredericksburg got revenge for the victory wrested from them on their home grounds. The game was slow as no less than a dozen fouls were called during the 40 minutes of play. The home girls played a good game from start to finish and deserve much credit for their good work. The score was 14 to 12 in favor of the visitors.

K.M.S.

HOW TO GET WHAT YOU NEED FOR WHAT AILS YOU

Austin, Feb. 26.—The following statement, relative to the regulations governing the use and procurement of intoxicating liquors for medicinal purposes, is issued by the Bureau of Internal Revenue:

"Any physician duly licensed to practice medicine and actively engaged in the practice of such profession may obtain a permit to prescribe intoxicating liquor and may then issue prescriptions for distilled spirits, wines or certain alcoholic medicinal preparations for medicinal purposes for persons upon whom he is in attendance in cases where he believes that the use of liquor as a medicine is necessary. In no case may spirits liquor be prescribed by one or more physicians in excess of one pint for the same person within any period of ten days.

"No specific limitation is placed upon the quantity of wines which may be prescribed for medicinal purposes. The regulations merely require that no prescription be issued for a greater quantity than is necessary for use as a medicine. Physicians who do not hold permits to prescribe intoxicating liquor are under no circumstances permitted to issue prescriptions.

"All prescriptions for intoxicating liquor are required to be written on prescription blanks prescribed by the regulations (Form 1403), and to be provided by the Bureau, except that in emergency cases physicians may use their regular prescription blanks provided the same contain the date of issue, amount prescribed, to whom issued, and directions for use, stating the amount and frequency of dose. Pending an adequate supply of the official blanks being printed and distributed to directors and acting directors, physicians holding permits have been authorized to issue prescriptions on blanks regularly used by them.

"Prescriptions for intoxicating liquor may be filled only by registered pharmacists who hold permits authorizing them to do so, or who are employed by retail druggists holding such permits. Pharmacists and druggists holding such permits will procure their supplies of intoxicating liquor from manufacturers or other persons holding permits authorizing them to sell liquor.

"Persons to whom prescriptions for intoxicating liquor are issued by physicians may procure the liquor prescribed through pharmacists or druggists holding permits without obtaining a permit.

"Physicians may also obtain permits entitling them to procure not

more than six quarts of distilled spirits, wines or certain alcoholic preparations during any calendar year for administration to their patients in emergency cases where delay in procuring liquor on a prescription through a pharmacist might have serious consequence to the patient.

"Provision is also made in the regulations for issuing permits to hospitals and sanatoriums to enable them to procure intoxicating liquor to be administered for medicinal purposes to patients at such institutions and also for issuing permits to manufacturing, industrial and other establishments maintaining first aid stations, authorizing them to procure such liquor for administration to their employees for medicinal purposes in emergency cases.

"All applications for permits above referred to should be made on Form 1404 in triplicate and forwarded to Collector of Internal Revenue.

"Complaints of exorbitant charges for liquor for medicinal purposes, which place the dispensers thereof in the class of profiteers, will be investigated."

K.M.S.

CAVE-IN IN THE DIAMOND RANCH WELL REPORTED

Leader, Rocksprings. The papers all over the country are running interesting matter about our deep well, and Rocksprings and Edwards County are getting a lot of wholesome publicity as a result.

A guard is still being maintained around the well. They phoned a message to the Gilmer Hotel here warning all visitors to stay away.

However, a little news is coming which gives us some idea as to what is going on out there. Tuesday morning the report came that the well had caved deep down below the casing, and the mud had caught a string of tools. The supposition is that this caving was caused by gas pressure. It was reported last week (not in this paper) that the well was gushing half a million cubic feet of gas, and that this gas was struck just as they reached the oil sand.

Evidently they will now be obliged to run their casing lower to case off the slush and loosen the tools that are caught. As they already have plenty of casing on the ground they are very likely now busy at this work. After the slush is cased off the supposition is that they will drill further into the oil sand—and then there may be a wonderful story flashed to the newspapers throughout the land—to the effect that Peterson No. 1 was gushing oil 80 feet above the derrick and making 5,000 barrels a day, and everybody that reads it will call it another newspaper yarn.

The story was told in the papers last week that Sid Peterson, owner of the ranch on which the well is being drilled, had been offered \$100,000 for his royalty but had refused to accept. The Leader hears also that Mr. Peterson did sell his royalty some weeks ago for \$75,000. One of these reports is undoubtedly true, and either makes good oil news and shows that production is confidently expected.

From the reports that were circulating before the Leader went to press it seems that the cave-in in the Peterson well is more serious than at first thought, and it is intimated that they may have to drill a new hole. But if they should have to do this they will likely do it rather cheerfully because the prospects for production are undoubtedly excellent. They would probably use gas from the old well for fuel. There is not much doubt but what Edwards County will soon have hundreds of oil derricks.

K.M.S.

Bridge Party

A most enjoyable social affair of the week was the bridge party with which Misses Mabel Marsh and Elsie Prassell entertained at the St. Charles Hotel on Monday, honoring Mrs. Clarence Brashear.

Jags of peach bloom made effective decorations for the living room. The guests included Mesdames Brashear, E. E. Palmer, C. W. Rawson, J. D. Jackson, W. L. Secor, H. H. Kuhlmann, H. H. Kuhlmann Jr., E. H. Prescott, E. F. Ferguson, Lee Mason, Perry L. D. Garrett, and Misses Anabel Dickey, Ellen Mason, Lucille Williamson, Kathleen Higgins, Margaret Thorburn, Ethel Williams and Eugie Myers. Prize for high score was awarded Mrs. E. F. Ferguson, consolation prize to Miss Kathleen Higgins and guest prize to Mrs. Brashear.

MEXICAN DINNER SERVED BY LOCAL PARENT-TEACHERS' CLUB

Members of the club, who made the dinner possible, enjoyed working together and the general public seemed to enjoy the Mexican dinner given by the Parent-Teachers' Club on last Saturday was quite a success. The memory very happy while eating their dinner.

More than \$100 was paid the treasurer for the day. Miss Smith and one class of girls, studying Domestic Science under her, surprised the club by donating the proceeds of six angel food cakes and many doughnuts sold during the dinner hours.

The dinner was given to pay for a Victrola bought for the school by the club.

NEW TELEPHONE EXCHANGE FOR FREDERICKSBURG

Fredericksburg Standard. A committee of the Willow City Telephone Co., consisting of Messrs. Otto Kramer and Henry Hirsch, is making the rounds among our people soliciting subscriptions for the installation of new phones in business houses and residences of the town. The list has already been signed by several hundred telephone patrons.

The reason for this is a dissatisfaction among the business people which has been growing for quite a while. The local Chamber of Commerce took up the matter with the Southwestern main offices long ago, but repeated requests for a betterment of the service were politely refused and finally the rates raised.

The movement for another local telephone exchange bids fair to succeed. The same committee is also offering stock in the Willow City Telephone Co. to enable the company to establish the new system.

Notice, School Elections. All school elections must be held on the first Saturday in April of each year. The polls must be opened at 8 o'clock a. m. and closed at 6 o'clock p. m.

In common school districts the election is ordered by the local trustees and notice thereof must be posted at three public places in the district at least twenty days prior to date of election. Managers of elections are appointed by local board at time of ordering election.

local board where such election was held.

The returns for county school trustees shall be made to the County Clerk within five days after the election has been held.

In common school districts the local board shall meet and canvass the returns within five days after returns have been made.

Sincerely,
LEE WALLACE,
County Superintendent.

SCHOOL TEACHERS ASK TO BE PLACED ON ARMY BASIS

Pittsburg, March, 2.—Thirteen male teachers in the public schools of this city have made a proposition to the Board of Education to be put on an Army basis for pay and subsistence.

These teachers served with distinction in the world war, and they ask the school board to give them \$33 a month with board, clothes and lodging furnished. They claim they do not get the equivalent of that now. As teachers their pay ranges from \$120 to \$217 a month.

K.M.S.
Civil Service Examinations. An open competitive examination, under the rules of the U. S. Civil Service Commission for the position of clerk in the Post Office, Kerrville, Texas, will be held on March 13, 1929, commencing at 9 o'clock a. m.

Applications for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the Commission's local representative at the Kerrville, Texas, Post Office, or from the undersigned.

All persons wishing to take this examination should secure blanks and file their applications with the undersigned at once in order to allow time for any necessary corrections and to arrange for the examination.

SECRETARY, TENTH U. S. CIVIL SERVICE DISTRICT,
New Orleans, La.
K.M.S.

Mrs. Miller Entertains. Mrs. R. N. Miller entertained Friday last at bridge, complimenting Mrs. Clarence Brashear.

The living rooms were attractively decorated with bowls of violets and sprays of peach bloom. Those enjoying this hospitality were Mrs. Brashear, Mesdames C. W. Rawson, E. E. Palmer, J. S. Wheelless, Lee Wallace, Johnson, A. C. Schreiner, A. C. Schreiner Jr., Fred Real, Leroy Garrett, and Misses Kathleen Higgins, Lucille Williamson, Kate Renschel and Ethel Williams.

Prize for high score was awarded Mrs. A. C. Schreiner, and guest prize election supplies, for trustees, are furnished by board of the district.

EVANGELIST FLOWERS

MRS. FLOWERS

ABREVIATED PICKSHUN
 Writer for The Mountain
 Sun by A. Podger.

The First Baseman
 Now who's that geezer on the right
 And what's his portion in the fight
 To cop the game? That fellah, friend
 Quite strict to business must attend.
 He needs a dancing master's grace
 To do the steps around first base.
 He holds his station near the bag
 Where first the romping runners lag
 If by a chance the ball has not
 Arrived before they reach that spot.

He can't stand rooted to the sack;
 He works inside, a little back,
 To field the ball and hustle 'round;
 He guards a quite a lot of ground,
 And still, he's always got to play
 With judgment; not too far away
 (If somewhere else there goes a clout)
 To take a throw and make an "out."

He's got to be a shifty guy,
 And pick tall throws right off the sky,
 And always be alive, alert
 To dig them up out of the dirt;
 To right and left, this handy gink
 Must reach and grab 'em in a wink.
 Eight times in ten the goof who throws
 The ball to him is on his toes,
 And don't have time to look at all,
 Before he has to shoot the ball;
 For if he even takes a glance
 He'd surely ditch "the put-out" chance.
 And so they come; some high, some
 low;
 To right and left, or fast or slow.
 So bear in mind, this first base chap
 Must be as ready as a trap.

Now if the batter makes a hit,
 And carries at first base a bit,
 He's due, perhaps, to hear a lot
 About himself not soon forgot.

"Hello, Old Top, you lucky bird!
 Perhaps you think you'll get to third?
 Stop down this way. I'll tell you son,
 You'd be alright if you could run.
 You sure would had to take the gaff,
 Except the shortstop had to laugh.
 To see you ramble, wobble, rag,
 Just like an old maid playing tag.
 Great guns, them feet they picked for
 you!

Be thankful, bo, you've got but two.
 Now get yourself all in position
 To give another exhibition.
 Don't be afraid! That catcher lad
 Can't throw because his teeth are bad.
 You want to watch that pitcher
 though;
 He's got no love for mopes like you.
 Now when he swings, be on your way;
 Don't hang around first base all day.
 I've seen 'em old and young and new.
 But never seen a gink like you:
 Stay roostin' here just like a bird;
 Why don't you fly around to third?"

Sure, on defense, to fand and fuss
 He's certainly a useful cuss.
 And when in turn he comes to bat,
 We like to see his score grow fat
 With singles, homers, steals and such;
 If not we do not love him much.
 We pull for him, both in and out,
 As long's he knows what he's about.
 But when he goes a bit unsteady,
 To "pan" him we are always ready;
 And tell him what he ought to do
 To win the game for me and you.
 —K.M.S.—
**"NEVER HAS TO CALL A DOC-
 TOR—BATHES INTERNALLY"**

Mr. J. E. McNeil, P. O. Box 217,
 Globe, Ariz., writes to the Tyrrell
 Hygienic Institute:

"I have been using the 'J. B. L. Cascade' for the past twenty-five years and call it our cheap family physician for the reason that I have never had to call in a physician to treat one of the family. What a pity more of the human race are not acquainted with the virtues of the Cascade in a family." The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment. W. H. Rawson & Son in Kerrville will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.

 Mountain Sun, \$1.50 Per Year.

BUILD NOW!
 Homes, Schools, Churches and
 Roads Make for Betterment.

We went into the war to aid in making the world a better place in which to live. Behind the victory of arms, if the United States is to appropriate her share of the fruits of victory, must be the determination to do those things which make for prosperity and for happier and more contented people.

Homes, the very foundation of the social structure; schools, the mold in which our citizenship is cast; roads, the arteries of commerce; churches, springs of spiritual inspiration! These we need in increasing numbers throughout the land if America is to be made a better place in which to live.

War interrupted our construction work in these lines. The country needs almost a million homes right NOW. It needs hundreds of schools. There are not enough good roads or churches.

To resume work in these lines immediately means convincing evidence of your faith in the country's future; it means stimulation for all lines of business; and, of profound importance right at this time, it means a demand for labor—employment for the returning soldier—**BUILD NOW.**

—K.M.S.—
Change of Officers

Comfort News.
 A committee composed of Louis Wiedenfeld, president; Henry Sperrath and Gus Wollschlaeger, directors of the Farmers' Fire and Aid Association of Kendall and Kerr Counties, met at Comfort Tuesday for the purpose of acting upon the matter of the resignation of Paul Holekamp, secretary-treasurer of the association, which had been tendered voluntarily by Mr. Holekamp because he is no longer a member of the association, he having sold his property at Comfort some time ago.

Mr. Holekamp's books were found to be in proper order, and the committee accepted his resignation. President Wiedenfeld then appointed R. A. Doerffler as secretary-treasurer of the association.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

CATHOLIC CHURCH NOTES

By Father Kemper

With the lifting of the quarantine a record-breaking crowd flocked to the Guadalupe Church last Sunday despite the cold weather. Three times as many adults fulfilled their Easter duty on this occasion as during the entire Lenten season last year.

Two couples were united in the sacrament of matrimony privately, in keeping with the penitential spirit of this paschal period.

In order to help along the "flu" patients, the Sisters of the Guadalupe School spent a good deal of their spare time in visiting the sufferers and in distributing groceries to the needy families.

Conformable to the Bishop's request, several points of Canon Law were carefully explained last Sunday chief among which were the well-known regulations guarding against any semblance of simony. In virtue of this church legislation it is strictly forbidden under pain of suspension to make any reference to money in the administration of the sacraments, the care of the sick and the burial of the dead. The severity of the Catholic Church in this regard is prompted by her desire to prevent the criminal libelling of her priests and to keep unblemished her clean record of nearly two thousand years of history.

On February 29, Father Kemper began his tenth year as resident pastor of the American and Mexican congregations. This Leap Year day was also the seventh anniversary of Mrs. George Washington Doyle, although it was her 32d birthday. Her children surprised her with a festive gathering on Sunday evening.

Texas Independence Day was patriotically observed by the Notre Dame and Guadalupe students, but no free day was granted on account of the time lost during the influenza epidemic. The pupils are proud of the Armenian orphans they have adopted and are lending their efforts to help Kerrville go over the top in the Near East Relief Campaign.

During this month of March daily devotions in honor of St. Joseph, foster-father of the Christ Child, will be added to the customary Lenten functions. A votive High Mass will be sung this Friday at 7:15 a. m.

Bruno Schott was awarded the contract for improvements soon to be made at the Mexican School, where Jake Lawson and Henry Staadt recently removed some dwelling houses. Will Lott and family have moved from White Oak to join our congregation.

Albert L. Hall paid us his first visit since his return from France. Edward D. Pahlka spent a few days in our Hill Country.

Another baby girl gladdened the heart of Mrs. Fred Klein of Hunt who for the present is living next door to her aunt, Mrs. Julien J. Charlier. The latter has purchased the Tivy Store opposite the High School. Mrs. Menefee of Edna is visiting local friends.

Services next Sunday will be held at 8 o'clock in the Mexican Chapel and at 10:15 a. m. in St. Mary's Church. Bible Class will be conducted at 2:30 p. m.

K.M.S.—
SOME OF ROCKSPRINGS' NEEDS IF OIL IS STRUCK

Leader, Rocksprings. The local people have been giving thought for several days to the changes that will be brought about should they get oil in the Peterson well in paying quantities.

It is agreed that we are going to need more hotel facilities. Right now without any oil boom we need fully one-third more hotel accommodations than we have; but if an oil field is developed about Rocksprings we will need a hotel as large as the Gunter or perhaps about the size of the Gunter and St. Anthony combined.

And, of course, there are other things we will need, too numerous to mention.

K.M.S.—
GLYCERINE MIXTURE FOR GAS ON STOMACH

Simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lower bowel and removes all foul matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose. Kerrville Drug Company.

BAPTIST DENOMINATION SETS GOAL IN CAMPAIGN

A new goal of \$100,000,000 has been set by Southern Baptists at a general conference, which was held in Nashville, Tenn., recently. The Baptist 75 Million Campaign was so far over-subscribed that the campaign commissioners decided to make the effort to reach \$100,000,000 by continuing the campaign among churches and individuals that were not reached in the recent \$75,000,000 drive. During the latter part of the campaign it was impossible for many churches to be reached because of the incessant rains. It is believed that when all these churches are lined up, that the amount will easily go to \$100,000,000. The new campaign will be known as the \$100,000,000 Round Up Campaign.

Simultaneously with this campaign a drive will also be made for the collection in cash of at least \$20,000,000 on the pledges made in the 75 Million Campaign.

These plans were formulated at a general conference in which members of the Campaign Commission and of the Executive Committee of the Southern Baptist Convention, and all the State secretaries of the South were in attendance. At this same meeting Dr. L. R. Scarborough of Fort Worth was re-elected to continue as campaign director in the \$100,000,000 Round Up Campaign, but his headquarters will be at Fort Worth instead of Nashville.

The raising of the \$100,000,000 is but one feature of a general campaign for evangelism and teaching which will last through March and April. These months have been divided into three periods; the first two periods to be devoted to evangelical effort, and the third period, from April 18 to 25, for the Round Up Campaign for new pledges and cash collections.

BAPTIST EXECUTIVE BOARD,
Dallas, Texas.
—K.M.S.—
Baptist News Notes

All services were held Sunday, and in spite of cold and "flu" the interest was good. We believe that every department of the work will take on unusual new life from now on. Every one is optimistic.

Supt. C. C. Butt of the Sunday School is making some marked improvements in the whole Sunday School program. Every one believes that he is already and is going to be more and more a highly successful Sunday School leader.

Miss Ayleen Procter sang a beautiful and helpful solo Sunday morning. A solo sung for the Savior is doubly sweet. The choir is growing in numbers and quality under the leadership of Mrs. Gammon.

Miss Faye Turley is the new leader of the Sunbeams. She is already a success.

The Senior B. Y. P. U., Miss Dorothy Taquard, president, is to begin the study of the B. Y. P. U. Manual Sunday evening at 7 o'clock. The pastor preached Sunday morning on "Substance Service," and in the evening on "The Cry for Help From the Near East."

Our efficient church organization, under the leadership of Bro. J. T. S. Gammon, is putting in our new finance system this week. The members are responding cordially and gladly. We are installing the Duplex envelope system.

The Workers' Council met at the pastor's home Monday night at 8 o'clock. Different departments of the work were gone over and discussed, and the fellowship was fine. Mrs. Holt served ice cream and cake, and the Victrola played sweet music. These meetings are an indispensable part of church life.

Mrs. Dewees and daughter, Miss Graves, left last week to spend a while in San Antonio. We hope they will soon come back. Mrs. Robt. Renschel went down with them for a brief stay.

The Fifth Sunday Meeting at Center Point was in every way a good one. The local attendance was fine, and the sermons and addresses were excellent. We are soon to have all over the Association Campaign of visits from church to church in the interest of indoctrination and evangelization.

The Flowers Revival will begin at the Methodist Church next Sunday. Bro. Houts and congregation extend us a cordial invitation to attend and help in the meeting. Let all our people go and work hard for the salvation of the lost and the spiritual uplift of our town.

The women of the Medina River Association held a very helpful meeting at Center Point last week. A number of our women attended.

J. B. HOLT, Pastor.

K.M.S.—
Masonic Notice

Members of the Masonic Lodge and visiting brethren are invited to attend a called meeting of Kerrville Lodge on Thursday night, March 9.

There will be work in the Third Degree.

K.M.S.—
The Mountain Sun, \$1.50 Per Year.

MEN WHO SLEEP IN FLANDERS EULOGIZED BY PEERLESS SCRIBE

By Edward Ryan.

The Summer suns have scorched the grass above the graves of the martyrs of Belgium since the crack of the first German rifle and the thunder of the first Krupp guns on the fortresses of Liege began the last and final war of the great class struggle of the world. The war lord of the Rhine lived in his palace of white marble dreaming the great dream of murderous conquest until his mammoth greed and gluttony rapacity drowned itself in a weary welter of blood.

The Winter snows have covered these graves with a mantle of mercy. These humble sepulchres of God's chosen sons will be watered by the tears and decorated by the flowers of millions yet unborn when the proudest monument that stands to the memory of earth's mightiest king today shall have become blackened and forgotten ruins.

STOMACH WORMS IN GOATS AND SHEEP

In several counties in Texas range sheep and goat men have suffered severe loss among their flocks through the ravages of the stomach worm and the tape worm, reports the Sheep Specialist of the Extension Service, A. and M. College of Texas.

It is rather uncommon that losses from these parasites should continue into the Winter season and it is likely that many of the losses have ceased during the past cold weather provided the freezing weather destroyed the eggs of these parasites and prevented their multiplication.

However, it is probable that during the coming year the losses from stomach worms and tape worms may become serious if the proper methods of prevention and treatment are not followed.

Since the copper sulphate treatment has been worked out, however, it is entirely unnecessary to suffer these losses; in the future these parasites should not prove serious. In many counties in the State where losses have been serious in the past excellent results have been obtained by the use of the treatment.

The Bureau of Animal Industry, Washington, D. C., has recently issued Circular 47 on this subject. This may be had free upon application.

K.M.S.—
IT IS SERIOUS

Some Kerrville People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills. May result seriously if neglected. Dangerous urinary troubles often follow.

A Kerrville citizen shows you what to do.

Mrs. W. T. Chamberlain, Main St., says: "Doan's Kidney Pills have been a great help to me and I can recommend them. My kidneys were weak and I had dull nagging backaches and pains across my kidneys. I could hardly do any stooping or lifting. Headaches made me miserable. My kidneys acted irregularly. I read of Doan's Kidney Pills and used them and they were not long in stopping the backaches and relieving all signs of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

K.M.S.—
What Is 100 Per Cent Americanism?

Noted speakers all over the country have been talking about 100 per cent Americanism, but Sergeant Forsythe of the local Army Recruiting Party seems to have solved the problem with the following recipe:

"Place together in a melting pot the young men of the Nation along with a dash of self-reliance, a sprinkling of health development, a spoonful of civic understanding, a quart of military training, a bushel of clean living, a quantity of self-respect, a pound of obedience, and a measure of discipline. Boil steadily for six months, stirring continually with the spoon of tolerance; add the spice of common sense, flavor with patriotism and serve hot or cold."

KERRVILLE, TEXAS

FAMOUS KIKAPOO CAVE SAID TO RIVAL MAMMOTH

Brackett News-Mail.

Last Sunday a large party from this place spent an enjoyable day exploring the famous Kikapoo Cave, about 30 miles north of Brackett. The party left town about 8 a. m. in four Fords and with the usual road delays arrived at the cave about 10:30. Dinner was spread and immediately afterward the party entered the cavern, remaining inside about three hours and exploring it thoroughly as far back as they went.

This cavern is a wonderful place, and if it was in some more thickly settled country or nearer the railroad it would soon become a famous show place. It has been pronounced more wonderful and beautiful than the Cave of Winds in Colorado, and one enthusiast who has been in the Mammoth Cave of Kentucky two or three times declares it is far inferior to our own Kikapoo. And indeed if it were provided with electric lights, board walks and ice water it would be second to none. As it is, with the ordinary kerosene flares, most of the lighting effect on the various formations is lost, but at that the trip is well worth the effort.

K.M.S.—
How easy it is for the American people to forget, and how it delights them to be humbugged, is almost in daily evidence. The old gag of non-production being the cause of high prices is again going the press rounds that same old cry was used during the entire period of the war. It was used last Summer when peaches were selling in this section at ten cents each and rotting up in Smith County because the growers could not get two bits per bucket. Apples by the thousands of barrels rotted on the ground in Colorado and Oregon last Fall because the growers could not get enough money to pay for the picking while down here they were hard to get at fifty cents per dozen. Right now the cabbage growers in the valley are worrying because the price has dropped to a loss for them to ship it, while the Northern consumer is paying stupendous prices for every bite they eat. At least here is one class of producer who will refuse to listen to the rant about underproduction.

Alice News.

K.M.S.—
Texas raises one-fifth of the Nation's cotton. One-tenth of the country's sweet potatoes are grown in this State. To Lone Star farmers goes the credit for growing more than one-fifth of our broom corn. Nearly one-half of America's entire crop of grain sorghums is produced by Texas dry land farming experts, while more than one-seventh of the rice crop of 1919 was grown on Texas Gulf Coast farms.

K.M.S.—
Germany now knows who won the war.—Baltimore American.

HELP! AID! ASSISTANCE!

Our hands are in the air. We give up! We've tried to stem the flood, but they're coming too thick and fast for us.

The propaganda, we mean. Our desk, our waste basket, our table, are strewn thick with 'em. Red Cross, War Stamps, Recruiting Service, Near East, Far East, North, South, Straight Up and almost Straight Down, Federal Agricultural Department, State Agricultural Department, State Health Office, Experiment Station, Society for the Prevention of This, That and the Other; Society for Promotion of the Same, Army Store, State University, A. & M., Rockefeller Foundation, Etsettery, So Forth and Then Some.

And there are Others.

We are glad to help every worthy philanthropic and economic measure to the best of our ability, but we can't publish all of the stuff that is pouring in upon us. The mails are congested with it. Tons of perfectly good paper are wasted upon much of it. Thousands upon thousands of dollars are paid out in salaries for its preparation and mailing. It is duplicated, triplicated, in some instances quadruplicated. Much of it is sinful, extravagant, willful waste of time and money.

It's getting so these days that there are more panaceas proposed than there are ills to panacea.

In Vienna the courts have just exonerated a man who was convicted and hanged four years ago. But he's still dead.

There never was a better time for the really good, conservative citizen to sit steady in the boat. Too many of the other kind are rocking it already.

The senior class of Simmons College, at Abilene, has presented a six-inch telescope, one of the largest and most powerful in the State, to the school. That's what might be called a far-seeing class.

Talk about "freedom of the press." Up in Oklahoma it abounds to such an extent that every member of the Oklahoma Press Association who attends the annual convention next week is to be put in the State penitentiary for one day. That is, the gang is to be taken on a tour of inspection of the big prison and will be served a meal of the regular prison fare, and will be under strict prison discipline during their stay within the walls.

BOOSTER OR KNOCKER

You are one or the other. If you are interested in Kerrville's welfare and help push her interests, you belong in the first class. Even if you are so interested, and fail to so help you are indirectly in the second.

The Savior, when He said in substance, "He who is not with us is against us," laid down a truth that applies not only to the situation He was at the time discussing but to many other situations as well.

In community building you are either a help or a hindrance. Either you get into the collar and help pull the load, or you hang on the traces and make the load heavier for the rest of the team. Your very indifference adds to their burden, increases the dead weight which they must overcome.

This, of course, does not mean that you must merely drift with the current of majority sentiment without convictions of your own. There are things proposed which a man may sometimes feel in his conscience and his judgment are not best, and in such case he is eminently justifiable in failing to take the steps his conscience or his sober judgment condemn. The rule is, of course, general and cannot be applied in every specific case.

As a general rule, though, it remains true that every citizen is a booster or either an active or passive knocker.

Which would you rather be?

Did you ever stop to figure out about how much you would have to pay before you could commence giving?

Some extremists get so enthused over this, that or the other union that they almost lose sight of the Union of States.

"You never can tell." The good turn you do some fellow mortal may come at a time that it is of vital importance to him and may turn the scale in his favor.

The Devine News is our latest neighbor to put in a typesetting machine, and is to be congratulated on this notable improvement in its mechanical equipment.

Certain of our local poultry enthusiasts, while they are strictly for the "Reds" as a rule, maintain that the Rhode Island variety are regular fellers.

"Help somebody today" doesn't necessarily mean extend a bit of financial aid. That may be what they least need. Help somebody each day not only in body, but in spirit and in mind.

It costs more to undo some things than to do 'em in the first place. For instance, St. Louis hung in her new city hall in 1904 a 4,000-pound bell, which cost two thousand dollars. Now the weight of the bell is damaging the tower, so it must come down. It has to be cut into sections with acetylene torches, as the tower has weakened too much to permit its removal whole, and the demolition is to cost fifteen hundred dollars. The bell has been rung only twice, once when it was first installed and again on Armistice Day.

INCOME TAX RETURNS DUE

Business Men, Farmers and Wage Workers Must File Schedules of Income for 1919.

MARCH 15 LAST FILING DATE.

Net Incomes of \$1,000 or Over, if Single; or \$2,000 or Over if Married, Must Be Reported.

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

\$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced. \$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return, or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of \$1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1040A, unless the net income exceeded \$5,000, in which case Form 1040 should be used.

Residents of Texas should file their returns with, and make payments of Income Tax to, Alexander S. Walker, Collector of Internal Revenue, Austin, Tex.

How to Figure Income.

The best way to find out whether one must file a return is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork, estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaries and wages earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

Other Returns Due.

Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120.

Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1041 is used; in others, Form 1040; and still others, returns on both forms are required.

Information returns, on Forms 1099 and 1098, must be filed by every organization, firm or person who paid, during 1919, an amount of \$1,000 in salary, wages, interest, rent, or other fixed or determinable income to another person, partnership, personal service corporation or fiduciary. These information returns should be forwarded directly to the Commissioner of Internal Revenue (sorting division), Washington, D. C.

INCOME TAX IN NUTSHELL

WHO—Single persons who had net income of \$1,000 or more for the year 1919.

Married couples who had net income of \$2,000 or more.

WHEN—March 15, 1920, is final date for filing returns and making first payments.

WHERE—Collector of Internal Revenue for District in which the person resides.

HOW—Full directions on Form 1040A and Form 1040; also the law and regulations.

WHAT—Four per cent normal tax on taxable income up to \$1,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Sur-tax, from one per cent to sixty-five per cent on net incomes over \$5,000.

MAYTAG WASHERS

DO AWAY WITH THAT WASH WOMAN PROBLEM BY USING

The Maytag Electric Washer

PERFECT SATISFACTION IN OWNERSHIP COMES ONLY WITH THE KNOWLEDGE THAT ONE POSSESSES THE BEST.

Mrs. Harry Lucas returned Saturday to her home in San Antonio after a visit to her mother, Mrs. W. J. M. Daniel, who accompanied her for a return visit.

The Mountain Sun will appreciate it very much if those of our people who know items of local and personal news will give them to this office for publication.

Ally Beitel, a resident of San Antonio but still almost a citizen of Charming Kerrville, was up from the Alamo City last Thursday for a visit to his old haunts.

At a meeting of the directors of the Kendall County Fair Association on February 19 it was decided to have the Kendall County Fair of 1920 on September 3, 4 and 5.—Comfort News.

All who know of local items are respectfully urged to give them to The Mountain Sun. When you help make the home paper more newsy and interesting you do the town you live in a good turn, as well as the publishers.

Mr. and Mrs. R. J. Clark of Meridian, Miss., who spent last Summer in Kerrville, are again quartered in Dunbar's Colony for another sojourn here. Mr. Clark's brother, "Danny" Clark the popular second baseman of the Galveston league baseball team, is with them until time to report for the training season.

Recently we received a communication signed only "W. F. B." If the writer will supply his or her full name we will gladly consider the communication for publication. No matter what nondeplume you use, please sign your real name also. This will be considered confidential and will be divulged to no one without your express permission.

J. W. Webb, who recently came out from Mercedes for a visit, was so well pleased with Charming Kerrville that he decided to make his home with us. He has purchased property and has brought his household in and is now a full fledged Kerrvillite. He purchased the Tivy Hotel property and has in turn sold it, retaining in the latter deal the cottage in the rear of the hotel building proper, which he is adding two rooms to and otherwise improving for his occupancy. "Welcome to our city."

Ford

THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires front and rear. A real family car. Won't you come in and look at it? The delights of the electric car with the economy of the Ford.

KERRVILLE, TEXAS

A County Library Book Wagon.

A number of states successfully operate book wagons for the circulation of reading material in the rural districts. The American Library Association includes the needs of the rural communities in its Enlarged Program which is the backbone of its "Books for Everybody!" movement. The A. L. A. hopes some day to see book wagons in every state and is pledged to advocate such service.

LIBRARIANS JOIN FIGHT ON UNREST

American Library Association Inaugurates Nation-wide "Books for Everybody!" Movement.

WILL AID FOREIGN BORN.

Social Problems Can Be Solved by Teaching American Ideals and Traditions.

BOOSTER OR KNOCKER?
You are one or the other. You are interested in Kerrville's and help push her interests, you long in the first class. Even are so interested, and fail to you are indirectly in the second.

The Savior, when He said in stance, "He who is not with against us," laid down a truth applies not only to the situation was at the time discussing by many other situations as well.

The spirit of unrest that has been keeping the country indicates that the foreign born, who have flocked to the United States from every corner of the globe have not been given the proper help and encouragement, in the opinion of the 4,000 librarians who rest of the team. Your very inke up the American Library Association adds to their burden, incrogs books for "Everybody" movement.

This, of course, does not mean that you must merely drift with the current of majority sentiment without the convictions of your own. There things proposed which a man sometimes feel in his conscience. One phase of the Enlarged his judgment are not best, and such case he is eminently justifi in failing to take the steps his science or his sober judgment c American ideals and traditions to demn. The rule is, of course, genets vast army of uninformed peo and cannot be applied in every cific case.

As a general rule, though, it remains true that every citizen booster or either an active or pas sound foundation in Americanism knocker.

Which would you rather be?

Did you ever stop to figure about how much you would h now before you could commo

NO DRIVE TO BE HELD.

In order to carry out the Enlarged Program two million dollars will be required. This money will not be sought through the medium of a campaign or an intensive drive, but will be obtained through the individual efforts of the librarians, library trustees and friends of libraries. The American Library Association will bend every effort to bring about the nation-wide adoption of each of the cardinal points in the Program, which includes the extension of the county library system and the establishment of more industrial and business libraries. It now has in operation book service to the United States Merchant Marine Coast Guard, Lighthouse Service and hospitals of the United States Public Health Service. The needs of the 75,000 blind persons in the United States will be cared for. At present the number of books available is woefully inadequate. This will be remedied and the joys of good literature will be brought into lives that are darkened by a veil which will never be raised by any other method.

Not all the work of Americanization lies in the great centers of population. Great sections of the country where industry is carried on by foreign workers do not know public library service. There are important mining states where less than a score of libraries exist. One mining state has but two public libraries.

MORE BOOKS FOR BLIND.

American Library Association Behind Movement to Bring Good Literature to Those Who Walk in the Dark.

There are between 75,000 and 80,000 blind people in the United States. The supply of books in the recently adopted uniform Braille type for their use is inadequate, there being less than 100 titles existing in that print. The American Library Association has included in the projects of its Enlarged Program the resolve to aid in printing and distributing additional volumes. It has already succeeded in inducing several well-known authors to finance the braille of one or more of their books. In inaugurating its "Books for Everybody!" movement a fund of \$2,000,000 will be raised to carry out the provisions of the Program. The money to be obtained not by a campaign or drive but through the efforts of the librarians, library trustees and friends of libraries.

GOOD BOOKS AT ALL CROSSROADS

American Library Association Urges Adoption of County Library System.

IDEA PROVES SUCCESSFUL.

California, the Pioneer—Other States Adopting the Plan.

The American Library Association, in announcing its "Books for Everybody" movement, which is to be nation wide in its scope, advises and urges the extension of the county library system as a solution of the problem of supplying good literature to the rural districts. Its intention is to persist in advocating the nation-wide adoption of the idea as successfully applied in California, Ohio and Maryland until every one of the 2,994 counties in the nation have adopted the system and regular shipments of good books are being made from the central point in the county to the designated outposts. California stands out as the highpoint in the successful application of the idea. Of the 58 counties in the state 42 have adopted and are supporting the system at a trifling cost. This it urges as a part of its enlarged program, which aims to promote a better citizenship and to combat the social and industrial unrest through the teaching of American ideals and traditions to the foreign born.

The book needs of the sixty million or more Americans who live outside of the big cities will be called to the attention of those in a position to serve them.

County Libraries Urged.

The county library system provides for establishing one central library at the county seat or in the largest town in every county. This does not mean necessarily the erecting of a library building and the stocking of its shelves. In many cases the tools already exist. From this central station books will be loaned to designated outpost stations. The books will be delivered by trucks, parcel post or whatever method may be adopted in any given county to the country stores, tollgates, post offices, schoolhouses and private homes. When one shipment has been completed and returned another will be sent out. Also, in communities of any size in the county, branch libraries will be maintained.

The American Library Association, with its 4,000 active librarian members and its 40 years of practical functioning, is in a position to know the needs of the country and in the fight for wider knowledge is a force to be reckoned with.

The Enlarged Program calls for an expenditure of \$2,000,000. There will be no drive or intensive campaign. The money will be raised by the librarians, library trustees and friends of libraries. The movement for better citizens and a well read population is on and the slogan is "Books for Everybody."

"BOOKS FOR EVERYBODY!"

Four Thousand Librarian Members of the American Library Association In Nation-Wide Movement.

Since the advent of peace the American Library Association has turned its efforts from war work into other channels. With the benefit of its forty years of experience and the co-operation of its membership of 4,000 active librarians in all parts of the United States, in addition to continuing certain war activities not taken over by the government, it proposes to promote the development of the library systems throughout the country and to encourage the reading habit in all ways possible. The A. L. A. supplied over 1,000,000 volumes to our fighting men here and overseas and on board vessels and it has the confidence and the admiration of the nation back of it in inaugurating its "Books for Everybody" movement. The money to carry out the provisions of the campaign will not be raised through an intensive drive but will be obtained by the librarians, library trustees and friends of libraries, who have enthusiastically pledged their co-operation in obtaining the necessary \$2,000,000.

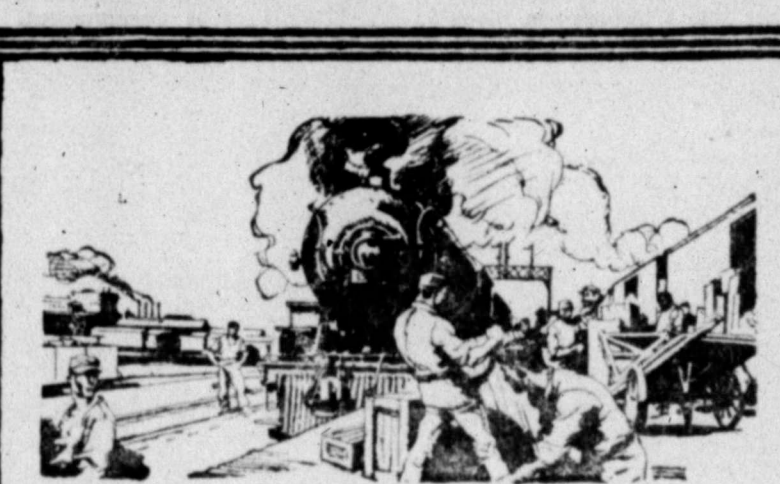

THESE FREQUENT REMINDERS

that we are engaged in selling Good Lumber and Building Material would be worse than useless were it not a fact.
We hope, when you awake to the fact that you need something in our line, the remembrance of the above fact will be a factor in directing your steps here.

Send The Kerrville Mountain Sun to the Folks "Back Yonder"

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York

FARMER'S INCOME SUBJECT TO TAX

Gains for 1919 Must Be Figured Under U. S. Law—Returns Due March 15.

LAND SALE PROFITS TAXABLE.

Necessary Farm Expenses May Be Deducted—Special Form for Farm Income—Cash or Accrual Basis for Computing.

A farmer, shopkeeper, or tradesman must figure up his net income for 1919; and if the farm or business income plus his other income was sufficient to require an income tax return a complete return must be filed with the collector of internal revenue by March 15.

A farmer should ascertain the gross income of his farm by computing all gains derived from the sale or exchange of his products, whether produced on the farm or purchased and resold.

Farm Expenses.

From his gross income a farmer is allowed to charge off all of his necessary expenses in the conduct of the farm during the year. These include costs of planting, cultivating, harvesting and marketing. In addition to these costs he may deduct money spent for ordinary farm tools of short life bought during the year, such as shovels, rakes, etc. Also, the cost of feed purchased for his live stock may be treated as an expense in so far as this cost represents actual outlay, but the value of his own products fed to animals is not a deductible item.

Other farm expenses allowable are the cost of minor repairs on buildings (but not the dwelling house), on fences, wagons and farm machinery; also bills paid for horseshoeing, stock powders, rock salt, services of veterinary, insurance (except on dwelling house), gasoline for operating power and sundry other expenses which were paid for in cash.

As to hired help, all the productive labor is a deductible expense, but the wages of household servants, or help hired to improve the farm, as in tree planting, ditching, etc. cannot be claimed against earnings. A farmer is not allowed to claim a salary for himself or members of his family who work on the farm.

Wear and Tear.

Purchase of farm machinery, wagons, work animals, etc., also the cost of construction or extension of buildings, silos, fencing, etc., should be considered additional investments in the farm and are not proper deductions against income.

A reasonable allowance may be claimed for wear and tear on farm buildings (except the farmhouse), fences, machinery, work animals, wagons, tanks, windmills and other farm equipment which is used in the conduct of the farm.

As to autos and tractors, the cost of these is not an expense, although the cost of their upkeep is an allowable deduction, if the machines are used exclusively for farm purposes and not for pleasure. Also, in such cases, a deduction for wear and tear is allowed.

Farm Losses.

The loss of a growing crop is not a proper deduction from income, inasmuch as the value of the crop had not been taken into gross income. The loss of a building or of machinery through storm, lightning, flood, etc., is an allowable deduction, but care should be used to ascertain the correct loss sustained, as restricted by income tax regulations.

No deduction is allowed in the case of loss of animals raised on the farm, but a loss is deductible from gross income if the animals had been purchased for draft or breeding purposes.

Shrinkage in weight or value of farm products held for favorable market prices cannot be deducted as a loss, for the reason that when such products are sold the shrinkage will be reflected in the selling price.

Sale of Farms and Land.

The value of agricultural lands has been jumping during the past few years, and during 1919 many owners sold out part or all of their lands at big profits. All such gains constitute income and must be taken into the net income for the year.

Any person who sold part of a farm or ranch, or part of a parcel of land, must also show any gains realized by the sale.

The method of figuring gains and losses on such transactions is prescribed in the Income Tax regulations, copies of which may be secured from Internal Revenue Collectors.

Forms for Returns.

The Internal Revenue Bureau has issued an improved Form 1040F for the use of farmers. This form, together with Form 1040A or 1040, will give the farmer explicit information as to how to properly figure his net income for 1919.

There are two methods of figuring a farmer's income tax return this year. He may make his return on the basis of the difference between the money and goods received for his products and the cash paid out for actual allowable farm expenses within the year. Or he may make his return on the accrual basis, which means computing the receipts and expenses that pertain to the taxable year, excluding income earned and expenses incurred in previous or succeeding years.

U. S. INCOME TAX EXEMPTS NOBODY

Every Person Who Had Income in 1919 Must Determine Own Liability.

MARCH 15 LAST FILING DATE.

Surest Way is to Follow Form 1040A. Free Advice in Doubtful Cases. Severe Penalties in Law.

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider his own case and to get his return in on time if one is due.

With each return showing a tax due a payment must accompany the return in the full amount of the tax or at least one-quarter of the tax.

All returns for 1919 must be filed on or before March 15.

Must Show True Figures.

In figuring up his earnings for income tax purposes a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under oath.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income; and if a return is due, it tells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no relation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed, he should read carefully the instructions for claiming exemption, and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies are also furnishing similar service during banking hours.

Heavy Penalties in Law.

For failing to make a return on time the penalty is a fine of not more than \$1,000 and an addition of 25 per cent to the tax if any. For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or imprisonment not exceeding one year, or both; and in addition, 50 per cent of the tax. There are other penalties for failing to pay tax when due and for understatement of the tax through negligence.

Many Sources of Income.

Aside from what one may earn by his services, there are many other sources of income. If he sold any property during 1919 he must figure out the gain realized. If he rented buildings, land, apartments or rooms such rents must be considered taxable, and he may claim deductions for necessary expenses incidental to rents.

Bank interest is a common source of income and is taxable whether withdrawn or not. Any amount of interest credited to a depositor is income to the depositor.

Interest on mortgages and notes is taxable; also bond interest received from corporations.

A taxpayer who cashed his insurance during 1919 must report as income any excess received over the total of premiums paid.

Members of partnerships or personal service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

INCOME TAX IS DUE MARCH 15

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money order for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Residents of Texas should file their returns with, and make payments of Income Tax to, Alexander S. Walker, Collector of Internal Revenue, Austin, Tex.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and early payments are urged, in order to relieve the internal revenue offices as much as possible of an overload on the final day, March 15.

Write a Check

Don't let the fact that you've nothing in your pocket smaller than a twenty-dollar bill keep you from buying today the biggest one-dollar's worth of helpful information and entertainment in the world. Write a check for \$1.00 on your bank, and

The COUNTRY GENTLEMAN

will be yours for a whole year—52 big weekly issues. The farmer's bank check is as good as currency these days, and big business houses everywhere accept the farmer's personal check without question.

I'm telling you this because I know that many farmers are depriving themselves of THE COUNTRY GENTLEMAN from week to week, simply through lack of understanding that the Great National Farm Weekly will accept their personal checks. Why delay any longer? Write a check for \$1.00, payable to The Curtis Publishing Company, and send it to me with your name and address. I'll do the rest. And this is a mighty good time to start. In the first issue you'll receive in "Something New in Farm Leases"—and twenty-five other big articles and stories—a week's spare-time reading.

DO YOU LIKE TO GO FISHING?

You know, to a good sportsman, Shakespeare means something far more meaningful than "Hamlet" and "The Merchant of Venice." Your true angler may not know how Othello won Desdemona with wild and thrilling tales, but he could undoubtedly go the Moor one better with his stories of how he landed 'em one after another with Shakespeare fishing tackle. For he knows that Shakespeare means best, last and all the time the best tackle—the smoothest-running reels—the most dependable line—the luringest bait. To go fishing with Shakespeare stuff means that—if the weather is right—and the season is on—and you're not an utter boob—you're BOUND to get the biggest bass in the hole.

And Who Carries Shakespeare Tackle?

Materials are being placed on the grounds for the handsome new suburban home of L. A. Schreiner, on a beautiful hill across the Guadalupe from the city, commanding an unsurpassed view of the winding valley.

A. K. Garretson of the Internal Revenue Service was here Monday-Wednesday, making his office in the Schreiner Bank, and was of material assistance to many of our citizens in making up their statements for income tax.

Mrs. Will Nimitz and Mrs. Lee Mason of Kerrville and their guest, Lieut. Otto Nimitz of the United States Navy, visited friends in Fredericksburg Wednesday.—Fredericksburg Cor. in San Antonio Express.

Lieutenant Smith, an expert aviator and during his foreign service an aviation instructor in Italy, visited friends here Monday, coming over in his plane and treating our citizens to a beautiful exhibition of stunt work during his stay.

Herman Schulze of Split Rock Farm says the green bugs are doing immense damage to oats and that the loss will be very heavy if rain does not come soon. He thinks a good rain, followed by a spell of warm, bright weather, would put the bugs out of business.

Chas. C. Webb, who some weeks since was brought here from Mercedes in a precarious state of health, passed away last Friday, aged 26, and was buried in Glen Rest Cemetery Saturday, Rev. Roy T. Houts conducting the services. He was a son of J. W. Webb, who has just moved here from Mercedes.

We have been taking orders for cars lately with delivery for certain specified dates in the Summer. This means that all of our cars are being contracted for for June, July and August, especially—the "scarcest" of the Ford months. We will be glad to place your order in that allotment if you will notify us in time. LEE MASON & SON. 11-tfc

HALF A CENTURY

1869---1919

THE SPRING SEASON

of the first year of our second half-century finds us well prepared to take care of our trade. Our new store building is nearly finished and will soon be ready for occupancy, and the reconstruction work on the balance of the block will soon be under way, so that we can ere many moons invite you to probably the biggest and best retail store in any town of this size in the State. Meantime, we are prepared to serve you well, and you are urged to come often. We appreciate your patronage.

"THE HOUSE OF QUALITY"

A. E. Self, district deputy grand master of the Masonic fraternity, is absent on a tour of the lodges of his district.

FORD CARS with STARTERS—25 per cent down and balance in twelve monthly payments. LEE MASON & SON. 11-tfc

Walter Peterson and Mrs. W. G. Wharton left the first of the week for El Paso to see the former's brother, who is ill with "flu."

Mrs. Ralph Fawcett, nee Miss Gladys Saunders, came in from Kerrville Monday to visit the home folk here.—Sabinal Sentinel.

Arthur J. Lechte of Fredericksburg has been here for some time nursing his brother, Werner, through a case of the "flu." That he did a good job of it is shown by the fact that his patient has recovered.

Dr. Secor is having another cottage erected on his grounds across Main Street from the hospital.

Mrs. Kate Dewees and Miss Graves Dewees have taken an apartment in San Antonio and will spend an indefinite time in the Alamo City.

We are informed by Superintendent Jones that L. A. Schreiner has just purchased at the cost of \$120 twelve nice uniforms for the Kerrville High School baseball team. This is only one of many substantial gifts which the school has received from Mr. Schreiner.

There are still a few cases of influenza in town, but the situation is well in hand and little if any further outbreak is expected. Fortunately the death list directly from the disease has been practically nil here, the few deaths being in cases with complications of more or less long standing. 22c to \$1.00.

The Product of Experience

All the power you will ever need; faultless, every-day performance; 20 miles as a rule on a gallon of gasoline—these are the qualities of the valve-in-head motor with which the Chevrolet "Four-Ninety" Touring Car is equipped.

In appearance and in performance the Chevrolet "Four-Ninety" Touring Car pleases the most exacting owners. It is a safe and sensible car to buy. Come In And See Them
