
ABREVIATED FICKSHUN
 Writer for The Mountain Sun by A. Podger.

This here ain't goin' to be no fickshun. It's about facks. The first of it is erbout things that used to be but ain't goin' to be no more if the umpires can stop it. And the rest is about something new, 'cause it ain't been before in Kerrville.

When you go to a ball game this year you know the pitcher he's got to cut out all the "trick" pitchin' that he knows. He ain't to throw no emery ball, nor no slippery elm ball, nor no shine ball—they come pretty near cuttin' out his throwin' a baseball. It's still in the rules that he is got to throw a round ball. I bet you didn't know that the rules say the ball must be round. What other kind of a ball could there be an' be a ball?

Anyway it don't say in the rules that he's forbidden from throwin' a snowball, or a mothball, or a puffball, or a basket ball, or a potato ball, or a codfish ball.

The prohibition law says he can't have a highball, an' anyway if he did have one he wouldn't be not at all like to throw it in no batter that he's always sore on anyway.

They's one other thing the pitcher ain't not to do. The laws an' rulin' of the Interstate Commerce Comish-ners says there ain't to be no passes give away to anybody what ain't entitled to 'em. This here pitcher he comes under that there law and he ain't to deal out no passes. Every batter is supposed to be able to pay his fare to first base, and got a right to do it. You see a free pass to first base don't put no fat on their average, while if they pay their fare and get down there while the other fellers are makin' change it fats their average and in time gets 'em more coin of the realm on the pay days. The batters are as hungry for hits as a goose is for corn.

Them pitchers what has been indulgin' in the spit-ball has got this season to think of something new. They ain't goin' to be allowed to use it the next year. Maybe some of them will have to go back to the

plumbin' business like they was before.

Them's the things that was before an' ain't goin' to be no more. Now for them other things mentioned at the beginnin'.

Kerrville is goin' to have a better team than it ever had before—that's something they ain't had. I heard one fellah say, "This team what's comin' out with the Springtime is goin' to be a hooper-doo"—anyway that's what it sounded like. I don't know what that is, but it sounds alright. I'm just curious enough to go down to the first game and find out what it is.

They's some of the old boys left here yet an' if they've growed into Hooper-does this Winter I guess it's alright. But if this "hooper-doo" affliction ain't the right thing they'll have to be operated on pronto.

Then they's goin' to be new uniforms all around. What you got to say about that? What color? Bless your heart, I don't know. I don't care so's they're green, or blue, or red, or white, or brown, or some other color. The mainest point is to get some fellahs that can wear 'em to the creek of Kerrville. I reckon they'll be mostly alike, that is the uniforms.

They do say they's goin' to be some changes and promotions at the ball park. But don't let that keep you awake nights, but come down to the first game and see what they are.

Players is all right, uniforms is the same and improvements in the park is likewise, but what is needed most of all is fans—noisy, enthusiastic fans, game from the ground up, ready to follow the team for better or worse just like they was married to it or somethin'. Fans can make or break any team that ever was. So get a ready to hoop-er-up for these here "hooper-does."

"Strike thr-ree! Yer out!" We'll be hearin' it soon—a-hearin' it soon.

BUILD NOW!

"Construction Adds to Wealth of Country and Individual."

Wages are paid for the creating of wealth. Wages are labor's share of the wealth it HAS produced, rather than a mortgage on wealth that it WILL produce. Wealth depends upon construction; and in the building field not only does the individual add to his personal wealth, but he adds to the assets of the Nation.

The United States now has more wealth than any other two nations combined. Every house built, every road constructed, every public building and improvement, is adding to that great accumulation of permanent wealth, making the Nation stronger and stronger.

A general, country-wide campaign of building, assuming reasonable intelligence is exercised, would do more than any other one thing to increase the permanent wealth of the Nation and the individual. While its permanent wealth is piling up—especially when it is in the nature of homes owned by individuals—a nation may have its perplexing problems, but there is nothing serious or dangerous in its industrial status.

The permanent wealth of the country is represented in homes, buildings, private and public construction work—is the Nation's reserve fund. As long as the reserve fund is growing the Nation is a Going Concern and in sound condition.

If you would add to your personal wealth and make the Nation spander and stronger—BUILD NOW.

K.M.S.
MANY WOMEN USE
GLYCERINE MIXTURE

Kerrville women will be surprised at the INSTANT pleasant action of simple glycerine, buckthorn bark, etc., as mixed in Adler-I-ka. One spoonful relieves ANY CASE gas on stomach or sour stomach. Because Adler-I-ka acts on BOTH upper and lower bowel it often cures constipation and prevents appendicitis. One lady reports herself CURED of a bad case of bowel trouble and constipation. Kerrville Drug Company.

Why man—
 we made this
 cigarette for you!

Camel CIGARETTES

CAMELS fit your cigarette desires so completely you'll agree they were made to meet your taste!

Unique flavor, fragrance and mellow-mild-body due to Camels quality and expert blend of choice Turkish and choice Domestic tobaccos are a revelation! You will prefer the Camel blend to either kind of tobacco smoked straight!

With Camels you can go the limit without tiring your taste. They leave no unpleasant cigarette after-taste; no unpleasant cigarette odor!

To get a line on why Camels win you so completely compare them puff-for-puff with any cigarette in the world at any price. You'll prefer quality to coupons or premiums!

"BEST HEALTH IN YEARS"
 —FROM INTERNAL BATHS

Miss Frances Herrod, care of Plunkett-Jarrel Grocery Co., Little Rock, Ark., writes Tyrrell's Hygienic Institute, of New York, as follows: "I am very glad to tell you that I am more than pleased with the results obtained from the use of the 'J. B. L. Cascade,' and am in better health than I have been in years."

This is but one of thousands of the same kind of letters received by Dr. Chas. A. Tyrrell, of New York, the inventor of the "J. B. L. Cascade."

By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 95 per cent of all human ailments.

W. H. Rawson & Son in Kerrville have filled an enormous demand for "J. B. L. Cascade" in the past few years and will show and explain it to you on request. An interesting booklet on Internal Bathing—"Why Man of Today Is Only 50 Per Cent Efficient"—can be obtained at their store free of any cost.

 Notice to Public

All persons interested in a minimum wage for women and minors, that will shortly be put into operation in Texas, are invited to the final Statewide hearing to be held in the Senate Chamber at Austin, March 15, 16, 17 and 18, inclusive.

The Industrial Welfare Commission, created by the Thirty-Sixth Legislature, has been given power to investigate the cost of living and establish "A Minimum Wage to be paid women and minors engaged in any trade, occupation or industry in this State which shall be adequate to supply such women and minors the necessary cost of proper living and to maintain the health and welfare of such women and minors."

This commission has conducted investigations covering all sections of

the State and held hearings in all the consequential cities. After the Statewide hearing to be held in Austin in March, to which all interested are invited, the commission will tabulate all information and promulgate the wage.

FRANCES E. SUTHERLAND,
 Secretary.

CATHOLIC CHURCH NOTES
By Father Kemper

The Erownson Literary Society of Notre Dame Institute promises to observe St. Patrick's Day with a typical Irish program on March 17th, at 3:30 p. m. in their school auditorium.

The Feast of St. Joseph, foster-father of the Christ Child, will be observed on Friday, the nineteenth, with a solemn High Mass at 7:15 a. m., followed by Benediction.

The sixth anniversary of the death of Wm. Kemper, founder of Notre Dame and Gaadalupe Schools, occurs on the eighteenth and will be commemorated in the Mexican Chapel on that day with a Requiem Mass.

Last Friday at the customary devotions to the Sacred Heart of Jesus, there were eighty communicants. Five adults made their First Holy Communion in the Gaadalupe Church last Sunday. Nearly six times as many Mexican men and women have already fulfilled their Easter duties this Lenten season as during the entire year of 1919.

Seven Mexican couples were united last week in the holy sacrament of matrimony. Baptism was administered to Francisca Rosales, and in St. Mary's Church to Leona Florence Reeves, the daughter of Delmore C. Reeves, who came for this purpose from Camp Verde.

As explained last Thursday, in a friendly letter to Bro. Houts, his religious census for Kerrville is slightly inaccurate regarding the number of Catholics. All told there are about five hundred and sixty Catholics in this community, instead of one hundred and twenty-five; but even after deducting all the Mexicans and negroes, all the Americans outside of city limits and all the children under 14 years of age who through the waters of regeneration, according to Holy Writ, are washed from the stain of original sin, the number at present writing is (194) one hundred and ninety-four.

The sight of the big flag at Notre Dame floating at half-mast last Saturday puzzled a great number of spectators until they realized that it was a tribute to the fallen heroes of the Alamo. Four days previously the Notre Dame students observed Texas Independence Day in an instructive and patriotic manner.

Miss Helen Mosel, secretary of the Brownson Literary Society, returned on Sunday strong and healthy after her much-needed rest, during which interval she gained over twenty pounds.

Mrs. Geo. Shumaker went to the Base Hospital to visit her invalid soldier boy, Jimmie, who is slowly convalescing.

Mr. and Mrs. Anthony Blum are making their winter quarters in our health resort to avoid the cold weather of Chicago. Mr. Blum is a first cousin of Bro. John Wolf, who directed St. Louis College during its initial years while Father Kemper was one of the students. He is an experienced oil geologist and never missed any of his guesses last year in locating productive wells in new wild-cat territory.

D. Eugene O'Brien returned from his Uvalde oil well on Saturday in company with J. J. Flanagan, who had spent a month in the southeastern section of the State, from Corpus Christi via Brownsville to McAllen.

Rudolph Stehling motored last week to White Oak and Tivdale, where he renewed social and business acquaintanceship.

Mrs. Frank Krueger on Saturday entertained her sister, Miss Mary Moravitz, of Bandera, and Mrs. Albert Rosenthal and daughters of Tarpley.

Services next Sunday will be as follows: 8 a. m. at the Mexican Church with Gospel instruction in Spanish 10:15 a. m. at St. Mary's with Biblical sermon, and 2:30 p. m. Sunday School and Benediction. Non-Catholics are always welcome to any of our services.

Mexican Baptist Church

Sunday school, 11 a. m. B. Y. P. U., 7:30 p. m. Evening service, 8:30 p. m. Prayer meeting, Wednesday night.

KERRVILLE BOY MAKING GOOD IN INVENTIVE LINE

Harry Dietert, son of Mr. and Mrs. Henry Dietert of this community, who graduated from Kerrville High three years ago, since which time he has been pursuing his studies in Iowa State College at Ames, Iowa, is attracting considerable attention as an inventor. A recent number of Iowa State Student says:

"H. W. Dietert of Des Moines, a senior mechanical, stepped into the light of the inventive world by recently obtaining a patent on a draughtsman's ink bottle holder. Mr. Dietert's invention is a rigid one-piece nickel plated sheet metal holder, capable of being clamped to a drawing table top and removed instantly when desired.

"Professor Chas. Roach of the engineering extension department has become interested in the possibilities of this drawing room accessory and is going to finance Mr. Dietert in producing it on a commercial scale. Punch, dies and necessary machinery are now being made and by next Summer when Mr. Dietert will have graduated, he will be in a position to start production.

"It might be of interest to students taking mechanical drawing to know that the various drawings made by the inventor were accepted by the patent office and were used in issuing the patent."

K.M.S.
Methodist Church Notes

The meeting is still going and the interest increasing. The crowds have been fine, despite the weather and the fact that so many of our people are on the sick list. We are not all sick, however, and there are some of our people who are not coming that ought to be there.

The success of this meeting depends not upon Brother Flowers, but upon the Christians of Kerrville. If they want a meeting we will have one. If they do not want it, and do not put forth an effort to get it, Brother Flowers or any other man can not hold a meeting here. This meeting is a challenge to every man and woman boy and girl in Kerrville that loves the Lord and His Kingdom, whether you belong to the Methodist Church or some other. If you are filled with the love of God and want to see souls revived and saved you will be there to do your part.

Brother Flowers is doing some very fine preaching, and he does it because the Lord is with him. He is not abusing anybody, but at the same time he hits sin and hews to the line. He preaches at 3 o'clock every afternoon and at 7:30 in the evening. The services are good indeed and if you do not come you are the loser. The people of Kerrville are robbing themselves of a blessing if they fail to hear him.

The meeting will continue rain or shine, cold or hot. Let no one think that we will fail to have service at the regular time because the weather happens to be a little bad. Not so.

Brother Flowers and his wife are successful evangelists. God is with them and is blessing them wherever they go. They will succeed here if the people of the church will back them as they should. The following recent record will show what kind of work they will do if the people will give them a chance. It is up to the church people.

Some of the recent meetings of Evangelist Flowers: Lexington, Neb., 175 conversions; Floydada, Tex., 165; Detroit, Tex., 152; Groveton, Tex., 170; Crosbyton, Tex., 135; Ralls, Tex., 117; Greensburg, Kan., 200; Protection, Kan., 208; and Halstead, Kan., 140.

During the month of January, Evangelist Flowers conducted a revival at El Dorado, Kan. There were 334 conversions and 180 of them united with the Methodist Church.

Once more we extend to the pastors of the town, and to all the church people, an urgent invitation to cooperate with us in this campaign against sin. Help make Kerrville a more religious town and a better place to raise your boys and girls in.

ROY T. HOUTS, Pastor.

K.M.S.
A SAFE TEST

For those who are in need of a remedy for kidney troubles and back-ache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Kerrville people.

T. M. Bradwell, retired farmer, Water St., Kerrville, says: "Doan's Kidney Pills helped me when I used them for kidney trouble. My kidneys acted too frequently, and caused me lots of annoyance. I often had back-ache and soreness across my kidneys. The action of my kidneys was my worst trouble, breaking my rest at night. I felt dull and tired mornings. I used Doan's Kidney Pills and they helped me by regulating my kidneys and benefiting me in every way." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Bradwell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

APRIL SHOWERS WILL MAKE MAY FLOWERS THIS YEAR, HART SAYS

Eagle Pass, March 6.—Rain wind and hail will figure largely in April weather, according to Billie Hart's prediction. He has only ten days of fair weather on his books. His forecast is as follows: April 1 to 3: Fair. April 4 to 6: Local rain and wind, South Central Texas, San Antonio, Southwest Texas, Eagle Pass, Northwest Texas.

April 7 and 8: Heavy rain, thunder, lightning, hail and wind, Central Texas, South Central Texas, San Antonio, Northwest Texas, North Texas, Southeast Texas Gulf Coast, Houston. Rain, Southwest Texas, Eagle Pass.

April 9 and 10: Fair. April 11: Heavy rain, electrical storm, wind and hail-storm, North and East Texas.

April 12 to 14: Heavy rain, electrical and hailstorms in South Central Texas, San Antonio, Southeast Texas, North Central and West Central Texas, Northwest and Southwest Texas.

April 15 to 17: Fair. April 18: Local rain, lightning, Northwest, North and South-Texas.

April 19 and 20: Heavy rain and electrical storms, North, East and Central Texas, Northwest, Northeast, Southwest Texas, Eagle Pass, South Central Texas, San Antonio, Gulf Coast, Houston, West Central Texas, San Angelo, Southwest Texas Gulf Coast, Corpus Christi.

April 21 and 22: Local rain, Northwest, North and Southeast Texas Gulf Coast and Southwest Texas Gulf Coast. April 23 and 24: Fair. April 25 to 27: Local rain, Northwest Texas.

April 28: Local rain, Northwest and West Central Texas, San Angelo, Southwest Texas, Eagle Pass. April 29 and 30: Local rain, North, Northwest and Central Texas.

CIVIC ALPHABET

By the Civic Committee, Arkansas Federation of Women's Clubs.

- A—Abandon the care of your back yard and you pave the way for typhoid fever.
B—Better observe a general "Clean-Up Day" this year than have cause for regret hereafter.
C—Civic improvement calls for the best effort of humanity.
D—Do your work well and disregard the critic.
E—Educate persons not to throw paper or trash on the street but to place it in receptacles.
F—Fire prevention saves life and property.
G—Good roads will add materially to the prosperity of your town.
H—Hearty co-operation of citizens and club members in work undertaken will effect wonderful results.
I—Improve school rooms and grounds so they will be attractive to both children and citizens.
J—Join Civic Improvement Clubs. You are needed.
K—Knock on the unsightly bill board and continue to knock.
L—Lead a crusade for the city beautiful.
M—Make your club a factor in your town life.
N—Never say quit when it is a question of health and beauty for your home town.
O—On with Beauty, Cleanliness and Health.
P—Push, Pull and Perseverance will make your town a model.
Q—Quit criticizing and begin work.
R—Request the city authorities to enforce the sanitary laws.
S—See that your premises are above criticism.
T—The tin can districts become germ breeders; banish them from your town.
U—Use every effort to have all eatables that are exposed for sale screened.
V—Vines and roses will beautify your premises.
W—Wage war on flies, mosquitoes and weeds for they carry and cause disease.
X—Expect help from every person in the efforts to make the town sanitary.
Y—You are responsible for the appearance of one part of your town. Don't forget that.
Z—Zeal exhibited at the annual clean-up day will put your town in a sanitary condition.

Baptist News Notes
The church business meeting last week was in every way a good conference. Some of our people are determined to make God's business first. Bro. John Kerwin, who united with us some weeks ago, died Friday night at 10:30 o'clock. The family left Sunday for their former home in Port Lavaca. These were excellent people. Bro. Mason Osborne went to Center Point last Saturday on business. Bro. Chas. D. Fine of Dallas met him there and they looked over that beautiful country together. Brother Fine may locate in this country. He is connected with the Winona Mills Co. of New Haven, Conn., and is a prominent and consecrated Baptist. He gives 80 per cent of all he makes to the Lord. It was the privilege of the Kerrville Baptist Church to have him speak for us Sunday morning on the important subject of "Stewardship."

The Senior B. Y. P. U. began the study of the Manual Sunday night. A good class is expected to enroll for this study. Mrs. Donaldson of McGregor, Tex., sang a beautiful solo at the 11 o'clock hour. She is the sister of our Mrs. J. B. McCauley. We will be glad to see her back soon. At the business meeting Wednesday night, J. B. McCauley was elected our Current Fund Church treasurer. J. T. S. Gammon is treasurer for the 75 Million Fund. A number of our members are still sick. We are very anxious to see them up and out again. The revival at the Methodist Church is growing in interest daily and we want our people to attend it and work just like it was their own meeting which it really is. The coming of a man like Evangelist Flowers means a great spiritual opportunity as well as responsibility. Let all our people make every sacrifice to be there. Our Associational Campaign will start Sunday, April 4, and will last three weeks. Every church in the association will be visited. Missionary M. C. Moore will make it hum. It looked like business Sunday to see our people bring in their new en-

Along with the other good things Kerrville is getting, is the opportunity of making "an investment in future manhood" by locating here a permanent camp of the Junior Y. M. C. A. Read about it elsewhere in this issue of The Mountain Sun and get ready to help.

The revival at the Methodist Church, commencing last Sunday, is steadily increasing in interest, and Evangelist Flowers is doing some very earnest preaching. Mrs. Flowers will join him some time this week and assist in the services.

FORD OWNERS—Have your car overhauled before Spring. The only BURNING IN STAND in this part of the country is at your disposal in our Repair Shop, and we guarantee our work to be perfect. DON'T have your bearings scraped by hand when you can have your Motor run in on our Block. Ford prices and contract work. LEE MASON & SON.

Chas. D. Fine, a prominent Dallas business man, and Mrs. Fine, who are sojourning at Center Point for a while, were Kerrville visitors Sunday, and Mr. Fine, who is one of the strong laymen of the State, spoke at the Baptist Church at the morning hour on "Christian Stewardship," an address which proved to be intensely interesting and informative. Mr. Fine is so favorably impressed with Kerr County that he is seriously contemplating investing in land and making his home in the Hill Country.

The Kerrville friends of Mrs. M. G. Taylor and Mrs. Kathryn King, former residents of this city but now in San Antonio, are sorry to hear of their recent heavy loss by fire, in which not only was Mrs. Taylor's residence, which she had just bargained to sell, burned, but all her clothing, household goods, etc., also Mrs. King's furniture, which was stored in the same house. Both ladies lost old family heirlooms, valuable paintings, rare books and other valuable mementos of their old home in England which no amount of money could replace. The building destroyed had been sold and the deed was to have been signed an hour later. The fire started, it is said, from the explosion of an oil heater Mrs. Taylor had left burning in her room while she stepped out for a short while.

The Ford Model T One Ton Truck was the first low price truck to carry the worm-drive—that tremendous power delivering mechanism had previously been an exclusive feature with high priced motor trucks. In the Ford Truck, however, you get the worm-drive of manganese bronze material, absolute in strength and positive in the delivery of power, at a very low price. Come in and let us point out the many superior merits of the Ford One Ton Truck, because you need one in your work. We give prompt and efficient repair service.

THE "FORDSON"

FORDSONS are going to be scarce this Spring. The scarcity of material and labor and the tremendous demand for Ford Cars and Tractors will cause us to run at least three months behind in our orders. The FORDSON, with its speed, is the greatest machine for reaping on the market, so place your order early and have yours in time to be of use for that purpose.

LEE MASON & SON Kerrville, Texas

Effective Printing

means good type, good presses, good workmen and good paper. We have the equipment and the workmen for you, and use Hammermill grades of bond, safety and cover papers. Let us show you.

Cars washed and polished. Kerrville Motor Sales Co. 10-tfc

Glenn Brooks returned Sunday from Tyler and is again at his desk in the Chas. Schreiner Bank.

Look at that expiry date on your address label and if it is not up to 1-1-21, "obey that impulse."

FORD CARS and TRUCKS, 25 per cent down and balance in twelve months. LEE MASON & SON. 12-tfc

It will now probably be up to Kerrville to look out for a new dairy, or to persuade Messrs. Lewis to keep theirs going in a new location. The matter of a really good dairy is one of vital importance to the community, especially to the children and sick folk, and the Commercial Club should get busy.

Some rather severe cold, with temperatures as low as 18 and 20 degrees reported, prevailed following the dust storm which blew up on Wednesday evening of last week, followed by a norther Saturday night. Considerable ice formed in places, but no serious damage has been reported, so far as we have heard. Misty, cloudy weather prevailed on the heels of the cold snap, and it was hoped that the needed rain would develop, but not so up to this writing.

THREE-ROOM COTTAGE FOR RENT LEWIS DAIRY

PHONE 79

Fresh bread at C. C. Butt Grocery, Phone 72. 11-tfc

Dr. J. Stevens, a prominent San Antonio veterinarian, was here last Saturday and arranged for regular visits in the future.

It's not what you make, but what you save that counts. Are you getting ahead or slipping behind? War Savings Stamps are pretty good non-skid chains.

A jolly crowd accompanied the three K. P. S. basket ball teams to Center Point Saturday last, but were disappointed to witness three defeats chalked up against Kerrville.

Ask your boy or girl about the Thrift-Savings Survey to be made in his school. Get interested in his financial education or her economic training, and you won't have to worry about your "young 'un's" future.

President Johnston of the School Board informs us that Miss Annie Webb Blanton, State Superintendent, is to deliver the class address for the graduating class of the Kerrville Public Schools on Friday, May 21.

Always Welcome
 You little rascal—played along the way, didn't you? Kept grandma waiting! Oh well, it's all right. Because
CALUMET BAKING POWDER
 is always right. It's worth waiting for. Always welcome. Never strikes its work. Never fails. Never wastes minutes or materials and I know it's pure and wholesome, as Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
 You save when you buy it—just save when you see it.

 Hillcrest Items

Miss Esther Sobel, who spent last Summer and Autumn at Hillcrest, accompanied by her sister, Miss Helen, from Beaumont, arrived here Friday evening of last week. Miss Esther returned to Beaumont Sunday afternoon, while Miss Helen will remain at Hillcrest for a few weeks' rest.

Archibald Stoller, who has been visiting at Hillcrest since December, accompanied Miss Esther Sobel on a sight-seeing trip about Kerrville Saturday afternoon. Among other points of interest mentioned on their return were the Scofield School and Monument Hill.

Mrs. Lena Elmore of Delhi, La., who has been in Kerrville for more than a year and at Hillcrest since July, contemplates returning to her home in April for a brief visit. It is her intention to return here and locate permanently, bringing her son with her. Mrs. Elmore has made a remarkable gain in health while at Hillcrest.

G. T. Sisk of Tallihina, Okla., returned to his home recently after spending four months at Hillcrest. During his sojourn here he gained remarkably. Between December 15 and January 25 he acquired twenty-six pounds of avoirdupois.

Mesdames Beamer & Lenox, who purchased Hillcrest from Mr. Arnold about a year ago, had the misfortune to find it necessary to cut and convert into firewood about thirty fine pecan trees which were washed out by the floods last Autumn. However, they acquired a sizable pile of wood, and at present prices the salvage is appreciable.

Gardens in the southwest part of town are suffering for rain. Where irrigation is possible it will be resorted to in a few days if rain does not come. August Faust, the champion gardener of the neighborhood, has been industriously engaged in getting an early start. The frost caught some of his early plantings which, however, were not extensive. With the irrigation plant which Mr. Faust installed last year, but found an occasion to use, he is insured against crop failure by the drought route.

There was a battle royal between the upstarting weeds and Bermuda grass at Hillcrest last week, the first of the season. The lawnmower won all the way, though it suffered somewhat from its strenuous effort. With proper attention it will be ready for a second engagement when the weeds et al are ready for combat. Of course,

Taxing the Rainbow

This is income-tax week for lots of folks, and they kick some, even at having to pay to run our Government. But suppose you were paying out taxes—big taxes—just to paint the rainbow of promises! In next week's issue of

The COUNTRY GENTLEMAN

John E. Pickett begins the story of Taxing the Rainbow. Read it—and see what happens, right here in America, where the Reds and the pinks and the theorists and the internationalists have a voice in *bossing the farmer!*

The farmer is making himself heard in the land today as never before. He refuses to let anyone pull him round by the nose in politics; he refuses to sanction strikes that will react on him as the feeder of the Nation. In all this new independence of thought THE COUNTRY GENTLEMAN is taking a prominent part. THE COUNTRY GENTLEMAN speaks for the farmer. It is written by farmers for farmers. And more than 600,000 a week are now reading it. If you are not one of them already, let me put you on the subscription list today. Only \$1.00 sent me will bring you 52 big, helpful, friendly, weekly issues.

SORGHUMS TO TAKE PLACE OF CORN AS FEED FOR SHEEP

Spur, Tex., March 3.—The ninety-day sheep feeding test to compare grain sorghums with corn, which closed February 24, has proved conclusively that the sorghum grains will supplant corn in West Texas for sheep feeding because of their cheapness. The test was conducted at the Spur Experiment Substation No. 7, A. & M. College, located here. The object of the test was to determine the relative gains and economy of cost of grain in fattening lambs on grain sorghum, 59,000 bushels of which were harvested in the West in 1919-20.

Six lots of twenty head of Rambouillet lambs each comprised the test lots. Lot No. 1 was fed milo heads nine parts and cottonseed meal and alfalfa hay one part. Lot No. 2 was fed threshed ground feterita nine parts and cottonseed meal and alfalfa hay one part. Lot No. 3 was fed ground corn, cottonseed meal and alfalfa hay. Lot No. 4 was fed ground corn, cottonseed meal and alfalfa hay. Lot No. 5 was fed threshed milo, cottonseed meal and alfalfa hay. Lot No. 6 was fed ground threshed Kafir, cottonseed meal and alfalfa hay.

Each animal was fed the same amount in pounds of maize, Kafir, feterita or corn, according to the lot they were assigned.

The average daily gains in pounds per head for Lot No. 1 was .362; Lot No. 2, .36; Lot No. 3, .393; Lot No. 4, .394; Lot No. 5, .339; Lot No. 6, .372. Over 3 is considered very good and above the average. The best grade of No. 2 corn was fed in the contest.

The most uniform of the lot was those in Lot No. 2, being uniformly fleshed. There was, however, no great difference. All of them would have commanded the same price on the market.

The average daily ration was grain, 1.08 pounds; cottonseed meal, .14 pounds, and alfalfa hay, 1.89 pounds. The amount of feed per 100 pounds gain in weight was:

Lot No. 1, grain and meal 336.9, hay 522.9; Lot No. 2, grain and meal 338.8, hay 529.9; Lot No. 3, grain and meal 310.4, hay 481.7; Lot No. 4, grain and meal 309.8, hay 480.8; Lot No. 5, grain and meal 359.9, hay 558.6; Lot No. 6, grain and meal 327.7, hay 558.9.

The cost of feeds are shown: Milo and feterita heads, ground, \$30 a ton; threshed milo, feterita and Kafir, \$41.77 a ton; corn chops, \$63.09 a ton.

The analysis of compositions were as follows: Milo Maize: Protein, 12.58; fat, 3.15; crude fiber, 2.62; nitrogen, free extract, 70.18; water, 8.60; ash, 2.92. Corn: Protein, 9.85; fat, 3.71; crude fiber, 2.40; nitrogen, free extract, 72.38; water, 10.61; ash, 1.38.

Milo Heads: Protein, 11.10; fat, 2.82; crude fiber, 5.97; nitrogen, free extract, 66.84; water, 9.94; ash, 2.48.

The series of tests conducted by the Spur Experiment Station shows that milo maize in feed value has a rank of 93.7 with corn and is so much cheaper that it will probably be universally used for sheep in the West.

At the Spur Experiment Station thirty head of Karakules are now being tested out. They were imported from Aisa Minor. These animals carry their "bank account" in their tails, so that they have the same reserve of food to draw from in times of drouth and necessitate as little feed as the proverbial camel. They have not been extensively distributed throughout West Texas because they are not widely known. The Rambouillet is given precedence in Western Texas.

K.M.S.— Ingram Baptist Church Notes

The cool breath of wind and the ice last Sunday impressed us very keenly that Winter is not over. The pastor, just recovering from a two weeks' siege of flu which made him feel lost without his people, was pleased to meet with those few faces in the morning service.

Rev. M. C. Moore, our missionary, ran in at the evening service and gave us a very helpful message. Those of you who were not present at that service will likely be interested in these announcements:

Your pastor goes next Sunday morning to Sunset, in the afternoon to White School and back to Ingram for evening services. This varies somewhat from our regular program, so just bear in mind that fact and meet with us at the appointed hours.

Our long hoped for canvass for enlisting our working force will begin soon. You may expect us to search out every den on the field. We expect to find you, so be sure to greet us with a smile. R. C. WALKER.

K.M.S.—
Six big truck loads of machinery for the Rex Oil Co.'s rig over the Adamietz well on Julian Creek, three miles south of town, arrived this week and the remainder is expected to arrive before the end of the week. We understand Mr. Beasley will rush the work assembling the machinery and will soon be ready to start drilling.—Bandera New Era.

FREDERICKSBURG REPORT OF RECENT GAMES HERE

Fredericksburg Standard.
Alfred Neffendorf, Director of Athletics, reports a pleasant trip to Kerrville as the weather cleared up, and the roads being in fair condition.

Some nine cars made up the party. Lunch was taken and eaten at the last crossing of Wolf Creek.

First the party motored up and down the main part of town upon arriving at Kerrville, and thence to the school grounds.

The boys' game was called at about 1:45 p. m. The Fredericksburg boys were in the lead for a while and worked hard, but the size of Kerrville's center and the excellent goal shooting of Wilson gave them a score of 24 to 8 in their favor.

The girls' first team game was a hard fought game from beginning to end. The Fredericksburg girls took a safe lead and kept it there with a score of 23 to 19 in their favor. All players did splendid work.

The game with the second teams put Kerrville more and more a-guessing as to the outcome, as they had conquered before, but this was to tell a different tale. The crisis came in the last minute of the game, when time-out had been taken for one of the players who was hurt slightly, but was well again in a minute and insisted on playing on.

The score now stood 11 to 10 in Kerrville's favor with one more minute to play.

Due to the good work of the centers the ball went to our goal and a field goal was scored, which put Fredericksburg one ahead. Cheering was at its height, but the climax was reached when the last free throw was caged by Ellie, who did splendid shooting from the foul line. So we were proud of carrying off a second game with the score of 11 to 13 in Fredericksburg's favor.

All three games were refereed by Mr. Neffendorf.

Supper was eaten at Wolf's Creek on the way back.

Upon arriving in town the players, teachers and patrons who were so liberal in furnishing conveyances to Kerrville gathered at Kieerner's Fountain and celebrated the victory.

Upon a few songs, a refreshing drink, and a vote of thanks to the patrons who favored the group with conveyances, the group departed home.

Mr. Neffendorf as Director of Athletics wishes to thank the patrons once more, through these means for their hearty co-operation in letting the school have the cars to go to Kerrville in, since some could not attend the celebration.

K.M.S.— School Notes

School work is progressing nicely in spite of the loss of three weeks' time during the "flu" epidemic.

On the first day after school reopened the pupils and faculty enjoyed the chapel period immensely. Rev. J. B. Holt spoke in behalf of the Armenian Relief Fund and Mrs. G. M. Doyle, accompanied by Mrs. Scott Schreiner, favored us with a beautiful solo, "Peep o' Day," written by one of our own Kerrville girls, who Mrs. Doyle says is a veritable "apostle of sunshine." Mrs. Real gave an interesting resume of "Il Trovatore," followed by selections from this opera and numbers from Harry Lauder's repertoire.

The First Grade has made great headway in learning new folk dances, the records for which were recently purchased by the Parent-Teachers' Club.

The pupils of the Second Grade have been studying little poems for their language lesson. One day they tried their skill at writing verses. Some started out beautifully, but had to receive help from their classmates in writing a word or two. Here are three of these original verses:

I have a little flower
And I see it every hour;
As it grows prettier every day
It makes me happy and gay.
—IRMA MOORE.

The clouds are white
Up in the sky so high.
What a pretty sight
To see them sailing by!
—CHARLES SHELburne.

I was riding on a goat
And I buttoned my coat;
When he threw me in the lake,
Daddy pulled me out with a rake.
—EUGENE ARCHER.

"The Sammy Savers" of the Third Grade report eighteen Thrift Stamps and one War Savings Stamp purchased this week, making a total of 337 of the former and four of the latter. They have also to report a donation of \$8.03 to the Armenian Relief Fund.

Kerrville was defeated in all three of the basket ball games played at Center Point last Saturday.

K.M.S.—
For some time to come every wood-pile erected by German will be well worthy of a search for concealed Ethiopians.—Anaconda Standard.

K.M.S.—
And think that a few years ago the possession of money was proof of wealth.—Greenville (S. C.) Piedmont

THESE FREQUENT REMINDERS

that we are engaged in selling Good Lumber and Building Material would be worse than useless were it not a fact.

We hope, when you awake to the fact that you need something in our line, the remembrance of the above fact will be a factor in directing your steps here.

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

Turtle Creek Items

G. W. Lamb visited Kerrville last Saturday.

C. S. Childs and family visited relatives on Turtle Creek Sunday.

Mr. and Mrs. A. K. Macdowell were business visitors to Kerrville last Saturday.

Mrs. Oliver Goss and little son are spending the week with the former's parents in this community.

Boyd Jetton of Junction spent the week-end here with his family.

Turtle Creek School is progressing nicely. There has been no "flu" in the community and no time lost from school. The School Board has purchased recently an excellent library and other materials which help to make this one of the more modern schools of the county. The people of the community are wide awake and enthusiastic on all school improvement lines and are sure to keep their school near the front.

K.M.S.

An Appreciation

The Mountain Sun is requested by the committee, who have charge of the matter for the Commercial Club to express to the people of Kerrville and vicinity their sincere appreciation of the co-operation given them in securing the location of the Seldier Sanatorium near our city.

The committee has been met with but few refusals and with uniform courtesy.

K.M.S.

In view of that indemnity total there are signs that the new German national motto will be "God Save the Mark."—Manila Bulletin.

Hillcrest Items

Miss Esther Sobel, who spent last Summer and Autumn at Hillcrest, accompanied by her sister, Miss Helen, from Beaumont, arrived here Friday evening of last week. Miss Esther returned to Beaumont Sunday afternoon, while Miss Helen will remain at Hillcrest for a few weeks' rest.

Archibald Stoller, who has been visiting at Hillcrest since December accompanied Miss Esther Sobel on a sight-seeing trip about Kerrville Saturday afternoon. Among other points of interest mentioned on their return were the Scofield School and Monument Hill.

Mrs. Lena Elmore of Delhi, La., who has been in Kerrville for more than a year and at Hillcrest since July, contemplates returning to her home in April for a brief visit. It is her intention to return here and locate permanently, bringing her son with her. Mrs. Elmore has made a remarkable gain in health while at Hillcrest.

G. T. Sisk of Tallihina, Okla., returned to his home recently after spending four months at Hillcrest. During his sojourn here he gained remarkably. Between December 15 and January 25 he acquired twenty-six pounds of avoirdupois.

Mesdames Beamer & Lenox, who purchased Hillcrest from Mr. Arnold about a year ago, had the misfortune to find it necessary to cut and convert into firewood about thirty fine pecan trees which were washed out by the floods last Autumn. However, they acquired a sizable pile of wood, and at present prices the salvage is appreciable.

Gardens in the southwest part of town are suffering for rain. Where irrigation is possible it will be resorted to in a few days if rain does not come. August Faust, the champion gardener of the neighborhood, has been industriously engaged in getting an early start. The frost caught some of his early plantings which, however, were not extensive. With the irrigation plant which Mr. Faust installed last year, but found no occasion to use, he is insured against crop failure by the drought route.

There was a battle royal between the upstarting weeds and Bermuda grass at Hillcrest last week, the first of the season. The lawnmower won all the way, though it suffered somewhat from its strenuous effort. With proper attention it will be ready for a second engagement when the weeds et al are ready for combat. Of course,

Taxing the Rainbow

This is income-tax week for lots of folks, and they kick some, even at having to pay to run our Government. But suppose you were paying out taxes—big taxes—just to paint the rainbow of promises! In next week's issue of

The COUNTRY GENTLEMAN

John E. Pickett begins the story of Taxing the Rainbow. Read it—and see what happens, right here in America, where the Reds and the pinks and the theorists and the internationalists have a voice in *bossing the farmer!*

The farmer is making himself heard in the land today as never before. He refuses to let anyone pull him round by the nose in politics; he refuses to sanction strikes that will react on him as the feeder of the Nation. In all this new independence of thought THE COUNTRY GENTLEMAN is taking a prominent part. THE COUNTRY GENTLEMAN speaks for the farmer. It is written by farmers for farmers. And more than 600,000 a week are now reading it. If you are not one of them already, let me put you on the subscription list today. Only \$1.00 sent me will bring you 52 big, helpful, friendly, weekly issues.

"A Grand and Glorious Feeling"

(With Apologies to the Funny Papers)

When the first of the month is approaching and you are dreaming about how you are going to stand off the bill collectors, and you remember that you have already exhausted all the excuses in the language, and you are wishing that the weather was fine so that you could go on a hunt or a fishing trip or somewhere, but realize with the rain pouring down and the temperature ranging round the freezing point, it is no go, and you are wondering if you could borrow money enough to pay off your bills, AND THEN—

You wake up and remember that you have been buying strictly for cash and owe no bills; Oh Boy! Ain't it A GRAND AND GLORIOUS FEELING?

Cash-and-Carry Grocery, Kerrville, Texas

DO YOU LIKE TO GO FISHING?

You know, to a good sportsman, Shakespeare means something far more meaningful than "Hamlet" and "The Merchant of Venice." Your true angler may not know how Othello won Desdemona with wild and thrilling tales, but he could undoubtedly go the Moor one better with his stories of how he landed 'em one after another with Shakespeare fishing tackle. For he knows that Shakespeare means first, last and all the time the best tackle—the smoothest-running reels—the most dependable line—the luring-est bait. To go fishing with Shakespeare stuff means that—if the weather is right—and the season is on—and you're not an utter boob—you're BOUND to get the biggest bass in the hole.

And Who Carries Shakespeare Tackle?

EDUCATIONAL CRISIS AND THE TAXATION SYSTEM

The inadequacy of the statute is the cause of the deplorable situation confronting the educational institutions of the State, for had the statute been equal to enforce the mandate of the Constitution, "Taxation shall be equal and uniform," the present inequality in rendition values as between counties would not exist.

The assessments in the several counties of the State are made in consideration of local needs only, and the result is that there is fully 200 per cent difference between the low and the high assessment counties, and these conditions are causing a loss of millions of dollars annually to the schools of the State.

Under proper adjustment of all taxable values in the low assessment counties, to the basis of the high assessment counties, or 40 per cent of actual value, approximately four million dollars will be added to the school fund under the general tax, and the additional revenue from the local tax will be fully as much or perhaps twice the amount.

What Texas needs is not full value "but uniform value," and upon a basis that will provide for the needs of the schools. A system of uniform rendition values as between counties will not only secure ample funds to maintain the schools properly, but also correct one of the most monumental wrongs ever perpetuated upon the patriots of the State, who have, and now are, supporting the schools so loyally.

Under our present system, one hundred and forty-five counties of the State are being unjustly taxed for approximately four million dollars per annum over and above their rightful share, while ninety-seven counties are escaping approximately four million dollars of the taxes they rightfully should pay. The most startling revelation, however, is evidenced in the fact that twenty-one counties in the State, after paying into the State Treasury all of their taxes arising under the total State rate of 75 cents on the one hundred dollars of assessed values, receive back from the State school revenue alone all the taxes so paid to the State, plus a bonus of seven hundred and sixty-eight thousand dollars. This results from our lack of system by which each and all counties may be required to meet their obligations to the State.

"The Texas League for Equal and Uniform Taxation" earnestly urges the taxpayers of Kerr County to join in the movement of establishing in Texas a modern system of taxation, one that will enable our grand old State to distribute the burden of taxation in an equitable manner.

GUS REININGER,
Field Worker for the League.

ILLUSTRATED LECTURE ON TUBERCULOSIS

This lecture, which consists of sixty hand-colored slides accompanied by typewritten outline, is suitable for use in schools, churches, women's clubs or any large gathering. It was prepared for the State Tuberculosis Sanatorium and the Division of Visual Instruction of the University of Texas.

There is nothing morbid about this lecture. It is bright, interesting, instructive. The lecture is in four sections, entitled respectively: "Tuberculosis is a Germ Disease," "You Can Catch Tuberculosis," "Tuberculosis May Be Cured" and "Tuberculosis May Be Stamped Out Only by Community Effort."

The lecture may be obtained either from the State Sanatorium, Sanatorium, Tex., or through the Department of Visual Instruction, University of Texas, Austin, Tex. It should be booked well in advance. It will be furnished to any responsible party. The Sanatorium is not in position to furnish lanterns and requires that shipping charges be paid both ways on the lecture, and that it be held not more than seven days.

Bureau of Correspondence,
State Sanatorium,
Sanatorium, Texas.

American Legion, Attention

The Mountain Sun is authorized by Adjutant Baker to say that the temporary charter of Garrett-Baker Post, No. 13, has arrived, and a meeting of all members and prospective members is called for 8 o'clock Saturday evening, at the Court House, on important business.

A good attendance is very much desired.

—K.M.S.—

The School Board, which some time since requested the State Superintendent to cancel the certificate of Miss Barnes, on the ground of breach of contract without notice, has been officially notified that the request cannot be granted.

HALF A CENTURY

1869---1919

THE SPRING SEASON

of the first year of our second half-century finds us well prepared to take care of our trade. Our new store building is nearly finished and will soon be ready for occupancy, and the reconstruction work on the balance of the block will soon be under way, so that we can ere many moons invite you to probably the biggest and best retail store in any town of this size in the State. Meantime, we are prepared to serve you well, and you are urged to come often. We appreciate your patronage.
