SECRETARY BAKER CALLS UPON CITIZENS TO HELP

To the Men and Women of Kerrville: Through this medium, I wish to express my sincere appreciation of the confidence reposed in me by the Board of Directors of the Kerrville Commercial Club, evidenced by their having selected me as the club's secretary for the remainder of the year 1920.

I assume the duties with much misgiving. I am conscious of the responsibilities which the position imposes, and without the co-operation—and even direction, in large measure—of the good thought and leadership of the community, I will fail in the attainment of the end sought by those who have organized and financed the club.

During my tenure of office, it shall be my desire and effort to represent the commercial, social and moral interests of this town in such manner as will comport with the spirit which prompted the organization of the club, and I assure the residents of Kerrville that I shall gladly and at all times courteously receive any suggestion, having as its object the betterment of this splendid little city. Meet me on the streets, call me by phone—239—or, still better and more agreeable to me, come to me in the office of the club in the Pampell Building over Cash-and-Carry, and tell me the good and the nice and the proper thing to do to help make Kerrville a larger, a healthier and a better town to live in.

I especially invite and request the ladies to put some of their fine and pretty thoughts and ideas into effect through a civic movement, having as its object a cleaner and more beautiful Kerrville. Theirs the mind to conceive, theirs the hand to fashion the little touches only necessary to make this one of the most attractive and delightful towns in Texas. One can never forget their first fine impression of San Marcos, and needs no one to tell him that the general beauty, cleanliness and tone of refinement of that pretty town but reflects the good taste of its womanhood publicly expressed.

Kerrville may grow commercially from the efforts and ability of its good women, but it will never attain that proportion of beauty for which Nature shaped and intended it, unless and until the mind and hand of woman is reflected and felt.

Yours for a Larger and Prettier Kerrville,
W. C. BAKER,
Secy. Kerrville Com. Club.

Mrs. Wheelers Entertainers

Mrs. J. S. Wheeler entertained with a delightful tea last Saturday afternoon in compliment to her daughter, Mrs. Bowman, of Philadelphia.

The guests were welcomed by Mrs. L. D. Garrett and Mrs. G. M. Doyle and ushered into the reception room, where they were received by the hostess, who, in her charming manner, made each one feel at ease. Those in the receiving line were Mrs. J. S. Wheeler, Mrs. Geo. H. Bowman of Philadelphia, Mrs. Lottie Cox Johnson of Beaumont and Miss Nan Palmer.

Miss Hattie Garrett, Mrs. Palmer and Mrs. P. J. Dominguez received the guests in the rest room, where an hour was spent in delightful conversation, after which, passing to the dining room, a delicious repast was served. Here the hostess was assisted by Mrs. H. C. Geddie, Mrs. Lee Wallace and Mrs. J. M. Roberts. Miss Annabel Dickey presided at the table where cake was served, Miss Kathleen Higgins served Charlotte, Miss Fannie Huntington presided at the coffee service and Mrs. John Barney poured tea.

The house decorations were pleasing and effective. The living room was in blue with adornment of American Beauty roses and blue larkspur. In the rest room yellow daisies added their charm with piquant, up-turned faces. In the hall pink roses and pink larkspur lent their beauty to the scene.

The dining room was resplendent in cut glass and silver with decorations of Maiden Hair ferns and Dorothy Perkins roses. On the rear verandah, which had been converted into a veritable bower of greenery and yellow daisies, Misses Mammie Heinen and Lucile Williamson served punch. The costumes worn upon this occasion were elaborate and beautiful. Mrs. Wheelers were an attractive gown of embroidered net over taupe satin. Mrs. Bowman, the honor guest, was radiant in crepe net embroidered in gold and silver, worn over cloth of silver. Miss Palmer wore a silver-spangled costume of black net. Mrs. Johnson was handsomely gowned in apple green silk embroidered in silver. About eighty-five guests left their cards.

EDITORS TO CONVENE IN
HOUSTON, JUNE 10-12

Houston, May 10.—After several meetings of President Sam Fore Jr., and the executive committee of the Texas Press Association, everything is about all set for the big week when the editors of the State will be guests of the City of Houston, the sessions opening June 10 and continuing to the night of the 12th.

Although the seventeenth floor of the Rice Hotel has not been reserved for the entertainment of the editors there will be plenty doing so that no one is expected to be yawning from ennui. Secretary Sam P. Harben of The Richardson Echo has completed the makeup of the program, and every one knowing the participants will say it is "some program." It is as follows:

"Back-Agin, Gone-Agin."—Col. W. G. Sterett, News, Dallas.
"Government Advertising."—Hon. Hatton W. Sumers, Washington.
"The Paper Situation From the Big Daily Standpoint."—W. H. Bagley, Record, Fort Worth.

COUNTY COMMISSIONERS CURE BOND ISSUE DEFECT

Pursuant to the advice and request of the Attorney General, the County Commissioners, in regular session Monday, May 10, made the necessary corrections in the bond issue records of Road District No. 1, and it is thought that the issue will now be promptly validated by the Attorney General's Department, where it has been hung up for many moons.

The court appointed H. Renschel, G. F. Schreiner and T. A. Duderstadt special road commissioners for the district, with Mr. Renschel as chairman.

It is now thought there will be little further delay, and that active permanent construction of the Schreiner Highway will ere long be under way.

Savings Certificates

To accommodate patrons of the local Post Office, who are purchasing the new \$100 Registered Treasury Savings Certificates being issued by the Government, a large supply has now been received from Washington, according to an announcement made today by Postmaster W. G. Carpenter.

Many patrons of the Post Office here have been purchasing these Government securities, which, according to bankers, are the most attractive savings securities ever offered the public in small denominations.

Information about the \$100 Registered Treasury Savings Certificates is summed up as follows by Postmaster Carpenter:

"These certificates are issued in \$100 denominations; their cost in May is \$83.20. They bear interest at the rate of 4 per cent, compounded every three months. They are cashable on demand at purchase price plus accrued earned interest. Being registered, and inscribed with the owner's name, as well, they are proof against loss by fire, theft or in any other way. No person will be permitted to purchase in excess of ten of the \$100 Registered Treasury Savings Certificates of this year."

FORTY-FOURTH ANNUAL
COMMENCEMENT, A. & M.

College Station, May 10.—The forty-fourth annual commencement exercises of the Agricultural and Mechanical College of Texas will be held this month, beginning May 22 and continuing through May 25. The commencement exercises this year will serve in the nature of a homecoming for graduates and former students of the college and hundreds of these "old-timers" are expected to return to see their younger brothers of the class of 1920 graduate.

will present the diplomas to the graduating class.

Ample provisions for taking care of visitors are being made by the commandant of the college, one of the larger dormitories being set aside for that purpose.

CORBETT, TRAPPER KING,
CATCHES HEAP BAD WOLF

Junction Eagle: On Wednesday night, April 28, John Corbett, who has been trapping in this section about three years, was a Junction caller and had with him the scalp of a Southern Gray Lobo brush wolf. This species of wolf are very destructive as they are extra large, forage only at night and are very hard to trap as they are sly and cunning. This wolf weighed about 190 pounds, was 8 feet long and measured 14 inches across its shoulders. He was trapped on the Tom Moore ranch at the head of Gentry Creek.

Mr. Corbett said this wolf had been doing great damage to stockmen of Kimble County, being able to kill yearlings, and has very often killed goats and sheep as high as 6 or 8 at one time, which soon runs into hundreds of dollars.

This is the only one of this species Mr. Corbett has been able to catch in this county, but during the last three years he has trapped 69 others, which has saved the following ranchmen, quite a sum of money: Messrs. Ed. Mears, Doug. Nance, Jim Moore, John Cowart and Tom Moore.

Mr. Corbett has been in the trapping business about 20 years and has gained the reputation over the State as the King of Trappers, which no doubt he has justly merited.

Large Residence Burns

Comfort News: Last Saturday night at 9:30 an alarm of fire called the Comfort Volunteer Fire Company to the old Otto Flach place about a quarter of a mile from Comfort, which was bought by Henry Spenrath a few months ago.

The firemen made a remarkably quick response to this alarm, the engine being well started on its run to the fire before the fire bell began to give the general alarm.

The residence was an unusually large one, consisting of ten rooms with galleries, etc., and was not occupied at the time.

Within half an hour nothing remained of the ten-room house but a flat mass of glowing embers.

Mr. Spenrath estimates his fire loss at about \$4,000, and he carried \$2,000 of insurance in the Farmers' Fire and Aid Association of Kendall and Kerr Counties. This insurance was paid him on Tuesday. A regrettable feature of the many fine shade trees, ornamental shrubs and fruit trees which surrounded the house. Some of these trees cannot be replaced in a score of years, and others not at all.

Agricultural Year Book

House of Representatives U. S., Washington, D. C., May 5.—Editor, Kerrville Mountain Sun, Kerrville, Tex.—Dear Sir: There has been allotted to me by the Government a limited supply of copies of the 1919 Year Book, the latest to be issued by the Department of Agriculture.

This is a very valuable book, particularly for the farmer, stock raiser and poultry farmer; and I am desirous of placing it in the hands of those who would be interested in the same and would be benefited thereby.

I shall be indebted to you if you will publish this letter so that your readers, who are interested in these subjects, may communicate with me at Room 254, House Office Building, Washington, D. C., and I shall be glad to send them this book.

Very truly yours,
C. B. HUDSPETH,

THE STROUD PONIES NOT SWIFT ENOUGH SUNDAY

Kerrville Base Ball Park, Sunday, May 9.—The Kerrville Athletics added their first shut-out victory to their long string of victories by defeating the Stroud Ponies of San Antonio by the score of 7 to 0.

Al Manny, back in the box, showed the visitors that he still had the dope that gets 'em all, striking out 11 hitters and allowing but 3 hits, while Henke for Kerrville was the slugging star in the game, securing 2 out of 4 and driving in 2 runs with a crashing two-bagger in the third.

Badger of the visitors showed good form, striking out 8 of the Athletics and allowing only 5 hits. However, his support was not equal to Manny's, his team making several costly errors in pinches.

The program for next Sunday, May 16, will be Kerrville's first double-header, against their strong neighboring rivals, Bandera and Fredericksburg. However, with Pitchers Schulze and Manny in good form Kerrville expects to cop them both. The score:

GOVERNOR CALLS SOLONS INTO SPECIAL SESSION

Austin, Tex., May 8.—Proclamation was issued by Governor Hobby late today calling a special session of the 36th Legislature to convene on Thursday, May 20, at 10 o'clock in the morning. Three subjects are embraced in the proclamation. First, the passage of a measure to deal with the pink boll worm situation; second, to make provision for the maintenance of public schools and educational institutions of the State during the next scholastic term, and third, to vote deficiency appropriations for the support of the State Government.

The Governor also reserves the right to submit any additional subjects that may be deemed expedient during the special session.

This is the full text of the proclamation: "By virtue of the authority vested in me by the Constitution of this State, I, W. P. Hobby, Governor of Texas, do hereby call a special session of the 36th Legislature to convene in the city of Austin, Tex., at 10 o'clock a. m., Thursday, May 20, 1920, for the following purposes, to-wit:

"1. To enact legislation which will make it possible to establish zones in which the growing of cotton may be effectively prohibited or regulated in areas infested with what is known as the pink boll worm to the end of stamping out such infestation as a menace to the cotton industry of Texas, and to the end of preventing a quarantine against the interstate shipment of Texas cotton and cotton products by the Horticultural Board of the United States Government.

"2. To make provisions for maintaining the public schools and the educational institutions of Texas during the next scholastic term.

"3. To make appropriations necessary to supply deficiencies and for the support of the State Government.

"4. To consider and act upon such other matters as may hereafter be presented pursuant to section 10 article 3 of the Constitution of the State of Texas.

"In testimony whereof, I have hereunto set my hand and caused the seal of the State of Texas to be affixed at Austin, this 8th day of May, A. D. 1920."
"W. P. HOBBY,
Governor of Texas."
"By the Governor,
"C. D. MIMS,
"Secretary of State."

APPALLING FIGURES SHOW LOSS OF LIFE IN GREAT WORLD WAR TO HAVE BEEN 35,380,000 SOULS

London, May 6.—The total cost of the World War in lives has reached the appalling figure of 35,380,000, according to final estimates made by the Copenhagen Society for the Study of the Consequences of the War, and made public today.

These figures were reached after an exhaustive study of the decrease in the birth rate of the countries involved, as well as increase in deaths from causes directly attributed to the war.

Actual military deaths in killed totaled 9,829,000, according to the report. Each European nation involved lost the equivalent of 8.8 per cent of its population from all causes. Each nation's actual killed equaled 2.5 per cent of its population.

Serbia was the heaviest sufferer of all the belligerents. She lost 35 per cent of her total population, while her actual killed equaled 14.8 per cent.

TRADE AT HOME

A great part of the Trading Away From Home is done because people do not keep in touch with their Home Merchants. The big mail order houses of the country have swamped the entire Nation under a deluge of catalogues. They have placed them in nearly every home, and the people have become so educated to consulting catalogues before making a purchase that Home Merchants are not considered.

People take it for granted that the Home Merchant will not have what they want or that he will ask several times a catalogue price for it.

Such utter lack of consideration for the Home Merchant works an injustice both to the Home Merchant and to the purchaser as well. The Home Merchant is an asset to a Community. He is not a thief, a fly-by-night, crook, or a grafter. The Community is his Permanent Home. He desires to live his life there. He wants to see it grow and keep pace with Progress. So it is wholly unreasonable to consider the Home Merchants in any other light than that of honest business. He studies his Community, knows its needs and provides for them.

It may be that in some instances prices of the Home Merchant are higher than catalogue figures, but people must consider several features of Home Buying that more than overcome cheaper catalogue buying.

In the first place you see what you are purchasing and have variety to choose from. You have none of the anxiety and worry that goes with mail order buying, no freight loss, express loss, or postal loss. You pay your money to your Home Merchant and you get the goods.

But more important still, by Trading at Home you keep the Community money at home, and after all it is the wealth of a Community that limits its Progress.

Get acquainted with your Home Merchant. Familiarize yourself with his wares and his prices. Try to realize his vital importance to your Community, and Trade at Home.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac, was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

KERRVILLE PEOPLE PREVENT APPENDICITIS

Many Kerrville people are using simple glycerine, buckthorn bark, etc., as mixed in Adler-ika. This flushes BOTH upper and lower bowel so completely it removes all foul, accumulated poisons from alimentary canal and prevents appendicitis. Adler-ika relieves ANY CASE gas on stomach or sour stomach. Often CURES constipation. In one case of chronic stomach trouble ONE bottle produced wonderful results. Kerrville Drug Company.

CATHOLIC CHURCH NOTES

By Father Kemper

Mother's Day has been happily designated for the second Sunday in May, the month of Mary Immaculate, to whose maternal protection this Nation is dedicated. In St. Mary's Parish this feast was also made a double Eucharistic solemnity, inasmuch as it was First Holy Communion Day for several Notre Dame children and also the observance of the Quarant' Ore. The maiden candidates, dressed in bridal wreath and veil, were escorted to church from Washington Hall by their senior school comrades, who renewed their own Communion with the reawakened fervor of their happiest day.

The sanctuary, as might be expected from our solicitous sacristan, was a feast for the eyes. So large was the attendance at the august ceremonies that folding chairs had to be brought into the aisles, nave and vestibule despite the fact that many Americans attended a later mass at the Guadalupe Church, which was also packed to its full capacity.

According to an unbroken custom, a sumptuous breakfast was served to all the First Communicants in the Rectory dining-room. The privileged children were also remembered with appropriate souvenirs. In the evening they publicly renewed their baptismal promises and consecrated themselves to Mary, the Mother of all mothers. In testimony of this filial submission they were vested with her livery and enrolled in the indulgent Confraternity of the Scapular.

The Ladies Division of the Guadalupe Society, on their own initiative, have begun preparations for a tamale and frijole feast to be given at their school grounds on Saturday, June 5, the eve of commencement day. In order not to be outdone, the men held a business assembly Sunday afternoon, but are not yet ready to divulge what they have "up their sleeves."

At St. Mary's Parish a called session was held in the Notre Dame auditorium on Sunday night in order to apportion the work connected with the parochial picnic, scheduled for this Thursday at Lakeside Park. The selected promoters met again the following day to tabulate the results of their respective inquiries about attendants, contestants, races and prizes so that the big, jovial family gathering should be a memorable success if Jupiter Pluvius does not intrude, but defers his appearance till the subsequent day in behalf of the drought-stricken farmers.

Three sad deaths brought gloom and sorrow to many of our parishioners in the last few days. Saddest of all was the demise of Mrs. James J. Flanagan on Sunday at 2 p. m., leaving behind five children under 9 years of age. Her body was taken by her sister, Miss Lucy Mallory, and her widowed husband to Omaha, Neb., where Mr. Flanagan has two brothers in the priesthood.

Miss Alida Thibodeaux, housekeeper for the Flannagans, lost her brother, Felician, formerly of our parish. Deceased went to his eternal reward in Arcadia, La., at the age of 62, survived by nine married children.

The only child of Mr. and Mrs. John Talley died suddenly of spinal meningitis in Little Rock, Ark. Mr. Talley had come here last month for tuberculosis. His wife hurried back home to attend her baby's funeral.

Mr. and Mrs. Arrel E. Young came to our health-giving climate from Hempstead, Texas. His brother, John, a past-master of the Fourth Degree Knights of Columbus of Houston, was a Sunday guest.

Also to Enderle's residence has moved the family of J. E. Douglass of Dallas. They are renting the quarters vacated by Elias Fanette, who returned with his wife to Beaumont. Mr. and Mrs. Horace Aubey also went to their home in Beaumont, but only temporarily.

Tom Frayne, the Silas Marner of the Hill Country, has his old age gladdened with the arrival of two nephews, Jim and Tom, fresh from the old sod at Babraheen, County Kildare.

The family of Will Lott, new arrivals in the Hunt settlement, came to the city to fulfill their Easter obligation.

Mrs. T. J. Lacour of Kenner, La., is rooming with her countrywoman, Mrs. Angelique DuCote.

Mrs. Lester Eby, wife of the Dixie proprietor, now has with her her father, John Riegger, from Denison. Oscar Stehling gave up his employment in Fredericksburg in order to associate himself in the tire business with his brother, Rudolph, who is closing county agencies in the northern part of the State.

We regret to lose our barber, Albert Ebner, who moved to Smithville, where he will room with Father O'Gallagher, a descendant of the presidential nominee, Blaine. Father O'Gallagher's brother, in whose company Ebner fought, was killed in France, but the priest himself returned safely from overseas.

Hugo Sueltenfuss was affected by the cement shortage in our city, and accepted employment in Sanderson. After a successful eye operation, Mrs. Wm. Newton came back to Kerrville on Sunday with her adopted daughter, Elizabeth.

Willie Farrish spent five days of last week on the Chriswell farm near Boerne.

Mr. and Mrs. John J. Gill of San Antonio were week-end guests in our parish.

Among our Sunday visitors was Joe M. Pochron of Kelly Field No. 2, whose home is in Chicago.

Miss Julia Burger, assistant manager of the Gunter Hotel, returned to San Antonio after a brief vacation in our mountain resort. Her associates

at St. Charles Hotel, Mesdames Blum, Baldrich, Laughman and Frazier, motored with Miss Angeline Kemper to Fredericksburg and picnicked at Dripping Springs.

This Sunday, May 16, Father Kemper holds his monthly engagement at Comfort, and services in St. Mary's will take place at 7 o'clock.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

On account of the commencement services at the High School Auditorium Sunday morning there will be no morning service at the First Baptist Church, and on account of the absence of Pastor Holt from the city there will be no service there at the evening hour.

All other services as usual, however, and the preaching services will be resumed the following Sunday, with the pastor in his pulpit as usual. You are always welcome at the Church of the Hearty Welcome.

CREAMERY DOES WELL

Comfort News: The Comfort Creamery has just closed another very successful year. At the annual meeting of the directors of the Creamery Association on Monday a statement was presented by Manager Wm. Wiedenfeld which showed that the creamery had manufactured 123,478 pounds of butter during the year; had paid to local people \$54,189.28 for cream, and \$13,914.83 for eggs.

The directors ordered a cash dividend of 15 per cent paid to the stockholders, and \$1,070.40 added to the surplus which now amounts to \$7,443. The capital stock is \$5,000.

MRS. MARTHA E. WELLS

Mrs. Martha E. Wells departed this life at 8 p. m., May 8, 1920. Mrs. Wells (Martha E. Tumlinson) was born in DeWitt County, Texas, November 13, 1847, where she spent the early part of her life. She came to Kerr County 36 years ago and remained here until her death. She became a Christian 29 years ago and united with the Presbyterian Church. As a Christian, a mother, a citizen and a neighbor she was very highly esteemed.

Mrs. Wells is survived by her husband, W. W. Wells, and the following children: Jim Bailey, Harry H., Rufus L. M. Monroe, Mrs. Bessie Henderson, Mrs. Tom Schrier and Mrs. David Maddox. All of these except Jim Bailey were present at the funeral services. He lives in Wyoming and arrived one day after her burial. The following three sons, John, Allen and Brockman, preceded Mrs. Wells in death.

The earthly allotment for Mrs. Wells was 70 years 5 months and 25 days. We very keenly recognize the vacancy made by her departure, but we resign our wills to God's will with the assurance that He does all things well. We very earnestly join the family and the many friends who mourn her loss.

Interment was held at Sunset, with Rev. Roy T. Houts of Kerrville officiating. ROGER C. WALKER.

HAPPY WOMEN

Plenty of Them in Kerrville, and Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom?

Many readers will profit by the following: Mrs. W. T. Chamberlain, Main St., Kerrville, says: "Doan's Kidney Pills have been a great help to me and I can recommend them. My kidneys were weak and I had dull nagging backaches and pains across my kidneys. I could hardly do any stooping or lifting. Headaches made me miserable. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and used them and they were not long in stopping the backaches and relieving all signs of kidney complaint."

Price 60c, all all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

METHODIST CHURCH NOTES

ROY T. HOUTS, Pastor

Last Friday afternoon, May 7, we laid Thomas M. Bradwell to rest in the beautiful Glen Rest Cemetery. Mr. Bradwell was born February 7, in Houston County, Ga. At the beginning of the Civil War he enlisted in the First Georgia Regiment at Bainbridge, Ga. He was a soldier during the entire four years of the war under Generals Bragg, Forrest and Stonewall Jackson. As a soldier he took part in the engagements at Lookout Mountain, Murfreesboro, Shiloh and other battles. He was in some hard fighting. Coming to Texas in 1874, he became one of the pioneer residents of Fort Worth, living there and in other West Texas counties until he came to Kerrville in the autumn of 1891, and has since then made this his permanent home. He became a member of the Presbyterian Church in infancy. He was a member of the Masonic Lodge since early manhood. In Fort Worth he was married to Miss Ellen Bird of Marianna, Fla., by whom he is survived, also by two brothers, I. Gordon Bradwell of Brantley, Ala., J. Sumpter Bradwell of Bainbridge, Ga., and two sisters, Mrs. Emily A. McTyrre of Brantley, Ala., and Mrs. Ellen J. Cardy of Tampa, Fla. He leaves also one son, Gordon C. Bradwell of San Antonio, Tex., and three daughters, Mrs. Olive M. Courtney of Carlsbad, N. M., Daisy C. and Lila E. Bradwell. Mr. Bradwell was one of the very few old soldiers we have left with us today. His life was one of hardships and sacrifice. Our hearts go out in sympathy to the entire family.

Sunday afternoon we were called to Sunset to conduct the funeral of Mrs. Wells, another of our old residents. One by one, like the leaves of the tree, they are dropping off from us. Only a little while and our time will come. May we be ready for it.

We had a gracious Mother's Day service Sunday morning. The service was well attended and the Lord was there.

There will be no service at 11 o'clock next Sunday morning on account of the baccalaureate sermon at the High School. There will be Sunday School as usual, and services Sunday evening.

To the Public

Notice is hereby given that at a regular meeting of the City Council in and for the City of Kerrville, held on the 10th day of May, 1920, the City Commissioners adopted a resolution authorizing the secretary to publish a notice through The Kerrville Mountain Sun to the property owners using surface toilets, to the effect that they intend to enforce the ordinances requiring toilets to be cleaned and disinfected with lime or some other suitable disinfectant once a month.

The scavenger reports that some of the closets are inaccessible. Arrangements must be made so that the scavenger can get to them with his wagon in order to clean them. The public health demands a strict enforcement of this rule.

E. H. TURNER, City Secretary.

Peterson Well Report

Leader, Rocksprings: M. E. Lewis, who has just recently arrived as head driller at the Peterson well, spent Saturday here in town.

Mr. Lewis reported that they had just lost another string of tools in the well, tools they were using in trying to extricate the tools that were caught some time ago. They immediately sent for some more apparatus to be used in removing both sets of tools, and Mr. Lewis and his force were here in town while they waited for this apparatus, which was expected Sunday night or Monday morning. Mr. Lewis is hopeful of being able to case off the mud that had caved in, and get out the tools, and to be able to save the well.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

THE GUBERNATORIAL RACE

Now that the Precinct Conventions to select delegates to the National Convention are over the people are turning their attention to issues in the coming State campaign, and advocates of the different aspirants for Governor are becoming active in all parts of the State.

As was to be expected, it is the field against Bailey and a scramble is on between the opposing candidates in an effort to convince the leaders that they alone can defeat Mr. Bailey. That the leaders are worried over the situation, and the admitted strength of Bailey is apparent to all, and what to do is a task that is causing sleepless nights with Crane, Love, Wolfe, Thomas and other lesser lights in the councils of the party.

The fact that during the recent speaking engagements of Senator Bailey great throngs of people gathered to hear him in all sections of the State, crowds said to be larger than all his opponents spoke to, has caused the leaders to believe that if Bailey is beaten some other man must be drafted for the task.

Rumor has it that numerous caucuses have been held recently, looking to the elimination of all but one of the present candidates, or the withdrawal of all and the substitution of a new candidate. As usual, in elimination meetings, it is hard to satisfy the fellows that are to be eliminated, hence nothing has been done. That there is a strong move on foot to withdraw Neff, Looney, Thomason and Lewelling, substituting therefor Cullen F. Thomas, is no secret in political circles. This move, thus far, has been thwarted by Pat Neff, who has refused to consider withdrawing in behalf of any man, save Dr. S. P. Brooks. Brooks has declined to allow his name used in this connection, therefore nothing has been accomplished.

Bailey is in Baltimore in the trial of a law suit, though his campaign manager has announced that he is to resume his speaking engagements soon. Neff and Thomason are on the stump, while nothing has been heard of Looney and Lewelling recently.

Waiving the question of other entries, or the withdrawal of either of the present candidates, it must be evident to all that the contest will be between Bailey and Neff. Neff has been on the stump since early in December and has made more speeches to date than has ever been made by a gubernatorial candidate. He has the backing of the Baptists of the State, and is not objectionable to the present leaders of the party. Bailey's campaign is expected to meet with

popular approval of the great masses of the people. His declaration that taxes should be materially reduced and that half of the members of the great army of office holders in this State should be dispensed with has attracted attention as no other statement in the campaign, and from present indications Bailey's candidacy will gather momentum as the days roll by.

DON'T BE A DEAD ONE

Ina (Ill.) Observer: The little home paper and the preacher are expected to boost you into the glory world. And as that preacher stands before your weeping relatives the thought that you have only paid him a quarter during the last six months flashes into his mind and he can't keep it out, and as he tries to talk you will notice how often he tries to swallow his adam's apple, and sometimes you think it quite gone, but he manages to belch it up again and goes bravely on. And if you could see that editor as he sits in his sanctum trying to write your farewell boost—when his list shows you have not paid a cent for the paper in seven years, and while you owned cattle, houses and land, and rode to church in a fine car, the editor's wife and children often stayed away from church because their clothes were shabby and out of date. No wonder the cold sweat stands on his face while he tries to pen your farewell salute.

Don't be a dead weight nor a dead beat, for such is not the Kingdom of Heaven, and all the soft soap and whitewash in the world won't put you there.

Texas lost a very practical and very excellent educator when Madison, Wis., took Supt. Charles S. Meek from San Antonio. It is thought we gained another in the election of Jeremiah Rhodes of Pasadena, Cal., to succeed Mr. Meek.

Not the least excitement need be occasioned by the report that the entire force of the new First National Bank at Rocksprings is in jail at that seaport, for it happens that a shortage of building material forced the bank authorities to seek temporary quarters for the new institution. Since Edwards County had a fine jail building void of "tenants," the happy expedient of renting a portion of the jail for temporary quarters was hit upon, so that now, instead of breaking into jail for taking money out of a bank, our neighbors of Rocksprings go into jail to put money in a bank. Who can beat it?

GOT SOMETHING YOU WANT TO SELL?

Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want.

These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year.

Why Not Sell Them?

Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in The Mountain Sun?

SCHOOL NOTES

Work on the Senior play, "Aaron Boggs, Freshman," to be given commencement week, is progressing nicely. A good attendance is hoped for.

Last Friday afternoon, in the game between Center Point and Kerrville, our boys were victorious, with a score of 11 to 4 in their favor.

Miss Dunscombe's Class in Expression favored the school with a splendid program during the Monday chapel period. This program is to be repeated next Monday.

The faculty will have the Parent-Teachers' Club as their guests Wednesday afternoon, following their regular business session. The programs rendered by the club during the year have proved very beneficial and the school certainly appreciates the co-operation of these worthy women.

The Third Grade will have an exhibit next Monday afternoon of their art-work, note-books, prize compositions, etc. At this time also will be given the final Thrift Contest, with the following contestants: Chan-acey Watson and Cassie Box, Elizabeth Eastland and Florence Speckels, Walter Noll and Margaret Macdougall and Edna Heimann and Aubrey Lee Shelburne.

On Tuesday evening of last week, the faculty of the Kerrville Public Schools entertained the members of the School Board with their families. The board was in regular session when they were interrupted by the ladies of the faculty and escorted downstairs, where they found their wives assembled in the Domestic Science room. This came as a surprise to the gentlemen, they having no intimation of these plans for the evening. After a while, spent in pleasant repartee, the guests were seated and Mrs. Taquard proposed a toast to the board, "So faithful to every interest of school and community." Mr. Self responded with words of appreciation of the entire faculty, expressing regret over the departure of those who will be elsewhere during the next term, with special reference to the work of Mr. Jones, who has made possible splendid progress during the past three years. A delicious salad-course was served by Misses Biehler, Taquard, Saucier and Wells, after which the company repaired to the auditorium, where music was enjoyed and Miss Dunscombe gave several delightful readings.

CHILD WELFARE IN HOME, SCHOOL AND COMMUNITY

(Read by Mrs. E. E. Dietert before the Kerrville Parent-Teachers' Club and publication requested by that body).

It should be a matter of pride with every father and mother to be able to show to the world as nearly perfect a baby as their care and intelligence can secure. The baby should be born a normal, happy, healthy being; its care should be marked by steady growth in weight, stature and in the development of all its faculties. The best manner of feeding, clothing and caring for the baby should be a matter which the mother has studied under the best authorities, just as much or more than she would study the best methods of caring for flowers, blooded fowls or the canning of fruits and vegetables. When she has thus fitted herself to do this great work, she will be able to proceed with dignity and authority. In short, the educated mother will bring all the forces of mind and heart, not only her love but also her trained intelligence, to the producing and rearing of the finest possible race—a race of citizenship who shall be fit to carry on the high destinies of our Republic, and the father should help by making it possible in time and money to do this.

It is not always negligence on the part of the parents that children are not well born and brought up, but lack of knowledge, therefore parents should seek enlightenment on the most important duty towards the child that they have born and bred. If the child's physical, mental and moral faculty is rightly developed, there is little or no trouble in either the home, school or community in whichever he happens to be.

The keynote to child training is obedience. A child who is trained to habitual obedience will create a profound respect for the parent or teacher, who loves him well and wisely enough to require it, and will be well safeguarded against an abnormal desire for lawbreaking. But far more powerful in its influence upon the child's development than the exertion of authority, is the conduct of persons associated with him; children are intensely observing and will acquire bad habits so much easier than good ones, therefore it is the mother's duty to know something of her child's associates; for the sake of the child's welfare, and so on through the child's whole life from the time he is born until the time he is thrown out into the world upon his own resources, must the mother and father guide the child for his welfare as well as the welfare of the community.

Regular feeding and sleeping hours are the cornerstone to a life of self-control. Above all teach them that selfishness is the root of all evil—most all the trouble and tragedy of the world comes from selfishness. Teach them the Ten Commandments, for they are the foundation of all religion, for the child's foundation must come from the home. It requires a great deal of sacrifice and patience on the part of parents to accomplish this end, but it is not worth while, for what greater wealth can parents give a child than a good physical, mental and moral education?

I have found that of the three periods of childhood the adolescent age requires the most patience, for at that age it is harder for parents and child to understand each other. Nevertheless, if the child has a good foundation all will go well. Give the child all the possible education you can, for it is so much easier in all walks of life to deal with an educated person. Education is the development character, and a man or woman with a good character is an asset to the community in which he or she lives. Education does not mean to cram the head with book learning, but to develop all the faculties with which God has created them.

All children should be taught morality in the home. It is the parents' duty, for if he then enters school or goes out into the business world, it is easier for the child, also all who have dealings with him, to deal with an honest upright person than a dishonest one. If all parents were conscientious and would try and do all that is in their power to raise them so, it would be the child's welfare as well as the community in which he moves. It is a pity and I think a great necessity if the State would require the Ten Commandments to be taught in all public schools, then a great many children would at least learn them who perhaps do not have a chance through other sources, which is perhaps no fault of their own.

CONSERVATION WORK IS
STRESSED AT NORMAL

San Marcos, May 7.—Old High Cost of Living is receiving many sturdy blows these days from our various State institutions, but none has given him a harder wallop than has the Home Economics Department of the Southwest Texas State Normal College.

Miss Rathbone, who has charge of sewing, dressmaking and drafting, has a large class that is working out problems in conserving and renovating clothes. Clothing which is no longer serviceable for adults is worked over and made into boys' shirts, girls' dresses and aprons without extra cost.

Aside from conservation work, the young ladies are taught to make organdy dresses for commencement. These dresses when completed are in every way equal to those sold by our most fashionable establishments, yet they do not cost one-half as much.

The department is excellently equipped with motors, hemstitching machines and display cases. Moreover, it has sewing and fitting rooms large enough to take care of an unlimited number of students.

**THIS COUNTRY'S PROGRESS
DEPENDS UPON THE SOUTH**

By Richard H. Edmonds, Editor Manufacturers' Record, Baltimore: The thrill of life stirs the South, its prosperity amazes its own people, its farmers are developing their crops to such an extent that cotton now yields only one-fifth of its farm output, its factories of every kind are crowded and many are running night and day, to keep somewhere near the demand for their products, its oil industry, which is spreading over a vast area, is pouring forth a never-ending stream of wealth, matching in value the world's gold output.

Prosperity, rampant prosperity, is now beginning to make itself felt from Virginia to Texas, and a region which was once poor and unable to buy much is now one of the world's greatest markets for everything from diamonds to cook stoves, from automobiles and motor trucks to locomotives, from plows to costly works of art.

This section, long recognized "as the greatest undeveloped asset of America," is now rapidly becoming the greatest developed asset. It furnishes 99 per cent of the country's sulphur, without which we could not have made war. It grows two-thirds of the world's cotton, without which mankind would go unclothed and without which we could not have entered the war. It is one of the world's greatest sources of oil, now fast sup-

planting coal on the sea and on the land. It is a land rich in mineral and agricultural potentialities unknown elsewhere on earth.

All Americans may well therefore look to this marvelous store of latent and now of rapidly developing wealth as the greatest power in carrying forward our country's march of progress.

Every business man in this country should study the South from the viewpoint of his individual interest in the Nation's progress, for upon the South's resources must be built the Nation's business structure.

Seventh Grade Graduates

(By Phebe K. Warner)

Time of year has come again when our thoughts turn as naturally to the graduates of our schools as they will turn to the harvest fields a little later. It is the harvest time in our educational fields. All over our State and Nation the teachers are collecting and measuring the products of their year's work and grading these products to see which are matured sufficiently to be passed up for higher work or placed upon the market fit for use. It is a great and grave process. This passing on of the mental fitness of nearly 25,000,000 men, women and children that constitute our entire education system.

What does it mean to graduate? Have you ever seriously asked yourself this question? Most of us think of our graduation day as the end of something. If this were true we would all be graduates. For have not our school days come to an end for

most of us? But "to graduate" does not mean "to finish." It does not mean the end. To graduate means to measure, to divide into regular grades or intervals; to pass by degrees from one plane to another by successive steps; to be transferred from one position to the next higher. But the great mass of us never graduate anywhere in anything; we just drop out and quit. The first period of school in our State covers seven years. It begins with the A B C's and 1 2 3's of our education and covers the first seven years of our school life and the second seven years of our lives. In Texas our children are supposed to start to school at the age of 7. All things being normal, at the end of these seven years in school, our child should be entitled to his first graduation exercises. At the end of these seven years he has finished the public school course and should be ready for the high school, but in most of our schools there is no big signpost at the end of this road to tell the pupils and the people just how far they are on their way. There is no special attraction centered around that day in their lives to lure the unthinking disinterested youth to stay with until he reaches this first goal in the game of an education. There is no special attention given to the seventh grade graduate upon whom all the high schools, colleges and universities are dependent for recruits. No special effort is made on the part of anybody to hold the boys and girls in school up to the end of the seventh grade. No new clothes or graduating flowers to entice them to stay in school. No

feeling that something is really and truly expected of me at that time. "If I drop out no one will miss me." This is a sample of the reasoning of the child of this age and as a consequence, of every hundred, ninety-four of our boys and girls right here in educated, free America, drop out of school and are lost sight of before they reach this period in their school career. Think of it! Think of it! Think of it!

The most beautiful, the most inspiring, the most interesting graduating exercises in our whole Nation should be for the seventh grade graduates. Let something mark this accomplishment. Let someone take notice that they are "so far." Let them know and feel that their school is counting on them to reach this first transfer in their school life. The seventh grade graduate represents the masses of the people. If the masses received more attention there would be more children stay in school until they reached the high school. The seventh grade is the doorway to every other educational institution. How then can our children enter in unless they pass through the seventh grade?

The weakest point in our educational system is somewhere between the beginning of the first year and the end of the seventh. What is the matter with the first seven years? They are merely stepping stones for the masses for life's duties. They do not meet the demands of the masses. Therefore the masses leave school to seek their preparation for life in the University of Hard Knocks.

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and recommend them to the

motorists of this community.

The U. S. reputation for quality is not built on any one tire.

There is not one standard for large U.S. Tires and another standard for small ones.

Every tire that bears the name "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—everywhere—U. S. Royal Cord.

The Basis of Business

The basis of business is an honest dollar's worth for your money, on the one hand, and prompt payment on the other.

There is no getting away from it. You are not satisfied to pay out your money unless you get one hundred cents value for every dollar, and the merchant for his part, cannot do business unless he receives pay for his goods. When he loses a bill he must simply add it in as a part of his "overhead"—his cost of doing business. It is not unfair. It is a principle as old as business, and as necessary.

If an account is charged, a bookkeeper must be paid for that work, and when the bill is presented at the end of the month, a collector must be paid for his time. These costs are legitimate and necessary, if you do a thirty-day business, and they are of course added in as another item of the overhead cost.

The tendency of the time is, however, to get away as much as possible from these intermediate costs, and more and more people are coming to feel that it is worth while to pay cash at the time of purchase. It eliminates mistakes and the annoyance of bill collectors. It saves a penny here and a dime there, and in the aggregate is really worth while from a monetary point of view, and in addition you are doing your bit to get the business world to the ultimate basis of honest, efficient service and prompt payment.

Help to cut out the needless costs.

Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

SYNOPSIS

A certain church has been trying for six months to call a preacher. The scenes are laid in the church, where the committees, sexton, young, middle aged and old, all have a word to say as to the kind of a preacher they need. After much labor Brown is selected. There is a little disappointment on the part of some of the Old Maids when Brown selects a wife. After many squabbles and mix-ups, however, all welcome the New Minister.

The Musical Play is "something different" to what you usually see. It is "rich, rare and racy" from beginning to end. You will have an evening real wholesome entertainment. Come to laugh, for everybody will have smile that night—no long faces there.

ADMISSION, TWENTY-FIVE CENTS.

Fresh strawberries delivered three times a week, or special delivery and special prices in quantities for picnics, preserving, etc. Phone 101 W. Mosty Nursery. 17-tfc

Dr. W. P. Dickey, pastor of the Presbyterian Church, underwent an operation for the removal of his tonsils the latter part of last week, and hopes soon to be back in his pulpit, a wish in which his many friends heartily join.

I will give \$200 to anybody who will send me a buyer for my 1,000 acres, twelve miles from Kerrville on the Junction Road. Webb, Ingram, Texas.

Miss Louise Strackbein returned from Kerrville, where she and her mother have had her nephew in the hospital. The boy had to have an operation for pneumonia. He is improving. Leader, Red Springs.
