Schreiner Co., Chas. Schreiner Bank and Miss Scofield, \$5.00 each.

There are still some improvements desired to be made to the Tourist Camp, and those who haven't subscribed anything, can aid a worthy undertaking—the providing of accommodations for tourists.

MRS. LEE WALLACE SELECTED AS SECRETARY OF TWO ORGANIZATIONS

The directors of the Kerrville Chamber of Commerce selected Mrs. Lee Wallace as secretary of that organization, and later, the Associated Charities approved the selection, so she will serve for both organizations.

Mrs. Wallace has had experience in clerical duties and is quite familiar with charitable work, as she has heretofore assisted in the activities along that line in Kerrville. She will prove efficient and capable as secretary for the two organizations.

An office has been secured from A. D. Ottmers in Gold's Cafe, which is conveniently situated for the work in hand.

It is the purpose of the Chamber of Commerce to distribute quite a lot of literature, some of which is on hand, and other things will be prepared. One of these will be a small folder, to be furnished the business people and others, to be enclosed in each letter sent from here. The Sun will soon get together the data for this folder, and those desiring them can secure same by the hundred or thousand at about the cost of printing.

We have a live lot of directors of the Chamber of Commerce, and the citizens of Kerrville are right behind them to get the advantages of this section before the people in Texas and other States.

HENRY FORD SUGGESTED BY HIS HOME PEOPLE FOR PRESIDENT

Washington, D. C., June 1.—The significance of a small special dispatch, under a Dearborn, Mich., date line the other day seems to have escaped the notice of the Washington political prophets. The dispatch merely said that fellow townsmen of Henry Ford in Dearborn had held a mass meeting and launched a boom for Ford for President. Those in Washington who closely observe the political signs and portents took that notice, upon a little study and reflection, to mean that the boom for Ford for President is really under way and is out in the open at last, after a long time filled with rumors that Ford might or might not be a Presidential candidate.

If the history of past political movements are any standard, and many of the Presidential booms of the past were started in the home towns of the men who afterwards sat in the White House, the movement for Ford is fairly launched. Probably there will be from now on considerable activity by the friends of the great automobile maker in the Ford for President movement.

It is not known on what ticket Ford may become a candidate for President, but the best judgment here is that he will make a formidable bid for the Democratic nomination. There is no third party, and there seems at this time to be little prospect of any. Ford, as a Democrat, contested the seat now held by Senator Newberry. His friends say he has always been a Democrat. Therefore, in all probability, he will be a Democratic contender for the nomination. An independent stands no chances whatever in a Presidential race, unless the Electoral College were abolished and Presidents elected by direct vote of the people.

Ford will be a strong candidate. Not only is he the richest, or at least

one of the three richest men in the world, the others being Rockefeller and Secretary of the Treasury Mellon, but in his long career he has always shown himself the friend of the workingman and the common people. There will be plenty of hard cash for his campaign and labor and the common people will be solidly behind him. He may win the nomination, and if he does, may become President, provided the Republicans do not make a success of the present Administration. They have less than three years now to "make good" before the electorate. It may be only a step from the "flivver" to the White House. Who knows? Stranger things have happened.

GOOD PROGRESS BEING MADE SECURING FUNDS FOR CHARITY

Monday, Mrs. Lee Wallace, secretary of the Chamber of Commerce and Associated Charities, accompanied by Mrs. J. D. Jackson, member of the Finance Committee of the latter organization, began soliciting for a charity fund, and they made a good start.

It will be the plan of the Associated Charities to have the people of Kerrville subscribe whatever amount they feel like giving to charity for twelve months, and this is to be collected only quarterly at any one time, and not then unless needed. If the full amount subscribed is not required during the twelve months it will be collected.

The officers and committees of the Associated Charities will investigate each applicant for charity, or those who are deemed in need of aid, and whatever is required will be purchased and disbursed by a committee having that work in charge.

It is requested by the Associated Charities organization, that the citizens of Kerrville when appealed to for aid, direct the applicants to the secretary of the Associated Charities, whether these applications be from local or outside sources. In that way we can centralize our efforts to relieve any worthy cause, as well as protect the people here from the unworthy. Promiscuous soliciting is not satisfactory, and the donor has no way of knowing whether or not the contribution accomplishes what is intended to be aided. By turning over to the Associated Charities all appeals for help, the worthy can be relieved at less cost and more effectively.

The Associated Charities will publish amounts contributed and also to what sources aid is given, though names of beneficiaries will not be given, except in instances where no embarrassment would result.

BOB BARRY PITCHES NO- HIT, NO-RUN GAME SUNDAY

The Boerne White Sox failed to get a hit from Barry's slants and shoots last Sunday at the local park, while the Athletics piled up totals of fifteen hits and thirteen runs off two Boerne pitchers.

Johnson started the game for the visitors and with anything like support from his team mates would have made a creditable showing. He was evidently their best bet, for his successor was hit quite as freely.

There is little to be said about the exhibition, as there were few thrills. Horton, playing center field for the locals, took a long fly from the top of the fence, and in the eighth Wilson hit hard to the second baseman, who surprised the gallery by pulling the only double play of the game.

Wilson led his team to bat, both in line and execution. Six times up he was, and made four hits, all from Johnson's delivery.

Robinson had a margin in the run-getting, being on the paths four times and coming all the way for three scores.

For the first time this season the familiar figure of "Slim" Renschel in uniform did not appear on the field. Horton filled his place at center quite acceptably.

Garcia is at present employed in San Antonio and Captain Holchak filled the space around third, while a player of parts, named Hart, was in the short field. Both short fielders were forced to play well back on the grass on account of the bad condition of the ground around their usual locations. This delayed their work and made their throws to first more hurried and longer than usual.

The fans accepted the exhibition as their regular off-Sunday amusement. It was not expected that Boerne would lay any claim to winning against the Athletics. The visitors are a husky bunch of willing workers, but lack both age and experience to meet a seasoned bunch of old heads, such as the Athletics. From appearances, if they stick together, they will develop into a first class combination. Not getting a hit should not discourage them, as the best of them have had difficulty in hitting Barry's twinkling-thunder balls this season.

Some time ago the San Antonio Express team put in a bid to come here and were prevented by rain. They were dated to appear next Sunday, but canceled the call unceremoniously. It seems that some one has been talking or their manager has been reading the San Antonio Light. Anyway, he just don't want to play in our yard. However, he may be an altruistic or some other kind of a soul, who thinks that the world would be a happier place for all if everyone would look for a soft spot to light on before leaping, or in other words, refrain from starting anything for which he would be sorry later on. Anyway, "We Can't Come," was the message.

Captain Holchak hopes to secure one of the crack teams from Fort Sam Houston, and a good game is sure to result. PODGER.

GOV. PAT M. NEFF ANNOUNCES HIS CANDIDACY FOR RE-ELECTION

Austin, Tex., June 4.—Gov. Pat M. Neff in the following address to the Democracy of Texas announces as a candidate for re-election:

"To the Democracy of Texas: Sixteen months ago I was inducted into the office of Governor of Texas. At that time, the detailed working affairs of the State Government to me were new. I therefore proceeded with my work cautiously and carefully. By constant thought and conscientious work, I have become reasonably familiar with the various departments of our Government. I have also visited and studied our numerous educational and eleemosynary institutions and know something of their wants and necessities. While gaining an intimate knowledge of our Government and institutions, I have at the same time kept in close touch with the people and their conditions, and know their thoughts concerning the State's affairs. Believing that the work and thought given by me to the duties of the office of Governor in the past will enable me better to serve in solving some of the pressing problems now pending for consideration, and having an ambition thus to serve, I hereby announce my candidacy for re-election

for a second term to the office of Governor.

"Claiming political allegiance to the Democratic party only, this announcement, of course, is made subject to our party primary to be held on July 22 of this year.

"In public office as in private life the distinguishing trait and the price-less principle to which all right thinking people pay homage and respect, is unflinching fidelity to truth and unwavering devotion to duty. These virtues I have faithfully followed, as your Governor, in so far as He who rules in the councils of men has given me light and wisdom to see. Perhaps I have made mistakes in the past. I doubt not that I shall make mistakes in the future. However, I have tried to serve the citizenship of the State in the highest and truest sense, and at all times, through good and evil report, I have had as a constant companion, a clear conscience.

"If the Democratic voters of Texas feel that they can in full justice to their State honor me with a second term as their Governor, I shall deeply appreciate it, and shall continue my efforts in behalf of the welfare of our people, with a sincere ambition to fulfill their expectations and to justify their confidence. Yours sincerely,
"(Signed) PAT M. NEFF,
"Governor."

TWELFTH ANNUAL COMMENCEMENT OF SCOFIELD SCHOOL FOR GIRLS

The Scofield School for Girls held its twelfth annual Commencement exercises last week, beginning with the services at the First Baptist Church Sunday morning. The girls and teachers, all in white, marched in to their places in the middle of the church singing "Onward Christian Soldiers," led by Mrs. C. H. Latham, with Miss Martha Holt at the piano. The pastor, Rev. J. B. Holt, read a part of the story of Esther, the Jewish maid who became Persian Queen, and drew from it a lesson of preparedness on the part of all girls for doing the Lord's work when the opportunity comes. His audience were attentive listeners and it is to be hoped the "seed fell into good ground." The special music was furnished by the school chorus except a solo, "The Lord Is My Shepherd," most acceptably sung by Miss Jewel Carey, whom we heartily thank for her part in the service. We also desire to express our appreciation of the beautiful floral decorations, and interested assistance of every kind given by the ladies of the Baptist Church. The exercises closed with Kipling's majestic Recessional, sung by the school as they marched out of the building.

Monday and Tuesday were given over to examinations and "last things."

Wednesday afternoon was especially devoted to the little folk, who gave a very creditable music recital, and afterward a wand drill and exhibit of athletic performances on bars and rings. They thoroughly enjoy this and were quite as much entertained as their friends were. This part of the exercises was in charge of Mrs. R. T. Pass, who has had the direction of gymnastics during the school year.

The Class Day of the Seniors was celebrated also Wednesday afternoon, when the History was read by Miss Marion Miller, the Prophecy by Miss Bernice Henry and the Will by Miss Joan Wilson, president of the class. An exhibit of beautiful garments, splendidly made by Miss McFadden's sewing classes, attracted favorable attention and was admired by parents and friends who attended the afternoon program.

Wednesday night, the school, under the leadership of Miss Lipscomb, the English teacher, presented a dainty little operetta, "Down Among the Fairies," on the west lawn, which made a truly fairy-like picture with its lights among the trees, gay flowers and pretty girls in bright colored dress, who acted and sang like veritable fairies gambling in the moonlight.

Early next morning everybody was out and ready for a swim at Lake Side Park, where Miss Scofield entertained the family, and all enjoyed a hearty picnic breakfast in the grove.

Thursday evening an excellent program of piano pieces was given by Mrs. Howard's advanced music pupils, assisted by Mrs. Latham's vocal pupil, Miss Kingsbury, and the school chorus. Then the three graduates marched in, each attended by her little maid—Miss Joan Wilson of

Junction, with little Evelyn Emerson; Miss Marion Miller of Kerrville, with Dorothy Dee Hughes, and Miss Bernice Henry of Rocksprings, with Robbie Dunbar, and the Class of '22 was presented to their friends. Rev. J. Grady Timmons was closely attended while he gave an earnest talk on the Seeking After Truth in Everything, and then he gave out the diplomas in the name of the school. An informal reception for the congratulations from their friends was held in the court by the graduates and their parents.

Friday everybody left to enjoy a time of rest.

The principal and faculty desire to thank all their friends for their kindly interest in the school, expressed at different times by word or deed. We are encouraged in the belief that the people of Kerrville and the Hill Country appreciate the aims of this school and understand that it is the earnest wish of the management that it may stand for Christian womanhood of the best type, and that notwithstanding many obstacles in our way we are endeavoring to faithfully instill these ideas into the girls entrusted to our care.

Our hands are upheld also by the position taken in various walks of life by our former pupils and graduates, whom we are proud to own when we hear of anything worth while in their lives.

Miss Scofield will leave about the end of this week for Houston to visit her niece, Mrs. W. H. Skinner, but anyone desiring information concerning the school may call upon Mrs. Howard at A. T. Adkins, Phone 121.

The school residence has been rented for the summer, but communications addressed to Miss Scofield will be promptly forwarded from the Kerrville Post Office, and she expects to be at her post again by the middle of September.

Durant, Okla., June 6.—A graduation announcement, sent to J. E. Lilly of Kenefic, Okla., by Miss Lena Belle Reed of this city, May 9, 1919, was received by Lilly through the mail June 1, this year. The announcement traveled a distance of 16 miles in a little more than three years.

The delay could not be accounted for as the envelope bore only the postmarks of the Durant and Kenefic post offices.

Family Reunion

Mr. and Mrs. F. E. Garrett have been hosts to a number of relatives this week for a family reunion. Their guests include Mr. and Mrs. C. L. Garrett Sr. of Coleman, Mrs. C. L. Numerous outings and swimming parties, picnics at Split Rock, Center Point, Hunt and other places, have proved very enjoyable to these visitors from the Plains Country.

FOUR INDICTMENTS RETURNED BY GRAND JURY AGAINST TOM MARTIN

San Antonio, Tex., June 6.—Four indictments against Former Police Chief Thomas J. Martin, resigned, were returned by a grand jury in the 45th District Court Monday. The indictments follow the filing of charges ten days ago before the City Clerk, which alleged misconduct in office.

The grand jury charges alleged attempted criminal assault in two cases, and permitting a person accused of a felony to escape in two cases. These alleged acts were complained of in the charges filed by Detective Captain A. O. Van Riper and Detective Anglin before the City Clerk. Following the filing of the charges with the clerk Martin resigned.

Martin has been out of the city, at Fredericksburg, since he resigned. His attorney, W. C. Linden, notified the sheriff's department Tuesday that Martin would return to the city and surrender during Tuesday. He had not reached the sheriff's office at 2:15 o'clock.

Martin resigned as Chief of Police on Saturday, May 27, after charges containing 27 separate counts, had been filed against him by Captain of Detectives Albert O. Van Riper and City Detective Anglin. The charges were of a sensational nature and alleged misconduct in office.

Martin's resignation was tendered under protest and not until he had been suspended by Mayor Black and Commissioner Phil Wright, following the filing of the charges. He protested that his suspension should not have been ordered without a proper hearing.

Following his resignation Martin is understood to have gone to his father's ranch in Gillespie County, where it is thought he now is.

COMPLIMENTARY DANCE

Tuesday of last week the Voiss twin brothers, Henry and Willie, returned from the commencement exercises at St. Louis College. On their arrival in Kerrville they were surprised with a welcoming reception arranged by their former Notre Dame class mates.

Twelve young couples had congregated in Washington Hall, which was festooned in the blue and white colors of St. Louis College. Busy waitresses served cake and ice cream, and all during the dancing hours a massive bowl of ice cold lemonade was kept replenished for the merry-makers. Mr. and Mrs. Kuhlmann and Mrs. Newton acted as chaperons for the occasion.

Numerous graduation presents were showered on Miss Kemper's nephews. Jewelry ranked chief among the gifts. There were gold watches and chains, cuff buttons, tie clasps, pocket knives, fountain pens, also stationery, Kodak, candy, etc.

Miss Angeline Kemper and her twin nephews left for Portland, Ore., on the following Friday. Up to El Paso they were accompanied by Miss Zita Risacher, who will make her home there. Joseph Reynolds, travelling passenger agent of the Southern Pacific, and an old school mate of Father Kemper, came to Kerrville to arrange the trip and provide for complete berth reservations. In San Antonio Miss Kemper and her party were treated to a farewell dinner by Mr. and Mrs. D. E. O'Brien, who had charge of the oil drilling operations on the Diamond Ranch.

The first stop-over will be made into Old Mexico at the El Paso border. Another delay will be made with acquaintances in Los Angeles, Fresno and San Francisco. At Eugene, Ore., the boys will arrange to pursue their studies at the State University. This is only a few hours' auto drive over good roads to Portland, where Father Kemper's mother and a sister are living. The itinerary is so mapped out that the travelers will arrive at their destination on the eve of the big annual Rose Festival, Saturday of this week.

Vacation Personals

John Ahnert and his children returned to Kerrville after spending a brief vacation in San Antonio with their aunt, who has joined the Sisters of Charity of the Incarnate Word. The half million dollar annex of our Sisters' College at Alamo Heights was formally opened on Thursday as the main event of the Commencement Week exercises. Among the graduates was one of our old girls. As soon as the Normal School is opened at this institution, we can expect a large contingent of young lady boarders for our summer guests. Many other vacation-seekers will lodge at the palatial convent between now and August 15th. Our generous offer has been broadcasted throughout the State of Texas and has secured much favorable advertisement for Kerrville.

Stella and Frances Michon are camping at Mountain Home.

Mrs. Farrish and most of her family returned from a week's visit with San Antonio acquaintances. Josephine Farrish accompanied her chum, Ernestine

Bids for enlarging and remodeling the present Comfort Public School building in accordance with plans prepared by McCreary & Schott, architects, of Kerrville, were opened at Comfort on Wednesday. Three bids were received: Moeller & Weibacher of San Antonio, \$15,500.00; Gombert & Clemens of Boerne, \$14,775.00, and Doebbler & Bartel of Comfort, \$12,955.95. The contract was awarded to the last named firm, composed of Rich. Doebbler and Otto Bartel. They will start work at once. The plans call for the addition of a second story to the present school building, and the remodeling of the lower story so as to provide two stairways, an auditorium 30x63 feet in size, and leave the north

and west rooms intact. The second story will contain five modern school-rooms, corridors, etc. The windows will be 12x16 feet in size, with 18 lights each. The walls will be of stone and the roof of gravel.

Green Olive Relish

The recipes of dietitians who can compose novel foods are in great demand, for every hostess delights in placing an unusual dish before her guests. Here is one of the most tasteful relishes of the 1922 compositions. The saltiness of the green olives blends with the cabbage, celery and beets in a manner that can be appreciated only by sampling:

One cup stoned Spanish green olives (chopped), one cup chopped young cabbage, one-half cup celery cut in rings, one-half cup finely diced cold boiled beets, one-half cup French dressing, one-quarter cup sugar, one tablespoonful mixed salt, pepper and paprika. Mix these ingredients, chill, and serve with meat course. This relish may be prepared in twenty minutes and will serve seven or eight.

MOSTY-STRAUCH WEDDING

The first June bride of the current year among the Notre Dame students was Miss Agnes Cecilia Strauch, daughter of Anton Strauch. On Sunday this happy young lady approached the Eucharistic Table in the Convent Chapel with all her classmates of our High School, who a few minutes later joined the wedding party in the rectory where the bridegroom, Evelyn Mosty, was awaiting with his mother and the sponsors, Paul Wilson and Miss Antoinette Strauch. When the brief marriage ceremony was concluded, congratulations were showered on Mr. and Mrs. Evelyn Mosty, who will make their home in our community.

Joe Benedict, an auto mechanic like Evelyn Mosty, and also possessing a Refugio girl for his wife, brought his first-born to the baptismal font on the same Sunday. Mr. and Mrs. John Droddy, formerly of Refugio, were the sponsors for the youngster, who was given the name of Wallace Joseph. Last month one of Father Kemper's former teachers, Brother John Kautz, celebrated his golden jubilee as an instructor. Thirty years of this half century he spent at the same parochial school.

An old Roman schoolmate of Father Kemper was honored last week by being appointed Bishop of Sioux Falls, S. D., namely Monsignor Bernard J. Mahoney.

Auxiliary Meeting
 The Social and Benevolent Society of St. Mary's congregation met last Sunday to discuss summer problems arising from the large influx of vacation-seekers. All members are genuinely anxious to be as helpful to strangers and visitors as possible. At the same time it was decided that all entertainments, especially the dances be of an unconditional rigorous standard. Parents are invited and expected to attend and participate in all social functions. A special chaperon will be held responsible for each event conducted under auspices of the Auxiliary. Passes will be gladly issued by the chairman of the amusement committee on recommendation of a parishioner.

No black list of questionable parties will be made known by the confidential advisory board, who, however, will not hesitate to denounce all unapproved innovations. The Auxiliary has also voted to provide ice cold refreshments at a cost low enough to make this feature self-sustaining. Saturday of this week, at 8 p. m., the next social will be held in Washington Hall. During the summer months the experiment will be tried of holding these get-acquainted meetings on Saturday nights instead of Friday nights, for the benefit of the week-end tourists brought here by railway excursion rates. If this arrangement does not result in the hoped-for advantages, the old program will be restored.

In order to further the cause of congregational singing, a score of men and women have volunteered to meet for practice on Monday evenings at 8 p. m. in St. Mary's Church, and serve as leaders to the rest.

This Sunday is Trinity Sunday and the close of the paschal season. As many as possible of the Knights of Columbus met on Pentecost Sunday at the club headquarters, San Antonio, and thence, preceded by their own band, they marched to San Fernando Cathedral, where they received Holy Communion collectively as a public profession of their faith. A patriotic program is being arranged by the K. of C's for the Fourth of July. One feature will be the solemn dedication of St. Gerard's Church, to which Rev. A. Joerges, C. S. S. R., a recent Kerrville visitor, is assigned.

Personals
 Capt. M. H. Robert's wife of San Antonio spent the week-end with us in order to get acquainted, and to lo-

cate a house for the permanent residence of her family.

From Crowley we had with us Bennett Landry. Delmore C. Reeves and family of Camp Verde motored to town on Thursday of last week to fulfill their paschal obligation. Solicitous for the fishermen and vacationists, T. O. Codrington of Comfort, a veteran angler, planted thousands of black bass in Cypress Creek. Miss Elsa Schott of the San Antonio Musical Conservatory was a week-end guest of the Arthur Mosel family in Ingram. She motored back to the metropolis with Mary and Wilhelm Mosel, who will spend several days with relatives and acquaintances in the Mission City.

ASSERTS TEXAS PECAN CROP WORTH MORE EVENTUALLY THAN TEXAS COTTON CROP

San Antonio Light: The tree crop is destined to become the most popular and most valuable crop in the South, says E. J. Koenig, local nurseryman. According to Mr. Koenig, the pecan crop will exceed the cotton crop in value within the next few years, provided trees are planted and the ones now living are taken care of. Mr. Koenig said: "Marvelous as have been the fortunes in railroads and in steel we are today facing an opportunity which has possibilities of bringing greater wealth than either of these for the reason that agriculture has little competition in the way of industries.

"From land, the most permanent basis of wealth, immense fortunes of today and tomorrow are being drawn. When James J. Hill saked his all in apples, and received in return a profit of \$10,000,000, he was merely a pioneer in the new type of farming, 'Tree Raising.'

"California's wealth is in its tree crops. Luther Burbank, the Edison of horticulture, once said: 'The Persian walnut has made our State more money and has made it easier than any other one crop, but your improved varieties of the paper shell pecan are far superior to our walnuts.'

"The Texas pecan crop for 1921 was 700 carloads, valued at \$3,000,000. When we look about us and see that the bulk of these nuts was produced on waste land, creek and river bottoms subject to severe overflows, the trees often standing so close to each other that side branches are impossible and fighting for existence against weeds, hackberries and all sorts of shrubs and undergrowth, then to take in consideration that paper shell varieties sell for about five times the price of the native pecans, we begin to realize the possibility of wealth that awaits those who enter scientifically, the growing of the improved paper shell varieties.

"The demand for nuts is increasing far more rapidly than production as is shown by Government reports. Nuts imported by America in 1900 were valued at \$3,484,651. Producing about the same amount in 1910, imports were valued at \$12,775,196. In 1919 imports amounted to \$57,499,044, which was an increase in nut importation of 1650 per cent from 1900 to 1919, while the increase in population was only 40 per cent.

"Why should we spend these millions of dollars each year in buying nuts from foreign countries, when we can grow pecans, the equal of any other nut, either native or foreign?"

The ideal conditions for growing the improved paper shell varieties, declared Mr. Koenig, is to have the roots in perpetual moderate moisture and the tops in perpetual sunshine. It would indeed be difficult to find a section of the State that would meet these conditions better than our own, he said.

Thousands of Chicago families plan to move "under canvas" this summer in an effort to meet the rent problem. Tents will be pitched on vacant lots and forest preserves, according to the Chicago Tenants' League. Tent manufacturing concerns have agreed to supply tents at wholesale prices.

FIRST METHODIST CHURCH
 J. GRADY TIMMONS

There will be services at the regular hours on next Sunday.

This week, at Comfort, this pastor is assisting Rev. R. S. Adair in a revival meeting. We went down Sunday afternoon and began the meeting Sunday evening. We are having a splendid meeting so far and the church is responding heartily to the services. This week will be spent there, but Sunday morning will find us in the same old place and we invite you to be with us.

On last Friday we had quite a number to be with us in the Sunday School Institute, which was held at Comfort with Rev. H. M. Ratliff, our Field Secretary, in charge. The institute was conducted along interesting lines, going over the program which has been outlined for our Sunday Schools looking toward their standardization. The scope is a comprehensive and a constructive one, which will make the Sunday School much more efficient in its work if properly carried out. There are three stages in the program. When 60 per cent of the program has been attained the school is classed as a Progressive School, when 80 per cent has been reached it is classed as an Advanced School, and when 100 per cent has been achieved it is rated as a Standard School. About 6 o'clock we closed the afternoon session and all went to the river where an ideal picnic place had been prepared and where we had a very fine time with a picnic supper. Those attending from Kerrville were: Mr. and Mrs. William D. Reed, Judge and Mrs. H. C. Geddie, Mrs. Tullis as a guest, and the writer. We came home early in the evening, Rev. A. E. Rector, Presiding Elder of the Kerrville District, returning with us.

Sunday morning we were glad to have our Elder with us, and to preach for us a very helpful and practical sermon on the "Bread of Life" and to a very large congregation.

In the afternoon, at 2:30 o'clock, Brother Rector called the Third Quarterly Conference to order, and after devotional exercises A. L. Starkey was elected secretary. One very fine point was the fact that every member of the Board of Officials answered present but one. The reports showed that progress had been made along all lines of the church work, and every department showed a substantial and satisfactory growth. But let us not stop here, we must move forward.

The pastor motored Brother Rector to Center Point in the afternoon, on his way to Comfort.

Bro. C. W. Moore and family went to Center Point in the afternoon and brought back with them Dr. J. T. Curry, who was with our people in the evening. Dr. Curry is a strong man and gave our people a comprehensive and instructive stereopticon

lecture on our world wide missionary program. It is a program that is characterized by sound statesmanship and Dr. Curry is in charge of the program in the West Texas Conference. We were very glad to have him with us and we hope he will come again.

The program for next Sunday is as follows:

Sunday School meets at 9:45 a. m. Morning worship at 11 o'clock. Junior Epworth League at 3:30 p. m. Senior Epworth League at 7:30 p. m. The evening hour of worship will be held at 8:15 o'clock. We welcome you with us and assure you that you will be helped by spending an hour in the Lord's House.

The Woman's Missionary Society convened in regular business session Tuesday afternoon at 3 o'clock. Several items of importance were disposed of and splendid progress was shown in the work of the society.

Episcopal Church Notes

Last Sunday the morning services were well attended, and our rector preached a splendid sermon on "Serving God and Being Delivered From the Fear of Man." At night the service was held at Lake Side Park, and a goodly number were present. It was decided to continue the night services there for the present, and everyone is most cordially invited to worship with us at that place next Sunday at 8 p. m.

The Vestry held their monthly meeting Monday night at the residence of Mr. McClellan with a good number in attendance. After the business was over refreshments were served and a pleasant hour spent in social converse; all were disappointed that Dr. Macdougall was unavoidably absent, he having been called to Del Rio to officiate at the funeral of an old time friend.

SOME GOOD ADVICE
 Strengthened by Kerrville Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Kerrville people rely on them. Here's one of the many statements from Kerrville people.

Mrs. W. T. Chamberlain, Main St., all signs of kidney complaint." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement.)

A black-headed albatross followed a steamship across the North Pacific for 3,000 miles without once furling its wings. It started from a small island near Japan and when the ship was 1,900 miles from the nearest Alaskan port, it turned abruptly and flew toward the west.

FIRST BAPTIST CHURCH
 J. B. HOLT, Pastor

Sunday School opening exercises begin at 9:45 a. m., with F. E. Garrett as superintendent. Class work begins at 10 o'clock.

Next Sunday, June 11th, is Classification Day. The entire enrollment is to be revised and only those who attend Sunday School will be retained on the roll.

Classification secretaries will be stationed at the main and side entrances and every member is asked to fill out the classification slips before passing the secretaries so as to avoid any chance of missing you after you go to your classes.

Let all of the members now on the roll come out next Sunday and each one try to bring a new pupil. Don't forget to classify as you come in, and let us all work together so as to facilitate as much as possible the rapid and accurate classification of all our members.

Owing to the absence of the pastor there will be no preaching next Sunday at either morning or evening services.

Women's Missionary Union

The W. M. U. spent a delightful social time with Mrs. J. T. Moore Tuesday afternoon. Scripture was read by Mrs. L. W. McCoy and prayer by Mrs. Moore. Miss Lucile McCoy gave two numbers on the piano, which were enjoyed very much.

Mrs. Newman briefly told of the History of the Fifth Tuesday Dollar Day, and then a contest was had on the dollar, which taught us much about it we did not know.

Refreshments were served by the hostess, assisted by her daughter, Miss Alice, and niece, Miss Juanita Bishop, of Center Point. REPORTER.

The Girl Reserves met last Friday afternoon in the High School building.

It was decided to disband for the vacation season with the exception of a meeting to be held June 30th, when plans for a summer camp will be made. REPORTER.

Indigestion
 Many persons otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important.  for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. THE RECORD'S SYMPOSIUM

San Antonio News: "In every community men and women have had an opportunity to know what prohibition means. They know that debts are paid more promptly; that men take home the wages which once were wasted in saloons; that families are clothed and fed better, and more money finds its way into savings banks.

Careful compilation of replies from all sections of the country shows an almost unanimous demand to continue prohibition and rigidly enforce the law. Only 1.5 per cent are against the amendment and only 7 per cent for beer and "light" wine.

There was nearly a page of pictures of the American Legion Memorial Sanatorium at Kerrville, printed in last Sunday's Fort Worth Star-Telegram, furnished by J. E. Grinstead, and also an interesting and complete article telling about the beginning of this great institution, the progress made and the expectations to be realized upon its completion.

Former service men, who are in Congress as Republicans, are digging into the frauds committed by profiteers during the World War, and also exposing those who were attempting to defraud the Government in disposal of supplies.

PROVED ABILITY TO REASON

Heartless Old Baboon Leader Had Qualities That Might Be Considered Almost Human.

Apes are so human that even when they display traits that in man would be simply abominable one cannot help laughing. A correspondent in South Africa writes that certain large apes are so much in the habit of raiding the coffee plantations that they have to be guarded.

Among the coffee trees grows a shrub the fruit of which the apes particularly enjoy. But as wasps fasten their nests to the shrubs, the apes, fearful of being stung, usually keep away from them. One morning the people in a certain plantation heard the apes making fearful outcries and, rushing out, saw this singular scene.

The poor victims, stung by the infuriated insects, were crying piteously, but the old baboon paid no heed to them whatever. While they were suffering from the anger of the wasps he quietly proceeded to regale himself with the fruit, which he could now pluck without danger.

WED ONLY CLOSE RELATIONS

Custom of Burmese Tribe Leads to Marriages Between Extreme Old Age and Youth.

The only occasions on which lads and lassies of the Red Karen tribe in Burma meet are at marriage feasts and at wakes, according to the National Geographic Magazine. These festivals last over three nights, and are veritable orgies, with great excess of eating and drinking.

Punishment for marriage out of the clans was formerly very severe. A large hole was dug in the ground and a log placed across it, to which two ropes were attached. The ends of these were noosed round the necks of the offending pair. They were made to jump into the pit, and so hang themselves.

Eyes That Always Stare.

Continental Europe boasts of an owl of such stature and habit that it has been named the eagle-owl. The bird has an eye like an eagle and a look like an owl. The owl look is emphasized by the fact that the eyes of this natural field-pest destroyer have never been known to move during life. They cannot be moved after death.

"THE SHEIK'S WIFE," A SPECTACULAR ROMANCE

Vitagraph Picture Fully As Interesting As Its Predecessor, "The Sheik."

Chicago Herald and Examiner, Monday, April 24th, 1922: A massive spectacular romance is at the Randolph this week. "The Sheik's Wife"—one of the biggest French pictures we have had—a thriller that will make you suitors look quite drab. Personally, we are keen about cavemen—when they shave. We imagine Valentino discouraged more than one romancy male when he appeared as the Sheik. The Arab prince is more bad news for the sterner sex. Girls, he's choice!

However, "The Sheik's Wife" is every bit as interesting as "The Sheik." There is a capital story based on the love of an English girl for an Arab prince. A story that has every thrill an unusual combination like that can produce. The girl loves the dusky Arab, and plots and plans for his affection. That she eventually succeeds goes without saying.

"The Sheik's Wife" is one of the year's best caveman films. A temporary relief from the drawing room dramas. A picture you will enjoy.

THE ABOVE IS TAKEN FROM THE COPY REPRINT OF THE CHICAGO HERALD AND EXAMINER, April 24th, 1922. Every comment that we have read on its reviews in the large cities of the East is highly favorable, and promises you a wonderful picture.

THE PLAY HOUSE THEATRE offers it to you next Monday and Tuesday, June 12th and 13th. (Advertisement 25-1tc)

PITY THE BLIND MAN

Some days you'll see him, slowly, hesitatingly, feeling his way. At other times he has a guide who quickly leads him where he wants to go.

When you shop without advance knowledge of where to go to get the best, you are feeling your way.

The advertisements in the newspapers are guides. They will tell you where to go to get the best—quickly.

And they are a guarantee of satisfaction. The consistent advertiser pays money to tell you about his goods. He knows they are good—he backs them with his money because he believes they'll satisfy. Only merchandise which is consistently good can be consistently advertised.

Read the advertisements and buy the advertised products. Don't spend your money blindly. Get a dollar's worth for a dollar by buying products that have proved their worth under the glare of publicity.

Hunt is a new town, located between the North Fork and the South Fork of the beautiful Guadalupe River. It is the center of attraction for both of the streams and bids fair to be a prosperous little town. It has one store, post office, a good school, three churches, one hotel and a number of nice dwellings that would be a credit to any town. I, for one, am interested in Hunt's welfare, both financially and morally. Friends, it is going to be what we make it, so let us strive to make it an inviting place. Let it not be said by neighbors that Hunt has grown to be a tough place. Let us have it said that it is one of the cleanest towns, in a moral sense; and that it has the best schools of its size in the State. We can easily do this if we proceed in the right way. First, we must all unite and pull together if we make the school and build our morals we desire to have. If we cannot see alike in a religious way, we should not let this cause us to be prejudiced, but co-operate in building the school and the morals. We should take the admonition given in the Scriptures: "Parents train up your children in the way they should go and when they are old they will not depart from it." Here is my idea of it—give them fireside training. The parent is commanded to do

the training—not someone else. Now comes the admonition to the children. The Bible teaches you to obey your parents and your promise is: "You shall live long on earth." Isn't this promise worth working for? I am giving the young people of this community credit for their good behavior. We have had the pleasure of entertaining them all in our home and at church, and can say their behavior is commendable. Now, young people, will you help me maintain the good name we already have and make our community and town an inviting place? We do not want it once said that the boys of Hunt have been indulging in liquor and shooting craps. There is nothing in it but trouble to you and disgrace to our community. I feel sure we will steer clear of this. School boys, we are proud of you and we want it said that Hunt has a school of good deportment. We have a number of large boys and girls and two lady teachers. Boys, there is nothing more noble in a young man than to be polite to a lady, and I assure you she appreciates it. Now, there are many ways in which you can assist your teacher. Instead of urging small boys to do wrong, encourage them to keep peace. I once read a story that teaches a good lesson. It was about an obedient boy who was called a coward by his playmates because he refused to skate with them on the river. Soon the ice broke with the boys and they were rescued by the boy that had been called a coward. Boys, it's no indication of a coward if you refuse to fight. It takes a brave man to keep out of trouble. Girls, we are just as proud of you as we are of the boys, and you can be of great assistance in the upbuilding of our school. There is nothing more sacred than a well dressed and refined lady. Keep the best of company. Give the young man to understand he must respect you if he keeps your company. Take your mother's advice and you will never regret it. If every girl would observe these rules the boy would strive the harder to be a real gentleman. We are not expecting to deprive the young people of their pleasures; they should be entertaining, but pure in character. One who wishes you well, A FRIEND.

ed, the ice cream being furnished by the young men of the community and the cakes by the ladies, and there was ample for all.

Luchte and wife, Mrs. Lou Baldwin and children drove over Wednesday of last week from Kerrville, being out on a pleasure trip. Hardin of Riverside Inn, who has been in charge of the boarding house business of Mrs. W. E. Williams at Kerrville the past month, welcome her return home, as she has been greatly missed here. Mrs. L. R. Landrum and son, Raymond, and Rodger Adkins were pleasant visitors from Kerrville Wednesday of last week. Mrs. Landrum drove over to meet her daughter, Eva May, and Aline Welborn, who were the house guests of Miss Lourina Mayhugh, residing near Hunt. Miss Jessie Gullodge and niece, Miss Goodrich, of San Antonio, who have been visiting Mrs. Cloude of the Divide, stopped here Wednesday of last week on their return to the Alamo City. They were accompanied by J. W. Denton of the Mountain Home community, who drove them down to Kerrville. The drawing at Callaway's Store Saturday last resulted in Mrs. J. Snow of Ingram receiving the first prize and Miss Leota Peters, residing on the Kerrville-Ingram road, second, and Mrs. S. V. New of the North Fork community the third. Miss Peters is a very lucky young lady, having received the premium which was given away at this store last month. A party of young folks drove through from Harper Friday last, en route to Hunt to attend the school exercises, among them being Misses Geneva and Maggie May Duderstadt, Douglas Duderstadt, Vernor Johnson, Misses Myrtle, Lorene and Mattie Johnson, and Louis, Archie and Corrintha Russell. GRATITUDE

By MOLLIE MATHER

Copyright, 1922, Western Newspaper Union.

It was a baby, nestling under lace covers, that gave Barbara the idea—though it was more than an idea to the lonely young woman, for it became her constant longing. Barbara Walcott had so long known only the care of others that sacrifice was a part of her life, so when the last invalid, an aunt, passed on to her rest leaving Barbara quite alone with a simple legacy to barely cover her needs—well, the kindly young woman began to look about for another needy charge. The baby in its lacy nest typified a heretofore unknown need of her own.

"Why not," she asked herself, her soft cheeks glowing, "why not adopt a baby and have something to love and something to love me?" The thought grew to fill Barbara's dreams. With the assistance of a friend Barbara was able to find the little one of her desire. The baby's mother had died at its birth—the father just before. Barbara made arrangements for adoption, which had been the sad mother's wish. She named it Sylvia.

"Sylvia sounds so prettily romantic," she told the friend.

"I hope that my little girl will know in life all those beautiful things which I have been obliged to forego."

But all too promptly had Barbara put girlish dreams aside. Just as Sylvia was learning to lisp the name "Bab," which was the nearest baby lips could get to Barbara, along came Barbara's delayed lover. Paul Strong possessed qualities which made him worthy to be Barbara's mate, but in the friendship which followed his falling became unpleasantly evident—Paul was unreasonably, persistently jealous and as the only occasion for jealousy must come through baby Sylvia. Paul was jealous of Sylvia.

An imperious small ruler was Paul Strong's rival. And Barbara's tender heart was torn, her will hovering, for she had learned to love Paul, and he would accept only undivided homage.

"Surely," she begged her lover, "you would not ask me to give Sylvia up? Why, dear, she loves me as she would have loved a mother of her own."

"You are not that mother," Paul answered sharply, "and in a very short time another could take your place in the child's affections."

A pang crossed Barbara's heart. Yet she knew that this little clinging thing needed her guiding care, no other must substitute. This, her charge, so grievously, she sent Paul away. The years went on. In her carefree girlhood Sylvia flaunted more and more her happy rule.

"Babs will do anything in the world for me," she lovingly boasted. Sylvia had grown very lovely—Barbara had grown paler, thinner. Then Paul Strong came back. Sylvia was the first to see him as he came down the village street.

"Sweetie," she addressed her foster-mother, "I saw a most distinguished man turning in to the old Strong place today. Why here he comes now."

Barbara looked to see her old lover. Then, trembling a little, Barbara went to open the door to him. She fancied a flash of disappointment in his eyes as he looked at her. Her own heart was singing. "He has come back—come back."

During the following weeks Paul was a constant visitor at Barbara's little house.

"You still love Sylvia better than life?" Paul asked Barbara, but now his tone was merely humorous.

"Eighteen years has not made me love her less," Barbara answered quietly. Paul and Sylvia, walking one evening in the moonlight, stopped to rest on the porch steps. Barbara, seated just inside the open window, knew what was coming, and she told herself that she could not blame Paul. Sylvia had grown into such a lovely creature, Sylvia, sweet and desirable, who counted admirers by the score.

"How could one help but love you, Paul dear?" said Sylvia, on the moonlit porch. The man's response came sadly:

"I am old, child, old in years, with an unruly heart still young to love." Slowly Barbara went up to her child's room. She would wait to give Sylvia her good-night kiss—and Sylvia must never know.

Coming gayly, Sylvia switched Barbara around to face the light.

"I thought so," she triumphed, "you do care for the delightful Paul after all. And I had to deliberately make you jealous in order to be sure. Go down and tell him so, sacrificing person, and make him happy after all these years. Oh, Paul has told me of his undying love for you—I refuse to be a cruel barrier any longer. And any way," added Sylvia, smilingly, "I may be married myself one of these days."

Intelligent Mistletoe.

One of the most curious illustrations of the working of intelligence in plants is offered by the mistletoe, whose sticky berry, finding lodgment on a tree branch, throws out a tiny rootlet, which tries to pierce the bark and thus obtain a foothold. If the bark is too rough, the rootlet swings the berry over to a fresh spot, and makes another trial. In this way such a berry has been known to make five jumps in two nights and three days. On one occasion a number of them were discovered by a botanist in the act of vainly journeying along a telegraph wire, trying to find places to grow.
