## GENEROUS GIFT

The Sun takes pleasure in acknowledging a generous gift of \$125.00 for the Kerrville Tourist Camp from a gentleman, who desires that he be known only as "A Friend," and we must recognize his wishes relative to the matter.

However, there is nothing in this to prevent us saying that the gift is from a gentleman who came here last year from the Gulf Coast country much broken in health, and he has since been greatly improved. In fact, he has become one of us, having recently purchased a fine suburban home, where he and his most estimable family reside.

This liberal donation will enable the putting in of electric lights for the Tourist Camp, and not only our own citizens, but especially the visitors who make use of that excellent stopping place, will ever remember most gratefully the liberal donor making it possible to enjoy the luxury of good lighting while in camp.

In conjunction with the citizens generally, The Sun desires to express additional gratification at having such an acquisition to our citizenship, as the donor of the \$125.00.

## ELECTION RESULT IN TEXAS CONTAINS NUMBER SURPRISES

The Democratic primary election in Texas last Saturday contains a number of surprises. There was not the total vote expected, the number being estimated at 600,000, but the strength shown by Ferguson is proof that there is much unrest, distrust and general disgust with the management of public affairs, from township to national control.

Earl B. Mayfield leads for U. S. Senator, J. E. Ferguson second, and these two will be the contestants in the run-off primary, while Charles Culbertson is third and Clarence Ousley fourth. The charge is made that Mayfield owes his lead to the Ku Klux Klan vote.

The following will also be in the run-off primary: Davidson and Mayfield for Lieutenant Governor; Garrett and Terrell for State Treasurer; Bentley and Marrs for Superintendent of Public Instruction.

The following have been nominated definitely: Neff for Governor; Mayfield for Railroad Commissioner; Robinson for Land Commissioner; Morrow for Judge of the Court of Criminal Appeal; Smith for Comptroller.

Leaders in the congressional races are: Black in the first district; Box and Burns in the second; Rayburn in the fourth district; Summers in the fifth district; Garrett in the eighth district; Mansfield and Fly in the ninth district; Connally in the 11th district; Williams in the 13th district; Cunningham and Hertzberg in the 14th district, and Garner in the 15th district.

The nomination of the following seems assured: Black, Summers, Garrett, Connally, Williams and Garner. All three races for Judge of the Court of Civil Appeals are unsettled. Fair is leading in the Austin district, Taylor in the fifth district.

## FRIDAY IS VISITORS' DAY AT CAMP RIO VISTA

The winding trail which leads to Camp Rio Vista will be plentifully sprinkled with automobiles Friday afternoon and evening as Kerrville turns out en masse to pay its official visit to Camp Rio Vista, the Summer Character Camp for Boys, located eight miles above Kerrville on the Guadalupe River. This camp opened officially this summer with complete equipment and ever since June 1st has been in full blast. The mess hall, kitchen, first aid room, sleeping shacks, baseball diamond, tennis courts, basketball courts, irrigated farm, swimming hole—all will be opened to inspection and Kerrville citizens will have a chance to see just what has been established in their midst. The boys are on their toes with anticipation and are looking forward with keen interest to the game of Play Ground Ball which is to be staged between the business men of Kerrville and the campers of Rio Vista.

The camp is only thirty minutes' distance by auto from Kerrville, and the visitors are planning to leave town about 2 o'clock, reaching camp in time for an afternoon of play, a real camp supper as the guests of the camp, some more informal games after supper, and the feature of the evening—the camp fire at night.

Kerrville will remember its introduction to Rio Vista through the Black Faced Minstrel, staged a few weeks ago in Pampell's Hall, which was a decided hit in every particular. Several of the business men of Kerrville have visited the camp to date and are enthusiastic over its establishment in this section of the country. They predict great things for its future.

## Township Convention

Several Democrats of the Kerrville precinct met last Saturday afternoon at 4 o'clock and selected the following delegates to attend the County Convention, to be held at the Court House, Saturday afternoon, July 29th, at 4 o'clock:

## ALAMO-PECK INDIANS DEFEAT KERRVILLE ATHLETICS, 9 TO 2

San Antonio Express, July 24: Before a crowd estimated at 2,500 people the Alamo-Peck Indians defeated the strong Kerrville Athletics at Schwab Field yesterday by the score of 9 to 2. The game started off as if the fans were going to be treated to a real thriller, but good hitting by the locals, combined with many errors by the visitors and numerous bases on balls by Barry, gave the game to the Indians by a one-sided score. Barry started off strong for the visitors, fanning the first two men to face him. Speedball Henning opposed Barry on the mound and only allowed six hits, three of which were of the scratchy infield variety, which the infielders could not get to in time to put the man out at first. He never walked a man.

Kerrville started scoring in the second inning, when Scarbrough, first up, beat out an infield hit to third. They scored another in the third, the second and last run for the visitors.

The Indians scored two in their half of the second on Simmang's hit, Scarbrough's error of Ralls' liner and Puckett's single to right. They added two more in the third when, with the bases full and two outs, Barry threw Naylor's roller away to first. The locals scored two more in the fifth on a hit by Sproul and Dwyer's long home run over the right-field wall, and again in the sixth on R. Holchak's error and in the seventh on hits by Naylor and Ralls. In the eighth, Harris hit one of Barry's slow balls over the houses in North Flores Street, making the count nine runs.

Pet Dwyer's hitting for the locals was the feature of the game. Higgy Simmang, in center, fielded sensationally, and Wilson for the visitors made a sensational shoe-string catch of Ralls' terrific liner to right.

Freddie Huntress was hurt early in the game. He probably will be out of the line-up for at least two weeks. The score:

## TOURIST CAMP STILL RECEIVES COMPLIMENTS FROM TRAVELERS

Among those who have stopped recently at the Kerrville Tourist Camp, there are some complimentary references to it as being one of the best in the State, and a few justly criticisms in a friendly spirit the need of some further conveniences. These suggestions are recognized as being appropriate and there is being an effort made to get the funds to bring about these improvements.

J. S. J. Otto, wife and son of Baton Rouge, La., were guests at the Tourist Camp for a day and night and left the following words of appreciation: "Will compliment Kerrville on its forthright and progressiveness; surpasses San Antonio."

C. Towles of Houston: "Prices reasonable on purchases; an elegant camp site, water, drainage and climate absolutely perfect; nothing lacking but electric lights; this is the best of them all."

P. L. Richardson and wife, Austin: "One of the best camps we have stopped in; would suggest trash cans with covers."

Jim Simpson, San Antonio: "Great place."  
Miss Lydia Kern, Weser: "I like it fine."

## GOAT AND SHEEP RAISERS' CONVENTION BEST IN HISTORY

Uvalde Leader-News, July 20th: The United Goat and Sheep Raisers' Association has just closed the most successful convention meetings with best show and sale ever held in the country. It would be a mild expression to say that the goat department held the best and biggest Angora goat show ever held in the United States of America. There were twenty exhibitors represented in the goat show with approximately three hundred Angoras. The sheep exhibits were good, there being nine exhibitors in the sheep department, showing Delaine sheep and two showing Ramboldeth. The sale was under the management of a committee of five members that pulled it through to a big success. Col. E. D. McGinnis of McAllen auctioned the sale, for McGinnis gave good service and was praised by all for his skill.

There were 2,000 people in attendance at the convention show and sale on the second day. The Leakey Chamber of Commerce spread a rousing barbecue for the convention. On the first day of the convention some of the good ladies of the Rio Frio and Leakey communities spread a picnic dinner for the exhibitors of the show. The concessions were handled in an orderly manner. Mr. Mays of Sabinal was up with his Rodeo and put on some fine shows, and with the big platform for the lovers of the dance, furnished some fine sport.

The convention was called to order in the evening at 8:30 o'clock by the president, Bob Davis, and P. C. Witt, secretary. Out of the fifteen directors, fourteen of them were present, with many members.

There was a good deal of routine business transacted. Chevon was adopted as the official name for goat meat, and as a wire from Hon. Geo. Thurmond, attorney of the Texas Sheep and Goat Raisers' Association, was at hand, requesting the United Goat and Sheep Association to appoint a committee to work with the Texas Sheep and Goat Association committee in popularizing Chevon, this committee was appointed, consisting of John Ricks, Leakey; W. B. Patterson, Rio Frio; P. C. Witt, Uvalde; R. E. Taylor, Carlsbad, N. M.; and C. A. Pepper, San Antonio.

The election of officers resulted in the selection of W. B. Patterson of Rio Frio, president; P. C. Witt, Uvalde, secretary and treasurer. The directors were appointed by the new president as follows: C. A. Pepper, San Antonio; Frank Montague, Bandera; F. O. Landrum, Laguna; T. O. Smith, Rio Frio; T. M. Judge, Sabinal; Desha Buntun, Kyle; M. D. Taylor, Vance; W. A. Buntun, Rio Frio; Sam F. Cooper, Leakey; Will Robertson, Con Can; R. E. Padgett, Tarpley; C. W. Harper, Utopia; W. A. Hicks, Rio Frio; Ed Smith, Reagan Wells, and W. H. Rawlins, Uvalde.

The meeting adjourned to meet the following evening. The meeting was called to order by Bob Davis and the place for the next annual meeting was considered. There were three places bidding for the convention to come to their town the next year, Sabinal, Uvalde and Bandera. The first ballot resulted in Uvalde with one vote more than Sabinal and Sabinal five votes more than Bandera. As neither place received a majority vote, the ballot was spread for Sabinal and Uvalde and resulted in a tie. A motion was made that the association go to Bandera for the next annual convention. The president called a standing vote for all in favor of going to Bandera next year to stand; then all opposed to going to stand. After counting both votes, they found another tie; then the president broke the tie with his vote in favor of Bandera. So Bandera will have the next convention, due mostly to the eloquent speech made by W. R. Thaiman of that place, who declared that the association needed new blood and pointed out which it would be to the interest of the association to hold its next annual convention at Bandera. He said that the co-operative selling system and big warehouse, run by the producers, alone was enough to bring the growers to Bandera, and that they would take pleasure in showing the sheep and goat men their books and explain their system of selling and point out the advantage of the growers of this section handling their own wool and mohair and the profit they would make.

Then Mr. Patterson, the new president, took the chair and on motion, which was seconded, he appointed a committee to study the marketing of wool and mohair and to report the feasibility of the growers operating their own wool and mohair warehouse. The committee appointed was Bob Davis, M. D. Taylor and C. A. Pepper. The convention adjourned to meet next year at Bandera. The next quarterly meeting of the directors will be held at Rio Frio, sometime in October.

One of the most interesting features of the convention was that of guessing the weight of the fleece on a J. A. Ward Angora buck. Twenty-five cents was charged for each guess and one person had a right to make two guesses. The money paid for the guesses went 50 per cent to the association and 50 per cent to the person who guessed the weight of the fleece. The guesses were many and ran from 18 to 40 pounds. It took John Clark, an expert shearer, fifty

## CHAMBER OF COMMERCE SECRETARY MAKES AN INTERESTING REPORT

A meeting of the Board of Directors of the Chamber of Commerce was held Tuesday morning with the president in the chair and five members attending. Several matters for discussion came before the board. The matter of the Tourist Camp Site was discussed. While it is a drawing card for Kerrville, there are expenses for the upkeep of the camp, and there is no special fund from which to draw to pay them. Since this Camp Site grew out of the Chamber of Commerce, the board by unanimous vote decided to charge 50 cents per day to campers staying over the three-day limit, which will perhaps pay for the upkeep of same.

A motion was made and carried that the secretary-treasurer give her report in writing for publication, also the names of subscribers to the Chamber of Commerce, so that it may be known who are interested in improving Kerrville, both from the standpoint of business and pleasure. The following is the secretary's report:

I respectfully submit the following report covering the main features of the work of the organization for the period, June 1st to July 24th:

The Board of Directors have had one meeting, Wednesday, June 28th, and one general meeting was held at Pampell's, June 24th, both of which were well attended and matters brought up were carefully considered with the full purpose of doing everything that could be done for the advancement of Kerrville. The directors promised to try to raise the \$750.00 asked by the Old Spanish Trail, realizing the need for good roads and the benefit Kerrville would derive from same, and upon receiving a written statement signed by their Mr. Thompson to the effect that this was the last cent that would be asked for this highway.

Over 200 persons have called on the secretary for information in this time about a great variety of matters, in writing, in person and over the telephone. They were assisted in every way possible.

Letters asking for definite information about tax values, schools, real estate values, churches, climate, rainfall, soil, the branches of trade that thrive here, also about furnished houses and lodging, from people who are planning to come here for a short time or to make this their home, have been answered in a way that I thought would be of assistance.

Following is the financial report:

Receipts	Amount
Subscriptions	\$479.14
Subscriptions to Electric Light Fund for Camp Site	1.00
Total	\$480.14

Disbursements	Amount

AMY WALLACE, Secy.

M. B. Cochran and Bruce Tarver had a misunderstanding as to some rumors and after passing the lie, the latter hit the former on the nose, causing it to bleed and also detaching some skin. Cochran then pulled a knife and plenty of room was made for him by the onlookers as well as Bruce, who got some rocks and was ready for further action. Judge Burney was near and commanded the peace and also called Sheriff Moore, who was across the street, to come over and stop the fight, which he did by taking Mr. Cochran off. It is stated that Sheriff Moore will file charges of disturbing the peace against both participants.

Death of August Faust
August Faust, a well known and esteemed citizen of the Lowry Addition, died at the Base Hospital, Fort Sam Houston, on Tuesday last week, the news reaching here too late for previous publication.

Decayed was buried in the Government Cemetery at San Antonio with military honors. He was a member of Highwood Lodge, K. of P., Highwood, Ill., which he joined while stationed at Fort Sheridan.

Mr. Faust took part in several Indian campaigns, was in Cuba during the Spanish-American War, and was later stationed in the Philippines for more than ten years.

A year ago he bought property in the Lowry Addition and built a cement block house almost entirely without assistance. It was his ambition to complete this house upon his return from the hospital.

Mr. Faust had established for himself a reputation for sterling honesty and loyalty. By his death Kerrville loses an exemplary citizen.

I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. FIRST METHODIST CHURCH
J. GRADY TIMMONS

Our people were again delighted last Sunday with having another visitor with and to preach for us. Rev. Ed Paisley, pastor of the First Presbyterian Church of Laredo, Tex., brought to us an earnest, strong, frank and heart-searching message at the 11 o'clock hour of worship.

Also we had another visitor with us Sunday morning. Rev. H. L. Dufree, our pastor at Mercedes, down in the Magic Valley, worshipped with us at the morning hour and agreed to preach for us at the evening hour, but just about five minutes before church time he notified me that his wife had taken suddenly ill and that it would be impossible for him to be with us.

On next Sunday there will be no preaching services at either hour, due to the fact that the Center Group meeting will be held that day at Bandera. We trust a large number of our people will be there that day and make their contribution to the success of the meeting. The program for the group is as follows:

I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her."

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made, and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments. If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

## How to Help

One of the most difficult things in the world is to help men. How to do it, in the most effective sense has been the burden of human philosophy since ancient days and is the purpose of all modern philanthropy.

The business world believes that men are really helped only when they are aided and encouraged to help themselves.

And this is the business philosophy of the First State Bank.

Wonder if there are any more May-fields in Texas who want office? There were only four candidates for National and State offices by that name in the recent primary.

The railroad officials and the National Government declare that the Ranger force is inadequate to give protection to men desiring to work at Denison. That ought to be evident at the outset to Adjutant General Barton and Governor Neff.

The courts and lawyers of the country are more responsible than all others for the formation of the Ku Klux Klan and other outbreaks against the authorized mode of procedure to secure justice. If the laws had been enforced, justice administered without fear or favor, there would be a general compliance with the law, and no strength would have been given to the Ku Klux Klan. The Sun has no patience with other than well regulated authority, neither has it any patience with those who shirk their sworn duty to enforce the law.

Neither the President nor Congress can agree upon any tariff measure that will be adopted, nor can either or both settle the coal or railroad walk-out. The trouble is a lack of backbone. Instead of doing the things for which they were elected, President Harding and Congress want to pass the buck to some commission, thereby creating more office-holders and only muddling the situation worse than it is. However, there is no indication that the Democrats in Congress would do any better if in control, nor is there a single man in public life, or who has been in recent years, standing out as a dominating figure equal to the task of restoring things to their normal condition. If the people could be aroused, they would find a solution by ousting the whole bunch and try a new deal all round.

President Harding has no doubt disappointed those friends responsible for his election, while he has proven a disappointment to the great masses who voted for him under the delusion that he would bring the government back to its equilibrium and reduce the costs of living and stabilize business. However, he has failed in all of it, so far as he is concerned. Business has been somewhat stabilized despite the President and Congress, as well as the strikes. If President Harding had possessed the moral courage of Cleveland or Roosevelt, who each proved as president that they had a backbone that did not bend at every whiff of popular clamor, there would be an entirely different and improved situation in America today. The Sun wants labor to get its just due in wages and working hours, and that the railroads and mine owners do their part toward employees, as well as comply with government regulations, but we do not sanction the disregard shown the government edicts by both the railroads and employees.

TEN THOUSAND EACH DAY FOR ADVERTISING  
William Wrigley, of chewing gum fame, spends \$10,000 every day for advertising. He must get results or he would not have the money to spend. Other advertisers must also get results from their expenditures and some of them are enormous. For instance, pick up the Saturday Evening Post and it is never lacking for ads. Its color page sells every week for \$8,500 and the other pages bring the same figure, and black and white pages sell at \$7,000 per issue. The centerspread brings in \$17,000.

### IS IGNORANCE OF THE LAW AN EXCUSE?

Farm and Ranch: In the enforcement of the law, ignorance is not an excuse. This is as it should be in matters of wrong doing, or where the act injures an individual or a community, and is of such a nature that any reasonable man would know that he was doing something that an honorable man would not attempt. But, who is to know all of the laws regulating every phase of business and every act of an individual? According to a recent compilation, the State Legislatures last year passed 40-148 pages of laws, while the various Supreme Courts made 25,000 decisions interpreting, modifying or expanding existing laws. Soon the Legislatures will again be in session and thousands of new laws will be passed. Every new member of these legislative bodies will father some new law regulating individual acts, or some line of business. Many of the older members will add to the quota and several new volumes will be added to the law libraries of every State. Under an avalanche of new laws, repeals and amendments every two years, the average business man should not be expected to always know when he has overstepped some regulation. Ignorance of the law in such cases should be excusable.

Occasionally some person running for office takes up the subject and promises to use his influence in reducing the volume of legislative output, but thus far none have been successful. It would be a blessing to have an occasional session of the Legislature in which necessary appropriations would be voted and adjournment taken immediately.

Governor Neff would have stood higher in the estimation of many of his friends if he had decided upon sending State Rangers to Denison before the primary election. It looked too much like a fear of the effect it would have on the result in the election last Saturday. That is one of the unfortunate things today, the lack of men who will do their full duty regardless of the consequences to their political fortunes.

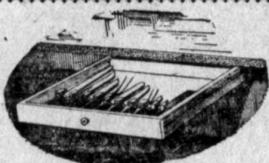

There was a rumor that the high mogul of the Ku Klux Klan had ordered the removing of mask and robe in parades of the Klans, but he states that he was misquoted and that no such general order has been given. That is immaterial—the people will demand that the mask and robe be removed. No 100 per cent American can reasonably object to the general principles advocated by the Ku Klux Klan, but it must carry out its advocacy of these principles in the open. The influence of the organization can be used to bring about a great change for better government and the more rigid enforcement of laws, simply by openly demanding that officers and courts invested with this authority, do their duty or resign.

In the spring when icebergs come floating down from the glaciers of Greenland, coastguard service vessels of the American fleet go out in search of them. When a berg is found the vessels wireless its presence to the boats of all nations in the vicinity. The cost of the patrol is borne by all the maritime nations using the Atlantic in proportion to the number of ships sailing under their respective flags.

Lignum-vitae is the hardest wood known. It is the only wood that can be used for the bearings at the stern end of the propeller shafts of steamers and nearly every large steamship is dependent upon a block of lignum-vitae for a smooth-running screw. The fibers of this wood weave back and forth, crossing and recrossing each other in a manner that resembles the weave of an automobile tire.

Fred Real made a short business trip to San Antonio the latter part of last week.  
Ellis McDaniel of The Sun force spent last week-end in San Antonio visiting relatives.  
Mrs. J. E. Palmer and Mrs. Ernest Boeckmann are visiting this week at San Antonio and Dilly.

Sheriff John Tabin of San Antonio passed through Kerrville Tuesday morning for the Llano R. or section.  
Mr. and Mrs. W. L. Jordan and baby expect to leave the middle of August for Cuero, where Mr. Jordan will teach next year.  
Tristram Folsger of Houston has joined his wife and little son here for a two week vacation, and is a guest in the B. F. Richards home.

Misses Reba and Lynn Burnett have returned from a two weeks' visit with their brother, McCollum Burnett, and family in San Antonio. They were accompanied home by their little niece, Mary Carr Burnett.  
A. C. Schreiner, Dr. E. E. Palmer, G. F. L. A. and Walter Schreiner, Chas. Schreiner of San Antonio, John Storts of St. Louis and several others left Sunday for their annual fishing trip on the Schreiner Preserve on Paint Creek, where they will spend two weeks.

Ernest Leinweber has returned to his home on the Divide after a week's stay in San Antonio, where he underwent an operation for sinus, performed by Drs. Steele and Clark. His friends will be glad to know that the operation was successful and that he is convalescing nicely.  
Wednesday evening of last week Mr. and Mrs. W. A. Fawcett and family, Chester Henke and Miss Bess Booth surprised Mr. and Mrs. Ralph Fawcett and party, who were camped at Ab. Davis' beautiful camp site on the North Fork above Hunt, by driving out with a barbecued goat and enjoying supper at camp. Besides Mr. and Mrs. Ralph Fawcett the party consisted of Mr. and Mrs. Lee Norell and Mr. and Mrs. Lloyd Hoot of San Antonio and Mrs. Ab. Davis of Del Rio. Camp was broken Friday morning and the party returned to their homes after a most enjoyable week's outing.

The Woman's Auxiliary of the Presbyterian Church will not hold its regular meeting this week, owing to the desire to concentrate on the meeting being held by the Women's Conference at the Encampment, beginning Thursday morning, July 27th, and continuing through the 31st.  
J. L. Warren, an old time boatman and fisherman from Aransas Pass, has opened up at C. L. Farrar's Ranch on the Medina Lake with motor and row boats for hire. He also handles live bait and has free camping ground for the convenience of his patrons. Note his advertisement in this issue.

Lieut. Gov. Lynch Davidson passed through Kerrville Monday, en route to California, accompanied by his three daughters. He expected to store his car at El Paso and take the train for the remainder of the trip. The Sun acknowledges a pleasant call from the Lieutenant Governor, who is a very genial gentleman.  
One of the tangible evidences of the new building and improvement operations going on in Kerrville, is the record of lumber hauled the past ninety days by B. F. Hicks, with one wagon and team. He estimates that within that time he has hauled 235,000 feet of lumber, and at that says that he did not overwork himself.

L. A. Leinweber of the Indian Creek community, near Ingram, was a pleasant caller at The Sun office Monday. He reported the work on the road between Ingram and Hunt about completed, and that it is now an excellent highway. He thinks that there will be sufficient funds to finish the road to the county line, which it is to be trusted will be done.

Mrs. Maggie Holloman sent The Sun a freak in the way of a combined peach and plum, grown on a peach tree limb. It is stated that a peach seed was planted which produced the tree, and the limbs and leaves look like a peach tree, while the fruit has a peach seed inside of it and the meat is quite sweet, but the shape and covering is like a plum.

The afternoon at home with which Misses Fanny and Sally Huntington entertained on Thursday afternoon of last week, to greet Mrs. J. J. McKelvy of Houston, was a most enjoyable affair. The guest list included old friends of the honoree, Mrs. McKelvy, and about seventeen called during the afternoon. The rooms were attractively decorated for the occasion with roses and geraniums. Refreshments, consisting of cantaloupe a la mode and small cakes were served. After which the guests adjourned to the home of Mrs. John Burney, where a musical program was given. A feature of the program was a number of solos by Mrs. McKelvy, whose sweet voice has always been a pleasure to her listeners. Solos by Miss Hattie Garrett and organ selections by Mrs. John Burney were also much enjoyed.

**Goodrich announces new tire prices**  
 —lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality — the Goodrich one-quality standard. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy **Silvertown Cords** at such prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3 1/2 CL	\$13.50	34 x 4 S. B.	\$30.85
31 x 3.85 CL	15.95	32 x 4 1/2 S. B.	37.70
30 x 3 1/2 S. B.	15.95	33 x 4 1/2 S. B.	38.55
32 x 3 1/2 S. B.	22.95	34 x 4 1/2 S. B.	39.50
31 x 4 S. B.	26.45	35 x 4 1/2 S. B.	40.70

33 x 4 S. B.	30.05	35 x 5 S. B.	49.30

*No extra charge for excise tax. This tax is paid by Goodrich*

New base line prices are also effective on Goodrich Fabric Tires

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3—"55"	\$9.65	32 x 4 S. B. Safety	\$21.20
30 x 3 1/2—"55"	10.65	33 x 4 S. B. Safety	22.35
32 x 3 1/2 S. B. Safety	16.30	34 x 4 S. B. Safety	22.85

This revised price list affords the motorist as definite a guide to tire prices as Goodrich Tires are the definite standard of tire quality.

## CLOTHES

By HAZEL R. LANGDALE

© 1922, by McClure Newspaper Syndicate.

Henry let the magazine he had been reading slip to the floor as he reached for his tobacco to fill his pipe. Then he glanced at the clock and put his pouch back in his pocket, unopened. Stretching his arms above his head, he yawned.

"Goah, Jenny, guess I'll turn in. I've had sort of a hard day at the shop, and it's later than I thought. You mind?"

His wife, over her basket of mending, shook an indifferent head. "Night, Henry. Don't forget to wind the clock and set the alarm. I'll finish here and then read a spell to rest me."

Silence settled on the Crampton household—a silence that lasted long after Jenny had placed a skillful patch on a worn tablecloth, had darned several pairs of Henry's socks, and had read her spell in Henry's discarded magazine.

For as she picked up the book where it lay open on the floor beside her husband's chair, a glaring title caught her eye: "Have you kept your husband's love?" Powerfully as a spoken accusation, it riveted and challenged her attention, and she read the indictment which followed with a breathless fascination. Then, when she had finished the article she laid it down with a deeply indrawn sigh.

Why, that writer had drawn Henry and her! For wasn't Henry getting unromantically on in years, and wasn't she middle-aged and run-down-at-heel and unattractive? And hadn't Henry long ago gotten over showing any of those intimate little signs of affection which women prize? The occasional tender word—the kiss at the door before going away in the morning—the comradely pat on the shoulder now and again?

And there was an warning tacked on at the end of the article. "Be careful," it read, "that your husband, in a sort of second youth, doesn't look for his happiness elsewhere. If he shows signs of sprucing up himself, unmindful of your appearance, beware!"

Absent-mindedly she followed in Henry's footsteps, making sure that doors were locked and bolted. Then she climbed the stair and crept into bed, only to lie there for many wakeful, planning hours.

The next day she experienced a sharp and sudden pang when Henry left the house without even saying good-by.

Late that afternoon, bundle-laden, weary, yet withal exhilarated, Jenny returned from the city. Her feet dragged a bit, but in her eyes was the light of—was it battle or merely feminine anticipation? Shut in her bedroom, she unwrapped her purchases and spread them upon the bed. Then she did various things to her hair, dabbed a bit of powder on her nose, put a polish on finger nails that had been recently manicured, and, finally, she arrayed herself from head to foot in attire that was brand new, rather expensive, and extremely up-to-date.

As she waited for her husband on the little porch the minutes passed slowly. One suburban car after another stopped at the corner and disgorged its passengers. Still no Henry.

Arrived an in-between rush-hour car, which let out only two women and a man in gray. Jenny bit her lip nervously. This was even later than usual. Why—why—that man in gray was stopping at the gate. He had swung it open—was coming up the path! Why, it was—Henry!

Yes, it was Henry in a new gray suit, new hat, new shoes. And even a new lift to his walk, a new set to his shoulders. Jaunty, almost. Yet his expression was that of a man who has been caught red-handed in crime. It set badly with his air of rejuvenation.

Suddenly that expression changed. Amusement, bewilderment, incredulity chased one another across his countenance. Jenny felt impelled to explanation. Then she would demand the same from him.

"I—I read an article," she said, just a bit defiantly, "about keeping your looks to prolong your husband's love. But you, oh, Henry, what made you?"

Henry drew her gently into the hall within, his arm exerting a tender pressure. "Why, Jenny dear," he said, "I read that same article, and decided that 'what's sauce for the goose,' you know, 'is sauce for the gander!'"

"Henry!" Jenny's voice fairly sang the word. "Wasn't it odd that we both—"

"It sure was," interrupted her husband, hastily. "It sure was."

But considering that Henry had taken pains to drop his magazine open at that particular spot, perhaps it wasn't so very odd, after all!

Niagara Falls. John Thomas, a small lad of Bedford, Ind., en route to join the father at Rochester, N. Y., had been told they would see Niagara falls before reaching Rochester. They were met at the Indianapolis station by friends with whom they were to spend the day. As they drove around the monument, the youngster, his face aglow with enthusiasm, said: "Oh, mother, is that Niagara falls?"

Footprints. "Women are taking a wonderful leadership in affairs of state." "They are," replied Senator Sorghum. "Fame has recognized feminine genius. I shouldn't be surprised if in a little while all the footprints in the sands of time were left by high-heeled shoes."
