NOTRE DAME INSTITUTE

Who's Cited by the High School Dept?

FACULTY CHANGES

It will be good news to all our High School students to learn that Sr. Hilda has been reappointed as principal of this department at Notre Dame. She came back here as soon as she completed her degree work at the collegiate summer school. With her came our kindergarten instructress, Sr. Rose Therese, and also Sr. Beignus, a university graduate from Paris.

We are still living in hopes that good Mother Lacerian will be returned as superior, even if she has completed her allotted triennial.

Sr. Imelda, in charge of the summer boarders, left last Sunday to make the August retreat at the mother-house. With her went Sr. Josephine and Sr. Eugene, who has had charge of our musical conservatory. We expect these two nuns soon after the 15th of August, when the spiritual exercises terminate at the Incarnate Word College.

About one hundred ladies, who have pursued the Summer Normal given by our Sisters, are taking examinations there this week for their certificate as teachers in the public schools of Texas.

Watermelon Feast

Last Saturday was the name's day of Sr. Mary Blanche, and as such was observed by the Notre Dame boarders with a watermelon spread in St. Mary's Park. The thick, rich, green carpet, sheltered by spreading elms and chinaberry trees, was an ideal shade place for such a happy gathering of busy youngsters.

Another watermelon party was held by a crowd of young folks on Sunday evening near Center Point. In his enthusiasm to make sure of bringing enough fruit, one chauffeur who trailed behind, forgot to make certain of having enough gas, and in consequence his company had to wait patiently till some midnight autoists loaned him a sufficient quantity of Rockefeller's liquid gold to come home on.

On the previous Tuesday many of the class-mates of Martin Louis Michon surprised him with a birthday party.

Lillian Beck, who is boarding at the Convent, had an enjoyable Sunday visit from her parents.

Mary Claire Stoner is summering with relatives in Refugio until the next scholastic session opens Tuesday, September 5th.

Camp Activities

Mr. and Mrs. John Kremer motored here from San Antonio on Sunday to visit their daughters, Katherine and Margaret. They left with one of our campers, Miss Bessie McHugo, who is a music teacher in the Alamo City. Mr. Kremer has been employed by the Government for many years as food inspector, and was deeply impressed

with culinary, commissary and sanitary features at Notre Dame.

Mrs. R. H. Campbell of Camp Travis and her daughter, Elizabeth, registered at our camp this week. They hope to be joined here by the daughter of Brigadier General Nolan.

Eight campers left at the opening of the week, but simultaneously several newcomers filled most of the vacancies. Among these was Miss Grace Start of the Winnerich Motor Co. of San Antonio.

As a variation to the round of dances, swims and socials, the campers chose one cool morning for a climb to the summit of Tivy Mountain in order to watch Nature's reel of inimitable pictures with the birth of Aurora and the dawn of a new day.

On another occasion the campers and some Notre Dame boarders experienced the genial hospitality of Herbert Crate, who conducts, near Ingram, the Rio Vista Camp for boys, Laughman, Kuhlmann, Nyc, Oswald, Kolodzey and others very kindly offered their autos to accommodate our summer guests. The Rio Vista lads went through their camp fire stunts to amuse the visitors. The boys were glad to meet their former comrade, Freddie Nyc, who had spent the first half of the season with them.

Good Time at Bridge

Miss Lucille Williamson complimented Miss Louise Flowers, guest of Miss May Louise Schreiner, with a Bridge Party last Saturday afternoon at 3:30 o'clock.

Hand painted bridge table numbers was the first prize and went to Miss Josephine Coombs for having high score. The guest of honor received a vanity. A salad plate was served that caused the honor guest to declare it was too pretty to eat.

Those present were: Misses Louise Flowers, May Louise Schreiner, Alice Domingues, Ellen Mason, Yolande Robinson, Etheldra Fraley, Margaret Thorburn, Celeste Jones, Josephine Coombs, and Mesdames W. M. Wheelless, Frank Hart and Payne Williamson.

Mrs. G. F. Schreiner Entertains

Mrs. G. F. Schreiner was hostess to about forty guests last Friday afternoon, honoring Misses Louise Flowers, May Louise Schreiner and Ella Eumel and Mrs. Frank Hart. Bridge was played. Mrs. Clarence Brashear won high score, receiving a hand painted dresser set; Miss Lockridge of Austin, second, receiving a hand painted plate. A table prize for each of the eight tables consisted of hand made lingerie clasps. Hand made silk lingerie, in orchid color, was given to the honorees, Misses Flowers and Schreiner, while Miss Rummel and Mrs. Hart received white silk hose.

Among the out-of-town guests were Misses Fraley of Houston, Lockridge of Austin, Flowers of San Antonio and Mrs. W. M. Wheelless of Houston. Mrs. Clarence Brashear, recently from Tennessee, is now situated on the banks of the Guadalupe River about four miles above Kerrville.

CANDIDACY OF NEGRO IN OHIO ALARMS G. O. P.

Washington, D. C., Aug. 4.—A dark cloud of apprehension is attempting to shut away the sun of hope from Republican managers in Washington, who have been casting their telescope over the States to review political chances, in that they see a certain possibility of loss in Ohio, hitherto unnoticed, from the likelihood of Republican nomination of a negro for Governor.

At first when information came here that Harry Clay Smith, negro editor of Cleveland, had entered the list of candidates, it was assumed that some clever opponent of Harvey C. Smith, Secretary of State, also running for Governor, had influenced the negro editor to enter in order to subtract from the regular vote of the Secretary of State because of the similarity of names. This trick was laid at the door of the foxy Walter F. Brown of Toledo, associated with the manipulating Harry M. Daugherty of Columbus, for the benefit of Cami Thompson, the administration candidate. Be that as it may, the Harry Smith candidacy has become a real danger to the Republicans, who now see in the vast field of candidates the possibility of the negro's nomination, which in Ohio would assure certain Republican defeat. If the manipulators produced the negro candidacy as charged, they may have builded themselves a political Frankenstein.

Republicans Alarmed

Ohio Republicans coming here recently have called attention to the real possibility that Harry Clay Smith may receive the Republican nomination for Governor. Added to the fact that he will undoubtedly receive some votes intended for Harvey C. Smith, it is certain that he will lose none intended for himself. Negro voters, seeing the possibility of advancing one of their own race to high place, will take care in casting their votes, and with women voting, the negro vote in Ohio has become formidable. When it is recalled that in the last State primary Harry Clay Smith received 150,000 votes against Harvey C. Smith, the reason for concern becomes evident. Republican leaders are bound to figure on an excess of 600,000 votes at the primary. With nine candidates in the field, these votes will be split nine ways, and the negroes voting in solid line may be able to nominate the Republican candidate for Governor.

Republican managers are bestirring themselves in earnest to dissipate the cloud, realizing that nomination is one thing and election another. While perfectly willing to make promises to the negro voter, they are unwilling to have his representative head their ticket if it can be avoided. This peculiar situation for the first time causes the negro vote to be a worry to Republican leaders in Ohio, but that it is now more than a worry, and actually an apprehension, is admitted.

Negro Vote Problem

Ohio leaders would like to dispose of Harry Clay Smith without incurring the enmity of the negro voters, it is said here. As a matter of fact, disposition of the negro vote has been one of the serious problems of this administration, faced as it was with

campaign pledges for unusual recognition. To what lengths some members of Congress have been willing to go has been shown by legislation offered and by the attitude of individuals in districts having a large percentage of negro voters. Probably the most notable in this connection is the First District of Illinois, represented by the Hon. Martin Madden, chairman of the House Appropriations Committee, who admits that he would have no possibility of re-election should a negro Republican declare against him.

Within the month the nucleus of serious trouble over the same issue was eliminated by the failure of Emile Holley, a 17-year-old negro, to qualify as midshipman in the United States Naval Academy at Annapolis, for which he had been nominated by Representative Anson of the Twenty-First New York District. At the time of nomination it was freely predicted in official circles that young Holley would not pass the examination.

KIRBY EXPECTED TO MAKE RACE FOR U. S. SENATOR

Houston, Tex., Aug. 7.—Announcement that John Henry Kirby, Houston lumberman, will enter the fall election for the United States Senate as an "independent Democrat" is confidently expected here.

Mr. Kirby today said he had no statement to make at the present time and would make none until he returns from Memphis, Tenn., where he went tonight to address the Hardwood Lumber Manufacturers' Association of the South on Wednesday, and where, on Thursday, as president of the Southern Pine Association, he will preside at a mass meeting of yellow pine manufacturers.

When Kirby was told of the organization of a non-partisan "Kirby-for-Senator Club" at Wells, Tex., he said he was "profoundly grateful to the good people of Cherokee County for their expression of confidence."

The new Goodyear Cross-Rib Tread Cord

Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord. Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can. You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth.

The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction.

In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30 x 3 1/2 Clincher	\$12.50	32 x 4 Straight Side	\$24.50	33 x 4 1/2 Straight Side	\$32.15
30 x 3 1/2 Straight Side	13.50	33 x 4 Straight Side	25.25	34 x 4 1/2 Straight Side	32.95
32 x 3 1/2 Straight Side	19.25	34 x 4 Straight Side	25.90	33 x 5 Straight Side	39.10
31 x 4 Straight Side	22.20	32 x 4 1/2 Straight Side	31.45	35 x 5 Straight Side	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

Mrs. Charles Armstrong and baby are visiting at the home of her sister, Mrs. Scott Schreiner, this week. Mrs. Warren Colvert and two children of San Antonio will arrive the last of the week for a visit. Mrs. Colvert is a sister of Mrs. Schreiner.

Rev. B. I. Dickey of Corpus Christi, where he is pastor of the Presbyterian Church, and is now attending the Westminster Encampment, in the success of which he has had so much to do, preached a most excellent and timely sermon last Sunday at the Baptist Church. Rev. Dickey was formerly pastor of the local Presbyterian Church previous to his highly esteemed brother, who now holds that position.

Rev. J. B. Holt and family, Mrs. L. W. McCoy and two daughters, Mrs. J. T. Moore, Elmer and Miss Mabel Deering and Miss Faye Turley returned Monday from the Alto Rio Baptist Encampment. They report a pleasant trip, except the accident in the overturning of the Holt car, mention of which is made elsewhere. The escape of that family was miraculous and their many friends greatly rejoice that no serious injury resulted to them.

Mrs. J. D. Jackson invited all the young ladies connected with the activities of the Presbyterian Church to her home Tuesday of last week, to meet Mrs. Hill, whose husband is pastor of the First Presbyterian Church of San Antonio. Mrs. Hill was for four years a missionary in Korea, and made a very interesting talk on the subject of Korea, giving first-hand experiences. Besides the younger ladies, Mesdames Lee Wallace, A. C. Schreiner Jr. and the hostess, had the pleasure of hearing Mrs. Hill. Sandwiches, iced tea and candy were enjoyed by all present.

COMPLIMENTING FORMER KERRVILLE YOUNG LADY

The San Antonio Evening News of Wednesday had a fine picture of Miss Dorothy Doyle, formerly of Kerrville, and also the following reference to her musical talent:

"The Evening News has another treat in store for radio fans tonight. 'Miss Dorothy Doyle, famed as 'Queen of the Blues Singers,' will broadcast a number of selections, beginning at 7:30 p. m. Miss Doyle's fame as a singer of the jazziest of jazz songs has placed her in the front rank of entertainers in San Antonio. 'Petite and chic, Miss Doyle visited the Evening News broadcasting station this morning and rehearsed the numbers which she will send out over the ether waves. She was 'just simply delighted' with the radio studio. Dressed up in its ivory finish, with pretty pongee curtains and overhangings, it won her."

"One couldn't help but sing well in such surroundings," was her verdict after an inspection."

CALLS ADVERTISING THE REMEDY FOR HARD TIMES

Daily News-Record, New York: Speaking before the Washington Advertising Club recently at the regular club luncheon, Sir Charles F. Higham, M. P., declared advertising to be the "keynote" of all State, National and international business.

"You may build the best product in the world," the speaker said, "but without the potent factor of advertising your product you will never become known out of your immediate vicinity."

"A remedy for hard times, Sir Charles urged more advertising, 'declaring that everything comes from business, and advertising is the main-spring of business.'"

Morning Bridge Party

Miss Alice Domingues entertained at Bridge for Miss Louise Flowers Thursday morning of last week. Miss Lucille Williamson won high score. Delicious salad, iced tea and sandwiches were served to the guests.

Those present were: Misses Louise Flowers, May Louise Schreiner, Ellen Mason, Yolande Robinson, Margaret Thornburn, Ethelra Praloy, Lucille Williamson, Celeste Jones and the hostess.

Subscription Honor Roll

The following have either subscribed or renewed the past week to 'The Kerrville Mountain Sun':

P. A. Ottinger, J. C. Robinson, F. W. Linstead, Mrs. Irma Meredith and J. B. Keefer Jr., Kerrville; Willie Allerkamp and Eddie Boerner, Comfort; J. D. Motley, Junction; Andrew Stevens, Harper, and F. H. Robinson, Beaumont.

Lieutenants Groos and Bennison of Camp Travis were here for a week-end visit at the home of Mr. and Mrs. L. A. Schreiner.

Miss Ruth Highsmith of Dallas left last Sunday for her home, after a visit of several weeks with her cousin, Miss Luella Shumaker.

Rev. J. B. Holt, pastor of the local Baptist Church, has been invited to make the Commencement address to the students of the summer session of the Howard Payne College at Brownwood. He also has been invited to address the Rotary Club of that city. He will make the latter address at a luncheon Friday noon of this week and the one to the students in the evening. This is an honor worthily bestowed.

NEFF EXPECTED TO ENTER LISTS FOR U. S. SENATE

San Antonio Express: That Gov. Pat M. Neff will be a candidate for the United States Senate to succeed Senator Morris Sheppard at the election of 1924 is the general belief, not only among Neff partisans in San Antonio, but among Neff men and women from other sections of the State. Naturally, there is none willing to be quoted on a matter of such political moment before the man most concerned cares to speak for himself. Privately, however, they are almost a unit in giving expression to the belief that two years hence Neff will dispute with all comers the right to wear the toga that now adorns the form of Texas' junior Senator.

General credence is given intimations of the Governor's friends on this point, because every phase of the recent primary election in so far as he was concerned, and is concerned, lends color. It is the contention of Neff supporters that he is the only Governor Texas has known in recent years who was able to make a very respectable political showing on the conclusion of his first term against the opposition within his own party for a second term. While Neff had a field of three against him in the recent primary campaign, he managed to obtain a majority of the popular vote, a very healthy majority, and is free to play the game in the interest of any friends he may see fit to support in the second campaign now fairly bristling from one end of the State to the other.

Certain of the important appointees of Governor Neff, most of whom have long been bell wethers in the Sheppard fold, are declaring "on the q. t." that Sheppard has lost a great deal of his strength and that Neff is the most "available" of all Texans to succeed him. It is interesting to note that one of the reasons alleged for the loss of support Sheppard is said to have suffered in connection with the Woodmen of the World. Nearly a year ago San Antonio Express told its readers that the ranks of the organization named were fairly sizzling with anti-Sheppard talk. The Senator was formerly the idol of every wearer of the axe. Now many wear the cutting edge towards him.

Nobody with an ounce of political sense would expect Governor Neff to say in 1922 what he proposes doing in 1924. No public man of the State ever kept his plans more closely to himself, anyway. But it is significant that his "official family" are saying and, apparently believing that the people will have to try the case of Neff vs. Sheppard two years hence—if Sheppard offers for re-election, a contingency some of them seem to doubt.

But the close mouth of the Governor is expected to be opened long before the campaign, if he wants to run. It will be recalled that he started out for the Governorship informally about 18 months ahead of the date of the nomination and was a full-fledged candidate at least 11 months prior to the primary.

On most questions confronting the American people Senator Sheppard and Governor Neff have stood together. Therefore, those who have heard the Neff rumors incline strongly to the belief that, if both Sheppard and Neff should run, there would be another candidate, at least, who would disagree with both of them on the issues of the day. And men who study the returns of the primary of last month are showing their hands high in the air and crying "Quine sabe."

The United States consumes two-thirds of the world's rubber production.

Mr. and Mrs. R. M. Williams have as guests, W. W. Holland, father of Mrs. Williams, and also her brother, W. E. Holland, and his wife, and Miss Arlie Rice, sister of Mrs. Holland, all of Beaumont.

Among those who motored up from San Antonio Thursday of last week to be the guests of Mr. and Mrs. L. A. Schreiner and Miss Schreiner over night, were Misses Eugenia Taylor and Emily Wurzbach, Mrs. Atlee B. Ayres, Mr. and Mrs. Atlee B. Ayres Jr., Mr. and Mrs. Arthur A. Seeligson, Robert M. Ayres, Lafayette Ward, Julius Barclay, William Clegg, Sam Capers, William Berman and William Weinerich.

F. H. Robinson and his son-in-law and daughter, Mr. and Mrs. S. J. Lester, of Beaumont, are in Kerrville. The former is a prominent real estate dealer in Southeast Texas, and Mr. Lester is principal of one of the public schools in that city. Mrs. Lester is recuperating from an attack of the "flu" and will remain several weeks, but her husband will soon return to attend to his school duties. Mr. Robinson also returns home the latter part of this week.

Evolution Is Rapid These Days

THERE never has been a time when conditions changed so quickly—when life bettered itself so consistently—when the inventive mind turned so readily to new things that better fill old needs.

New conveniences and comforts are coming in all the time. And the conditions under which all things are made and sold are subject to frequent alteration.

The rapidity of modern commercial evolution vitally affects us all. And especially it affects the purchasing power of our money.

Whether you buy little or much, in order to buy intelligently, you must keep yourself informed. You must know not only the goods, the styles, the varieties and the price, but you must also know where the goods are to be had.

There is only one way in which you can keep your information up to the minute.

Edwards County Echoes

Leader, August 4th: County Judge Weaver Baker of Junction was in Rocksprings Tuesday afternoon and auctioned off at the court house door 1,280 acres of land situated over in the South Llano section of this county, the J. W. Bartley ranch. Byron Newby, assistant cashier of the First National Bank here, bought the ranch, and the consideration was \$8,116.

The Edwards County candidate for the Legislature, Hon. B. J. Stewart of Barksdale, was re-elected by a fine majority over his opponent, H. G. Perry of Junction, in all of the counties comprising this, the 86th district, showing as it does the belief of the voters in his honesty, integrity and ability. He is a young in years and there is every prospect that he is one of our coming young men that will be

heard from later as aspiring to yet higher positions. The Leader would be glad to give the vote in the Representative race from each of the several counties, but at this writing we haven't the figures from all of them. In his home county of Edwards the figures show: B. J. Stewart, 132; H. G. Perry, 57. According to the Menard Messenger the figures for Menard County were: Stewart, 371; Perry, 295. The Messenger says: "B. J. Stewart was re-elected to the Legislature by an overwhelming majority over H. G. Perry, having carried, it is said, every county in the district."

Johnson Creek Scratches

As I have not written anything for some time, will try to come in again for a little while:

Geo. Duderstadt from the Divide went to Kerrville last Friday.

Joe Burns of Yoakum, who has been here camping, has gone to Boerne to stay for the winter.

Newt, Nichols and family went to Ingram late last Saturday evening. Newt says the stock business looks good to him.

Clarence Webb went towards Ingram with a load of watermelons last Saturday and came back with a long smile on his face and plenty of money in his pocket.

Chas. Henderson's tomatoes are doing fine, as the same are as big as a wash tub and bigger. Now, the writer has not seen this at all. What he knows is just by hearsay, and so you will have to go and see for yourself. RED BUG.

Bandera Budget

New Era, August 3rd: Some people have in some way gained the idea that our county fair is to be a sort of carnival, where they will have to spend money. The fair is not a carnival, but an exhibition of the county's products and it will be absolutely free to everybody who will attend.

Report comes that Chas. Merritt, under indictment for attempt to burglarize the First National Bank of Bandera, and out on bond for his appearance at District Court at Kerrville next week, recently attempted to rob a bank in Wichita, Kan., and was captured and is now in jail there. Particulars are lacking.

Warren Hunter has just completed another radio set and is again receiving wireless news and concerts from all over the country. He constructed a set some time ago which he sold to Dr. Leonard, and since that time he has been working on a much larger apparatus, which he has set up in the New Era office. He can pick up messages from any part of the United States. The set is of his own design and works as satisfactorily as sets that sell for \$250 or \$300.

Gold is to be reduced from the smoke leaving the United States Assay Office in New York City. During the process of reduction much gold dust is lost through the chimney.

HORSE THIEF CAUGHT LAST WEEK NEAR ROOSEVELT

Junction Eagle, August 4th: Early day events were called to mind here Tuesday when the rumor became circulated that a "horse thief" had been caught.

Monday night, Gully Cowsert, who ranches on North Llano, some 15 miles out of town, telephoned to the sheriff that a suspicious character on horseback was at his ranch. Mr. Cowsert questioned the man, and feeling sure that something was wrong, kept the man at the ranch during the night. Early the next morning F. H. Dunk, who until recently lived near the Cowsert ranch, but is now living some 18 miles out on the Kerrville road, came to town and reported to the sheriff that a horse and saddle had been stolen from his place. The sheriff, accompanied by Mr. Dunk, left for the Cowsert ranch and found the man and horse. The horse and saddle were identified by Mr. Dunk and the man was brought back by the sheriff and placed in jail.

The horse was stolen some time Monday from a lot near the Dunk ranch house.

The man, giving his name as Roy Casey, from Michigan, states that he has been in San Antonio for a year or more.

He was doubtless making his way north and saw this opportunity to increase the pleasure of his trip by appropriating a good horse and saddle to his own use. He is apparently about 25 years of age, but states that he is only 21.

Narrow Escape

Holt of Kerrville, en route to the Encampment in company with two other cars, driven by ladies, overturned his car on a hill at the headwaters of the

Frio adjacent to the Holmes ranch Tuesday. Fortunately there was no one hurt, although there were five people in the car. The top of the car was almost demolished but otherwise not much injury was done.

We judge that Rev. Holt was in such a hurry that the side of a mountain appeared to him to be only an insignificant obstacle in the path of the Encampment and, viewed from that angle, we can appreciate the desire for speed.

We are very glad that the overturning of the car was attended by no more serious consequences.

Leakey Leader, August 4th: Rev.

Motor Vehicle Registration

Austin, Tex., Aug. 5.—The total number of motor vehicle registrations for the entire State for the six months' period ending June 30th, 1922, was 449,246. During this same period in 1921 the total number was 412,332.

The increase for this year over the same period of last year is 36,914. If the same ratio of increase is maintained during the last six months of the year, the registrations for 1922 will exceed 500,000. For the entire year of 1921 the registrations were 469,937.

Nearly 30,000,000 barrels of flour could be added to our annual output from wheat that pests and disease destroy.

PAMPELL'S ICE CREAM PRODUCTS

PURE AND WHOLESOME

THE PURE FOOD LAWS OF TEXAS ARE RIGID

In order that our friends and customers may know that they are being served with absolutely pure Ice Cream and Soda Waters, we take this means of giving publicity to the fact that our plant and products are inspected by traveling representatives of the Pure Food Department of Texas.

We are proud to say a recent analysis of our Ice Cream proved it far superior to the average ice cream now on the market, as to purity and percentage of butter fat.

When better or purer Ice Cream, Ices, Soda Water and Candies can be made, Pampell's will make them. We are proud of our record. Over a quarter of a century of making Pure Food Products and since the Pure Food Laws have been in effect, never a complaint from the department.

KERRVILLE TAKES SECOND GAME FROM KELLY FIELD

(Continued From First Page)

Wheeler, in left, was especially unlucky when high ones came his way.

The visiting second baseman pulled a double unassisted by taking a liner from Wilson's bat and catching Bob Barry off second on a close decision. Bob certainly mussed his uniform in trying to get to the bag.

Charley Rawson umpired and had many close decisions all through the game. There was no protest by any of the players, however, though some of the fans made uselessly loud protests at times.

The Kelly Field team, with its regular line-up, will play one and perhaps two games here during the Fair. Comfort is also being considered a visitor at that time. The Aviators are coming here to get even for the past defeats and will make it interesting.

Next Sunday the Athletics journey to Comfort for a game. All fans take due notice thereof and govern your movements accordingly. **PODGER.**

KERRVILLE COLORED NINE BEATS SAN ANTONIO TEAM

After the regular game last Sunday, the Colored Athletics faced a team from San Antonio, and, with the score 7 to 0 against them in the seventh, batted out 8 runs in the two remaining innings.

Butler was hit freely in the early innings, while the local boys could not meet the visiting pitcher's delivery squarely. As the game was late in getting started some of the errors were due to shades of darkness. The play was fast from the start, and the home players not only maintained a swift pace but were going "great guns" at the finish, as the score indicates.

GOVERNMENT RECOGNITION GIVEN OLD SPANISH TRAIL

(Continued From First Page)

care for the mass of travel that will seek these Southern borderlands.

"In the public interest and for the sake of the all-the-year service this highway will render to the travelers of the Nation, and for its value to the military arms of the Government, general co-operation and effort are urged to complete it from sea to sea in type and character equal to the service it will be called upon to render."

The War Department statement, approving the Old Spanish Trail system, was issued by J. M. Wainwright, the Assistant Secretary of War, as follows:

"The highway from Pensacola through Mobile to New Orleans is considered by the War Department of first importance, and its early completion, in accordance with Federal standards, including necessary bridges, is urged in the interest of the National defense. A standard Federal highway between Pensacola and Jacksonville is also considered important.

"In Texas the following trunk highways are considered essential from the standpoint of military operations along the border: San Antonio to the lower Rio Grande Valley, San Antonio to Laredo, San Antonio to Del Rio with branch road to Eagle Pass, along the Rio Grande from Brownsville to Del Rio, thence westerly to Marfa and El Paso with connections southward from Marfa to Rio Grande points, also from San Antonio to Corpus Christi. Standard Federal highways from San Antonio to Houston, Galveston and Orange are also regarded as important.

A standard highway running along the Mexico border through New Mexico, Arizona and California is also rated of first importance by the War Department.

"Considered as a whole, the proposed transcontinental trunk highway from Jacksonville to San Diego, with its connections to border points, is an essential element in the plans being formulated by the War Department for National defense, and should be completed without delay, according to the best Federal standards for road construction."

The War Department statement, according to Harrel B. Ayres, managing director of the Old Spanish Trail, is a "culmination of a general and unanimous agreement among National leaders of the necessity of invoking all forces now to promptly carry on construction and to conform all plans to the important character of the project."
