## SHEEP AND GOAT RAISERS' EXECUTIVE COMMITTEE HERE

The first quarterly meeting for 1922 of the Executive Committee of the Sheep and Goat Raisers' Association met Monday in Pampell's Hall, at Kerrville. Those present were: Claude A. Broome, president; Jas. T. Elliott, secretary-treasurer, of San Angelo; members, E. K. Fawcett and J. D. Moore, Del Rio; Robt. Real, Kerrville; Fred E. Earwood, Sonora; W. M. Noelke, Mertzon; W. C. Bryson, Sonora; Jim Moore, Cleo; W. O. Shultz, Paint Rock; F. C. Bates Jr., Sheffield; J. A. Whitten, Eldorado; B. A. Brown, Rocksprings; N. B. Skaggs, Junction, and Geo. M. Thurman, attorney, of Del Rio.

The Executive Committee remained in session until about 4:30 o'clock, Tuesday afternoon, and transacted quite a lot of important business, most of which is not for publication.

E. M. Johnson, agricultural statistician of the Bureau of Agricultural Economics for the United States Government, was present and explained the plan of his work in gathering information pertaining to live stock, which was very essential. Mr. Johnson stated that it was as necessary to have this detailed information about the number of head of various live stock, the quantity ready for market, etc., as it was to have the various reports on agricultural products. The following extracts are copied from an article by Mr. Johnson in the Sheep and Goat Raisers' Magazine, San Angelo, and will give an insight into the plan and its importance:

"The reports will cover two distinct sections, the feeder States and the range States. Coupled with the crop reports they should be very helpful for it is of as much interest to the breeders of Texas to know that the feeder States have a crop to feed and will want their stock to feed it to as it is for them to know that they have, or have not, the feeder stuff to sell.

"Texas, on January 1st, 1922, had 3,077,000 head of sheep whose average value was \$3.40 per head and is the leading State in this class of live stock. It marketed 18,000,000 pounds of wool for 1921 and sheared something better than 7 pounds per fleece.

"The demands for comprehensive stock reports, made by the stockmen, have been a factor in the establishment of this work. Its need was made apparent by the serious conditions affecting the industry both during the drought of 1916-18 and throughout and following the war."

President Broome reported on the Cattle Raisers' Association, recently held at Fort Worth, which he attended, and urged closer co-operation between that organization and the Sheep and Goat Raisers' Association.

Secretary Elliott urged the advocacy of a law on Truth and Traffic in reference to predatory animals a committee was appointed, which presented the following resolution, which was adopted:

"Resolved, That the Sheep and Goat Raisers' Association, in its action taken by Executive Committee at Kerrville, Oct. 9th, that the State Legislature be and is hereby requested to appropriate \$25,000.00 for two years to aid and supplement the Federal appropriation to be expended under the supervision of the Bureau of Biological Survey, for the eradication of predatory animals in this State."

It was also moved and adopted by the committee, that the present method governing trapping of predatory animals be continued.

Reference was made by President Broome of the liberal action of B. M. Albert of Sonora, in serving free steamed Chevon at the Dallas Fair, to acquaint the people with the diet that goat meat makes.

Anderson was selected as the speaker for the next quarterly meeting of the Executive Committee.

The Association meets in convention at Del Rio.

### Mohair Sales

Schreiner Wool & Mohair Company made sales last week of about 200,000 pounds of mohair at 60 cents, it is reported. This week, sales have been made of about half a million pounds of mohair, it is stated, but the exact price is not known, as some of it is optional. However, it is more than the price paid last week.

Buyers were here Tuesday bidding on the mohair.

Tea for Visiting Ladies

Monday afternoon at 4 o'clock, Mrs. L. A. Schreiner was hostess to the wives of the visiting Executives of the Sheep and Goat Raisers' Association, who were in session here Monday and Tuesday.

At about 5:30 p. m., when the business of the day was concluded, Mr. Schreiner invited the men of the Association to this beautiful home for a pleasant time.

Several Kerrville ladies assisted Mrs. Schreiner in dispensing hospitality to the visitors.

BANQUET TENDERED APPRECIATED GUESTS AT ST. CHARLES HOTEL

Monday evening, a banquet was tendered by the citizens of Kerrville at the St. Charles Hotel to the Executive Committee of the Sheep and Goat Raisers' Association, which was in session here Monday and Tuesday. In addition to the committee members, their wives accompanied them as follows: Mrs. C. A. Broome, San Angelo; Mrs. W. O. Shultz, Paint Rock; Mrs. F. T. Earwood, Sonora; Mrs. James Moore, Del Rio; Mrs. E. K. Fawcett, Del Rio; Mrs. W. M. Noelke, Mertzon; Mrs. W. C. Bryson, Sonora; Mrs. F. C. Bates Jr., Sheffield. Also Mr. and Mrs. Geo. S. Webb of San Angelo, the former president of the First National Bank of that city.

The dining room of the St. Charles was beautifully decorated and the tables well arranged to seat the 100 or more present, while the repast was all that the most fastidious appetite could desire. Mr. and Mrs. Geo. Morris, aided by Mrs. Al Manly, know how to arrange a successful and enjoyable banquet.

There was excellent instrumental music furnished by the Tivy High School Orchestra, under the direction of Miss Hattie Garrett, which was composed of Sam Stephens, Keith McCreary, Scott Fawcett, Randolph Wheelless and Robt. Wolfmueller.

In addition to this instrumental music there were lovely solos sung by Miss Hattie Garrett and Mrs. Scott Schreiner, who were accompanied on the piano by Miss Ruth Garrett, also Mrs. Geo. Doyle, accompanied by Miss Jewell Carey. The instrumental music and songs were interspersed between short talks made by President Broome and Secretary Elliott of the Sheep and Goat Raisers' Association, also Mr. and Mrs. Geo. Webb, all of San Angelo. The home people making talks were Dr. S. E. Thompson, W. C. Baker and E. H. Prescott. Ally Beitel, president of the Chamber of Commerce, acted as toastmaster.

The banquet was a very enjoyable affair and reflected much credit on Kerrville.

At the close of the banquet, Chairman Beitel suggested that a resolution be adopted expressing regret at the unavoidable absence of Capt. Chas. Schreiner, and Secretary Elliott of the Sheep and Goat Raisers' Association introduced such resolution, which was heartily and unanimously adopted.

## CIVILIZATION IS TOTTERING IN EUROPEAN COUNTRIES

Washington, D. C., Oct. 5.—"A deeper realization of the grave situation in Europe and the urgent necessity of something being done quickly to remedy conditions," was brought back to Washington Monday by members of the Congressional delegation to the Inter-Parliamentary Union meeting in Vienna.

Senators and Representatives in the party, who visited Germany, France, Belgium and other European countries, as well as Austria, declared they found actual danger of European civilization going to smash.

All the Central European powers, they said, appear to be plunging headlong to financial and economic collapse, and when the crash comes the civilization of that part of the world will be carried down with it. Civilization, some of the American delegates said, is well nigh gone in Austria now.

But those who went over unprejudiced in favor of the League of Nations came back more strongly convinced than ever that the pain of the United States to help lies not through the league. If America's helping hand can be extended in such a manner as to be of genuine aid in solving the problem, some other more practical form of assistance than membership in this non-functioning organization must be found, it was agreed.

Former Professor Studies Conditions

In the delegation were Senators Spencer, Ladd, McKinley, Caraway and Harris and Representatives Burton, Temple, Oldfield and Montague. Representative Temple, a member of the Foreign Affairs Committee, was professor of history and political science in Washington and Jefferson College, Pennsylvania, for 15 years before his election to Congress eight years ago. He passed the usual attractions for tourists that he might make a special study of conditions. He investigated particularly repeated stories of German prosperity. He said he found the feverish business activity, with all factories running full blast and only 19,000 unemployed in the country. But, he declared, it is a superficial activity and there is a "peculiar reason for it."

"When I arrived in Germany," Representative Temple continued, "I bought 1,000 marks for \$1. Three weeks later I got 1,500 for \$1. The mark is falling in value so fast that nobody wants to keep any money. The German people are spending today while their money will buy something, rather than keep it a week, when it will buy only half as much, or perhaps nothing. Shoes and clothing will keep, while money drops.

"This tendency to spend money before its value drops further makes for feverish business activity. There is no incentive to save. Farmers, who sell food to the cities, are paying off their mortgages for practically nothing. When these mortgages were given the man was worth approximately 25 cents, or four for \$1. At the present rate of more than 1,500 for a dollar, they are still legal tender.

"Building also is being carried on extensively. Everybody who can do so is building a house. A house won't depreciate, while money will.

"But this feverish business activity is as certain to explode like a soap bubble as it is certain that the mark will continue to drop."

Representative Temple said German manufacturers who export goods are not bringing back into Germany any more of their sales receipts than is necessary to pay for raw materials. They invest the balance in other countries. Factories are not even kept in repair, he declared.

The Pennsylvania Representative did not find, however, any evidence that the German government or the German people are purposely forcing down the mark in the hope of making the allies believe they cannot pay the indemnity and thereby receive more favorable terms. It is hard, he suggested, to convict 65,000,000 people of conspiracy.

Mr. Temple rather thought the other side of this question was more accurate. The government, he explained, probably is not strong enough to collect from the people the taxes necessary to pay its expenses. If it should attempt to do so, the people, in all likelihood, would throw out the government. So when money is needed the p asses are started. As paper money goes into circulation the value of the mark descends.

Austrian money, the Congressman said, is not worth the cost of printing. An American dollar is now worth 80,000 kronen. A kronen before the war was worth approximately 20 cents. Now it is worth 1-800 of a cent.

Pay \$50,000 Mortgage for \$3.12

Representative Temple met in Vienna an American he formerly had known very well. His friend told him of paying off a \$50,000 mortgage on a piece of property he had bought before the war for \$3.12. The property was originally purchased for 400,000 kronen, or \$80,000. He paid 150,000 kronen, or \$30,000 cash and gave a mortgage for the balance, 250,000 kronen, or \$50,000 at the prevailing rate of exchange at the time. In August when the mortgage fell due he paid over the 250,000 kronen, which was paid with \$3.12 American money.

A university professor told Mr. Temple of the case of a widow of a former high officer in the Austrian army. Before the war she had a pension of 30,000 kronen a year, which had amounted to about \$5,000. Now her pension is equal to only 30 cents in American money.

"She can get one meal for her entire year's allowance," the Representative said. "I paid 27,000 kronen something less than 30 cents, for a breakfast, consisting of a slice of melon, two eggs, rolls and coffee."

FRANCE MENACE TO WORLD PEACE, SAYS SENATOR CARAWAY

Washington, D. C., Oct. 7.—The time has come when America should do some plain talking and tell France that she might as well cut down her military establishments and begin thinking about the payment of her debts, Senator Caraway of Arkansas said on his return from Europe, where he attended, as a member from the United States, the sessions of the Inter-Parliamentary Union.

The Old World is in a deplorable mess, the Senator said, and another conflagration is inevitable unless something is done and done quickly.

"The ruling passions are hatred, bitterness and jealousy," he said, "France hates England and England hates France, but most of all France hates America. In fact, they all hate America, which is used by the politicians as the goat for the blame for anything and everything that goes wrong.

"The man on the street believes what the politicians tell him. He believes America is selfish and greedy and that she would not help the world if she could."

Menace to Peace

The Senator said he believed France is an absolute menace to peace. She is keeping her military strength together in the belief that she will be the master of the world after another great war, he asserted.

"There is more public improvement going on in France than in America," the Senator continued. "They are building new highways and railroads. They are spending millions of francs on river and harbor improvements and they are working on many other projects they would not have dared attempt because of the huge expense, before the war."

"With a deficit of 13,000,000,000 francs, France is spending 10,000,000,000 for improvements and then howling that she cannot pay her debts to America. The devastated area, which was swept clean by the armies in the great war, has been restored fully 75 per cent, and farmers living on the restored land have much better homes than they had before—better even than those of the average American farmer."

Would Warn France

"These homes were built not with the expectation of paying for them, but with the expectation of collecting the cost from Germany. France expects and insists on collecting all that was allowed her by the treaty of Versailles but is unwilling to pay her international debts.

"The best service this country could perform would be to tell France we are perfectly willing to stand a reasonable amount of abuse from local politicians to cover up their own failures, but are not going to sit quiet and be lied about; and that we expect France to cut down her military establishments, bring her expenses within her revenues and pay her debt to the United States. There is no sense in this country carrying Europe and then letting Europe spend its money to keep thousands of soldiers in uniform.

"I hope," he added, "that somebody tells Clemenceau when he comes over here how thoroughly France misunderstands America."

The complete collapse of Germany, Austria and Hungary and some other countries appears inevitable, the Senator said. Vienna never has more than a three days' supply of food, while as for fuel there is none and there seems little prospect of getting any for this winter.

Another angle on the hatred business, the Senator said, is the fact that Italy hates France twice as much as she did Germany. Czechoslovakia, Jugoslavia and Italy all have their armies on their frontiers waiting for the other to cross and for the fireworks to begin, he said.

"They said in France: 'Now we've got England where we want her; we've got her embroiled and something is going to happen.'"

## THRILLING AND SPECTACULAR ACCIDENT HERE LAST SUNDAY

Last Sunday morning, about 11 o'clock, there was a thrilling and spectacular accident occurred at Kerrville, when an airplane burned up and one of the aviators came near losing his life.

Six airplanes came from San Antonio last Sunday morning to bring the football team from Kelly Field to play the Kerrville All-Stars Sunday afternoon.

Just as one of the planes was fixing to land opposite the Tourist Camp, a stiff current of air forced one of the wings into the ground, throwing the ship around on a half circle, smashing the gasoline tank and setting the machine on fire.

Lieut. Park Holland and Sgt. R. C. Schenk were in the plane. The latter had unfastened his belt by the time the machine struck and fell out of danger. The former was still fastened in the front cockpit of the plane, dazed and surrounded by the flames. Sergeant Schenk is a very large and strong man, so he grabbed the extra stout belt and tore it loose, enabling him to pull Lieutenant Holland from the flames, but not until the latter was severely burned about the face and arms. Lieutenant Holland also received a broken jaw and bad bruises in the smash-up, while the sergeant was only slightly burned.

However, Schenk's presence of mind, bravery and great strength enabled him to save the life of his comrade.

Both the injured men were rushed to the Secor Hospital, but Schenk did not remain there long and was on the side lines during the football game. Holland was given every attention until Monday afternoon, when he was taken by airplane to the Base Hospital at San Antonio. Two planes came up and their departure was witnessed by a number of Kerrville people. Mrs. Holland and her little boy were there, having been brought up in an auto.

While the injuries of Lieutenant Holland are very painful and bad looking, it is not believed he will suffer any permanent injury.

The Kerrville fire alarm was sounded following the smash and people flocked to the scene from every direction and in every kind of conveyance, many even walking the mile to witness the immense airplane was writhing and twisting in the intense heat that the burning gasoline caused.

## KERRVILLE HI-Y CLUB AGAIN ORGANIZES FOR EFFECTIVE WORK

The Hi-Y Club of Kerrville met in the High School Auditorium Wednesday evening of last week at 8 o'clock.

H. L. Crate, advisor of the club, made a talk to the boys and was of great assistance in getting things in order.

A committee, composed of Arthur Saenger, Herman Rees and D. H. Comparette Jr., was appointed to get a club room for the boys.

The social, service, program and membership will be attended to by committees, appointed especially for that purpose as follows:

Keith McCrary, chairman of the social committee; Milton Dietert, of service committee; Gerald Stafford,

of program committee, and Jack Stanley, of membership committee.

New members will be invited to join and voted upon by the regular members.

The meetings are planned to be held every Wednesday at 8 p. m.

The purpose of the Hi-Y Club is to create, maintain and extend throughout the school and community clean living, clean speech, clean athletics and clean scholarship.

John R. Mott said: "These are the most potential elements of the life of the nations. What you would put into the life of a nation, put it into the schools." REPORTER.

## U. S. SENATORIAL CAMPAIGN IN MUCH MUDDLED CONDITION

Since the State Attorney General has ruled that George Paddy's name could not legally go on the official ballot, court action has been taken by the Republicans at Corsicana in State Court and Mobile, Ala., in Federal Court, to prevent the name of Earle F. Mayfield from going on the ballot as the Democratic nominee.

The Secretary of State has certified the names of the nominees on two tickets except for United States Senator. The ballots will be delayed in printing as long as possible to see if the court action, set for October 16th, can be completed so as to permit the name of Mayfield to go on the ticket. If not, the people will have to write on the ballots their choice for United States Senator.

## GIANTS AGAIN WIN WORLD'S CHAMPIONSHIP OVER YANKS

The New York Giants (National) won the fourth game last Sunday against the Yanks (American), which gave the former the world's championship in baseball. In addition to winning four games to none for the Yanks, there was a tie in a ten-inning game.

The proceeds from the tie game were given to disabled soldiers in New York and other charitable purposes.

Each member of the Giants team received a bonus of over \$4,000 and the Yanks over \$2,000 each.

By the Giants winning straight through in the contests it is considered to have been without any gambling dictation, as heretofore was thought to have had much to do with the National base ball games.

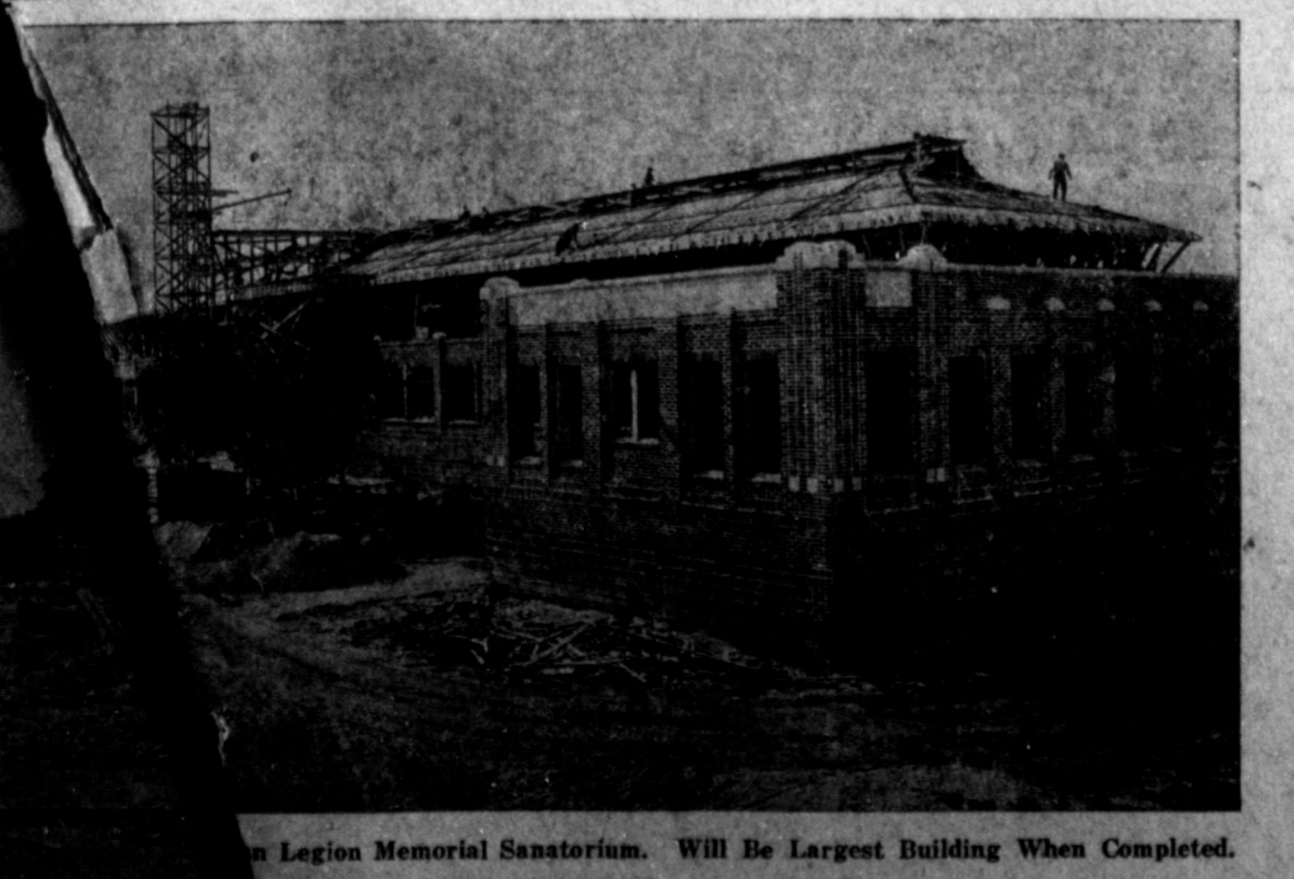

### Herzog-Neuschafer

Mr. and Mrs. Nathan Herzog announce the marriage of their daughter, Clara, to George C. Neuschafer, Saturday, September 30th, at Buenos Aires, Argentina, South America.

Miss Herzog stole a march on her many friends, telling them she was going to New York on a visit.

The marriage of this couple was the culmination of a six years' acquaintance, they having met on one of Miss Herzog's visits to New York. The bride is the talented daughter of Mr. and Mrs. Nathan Herzog of this city, was born and reared here, and will be greatly missed in local social circles.

The Sun joins her many friends in wishing her much happiness in her new home.

**SIGNATURES OF MARK TWAIN REDISCOVERED; INSURED FOR \$100,000**

New York, N. Y., Oct. 7.—A representative of P. F. Collier & Son left here Tuesday for Boston with 1,023 signatures of Mark Twain, insured for \$100,000.

The signatures, "Samuel L. Clemens, Mark Twain," were written on sheets to be bound in autographed volumes of his works. They were mislaid for years, and were recently discovered under an old safe. The amount of insurance is said to make this signature the most highly valued one of any author.

At Norwood, Mass., the sheets will be bound in the volumes which will be taken over by a rare-book dealer in New York, who plans to dispose of 1,000 sets for an aggregate of \$252,000.00.

**Grand Jury Report**

Radio, Post (Fredericksburg): Of all the factors that go to make any community a respectful habitat for human beings, there is none that yields a greater influence than the grand jury.

Our county is especially fortunate in counting among its citizens peaceful and law-abiding men and women. As indicated by their reports the grand juries that convened at every session of the district court have always stood for the maintenance of law and order in the highest degree. In recent years much credit for this sound attitude is due to our able District Judge, J. H. McLean, and the able District Attorney, Geo. E. Christian. The character of the men forming the grand jury adds materially to the effect of the report they make to the court.

What our last grand jury has to say in regard to slot machines should be heeded by all our citizens. Having their attention called to this fact, should get all previous owners right and there should be no occasion for our peace officers to bring suit against any Gillespie County citizen for owning or operating one of these machines.

The bootlegger, any rumor that we breed bootleggers, that we permit them to stay among us undisturbed, is erroneous. The great majority of our citizens abhor the bootlegger, the violator of the law in this particular matter as in all other matters. Our people would not have made prohibition laws for themselves, but now that the laws are imposed upon them,

they are citizens of such caliber that they will abide by such laws. And as the majority of citizens live up to the law in matters of forbidden intoxicating liquors, they will certainly not stand for bootleggers polluting the character of their youth.

**Small Still Seized**

San Antonio Express, Oct. 6th: James Perry, Kendall County farmer, was charged with possessing, selling and manufacturing intoxicating liquor in a complaint filed with United States Commissioner R. L. Edwards yesterday after prohibition agents and military police raided his place, one mile north of Boerne, late Wednesday. A completely equipped five-gallon still, five gallons of whiskey, one quart of whiskey and 40 gallons of mash were seized by the officers, according to a report yesterday to Group Head Prohibition Director Harry W. Hamilton.

Perry gave bond of \$500 for appearance at the December term of court when arraigned before Commissioner Edwards yesterday. He was arrested by Prohibition Agents C. E. Miller and George Ray, both of the State Prohibition flying squadron, and Sergt. Maloukis of the military police forces here. A number of crocks and bottles and other paraphernalia were also seized and confiscated.

The still was in operation on a kitchen stove when the officers arrived, they reported to Group Head Hamilton.

**Joy Riding Played**

Austin, Tex., Oct. 7.—That "joy-riding for immoral purposes" is one of the entering wedges to "most every crime denounced by law," and that "willful child or wife desertion" should be made a penitentiary offense, were statements that featured the charge of Judge James H. Hamilton to the newly empaneled grand jury for the Criminal District Court of Travis County convened for the October term.

He also instructed the grand jury to "make diligent inquiry into bootlegging, gambling, wife or child desertion, pandering and various other evil practices."

**TEXAN TO ORGANIZE CITIZENSHIP SERVICE**

Austin, Tex., Oct. 7.—E. D. Shurter, for the last 23 years, professor of public speaking in the University of Texas, as well as organizer and director of the University Interscholastic League during the 12 years of its existence, has been granted a year's leave of absence from the university for the purpose of assisting in the organization of a National citizenship training service.

The National service which Dr. Shurter will direct is the outgrowth of his experience with the schools of Texas. The purpose will be to coordinate existing State leagues of schools and colleges to form State organizations where they do not now exist, and to work out a uniform citizenship-training program. The organization was incorporated under the laws of Texas in January, 1921, and is known as "The Interscholastic Citizenship League of America."

It will assist schools in promoting the study of the nature and spirit of the American constitutional form of government, the opportunities and responsibilities of citizenship, and the highest American ideals, and it will stimulate and vitalize the instruction given in the schools by means of various forms of literary contests. During the current academic year it is planned to conduct two lines of National-wide contests, including essay contests for colleges and for various classes of schools, and a National intercollegiate contest in oratory, the subjects to be taken from a prescribed list in the field of good citizenship.

**J. P. Heinen Sr. Seriously Hurt**

Bandera New Era, Oct. 5th: J. P. Heinen Sr., one of our pioneer citizens, was seriously injured last Thursday afternoon when he was thrown from a mowing machine and his limbs became entangled in its blades.

It seems that his team became unmanageable and in trying to control them he was thrown from the seat of the machine, falling into the knives. One of his legs was fearfully mangled and broken in several places, and his other leg badly lacerated, the flesh being torn from it in strips, and he sustained other painful injuries about the body.

Drs. Rappold and Erwin were hastily summoned, and gave first aid

treatment and then had the injured man conveyed to a hospital at Boerne for further treatment. Monday evening the shattered limb was amputated just above the knee, and report came Tuesday that Mr. Heinen was resting fairly well, and hopes are entertained for his recovery.

Of the 737 members of the House of Lords, no fewer than 120 have not troubled to take their seats in the present Parliament.

**PRAYERS SAVED LIFE OF MRS. HARDING-SMOOT**

Salt Lake City, Ut., Oct. 9.—United States Senator Smoot, member of the quorum of the 12 apostles of the Mormon Church, spoke at the church on prayer.

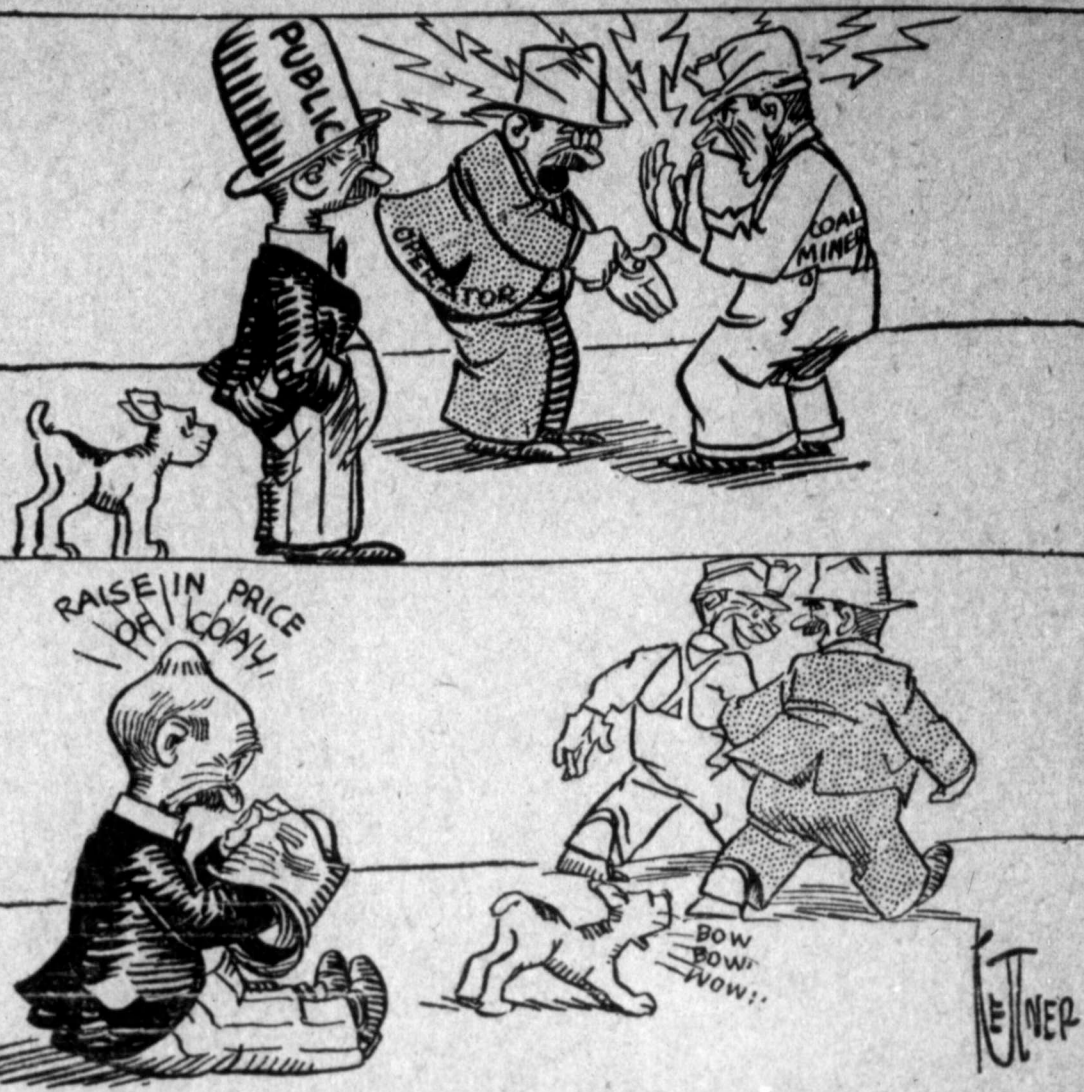

"I know the result and power of a direct appeal to God," said the Senator.

Senator Smoot told of visiting the White House four weeks ago today,

when Mrs. Harding was lying at the point of death.

"I told the President," said the Senator, "that from my home tonight my earnest prayers would go up for Mrs. Harding's recovery. Millions were praying for her and shortly before midnight word came from the physicians at the bedside that the tide had turned and the proposed operation would not be necessary. God had heard and answered the prayers of the people."

CATHOLIC CHURCH NOTES

By Father Kemper

"The Millionaire's Daughter"

This Friday evening at 7:30 p. m., the High School pupils at Notre Dame will render a dramatic entertainment entitled "The Millionaire's Daughter."

In order to commemorate at the same time the discovery of our country by the Catholic navigator, Christopher Columbus, the program will have an historical and patriotic character.

Jack Flye and Debs Rogers are scheduled for a dialogue, and Miss Frances Michon has a monologue.

The Brownsonites intend to hold a private entertainment for Halloween, and to stage a Christmas drama, December 22nd.

The entire faculty of St. Stanislaus School, at Bandera, surprised us with a visit last Sunday. Mother Innocencia stated that their new rock school building will probably be ready by spring.

Miss Margie Farrish entertained her friends with a dance at her home Tuesday evening of last week.

St. Mary's Auxiliary kept their customary business meeting last Friday in Washington Hall. Reports showed that large sums had been donated or loaned to transient invalids who had drifted into our healthful community.

Every member of the parish was given a printed summary of the last quarter, showing in detail all the receipts of the past three months from a total census in the American congregation of 473 souls, not to mention a large number of summer guests.

The infant son of Antonio Gauna was baptized Monday, and a private marriage was contracted at Our Lady of Guadalupe Sunday.

Mrs. D. D. Crider of Ingram spent last Sunday with her local friends and tried to re-enroll her son, Milton, at Notre Dame.

The serious accident that Mrs. Lee Anderson suffered through a runaway horse Wednesday of last week has re-

sulted more fortunately to her than was at first anticipated.

Franz Lange of Harper was a guest of Mr. and Mrs. Rudolph Staudt.

Mrs. Harris Blakeney of Mission is visiting her parents, Mr. and Mrs. Elmer Ruff.

Health-Seekers

At the Soldiers' Hospital Frederick B. Robinson of Greenville, Texas, was recently enrolled.

Dr. Thompson added to his patients Mrs. Jim Barry of Salfillo, Mexico, and Mrs. David Smith of Dallas.

Mesdames Benner and Lenox at Hillcrest were able to discharge Mrs. Frank Doty and her daughter, Miss Bertha, but the latter's cousin, Howard Perodin, will remain a while longer at the sanatorium.

Julius Salier left Stranger's Rest to go home to Lake Charles, La. His vacancy was filled by Mrs. Mohammed Kahn, an actress of the Keith Vaudeville Circuit.

August Frenzel was sufficiently restored in health to return to his folks in Vinton, La.

COUNTRY LIFE ENTIRELY TOO WILD, MOTHER SEEKS PEACE IN CITY LIFE

Altoona, Pa., Oct. 7.—Life in the country sounded good as a theory to Mrs. Margaret Chamberlain. She and her three small children have now moved back to the city, where it is much quieter.

FIRST METHODIST CHURCH
J. GRADY TIMMONS

Last Sunday was one of the best days we have had yet this conference year. The Sunday School was back up considerably better than it had been for some weeks.

There is just a little more time left now until Conference. Let us do our best in these closing days. We are still lacking some in our finances, and so let us do our part early and put Kerrville Methodism in the clear on everything.

Mrs. J. L. Sikes Honored

Beeville Picayune, Oct. 5th: Tuesday, Oct. 3rd, the members of the Woman's Missionary Society of the First Methodist Church and members of the Methodist Civic League gathered at the Annex to spend one more afternoon with a beloved co-worker and member, Mrs. J. L. Sikes.

She has resided in Beeville nineteen years and has been an active and faithful member of the Methodist Church.

The morning service last Sunday was gratifying. The church was well filled. At this service Dr. Fannie L. Jordan united with us.

The prayer services are attracting some interest now by the fact that we are studying Methodism. Last Wednesday evening we gave our time to a discussion of American Methodism.

FIRST BAPTIST CHURCH
J. B. HOLT, Pastor

To no agency of Southern Baptists has the Campaign brought larger things than to the Woman's Missionary Union. During the three years immediately preceding the Campaign the women contributed to the denomination the sum of \$1,341,644, while for the first three years of the Campaign they have contributed \$8,786,260.

When the 75 Million Campaign was projected in 1919, Southern Baptists had 12 hospitals in operation. Today they are operating 19 hospitals, have three others under construction and four more definitely planned.

Last spring when fire destroyed the beautiful Carrol library and chapel building at Baylor University, Waco, the students immediately subscribed liberally toward a fund to rebuild two needed structures to replace the combined building that burned.

One of our number is going away. She will be remembered by her winning way; Now, I want to present a little token from all the Civic League members, with love and remembrance, Too great to be spoken.

Mrs. Sikes responded in her own modest way, saying words were inadequate to express her appreciation.

The new Annex was a dream of beauty with great hanging baskets of regina coronas, ferns and roses, while tables and colonnades held great baskets of roses and ferns, all blending so beautifully with the colorings of old gold and ivory.

Many fond goodbyes were spoken, and the good wishes and prayers of the entire membership go with her to her new home.

dent answered the ad, sold a quart of his blood, and paid his pledge to Baylor.

When Southern Baptists love the Kingdom of God sufficiently that they are willing to give of their very blood for its promotion, all the money needed for the success of the 75 Million Campaign will be forthcoming.

Just as well be frank and say that last week was not at all up to normal in our church work. The mid-week services were not well attended and the Sunday crowds were considerably off.

The Sunday School meeting in San Antonio last week was splendid, but the out-of-town attendance was small.

We are indeed sorry to lose from our midst Mrs. W. E. Williams, who has gone to live with her son in Portland, Ore. She is a good woman and a splendid Christian.

If you are a Baptist, show your color and find your way to the place where you belong. Come on, let us have a good day next Sunday.

ANGRY BRIDE HURTS BIBLE AT GROOM, KILLING HIM

Geneva, Oct. 7.—A young Italian in his first domestic quarrel met death at the hands of his bride from a blow with a Bible.

The young Italian arrived at Lake Como on his honeymoon. He engaged in a trivial quarrel with his bride. Heated words passed. The woman, exasperated, threw a heavy metal-bound Bible at her husband, striking him on the temple and killing him instantly.

#### POLITICAL TRANSITION

Houston Daily Chronicle: Frank Munsey says we are in a period of political transition, and who can doubt it.

The thought is not original with him. Many prominent men have voiced it, but, what is even more significant, millions of common folks are accepting it.

Our Government has become rigid and inflexible, because, out of touch with present-day issues, the two political parties do little but oppose each other.

Our political life is no longer aggressive and constructive. So dominant have party organizations become that the vast majority of us thing in terms of partisanship.

With two-thirds of the people, it is not a question of what is good for the country, but of how to get the party in control.

The party has become a machine of patronage, and has ceased to be a vehicle of expression.

Most of the issues which divide us, and on which we ought to be deliberating, also divide each party.

The great principles of government on which Democrats and Republicans formerly aligned themselves have become hopelessly muddled.

The Wilson Administration represented the most stupendous drift toward centralization we ever experienced.

Remove certain cut and dried phrases with regard to the tariff, and stereotyped references to the other party, and one couldn't tell a Republican from a Democratic platform.

Meanwhile great issues are arising. The development of organized industry, with vast financial combines on the one hand and vast trade unions on the other, has brought us face to face with a whole new set of problems.

So, also, has the development of organized amusement, with professionalism entering practically every line of sport.

There is demand for every encroaching regulation from one side, and demand for the return of freedom on the other.

Some people think the Constitution ought to be radically amended, if not wholly revised. Some, indeed, think in terms diametrically opposed to the foundation of this Government.

Our political parties have atrophied, so far as these problems go. They are so split up, each within itself, as to be unadaptable for constructive expression.

Lacking cohesiveness with regard to principle, they can do little, except to oppose each other. Thus we find ourselves blocked by a chronic scolding from all sides.

The great shift of votes which occurred at the last Presidential election did not mark a Republican triumph, but a spirit of restlessness. People are breaking away from their old political loyalties. Whether the parties will, or not, the people propose to think about what is really important.

Whether the parties will, or not, the people propose to tackle some of the perplexing questions that have grown out of this age of discovery and invention, of machinery and co-operative effort.

The high price of mohair is a great boon to the people of this section and will aid in making up the loss by drouth, though it is regretted that this extra money could not be used to pay off indebtedness and to make business flush.

It is gratifying to see what an elegant affair Kerrville people can have when they so desire. The banquet at the St. Charles Hotel Monday evening would have done credit to any city. Mr. and Mrs. George Morris and Mrs. Al Manny know how to arrange a banquet.

Peddy says that he did not know anything about the application made in the United States Court at Mobile, Ala. That shows how little he counts with the Republican leaders—they are running his campaign—although he is spouting about his unswerving Democracy. Seat!

The campaign in all the States is listless and without interest. The candidates of neither party are causing any enthusiasm, as those already in Congress have nothing of which to be especially proud, nor those wanting to get there have little merit to back their desires.

While no doubt the leaving of Peddy's name off the official ballot was legally correct, it was a political blunder. It would have been better to have ignored the legal technicality and permitted the voters a chance to vote the ticket without any confusion or extra trouble. The action in keeping Peddy's name off the Republican ticket will possibly keep Mayfield's off the Democratic. Also, this muddle will give the Republican United States Senate an excuse to refuse to seat Mayfield should he be elected.

#### GOOD TIMES RETURNING

Fort Worth Star-Telegram: Theodore H. Price, in his weekly review, points out that at the meeting of the American Bankers' Association at New York last week, "every authority from Secretary Mellon down announced that good times have come again," and then remarks that in view of this a nation-wide boom should commence as soon as they get home, provided they believe what they heard.

"But while the bankers may, from force of habit, discount what they are told," he says, "it is true nevertheless that an expectation of active business and good trade is general all the way from the Atlantic to the Pacific. Sales and prices are commencing to reflect it."

The morning's dispatches bring stories in support of this, especially in the matter of increased employment. The Congressional elections probably are affecting business to some degree in some sections, but these will be over in 30 days, so that we may expect the rest of the year to show improvement in business.

The Sheep and Goat Raisers' Executive Committee is composed of a body of fine looking and substantial citizens. It is an honor to have them with us, and Kerrville appreciates their coming.

The resolutions adopted at the banquet expressing the regret of those present at the unavoidable absence of Capt. Chas. Schreiner, was a well merited honor to a man who has done so much in the development of this section.

This country ought to leave the fighting, trifling foreign nations to hustle for their own food. As long as the glibble and too generous people of America feed the people of Europe free they will keep up their rowing and loafing. It is time to stop it.

CORN POPPED IN FIELD BY HEAT NEAR SHERMAN

Sherman, Tex., Oct. 9.—Fred Barker, for many years a traveling man, but who is now farming 12 miles west of Sherman, was in town Saturday with some popcorn that was popped in the field during the hot weather.

Some of the grains were wide open and as snowy white as if they had been in a hot skillet.

ENGLAND NOT TO PROTEST BARRING OF LIQUOR SHIPS

London, Oct. 9.—Prohibition of liquors on vessels within American waters will give rise to no international complications, according to the view expressed by British Foreign Office officials today.

The government's view, according to these authorities, is that the matter is one in which the United States has a perfect right to take any action it sees fit.

Church Entertainment

An entertainment will be given at the Methodist Church by its young women, Friday night, October 20th. This is to consist of a very amusing play, which is also wholesome and instructive, preceded by some excellent music. The male quartette, which the public has not yet heard, will be a winning feature, as will likewise be the solo and chorus work.

This entertainment is for the benefit of a fund to place a girls' dormitory at the University of Texas, and the Methodist Church will appreciate the patronage of all its friends on this occasion. The admission will be 25 cents for adults and 15 cents for children.

NEFF REFUSES TO RECALL TROOPS FROM DENISON

Denison, Tex., Oct. 9.—"Martial law will be maintained in Denison indefinitely and sufficient force will be maintained to enforce it; I can not say at this time when martial law will be lifted," Governor Neff declared here at noon today after a survey of local railroad shop strike conditions. The Governor left at 1 o'clock for Dallas.

After a night in camp with Texas Guardsmen on martial law duty here, Governor Neff went for a tour of inspection of the Missouri, Kansas & Texas Railroad property, and met with a committee of striking shopmen this morning. The night was the coolest of the year and although the militiamen shivered under their blankets, the Governor was up at reveille and ready for a hard day.

A locomotive engine recently completed 12 years of service, covering 662,000 miles without extensive repairs.

AIR TRIP RESTORES MINISTER'S HEARING

San Francisco, Oct. 10.—Three air trips at high altitudes in the prescription arm physicians gave Chaplain H. M. Leech of the new Lutheran Church at the Presidio here as a cure for his deafness.

Chaplain Leech Monday flew with Capt. A. F. Herrold to an altitude of 13,000 feet. After returning to the ground, the minister said his hearing was entirely restored. He expects to finish the course, however. Army physicians said the relief from pressure in the inner ear was responsible for the improved hearing.

26,000 Oil Wells Yearly

An average of about 26,000 new oil wells have been drilled during each of the last six years in order to obtain a sufficient supply of crude to satisfy the constantly growing demand for oil, according to the American Petroleum Institute. Of these 26,000 wells, 7,500 were "gassers" or dry holes.

Notice of Trustee's Sale

I, R. B. Russell, Substitute Trustee, do hereby give public notice that on the first Tuesday in November, 1922, and being the 7th day of said month, I will sell at public vendue to the highest cash bidder between the hours of ten o'clock A. M. and four o'clock P. M., at the court house door in the City of Kerrville, Kerr County, Texas, a tract of 600 acres of land, of which 499 1/4 acres is out of the F. A. Sawyer Survey No. 109, and one half acre out of the W. T. Crook Survey No. 60, located near Center Point, Kerr County, Texas, and fully described in Vol. 7, beginning at page 488, Trust Deed Records of Kerr County.

Said sale is made by virtue of the power and authority contained in that certain deed of trust given August 5th, 1920, by E. F. and Fannie Cooke to E. B. Chandler, trustee, E. C. Tarrant, beneficiary, recorded as aforesaid in Vol. 7, page 488, Trust Deed Records of Kerr County, and also by virtue of a certain written instrument

dated September 28th, 1922, executed by the said E. B. Chandler, trustee, and Emmett B. Cooke of San Antonio, Texas, present owner of the note of Seven Thousand Dollars described in and secured by the terms of said trust deed, said written instrument not yet being of record, but in which the said Chandler declines to act as trustee and the said Cooke, as the present owner of the note secured thereby and as well the owner of said lien, appoints me as trustee.

When said sale is made I will apply the proceeds thereof on the Seven Thousand Dollar note described in said trust deed, and will execute to the purchaser of the property a general warranty deed thereto.

R. B. RUSSELL, Trustee. (Advertisement 43-3tc)

Tax Payment Test Case

Austin, Tex., Oct. 7.—Assistant Attorney General W. W. Caves left today for Brenham to appear as counsel for the Washington County Tax Collector in a suit involving a new legal question. The case is styled Mrs. Alma Hosen Wood vs. R. V. Hoffman. An owner of several tracts of land had rendered them for taxation and subsequently sold one of the parcels, but had not paid the taxes on any of his property. His vendee sought to pay the taxes on the one tract purchased, but the law has been construed to require the payment of all taxes due and that the lien exists on the tract on which the taxes have been paid as long as the taxes have not been paid on the other tracts owned by the same individual.

At Brenham a mandamus is being sought to compel the issuance of a tax receipt on the one tract, the new owner claiming a separate and distinct ownership from the original possessor who rendered the land, and

as being entitled to a full refund from the State for the taxes that single body of land.

This same question is arising in tax collectors' courts throughout the State, and to the Comptroller, the Brenham case is expected to establish the law for the future and the high court will determine whether or not the original owner can tax receipt where the land on all of the land and failed on any of it.

Mr. and Mrs. Luther Burns visited her sister, Mrs. Will Schumacher, last Sunday.

Mr. and Mrs. A. B. Hardin entertained with a singing last Sunday evening.

Mr. and Mrs. Elton Davis of Alamo are here visiting his parents, Mr. and Mrs. A. E. Davis.

Misses Alma and Annie Mae Smith and aunt of Johnson Creek visited their sister, Mrs. J. C. Starks, last week.

Lee Byas of the Rio Grande Valley has returned again to make his home here, after spending two years in the valley.

Miss Mary Orr, teacher at the White School House on Johnson Creek, spent last Sunday with Misses Bertha and Susie Sublett.

Miss Beulah Dubose returned from Morris Ranch last week to attend school at Hunt, and we are glad indeed to have her in our midst again. Mrs. Charlie Stone of this community spent several days the past week at the bedside of her mother, Mrs. Dick Dowdy, who has been very ill.

Rev. J. M. Earls held the regular services at the Missionary Baptist Church of this community last Sunday, with large crowds attending each service.

W. H. Winterborne, Mrs. Carrie Page Evans and Mrs. Nina Brewer McGrow and little daughter, Evelyn, all of San Antonio, spent the week-end with W. H. Page and family.

An event of great interest to the young people of this community was the splendid B. Y. P. U. program rendered by the young people of Ingram Sunday evening, Oct. 1st. The visitors left a good impression on our minds, and we hope to profit by their good example.

Mr. and Mrs. Walter Griffin and children spent the day last Sunday with Cleve Griffin and family on the South Fork.

Mrs. Lizzie Matthews of near Kerrville was here last Sunday visiting old friends and attending services at the Baptist Church.

Mr. and Mrs. Elton Davis of Hidalgo County, accompanied by Miss Velma Davis, spent the week-end in Ingram visiting Mrs. Davis' parents. Misses Isa and Myrtle Griffin, and Manuel Griffin and Alton Hardin attended the Box Supper at the South Fork School House last Saturday evening.

Mr. and Mrs. Paul Adams, Mr. and Mrs. Lee Adams and Mr. and Mrs. Otto Koehler of San Antonio spent the past week-end at the Adams summer camp near Sherman's Mill.

Rev. and Mrs. Will Hardin and children, who have been residing on the Johnson Fork of the Llano the past few years, where they have a ranch, moved this week to Grape Creek, where Rev. Hardin will give half his time to the Grape Creek Baptist Church. Once each month he will preach at the Christian Church here, assisting Rev. J. W. ## CENTER POINT COMMENTS

J. E. Solomen is spending a few days in Kyle this week. Chas. Rees and wife were visitors in San Antonio over Sunday.

Mrs. Ola B. Gammon of Kerrville paid Center Point a brief visit Monday. C. K. Moore, who is employed in San Antonio, spent Sunday here with his family.

W. H. Witt made a business trip to San Antonio Monday. While there he went to see the circus.

Rev. W. G. Harbin returned from Russellville, Ark., Monday, where he has been engaged in revival work for several weeks.

Dr. H. S. Kirby returned from East Texas Monday, where he had been for several days, called there on professional business.

Rev. W. L. Skinner, we are sorry to report, is quite ill again, being confined to his bed. We hope to see him out again soon.

Mr. and Mrs. Malnor Shumard have as their guests this week their father and mother, Mr. and Mrs. M. A. Shumard of Boerne.

Mrs. Emmett Quick and daughter and Mrs. Nettie Wellborn and son, all of San Antonio, were Sunday guests at Mrs. H. C. Moore's.

Messrs. Doss and Ed Caton of Medina, accompanied by their father, were here for a short time Tuesday en route to San Antonio.

Mrs. W. H. Bonnell, who has been visiting her sister, Miss May Hontoon in Chicago for several weeks, is expected home this Wednesday.

Mrs. H. C. Moore had the misfortune of losing her fine buggy horse the past week. She says she would not have given him for anybody's automobile.

Mrs. Josie E. Jackson is enlarging and otherwise improving her residence on Wyatt Avenue. When completed she will have one of the most handsome homes in the city.

J. R. Wallace went to Kyle Monday in response to a telegram notifying him of the death of his father there a few hours before. Mr. Wallace has the sympathy of his many friends here in his great loss.

W. H. Rishworth happened to a very serious accident Sunday afternoon when his horse became frightened and ran away, throwing him from his vehicle. He received a broken arm and several severe cuts and bruises about the head. At present he is doing very well and it will not be many days until he will be out again.

News of Tivy Grammar School

Last week was Fire Prevention Week. This was observed in all the grades, from the first through the sixth. A fire drill was given Friday, after which all the grades gathered in the auditorium and took part in a program. A mock trial, "Fire Against People," and a "Fire Prevention Play" were given by the two sixth grades, namely Atlas and Hercules. Songs, fire "dents" and recitations were given by the other grades.

Self-government has been adopted by the grades upstairs. Policemen are appointed to help keep order. The cops on duty this week are Thelma Taylor, Otto Guentert, Anna Bell Peterson, Leonard Lloyd and Wm. Jonas.

The fifth grade, in charge of Mrs. Shelburn and the sixth grade (Hercules), in charge of Mrs. Rose, have been busy selling home-made candies, pop corn and peanuts on the school grounds and also at the football games. This money is being used to help pay for new books in the School Library.

**TIVY FOOTBALL TEAM DOWNS  
MAIN HIGH OF SAN ANTONIO, 12-0**

Main Avenue High sent eighteen different men against the original eleven players Prof. Moses put on the field last Saturday, but failed to even threaten the local boy's goal.

Manager Clarke claims to have used only his "second string" men, but among the names are those who played in previous games when the Alamo boys were victors. For instance, Davies tore the Stockdale line to ribbons the day before, but was no match for Powell who played against him here.

After the first few minutes of play, Stevens made a long pass to Moore, who caught the ball at the forty-yard line and was not interfered with in carrying it over for a touchdown.

From then on until the last quarter Kerrville had the ball a major portion of the time, but their advances, though consistent, were usually checked by the influx of fresh men from the uniformed band of thirty-five resting on the side lines.

In the fourth period Tivy worked the ball to the Main ten-yard line. A fumble followed, but the ball was recovered. A line smash took it to the one-yard line, from where Stevens plowed a wide furrow through the visitor's line for a touchdown. Both kicks for goal failed.

Stevens, while outgeneraling the opposing quarterback, did excellent work in carrying the ball through the line. His team mates worked with unbending courage and precision. The visitors were supported by a large following of fans.

The Tivy boys play St. Mary's at San Antonio this Thursday.

Arthur Saenger, who played a superb game against Llano the preceding Saturday, was kept out of the lineup on account of sickness. The lineup:

Tivy (12)	Position	Main (0)
A. Dietert	Left End	Peacock
M. Dietert	Left Tackle	Dunsmore
Wolfmueller	Left Guard	Broetje
Comparratte	Center	Newman
Robinson	Right Guard	Donaldson
Rees	Right Tackle	Fletcher
Stanley	Right End	Dwyer
Stevens	Quarterback	Gunn
Powell	Left Halfback	Davis
Moore	Right Halfback	Newberry
Fawcett	Fullback	Shiner

Substitutions: Tivy, none; Main, Beaumier, Crosby, McCabe, Kincaid, Houghton, Greer and Knebel.

Officials: Smith (Tivy), referee; Phillips (Main), umpire; Butt (Tivy), head linesman; Grinstead and Lanham, timers. PODGER.

**GAME REFUGES AND HATCHERIES  
URGED FOR STATE BY W. W. BOYD**

Austin, Tex., Oct. 5.—W. W. Boyd, Game, Fish and Oyster Commissioner, has completed his annual report to the Governor and makes some interesting observations in connection with the fish and game of the State, as well as an accounting of the fish and oyster business. He recommends a game refuge in the Panhandle, additional fresh water fish hatcheries and closed breeding areas in salt water along the Texas coast, where fishermen could not seine and thus do away with restrictions in other waters. He reports an increase in quail but that mountain sheep and antelope are fast disappearing. They will soon be exterminated, unless protective measures are taken. Doves are reported scarcer in North Texas, plentiful in South Texas. He recommends a new adjustment of the open season on doves to fit the different climatic conditions in Texas.

Spring rains with resulting weeds and growth furnished food for the young quail, says the report, and the statement is made that the quail will survive civilization. Attention is also called to the increase in quail in sections where the 1,200 imported from Mexico were distributed. This is particularly true of the valley below El Paso, where they have been seen in large numbers.

A goodly number of turkey and deer are reported in the large South-west Texas pastures and the ranchmen who have given them protection are praised. The high waters of last spring floods are reported as having resulted in the death of thousands of deer; that while many were drowned, hundreds were driven out of the thickets into the high lands and ruthlessly slaughtered by "local unscrupulous hunters."

Outside of his report today, Commissioner Boyd said that his office is flooded with letters from over Texas, complaining of game law violations by the killing of game out of season. He says he has no way of preventing it, as he is allowed only six deputies, though the department has several thousand dollars in the treasury, he has collected in hunters' fees and from tax on mudshell and sand. He wants the next Legislature to make it possible to use some of this money in the employment of additional deputies to end the game slaughter, otherwise it will be killed out.

Mr. Boyd, in his report, declares there are more prairie chickens in the Panhandle than for the last ten years, due to the stationing of a deputy in that section last year. For years it has been unlawful to hunt prairie chickens, but they were killed while young and easy to get resulting in decimations. The counties near the Oklahoma line are said to have more chickens than any other part of Texas with a few scattering in the western counties and in the coast country, Mr. Boyd says.

"There are several counties in the eastern part of the Panhandle that are

ideal for prairie chicken and quail, this section being covered by post oak shinners, sage grass and sunflowers in the valleys. We recommend that a game refuge be established in this territory, and the game law amended to allow a ten-day open season in August with a bag limit of ten birds a day, season limit of 30." It is further observed that an open season on chickens would provide some sport and permit the killing of chickens which the farmers kill in the winter to keep them from eating their stacks of grain.

There are 100 pheasants at the Dallas Fish Hatchery and their eggs have been distributed over the State with good and bad results. Their distribution created an interest in game protection, which made the effort worth while, though the effort is too small so far as stocking the State is concerned.

A recent census of antelope shows 47 head in Texas, where formerly they ranged in Texas by the thousands. They would "probably now be exterminated but for the fact that the remaining few have taken to the foothills and rough lands where they cannot be run down and shot from automobiles."

Three new fish hatcheries are recommended, one in the Panhandle, one in the western part of the State and one in the southern part of the State. It is recommended that all farmers and stockmen place fish in their tanks.

The Dallas Hatchery is pronounced as doing splendid work and raising more crappie fish than any other hatchery in the country, but it cannot ship to the remote parts of the State successfully and cannot begin to meet the demands.

**KELLY FIELD AND KERRVILLE  
ALL-STARS PLAY 0-0 GAME**

"Buck" Williams, coach for the Poudre Roughs, used to say: "Git yer man. If every man does that yer sure to git the man with the ball."

Last Sunday's game at the Baseball Park between Kelly Field and the All-Stars was a continuous example of following this principle. At the snap of the ball the individual opposites went together like "lovers in a mad scene."

The All-Stars were out weighed by many pounds and were also facing a team that has had unlimited practice. It was the local men's initial game and the result promises to attract strong teams to contest with them.

The gusty north wind made punting and passing difficult and impractical, otherwise the result would have been different. Kerrville was robbed of opportunities by the eccentric action of the wind on more than one occasion.

The visitors were disappointed that they did not score, as it is their second game this season resulting in a 0-0 tie. Besides the twenty odd men in uniform there was a large congregation of visiting fans on the sidelines.

The visitors were robbed of the services of Sergeant Schenk, who was a victim of the plane wreck, an account of which is given in another column. Schenk bends the scales to above 250 pounds. Glesby, a man of like proportions, retired from injuries during the game. It is plain that it is not "beef" that counts.

The game was well attended and the fans are encouraged that the All-Stars will furnish them with worthwhile entertainment during the season. The lineup:

Kelly Field	Position	Kerrville
McHuchin	Left End	Lockwood
McGinley	Left Tackle	Robinson
Glendy, Weat	Left Guard	Mosty
Ely, Thomas	Center	V. Merrill
Sloan	Right Guard	Weiderfeld
Carr	Right Tackle	Oswalt
McCormick	Right End	Wilson
Blizzard	Right Halfback	Flack
Snipes	Left Halfback	McMurray
Smith, Peck	Fullback	Real
O'Connor	Quarterback	Smith

Officials: Captain DeFold, umpire; Charley Keusel, referee; Guy Moses, head linesman. PODGER.

Simply because I buy for Cash and my operating expenses are less.

Every line of business to be successful must figure a profit on the cost of the goods and the expense of handling them, so reducing the expense of selling goods counts for as much as buying them at a low price.

All I ask you to do is to come to my store, look over the splendid line of goods I have, price them, and if you do not find that I can save you money, I will not expect you to purchase them.

I have a free camp yard adjoining my store where you can be comfortable.

Will pay highest market price for your produce.
