NEARLY TWO-INCH RAIN MONDAY AT KERRVILLE

Monday evening about 6 o'clock a heavy rain fell at Kerrville that gauged 1.76 by the Chas. Schreiner Bank measure. There was a light rain Sunday night and the two have been of inestimable benefit to this section.

Turtle Creek and the Divide had a lighter shower, but in Kimble County rain is reported about as good as the one here, and they had rains recently that did not reach us.

Reports come from the Panhandle section that this rain started in that country and has broken a long drought. There was much damage already done for lack of rain in that section and times were quite dull, but this ground-soaker will also relieve that section.

The oats ought now to do fine and a chance is now given to sow wheat, and there ought to be a large acreage put in.

Already it has been necessary to buy considerable feed, and when that has to be done, the profits from wool, mohair and cattle disappear fast.

METHODIST APPOINTMENTS IN THE KERRVILLE DISTRICT

The following is a list of appointments for Kerrville District made at the recent session of the West Texas Methodist Conference in session at Lampasas:

Kerrville District: Presiding Elder, A. E. Rector; Art, D. G. Hardt; Supernumerary, Henry Jordan; Banders, E. A. Potts; Boerne, R. S. Adair; Castell, Robert Moerner; Center Point, J. O. Coppage; Fredericksburg, R. G. Ammenthaler; Freedom, J. D. Farmer; Supply Grassyville, A. E. Vetter; Harper, J. H. E. Willman; Kerrville, F. A. White; Mason, Roy G. Rader; Medina, J. T. Canafax; New Braunfels, C. E. Wheat; New Fountain, F. Forster; Willow City, T. H. Davis; Supply, Dancy, F. W. Radetzky; Editor Der Missionfreund, J. A. G. Rabe; Business Manager Der Missionfreund, P. H. Hensch.

ASSOCIATIONAL B. Y. P. U. OF MEDINA RIVER ASSOCIATION

The Associational B. Y. P. U. of the Medina River Association met at Hunt last Sunday afternoon. This was the first meeting of the organization since its reorganization a few months ago.

A large and enthusiastic bunch of young people from Center Point, Kerrville, Ingram, Reservation and Hunt were in attendance, also a large crowd of older people, who gladly and enthusiastically entered into the service.

In the absence of Lawrence Johnson, the Associational president, Miss Edith Tullis, the corresponding secretary, presided.

The meeting was opened by a splendid devotional service under the leadership of Miss Chitin, the president of the Hunt B. Y. P. U. Then matters of business were taken up and disposed of. Miss Gertrude Smith of Ingram was elected vice president, and Miss Lorena Mayhugh of Hunt was selected as secretary pro tem, in the absence of the general secretary, Miss Dona Mayfield of Medina.

Those having a part on the program were as follows: Mrs. Sid McElroy, who discussed "How to Build Up and Maintain an Intermediate B. Y. P. U." Mrs. McElroy is the efficient leader of the Intermediate B. Y. P. U. at Center Point, and this organization holds the banner for being the best all-around B. Y. P. U. in the Association, all points considered. Mrs. J. B. Holt of Kerrville discussed "The Importance of the Bible Readers Course." This was splendidly done, Mrs. Holt bringing out some excellent thoughts and suggestions for this important phase of our work. Mr. Schumacher of Hunt discussed "How to Reach the Standard of Excellence." Mr. Schumacher presented the subject in a brief but helpful way and gave many fine points on this goal in our work.

Several extemporaneous talks by Brother Marsh of Junction, Mr. Mayhugh of Hunt, Brother Earls, pastor at Hunt and Ingram churches, and Howard Butt of Kerrville were all much enjoyed and appreciated.

The meeting in every way was counted a splendid success, and it is hoped that every B. Y. P. U. in the Association will be represented in the next meeting, which will be held on the Fourth Sunday in January with the First Baptist Church of Kerrville.

GETTING DOWN TO BUSINESS FOR PAVING ON WATER STREET

There was an enthusiastic crowd of Kerrville citizens attending the luncheon Friday of last week at the St. Charles Hotel, which was an enjoyable affair.

President Ally Beitel of the Chamber of Commerce presented the paving question and called upon Mayor Adkins to report on the result of a trip that he and Street Commissioner Hal Peterson had made to Boerne and San Antonio to investigate the best material for paving.

Mayor Adkins told of his inspection of the paving at Boerne and Kendall County, which is a trap rock combination, while the roads and streets in Bexar County and San Antonio are nearly all of Uvalde Rock.

The latter is considered much the better material with which to pave. County Judge McCloskey, of Bexar County told Mayor Adkins that they had about 200 miles of this Uvalde Rock on the roads and that the remainder would be of the same material as soon as they could have it done.

Conferences were also held with the paving companies using the trap rock and Uvalde. The latter stated that they would put down the Uvalde Rock here for about seventy-five or eighty cents per square yard. While there is not any profit in this job for small amount of paving to be done here, the Uvalde people expect to show the superiority of their material for paving and road topping, so that in future contracts may be secured for whatever other street and road improvements that may be done.

The meeting of citizens at the luncheon appointed two committees to look after the paving proposition. One of the committees is to confer with State and local highway authorities to see if some aid can be had from the road fund for our street improvements. A. C. Schreiner, Mayor Adkins, Ally Beitel and Engineer Simpson compose this committee. They are expected to visit Austin in reference to the matter.

It begins to look like there would really be some paving done on Water Street, where it is so badly needed. It is supposed that the plan to be adopted will provide for the property owners on each side of the street to bear one-third of the cost and the city the other third. This would be a quicker and better plan than to organize an improvement district. This latter plan can be adopted for other paving that may be done. When it is once started and the great benefits realized, the paving will continue until all of the business section and considerable of the residence part of the city will be paved.

PROHIBITION RESULTING IN GREAT THRIFT

Chicago, Oct. 27.—Prohibition has stimulated a Nation-wide spirit of thrift, according to statements of prominent bankers here today.

Savings accounts have been steadily increasing, in size and in number, ever since the enactment of the Volstead Act, according to the bankers, who attribute the increase in a large measure to the dry law.

"Bank deposits have steadily increased ever since prohibition became the law of the land," declared James B. Forgan, chairman of the board of the First National Bank of Chicago.

"The absence of the saloon is largely responsible for this growth," he said. John J. Abbott of the Continental and Commercial Bank declared the savings in his bank alone had increased 30 per cent since prohibition, and that he believed the increase had been general throughout the country.

ITALY ESCAPES REVOLUTION; FASCISTI FORCES TAKE CHARGE

Italy was threatened with revolution, but the king took the side of the Fascisti and summoned their leader to Rome to form a cabinet, which he has done.

The Fascisti were brought into existence as a compact organization when the Reds were overrunning the country, forcibly occupying factories and taking charge of other property without warrant of law or justice. Benito Mussolini, the leader of the Fascisti, organized his forces mostly composed of ex-service men in the late World War and he routed the Reds, something the regular soldiers seemed unwilling to do, or the king was uncertain of what action to take.

It was claimed by the Fascisti that while they were absent fighting to save Italy, these Reds had taken charge of the country and were sending it into revolution, with the idea of doing away with all property interests and lawful control.

W. O. W. SANATORIUM TO BE LOCATED IN BEXAR COUNTY

San Antonio Express, Oct. 29th: In all probability a site within a 10-mile radius of San Antonio will be selected for the new \$1,000,000 tubercular hospital plant of the Woodmen of the World.

While declining to forecast positively the action of the sanatorium committee, W. A. Fraser and other members of the committee freely admitted that the choice of the site of the hospital lies between San Angelo, Kerrville and the foothills north and northwest of San Antonio, at the conclusion of a conference late yesterday.

Having visited scores of sites and spent days in traveling from one place to another, members of the committee are now at work trying to decide on the location by the process of elimination. Experts on tuberculosis have informed them that climatic conditions in the three places—San Angelo, San Antonio and Kerrville—are practically equal, each possessing the essentials of reasonably dry climates without too much elevation and a large percentage of sunny weather.

The other factors that must be considered particularly in the selection of a site are accessibility, both from the point of railroad trunk lines and main automobile highways, and the food and water supply. Analysis of these items point strongly to the selection of San Antonio, in fact so strongly that Mr. Fraser laughingly admitted that a forecast of San Antonio as the future site would probably be correct.

Having just completed a trip to San Angelo by automobile through the rain one way and by train the other, members of the committee admitted transportation facilities are unfavorable to the selection of San Angelo. Again, the water supply is not all that is to be desired.

San Antonio, on the other hand, is well served by railroads and also by paved automobile highways. Kerrville is not so well supplied with transportation facilities, though it is considerably better served than San Angelo, Mr. Fraser said.

Again, location in the vicinity of San Antonio would insure proximity to a supply of fresh meat, and fresh vegetables from the irrigated gardens in the surrounding territory. It was pointed out that if the sanatorium is located in Kerrville, the fresh vegetables, which form an important part of the diet of tubercular patients, and the meat would be brought from San Antonio during the summer and winter season because there are no irrigated gardens nearer.

One of the factors that the sanatorium committee is endeavoring to keep in the foreground is the selection of a site as near the center of the membership population of the W. O. W. as possible. This center is in Tennessee, but the climate of that State is not so healthful for tuber-

cular patients as that of Southwest Texas.

Though the proposed W. O. W. sanatorium is usually alluded to as a \$1,000,000 institution, it was explained yesterday by Mr. Fraser that the committee is not prepared to give the cost of the institution. It is planned to build an institution that will have about the same capacity as the State Tubercular Sanatorium at Carlsbad.

The committee is considering tracts of land in many sizes, from 6 to 1,100 acres, according to Mr. Fraser. As yet the members have not come to the point of selecting an individual site.

Members of the committee who were in San Antonio yesterday were: W. A. Fraser of Omaha, sovereign commander; John T. Yates of Omaha, sovereign clerk; E. D. Campbell of Port Huron, Mich.; Dr. A. D. Cloyd of Omaha, sovereign physician, and D. E. Bradshaw of Omaha, general attorney.

THE KERRVILLE MAIL LINE REDUCES PASSENGER FARE

Junction Eagle, Oct. 27th: J. G. Ayala, manager of the Sunset Limited Passenger and Mail line from Junction to Kerrville, announces a reduction in rates, effective this week. Heretofore the rate has been \$5.00 each way, has been reduced to \$4.00 each way.

The Junction-Kerrville Mail line is making every effort to render the very best passenger and express service possible, and with the improving condition of the highway, the service will get even better.

FATHER OF MRS. EDWARD BOECKMAN DIES AT HOME IN NORTH CAROLINA

Saturday morning, October 14th, John Farlow, the father of Mrs. Edward Boeckman of Kerrville, died at his home in High Point, N. C. The Daily Enterprise of that city had the following mention of his death:

"John Farlow, a pioneer citizen of High Point, for many years in the grocery business in this city and a widely known resident, passed away at 8:30 this morning at his home, 205 West High Street. Death came suddenly, the cause being organic heart disease, according to physicians. Although he had been in failing health for a few years, Mr. Farlow arose this morning and partook of a hearty breakfast, giving no indication that death was near. His sudden demise was received as a shock by his relatives and friends.

"Mr. Farlow was 77 years old on September 8th. He was born and spent his boyhood in Randolph County, but came to High Point 45 years ago, for many years conducting one of the largest grocery stores in the city. He retired from active business some years ago and since had lived quietly in his home. He was an exemplary citizen and held the respect and esteem of a wide circle of friends.

"Mr. Farlow was a birthright member of Marlboro Friends Church in Randolph County, but for many years had been a faithful attendant of the local Friends congregation.

"Surviving the decedent are three sons, Ernest of Gastonia, John and Charles Farlow of Charlotte, and four daughters, Mrs. Fred Long of Charlotte, Mrs. Edward Boeckman of Kerrville, Texas, Mrs. W. M. Tullock of Sanford and Miss Mamie Farlow of this city. There are six grandchildren."

C. A. WHEELUS DIES AFTER A BRAVE FIGHT AGAINST DISEASE

C. A. Wheelus, who came to Kerrville about two years ago for his health, died last Friday night at 9 o'clock. He had made a brave fight, but the odds were against him.

Mr. Wheelus was born at Cuthbert, Ga., March 6th, 1853. He moved to Texas about twenty-five years ago; lived about ten years at Corpus Christi, and later several years at Rio Grande Valley points, and about two years ago came to Kerrville, where he hoped to regain his health from tuberculosis, but was too late in coming, as well as being too energetic to take the needed rest.

Mr. Wheelus was an expert photographer and had aided in the advertising and building up some of the Rio Grande Valley towns by his fine pictures.

The funeral took place last Saturday afternoon at the Episcopal Church and under auspices of the Masons. Burial was at Glen Rest Cemetery.

Mr. Wheelus was an enterprising and estimable citizen and made friends of all who came in contact with him.

Those left of the immediate family to mourn his death are the widow, Mrs. Gertrude C. Wheelus; his son, Cleveland B. Wheelus, and wife, and C. C. Wheelus, little grandson.

The Sun extends its sympathy to the bereaved family.

Card of Thanks

We wish to thank our kind friends for the beautiful floral offerings, and for the kindness and courtesies extended us during our recent hour of great bereavement.

MUDDLE IN SENATORIAL FIGHT TIED UP IN COURT ACTIONS

The muddle in which the court actions have put the nomination of Earle B. Mayfield for United States Senator are so conflicting that neither the courts nor the attorneys know just what the situation is today.

An injunction was brought in a District Court at Corsicana, and the jury trial resulted against Mayfield on the charge that he had spent over the limit of \$10,000 for campaign expenses.

Then the Attorney General took action in the Appeals Court at Dallas and also an appeal to the State Supreme Court, the latter authorizing the former court to dissolve the action of the District Court at Corsicana.

Then, Secretary of State Staples ordered Mayfield's name on the ballots, which had been held up by the first action of the Corsicana Court. However, before the Supreme Court ruling could reach the Appeals Court and that court instruct the Corsicana District Court, another action was started, and this time at Fairfield, Freestone County, where another injunction was secured with the connivance of the County Attorney there. This again resulted in notice to keep Mayfield's name off the ballot, issued by the attorneys of plaintiffs.

Secretary Staples, it seems, has refused to take any cognizance of the last injunction. The State Supreme Court refused a motion to set it aside before a hearing.

The further court action will come too late, no doubt, to allow Mayfield's name on the ballot, should he win in having the last injunction dismissed. However, the people of Texas will attend to the matter without any red tape and write his name on the ballot to the tune of a few hundred thousand majority.

CHARMING ENTERTAINMENT AT LEGION MEMORIAL SANATORIUM

Monday night at the American Legion Memorial Sanatorium, the owls hooted, the witches walked and the cats meowed, while a regular Halloween Party was in progress. Dr. and Mrs. J. W. Carey and Miss Jewel Carey entertained the boys who are out there, and invited about fifteen girls from town to enjoy a good time.

The Recreation Hall was beautifully decorated for the occasion. The wall was a mass of autumn leaves, representing a forest, in front of which was the hut of the witch who read aloud the fortunes written by the spirits of those who made the request of the witch. Lights in pumpkins and jack-o-lanterns, furnished the faint glow; apples were strung all around the walls; black and yellow streamers formed a canopy over the room from a center pole to the walls; cats, bats, owls and witches crouched on branches near the hut, making a weird scene.

A witch greeted the guests and directed them to the fortuneteller. Funny faces were the favors and were worn during the evening, making a great deal of fun for everybody.

Bobbing apples were eaten and fortunes told by throwing the parings. Negro melodies were played by a colored man who works at Legion.

Everybody appreciated very much the numbers given by the High School

Orchestra, directed by Miss Hattie Garrett. They were generous with their music, and it was beautifully rendered.

Misses Edna and Helena Brown assisted with the decorating.

WOMAN'S AUXILIARY ARRANGE ARMISTICE DAY CELEBRATION

A most pleasing and appropriate celebration for Armistice Day has been mapped out by the Woman's Auxiliary of the American Legion. At ten o'clock in the morning the various denominations will hold a union service at the Baptist Church. Two football games will be the feature of the afternoon and at night a black face minstrel program will be the feature of entertainment. All ex-service men are cordially invited to attend this minstrel free of charge.

The out of town ex-service men are asked to be the guests of the business men of Kerrville at a noonday luncheon at the St. Charles Hotel.

During the day Mrs. Rees will have charge of a booth to be located near the hotel or near the Post Office, at which all ex-service men are especially requested to register and receive an appropriate emblem to be worn as a means of designation.

Everyone is asked to co-operate to assist the ladies and the Legion boys in making Armistice Day a proper memorial day.

RAINFALL FOR THREE YEARS SHOW THAT 1922 IS AVERAGE

The Chas. Schreiner Bank rain gauge for the past three years, which has been carefully kept, shows that 1922 is up to about the average of the other two years, and with two months to go or may exceed them. The record is as follows:

Rainfall for 1920	25.13
Rainfall for 1921	24.30
Rainfall for 1922	24.24

Tri-County Judging Contest

County Agent Oswald went to Mason last Friday with fifteen boys from Kerr County to attend the Tri-County Stock Judging Contest, which was held there. About ten each from Gillespie and Mason Counties also attended.

These contests for judging live stock will be held once each month in the three counties and are to give the boys in these counties practice so as they can become proficient in the work, and the best judges participate in the District Contests, which are held three times a year.

ONE NEGRO SHOTS ANOTHER WITH A LOAD OF BIRD SHOT

Tuesday night, John Frost shot Jack Gaines with a load of bird shot, inflicting painful wounds, if not serious. Both are negroes and the shooting took place in the negro settlement in the north part of town.

Gaines must have been trying to get away as the shot entered him at the rear end, so he can't sit down comfortably for quite a while, if nothing worse develops.

Deputy Sheriff Henry Staudt arrested Frost. He was committed to jail Wednesday morning by Justice of the Peace Turner in default of \$1,000 bond, on a charge of assault with intent to kill.

**THREE SETS OF TRIPLETS,
TWO TWINS, PRIZE PUZZLE
FOR RAILROAD CONDUCTOR**

Laporte, Ind., Oct. 25.—Mr. and Mrs. Frank Scott Wednesday laid claim to the record family of the Middle West in ten years of married life, announcing that in that time three sets of triplets and two sets of twins, all boys, had been born to them. The Scotts with their thirteen living children, boarded a train Wednesday bound for the West in search of land to provide sustenance and employment for the family.

When the mother proffered one fave for herself, as the children are all under five years of age, the conductor remarked:

"We can't carry a Sunday School class, madame."

"But they are my children," she replied.

Then the family Bible was produced from the luggage and it showed there were: Ashbel, Archer and Austin, each 4½ years old; Arthur and Arnold, each 3½; Allen, Almon and Albin, each 2½; Alfred, Albert and Adolph, each 18 months, and Abel and Abner, each 6 months.

Edwards County Echoes

Leader, Oct. 27th: A heavy shower fell here in town Sunday night, which added to other recent showers, will do considerable good. Soulie Shanklin, who was in from the Shanklin ranch Monday, said they had excellent rains and their section was in good condition. The Ozona Stockman, Menard Messenger, Eldorado Success and Sanderson Times all report good rains as having fallen in their communities within the past ten days. The Edwards County stockmen are going into the winter in much better

**LABORER FALLS TEN
STORIES INTO MORTAR
BUT STEPS OUT UNHURT**

Dallas, Tex., Oct. 30.—Manuel Hernandez, laborer, fell ten stories down an elevator shaft, landing in a wheelbarrow of mortar, and stepped out unhurt.

Through a misunderstanding of signals the elevator on the thirteenth floor, where Hernandez was working, was lowered unbeknown to him and when he stepped for it, down he went. He caught up with the elevator at the third floor, landing in the soft mortar. He stepped out unhurt at the bottom floor and continued working after he had scraped off some of the mortar.

**FEDERAL JUDGE FILLS JAILS
WITH BOOZE LAW VIOLATORS**

St. Paul, Minn., Oct. 29.—Judge Page Morris of the United States Court at Minneapolis roundly scored violators of the 18th Amendment and meted out some of the stiffest fines and jail sentences ever given bootleggers and moonshiners.

He yesterday filled jail after jail from the ranks of 95 men and women who had been found guilty of fracturing the dry act.

When court had been convened, Judge Morris asked J. A. Rustad if the Hennepin County jail was full.

"It is," the marshal replied.

"How about Ramsey County?" asked the judge.

"Lots of room there," was the reply.

"All right, we'll fill it. Call the first case, Mr. Clerk."

The line began to move. Gray-haired men, youth, bartenders, soft drink bar proprietors, truckmen, carpenters and farmers stood one at a time before him. About 40 were sentenced when the judge paused and asked:

"Is the jail filled yet?"

"We can stand a few more," the marshal said.

The procession moved forward again. Finally Marshal Rustad announced that the jail's capacity had been reached.

"All right," said Judge Morris, "we will fill the Wright County jail."

And thus the work went forward, until not only had the Wright County jail received its capacity assignment, but also that of McLeod County before Judge Morris announced that he would call it a day. But he added:

"We will do our best to stop the traffic in liquor if we have to fill every jail in the State."

**LACK OF LAW ENFORCEMENT
CAUSE OF KU KLUX KLAN**

Topeka, Kan., Oct. 28.—Addressing the Co-operative Club here, C. B. Griffith, assistant Attorney General, and Republican nominee for Attorney General, declared lack of law enforcement is responsible for the rapid growth of the Ku Klux Klan and for a great deal of Red radicalism organization work done in this country in the past few years.

"Americans are the most indifferent people to law enforcement of any people on the globe. With a government which allows greater personal liberty than any other government, we break, or allow to be broken, the laws we made ourselves," Griffith said.

Nine thousand and six hundred persons were murdered in the United States in the year just ended, and a total of 85,000 men, women and children were murdered in the United

States in the past 10 years, Griffith said.

Canada, with a population of 9,000,000, had a total of 62 murders last year, as compared with 212 in Cook County, Illinois, with a population of 3,000,000, Griffith declared.

Lack of interest in law enforcement brings loss of trial by jury or public trial, because of misguided men will seek to take the law into their own hands without justice according to the rules laid down for the trial of the accused, Griffith concluded.

**CONTRACT FOR PECANS
AT 25 CENTS A POUND**

San Saba, Oct. 30.—The Bend Pecan Association has entered into a contract with San Antonio parties for the sale of this year's pecans at 25 cents a pound. Deliveries will be accepted up to December 1st, according to a stipulation of the contract.

The Bend association embraces pecan growers in the celebrated Bend territory of the Colorado and San Saba Rivers.

CATHOLIC CHURCH NOTES

By Father Kemper

BOX SUPPER

Monday evening the students of Notre Dame Institute had an enjoyable and profitable time conducting a varied social which they themselves planned and directed. They, too, with the help of some grown-ups, decorated the school auditorium with autumn leaves, black and orange bunting with spooky embellishments, and ornamental pumpkin gloves.

In one corner of Washington Hall the boys showed their carpentry by erecting an attractive fish pond, and nearby a still more inviting country store. Opposite this the minims arranged a witch's den for fortune telling and games of mystery. The older girls conducted a candy booth with fresh delicacies of their own making. They also managed a flower garden in which they particularly displayed red poppies for Armistice Day, and forget-me-nots for Veteran's Day, November 4th.

Hallow'en Dance

The vigil of All Hallow's was given over to the rollicking merrymakers, most of whom came costumed like grave-yard denizens or shrouded Koo Koo's. The sight of so many wild youngsters in their bewitching array of masquerades was both weird and ludicrous.

As a prelude to the dance, the young folks held a short parade around a few city blocks. On their return to Washington Hall, the best costumed couple was awarded a prize. Thereafter all disguises were removed and both young and old joined in a social dance that made the evening hours take rapid wings. Dr. L. Gatz and his wife were chief characters for the fruitful occasion.

Friday of last week, the Notre Dame pupils observed the combined Roosevelt and Navy Day. At the raising of Old Glory the scholars renewed their pledge of undivided civil allegiance to our glorious democracy. The school program included biographical side lights of Teddy, and also of Jack Barry, Catholic father of the American navy.

Mexican Dramatic Society

Last Saturday night in the Guadalupe auditorium, a troupe of local actors entertained their fellow parishioners with a tragedy in six acts. Brief interludes were filled by our Mexican orchestra. Senor Vincente Perez was director of the performance and proved his histrionic ability. Extraordinary stage talent was displayed by Mrs. Delfina Torres, Julio Medrano, Jose Reyes and Pedro Calderon. FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

Those who attended the fifth Sunday meeting report that it was good, interesting and helpful. The Associational B. Y. P. U. held its first meeting Sunday afternoon and it was well attended and the program was excellent.

The pastor made a visit to his old Texas home community at Yoakum and preached for them Sunday and enjoyed the fellowship of some of his schoolmates and friends of other days.

The Bible School was the only service held in our church Sunday. A number of our people went up to Hunt to the fifth Sunday meeting.

The Baptist General Convention of Texas will meet in Waco November 14th. It will be a thrilling session and it is earnestly hoped that some of our people will go. Dr. Grover writes us that we may have until the 12th to pay our 75 Million pledges. Let us do our best to pay up to date.

All regular services will be held next Sunday. Let us make it a red letter day.

ENTERTAINS WOMAN'S MISSIONARY SOCIETY

Mrs. J. T. Moore, president of the Woman's Missionary Society of the Baptist Church, delightfully entertained the members of the society Tuesday afternoon. This was the regular dollar day and social meeting which is held each fifth Tuesday.

The devotional service under the leadership of Mrs. W. B. Anglin was very helpful and inspiring.

During the social hour a splendid program was rendered by four young girls, which was very much appreciated and enjoyed. Those favoring the guests were: Miss Lucile McCoy, piano solo; Miss Margaret Morris, piano solo; Miss Ruth Morris, readings; Miss Eva Mae Staudt, vocal solos.

Games full of life and laughter were highly enjoyed. Misses Margaret Morris and Blanche Moore, assisted by Mrs. Emil Saenger, had charge of this feature and made it very interesting indeed.

Mrs. Moore served a delicious salad course. She was assisted in serving by her daughters, Misses Blanche and Alice Moore, and Margaret Morris.

THE SIREN VOICE

Nowadays the siren voice is that of the city luring the young away not only from the farm but from the smaller towns and villages and even county seats. Perhaps there is only futility in urging youth to stay on the farm and remain with the old folks in the homestead on the village green. They seek the broader horizons of city life, the more varied friendships, the supposedly greater sympathy and opportunity as well as more frequent pleasures. The village seems to be a narrowing, cramping place, with no understanding of aspirations and ambition. It is full of old ladies with whom rest and caution are more important than seeing the world or a life of action. Young folk feel shut in, they are conscious

KERRVILLE MAN'S LUCKY FIND

Will Interest Readers of The Mountain Sun.

Those having the misfortune to suffer from backache, urinary disorders, grave, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Kerrville man.

Frank Michon, City Marshal, Broadway, Kerrville, says: "My kidneys were out of order and every time I got wet or took cold, it settled on my kidneys. I had a soreness and a dull ache in the small of my back that worried me, and my kidneys didn't act right. I used Doan's Kidney Pills, bought at the Rock Pharmacy, and they soon fixed me up in good shape, the backaches left and my kidneys were regulated. I am always glad to recommend Doan's Kidneys Pills for I know they are just as represented."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Michon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement).

of a tied down sensation. The wide world beckons.

But, alas, the impulse of youth to fly cityward is followed too often by disillusionment. Most of those who follow the bright lights will lead only mediocre lives, no happier nor more successful than in the country. Poorly paid clerical positions await them. The lights are only a mirage. A few will reach the top and win the prizes that dazzle the rest. But ability and initiative have their reward in small places more often and more fully, if not to the same spectacular extent. In practically every one of thousands of small towns are men whose careers are active, busy, successful and well paid. Their names may never appear in success articles in the Sunday papers, but they are useful members of their communities, hard working, but amply rewarded for their efforts.

No unusual talent is required to succeed in a variety of business enterprises in the small community. Industry, a certain amount of resource, readiness, hardiness—these are the qualities of the small-town man of affairs. The automobile has greatly increased business possibilities in rural districts. More people come and go; thus there are more to be created. Garages are wanted everywhere. Hostels multiply. To be one's own boss is no great stunt.

There is a current from as well as to the city, that of the middle aged who have tired of its noise and hardness, who want quiet and solid comfort. Perhaps it is better to try the city's charms, even to discard them later, than remain discontented in country places. But young men are often advised to plan their lives, and deliberately seek a goal. As a cold business proposition the small-town goal is more likely to be reached than the dazzling city heights. There will be more actual, pecuniary prosperity, more comfort, more success. If the young man must have his fling he will take it. But if he really wants success let him weigh carefully where it is most likely to be found.—Saturday Evening Post.

REV. TIMMONS HAS BEEN ASSIGNED TO LAMPASSAS

Rev. J. G. Timmons, who has been at Kerrville a year as pastor of the Methodist Church, has been assigned by the Bishop to Lampassas. During his stay here Rev. Timmons and his charming wife have made many friends and they sincerely regret to see them leave. Rev. Timmons is a young preacher of exceptional ability and eloquence. He is destined to make a high record in the church history of Texas.

Rev. Timmons expects to leave the latter part of this week for Lampassas. He and his wife carry with them the very best wishes of the membership of the church here, as well as the people generally of the city.

Choral Club Meet

Miss Yolande Robinson entertained the Choral Club this week, which meets every Monday afternoon. Good work was done during the afternoon and a good time was had when refreshments were served.

The following members were present: Mesdames Pampell, McDonald, W. C. Fawcett, J. W. Burney and Martin, and Misses Kate Renschel, Helena Brown, Edna Henke, Ethel Williams, Ruth Garrett, Elsie Johnston and the hostess.

CHURCHES MUST HAVE WIDE AWAKE PASTORS TO OBTAIN SUCCESS

Chicago, Ill., Oct. 31.—Asserting that Christ would not talk to empty seats if there was any legitimate way to fill them, Dr. Christian F. Reiser of New York, in an address before the national conference on church publicity today told the assembled ministers to follow the suggestions of the Nazarene and "go out and compel them to come in."

"The first essential to selling the church," he said, "is to awaken the pastor and membership until they get on their toes and put their 'goods' into circulation. Then they will have fresh and palatable goods on hand and find a way to secure consuming customers. The people are hungry for God, but they must sometimes have quail mixed with their manna."

"The next step is advertising. That does not mean merely to put out attractive printing, but it means an alertness that will compel people to see the church."

When the Skies Fall

Fort Worth Star-Telegram: Atoka, Okla., may be a town made up of specially constructed people who will smile under sumptuary rules because of natural altruism; in which case, the matter may be dismissed from the mind. It is exceedingly more likely, however, that Atoka is made up of people not different from the general run of the mill, in which case, the matter has just begun. To be more direct, we "view with alarm" the consequences likely to ensue from the solemn decision of Atoka that school girls shall not paint, powder or wear silk stockings or other articles of dress.

The rule, say the dispatches, was put into effect with the indorsement of the Parent-Teacher Club, and is designed for the common good. It is based upon the sound economic ground that the girls are in school for purposes of education and not for frivolity, and further upon the sound sociological ground that girls who are able to dress in silks should not be allowed to flaunt their fineries to the discredit or downfall in emulation on the part of their less fortunate schoolmates.

But, it is common knowledge that sound economic and sociological grounds seldom have a paramount appeal to girls of high school age, and not always to mothers of girls of high school age. It so happens that the chief asset of the girl of the middle teens, scurrilously termed a "flapper," is her ability to get what she wants out of Mother and Daddy, as well as the rest of the adult world in general.

In this respect, she is almost an irresistible force, with all the char-

acteristics hinted at hypothetically in her high school physics. If, then, this irresistible force shall be brought into contact with the immovable object, as represented by the no-powder-no-silk rule, one of them will have to change its classification. And, some, how, we believe that it will be the immovable object that will lose its enabling prefix.

Perhaps, as we said, Atoka folks may be of such altruistic natures that they will sink their personalities into the desire for the good of the whole. In which case the town will be entitled to all the publicity it got out of the initiation of the new regime. But, it should not be construed as too pessimistic an attitude if we express a wish to wait for further developments before brushing up the dusty old word, "Utopia."

PRISON SENTENCE GIVEN TO VIOLATOR OF VOLSTEAD ACT

San Antonio, Oct. 31.—Juan Jesus Gomez is the first man or woman to receive a penitentiary sentence for violation of the National prohibition act in the Western District of Texas, according to United States District Attorney John D. Hartman, who brought the news from Del Rio, where he attended Federal Court last week.

He said that Federal Judge Duval West sentenced the man to a year and a day in the Federal penitentiary at Leavenworth, Kan., and imposed a fine of \$500 in addition, upon the defendant's third conviction for violating the liquor laws.

This is the first time that a man has been convicted three times for prohibition law violations and the heavy sentence he drew is causing a great deal of comment in Federal circles today, since Judge West has been considered most lenient in sentences for first and second offenders.

The purpose of the law, it was explained, is to be lenient with a first offender, a little less so in the case of a second offense, and a great deal less lenient when a man violates the liquor laws the third time.

Mr. Hartman was of the opinion that a precedent for penitentiary sentences for third offenders will do much to curb the liquor law violations and he said that there are several cases of third offenses on the docket here. The progress of which will be watched with interest by many who are not in the court room as attorneys or defendants or even witnesses.

A great national park of 2,000,000 acres has been set aside by the government of Argentina. The park contains snow-capped mountains, glaciers, tumbling rivers, azure lakes and foaming cascades. It is situated on the Chilean border and takes in the foothills and mountains of the Andes. Fully one-third of the territory has never been explored.

Sensational Reduction

of

\$50.00

on All Ford Car Models

Announced Tuesday, October 17th, P. M.

The great many new improvements just added to all Ford Models increased the value, the appearance, and the performance of the Ford Car many times.

This reduction in price of \$50.00 coming at this time should settle definitely the last argument you might have about waiting to purchase your Ford Car.

The price of a Touring Car, Standard, filled up with gas and oil, ready to run at Kerrville, is now \$382.24; this car with Starter is \$455.08. A Roadster, Standard, is \$352.12. A Ton Truck Chassis is \$460.20. Other models in proportion.

We will appreciate your order for delivery. Cash or monthly payment plan.

THE LAW AND THE PUBLIC CONSCIENCE

Houston Chronicle: No citizen can read even casually the report of the proceedings in the Federal Court during recent weeks without reaching the conclusion that while the law is functioning with vigor the public conscience is benumbed and dulled.

Defendant after defendant came before the court and confessed without reservation, and many with an apparent air of nonchalance, that he or she had with deliberate purpose and formed design violated a statute, based upon and enacted in pursuance of imperative constitutional behest and which in every sense is the law of the land, obedience to which is obligatory upon every citizen.

In more than one case the defendant had been before the court in the recent past on the same, or a similar charge, and in one instance a local citizen was arrested during the session of the court for an alleged third offense.

The most discouraging phase of the situation is not that men offend against the law, but that the general public appears to be, if not in sympathy with the offenders, indifferent to widespread violation of a plain law, which violation is not mitigated or rendered less heinous by the fact that it is the result of sudden impulse or transient emotion.

Every citizen should grasp the truth that the law was enacted out of sheer necessity, after nearly three-quarters of a century of agitation and discussion, and after the conviction had taken hold upon the public mind that the social, moral and economic welfare of a nation of more than 100,000,000 people was imperiled by continuing a traffic which all men conceded, and which judges of the highest court of the land had declared, unflinchingly bred poverty, crime and every form of social and moral harm.

Its passage was the exercise of that elastic and comprehensible power known as the "police power" of the Nation—that is, the unwritten statute of protection and defense of society against harmful evils.

Provision for its exercise in National scope was made in strict conformity with the requirements of the Federal constitution, and the tribunal of ultimate resort has declared and approved its entire validity.

The language of the constitution, "This constitution and the laws of the United States which shall be made in pursuance thereof . . . shall be the supreme law of the land; and the judges in every State shall be bound thereby, anything in the constitution or laws of any State to the contrary notwithstanding," means exactly what it says.

The law against which so many of us are in every precinct in the county end see that they all write Earle B. Mayfield's name on the ballot.

Earle B. Mayfield is not any saint, because he is a politician, but he is a lot better than the crowd fighting him—either Democrats or Republicans.

The party leaders—Republican and Democratic—are at sea. The people won't endorse, nor will they contribute to campaign expenses. What's the use?

It is believed that the property owners in the business section on Water Street will soon arrange a plan to pave at least three blocks. That will be a big help.

Have your trees trimmed and put in healthy condition while Dr. O. P. Dalhren is here engaged in that work. The trees along our business streets ought to be trimmed.

Start you an orchard. Mostly Nurseries have home trees that will bear fruit if properly cared for. Also put out shrubbery and flowers, so as to beautify your home.

Sharpen your pencil good and write Earle B. Mayfield's name on the State Democratic ticket. Be sure to vote, since there has been so much chicanery to keep his name off the ticket.

Several are engaged in the truck business by irrigating and others are arranging to go into it in this section. There is a market here for all the vegetables that can be raised by irrigation. Give the home-grown vegetables the preference when you buy any.

It is to be trusted that the "Rule or Ruin" bunch of Democrats who are backing George Peddy will keep out of the Democratic party in the future. It would give some zest to the elections to have a closer division than we now have in Texas. The majority is too great. And, besides, those fellows will feel more at home somewhere else than in the regular Democratic ranks.

AMERICA AND THE LAUSANNE MEETING

Daily Oklahoman: It is announced that the United States will not accept the invitation to participate in the Lausanne peace conference, because this country was not at war with Turkey, but that the American Government will have a representative there in the capacity of an observer.

It is true that the United States is not directly interested in territorial disputes between Turkey and Greece and the allies, but she is very much interested in the question of the freedom of the Dardanelles, the Bosphorus and the Sea of Marmora. In regard to the latter issue, the American representative should make it plain that the United States stands for the freedom of the seas in that section of the world, as well as elsewhere. The freedom of the Dardanelles, the Bosphorus and the Sea of Marmora is essential to the desired development of American trade.

When paving is once started it will spread, and the people will then wonder why they delayed it so long.

Poultry and dairying will help out in any kind of pinch. Look after the chickens, turkeys and the milch cow.

Rustle around and get out a large vote in every precinct in the county and see that they all write Earle B. Mayfield's name on the ballot.

KAISER ESTRANGES MANY OLD FRIENDS BY MARRYING AGAIN

Berlin, Oct. 28.—Father of seven, step-father of five by his coming marriage, the ex-Kaiser is alleged in circles close in touch with him to have insisted that if he married again it must be to a woman young enough to have children by him.

This thought, it is asserted, was given no little consideration in the selection of his second wife.

As the wedding day approaches, it is more and more becoming apparent that with his second marriage, Wilhelm II has succeeded in destroying the last remnant of respect entertained for him in certain circles, and has himself delivered the death stroke to the Hohenzollerns in Germany.

In the "League of Uprights" and "Kaiser Loyals," two organizations representing in a measure the old guard loyalists, nothing has done him more harm than the gossip that the former Kaiser could have "sensual thoughts" as reflected in the reports that he did not want a woman of his own age, but a young one, for his second wife.

"Germany is done with Wilhelm the Second. The world need not worry any more about the possibility of his return. He has seen to that himself. His marriage and his book spell finis for Hohenzollern."

This is the way one of his highest cabinet officials of the former Kaiser's regime expressed himself. Touching on the Kaiser's memoirs, this statesman characterized the book as "neither true nor sensational, not even amusing."

Another Kaiserite, who was often with him, told that until the news of the coming marriage was spread, the ex-Kaiser's picture still had a place of honor in thousands of German homes, especially of the middle class, but since the announcement of the marriage the pictures have either been turned to the wall, thrown in the garbage can or put in the garret.

Mohair Prices Hold Up Well

Boston, Oct. 30.—There has been practically no change in the mohair situation during the past week. The fall clip in Texas has been pretty generally cleaned up by Boston and other buyers, with 74 1/2 cents the highest price yet reported. There is no tendency downward and those growers who still have stocks of hair left are reported to be holding out for the high figures that have been prevailing all fall in the Lone Star State.

Some of the fall purchases have come into this market but the bulk of the hair purchased in Texas during the past few weeks was on order and has been or will be shipped direct to the mills. Dealers who bought on order are safe, but those who speculated on the high market this fall may have their troubles. If manufacturers are sufficiently well supplied to keep their mills running until the spring hair comes on the market, holders of this high-priced hair will probably wish they had held onto their money.

However, the market seems strong enough and the demand steady enough to take up about all available mohair, though it is certain that manufacturers will not willingly pay the price that dealers must obtain for hair which cost them well above 70 cents. The prevailing price range in this market for the best hair is from 60 to 65 cents, though kids are worth \$1 and probably a bit more.

Good Time for Tivy Team

Mrs. D. C. C. Taylor and Miss Lucile Taylor were hostesses to the young people of Kerrville last Friday night, entertaining for the Tivy Football Team. Each guest paid 50 cents, which granted them admission to all the good times, including the "cats."

The house was decorated in black and yellow; ghosts were flitting through the rooms; games that a Halloween party call for were played, and the occasion was one of much gaiety.

HIVY HIGH SCHOOL DOWNS ST. MARY'S IN HARD GAME

In a hard fought game of football on the local gridiron Wednesday afternoon, the Tivy High School boys defeated St. Mary's College of San Antonio by the score of 6 to 0.

It was a lively contest from start to finish and was greatly enjoyed by the good crowd present.

The same teams played a no-score tie a few weeks ago at San Antonio.

TELLS HOW THE EARTH LOOKS FROM THE MOON

The man in the moon could never get very thoroughly lit up by what the earth furnishes him. Explaining a new method of measuring the "earth light" on the moon and the brightness of the dark parts of fair Luna, Prof. Edward S. King of the Harvard Observatory told the American Astronomical Society recently that the brilliancy of our satellite is about ten thousand times greater than the light delivered on its surface by this dull terrestrial sphere.

"When the moon shows a thin crescent the dark portion may be clearly seen standing out against the sky. This appearance is popularly called the 'old moon in the new moon's arms,' and this dark portion," said Dr. King, "is illuminated by light reflected by the earth, or 'earth light.' Earth light on the moon is analogous to moonlight on the earth."

"My preliminary measures indicate that if the whole disk of the moon were lighted solely from the earth the total photographic brightness would be about minus 2.0 magnitude, or, in other words, if the light were concentrated to a point, it would have nearly twice the luminosity of the Dog Star, which is the brightest star in the sky. The brilliancy of the full moon is about ten thousand times greater. The brightness is measured by comparing images of the moon photographed in focus with images of stars photographed out of focus, and by this method all portions of the lunar surface at the different phases can be measured."

J. L. Pampell is reported to have killed a fine 8-point buck Wednesday morning at the Real Ranch.

WARRANT ISSUED FOR ARREST OF R. B. CREAGER, STATE G. O. P. HEAD

San Benito, Tex., Oct. 29.—A warrant for the arrest of R. B. Creager of Brownsville was received there Saturday by Sheriff W. T. Vann from Sheriff A. Y. Baker of Hidalgo County, charging the Republican State Committee Chairman with assault with intent to murder. The warrant followed indictment by the Hidalgo County Grand Jury Friday and grew out of a fight between Creager and Ben G. Whitehead, widely known Valley newspaper editor, which occurred in the office of the County Clerk in Edinburg last Tuesday. Sheriff Vann said Saturday that he was unable to serve the warrant because Creager left Brownsville Friday on business and indicated he would make no effort to serve the papers until his return.

The alleged attack on Whitehead by the Brownsville man is believed to have grown out of the publication in the Pharr Clarion last week of editorials attacking Creager for his interest in what Whitehead's paper termed "the land man's ticket" in Hidalgo County.

They accused Creager of personal motives in his alleged interest in the success of certain Republican nominees for county offices in Hidalgo County, claiming if elected they would use their offices for the benefit of the land man. Creager is receiver for the W. E. Stewart Land Company.

Gasoline Cut Two Cents

Dallas, Oct. 30.—Gasoline in Texas went down two cents a gallon Monday noon at all large company filling stations following recent reductions made in California, Louisiana, Kentucky and New York. The new retail price is 19 cents and the wholesale price is 16 cents per gallon.

The companies making the reduction include the Magnolia, Gulf, Humble, Texas, Oriental and Union.

Birthday Celebration

The afternoon of Saturday, October 28th, was a very pleasant occasion in the home of Mrs. Emil Gold. The old custom of preparing good things to eat on one's birthday and expecting one's intimate friends to come in and help celebrate without special invitation, was the one followed by Mrs. Gold, and she was not disappointed in the attendance.

Charming gifts were showered upon her and a happy time was had by all. The afternoon was spent in sewing and conversation. Most delicious refreshments were served to the following:

Mesdames T. C. Johnston, Charles Johnston, E. W. Speckels, E. C. Fisk, W. G. Garrett Jr., Herman Schulze, Henry Weiss, A. Enderle, Henry Kuhlmann, Nathan Herzog and the hostess.

Pleasant Sewing Bee

Monday afternoon, October 30th, a number of the women of Kerrville met at the home of Mrs. Henry Kuhlmann to make sleeping caps for the patients at the American Legion Memorial Sanatorium, since a request had been made for the caps.

Each brought her thimble, scissors, thread and a yard of white outing, and the work progressed rapidly to the accompaniment of pleasant conversation. Mrs. Kuhlmann served hot tea and cakes to refresh the workers. Thirty caps were finished during the afternoon.

Those present were: Mesdames Al Platt, Fred Platt, Kirkpatrick, Bruno Schott, Laughlin, Wellborn, B. C. Richards, Lee Mason, Lee Wallace and the hostess, and Misses Kate Renschel, Lucy Brandon and Roxie Farrell of Houston.

Next Monday, November 6th, the Cheer-O Club meets with Mrs. Kuhlmann and she invites all the women of the town to meet with her and sew for this cause, as there is a need of forty more of these caps.

Happy Hallow'en Party

Little Eleanor Allen had a birthday Saturday, October 28th, and her mother entertained her little friends in her honor that afternoon.

The party was a regular Hallow'en affair; the guests came as ghosts, there were pumpkins galore and the decorations were black and yellow.

In the center of the dining table reposed the birthday cake—a yellow one, decorated with black cats, bats, owls and witches. Individual Hallow'en cards for each child were on the table and attached to each was a novelty figure, made by the little honoree's grandmother, which was to be eaten.

The little folks entered into guessing contests, Aimee Louise Scherbeck winning among the girls and Aubrey Lee Shelburne among the boys. These prizes were distinctive, in that each was good to eat, some of the figures being men, women, frogs, rabbits, etc. The three youngest guests received one of these prizes, too.

Those taking part in the celebration were: Mary Nell Adkins, Preston Utterback, Gertrude and Jerry Beitel, Charlotte Carpenter, Elizabeth and Frances Eastland, Junior Fawcett, Jimmie and Joe Gardner, Mary Louise Gardner, Mary Hamilton, Mary Jane and Annie Laurie Garrett, Julia Ann and Irene Jackson, Margaret, Martha and Franklin Harwood, Fordtran Johnston, Kathleen Matthews, Kate Knox, Junior Johnston, Julius and Virginia Leisering, Marcia Jane Morris, Ruth Prescott, Cecil Rawson, Dorothy and Junior Rawson, Robert and Claribel Renschel, Aimee Louise, Bobbie and Garrett Scherbeck, Nellie Ganter and Dodo Schreiner, Aubrey Lee and Charles Shelburne, Marie Speckels, Frank, Hiney and Katherine Richards, Elaine, Mildred and John Williams, Pattie Belle Morris, Joe Delaney, Henry Allen, Renschel Allen, Evelyn Fisk, Mrs. H. Renschel and the honoree.

Ren Wachter of the Divide was a business visitor Tuesday and Wednesday of last week. Will Fringle and Jim Lowrance of Sawyer Ranch were Ingram visitors Monday of this week. Mrs. S. V. New of North Fork community was the guest of her daughter, Mrs. Jim Howell, last week. Mrs. James Priour and children of Rocksprings, accompanied by Mrs. T. J. Moore of Hunt, visited friends here last week. Mrs. Henry Schumacher and daughter, Miss Millie, of the North Fork community were among last week's shoppers in Ingram. Lee Adams and Mr. Edwards came up from San Antonio this week for a brief outing at Cliff Cottage on the Ingram-Hunt road. Mrs. S. C. Stacker and children were down from the Secor Ranch on the South Fork last week to do some shopping. They leave shortly for the Panhandle Country. Among some of the early arrivals to take advantage of the opening of the hunting season are Drs. Nelson and Fivoy of San Antonio, who are registered at Riverside Inn. There were some very interesting horse races up at Victor Lee's place on Johnson Creek last Saturday afternoon, which attracted a large crowd from the surrounding community. George Colvin and family of San Antonio spent the past week-end with relatives here. They were accompanied home by Mr. Colvin's mother, Mrs. G. W. Colvin, for an indefinite visit. A good shower of rain fell here Monday of this week, which was much needed and greatly appreciated, with favorable indications of more to follow. We are at least glad to know the drouth is broken. Robt. Lear and wife of South Fork community made a short stop here Monday of this week on their return from a visit with relatives in Comfort. They were accompanied home by Mr. Lear's mother. The pulpit of the First Baptist Church of Ingram was very creditably filled by Rev. Marsh of Junction Sunday last. There was a large attendance, being many from Hunt, Harper and other nearby communities. The Medina River Baptist Association held its fifth Sunday meeting at Hunt Saturday and Sunday last. Several of the good people of this community attended. Sunday night they came down to attend services at Ingram. A very enjoyable dance was given by Mr. and Mrs. A. C. Knibbe of the Divide Friday night of last week. A large party went up from here, occupying several cars. Refreshments were served consisting of delightful cake and coffee. H. I. Hardin and wife of Riverside Inn at Sherman's Mill drove down to Kerrville Monday afternoon of this week to escort Col. C. J. Crane of San Antonio up to the Inn. Col. Crane is one of the old and favored patrons of this well known resort and appreciates a good home and hunt among the hills. Miss Jewel Howell entertained with a masked Halloween party Tuesday night of this week at the home of her parents, Mr. and Mrs. J. M. Howell. There were ghosts, old witches and other costumes in keeping with the occasion. Numerous games were played, and those fortunate enough to be present spent a very happy evening. A letter was received here last week from Mrs. F. M. Harlan reporting the death in Troy, Mo., on the 15th of November, of H. C. Graven (better known as "Uncle Jack Graven"), who formerly made his home on Goat Creek and was well known throughout the county. Mrs. Harlan is a niece of the deceased, and the sad news is received here with much regret.

After serving 27 years as a school teacher, Miss Mary E. Long of Elgin, Illinois, committed suicide as a result of her being discharged by school trustees. Fourteen other teachers were dismissed at the same time but the dismissals were rescinded when the trustees were visited by a committee of citizens who demanded that the other teachers be reinstated at once.

CENTER POINT COMMENTS

W. N. Hood went to Bandera Tuesday. Frank Montague of Bandera was in our city Tuesday. F. E. White made a business trip to Bandera Tuesday. Rev. and Mrs. R. F. Curl returned to their home at Bandera Tuesday. Miss Rita Bruff returned Monday from a three days visit in the Alamo City. F. E. Whisenhunt from his ranch in Bandera County was a business visitor Monday. Moritz Holekamp was here for a short time Monday from his ranch on Turtle Creek. Walter Cowden is up from San Antonio on a visit to his parents, Mr. and Mrs. W. P. Cowden. Mr. and Mrs. Wm. P. Goggan, after two months stay here, leave this Wednesday for their home in Dallas. Mr. and Mrs. T. S. Dennis from Coleman County arrived Monday and will make their home here for a while. J. M. Bruff is on the sick list this week. He has been confined to his room for several days. We hope to see him out again soon. Mrs. W. C. Bruff returned from Floresville Sunday. She was accompanied home by her mother, Mrs. John Grifeth, who will spend several weeks here. Mr. and Mrs. J. D. Mangum and child arrived here from Nixon last Friday. They are visiting in the home of Mr. Mangum's brother, E. T. Mangum. Mrs. H. C. Moore leaves this Wednesday for El Paso, where she expects to spend the winter. While there she will be the guest of her son, Ed Moore, and her daughter, Mrs. T. W. Cartwright. Rev. and Mrs. Maxwell returned Monday from Lampasas, where they had been attending the West Texas Conference. Rev. Maxwell was assigned to the pastorate at Ozona. Center Point gets Rev. Coppage from East Texas, a transfer into the Conference. This section was blessed with a fine rain Tuesday night, which amounted to about two inches. This moisture will bring up the oats and wheat which have already been sown, and will put the land in fine shape for further sowing. While it came too late to make much winter grass, it will make some pasture in the oat fields. Some young people from Bandera put on a humorous play at the school auditorium last Saturday night. The play is entitled "Aaron Slick from Pumpkin Creek." They were greeted by a fairly good house, who were well pleased with the performance. Those taking part in the play were A. P. Carlton, Miss Helen Pugh, Jeffe Gray, Harlos Gray, and the Misses Stella Coughlan, Irene Curland, and Emily Ruth Randle. The proceeds were to go to the Methodist Church at Bandera.

HUNT HAPPENINGS
Mr. and Mrs. B. D. Taylor are very proud of the new visitor in their home, who arrived on October 23rd, and bids fair to spend many happy days with them. A good crowd of young people from the Reservation neighborhood attended the Fifth Sunday meeting at Hunt, and Lourina Mayhugh accompanied them on the return trip for a week's visit with friends in that community. Mr. and Mrs. A. G. Taylor visited their daughter, Mrs. E. Graham, at the Secor Hospital in Kerrville on the 20th inst., where Mrs. Graham has recently undergone a serious operation and is now convalescing. The citizens of the North Fork community are organizing for the purpose of controlling the depredations of wolves, cats and other small animals that prey upon the flocks of that neighborhood. May their efforts be successful. The Box Supper at the school house October 21st for the benefit of the public school was a financial success, practically the whole community co-operating in the effort to enlarge the school fund. The amount raised was approximately \$128.00. The Fifth Sunday meeting of the Medina River Baptist Association met with the Hunt church last Sunday, the following pastors being present: Rev. Brown of Harper, Rev. March of Junction, Rev. Ray of Tarpley, and Rev. Earls of Ingram. The discussions were fine and the speakers were optimistic in their discussions of the various phases of the denominational work. There was not a discordant note sounded, and oh what a joy to see such a brotherly love, such a fellowship, such a spirit of co-operation as was manifested by those present. The meeting reached its climax in its afternoon service. The time was taken by the recently organized B. Y. P. U. Association, presided over by Miss Edith Tullis of Kerrville. Those present on the program handled their subjects in a creditable way, bringing out many good thoughts which met the approval of those present. Though the house was crowded to overflowing, the attention was good and all seemed to enjoy every minute of the time. The unions reporting members present were: Hunt, 19; Ingram, 13; Center Point, 19, and Kerrville, 26. The enthusiastic vice president of the unions present gave reports, showing a growth with aspirations for better things.

TURKEYS!

We will open our dressing plant MODAY, NOVEMBER 6th. Turkeys you expect to market Thanksgiving should reach our plant not later than NOVEMBER 14th, in order for us to make deliveries in New York and Boston by the 27th. Freight service is very poor and we are obliged to figure ten days for delivery to either of the above points.

SELL ONLY MATURE, FAT TURKEYS

Last year the big distributors and speculators in the East lost heavily in Texas turkeys---one of the most disastrous years on record. Many of the operators are out of the game this year; others declare their intention of buying their supplies in other States. WE MUST DRAW THEIR ATTENTION BACK TO TEXAS BY SUPERIOR QUALITY

To do this, you must market your turkeys when fat keep your poor, small, immature ones at home until ready for market.

CROP-CONDITIONS-OUTLOOK

In general, condition of the birds in producing sections are further advanced than last year, average in weight about 10 per cent more. Crop as a whole shows to be about 25 per cent larger than last year, we the carry over in the freezers of last year's crop around THREE MILLION POUNDS. Texas will ship in November and December 1,000 carloads.

QUALITY

Is going to cut a big figure in the successful marketing of this year's crop. If you crowd the market with POOR, IMMATURE TURKEYS you will undoubtedly experience the worst market in years. If you use care in marketing, we look for a fair Thanksgiving market.

REMEMBER

We are always in the market at highest market price before selling. See our manager before selling.

What About "Unseen" Plumbing?

Unseen, but it's there—between walls, under floors, in the ground. One plus the cost of any good seen job, is for that unseen job. We believe that more than the "unseen" plumbing job is the one that counts. We know that unseen work is using the first time, and workman material sure to be up, there is our unseen trouble later the test of the daily use.

PARENT-TEACHERS' CLUB CELEBRATES HALLOWEEN

The Tivy High School Auditorium was so dressed up Tuesday evening that one would hardly recognize it. A little thicket of Spanish oak trees occupied the center of the floor, on which rested bats, owls, witches riding brooms, and from the tallest of which radiated streamers of black and yellow, which canopied the greater part of the large hall. The walls were decorated with panels of yellow, on which were black posters of all kinds of animals that are representative of Halloween celebrations. These cats, owls, bats, witches, ghosts, etc., hung by invisible threads from the canopy, seeming to be flying in the air, while numbers of bats were on each window.

Miss Nellie Horne was chairman of the committee on decorations and had good help. Mrs. Jim Rees was chairman of the refreshment committee, and had for each guest cakes, cookies, candy, lemonade and popcorn balls.

Mrs. Robert Knox, chairman on amusements, interested her hearers first with a ghost story, then came the grand march, the music for which was played on the piano by Dr. Macdougall. This was enjoyable, since the guests were in masquerade costume. The one attracting the most attention was a colored lady cake walker, who proved to be W. M. Carrico.

Miss Hattie Garrett was chairman of the music committee. The High School Orchestra played a number of selections, which were greatly appreciated. The attendance numbered about seventy.

The club will meet in regular order next Wednesday, November 8th.

Halloween Birthday Party

Mrs. Dick Eastland entertained, honoring her little daughter, Frances, Tuesday afternoon, October 31st, the occasion being Frances' birthday.

The whole house was in gala attire, autumn leaves, pumpkins with lights inside, bats on the walls, etc., but the dining room was the prettiest place of all. The centerpiece held the birthday cake, lighted by red candles in black holders, shaded by autumn leaves; cats, owls, and witches were peeping from under the leaves at the little ones gathered around the cake; each child received as a favor a witch's cap, which was worn during the afternoon's play, and at each plate was a box of candy on top of which stood a black and a red cat. When the cake was cut Claiborne Jones cut the dime, Jerry Beitel the ring, John Williams the button and Kate Knox the thimble. In the game of pinning the cat's tail on while blindfolded, Dorothy Rawson received the booby prize and Eleanor Allen the first prize.

Delicious refreshments were served to the following guests: Margie Rose, Jimmie Holt, Jimmie Gardner, James Baker, George Noll, Dodo Schreiner, Nellie Ganter Schreiner, Martha Harwood, Annie Laurie Canfield, Annie Laurie Garrett, Aimes Louise Scherbeck, Marie Spreckles, Kate Knox, Mary Nell Adkins, Claiborne Jones, Patti Beall Morris, Dorothy Rawson, Dorothy Turley, Eleanor Allen, Henry Allen, Julius Leisering, Julia Ann Jackson, Earl Garrett, Mary Jane Garrett, John Williams, and the children of the hostess.

Pullet Beats Record

Tacoma, Wash., Oct. 31.—Two world's records for egg laying have just been broken in the third annual contest conducted by the Western Washington Experiment Station of the Washington State College, it is announced here by W. A. Linklater, superintendent of the station.

The contest resulted in a white Leghorn pullet owned by H. M. Leathers of Woodland, Wash., laying 365 eggs with a day to go before the year expired.

A Leghorn pullet owned by the experiment station also set the world's record of 324 eggs set last year by a California hen by laying 330 eggs.
