J. D. Bowden Hurt When Shotgun Is Accidentally Fired

J. D. Bowden, prominent in local real estate circles, suffered a painful injury late Monday afternoon when a shotgun was accidentally discharged, shattering part of his left hand and causing the loss of the thumb and forefinger.

He had returned about 7:45 from a trip on the river and went to place the gun in a corner out of reach of the children, having, he thought, removed all of the shells from the gun before starting for home.

As he set the gun down, the jar caused it to be discharged. He had grasped it by the muzzle and his hand was badly mangled. He was rushed to a hospital, where an operation was performed Tuesday morning. The thumb and index finger of his left hand had to be removed, although physicians believed the remainder of the hand could be saved.

At last reports Mr. Bowden was doing nicely, and his many friends wish him a speedy recovery.

GROSS RECEIPTS OF POST OFFICE NEARLY TREBLE IN LAST 15 YEARS

Mail Delivery in City Can be Secured by Carrying out Plans for Civic Improvement.

The past several months have seen Kerrville becoming more like a city than any other corresponding period in its history. Civic pride has mounted higher than it has ever been and civic organizations are working as never before to make "The Gem of the Guadalupe" the metropolis of the Hill Country in every sense of the word.

In line with this development comes the growth of business as shown by the local Post Office. When this is considered carefully from several different view points, it shows how Kerrville has grown by steady strides in the past several years and gives another thing to work for in the improvement and development of the city.

Back in the year 1908 the total gross business of the local office amounted to \$5,027.89. In 1913, five years later, the total had mounted to \$7,325.36, an increase of more than 45 per cent. In 1918 the gross business was \$10,761.24, more than double the volume of ten years previous.

The reports for the past fiscal year ending June 30th, furnished The Sun through the kindness of Assistant Postmaster Mark Mosty, show a gross business for the year of \$14,634.00, nearly three times the amount of revenue received in 1908.

The postal business in the local office has increased by an average of about 100 per cent each decade, in other words, the gross receipts have doubled every ten years. That one thing alone would indicate more strongly than anything else the growth of Kerrville.

For the fiscal year ending June 30, 1922, the gross business was \$12,930.23. This year's report shows an increase of \$2,703.77 over that of last year and the business by quarters increased correspondingly.

In 1918 the money order department issued 5,185 orders totalling \$31,599.26. During the 1922-23 fiscal year 10,702 orders totalling \$67,643.72 were issued, more than double the number and amount of five years ago. Furthermore, in the last five years more than 40,000 money orders have been sold. This is over half as many as were issued from the opening of the Post Office here up until 1918, a period of over 50 years.

These figures show the growth of Post Office receipts, which follow development of local business. Now to take up the future and look over some of the things that are being worked out by the civic organizations and see how Uncle Sam co-operates in city development.

For cities who meet the requirements, the Federal Government supplies delivery of mail to business houses and residences within certain limits. To meet the conditions for free delivery, a city must have certain improvements which are not only an advantage to the post office delivery department, but are also an asset of inestimable value to the city itself.

Seven primary requirements are laid down by the Post Office Department for delivery of mail within the city. They are: Good sidewalks, proper street crossings, street names, house numbers, receipts for mail, gross postal receipts of \$5,000 or more per year, and population of over 1,200. These are the requirements for what is called "village delivery," the only difference in city and village delivery being in the population rule and the salary paid mail carriers.

Kerrville meets the last two of the conditions named above, but is lacking in the other five. Compliance with them will mean the establishment of mail delivery in the city and will put Kerrville on the map with the other real cities of the county.

The Chamber of Commerce and the Kerr County Civic League have made and are still working on plans for the improvement of Kerrville's streets and sidewalks. By including the erecting of street signs and house

numbering, the other requirement can be met with ease.

The people of Kerrville are fast realizing the benefits to be derived from a clean, beautiful city with good streets and walks and steps are being taken to obtain them. When one stops to think how, with just a little more improvement, Kerrville can get mail delivery in the city, it seems almost assured that this additional convenience and asset can be secured if plans are made and carried out to include it.

KERRVILLE AND JUNCTION TO CELEBRATE HIGHWAY COMPLETION

Joint Basket Picnic to Be Held on Johnston Fork of Llano, Tuesday, August 28th.

Last Friday Hal Peterson, Walter Saenger and Milton Pampell, representing the Kerrville Chamber of Commerce, went to Junction to confer with the committee of that place on arrangements for the joint Basket Picnic to be held by the two cities, Tuesday, August 28th, in celebration of the completion of the Highway. Manager Ben Smith of the Kerrville Athletics and Prof. Guy Moses also took part in the conference. The Junction Chamber of Commerce was represented by Oren C. Reid, C. T. Holekamp, C. F. Hamer, John M. Hankins and H. G. Perry.

The preliminary details of the celebration were outlined and several committees appointed to handle arrangements. The Remboldt place on the Johnston Fork of the Llano, sixteen miles this side of Junction, was the site selected, and the complete program will probably be worked out in time for publication next week, as the two committees plan to meet this coming week end and close up all arrangements.

The tentative plans call for a Joint Basket Picnic by the business men and citizens of both places, together with their friends, as well as the citizens along the Old Spanish Trail below Kerrville and above Junction. It is planned to have the business houses of both cities close for the day so that one and all can attend the picnic. Free ice water and coffee will be furnished, but everyone is expected to take their own lunch. In the way of entertainment there will be speaking, athletic contests, a baseball game and a platform dance in the evening.

It is fitting that Kimble and Kerr Counties, the pioneers of this section in the good road movement, should hold this joint celebration over the completion of the Highway connecting Junction and Kerrville, and the event should have the support of every citizen of both places.

ENCAMPMENT PROGRAM OPENED TUESDAY WITH RECORD CROWD

More Than 700 People on Grounds Tuesday, With Accommodations Filled to Overflowing.

With the main program opening Tuesday evening, approximately 350 people arrived at the Westminster Encampment grounds the first two days of this week. Up until late Tuesday evening over 1,000 persons had registered at the camp office for the season.

Of this number, about 700 were on the grounds, the remainder having registered earlier in the season for short stays. These figures are said to be more than 200 ahead of the registrations at the camp at the corresponding period last year.

Accommodations were practically all filled at a late hour Tuesday, according to camp authorities, and requests for reservations were still being received. The housing facilities were considerably increased in anticipation of a record crowd this season, but the number has exceeded by far what was expected.

The main building and dormitory at the Schreiner Institute have been put into use to accommodate the visitors, but they were filled to capacity by reservations earlier in the season. The main building was rearranged different to what had first been planned in order to make more room for the record number of visitors.

Tuesday evening witnessed the formal opening of the main section of the program with the Young People's Conference. Large numbers of delegates from all over the Texas Synod were present for the inauguration of the 1923 program.

Rev. Wesley Baker is in charge of the Conference on Young People's Work and is assisted by a corps of capable leaders in the following: Dr. Melton Clark, Dr. Brooks I. Dickey, Miss Mary Louise Woodson, Jack Huppertz and Rev. Samuel Glasgow. Rev. W. H. Matthews is leading the singing.

A large number of Kerrville people are attending the services being held at the open-air auditorium and report good programs.

The following registered at the Encampment the past week: Mr. and Mrs. Ben M. Hammond, Mrs. M. A. Rigsby, Mrs. C. H. Wilson, Mrs. J. L. Walker, Raymond Flume, Lawrence Ullrich, Mr. and Mrs. J. L. Hamlett and daughter, Mr. and Mrs. J. A. Bumbardner and

American Legion Meets at Lake Side Park This Evening

Mr. Ex-Service Man: Back in the days of the World War—

Did you believe in your country?

Did you make sacrifices for it?

Did you learn to love your fellow service men, those noble fellows who endured the hardships and privations of army life, and many of whom gave their lives for the relief of suffering humanity, occasioned by the cruelty of a ruthless enemy?

And now—

Do you still believe in this glorious country of ours?

Are you willing to make slight sacrifices for it?

Do you still love and admire your former brothers-in-arms, who stood shoulder to shoulder with you in the trenches doing a man's part in the greatest struggle for humanity's sake that the world has ever known?

Then they were brothers, and if one of them had fallen wounded in No Man's Land you would not have allowed him to lie out and suffer, but would have gone immediately to his relief.

The opportunity to help a needy brother is still yours.

The United States Government has a large hospital near Kerrville dedicated to the care of the boys who did their part in the World War—endured hardships and privations and gained their objectives by surmounting all obstacles—who as a result of the hardships and privations they endured then, are now staging a battle against a far more relentless foe than was ever encountered on any battlefield—tuberculosis!

In this hospital they are given the best medical attention obtainable, and everything human skill can do is being done to assist them in this, the big fight of their lives. But a hospital is at best only a hospital—resembling to a large extent the barracks of the army camps during the war, with little or no opportunity for outside diversion, and besides many of the boys are too ill to seek amusement elsewhere and are dependent upon others more fortunate than themselves for what little pleasure they get out of life and the slight contact with God's great outdoors they are privileged to enjoy.

There is a duty devolving upon the ex-service man in this connection just as plain, as sacred and as morally binding upon him, as when he stood up with these same unfortunate fellows and pledged allegiance to the flag and a unity of effort toward vanquishing any enemy of our country.

The American Legion is the proper agency through which to assist these comrades of ours—and the duty before us as ex-service men is plain indeed. While we are going about in our various peace-time pursuits, enjoying good health and pleasures, these brothers of ours—made so by the baptism of fire through which we passed together—are engaged in a fight for their lives against an enemy far more ruthless and insidious than the Hun.

Let's lighten the load they are carrying and bring to them all the cheer and happiness possible—and do it through the only appropriate and available source of united action we, as former comrades of theirs, possess—The American Legion.

At a get-together meeting of members of the Legion Wednesday night of last week, meeting in conjunction with the Auxiliary to the American Legion, at the home of the present Post Commander, Cecil Robinson, a meeting of the American Legion and all ex-service men was called for to-night—Thursday, July 19th—at 8 o'clock, at Lake Side Park for the purpose of re-organizing the Legion and electing officers for the coming year.

The Auxiliary to the American Legion—that noble band of women who have in the past been bearing on their frail shoulders the burden that of right belongs on ours—will serve refreshments to all who attend the meeting tonight.

If there is any place in the State of Texas that needs the Legion—Kerrville is that place. Come out tonight and lend your assistance in this great work, and let's don't have the outside world saying that the former service men of Kerrville are a bunch of Goldbricks.

ATHLETICS TOOK FAST GAME FROM STRONG W. O. W. TEAM SUNDAY

Barry Scored Winning Tally With Circuit Clout in Eighth—Score, Three to Two.

WOW! And again some more WOW! The Athletics took the measure of the strong Woodmen of the World team here last Sunday afternoon in one of the fastest games of the season. A good crowd came out to back up the home boys and everybody had a good afternoon's entertainment.

Robertson, the big left hander from Legion who recently joined the Athletics' hurling staff, started off the game for the home gang and pitched three innings, coming out in the third when he injured his knee sliding into first. Brown took up the mound work

and held the visitors to one hit and no runs in the last six frames.

During the short time he was in the game, Robertson demonstrated that he is a ball player. His shoots had the visiting batters guessing, and but for the two errors, they might not have scored. The big southpaw seemed to have perfect control and he used it to advantage in mixing them up on the stickwielders from the Alamo City. Robertson will undoubtedly prove to be a valuable addition to the home team.

Bob Barry just simply can't stay out of the limelight, it seems. Put him in the outfield and if he can't find anything else to do he pulls a grandstand catch or something. If they don't send any ball out his way he usually takes it out on the visitors by hitting the pill. That's what he did Sunday afternoon. In the eighth frame, with the score tied at two-all and prospects good for an extra inning game, he led off by swatting Pally's first offering over the deep left field palings for the run that won the game.

Catcher Cox was back in the lineup Sunday after a short layoff with a spiked hand. Forgiven, who has been replacing him behind the bat, roved around in the center garden and roped

KERR COUNTY FARMERS MANIFEST GROWING INTEREST IN DAIRYING

Annual Farmers' Short Course To Be Held at Texas A. & M. College July 23rd to 28th.

Interest in dairying is increasing in Kerr County and the farmers are striving for better cows and a higher quality of milk. Richard and K. A. Holekamp of Cypress Creek community had their dairy herds tested for tuberculosis last week and all their cows were found free from this dreaded disease and in good health. Their barns are also in a sanitary condition and their dairy products are of high quality. It is their intention to produce milk from a tested and inspected herd. Milk from a herd of this character will pass the sanitary inspection laws of any city in Texas.

The Fourteenth Annual Farmers' Short Course will be held at the Agricultural and Mechanical College of Texas, July 23-28 inclusive.

The short course is planned to meet the needs of men, women, boys and girls who desire to farm on a better basis, to make farming more profitable, and to make farm life more comfortable and attractive. Work will be offered in the following departments: Agricultural Engineering, Agronomy, Animal Husbandry, Dairy Husbandry, Farm Management, Horticulture, Plant Diseases, Poultry, Rural Sociology, and Agricultural Economics.

Arrangements have been made for a number of home economics experts to give work in home economics, especially adapted to the needs of girls and women from rural communities. The work will consist of lectures and demonstrations in cooking, canning, basket making, household arts, and clothing.

A special course will be offered for boys. The work will be given in judging livestock, farm machinery, gas engines, tractors, budding and grafting of plants, and the like. A special feature of this course will be the Livestock Judging Contest for the Progressive Farmer Loving Cup.

Much time and attention will be devoted to the social side of the Short

WORK OF OILING KERRVILLE'S STREETS PROGRESSING RAPIDLY

Property Owners in Each Block Pay for the Oil Used and City Puts It On.

Some weeks back Lee Mason & Son tried the experiment of pouring the refuse oil drained from cars on the street in front of their place of business to keep down the dust, and it proved so successful that Street Commissioner Hal Peterson took the matter up and has made arrangements to oil as many of the streets of Kerrville as possible.

A good grade of heavy oil with an asphalt base was secured from the S. A. & A. P. Railway through the kindness and co-operation of J. S. Peters, vice president and general manager of that system, and will be available until August 1st, at which time a lighter oil, not suitable for street work, will be in use by the railroad. Practically all the principal streets of the city have recently been graded and put in good condition for oiling, which is going on rapidly. Through the hearty co-operation of Mr. Peters the oil is secured as needed at \$1.00 per barrel, and as fast as the property owners in a block sign up to pay for the oil used the city puts it on, making no charge for the work.

Mrs. Alice Schofner was the first to sign up a block and Main Street from the corner of Earl Garrett Street to the Catholic Church was treated. Water Street, from Chaney's corner to the H. Noll Stock Co., was next in line

KERRVILLE, TEXAS

Local Tourist Park Attracting Steady Stream of Visitors

When the days get hot in the other sections of Texas and in many parts of the Nation, people hear of Kerrville and of the cooling breezes, fish that bite, and the beautiful scenery of the Hill Country. Then they rig up their camping outfits, climb in their cars and head this way.

Some idea of the number of people who are touring the Hill Country these days can be obtained from the number of registrations at the Tourist Park. However, there are a number who pass through and do not stop at the park long enough to register, but those who do make a good sized crowd. There are also large numbers who only stop in Kerrville long enough to lay in supplies and then drive on up the river to some favorite camping spot. Many others stop at the hotels or rent furnished apartments and make daily trips to the many points of interest.

During the first ten days of July 333 people registered at the local Tourist Camp. These people came in 87 cars. Of this number 5 cars and 22 people were from points outside of the State.

The campers who stop at the Tourist Park are unanimous in their praise of the accommodations there and the beauty of its location. And the best part of it is that they tell their friends about it and the fame of Kerrville's Tourist Camp is spread far and wide, bringing in more tourists all the time.

Indications point to the fact that next year the tourist traffic will be heavier than ever and the local camp site will have to be enlarged this winter to care for the increased number. The park has been crowded nearly all the time this summer and if next year's traffic increases in anything like the proportion that it did this year, the accommodations will be far too inadequate.

Following is given a list of the registrations from July 1st to the 11th: Mr. and Mrs. J. A. Ogle, Mr. and Mrs. J. M. Woods, H. Schumpff (5 in party), Mr. and Mrs. W. H. Congdon, L. C. FEDERAL OFFICERS ARREST FOUR BOOTLEGGERS HERE LAST WEEK

One Negro and Three Mexicans, Together With Half Pint of Whiskey Result of Raid.

A party of Federal enforcement officers conducted a series of raids in Kerrville last Friday, and as a result of their labors took back to Antonio Granville Jackson (negro), Florencio Sanchez, Charley Mexia and Jesus Espinosa, Mexicans, together with a still, a quantity of mash and a half pint of liquor.

The four men arrested are alleged to be bootleggers.

Local officers assisted the Federal men in their raids. One of the men the Federals was after could not be located by them but was apprehended and turned over by the Sheriff's office.

Three of the four arrested are already under indictment before the District Court here, and their trials are scheduled to come up at the August term of court. One is charged on three counts, one on two and another has one charge against him.

STRONG TEAM FROM JUNCTION TO PLAY HERE NEXT SUNDAY

The Athletics will take on the baseball club from Junction at the Fair Grounds here next Sunday afternoon. Last Sunday was the last game to be played at the ball park until after the Presbyterian Encampment ends, and home games from now on will be played on the Fair Grounds diamond. The time for Sunday's game has been set at 3:30 o'clock.

Reports reaching here are to the effect that Junction will bring a fast aggregation of ball players with a crack pitcher who has hurled three no-hit games this season. The Junctionites hope to put a crimp in the fast pace the Athletics have been setting this season, and the home gang is figuring on playing some real baseball.

It is reported that a good crowd of Junction fans will be down for the game and it is to be hoped that Kerrville enthusiasts will be present in large numbers.

Remember—the game is to be played at the Fair Grounds and the time is 3:30. Make your plans to be there and pull for the home team.

THE WEEK IN SOCIETY

Ladies, Attention—Special sale of stamped goods. Art Department in front of Mountain Sun office. Must close July 25th. (Advertisement 21).

Bridges-Dance

One of the charming social events of the past week was the delightful Bridges-Dance given last Thursday evening by Miss Yolande Robinson, accompanied by Miss Ethelra Frasley of Houston.

Six tables of players enjoyed the games of the early part of the evening, which were played on the spacious screened porch. Following this the guests enjoyed dancing.

A delectable ice course was served to those who were present.

Midnight Owls

Mr. and Mrs. L. H. Williams entertained the Midnight Owls at their home Friday evening of last week.

Forty-two was enjoyed by the guests during the early part of the evening, after which refreshments were served. An enjoyable time is reported by those in attendance.

The following guests and club members were present: Mr. and Mrs. W. E. Powell, Mr. and Mrs. R. T. Self, Mr. and Mrs. Henry Noll, Mr. and Mrs. E. N. Bockmann and Mrs. J. W. Williams.

Swimming and Picnic Party

Thursday evening of last week Mr. and Mrs. Henry Henke entertained with a swimming party and picnic lunch for the teachers and students of the Texas Presbyterian College at Milford, who are spending the summer at the Encampment.

Those enjoying the occasion were Dr. and Mrs. F. W. Thompson, Miss Sallie Cooper and Miss Helen Thompson of Milford, Miss Manira Hoon of San Antonio, Miss Kelly Watson and Miss Virginia Harwood of Austin.

Miss Roberts Entertains

The home of Mr. and Mrs. J. M. Roberts was the scene of a lovely Bridge Party Tuesday afternoon, when their daughter, Miss Maybelle, honored her house guests, Miss Kathryn Weatherford of Plano and Miss Patty Glass of Yoakum.

The house was artistically decorated with Shasta daisies and ferns. Six tables of players, besides a number of others, enjoyed the hospitality of the afternoon. The prize for high score, a bottle of Coty's Perfume, was won by Miss Yolande Robinson. The consolation, a dainty card table cover, went to Miss Alice Domingues. The lobby, a set of card table numbers, fell to Miss Mary Vineyard of Dallas. The honor guests were presented with dainty hand-made linen handkerchiefs. The hostess served a delicious salad course to her guests.

The following guests were invited to play: Misses Glass and Weatherford, the honorees; Mesdames Marguerite Hart, Milton Pampell, Bernard Kuhlmann, Payne Williamson, Milton Gold, Raymond Allen of Junction, C. E. Marsden of San Antonio, G. H. Hollman of Dallas, L. Jordan of Cuero and W. C. Fawcett; Misses Octavia and Ethel Booth of Dallas, Jean

Teal of Devine, Alice Domingues, Yolande Robinson, Ellen Mason, Margaret Thorburn, Kate Renschel, Myrtle and Mae Brashear, Dorothy Doyle, Marguerite Henke, Ruth Garrett, Bess Booth, Virginia Coombs, Ethelra Frasley of Houston and Mary Vineyard of Dallas.

The following ladies were invited for tea: Mesdames W. G. Carpenter, G. A. Schreiner, J. S. Wheelan, E. E. Palmer, Vineyard of Dallas, P. J. Domingues, E. D. Emerson, Calvin Allen, Amy Wallace, H. Henke and J. E. Young; Misses Mae Carpenter, Harriet Garrett and Maude Short.

Bridge Party

Mrs. W. C. Fawcett entertained at Bridge Thursday afternoon of last week, honoring Miss Maybelle Roberts and her house guest, Miss Patty Glass of Yoakum. Two tables of players enjoyed the occasion. The prize for high score, a hand-painted fan, was won by Miss Marguerite Henke, and the booty, a can of "Three Flowers" talcum powder, went to Miss Maybelle Roberts.

The hostess served a dainty salad course to the following guests: Misses Patty Glass of Yoakum and Maybelle Roberts; Misses Manira Hoon of San Antonio, Virginia Harwood of Austin, Dorothy Doyle, Marguerite Henke, Mae Carpenter, and Myrtle Brashear.

Double Wedding at Alice

Next Thursday, July 26th, at Alice, will occur the marriage of Miss Laura Frances Bates of San Antonio and Eloise Renschel of this city.

The wedding will be a double ceremony, the other contracting party being Miss Mary Pressel and Thomas Wise, both of Alice. The brides are cousins, and nieces of Miss Laura Frances Bates of San Antonio.

Jules Renschel will be best man for his brother and little Miss Eleanor Allen will be ring bearer.

Mrs. H. Renschel, accompanied by her daughter, Miss Kate, her son, Jules, and granddaughter, Eleanor Allen, will go to Alice to attend the wedding.

Auxiliary Entertained at Encampment

Friday afternoon the hostess of the Woman's Building at the Encampment invited the women of the Auxiliary of the First Presbyterian Church to an informal reception in honor of the women of the camp.

A delightful program was given in the auditorium, this program consisting of vocal solos by Mrs. G. M. Doyle, Miss Harriet Garrett, Mr. McCurdy, Mr. Walker and Miss Green; a violin solo by Richard Hall; piano solo by Marguerite Henke and readings by Miss Helen Thompson and Miss Virginia Harwood. Mrs. J. B. Young, Mrs. Walker, Mrs. McCurdy and Mrs.

Guests were the accompanists for the afternoon.

At the conclusion of the program the ladies were invited to the Woman's Building, where they were received by Mrs. J. J. Edinney, Mrs. W. F. Eickler, Mrs. Wynn, Mrs. Early, Mrs. Walker, Mrs. McCurdy and others. The guests' book was presided over by Mrs. Gatewood.

Delicious punch was served throughout the afternoon by Misses Margaret Delaney, Harriet Emerson and Martha Boudurant.

Of interest to friends here, and especially to the 1921 class of Tivy High School, is the information that last Friday's Light carried photos of four sets of twins who were school teachers at San Angelo and in the group were included Zella and Zelma White. The story in connection with the pictures stated that Zella was married recently, but the San has been unable to learn any of the particulars of the wedding or to whom she was married. The Whites were members of the Class of 1921, and so far as was learned, Zella is the first of that class to embark upon the sea of matrimony, although the class president is to be wedded next week.

Methodist Missionary Society

The Woman's Missionary Society of the Methodist Church was entertained in social session last Tuesday by Mrs. W. G. Ward. The program consisted of a dramatization of missionary work in China; a very interesting reading by Miss Madeline Peterson; a lovely duet by Mrs. McFarlane and Miss Clara McDonald. Mrs. Ward, the hostess, then presented a most clever guessing contest in which Mrs. Worrell secured the highest number. A silver collection was then taken for social service.

Mrs. Ward served most dainty refreshments to some 25 guests, who greatly enjoyed her hospitality.

Mrs. Williamson Entertains

Mrs. Payne L. Williamson was hostess at a charmingly appointed Bridge Party last Thursday afternoon, complimenting her sister, Miss Jean Teel, of Devine.

The rooms were beautiful in their profusion of zinnias and Shasta daisies, placed in vases and festooned throughout the home.

Prize for high score, a dainty handkerchief, went to Miss Yolande Robinson, and the consolation, a box of candy, was cut by Miss Kate Renschel. The guest prize was a beautiful Madeira handkerchief. A delicious salad course was served.

The guest list included the following: Miss Jean Teel of Devine, the honoree; Misses Kate Renschel, Alice Domingues, Virginia Coombs, Ethelra Frasley, Margaret Thorburn, Bess Booth and Yolande Robinson; Mesdames Marguerite Hart, E. T. Marsden and T. Halbedl of San Antonio.

Hill Crest--The Ideal Home Site

With its beautiful Live Oak trees, its high elevation overlooking the City of Kerrville, the Guadalupe Valley and the surrounding country, with its nicely graded and graveled streets, its clean, healthy, sanitary location up high where one gets the benefit of the cool breezes, we can think of no more ideal site for a home than Beautiful Hill Crest.

This addition is 65 feet higher than the business section of Kerrville, yet the ascent to it is gradual and all streets leading to the addition as well as all the streets laid out therein are graded, graveled and in first class condition. However, you don't need a car to live in Hill Crest, as it's only a short distance from the business section of the city, just far enough away to give you healthful exercise walking to and from work.

These beautiful lots are selling fast, but a few desirable building sites are left. Look over the accompanying map, go up and look over these beautiful home sites—picture in your mind's eye the home you have been planning these many years—then see

WATER SITUATION SERIOUS

The water supply of Kerrville is inadequate for the increasing needs of the city.
The fault lies not with the present city officials, the citizenship or anyone else, but is merely because the city has outgrown her present system.
The source of Kerrville's water supply is artesian wells, from whence the water is pumped to the reservoir adjoining the city, which is high enough to give ample pressure.
But water will not run up hill to the reservoir—and the pumping system now in use is not sufficient to supply the demand for water.
To illustrate: Last Friday afternoon the large pump at the city plant broke down and it was necessary to wire to San Antonio for repairs. In the meantime the small pump, kept as an emergency unit, was put in operation and carried the amount of water needed until about 10 o'clock Saturday morning when it, too, broke down. Consequently the city was dependent on what little water was in the reservoir at 10 o'clock Saturday morning until late that evening, when repairs were received for the large unit and it was put in operation.
The capacity of the city reservoir is 367,000 gallons, and it was filled within seven inches of the top when the main pumping unit was put out of commission. Although the small pump was put in operation immediately at the time that this unit broke down there was less than 100,000 gallons of water in reserve—enough to run the city for necessary purposes about eight hours. From the time the big unit broke down Friday until 10 o'clock the next morning, the water consumed by the citizens of Kerrville—in addition to what was supplied by the small pump—was over 200,000 gallons.

Now, what would have been the result had a fire started any time after the breaking of the large pump until it was repaired and in operation again? The water in the city reservoir would not have gone very far in extinguishing any kind of a blaze, so for the time being last Saturday the city was helpless and in a dangerous condition.
Something must be done. Kerrville has the best source of water supply in the State and the present equipment, when in operating condition, can supply enough water to keep the city going, but if any break in machinery occurs—as in the present instance—a serious situation confronts the citizens.
The City Commission has had this matter under consideration for some time and negotiations are now under way to relieve the situation. The Sun hopes that their negotiations towards financing the enlarging of the pumping plant will be speedily consummated—to the end that a water system sufficient to the city's needs be provided as soon as possible.

The Sun wants to commend Street Commissioner Hal Peterson for the good work he is doing in getting the streets of Kerrville oiled and doing away with the dust. Mr. Peterson is not getting paid for the extra work which he is putting in on this project, and it is human nature to find fault rather than to bestow praise. However, in this case The Sun feels that the citizenship of Kerrville generally will appreciate the public-spirited efforts of the Street Commissioner and will tell him so. Thanks are also due J. S. Peters, vice president and general manager of the S. A. & A. P. Railway, for his hearty co-operation in furnishing the oil at cost laid down in Kerrville.

As stated on the front page of this issue, 333 people registered the first ten days of July at the Tourist Park. While all were loud in their praise of the accommodations found at the camp and the beauty of its location, and will tell all their friends about Kerrville's Tourist Camp, there is one thing that is lacking—the personal element feature. The business men and citizens generally of Kerrville should make a point of visiting the Tourist Camp and getting acquainted with the many good people to be found there at all times. Even if you only introduce yourself and pass the time of the day with the visitors, it will be appreciated and add much to the enjoyment of their stay in the Hill Country. The Tourist Camp is doing a great amount of good in advertising Kerrville and a little personal effort on the part of the home people will add greatly to its effectiveness.
Clarendon News: There are twenty-five mountains in Colorado higher than Pike's Peak—D'ye ever hear of 'em? You most likely do not—they have never been advertised, few people know they exist, while tens of thousands spend millions of dollars every year in vacation trips to Pike's Peak. This is another instance of the power of advertising. Many is the time merchants who prided them-

SOUTHERNER'S CHANCE

Minneapolis Journal: It is nearly 80 years since there has been a resident Southerner in the White House. James K. Polk of Tennessee was elected in 1844 and served four years. His successor, Zachary Taylor, was a Virginian by birth, but came into office by the way of the army, which he had brilliantly led in the Mexican War. Since Taylor we have had but one Southern-born President, Woodrow Wilson, who was also a Virginian, but came to the White House from the Governorship of New Jersey.
The Civil War put an end for many years to the presidential aspirations of the South. But Dixie is beginning to wonder if there would be a chance next year. Senator McKellar of Tennessee says that Governor Al Smith of New York is impossible, because the Democratic nominee must be dry. The South is as dry as can be, as dry as Kansas. But does not the same objection apply to Senator Underwood of Alabama, who is the South's most promising and available candidate? He is usually accounted sympathetic with the wets, or at least with the moist. Be that as it may, the South, which is the controlling factor in the Democratic party, will be strongly disposed to name a son of her own next year. An alliance with the dry West against the wet East would be both natural and powerful. It was the South and West together that re-elected Wilson in 1916 and a dry Southerner of agrarian sympathies might appeal to the West in 1924.
The Southern Democracy has no time for Tammany or for the boss-rulled Democracies of other Northern cities. Wilson, true to his early associations, helped confirm the South in its control of the party. His true political heir, McAdoo, is also Southern-born, though he now hails from California and was a long New Yorker. But the South would like a real Southerner, born, raised and still living in Dixie. The time may prove propitious for breaking a political tradition that has obtained since the troublous times just before the Civil War.

JINX DAY

Members of St. Mary's Auxiliary defied the hoodoo on Friday the thirteenth by holding their semi-monthly social regardless of rain and all the ill omens and auspices of witchcraft.

Some friends from San Antonio and also newcomers at the Government Hospital helped to swell the mirthful gathering.

Another social evening will be given this Friday (the 20th) in Washington Hall at 8:30 p. m., for which the admission is 50 cents for each gentleman, but only invited or recommended guests will be furnished a duplicate numbered coupon.

Among the recent arrivals at Legion are several married employees in the Civil Service who have expressed their delight in finding here such a splendid parochial school for their children.

Wm. J. Hickey, traveling auditor of the Knights of Columbus, was at the Veterans' Sanatorium to help the resident K. C. secretary, Joseph L. Martin, in organizing his hospitalization work.

Zamora-Garcia Wedding The pastor's name's day was selected by the Mexican congregation for holding one of the most elaborate marriages in the parish annals.

The Mexican classmates of the bride formed a special choir and chanted all the responses at High Mass, with Miss Wilhelmina Mosel graciously presiding at the organ.

At Comfort on the previous Sunday, Charles Sultenfuss presented his daughter, Alma, at the baptismal font. The waters of regeneration were also poured on Juanita Ramos.

Notre Dame Personals Sisters Josephine and Assumpta came to our convent Monday of last week. All the plans motored to Boerne last Thursday for a little outing and to escort Sr. Constance back to Notre Dame.

Sister Amabilis celebrated her patronal feast Monday. Our caretaker, Wm. S. Farrish, motored to San Antonio last Sunday with

ANOTHER KERR COUNTY PIONEER PASSED INTO THE GREAT BEYOND

Wm. Rowland Nichols Died Saturday Afternoon After Short Illness; Buried Sunday.

After an illness of only a few days' duration, William Rowland Nichols, aged 64, died in a local hospital last Saturday afternoon.

Deceased was born in Kerr County June 16, 1859, and was one of the pioneers of this section, his parents having moved here in 1857. He spent several years in Arizona and while there professed faith in Christ.

He had been afflicted with Bright's disease for several years and was a patient sufferer, although his last illness was of only a few days.

Mr. Nichols was well known and respected throughout this section and numbered his friends in hosts.

He leaves behind to mourn his departure one sister, Miss Eva Nichols, and a brother, Lafayette Nichols, of Kerr County, and a sister, Mrs. Ann Zumwalt, of Globe, Ariz.

The funeral was held at 3 o'clock Sunday afternoon, with Dr. W. P. Dickey conducting the services. Burial was made in the Nichols Cemetery near Ingram.

BANDERA PIONEER DIED SUNDAY OF LAST WEEK

Bandera New Era, July 15th: After an illness of only a few days' duration, Mrs. Mary E. Hudspeth died at the home of Miss Mary Wachtler last Sunday afternoon and was buried in the Bandera Cemetery Monday evening.

"Aunt Mary," as she was affectionately called, was born in Pickens County, Alabama, September 20, 1834, being therefore at the time of her death almost 89 years old. She was married to William Hudspeth in Arkansas in 1854 and came to Texas in 1864, and after the Civil War came to Bandera, where her husband engaged in the practice of law.

Despite her extreme age "Aunt Mary" was able to get about to visit her friends in town occasionally. She was loved by everyone, and was of that sweet motherly disposition that won friends for her throughout her long life. It is with sadness that we chronicle her death, for we know she will be missed from our community, but her influence still lives and will be felt for many years to come.

CAPTAIN FULLER TO SPEND VACATION IN CENTER POINT

Center Point News, July 12th: Capt. Hurley E. Fuller, who has been stationed at Manila, P. I., and who recently had the honor of commanding the United States Army Transport Merritt from that place to San Francisco with its 600 refugees, has been granted a two months' furlough and is expected to arrive in Center Point any day now for a visit with his

mother, Mrs. D. Fuller, his wife, little son and sisters. His brother, Grady C. Fuller, of Houston, is expected home also in time to complete the family circle. Mrs. Fuller and son were in Manila about a year, returning to Center Point about three months ago on account of the health of little Hurley Jr.

15TH CHILD BORN ON FRIDAY 15TH AT AUBRY

Denton, Tex., July 17.—The 15th child of Mr. and Mrs. E. M. Robertson, 8 miles east of Aubrey, was born Friday, the 15th, according to the birth certificate filed for record here Tuesday. The child is a boy.

Junction Jots

Eagle, July 13th: Miss Evalo Nance left Monday for Kerrville to visit her cousin, Miss Bess Nance.

Mrs. Nat Sandherr and children have returned from a visit to relatives in Kerrville. They were accompanied home by Mr. and Mrs. Bill Garrett and children of Kerrville.

E. L. Tomberlin was displaying a large rattlesnake in town Tuesday that he killed near the cemetery. The snake was five feet long and measured over eight inches around its body.

Mr. and Mrs. W. A. Baity and Miss Margaret Baity of San Antonio spent the week end in Junction on the Llano. Mr. Baity is the builder of the "Baity Built Homes" in San Antonio. Both he and Mrs. Baity were enthusiastic in their praise of Junction and the scenery here.

Every day sees an increasing number of tourists in Junction and this condition brings to mind the necessity of plans for next summer that will accommodate twice as many as will visit here this summer.

Two years ago the tourists' business was a negative quantity; last year it reached important proportions, and this year the tourists are spending more cash in Kimble County than is being received from all other sources during the same time. We must get ready for the thousands that will be here next year.

Big Catfish Caught

Hearne, Tex., July 17.—Ex-Postmaster F. W. Easterwood sold to a local cafe recently a 40-pound catfish caught in the Big Brazos with an ordinary fish hook.

Rev. J. T. Andrews brought in a 20-pounder from the same waters and other fishermen report splendid luck.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed, Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement, 28-40c).

Child Drowns in Gold Fish Bowl

Lodi, Cal., July 17.—Remas Hoffer, one-year-old son of Jacob Hoffer, wealthy vineyardist of this city, drowned in a gold fish bowl in his home here Monday.

The child's mother found him head first in the bowl, which contained about four inches of water.

Frequent Headaches. "I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's BLACK-DRAUGHT and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition. Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught. Sold everywhere.

MEXICAN BAPTIST CHURCH BIBLE STUDENTS (By Member) By Reporter

The pastor's wife gave him a birthday breakfast of "Menudo" Saturday morning. Only relatives attended. Sunday School as usual, and afterwards the baptizing took place in the new baptistry.

Sunday night there was a good congregation who heard the able sermon from Second Corinthians: "For the Love of God Constraineeth Me."

Rev. Emit Rodriguez and wife, with the delegates, Jose Rubio and Argentina Herrera, will attend the annual Mexican Baptist Convention at San Marcos.

Mrs. Lee Rodriguez has as her guests this week her father and sister of San Antonio.

The church sustained a great grief in the passing away of Mrs. Pablo Ayala in California. Her daughters had taken her there to take care of her. "Blessed Are They Who Die in the Lord."

The Sunbeam Band did not attend. Mothers, "Train up a child in the way of the Lord and when they are old they will not depart from it."

Ten-Day Meeting at Union Church

Next Sunday, the 22nd, Rev. R. L. Courtney, a minister of the Christian Church of Harwood, will begin a 10-day meeting at the Union Church.

It is said by those who have heard him that Rev. Courtney is an able and forceful speaker, and a man of education and culture.

A cordial invitation to attend these services is extended to every person in Kerrville and the interest, co-operation and prayers of every Christian in the city are earnestly desired, to the end that we may be blessed truly with "a season of refreshing from the presence of the Lord."

SECRETARY. Card of Thanks

We desire to express our sincere and heartfelt thanks to relatives, friends and neighbors for the kindness and sympathy shown us during the illness and at the death of our brother, William Rowland Nichols, and to all who contributed the many beautiful floral offerings. Produce Both With Purina Chows

Why do Purina-fed hens lay more eggs right through the moult? It's because they get more protein and it takes lots of it for feathers and eggs. Feathers run as high as 90% protein. Whites of eggs are nearly all protein. Feed a balanced ration—

Enough Protein for Feathers and Eggs

Purina Chows keep the hens from robbing their flesh to get the materials they need. Get a shorter moult and more winter eggs. Ask about the Purina Guarantee—

Athletics After Aztecs

Negotiations are under way for a series of baseball games between the Athletics and the Aztecs, one of the fastest semi-pro teams in San Antonio, according to Secretary Cleveland Wheelus of the local club. No definite arrangements have as yet been made, but the locals are trying to book the games for August 5th in the Alamo City.

Sunday, July 29th, the Athletics will journey to Fredericksburg to cross bats with the Giants in a rubber game. These teams have played two games and split even on them. Two more games will be played with Fredericksburg after the 29th, one at the Fair Grounds diamond probably August 12th, and the other at the Kerr-Kimble County Picnic, August 28th.

NEFF WELCOMED HOME BY MUSIC OF GUARD BAND

Austin, Tex., July 18.—The 142nd Infantry Band, Texas National Guard, of Brownwood, welcomed Governor Neff back to his office Wednesday morning, when the Governor returned from an 18-day trip to Panama. The band, which has been designated as "The Governor's Own," was stationed at the front of the Capital, and when Neff appeared at his office, shortly before 8 o'clock, it serenaded him with several selections. Hundreds of Capitol department officials and employees were gathered about the steps of the Capitol to join in the welcome.

"I've been shaking hands with presidents," Neff said to the assembled crowd, "but this warms my heart as nothing else, to see my official family here again, and to hear the strains of familiar music played by a band which typifies the spirit of Texas."

Orient Permit Extended Six Months

Washington, D. C., July 18.—The Interstate Commerce Commission today extended for another six months the special permission granted the Kansas City, Mexico & Orient Railroad last January.

The order permitted the Orient to make differential rates lower than rates via other lines on all through traffic from Southern Texas ports to interior points.

Fisheries experts and scientists

have been unable to ascertain accurately how sponges feed. An ordinary sponge will grow from one to one and one-half inches or more a year. The portion of the sponge with which we are familiar is the skeleton or framework of the sea product as it exists in the briny deep. The slimy, gelatinous substance is decomposed by wind, weather and sunshine and subsequent soaking in sea water cures out any gelatinous material which still adheres to the sponges.

Sir Conan Doyle's famous detective stories of Sherlock Holmes have been barred from the libraries of Inverness, Scotland, by the authorities who have charge of the county education. They say the stories have a corrupting influence on youth.

The Globe and Commercial Advertiser, of New York, the oldest newspaper in America, passed out of existence recently when it was merged with the New York Sun. The Globe and Commercial Advertiser was founded in 1793.

The days of the Klondike were recalled at the Waldorf-Astoria recently when the hotel treasurer sold \$5,000 worth of gold dust and nuggets to the government. A Westerner arrived at the hotel with no baggage and with very little cash. He had several pokes of gold which he asked the hotel treasurer to guard. When he was ready to leave he requested that the gold be sold and the hotel bill deducted. The government was a ready purchaser.

The largest seed-oyster supply in the world, in the James River, Virginia, is threatened with destruction because of the effects of pollution of the water. Last December and on April 10, of 1923, wild ducks were picked up helpless on the New Jersey coast at Cape May. The oil-coated waters gummed the feathers of the birds and prevented them from flying. Inland waters are also polluted by factory waste, causing the death of thousands of fish.

ATHLETICS TOOK FAST GAME FROM W. O. W. TEAM SUNDAY

(Continued From First Page)
in four swats of the ambitious Choppers. Taking it all around, the team played the stendiest ball of the season and everyone seemed to know just what to do with the ball when he got it, and that's what he did with it. The Axemen put over all of their tallies in the second frame with two hits and a pair of bingles. Gramith led off with a single and O'Connell hit to Robertson, who threw the ball wide trying to nail the runner at second and Gramith went to third on the error. O'Connell started to piff the keystone and Cox threw high, the ball bounding to center. Gramith scored and O'Connell reached the hot corner. Goshkey fanned and Higgins singled, scoring O'Connell. Pally skied to center and McDonald ended the frame by whiffing. The Athletics came back in the last of the third and tied things up. Baker led off with a double and Robertson hit a roller to third, being thrown out on a close play at first. Baker went to third on an error by the catcher and Saenger scored him with a two base hit. Holchak singled and Saenger came in from the keystone sack on the blow. Henke struck out and Holchak stole second, taking the bag standing up. Barry hit a grounder to short for the third out.

After that the Athletics got a man on base every inning except the seventh, but couldn't get them all the way around the paths. Then Barry broke up the game with his circuit drive in the eighth.

FARMERS OF KERR COUNTY MANIFEST DAIRYING INTEREST

(Continued From First Page)
Course. It is the desire of the College authorities that the Short Course offer the people who attend an opportunity to secure valuable information and at the same time refreshing and wholesome entertainment. The evenings will be devoted almost entirely to entertainments, such as song services, musicales, moving pictures, and the like. In addition, a part of each day will be set aside for special forms of entertainments. The equipment of the School of Agriculture, including farm machinery, soils, laboratory, livestock, creamery and orchards will be available for the use of the Short Course students.

In addition, there will be assembled for the inspection and study, a complete collection of farm machinery and labor saving devices. Students will be given an opportunity to inspect and study the experiments being conducted on the main experiment station. All persons attending will be charged \$1.25 for three meal tickets, or 50 cents for one, and 50 cents a day for room and incidentals. Dormitories equipped with electric lights, shower baths, and the like, will be open to students. Two dormitories in charge of matrons will be set aside for women.

The railroads have agreed to give round trip tickets on the basis of one and one-fifth fare. Or parties can come by auto and camp out if they desire.

The County Agent is required to attend the Short Course and would like for all who can to attend from Kerr County. A number of programs have been mailed to different parties over the county and they give full information concerning the course. If there is any part of the program that you do not understand ask your community leader or call on the County Agent. The County Agent is especially anxious for all club boys and girls to attend and take part in the different contests.

Historic Faneuil Hall, the "Cradle of Liberty," in Boston, will not be defiled by the installation of a modern elevator. The hall is to be renovated in the near future and the city council has appropriated \$200,000 to that end. All floors, walls and ceilings are to be covered with fireproof metal, and wooden awning supports will be replaced with fireproof construction. But patriots threaten to seek a grand jury indictment against anyone who would attempt to install an elevator. The Ancient and Honorable Artillery Company will continue to walk upstairs to their meetings.

WORK OF OILING KERRVILLE'S STREETS GOING ON RAPIDLY

(Continued From First Page)

and was signed up by D. H. Compartette and W. A. Fawcett. Three blocks on Main Street, beginning at the Catholic Church and extending south, were lined up by Dr. G. M. Macdougall and the oil was applied Tuesday. Jim Floyd personally paid for oiling a block of the Highway in front of his property in the Lowry Addition. J. L. Pampell has arranged to have Main Street opposite his residence treated, and Ben Smith is doing likewise for Water Street, commencing at Pampell's corner. Several side streets have been lined up and the last of this week will see the good work under way all over the city.

Besides adding to the wearing qualities of the street the oiling practically does away with the dust, which alone is well worth the small cost to the property owners. All that is necessary to get a certain block or blocks oiled is for the property owners to get together and appoint some one of their number to take charge of the signing up and the collection of the money after the work is completed. The Sun is unable to state the exact cost as it is understood that the amount of oil required varies, but that is a matter that can be easily ascertained from the work already done. Hal Peterson and his oiling crew are taking up the work as fast as possible, and it is to be hoped that they will receive the hearty co-operation of the entire citizenship to the end that practically every street in the city will be oiled by the end of the month, as it will be impossible to secure the heavy oil from the railway company after August 1st.

Get busy, sign up your block and then tell Hal you are rarin' to go!

LET'S PASS AROUND PROSPERITY

My Name Is Old Man Dollar

The grocery man paid me to a farmer for two pounds of butter.
The farmer gave me to a restaurant man for two meals he bought for his wife and himself.
The restaurant man owed for a neck-tie in a clothing store, for which he made me pay.
The clothing merchant bought four quarts of oil for his automobile and gave me to the garage man.
The garage man paid me to the furniture store where his wife had bought a floor lamp on the installment plan.
The furniture man gave me to the barber for a haircut, shampoo and shave.
The barber was in the country and paid me to the farmer for eggs.

HERE IS THE QUESTION:

How many dollars worth of merchandise have I bought, and how many dollars worth of debts have I paid?

Moral: If you pay out more than you take in, you will be hard up. If you continue to do so, you will go bankrupt. So it is with a community, your town, your county, of which you are a part—all will prosper if you put punch and aim into your lazy dollar and spend your money in the community which provides you with your livelihood.
