Q. V. Bridge Club

Mrs. J. C. Robinson played hostess at her home to the members and guests of the Q. V. Bridge Club last Saturday. Mrs. Al Platte won a beautiful vase as first prize, and Mrs. Wm. Kuesel won a fancy guest towel as consolation award. Besides the fun of playing, all participants relished the fine luncheon that was served.

Surprise Farewell Party

The girls of last year's Atlas and Hercules Sixth Grade gave their teacher, Miss Blanche Moore, who left for Baylor University Tuesday, a Surprise Farewell Party last Friday.

All the girls went from school in a body, and as they entered the living room they gave the class yell, which brought Miss Blanche forth.

The afternoon was spent in playing games and dancing, after which refreshments of cream and cake were served to the following guests: Miss Moore, the honoree; Ruth Morris, Claribel Remschel, Elizabeth Eastland, Bess Nance, Madalyn, Annabel and Frances Peterson, Ellen Ora Rees, Bonnie Gray, Thelma Taylor, Dorothy Fawcett, Imogene Ewing, Doris Young, Elsa Bea Henke, Beulah Adkins, Edna Saenger, Mary Louise Gardner, Florence Speckels; Misses Alise Moore and Anna Belle Collins, and Mrs. Jack Moore.

Miss Roberts Entertains

Miss Maybelle Roberts entertained at Bridge last Friday evening, honoring Miss Ellen Mason and Glenn Brooks, whose wedding will occur early next month. The home was beautifully decorated with garden flowers and sprays of queens crown.

Seven tables of players enjoyed the evening. Prize for high score for young ladies, a dainty luncheon set, was won by Miss Margaret Thorburn; gentlemen's prize, a box of cigars, was won by Chas. Kuesel; the consolation, a box of stationery, was awarded to Miss Helena Brown, and the booby, a deck of cards, fell to Alois Remschel. The guest prize was a dainty etched glass bud vase.

The hostess was assisted by her mother, Mrs. J. M. Roberts, Mrs. G. M. Doyle and Mrs. J. S. Wheelless in

and Verna Mae Billings gave piano selections during the afternoon.

The following guests were present: Miss Ellen Mason and Glenn Brooks, the honorees; Mr. and Mrs. Alois Remschel, Mr. and Mrs. Guber Gibson of Corpus Christi, Mr. and Mrs. W. C. Fawcett, Misses Ruth and Harriet Garrett, Bess Booth, Helena Brown, Lydia Raaz, Mae Carpenter, Kate Remschel, Mae Louise Schreiner, Yolande Robinson, Mabel and Margaret Thorburn, Mae and Myrtle Brashear and Jean Teel of Devine; Messrs. Jules Remschel, Wm. Secor, Herman Saenger, Hal Peterson, Cecil Robinson, Rex Redwine, Scott Fawcett, Sydney Wheelless, Frank Christian, Arthur Spillman, Walter Saenger, Marion Cummings and Chas. Kuesel.

Mrs. Rawson Entertains at Bridge

Another of the charming hospitalities in the series being given in honor of Miss Ellen Mason and Glenn Brooks took place Tuesday evening with Mrs. Chas. Rawson as hostess at a delightfully appointed bridge party in her home. The rooms were beautifully decorated with pot plants and other flowers and made a pretty setting for the eight tables of players.

The ladies' first prize was won by Miss Yolande Robinson and Mrs. W. M. Wheelless carried off the second award. The men's prize went to Walter Saenger for high score and Guber Gibson took second.

A dainty salad course was served to the following: Miss Ellen Mason and Glenn Brooks, the honorees; Mr. and Mrs. Payne Williamson, Mr. and Mrs. Leonard Rawson, Mr. and Mrs. Chas. Johnston, Mr. and Mrs. Alois Remschel, Mrs. H. H. Perry, Mr. and Mrs. C. E. Brashear, Mr. and Mrs. W. G. Garrett Jr., Mr. and Mrs. W. M. Wheelless, Mr. and Mrs. Guber Gibson; Misses Jean Teel of Devine, Yolande Robinson, Mabel and Margaret Thorburn, Mae Louise Schreiner, Helena Brown; Messrs. Walter Saenger, Hal Peterson, Cecil Robinson, Chas. Kuesel, Herman Saenger and Jules Remschel.

Miscellaneous Shower

Mrs. Harvey Stevens and Mrs. Lewis A. Stevens entertained with a miscellaneous shower at the home of the latter last Saturday afternoon. The hospitality was in honor of Misses Maggie Mae Duderstadt and Annie Fay Stevens, September brides.

The Japanese motif was carried out. As the guests arrived they were directed to the guest-book, where each was asked to register a favorite recipe. Punch was served by Misses Nell and Verna Mae Billings, dressed as Japanese ladies. The living room, decorated in flowers, Japanese lanterns and parasols, represented a scene from Japan.

Cup towels were hemmed for the brides-to-be, and Misses Hazel Peril

sweet the car from the road, carrying it down stream and turning it over. The river soon rose over it, and all trace of it was lost until the water subsided towards evening, when the car could be seen, upside down, lodged behind some trees which had protected it from the force of the current. Several hours later it was recovered.

The miniature bride and groom tipped Japanese parasols, showering gifts for the honorees. Other gifts were carried in suit cases with bells and old shoes attached.

Brick cream, angel food cake and mints were served. Plate favors were tiny Japanese parasols in pastel shades.

Mrs. Marguerite Hall of Dallas assisted the hostesses during the afternoon.

How Flags Fly

San Antonio Light, Sept. 23rd: During the recent celebration of Mexican Independence Day at Pearsall, Texas, the president of the Mexican Honorary Commission at that place applied for permission of the city authorities to fly the Mexican flag with the American flag, but was told that he would have to place the American national colors above those of Mexico, according to Ismael Magana, Mexican consul in San Antonio. He called the local consulate and finally arrangements were made with the mayor and sheriff of Pearsall by which permission was granted him to fly the Mexican colors by the side of the American flag for one day.

Under the rules laid down by the American Legion and other patriotic organizations in this country, it is not proper to fly the American flag above that of another country during peace times. When it is carried in parade or flown with the colors of other nations, it should be placed on the right, or may be carried in front in parade. The rule as stated in a circular issued by the National American Commission of the American Legion the proper position of the flags of different nations is stated as follows:

"When flags of two or more nations are displayed, they should be flown from separate staffs of the same height and the flags should be of approximately equal size. (International usage forbids the display of the flag of one nation above that of another in time of peace.)"

Flood Catches Automobile

Comfort News, Sept. 20th: Monday morning at about 10 o'clock, while the Guadalupe was rising, Rich. Herbst and Albert Pankratz started from Comfort in the former's Oakland touring car for their home across the river. When the car reached the slab just this side of the Guadalupe bridge the water was deep enough to kill the engine, and both men got out to see what could be done to start it, with the intention of turning back to Comfort.

While they were thus engaged a sudden rise came down the river and

swept the car from the road, carrying it down stream and turning it over. The river soon rose over it, and all trace of it was lost until the water subsided towards evening, when the car could be seen, upside down, lodged behind some trees which had protected it from the force of the current. Several hours later it was recovered.

SENIOR CLASS AT TIVY HIGH SCHOOL ORGANIZES

Tuesday afternoon the Senior Class of Tivy High School held their first meeting and organized. The following officers were elected for the year: Herman Rees, president; Arthur Saenger, vice president; Lucile Taylor, secretary-treasurer; Alice Moore, reporter. All of the officers were elected by acclamation. A snappy and congenial spirit was shown. A hay ride was suggested and plans will be made at the next meeting.

Eighteen boys and girls compose the class. They are as follows: Otho Albe, Anna Belle Council, Ada Nance, Mable Hardin, Alice Moore, Margaret Morriss, Lucille McCoy, Lucille Taylor, Minnie Smith, Etta Ward, Annie Orr, Herman Rees, Arthur Saenger, Warren Klein, Altan Hardin, Obie Griffin, Fred Mogford and Chestney Mayhugh.

Marriage Licenses

Sept. 22: Willie Sullivan and Dovie Blanks (colored).

Sept. 24: Fred W. Bode and Miss Maggie Mae Duderstadt.

Only one per cent of 80,000 samples of liquor seized during the last of the year was genuine, according to a report of the prohibition commissioner at Washington. He said that adulteration of bootleg whiskey was leading to serious physical consequences. Drinking of moonshine may not cause death directly, but its toxins are cumulative and result in death if indulged in for a protracted period.

Rattlesnake Bite Fatal to Boy

Bandera New Era, Sept. 20th: Douglas Pingleton, 8-year-old son of Mrs. W. M. Pingleton of the Indian Creek community, was bitten on the leg by a rattlesnake last Sunday afternoon, while playing with other children in a pasture near his home. Dr. Butler was hastily summoned and treated the little fellow but to no avail, he died late Tuesday afternoon after suffering great agony. As he had been running and playing just before he ran over the snake and was bitten it is thought he had become heated, which caused the poison to rapidly circulate through his system.

Douglas was a bright lad, and a favorite with all who knew him. His widowed mother has the heartfelt sympathy of the entire community in the loss of her little boy.

Funeral services were conducted yesterday afternoon by Rev. R. F. Curl of San Antonio, and interment was made in Bandera Cemetery.

THE HIGH COST OF JUSTICE

Farm and Ranch: Members of the bar associations throughout the country are showing interest in the demands of laymen for a more simplified and less expensive set of rules governing the operation of our courts. Many lawyers have long realized the necessity for reform, and at a bar association meeting held recently in Beaumont, some very timely and apparently sensible suggestions were offered. Just what will come of these suggestions no one can foretell, but there is encouragement in the fact that it is generally recognized that a reform is greatly needed.

The courts of our land were originally based on the courts of England, the mother country, but we have not made the progress that has been made in that country. Instead of constantly striving to make justice more sure and certain and to shorten the time taken to dispose of a case, it seems that we have gone just in the opposite direction. Cases that would be disposed of within a very few weeks in England are dragged through a series of new trials, appeals, etc., until years elapse before they are marked off the docket. Only those having influence, or better yet, both influence and money, can afford to seek justice in our courts. Not that our courts can be influenced or that they can be bought, but because they are hopelessly entangled in such a mass of precedent, red tape and rules of procedure that they are forced to witness attorneys apply the wearing out process in order to win their case. No one should seek justice in a Texas court who is unprepared financially to fight through all of the courts of the State and to suffer loss of time because of the various postponements and delays demanded by the attorneys and granted by the courts who fear another reversal at the hands of the higher court if they take any chances. It is to be hoped that the bar associations of the land will not only devise means to save time for themselves, but they will recommend a revision of the rules of procedure and bring about other reforms which will make the courts of this State a poor man's refuge as well as the rich man's haven. When this is brought about there will be more respect for our courts and fewer infractions of the law.

COURTESY OF THE ROAD

San Antonio Express: Motorists are supposed to observe what is known as the courtesy of the road, on all occasions. That alone suffices to smooth over many a rough place in the traveler's path, and it is not an unselfish custom. No automobile driver knows when he may need help himself, so he should not lose an opportunity to assist a fellow motorist in whatever way he can. Courtesy of the road is not something new that came into being with motor traffic development. It was known when the oxcart and the camel were the chief transportation facilities. Courtesy demands that one stop and assist a fellow traveler whose conveyance has broken down, or at least proffer aid; it calls for giving the other motorist at least half the road; it insists on observance of ordinary safety rules.

The courteous motorist never forgets to put out his hand when he is going to turn; he will not drive by another automobile without sounding his horn, nor will he turn the highway into a race track. He will not carelessly endanger other people's lives.

Probably there is less courtesy, comparatively speaking, on the road now than there was in the days of horse-drawn carriages. Some cynic might find along a splendid highway ample material for an essay on the decay of chivalry. Most motorists do not stop and pick up strolling wayfarers, as the old-time drivers used to do. When they do give strangers a lift, they sometimes are robbed for their pains—so there is another side to the story.

There is no inherent reason why the automobile should discourage the ordinary graces. On the other hand, because of the opportunities it offers its owner to serve his fellows, it should foster such traits. Perhaps the most common breach of road courtesy is in driving with glaring lights. It is highly dangerous, too, as it blinds the approaching motorist, so that he cannot see where he is going. He may swerve into the ditch or collide with the other car. The thoughtful driver will dim his lights under such circumstances; but dimmer-regulations should be better enforced.

Monday's issue of the Fort Worth Star-Telegram contained a three-column writeup of the Schreiner Institute, illustrated with cuts of J. J. Delaney, president, and Capt. Charles Schreiner, founder of the institution. "Character Building Is Aim of Schreiner Institute" was the heading of the article.

SPEED UP HILL; GO SLOWLY DOWN

The following from last Sunday's Fort Worth Star-Telegram is good advice to auto drivers in this section, especially when traveling over the new Highway:

"Ever since my oldest daughter started in takin' singin' lessons I've had a thought for the folks who drive cars. There are any amount of points to be picked up from other lines, but this is about the best I've found. "When my daughter aims for a high note her teacher tells her to go at it as though she hoped to hit a low one. "When you're after a low note," he says, make believe you're aimin' for a high one."

"That sounded like practical psychology to me, and I commenced wonderin' whether it wouldn't work out in drivin' up hill and down with a car. It occurred to me immediately that if more drivers would go into 'second' when goin' down hill (the way they go up a steep hill) there would be fewer accidents and less need for relin'in' brakes."

"As for goin' up hill just step on the gas as if you intended rushin' down hill. Most drivers unintentionally do their speedin' down hill, because they think they can't help it. Uphill they crawl the way they should go down hill. Reverse the process. "Speed up hill is not only practical and convenient, but safe. A car goin' 35 up a hill can be stopped quicker than a car goin' 20 on the level. And you don't have to run risks passin' cars either; just take it easy on the approach until the folks who struggle with hills are out of your way. Then hit your high note the way you used to rush down hill!"

Several complaints have been heard lately about promiscuous shooting along the river near this city. Such a practice should be stopped as it is not only a nuisance but dangerous as well. Even the ball from a .22 rifle carries further than the average person has any idea and great care should be taken at all times to see that no bullets go astray. As to the person who turns a high-powered rifle loose promiscuously—anyone guilty of such act is likely to wind up with a charge of manslaughter in court. Too many people do not realize the danger of discharging firearms in populous districts and promiscuous shooting is uncalled for at any place.

With three good football teams, which have shown up strong in practice, Kerrville will be well represented on the gridiron this season. Besides furnishing good healthy training for the players engaged, the games will put Kerrville and The Hill Country on the sport map. Interest in football is rapidly increasing in this section and from present indications all local games will be well patronized, which will be of great help to the players.

The fact that there is hardly a vacant house in Kerrville shows the steady growth of the Gem of the Guadalupe. New residences are going up constantly, but the demand far exceeds the supply. With the fine publicity Kerrville has received the past summer, together with completion of good roads, a still further advance can be expected next season.

Kerrville and The Hill Country received some fine publicity from an illustrated writeup of the United States Veterans' Hospital No. 93, which appeared in last Sunday's San Antonio Light.

Double Braking Efficiency

Buick Four-Wheel Brakes

Buick four-wheel brakes, because they double the braking surface brought into action, increase the braking efficiency of the car practically 100 per cent.

The action is simple, positive and rapid. A slight pressure on the service pedal (the method of operation is unchanged) and all four wheels are retarded—the car is quickly, smoothly and safely brought to a stop. With these proved Buick four-wheel brakes a stop is made in a much shorter distance with a minimum of skidding danger.

Obtaining braking friction at four contacts with the road increases the braking power and lessens the wear on each brake lining and each tire.

The 1924 Buick models, with four-wheel brakes, a more powerful engine, beautiful new bodies and numerous other advanced features fully exemplify the Buick policy of incorporating every improvement that will give greater safety, comfort and satisfaction to the owner.

CATHOLIC CHURCH NOTES
By Father Kemper
DEATH OF FRANK REPKA

Tuesday of last week, Frank Repka of Poth died in a local sanatorium. On the previous night, while still conscious, he was visited by his parents, his wife and two children: Ludwig, aged 3 years, and Frank Jr., about 12 months old.

Wednesday of this week, Father Kemper filled his semi-monthly engagement at Comfort. He proceeded to San Antonio to try and secure a missioner for a week's revival previous to the canonical visitation of Bishop Drossaerts, which will probably occur in November.

Notre Dame Choir
The first High Mass of the current school year will be sung by the new choir October 21st. In order to strengthen this choral organization, the directress will retain as many as possible of the graduates and ex-students who have had vocal training.

Sister Constance, who has been connected with Notre Dame for many years, celebrated her name-day on the 19th. On account of the increased enrollment of boarders, she has been promised an assistant in the household work of the convent, as soon as a nun can be spared.

John Bowen of Bowen's Island, San Antonio, came on Friday to visit two of his cousins who are boarding at the convent. These students, Misses Gertrude and Mary Louise Noonan, took part in the school observance of Constitution Week.

Nurses Transferred
Mrs. Carolyn Glickley, Miss Edna McKinney and Miss Grace Cashman were transferred to another Government Hospital.

Miss Mary Nash, assistant head nurse, went on her vacation this week with Miss Mary Hayes. Their first stop-over will be in Chicago.

George Lyons, an employee, returned to Houston to resume his studies. Eddie Copple was granted a furlough to visit his family in Houston. The Ciulla brothers were also given leave of absence to spend a few weeks with their parents in Houston.

Tom Mahan, a Spanish War veteran of Little Rock, Ark., was admitted into the Government Hospital last week. Also the following Texans: Francis Flynn of Carthage, Louis Moussier of Floresville, Albert Ray of Palestine and Timothy Hart of San Antonio.

Frank Schwartz came in a very critical condition from Binghamton, New York.

Russell Bradley left his family in Lafayette, La., to enter the Veterans' Sanatorium. Mrs. Murphy Patrick Walker came from Lafayette to be near her convalescent husband.

Health-Seekers
Mrs. Wisner Sperry Hunt of Houston will spend several months at the St. Charles Hotel while her daughter, Lena Estelle, is recuperating at Dr. Thompson's. A twin sister, Lucy Catherine, is attending the Lady of the Lake College, and Mrs. Hunt's son

Harold S. McConnell came from the world-famous Mayo Brothers of Rochester, Minn., to be treated by Dr. S. E. Thompson.

Mrs. Fred Volz of Eldorado, Ark., patient at Dr. Thompson's, enjoyed a visit this week from Miss Agnes Volz of Mission.

To our Louisiana French colony were added: Miss Beulah Bonnetti, sister of Mrs. Theophile Rabalais; Geo. L. Villemarette of Bunkie, La., and Swinney Gremillion of Plaquemine.

Mrs. Chas. Todaro came from Bryan with her invalid daughter, Rosa. Adolph Bailey moved to our healthful climate from Dallas.

The family of Jackson E. Douglass moved back to Kerrville convinced of our superior atmosphere.

Miss Annie Mae Noonan of Houston spent her vacation with Mrs. Chas. Conlan.

Dr. Fred Piper of San Antonio sent us his secretary, Miss Catherine Brunton.

Miss Clara Metzger, registered nurse of Seton Infirmary, Austin, is with us at present.

Personal
The impassable roads marooned Miss Angeline Kemper in San Antonio for six days.

Last Friday Mrs. Wm. Farrish went to the metropolis to visit her daughter, Mrs. James Balmos. Jimmy Balmos will be here next week with other plasters. Hugo Sulzenfuss has already returned. Bill Tarrillion came up for Sunday with his family, and returned with Miss Mary Mildred Mosel.

Other San Antonians were: James E. Duke of Kelly Field, Miss Marie Monier and Miss Edith Buckley. From Houston we had A. L. Dullahan. Mrs. Rudolph Staedt entertained her daughters, Mrs. Max Vogt of Boerne, and Mrs. Henry Brandes of Yoakum, and their respective families.

ROBS CALOMEL OF NAUSEA AND DANGER
Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take.

One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement, 28-40c).

"Well! Strong!"
Mrs. Anna Clover, of R.F.D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI
The Woman's Tonic
I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."
If you have been experimenting on yourself with all kinds of different remedies, better get back to good old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it. For sale everywhere.

EPISCOPAL CHURCH NOTES
By Member

We were glad to see a few more in our Sunday School last Sunday. Dr. Macdougall appointed next Sunday as Rally Day and we trust all the loyal members of the church will do their best to be present and encourage children to come who are not attending other Sunday Schools, as well as our own members.

There was a good congregation at the 11 o'clock service. The rector took for his text the 11th and 12th verses of the 19th chapter of 1st Kings, comparing that incident with the catachism in Japan. "The Lord was not in the strong wind, earthquake or fire, but came after in the still small voice." That the sympathy and help all nations have so liberally extended to Japan will most likely do more to produce harmony between the nations than any League of Nations could accomplish.

A letter was read from Bishop Capara telling us of the loss of most of our churches and hospitals in Japan, amounting to over a million dollars, and requesting all members of the church to make as liberal an offering as possible to aid in rehabilitating the important mission work. We should listen to the still small voice which so often speaks to us through our conscience and obey its guiding spirit.

MEXICAN BAPTIST CHURCH
E. V. Rodriguez, Pastor

The prayer meeting was well attended last Wednesday. Our Sunday School was not attended as usual, for quite a number of our members and children went to San Antonio. Let us be more thoughtful of how we spend the Lord's day.

Sunday night the pastor preached from Gen. 1:1 and Psalms 14:1, to a small congregation, but the spirit was great with those present.

The Sunbeams met at 3:30 p. m. at the church. The ladies' circles met in their respective places Monday with 14 in attendance.

Our public school has started off fine with Mrs. Franklin as teacher. The board is planning to renovate and improve the building and grounds. The women want to organize a mothers' club and assist in any way they can, as we want to have the very best school we can.

Part of our choir sang last week at the First Baptist Church Tuesday and Friday nights during the revival. Everybody that did not hear Brother Briggs suffered a great loss, as he is an eloquent speaker and full of the Holy Spirit.

Everybody invited and welcome to our church.

Chicago is only 28 per cent "American." The statistics collected by the Chicago Association of Commerce show that 72 per cent of the population, or 1,947,376 persons, are of foreign birth or parentage. The Federal census classes all persons born in this country as Americans, but the Association of Commerce made a finer distinction. Less than 25 per cent of the white population of Chicago are "Americans," as classed by the association.

Calendar for the week:
Wednesday, 7:45 p. m.—Prayer meeting.
Friday, 8:00 p. m.—Choir practice and notation. Parents are urged to see that their children attend this service. It will be greatly to their advantage to attend. All the members of the choir and all interested in song are requested to be present.

Sunday, 9:45 a. m.—Sunday School. Our Sunday School is on the upward climb, and you should be a member if you would like to get the most out of life on Sunday.

8:00 a. m.—Sermon by the pastor.
6:45 p. m.—Meeting of the Baptist Young People's Unions. We want to make our unions the best in the Medina River Association, and therefore call on all young men and young women to be with us and help us out. Put yourself where you will account for something and where others will amount to something to you. We know this is good advice, for we have seen it tried out. The best place in the world to pick a girl for a wife is at the church house, and the best place in the world for a girl to find a real boy that will make a real man for a husband is at church. Come and see if you can't better yourself—in every way.

7:45 p. m.—Song service led by the pastor.
8:00 p. m.—Sermon by the pastor, followed by baptismal service.

Our protracted meetings closed last Sunday night, but the spirit of the meeting is still living and we are out for a perennial revival. Since the present pastorate began a large number have been added to the church in the different ways that Baptists receive members.

Pastor Rodriguez of the Mexican Baptist Church favored us with some splendid voices Tuesday and Friday evenings of last week.

It was quite an encouragement to see the large number of young men who were with us last Sunday, as well as the large number of older men. So after all the women and children don't have a monopoly on religion, do they? We can make room for a few more. Come one, come all!

All corporations are not soulless. When the crippled body of little Clyde Patnoe, of Cisco, Calif., was swept over a 30-foot falls, the Pacific Gas & Electric Company toiled night and day with steam shovels, dynamite, picks and wheelbarrows and turned the angry waters of the Yuba River into a new channel. The body was recovered from between jagged rocks just below the falls. The child was a cripple and a great favorite with the workmen. After the rescue of the body the river was turned back into its old channel. The electric company's books show an item of more than \$20,000 on the red ink side of its ledger.

PRESBYTERIAN CHURCH
By Member

The regular services of the Presbyterian Church will be held at the Dixie Theater next Sunday. The Sunday School is being reorganized with full provision for the many new members in attendance; it meets at 9:45 sharp and closes at 10:45.

The Christian Endeavor meets at 7 p. m., to which all young people are invited.

The quarterly observance of the Lord's Supper will be solemnized on the first Sunday in October. The services of next Sunday will be in preparation for that occasion. The subject of the sermon at 11 a. m. Sunday will be, "How I Know that the Bible is the True Word of God." The subject at 7:45 p. m. will be, "What Will You Do About It?"

An earnest invitation is extended to all who wish to join this church to meet the Session next Sunday morning at the close of the service and arrange for admission.

Last Sunday was a day long to be remembered by the Presbyterians, for on that day the local church were for the first time entertaining the young men and boys from Schreiner Institute, the majority of whom come from Presbyterian homes over the State. About 40 of the boys attended the services Sunday, and local people did their utmost to make them feel at home.

Two new classes have been organized in the Sunday School to accommodate these boys, one being taught by Miller Harwood and the other by A. S. Cox. Mr. Cox is a newcomer here, coming from Beaumont, and the local church and Sunday School, as well as the city generally, are finding in him a wonderful addition to the active working forces for the furthering of the cause of Christianity in the community.

C. H. Robinson has assumed charge of directing the music for the Sunday School, and each Sunday will have an orchestra present to assist in the singing. It is confidently expected that this will add greatly to the services.

The first Sunday in October is Rally Day. On that day all promotions in classes will be made and work outlined for the coming year. Plans are already under way to make this day one of the big events of the year.

"Come with us and we will do you good."

An acre burial plat near Lancaster, Ohio, was bequeathed by Nathaniel Wilson 100 years ago to President Andrew Jackson as a burial place and to his successors in the Presidency. No Chief Executive has ever availed himself of the privilege, however. The donor died in 1836. Locust trees are within the inclosure and it is surrounded by a high, octagonal stone wall. The place is known locally as the "President's Acre."

The turkeys were shot in Edwards County and Mr. Reynolds had fled guilty to the charge, which had been filed with the Justice of the Peace at Rocksprings, and paid a fine of \$51.65. Will Taylor of Junction has been appointed as a deputy game warden for that section, and it was through his efforts that the above arrest was made.

PRESBYTERIANS TO RAISE CHRISTIAN EDUCATION FUND

Schedules are now being arranged for the State-wide Presbyterian movement for Christian Education carrying with it a quota of \$1,350,000, according to announcement received by the local publicity representative in this city. It is planned to open up the work throughout the State at an early date and finish up if possible by July 1, 1924. According to information received here there are about 40,000 Presbyterians in Texas and hearty support is being given the movement to strengthen their educational institutions. The apportionments are fixed as follows:

Texas Presbyterian College, Milford, \$40,000 for equipment and \$100,000 for endowment.
Austin Presbyterian Seminary, Austin, \$100,000 for endowment.
Daniel Baker College, Brownwood, \$75,000 for equipment and \$100,000 for endowment.

All other institutions will use their apportionment for equipment as follows: Work at Normal School Centers of Commerce, San Marcos and Huntsville, \$10,000; Presbyterian Orphanage, Lasca, \$20,000; Tex-Mex Institute, Kingsville, \$25,000; Presbyterian Schools for Mexican Girls, Taft, \$20,000; Church for University Students, Austin, \$100,000; Presbyterian work at College of Industrial Arts and North Texas State Normal, Denton, \$10,000; Presbyterian work at A. & M. College, College Station, \$40,000.

The remainder of the fund will be used for debts incurred by the institutions because of increased attendance and inability to care for the larger number by the colleges.

Cattle Clatter, San Antonio Express: Word filters down the line that our friends, famous "Post Card Pete" Hagen, of the country round about Center Point and Comfort, has up and moved away to the Rocksprings country, where he has taken a lease on a big ranch. Sorry to have Post Card move so far away from home. But Pete is a live one and his neighbors are to be congratulated on having him among them. It is also reported that recently he sold a small string of stoker stuff to John Wright of San Antonio. Pete's version is that John "just about stole 'em." Pete is a modest sort of a citizen, never claiming anything that ain't his'n, and being reasonable in his claims on things that are his. That's how he came to win his sobriquet, "Post Card Pete." We've told this on Pete twice, but at that there might be three or four people to read this that never read the other, so here goes. Pete's folks sent him away to college, and a week or so after things began to run, the big boss of the works corralled the boys at chapel and tells them he knows how they are neglecting to write their folks back home, and all that sort of thing. Then he called for a showing of hands as to who had actually written back home. About one boy in ten came up with a hand, and Pete, he came up rather uncertainly—waveringly, so to speak, and that fact caught the eagle eye of the big chief of the works. "And did you, too, write to the folks at home," he queried? Pete gulped a great big gulp, got his heart out of his mouth and came forth with the modest statement that stamps him as a man who would claim nothing that did not belong to him. "Yessir, that is I sort of; I sent 'em a post card!" The fellow students of Pete say that story of "Post Card Pete" is one of the traditions around that college campus now.

ENTHUSIASTIC MEETING OF CHAMBER OF COMMERCE

(Continued From First Page)

business houses and residences of the city may be numbered. Mr. Franklin offered to take over this work and have the Civics Class of Tivy High School plat the city and furnish each householder with the number of his property. The work is to be done by the school to comply with a ruling of the State Board of Education, which demands that a certain per cent of the work done by the Civics Class must be in the nature of civic improvement. Under this plan, each home owner would be required to furnish his own numbers after the schools have completed their work. The offer of Mr. Franklin was heartily endorsed by the Chamber of Commerce and he was instructed to communicate with the City Council concerning same.

only an hour and a half, and it is doubtful if this or any other Chamber of Commerce ever acted on and passed more constructive propositions in as short a time before.

IT MAY SOUND FOOLISH, BUT JUST THE SAME, IT'S TRUE

Center Point News: Some folks don't seem to realize that the one big thing that is going to bring Center Point out of the "kinks" some not far distant day is nothing more than truck farming, fruit growing and poultry raising. This country is ideal for the three, but, comparatively speaking, few people seem to realize it. There are old settlers here who still almost laugh at the idea as such a thing as cabbage, tomatoes, peppers, berries, peaches or pears, ever being any material worth to the country.

One of our old-timers, however, realizes that such stuff means more to the country than all the dry land farming that could be done. He did not know that until last year; a man talked him into renting out one acre of his land—an acre that could be irrigated. The ground was used for growing tomatoes; the owner of the ground was to get one-third of the money made on the little plot of ground. Last fall, when he "counted up," he had \$165 rent money. The man is Robt. Lang.

This year he has about five acres rented out, which is in truck stuff, and

Mr. Lang says the crop is better than the one last year. He told the writer Sunday that this winter he intends building a large concrete reservoir, so that next year he can handle the irrigating of the crop much better.

So before we speak lightly of truck farming, let's not forget that every new truck farm that goes in enhances land values.

Vegetables and fruit should now be going out of here in car load lots instead of truck load lots.

FIRST FOOTBALL GAME OF 1923 SEASON SCHEDULED FOR FRIDAY

Schreiner Institute Swings Off With Junction High in Opener on Local Gridiron Tomorrow Afternoon.

The 1923 football season will officially open here tomorrow afternoon when Schreiner Institute takes on the strong Junction High School eleven on the local school's gridiron at 3:30 o'clock.

According to the advance dope a good game is in store for the fans. Junction is reported to be unusually strong this year and the Maroon and White squad has shown some good stuff in their scrimmages.

Coach Oehler has been putting his team through stiff workouts last week and the first of this week, although he has been tapering off the training yesterday and today to give the men time to recover from soreness and "Charley-horses." Last Saturday morning's program was probably the hardest of the week. The men were put through all of their work in fast plays which were wound up with a short scrimmage.

Judging from appearances Saturday, the Maroon and White will put a strong eleven in the field tomorrow. The team as a whole, although heavy, is fast enough to work the running and passing game as well as straight football in line plunging, and the chances are that the fans will see samples of each kind of tactics in tomorrow's fray.

Tomorrow's game will be the first test of the local school's grid team, and much is expected of them. Not only will it show in a measure what the team can do, but it will also give a more definite line on the men themselves.

Following is the tentative lineup of Schreiner Institute: Carley, A. Dietert, Dibrell, Carmachel, ends; Ivey, Randle, Tenney, M. Dietert, tackles; Burford, Carmack, guards; Henderson, center; Stevens (captain), quarterback; Ford, McMains, Owens, Hollinrake, halfbacks; Flory, Scott, fullbacks.

Coach Oehler expects to use a number of substitutes, hoping to get a better lineup on his men.

In addition to splendid veteran material the Junction team has an able coach who knows football and who believes in a clean game. Such stars as Richardson, Van Martin, Smith, Henderson and Randle will probably appear in Junction's lineup in Friday's fray. Practically all of these men have been seen in action here or at Junction by most of the local fans.

ALL-STARS PLAY SECOND ENGINEERS HERE SUNDAY

The Kerrville All-Stars will open their 1923 football season Sunday afternoon when they take on the strong Second Engineers eleven from Fort Sam Houston at the ball park. The game is scheduled for 3:30 o'clock.

A good game is promised the followers of the gridiron sport in Sunday's contest. The Soldiers are coming here with a mighty rep and the All-Stars will be out stronger than last year's squad. The local gang has been working hard the past several weeks and expect to be in top shape for the season's opener.

"Red" Oswalt, former star tackle of Mississippi A. & M. College, and

who is well known for his work with the All-Stars here of former years, is expected to be in Sunday's lineup and will add materially to the strength of the team.

The local eleven will average 170 pounds or better for the first game. The line is unusually heavy this year and the backfield combines speed with weight. From the material that has been turning out for workouts, Manager Redwine is confident of putting out a winning team this year.

Following is the tentative lineup as announced by Manager Rex Redwine: W. Saenger and Fawcett, left end; Oswalt and Baker, left tackle; Wiedenfeld, left guard; Redwine and Weldon, center; Sikes, right guard; Rees and Merrill, right tackle; Gold and Freeman, right end; Real (captain) and Wilson, quarterback; Moore and Fiach, left half; McClung and A. Saenger, right half; Smith and Auld, fullback.

The officials will be: Referee, Moses (Southwestern); umpire, Kuesel (St. Edwards); head linesman, Robinson (West Texas).

TIVY OPENS WITH MAIN HIGH IN ALAMO CITY NEXT MONDAY

Coach Moses of Tivy High has announced that an agreement was reached with "Spitz" Clark, grid mentor of Main Avenue High School of San Antonio, for the local high school to play the crimson team in the Alamo City next Monday afternoon at Schwab Field. This game will be the initial contest of the 1923 season for the Tivy squad.

The high school bunch has been showing some good stuff in spite of the fact that most of the material is inexperienced. By hard work and steady coaching Moses expects his team to be stronger than last year's eleven.

Although light (the team average is about 130 or 135 pounds), the squad is unusually fast. The backfield is considered even speedier than last year's second line and Coach Moses

Reports were made on the pep meeting at Schreiner Institute Monday evening, in which members of the Chamber of Commerce participated, and several talks were made by various members bespeaking the interest of the Chamber and the citizens of Kerrville in the Institute, as well as in the All-Star football team and the team at Tivy High School. Offer was made by Mr. Prescott to attend a similar meeting at Tivy at any time the superintendent and coach desired.

A committee report was rendered on the proposition of advertising in the Fort Worth Star-Telegram, under the auspices of the State American Legion. A page ad is to be run in this paper advertising Kerrville, The Hill Country and the Veterans' Hospital No. 93, at the regular advertising rate of \$500 per page.

J. J. Delaney, president of Schreiner Institute, addressed the meeting, thanking the officials of the Chamber of Commerce and the citizens for the warm welcome extended the students at the school and the co-operation that has been accorded generally. He concluded his remarks by inviting the Chamber of Commerce to meet next month at Schreiner Institute as the guests of the management. C. C. Mason and Andrew McCurdy, of the Institute faculty, also made short addresses.

It was voted that the president communicate with and secure the services of an outside speaker to address the next meeting.

The proposition of the bridge over Town Creek was discussed at length. Complaints had been made to Chamber of Commerce officials concerning same and of the condition of the road over which traffic has been detoured while the concrete work was being completed on the new bridge. These complaints have been given careful attention and the matter investigated thoroughly, and the committee investigating same reported that county officials and the Special Road Commission have done everything possible to relieve this situation. However, it is reported that this condition will be relieved the latter part of the week, as the bridge in question will be open for traffic Saturday.

After discussions by numerous members present on matters for the welfare of the city, the meeting adjourned. The entire session required
