**CIVIC LEAGUE PLANS CARD PARTY FOR NEXT TUESDAY**

The monthly meeting of the Kerr County Civic League was held last Friday afternoon at the St. Charles Hotel with a good attendance of members. Routine business was transacted and plans taken up for a card party next Tuesday afternoon.

The entertainment will be given at Lake Side Park at 3 o'clock Tuesday and the proceeds are to go to the fund for the upkeep and beautification of the City Park. It will also be used in further improving the accommodations there.

All kinds of card games and dominoes will be played. Reservations for tables and places must be made not later than next Monday afternoon. Mesdames S. E. Thompson, L. Sandel and A. Schofner are in charge of the tables and reservations should be made through one of them not later than the above date.

**Schreiner Students Entertained**

Lake Side Park was the gay setting for a pageant of youth and beauty last Friday night when the Men's Club and the Woman's Auxiliary of the Presbyterian Church entertained in honor of the students of Schreiner Institute.

The pavilion was artistically decorated with trailing Spanish moss, Japanese lanterns and garden flowers. The school colors of maroon and white were used in profusion everywhere while wicker chairs, tables and rugs were arranged so as to give to the scene a home-like appearance.

The guests were greeted at the entrance by Dr. and Mrs. W. P. Dickey, Mr. and Mrs. J. J. Delaney and Mr. and Mrs. W. A. Fawcett.

An informal program was given and judging from the peals of laughter and the radiant faces, these contests were highly amusing. Herbert L. Crate acted as master of ceremonies, Miss Harriet Garrett, Guy Moses and Ally Beitel acted as group leaders. In the game of "Feather Ball" the prize, a downy chicken, was awarded to the most beautiful young lady and the handsomest man in each group. In the Musical Romance Contest Miss Cleone Deaver was awarded the prize, a rare musical instrument imported from Hawaii, a tiny ukelele. Another contest, the relay whistling race, proved very exciting as some of the contestants were choked—but recovered however, when they saw the prizes, which were high sticks of striped candy. These were awarded to Miss Garrett's group.

Three boys from Schreiner Institute were called upon for stump speeches, the size of the mouth being the credentials of the speaker. Subjects given were: Prunes, weiner-wurst and lemons. After careful consideration the judges awarded the prize, an enormous celluloid fish, to Mr. Eckhart.

Miss Harriet Garrett, accompanied at the piano by her sister, Miss Ruth, sang, "Out Where the West Begins."

The popularity of both singer and song was evidenced in the prolonged cheering they received.

The orchestra from the Men's Club, directed by Mr. Robinson, furnished music throughout the evening. Every number was enjoyed very much, the only complaint heard was that "Home, Sweet Home" came much too soon.

Dr. Dickey, in a very pleasing manner, brought greetings to the guests from the Presbyterian Church and its various branches.

Dainty refreshments consisting of chicken salad, wafers, caramel cake and hot chocolate were served to about 200 guests.

Those invited for the occasion were the students from Schreiner Institute, the honorees, the faculty members and their wives from the Institute, the faculty and student body from the Scofield School for girls, the Senior Class and the superintendent and principal, with their wives, from Tivy High School, the directors of Schreiner Institute and their wives, the Christian Endeavor Societies and the young ladies of Kerrville.

**Misses Thorburn Entertain**

Misses Mabel and Margaret Thorburn were joint hostesses at a charmingly appointed bridge party at the St. Charles Hotel Saturday evening, complimenting Miss Ellen Mason, a bride of the week.

Miss Mason received a pretty bath mat as guest prize. First prize for girls, silk hose, was won by Miss Yolande Robinson and high score for boys, silk socks, went to Cecil Robinson. The girls' booby, a box of handkerchiefs, was won by Miss Ellen Mason, and Glenn Brooks took the handkerchiefs for boys' booby.

The guest list included the following: Miss Ellen Mason, the honoree; Misses Yolande Robinson, Mae Louise Schreiner, Helena Brown, Dorothy Doyle, Maybelle Roberts, Kate Renschel, Ruth Garrett, Anabel Collins and Harriet Garrett; Messrs. Glenn Brooks, Herman Saenger, Hal Peterson, Charlie Kuesel, Jules Renschel, Dick Smith, Cecil Robinson, William Secor and Emmett Henke; Mr. and Mrs. Gober Gibson, Mr. and Mrs. Alois Renschel, Mr. and Mrs. Milton Gold and Mr. and Mrs. Bernard Kuhlmann.

**Mrs. Gibson Honored**

Wednesday afternoon of last week Mrs. H. H. Kuhlmann and Mrs. B. H. Kuhlmann entertained at Bridge honoring Mrs. Gober Gibson of Corpus Christi and Kerrville.

The party was given at Lake Side Park. The natural beauty of this place was enhanced by pockets of garden flowers and ferns placed at intervals around the room, while baskets of cut flowers and trailing clusters of queens crown added a very pleasing note to the decorative effect.

Thirteen tables of players enjoyed the games and several guests came later for tea. The guest's prize was a beautiful Japanese umbrella. The first prize for matrons was won by Mrs. Wm. Secor. Misses' prize went to Miss Dorothy Doyle. Both prizes were dainty silk margarites. Second prize for matrons, an artcraft lamp pull, went to Mrs. J. M. Dreddy. The misses' second prize, a novelty bracelet, went to Miss Yolande Robinson. Consolation was cut by Mrs. Lee Mason. This was a set of hand painted table markers. A consolation prize, a string of beautiful beads, was cut by the guests who did not play Bridge.

Punch was served during the afternoon and at the close of the games ice cream and cake were served to the guests.

The following were the invited guests: Mrs. Gober Gibson, the honoree; Mesdames E. E. Palmer, Scott Schreiner, A. T. Adkins, J. M. Dreddy, G. F. Schreiner, Charles Rawson, L. A. Schreiner, Lloyd Leslie, E. H. Prescott, Carl Allen, W. G. Garrett Jr., R. Holdsworth, A. C. Schreiner, J. B. Young, L. Sandel, Amy Wallace, J. E. McDonald, Ed Mosel, A. C. Schreiner Jr., H. Weiss, J. Fritz, Dan Auld; J. D.

Jackson, J. S. Wheless, Wm. Secor, J. Robinson, A. G. Platt, W. C. Baker, A. Beitel, L. L. Rawson, H. H. Perry, W. G. Carpenter, P. J. Domingues, G. M. Doyle, John Kolodzey, Alois Renschel, A. F. McClellan, Lee Mason, W. T. Kuesel, Gerald Walthers, W. M. Wheless, Payne Williamson, Walter Meyer, C. J. Reifel of Galveston, W. B. Thompson, Al Manny and A. B. Williamson; Misses Yolande Robinson, Mable and Margaret Thorburn, Angeline Kemper, Dorothy Doyle, Maybelle Roberts, Ellen Mason, Mae Carpenter, Helen Dietert, Maude Short, Mary Hoeherman, Bess Booth, Helena Brown, Kate Renschel, Mae Louise Schreiner and Marje Kessler.

**Miss Mason Honored**

Mrs. Gober Gibson entertained with a three-table Bridge last Friday afternoon in honor of Miss Ellen Mason, a bride of the month. A dainty vanity dresser set was presented to the honoree. Miss Yolande Robinson was awarded first prize for high score and Miss Ruth Garrett awarded booby.

A delicious salad course was served to the following guests: Miss Mason, the honoree, Misses Kate Renschel, Hattie Garrett, Mable Thorburn, Margaret Thorburn, Ruth Garrett, Helena Brown, Yolande Robinson, Mae Louise Schreiner, Dorothy Doyle, Thelma McCordquodale, Maybelle Roberts, Bess Booth and Mrs. Lee Mason.

**Jung-Grona**

A wedding of general interest locally took place last Saturday at Harper when Miss Myrtle Jung, daughter of Mr. and Mrs. Jim Jung, became the bride of Walter Grona of this city.

The young people are well known in their respective communities, the groom being one of the engineers at the Kerrville Light & Power Co's. plant. They will make their home in Kerrville.

A host of friends extend congratulations and best wishes.

**Enjoyable Entertainment**

Mrs. R. L. Schmerbeck and Miss Harriet Garrett were joint hostesses at a most enjoyable entertainment last Saturday afternoon at the former's home, honoring Miss Ellen Mason and Mrs. Alois Renschel.

The Schmerbeck home was lovely in its floral decorations peculiarly suited to the occasion. Dahlias, Zinnias, queen's crown and roses were placed in silver baskets, vases and festooned in ingenious patterns in all the rooms. Receiving the guests at the door were Mrs. Schmerbeck, Miss Harriet

Garrett, Mrs. Alois Renschel and Miss Mason. Several unique contests were engaged in by the guests and much merriment was derived from them. The first was a contest in which those participating were asked to recognize a number of love songs by portions which were played on the piano by Mrs. Schmerbeck. First prize, a dainty box of handkerchiefs, was won by Mrs. G. M. Doyle and Miss Dorothy Doyle. The booby award, a jar of candy, went to Mrs. L. Sandel. In the following contest lists of words pertaining to weddings were

### PAYING TO BE OPTIMIST

Fort Worth Star-Telegram: The Curtis Publishing Company is spending a good deal of money in newspaper advertisements to tell American business men that there is nothing wrong with American business. It is an illuminating revelation of the progress business has made, when a business house recognizes the fatal easiness and cumulative paralysis of indulging in "bad times" conversation to the extent that it will put itself to large expense to combat the tendency.

In its latest page, the Curtis Publishing Company cites these seven fundamentals of the present business situation:

1. Every banker will tell you and prove that he has no badly extended loans—his bank was never in finer condition, nor the finances of the whole country sounder—
2. Crops are abundant. Prices are fair—higher than a year ago, except for wheat, and wheat represents only 6 per cent of the value of farm products—
3. Manufacturing has added enormously in the past year to the fixed assets of the country. The soundness of its management is displayed in modest inventories and a rapid flow of both raw materials and manufactured products—
4. The railroads of the country are hauling a volume of freight never before equaled—
5. Yet retail stocks are low. Here is a fact of greater significance than is generally recognized. And retail buying is active generally—
6. Unemployment is practically nil. In many sections there is an actual labor shortage. Labor is reasonably content and is showing an increased per capita output—
7. The American business man has shown consistent caution and vigilance. Since 1920 he has proceeded sanely and soundly, thereby avoiding any serious over-expansion.

These things are substantial. They are facts. They give more than a reasonable background for optimism toward a continuation of the prosperity that is with us.

The publishers of The Sun are doing their best to publish a paper that is a credit to The Hill Country. The past week a letter was received from a subscriber at Coleman, in which the following tribute to The Sun was paid: "I have enjoyed your nice clean publication, which is one of the best country papers I have ever had the pleasure of reading." The Sun force all take pride in putting out a good paper and words of commendation similar to the above have been received frequently. However, such expressions are always appreciated by the entire force and are an incentive to efforts toward publishing a better paper the following week.

Kerrville, long famed as one of the most beautiful settings of Nature in The Hill Country, is fast becoming the Wonder City. Many new projects, both municipal and local, are in the process of consummation, and in a short time Kerrville will bloom forth as an example of the City Beautiful.

### "The Public Be Damned" Policy

Farm and Ranch: That our State legislators are underpaid there is no doubt. That we would get more competent representatives by paying more, is questionable.

In a speech before the Rotary Club at Dallas, September 19th, Congressman Hatton W. Summers said:

"We are turning the Government over to a group of crack-brained agitators because we are too lazy and indifferent to investigate and understand our Government."

Organized groups, crack-brained agitators or groups whose purpose is purely selfish too often succeed in electing and controlling future actions of officials, National and State, or local, and would continue doing so regardless of the per diem fees or salary these officials are paid.

Less than half the eligible voters go to the polls, even at important elections. It thus becomes an easy matter for an organized group, with every member working persistently, to corral enough voters to elect the candidate endorsed by them, even if it becomes necessary to use bribes or misrepresentation to defeat a candidate who cannot be dominated by them.

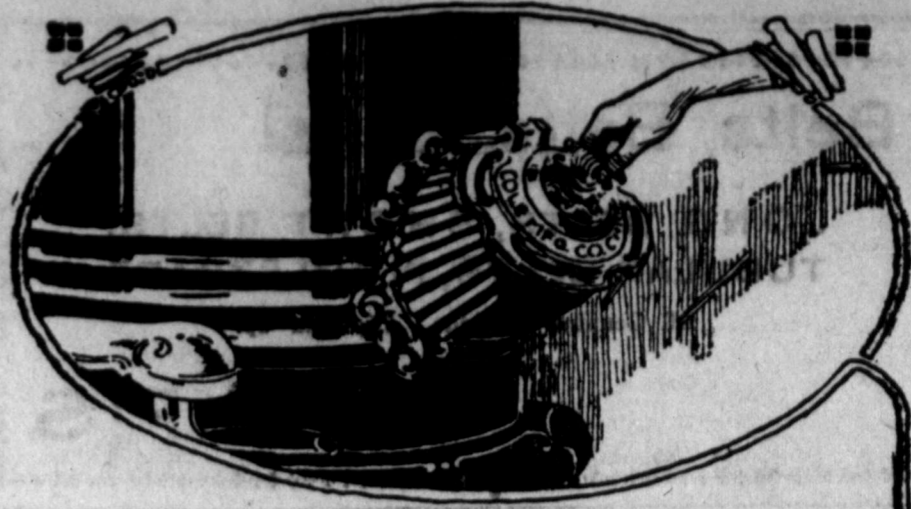

Usually, because of these conditions, candidates for office, politicians who consider the emoluments of office above the welfare of the majority, tumble over each other in their haste to join and secure the support of the dominating group.

Competent, honest, constructive men who would, even at a serious sacrifice to their personal interest, offer for office, with a desire to serve conscientiously and efficiently, realize the futility of placing themselves in a position where, regardless of the fact that their past reputation may be spotless, the spelt, lies about, misrepresented and every other unfair means adopted by the unscrupulous to defeat them. Less than half the eligible voters exercise their franchise; therefore, the high class, honorable man has mighty little chance of defeating the candidate of the organized group. These minority groups depend upon the certain, loyal support, personal and financial, of every member, while those not members of any organized group and only interested in competent, reliable men for office, remain at home on election day. Until those who should, take more active interest in government will continue to have men put in office, as now, to serve the selfish purpose of organized groups.

We get the kind of government we permit the groups and politicians to give us and if we are satisfied there will be no change. There is no denying the fact that a majority of the offices, from bottom to top, are filled by men under the influence of organized groups and this condition will continue to be maintained until qualified voters take a greater interest in good government. It is a case of "the public be damned"—let it pay the taxes and howl.

Center Point News: Some days ago a couple of 10 and 12 year old boys were strolling along the river banks and found a man fishing who had a few under-sized bass on a string. One of these boys remarked that it was against the law to keep bass under eleven inches long. The man replied that he did not care what the law was; he would keep what he pleased. Who the party was, we do not know, but we do know that he acted mightily ugly in keeping undersize bass and saying what he did to boys of that age. These boys had been taught to be law abiding and it looked bad to them to see a grown man have such little respect for the law. One of the boys caught a nine and a half inch bass sometime ago and when he came home that evening with a few little perch and catfish, he was all excited over catching the "big" bass. When asked what he did with his fine fish, said: "He wasn't big enough to keep—I have an eleven inch mark on my fishing pole and he liked an inch and a half being long enough." Here's the difference, a lad of a boy protecting the fish, and a man destroying them. The fish and game laws should be respected.

KERRVILLE GETS PUBLICITY IN LEGION ISSUE OF STAR-TELEGRAM

Story and Ads Spread Fame of Entire Hill Country; Veterans' Hospital Comes in For Big Share.

Kerrville and The Hill Country has been getting good publicity through the leading papers and magazines during the past few months and excellent results are being derived from same.

In last Sunday's issue of the Fort Worth Star-Telegram, the proceeds of which went to the American Legion, appeared an illustrated half-page advertisement of Kerrville and a quarter-page of the Veterans' Hospital.

These ads were paid for by contributions of local business men and by patients and staff at the hospital.

This kind of advertising will do much toward helping get Kerrville and The Hill Country before the entire State and Nation and to tell other people what is to be found here.

In addition to the paid advertisements which appeared in the Star-Telegram there was a good story on the Veterans' Hospital, which read as follows:

Texas has proven her unselfish devotion to the soldiers who won the World War by building at Kerrville the most modern veterans' hospital in the United States.

Utmost care is taken to see that the patients have plenty to do. Various forms of entertainment are furnished. The American Red Cross maintains a chapter at Kerrville.

ary ward which is in itself a complete hospital, housing 100 men. The building covers 19,220 square feet of floor space exclusive of the basement and its front elevation is 295 feet in length.

The pharmacy, physiotherapy, dental clinic, surgical service, technical laboratory, eye, ear, nose and throat clinic and the X-Ray laboratory, are located in this building, which has its own kitchen and dietetic departments, and one of the features of the food service is the attention paid to the selective requirements on the part of patients for variety of food.

The hospital is a city within itself, and is equipped with all city conveniences such as sewerage and electricity.

As part of the therapeutic treatment of many cases in the hospital certain forms of light occupational work are offered under the supervision of occupational aides. This form of activity is prescribed by a medical officer. It is considered that the work is beneficial to patients from both physical and psychological standpoints.

In order that this work may be carried on an occupational therapy building is maintained. The work consists of reed and hand leather work and raffia weaving, rug making and other activities. As part of the occupational work, instruction in the common branches of bookkeeping, salesmanship and typewriting is pursued under the direction of qualified teacher aides.

Owing to the character of treatment prescribed for the cure of tuberculosis the patient must stay for a long period of time, and he will find opportunity to learn a business at which he may later earn a livelihood.

O. S. T. IN SUTTON COUNTY WILL BE IMPROVED SOON

Junction Eagle, Oct. 5th: Considerable work has been done along the road between the Kimble County line and Sonora during the past year, which has greatly improved travel conditions, but the road is still not what the people of this and Sutton County would like.

County Commissioner W. H. Kelley who lives near the road, a few miles off the line, in Sutton County, was in Junction Saturday and said that the commissioners of his county are alive to the needs of improvements along this road, connecting the two county seats, and that they are making every effort to see that a highway is built along this road in Sutton County, but that it will take time to do it and that they have encountered considerable difficulties in the way of securing a right-of-way for the road as surveyed and approved by the Highway Department.

The money, according to Mr. Kelley, is, or will be available, and work will be started as soon as necessary obstacles can be removed.

Every hour, somewhere in the United States, a man's life is taken. There were more than 9,500 "unlawful" homicides in this country in 1921. One of every 12,000 Americans is murdered every year, whereas the figure in Europe is one out of every 634,000.

A prominent writer states, "When a prospective assassin in America is about to pull the trigger, he knows that he will have three powerful friends if he commits the deed. These three friends are Sentimentality, the New Psychology, and Technicality. So he pulls the trigger and takes his chances."

The Bible is now published in 770 languages of the world. The Bible Society hopes to continue its work of translation into 300 other languages.

**LOCAL FOOTBALL TEAMS WIN AND LOSE IN TWO GAMES PAST WEEK**

**Schreiner Daws Kelly Field Bunch in One-Sided Contest; All-Stars Drop Sunday's Game to Frank's.**

The two local grid elevens that got into action the past week end split their games, Schreiner winning 30-0 from Sixtieth Aero Squadron Friday and the All-Stars losing to A. B. Frank Co. Sunday, 7 to 0. Both of the games were hard fought and provided some interesting amusement for the fans.

Crippled by the absence from the lineup of Moore, McClung, Sikes, Baker and Merrill, the All-Stars put up a stiff game with Frank's in Sunday's fray. The visitors were a fast, hard hitting bunch, but except for the second quarter were unable to get within scoring distance.

Doshinko packed the leather over for the visitors' touchdown and then made the extra point on a dropkick. The big Indian was about the best player on the Frank team and pulled some stellar football. Heye's punting was one of the features of the fray, his kicks averaging 50 yards and better.

"Tubby" Rees held his own in kicking with the San Antonians. He averaged about as well as Heye and played good football in the line. The kicking in Sunday's contest was the best seen in some time.

Dick Smith was the star of the game. He played stellar football the entire time and his pretty work, both on the offensive and defensive, was a powerful aid to the locals. Time after time he broke through the line for substantial gains and on the defensive threw the visitors for big losses on a number of plays. Smith's passing was unusually accurate and the aerials, Smith to Gold, accounted for heavy gains on numerous occasions.

"Red" Oswalt played a steady game at left tackle and few were the gains made on his side of the line. The entire team played good football, but they seemed to be lacking in team work to a certain extent.

**SCHREINER TAKES KELLY FIELD'S SCALP, 30 TO 0**

When the 60th Aero Squadron left last Friday evening another football scalp was dangling at the gates of Schreiner Institute. After a long battle the Maroon and White had overcome the Fliers and the count stood at 30 to 0 when the timers blew the final whistle.

The local lads had the edge of the fray from the beginning. By hard work they put over the first touchdown within the first few minutes of play and added another a few minutes later. That seemed to take most of the spirit out of the Birdmen, although they put up a game fight until the end.

Owens carried over the initial counter on a line buck after forward passes and end runs had worked the ball within striking distance. The Fliers had received the kickoff, but the Schreiner bunch held them deep in their own territory and then ran the punt back for a good gain.

Quarterback Stevens was carried off the field early in the game with a bad ankle and Carmichael, a little fellow with lots of pep, went in to call the signals. The team seemed to waver for a minute or two after Stevens was taken out, but came back as strong as ever and under the second string field general's leadership put over four more markers.

"Dutch" Flory was the individual star with his line plunging and beautiful broken field running. Dutch delivered the goods when a gain was needed to hold the ball. He was responsible for 18 of Schreiner's points, packing the leather over the line three times.

Monty Owens got away with several pretty end runs, toting the pigskin across for a counter in the second period, but stepped over the side line and had to be called back. Dibrell scored the other marker on a long pass from Flory.

Ford played a steady game and was able to slip through the Birdmen's line a number of times for gains. Fawcett got away with a pass for a neat gain and put the ball within scoring distance.

Schreiner had the ball most of the time and kept it within the enemy's territory. Not a time did the Air-men get near enough to threaten the Maroon and White goal. Schreiner worked the ball to the Flier's goal line and lost the ball when within a foot of a touchdown. The game ended just as Kelly Field punted on their own 20-yard line, the oval going out of bounds about the 30-yard mark.

**TIVY HIGH TO PLAY ONLY GAME AT HOME SATURDAY**

Local followers of the gridiron sport will get to see but one game here this week end. The All-Stars will be idle Sunday and Schreiner Institute plays Brackenridge High at San Antonio Saturday afternoon.

Tivy High School will furnish all the entertainment in the single game of the week and the only contest they play at home during the remainder of the season. Potet High will oppose the local school when the whistle toots at 3:30.

A good crowd is expected out to witness the High Schoolers in Saturday's game and take advantage of the opportunity to size up the squad that held Main Avenue to a lone touchdown a couple of weeks ago.

**SILVER CUP UP IN GOLF TOURNEY ON LOCAL LINKS**

The first golf tournament at the Hill Country Golf Club opened Tuesday morning with 16 contestants entered in match play. The semi-finals are scheduled for today and the finals tomorrow.

A silver loving cup is to be presented the winner of the tourney. The trophy is being put up by "Golf Illustrated," a magazine of golf. The cup is about twenty inches high and will have the name of the winner engraved thereon.

Following are the pairings in the tournament: Bob Barry and Scott Schreiner, E. H. Prescott and Miller

Harwood, S. H. Huntington and A. C. Schreiner Jr., Chas. Kuesel and Chas. Rawson, Cecil Robinson and Payne Williamson, Ally Beitel and Chas. Mason, Dr. J. D. Jackson and S. Eastland, E. M. Peddrick and Dr. J. E. McDonald.

**ENGINEERS SURVEYING FOR KERRVILLE CONTOUR MAP**

S. K. Mason and a crew of engineers are busy surveying the city for the purpose of making a contour map of Kerrville which, when completed, will be filed with the City Clerk for future reference.

The map will be a complete survey of the incorporated city and will include street grades, curb and sidewalk grades as well as property lines. Four monuments are to be erected at each street intersection, on which will be marked the bench mark for the guidance of surveyors in the future in laying out paving and sidewalk grades as well as defining property lines.

The work is being done under the direction of W. E. Simpson, County Engineer, and Mr. Mason states that the field work on same will require about two weeks, after which it will be a matter of two or three months to complete the office work and correlate the map and field notes before filing same with the City Clerk.
