## KERRVILLE FAVORED FOR METHODIST ENCAMPMENT

General Conference Names Trustees  
and Locating Committees—Rev.  
F. A. White Returned Here.

A favorable sentiment toward Kerrville as the site of the new Methodist Encampment prevailed at the General Conference of the Methodist Church which closed in Gonzales Sunday night, according to Rev. F. A. White, who returned home Tuesday after attending the sessions as a representative with H. C. Geddie of the local Chamber of Commerce.

The Conference voted unanimously to establish a summer encampment to be put in use next June and the necessary committees, etc., appointed. It was voted to obtain a charter from the State Government as soon as the preliminary details can be arranged.

Rev. White and Mr. Geddie report that they met with approval in presenting the proposal of the local Chamber of Commerce and that the general aspect of the conference was friendly toward this city.

A board of trustees composed of ten was appointed to take over the work of the encampment and the government of same. Another committee, consisting of some 50 or 60 representatives of all branches of the church, was named to serve as a locating board and with them will rest the power to choose the site for the proposed encampment.

Although Rev. White was unable to state when the locating board would begin to function, he was of the opinion that something might be expected from them before the first of the year. In all probability the board will get itself organized as soon as possible and preliminary steps in the direction of obtaining the charter will be taken.

When the charter is granted it is thought the board will then extend invitations to the cities who wish to make bids for the encampment. Following this it is expected that the actual selection will be made after a survey of the proposed sites. Rev. White was of the opinion that these preliminaries will be disposed of at the earliest possible moment, as the construction of the encampment must be commenced early next year in order to complete it for use in June.

Both Rev. White and Mr. Geddie were very optimistic over the outlook for landing the encampment at Kerrville and were more than pleased with their reception at the General Conference. Prospects are good that this important project can be secured for Kerrville and it is thought that steps are to be taken locally as soon as possible to promote the already manifest favorable sentiment to this city.

The Conference returned Rev. White to the pastorate of the local Methodist Church for another year and this fact will be learned with favor by many people outside of the members of the local church, who are gratified to have Rev. White with them again.

On August 30th, 1923, at a meeting of the Board of Directors of the Chamber of Commerce, following a motion to this effect, the President appointed a committee whose business it was to do all in their power to promote the Fish Hatchery idea in Kerrville and vicinity, and to get one here. This committee is composed of C. E. Salter, N. B. Smith, M. E. Bogle, Howard Butt and J. L. Pampell.

The worth-whileness of any committee is determined by the result of their efforts. The Board of Directors of any organization are always encouraged to greater endeavors when the various committees in the organization are successful in their attempts to make a more progressive community.

Of all committees who have been worth-while, the result of the Fish Hatchery Committee places them Ace High, as was reported at the last membership meeting of the Chamber of Commerce.

We take this method of showing our appreciation to the above named committee, and especially to the chairman, C. E. Salter, who has given so much time and efficient personal service to this work.

BOARD OF DIRECTORS,  
CHAMBER OF COMMERCE

## BAD WEATHER INTERFERES WITH FISH HATCHERY WORK

Underground Flume Rapidly Nearing  
Completion—Lack \$300 of Amount  
Necessary to Finish.

The rainy, disagreeable weather of the past few days has interfered considerably with the work on Kerr County's new Fish Hatchery, 18 miles northwest of here. Crews were able to work but two days the early part of this week because of the mud and water.

C. E. Salter reports that the lower underground flume is rapidly nearing completion and with two or three more working days the same can be rapidly finished. The crew worked hard Monday and Tuesday installing the big pipes and are due quite a bit of credit for the work accomplished. Working in mud and water over knee deep, they succeeded in laying the first section of the flume.

Work will begin on excavation of the ponds early next week, provided the weather moderates so the laying of the flume can be completed. This work will be rushed so the hatchery can be completed in time to get in operation by December 1.

The following subscriptions had been made up until Wednesday since the last report was given:

Collins Company, \$25; W. E. Smith Co., \$25; R. H. Renschel, \$25; Thomas T. Campbell, \$25; Julius Real, \$20; Center Point Mercantile Co., \$15; Fruit Commission Co., \$10; Miss Sue Robinson, \$10; Dixie Theater, \$10; Estes Garage & Grocery, \$10; W. B. Childs, \$5; F. E. Garrett, \$5; C. J. Wesch, \$5; J. M. Bruff, \$5; W. C. Bruff, \$5; Josie B. Jackson, \$5; Geo. L. Seems, \$5; F. G. Hoffman, \$5; Miss C. Pafford, \$2.50; E. E. Dieter & Son, \$2.50; Sam White, \$2.50; K. S. White, \$2; Frank Michon, \$1.50, and the following \$1 each: Otho Morris, Tom Hagens, W. S. Patton, Ed A. Christian, E. Sublett, Wade Richardson, J. P. Powell and W. M. Jetton.

## DISASTROUS FIRE SWEEP ROCKSPRINGS TUESDAY

Blaze Starting in Drug Store Causes  
Heavy Damage—Estimated Loss  
More Than \$40,000.

A destructive fire swept the entire business district of Rock Springs, 80 miles west of here, late Tuesday night, causing a loss which first estimates placed at above \$40,000, according to reports reaching here Wednesday.

The blaze originated in a drug store and quickly advanced beyond control. Sweeping practically the entire downtown section of the little city in Edwards County, the flames laid waste the telephone exchange, the leading hardware store, the plant of the Edwards County Leader and several other buildings.

After an all night battle against the flames, which were fanned by a brisk wind from the north, the valiant fighters finally overcame the big headway and brought the disastrous fire under control. The light of day showed more clearly the scene of desolation and heaps of ashes and charred walls marked the place where but a day before had stood the thriving business district in the heart of the little city.

Reports reaching here are to the effect that little was saved in the conflagration. The entire plant of the Edwards County Leader, with the exception of the Linotype machine, was destroyed, it is said.

Business was practically suspended Wednesday morning, according to reports reaching here, because of the catastrophe. Steps are being taken, it is said, to resume business as soon as possible.

This is indeed a lamentable disaster that has befallen the people of Rock Springs, but there is no doubt that they will stage a comeback in the face of it, as did San Antonio after her destructive flood, for they are the kind of people who never say die. Nothing could be learned as to whether any relief steps were to be taken, but it is thought that this may be done.

## JUDGE JULIUS REAL SHOWS HOW GOOD SHEEP PAY SMALL OWNERS

Conducted Experiment That Realized  
Profit of More Than \$2,000 in a  
Period of One Year.

In emphasis of his contention that every farmer should keep a small flock of well bred sheep, Judge Julius Real, prominent ranchman of this section and former State Senator, recently made public the results of an experiment conducted on his ranch the past year.

The report shows that a flock of a few more than 300 sheep netted him a profit of over \$2,000 in one year's time. Judge Real maintains, however, that these results can be obtained only with the most favorable circumstances and with high grade sheep. He makes plain also that these excellent results cannot be hoped for every year.

Mr. Real has been engaged in sheep raising for something like 45 years and the experiment just closed netted the second best returns of any other year in that long period of time. He stated that even better results were

obtained on a flock some four or five years ago.

The test last July was made by Judge Real merely to show what can be done with a small flock of high grade sheep and had no advertising purpose in view. It was also conducted to prove his contention that this is one of the best sheep and goat raising sections in Texas.

The experiment was made on Judge Real's ranch about 7 1/2 miles southwest of Kerrville and covered a period of one year. Three hundred and thirty-two head of high grade, although not thoroughbred, Delaine-Merino sheep were used. The range consisted of 1,235 acres of land, 120 of which were in cultivation. In addition to the flock of sheep, 150 goats and about 100 head of cattle were also run on the same range and all of them did well, although the range is what is considered about average.

This probably sounds impossible to many people and to a number who are familiar with sheep and goats, but Judge Real accomplished his remarkable results under the above named circumstances, and he is of the opinion that it can be done again and by other stockmen as well with as favorable conditions.

"It is absolutely necessary," Mr. Real said, "to keep the animals growing, and to accomplish this constant care, and observation must be maintained." It is his opinion from years of experiment that once the growing process is interfered with, even

(Continued on Page Seven)

## EXECUTIVE COMMITTEE OF RED CROSS HELD MEETING

The Executive Board of the Red Cross met at the St. Charles Hotel last Friday afternoon and completed plans for the annual Roll Call, to be held Saturday, November 10. Dr. J. E. McDonald was appointed chairman of the Roll Call Committee and will be assisted by members of the various organizations in the city. His full committee will be announced later.

A committee was appointed to work out plans for securing a public health nurse for this community. A motion was made to have a Life Saving Class conducted next summer.

The treasurer's report for the year was made, showing a very small balance on hand. A committee was then appointed to make a survey of the city to secure an estimate of the number of ex-service men and their families who are located here in order that a budget of expenses may be prepared for the coming year.

Miss McCormack, the field worker for this district, was present and made many helpful suggestions in regard to the future of the Kerr County Red Cross.

## ARBIE BALDWIN DIED SUDDENLY IN SAN ANTONIO LAST FRIDAY

Was Ex-Service Man and Native of  
Kerr County; Funeral Held Sunday  
at Baldwin Home Near Hunt.

Arbie Baldwin, aged 34 years, died in a San Antonio hospital at 5 o'clock last Friday afternoon after an illness of but a few hours duration. Funeral services were held from the home of his parents near Hunt Sunday afternoon, conducted by Rev. J. M. Earls, pastor of the Ingram Baptist Church, and the body laid to rest in the family cemetery under auspices of the Masonic Lodge.

Decedent was a son of Mr. and Mrs. George Baldwin of Hunt, was born June 20, 1889, and had spent practically his entire life in this section. He was married to Miss Verdie Hughes, May 25, 1917. Two little girls were born to them and, with their mother, survive.

In addition to his wife and two children decedent is survived by his parents, Mr. and Mrs. George Baldwin of Hunt, a sister, Mrs. Luther York of Somerset, and six brothers, Louis and Mack Baldwin of this city, George, Vander and C. X. Baldwin of Ingram and Will Baldwin of Delhi.

The Sun joins their many friends in extending condolence to the bereaved ones in their dark hour of grief.

## MAN WHO OPENED COMFORT'S FIRST STORE PASSED AWAY AT RIPE AGE

Peter Ingenhuett Came From Germany  
in Early 60's and Had Made  
Home There Since That Time.

Peter Ingenhuett, one of the pioneers of the Comfort section, passed away at the Ingenhuett Ranch 12 miles from Comfort Monday at the ripe old age of 92 years. He had been feeble for a long period before his death.

Mr. Ingenhuett opened the first store in Comfort back in the early 60s after coming from Germany. He had been a resident of the Comfort community since that time.

Surviving the deceased are four sons, Hubert, Carl, Herman and Ernst. The funeral was held Tuesday with interment at the Comfort Cemetery. A number of local people, friends of the aged gentleman and his family, attended the last services.

KERRVILLE, TEXAS

### DERRICK AND MACHINERY BEING INSTALLED FOR NEW CITY WELL

Drilling to Get Under Way Early Next Week—Expect to Finish in Short Time With Good Circumstances.

Workmen began the erection of a derrick and the installation of drilling machinery for the boring of the new city well the latter part of last week. Actual drilling operations are expected to get under way early next week.

The huge derrick is 75-feet tall and is probably the largest seen in this section. A standard cable rig is being used for the boring of the hole. A large steam engine is to furnish the power.

A crew of six men arrived with the equipment about the middle of last week and work immediately began on the erection of the derrick and the assembling of the machinery. The derrick was about completed Wednesday night and the other equipment being installed as rapidly as possible.

It is thought that actual drilling will be commenced the first of next week, although there is a possibility that it can be done this week end. A 12 1/2-inch hole is to be bored approximately 600 feet.

With favorable circumstances the drillers hope to have the well finished in about a month. This, however, does not include the installation of the pumping equipment and the erection of a building for same. That will require about six weeks or two months longer, it is thought.

### EXPERIMENT STATION ADVISES TREATMENT FOR POULTRY ROUP

Berkeley, Calif., Extension Department Gives Information Desired By Many Local Poultry Raisers.

In response to queries by local poultry raisers County Agent T. F. White gives the following bulletin from the Berkeley, Calif., Extension Department on roup, colds and catarrh in poultry:

Among the most common head troubles of fowls are colds, catarrh and roup. Colds start with an inflammation of the mucous membrane of the nasal passages which causes a discharge from one or both nostrils. This discharge is at first clear and watery, but as the disease advances into the so-called catarrhal stage, it soon becomes cloudy, sticky, may contain yellow flakes and has a tendency to clog up the nasal passages and thicken into a cheesy mass. The accumulation in the nasal passages produces a marked swelling of the head beneath the eyes and this is the stage of the disease commonly called "swelled head" or "roup". The inflammation may extend from the nasal passages to the mucous membrane of the eyes and mouth, producing first a reddening and later the formation of masses of cheesy exudate. Other symptoms are wheezing, coughing, breathing with open mouth, etc. These latter symptoms are especially noticeable when fowls are roosting at night. Acute distress in breathing is often caused by the collection of rather firm masses of cheesy material just inside the opening into the windpipe. Cheesy material in windpipe may result from colds, canker in association with chicken-pox or as a result of some foreign material becoming lodged in windpipe opening.

Draughty and poorly ventilated houses are probably two of the most causes of "colds" and "roup". Badly located openings, cracks in rear wall of house back of roosts, etc., permit draughts to blow on the fowls at night and cause them to catch cold. Fowls are more susceptible to catching "cold" at night than while actively exercising during the day time.

Full colds among pullets are commonly produced by housing the growing birds in so-called roostinghouses and crowding each house with the largest number of birds such a house, filled with roosts, from rear to front wall, will hold. What is the result? The house is perhaps small. The ven-

### STEADY SHOWERS REPORTED OVER ENTIRE HILL COUNTRY

Rainfall in Kerrville Totals 1.35 Inches Since Thursday—Norther A Sends Temperature Down.

Steady showers have been falling intermittently here for the past few days, causing a precipitation from last Thursday to Wednesday morning of 1.35 inches. The drizzle that continued throughout Wednesday probably ran this total to 1.50.

A brisk norther blew up Tuesday afternoon and sent the temperature sliding downward. The minimum Wednesday morning was 39 degrees. Indications Tuesday night pointed to a freeze, but a moderation prevented it.

These showers have been reported to be general all over the entire Hill Country. Reports reaching here state Junction had a good rain in her territory, but telephone wires were down and nothing definite could be obtained due to communication being cut off. Bus line schedules have been abandoned because of high water in that section.

Ranges are reported to be in good shape and farmers have most of their fall crops sowed. Stock is reported to be in fine condition and it is thought they will not be affected seriously in case of a cold snap.

Junction, Tex., Oct. 30.—Heavy rains have been falling all over this country, all rivers are up. The Llano River at Junction had a 30-foot rise. No particular damage has been reported. The river was at its highest mark at 1 a. m. and is falling fast.

## RUTH MORRIS ENTERTAINS "THE LITTLE ROOK CLUB"

Miss Ruth Morris entertained the members of "The Little Rook Club" and a few invited friends at the home of her parents last Saturday evening. The entertainment carried out the Halloween spirit and was attended by about 25 of her friends.

The rooms were prettily decorated in the Halloween motif. Lighted Jack o' lanterns were suspended in pleasing effect and witches, black cats, owls and swinging apples and other spooky things were used in the embellishments.

A series of games appropriate to the season were indulged in by the guests. Among them were bobbing for apples, telling ghost stories, etc. Merriment ran high at the humorous stunts of many of the young folks in attempting to meet some of the conditions in the games.

Delicious refreshments carrying out the Halloween motif were served to the following guests: Misses Lucille and Ruth McCoy, Anna Belle Council, Alice Moore, Florence and Marie Speckles, Mildred and Elaine Williams, Annabel and Madeline

## AUXILIARY ENTERTAINS AT LEGION HOSPITAL TUESDAY

A delightful Halloween party was given at the U. S. Veterans' Hospital No. 93 Tuesday evening with the patients as the honor guests of the American Legion Auxiliary of Kerrville and the Red Cross workers in the hospital.

The recreation hall was beautifully decorated with streamers of yellow and black crepe paper stretching to all the chandeliers. The light globes were covered with enormous yellow shades decorated with Jack o' lanterns, witches and black cats, while the same figures were used on the walls and window curtains together with a profusion of autumn leaves.

Music, games and fortune telling were the amusements of the evening. Delicious refreshments of orange ice and chocolate wafers were served to one hundred and fifty guests.

## HALLOWEEN PARTY FOR SCHREINER STUDENTS

Schreiner Institute was in spookiest attire Wednesday evening for the Halloween party given for the students of the school and attended by about 175 people including pupils of Seofield school. In response to invitations sent out on yellow and black paper the masked guests began to arrive about 7:30 o'clock.

Entrance to the Administration Building, where the festivities were held, was gained through the basement doors of the front vestibule. Just inside the guests were met by Mrs. J. J. Delaney. From here they went to the stairway leading up to the first floor where they were directed up-stairs by Prof. Patterson.

The stairs and railings were decorated in Halloween motif with corn, and at the first landing was placed a large mirror. Rounding a corner they met a ghost who welcomed them with icy hands and sent cold shivers up and down many spinal columns.

Coming up the stairs onto the first floor the young people went into a

THE WEEK IN SOCIETY

HALLOWEEN PARTY FOR SCHREINER INSTITUTE

(Continued From First Page)

long dark tunnel from which issued many yells as they came into contact with ghostly obstructions which proved to be cow bells, pieces of fur, lids and pillows. Coming out of the terrifying ordeal of the tunnel the guests experienced a sinking sensation when they landed on bedsprings in the library. In this room of semi-darkness were many ghosts to meet them.

Out of the library went the sight-seers into the first study hall where a dim light showed them a number of witches. Speeding onward into the second study hall where semi-darkness prevailed, they were greeted by another host of ghosts and an electric fan. Rounding a corner into the president's office a big black cat frightened them on into the general office after they had received halves of paper pumpkins, black cats and witches to be used in finding partners.

A yellow light flooded the general office with weird shadows and in the center of the room stood two huge cauldrons sending up clouds of steam. Pumpkins, berries and other designs formed the decorations of this room. An old witch, impersonated by Miss Lipscomb of Scofield School, stood over the cauldrons and directed the young people to dip out their fortunes. The boys ladled up the papers of destiny for the girls and vice-versa and hilarity prevailed upon the reading of their contents.

From this room the guests went into the lobby where Herbert L. Crate presided. The decorations consisted of cornstalks bound to the pillars and walls, leaves, pumpkins, banners of black and yellow paper, witches, skeletons, etc. The feature of these decorations was the tall ghost which reached almost to the ceiling and whose eyes glowed with an ominous fire from a hidden electric light bulb. White light flooded the room and in here partners were found by matching the halves of the paper witches, etc., handed out by the huge black cat in the president's office. Follow-

ing the matching of partners everyone unmasked and their identity was revealed.

After being divided into four groups each section was given the name of animals such as dog, cat, and others and a peanut hunt ensued. Upon finding a goober the person imitated the animal for which his group was named and the leader collected his discovery. A box of Hallowe'en candy was awarded the winning group.

Mr. Crate followed this game with a little play called "Gathering in the Nuts" in which persons were called up from the audience and were the victims of a "sell" after quite a number had been left in various ludicrous poses.

Going from the lobby into rooms a group at a time more thrills awaited them. In the first room the parts of a cat from a cemetery were passed from one to another under a sheet while Mr. Crate, assisted by Mrs. A. C. Schreiner Jr., told a grim story of the finding of the feline and the name of each part as it was passed on. A lone yellow light furnished weird illumination for the sinister proceedings. After this ordeal the group progressed to the next room and another group went through the same process.

In the second room, illuminated by flickering candles that cast ghostly shadows on the faces of the occupants Prof. McCurdy told a hair-raising, blood-curdling story that chilled his listeners and caused many to cast glances around expecting to be grabbed by some unseen power. In the next room Prof. Oehler and Mrs. Dibrrell presided and an interesting peanut relay race took place. Salted goobers were passed down the line in spoons behind each one's back.

In the last room Prof. Patterson and Mrs. Mason displayed many famous paintings and told the story of each. Among them were "Isles of Greece" with rows of pails filled with grease; "The Cornered Linx", a trace chain in a corner; "Horseshoe Falls", when a horseshoe tumbled from a box and caused many to jump; and "The Spanish Inquisition" with a long knife whose blade was imbedded in an ear of corn.

After these spectral, nerve-racking experiences the guests were shown back to the second study hall where a buffet supper was served. Two kinds of sandwiches, spiced pickles, doughnuts and hot chocolate formed the refreshments. Assisting in the serving were Mrs. Delaney, Mrs. A. C. Schreiner Jr., the faculty ladies and the teachers of Scofield School.

As the weird hour of midnight drew near the guests departed for their homes and the first Hallowe'en entertainment at Schreiner Institute went down into the school's history as one long to be remembered.

Buckner-Beasley

A wedding of general interest to this community took place in San Antonio Monday evening of last week when Miss Edith Beasley of Junction became the bride of Walter E. Buckner of San Marcos. Rev. J. N. Young, pastor of the San Benito Methodist Church, performed the ceremony at the home of Dr. and Mrs. Dixon.

Attendees were the bride's sister, Miss Susie Beasley, Miss Patton, Carroll Dixon and Eric Gaines. Present at the wedding besides the Dixon family were three brothers and two sisters of the bride and Mr. and Mrs. Coke R. Stevenson of Junction, Mr. and Mrs. T. A. Buckner, Mr. and Mrs. W. A. Staudt and Emma Ruth Buck-

ner of San Marcos and several friends of the contracting parties.

The young couple left immediately afterward for a wedding trip to Dallas and Fort Worth after which they will be at home in San Marcos.

The bride is a daughter of Mr. and Mrs. L. Beasley Sr. of Junction and is well known in Kerrville. Mr. Buckner is one of the owners of the San Marcos Record and formerly made Kerrville his home. He is a splendid young business man and is displaying marked ability as a newspaper man.

The Sun joins a host of local friends in extending congratulations and best wishes to the young couple.

Q. V. Bridge Club

Mrs. W. G. Carpenter was hostess to the Q. V. Bridge Club at her home Tuesday of last week. Mrs. John Kolodzey was the winner of first prize and Mrs. Chas. Reifel cut the consolation.

Delicious refreshments were served to the guests, Miss Mae Carpenter assisting her mother in dispensing this hospitality.

The Club will hold its next meeting November 6 at the home of Mrs. John Droddy.

Digest Club

The American History Class "Digest Club" of Tivy High School held its regular meeting in the lecture hall last Friday afternoon. Some of the subjects discussed were: "Germany as a Victim of the World War", "Why Lloyd-George is Here", and "Jersey's Bloodless Trolley War".

In accord with the rainy day, Herman Rees and Chestney Mayhugh gave discussions on rather "wet" subjects: "British Concern in Rum Running" and "Pinchot's Bar-Hunt."

REPORTER.

"Justamere Bridge Club" Formed

Miss Dorothy Doyle was hostess Tuesday afternoon to a number of the young ladies at which the organization of the "Justamere Bridge Club" was completed. Miss Helena Brown had entertained a short time previously when the young people discussed the proposal of forming the club.

The officers elected at Tuesday's session were: Yolande Robinson, president, and Margaret Thorburn, reporter. It was decided to hold regular meetings of the club with some member every Tuesday afternoon. No prizes will be offered each week, but records of the scores made will be kept and prizes awarded at the end of each month. Announcement of winners will be made at that time. The dues were placed at 25 cents per month.

Miss Bess Booth made high score at the first meeting of the club Tuesday afternoon.

Following is the membership of the new club: Misses Yolande Robinson, Helena Brown, Mae Louise Schreiner, Kate Renschel, Bess Booth, Eina Henke, Dorothy Doyle, Maybelle Roberts, Helen Johnson, Cleone Deaver, and Margaret Thorburn; Messames, Glenn Brooks, Gober Gibson, Alois Renschel, W. C. Fawcett and Milton Gold.

Center Point Comments

News, Oct. 25th: Mr. and Mrs. Karl Mosty of Kerrville spent Sunday in Center Point. Mr. and Mrs. Harvey Mosty, of

Kerrville, spent Sunday with J. R. Hodges and family.

Mrs. W. L. Skinner and Mrs. W. M. Jetton were shopping in Kerrville Wednesday.

Mrs. John Hamlyn and children left Thursday for a few days' visit in San Antonio with Mrs. T. B. Hamlyn and daughter.

Mr. and Mrs. R. C. Aldridge and Gerald Aldridge of Kerrville visited at the home of R. J. Lang last Sunday.

Mr. and Mrs. M. K. Hood returned Monday from Dallas, where they had been to attend the State Fair. They report having had a very enjoyable time and state that the Fair is growing each year.

A telegram from Bisbee, Ariz., dated Oct. 23, informed relatives here that Jim McElroy, son of J. L. McElroy of the Center Point Mercantile Co., had met with a very serious accident at that place, in which he lost one hand. From the information available as The News goes to press, it seems that Jim was carrying some dynamite, which had something to do with the work he was engaged in, and from some cause fell, the dynamite exploded, tearing one hand so badly that it had to be amputated. A second message stated he was resting well. He is employed in a copper mine.

Dr. Mellenthin

SPECIALIST

in Internal Medicine for the past twelve years

DOES NOT OPERATE

Will be at

Travelers Hotel

Tuesday and Wednesday, Nov. 13-14

Office Hours: 10 a. m. to 4 p. m.

TWO DAYS ONLY

No charge for consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis; gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

## Fruit Cakes

This is the season of the year when the good housewife's mind  
is turning toward Fruit Cakes and plans for the big dinners  
she is planning for Thanksgiving and Christmas. In anticipation  
of this moment, we have prepared accordingly, and have on  
hand all the necessary ingredients for making cakes that will  
rival those our grandmothers used to make in the good old days.  
Fresh fruits of all kinds are on hand at all times, as well as all  
other necessary ingredients for making these delectable articles  
that delight the epicurean taste during the holiday season.  
Or, if you prefer it, we have the Fruit Cakes already baked,  
prepared especially for us and they are guaranteed to be clean,  
wholesome and satisfactory in every way.

You'll have to spike them yourself.

### KERRVILLE AND THE HILL COUNTRY LAUDED AT MEN'S CLUB MEETING

Rev. Dickey Makes Enthusiastic Ad-  
dress at St. Charles Hotel Tues-  
day Evening.

The Presbyterian Men's Club met  
in the dining room of the St. Charles  
Hotel Tuesday night and despite the  
inclemency of the weather, which cut  
the attendance of members somewhat,  
an enjoyable time was had by all  
present.

In the absence of the orchestra,  
caused by the indisposition of H. C.  
Robinson and a previous engagement  
for the evening by J. J. Charlier,  
Prof. McCurdy presided at the piano  
and the men joined together in the  
song service.

After the reading of minutes of the  
previous meeting and the transaction  
of business matters, Rev. Dickey made  
an address that was highly appreci-  
ated by all. The speaker spoke along  
the line of our city, its past, present  
and future, and predicted that The Hill  
Country is just entering on one of the  
most tremendous periods of develop-  
ment in the history of the country.

The Chamber of Commerce came in  
for a share of comment and praise  
from Rev. Dickey, as well as the dif-  
ferent civic organizations.

The speaker complimented the club  
on the stand they have taken in re-  
gard to their student loan fund, which  
this year is enabling two young men  
to attend school, and made the state-  
ment that practical religion as prac-  
ticed by the club is true religion in  
the highest sense. Further, that re-  
ligion is fundamental to education and  
is the backbone of business. He also  
made the statement that Tivy High  
School is worth more to the communi-  
ty than any institution of like capital,  
and that the future of the city was  
greatly enhanced by reason of the ed-  
ucational facilities being developed  
here. The prediction was made that  
both Scofield School and Schreiner  
Institute will be more than doubled in  
size in the next few years.

J. J. Delaney addressed the club  
briefly and tendered an invitation for  
the organization to meet at Schreiner  
Institute in the near future.

After a general discussion partici-  
pated by all present on the outlining  
of a program of studies for the com-  
ing winter, requested by the enter-  
tainment committee, and the appoint-  
ment of a committee to assist in pro-  
viding transportation facilities for the  
boys at Schreiner Institute to at-  
tend the various Sunday Schools each  
Sabbath Day, the club were served  
with delicious refreshments by Mrs.  
George Morris, and after a pleasant  
social hour adjourned, each member  
voicing the opinion that the meeting  
just closed was one of the most inter-  
esting of the many sessions held by  
this organization.

Comfort News, Oct. 25th: Mr. and  
Mrs. Hubert Schwethelm accompanied  
by Mr. and Mrs. Henry Schwethelm  
of Kerrville spent Sunday at Ingram.

### TRESPASS NOTICES

POSTED—All my lands are posted  
and trespassers will be prosecuted. L.  
A. Schreiner. 46-1fc

### Subscription Honor Roll

An Indian fighter once said, "The  
only good Indian is a dead one." A  
newspaper man changed it to say,  
"The only good subscriber is a paid-  
in-advance one." These are good ones:  
John L. Dibrell, Eratton Touze, H.  
C. Robinson, Jno. H. Ward and Mrs.  
Fred Morris, Kerrville; B. Secret,  
Hunt; N. Sherman and Roy Kemp,  
Eura; Tom Young, Ingram; Vernon  
Powell, Camp Verde; Alex J. Hamer,  
Junction; W. F. Bickenbach, Mason,  
and Mack Henderson Jr, Alamo.

### Real Estate Transfers

A. P. and J. S. Brown to Woman's  
Auxiliary to Garrett-Baker Post, Amer-  
ican Legion, 2 acres near Legion;  
cemetery conveyance.

Kerrville Independent School Dis-  
trict to J. H. Graham, N. E. 1/2 block  
54, Tivy Addition to Kerrville; \$225.  
V. O. Cople and wife to Virgil and  
Ira Cople, 640 acres out of Survey  
1244; \$6,000.

In addition to those above, 11 deeds  
conveying title to parts of Highway 27  
to Kerr County were filed.

Mr. and Mrs. A. E. Hartwell and  
son, accompanied by Mrs. E. Y. Hart-  
well of Houston arrived Wednesday  
for a short visit. Their friends will be  
glad to learn that Mr. Hartwell is in  
California and his health is much im-  
proved.

### Individual Dealer Wanted

To handle LUBRICANTS of a nationally known, old-line  
oil company, which is adopting the INDIVIDUAL DEALER  
SYSTEM to more thoroughly distribute their products.  
Ownership of car essential. Preference will be given to  
one who can devote entire time.  
This may be the opportunity you have been seeking to es-  
tablish a business of your own. We have appointed individu-  
al dealers in a large number of towns and in every instance  
they have made good.  
The successful applicant must have satisfactory financial  
rating. He can easily satisfy himself as to our responsibility.  
Upon receipt of your application our representative will call  
and outline proposition. Unless you are genuinely interested  
and capable of representing us in this territory, please do not  
put us to the expense of sending our representative to see you.  
Give full particulars about yourself in your application.

**Ford**  
Truck Chassis  
4370 422

Place board body tops, ideal for packers, plumbers and others handling heavy merchandise.  
Body types to meet every hauling requirement can be supplied.

A dividend-paying business utility—a  
title the Ford One-Ton Truck has earned  
for itself through years of re-  
liable service in diversified lines.  
Powered by the famous Ford Model  
T engine through the Ford planetary  
transmission and special Ford worm  
gear, it brings to the business man the  
lowest possible expense for operation  
his delivery service the abundant and  
power, reliable operation, and real ends on the investment of any  
economy for which the Ford product is  
notable everywhere.

It carries its load day in and day out  
with a minimum of attention. In case  
of handling adapts it for use in the  
limited areas about loading docks, ware-  
houses and construction locations.  
Giving rapid, dependable hauling ser-  
vice at low initial cost, and at the  
lowest possible expense for operation  
and upkeep, it pays the highest divid-  
end on the investment of any  
motor transportation  
equipment available  
to the business world.

**LETZ-DIXIE**

Makes home grown crops into  
a bulky mixed feed in a most  
efficient and economical manner  
at half the price of manufactured  
feed.

Every alert feeder knows that  
bulk in feed will increase milk  
or beef production fifteen to  
thirty per cent—but best of all,  
home grown crops made into a  
bulky feed with the Letz-Dixie  
reduces cost of feed twenty-five

to fifty per cent and also pro-  
serves the animal's health for  
future usefulness.

Corn stalks, kaffir corn, sheaf  
oats, alfalfa or clover hay, soy  
beans or peahay, oats, wheat,  
rye, barley, or any crops grown  
on the farm, can be cut, mixed  
and ground in one operation  
with the Letz-Dixie into a fine  
meal at a capacity of 25 to 150  
bushels per hour.

Call at our store for more information and literature.

San Antonio Express: Kerrville is sinking a second municipal well as a means of increasing its water supply and her officials have closed a contract with a firm of engineers to report on the cost, plans, etc., of installing a modern sewer system for that charming town of the hills. With her railroad employing motor car service between San Antonio and herself, with Schreiner Institute going, with a new and enviable golf course bringing joy to the devotees of that game, with more water on the way and what to do with all its refuse being determined, Kerrville is getting into the league of municipalities at one long shot. Nobody outside Kerrville itself will learn these facts with more pleasure and genuine satisfaction than the people of San Antonio. The more Kerrville and Kerr County—and all the other counties in her wide domain—grow, the more delight there will be felt in this city. Interests of San Antonio and of all San Antonio territory are so interwoven and intertwined as to be incapable of separation. San Antonio has learned that and everybody in Southwest Texas who doesn't know it already is fast learning it.

#### LAUDS FISH HATCHERY

Center Point News, Oct. 25th: The fish hatchery now being established 17 miles northwest of Kerrville is a far more important movement than many people think. Fishing is about the only real sport left that can be enjoyed by everybody alike, and unless the streams are stocked occasionally, that too, will be a thing of the past. For example, fishing on the Guadalupe has been very bad this year, tourists have camped on its banks and worked hard to catch a mess of fish. Many of them had no luck and went on in search of a better fishing stream. The river is being rapidly depleted of fish and the time is almost here when one would do well to catch a half dozen fish large enough to keep in a full day's time. No true sport will keep a baby fish of any kind.

The fish hatchery is calculated to furnish enough fish to stock the Guadalupe and furnish some fish for the tributaries of the Guadalupe. It is said the hatchery next year will furnish about 300,000 fish. Compare that amount with the ten or fifteen thousand that have been available heretofore from outside sources, and think what a difference there will be in fishing in just a year's time.

Many Kerr County people said a fish hatchery could not be established in the county, they said the money could not be raised, but one man said it could be done and he has worked hard to do that which the majority said could not be done. Today the hatchery is under actual construction and that same man left his business and is "camping on the job" to assist in the work and see that it is done right.

And when the work is finished and the hatchery a reality, who will be due the credit? A newspaper man, C. E. Salter, of the Kerrville Mountain Sun. Others have worked faithfully since he started the agitation in earnest, and of the \$2,500 required for establishing the hatchery, Kerrville people subscribed \$2,100.

Quite liberal for the people of Kerr County's metropolis, as it will mean something directly or indirectly to

every citizen of the county. Most all the business interests of Center Point subscribed some to the movement.

### Buick Open Cars are Stormtight

Perfect protection is provided from rain and wind. The lower frame of the windshield fits into a permanent rubber grommet. Moulded rubber seals every joint between the frames and posts. At the top a new weatherstrip, steel reinforced, excludes all air that might enter between the windshield and top, and side curtains button to the windshield, instead of the posts, covering the slight crack between them.

In addition to these and numerous other refinements, Buick four-wheel brakes afford a greater degree of safety on all models.

"What shall I render unto the Lord for all His Benefits towards me? I will pay my vows unto the Lord."

**CATHOLIC CHURCH NOTES**  
By Father Kemper

**FOUNDER'S REQUIEM**

Only twice a year is a priest permitted to offer the Holy Sacrifice of the Altar three times on the same day, viz., Christmas and All Souls' Day. This latter feast falls on November 2. Accordingly tomorrow (Friday) the first Mass will be at 6:30 a. m. in the Convent Chapel. This will be followed at 7:30 a. m. in St. Mary's Church by a Requiem High Mass for the deceased friends and benefactors of the parish. Finally at 8:30 a. m. in the Mexican Church a third Mass will be offered for the founder of Notre Dame Institute and Our Lady of Guadalupe School.

Today, November 1, is All Saints', or All Hallows' Day. Being a holy day of obligation, services are scheduled in St. Mary's Church for 7 a. m. and an hour later at the Guadalupe chapel. No classes will be conducted at either school.

**Navy Day**

Last Saturday at Notre Dame a double national holiday was commemorated, namely Teddy Roosevelt's birthday, and also Navy Day. "Old Glory" floated from her lofty flag-pole at the Catholic Church.

Full particulars about the Halloween Carnival will have to be chronicled later. At present writing the donations of costly articles for the various booths are streaming in with astounding generosity. Sister Mary Baptist, formerly connected with our school, sent us one of her largest paintings, on which a valuation of \$100.00 was set by artists at Eagle Pass. Other Sisters remembered us with costly fancy work. Mrs. W. G. Carpenter and her gifted daughter, Mae, contributed a beautiful piece of needlecraft. To all donors and co-workers the Sisters wish to express their heartfelt appreciation.

Three nuns from St. Mary's Sanatorium at Boerne inspected our school last Saturday, viz. Sisters Hubert, Dunstan and Peter Nicholas. With them came Rev. J. Rainville and a tubercular Canadian priest.

**Personals**

Maurice A. O'Donnell was admitted in the Legion Hospital last week.

Edison Hooks, who was a patient in the old Legion Hospital, returned to Kerrville with his wife, known here as Jennie Smith Martin.

Mrs. Bruno Schott is entertaining Mr. and Mrs. Alois B. Fuchs of Rosebud.

Another veteran, John Hugh Campbell came here with his wife, and both

were cared for in St. Vincent's Cottage.

Mr. and Mrs. Rudolph Staudt had for their week end guests, Alois Hartmann of Fredericksburg, and Mrs. A. N. Brandes of Victoria.

Ramon Castillo paid a hurried trip to his parents in Lacoate. With him as far as San Antonio, motored Warren D. Graham.

**Card of Thanks**

We wish to express our sincerest thanks to our friends, neighbors and acquaintances for their sympathy and assistance at the death of our beloved son, brother and husband, Arbie Baldwin. We also wish to thank the Masonic Lodge and those who contributed the many beautiful floral offerings.

THE FAMILY.

**ROBS CALOMEL OF NAUSEA AND DANGER**

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed, Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement, 28-40c).

**BEFORE you buy an unknown tire at what looks to be a low price, compare the cost with these low prices on Good-year Wing-foot Tires:**

30 x 3 1/2 Cl. Fabric	\$ 9.20

**Queer Feelings**

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

**CARDUI**  
The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles. I . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere. R 9

**EPISCOPAL CHURCH NOTES**  
By Member

Last Sunday was a great day with us. Bishop Capers addressed the Sunday School and praised it for the work it was doing, but believed all the Sunday Schools in Texas could be greatly increased in size and efficiency if we only believed more sincerely in our Churches and the work they could and should accomplish in bringing in the Kingdom of God; deploring the fact of how little the Bible is read and studied, telling how when visiting a lady one day, she invited him to join the family playing the new Chinese game, which he did and enjoyed, as he thinks all social games good in their proper place. She told him that she had worn out the books studying the game; he could not help thinking how much better and wiser it would have been had she spent the time studying any book in the Bible and learning something that would help her, not only in this life, but through all eternity.

At 11 o'clock the Bishop preached a powerful sermon taking for his text, "Christ Is Risen," proving that we shall also rise again, going on to say it seems only reasonable to expect that our souls will arrive on the other side much as they leave this life. We should not be content with barely saving our souls, but so conduct our lives here that we can enter into eternal life prepared to be of some use in forwarding God's purposes, that as for him, he wanted something higher, i. e., to be a real man with a real man's work ahead of him in the Eternal Kingdom of God.

At 7:30 p. m. a class of seven adults and four children were confirmed, after which a splendid sermon was preached on "What Then Will You Do With Christ"—Pilate realizing who Christ really was, yet politician that he was, he was afraid to stand for what he knew to be right and at the solicitation of the rabble released Barabas, who typified sin. Which are we doing, following Christ or Barabas? All people, in the depths of their hearts, believed in Christ, but so many of us are not willing to give up our fleshly and selfish desires, take our cross and follow Him thereby securing lasting and eternal happiness through serving Him, if we really believe in Christ we should support his work with our means and lives, not just give Him the left-overs. I have neither the ability nor space to more than touch on the wonderful lessons in these sermons which I wish all of our citizenship could have heard.

Mrs. J. L. Pampell and Mrs. McFarland sang lovely solos in the morning as did Mrs. Hines at night and the little children did their best.

Our ladies are hard at the annual bazaar which will come off Nov. 10, the proceeds go to our Home and Foreign Mission Work.

**Card of Thanks**

We want to extend our heartiest thanks from the depths of our hearts to one and all who have sympathized and helped us so truly at the death of our dear and beloved son, Harry Paul Ottmers; also for the many beautiful flowers and garlands that were presented.

A. D. OTTMERS AND FAMILY.

**NATURE TELLS YOU**  
As Many a Kerrville Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Kerrville people testify to their worth. Ask your neighbor.

Tom Eaton, farmer, Kerrville, says: "My kidneys were in a bad fix. I had such severe backaches and soreness across my kidneys I could not do much stooping or lifting. Mornings I was stiff and lame and at times I had sharp catches in my kidneys and the secretions passed irregularly. I heard of Doan's Kidney Pills and used them, getting my supply at the Rock Pharmacy. It was not long before the pains and aches left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

**Notice by Publication in Probate**

**THE STATE OF TEXAS**  
To the Sheriff or any Constable of Kerr County, Greeting:

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for ten days previous to the return day hereof, copies of the following notice:

**THE STATE OF TEXAS**  
To all Persons Interested in the Welfare of Alice Acox, a Minor:

Ernest F. Everett was by the County Court of Kerr County, Texas, on the 26th day of July, 1923, in vacation, duly appointed Temporary Guardian of the person and estate of said Alice Acox, a Minor, which appointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in November, A. D. 1923, the same being the 5th day of November, 1923, at the Court House thereof, in Kerrville, Texas, at which time all persons interested in the welfare of said Minor may appear and contest such appointment, if they so desire.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Kerrville, Texas, this 16th day of October, A. D. 1923.

JNO. R. LEAVELL,  
Clerk, County Court,  
Kerr County, Texas.

Mr. and Mrs. Claud Brown returned to their home at Sanger last Friday after a visit here with Mr. Brown's parents, Mr. and Mrs. W. S. Brown.

METHODIST CHURCH

(By Member)

The Methodist Annual Conference at Gonzales closed last Sunday night, at which time the appointments of pastors were made and we of Kerrville were delighted to learn that Dr. F. A. White was returned to us for another year.

This Conference created the West Texas Assembly Association, whose purpose will be to locate and control a Methodist Encampment within the

bounds of the Conference; and a board was appointed and empowered to select a location and proceed with the work of establishing and operating our encampment assembly.

This board will obtain a charter at once and proceed in a legal way.

Some, if not all of the members of this board will visit Kerrville soon with a view to selecting the location. With this prospect as an impetus, let us make a fresh start in our work at Kerrville. Let us build up our church spiritually and financially and make this coming year a record one.

It would be fine to see every Methodist in Kerrville present to services next Sunday, both for Sunday School and 11 o'clock service. And let us go with faith and a mind to achieve great results.

Miss Mae Carpenter spent Saturday and Sunday in San Antonio.

CHAS. MOSEL Plumbing and Sheet Metal Work Reasonable Prices—Efficient Workmen Sidney Baker Street—Opposite St. Charles Hotel KERRVILLE, TEXAS

### SCHREINER TO TAKE ON FAST SAN MARCOS ACADEMY FRIDAY

One of Strongest Elvens in State Academic Football—Institute Regulars in Excellent Shape.

Schreiner Institute will take on the strong San Marcos Baptist Academy eleven on Schreiner Field Friday afternoon after an idleness of two weeks. The game is scheduled for 4 o'clock.

The Baptists are considered one of the strongest teams in State academic football and have a team of veterans that have been making good for the past several seasons. Brackenridge High, who won from Schreiner 19-8, went down to a 7-6 defeat at their hands recently in San Antonio and Academy held the Southwestern Pirates to a low score at San Marcos two weeks ago.

The regular Schreiner lineup is expected to go into Friday's game as the two weeks' rest has enabled most of the cripples to recover and hopes are running high at the Institute.

It is expected that the Bobcats will bring a crowd of rooters with them and a good turnout of local fans is looked for. It will be Kerrville's first opportunity of seeing a college football team in action in this city.

Eugene Dotson of San Antonio, former Baylor University star, will referee the game. Guy Moses of Southwestern will umpire and "Red" Oswalt of Mississippi A. & M. will be head linesman.

### ALL-STARS DROP HOT CONTEST TO GOVERNMENT HILL ELEVEN

Locals Outplayed Visitors in Every Phase of Game—Fluke Gives San Antonians Winning Touchdown.

The All-Stars met their second defeat of the season Sunday afternoon when the strong Government Hill team of San Antonio took advantage of a break in their favor and put over the winning touchdown on one of the most peculiar flukes ever seen in local football. A muddy and slippery field slowed the contest down considerably.

The general opinion seemed to be that the domestics outplayed their opponents practically the entire game, although their superiority was more pronounced in the last half.

Due to the slow field the game was largely a punting exchange with forward passing tactics being worked a great deal. Neither team was able to make big gains through the line.

The Hillmen scored their counter in the first half when an end blocked a pass that Dick Smith had started, the other end scooping up the ball before touching the ground and raced 30 yards down a clear field for the counter.

The locals came near pulling the game out of the fire in the last period when Gold completed a 30-yard pass, but fell in his attempt to catch the ball. Two San Antonians pinned him down before he could advance further than the 2-yard stripe. With four downs in which to carry it over the Hill line stiffened and the domestics were thrown for losses twice. The third attempt, a forward pass, was

grounded behind the line, giving the San Antonians the leather on the 20-yard mark.

Manager Redwine announces that the strong Brooks Field team from San Antonio has been booked to provide the entertainment next Sunday at 3:30 at the Baseball Stadium. Reports reaching here are to the effect that the army eleven has five letter men from West Point and the All-Stars will have a battle on their hands. Prospects are good for a hard fought and interesting game.

#### Bouquet for All-Stars

In its story of the football game between the All-Stars and the newly organized Fredericksburg eleven, the Fredericksburg Standard gives the following compliment, which is appreciated by the local gridders:

"Our boys are loud in praise of the good and clean sportsmanship shown by the visitors and even though they may be considerably bruised up, they are much the wiser after this, their first game. The All-Stars showed splendid team work and good interference."

#### EXPERIMENT STATION ADVISES ON POULTRY ROUT TREATMENT

(Continued From First Page)

tilation is poor either because the ventilator openings are too small or because the owner closes the house up rather tightly at night in the mistaken notion that the cold night air will chill the birds. The moisture and heat given off by the breaths and close packed bodies of so large a mass of birds in such confined quarters, causes the temperature and humidity of the air in the house to rise rapidly during the night. Daylight is the coldest hour of the day and in the fall it is decidedly crisp at this hour. No matter how cold it is, however, fowls "get up" at daylight. Imagine then the effect on the fowls emerging from the close, fetid atmosphere of such a crowded, poorly ventilated roosting coop, at daylight into the chill, crisp out-of-doors. Is it any wonder they become chilled and sit around the yard in huddled bunches for an hour or two till the sun warms the air up? Is it any wonder that fowls housed in such a way catch cold and develop epidemics of roup? Have you ever entered such a roosting place an hour before daylight? If you have, would you call it a health-promoting atmosphere? Many valuable things can be learned about raising poultry after dark. Dampness, such as damp floors, etc., is also a prolific cause of "colds" and "roup".

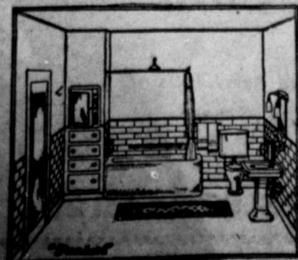

In dealing with "colds" and "roup", PREVENTION is more important than CURE. In well managed and cared-for flocks, these diseases are never sufficiently prevalent to cause much concern. Therefore, it can readily be seen that prevention is comparatively simple. If houses are so constructed as to be free from draughts, well-ventilated to provide plenty of fresh air, are not over-

#### CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

## GUARDIAN OF THE COMMUNITY'S HEALTH

Preventing sickness is even more important than the cure! Modern Sanitary Plumbing is the first line of defense against disease. Unfailing supply of pure water, both hot and cold; ample bathing and toilet facilities; proper sewerage and house drainage are essential to health—yours and the community's—every day.

LET US SERVE YOU

W. B. BROWN

crowded, are kept dry and clean and the fowls are fed properly, very little trouble with "colds" and "roup" will be experienced. General sanitary precautions which apply to all infectious diseases apply also to "colds" and "roup". These consist of cleanliness at all times and proper disinfection of houses, yards, drinking vessels and hoppers; immediate removal and destruction by burning of all dead birds; the quarantining for at least two weeks of all new stock and stock exhibited at poultry shows before turning them with the rest of the flock.

Bad management will greatly increase the menace from colds and roup when once started, whereas intelligent management will aid greatly in bringing the disease under control. This disease can be largely prevented by providing dry, comfortable, well ventilated houses, free from draughts and by breeding constantly for health and vigor.

To treat affected flocks immediately administer epsom salts dissolved in water at the rate of one pound salts in six quarts water for each one hundred birds, fifteen weeks to six months of age, or the same amount for each one hundred twenty-five birds over six months old. Give this solution as a drink about 2 p. m. and allow fowls no other water till all of the salts solution is consumed.

Also give in addition to regular morning and evening feeds of scratch grain, an abundance of green feed and a rather bulky mash containing one ounce of the following tonic to each five pounds of mash: Pulverized Gentian, 1 lb.; Pulverized Ginger, 1/4 lb.; Pulverized Salt Petre, 1/4 lb.; Pulverized Iron Sulphate, 1/4 lb.; Pulverized Nux Vomica, 1/4 lb. This mash may be fed dry in self-feeding hoppers. In cold or damp or otherwise unfavorable weather, an additional scant feeding of this mash in a dampened, crumbly condition can advantageously be fed at noon. If possible use buttermilk to moisten this mash and add finely cut tender greens or roots. Feed this tonic only as long as is necessary to clear up the colds or catarrhal condition.

Put potassium permanganate in all drinking water during period of treatment. Use just enough to give water a deep wine color. Potassium permanganate is an antiseptic which tends to prevent the spread of this disease through the drinking water. Buy the commercial and not the chemically pure drug.

Except in the very early stages of "colds" it is usually necessary to isolate affected birds and to give individual treatment in addition to the flock treatment recommended above. Each bird is treated (1) by pressing the nos-

trils together between the thumb and forefinger in the direction of the beak, to squeeze out as much of the discharge as possible, (2) cleaning out cleft in roof of mouth with absorbent cotton and (3) injecting pure tincture of iodine into each nostril and cleft in roof of mouth with a medicine dropper. Cheesy matter that may form in mouth, windpipe opening or eyes must be removed and iodine applied to affected parts. Repeat treatment daily till cured. Tincture of iodine will not injure eyes.

Among other remedies which may be used in place of iodine and which are quite efficient is the following: Olive Oil, 1 ounce; Salt, 15 grains; Boric Acid, 15 grains; Eucalyptus Oil, 5 drops.

Swelling beneath the eyes can be treated by making an incision through the skin over the swelling, removing all cheesy material and packing the cavity with absorbent cotton saturated with tincture of iodine. If the cavity is not packed, the incision in the skin will quickly heal, the cheesy material again collect, and no benefit will be derived from the operation. The pack must be removed, the cavity cleaned and a new pack put in every four days as long as the cheesy matter continues to collect. Fowls with "swelled head" or "roup", seldom can be cured in less than a month and frequently not in less than two or three months. Therefore, unless a fowl is unusually valuable, destruction is more economical than treatment.
