## TIVY HIGH COMMENCEMENT EXERCISES TO BEGIN FRIDAY

Nine Girls and Four Boys Complete Course—Commencement Address by Dr. Jeremiah Rhodes.

Next Tuesday evening thirteen young people, nine girls and four boys, will graduate at Tivy High School. This is one of the best graduating classes Tivy has turned out in years, consisting of the flower of the Hill Country's young people.

The commencement services will begin next Friday evening at the St. Charles Hotel, when the Juniors will entertain the Seniors in the annual Junior-Senior banquet.

Saturday night at the High School auditorium will be staged the class night exercises, at which time the class oration, class poem and other features by the graduates themselves will be presented.

Sunday morning at 11 o'clock in the auditorium of the Presbyterian Church Rev. Robertson, assistant pastor of St. Marks Episcopal Church in San Antonio, will deliver the baccalaureate sermon. All who have heard Rev. Robertson say that he is an eloquent speaker and indications are that the large auditorium of the Presbyterian Church will be filled to capacity at this service.

Monday night at the High School auditorium the Senior Class play, "Out of Court," will be presented. The pupils have been working hard for several months on this production and all who attend are assured a treat.

Next Tuesday night at 8 o'clock the graduating exercises proper will be conducted at the High School auditorium, with Dr. Jeremiah Rhodes, superintendent of city schools of San Antonio, delivering the commencement address. Dr. Rhodes is a nationally known figure in educational circles, and the local schools are indeed fortunate in securing his services on this occasion.

The speaker will be introduced by E. Galbraith and the diplomas will be presented by John Ward, both members of the School Board. In addition there will be several addresses given, besides musical numbers interspersed throughout the program.

Also at this time announcement will be made as to the honor students in the primary and secondary grades. The prize cannot be determined until the final papers are graded.

The senior class of Tivy High School consists of thirteen members. A number of these young people entered school in the first grade together and have many tender memories. Not a few wistful thoughts creep in among the happy ones that surround them at this time.

The personnel of the class is as follows: Miss Otha Albe, daughter of Mr. and Mrs. Frank Albe, entered Tivy in the eighth grade and has been one of the most faithful and studious pupils during the four years she has been here. Otha hopes to take a business course next year.

Miss Anna Belle Council, daughter of W. L. Council, entered Tivy School in the primary and has always been one of the most brilliant pupils, not only having ranked the highest on the debating team, she was chosen class poet and also was one of the few who received a certificate for accuracy in typewriting. Anna Belle will enter the State University next fall.

Miss Lucille McCoy, daughter of Mr. and Mrs. L. W. McCoy, also entered Tivy in the first grade. She has always been an excellent student, though music is her chosen subject. Lucille has been the school pianist for a number of years and is very generous with her time and talent. She was one of the members of the music team which represented Tivy at the Track and Literary Meet this year. She will also enter Texas University.

Miss Ada Nance, daughter of Mr. and Mrs. A. Nance, entered Tivy in the seventh grade. However, her particular subject is Spanish. She was chosen class prophet and was also a member of the tennis team. Ada will probably enter a business college this fall.

Miss Alice Moore, daughter of Mr. and Mrs. J. T. Moore, stars in all the school plays as well as in bookkeeping. She played basket ball for a number of years and has always been a favorite pupil with her classmates.

Miss Margaret Morris, daughter of Mr. and Mrs. A. G. Morris, has had a number of honors besides that of an accomplished musician, having been a member of the spelling team and being selected to write the class will. Margaret will enter C. I. A. this fall.

Miss Mable Hardin, daughter of Mr. and Mrs. A. B. Hardin of Hunt, is the youngest member of the class, being only sixteen years old. Mable is a member of the Glee Club and possesses a very musical voice. She will also enter C. I. A.

Miss Minnie Smith, daughter of Mr. and Mrs. A. Smith of Mountain Home, is a graduate of the Sunset School, and has been with this class just one year. She will take a teacher's course at Westmoreland College.

Miss Lucille Taylor, daughter of Mr. and Mrs. D. C. Taylor, has been a student in Tivy since she was in the second grade, and has always been

one of the most enthusiastic members of the student body. She has been a star basket ball player, having twice been captain of the team, and was a member of the tennis team. She is also class secretary. Lucille will enter C. I. A. next year.

Obie Griffin, son of Mr. and Mrs. D. S. Griffin of Hunt, is one of the members of the last year's graduating class at Hunt. Obie is known throughout school as a humorist and

## NOVEL STUNTS FEATURE C. OF C. MEET AT LAKE SIDE

Pageant of Progress Shows Good Work of Organization in Past—Losing Team Pays Heavy Penalty.

Graphic portrayals of the work of the Chamber of Commerce and its broad plans for the future was the feature of the social membership meeting of the organization at Lake Side Park last Friday evening.

More than 100 members with their wives or lady friends were in attendance at one of the liveliest meetings of recent months. No business matters were taken up during the program.

The biggest feature of the entire program was the penalty inflicted on the losing membership team captained by L. W. McCoy. The event was the final number on the program.

Ben Smith, who was the original captain of the team, but who was prevented from active work in the drive because of illness, displayed his true sportsmanship when he refused to be excused from the penalty and took punishment with the losers.

Both teams were lined up on the stage and L. W. McCoy as leader of the losers made a brief speech of homage to the winners and presented them with a box of candy. Imagine their expressions and antics when they found they were the victims of an old trick—the candy was "loaded" with soap, sawdust, and other similar ingredients! And they all bit!

Then came the real punishment. A table was placed before the losers and Walter Saenger's warriors were permitted to squat gracefully on the floor and witness the proceedings.

Small lemon pies, Wolfmueller's famous, were then placed on the table in front of each man. With hands behind them and no implements but those Nature provided on the face, the losers then attacked the pies.

The audience roared, rolled and shrieked, contorted, and did about everything else because of the ludicrous sight presented by the pie-eaters, not a one of whom appeared

## HOSPITAL DAY OBSERVED MONDAY WITH SPECIAL PROGRAM AT LEGION

Band Concerts, Tournaments, Movies, and Other Amusement Feature Day at Institution.

A special program of amusements marked the observance of National Hospital Day, the hundred and fourth anniversary of the birth of Florence Nightingale, at U. S. Veterans' Hospital No. 95 Monday.

Distribution of flowers to all wards by the American Legion Auxiliary of Kerrville, visitors' period and an address by Dr. H. Y. Swayze of this city were the main features of the morning program.

Band concerts rendered by the Fourth Field Artillery Band of Fort Sam Houston, under the direction of Joseph Studney, arranged by the Red Cross, and the selections given by the Post Orchestra, composed of Mrs. C. E. Schwarz, Mrs. J. J. King and Harold Jones, were greatly enjoyed by the patients and visitors.

Athletic events under the direction of the Red Cross were held immediately after lunch. The clock golf match was won by E. E. Brewer, who received as a prize an order for merchandise on Chas. Schreiner Co.

Russell Bradley won the quilt pitching and was awarded a \$5 gold piece as a prize, presented by the First State Bank.

The checker tournament was won by D. D. McGilvray, who was given a belt and silver buckle by Lee Mason & Son.

The chess tournament ended with D. L. Ward as winner. He was presented with an order for merchandise at Rawson's Drug Store.

R. W. Miller was the winner of the domino contest, receiving as a prize two sets of fishing tackle given by Pampell's.

A motion picture show featuring Betty Compson in "At the End of the World," was presented by the Red Cross at 7:30 p. m. and concluded the program for the day.

Light refreshments of fruit and punch were served to patients and visitors throughout the day in the Recreation Hall. Several crates of oranges were sent from San Antonio by Rev. Sid Williams.

Hospital Day favors in the form of tiny printed cards were given by the Red Cross to all visitors.

## RIO VISTA, CHARACTER CAMP FOR BOYS

In the Hill Country of Texas, on the headwaters of the beautiful Guadalupe River, where days are sunny, the climate is healthy and bracing, a man who for thirteen years has been a leader of boys and has had charge of boys work in Y. M. C. A.'s in several states, has established Camp Rio Vista, a summer character camp for boys. This man is Herbert L. Crate, former secretary of boys' Y. M. C. A. work in Mississippi.

Opening June 10 for its third summer with equipment and facilities greatly increased, Rio Vista offers to boys of the Southwest twelve weeks of camping out under conditions conducive to character building, physical development, education and wholesome play under the direction of a corps of carefully selected leaders and instructors.

Camp Rio Vista is situated on the banks of the Guadalupe River ten

miles northwest of Kerrville, far enough removed from summer resorts and the attractions of the cities to insure proper supervision and freedom from molestation of visitors and tourists, the bane of any worth-while camp.

Camping out under ideal conditions which safeguard a boy's health has ceased to be regarded as a fad and is now considered a necessity. Well-planned and well-managed summer camps for boys fill the need for recreation from strain of the winter months and of building up the boy for the coming year.

An appreciation of God's great out-of-doors; the smell of the cedar log of the camp fire; the weird sounds in the hush of the night; the star-studded canopy of heaven; self-reliance in the knowledge of swimming; the zest of

(Continued on Page Seven)

## UNUSUAL COLLECTION OF HEIRLOOMS PROPERTY OF MRS. E. B. WILLIAMS

Books, Papers, Letters and Souvenirs Dating Back to Early Days of Nation in Assortment.

Did you ever picture in your mind's eye the scene of the early days of the United States, helped in such picturization by books, personal letters and souvenirs of those times, some of historical value, others of a personal family nature, but all so vitally interesting as to bring clearly to your imagination the stirring times through which our forefathers passed immediately following the Declaration of Independence?

Such was the experience of The Mountain Sun man last Saturday when he spent a delightful two hours in the home of Mrs. E. B. Williams, 1328 Jefferson Street, going over with her books, papers, letters and souvenirs that have been handed down in her family for generations.

Some of the books in Mrs. Williams' possession date back as far as 1759; part of them are school books used by her forefathers, and some are magazines of current world events of those times; newspapers so old that they are yellowed with the passing years, yet withal so well preserved that the printing is easily legible, containing articles from the pen of such men as Daniel Webster, Benjamin Franklin, and others who had prominent parts in National affairs of those days.

Mrs. Williams' great grandfathers, Thomas Harney and Adam Frailey, were men of prominence in those days and it is from these relatives that the heirlooms have descended.

Thomas Harney was a major in the Revolutionary War and interesting indeed is the old bullet mold which he used to cast the balls used in the old muzzle-loading musket with which he helped create this country in which we live.

Another relic that descended from him is an old fashioned oil lamp, used before even candles became popular. It is constructed so that it could easily be suspended from the logs of the cabins and a cotton wick lying over the edge furnished the illumination absorbing the oil in the iron container of the lamp. Of a little later vintage and of a more aristocratic nature is the candle snuffer, which in later years he used.

Possibly one of the most interesting relics handed down through the years is the Masonic apron that belonged to Thomas Harney. It is of the lamb's skin and is remarkably well preserved. No record has been found as to what Masonic lodge Mr. Harney belonged, and the writing on the back has been dimmed by the passing years so that one cannot read the date on which he was made a Mason. However, the old family Bible gives the information that he was born April 18, 1762 and died July 16, 1813, so it is almost certain that the apron was bestowed upon him either in the latter part of the 17th century or early in the 18th. Mrs. Williams thinks he joined the lodge in Wilmington, Delaware, and later moved to Tennessee, then the frontier, where there possibly was no Masonic lodge available to conduct the burial services at his death, which would account for the apron remaining in the family instead of being buried with his body, according to the Masonic customs.

Other interesting relics are from the other great grandfather. A white satin vest, hand embroidered, which was worn by Adam Frailey on the day which he was married to Susanna Rumsey in 1794, together with the bride's wedding slippers, of stain cloth and hand made, give an inkling into the proper thing to wear in those days. Possibly of more interest, especially to the ladies, is the counterpane Miss Rumsey made and embroidered by hand before her marriage. The cloth from which the spread was made was imported from London, but the embroidery thread used was made and dyed by the young lady.

Personal letters of that period are an interesting study nowadays. While

## SELF'S JEWELRY STORE COMPLETES TWENTY-FIRST YEAR OF SERVICE

Opened for Business May 13, 1903, in Old Rock Drug Store; Growth Is Rapid and Substantial.

Tuesday, May 13, marked the twenty-first anniversary of Self's Jewelry Store. After more than two decades of service to patrons, the present handsome business house with the large stocks of various lines is a far cry from the little corner in the old Rock Drug Store building occupied by Self's in the early days.

A stranger alighted from the 12:20 train April 30, 1903, and looked, with an eye of disapproval, at the old dilapidated passenger depot of Kerrville. A few minutes passed and "Braggin's Bus" stopped in front of the St. Charles Hotel, where one of the very few well kept lawns was pointed out to the stranger with the statement that it was the prettiest spot in the city.

This stranger was looking for a place where he might regain his health—get rid of a little "throat trouble"—and earn a living for himself and family.

A few trips over the surrounding country and a liberal inhalation of the Heart o' the Hills pure air convinced him that he had found the place for which he had been looking.

On May 13 the little stock of jewelry, tools, materials and the good will of Chas. S. Self became the possessions of A. E. Self, who in his first ad in the Mountain Sun said, "Shake! I am the new jeweler of Kerrville."

The jewelry store at that time occupied one corner of the old Rock Drug Store, and consisted of one small show-case, one work bench and such push and energy as the proprietor possessed. Though the new jeweler was also a graduate optometrist, the optical business was not pushed any because there was no room for testing eyes. The kodak finishing was confined to his own individual developing and printing.

Five years in the Rock Drug Store, with such additional space as could be obtained, found more room absolutely essential to the growing business. M. F. Weston was induced to erect a building on Earl Garrett Street, where Self's as an independent store opened up in the spring of 1908.

Six years later, kodak finishing having been taken up and more at-

(Continued on Page Eight)

## LEE MASON & SON OBSERVE NINTH ANNIVERSARY OF FOUNDING TODAY

Ford Dealership Taken Over From A. T. Adkins in 1915—Present Plant Much Larger Than Original.

Lee Mason & Son, local Ford dealers, are today celebrating the ninth anniversary of the formation of the firm. Lee Mason, in partnership with his son, Charles L., took over the Ford agency from A. T. Adkins May 15, 1915.

By using energetic methods and consistently pushing their business they have built up and grown until today their plant is more than four times greater than the original garage.

When first Lee Mason & Son opened for business at their present location the space occupied by the entire enterprise was that part now used for the lobby, office and parts room.

The building has been enlarged four times during the past nine years to take care of the trade that has grown steadily from the beginning.

Although details of plans are not at present being given out, it is understood that by next spring a drive-in filling station will be erected on the corner lot adjoining their service station, conforming in design to the present building.

With its completion the amount of floor space will practically double the present capacity.

## A Question of Service

Copyright 1922 by W. C. S.

CHIMES  
—the hour  
—the quarter  
—the half  
—the three-quarter

"SERVICE"—what does that word mean to you?

Does it mean a real personal interest in your welfare? Or is it just another name for "politeness"?

"Service" at this bank means a keen personal interest in your success and a readiness to do all any bank can do to help you win success.

"Service" with us means prompt and careful attention to all the details of your dealings with us.

"Service" here means good banking methods so that your funds are always safe in our care. It means protection in all your banking.

Isn't that the kind of service you want?

KERRVILLE, TEXAS

## GUN IN HANDS OF HUSBAND ACCIDENTALLY KILLS WIFE

Mrs. A. Z. Acree Victim of Tragedy Near Here Wednesday—Fatal Shot Fired While She Slept.

Mrs. A. Z. Acree was killed while she was asleep Wednesday morning by the accidental discharge of a rifle in the hands of her husband.

The tragedy occurred about 5:30 o'clock at the Acree home on the A. J. Norwood place on Turtle Creek, 11 miles south of Kerrville.

Mr. Acree had arisen just before daybreak without arousing his wife and was to join a brother to go to the field for a hunt. He had taken the gun, a .32 caliber Winchester, from its rack on the wall in a room adjoining that in which his wife was sleeping.

In leaving the room he stumbled against an incubator in the darkness, falling across a rocking chair. The rifle struck an arm of the rocker, causing it to be discharged.

The bullet passed through the open door and entered the top of Mrs. Acree's head, ranging downward and coming out through the mouth. Death was instantaneous, physicians believe.

An inquest and post-mortem examination were held as soon as officers and a physician could reach the scene and a verdict of accidental death from gunshot wound was returned.

Mrs. Acree was 43 years of age and leaves, besides her husband three children, two sons and a small daughter.

At a late hour Wednesday funeral arrangements were incomplete, as the relatives were awaiting the arrival of Ellis Carter, a brother of the deceased, who was expected to arrive from Carlsbad either late Wednesday evening or early Thursday morning. Mr. Acree, however, stated that the body probably would be taken to Hempstead, the old family home, for interment.

While the Acree family have only resided in the community a short time, they have made a host of friends who join in expressions of sympathy to the husband and children over this sad accident.

## PRESBYTERIAN MEN'S CLUB ADJOURNS FOR THE SUMMER

The Presbyterian Men's Club voted at their meeting Tuesday night to disperse with the regular monthly meetings of the club until the second Tuesday in September, at which time they will meet and make plans for the coming winter's work.

This is in accordance with the usual custom of the club, as there are so many counter attractions during the summer months as to make the regular meetings a strain on the energies of the members. The Presbyterian Encampment will open soon and that will take up more or less of the leisure time of the local Presbyterians.

However, the club will meet in special meeting at any time on call of the executive board. Several meetings are contemplated during the warm months, when nationally known speakers will be available as the guests of honor.

The meeting Tuesday night was one of the most interesting held for many months. Several important and in-

teresting matters were brought up for discussion and all members participated freely in the arguments pro and con.

The orchestra, under the able supervision of J. J. Charlier and H. C. Robinson, furnished music throughout the evening. This little orchestra has been a great aid to the club during the entire winter and the members present voted their thanks to the members of the organization for the services rendered.

Delicious refreshments were served to the club, under the supervision of Mrs. W. P. Dickey and Mrs. Amy Wallace.

## COMMISSIONERS' COURT SITS AS BOARD OF EQUALIZATION

County Assessor's Records Examined and Approved Without Change in Property Valuations.

The County Commissioners' Court was in session from Monday until Wednesday with a large volume of business coming before them.

After the conclusion of a number of matters, most of them routine, the Court sat as a Board of Equalization and examined the assessment rolls of Tax Assessor W. G. Peterson. The report was approved without a change in the property valuations.

An application was made for an allotment of \$4,634.20 State and Federal aid on Highway 41 to the Precinct 2 line.

Miscellaneous claims and accounts, including pauper allowances, were approved and paid.

The time of holding Justice Court in Precinct 4 was changed to the second Saturday in each month, effective with June 14.

The quarterly report of J. W. Orr, Justice of the Peace for Precinct 4, for the quarter ending January 31, 1924, was approved.

A resolution was passed unanimously placing the County Highway funds in escrow.

The project agreement under the State Highway law of 1917, for \$30,634.21, covering 5.83 miles on State Highway 41, was signed.

A total of \$500 was advanced to W. G. Peterson on his 1924 salary as Tax Assessor.

## CAPTAIN LAW PUTS ON RED CROSS LIFE SAVING CLASSES

Classes in life saving and demonstrations of resuscitation methods were put on at Lake Side Park last Friday and Saturday afternoons under the auspices of the local chapter American Red Cross.

Capt. J. S. Law, assistant director of life saving for the Southwestern Division of the Red Cross, conducted the work here.

Captain Law visited Tivy High School, Schreiner Institute and Scofield School Friday and gave lectures on life saving.

Due to the inclement weather the attendance at the water demonstrations was smaller than expected.

Interesting and instructive demonstrations of the various carries, approaches and breaking of death grips in addition to instruction in the Schaefer method of resuscitation were features of the classes.

### THE WEEK IN SOCIETY

#### An Enjoyable Bridge Party

Mesdames Lee Mason and Glenn Brooks entertained with a delightful bridge party Wednesday afternoon of last week at the home of Mrs. Mason. The hospitable Mason home was attractively arranged for the occasion with baskets and bowls of various colored garden flowers.

Prize for high score, a dainty Japanese parasol, was won by Miss Cleone Deaver, and low score, a perpetual score card, went to Mrs. Henry Weiss. A delicious salad course was served to about 50 guests.

#### Seniors Honored by Miss Morriss

The senior class of Tivy High School was entertained last Thursday night by Miss Margaret Morriss. After the young people had assembled at the Morriss home they were taken to the Dixie Theater, where the picture "When Knighthood Was in Flower" was being shown. After the show a delicious ice course was served at Chaney's.

Those present were Misses Otha Albe, Alice Moore, Anna Belle Council, Lucille McCoy, Ada Nance, Mabel Hardin, Minnie Smith, Lucille Taylor and Pope Edwards, Obie Griffin, Chestney Mayhugh and Herman Rees, Mrs. A. G. Morriss chaperoned the party.

#### Presbyterian Auxiliary Meets

The woman's auxiliary of the Presbyterian Church celebrated the 10th birthday of the Assembly's Training School, last Thursday in the Sunday School last Thursday in the Sunday stage was decorated with white and green, the school's colors. A pageant, under the direction of Mrs. J. H. Mitchell, was given. She was assisted by Mesdames Alois Renschel, Milton Gold, O. Schwethelm, A. McCurdy, Ora McMullen, Archie Merritt, L. D. Garrett, J. V. McCall and J. D. Jackson and Misses Margaret Harwood and Elizabeth Eastland.

The hostesses, Mesdames G. M. Doyle, W. P. Dickey and Amy Wallace, arranged the tables in the dining room and placed a huge birthday cake with ten candles on it in the center table. Ice cream and cake were served to about 35 members.

#### Parent-Teachers Entertain

The Parent-Teachers Club entertained the seniors of Tivy High School with a delightful party at the home of Mr. and Mrs. W. B. Brown Wednesday night of last week.

The spacious living rooms were decorated with pink roses, the class flower, and ferns. The sun parlor, where the table was placed, was decorated with gray and pink crepe paper, the paper being made into a large bell, which was suspended over the table, and the streamers of which came down to form a smaller bell which held place cards and favors.

In the drawing contest Milton Dietert won the prize for drawing the best pig and Lucille McCoy won the prize for drawing the heart pierced by the arrow. Arthur Saenger was the most successful whistler in the cracker-eating contest. After this all the guests participated in a football game. Mrs. Alois Renschel sang a group of delightful songs.

A delicious two-course luncheon, further carrying out the pink and gray colors, was served to the following guests: Misses Otha Albe, Anna Belle Council, Alice Moore, Ada Nance, Lucille McCoy, Lucille Taylor, Mabel Hardin, Minnie Smith, and Chestney Mayhugh, Herman Rees, Obie Griffin, Pope Edwards, Arthur Saenger, Arthur Dietert, H. L. Crate

### TIVY HIGH COMMENCEMENT EXERCISES TO BEGIN FRIDAY

(Continued From First Page)

is quite a favorite of his classmates. He plans a business career.

Chestney Mayhugh, son of Mr. and Mrs. J. R. Mayhugh of Hunt, has the distinction of being the winner of the medal for speed and accuracy in typewriting. He spent one term at A. & M. learning to be a farmer, but has about decided to enter Alamo Business College and become a banker.

Pope Edwards, son of Mr. and Mrs. U. J. Edwards, is the vice president of the senior class and one of the school orators, having won second place in the preliminaries this year. Pope will also enter a business college.

Herman Rees, son of Mrs. J. C. Rees, is the class president and is the only boy in the class who entered Tivy in the first grade. Herman was chosen to represent Tivy High School in the declamation contest in the Track and Literary Meet this year. He will enter the University of Texas.

Each year's class is always best and it should be, for that is the evidence of progress in both school and teachers. Kerrville is to be congratulated upon a system of schools that sends out such splendid specimen of young men and women.

### NOVEL STUNTS FEATURE C. OF C. MEET AT LAKE SIDE

(Continued From First Page)

abashed—rather, judging by their expressions one would surmise that they were overjoyed at the offer of free pie even though it were eaten under a handicap.

Hardly had this phase of the ordeal been completed when other plates were placed before the entertainers. A penny was laid in each plate and then covered with a good depth of flour.

With hands still behind them and no opportunity to efface the marks of lemon pie on their maps, the vanquished vigorously dived for the pennies. As they emerged from the depths of the flour, they presented a sight to be appreciated only by seeing.

The actions of the audience were indescribable. Peals of laughter thundered forth that rocked the building to its very foundations. Merriment and hilarity reigned supreme and unchecked for a period of fully a quarter hour.

Next to the penalty the feature of the meeting was the "Pageant of Progress" showing the work of the Chamber of Commerce and the benefits to be derived from it.

A large hopper had been erected in the center of the stage with a crank turned by Donald Ballinger. The hopper, or grinder, was labeled to represent the Chamber of Commerce and the boy, its president, E. H. Prescott.

Acts of before and after were put on. Actors entered from the left and after being ground through the Chamber of Commerce emerged with better understandings and conditions.

The first skit represented good roads and was enacted by Louis Comperette with a small wagon load of wood. After many bumps and loss of the wood he reached the hopper and came out with Walter Saenger and praised the good roads all over the county, made possible through the work of the Chamber of Commerce.

The next skit told the value and work of the County Agent, R. A. Franklin and Milton Pampell were the principals with a poor hen turned into a good one through the efforts of the County Agent and the Chamber of Commerce.

Next came an address on the Retail Merchants' Association by Adolph Grasso, State Secretary of the organization.

The relations of merchant and farmer with an improvement of same were portrayed by Ben Smith as the

### Son of the Soil and Ally Beitel as the merchant.

A short talk by W. M. Morgan of San Antonio on the work of a Chamber of Commerce followed.

The Home Demonstration Agent's work was shown by Alois Renschel and Foster L. Jones, the latter from Schreiner Institute. Both were made up as country girls and their skit brought out the benefits to be derived from the Demonstration Agent's work by girls who live on farms.

The relation of Kerrville to surrounding towns was portrayed by John H. Ward as Kerrville and R. L. Schmerbeck opposite.

Benefits of sidewalk improvements were brought out by Cleone Deaver and Cecil Robinson.

The work of the fish hatchery in improving fishing in the Hill Country was given by C. E. Salter and J. M. Dennis.

Advantages of the new golf course were enacted by L. W. McCoy and Charles L. Mason with Glenn Brooks as the caddy.

Music was furnished throughout the evening by the Schreiner Institute band.

Herbert L. Crate, as chairman of the committee on the entertainment, is responsible for the clever ideas and is due a great deal of credit for their success. Co-operation of the principals was also an important factor.

Refreshments of ice cream and cake were served at the conclusion of the program and a social period prevailed.

### HEART FAILURE CLAIMS OLD TIME KERRVILLE CITIZEN

(Continued From First Page)

At his home in Kerrville Monday occurred the death of H. S. Durrin, the immediate cause of his death being heart failure, although he had been in failing health for many months.

Mr. Durrin was born in the State of New York January 22, 1845, and moved to Kerrville 33 years ago. He was a veteran of the Civil War.

He is survived by his wife, one son, Chas. Durrin, and four step sons, Nelson Davis and Rev. Henry Davis of this city, Fred Davis of Menard and Frank Davis of Brownwood, all of whom attended the funeral Tuesday, which was conducted by Rev. F. A. White. Interment was made in Glen Rest Cemetery.

Mr. Durrin was one of the best liked men in the city. For a number of years he was connected with the C. D. Anderson store, now owned by Mosel, Saenger & Co. Later he was janitor of the Public Schools for many years and for the past several years he had been janitor at the Post Office, resigning that position because of failing health.

The Sun joins with the rest of Kerrville in paying tribute to the memory of this man and in sympathy to the relatives.

### LIBERTY BONDS VALUED AT \$1,000,000 BOUGHT BY STATE

Austin, Tex., May 12.—C. V. Terrell, State Treasurer, purchased an additional \$1,000,000 for the various special funds, bringing the total invested in Liberty Loan Bonds to \$4,000,000. Those investments are made necessary under the law which requires the surplus over the maximum in State depositories to be so placed. The State depositories, Austin banks, contain \$1,801,000 and the 99 banks over the State have \$4,536,000. All of this after the million dollar investment of Monday.

The \$3,000,000 heretofore invested has earned \$21,000 interest and the bonds have advanced on the market until they are worth over \$25,000 more than Terrell paid for them. Thus they can be cashed in for a total of nearly \$50,000.

# Very Special

## SIX DAYS ONLY

Beginning Monday, May 12th, we will offer you our **ENTIRE STOCK OF**

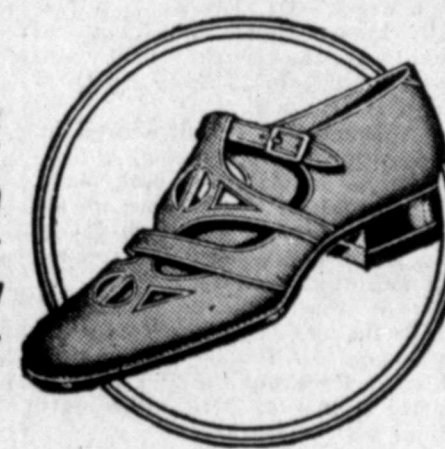

## NEW SEASONABLE LADIES' FURNISHINGS,

consisting of Hats, Dresses, Shoes, Etc., at from 25 per cent to 50 per cent reduction. The only reasons for these great reductions are to give our customers the benefit of seasonable Ladies' Furnishings far below their actual values, and to make room for Midsummer goods which will be in Shortly.

It Will Pay You to COME and COME Early!

#### Items of Interest Gathered Here and There

S. E. Bomar is a San Antonio visitor today.

Birthday Gifts That Last—SELF'S. (Advertisement, 5tc)

W. D. C. Jones made a business trip to the Alamo City Monday.

Bulk Seed at C. C. Butt Seed & Feed Store. (Advertisement, 14tc)

Mrs. W. H. Rawson left last week for an extended visit at Morris Ranch.

Geo. Hagn, prominent business man of Seguin, was a business visitor here last Friday.

Big stock of Fishing Tackle at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22).

Ben Smith left Sunday for Llano, where he appears as a witness in a case transferred from Junction.

Mr. Fisherman buy your Fishing Tackle at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22).

Mrs. Anna Faulkner and daughter, Miss Dorothy, left Sunday for a two weeks' visit with relatives at Victoria.

Photographs of your babies never grow up, keep their smiling faces with you always. THE WHEELUS CO. (Advertisement, 21-tfc)

Fredericksburg Standard: Chester Mosel of Kerrville, was among the visitors in our burg last Tuesday. While in town he paid our office a pleasant visit.

A shower of rain here early Wednesday morning registered 27 inch at the Government station. Weather during the past week has been intermittently cloudy with unusually low temperatures for the season of the year.

Messrs. Adam and Hamilton Wilson, prominent young ranchmen of Real County, were Kerrville visitors Sunday evening and Monday. The boys reported range conditions good in their section, in fact, they were on a prospecting tour to buy up some goats to add to their flocks.

Mr. and Mrs. F. F. Nyc received a letter the latter part of last week from their son, Freddie, who graduates next month from the St. Mary's College at San Antonio, stating that he had been chosen as valedictorian for his class. This is indeed pleasing news to his parents and many Kerrville friends, as this high honor is given the student who runs first in scholarship.

W. W. Stubblefield of Murray, Ky., was a pleasant visitor at The Sun office last Saturday. Mr. Stubblefield was a reader of this paper some fifteen years ago, but this was his first trip to this section of the country. He was visiting a son in San Antonio and found time to slip up and look over the Hill Country, which he had read so much about. He was so much impressed with the visit that he ordered the paper sent to his address for a year to enable him to keep track of the development of this section of the country.

Mrs. Harold Chaney is visiting her parents in Austin.

Mrs. Ella Smith is visiting relatives and friends in San Antonio.

Miller Harwood of Sinton spent Sunday and Monday here with his family.

A. F. McClellan and Bert Benson were business visitors in San Antonio Tuesday.

Clifford Babb of Rocksprings was in Kerrville Monday on his way to San Antonio.

KODAK FINISHING—The Professional Way. WHEELUS. (Advertisement 4-tfc)

Mrs. C. Sikes arrived Tuesday from Nixon for a week's visit with her son, G. A. Sikes, and family.

Mr. and Mrs. Ben A. Taylor of Alpine visited at the home of Mr and Mrs. Chas. Wesch Tuesday.

J. E. Adams, expert tonsorial artist of San Antonio, has accepted employment at the Palace Barber Shop.

Judge R. H. Burney left the latter part of last week for Leakey, where he convened District Court Monday morning.

Hooks, Lines, Sinkers and Big Line of Fishing Tackle at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22).

G. H. McCullough returned to Tulsa, Okla., Tuesday, after a short visit here with his son. The boy's mother remained here.

Mrs. Felix Mosel is recovering from an operation for appendicitis in the Secor Hospital, performed Wednesday evening.

Lee Mason, Charles L. Mason and A. G. Platte spent last Thursday in San Antonio attending a conference of Ford dealers.

Clarence E. Mosel has resigned his position at the First State Bank and has accepted a position as bookkeeper at the Collins Wholesale Grocery Company.

Mr. and Mrs. C. L. Letzerich are expected to arrive from La Grange today for a week's visit with Mrs. Letzerich's brother, E. W. Speckels, and family.

L. L. Campbell, formerly with the grocery department of the Chas. Schreiner Co., has accepted the position of manager of the Collins Grocery Company.

The entire interior of the lobby and offices at Lee Mason & Son's are being repainted and the exterior of the building is being brushed and brightened up.

Marvin Evans of Medina was a business visitor in the city Wednesday.

L. C. Sharp and family left last week to make their home in San Antonio.

Leo Burney and wife of Rocksprings were shopping in the city last Monday.

Jack Coleman came up from San Antonio Wednesday attending to business interests.

Miss Mable Burney arrived Sunday from Center Point for a visit with her sister, Mrs. Karl Mosty.

Edgar Steves is a new clerk in the grocery department at Chas. Schreiner Co. He hails from Comfort.

Mrs. Mark V. Anizan arrived Sunday from Galveston for a two weeks' visit with Mr. and Mrs. J. C. Robinson.

If you want Fishing Hooks and Lines buy at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22).

A. McInsey returned Sunday from San Antonio where he had served on the Federal Grand Jury for the past two weeks.

Mrs. John Imhoff and daughter, Mrs. Karl Modglin, returned Wednesday to Port Arthur after a visit with Mrs. Emma Lenox.

Robert Renschel left Tuesday for San Antonio in response to a message that Mrs. Renschel's mother, Mrs. Dewees, had died that day.

A neat modern cottage is being erected in the lower part of the city for Tot Love, which will be used as a rent house when completed.

Singer Sewing Machines—Latest models, electric and foot power machines sold on easy payments. Ottinger Furniture Store. (Advertisement, 22).

About the biggest piece of men's millinery seen in these parts for some time is on display in the window of the Kerrville Hat Works. The miniature umbrella has a brim measuring 7 1/4 inches wide with an 3/4-inch crown. With such a hat on is dome a man would run very little risk of getting the back of his ears sunburned.

#### Almost Loses Eye

Harper Section in Fredericksburg Standard, May 10th: Chester Brown, youngest son of W. O. Brown, of Devils River Community, came near losing one of his eyes Monday while he and a brother were roping a yearling.

They had thrown the rope on the yearling and wrapped it around a post when the animal began to surge on the rope, jerking the rope from the boys' hands and, coming around the post, the knot in the end of the rope striking him in the eye with great force.

He was rushed to Kerrville for treatment. The doctors there are hopeful that the sight will not be impaired.

#### SEVEN DIFFERENT MEANS OF INFLUENCING A DAUGHTER

A Mother, in The Progressive Farmer: I am trying to encourage my daughter to select the right kind of husband in seven different ways. They are:

1. By teaching her to value a man not by his wealth, his looks, or what his people have done, but by his good character and what he himself has done.
2. By knowing all the boys and men with whom she is friends and encouraging her to look upon them as friends rather than beaux until she is at least 18.
3. By giving her an education. She will therefore be more competent to judge the kind of man suited to her.
4. By keeping her employed part of the time during school vacation so

that her mind will not run on frivolous things only.

5. By giving her an interest in her own home so she will not be easily persuaded to leave it for an inferior one.

6. By teaching her to go regularly to Sunday School, church, club meetings and other places where she will meet the right kind of people.

7. By being careful of the reputation of her girl associates. The most upright characters are influenced by bad surroundings and it would be easy to get entangled with a man that would not make the right kind of husband.

#### Game and Fish

Fredericksburg Standard: We have a letter from the Game and Fish Commission at Austin to the effect that while technically it may be a violation to use a .22 cal. rifle on turtles in rivers, still all wardens have been instructed to use judg-

ment and discretion and they will not file complaint where a rifle is used for this purpose only, as it is well known that turtles destroy great quantities of fish. But it must be understood that such use of a rifle is not lawful outside of county of residence unless party holds hunting license; that this includes minnow traps if made of wire or other metallic substances; that fish boxes, also known as "live boxes," for keeping fish caught legally until used are not unlawful. This cannot be stretched to cover fish traps, which are unlawful.

No bass less than eleven inches long may be retained (bass are also known as trout in this county); crappie and white perch, seven inches; thirty-five fish per day of all kinds per man is the limit; no live fish over three inches in length may be used as bait unless caught with hook.

It is a violation of the law to leave any fish on bank to die.

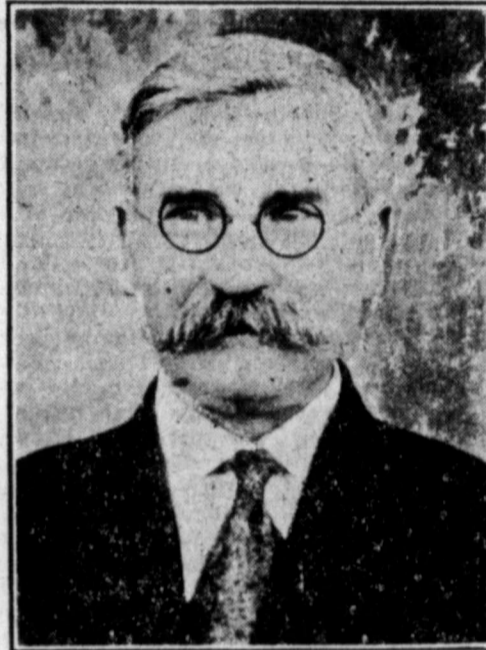

#### Baseball Pitcher Married

Fredericksburg, Tex., May 13.—Sunday afternoon in the Holy Ghost Church in Fredericksburg, Felix Hollmig and Miss Erna Herbert were married in the presence of many friends. The Rev. Arthur Koerner read the marriage lines.

The bride is the daughter of Mr. and Mrs. Ernst Herbert of Bear Creek and the groom a son of Mrs. Emma Hollmig.

Mr. and Mrs. Hollmig will make their home in a pretty new cottage just erected in the Moellering addition in Fredericksburg. Mr. Hollmig has made quite a reputation as a baseball pitcher, he being the regular pitcher for the Fredericksburg Giants.

Hundreds of thousands of sea gulls of a new species and coloring are flocking to Southern California, brought there, it is said, by ships coming from the Orient.

### SHEEPMEN — RANCHMEN — FARMERS!

(The Discussion of the Two Ranchmen Continued)

Frank—"Does Chas. Real sell many rams?"  
John—"He sells all he can breed; he told me the other day that he has sold over 400 rams in the last seven years and has his first complaint to hear. THERE MUST BE A REASON."  
Frank—"Do you prefer Texas bred rams to those imported from the North?"  
John—"I certainly do. Texas bred rams give much better service the first year because they are acclimated, besides by buying Texas bred stock you keep your money at home. I believe in patronizing 'HOME INDUSTRIES!'"  
Frank—"But by buying from the same breeder aren't you apt to in-breed your flock?"  
John—"No, because Chas. Real guards against that continually, by buying new blood sires every two years; buying from different breeders of registered rams, so no two stud rams are any kin to each other."  
Frank—"How long has he been improving his flock to get same to this high standard?"  
John—"His flock was started about 16 years ago with a splendid foundation stock and by using the highest-priced stud rams, selecting such types as are mostly in demand, he has now one of the best flocks in Texas. Mr. Real published a little booklet about the sheep industry of Kerr and surrounding counties, same is free for the asking."  
(Watch for continuation of this conversation)

#### BETTER FIRE PROTECTION

The Sun believes that something should be done by the citizens of Kerrville toward securing better fire protection for the city. The equipment the city has at present is better than possessed by many cities of even larger size than Kerrville, but it is not good enough for the metropolis of the Hill Country.

Pressure of the city mains is better by far than in most cities, but in addition to this pressure nearly every city of any size has some means of augmenting the pressure of their mains in case of fire. Some apply pressure to the entire system of water mains by means of their central pumping station, while others have engines capable of applying the pressure after it leaves the mains. The latter method would be far more preferable to a city situated as is Kerrville.

An instance of the need of better protection occurred last Thursday, when the Fisk dairy barns adjoining the city, were destroyed by fire. The city department responded to the alarm and by aid of the small chemical truck succeeded in preventing the spread of the flames. But if they had possessed an engine capable of pumping water from either the large tank near the fire or from the creek within one hundred and fifty yards of the barn, the flames could easily have been suppressed within ten minutes with only a small loss to the owner.

Adjoining the city on all sides are fine homes that are not within reach of the city hydrants, and practically all are within reach of an inexhaustible supply of water in the river nearby which could be utilized in fighting fire were the necessary apparatus available.

In addition to this engine would greatly increase the efficiency of the department in the city where water from the city mains is available. The average pressure of the city mains is from 40 to 60 pounds, while in the demonstration put on by the Watrous Fire Equipment Co. the engine tested as high as 150 pounds. Where two men can easily handle a fire nozzle under city pressure, it required the united efforts of five to handle same under pressure from the engine. Anyone who has fought fire knows that it is not the amount of water you put on a fire that extinguishes, but the force with which this water is supplied.

A move is now on foot looking toward relieving the fire hazard in Kerrville, and The Sun heartily endorses anything that will tend to give the city better protection along this line.

#### MAN THE HELM

"Man the helm" is a navel military order preparatory to guiding the ship aright. But from what can be gathered of conditions of today it might well become the battle cry of many States of the Union in their next selections for governors. Especially is this true of Texas.

Many States, Texas included, are today seeking a guiding hand to lead them from a bog of financial distress to a plane of economical relief. Tax burdened people are becoming aggrieved. And paradoxically it would seem that with increased taxes comes increased State indebtedness.

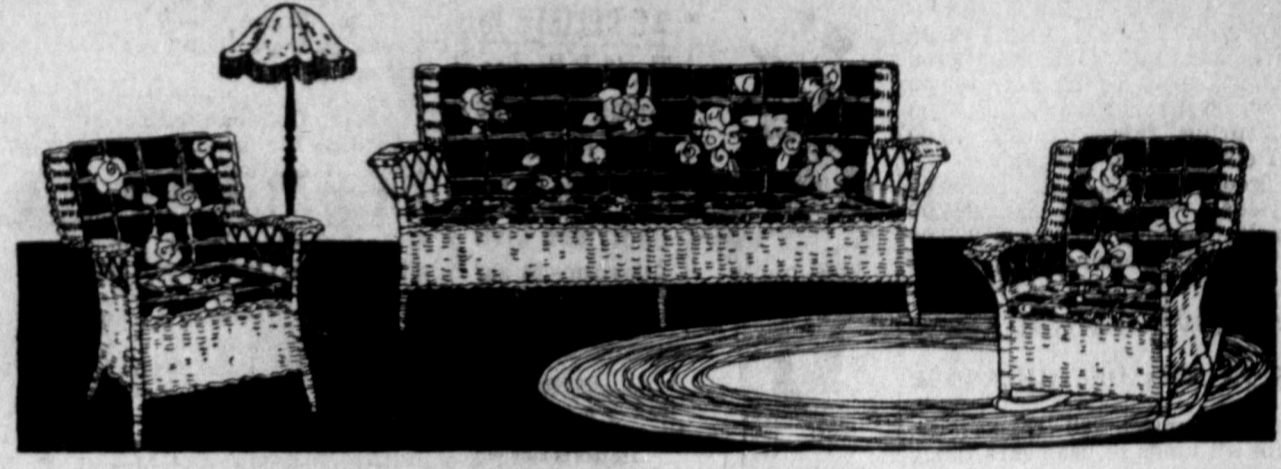

All over the country a low rumbling cry has been heard in protest. One outstanding demonstration is found in the recent appearance in the busy marts of New York City of lumbering carts drawn by oxen, horses and mules bearing such inscriptions as "Lower taxes and less legislation" and "Let's go back to the ways of our fathers—simplicity, honesty and economy in government."

Texas today is financially approaching a governmental crisis. The 37th Legislature appropriated \$32,000,000 and the 38th \$42,000,000 for her upkeep. State overhead expenses are beginning to appall. The next year or two will be vital ones in her administration. It is going to take a strong hand at the Helm of State and strong minds and characters in her houses to direct her. Her proud standing and progress must be maintained; yet economize she must.

Soon will be the time for deciding upon the next Governor. He must be a man not only of character, ability and integrity; but a man capable of handling large business affairs successfully. No two-by-four will do.

Here is what he must oversee: 295,780 square miles of land divided into 251 counties, populated by 4,663,228 persons; 201,074 miles of railway; 5,724 manufacturing institutions; \$315,000,000 worth of live stock; \$1,650,000,000 crop valuation. Here is what he must directly supervise the financing of in State property: Capitol site, valuation \$8,821,990.17; educational institutions, \$23,919,845.59; eleemosynary, \$11,242,551.06; prisons, \$7,677,646.94; parks, \$160,750.90; judiciary, \$81,963.32; departmental,

## Greater Home Beauty and Pleasure

Fiber Furniture will add much to the looks of your home with its beauty of design and cool, comfortable appearance.

We price three-piece suites similar to illustration at \$85. Others from \$65 up.

They come in ivory, gray and brown finishes.

"Your Credit Is Good"

**W. A. FAWCETT FURNITURE CO.**

"EVERYTHING FOR THE HOME"

Phone No. 4 Water Street Kerrville, Texas

\$591,231.10; or a grand total of \$53,004,839.78.

For the head of such an empire a man of proven ability must be chosen. He must know how to manage broadly, yet how to systematize and economize from the office boy's salary to the heaviest appropriation. Nine candidates have offered themselves for this job. Surely out of the nine Texas can furnish one of sufficient business acumen and experience to successfully manage her affairs.

But if this is to be done intelligently it is the humble opinion of The Sun that the ballot must be cast in the real Democratic way—without regard to creed, faction, or this or that, but with the sole test in view of: does he fill the bill.

In other words MAN the helm. The Sun believes the 1,400,000 voters of this State are amply able to do this.

#### GOING AFTER SCALPS

The Brady Standard: The Kerrville Mountain Sun is out with an Extra, in which a declaration of war is proclaimed in screaming headlines, followed by announcement of the breaking out of a feud in the ranks of the Chamber of Commerce of that city, with a clash momentarily expected. Leaders of opposing factions declare they are out for blood, and excitement appears at fever heat. The cause of the war is that each side is determined to secure the largest number of new memberships in the Chamber of Commerce, and bulletins are issued in military fashion from opposing headquarters as the campaign progresses.

The Kerrville Chamber of Commerce is one of the liveliest organizations of the kind in West Texas, and has been doing a notable work in the development of Kerr County and the advertising of her resources and advantages. With the enlistment of a large number of new members, as a result of the declared "War," that organization is certain to accomplish even greater results than those already had.

#### CRITICIZING NEWSPAPERS

Argus-Searchlight, Astoria, Ill.: Criticizing the home newspaper is the favorite pastime of a large majority of the people.

Like public officials, what it says and what it does are constantly before the public, and its errors are easily detected.

An individual may go through life making one mistake after another, and few will know it, but let your newspaper err in even a small detail, and the critics have a choice morsel to chew.

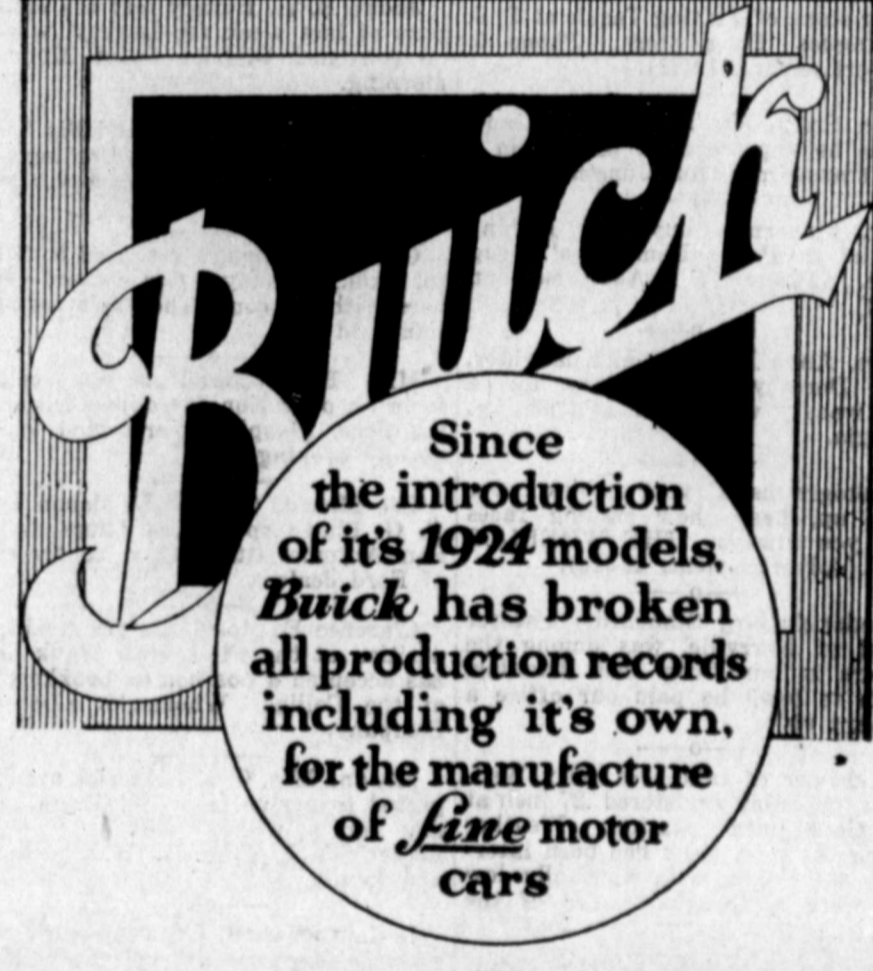

Newspapers, though mechanical, are human, because they are conceived by human mind and put together by human hands.

They are as liable to err as any man or woman and their opportunities for making mistakes may be found in every line—in every word.

A wrong street address, incorrect spelling of names, little inaccuracies may creep into the newspaper's columns, no matter how earnestly the editor and his assistants may strive to be accurate.

All your home newspaper asks is that you be charitable. Make a few allowances for the difficulties that beset the newspaper publisher, and remember always, that nothing hurts a newspaper editor quite so much as to see his mistakes in print.

He has no chance to cover them up. The printed word can't be erased. Don't forget that newspapers are made by human minds and human hands and to err is human.

**R. L. SCHMERBECK**

Seiberling Tires—Alemite—Accessories  
PHONE 275, KERRVILLE, TEXAS

#### MAIL ORDER PRINTING

San Marcos Record: The mail order printing houses have recently been sowing San Marcos down with circulars and price lists, showing samples of printing represented to be much cheaper than the local printer's prices. The prices may be lower and perhaps are, that which the local printer must charge and maintain a reasonably substantial business and meet the demands and requirements of a respectable and progressive citizen. There is no difference in the local business man patronizing the mail order printing house because the cost is a little lower than the people at large sending away for their supplies because they can get them cheaper. The same principle is involved in each case. It is disloyalty to home industries and hurtful to every interest of San Marcos, because the money sent away is gone from the channels of trade here and the local printer and other business men are made to suffer as a consequence. Don't ask the local printer to condemn mail order buying and then send away from home for printing when you might possibly save a few nickels. The fact is, this cheap mail order printing does not near compare with what you get at home in quality and you also have the chance to read proofs and see what you are getting. You may say this article is selfish in its tendency. Well, we think the printer who would not defend himself while he is defending his friends and neighbors would show poor judgement and very little self-respect.

#### STATE SEEKS TO PLACE STUDENTS IN WHEAT FIELDS

Austin, Tex., May 12.—Assistance to worthy and ambitious college and high school students is the aim of State Labor Commissioner Joseph S.

#### CABINET SHOP

Chairs, Tables, Swings, Porch Sets, Chests, Etc.

PRICES REASONABLE  
**J. B. BOWDEN, Prop.**  
Ingram, Texas

Myers in working out plans for furnishing emergency labor to the wheat growers in the ranchhand section of the State during the forthcoming harvest season. The fact that vacation season begins shortly before the opening of the wheat harvest makes it practicable for a large number of students who wish to earn money during vacation to be recruited for the work. Myers is now in North Texas holding conferences with wheat growers. He will go to Chicago May 17.

The Labor Department recently sent out letters to the heads of colleges and principals of high schools requesting definite information as to the number of students who would be available for this work and suggesting that all such young men register with the Department. The response to this request, the Labor Commissioner said, have been prompt and most gratifying. Registrations are coming in rapidly and since indications are favorable for large wheat yield, the Department is hopeful of being able to place all students who register.

A topaz ten by seventeen inches, weighing about 100 pounds, has been sent to the Field Museum of Chicago by a gem hunter in Brazil.

CATHOLIC CHURCH NOTES
By Father Kemper
GONZALES-ALVAREZ WEDDING

Practically all the Mexicans made a holiday of last Saturday in order to join in a community celebration of the nuptial union of two fellow-parishioners.

Miss Carmen Torres, our Guadalupe organist, played the processional while the little army of silk and satin attired participants marched under floral arches to the bedecked predieu in the ornated sanctuary.

The singing was of exceptional merit, especially the closing song which evoked tears from many an interested relative.

A few days prior to the Alvarez wedding, there was a quiet church marriage performed between Hafael Cortez and Genoveva Perez.

Instead of observing Mexico's Independence Day with patriotic display, the Mexicans of Comfort were grief-stricken over the death of Mrs. Theodora Bosquez whose husband had been buried only three weeks ago.

To such a helpless quartette Mother's Day had a significance to which future years will add their measure of sorrow.

Services were held in Comfort on Mother's Day, but next Sunday the order at Kerrville will be inverted and the 8 o'clock Mass will be sung in St. Mary's Church for the convenience of the First Communicants.

High School Week
Co-operating with a Nation-wide movement during this week, a daily effort will be made to stress the importance of continuing one's education beyond the academic grades.

One of our faculty members of last session is this year the principal of a public High School in Windthorst. On the first Friday of this month an electrical fire completely destroyed the church of that city and almost cost the life of our Sister in her attempt to save priceless vestments.

We congratulate our nuns, especially those of the Fort Worth Academy, on the first prize awarded to their pupil, Irene Jones, for the best San Jacinto poem offered to the Fiesta examiners in a State-wide contest.

Monday of this week was observed as Hospital Day, the more so since

three Incarnate Word Sisters received their diplomas on that day at the graduation exercises of Santa Rosa Infirmary.
The Notre Dame students attended the life-saving lessons given last week under auspices of the Red Cross.

Major S. E. Bomar delivered an excellent talk on "Mother's Influence" last Sunday morning at the Christian Church. The text of the address follows:

"When Miss Anna Jarvis, of Philadelphia, originated the idea of a universal day for honoring mother she built better than she knew, or could even guess. On the second Lord's day in May of each year, not only in our own country, but many of the nations now observe this anniversary as a means of expressing their love and appreciation of 'mother'.

"I have been asked to say a few words on the influence of mother. And indeed, they must be few, in comparison with what might well be said on this subject.

"What mortal can begin to tell the results of mother's influence? From earliest infancy unto the grave the influence of mother for good or bad is felt and seen. Even years after mother has passed to the great beyond, her influence continues.

"In every phase of life the influence of mother affects our actions. Especially in our moral and religious lives her influence is more markedly noticeable. In fact, it seems gravely doubtful whether the church could continue to exist, were it not for the influence of the Christian mother.

"A good, conscientious, Christian mother's influence cannot well be estimated. Beginning with her teaching of baby lips to lisp a bedtime prayer, her teaching of the Lord's Prayer and her stories of the Christ as the child sits on her knee, on through her kindly help in Bible and Sunday School lessons as the child merges into youth and into full manhood and womanhood. Her early guidance of our tottering steps and her later counsel and advice as we travel along the road and slip and backslide and repent—her unflinching moral and physical encouragement in her effort to insure that we will be Christian men and women—who can estimate the immediate and future influence?

"No influence in the world excels that of the world's mothers. The great achievements of men in business, in professions, in the arts and sciences, in the city or on the farm are traceable to the influence of a good mother. It is her life in another form glorified in the triumphs of her children. Her guidance pointed the way.

"Mothers' children are her delights; she weeps at their misfortunes and shares their trials and business depressions; she stands by them in adversity and, should they go wrong, it is mother who cannot believe they have

Sick Headache
'I have used Black-Draught when needed for the past 25 years,' says Mrs. Emma Grimes, of Forbes, Mo. 'I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have severe sick headache. I don't know just who started me to taking

Theodor's BLACK-DRAUGHT
but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches.'
Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theodor's Black-Draught. It will stimulate the liver and help to drive out the poisons. Sold by all dealers. Costs only one cent a dose. E-104

done evil. Friends may turn their backs and acquaintances may condemn, but her love and faith surpass all things; so that whatever others may think, say, or do, she clings to them with a devotion unflinching. To die to save her children pain or misery, to suffer that they may be spared misfortune—that is mother's self-imposed way throughout the world.

"When we are sore beset by temptation and prone to stumble and fall, when evil tongues are wagging and friends seem drifting from us, when we feel that all the world is against us and would fain give up the struggle, mother is ever ready to put her loving arms about us and help and protect and counsel and encourage and guide us and instill into us sufficient of her own strength of character to overcome the obstacles and point to us the ever ready aid and ever present love of God and His promise to help us when we come to Him in prayer.

"How mother prays over us and with us and urges us to take all our difficulties and troubles to the Great Father and the Loving Elder Brother. How often, when mother is dead, or absent, do we feel her presence and her influence when we are tempted or troubled, and how sweet and soothing is the thought of her and of what she would wish, or do, in the circumstances—what she would say—how she would feel if we do that which we know we should not—and how often has that influence caused us to do the right and refuse to do the wrong?

"And, when we have yielded to temptation and have sinned, how we have had to fight our conscience when thoughts of mother and her teachings arise to confound and confuse us.

"Even the wicked mother, who has taught her child many wicked things and who has neglected or defied God and influenced her child in the same path, has some redeeming traits the greatest of which is the fierceness and tenderness of her mother love which leaves its influence in some good trait in the child.

"Altogether, then, it must be noted that 'mother's influence,' be it good or evil, is, next to God's love and omnipotence, the greatest thing in the world and unbounded, never-ending.

"Let us all cherish and revere that mother love and ever give heed to that ennobling influence of mother. Let us all give thanks this day that the God God has blessed us with such good, Christian mothers whose influence was, and is, ever for the best."

BOBBED-HAIR TO BE PASSE IN ONE MORE YEAR, IS PREDICTION
Cleveland, Ohio, May 13.—Prediction that bobbed-hair will be passe in another year, was made by leaders of the Ohio Hairdressers' Association at its annual demonstration here last night.

When the knell is finally sounded, the "girls" will find the hairdressers ready to make the transformation from shorn locks to done-up tresses instantly and satisfactorily, they said.

A few strands of extra hair skillfully placed over the loose ends will do the trick.

EPISCOPAL CHURCH NOTES
By Member

A very encouraging number was present at the services Sunday which were conducted by the lay leaders ably assisted by the choir.

The Y. P. S. L. met at 7:30 p. m. As the president was unavoidably absent the meeting was called to order by secretary Chester Parsons. James Rothrock was unanimously elected vice-president.

A good program was arranged for the next meeting, one feature of which will be a debate on "Do Girls or Boys Do More for the Church?"

Rev. S. P. Robertson of St. Mark's Church, San Antonio, will preach the baccalaureate sermon for Tivy High School in the Presbyterian Church next Sunday. We trust all our congregation will attend.

NATURE TELLS YOU
As Many a Kerrville Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Pills are for disordered kidneys.

Kerrville people testify to their worth. Ask your neighbor. Tom Eaton, farmer, Kerrville, says: "My kidneys were in a bad fix. I had such severe backaches and soreness across my kidneys I could not do much stooping or lifting. Mornings I was stiff and lame and at times I had sharp catches in my kidneys and the secretions passed irregularly. I heard of Doan's Pills and used them, getting my supply at the Rock Pharmacy. It was not long before the pains and aches left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

PRESBYTERIAN CHURCH
By Member

The Sunday School reached a high water mark with 143 in attendance last Sunday. The primary class have outgrown their room and are to move into larger quarters.

Dr. J. S. Baird, of Dallas, addressed the congregation at the morning service. Dr. Baird has been appointed by the Synod of Texas to conduct the campaign for funds in the cause of Christian Education and made a stirring plea for the support of all denominational schools.

Rev. Dickey paid a beautiful and loving tribute to the Christian mother at the evening service. He used as scriptural basis for his talk selections from First and Second Timothy. Rev. Dickey also spoke to the mothers of the present generation, urging them to realize the responsibility that God has placed upon them; that the religious faith of the Nation rests upon their teaching the children the fundamental beliefs in the early days of childhood. No special music was arranged, the congregation joining with the choir in singing the old familiar hymns so dear to us all.

Resolutions of Thanks
Whereas, Brother H. E. Carney is leaving for other fields of endeavor and;

Whereas, Brother Carney has served most acceptably as President of this Club and was instrumental in the formation of it, and during his sojourn among us has exemplified, by his every action, that he is a true and lawful Brother Mason;

Now, Be It Resolved That we, the members of the Gavel Masonic Club, of Legion, Texas, in meeting assembled, do extend to Brother Carney our sincere thanks for his work in behalf of Masonry among us and do tender to him our best wishes for his future happiness and prosperity; and,

Be It Further Resolved, That he be made an honorary member of the Gavel Masonic Club, of Legion, Texas; and,

Be It Further Resolved, That a copy of this resolution be presented

Not An Anti-Chatter Oil
MAGNOLENE FORD OIL is not primarily an "anti-chatter" oil. It is essentially a "motor oil" that successfully reduces the excessive vibration of the Ford Car caused by the grabbing of transmission bands and economically and efficiently lubricates the motor, insuring the operating of it a comfort and pleasure. A trial will convince you.

FIRE DESTROYS FISK BARN NEAR CITY LAST THURSDAY
Fire of unknown origin completely destroyed the main barn at the Fisk Dairy Farm, three miles north of the city last Thursday noon. The loss estimated by E. C. Fisk, owner, at \$800, is partially covered by insurance.

The Kerrville fire department responded to the alarm and by aid of the small chemical truck succeeded in saving the cow barn and milking sheds adjoining. The chemical apparatus was recharged eight times in fighting the flames.

Besides the barn itself a considerable quantity of feed was lost in the flames. However, Mr. Fisk is thankful the damage was not more, and asks The Sun to express to the members of the Kerrville Fire Department his gratitude for the excellent work they did with the apparatus at hand.

Be in style and buy your Fishing Tackle at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22)

Mrs. J. C. Wilson returned Sunday from San Antonio where she had been visiting relatives for the past two weeks.

Pictures on the wall makes a house a home. Have them framed at THE WHEELUS COMPANY. (Advertisement, 21-22).

Joe Horne came up from Robstown to spend the past week end with his mother, Mrs. J. H. Horne. He returned Monday.

Trot Lines, Minnow Seines and all kinds of fishing tackle at P. J. Domingues' Drug Store. Phone 5. (Advertisement, 19-22).

In answer to the request of a large number of patrons, the Dixie Theater has changed the time for starting from 8:30 to 8:15 p. m.

The Woman's Auxiliary of the First Presbyterian Church will meet Thursday afternoon in the church parlor. Mrs. Miller Harwood will lead the lesson and Mesdames A. Enderle and Otto Schwethelm will be hostesses.

Mrs. J. V. McCall left Tuesday for San Antonio where she will be joined by Rev. McCall and their daughter, Miss Mary Ellen, and together enjoy the sessions of the General Assembly of the Presbyterian Church, which convenes in San Antonio this week.

Mrs. and Mrs. Chas. Johnston returned Wednesday of last week from Martin, where they spent three weeks for the benefit of Mrs. Johnston's health. She returned much improved but Charlie says the baths didn't help him any, as Saturday didn't come round often enough.

W. G. Carpenter left last Saturday for Del Rio, where he will be associated with John C. Graves in the mercantile business. Mr. Graves was formerly a resident of this City, being associated with Mr. Carpenter in the Kerrville Mercantile Company. His many friends in Kerrville regret to see Mr. Carpenter leave the city, but wish him success in his new home.

"Cow-testing and better sires are the two most important factors to be considered by the Kerr County Dairy Farmers," according to J. L. Thomas, Dairy Specialist, A. & M. College Extension Service, who conducted three Dairy Farmers' Schools in Kerr County this past week end. Mr. Thomas says that if the farmers will keep their cows on test for twelve months and cull out the poor producer and the "star boarder," then build up their herds by breeding the best cows to good bulls from high producing cows, they will soon have herds that will make them some good easy money.

### TIVY HIGH NOTES

By Lucille Taylor

The Seniors had their examinations last week and now most of their time is being spent in practicing their play.

This is the last week of school and examinations are being held in all the grades.

The boys who sold the extras for the Chamber of Commerce during their membership campaign were given two gallons of delicious ice cream last Friday and a regular party was held in the Domestic Science Room.

Friday night the Juniors will entertain the Seniors with a banquet at the St. Charles Hotel.

The Seniors will entertain Margaret Morris, Minnie Smith and Lucille Taylor with a sunrise breakfast Friday morning at the City Park.

Class Day exercises will be held by the Seniors Saturday night, May 17, in the High School Auditorium at 8 o'clock.

### SCRAPS FROM SCOFIELD

Friday afternoon a meeting of the Junior Red Cross was held. There was no business so the dues were collected and the members worked on various articles for the Red Cross.

Mrs. Lulah Howard left for San Antonio Friday afternoon. She visited her daughter until her return Sunday evening.

Saturday morning Mr. and Mrs. G. Doyle brought Captain Law out here to demonstrate his life saving. That afternoon we went to Lake Side Park to see his demonstrations in the water. In both morning and afternoon Miss Maxine Garrett acted as his subject.

Miss Maxine Garrett went out to dinner with her family Sunday.

Little Miss Martha Rothrock stayed from Monday until Wednesday as a boarder here on account of her mother's absence in San Antonio.

### Subscription Honor Roll

The following have either subscribed or renewed their subscriptions to The Sun during the past week:

Herman Schulze, J. A. Harris, E. R. Menger, Mrs. A. W. Doyle, Kerrville; H. G. Edens, Center Point; E. McNealy, Ingram; W. E. Allen, Junction, and W. W. Stubblefield, Murray, Kentucky.

The annual sales of talcum powder, cold cream, rouge, lip-sticks and toilet powder amount to \$750,000,000, or about fifteen dollars for every woman in America.

**KLENZO DENTAL CREME**  
For White Teeth, Healthy Gums and a Clean Mouth

The lesson of caring properly for the teeth and mouth is one which many of us did not learn early enough—to our present sorrow. For the kiddies of to-day, however, the lesson of mouth hygiene is easy to learn and pleasant to practice when the KLENZO method is used.

Common sense KLENZO DENTAL CREME twice a day regularly—applied with a good KLENZO TOOTH BRUSH. And a daily gargle or mouth washing with KLENZO LIQUID ANTISEPTIC to complete the work.

A simple formula but wonderfully effective.

**Saturday, May 24**

7 to 7:40 p. m.—Review of the interdenominational Sunday School lesson and Radio Bible Class by Mrs. W. F. Barnum.

**REAL COUNTY PART OF HIGHWAY IS LOOKING BETTER**

Edwards County Leader, May 9: It was reported recently in the Leader that there were more or less difficulties in the way of completing the Rocksprings-Kerrville Highway across Real County.

But a decidedly better report is now circulating. There was not enough funds available for building this 15 miles of road, about \$24,000 more money was needed, but we are authoritatively told that this has been corrected. The Schreiner Company added \$12,000 to the large amount they had subscribed toward the highway in Real County and the State Highway Department has added \$12,

000 to what they had allotted to it. And the trouble in regard to dissatisfied land owners is gradually being adjusted until there are now only about two dissatisfied land owners, and it is hoped that the matter can be settled to the satisfaction of all concerned so that the new highway can be connected all the way to Kerrville.

It is supposed the plans will be ready so that bids can be advertised for on building the Real County part of the road in about 30 days.

**RIO VISTA, CHARACTER CAMP FOR BOYS**

(Continued From First Page)

clean competition in sports; the hikes amid the mysteries of Nature and the learning of her secrets; the doing of work in the spirit of fun; punctuality self-taught; orderliness through example; the growing knowledge of God through an appreciation of His works; the discussing of life problems about the camp fire; the spirit of service to others; discipline based on justice; the inspiration of messages from men who know boys; wholesome, appetizing food; the health-giving sleep of the open; development through self-accomplishment; the satisfaction of a summer spent in body and character building—these are some of the things that Camp Rio Vista has to offer to the boys who go there.

The camp site consists of 320 acres of land. Twenty acres in the form of a square with the Guadalupe on one of its sides comprise the camp proper. About the other three sides are placed the snug, substantial, floored camp houses.

The cabins are used as sleeping quarters and accommodate seven boys and an adult leader. Each house is equipped with built-in spring cots, for which each boy must furnish his bedding.

Centrally located stands the airy dining hall, the sanitary screened kitchen, commissary, supply house, business office and first aid room. The latter is provided with an ample stock of supplies with Dr. J. D. Jackson as camp physician.

In the hollow square formed by the tents lie the baseball diamond, basket ball, volley ball and tennis courts, running track, jumping pit and other means by which the boys may enjoy themselves.

A strongly constructed diving pier stands at the edge of the river with diving platforms of various heights, life guard's station and boat landing.

Boys learning to swim have access to a roped-off shallow enclosure under the careful supervision of trained swimming instructors.

The camp farm, all under irrigation, furnishes a fresh daily supply of vegetables and other farm products which mean much to the wholesomeness and variety of the camp table. The camp's own dairy and poultry farm supplies products of that nature.

Thorough physical examinations are given each boy as he enters the camp and careful records of his condition and its improvements are kept. No boy is permitted to enter the camp unfit, or showing any symptoms of communicable disease.

The daily program includes setting-up exercises and athletics conducive to the development and hardening of muscles and tissue, erect carriage and posture, increased lung capacity through deep breathing and life in the open.

In order to stimulate each boy to attain the highest development possible an honor system has been in-

augurated, based upon the following points, each of which counts ten:

Health, neatness, promptness, manners, cheerfulness, morals, trustworthiness, achievement, industry, and helping others. When fifty points have been secured the first honor emblem is presented. Upon securing sixty points the second is given, and with the obtaining of ninety points the high honor emblem, a greatly coveted honor, is given.

A well-written, beautifully illustrated booklet, "Milestones of Youth", has been prepared by the management of Rio Vista and may be obtained free of charge by making request to Herbert L. Crate, Camp Rio Vista, Kerrville, Texas.

**Camphor Water For Eyes**

Nothing has the quick action of simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. One small bottle Lavoptik helps any case weak, strained or sore eyes. Aluminum eye cup free. Kerrville Drug Co. (Advertisement).

THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University

About the most pathetic story I have read in the newspapers in many days was that about Governor McCray of Indiana, resigning the governorship to enter upon a ten years' sentence in prison for using the mails to defraud.

Not long ago ten persons came from a distant county in Texas to the Pasteur Institute to be treated for the bite of a dog that proved to be mad—an ordinary, useless, town dog.

The general interest shown in Music Week in Texas is encouraging. Every year more interest is being shown everywhere in music and musical entertainments.

If the proposed Centennial Exposition is put over on the extensive plan that is now proposed and is made, as is contemplated, a world-attracting exhibition, it will prove the most valuable undertaking Texas has ever fostered.

The "unloaded gun" is running a close race with the railroad grade crossing in Texas in number of fatalities. It is hard to tell which is the most heedless of life, the fellow that plays with a gun or the speed maniac who tries to beat a train to a crossing.

Southern Methodist University did a courageous thing recently in expelling nine students and suspending 25 others for participating in a "wild drinking" party.

drinking" party. Boys who go to college to drink and carouse have no right to contaminate the others who are there for serious work, or to injure the reputation of the school.

A few nights ago I saw a well dressed young man, evidently a student, stealing a ride on the back end of an Austin street car that was passing along a crowded street.

The young fellow seemed to be enjoying himself and feeling proud of the fact that he was a petty thief. He was stealing seven cents from the street railway company as though it were a commendable accomplishment.

After short funeral services at the residence, conducted by Rev. W. P. Dickey, the body was taken Thursday afternoon to the old family home at Lockhart for interment.

It is related by the driver of the funeral car that 25 miles this side of Lockhart the hearse was met by autos from Lockhart which had come out to meet the body of their former townsman, and that by the time they reached the city over 100 cars were in the procession.

Not much is known about the Parr family here, but at Lockhart they are considered as one of the most influential of families, being interested in banking, mercantile and farming pursuits on a large scale.

During their short stay in Kerrville the family have made many friends who join with The Sun in extending condolence to the bereaved ones.

Death of J. R. Parr

Early last Thursday morning death claimed as its victim J. R. Parr, who, in company with his wife and children, had spent several months in Kerrville in a vain effort to regain his health.

The jewelry repair department and the optical department are in charge of A. E. Self. The former is equipped with an electric soldering machine, and though the boss is an expert with the old blow-pipe, a much better job can be done with the electric solderer.

The optical room, in addition to the usual trial case, is supplied with an ophthalmometer, for detecting astigmatism; a refractometer, for checking up the findings and an aid in quickly determining the character of defect, and other appliances necessary for a thorough examination.

Miss Thelie Williams, in charge of kodak finishing, will show visitors how the pictures are made, pointing out how the films are numbered to keep tab on who's who, then dropped down into a deep tank filled with a reddish looking fluid, kept there a few minutes, then transferred to another and another until finally a good negative appears; then how this negative, a piece of white paper, a press of the foot upon a lever, then the

SELF'S JEWELRY STORE COMPLETES TWENTY-FIRST YEAR OF SERVICE

(Continued From First Page)

tention having been given to the optical end of the business, more space was demanded and Mr. Weston erected a larger building adjoining, which was occupied for five years.

The latter part of March 1919, the business was moved to 715 Water Street, its present location, where more than double the space occupied previously was obtained.

In 1921, the trade having advanced beyond one-man capacity, R. T. Self, son of the proprietor, and who had been conducting a jewelry and kodak store at Kenedy, where he was watch inspector for the S. A. & A. P. Railway two years, moved his stock of goods to Kerrville and became part owner of the Kerrville store.

A visit to the store now shows a neat and well kept stock of such goods to be found in any up-to-the-minute city jewelry store. There is carried, also, a full line of Eastman cameras, films and other kodak supplies.

The watch repairing department is in charge of R. T. Self. Here are found up-to-date tools, including an electrically driven lathe, and a good stock of the very best materials. Watch wants are properly taken care of.

The jewelry repair department and the optical department are in charge of A. E. Self. The former is equipped with an electric soldering machine, and though the boss is an expert with the old blow-pipe, a much better job can be done with the electric solderer.

The optical room, in addition to the usual trial case, is supplied with an ophthalmometer, for detecting astigmatism; a refractometer, for checking up the findings and an aid in quickly determining the character of defect, and other appliances necessary for a thorough examination.

Miss Thelie Williams, in charge of kodak finishing, will show visitors how the pictures are made, pointing out how the films are numbered to keep tab on who's who, then dropped down into a deep tank filled with a reddish looking fluid, kept there a few minutes, then transferred to another and another until finally a good negative appears; then how this negative, a piece of white paper, a press of the foot upon a lever, then the

piece of white paper immersed in a tray of water—and lo! there you are, a good likeness, if you did your part well, or a poor one if you shook the kodak.

Kerrville may well feel proud of Self's Jewelry Store and of its progress and growth during the 21 years of its existence. Courtesy and service have been developed to a high point seldom seen in similar establishments combining three businesses in one.

JULIAN ONDERDONK MEMORIAL PLANNED

A State-wide campaign has been launched by Mesdames A. McGowan, Henry B. Barnes and Robert Lee Bennett of San Antonio to have the State buy one of the Onderdonk pictures to be hung in the State Art Gallery as a memorial to the Texas artist.

Julian Onderdonk was born, reared and died in San Antonio, and was considered one of the greatest American artists in the line in which he specialized—the Blue Lupine of Blue Bonnets. He was well known in Kerrville, having made numerous visits to this section on sketching tours, and a large circle of friends in the Hill Country will gladly support the proposed memorial movement.

The San Antonio ladies have already presented their plans to Governor Neff and other high State and college officials for approval. With their endorsement the matter will be taken up at the next term of the Legislature. Every woman's club and organization in the entire State will also be asked to support the movement.

Mrs. Robert Lee Bennett, one of the sponsors of the Onderdonk Memorial, was born and reared in Kerr County and will be remembered by her many friends as Miss Lena Gibbens.

INGRAM ITEMS

Miss Sue Robinson motored to San Antonio last Friday. Rev. Earls preached to a full house at Hunt Sunday morning and night. Mrs. Chas. Mosley from above Ingram, was a visitor here last Friday. Mr. and Mrs. Ambrose Trotter and children were shopping here last Friday. Newton Nichols and daughter, Miss Ruby, motored to Kerrville last Saturday. Irvin Lackey of Merkel is visiting his grandparents, Mr. and Mrs. Green Lackey. Mrs. Chas. Archer and children were the guests Tuesday of Mrs. J. J. Denton. Chas. Ingram and Gus Roberts were called to the Divide Thursday night to work on a truck. Edd Wise of Houston arrived last Saturday for a few days' visit with his sister, Mrs. Ed Smith. Mr. and Mrs. Chas. Henderson and children were guests Sunday of Mr. and Mrs. Cary Childs at Kerrville. Mr. and Mrs. Sampson Bird and son of Peble were last Friday night guests of Mr. and Mrs. Victor Lee. Mrs. Marvin Hatch and children of Kerrville visited Mrs. Hatch's mother, Mrs. J. O. McNealey, last Friday and Saturday. Mr. and Mrs. Graham and son of Fort Worth arrived last Saturday on a camping trip and for a visit with Mrs. Gus Roberts. Misses Guide, May and Mabel Everett of Comstock arrived last Saturday to be with their grandmother, Mrs. Massey, who is very ill. Mr. and Mrs. Rankins and son and Miss Alice Fuller of Abilene are the guests of Mr. and Mrs. Haines. Mrs. Rankins and Mrs. Haines are sisters. Mrs. Newton Nichols was called to Cuero last Thursday to the sick bed of her sister, who is quite ill. We hope when we hear again that she will be much better. Miss Myers and L. O. Myers were guests last Sunday of Mrs. Dick Dowdy. They were accompanied home by Mrs. L. O. Myers, who had visited here the past week. Grandma Massey is very sick at this writing, with the doctors holding out little hopes for her recovery. We trust that a change for the better will take place soon. Her children, John, Dutch and Jim, and their families were called to her bedside. Last Wednesday night at the White School House the patrons had a pie supper, to make up money to paint their building. The men all like pie, so quite a few were sold, and these good people realized over \$14.00. The ladies all know how to make pies. Lecl Dixon and Miss Wilma Kendall were quietly married Saturday night at the home of Mr. and Mrs. J. J. Wachter, only the immediate families being present. Rev. J. M. Earls performed the ceremony. They were both reared here and have a host of friends who wish them joy and happiness on their matrimonial journey. Our Agricultural Club met Tuesday afternoon at the school house, with only a small number of members in attendance. County Agent Yearly was present, besides the following members of the club, Sam Key, Ada Walker, Vivien and Elois Battle, besides Rev. Earls and Roland Nichols. We hope to have more out at the next meeting, on the 10th of June, at which time we expect to have with us the Home Demonstration Agent. A large crowd gathered at the home of Mrs. J. J. Wachter, the purpose of the gathering being a shower for Miss Wilma Kendall, who was married last Saturday. All brought useful presents and good wishes. Games were played and enjoyed by all. Prizes were won by Miss Pearl Nichols, Mrs. L. R. Fessenden, and Misses Ruby Bowden and Lois Fessenden. Toasts to

the bride were given by Mesdames Ed Smith, J. A. Leinweber and Gus Roberts. The bride's cake was cut and Miss Ruby Bowden cut the ring and thimble, Mrs. Bittle the button, Mrs. Fessenden the nickel, Mrs. McNealey the needle and Mrs. Gus Roberts the penny. Punch and cake were served to about thirty guests. Emmett Nichols and Sam Turner of San Antonio and Miss Daisy Jennings of Kerrville were visitors of the former's aunt, Mrs. Sallie Ingram, last Thursday night. Emmett is an old timer here, and we are glad to have him visit us. He is now traveling salesman for the Blue Bonnet Ice Cream Company of San Antonio. It is also quite a pleasure to have Miss Daisy with us, and we hope she will find time to visit us again soon.

RED HOLE ITEMS

Oran Parker was a Kerrville visitor last Saturday and Sunday. E. H. Kinsing was visiting sick folks in Kerrville last Sunday. Mr. and Mrs. E. A. McDougall made a flying trip to Mason last Monday. J. A. Peril and family were viewing the sights in Kerrville and attending Commissioners' Court last Monday. Miss Letha Stone, primary teacher of our school, and who has gained many friends in this community, left last Monday for her home in Corpus Christi. F. M. Floyd, a prominent business man of Harper, was out on the Peril ranch last Monday and was considered one of the best "sheep rustlers" of the gang, while shearing. Mr. and Mrs. G. C. Duderstadt were shopping in Kerrville last Saturday. While there they visited Mr. and Mrs. Ferd. Tatch and report the latter two to be some better, which we are all very proud to learn. Miss Jewel Masters of Ingram was a guest the past week with her sister, Mrs. Moses Bierschwale, returning home last Saturday afternoon and was accompanied by Mr. and Mrs. Bierschwale and children for a short visit. Miss Mary Orr, principal of our school, returned to her home at Hunt after the entertainment given at the close of the term last Friday evening, accompanied by her mother, brother and sister, who came over after her and to attend the closing exercises. Mr. and Mrs. Ferd. Tatch of our community are on the sick list and have gone to Kerrville for medical attention. Mrs. Tatch is in the Secor Hospital and Mr. Tatch is staying with a friend. We join a host of friends in wishing for them a speedy recovery. The Reservation School closed last Friday, one of the best terms in many years and many of the pupils made their grades. A nicely arranged program was rendered Friday evening, which drew the attention of a large crowd of listeners and caused much laughter and cheers. This writer joins the many friends of Miss Letha Stone and Miss Orr, who just closed a successful year in their work as teachers in our school, in wishing them much success in their undertakings where ever they may go and we wish to thank them for their untiring efforts in making our school the success it was the past term. We hope that before another year our people will get together and arrange to get an instrument, organ or piano, for the school as it is badly needed. What is believed to be the smallest church in the world is a little stone chapel dedicated to St. Anthony situated five miles east of Fort Atkinson, Iowa. The outside measurements are twelve by twenty feet. The chapel seats a congregation of eight.

MOUNTAIN HOME ECHOES

Earl Bierschwale made a business trip to Junction last Friday. Mr. and Mrs. Fritz Bassie went to Fredericksburg on business Monday. Mr. and Mrs. J. W. Bailey spent the past week end in Junction with the Wilkinson's. Mr. and Mrs. Nelson Hatch visited Mrs. Hatch's mother, Mrs. Conn, near Hunt Tuesday. Eugene Lorillard is camped near Mountain Home while employed on highway maintenance. W. H. Nelson returned from Marlin Monday to look after his ranch. He states that Miss Annie's health is very much improved. Mr. and Mrs. Hunt of Kerrville made their first visit to Mountain Home Tuesday. They were out this way to see Fritz Bassie on business. Mr. and Mrs. J. W. Denton and Miss Thornton visited from Saturday until Monday with Enoch, Frank and Marvin Hatch and families on the Divide. Edgar Oehler, who has been with the Estes Garage & Grocery for a while, is now trying his hand at the shearing machine. He has about two weeks shearing to do. Among those from this community who attended the funeral of Sister Willman at Mason Monday were Mr. and Mrs. T. A. Duderstadt, Mrs. A. E. Oehler and Mr. and Mrs. F. H. Nelson. Mr. and Mrs. Ferd Tatch are both quite seriously ill at this writing. They are at Kerrville and the neighbors, E. H. Kensing and Geo. C. Duderstadt, are looking after the ranch for them. Henry Eckstein and W. T. Hill, who have been stationed at Mountain Home for the past few months on highway work, have been transferred to Comfort. They moved their families last Thursday. Alf Kott and family and Mrs. Hugo Ahrens and family spent Sunday with their parents near Fredericksburg. As both Mr. and Mrs. Kott's birthdays occur during this month, all the children were at home to celebrate the occasion. Mr. and Mrs. Gus Sproul and Miss Dora were shopping at Mountain Home last Saturday. Wife of Pastor Dies The entire community was saddened by the news of the death of Sister Willman, wife of Rev. J. H. E. Willman of Harper, who has preached at Sunset once a month for the past 18 months. She died last Saturday at 4 o'clock, and was buried in Art Cemetery in Mason County at 2 o'clock Monday afternoon, the funeral services being conducted by Rev. A. E. Rector of San Antonio, Presiding Elder of this District. She lived a true example of Christian life and was a great help to her husband in his religious work. A testimony of the love borne her by relatives and friends was the great crowd that attended her funeral, which has been estimated at nearly 1,200 people. Also the floral offerings were exceptionally beautiful. The sympathy of this community goes out to Brother Willman in this great sorrow. Cattle Clatter in the Grasshopper Express Up in the grasshopper belt, Mason, Llano, Gillespie, Runnels and Coleman (and other) counties, it develops that the ranchmen, in some instances, are not waked up to the full significance of what is ahead of them, and are not "sold" on the idea of poisoning by bran mash. They say that it is dangerous to their stock to go out and scatter that poison mash over the grass and weeds on which the cattle feed. The ranchmen, in some instances, are not willing that the farmer, in the protection of his crops, may poison a strip of their pasture land alongside his crop. Now comes to bat Charles H. Gable, San Antonio, of the Federal Department of Agriculture, who is working on the case, who says there is no danger to stock feeding on the grass and weeds. Says he has gone out and sowed down grass land where the finest Jersey dairy herds were grazing, and had no losses. His opinion is that a hungry cow, starting out early in the

morning behind the men scattering the mash, could not eat enough all day to hurt herself. This is his personal observation and same is backed up by the records of the Department. The mash settles on the grass and weeds as it is scattered, and gradually sifts to the ground as it dries and the wind rustles the grass leaves. The hoppers get down on the ground for it. If the ranchmen as well as the farmers would combine on this, the hoppers can be swatted with one mighty swat ere long, and the land be practically freed of them. At present the little hoppers are hatching out, so small you hardly see them, and in some pastures are so thick that as

many as 50 may be found on one square foot of ground! Still they are hatching, and the men in charge plan to wait until the hatching is done, then, with one full swoop, lay low the countryside. They will do it early, before the hoppers destroy the best of things. No need to wait until Mr. Hopper grows to old age wisdom and cussedness, before cutting off his career. A female lobster will lay from 3,000 to 75,000 eggs, according to its size and age. The eggs are glued to the under surface of the body and are carried about for ten months before hatching.

A BARGAIN---GRAB IT!

I have a Delco-Light engine (has been used for demonstrating purposes only) which I will furnish with new glass jar battery for exactly \$100.00 less than a new plant costs. The same guarantee goes with this plant that a new one carries. This is a good buy. You had better hurry if you want it.
