RIO VISTA HOST TO C. OF C. AT BARBECUE FRIDAY NIGHT

Nearly 100 Members in Attendance;
Negro Tubercular Sanatorium Unanimously Opposed.

Between 70 and 100 members of the local Chamber of Commerce were guests of Camp Rio Vista at a barbecue given in their honor last Friday night at the camp farm on the Guadalupe above Ingram. The guests began to arrive about 5 o'clock and continued arriving until late in the evening. Before the barbecue was served the men present engaged in games of volley ball and indoor baseball, first by choosing up sides and later in competition with a team chosen from the boys of the camp. It is best not to give the results of these latter games. Swimming and diving exhibitions by boys of the camp were also given. A business session of the Chamber of Commerce was held with E. H. Prescott, president of the organization, presiding. Several matters of a routine nature were handled after which the negro sanatorium proposition was brought up for discussion. An organization of colored men, headed by Rev. J. A. Tyler, have been for the past two years raising funds for the establishment of a colored tubercular sanatorium, to be located somewhere in a climate advantageous to the cure of tuberculosis. While they state that they are not particularly anxious about establishing the hospital at Kerrville, and would be well satisfied with a location anywhere within a radius of 65 miles of this city, they have been capitalizing on the publicity this section has received in the past by advertising their white as being located at Kerrville, while in fact they have no site here for one and have made no effort to secure same. Tyler and several other colored people were in the Hill Country the past week and a committee from the Chamber of Commerce reported at the meeting Friday night the substance of a conversation with Tyler regarding the proposition. After several had expressed their views on the matter at length, the following resolution was presented and unanimously passed:

Resolved: That the Chamber of Commerce go on record as being opposed to having a hospital for the treatment of tubercular negro patients in or near the City of Kerrville, that the finance board of this hospital be notified of this action, and that publicity of same be given through the newspapers."

Further business was declared out of order, as the meeting was held where savory odors from the barbecue pits were assailing the nostrils of the members, so the business meeting adjourned. The camp chef had done himself proud on that barbecue feed. In addition to all the most delicious barbecued meat that a person could eat, the visitors were supplied with peaches, pickles, bread, coffee and lemonade—everything that was necessary to satisfy the craving of the inner man, and Mr. Crate was on hand urging a second helping.

After justice had been done to the repast, the camp fire, a nightly occurrence of the camp, was lighted, and the visitors were afforded the treat of listening to a regular camp fire program. Songs of various sorts were sung by the boys under the leadership of the camp chorister. Also a couple of instrumental solos were rendered by Mr. Murray. The Camp Quartette, composed of Messrs. Murray, Miller, Jones and Potts, rendered several most pleasing numbers. A camp paper, prepared and read by one of the boys, was also very interesting.

Possibly the most interesting part of the camp fire program was one that gave the visitors a keener insight into the great work Mr. Crate and his assistants are doing with the boys under their charge, was the exhibition put on by the tumbling class of the camp. Some of the stunts put on by these boys were exceptionally well executed, especially the pyramid building.

D. S. Cagle of Houston, a visitor of the camp, made a short talk to the

J. J. DENT RECEIVES APPOINTMENT AS DEPUTY GAME AND FISH WARDEN

J. W. Gildart Resigned Last Saturday to Accept Position of Foreman at Camp Wood.

J. J. Dent is now Deputy Game and Fish Warden in this section in place of J. W. Gildart, who resigned last Saturday to accept the position of foreman of the cedar business at Camp Wood in Real County. As Mr. Dent had served as special deputy under Mr. Bogle and Mr. Gildart he is entirely familiar with his new position and has the further advantage of knowing the people and country thoroughly. He has taken hold of the work in a systematic and business-like manner and states that he will enforce the game and fishing laws to the best of his ability. In speaking of his work Monday, the new warden stated that he expects

to assist the farmers and ranchmen of Kerr County in their campaign of protection which they have been carrying on for the past several years, and which has placed this section at the head of the list in the conservation and protection of the game and fish resources of the State.

Mr. Gildart has served as Deputy Game Warden since Mr. Bogle resigned last winter and has a host of friends whose best wishes go with him and his family to their new location.

FARMERS AND MERCHANTS TO MEET IN JOINT SESSION FRIDAY AFTERNOON

Attempt to Be Made to Devise Better Marketing Facilities for Country Produce in This Section.

At the regular meeting of the Retail Merchants' Association to be held in the Chamber of Commerce rooms Friday afternoon at 3 o'clock, a committee of representative farmers and truck growers will meet, together with members of the Board of Directors of the Chamber of Commerce, the County Agent and the Home Demonstration Agent in an attempt to better local marketing conditions for produce raised in Kerr County. A committee from the Chamber of Commerce at Center Point have also been invited to participate in the meeting. The situation as it exists today is as follows: Hucksters are bringing vegetables and produce from over-supplied markets in San Antonio, which they are peddling from house to house in this city, and as a consequence produce grown locally is left on the hands of the local merchants. While this situation will straighten out in a week or so, when produce from the lower country ceases to glut San Antonio markets, it is hitting the local growers a severe blow right now. Several plans are being considered by local business men and farmers to alleviate the situation and all interested in the proposition are urged to attend the meeting Friday afternoon.

CAMP MEETING OF METHODISTS TO CLOSE NEXT SUNDAY NIGHT

Winds Up Regular Program—Camp to Remain Open Balance of Summer.

Out at the Assembly Grounds the Methodists are having an enjoyable time with the old fashioned camp meeting now in progress under the leadership of Rev. Arthur J. Moore of San Antonio, and Rev. E. R. Barcus of Austin. Rev. O. W. Stapleton of San Antonio has charge of the singing.

The camp meeting is to close next Sunday night, which will also wind up the regular program for the season. However, the camp grounds will remain open as long as the campers wish to stay, and it is likely that the cafeteria will be operated until the first of September at least. Other program features may be arranged by the campers to fill in, but in the main they will devote the time to rest and recreation.

Out at the encampment grounds today they are holding a big barbecue dinner in connection with another sale of lots. Lots are being sold daily and it is hoped to dispose of enough more today to enable the trustees to go forward with an enlarged program of building and equipment for next year. Rev. White announces that the local Methodist Church will resume all activities the first Sunday in August, after having been closed during the encampment period. The sermons, morning and evening, will be delivered by Rev. A. Frank Smith, pastor of the First Methodist Church of Houston, who is visiting in the city.

PROMINENT METHODIST PREACHER SPENDING VACATION IN KERRVILLE

Dr. A. Frank Smith and Family of Houston Occupying One of Rawson's New Cottages.

Dr. and Mrs. A. Frank Smith and two children of Houston arrived in Kerrville last Saturday to spend the remainder of the summer in the Heart of the Hills. They are occupying one of the Rawson cottages in the south part of the city.

Dr. Smith is pastor of the First Methodist Church at Houston, which is credited as being one of the largest and best churches of that denomination in the South. He was formerly pastor of the Laurel Heights Methodist Church at San Antonio and his brother, Rev. W. Angie Smith, was at one time pastor of the local Methodist Church, so he is not an entire stranger to the citizens of this section.

In company with Rev. White, local pastor, Dr. Smith paid The Sun office a pleasant visit Tuesday morning and in a general conversation stated that his brother, who secured his M. A. degree at the Columbia University last year, is now pastor of the Tulip Street Methodist Church at Nashville, Tenn. This will be pleasing news to his many Kerrville friends, who are gladly welcoming Dr. A. Frank Smith and family, both on his brother's and his own account, and doing all possible to make their stay in Kerrville pleasant and of mutual benefit.

CAMP TEXAS WELL ON WAY TO A MOST SUCCESSFUL SEASON

Old Fair Ground Now Scene of Active Group of Boys Under Direction of "Doc" Stewart.

The first season of Coach "Doc" Stewart's athletic training camp is now well under way. The first part of the month was slow in getting started but after organization was completed the activities of the camp have gone on regular, and as though the camp had been running for a much longer time. The directors deserve great commendation for the good work which they have been carrying on. There are now about eighty boys in the camp from all over Texas. Kerrville is proud to have such a camp here among the numerous other camps.

The enrollment is divided into two separate groups, one for high school coaches under personal direction of Coach "Doc" Stewart of the University of Texas, and one for high school boys under the most capable assistants. Besides the athletic training the school work for making up credits of high school work is a valuable part of the camp. Boys who need extra high school credits find this a fine place to make up the work and under the very best of instructors. The camp after getting such a wonderful start is sure to be a great success for the entire summer, and everyone connected with and interested with same are glad to know that the camp will be here again next year, and with this year as a foundation will become a great summer athletic training camp for boys and high school coaches, and also a well known school for boys who need a few extra credits to enter college.

The academic work is running very smoothly. Dr. D. A. Penick, Dean of the Sumner School of the University of Texas, is the head of this work, and H. C. Evans is his assistant; both have given of their time and labor unsparingly. As a result the boys, who are taking school work, are finding that they are covering a great deal of ground under the efficient instruction of Mr. Evans and his assistants.

The morning is divided into three class periods of one hour each. Another hour period is held immediately after dinner, and the boys who have lessons are required to meet in the mess-hall for supervised study and recitations at stated periods. Instruction is being given in any subject a boy may need; and the class of instruction is very high, due to the high calibre of the teachers in the camp.

Alex. Waite, formerly of Columbia, S. C., and now of Austin, is in charge of camp Texas. He has had a great deal of experience with boys' camps and is in a position to know the needs of such camps. The camp has been divided into four athletic groups, each under a competent coach, who supervises their work and trains them. The name of each group is selected by the boys, and each group competes with all the others in baseball, basketball, tennis, track, golf and swimming. Each team plays baseball twice a week; basketball is played twice a week; track and swimming meets are held every Friday and Saturday, respectively. Golf and tennis tournaments

FOREIGN MISSION CONFERENCE TO CLOSE AT WESTMINSTER

Conference on Woman's Work to Begin July 27, Followed by Bible Study Conference.

The Foreign Mission Conference which began at the Westminsters yesterday afternoon July 23 closes tomorrow with reports from returned missionaries from foreign fields. The Conference has been a great success, bringing a great number of foreign mission workers from all over Texas, and missionaries to foreign fields have brought messages of great benefit to home workers. Rev. J. O. Reavis is the Conference leader.

Last Sunday morning no church services were held at the Encampment and Dr. Diekey, pastor of the Kerrville Presbyterian Church invited all to the services at the church and furnished cars to convey all who went. The various conferences have been divided over the entire summer this year, with the result that there is something interesting going on all the time. The Conference on Woman's Work will begin July 27 and last until August 1, followed by the Bible Study Conference, which begins August and lasts until the 10. The Conference on Woman's Work will bring another large attendance. Mrs. L. C. Majors, of El Paso Presbytery will be the Conference leader, and many prominent church workers will conduct classes. The program for the five-day conference includes: Address by Rev. T. W. Currie, D. D., and Rev. S. L. Joekel; Bible Study Hour led by Rev. T. W. Currie, D. D., president of Austin Presbyterian Theological Seminary; Address on "Progress and Possibilities of Woman's Work," "Illuminating the Presbyterian Progressive Program," also on Foreign Missions, Mountain Missions, and

Home Missions in Texas. Classes in Parliamentary Law, Methods and Efficiency will be led by Mrs. H. L. Cockerman, mountain mission worker of Quicksand, Ky. Classes in Mission Text Books, Value of Paganery, will be conducted by teachers of Daniel Baker College. Under the system of Conferences this year there will be activities all summer up until closing time in September and large crowds that are too large to handle will not be known this year, as before.

Registrations for the past week included: A. J. Ahne, John Mockert, F. A. Schonstein, Kelly Watson, Mrs. P. H. Swearingin, C. M. Bodine, Mrs. G. J.

PAMPELL'S NEW BOTTLING FACTORY NOW RECEIVING FINISHING TOUCHES

Latest Style Machinery Installed—Ice Cream and Candy Departments Also Enlarged.

The city of Kerrville has been making some rapid strides in the way of civic growth and development the past few years, and many business institutions have kept pace with same. There is one exception to this rule, however. J. L. Pampell, proprietor of the confectionery across from the St. Charles Hotel, and also of the bottling works, ice cream and candy factory, has not developed with the city. That was too slow for Pampell, so he just got busy and built a factory for his various industries that would be a credit to a city the size of San Antonio. In fact, the Alamo City, has no plant that will equal the one just being completed in the rear of the confectionery on Waver Street.

Sunshine predominates all over the new factory. This impression is caused by the arrangement of the windows and the whiteness of the walls. The entire factory in all three departments is a thing of beauty with its white and immaculate furnishings. The plant is built along the lines of the latest thing in sanitation and light. And for night work the plant is equipped with an adequate supply of lighting fixtures, whereby the plant can be operated with utmost convenience for 24 hours a day, should occasion arise.

In the bottling department will be found several new machines. The Automatic Bottling Machine with a two-head cap, capable of putting out 75 cases of goods an hour. In connection therewith is the washing and sterilizing machine and the rinsing conveyor. The washing and sterilization process requires approximately 22 minutes from the time the bottles are placed in the machine until they are delivered to the bottling machine. At present it requires the services of three operators to care for the machines, but Mr. Pampell is now making arrangements for the purchase of a new washing machine and sterilizing machine that will be absolutely automatic and will eliminate the services of two of the three operators at present needed.

The syrup used in the bottling is mixed and kept in a special room above the bottling works, from whence it is conveyed to the machines for bottling. This—syrup room is, like the rest of the factory, absolutely dust and fly proof. The room formerly used as a bottling room is being devoted exclusively to the manufacture of ice cream. This room is not completed as yet, as the bottling department was operated in here until the new building was completed and the machinery installed therein. Workmen are busy this week overhauling this branch of the business and in a short time it will be filled with "barreled sunshine" also. Additional machinery installed in the ice cream factory includes another freezer, which makes two 40-quart machines in operation in this department. In this room also will be found the large 20-horse engine from which is generated the power necessary to run the entire factory and also the lights for illumination at night.

In a room on the top floor, up where it is cool at all times and where a breeze is always blowing, is situated the new candy manufacturing department. A Hobart electric stirring machine, an electric candy beater and electric chocolate warmer are included in the equipment in this department. Sufficient racks, tables and slabs have been provided to give the plant almost unlimited output and almost any kind of candy can be made successfully.

Throughout the entire three departments, filtered water is used in the manufacture of the products. The new plant throughout meets all the requirements of the State Health Department and passes also a more rigid test—that of the Coca-Cola Co., of which product Mr. Pampell is local distributor. The new factory and machinery represents an investment of between \$18,000 and \$20,000, but it is worth the money, and The Sun wishes to compliment Mr. Pampell on the whole plant. In addition to such rapid strides in the factory end of the business, Mr. Pampell is making some radical changes in the retail and fountain end of his business, among which is the installation of an individual sanitary paper cup and plate service, which will not only make the service more sanitary, but will speed up the service by eliminating dish and glass washing.

Chas. Schreiner Bank
WOOL AND MOHAIR COMMISSION MERCHANT

An Important Fact

Copyright 1922 by W. C. S.

SEVERAL MEN were talking one evening about some advertising the bank had sent them.

"I don't see why the banker wants us to go to him for advice," said one of them. "He has never been a farmer and he can't tell me how to farm."

"You don't get the right view point, Charley," another man replied. "That banker is not asking you to come to him for advice. He asks you to come and talk with him about your problems so that he can understand you better and help you win."

"Your banker cannot help much when he does not know exactly what you are trying to do."

"I've talked with that banker a good many times and I am very glad I have for it has been a mighty good investment."

OLD-TIME COMFORT CITIZEN DIES IN KERRVILLE SUNDAY

Hubert Ingenhuett, 60, Was Member of One of Prominent Hill Country Pioneer Families.

Hubert Ingenhuett, a member of one of the pioneer families of Southwest Texas and one of the builders of the town of Comfort, died at 6 o'clock Sunday morning at the Secor Hospital in this city, after an illness of several months. Deceased was 60 years and 9 months of age, and had been suffering with spinal sclerosis for the past two years.

Mr. Ingenhuett was the son of Peter Ingenhuett, who died last October at the age of 91 and who, when a young man, moved to Kendall County and located the site of Comfort. Hubert Ingenhuett is survived by his wife, a sister of the Real brothers and niece of Capt. Chas. Schreiner, and one son, Prof. Arthur Ingenhuett of Texas A. & M., also three brothers, Paul, Herman C., and Ernest Ingenhuett, all of Comfort. He was a member of Herrmann Sons and Woodman of the World.

Until a few years ago Mr. Ingenhuett was engaged in business in Comfort, but because of ill health was compelled to return to his ranch seven miles north of Comfort. He was formerly a frequent visitor in Kerrville and was known and loved by all old-time citizens of the Hill Country. Two weeks ago his trouble became acute and he was brought to this city for treatment. Funeral services were held from the Ingenhuett residence in Comfort Monday morning at 10 o'clock, followed by burial in the Comfort Cemetery. A large crowd of Kerrville people, relatives and friends of the deceased, were in attendance. The Sun joins with the entire Hill Country in expressions of sympathy to the relatives.

MODERN BUILDING TO BE ERECTED FOR KERRVILLE STEAM LAUNDRY

Contract Awarded to Miller Construction Company—New Equipment to Be Installed.

The contract has been awarded the Miller Construction Company of this city for the erection of a modern hollow tile building for the Kerrville Steam Laundry. The new structure will be 50x70 feet and cost \$8,000 or \$10,000. It will be located on the present site, the old building being moved to one side and the business carried on until the new plant is completed, which will be about 60 days.

In keeping with the modern building new machinery of the latest approved type will be installed and with the completion of the new plant the Kerrville Steam Laundry will have adequate equipment for a city many times the size of Kerrville, and will be in position to turn out work quickly and in the best possible manner. The new equipment will include a water softener, 4-roller flat ironer for flat work, two more washing machines, neck band press, cuff press, shirt bosom press, two Universal clothing presses, drying racks and many other labor-saving appliances. Part of the machinery in the old plant

which is still in good condition will be utilized.

H. S. Lang is proprietor of the laundry and the work is under the supervision of Don and Cliff Stelly, who are experienced laundrymen. The new plant will employ from 26 to 30 workers and the added facilities will make conditions pleasant for the employees and give Kerrville an up-to-date laundry.

DRIVE-IN FILLING STATION AND GARAGE OPENED FIRST OF WEEK

Finishing Touches Being Applied This Week—Modern and Convenient in All Respects.

Monday morning the Drive-In Filling Station and Garage of J. M. Proddy was opened for business after a shut down of about two months for the purpose of remodeling. The building is concrete and steel throughout. While the finishing touches of construction and painting have not been completed, the plant is sufficiently finished to enable Mr. Proddy to open for business, and the balance of the work on the building is going on and will probably be completed by the end of the week.

The drive-in station is 50x26 feet with two gasoline pumps and all necessary paraphernalia for service to customers. Around the edge of the roof, over the filling station are numerous electric lights, which render brilliant illumination at night. A ladies' rest room adjoining the filling station is being completed and furnished, but will not be fully equipped until connections can be made with the new sewer system.

The garage and repair part of the structure is 50x76 feet in size and is well lighted from windows on all sides containing prismatic glass. All tools necessary for repair work on all makes of cars have been provided and experienced workmen are employed to care for the wants of patrons.

RETAIL MERCHANTS' ASSOCIATION TO MEET FRIDAY AFTERNOON AT C. OF C.

Several Important Propositions to Be Discussed for Betterment of Local Conditions.

Friday afternoon at 3 o'clock the Retail Merchants' Association of Kerrville will hold their regular monthly business meeting at the Chamber of Commerce Building and it is expected that a large membership will be in attendance, as several important matters are scheduled to come up for consideration, chief among which is the proposition of urging the passage of the city officials of an ordinance assessing a vendor's license on peddlers of merchandise within the city limits.

After being in operation a little over a year the Retail Merchants' Association has proved itself of inestimable value to the retail merchants of the city, as well as the customers of the stores. It benefits the merchants by eliminating the dead beats, and helps the consumers by enabling the retailer to make prices on goods, because of the closer margin he can sell on without having to figure on losses through unpaid accounts.

RIO VISTA HOST TO C. OF C. AT BARBECUE FRIDAY NIGHT

(Continued From First Page)

boys and the Chamber of Commerce. In the course of his address he made reference to the splendid discipline which he had found among the boys, stating that he had paid many visits to the camp during the past thirty days. He gave expression to the inspiration absorbed by him, and paid a glowing tribute to the able management on the part of Mr. Crate and his associates.

In directing his remarks to the boys especially, he impressed them with the responsibilities which they will inherit and the necessity of giving themselves to others; the giving of themselves to all civic duties and to every worthy cause in which their community and their country were concerned.

The speaker said he was deeply impressed with the wholesome teachings of Camp Rio Vista, in which the boys were taught their duty to God and to their country, together with lessons of friendship, co-operation and forbearance of each other's faults, as well as appreciation of their virtues. He stated that the influence of such training will serve to develop and improve the citizenship of this country and he would be glad to see boys' camps scattered throughout the Nation and recommended the support of the Government, if need be, to carry on the noble work.

On behalf of the Chamber of Commerce Ally Beitel expressed to Mr. Crate, his assistants and the boys of the camp, the appreciation of those present for the entertainment offered.

At a late hour the guest departed for home, being guided out of the camp grounds by a series of beautiful illuminated torches thoughtfully provided by the camp management to enable those not familiar with the route to cross the river safely.

THE SPIRIT OF RIO VISTA

One day last week a little boy, apparently not over 12 or 13 years of age, hiked over 20 miles. That night, in company with some of his companions, he assisted in putting on some entertainment features for the Chamber of Commerce meeting at Camp Rio Vista. After the meeting had adjourned, the visitors had departed and the boys of the camp were in their bunk houses after taps preparatory to going to bed, this same little boy was missing from his quarters.

The squad leader began a search for the absent boy and the writer was fortunate enough to be present when the missing one was found, lying at the foot of a large tree the little figure was discovered with the small body quivering with repressed sobs.

The squad leader knelt beside the boy and put his arms around the little fellow as tenderly as could any mother. "What's the matter, little man?" he said. The boy answered in tones too low for The Sun man to hear, but it was inferred that the boy was grieving because he was not large enough to have participated in all the athletic events.

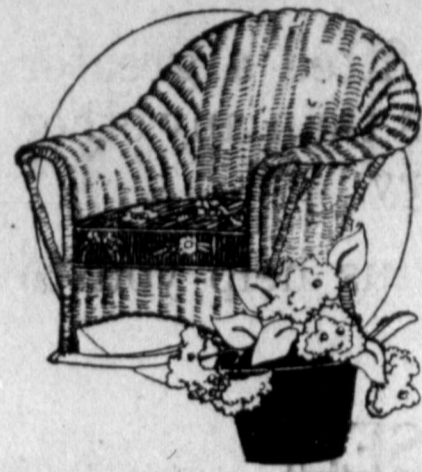

"My, you don't need to be worrying about a little thing like that," answered the squad leader. "A boy that can swim and dive like you do can hold up his end with any of these fellows out here." And then followed a conversation, at first one sided, out there under the stars between these two boys, while the rest of the camp slept. Finally the little fellow's face began to shine and he joined in the conversation eagerly, and soon, in company with his leader and friend, he trotted off to well-earned slumber and to dream, perhaps, of the day when he would be big enough to do what the older boys had done that evening.

Such is the spirit of Camp Rio Vista. Each boy out there is striving to make himself the best possible and each camp leader, from Mr. Crate on down, is doing all he can in an honest, sympathetic manner to help the boys along. They study boys out there on the Guadalupe and the result will inevitably be that the coming generation will be better prepared from a physical, educational and spiritual standpoint than are the men of the present generation.

Plainview News: Lynch Davidson declares that through proper business methods he will reduce the State expenses \$5,000,000 a year and we believe he can do it. In Illinois Governor Lowden, who was a prominent business man, through a business administration brought about a saving of \$9,000,000 in the State's budget.

An efficient business man could work wonders in Texas. Why not try a real business man, as a contrast to the many politicians we have had as chief executive of the State?

CATHOLIC CHURCH NOTES

By Father Kemper
 SR. ALBAN'S DEATH

On Monday of last week Sister Alban went to meet her Creator and receive from Him her crown of glory, in St. Mary's Sanitarium at Boerne. Three of our local nuns went down to assist at her death-bed; viz. Sisters Gillette, Veronica and Gerard Majellan. The last named had been a classmate of the deceased at the Incarnate Word Novitiate.

A few days later, Sister Colette returned to the mother-house at Alamo Heights with Sr. Cecily. Miss Clara and Albert Jr. Kronkosky of Boerne motored here to visit their former teacher, Sr. Charles Joseph.

Our Sisters at the Incarnate Word Normal School were very busy last week giving or taking examinations. Ellen Marie Decker of Notre Dame took summer work there. Conferring of teachers' certificates, collegiate and music degrees took place also at the Lady of the Lake College, where Elizabeth and Louise Dryden, and Wilhelmina Mosel attended. The mid-summer Commencement Day was also Wilhelmina's birthday.

Miss Emilia Schiffrers, a senior of the I. W. College, who is summing at our convent, enjoyed a visit on Sunday from her mother, Mrs. Albert Schiffrers, and her sister Cornelia. With them came Miss Elizabeth Campbell, who had spent the previous vacation at Notre Dame Institute. Josephine and Tommy Parrish, children of our care-taker, came back from Galveston on the 6th.

Rev. Captain Coholan's Visit
 We were honored by a visit from the Army Post Chaplain, Rev. Philip F. Coholan. He motored here with Rev. Dr. Geo. Mulvaney of the Incarnate Word faculty. The latter has since gone to Milwaukee for his annual summer vacation.

Many of the Comfort Catholics came here to attend Sunday Mass. Mrs. Annie Verman spent the day with her brother, Walter Meyer. T. O. Coddington, formerly of Kerrville, motored here with Mrs. Christopher Dart and her daughter Mary. They also brought Charles W. Cannon and Louis Whittier.

Hubert Ingenhuett was buried in Comfort on Monday. The following were baptized on the occasion of Father Kemper's last visit to Comfort: Jose Angel Garcia, Cipriano Garcia, Alejandro Pais, and Jesus Valderas.
 In Kerrville the sacrament of baptism was administered last Sunday to Damasio Silvas, Eduardo Maldonado and Patrick Hernandez.
 Juan Moreno has returned to Kerrville, but is still seriously ill from his recent operation by Dr. Urrutia at Santa Rosa Infirmary.

Chicago Guests
 Mrs. Geo. J. Walt, who sang at Father Kemper's first mass in St. Michael's Church, Chicago, spent the week here camping with her family.
 Green, the San Antonio florist, motored here with his family to chat with his brother Knights of Columbus. With him came Mr. and Mrs. John J. Beldaze and their daughter Alice.
 At Secor's Hospital Mrs. Adolph Joenke is rapidly convalescing from her second operation. Her family came here from Harper during the anxious days. Her brother, Joe Jung, of Petersburg, was also here during the past week end.

To the staff of nurses at the U. S. Veterans' Hospital was added Miss Katherine F. Lyons of Bridgeport, Connecticut.
 Miss Rose Dullahan, a Houston teacher, is visiting her cousin, Mrs. W. McMillan, whose husband is a Legion patient.
 Marie Wilkinson of Des Moines, Ia., came here to be with her cousin, Mrs. V. D. Conn, whose husband is also a tubercular veteran.
 Mrs. Bruno Schott is entertaining her sister, Katie Winkler, of Cuero.

GOAL OF PRESBYTERIANS REACHED IN STATE DRIVE

At a meeting of the State Executive Committee of the Texas Presbyterian Educational Movement held in Dallas July 15th, announcement was made that the \$1,350,000 toward which the forces of the campaign had been directed for the past ten months, had been over-subscribed. Following this announcement the doxology was sung and a prayer of thanks offered by Rev. C. T. Caldwell, D. D., of Waco.

The success of the campaign was not assured until the closing day, when letters from all over the State, containing pledges to the movement, reached the central office in Dallas. Plans were discussed by committees yesterday for the continuation of the central office until the pledges, which extend over a period of four years, have been collected. Headquarters will be changed from 1004 1/2 Elm Street to Room 20, Central Bank Building, Dallas, Texas. Rev. J. S. Baird, D. D., recently elected financial secretary of schools and colleges, will have charge of the office.

Resolutions were adopted by the committee thanking R. D. A. Penick, of Austin, for his faithful service and untiring efforts in making the campaign in Texas a success.

Present at the meeting were Dr. C. T. Caldwell, Waco; Dr. S. E. Chandler, Brownwood; Dr. T. W. Currie, Austin; Dr. Brooks I. Dickey, Dallas; Rev. S. L. Joekel, Waxahatchie; Dr. D. F. McConnell, Fort Worth; Mr. Ray Nesbitt, Dallas; Dr. D. A. Penick, Austin; Mr. E. A. Peden, Houston; Mr. George T. Reynolds, Dallas; Mr. J. W. Stitt, Fort Worth; Dr. F. W. Thompson, Milford; Mr. A. H. Seats, publicity manager of the movement, Columbia, S. C.; and Dr. J. S. Baird, financial secretary, Dallas.

CONTRACT IS LET FOR HIGHWAY IN EDWARDS COUNTY

Edwards County (Rocksprings) Leader, July 18: Montgomery & Ririe, W. T. Montgomery and A. A. Ririe, a road building firm of San Antonio, were the successful bidders when the Commissioners' Court opened bids Tuesday on ten miles of the Del Rio road from the county line this way. It is to be a State specification highway, with fifty-five feet of State and Federal aid. The contract price for the ten miles was \$111,404.10. There were a number of bidders, but the San Antonio firm was the lowest by about \$10,000.

This is the first permanent road building that has been done on the Del Rio road, and it will be worth much to the Carta Valley people, and will be worth much to all the county when it is connected up to complete a cross-county highway. This will give Edwards County about 40 miles of high class macadam highway under construction and contracted for, besides the road work not so expensive on all the roads. We are gradually getting a complete system of hard-surfaced roads all over the county.

Other road builders here Tuesday to submit bids were Ashburn Bros. of Rockspring; Standifer Bros. of Uvalde; Peferman & Robinson of Laredo and Bart Moore of Waco. Major W. F. Hutson of San Antonio, State Engineer, D. K. Sheppard, Federal Engineer, and W. E. Simpson of San Antonio, County Engineer, were here to help start some new road work.

PRESBYTERIAN CHURCH

By Member

The members of the congregation of the First Presbyterian church were indeed fortunate last Sunday in having the visitors of the Westminster Encampment as their guests and also in having three of the most distinguished men in Texas Presbyterianism to take part in the services. These men were Dr. J. O. Reavis, a great leader in the cause of Foreign Missions; Dr. T. W. Currie, president of the Theological Seminary at Austin, and James Hardy, pastor of the First Presbyterian Church at Houston.

Dr. Currie made some announcements with regard to the work at the camp. Beginning Monday the Foreign Mission Study began, led by Dr. Reavis, assisted by Rev. Lawrence Wharton of Austin, Dr. Currie and Miss VanDeventer.

Special music Sunday morning was a solo, "Ave Maria" sung by Miss Louise Ashton, of Coleman, Miss Dorothy Ashton played the violin obligato, with A. McCurdy at the organ. The scripture lesson for the morning was from the 4th chapter of Matthew, from the 19th to the 25th verses.

Dr. Reavis' sermon might be called a lecture on "Don't Worry—the Lord will Provide," with the 6th and 7th verses of the 4th chapter of Philipian as his scripture reference.

The subject was divided into the three parts: 1st. Be careful for nothing, do not worry. Self centered people forget to look to the Lord for the panacea of their earthly woes. 2. In every thing be prayerful; too many people forget the everything and are only prayerful in their time of trouble. 3. Be thankful for all things. If you pray earnestly for things, remembering that "The Lord's Will Be Done" you are sure to get what you ask for of something that is infinitely better for you than what you have asked for.

Beginning next Sunday there will be no services at the church, the session having decided to let the members attend church at the Encampment during the next month.

FIRST BAPTIST CHURCH

There appears to be little news of interest amongst the Baptists for this week. The smallest congregation, since the present pastorate began, assembled on last Sunday morning. However, a most delightful spirit pervaded the meetings. The Sunday School was a little advanced, in its attendance, and the Sunbeams reached high water mark. Mrs. Treece seems to be well adapted to this important phase of religious work.

The Sunday school superintendent, Mr. C. H. Richerson, announced a teachers' meeting at the church for Friday evening, 8 o'clock. It is hoped a full attendance may be had. The entire congregation, together with many friends, were delighted on Wednesday evening, by the presence

of a former pastor, the Rev. Judd B. Holt, now of Robstown, Texas. Mrs. Holt and the little Holts, accompanied him, as they were on their way to attend an Encampment at Paisano, in the Davis Mountains. Mr. Holt spoke at the prayer meeting, to the delight and profit of all present. An impromptu reception was given them at the close of the meeting.

The pastor is out of town for some two days, the early part of the week. All will be delighted that Deacon Anglin, in the pastor's absence, will lead the mid-week meeting for prayer.

Our good Brother Brown is engaged this week in a revival meeting, some 18 miles up the river. We are praying that much good shall result from his faithful labors.

By request from the Committee for the Prevention of War, the pastor will speak on that subject next Sunday morning. At night he will speak on "A Parli for Everyone" with reference to the Governor's visit.

The Sunbeam Band of the First Baptist Church of Kerrville, met at 2 o'clock last Sunday evening. Twenty-seven enthusiastic Sunbeams were present. We are studying Africa from a missionary standpoint. All children are invited to come out next Sunday at 2 p. m. and help us finish building our "African Village." Something always doing at the Sunbeam—don't miss it. MRS. TREECE, Leader.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Kerrville People to Neglect.
 The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Pills, which are so strongly recommended right here in Kerrville.

Miss Adele Michon, Tivy Street, Kerrville, says: "I keep Doan's Pills on hand and whenever I have any signs of kidney complaint they are sure to give me relief. My kidneys were weak and I had attacks of backache when I felt so tired and worn I could scarcely do my work. Headaches annoyed me and my kidneys acted irregularly. Doan's Pills from the Rock Pharmacy quickly stopped the backaches and regulated my kidneys."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Miss Michon had. Foster-Milburn Co., Mfrs. Buffalo, N. Y. (Advertisement.)

CHRISTIAN CHURCH NOTES

By Member

Bro. J. W. Smith of San Antonio was with us last Sunday and delivered a very interesting sermon, which was enjoyed by all. We hope he will not make this his last trip, but will preach for us again.

Sunday School services were enjoyed by a good crowd and we still feel that our Sunday School is improving. Last Sunday's lesson was "The Baptism of Jesus," and was very interesting to all who attended, we are sure. The Bible Class still holds the Attendance Banner, and we are planning on a good treat in the near future. We will all try very hard to have the same thing repeated if we get a good feed this time.

Our prayer meeting last Wednesday night was certainly a pleasant and helpful one, and was attended by quite a number. The subject of the lesson was "Prayer," and a number of talks were given by those present. Mrs. McCleary gave an interesting talk on "What We Should Not Pray For and Why We Fail to Get Results." Mrs. Metcalf, on "Praying for Strength"; Dr. Mayhew on "Praying for Help Divine and Temporal"; Major S. E. Bomar on "Praying for Wisdom." We also had a solo by Mrs. McCleary entitled "Ere You Left Your Room This Morning, Did You Think to Pray?" which was enjoyed very much.

Now we feel sure we are going to have many more meetings as good as this one and we hope more will attend. Remember each Wednesday at 8:15 p. m.

And now we again want to remind you that we are hoping and trusting to see more people attend Sunday School, and we will do everything we can to make you feel welcome. You don't know what you are missing if you don't come. Services, 9:45 a. m.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisber, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI
 The Woman's Tonic
 to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."
 At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms. If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

SEWER CONNECTIONS

We are in a position to quote a low price on sewer connections if we can continue to put them in wholesale. To do this it is necessary that the people co-operate by signing up at once so that groups of properties may be served at one time.

If we have to come back later to put in special jobs it will cost more and we will be forced to charge more.

A party of San Antonians who enjoyed the past week end on the Guadalupe at Brown's summer camp was composed of Walter P. Shefer and family, S. T. Brown and family and Mrs. Carrie Crawford.

E. J. Hunter and family arrived from Illinois Tuesday intending to probably make this their home. They are now at the tourist's camp and if the location is as suitable as they expected they will stay for some time.

The family of L. W. McCoy are enjoying the cooling breezes along the river these days, as Mr. McCoy has moved the family out to a nicely equipped camp home near Camp Rio Vista. Mr. is commuting to and from work.

Mr. and Mrs. L. C. Carter and three sons arrived from Camden last Friday on a tour of the Hill Country and are so attached to Kerrville that they have rented a cottage in the Lowry Addition and expect to become citizens of the city for at least 30 days.

L. M. Pearce, J. A. Dennis, W. S. Webb and wives were campers at Lake Side Park Monday and Tuesday night. The party are touring the south by automobile, and have visited practically all of Texas, Colorado and New Mexico. Banners and pennants show that they have also visited the west side of the Rio Grande. They are now on their return to their home in Houston.

Mr. and Mrs. Lee McDonald and son, Felix Lynn, of Conroe, were guests last Saturday and Sunday of G. B. Deaver and family. Mrs. McDonald was an old friend of the Deavers', but they had not seen her for 13 years, and had never met her husband and little son. During the course of their visit Messrs. Deaver and McDonald discovered that they were first cousins, which added to the enjoyment of the occasion.

Monday morning's Fort Worth Star-Telegram contained a picture of the home of Mr. and Mrs. A. E. Self of Kerrville, together with a large live oak tree in front of same. The photo carried the following caption: "Freak of Nature—Twin Oaks is the name given to the home of Mr. and Mrs. A. E. Self at Kerrville. The live oak tree, which forks into two large trunks four feet above the ground, has a spread of 69½ feet one way and 63 another. The trunk is 13 feet, 2 inches in circumference at a height of three feet. The tree is many hundred years old."

After a visit of several days with the family of W. W. Warrell, Dr. and Mrs. E. L. Hall and nephew, Alva Haywood left Tuesday for their home at San Benito.

W. E. White, court house reporter of the San Antonio Evening News, came up Saturday evening to remain over Sunday as the guest of N. W. Graham and family of Ozona, who are attending the Kerrville Methodist Assembly.

P. T. Elder arrived last Friday from Yoakum for a week's visit with his grandson, W. A. Fawcett, and family. Mr. Elder is a very active man for his age, he being 82 years old, and always makes a visit in the Hill Country each summer.

L. L. Pollan of San Antonio arrived in Kerrville last Saturday evening to assist Colglazier & Hoff with the rock foundation work on the highway below the city. Mr. Pollan formerly worked for the firm and stated that he was glad to again accept employment with them.

W. S. Fowler and family left Wednesday for their home in Port Arthur, after a month's prospecting trip to the Hill Country. Mr. Fowler is well pleased with Kerrville and will return in about three months to make this their home. He will go into the restaurant business here.

Among those who attended the Inghelt funeral in Comfort Monday from Kerrville were: Aug. Hamke, N. Herzog, E. Schwethelm and daughter, Mrs. Minnie Seiber, Chas. Heinen, Herman Mosel, Bruno Schwethelm and wife, L. A. Schreiner and family, and Mr. and Mrs. Gus. Schreiner.

The Kerrville Athletics will journey to Comfort next Sunday for a game with the Comfort team. This should be an interesting game, as the Comfort folks are still puffed over the defeat their team suffered early in the season at the hands of the Athletics, when the locals won in 12 innings by a 1-0 score.

R. L. Burns returned Sunday from San Saba County, for the purpose of supervising the construction of a home on lots he recently purchased in the lower part of the city. Mrs. Burns will remain at their former home until the new house is completed, after which they plan on moving their large flock of White Leghorn chickens here and engaging in the poultry business.

Mr. and Mrs. Casper Real are expected home the latter part of this week from Galveston, where they are spending their honeymoon, after their marriage at Fredericksburg Wednesday evening of last week. The wedding went off fine, except that Casper had forgotten the license and had to go after it after the ceremony had started. The bridal couple had to maneuver considerably to get away from their friends over there that night, but finally escaped by parking their car in a pasture while their pursuers went on down the road, thinking the couple were ahead of them on the way to San Antonio.

CAMPING IN THE KERRVILLE HILLS

John H. Brooks, Senior Editor of Weimar Mercury, Boosts Hill Country as Vacation Resort.

Threatened with a nervous breakdown, the senior editor of the Mercury "cut loose" from business care a few days ago, and accompanied by his son, R. H. Brooks and family, of Houston, left at 6:15 Saturday morning, June 28, for a brief period of rest and recreation in the Hill Country around Kerrville.

Crops along the route were as fine as could be—in fact don't think we ever saw better prospects in this part of the State. The corn crop is practically made, and the stalk is still green and thickly looking, showing that there is plenty of substance left to properly fill out the ears and grain. Cotton also looks beautiful, has a healthy color, averages knee high or better, is blooming freely in many fields, the fields almost without exception are clean and well tilled, and the outlook for a good yield is most encouraging. However, in the section beyond Seguin the cotton plant is much smaller, due to late planting on account of overflows and heavy rains. This part of the crop will be late. The corn crop, however, is a beautiful one.

Our route after leaving Weimar was through Waelder, Gonzales, Seguin, then over to that beautiful little city of New Braunfels, where we stopped for several hours, enjoying dinner and the many beautiful scenes in Landa's Park.

Leaving New Braunfels about 4:30 p. m., we leisurely drove over to San Antonio, spent a few minutes with the family of the editor's brother, Ellis D. Brooks, and, finding hotel accommodations in the Alamo City "full up" on account of a great convention of Masonic brethren, decided to journey to Boerne, forty miles distant, and put up for the night.

Leaving Boerne we soon passed through Comfort, a pretty little city twenty miles distant, and a little later entered Center Point, ten miles distant from Kerrville. At Center Point we felt fortunate indeed at meeting "our boys," Glenn and Ellis, Glenn's wife, and that truly noble, good lady, Mrs. Lou Wharton, than whom no one ever had a better, truer friend. After exchanging greetings, the journey to Kerrville was resumed, and here arrived in ample time for the noon day meal. And right here we wish to add that the roads, with the exception of a few spots, where road-work is under headway, are faultless, and the distance between Weimar and Kerrville—something over 200 miles—was made without mishap of any kind, not even a puncture.

On arrival at Kerrville, thanks to the kindness and foresight of our son, Glenn, arrangements had already been made for a camping place for our party, same being located five miles up the river from Kerrville and at a point known as "Slim's Camp." The proprietor of the camp, known to every one as "Slim" (a Mr. Cropper), is a genial, splendid fellow, whose aim is to see that every one of his guests is comfortably located and taken care of. He has several acres leased along the river, where he has built a number of rustic cottages, bathing and boat pier, with waterworks and electric lights scattered over the beautiful, shady grounds. The screened cottages are partly furnished with beds, tables, chairs, cupboards, oil stoves, electric lights, etc., and are very comfortable and pleasant. The river is only a few yards away and here boats, fishing tackle and ample bathing facilities are at the disposal of "Slim's" guests. At this camp "Slim" also operates a combined grocery store, cold drink and filling station, coupled with telephone service, so that your every want is anticipated and cared for. Bus lines to and from Kerrville pass within a few feet of the camp every hour. The grounds are beautiful, shady and spacious, and with ample accommodations for fishing, boating and bathing are ideal in every respect. No more desirable place for recreation or rest could be found anywhere, and the writer can and does recommend "Slim's Camp" to his

friends everywhere. Besides, the charges for accommodations furnished are extremely reasonable, while "Slim" himself is one of the most accommodating and thoughtful landlords we have ever met up with.

Yesterday we had the pleasure of meeting up with a whole bunch of the home folks who are out here for the Methodist Encampment, the grounds of which are located only a short distance from our own camp. These home folks consisted of Brother Wilson, our beloved Methodist pastor, his good wife, Mrs. Jessie Townsend, Chas. Ammann, wife and sister, Miss Ethel Gusman, Miss Kate Ferrell, Editor Henry Hurr and wife of Columbus, John Bock Jr., of Oakland and possibly others whose names we cannot now recall. Friend John Bock is prospecting out here, with a view of locating and engaging in the dental business at Kerrville. All are charmed with this country and regret the thought of leaving. Editor Henry Hurr voiced the sentiments of the crowd this morning when he remarked to the writer, "John I am just fairly in love with this country."

The Kerrville country is seething and teeming with tourists. They are here from every point of the compass and more coming every minute of the day. In fact the influx of tourists this season is the greatest ever known for this section. Some stay for a day or two, others a week or longer, while still others linger just as long as business and finance will permit, all regretting the coming of the time when departure will be necessary.

As near neighbors to our camp lately we have had some delightful people—Mr. and Mrs. Flemings and son of Yoakum. Mrs. Flemings is a daughter of Mr. and Mrs. S. G. Isdale, who years ago resided in the Oakland community, but have since been living at Yoakum. The Flemings are certainly fine people, and we enjoyed meeting them. They left this morning for San Antonio, and from there will journey homeward.

The Kerrville country has improved wonderfully since the writer's visit three years ago, and at the present time to us it appears to be growing by leaps and bounds. Many new business houses and smart looking residences have been constructed, while apparently just as many more are in course of construction. Where three years ago the American Legion hospital grounds possessed three or four buildings now they number a score or more, and still others are being erected. "Legion" as the place is known, is quite a little city itself. Here hundreds of sick and wounded ex-veterans of the late World War are being cared for.

Another noticeable evidence of improvement is the Schreiner Institute, a semi-military college, where the youth of the land is given opportunity to secure a first class education amid healthful, congenial surroundings, at a very moderate cost. This has been made possible by the generosity of Captain Charles Schreiner, commander of Kerrville's oldest and most beloved citizens, who, after amassing a fortune, is spending a generous part of same in helping his home community and in furnishing educational facilities of the highest order for the youth of this section. On a beautiful plot of ground on the outskirts of Kerrville Captain Schreiner has erected several magnificent buildings for use as school buildings, dormi-

tories, etc. These are equipped with every modern convenience. The school opened last session for the first time, with a faculty of six to eight instructors and an attendance of 100 or more students. Next session of the school, opening in September, is likely to show a greatly increased attendance and enlarged faculty. Captain Schreiner, the benefactor of this school, is getting well along in years, but although his step is more feeble than in "the days of auld lang syne," his mind is still clear as a bell and capable of directing many large and important affairs. He has, and is doing much for the development of the Kerrville country, and is a benefactor that any section should be proud of.

Another great improvement for the Kerrville section is the Methodist encampment grounds, located three miles up the river from Kerrville. Here on a beautiful tract of 200 acres, donated by the citizens of Kerrville, is located the Methodist Assembly, where each year, beginning with the present, Methodists from all over Texas will gather to spend a few days or weeks camping and mingling with one another. The first of these assemblies is already in progress, and our own Methodist pastor, Brother Wilson, is one of the instructors. A visit to the encampment grounds Tuesday revealed a most beautiful location. A huge flat topped mountain is at the rear of the grounds and this is surmounted by a large water tank, which supplies water to all parts of the grounds. This mountain is reached by a "one-way drive," which in effect makes the ascent of the famous ascent to Cloudcroft Mountain in New Mexico. Many walk to the top of this mountain, but the automobile that makes the trip must have brakes that can be depended upon. Scores of pretty cottages have been erected out there, a cafeteria is maintained, while assembly halls and other gathering places are noted at various points on the grounds. Although the encampment has just gotten under way, there are already several hundred people on the grounds and more coming in daily. The encampment will continue until the latter part of July, and it is believed by that time there will be a thousand or more people in attendance.

During our stay in camp we were honored by visits from several Weimarites and ex-Weimarites, and that their visits were appreciated goes without saying. Among these were J. M. ("Cord") Roberts and wife, who formerly lived here, but for a number of years have resided in Kerrville, where Mr. Roberts holds a responsible position with the electric light company and where they have an elegant home. They have done well in their new home, but are the same genial, good people as when they lived in Weimar. The exchange of news from the old home town and visit of these good people was greatly enjoyed. Another appreciated visitor was Miss Josie Bohac, who is spending the summer in Kerrville in the interest of her health. Miss Josie has improved to such an extent that we hardly knew her. She has grown plump and rosy and is the very picture of health, proving that the Kerrville climate is a wonder worker. She is comfortably domiciled at the St. Charles Hotel, and is enjoying every minute of her stay in the Hill Country, with the assurance of a return to robust health. Many of the good people of

Kerrville were also visitors to our camp, and we are indebted to them for many courtesies extended.

On our return to the city of Kerrville for a few days' visit to relatives and friends before starting home, we took occasion to visit the Dr. Thompson Sanatorium, where our good friend, Jim K. Tooke, is under treatment. We were astonished at the size and magnificence of the new buildings which Dr. Thompson has erected since our visit there three years ago. The site on which the buildings are located is one of the most beautiful we ever saw, while the buildings and furnishings are in themselves something that would be a credit to the largest city of the State. Every comfort and convenience is there for the patients of this institution and that they are well taken care of is evident on every hand. We found our good friend, Jim Tooke, in bed, but cheerful and comfortable as could be expected. Jim of course is not in very robust health, but he is one of the "never say die" kind of folks, and is putting up a brave fight as anyone ever did on the battle field. Jim is a fine man, one whom everyone likes, and here's our prayer that the good God above will spare him to his family and friends for many years to come.

A brief visit to the American Legion grounds showed large numbers of patients there, where they are being given every care and attention. All seemed cheerful and contented. Many improvements are noticeable on every hand in and around the Legion grounds.

With the view of entering one of our sons, Ellis, in the Schreiner Institute this fall, the writer paid a visit to said institution of learning one day while there, and was both surprised and delighted to meet, in the dean of said college, no less a person than Prof. Mason, brother of Prof. E. L. Mason, former superintendent of Weimar schools, and Rev. J. J. Mason, former Methodist pastor in this city. The Kerrville Prof. Mason is an ex-war veteran, who lost an arm and an eye in a great battle in France, and whose life for a time hung by a very slender thread. The writer well remembers Prof. E. L. Mason receiving a cablegram telling of his brother's condition at the time the injuries were received and how wrought up he was. We hardly expected to ever meet up with the wounded war veteran, but after all this is a very small world. Introducing myself as an old friend of his brothers' proved an open sesame to Prof. Mason's heart and he showed us every courtesy possible. He is, despite his injuries, a fine looking man, one who would impress anyone as a gentleman to the core. Returning from the great World War, after his injuries would permit, he entered the A. & M. College, and prepared himself for the profession of teaching. He has made good, and is now dean of Schreiner Institute, an institution which opened last session with an attendance of over 100 pupils, this being its first year. Indications point to an attendance next session of several hundred pupils. The buildings of this school are of large and commanding appearance, with every modern convenience, large and commodious grounds, the faculty is chosen with extreme care, and the rates are very reasonable. The writer was so favorably impressed that he has fully decided to enter his

son in said school in September. The Schreiner Institute is a semi-military college.

If you, dear reader, have enjoyed the write-up of this trip, we feel well repaid for the efforts expended thereon. That we enjoyed our period of rest and recreation, we are free to confess, and we feel greatly rejuvenated in every way through same. We only wish that everyone who reads these lines and is in need of rest and recreation could go out to the great Hill Country around Kerrville and enjoy the same blessings of healthful climate and recreation that we did during our two weeks' away from home. Great is the Kerrville country, and its climate is a miracle worker to the sick and tired out ones of the human family.

Notice by Publication in Probate

THE STATE OF TEXAS To the Sheriff or any Constable of Kerr County, Greeting:

LEADERSHIP

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over the brick track, making many rounds at over 100 miles per hour.

Driver	Time	Miles per hour
Joe Boyer—L. L. Corum	5:05:23.51	98.24
Earl Cooper	5:06:47.18	97.89
Jimmy Murphy	5:08:25.39	97.87
Harry Hartz	5:10:44.29	96.55
Bennett Hill	5:11:07.00	96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of untold testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tires miles per day.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2 Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

AMERICA SHOULD PRODUCE ITS OWN RUBBER

COMMUNITY SINGING IS URGED BY SCOTCHMAN

Through the courtesy of T. C. Johnson The Sun reproduces herewith an article published in the Weekly Scotsman of Edinburgh, Scotland.

"A few days ago a London audience took part in what was probably the first concert of community-singing given in this country. It is a musical exercise well known and very popular in America and Australia, notably, and in less degree in other countries.

"It is also music making by an audience, as opposed to their listening to music, and their own music making is bound to interest many lovers of music; especially when they are not very expert musicians—for that is the very class of music-lover community-singing is intended for.

"Those who have not seen a community-singing concert in operation can have little idea of the interest and the enjoyment of its singing audience. A good deal depends, of course, on the skill of the conductor of the concert. But if he knows his work he can make the evening as pleasant for the singers as any they have ever known as members of a concert audience.

"Community-singing, among the other advantages it owns, enjoys that of being a form of music suitable to all sizes of community and all classes of music-lover. A useful contribution to it could be made by expert singers, whose presence in the audience would help materially in the learning and the singing of the songs.

"The great feature of the community-singing idea and the feature which gives it its best chance, is as already said, the opportunity it allows usually silent lovers of music to become active makers of music. Everyone loves to sing, and most of those who do not sing at one time or another are deterred by the sense of their inadequate singing equipment—their lack of a voice, or their small knowledge of music.

"These handicaps do not come into the matter of community-singing. When everyone is singing the small-voiced person may sing as lustily as he can, and with a good courage, because only he himself is hearing his song. All the songs are taught by ear, and there is no need, consequently, for a technical knowledge of music.

"In that respect it carries on invaluablely the idea of home music-making, one of the most enjoyable and one of the most profitable forms of music. There will always be home

music. As a matter of fact, there is far more home music than music of other kinds; for, when all is said and done, the number of public performers of music, large as it may be, is small by comparison with the number of home performers.

"And in our own day there is such an expansion of the possibilities of home music, and of the range of the music available to the home, that more and more the musical fields of opera and concert are encroached upon in the home. The strides made within recent years in the music of the gramophone and the player-piano suggest, indeed, that home music will become more and more the stronghold of musical performance, as well as the charming amenity of family life the music of the home has always been.

"Few ways of cultivating music are likely to give the music lover so much pleasure as that of practicing it, or listening to it, at home. That has been found to be so by unnumbered persons, whether they themselves have listened to others making it. No better advice in regard to music can be urged than that which emphasizes the claim of the music of the home, whether it be that of the artist-expectant deep in the beauty of a classic, or that of the child whose fingers stumble perseveringly towards the goal of a "piece" learned, and thereafter a possession.

"For another thing, the amount of music going on in the homes of the people allows us to measure the musical love of that people—and that is largely so by reason of the number of people who make music for themselves at home. The community-singing idea enlarges on the music-at-home idea by turning the silent, listening members of the community into active participants in music.

"There are too many platform performers of music, quite a number of whom could, with more profit to the art, be listeners to music. But in the case of ordinary, average music-lovers, it is better that as many of them as maybe come out of their silence and at least lift up their voices and sing. And community-singing provides for them the very encouragement they need. It brings numbers of people of all classes together for an hour. It provides them with an exercise as enjoyable as it is likely to be healthful.

"In the cities of other countries where community-singing flourishes, wonderful results are obtained and wonderful gatherings of singers, are held. Thousands of voices are massed in some places for this exercise, thousands of people having come together for the sake of it. There can be little doubt that as the scheme of it becomes better known in this country, community-singing will grow to be one of the popular of our musical pastimes."

Sweet Pepper Relish

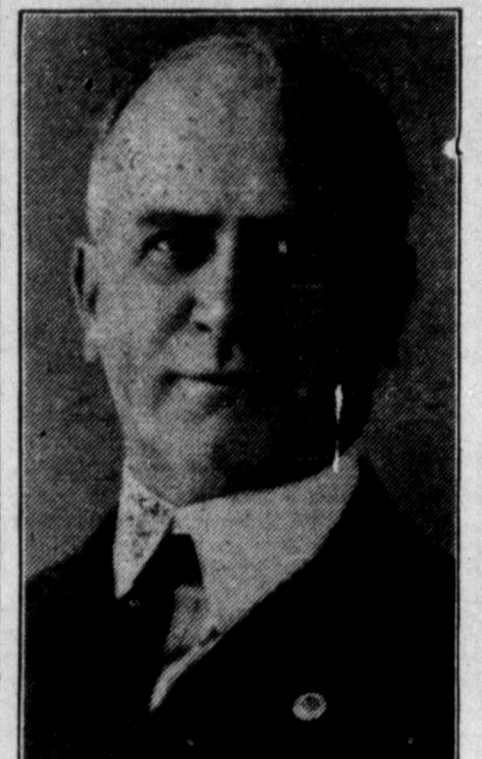

Center Point News: Use one peck of green and red (mixed) sweet pepper; take out seeds, pour enough boiling water over this to cover, let stand 15 minutes. Drain water off and run through meat chopper; pour boiling water over this and let stand 20 minutes, drain water off, put pepper in vessel with two cups sugar, 2 pints vinegar, 2 tablespoons salt and three large onions cut fine, let boil about 30 or 40 minutes, put in jars and seal hot.

I have been requested to have this recipe printed and am glad to do so, and it is certainly worth trying. Mrs. F. E. White.

A. D. ROGERS ANNOUNCES FOR STATE SENATOR

In this issue of The Sun will be found the political announcement of A. D. Rogers of San Antonio for the office of State Senator from the 26th Senatorial District, composed of the Counties of Bexar, Kendall Kerr and

A. D. ROGERS

Bandera, subject to the action of the Democratic Primaries next Saturday. Mr. Rogers is making the race on an Anti-Klan ticket and the following from the Decatur News shows how he is regarded in that section where he formerly lived:

"A. D. Rogers and wife from San Antonio were here for a few days visiting their daughter, Mrs. Howard Man. Mr. Rogers was an interesting visitor at the News office, and informed the News that he would be a candidate for State Senator from Bexar County at the coming primary election. Mr. Rogers is well known throughout the State as a fighting politician. He was a resident of Wise County for years and the county never had a more loyal citizen to any cause than he might espouse, regardless whether he was on the popular side or not. He was always on the firing line, defending his side with all the ardor and enthusiasm of a young man of twenty years. While he is yet a young man in spirit, the silver threads are beginning to show, yet one cannot detect that Time has diminished the fire and zeal of youth with our friend A. D. He is a fluent speaker, never failing to draw a large and attentive audience when and wherever Mr. Rogers speaks. Mr. Rogers said: "I bear no malice—I love my fellow-man because of his faults." Mr. Rogers would make the State a valuable official."

S. H. TERRELL FOR COMPTROLLER

For Efficiency and Economy

"A business administration of the people's business" is the slogan adopted by S. H. Terrell, who is a candidate for Comptroller of Public Accounts at the coming primary election. This is an office that every man who pays taxes to the State of Texas is vitally interested in. Mr. Terrell is a young man of recognized business ability, and at the outbreak of the late World War volunteered his services and the Federal Government, recognizing his ability as an accountant, placed him in the Finance Division of the War Department, where he served throughout the period. He is the eldest son of the late H. B. Terrell, who served the people in the State Senate for many years and was elected Comptroller of Public Accounts for three consecutive terms. For a number of years he was connected with the State Treasury and other State departments and is thoroughly familiar with the several divisions of the Comptroller's office, and his friends are not only confident of his election, but feel that he will give the State of Texas one of the most efficient and business administrations in its history. Mr. Terrell has assured the citizenship of Texas that he will surround himself with men and women who are not only worthy, but thoroughly qualified for the duties incident to the department, and that he will administer the law without fear or favor. He is not a member of any organization, other than the American Legion and the Democratic Party. His friends are very active in his behalf in this county and freely predict that he will lead the ticket in his race on July 26th (POLITICAL ADVERTISEMENT)

SHERIFF JACK MOORE OUT FOR RE-ELECTION

Elsewhere in this issue will be found the announcement of J. T. Moore, who is seeking re-election to the office of Sheriff and Tax Collector of Kerr County.

The Sun needs say little about Mr. Moore and his qualifications for the office to which he aspires, as the citizens of Kerr County have known him all his life and have kept him in the Sheriff's office for the past 22 years.

Mr. Moore is a native of Kerr County, his parents having located in the Hill Country in 1858. Jack was born near the town of Center Point and, outside of an occasional trip, his entire life has been spent within the confines of the county.

He is making the race on the record he has made in the office during the past 22 years.

THIRD STANZA OF "WE LOSE" SUNG BY ATHLETICS SUNDAY

Seydler Has Edge on Eddie Mueller
in Pitcher's Battle and Giants
Win With 2-1 Score.

The Kerrville Athletics lost the third game of the series to Fredericksburg Giants Sunday by a score of 2-1. After winning the first two in hard fought games the rival pitchers hooked up in a thrilling pitcher's battle. Seydler, pitching for the Athletics, kept the local hits scattered, while hits were bunched in two different frames on Mueller to score. Mueller pitched a three-hit game for the El Fenix team Saturday, but was in good form and with a little tighter support would have set the Giants down without a run in the first frame in which they scored. An error in the infield let in the first run, after Reicheman, first man up, had doubled. Kerrville outplayed their opponents in the field, but timely stickwork by the latter did the dirty work. After the first inning goose eggs were hung up for each team until the seventh when Fredericksburg scored the winning run, on a single by E. Henke, a stolen base and sacrifice fly. McCarty's bad peg to second allowed Henke an extra base and he scored on a sacrifice by Langerhaus.

Wilson was the welding star of the game with a sensational running one-hand catch which brought fans to their feet in excitement. He caught the runner at third and saved a sure score. Henke in left field for Kerrville also made a great throw to the plate after dragging down a high fly, and nabbed a runner who tried to score from third after the catch. Karger's headwork saved the Athletics from being scored on twice in the first. Holmgren led the attack for the Giants with four singles in five trips to the platter, while for the Athletics, S. Moore, Henke and Mueller each got two hits.

A ninth-inning rally by the Athletics came near tying the score and prevented a near shut-out. McCarty doubled and Saenger popped to the catcher on an attempted bunt. Barry rolled out to Seydler and Flory got to first on a hit through second. Mueller's single scored McCarty, and left two on base. With the first of the batting order up the chance of a tying run seemed good, but Wilson grounded out to second base on a close decision.

A good Sunday crowd came out to see what promised to be the best game of the season, since two of the best young pitchers in local baseball rings were opposed. The game was not disappointing except in the score. The Athletics are trying to get the

All-Gold Coffee Giants here for the next game Sunday.
Score by innings:
Fredericksburg 100 000 100—2
Kerrville 000 000 001—1

Proposed Amendment to Constitution RELATING TO GRANTING OF CONFEDERATE PENSIONS

Senate Joint Resolution No. 10.
Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (.07) cents on the one hundred (\$100.00) dollars valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purposes, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make and grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances, and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the

establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas as a State ad valorem tax on property of seven (.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provision of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.
Approved, March 20, 1923.
S. L. STAPLES,
Secretary of State.

Judge R. H. Burney returned last Saturday evening from a trip through the lower part of his district, stopping off at Center Point for a day's visit with his mother, Mrs. M. A. Burney.

Mrs. A. G. Platte and daughter, Bennette, returned last Sunday from Houston, where they had visited relatives the past month. They were accompanied home by Mr. Platte's aunt, Miss A. M. Platte, and his cousin, Ernest J. Platte, who will visit here for several weeks.

Center Point News, July 17: J. B. Rees and daughter, Miss Lenora, who have been taking a Sunday School course at the Methodist Encampment at Kerrville, finished the course Tuesday and returned home.

Brown Epperson and son, Everet, of Rocksprings came down last Saturday for a visit over Sunday with the former's father, S. A. Epperson, who is convalescing nicely at the Kerrville Sanitarium-Hospital from an operation for appendicitis.

Belmont L. Shields, a newspaper man from Leesville and Shreveport, La., was a pleasant caller at The Sun office Monday morning. Mr. Shields and wife are camping at Slim's Camp and enjoying themselves to the fullest extent. They plan to remain the rest of this week.

D. C. Cage, prominent business man of Houston, is occupying Judge J. S. Wheelers' residence for the rest of the summer. With Mr. Cage are his two daughters, Miss Lydia H. Cage and Mrs. H. L. Fortinberry, and his sister, Miss Lenora N. Cage. Miss Cummings, a friend of the family, is also spending her vacation with them.

Good Meat is Cheap at Any Price!
Long experience has taught us the best is always the cheapest in the long run. That's why we specialize in choice corn fed meats. But if you want cheaper cuts, we have the best grade of grass fed meats at from 8¢ to 20¢ per pound.
