

NUMEROUS CASES BEFORE DISTRICT COURT THIS WEEK

Civil Docket Practically Cleared as Is Most of Criminal—Grand Jury Recesses Until Tuesday.

District Court was busy Wednesday afternoon on the case of State vs. Manuel Lopez, charged with assault and attempt to murder. Jurymen were instructed to report for service at 2 o'clock and it was intimated by the District Attorney that the State would be ready to prosecute the case at that time.

The Wednesday morning session of court was taken up in the trial of State vs. Percy Bowles, charged with statutory rape. After swearing in the jury to try the case and examining three witnesses, the District Attorney notified the court that the State had no case inasmuch as one of the relatives of Romana Tana, upon whom the crime was alleged to have been committed last November, were positive of the exact age of the girl, but were of the opinion that she was at present about 20 years of age.

Judge Burney thereupon instructed the jury to return a verdict of not guilty, which was done and the defendant freed. Both defendant and the girl are Mexicans.

Other cases disposed of on the criminal docket are as follows: State vs. Blank, murder; continued for service.

State vs. Blank, burglary (two cases); continued for service. State vs. Blank, swindling under value of \$50 (five cases); continued for service.

State vs. Granville Jackson, unlawfully selling intoxicating liquor (three cases); dismissed on motion of District Attorney.

State vs. Florencio Sanchez, unlawfully selling intoxicating liquor; dismissed on motion of District Attorney.

State vs. L. A. Mitchell, unlawfully transporting intoxicating liquor; instructed verdict not guilty, insufficient evidence of identification of defendant.

State vs. L. A. Mitchell, unlawfully selling intoxicating liquor; dismissed on motion of District Attorney.

State vs. O. J. Bean, theft of goat (two cases); dismissed on motion of District Attorney.

State vs. Blank, theft of two mules (two cases); continued for service. State vs. Blank, desertion of children; continued for service.

State vs. Claud Sevester and Roy Ogletree, theft of property under value of \$50; dismissed on motion of District Attorney.

State vs. Cora Love, unlawfully carrying pistol; dismissed on motion of County Attorney.

State vs. Blank, embezzlement of value over \$50; continued for service. State vs. Jody Blanks, unlawfully selling intoxicating liquor, passed.

State vs. Juan Chacon, theft of property under value of \$50; continued for service. State vs. Eddie Newton, unlawfully carrying a pistol; passed.

State vs. Lincoln Ware, unlawfully manufacturing intoxicating liquor; (Continued on Page Five)

STRONG FACULTY SELECTED FOR NEXT TERM OF SCHOOL

Fall Opening September 8th—Some Interesting Figures About the School Finances.

Monday, September 8th, is the date on which the public schools of the Kerrville Independent School District will open for the term of 1924-25, and indications are that the attendance this year will excel by far that of any previous year.

An exceptionally strong faculty of teachers has been employed by the school board this year, as follows: R. A. Franklin, superintendent; Guy C. Moses, principal; C. F. Freeman, science and agriculture. High School: Miss Harriet Garrett, history; Miss Blanche Moore, English; Miss Jewel Craven domestic science; H. R. Cozart, Spanish and algebra. Grammar School: Miss Lynn Burnett, 1st grade; Miss Mary Swayze, and Miss Craven, 2nd grade; Miss Bessie Biehler, 3rd grade; Miss Nan Swayze, 4th grade; Miss Willie Holdsworth, 5th grade; Mrs. R. A. Shelburne, 6th grade; Mrs. J. D. Rose, Mrs. R. A. Franklin and Miss Mary Holdsworth, 7th grade. Mrs. Guy C. Moses will be charge of the Mexican School, while Mrs. A. W. Doyle, with an assistant to be selected, will have charge of the Colored School. Janitors for the two buildings at Tivy are J. A. Meredith and G. C. James.

The following figures have been compiled by T. C. Johnston, president of the School Board, which will give patrons a good idea of the financial condition of the Kerrville Independent School District:

Assets: Tivy Buildings, \$43,000.00; furniture and books, \$16,551.46; Mexican building, \$1,000.00; furniture and books, \$150.00; Colored School building, \$2,000.00; furniture and books, \$600.00. Total, \$63,301.46; less books property of State, \$3,817.22, making net assets of \$59,484.24. Liabilities: Bonds due 1933, \$1,500.00; bonds due 1941, \$13,000.00.

In addition to the buildings, furniture and fixtures listed above the school district owns the land on which the buildings stand, together with a large campus at Tivy, with another field for athletics, besides some other lots and blocks in the Tivy Addition. A conservative estimate of the school property as it stands today would be in excess of \$80,000.00.

To protect this value \$47,200.00 in insurance is carried on the property, as follows: Tivy buildings, \$32,000.00; Tivy furniture and fixtures, \$12,400.00; Mexican building, \$750.00; Mexican furniture and books, \$100.00; Colored School buildings, \$1,500.00; Colored School furniture and books, \$450.00.

The assessed value of that part of the present district which was added last year is equal to one-fifth of the assessed value of the whole district and consequently will only have to pay one-fifth of the outstanding debt, of \$14,500.00, or \$2,900.00. In consideration of which they have been made equal partners in a splendid and necessary institution worth \$80,000.00.

Receipts and disbursements for the year 1923-24 were as follows: Balance on hand Sept. 1, 1923, \$4,297.55; Receipts: From State, \$8,856.00; other State items due from transfers and balances, \$530.30; county, \$1,217.48; tuition, \$775.75; transfers (out of county, etc.), \$57.27; text book fund, \$23.58; rents, etc., \$57.64; refund on furniture, \$107.78; sale of land, \$442.00; local tax, \$10,236.50. Total receipts, \$28,701.85. Disbursements: Census, less credits from last year, \$14.86; general (Continued on Page Eight)

WARD UNDERTAKING PARLOR ONE OF FINEST EQUIPPED IN STATE

Building Divided into Ten Rooms With Garage Under Rear for the Funeral Cars.

A visit to the Ward Undertaking parlors in this city will permit one to view the finest and most up-to-date funeral establishment this side of Dallas, in the opinion of people who have inspected the plant since workmen have put on the finishing touches to the building and the new furniture has been installed.

The building has been undergoing a remodeling for the past several months and the Ward Company has been seriously handicapped in their work while the improvements were going on. Now, however, the work is all completed, with the exception of the elevator from the basement garage to the main floor of the building, and this is expected to arrive within a short time.

Mr. Ward already had a modern building to house his business but felt the need of more room, so he removed part of the former building and constructed an addition that will give him adequate facilities for the conducting of the business for many years to come, and one that is a credit to the city and community.

The main chapel room has been left as heretofore, also the vault adjoining, where bodies remaining overnight are kept. Adjoining the chapel has been constructed a private sitting room for the use of chief mourners, which is

large enough to accommodate a casket without crowding when relatives desire a private funeral or wish to spend time with their dead without being interrupted by outsiders. The furnishings of this room have been selected with care in a restful shade and wicker furniture of comfortable design has been installed.

The morgue has been enlarged and furnished with double equipment so that two bodies may be cared for at one time when necessary. Equipment in this room is of the latest design and has been arranged especially for the convenience of the undertakers.

The show room, in which are displayed the various styles of caskets, is one of the prettiest rooms to be found anywhere. In here are displayed, without crowding, samples of the entire line, which includes 35 full size caskets, besides a number of infants' size. Adjoining this is the wardrobe room in which are displayed a large and beautiful assortment of funeral robes. Additional equipment in this room to be installed is a glass case in which will be displayed ladies' dresses.

Adjoining the wardrobe room is the storeroom in which are kept the stock

of caskets. An idea of the size of the storeroom and also of the amount of money invested by Mr. Ward in the business may be gained from the fact that he carries on an average 175 caskets the year around, and the price of the different styles varies from \$27.50 up to several hundred dollars.

Beneath the storeroom and adjoining the morgue is the garage in which are housed the ambulance, hearse and funeral car. It is here that the elevator is to be installed, for the convenient moving not only of bodies from the funeral car to the morgue, but also of the supplies of new caskets, etc., as they are received for storage in the warehouse.

In the rear of the entire establishment is a room that is away from the noises of the streets and of the rest of the establishment. This room has been fitted up as a rest room, to be used by employees of the undertaking parlor. This is a very necessary part of the equipment, as Mr. Ward and his assistants are called on at all times of the day and night to render their services to the community, and a place where they can lie down for a few minutes of rest and sleep is needed.

ANCIENT PAPER BELONGS TO LADY OF THIS CITY

Mrs. R. T. Self of this city has a bit of paper in her possession that is of interest from the historic viewpoint, if not from other sources. It is a certificate of stock in the Republic of Texas, dated September 1, 1840, carries the number 47-A and is for the value of \$500. The certificate is signed by G. W. Simmons as comptroller of the Republic of Texas and Charles D. Morse, stock commissioner.

Attached to it are interest coupons each made out for interest for the different years the coupon was to run.

Mrs. Self received this certificate, together with other papers, from the estate of her cousin, the late Miss B. M. Wilcox, who died in Austin about a year ago. Mr. and Mrs. Self have been unable to ascertain whether the paper has any value other than as a souvenir of the early days through which this State passed.

Dr. J. D. Jackson, chairman of the County Democratic Executive committee, announces that, pursuant to law, a run-off primary will be held in Kerr County Saturday, August 23, for the purpose of giving the voters an opportunity to signify their choice of candidates where a nominee was not selected by a majority of votes cast in the regular primary election.

KAFIR CORN ON PETERSON FARM MAKES BIG YIELD

Forty-five acres of Kafir corn grown on the Peterson Stock Farm below the city yielded approximately 350 tons of feed, according to the best measure obtainable of the crop when harvested this week.

Hal Peterson has two silos on the farm, each with a capacity of 80 tons, and he planted the Kafir corn for the purpose of filling the silos. When the silos were filled this week only 19 acres of the feed was required, which accounts for the estimate of 350 tons on the entire field.

Mr. Peterson brought some of the Kafir corn to the city and same is on display at both the Chas. Schreiner Bank and the First State Bank. Four of the heads brought in weighed 2 3/4 pounds.

The feed from which this crop was grown is known as Improved Kafir No. 153.

Why Smith Said Yes

Copyright 1924 by W. C. S. WE WERE VISITING another banker one day when a farmer came in and said: "Mr. Smith, I am going to that public sale today and I may want to buy 30 or 40 head of cattle. May I have the money if I want the stock?"

- CHIMES —the hour —the quarter —the half —the three-quarter

The banker asked the farmer about his supply of feed and then said: "Sure—go ahead and buy the cattle if you think the price is right. We'll take care of you."

As the farmer went away the banker turned to us and said: "It's a real pleasure to do business with that fellow for he always tells us all we want to know about his affairs. We know what to do for him because we always know what he is trying to do for himself."

Do you give your banker a fair chance to give you such service? ESTABLISHED 1869 KERRVILLE, TEXAS

OUT OF ENGLAND INTO THE HILL COUNTRY

In the year of 1870 James Spicer, a young English artist, his health impaired by many years of study in Paris and other European art centers, arrived in the Hill Country of Texas seeking that which had secured his profession. A year later, this climate apparently agreeing with him and his health improving greatly, he was joined by his wife and two children. Mrs. Spicer, although a Canadian by birth, had been reared in England, and the two children, now Mrs. E. Loeffler of Junction and Mrs. Harry Cram of Oklahoma, were born on British soil.

The family located in what is now the city of Kerrville, where they resided for some 20 years, when they removed to a ranch in the Turtle Creek community, where Mr. and Mrs. Spicer, their children all grown and away from the parental home, in their declining years, view with satisfaction the history of the years gone and what they have brought forth.

They view with pride this glorious country which they had been permitted to help wrest from a wilderness into the highly populated and cultivated land of today; they think of the children they have sent out from the home to become part of the citizenship of this nation and their eyes fill with tears as they think of their son who gave his life in the World War for this country and the native country of his parents.

With people such as these was the foundation of the citizenship of the Hill Country begun, for the Spicers were followed from England, Ireland and Scotland by an almost constant stream of subjects of the British Empire, some coming for the benefit of the history of the years gone and financial wealth to be wrested from the great undeveloped resources of the country the first arrivals had written home about. Beginning with 1880, and continuing up to the present time citizens of the British Empire have continued to come to the Hill Country. They have not all remained here, however. Some, tiring of the hardships of the pioneer life, they were freed of necessity to lead in the early days, pitting their inexperience against the great odds that were formerly encountered in the ranching business, have been compelled to seek their native land and pursuits with which they were more familiar. Some have drifted to other sections of the United States, while a great many of these sturdy pioneers have passed to their reward and their ashes rest in the bosom of the country which they helped convert from a wilderness into a land of plenty.

It is almost impossible to gather sufficient data to cover the entire list of English-born citizens of the Hill Country, but their offspring form a large part of the present generation of this section of the country. Possibly the Sun has missed some of the early settlers in this little story, if so it was unintentional, and due to the fact that no records have been kept regarding same. The only information obtainable regarding these old families was contained in the minds of some of the old timers themselves and to a few of them the Sun is indebted for the information here chronicled.

From those early days of the country's settlement down to the present the following names of English subjects are remembered: Nat Atcheison, Captain Bunbury, Robert Burns, Dr. E. E. Palmer, Major MacDonal,

his three sons-in-law, Page, Davis and Brower, Adam Wilson, Also Auld, Tom Frayne Sr., his son, Tom Jr., Rev. Hoie, his sons-in-law, Jim Taylor, L. E. King, Ernest Roper, Guy Taylor, Howard G. Lacey and brother, W. F. Lacey, Charles and Herbert Brent, John Blackett, Jack Thompson, Percy Lawrence, Mr. and Mrs. Walter Baker, Mr. and Mrs. James Spicer and two daughters, Jim Paterson, Willoughby and Dick Montgomery, Captain Smith, Mike Quigley, Pat Tracey, Ed Creighton, T. O. Codrington, Geo. Ederson, C. S. Coppock, John Williams, Taylor and Whitehead, Walter Tarr, Jack Elliott, Richard and Tom Holdsworth, Bailey, Hal and Archie Hotchkiss, Grasset, Capt. G. K. Gordon, A. L. Mudge, A. MacFarland, Joseph Jackson, Ben Davey, Rev. and Mrs. Richard Galbraith, Dr. E. Galbraith, Miss Florrie Galbraith, T. C. Johnston, W. G. Leckie, Athol MacDowell, E. K. Carr, Major and Mrs. Durham, their children, Phipps Durham, Mrs. Fritz Radloff and Mrs. Will Ramsay, P. W. Drew, T. B. Hamlyn, P. H. Watson, James Prentice, John Paterson, Andrew Paterson, Peter Paterson, Cecil Robinson Sr., Mr. and Mrs. John Williams and children, Harry, George, Mrs. Arthur Real and Mrs. Max Belew. Mrs. E. Braeutigan, R. B. Everett and Jack Gething. The majority of the above are English, with a few Irish and Scots and one from Wales.

Practically every one of the names above is good for a story, for their owners were in the most part makers of history. Some of them were of noble birth in their home country, others were well endowed with wealth, and practically every one possessed an education above the average.

Some of them have prospered greatly in the Hill Country and elsewhere, while others have been unable through these many years to accustom themselves to the American way of transacting business.

In commenting on a few of these old-timers the Atlanta Journal has the following to say:

"A cherubic infant with big blue eyes and marvelous golden curls ran her fingers carelessly around the scalloped edge of a little plate. And the plate once belonged to Queen Victoria. Three-year-old Martha Amelia Gaffney, daughter of Mr. and Mrs. W. O. Gaffney, of 83 Elmwood drive, Atlanta, little realizes as yet the value of this tangible part of what she will inherit from her mother. Mrs. Gaffney has stated in her will that the plate is to go to Martha.

"The story of how the plate came to this country, and eventually became the property of Mrs. Gaffney, is an interesting one.

"In the gray green hills at Kerrville, near San Antonio, Texas, there is a little colony of English people.

CAMP TEXAS TO BE HOSTS TO KERRVILLE PEOPLE

The people of Kerrville are extended an invitation to be present at a camp fire program at Camp Texas, Friday evening, 8 p. m., the main feature of which will be a lecture by Rev. P. B. Hill of the First Presbyterian Church of San Antonio on the subject of "Evolution vs. Christianity." Dr. Hill, a very thorough student on the subject mentioned, has given this lecture a number of times in San Antonio and each time found it is necessary to use one of the downtown theaters to accommodate his hearers, many of whom were turned from the packed houses.

Whether or not Epithecanthropus, the so-called missing link or Java-Ape, fulfills the true claims made by many of his exponents, and many of the so-called "facts" of evolution will be discussed by Dr. Hill in his lecture, which promises to give the local Darwinists food for thought.

Coach "Doc" Stewart invites the people of Kerrville to take advantage of this opportunity of hearing such a thorough student in this field, which is arousing so much present-day discussion, as well as to enjoy with the many boys, who are present at Camp Texas, a real fellowship around the camp fire.

Dr. W. H. Woods of the U. S. Veterans' Hospital returned Tuesday evening of last week from a month's visit at New Orleans. Besides visiting his family and friends Dr. Woods found time to enjoy some fine fishing, both fresh and salt water, and he states that angling in that section will not be good until a new supply has had time to grow.

Local Boys Pile Up Three-Run Lead in First Inning and Would Have Had Shut-Out but for Error in 9th.

Nearly three hours were required for the Kerrville Athletics to decisively trounce the Comfort Bronchos here last Sunday. The game was a thriller from the standpoint of the Kerrville fans, as local players hit the offerings of Gudat freely and practically every inning ended with Kerrville men on bases.

In the opening inning three runs were netted for the home players, when Bob Cannon hit for two bases, followed by a three-base hit by Henke, a two-bagger by Forgason and another of like caliber by Gene Barry. Holmes, on the mound for Kerrville, deserved a shut-out but for an error in the ninth, when with two men out and two on bases, an imperfect throw to first let in the lone score Comfort received.

Fast fielding featured the playing of the Athletics. Since the departure of Karger, Wilson has been moved up to first base and the change has pepped up to infield to a remarkable degree.

This defeat makes the score stand two to one in favor of the Athletics so far this season. The Bronchos are not content to say that Kerrville has the best team, however, so a return game has been matched to be played in Comfort next Sunday. The score:

R. H. E.
Comfort 000 000 001—1 7 2
Kerrville 300 310 000—7 9 2
Batteries: Gudat and Nowlin, for Comfort; Holmes and Michael, for Kerrville.

Every boy at Rio Vista, 70 in all, will appear in the cast, which will be in black face. The minstrel will be divided into three parts: One act of tumbling and pyramid building; one a camp fire scene, and the other a minstrel circle. Musical specialties will be interspersed between the acts.

Every citizen of Kerrville and the Hill Country is invited to come out and enjoy the program.

A party enjoying the delightful climate of the Hill Country at present is composed of J. C. Franklin announce that the county and city teachers' institutes will be held this year at the Brackenridge High School building in San Antonio in connection with the district institute, beginning September 1st and lasting until the 5th.

E. C. Fisk claims he has the most original hard luck story of the year. Fisk has been taking a two month's vacation from his duties in the dry goods department at the Chas. Schreiner Co. and utilizing his time by making a hand on his dairy farm near the city. He told his wife that he was going to take the last week of his vacation off from all duty and do nothing but sleep and rest. However, when that week came he was unfortunately enough to get caught for jury duty before the District Court, hence his wail about hard luck.

R. H. Yoder, junior editor of the Weimar Mercury, accompanied by his wife, four children and niece, Miss Opal Otting of Austin, were Hill Country visitors the past week, being located at Slim's Camp. Mr. Yoder's partner, John H. Brooks, and family were guests at the camp several weeks ago and on his return home Mr. Brooks ran a very complimentary article in his paper about Kerrville and the Hill Country. That Mr. Brooks meant everything he said in the article is attested by the fact that Mr. Yoder and party came up for an outing as soon as they could get away from their duties at Weimar.

Mr. and Mrs. Calvin Allen of Hope, Ark., left last Friday for Houston, after a month's outing in the Heart o' the Hills. They were camped at the Schumacher Crossing and had planned on a longer stay, but business interests cut their vacation short. They plan on spending the winter at San Marcos, where Mr. Allen will buy cotton.

R. M. Stovall and family are recent arrivals in the little town of Ingram, coming from Stockdale. Mr. Stovall will be principal of the Ingram schools the coming term, assisted by his son, F. L. Stovall. Both the gentlemen were callers at The Sun office Monday morning. The elder gentleman was formerly in the newspaper business, but returned to his old profession of school teaching, where the work was not so strenuous.

Attention of The Sun readers is called to the display advertisement containing one of the every-day menus of the Guadalupe Cafe. Mr. Salmon, ever trying to better his service, has at last secured a chef that meets with approval in the person of W. F. Washington, colored, formerly chef of the St. Charles Hotel, New Orleans, and he is doing much to add to the already popular favor in which this up-to-date cafe is held by the public.

NEXT GOVERNOR OF TEXAS

The following editorials on the run-off race for Governor of Texas are reprinted from The Sun's exchanges and reflect to a great extent the sentiment of the different towns of Southwest Texas:

Bandera New Era: In the run-off primary August 23rd between Felix Robertson and Mrs. Miriam Ferguson, for Governor, it is freely predicted that Mrs. Ferguson will win the nomination by an overwhelming majority. And if Mrs. Ferguson is elected Governor of Texas, there's going to be a "house-cleaning" over at Austin next January that will make an Irish wake look like a Chinese funeral. But then, the Republicans may muster enough votes to elect a good man to be Governor of Texas and the State may not go to the bow-wows after all.

Beeville Picayune: From what we can learn, the anti's are just a bit more uneasy about the probable outcome of the gubernatorial run-off than the Klansmen are. Robertson, the unknown and a Kluxer, but with a good official record behind him, will appeal to more voters than Mrs. Ferguson, the woman, with her impeached husband hanging on—at least, the anti's are afraid that is the status. They remember, also, what happened to Jim when he went up against Earl B. Mayfield, and they know the fact that it is Mrs. Ferguson's name on the ballot instead of her husband's, is not going to fool anyone. Robertson is destined to be the next Governor of Texas, for the black land American voters far outnumber the foreign voters of the State.

West Texas (Del Rio) News: There can no longer be any doubt as to who will be in the run-off for Governor. For the first time in the history of the United States a woman is likely to fill the executive office of a State, and that one the greatest, grandest, most glorious in the Union. We can scarcely conceive of such a possibility as her defeat in the run-off. The joke, that we will have to choose between a petitioner and a nightgown, isn't such a joke, after all. It is a serious matter, for upon the choice depends the welfare and prosperity of the great State of Texas. If we choose the nightgown, strife will continue, prejudice will grow, hatreds will be fostered and the Constitution of our State and that of the United States will be regarded as mere scraps of paper and the rights of citizenship will only be accorded to those who bow to the minions of the imperial high muckamuck at Atlanta. If we select the petitioner we will place the destinies of Texas in the hands of one who bows only to her God, from whom she seeks guidance to direct her conscience aright, she

will accord to every citizen every right guaranteed to him by the Constitution and the Bill of Rights.

There are those who warn us of the terrible calamity of having Jim Ferguson acting as the real Governor while his elected wife would only act as proxy. This we deny, but even so, if there be two evils to choose from, we shall choose the least and vote for Miriam Ferguson, whom we have reason to believe is a good, noble daughter of Texas, with an intellect and a soul, neither of which would she lend to an unholy cause or act to sully the immaculate escutcheon of her loved homeland. We have never voted for Jim Ferguson, we have never been impelled for one moment to do so and though he has been impeached and removed from office, we can never believe that he could be so base as to exert an influence to bring any act of official conduct that would damn the fair name of the woman he swore to love and honor, and believe that she for one moment would permit it, is to commit a sacrilege against the glorious womanhood of Texas.

Whether Jim Ferguson was justly impeached or not it is for the Searcher of all hearts to determine, men with their prejudices, their leanings and their frailties may mean to dispense justice, alas, too often are blinded by their passions, are hasty in rendering their verdicts.

Miriam Ferguson is a wife first, but she is none the less a daughter of Texas and more yet, a true woman with all the noble attributes of such, therefore would stake our life and our most sacred honor that, while seeking to vindicate her husband, rather than sacrifice Texas she would sacrifice her husband, herself and all that is near and dear to her on earth. Indeed it is easy to choose between the petticoat of a woman of Texas and the nightgown from the imperial palace of Atlanta.

Uvalde Leader-News: A number of prominent leaders in Texas Democratic councils are giving Mrs. Ferguson their support. Among them is Col. M. M. Crane, former attorney general of Texas and leader of the counsel that impeached Governor Ferguson. Col. Crane spoke for Mrs. Ferguson in Fort Worth this week. He has said: "She is a prohibitionist thoroughly committed to the enforcement of prohibition laws and we are certain of one thing that is the criminal laws of the State will be fairly administered." Joseph C. Cockrell, also a well-known prohibition leader is also outspoken in her support; F. O. Fuller, speaker of the House of Representatives that brought the bill of impeachment against Governor Ferguson; Whit Davidson, Senator Collins, General Barton and Lynch Davidson, Senator Burkett, rival candidates for Governor; Cone Johnson, well-known politician and prohibitionist will speak for her.

Former Governor Ferguson said to a charge that if Mrs. Ferguson was elected that he, Jim, would be Governor: "Those people don't know my wife." "My wife's picture wearing a sun-bonnet and feeding the chickens at our home was taken recently," Mr. Ferguson said, "and Mrs. Ferguson has received a request from Mrs. Richard Fleming of Houston asking her to send her the bonnet to be used as a pattern in making 2,000 other bonnets to be worn by Houston women supporters of Mrs. Ferguson and bearing the inscription, 'We'd rather wear a bonnet than a hood.'" Edwards County Leader: It is almost amusing to find some old obsolete issues being injected into this campaign. We are again trying Mr. Ferguson for malfeasance in office and we are discussing some of Mr. Ferguson's official acts while he was governor. Some of his partisans, the boys who have stood by him all these years, through thick and thin, regardless of official acts and fitness for office or any other consideration, say he made a mighty good Governor. That, for instance, he tried to clean up the State University, which he considered needed cleaning up very badly. If we can remember back seven years, we remember that he was more or less opposed to higher education, which would mean he was opposed to any kind of education, because we

could not have lower education without higher education.

Personally we, if we can remember so far back, we rather doubted that Mr. Ferguson got justice when the State Senate impeached him. However, his wife is making a very good witness against him. Before the election she made statements intimating that Mr. Ferguson had done things while Governor that were not entirely straight and aboveboard, and since the primary she has again intimated in effect the same thing. Mrs. Ferguson is working zealously for the Klan candidate and the Klan should be grateful to her.

Democrat-Voice (Coleman): On Saturday, August 23rd, the voters of Texas will be called on to go to the polls and select officers to man the ship of State for the next two years.

The issue involved is larger than any of the candidates offering themselves. We shall have to decide whether the State is to be under control of a visible or an invisible government. The Ku Klux Klan is supporting Felix D. Robertson as their candidate for Governor. They also have a full State ticket that will receive their support. They will vote practically as a unit, as they did in the last primary.

The Anti-Klan candidate for Governor, Mrs. Jas. E. Ferguson, as well as the entire Anti-Klan ticket, is receiving the support of some of the most outstanding figures in Texas politics.

Boerne Star: Now that the first Democratic primary is a thing of the past with the "sweets and bitters" some of us who voted in the primary will have to "eat crow" in the second primary August 23, as the pledge printed on the ballot stated, "I am a white Democrat and pledge my support to the nominee." Now look what we have to support for Governor of our Great and Grand old Texas—A Ku Kluxer, or a woman. Which shall it be? As the light is now before the editor of this little home town paper we cannot see how we are going to support the wife of an impeached Governor. We have several reasons for this and some may call us "old foggy, etc.," but we can never bring ourselves to the point to think it is to the best interest of the people to have a woman of an impeached Governor to govern this, our beloved native State. We do not believe in any such manner of governing. If the male population does not sit up and take notice in a few more years they will be staying at home doing the house chores, such as cooking, washing the dishes and nursing the children while our beloved better half is out making a campaign speech to a lot of "ruff necks." Oh, man, "thou art a very small potato and very few in the bill."

Brady Standard: It goes without saying that The Standard will support Mrs. Miriam A. Ferguson for Governor in the run-off primary on August 23rd. There could be no other course. Mrs. Ferguson's recent statement as for her position on various matters of public interest has served to greatly strengthen her cause. In fact it has drawn to her banner the support of many of the leading and most able men of Texas. Her prohibition record is without a flaw. Not only has she been a life-long prohibitionist, but while Mr. Ferguson was Governor of Texas, she never served liquors at any of the social functions or dinners at which she was hostess. She promises to put the drug store saloon out of business. She says she is for educational advancement in every possible way, and that the institutions of higher learning have nothing to fear as long as they observe economy in their business management. Is it any wonder that in view of these clear-cut statements, advocates of good government are for Mrs. Ferguson?

Among the recent candidates for gubernatorial honors, V. A. Collins, Lynch Davidson, Joe Burkett, W. E. Pope and T. W. Davidson have announced their support of Mrs. Ferguson. Hal Collins, son of Senator Collins, has offered to stump his district in Mrs. Ferguson's behalf. M. M. Crane of Dallas, former Governor O. B. Colquitt, Senator Page, and hundreds of others prominent in the public eye and mind, are active in Mrs. Ferguson's behalf. Senator Page was a leader in bringing the impeachment charges against Mr. Ferguson, and voted against him in every opposition. Now he says he holds strongly against Mr. Ferguson, and is strongly in favor of Mrs. Ferguson for Governor.

Some hold to the opinion that Mrs. Ferguson will be Governor in name only, and that Mr. Ferguson will, in reality, be Governor. Those who know Mrs. Ferguson best, believe that she will be Governor in fact, as well as in name; that she possesses excellent knowledge of affairs of State, and that she will be guided by the light of wisdom of past experiences of both herself and that of her husband. For seven years now, Mr. Ferguson has fought for a vindication of his name, and it does not stand to reason that he will do aught, or encourage his wife to do that which might bring reproach. Rather, in the light of bitter past experience, both Mr. Ferguson and Mr. Ferguson may be expected to show wisdom, judgment and executive ability of the highest order.

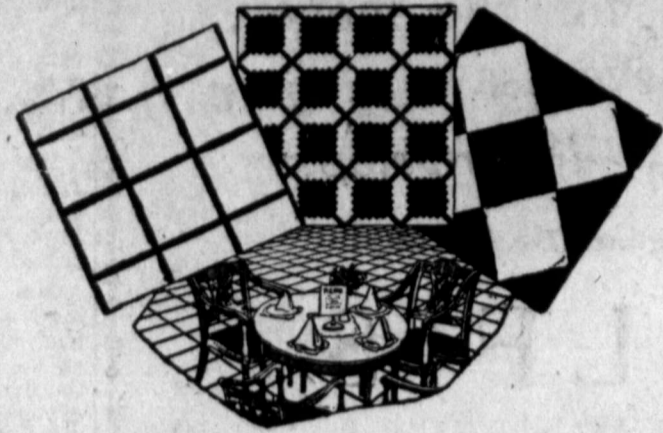

Mr. Ferguson, while Governor, was responsible for the Rural School Aid measure, which has been such a wonderful help for rural schools, and which has raised the standard of our rural schools more than any other one thing. Thereby he firmly implanted himself in the hearts and minds of the citizens of the rural communities. In his management of the penitentiary, he did something which no Governor before or since has been able to do—he placed it on a self-supporting and paying basis. Surrounded by the wise counsel of men, many of whom were formerly sworn enemies of her husband, but who now stand ready to aid and guide her in the performance of the duties of Governor, Mrs. Ferguson is certain to be a credit to the State, and to the womanhood of Texas, which she represents, as Governor of Texas.

HOME TOWN WELCOMES DEMOCRATIC NOMINEE

Clarksburg, W. Va., Aug. 11.—John W. Davis came home Saturday in the great crisis of his life to find strength, sympathy, encouragement and support from his life-long friends and neighbors.

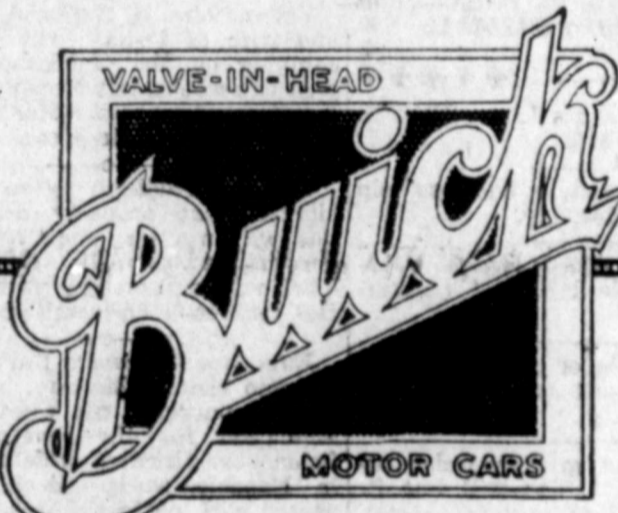

Here in the hills where he lived his life until a few years ago, when he was sent, as he expressed it, to be "a wanderer on the face of the earth," he found a welcome that touched him so deeply that he stood unafraid with tears coursing his cheeks while he sought for words that might express his emotion.

Returns in Crisis "There is an old fable of the mythological giant, the son of Mother Earth, whose strength was as the strength of ten when on the earth. Lifted above the earth, his power left him and it did not return until once more he had reached the earth. "Such is the sentiment that inspires me now.

"It is not by accident, nor by mere caprice, nor without thought that at this crisis in my life I have come back here for strength, for encouragement and for support. "Your presence and in such great numbers and with such smiling faces assures me that I have not come in vain. I shall leave you strengthened and heartened for the heavy task that lies ahead.

"It is not exactly to transplant a tree that has had from forty to fifty years of growth. It is not possible to transplant memories, traditions and friendship that have come to one who lived forty-five years in a single spot.

Means Home to Him "Although fate has made me a wanderer here and there over the earth, you, not I, are responsible for that. You, fourteen years ago, called me

from the practice here I was enjoying and made me that wanderer on the face of the earth. But I never have cut the ties of affection that bind me to Clarksburg, to West Virginia and their citizens. Never, even in thought or speech, has home meant other than this spot.

"Forgive me if I say no more. Out of the fullness of the heart, the mouth may wish to speak without finding words. But Mrs. Davis and myself thank you for this welcome. We bow before in gratitude and our hearts are very full."

Speaks at Family Home Mr. Davis spoke from the veranda of his family home to hundreds who had been able to find places on the lawn. He was officially welcomed by Harrington S. Otis, the City Manager, and Samuel R. Bentley, president of the Chamber of Commerce.

Grasping Mr. Davis' hand and shaking it with vigor as he spoke, Mr. Bentley declared that all Clarksburg joined in welcoming him home.

"We realize," he said, "that you can be in our midst for only a short time, but when you leave our gates, our hopes and our hearts go with you."

Recounting Mr. Davis' services, and the honors conferred upon him, Mr. Otis declared that no honor could come like the wholesome love of the friends who call you John."

What is a Sportsman?

In the August issue of the "National Sportsman" the following definition is given of a sportsman:

"First and above all, a sportsman loves fair play in anything and he plays fair in his sport."

"He takes no unfair advantage of the game; uses no illegal or unfair methods."

"He respects the rights of the man on whose land he is privileged to hunt or fish."

"He is thoughtful of the rights of other sportsmen."

"The sportsman loves his dogs, not only for the part they play in the field, but for their unquestioned loyalty and devotion to him."

"He is careful to use his weapons with due consideration for the safety of himself and others."

"He appreciates and takes pride in the skillful handiwork of his guns and rods and gives them the care they should have."

"He lives up to the spirit and letter of the laws of the game season."

"Out of season he helps in conserving the game."

"He seeks only enough game to satisfy his needs."

"He glories in the beauties of the woods and waterways and often returns with empty game bag, happy in the memories of his day in the open."

"He is always ready to give kindly advice to those who awaken to the lure of the rod and reel."

"A true sportsman is a manly man."

CATHOLIC CHURCH NOTES

By Father Kemper

CLOISTER INVESTTURE

On the patronal feast of our parish, namely the Assumption of the Blessed Virgin, Friday 15th, some of the junior members of our Sisterhood will make their religious profession at the mother-house in Alamo Heights. In our local St. Mary's Church the festival will be commemorated with a Mass at 7 a. m., during which a married lady convert will receive her first Holy Communion. Her baptism will take place on the previous evening, which is a vigil of obligation.

One of the nuns of our convent has three of her family sisters with her. This is the first time in thirty years that the quartette have been together at a mission school of the Incarnate Word Order. They have also a brother in the priesthood belonging to the Holy Ghost Society, and at present stationed in the missionary island of Trinidad.

Miss Ellen Marie Decker has completed her summer work at the Incarnate Word College and passed through here last Thursday, on her way to Menard.

Miss Emilia Schiffers, who has been boarding at the convent, went back to San Antonio last Sunday.

Legion Changes

Miss Mary Kelly, who has nursed at the U. S. Veterans' Hospital since the Government assumed charge, has been transferred to Tacoma, Wash.

Chas. J. O'Neill has been transferred here from Greenville, S. C., and is making his home in Kerrville with his family.

Samuel H. Balsano has been received as a patient from Okmulgee, Okla. Leszar V. Willis is another newcomer from Winnsboro, La.

John Dredy last week entertained his father and brother from Refugio and Houston respectively.

Another Houston visitor to our summer resort was Miss Mary Margaret Shanahan.

NUMEROUS CASES BEFORE DISTRICT COURT THIS WEEK

(Continued From First Page)

continued, defendant sick and unable to attend court.

State vs. Vernie Taylor, willfully leaving gate open, dismissed on motion of District Attorney.

State vs. Blank, unlawfully manufacturing intoxicating liquor; continued for service.

State vs. Josephine Birdwell, unlawfully manufacturing intoxicating liquor; continued by agreement on motion of State.

State vs. Thomas Powell, unlawfully carrying pistol; plea of guilty, fine of \$100 and costs.

Petit Jury for the second week of District Court was as follows: O. J. Stevens, R. H. Renschel, F. C. Wood, J. B. Reese, V. D. Powell, J. R. Herndon, A. C. Schreiner Jr., E. C. Fisk, J. C. Sing, J. F. Nichols, J. S. Thompson, Charlie Leinweber, W. N. Hood, J. D. White, Hays Wharton, J. W. Dickey, J. L. Jonas, Eddie Schmidt, Henry Eckstein, J. M. Hatch, R. R. Merritt, F. T. Vaughn, Virgil Storms, W. H. Furr, Ernest Duderstadt, A. P. Brown, D. H. Hughs.

In his charge to the jurors, Judge Burney, after outlining the duties of jurors and the importance of the oath they had just taken, stressed the fact that the burden of establishing the proof of guilt rested with the State in criminal cases and with the plaintiff in civil suits. He also warned them to weigh circumstantial evidence carefully and cautioned them not to be unduly influenced because defendants did not take the stand in their own behalf, stating that while the laws of the State permitted them this privilege they were not compelled to take advantage of the opportunity and their refusal to do so should not be construed by the jurors as an admission of guilt, and must not be considered for any purpose whatever in arriving at a verdict. However, should defendants take the stand in their own behalf, then the jurors are the exclusive judges of the weight to be given their testimony or their credibility as witnesses.

After being in session all of last week the Grand Jury recessed last Saturday until Tuesday, August 19, after returning nine bills of indictment. Bills returned on which arrests have been made are as follows: Percy Bowles, rape; Jim Dowda, rape; Hugh Kennison, unlawfully possessing liquor for sale; Hugh Kennison, unlawfully selling intoxicating liquor; Mrs. Madge Douglas, selling intoxicating liquor.

With but few exceptions the Civil Docket was cleared by the Court last week. A few cases were held over and docketed to be heard after the criminal docket was disposed of. Disposal of cases tried was as follows:

State vs. Aaron Stone, disobedience of subpoena (four cases); continued for service.

Peter Kleck vs. Jennie Kleck, et al., suit on warrant of title; case dismissed for want of prosecution.

Mattie May Doyle vs. George W. Doyle, suit for divorce; passed at request of counsel for plaintiff.

International Shoe Co. vs. J. W. Burney, suit on open account; court disqualified.

L. A. Schreiner vs. Jas. W. Hedenberg and J. S. Wynn, suit on promissory notes and foreclosing of vendor's lien; judgment for plaintiff.

Virginia Rosa Villareal vs. Felipe Villareal, suit for divorce and custody

were compelled to move their line back from Washington to Earl Garrett Streets, and the telephone company laid underground cable from Washington to Tivy Streets, doing away with overhead wiring through the business section, as they had previously laid the cable from Washington Street to Earl Garrett Street.

Sewer construction over the city is progressing at a rapid rate and the Elder Construction Company is away ahead of their schedule. This work, of course, is keeping the streets of the city torn up and the citizens are being inconvenienced by the permanent nature of the work of permanent street improvement by having the connections from the sewer lines to their property lines made at once. Either the Elder Construction Co. or either of the local plumbing companies are prepared to run these lines at a nominal cost, and the co-operation of property owners at this time will enable the city to make permanent improvement on the streets, as nothing of a permanent nature can be accomplished until all these service connections are put in.

Women Fined for Wearing Knickers

Hammond, La., Aug. 12.—The newly ordained law of the County Commissioners of Livingston Parish prohibiting, among other things, the one-piece bathing suits, "petting parties" and the wearing of trousers by women, had its first try-out Monday, when two nurses, claiming to hail from Mississippi were arrested at Denham Springs, charged with wearing "knickers." They were taken before a justice of the peace, entered pleas of guilty and paid fines of \$5 each.

The justice let it be known that the law in Livingston Parish is supreme and must be respected.

HUNTING SEASON BEGINS THE FIRST OF SEPTEMBER

New Supply of Licenses Has Been Received—Don't Fail to Secure One.

The open season for doves in this, the North Zone, begins September 1, and for the purpose of informing the public in general regarding the open season and bag limit of game according to the present law, the following is given:

Sportsmen or hunters, who go afield at any time during the open season for any game, or at any other time of the year who leave the county and carry a gun with them, should protect themselves with a current hunting license to avoid difficulties. However, persons who only hunt within their own county need no license.

A new supply of licenses has been received by Deputy Game Warden Dent and he will always be ready and willing to supply you with same, or you can secure one from the County Clerk. They will also be on sale at stores handling hunting and sporting goods.

The following applies to the entire State:

It is unlawful to kill, catch, possess, or ship, at any time during the year, antelope, mountain sheep, woodcock, wood duck, egret or other plumed bird, non-game water-fowl, songbird, insectivorous bird, pheasant, turkey hen, doe deer or spotted fawn.

It is unlawful to hunt from motorboat, sailboat, airplane or boat under tow.

It is unlawful to hunt at night with any sort of light or lantern.

It is unlawful to buy, sell, or barter, any game bird or animal.

It is lawful and you may kill at any time, in any numbers, English sparrows, ricebirds and blackbirds, buzzards, crows, owls, hawks (except sparrow hawks) and rabbits.

Texas is divided into two zones, a North Zone, and a South Zone; the North Zone lies north and west of the I. & G. N. and the T. P. Railroads, running from Laredo to San Antonio to Austin to Longview to Texarkana. The South Zone lies south and east of these railroads.

expected to arrive in the city earlier in the day and will be met by a delegation from the Kerrville Lodge and escorted to the St. Charles Hotel, where reservations have been made for him and his party during their stay in the city.

After the ceremonies at Legion, the Lodge will recess until 8 o'clock that evening, when they will meet in special session in the Kerrville Lodge room. As the following night was to have been the regular meeting night of the Lodge, this special meeting will supercede that meeting, and besides the transaction of regular business a special program of interest to the fraternity has been prepared. Refreshments will be served after the meeting adjourns.

All members and visiting Masons are urged to attend both the corner stone laying and the meeting that night.

Beeville Picayune, August 7: Rev. H. E. Draper came down from Kerrville last Thursday for a swing around the Beeville district, closing up matters incident to the third quarterly conferences over the district. Mrs. Draper and the children are still at the Methodist Encampment grounds at Kerrville and will spend the remainder of the summer there. Rev. Draper and son, Brice, have built one of the nicest cottages on the Encampment grounds. It is not quite complete, but the family has been occupying it for some weeks. They find the climate and living conditions all they could desire, they say. Many people are summering on the grounds.

It is said that the largest exhibits of fine sheep and goats ever shown in this region will be at the Bandera County Fair this year, and the poultry display will be a leading attraction also. Heretofore no admission fee has been charged, but this year an admission fee of twenty-five cents will be charged all persons over fifteen years old. Leroy Brandon found a bee hive in one of the brick flues at the ranch home on the Brandon Ranch Wednesday of last week. The flue has not been used since last winter and the bees evidently believed that it would make them a suitable permanent home, had moved in some time in the spring and took up what they thought was a permanent residence. Judging from the number of bees swarming about, there is an unusually large hive in the flue. Leroy says that the bees will have to make some other place their headquarters before winter.

SEWER CONNECTIONS

We are in a position to quote a low price on sewer connections if we can continue to put them in wholesale. To do this it is necessary that the people co-operate by signing up at once so that groups of properties may be served at one time.

If we have to come back later to put in special jobs it will cost more and we will be forced to charge more.

COLLINS DECLARES KLAN ONLY ISSUE

Former Candidate Says Dr. Atticus Webb Wrong in Believing Prohibition in Danger.

Former State Senator V. A. Collins and candidate for the Democratic nomination for Governor prior to the July primary takes issue with Dr. Atticus Webb, who in a recent communication contended that voting for Mrs. Miriam A. Ferguson for Governor imperiled prohibition in Texas. Mr. Collins' statement follows:

"To the prohibitionists of Texas: If Dr. Atticus Webb could mislead the prohibitionists of Texas into believing that prohibition is at stake in the August primary the real issue might be obscured, because prohibitionists are not going to surrender the fruit of a half century of labor and take any step backward, but he certainly presumes on the ignorance of prohibitionists in trying to make them believe that the election of Mrs. Ferguson would endanger the cause of prohibition."

"Prohibitionists know that we have the Eighteenth Amendment to the Federal Constitution, besides the amendment to the State Constitution against the manufacture of intoxicating liquor."

Volstead Act Rules
"We have the Volstead Act and the Governor of Texas could not change that, because it is a Federal statute."

"We have the so-called Dean law, which is a State statute, but the Governor could not alter or amend that."

"The Governor of Texas could do no more than sign a bill passed by the Legislature amending or repealing the Dean law, but the Governor could not initiate such change."

"But if the Governor could do all that Dr. Webb would seem to have you believe, even then I would rather risk Mrs. Ferguson than Judge Robertson."

"I assert that Judge Robertson, who started his campaign by saying he had been a life-long prohibitionist, when cornered by proof to the contrary, was forced to confess that he had not so been and was forced to the extremes of telling the time and place of his conversion; except his bare statement, he has produced no fruit for prohibition."

"I further deny that the supporters of Judge Robertson have a better prohibition record than the supporters of Mrs. Ferguson."

"I challenge comparison. I know the leading anti-prohibitionists of Texas, when the fight was on for a dry Texas, are now supporting Robertson."

Antis' Activities at Waco
"I know the leading anti-prohibitionists of Texas controlled the Waco convention which refused to send Harper Kirby and Mrs. Claude De Van Watts as delegates to the National Convention, although Harper Kirby gave more money to make Texas dry than any other one man, and Mrs. Van Watts is president of the W. C. T. U. of Texas."

"I know that a large number of the delegates of the National Convention were the old antis who have never yet surrendered to the cause of prohibition."

"Prohibitionists of Texas, the cry that you are voting against prohibition if you vote for Mrs. Ferguson is a mere subterfuge to obscure the real issue."

"There is but one issue and will be but one until it is settled—the Klan. The Klan made the issue and Judge Robertson could not have gone before the people of Texas on any other issue and gotten away with it."

Klan Knows Issue
"The Klan knows it; the people outside the Klan know it."
"Let's have it out on the issue the Klan has made."

"I am willing to be judged by my prohibition record in this world and the next, even after I have voted for Mrs. Ferguson."

"The issue and the only issue is whether a secret organization is going to be permitted in the future to nominate candidates behind closed doors and then have those candidates

run on the Democratic ticket and swap and trade, and bluff, and build-up on the outside to get other voters who did not participate in the secret primary to vote for them—the secret nominee of another party.

"PROHIBITIONISTS, BE NOT DECEIVED. A VOTE FOR MRS. FERGUSON AS AGAINST ROBERTSON IS A VOTE FOR PROHIBITION."
Yours truly,
"V. A. COLLINS."

FREDERICKSBURG FAIR PROMISES GREAT SUCCESS

Fredericksburg, Tex., Aug. 12.—The 38th Annual Gillespie County Fair takes place August 22, 23 and 24. The entire citizenship of Fredericksburg and Gillespie County are united to make it the most successful in its history.

Great changes have been effected over the grounds; the buildings and fences have been repaired and rebuilt and the stables moved from the east to the west side.

Fine agricultural, stock poultry and household exhibits have been assured. At least forty thoroughbred will compete in a splendid racing program. The ball games will be between the Fredericksburg Giants, who contend for the Southwest Texas championship, and the Kerrville, Mason and Comfort teams. The Fredericksburg 20-piece military band will furnish the music during the three days. Many other attractions and entertainments make up a very enjoyable and instructive program.

An invitation to open the Fair has been sent to Governor Neff, but at the time of this writing his definite acceptance has not been received. However, it is expected he will do so, as the Governor will be in Fredericksburg the first day of the Fair.

The people of Fredericksburg and Gillespie County invite the people of this great Southwest and Central part of Texas to join with them in making the 38th Annual Fair the most memorable in its history. They say that nothing will be left undone to show the visitors a time of their life. All together, let's go!

CONSTANT ADVERTISING PAYS BEST OF ALL

The Advertising Manager of the House of Kuppenheimer, at a convention of the West Virginia Retail Clothiers' Association, said in part: "Playing with advertising will not bring results, but there is no case on record of a merchant who has tried advertising in the right manner and then quit. Advertising does not pay unless it is advertising in the fullest sense of the word. Do you think of your occasional advertising, disconnected, unrelated, as 100 per cent advertising? Your advertising must function just as regularly and just as systematically as the opening and closing of your store, with as much attention to the details as you lavish on your windows."

"Do not play with advertising, and do not let advertising attack you for an expenditure at odd and uncertain intervals. Employ advertising as you employ a salesman in your store, and keep it busy. Know what your advertising for the year will cost you, and know that far from saving you are losing money when you conserve a dollar of that appropriation."

MILBURN SCORES WEBB STATEMENT

Anti-Saloon Head in Texas Rapped for Endorsing Judge Felix D. Robertson.

Austin, Tex., Aug. 10.—W. J. Milburn, former chairman of the National Board of Directors and now a member of the National Executives of the Anti-Saloon League of America, in a statement given out in Austin, enters protest against the recent statement given out in Austin, of Atticus Webb, superintendent of the Anti-Saloon League of Texas, "which seeks to make the impression that the record of Judge Felix D. Robertson is satisfactory to the League and its supporters."

"His record is anything else but satisfactory to those who have investigated it," Milburn asserted. The Milburn statement follows:

"As one who has been actively identified with the Anti-Saloon League of America for nearly 20 years, I wish to protest with all the power I can command against the statement of Rev. Atticus Webb, superintendent of the Anti-Saloon League of Texas, which seeks to make the impression that the record of Judge Felix Robertson and its supporters. His record is anything else but satisfactory to those who have investigated it."

"Mr. Webb well knows that Robertson was specifically mentioned as an 'anti' by the general attorney of the Brewers Association of Texas in 1906 who wrote: 'But I believe our friends will generally support Mr. Robertson.' Now that same attorney could write his brewery clients (if the prohibitionists of Texas are fools enough to follow Webb to their own slaughter) but I believe our other friends, formerly our enemies, the members of the Anti-Saloon League will also support Mr. Robertson. Their leader has agreed to do so."

"Furthermore, Mr. Webb could not have been ignorant of the fact that Robertson was handpicked by a few men in secret conclave dominated by one Marvin, nor of the well-known record of this man Marvin. Neither could he have been ignorant of the fact that the domination of the next administration—both Governor and Legislature—by Marvin, Hanger, Lively, Butcher and a few others, would become a serious menace to prohibition in case such a calamity as the election of Robertson should occur, as pointed out by Mrs. Van Watts, President of the W. C. T. H. and others."

"In spite of Mr. Webb's endorsement, there are tens of thousands of supporters of the Anti-Saloon League who will not support Robertson. Mr. Webb has no more right to try to deliver Anti-Saloon League votes to Robertson than Samuel Gompers had to try to deliver Federation of Labor votes to the wets. Gompers repeatedly tried and failed, and God and the good people of Texas being our helpers, I believe Webb will fail. I wish to emphasize the fact that in making such an effort, Webb does not represent the sentiment of the rank and file of the supporters of the Anti-Saloon League, and the League, as an organization, should not be held responsible for his breach of good faith with the friends of prohibition in endorsing the candidate of the wets and trying to make the Anti-Saloon League the ally of an intollerant despotism that is wrecking homes, churches, lodges, reform organizations and scores of lives."

Why Such Haste?
"Why this haste to endorse any candidate before they are all announced? It is a certainty that there will be one, and probably two more candidates, the records of either or both of which may be entirely satisfactory to prohibitionists. Should this happen, the enormity of the blunder and the injustice committed by Webb will become more apparent. It has always been the policy of the League to operate as a strictly nonpartisan organization. The departure from this policy by the head of the Texas League is manifestly unfair to the thousands of financial supporters of the League who are opposed to Robertson. The policy of non-partisanship announced by the President of W. C. T. U. of Texas is clearly the only fair and consistent course to pursue by an organization like the Anti-Saloon League with constituents of all shades of religious and political beliefs. I do not believe the prohibitionists of Texas will endorse the very unfair efforts of Mr. Webb to play into the hands of the former enemies of prohibition who are being aided in this instance by a few blind-folded and misguided dyes. His action places the Anti-Saloon League in a false light before the people of the State."

CASTOR OIL IS URGED TO CURE BITE OF SNAKES

Castor oil, given internally, is recommended for snake bites and bites of poisonous spiders and insects by a local physician in a letter to The Fort Worth Star-Telegram.

The physician who learned of the remedy while studying medicine in 1884, has used it with success ever since, he stated. "No one who takes castor oil for poisons of this sort will die if he is living three hours after taking the oil," the doctor wrote. According to the doctor the venom is thrown out into the intestines and re-absorbs unless some medium is there to carry it away. The dose recommended is two to four ounces, given as soon after infection as possible and followed every hour or two with one to two teaspoonfuls of the oil until danger is past. In addition a thick paste of castor oil and common cooking soda should be given, he said. The treatment does not interfere with any local treatment the attending physician may give. Many people have saved the lives of their dogs by giving laud.

Is Felix D. Robertson a Life-Long Pro?

Felix D. Robertson, the Klan endorsed candidate for Governor, is attempting to pitch his fight for the nomination upon Prohibition issue. In some of his campaign literature he claims to be "a life-long prohibitionist." What is his real record? He lived in McLennan County before he moved to Dallas. How did he stand in McLennan on the liquor question? When the battle was hot for control of the Texas Legislature and the Antis were making a last desperate stand, Felix Robertson ran for the Legislature from his home county of McLennan. Walter Gresham of Galveston was a representative of the Texas Brewers and in a written report to Zane Cetti of the Texas Brewing Company, Mr. Gresham made the following statement as to the situation in McLennan County:—"For second place our report shows that Mr. John G. Winter and Mr. Felix D. Robertson are candidates. Both of these gentlemen are Antis, but I believe our friends will generally support Mr. Robertson." (The Brewers and Texas Politics, Vol. 1, Pages 392 and 393).

Can Mr. Robertson truly claim to be a life-long prohibitionist? He should at least be candid with the voters.

In addition, he is the endorsed candidate of the Ku Klux Klan of Texas whose Grand Dragon, Zeke Marvin, plead guilty to a charge of violating the liquor law and was fined in the Federal Court at Dallas.

The records of Felix and Zeke will not appeal very strongly to real prohibitionists.

Total, \$23,921.84.

This leaves a balance of \$2,780.01, of which the Board will pay out during August: Balance due W. B. Brown, \$783.36; R. Franklin, August salary, \$200.00; Guy C. Moses, August salary, \$140.00; C. F. Freeman, August salary, \$166.66; janitors' salaries, \$100.00; assessing and collecting school tax, \$409.46. This makes a total to be expended during the month of \$1,799.48, which will leave on hand the first of next month a balance of \$980.53. In addition to this balance, there is still owing to the District between \$300 and \$400 of this year's taxes, which have not been collected nor taken into consideration in this statement.

For 1923-24 the total for all expenses other than teachers' and janitors' salaries was \$8,159.74. Further, by September 1 the Board will have paid \$1,353.32 on 1924-25 salaries to the superintendent, principal and agricultural teacher.

Salaries for the coming year are as follows: R. A. Franklin, superintendent, \$2,400.00 per year; Guy C. Moses, principal, \$1,680.00 per year; C. F. Janitors, two at \$50.00 per month each, by the year.

This makes the cost of running the school:

Teachers, superintendent and janitors at Tivy	\$19,745.00
Mexican School	585.00
Colored School	1,215.00
Total	\$21,545.00
Insurance will be	399.61
Fuel and sanitation, about	700.00
General expense	300.00
Interest charges about	200.00
Allowance for all other expense	1,000.00

Total estimated expense	\$24,144.61
Income for 1924-25 will be:	
From State, 904 scholastics at \$14.00	\$12,656.00
From County, 904 scholastics at \$1.50	1,356.00
Local tax	10,500.00
Tuition (average)	700.00
Total	\$25,212.00
Deduct for sinking fund	1,500.00

Balance	\$23,712.00
Allowance from State on agricultural teacher's salary, about	900.00
Balance brought forward	980.53
Available for maintenance	\$25,592.53

From the above it will be seen that an economical administration of the schools the coming term is absolutely necessary.

In case it should be thought that the number of teachers employed exceeds the necessity the working sched-

ule of the High School is herewith submitted: G. C. Moses: bookkeeping, 2 periods; typewriting, 2 periods; geometry, 1 period; conference, 1 period. Miss Garrett: history, 4 periods; study halls, 3 periods, conference, 1 period. Miss Moore: English, 4 periods; library and conference, 4 periods. Mr. Freeman: Agriculture, 4 periods; science, 3 periods, conference, 1 period. Mr. Cozart: Spanish, 3 periods; study hall, 2 periods, conference, 1 period; algebra, 2 periods. Miss Craven: Domestic science, 2 periods, balance time in grades. Working schedule of the grammar grades has not been made up yet.

Four grades are taught in the High School and the estimated number of pupils for this year is as follows: 8th, 40; 9th, 35; 10th, 25; 11th, 20. Total estimated pupils in High School, 120.

Assessing the High School one-half the superintendent's salary, or \$1,200.00, with the salaries of principal and five High School teachers, \$8,180.00, one-half of the janitor service, \$600.00, and one-half of all general expenses, \$1,000.00, less one-half of expense of domestic science teacher, \$405.00, makes a total of \$10,575.00 for instructing 120 pupils, which makes a cost of \$88.12 each for the school year or practically \$9.80 each per month.

In the grades the cost is less. One-half the superintendent's salary, or \$1,200.00, nine and one-half teachers, \$9,255.00, one-half janitor service, \$600.00 and one-half all expense, \$1,100.00, makes a total expense for the grades of \$12,155.00. As there are seven grades in the Grammar School and each grade will average 40 pupils, or 280 for the school, the cost per school year per pupil is \$43.42, or \$4.80 per month.

The condition of the two sinking funds is as follows:

FUND NO. 1	
Sept. 1, 1923, bonds outstanding	\$3,000.00
Balance on hand	\$1,731.94
Paid 3 bonds	1,500.00
Balance	231.94
From local taxes	226.82
From Interest	14.05
Total	\$ 472.81
Interest paid on bonds	87.75
Balance on hand	\$ 385.06
Bonds outstanding August 5, 1924	\$1,500.00
FUND NO. 2	
September 1, 1923, bonds outstanding	\$20,000.00

Paid 14 bonds	7,000.00
Balance	769.89
From local taxes	1,424.92
From Interest	72.94
Total	\$2,267.75
Interest paid on bonds	758.89
Balance on hand	\$1,508.86
Bonds outstanding August 5, 1924	\$13,000.00

The Board is ready to take up two of these last named bonds as soon as presented, which will leave \$12,000.00 due on this fund or a total of \$13,500.00 in the two funds.

The school board of Kerrville Independent School District is endeavoring to conduct the schools as economically as possible and at the same time maintain the standard of efficiency. A study of the figures above will indicate the magnitude of the task these men are undertaking for the benefit of the community and will also give an inkling of the many personal sacrifices they are compelled to make in order to make the levy and income from various sources cover the cost of operation of the system.

To the Voters of Kerr County

This is to express my appreciation and thanks to the voters of Kerr County for the support given me in my recent race for the nomination as Representative of the 86th District of Texas; and also to thank my friends and acquaintances for their support and influence. Respectfully, ROSCOE RUNGE, Mason, Texas. (Advertisement, 35)

THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University

The precarious condition of the cotton crop in many parts of the country is causing the cotton farmers and merchants much uneasiness. Where farmers have made cotton the sole crop there is much need for alarm, for a cotton failure for most of them means either that they will have to go into debt another year or suffer for the lack of those things they could as well have raised on their farms. If this condition were unusual the farmers would deserve much more sympathy, but in some parts of Texas every year the cotton crop is disappointing, and it may be expected anywhere any year. So long as the seasons are variable this will be true and the farmers should profit by this knowledge. In no county in Texas can farmers depend on making a full cotton crop every year.

Even if a fair crop could be made every season the farmers should not grow cotton to the exclusion of other crops, for it is the poorest business policy to exchange cotton year after year for food and feedstuffs that can be grown at home. Where cotton failure may be expected now and then, as it may be in every county in Texas, farmers owe it to themselves and their families to at least make certain of a living at home for themselves and their stock, aside from their cotton crop. There is not a farm in Texas on which this cannot be done if only the farmer will use ordinary judgment in planting and caring for a variety of crops. The poverty of many farms, rich in soils and productivity but poor in crop distribution, is everywhere evident.

Texas farmers will not prosper as they should until they grow on their own farms all the foodstuffs needed to run their farms except those things that experience has shown cannot be produced there. Cotton will always be the staple money crop of Texas farmers, but in time the farmers will learn that they cannot depend on it as the whole crop. Those farmers who have already learned this lesson and their families to at least make certain of a living at home for themselves and their stock, aside from their cotton crop. There is not a farm in Texas on which this cannot be done if only the farmer will use ordinary judgment in planting and caring for a variety of crops.

The most interesting thing this writer heard at College Station during the Farmers' Short Course was the statements made by a number of farmers' wives as to how they had improved their kitchens at small expense to make their work more convenient and labor-saving. It was interesting to hear how they managed to install so many convenient work-

saving devices at such small cost and how much easier their work has been made. Most farm kitchens are wholly lacking in arrangement and in the appliances that lessen the labor of the wife, and yet in most cases a few dollars and a little work will bring about the changes to make the kitchen work a real delight. The work of the farmer's wife is hard enough at best and every farmer owes it to his wife to help her make her daily tasks as light as possible. The place to begin is with the kitchen.

Next to the kitchen demonstrations at College Station the best lessons could be learned from the young girls who told how they made their living rooms attractive and comfortable. A number of them told how they worked to make the money with which they added a few attractive pieces of furniture or how they worked over the old furniture and painted it in bright colors, how they curtained the windows, made pretty rugs and added a touch here and there to make their rooms liveable and pretty. One young girl exhibited her bed room furniture and explained how she had treated or acquired each piece. The surprising thing was that the cost was so small and yet the transformation from a dingy to a pretty room was brought about almost as if by magic.

It is not possible for all the wives and daughters of Texas to go to College Station every year, but every county and every community in the State could have meetings planned along the same lines as those held at A. & M. Colleg. at which experiences in home improvement could be exchanged. People like to see and hear just what others are doing to make their living conditions better, and having seen and heard they always profit by it.

Card of Thanks

We wish to thank our kind friends and neighbors who helped cheer the last hours of our beloved daughter and sister, and for their sympathy and beautiful floral offerings at the time of her death.

Ask Your Dealer to Show You the New Improved Remington Pump Gun

THE Remington Model 10 Pump Gun your dealer is showing now contains so many improvements over the original model produced in 1908 that the Remington Pump Gun of 1924 might almost be called an entirely new model.

Everybody remembers when Remington brought out the Remington Pump Gun—Model 10—the first solid breech, hammerless, repeating shotgun. This gun was an outstanding achievement.

But there has been a lot of new mechanical and gun-making knowledge accumulated since then. Remington has been improving this Model 10 right along.

And now with refinements and betterments you have a gun that is almost as far in advance of the old Remington Pump Gun as that gun was ahead of anything that was ever produced before.

See the **New Improved Model 10**. Note its balance and lines—its fine pointing quality—the quickness of hammer action that its design gives. Try it in the field. You will quickly see how far Remington has gone with the development of the Pump Gun.

If you are thinking about a new Rifle for big game—

See the Remington Model 14 Slide Action—the only fore-arm operated high-power rifle made. Gives six shots without reloading. Chambered for .25 Rem., .30 Rem., .32 Rem., and .35 Rem. Cartridges. A Remington Rifle with all the Remington quality and precision—and the Remington knowledge of what a fine arm ought to be.

An enjoyable time was had by all at the camp last Saturday night. An invitation had been extended to instructors and boys at Camp Texas for supper at Westminster and for a joint musical program afterward. About 60 from Camp Texas were in attendance and after doing full justice to the banquet prepared in their honor, part of their number, assisted by musicians at Westminster, rendered one of the most delightful musical programs of the entire season.

Instructors and boys from Camp Rio Vista are to be guests at the Encampment next Saturday night. Registrations since the past week include:

OUT OF ENGLAND INTO— THE HILL COUNTRY

(Continued From First Page)

who have come together more or less by accident. Their reasons for selecting this spot in which to live are varied. Many of them are people of distinction. There is Lord Howard Lacey, a famous naturalist, with one of the largest collections of butterflies in the world, who left England when he was a young man, because his family would not consent to his marriage with a girl whose father owned a soap factory. There is Dr. E. E. Palmer, a noted English physician, who now has his sanitarium there. All of them have their history.

"Into this community came Mrs. Gaffney, a girl of eighteen. She came to teach piano in Miss Scofield's school. Miss Scofield has as caretakers for the school Mr. and Mrs. Walter Baker. They also were English. Mrs. Baker was raised by her aunt in England. This aunt was at first housekeeper, and later companion to Queen Victoria. After the Prince Consort died, and as she was growing old, and beginning to feel the burdens of state, the queen came to lean more and more on this trusty old servant whom she had made her companion. So it was in Buckingham Palace that Mrs. Baker grew up, in the constant company of the queen. And Victoria, ever considerate of those about her, took a kindly interest in the little niece of her companion.

"Mr. Baker had been with Lord Kitchener in India. His health failed, and he could no longer stand the Indian climate. When he returned to England he brought presents from India from Lord Kitchener to Queen Victoria. Then he met the young niece of the queen's companion, whom he married. The queen, being very fond of the young girl, gave her as a wedding present, among other things, a set of beautiful plates which had been among the presents sent from India to the queen by Lord Kitchener. Mr. Baker's health did not improve in England as had been expected, and the young couple came to America. In the mild climate of Kerrville, it was hoped that he would become strong. But even here he did not recover from the ravages of the Indian climate and the hardships of his life there. He was not strong enough to work, and gradually the couple exhausted their financial resources. Friends in England might have been applied to, but they were proud. Then Miss Scofield offered them the position of caretakers for her school.

There was not much money, but their wants were simple.

"When Mrs. Gaffney came to the school to teach she made many friends, and among them was Mrs. Baker. Perhaps Mrs. Baker understood that a girl so young, away from home for the first time, would often be lonely. Her kindnesses were many. At Christmas she brought Mrs. Gaffney a little present, for which she apologized, saying that she had not much to give, but she thought Mrs. Gaffney might like to have this, since it was one of her wedding presents from the queen. "And that Christmas present was the little plate, which the queen had given Mrs. Baker at the time of her wedding."
