VOLUME 41 NUMBER 40

DEFENSE DAY OBSERVED BY KERRVILLE IN FITTING WAY

Roster Signed by Large Number; Rain Halts Parade but Not Patriotic Spirit of Citizens.

The citizens of Kerrville and the Hill Country have a habit of going over the top in every move tending toward better democracy.

Just to show that the citizens of this country were not actuated in those times solely by a spirit of patriotic zeal, but by a deep and enduring love of their country, Kerrville and the Hill Country again went over the top last Friday in the Defense Day program and in signing the roster of renewed allegiance to the Constitution of the United States.

Owing to the rain and mud, the parade scheduled for the afternoon was dispensed with, and after a band concert on the St. Charles lawn by the 20th Infantry Band, the meeting adjourned to Legion, where, in the Red Cross rooms an inspiring patriotic program was rendered.

Maj. Frank A. Pyle of Fort Sam Houston was the honor guest of the day. A detachment of soldiers from the 2nd Engineers and the band of the 20th Infantry were on hand, in command of Lieutenant Halsey.

The troops came up in cars and trucks from Fort Sam Houston and Camp Bullis and were the guests of the Kerrville Chamber of Commerce at a luncheon at the St. Charles Hotel.

Col. R. L. Cook, medical officer in charge of the hospital, introduced the speakers of the afternoon at Legion, but owing to weather conditions the meeting was held in the Red Cross hall, which was crowded to its utmost capacity.

Major Pyle was the first speaker introduced. He outlined briefly what the National Defense Act was and its contemplated effect on the country in event of war in the future.

During the World War 39 per cent of the troops on the active front were from the regular army, but in the next war only 9 per cent of the soldiers would come from the regulars, according to Major Pyle.

According to the Major, in the event of the United States being drawn into war, the reserve officers in each community would mobilize available men, fill out requisitions for arms and equipment and have the troops in actual training within twelve hours after war was declared and that they would be fully equipped within a short time.

The principal address of the afternoon was delivered by Judge W. C. Baker of this city, who was introduced by Col. R. L. Cook as "Our Next District Attorney."

"Mr. chairman, ladies and gentlemen: The chairman in his introduction of myself was kind enough to refer to me as an orator. I am sorry that this statement was made, first, because to those who have never heard me, my talk will be disappointing; and, second for the reason that I do not deem this an occasion for oratory.

"We are assembled here today in response to a National inspiration, for the purpose of having a heart to heart talk upon a subject which concerns our Nation's peace and security. We are assembled here for the purpose of discussing the necessity for, and the methods of defending our Nation against, enemy attacks.

"I hold it to be one of the highest and most respected laws, individual

KERRVILLE COUNTRY CLUB TO BE COMPLETED BY END OF WEEK

Building Ready to Be Turned Over by Contractors; Furnishings Here; Golf Course in Use.

The buildings and grounds of the Kerrville Country Club are ready to be turned over to the board of governors of the club in a completed condition. This was forecast by the completion of the building by the contractors Wednesday and the installation of the furnishings, which will be completed by the end of this week.

The building is a handsome structure situated on a knoll overlooking the beautiful golf course adjoining the city on the northeast. The building is constructed of white stucco and makes a pleasing contrast to the live oak trees surrounding it.

Along the eastern side of the building and overlooking the course is a veranda 13 feet wide by 40 feet in length. The scenery from this vantage point is beautiful, in fact it is almost impossible to find a more beautiful picture anywhere than you get from this point.

The main room of the club house is 32x48 feet in size with an orchestra alcove in one end and a beautiful stone fireplace in the other. The floor of this room is of white maple and the principal use of the room is for dancing, although it will be used also for general club rooms and social and entertainment features as well.

In addition to the ball room there are five other rooms in the building, as follows: Men's locker room, golf shop, ladies' rest room, kitchen and professional's quarters. The entire interior of the building is completed in a light oak finish woodwork and pleasing, harmonious furnishings are being installed throughout.

Adams & Adams are the architects who designed the building and the general contract was handled by the Traikill Construction Co. of San Antonio. The Brown Plumbing Co. of this city put in the plumbing work, while Martin Wright of San Antonio installed the electric fixtures.

While the building and furnishings are ready for occupancy and will be put in use the last of this week, formal opening of the club house and grounds will not occur until about the middle of next month. This is to enable the new golf course to become better sodded before inviting outsiders to use it. The course has been used locally for several weeks and few professionals have tried it out, and all voice the opinion that it is one of the best, if not the best, 9-hole courses in the country.

It is planned to hold a golf tournament on the opening day, besides an exhibition match between four of the best professional golfers in the State. In addition there will be an invitation tournament for amateurs from San Antonio, many of whom have already signified their intention of being here that date, as well as most of the professionals from Texas cities. The day's festivities will close with a grand opening ball at night.

While it is planned to hold these formal dances occasionally, the ball room is equipped for informal hops, which it is planned to hold about once a week, and the room has been used for the use of members at any time when not otherwise engaged.

SCHREINER INSTITUTE OPENED FOR SECOND TERM THIS WEEK

Registration Exceeds 150 First Day; First Chapel Exercises of Year Were Held This Morning.

Tuesday and Wednesday were busy days around Schreiner Institute, for those days were the beginning of the 1924-25 term of school at Institute.

Registration to date at Schreiner exceeds 150 pupils, and the capacity of the dormitories is almost reached, with an almost certainty that provision will have to be made to care for some of the boys in cottages at the Presbyterian Encampment, as many more students are due to report yet. One of the teachers went to San Antonio Monday to meet students coming by train and when the noon train came in Tuesday 24 students accompanied the teacher.

Registration of students kept the entire office force and faculty busy all day Tuesday, and Wednesday was equally as busy a day, assigning the students to classes. The first chapel exercises were held this morning, and the first lessons of the school year were also heard this morning.

terian Church of Houston, delivered an address to the student body and patrons of the school, at the Presbyterian Church. In addition a splendid musical program was rendered. Dr. Jacobs is a gifted orator and deep thinker and those who heard him are loud in their praise of his talk.

Headed by J. J. Delaney, the faculty comprises: C. C. Mason, B. S., of the Texas A. & M., Agriculture; John C. Patterson, A. B., University of Texas, History; S. V. Carmack, M. HILL COUNTRY ENJOYS RAINS THE PAST WEEK

Total of 3.41 Inches Precipitation in Three Days—Rains General Over Southwest Portion of State.

Out at Camp Rio Vista the past summer the boys had a popular song as one of the favorite numbers on their camp fire programs, and the ditty spread until it was used generally by children all over the Hill Country. The chorus of the song was laughable at first; later on it occasioned only a smile and still later, when the drouth became more acute a pained look would come into the eyes of any residents of this section of the State when he would hear some child warble "Oh, It Ain't Goin' to Rain No Mo'."

But the serious vein connected with the song was allayed last week in earnest, when Jup. Pluvius got on the job and after three days of concentration in his official capacity, left the residents of this section smiling at the popular melody.

Last Thursday, Friday and Saturday were real rainy days in this section of the State and long discarded rain coats were requisitioned by inhabitants, as well as the sale of many new ones, as reported by local merchants. Thursday's precipitation was .78 points, that of Friday 2.12 and .51 points was added Saturday, making a total for the three days of 3.41.

This rainfall at this time, coming so soon after the drouth breaker two weeks ago, puts the ranges in good growing condition for winter pasture and makes for a prosperous outlook generally.

The sun came out Monday morning and the world looked bright to the farmers, ranchmen and truck growers, for the rains had in most part came down so slowly that the soil drank it up as it fell, very little running off the land.

Precipitation came a little earlier in the month this year than it did last, according to the records kept of rainfall at the Chas. Schreiner Bank. On the 17th of September, 1923 1.36 points fell, the 18th, 2.62 and the 21st 1.38. A total of 6.61 was recorded for the month.

Last week's rainfall was pretty general over the entire Southwestern portion of the State. Rains were reported from the following towns: Saturday: Georgetown, four inches; Sanderson, slow, soaking rain past 24 hours; Austin, nearly two inches; La Pryor, .65 of an inch; Eagle Pass, good rain; Temple, slow, soaking rain all day; Encinal, nearly two inches; Bishop, good, slow rain; Jourdan, half inch; Taylor, good rain; Laredo, and surrounding section to Corpus Christi, good rain; San Angelo, one and one-fourth inches; Reagan County oil field, two to three inches; Cherokee, three inches in two days; Comfort, two inches in two days; Victoria, one and a half inches in two days; Yoakum, two inches in past four days; Cuero, good rains Friday and Saturday; Robstown, more than an inch in past two days.

E. D. BIVENS BUYS MERCANTILE STORE OF J. W. BURNEY, INC.

New Owner Comes From Farmersville—Burney to Engage in the Wholesale Produce Business.

A recent business transaction in mercantile circles came to light Tuesday, when the mercantile store of John W. Burney, Inc., located on Schreiner Street, was turned over to E. D. Bivens of Farmersville, the purchase having been made the first of the month.

C. of C. to Hold Membership Meeting, Friday, Sept. 26

At a meeting of the Board of Directors of the Chamber of Commerce Wednesday forenoon it was voted to hold a membership meeting at the Kerrville Country Club, Friday evening, September 26th.

Free refreshments of sandwiches, lemonade and coffee will be served, and it is expected that a full attendance of the membership will be on hand to enjoy the occasion.

Mr. Burney also stated that he is contemplating the establishment of a wholesale produce and cold storage business in Kerrville, in fact preliminary work leading to the establishment of this business has already been consummated.

The Sun wishes to welcome Messrs. Bivens and Wallraven to the business circles of the city and also to predict for Mr. Burney success in the new enterprise.

PROMINENT OLD-TIME CITIZEN PASSED AWAY TUESDAY MORNING

W. C. Peterson Had Been Resident of Kerr County for 42 Years—Was Confederate Veteran.

At his home in this city early Tuesday morning W. C. Peterson, one of the early pioneers of Kerr County, passed to his reward at the ripe old age of 89 years. He had been in failing health for several months and his demise had been expected for some time.

Funeral services were held at the family home Tuesday afternoon, conducted by Rev. R. W. Merrill, pastor of the Baptist Church, following which interment was made in Glen Rest Cemetery. Services at the cemetery were in charge of the Masonic Lodge, of which Mr. Peterson had been a member for 68 years and the Masonic apron that was given him when he joined the fraternity at the age of 21, yellowed with age and frayed from years of labor in the interests of brotherly love, was buried with him.

Mr. Peterson was born in Caswell County, North Carolina, June 7, 1835. He was married January 3, 1860, in Penola County, Miss., to Miss Lucy A. Wright, who survives him. Soon after their marriage the young couple came to Texas, settling in Lavaca County.

When war clouds settled over the country in 1861 Mr. Peterson enlisted his services with the Southern Army and served with the cause of his heart throughout the entire four years.

The war ended, Mr. Peterson rejoined his faithful wife and a few years later moved to Gonzales, where they resided for many years, leaving that place for Kerr County in 1882, and settling on a homestead three miles below where the city of Kerrville is now located and just below the site of the Legion Hospital.

Here the large family of boys and girls grew to manhood and womanhood, married and left the paternal roof, after which, in 1900, the parents retired from active farming and moved to this city.

However Mr. Peterson had always led too active a life to retire from business entirely, so in 1905 he purchased an interest in the furniture business of his son-in-law, W. A. Fawcett, and was active in the conduct of same for the next 10 years.

After retiring from the furniture business Mr. Peterson, always a home loving man, devoted most of his time to his wife, although he was always a familiar sight around the court house while court was in session. Being a firm believer in upholding the constitution and laws of the country, he had been for years called for jury duty at almost every term of court and after his age exempted him from such duty he acted as bailiff. In fact it was this duty during the last February term of court that was responsible for his breakdown in health, he catching a cold that time that he could not throw off.

Besides his helpmate of 64 years, Mr. Peterson is survived by eight of

Solve This Puzzle

WE KNOW an old man who is worth about \$40,000. He claims that he has never had a dollar given to him and that all his earnings combined are not more than his present wealth. And yet he has not saved all he has earned in a life time. What is the answer to this puzzle? It is all very simple. Early in his life he began to save at least 25 cents out of every dollar he earned. This money was deposited in the savings department of the bank and from time to time he made investments when his funds grew large enough for that.

This plan has been working for more than 40 years. His total savings are only about \$12,000. The balance of his wealth is interest moneys.

ESTABLISHED 1869 KERRVILLE, TEXAS

INSTITUTE TO OPEN 1924 FOOTBALL SEASON SATURDAY

First Game to Be Played on Schreiner Field at 3 P. M. With Main Avenue High School.

The 1924 football season of Schreiner Institute will open next Saturday with Main Avenue High School of San Antonio on Schreiner Field. The game will be called at 3 o'clock, and a good attendance is expected, as increasing interest is being manifested in football this year.

The football schedule of Schreiner, as announced by Roy G. Neely, head coach, contains seven games already booked, including the opening contest Saturday, and two open dates. Coach Neely has a wealth of good material with several candidates making a determined fight for each position, and the prospects are bright for a winning combination. However, both the coach and the players realize that they have a big undertaking on their hands and that it will take close application and hard work to insure success in the following schedule:

- Sept. 20: Main Avenue High at Kerrville.
Sept. 26: Daniel Baker at Brownwood.
Oct. 4: Probably the Austin Dummies at Kerrville.
Oct. 11: St. Edward's at Austin.
Oct. 18: A. & M. Freshmen at Kerrville.
Oct. 25: San Marcos Normal at Kerrville.
Oct. 31: San Marcos Academy at San Marcos.
Nov. 11: Texas University Freshmen at Kerrville.

Thanksgiving Day is open. Mr. Neely is considered one of the best coaches in the State. For the past two years he was the mainstay of the back field at the A. & M. College. He is ably assisted in his coaching duties by Emory D. Campbell, all T. I. A. A. quarterback of Southwestern University for two years, and S. W. McMillan, former guard on the Austin College team. Twelve letter men from last year's squad are back this year and in addition a number of the best high school men of the State are trying out.

The team will appear for the opening game arrayed in beautiful new blankets, the gift of L. A. Schreiner. The blankets were received this week and are maroon in color, with white border and white letter "S" in the center.

MANY PARENTS ACCOMPANY STUDENTS TO SCHREINER

Parents from all over the State have been visitors at Schreiner Institute the past week, coming for the purpose of entering their sons in the school for the year. Among the out of town patrons the past week were noted the following:

- M. C. Strange and son, Earnest, W. T. Meador and son, Lynn, Roy Simmons and son, Franklin, all of Wortham; Mr. and Mrs. W. H. Rawlings and son, Harper, Uvalde; E. F. Hamilton and son, Jim, San Antonio; Rev. W. J. Downing and son, Hardy, Rev. Walter Harbin and son, Walter, Center Point; T. J. Moore and son, Jasper, Hunt; Mrs. Geo. F. Cox and son, Geo. F., Del Rio; Ferris Watson and sons, Walter and Joel, also Oliver Davis, Weslaco; J. H. Whitney and son,

Paschal, Victoria; J. E. Garrett and son, Joseph E., also Orren Moore, Corpus Christi; J. H. Edwards and sons, Harold and Goldard, Tahoka; Geo. Kidd Jr., Houston; Duke Wilson and sister, Sonora; Mr. and Mrs. McCleary and son, Rennie, Mrs. J. N. Motte and sons, James and Mark, Taft; Mr. and Mrs. O. N. Farnsworth and son, Otis, San Antonio.

FIRE-TIME TRAFFIC REGULATIONS LAID DOWN IN CITY ORDINANCE

Efficiency of Fire Department to Be Increased by Improved Conditions; Violators to Pay for Sins.

Stringent regulations governing traffic during times of fire were laid down in an ordinance passed by the City Commission at its last regular meeting. The new rules, which are similar to San Antonio regulations, are expected to improve traffic conditions and eliminate the confusion and delay to fire apparatus that has heretofore prevailed when an alarm has been turned in.

The new ordinance, which was passed through the efforts of Fire Chief Eugene Butt, will be enforced to the letter, according to a statement issued by Chief Traffic Officer E. W. West. All violations of its provisions will be actively prosecuted without partiality, he states.

The provisions of the ordinance, which is published elsewhere in this paper, are given in a few words by Fire Chief Butt: Fire engines and apparatus, while being operated as such, have the right of way on all public streets.

All vehicles must draw up as near as possible to the right hand curb upon approach of fire apparatus and remain standing until the apparatus has passed, and pedestrians must be take themselves to the sidewalks.

No vehicle shall race with, pass or attempt to pass, or cross the street within one block in front of apparatus or interfere in any other way with its progress. Vehicles shall not be parked in front of or within ten feet of any fire plug or fire station. Running over fire hose with vehicles is prohibited by an ordinance already in its statutes and suitable punishment is provided for its violation. This will also be strictly enforced.

Observance of the new fire-time regulations will not only lessen the chance of accident to fire apparatus and firemen and every one else, but will eliminate practically all of the confusion that has characterized conditions in the past, thus enabling the department to make faster time and improve its efficiency.

The department has been recruited to full strength and will be able to

NEW HEATING PLANT COMPLETED AT TIVY

Tuesday morning the new heating plant in the Tivy School building was officially accepted by the School Board after a thorough trial of same. The plant was installed by the W. B. THE WEEK IN SOCIETY

Presbyterian Women to Meet

The Woman's Auxiliary of the Presbyterian Church will hold its first meeting of this fall in the church parlors this afternoon at 3:30.

This is the first meeting after the summer's vacation and the business session will be devoted to plans and discussions of the course of study for the coming winter, under the leadership of the president, Mrs. L. D. Garrett.

After the business session refreshments will be served. Mesdames R. Holdsworth and Henry Henke are hostesses.

Miss Henke Entertains

Last Thursday afternoon Miss Marguerite Henke entertained at Bridge, honoring her cousin, Mrs. Lawrence Lundell. Decorations used for the occasion were zinnias and Mexican vines, which were attractively arranged in the living room.

Prize for high score, a dainty vanity, was won by Mrs. A. C. Schreiner Jr.; an embroidered towel was given to Miss Helen Dietert for low score, and a silver basket was given to the honor guest, Mrs. Lundell.

A delicious salad course was served to the following guests: Mrs. Lawrence Lundell, the honoree, and Mesdames Milton Pampell, Glenn Brooks, Guber Gibson, Leonard Rawson, Chas. Rawson, S. Eastland, W. G. Garrett Jr., L. D. Garrett, H. Weiss, W. C. Fawcett, G. M. Doyle, Jack Stevens, J. D. Jackson, A. C. Schreiner Jr., J. E. McDonald, A. F. McClellan, Bernard Kuhlmann, J. J. Delaney, W. A. Parent-Teachers Meet

The Parent-Teachers' Association met Wednesday afternoon of last week in the High School auditorium with 40 members and visitors present.

Mrs. R. B. Knox read an article on the object of the association and Mrs. Leslie Adkins gave an interesting report on the encampment of the P. T. A. which she and our president, Mrs. W. B. Brown, attended at San Marcos.

The subject of the physical examination of school children was brought up for discussion and it was agreed that this is the most important task ever undertaken by our association.

Our treasurer reported that we have \$107.38 in the bank to begin the year's work with.

Mrs. John R. Leavell resigned as first vice president and Mrs. R. B. Knox was elected by acclamation to fill the place.

Mrs. Johnson made an interesting talk on the subject of Defense Day and the club voted to take part in the program.

Miss Lynn Burnett's room was the banner room in the school for the present month.

After adjournment, refreshments of punch and cake were served in the Domestic Science room. REPORTER.

EX-SENATOR JULIUS REAL TO MAKE RACE FOR SENATE

Although Ex-Senator Julius Real of Kerrville was chosen by acclamation for State Senator by the Republican Senatorial Convention of the 26th Senatorial District, which met at San Antonio, August 23, it was not until the past week that he decided to accept the nomination and make the race. This decision was only made after his many friends from all parts of the district, without regard to party affiliation, in person and by letter had volunteered their hearty, active support.

Having decided to make the race, Mr. Real will make a short and vigorous campaign, beginning next week, and will cover the entire district, which is composed of Bexar, Kendall, Kerr and Bandera Counties.

Better highways, better schools and an economic administration of the business of the State will be the three principal planks in his platform. Senator Real is also opposed to the Ku Klux Klan. He is especially opposed to its participation, as an organization, in the political affairs of this State.

The following from the Texas Republic, published in San Antonio, is a fair indication of how Senator Real's candidacy is being received over the district:

"During the six years Real was Senator he was the representative of all the people, irrespective of race, color, creed or party. He commanded the profound respect and admiration of his associates in the Legislature. He was placed upon many important committees. When Real County was created it was named in honor of his family. A Republican, he was singularly free from the passion and prejudice which had torn the Democratic party in this State for so many years and which exists in that party until this day. Because of his experience and wisdom his advice was much sought. His opinions were always fair and given weight by his colleagues in the Senate. When his second term expired, it was with their

sincere regret that he declined to stand for another re-election and retired to private life.

"With one exception, Real is the only Republican elected to the Texas State Senate since the days of reconstruction. He is the only man who lived outside of Bexar County who has been elected to the office from the district in over fifty years. He is the only man ever sent to the Senate from the Bexar County district who was not a lawyer. And for six years he was one of the best and most influential Senators this district ever had.

"Of sturdy character, unquestioned integrity, wide experience in the affairs of private and public life, with a sense of conscientious, unswerving devotion to duty. Such is the ex-Commissioner, ex-Superintendent of Schools, ex-Judge, ex-Senator, ex-member of the Council of Defense, successful farmer, ranchman and business man—Julius Real.

"Since the convention nominated him he has been urged to make the race by numberless voters, without regard to party affiliation, who in person and by letter have volunteered their hearty, active support. He has been moved by these evidences of the high esteem of his friends and, with such assurances he has accepted the nomination. He has decided to make a short, vigorous campaign, to open within the next few weeks. We predict his return to the Senate by the greatest majority he ever received."

Community Club Activities

The Sunset Community Club held its regular meeting Wednesday of last week at the home of Mrs. M. D. Henderson. Six members answered to roll call. The order of the business for the afternoon was that of planning a program.

The program committee submitted the following program for three months, which was agreeable to all members present:

October: "The Preparation of the School Lunch."
November: "Two-Days' Millinery School."
December: "Christmas Baking."

Seven girls were present at the Union Valley School last Thursday afternoon in the interest of starting a Sewing Club. They decided to meet again next Thursday, September 25, to begin their work.

The Girls' Sewing Club of Hunt met last Friday afternoon. The order of the business for the afternoon was that of sewing on their club aprons and caps, and canning several fancy packs of peaches, tomatoes and jelly. A club rally was discussed and definite plans to be announced later.

The Reservation and Sunset Clubs held a similar meeting Tuesday and Wednesday of this week and the Sunset Club plans to hold their rally, Friday, September 26th, and Reservation Club, Saturday, October 26th.

The Oil Stove Has Grown Up

Few could have foreseen in the oil stove of their childhood days, the foundation of the present day Perfection—a range of beauty and convenience—as big and powerful as the gas stove.

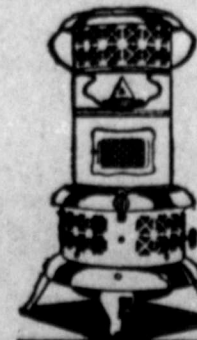

This grown up oil range does not smoke or smell. It cooks the minute it is lighted. Its flame is as simply regulated and as steady as a gas flame. It leaves no soot on pots or pans to kill the housewife's enjoyment of her perfectly cooked meals.

And best of all by burning oil, the universal fuel, it brings to women everywhere, a splendid, efficient cook stove which banishes forever the discomfort and hard labor of cooking with coal or wood.

Perfection's dependability and year 'round usefulness is already known to more than four and a half million satisfied users.

The ball game between the Kerrville Athletics and Comfort, scheduled for last Sunday, was called off on account of the muddy condition of the playing field. The game will be played next Sunday, however, unless it rains too hard in the meantime. Be Careful

Sportsman's Digest: As another hunting season approaches, we can not keep from this one word of caution. We are not pessimistic; we do not like to spread gloom. Indeed, no! We are fond of hunting, we believe in it heart and soul. But as the season rolls around we are forced to a belief that some sportsmen are not careful by that always present list of accidents in the daily press.

Hunting is a great recreation. It should afford a respite from worry and strain, a chance to get out into the health giving atmosphere of field and wood. Your trip afield should revive both body and mind, and send you back to your daily tasks with renewed vigor and strength. How terrible then to spoil it all with a bit of carelessness that may cast a dark shadow over you for years to come.

So we issue this word of warning not to deter your enjoyment one whit—but that you may look before you shoot, know your gun, handle it properly, remember your fellow hunters, and in general just be careful while having the greatest hunting trip you have ever enjoyed.

Arthur Pue, ranchman residing near Medina, was a visitor in the city Wednesday.

Walter Z. Smith returned to his home in San Antonio last Saturday, after completing the gravel hauling contract he had with Colglazier & Hoff on the highway paving job.

PROGRESS AND PROSPERITY

The rains of the past week have assured the farmers and ranchmen of a plentiful supply of winter pasturage for stock for the coming winter. While the rains have been heavier in some localities than in others, yet they have been general in nature and, as far as The Sun can ascertain, have covered the Hill Country thoroughly.

The season just closing has been an unusually prosperous one in many respects. Wool and mohair have brought good prices and the fleece has been of good quality. Sheep and goats came through the past summer in good shape, and there has been little trouble from beggar lice or needle grass.

Cattle have also come through in good shape and while the prices of this kind of stock have been off, it has not hurt this section as much as other places where cattle raising is the principal industry. Hill Country farmers and ranchmen have largely learned the art of specializing and have gone in principally for dairy cattle and other thoroughbred strains. Very few grade cows are to be found on the ranches in Kerr County now.

Ranchers have learned that it requires as much feed to raise a grade cow as it does a thoroughbred and the sale price of the latter does not fluctuate with market changes to such a marked degree.

Grain crops generally have been good and truck growing has been a profitable industry with the exception of a few weeks when the price of tomatoes was off. With the formation of the fruit and truck growers association as contemplated this situation will be changed next season and fruit and truck growers will be able to find a ready market for everything they raise, provided they go through with the perfecting of the marketing organization as outlined by their committee.

There are available markets for everything the truck growers can raise providing the buyers and growers can get together and the plan outlined by the committee appointed by the growers will be the means of bringing them together. The Sun hopes that the growers will not delay the organization of this association, but will perfect same at an early date in order to be in position to dispose of next season's crops to the best advantage. Hill Country tomatoes are conceded by wholesalers in all the large market centers to be superior to any others raised in the country, and they come on the market at an opportune time—just after the close of the growing season in the Coast Country. Instead of being compelled to sell tomatoes at from 50 cents to \$1.50 per bushel, as they did this season, the truck growers should realize from \$2.50 up for every bushel

can truthfully say that Kerrville is not only one of the most progressive cities in Texas but also the most sanitary.

There is a great future ahead of Kerrville and the Hill Country, provided the citizens are equal to grasping their opportunities. The Sun believes in this section of the State and in its citizenship and predicts that next season and each succeeding year will be more prosperous than the preceding one.

Edwards County Leader, September 12: His many friends in Edwards County are all over this section will be pleased to hear that Judge Julius Real has consented to become a candidate for the State Senate from the San Antonio district. Years ago Judge Real served in the State Senate and he made a very fine record. He is of the kind of statesman that we need. Usually men like Real will not consent to dabble in politics, good men will not run for office and it is either a professional politician or nobody.

TEXAS' POLITICAL JAMBOREE

Farm and Ranch: The political jamboree which Texas has just passed through should condemn for all time the primary elections system which has been foisted on the people of this State. As politically rotten as was the old convention plan of nominating candidates, is was pure and wholesome in results when compared with the stench raised through all Texas during the recent first and second primaries. Old-time conventions were frequently controlled by clever politicians. The steam roller was generally in evidence, but frequently this political tank was seized by the delegates of the people and run over the professionals, who had constructed it for a different purpose. Notwithstanding the charge that the convention system developed political bosses, average results were more satisfactory than they have been since the people were fooled into believing that primary elections gave every elector the chance to vote for the man of his choice. Certainly, the caliber of men placed on the ticket in those days were equal, if not superior to those we are getting now.

A new and better system of selecting party candidates is in order.

Bandera New Era: The friends of Hon. Julius Real of Kerrville rejoice to learn that he has entered the race for State Senator of this district. He represented this district in the Senate for a number of terms, and for years, he has taken no active part in politics, being content to devote his entire time to his ranch interests, but the urging of his friends all over the district caused him to reverse his decision and enter the race, and when it became known that he would consent to become a candidate he was unanimously nominated by the Republican Convention in San Antonio. The nominating speech was made by United States Marshal D. A. Walker, who paid a glowing tribute to Senator Real and the record he had made during the time he served in that office. Senator Real stands four-square on all matters of public import, and is aligned with the public sentiment of the times. Bandera County will go strong for him in this race.

San Antonio Express: Southwest Texas towns observed Defense Day with a thoroughness that marks every task to which they set themselves. It is a fine thing to be patriotic and it is a good thing to remember that patriotism to one's country also implies patriotism to one's town and county. Fact is, a good many folks forget that the real unit of government in America is the county and that under our system both towns and counties have powers as absolute in their spheres as the National Government itself. A commissioner's court, for example, can go further carrying out its decrees than can Congress and a town's police powers have been held to go much further than the Federal Government would venture save in time of war and actual invasion. It is a good thing to wear a flag and sing the Star-Spangled Banner occasionally, and it also is good to remember the patriotism that begins at home. One of the best lines of defense Americans can develop is electing only fit men to public office.

HELP WANTED

Clinton (Ill.) Daily Public: When the pioneers came into this land they asked no government aid. They knew that they must fell the forests and build houses before they could have farms and homes. It required initiative, industry and vision to foresee the future of growing grain and comfortable homes when the primeval forest held sway. But strong men with the love of land born in them did not hesitate to tackle the job. Each did for himself so far as he was able and asked no odds. Only when the task was too great for one alone was cooperation sought and help then was asked only that it might be given in return. When difficulties beset them they were self-reliant because they knew that on themselves depended success. Villages grew and became cities in response to conditions that demanded them. Whatever progress was made was due to the efforts of individuals working alone or co-operatively with others. Our forefathers had no delusions about work. They knew that nothing is accomplished without effort.

We appear to have gone far from the ideas of the pioneers. Too many people believe that there are shorter cuts to accomplishment than hard work coupled with good judgment. This, that and the other, interest wants the Government to do something. It is true that Government can give encouragement to industry, but the people themselves must act to gain the advantage of whatever inducements are offered. There is an element that believes that plenty of money would relieve the situation. Russia has more money than any land on earth, yet the people are

starving. Too many people appear to have lost initiative and want help. We need to return to fundamentals. We may talk and speculate, but unless we get to work farms will not produce, houses will not arise on vacant lots and the wheels of the mills will not run. Instead of looking to the lawmakers, Americans need look to themselves for accomplishments. We need a return of the initiative of our forefathers who did not know much about appealing to the Government when they had troubles, but did know a lot about how to work.

San Antonio Express: Texas, with 42 State-owned parks leads all others of the Union in the matter of breathing spaces for her people. And every one of these parks, all noted for their natural beauty, have been donated by the citizens of the State, sometimes one individual giving the entire site, and in others several individuals, or individuals in co-operation with Chambers of Commerce and civic clubs, near the park location. Acquisition of these 42 park sites has cost the citizens of Texas just \$1,500—traveling expenses for the State Park Board which visits the site and approves it before it is accepted for the people of Texas. Not one cent is paid in salaries to the Parks Board or to attorneys for completing the deeds. Texans are so proud of their park sites that this labor attached to their passing to the people of Texas has been one of love, and not of gain or for personal aggrandizement. Fully half of these State parks are in Southwest Texas, from the Gulf Coast to the Hill Country west and southwest of San Antonio. And it is proper that this should be so, as Southwest Texas State parks will be kept open the year around for the comfort and convenience of its people and its visitors. Other parks are soon to be established in East and Northeast Texas, which will give Texas more than thrice the number owned by any other State in America.

THE LOCAL NEWSPAPER AND THE PUBLIC SCHOOL

Troup Banner: Ray M. Camp, director of publicity, Texas State Teachers' Association, recently ably set forth the attitude of the local newspaper toward the public school—the attitude of The Banner as it is now and as it has been since this paper has been in existence. Mr. Camp wrote a form letter to the school superintendents of Texas. A part of the message we are reproducing below:

"The newspapers of Texas, during the past few weeks, have pledged anew their full support to Texas schools. Take advantage of this opportunity to give the citizens a chance to be sympathetic with the schools, by giving the facts. There can be no sympathy unless the people know what the schools are doing.

"Be the actual ally of your natural ally—the newspaper—this year to a greater degree than ever before. The newspapers, being educational institutions of tremendous influence, want your news. Through their columns satisfy the questioning as to the value of schools by telling the news of the schools."

But please let The Banner add this additional word. Don't wait for the newspaper to come and "cork-screw" the news pertaining to the school out of some member of the faculty.

Have your school news copy prepared and in the editor's hands on Monday morning of the week you desire the news to appear. If the newspaper man thinks enough of your

school to provide the space and go to the expense of setting the copy, the faculty of the school ought to be willing to meet him nearly half way by getting the copy in on time—and by having it prepared properly. As a general rule, newspapers really "dread" the copy submitted for publication by teachers. Teachers are always busy people, busier than most of us imagine; but so are newspaper folk. Therefore, teachers often prepare their copy in a manner so slowly that if it were submitted to them in the same form and manner by one of their 7th grade students as they themselves submit it to the newspapers, they would make the student do the work over. It is certainly more inexcusable for teachers, or for others who act as school reporters, to submit their copy in a "messed up" form. Why impose unusual burdens upon the editor by sending in copy late, or with numerous interlineations and marginal scribbles, and with words abbreviated and capitals and punctuation misplaced, or not placed at all?

NOTRE DAME SOCIETIES

The different organizations covering the various activities of school life are gradually getting into shape at Notre Dame Institute. On the anniversary of the dedication of the school, September 8th, feast of the Nativity of Our Lady, the girls met to re-establish their Blessed Virgin Codality. Ere long the boys will follow suit. Miss Frances Michon and her cousin, Miss Stella Michon, both of whom graduated in June, 1923, retain their exemplary interest in the spiritual welfare of their Alma Mater. Frances was elected president and Stella was chosen to be vice president. The post of treasurer fell to Ernestine Meyer, and that of secretary to Louise Colbath.

One change deviating from last year's program is to hold the General Communion at the 7 o'clock Mass on the Sundays designated for Comfort, which is usually the second Sabbath of the month. The first Lord's Day remains the meeting day.

Having thus provided for the moral feature of their training, the Children of Mary did not overlook the physical development, knowing that a sound mind and soul need a sound body. At the election of officers for the Athletic Club, Miss Ernestine Meyer was chosen president, with Louise Colbath for treasurer. Nominal dues will be collected to cover the cost of sporting goods required on the camp.

The Brownson Literary Society, which serves an intellectual and entertaining purpose, and the Cecilians, whose interest is in music, will complete their re-organization in the near future. Already the Brownsonites are contemplating a Halloween Benefit Party for the parish, in lieu of the annual bazaar which will be suspended on account of the tremendous amount of midnight work thrown on the shoulders of the over-burdened Sisters, who, however, always bore the lion's share without a whisper of complaint.

Several departments of the school are more crowded than ever before, despite the fact that the teachers are restricted, for the sake of efficiency, to a limited number of pupils.

The latest boarders to be enrolled at the convent are cousins of the Notre Dame architect, Fred B. Gaeslen, who designed also the magnificent new St. Mary's Church in San Antonio and the half-million dollar mother-house of our Sisterhood at Alamo Heights.

Defense Day

Almost two months of drouth was broken by intermittent heavy rains which no doubt were more important than the picnic that the Notre Dame pupils planned to hold at Bandera. Despite the inclement weather, many of the students made a holiday of it at Washington Hall. No classes were conducted on this patriotic occasion at either school.

A surprise feature of the day's celebration was a luncheon that some of the appreciative soldier boys at Legion had prepared at the Guadalupe Cafe for Rev. Dr. Kemper. Credit for this unexpected pleasure is chiefly due to James Chastan, an expert chicken fancier of the A. & M. College.

Philip Ciulla, one of the tubercular veterans, has returned from Houston where he attended a typical Italian celebration in honor of his brother, Bato, who will soon become the husband of Angeline Grassio. Bato (Bertholomew) was recently discharged as cured from the U. S. Veterans' Hospital.

Wm. Frazier, a convert from San Angelo, has moved his family here. John Flanagan called his wife from Brownsville and she was domiciled the first few days at St. Mary's Convent. Murphy Walker, another Legion patient, came back from Louisiana with his wife.

CHRISTIAN CHURCH NOTES

By Member

Rev. P. E. Hawkins was with us again Sunday for both morning and evening services, and in spite of the rainy weather he was heard by a good audience. Brother Hawkins preached two splendid sermons, the subject of the morning sermon being "Cleansing the Heart by Faith." This sermon was rendered in a very interesting way and tells us there are only two kinds of people, the kind who have faith, and the kind who have not; and our faith grows stronger or weaker as time passes; so the same way with the cleansing process, the greater our faith the greater the cleansing or more thorough, we may say.

The evening service was also very interesting. The lesson subject was "The Doctrine of Balaam." We must say Brother Hawkins did extra well on this subject and we expect to have him here again on the third Sunday in October, for both morning and evening services.

We are very glad to announce we had three new members to come in Sunday and we are expecting more.

The Sunday School was well attended, considering the weather. We have several new members in this part of the church work and our children's class is increasing in numbers, and never was there a bunch of brighter little fellows.

The young folks class is still growing and we hope it will continue to grow more.

Our mid-week prayer meetings are still very enjoyable and helpful, and we are having good crowds and it, too, is growing in every way. We extend a hearty welcome to every one to come out and meet with us. We are sure you will enjoy it very much, and your presence will be a help to us.

Our Ladies' Aid Society is doing something, too. We urge every lady, who will, to come and learn how you can help us out. We are trying to launch a big campaign; come and let us tell you about it.

Do not forget we will have preaching again the Third Sunday in October and every one is invited. Sunday School every Sunday at 9:45 a. m. Prayer Meeting, 8 p. m. Wednesday evenings and the Ladies' Aid at the Church on Tuesdays at 3:30 p. m. Everybody come.

EPISCOPAL CHURCH NOTES

By Member

In spite of the damp day a good number were present at the Sunday service, and we had the pleasure of a larger choir than usual.

Next Sunday Rev. Henry Remson will hold service and preach for us. We trust as many as can will attend.

The Vestry has called the Rev. F. J. Jones from Mississippi, and trust that he will accept and take charge of the parish as soon as possible.

FIRST BAPTIST CHURCH

Sunbeams

The Sunbeams of the Baptist Church had a large attendance last Sunday. We now have three teachers and our meetings are very interesting. We expect a full attendance next Sunday afternoon at 2 o'clock; the Sunbeams are to bring towels, to be sent to our Baptist Hospital in Houston; the towels will be used in the children's ward. We hope to welcome a number of new Sunbeams next Sunday.

MEXICAN BAPTIST CHURCH

Last Sunday was a red letter day for our church. We had for our Sunday School lesson, "Jesus Driven From Nazareth," Luke 4-18. The pastor preached in the morning service from Job 18-18, and took for his text "Chased Out of the World." In the evening he preached to a full house from Psalm 110, 1-4, and took for his text "Volunteers Not Conscripits, For the Army of Jesus Christ."

After the service and invocation three joined our church for baptism. Our church also took a collection for Buckner's Orphan Home at Dallas, which amounted to \$15, and will be sent by our treasurer, P. V. Rodriguez, at once. We are also going to

make a collection for our 75 Million Campaign. Our Uvalde Association will meet with the church at Pearsall next Wednesday, to which the pastor and several messengers will go.

Our church extends a cordial invitation to all to come and worship with us. Let's make next Sunday go-to-Church Sunday, for we firmly believe that a doctor must go to a school of medicine to learn and study; an artist, to a school of art; a lawyer, to a school of law, and a Christian, to church, as it is Christ's school and house. Let us take Christ's example as we read in Luke 4-16, and as His custom was. He went into the synagogue on the Sabbath. Let's keep His day holy, and instead of going out on excursions, picnics, parties, athletic events, social gatherings, concerts more or less sacred, dancing, automobile riding and fishing, let's go to church. Come with us and we will do you good.

TRAFFIC ORDINANCE

Be it ordained by the City Council of the City of Kerrville:

Section 1. That fire engines and fire apparatus, in all cases while being operated as such, shall have the right of way on all public streets.

Rule 2. On the approach of any fire apparatus, pedestrians shall immediately betake themselves to the sidewalk and all drivers of vehicles shall immediately draw up such vehicles as near as possible to the right hand curb and bring them to a stop, and remain standing until such apparatus has passed.

Rule 3. No driver of any automobile or other vehicle shall race with, or pass or attempt to pass, or cross the street within one block in front of any fire apparatus while it is being operated as such upon any public street.

Rule 4. It shall be unlawful to park any vehicle in front of or within ten feet of a fire plug or fire station.

NATURE TELLS YOU

As Many a Kerrville Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it.

The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Pills are for disordered kidneys.

Kerrville people testify to their worth. Ask your neighbor. Tom Eaton, farmer, Kerrville, says: "My kidneys were in a bad fix. I had such severe backaches and soreness across my kidneys I could not do much stooping or lifting. Mornings I was stiff and lame and at times I had sharp catches in my kidneys and the secretions passed irregularly. I heard of Doan's Pills and used them, getting my supply at the Rock Pharmacy. It was not long before the pains and aches left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

COOLIDGE DESIGNATES FIRE PREVENTION DAY

Washington, D. C., Sept. 12.—President Coolidge issued a proclamation today, designating Thursday, October 9, the 53rd anniversary of the Chicago fire, as National Fire Prevention Day.

"Although gratifying efforts are being made," the President said, "to lengthen the lives of our citizens and to conserve our diminishing store of natural resources, the Nation's annual loss in life and property due to fire continues to surpass that of any other country. It is reported that 15,000 American lives and property valued at \$500,000,000 were lost in fires during 1923.

This country once contained 822,000,000 acres of virgin forest. Now only 137,000,000 acres remain.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI

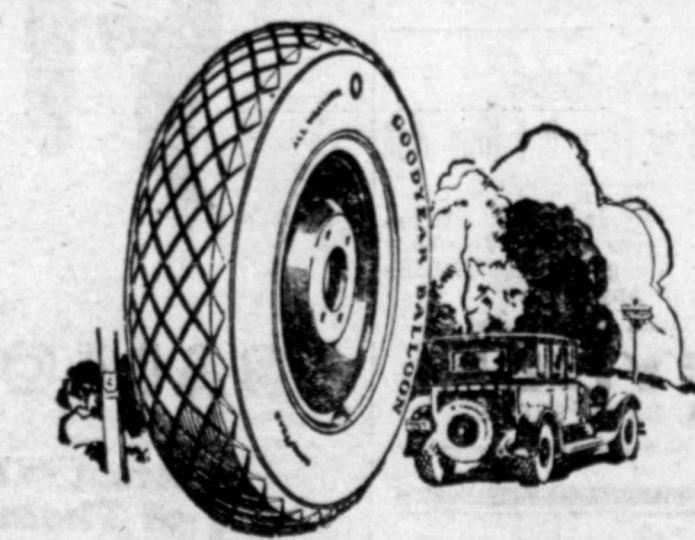

The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

KERRVILLE IN FITTING WAY**

(Continued From First Page)

and National, to defend our homes and our Government.

"By reason of our peculiar isolation, we have enjoyed a long period of unbroken peace—except for a few months of strife with Spain, we enjoyed approximately 60 years of peace, and may God grant that we now continue to enjoy many times as many years. But we should not permit this happy condition to lull us into a repose from which we cannot suddenly awaken.

"It has been the history of this country that we have had to prepare for defense after we were attacked. We have been too much like the Arkansas Traveler with his roof: when it was raining he could not mend the leaks, and when it was not raining the leaks did not cause him worry.

"There are those high in authority and wonderfully developed intellectually and spiritually, who have entered protests against the purpose for which the American citizenship is assembled throughout this Nation today. I can not help but believe that those men have failed to understand the real purpose of this movement. It has been said by some that it is a step toward militarism and imperialism on the part of the American people. I can not agree with those who hold this view. The form of our Government, the tradition and the temperament of the American people are each and all opposed to militarism and to imperialism, and I for one can not see at any stage of our future lives any suggestion or danger of the fear announced by the men of this view. All that your Government and mine is asking of you and me is, that we prepare to resist and to defend ourselves against enemy attacks. We are not asked to prepare for war, or acts of aggression. We are asked solely and only to make ourselves so fit that we may properly resist invasion or attacks on the part of an enemy people.

"Men should be trained to defend themselves against every form of enemy whether aimed at the physical, social or spiritual self. It has been, throughout the ages not only a recognized right, but a natural duty to defend the homes and the lives and the rights of those whom we love and cherish, and no home can be secure unless the Government is made secure by all who receive its protection.

"In the early lives of this people, men had to defend themselves against the savage attacks of the Indians and against the beasts of the jungle and they did defend their homes and their women and their children until they drove both of those murderous attackers to a distance of complete and permanent safety. That attitude on

the part of our forefathers, has been sanctioned by the God of all, and venerated by the sons of men born to an enjoyment of a Christian security after them, even unto this generation.

"Instead of being a crime to organize for the defense of our Government, it is my thought and belief that in doing so we will perform a solemn and holy duty and obligation. To me the only crime committed by those who have been trusted with the Government and training of the American people, was that they permitted the conditions that we experienced in 1917, when Christianity, Democracy, the rights of humanity and our individual liberty was suddenly threatened with a destructive attack by an Old World power.

"It is possible that we, in these few short seven years can forget the chaos in which we found ourselves when the call went out to the American people to rally in defense of the principles and spirit which our Government represents? Our young men were suddenly and for the first time in their lives taken from their homes and from their families and in many instances transported many miles across the country, and hurled in concentration camps under conditions entirely new to them. Complete change of habit, change of climate, of new and different conditions of sanitation or lack of same, and entirely undisciplined and untrained to meet the conditions for which they were assembled.

General Pershing, who will retire at 12 o'clock tonight as the acting head of our military forces and who, better and more thoroughly than any living American, realizes the condition of the American soldier of the days of 1917-18, has worked out the plan which your Government is today asking you to adopt and perfect. General Pershing realizes the great disadvantage suffered by the American soldier in his hurried training for the World War of six years ago. In order that that condition may not exist again, he has, in the name of Christianity, of Democracy, and of the Government asked the American people never again to be found in that pitiful condition.

"In keeping with the spirit of our form of Government we have for the National defense a standing army of only 175,000 men. We are not a military people and we do not believe in large standing armies, and in order that we may preserve the traditions of our country as being unmilitary, and at the same time prepare to protect our Government and all that we cherish and hold dear, this great humanitarian and military leader has suggested the plan which has been so clearly explained to you by the distinguished officer who has just preceded me.

"Now just a word to the ladies here today and I shall close. I am

pleased for a number of reasons to have the ladies attend this meeting, principally among which is, that without their moral assistance no program or policy can successfully be adopted and put in operation in this country. There is an old saying which to me is as pretty and as sweet in sentiment and in thought as it is true in fact. That is, that "the hand that rocks the cradle rules the throne."

And we know as a matter of actual experience in the last war, that in a large measure we might be justified in reversing the saying, and say that the hand that "ruled the cradle rocked the throne."

Not only by their influence and inspiration did they give spirit to the American boys who fought in that war, but in actual, intellectual and physical forces they contributed to the success of the cause in which this country engaged, to degree, without which the results may have been entirely different. So I say that when the mothers and the wives and the daughters lend their sanction and their influence to any cause of public concern it shall and it will succeed."

**HILL COUNTRY POULTRY
SHOW SET FOR NOV. 29**

Fredericksburg, Tex., Sept. 15.—At a special meeting of the Hill Country Poultry Association held in Fredericksburg recently, plans were made for holding the annual poultry show. Representatives of the association from Blanco, Gillespie and other counties in the Hill Country attended the meeting. Among other things it was decided to hold the annual show in Fredericksburg November 29 and 30, and to offer a silver loving cup to the winner in the boys' and girls' poultry club judging contest.

The Hill Country Poultry Association is composed of enthusiasts from Mason, Llano, Kendall, Kerr, Blanco and Gillespie Counties. The show to be held this fall is the third of its kind held in the Hill Country and bids fair to be more successful than the two previously held. Last year there were 647 entries. The officers of the association are Harry V. Heyland, president, and B. L. Enderle, secretary-treasurer.

Remington Game Loads**

REMINGTON Game Loads are increasing in popularity faster than any other shells in America. Have you tried them?

Hundreds of thousands of sportsmen all over this country are discarding the old style specified loads, and are now shooting Remington Game Loads.

With all due respect to any specified load you are now shooting—give Remington Game Loads a try-out on your next shooting trip.

Go into the store. Tell the dealer what kind of game you are going after—and get the Remington Game Loads specifically made for that kind of game.

They will give you a shooting quality you have never known before. They are scientifically loaded to a uniform standard of velocity, pattern and penetration, all with moderate recoil.

This idea of specific loads for specific game is original with Remington.

All our experience and ballistic knowledge told us how absurd it was to have 3200 different shotgun loads—when there are only a few kinds of game hunted with shotguns.

So we brought out Remington Game Loads—the right load—the best load—for each kind of game.

Remington Game Loads are loaded with the highest quality American-made smokeless powders in Remington Nitro Club Wetproof Shells.

Thousands of seasoned sportsmen will tell you that they are right.

Isn't it about time for a New Shotgun?

While you are at your dealer's, look at the New Improved Model 10 Remington Pump Gun. Handle it. Work the action. Note its smoothness of operation, its remarkable pointing qualities and fast hammer action.

THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University

The State Democratic convention at Austin proved that it is possible to keep Texas "dry, sober and clean," to use the words of Governor Neff. In advance of the convention Neff announced through the papers of the State that rangers would be on hand to see that the prohibition and other laws were enforced. There were about 3,000 persons in Austin for the convention either as delegates or as visitors. About a dozen rangers mixed freely in the crowds wherever they were congregated in the city. They were dressed like convention delegates and talked and acted like delegates, but all the time with eyes and nostrils alert for liquor. They arrested two delegates on whose breaths they detected the liquor smell, but they were afterward released because it could not be established that they were intoxicated. One Austin citizen was arrested on a charge of having a quart and a half of whiskey in his office, and a hotel bell boy was charged with peddling booze. That was the sum total of law violation so far as vigilant officers could find.

The convention crowd was to all appearances as well behaved as if it had been a church conference and was just as orderly except for occasional outbursts of political enthusiasm, and that despite the fact that it was expecting a "bear fight," and most of the delegates and visitors were out for a good time. What was done in Austin can be done anywhere if only the local officers will be vigilant enough. When the people know that the law will be enforced most of them try to observe the law. If they think that law breaking will be overlooked, they are encouraged to go just a little beyond the limit of the range. When they come to learn that Texas expects its laws to be observed all the time and everywhere, they will show respect for laws, and not until then.

Prohibition laws in Texas have been reasonably well enforced from the time of their passage, despite the oft-repeated assertion that they have not been, and certainly drinking has been reduced to almost nothing. We hear more of liquor selling now than formerly because when a person is arrested for making, selling or drinking booze, it is a news item and the papers publish it. Before prohibition such things were not matters of news because they were the ordinary and the expected things, and the ordinary and expected do not make news. To have published such matters before prohibition went into effect would have filled more than the space of an ordinary newspaper and the papers would have appeared ridiculous. Now the public eagerly reads and talks about such news items and gets the

impression that there is still a great deal of drinking.

One of the most elemental passions, and one hardest to overcome, is hatred. Many persons, who might otherwise be classed as Christians, are full of hate toward some one or more persons. They seldom are willing to admit it, even to themselves, for they know that hatred is the antithesis of Christianity, which is universal love. Often they try to save their conscience by saying that they do not hate any one, though there are some whom they dislike exceedingly. There is so little difference between hatred and exceeding dislike that the latter term is given as one of the definitions of the former. Christ clearly taught that his followers should love one another and that love should be all-inclusive. Measured by this standard, which after all was about the only doctrine Christ taught, have you the right to believe yourself a Christian?

We often talk about "serving God," as though we could render some direct service to the Omnipotent Being. The only way we can serve Him is by rendering helpful service to our fellow men, His children, and that must be a loving service of a kind that can not be given to those we hate. We can't serve God while hating any one.

The papers report that a Brownwood man went to sleep on a train going to Fort Worth and when he awoke he was in a hospital in Fort Worth. He had been walking in his sleep. Knowing that railroad as I do, I am tempted to ask how much he beat the train into Fort Worth.

HENRY HARTMANN BACK WITH KERRVILLE BAKERY

H. A. Hartmann is back with the Kerrville Bakery, after being engaged in the grocery business for himself for nearly a year. Mr. Hartmann formerly was with the bakery in the capacity of salesman and made such an enviable record in that capacity that when Mr. Lee purchased the bakery and assumed charge the first of the month he naturally thought of Henry for one of the most important jobs under the new organization—that of city salesman.

So Mr. Hartmann is visiting the groceries, restaurants and hotels of the city, preaching home consumption of home manufactured articles and otherwise boosting the trade-at-home idea in the way of bakery products.

The Kerrville Bakery could not have secured a better man for the job than Mr. Hartmann, for he is courteous and affable, besides being one of the liveliest that can be found anywhere.

The Economy of the Best

The economy of using the best possible materials is made apparent in the upkeep problem. A house or business building may be "thrown together" with cheap material and it may "look all right," but after it's stood the shock of weather, the real test comes.

Long ago we learned that it is false economy to use poor materials and we so advise everyone who buys of us. Our success is due to honesty in materials and prices.

KERRVILLE LUMBER CO.

ALLY BEITEL, President EMIL SAENGER, Vice Pres. Yard Near Passenger Depot

To the Democrats of Texas

The Democratic Party in Texas is once more united and harmonious. The clouds which have hung on the horizon have vanished. The principal issues which have divided us have been settled. Personalities have been forgotten. The larger issues which concern our National welfare now occupy our attention. Another presidential campaign is on. We have in John W. Davis, of West Virginia, and Charles W. Bryan, of Nebraska, as Democratic candidates for President and Vice President, a ticket of which we may justly be proud.

Our National leaders believe this ticket will be elected if the voters in doubtful States can be made fully acquainted with the real issues of the presidential campaign and the superior merit of the Democratic candidates. This will require much money. It is necessary, therefore, for every loyal Democrat in Texas to respond as generously as possible. At least \$250,000.00 is expected from Texas, as the Banner Democratic State of the Union. The Democratic Party must look to the people alone for funds to meet its actual campaign expenses. The Republican Party as a party of privilege has long since been financed by big business which profits as a result of Republican Tariff Legislation.

The electoral vote of Texas is secure for Davis and Bryan. Let us now furnish the proper sinews of war that the battle for true Democracy may be waged successfully in every doubtful State.

We appeal to every loyal Texas Democrat, who sincerely desires to see a return of Democracy to power in the Nation, to send as large a sum as possible either to his local or County Chairman or to Guy M. Bryan, Treasurer of State Committee, at Houston, Texas.

Let us not disappoint the Nation now. Yours for success in November,

- JED C. ADAMS, Democratic National Committeeman for Texas. E. A. BERRY, Chairman, State Democratic Executive Committee. W. L. CLAYTON, Director of Finance for Texas Democratic National Committee.

MOUNTAIN HOME ECHOES

T. J. Moore of Hunt is at his ranch near here this week.

Uncle Sam Ragland of Kingsville is visiting Mrs. Susan Ragland.

J. M. Paige and son are drilling a well for Mr. Estes at Mountain Home.

Mr. and Mrs. I. R. Heffernan visited Mr. and Mrs. Estes Sunday evening.

T. A. Duderstadt and son, Earnest, are both on the sick list, having bad colds.

Alf. Kott is having a well drilled. A man from Fredericksburg is doing the work.

Mrs. Emma Sherman is suffering from a very painful arm. She thinks she was bit by a spider.

Mr. and Mrs. Frances and Miss Mildred Saucier of Kerrville drove up to Mountain Home Tuesday evening.

Miss McInnis, Home Demonstration Agent, will meet with the girls' club today at Parks'. They will make jelly.

Mr. and Mrs. F. B. Mears and family and Walter Burch of Georgetown spent several days with Mrs. Mears' parents, Mr. and Mrs. A. E. Oehler, and family.

W. T. Blair of Palacios came after Mrs. Blair, who has been with the Estes for the past few weeks. They left last Saturday morning in a downpour of rain.

Mr. and Mrs. Frank Hatch are moving to the J. W. Denton place. Mr. and Mrs. Denton expect to leave shortly for an extended visit in Austin and Waco. They may then go to California to live a year or two.

Bailey Henderson had an attack of appendicitis while at Corpus Christi. He came as far as San Antonio and stayed there four days and finally made it home, where he has been bed-fast for several days. We are glad to state he is much better at this writing.

In parts of Turkey and Persia, rug making is carried on in a very primitive way with a loom made by driving two poles into the ground parallel to each other. The distance between the two determines the width of the rug and the weaving is done entirely by hand.

INGRAM ITEMS

Uncle Fayette Nichols is some better at this writing.

Geo. Dowdy motored to Kerrville Monday on business.

Misses Eula Zumwalt and Bertha Sublett visited in Hunt Sunday.

Mr. and Mrs. Alva Griffin and children motored to Kerrville Tuesday.

Miss Mildred Saucier spent the past week end in Kerrville visiting relatives.

Mrs. Jno. S. Callaway came home Sunday from a few days' visit in San Antonio.

Mrs. Jim Carson is visiting her daughter, Mrs. Bert Means, in San Antonio.

Mr. and Mrs. Joe Hill and children motored to Harper Tuesday, returning Wednesday.

Mrs. Frank Orr and children of San Antonio arrived Monday at the Guadalupe Hotel.

Olmond Dowdy and Buster Cantwell left Sunday for Winters, where they will pick cotton.

Mrs. Bud Page and daughter, Belle, of Austin are visiting the former's mother, Mrs. Masters.

Mrs. Ruby Kendall, son, Walter, and daughter, Edna, of Mountain Home were Ingram visitors Tuesday.

Uncle Green Lackey has been on the sick list again. We hope he will soon be able to be about again.

Mr. and Mrs. Guy Colbath and sons, Jack and Rennett, of the South Fork Ranch, were here Monday and Tuesday.

Mr. and Mrs. Stovall of Medina, parents of Mrs. Ben Mosley, visited the past week end with their daughter and family.

Orris Morriss of the Divide was shaking hands with friends here Tuesday. Mr. Morriss is an old timer and we are always glad to have him with us.

Chas. Craig, who has been working on the South Fork Ranch, came in Sunday to be ready to begin his studies at the Schreiner Institute Wednesday morning.

Mr. and Mrs. Gus Roberts and children left Tuesday for Fort Worth. Mrs. Roberts has been taking care of her sick mother for the past six months. They were going through

in a car with Mr. and Mrs. Rush and children, who have been visiting here the past week.

Mr. and Mrs. Ben Stone of Live Oak Ranch were visitors here Monday and were accompanied home by Mrs. M. A. Lee, who will visit a few days with them.

Mr. and Mrs. J. C. Sing motored to Kerrville Sunday, returning in the evening accompanied by Miss Lily Council, who had been visiting in that city the past week.

Mrs. Wilson and son of Medina left Monday after a few days' visit with Mrs. J. L. Fowler. They are old friends, having played together while children, and enjoyed quite a chat about past times.

A shadow was cast over the community Tuesday morning when news reached here of the death of Uncle Billy Peterson. All the old settlers knew Uncle Billy and sympathize with the family in their hours of bereavement.

Mrs. Ralph Walsh of Washington, D. C., who has been visiting her son, Dr. F. C. Walsh, and family, left Tuesday for San Antonio en route to Washington, stopping here for a few minutes' visit with Mrs. I. J. Wachter.

A. B. Burton of Kerrville has purchased the Jack Stewart place across and river and came out Wednesday to spend a week's vacation. We are glad to have Mr. and Mrs. Burton and hope they will enjoy many summers and vacations here.

PROMINENT OLD-TIME CITIZEN PASSED AWAY TUESDAY MORNING
(Continued From First Page)

The ten children born to this union, as follows: Mrs. C. W. Baker, Lee, Sanders, John, Sid, Walter, Henry and Mrs. W. A. Fawcett. All of them reside in this city except Sanders, who is a member of the State Ranger service, with headquarters at Mission. All the children were with him at the end.

Practically the entire community attended the funeral services Tuesday afternoon, coming to pay their respects to the memory of one of the most upright and useful citizens this section has ever known and the floral decorations were fragrant yet silent testimonials of the love and affection the Hill Country bore toward this good man.

The Sun regrets the departure of this sturdy pioneer but joins with the host of friends in tribute to his memory and expressions of sympathy to the family.

2,043-POUND RANGE STEER FEATURES FAIR

San Antonio Light: A range steer 61 inches high and weighing 2,043 pounds was one of the features of the Comal County Fair, exciting much wonder and admiration among ranchmen in attendance.

The animal is eight years old, and is said by old timers to be the largest that they have ever seen. Of Durham stock, it was born and raised on the ranch of Richard Schumann, 10 miles north of New Braunfels. The tremendous growth of the steer, Mr. Schumann said, is natural. It was never penned up and fed, he said, but has been on the open range all its life. If fattened, he said, he believes the animal will weigh more than 1,500 pounds.
