PROHIBITION CASES IN STATE TOTAL 504

Cases of 504 alleged dry law violators were taken into court in New Mexico by the prohibition department during the last fiscal year Deputy Administrator C. H. Stearns says.

In the same period there were 2,912 court cases in the entire district, New Mexico, Arizona, Colorado, Utah and Wyoming.

One hundred and thirty-two stills were seized during the year in New Mexico and 554 in the district; automobiles confiscated, 28 and 462 respectively.

During the year a total of 65 agents were employed in the district, an average of 11 1/2 in this state.

FEDERAL CROP LOAN EXTENSION BILL IS EXPECTED TO PASS

Governor Seligman, who was in Washington, Saturday sent a telegram to Col. A. T. Woods conveying the news that the federal crop loan extension bill had been reported favorably by the committee and the passage of the bill was expected within twenty-four hours.

WHEAT YIELD FALLS IN CROP FORECAST

WASHINGTON, D. C.—American farmers will put forth 438,850,000 bushels more corn this year than last but 157,000,000 bushels less wheat.

That was the forecast made yesterday on the basis of July 1 conditions by the department of agriculture.

Corn, the farmers' biggest crop, was expected to yield a harvest of 2,995,850,000 bushels as compared with 2,557,000,000 last year. The forecasters figured winter wheat for 431,762,000 bushels as against 787,000,000 last year; durum wheat for 54,745,000 bushels against 18,000,000 last year, and grain spring wheat at 25,464,000 against 86,000,000. The probable production of all wheat was placed at 737,000,000 as compared with a harvest of 894,000,000 in 1931.

The department interpreted the crop reporting board's estimates as showing a marked readjustment of crop acreages to the low prices of cash crops; to the loss of 5,000,000 acres of winter wheat seeded last fall, and to the more favorable moisture conditions in the spring wheat states.

THE VALLEY COTTON ACREAGE THIS YEAR UNDER 50,000 ACRES

Cotton acreage planted in the Pecos valley this year will total slightly less than 50,000 acres, it was estimated here Tuesday. Loss by hail will lessen the acreage, but much of the cotton has been replanted and with a late fall, the hail loss will not affect production seriously.

Hail loss in both Chaves and Eddy counties will exceed 8,600 acres. Much of the Carlsbad project's loss, estimated at 8,000 acres has been replanted. Last year's cotton acreage planted in the valley totaled 55,330 acres divided as follows: Chaves county acreage 21,000; Artesia section 12,000 and 21,330 in the Carlsbad project. The total acreage yielded more than 45,000 bales of cotton.

This year the acreage reduction is estimated at ten per cent, with probably a small abandonment on dry land farms between now and gathering time. The federal crop loan regulation was chiefly responsible for the reduction in the valley acreage. The nation's cotton acreage has been cut nine and a half per cent.

VACATION BIBLE SCHOOL

The Daily Vacation Bible school under the auspices of the Hagerman Presbyterian church will commence next Monday morning, July 18th and will continue for two weeks. There will be classes for beginners, primary, junior, intermediate and high school students. The daily program will commence at nine o'clock and continue until 11:30. There verses, of hymns and for the older groups a study of some missionary instruction for all groups, recreational and devotional periods. The faculty consists of Mrs. Robert Cumpsten and Mrs. Jeannette Michelet for the beginners, Mrs. B. W. Curry for the primary, Mrs. H. J. Cumpsten and Mrs. T. D. Devenport for the Junior and Intermediate, and Rev. J. A. Hedges for the Senior departments respectively. The school is absolutely free and open to boys and girls and young people of all the churches. It will be a pleasant and profitable way for your boy and girl to spend a couple of weeks of their vacation time.

ACTIVE BIDDING AT STATE LEASE SALE

Evidence of a picking up in the oil industry was seen by State Land Commissioner James F. Hinkle in the monthly auction of oil leases held at his office Monday in Santa Fe.

Seventeen of the thirty-eight tracts offered were sold, bringing in nearly \$7,900. It was the best sale for the year and a half he has been in office, said Hinkle.

Another significant feature, he said, was the fact that bigger companies were among the bidders, including the Texas, Phillips, Amerada, Gypsy, Carter and the Snowdens McSweeney. They had not shown any interest in the state leases for months previously.

Most of the leases are in Lea county. There are a few, however in Eddy.

"It is apparent that prospecting is not far ahead of production and New Mexico ought to profit hereby," was State Geologist E. H. Wells' comment.

Abstractors working at the state land office reported that their business had been steadily increasing for the last few weeks.

SENATE CALLS FOR OIL LEASE REPORT

WASHINGTON, D. C.—The senate Monday adopted a resolution by Senator Nye (R., N. D.) calling on the treasury for a report on taxes and penalties collected as a result of the naval oil lease investigations.

In addition, the resolution asks for notification of any contemplated or pending tax recovery actions.

UNION SERVICES

The Union services will be held in the Presbyterian church next Sunday evening at 8:00 o'clock. It is Rev. J. A. Hedges turn to preach. A good attendance is desired.

SCHOOL SESSION CLOSED

The vacation school in which Miss Renalee Banta was teacher, has closed, and as an award to the pupils, there was a series of entertainments.

On Friday afternoon at the lovely grounds of the Felix ranch, there was a picnic for the grade children, each one inviting a guest, mothers present were Meses. Roy Lochhead, Lloyd Harshey, Jim Michelet, and George Lathrop.

Monday evening the high school students were treated to a line party at the Yucca theater.

Thus ended a very successful and pleasant summer school.

BACK YARD IMPROVEMENT

Those who are interested in back yard improvement will enjoy driving by the rear of the Presbyterian church, and see the beauty of the green velvety lawn and row upon row of gorgeous hued blossoms.

Once you see them, the memory lingers, and you'll want to go again. These grounds were planned and kept up by Rev. J. A. Hedges, who is quite an artist in landscaping.

TO PLAY ROSWELL HERE FRIDAY AFTERNOON

Two of Roswell's best tennis players will be here tomorrow afternoon for a match at four o'clock on the local court. They are Jim Dunlap who recently finished in first place in the men's singles and doubles, and Lucille O'Neil who was a co-partner in the winning team of women's doubles.

This pair is capable of very high class tennis, perhaps the strongest man and woman combination that has ever played in Hagerman. Barely out of high school, young Dunlap was the sensation of the Roswell league this summer and with Mrs. O'Neil, he has teamed with a partner who has the striking and experience to turn out a classy performance.

They will be opposed by Eleanor Paddock and Wilfred McCormick, the Hagerman mixed doubles' team. In a practice match Tuesday evening, the local pair won handily from the Dexter men's team of Lathrop and Wilkes in straight sets 6-2, 6-2 and 6-3.

They are expected to make a creditable showing although not rating the high powered reputation of their forthcoming opponents.

The games are strictly amateur with no admission being charged and the public invited to witness their exhibition.

MASONS TO SEE THE WORK IN A QUARRY

All members of the Masonic lodge within a radius of 150 miles of Crane, Texas have been invited to Crane Lodge No 1262, A. F. & A. M., to attend a meeting and barbecue to be held there on Friday evening and night, July 15th. A number of good speakers will be present and address the meeting and an interesting time is promised for all who attend. A novel feature of the entertainment will be the conferring of the Master degree, by a team of 33rd degree masons from El Paso, in a rock quarry on top of one of the highest hills near Crane.

THE AMERICAN LEGION

The American Legion post of Hagerman has recently completed another worth while effort, this time in behalf of the Cecil Burns family.

The Post members under the leadership of Deets Thorne, who solicited, and obtained about one hundred and forty dollars to pay for Mr. Burns' funeral. The Legion boys express their appreciation to all who gave, and deserve praise for their interest in this cause.

BASEBALL GAME IS STOPPED IN FOURTH INNING BY RAIN

A heavy rainfall spoiled one of the most promising games of the season in Hagerman last Sunday when the play had to be called off in the fourth inning of a game with Carlsbad. The score stood 1-1 at the time, and both clubs were playing spectacular ball. Counting a lone marker apiece in the first inning, neither was able to break through the sterling defense of the other thereafter.

For many years, this Carlsbad team with Fessler, Sparks, Nichols and other valley celebrities has trumped on the best that New Mexico baseball could produce against them. It was, accordingly, a rare bit of satisfaction when the home fans here saw their scrapping team battle the highly touted visitors on even terms and actually bid fair to send them home beaten.

There was nothing flukey about the Hagerman run, either. Robbins pounded a neat single past third and was immediately shoved across by Nail's smashing triple to left field. A few innings later John Langenegger knocked a double and this trio of blows represented Hagerman's total of safeties for the day. For the visitors, Visburg and Opal each bagged a single for their only hits.

Many fans expressed the opinion that the Carlsbad team was, without doubt, the most formidable club ever to play in Hagerman. It is to be hoped that the management can succeed in bringing them back for another appearance on the local field.

D. A. GOODE BURIED FRIDAY MORNING IN HAGERMAN CEMETERY

The funeral services of D. A. Goode, prominent citizen of Lake Arthur for thirty years, was held in the Lake Arthur Baptist church Friday morning before a crowd of about three hundred friends and loved ones.

The funeral services were in charge of Rev. Harold Dye and C. F. Frazier, evangelistic singer, an old friend of the Goode family, gave two fine vocal solos.

Dan Goode was one of Lake Arthur's foremost residents, having lived there since 1901. During this time, he was a tireless civic worker. He was a charter member of the little Lake Arthur Baptist church.

In 1909, he was married to Pearl Ridgeway and to this union was born one daughter, Dixie Dan, who, with her mother, survives. Besides the widow and daughter, Mr. Goode is survived by four sisters and one brother. One sister, Mrs. Pearl Mae Tatom of Lubbock, Texas, and her son, L. C., was present at the funeral.

Interment was in the Hagerman cemetery Friday morning.

BAPTIST ASS'N TO MEET MON. AND TUES.

Plans have been made to entertain fifty delegates and as many more visitors expected to attend the annual Pecos Valley Baptist Ass'n. which convenes in Artesia on July 18th for a two day session. A number of prominent state workers will attend and participate in the program. Following the two day session to be held at the First Baptist church there many workers and delegates will go to the Ruidoso encampment which convenes at Ruidoso from July 20th to 27th.

Speakers to appear on the two-day program include: B. A. Bishop of Artesia, moderator; The Rev. Frank Maddux of Loving, Frank Frazier of Lake Arthur; The Rev. J. G. Jeantette of Albuquerque, Spanish missionary; W. H. Cole of Roswell, superintendent of the association; The Rev. J. W. Williams, state Sunday school secretary of Albuquerque; The Rev. George Elam of Albuquerque, state B. Y. P. U. secretary; Mrs. George E. French of Roswell, associational director of women's work; The Rev. Harold Dye, Hagerman; Miss Charlotte Burnett of Albuquerque, state secretary of women's missionary unions; W. C. Grant of Portales, superintendent of the Baptist orphan's home; Dr. J. C. Owen of Albuquerque, state secretary of the New Mexico Baptist convention; J. B. Savage of Roswell; The Rev. Julian Atwood of Roswell and others.

PRISONER COST IS LOWEST IN CURRY

Attention of the New Mexico Taxpayers Association has been drawn to the method of handling the care of prisoners in Curry county, which has fed them for a much smaller sum than the cost in other counties. Director Rupert F. Asplund asked for details of the plan here, which were furnished by County Clerk G. H. Barrows.

This county pays actual food costs, plus a ten cents per day cooking wage for each prisoner, bringing the cost down to 28.3 cents per day per prisoner. The flat rate plan of 75 cents per day continues in operation in nearly all counties of the state—nearly three times the cost here.

During the past year the total cost was \$1,555.11 less than in the previous year, the food cost being \$1,089.30 and cooking cost \$476.00, which was reduced to \$1,362.75 through rebates on feeding of federal prisoners.

The past year's budget of \$2,500 left in the treasury in this fund a balance of \$1,137.25—(Clovis) Curry County Times.

POSTAL EMPLOYEES GET SALARY CUT UNDER BILL

All employees of the post office or other branches of the civil service have had a salary cut under the new economy bill. Employees of the local post office have an option of a cut in salary or a month's vacation without pay. The same ruling applies to rural carriers, but rural carriers generally will adopt an eight and a third per cent cut rather than the month's vacation without pay.

STATE TO GET MINERAL RIGHTS

TAX PAYER'S ASSOCIATION

In my article last week in favor of the Chaves County Taxpayer's Association, through an error in the manuscript, the contribution read, that in a certain county in New Mexico there were twenty-five members enrolled, it should have read twenty-five hundred.

The state officials seem to be very much agitated about this trenchant policy and seem to be adverse to any reduction of salary. This is to be expected where selfish interest is paramount to the public welfare. Among our office holders men like our distinguished commander of militia, General Wood, who has the patriotism to return ten per cent of his salary, are few and far between.

The political servant should be well paid. The interest of society demands it. But he should not be allowed to gobble up an extravagant salary while the taxpayer is burdened almost beyond the point of endurance. In the last convention of the Chaves County Taxpayer's Association, Judge Bateman sounded an eloquent appeal to the tax-payers to unite, regardless of political affiliation to present a united front in an effort to reform present abuses. If, he declared, it cannot be accomplished at this time we should make our power felt in the make up of the next legislature. He said that he would actively support any man be he a republican, a democrat or a socialist, who would sincerely advocate retrenchment, and so should you and I.

The executive committee made many suggestions to the Board of County Commissioners whereby a large saving to the taxpayers might be accomplished and the Board has given these suggestions careful consideration.

I have been asked, "Why ventilate this matter through a small newspaper like The Messenger?" In answer I beg to affirm that the country newspaper is the most powerful instrument in use today in directing and arousing public sentiment. I was here when the first edition of this paper was born, some twenty-five years ago. Through the energetic efforts of the accomplished and versatile publisher, J. E. Wimberly, it, for many years interpreted the trend of religious, moral, economic and political thought. And when that worthy servant of the people placed the control of the policies in other hands it has passed through many vicissitudes of fortune but it has never failed to give us a weekly edition. I believe it will continue to do so. Never before was the demand of a well directed press more potent than now. In the midst of life we are in death, in the midst of plenty we are suffering the pangs of poverty, in the midst of intellectual preponderance we are suffering from ignorance and intolerance, in the midst of religious fanaticism we are in an age of crime and racketeering. And while many of our children are crying for food and eating the black bread of poverty we are supporting a vast herd of political parasites in luxury and comfort.

HOWARD RUSSELL.

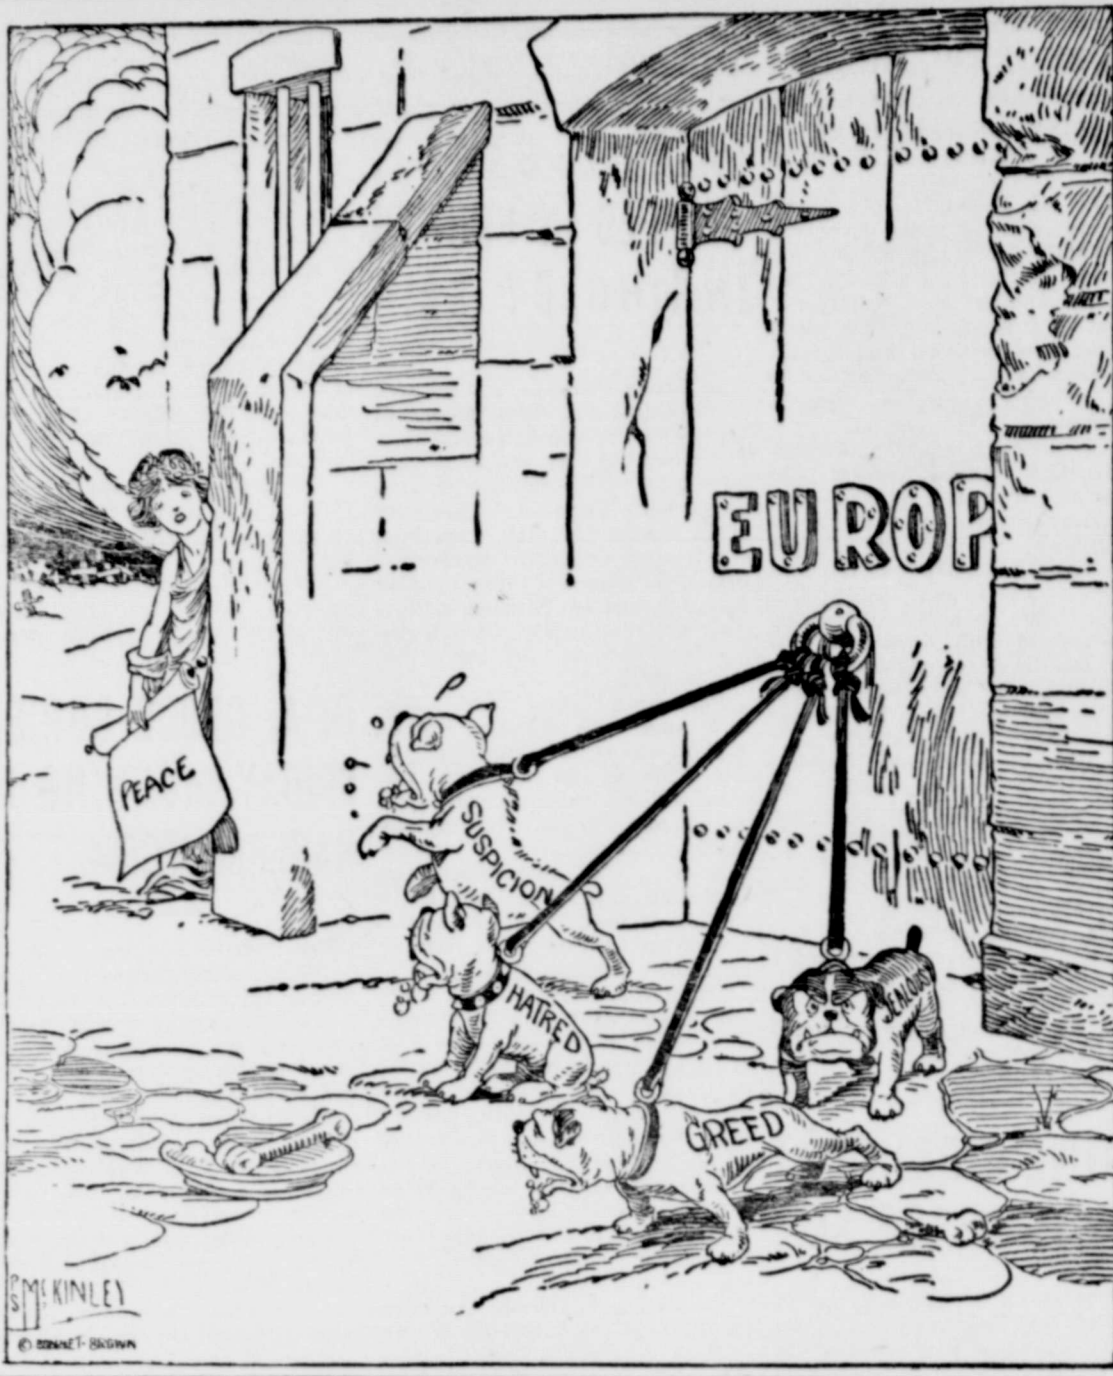

ASK DAD—HE KNOWS

A contributed letter to Liberty magazine, from O. C. Gattrell of Belle Plaine, Iowa says that a lot of people may be fooled by this so-called temperance movements against prohibition, but the old-time saloon keeper is not one of them. Mr. Gattrell, it seems, ran a saloon in former days. He said:

"In the old days we had to pay a heavy tax on whisky. To get by that we would take ten pounds of prunes, some strychnine, ether, logwood and licorice and make from five to six barrels from the one barrel purchased, bottle it, and sell it for Old Crow at thirty-five cents per one-half pint and fifty cents per pint; and it killed just as quick as the rotgut you fellows drink today.

"In the old days if a man got rough and got bumped off in our saloon, we threw him in the ally, called the cops, to whom we whispered the sad story, after giving them a drink and probably a five-spot, and the cops would haul him away, and nothing more was ever heard about it. Today, if a baby is kidnaped or a man stubs his toe, it is blamed on prohibition."

The Open Door

We got a letter the other day saying that if we didn't pay a certain bill immediately, that it would impair our credit. We wrote back and asked where we had any credit.

You don't need to laugh when your editor drives his car down the road . . . at least it's paid for.

Sometimes we wonder why some of our citizens can't patronize the bootleggers within our city limits,

rather than driving out into the country a couple of miles. How do they expect us to build a town here with them spending their money some place else?

Sometimes we wonder exactly what kind of news items the people of Hagerman are the most interested in. Do people like to read where Mrs. So and So came down town shopping, or whether little Percival who-d-thunk-it's pet cat became the mother of a litter of kittens—and mother and babies are doing nice? Or, are the people of this community more desirous of having a digest of county, state, national, and local news of the most importance? If you want to see a special type of news item in The Messenger, why not take pity on a simple-minded editor and

bring in a few facts to enable him to make such a write up? We welcome communications and news stories from our readers. We may miss an item now and then, but it is not purposely done. We should like to print everything of real interest that transpires in this community, and will do so if we are given a chance. Contrary to the opinions of some, we are not carrying a chip on our shoulder, and we are not intentionally keeping certain people's activities out of the paper because of religious, political, racial, intellectual, or other differences. Please help us get the news, and you will be helping make the paper better.

NEW CAVES DISCOVERED

New caves, with beauties comparable to those of the Carlsbad Caverns, are about to be opened to the public, says Jim White, old-timer in the southwest and discoverer of the now world-famous Carlsbad Caverns. The new caves are situated in the Guadalupe Mountains, three days on horseback from the White Cavern Camp. There are three caves, so remote from the traveled trails that few white people and not many more Indians have ever seen them. They are situated in the midst of almost virgin country, with beautiful scenery as their setting. They are at an altitude of 8,000 feet. Deer are so tame they scarcely bother to flee at the approach of man. The caverns have been named Hidden Cave, Black Cave and Cottonwood Cave. All have been explored by White to their limits, with the exception of Cottonwood Cave. While they are not of the same immensity of the Carlsbad Caverns, the formations are, in many instances, fully as beautiful. In the Hidden Cave, most beautiful of the three, are exact likenesses of a bear and a Japanese prince, with his peculiar head-dress. There is also a miniature of an excellent natural reproduction of the Chinese wall. The Hidden Cave is three-quarters of a mile long.

CHILLS AND FEVER

A stranger, hearing me addressed as "doctor" in the plaza at Santa Fe, inquired if I was a doctor of medicine. On learning that I am, he began to tell me the road to Taos, the people have had "chills and fever." This he thought might be due to drinking water from the river. Not a bad guess for a layman! No less a person than Hippocrates, father of medicine, had the same idea in the fifth century B. C. Hippocrates was mistaken, but it was not until 1880 A. D. that the true cause of "chills and fever" was discovered by a French army surgeon named Laveran. Eighteen years later Sir Ronald Ross proved that the minute animal parasite which causes the disease is conveyed from man to man by certain kinds of mosquito.

AND HOME WEEK INTEREST TO WOMEN

Some to be stressed in the economic part of the program farm and home week, -29, is "Live at Home." Plans will include ways and means for the wise use of money produced on the farm, suggestions for making the available go as far as possible.

DENIED CAMP NEAR CAPITAL

WASHINGTON.—Four hundred and fifty California war veterans sought to set up a camp Tuesday on the Capitol grounds to stay until their bonus is paid, but the police had other plans for them. They were prohibited from taking their blankets or mess kits into the Capitol grounds, but after parading through the streets were allowed to leave these outside and to proceed to the offices of Speaker Garner and Vice President Curtis to present a petition calling for full payment of the bonus to the needy unemployed veterans.

MAY REFUND GADGET MONEY

The former State Comptroller Lujan had no right to bind the state by the "gadget" contract, Attorney General E. K. Neumann advised State Comptroller Juan A. Vigil Friday, giving it as his opinion that the state at this time may recover the money paid through the Shwayder Trunk Co., of Denver and Straud K. Wood owner of the gadget patent, "under the terms of such unauthorized contract."

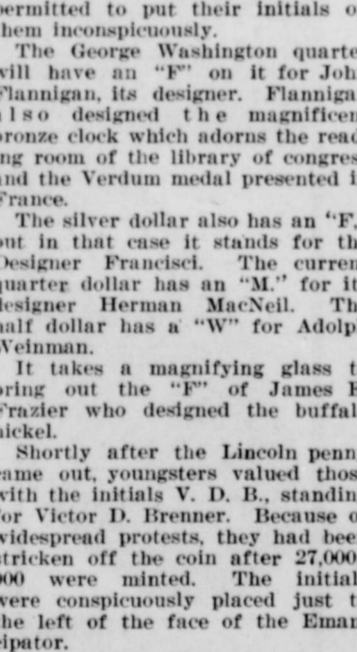

EUROPEAN NATIONS MAY RETURN TO THE GOLD STANDARD SOON

BASEL, Switzerland.—A call for return to the gold standard was issued Monday by the directors of the bank for international settlements with the approval of the representatives of Great Britain, Japan and Sweden, which are off gold.

REPUBLICANS START

CHICAGO.—The republicans formally opened the campaign to re-elect President Herbert Hoover, establishing national headquarters in the Palmer House.

CONFIDENCE
CONFIDENCE . . . the implicit reliance of one person in another . . . cannot be measured in money. In the competent physician it is a priceless attribute, changing fear to courage, despair to brave hope. Engendered by the man's very presence, it often works more cures than medicine. Back of it lie years of work, of study, of specialization. Confidence in your doctor is justified.
Your banker, too, is deserving of that implicit trust. Shaped by long years of specialization and human contacts, the bank officers deserve your confidence wherever your personal or business finances are concerned. Ours is a professional ability that merits your faith. And behind it stand the resources of a sound institution.

NO--THIS IS NOT PETE LOSEY

However, it reminds you of him

Had you ever thought when you go to Lake Van Beach that you're reminded of Model Jantzen Bathing Suits . . . or when you see a friend all dressed up, you think of Model Clothes.

Just as natural to think of these as it is Pete when you think of fish.

There's a choice of light suits here at very attractive prices.

THE MODEL

AN EDITOR'S "GOOD BYE"

The following extract from the valedictory notice of a Tyron, (Oklahoma) newspaper contains food for thought for those of other towns which would "stay on the map," grow and become prosperous:

"With the close of this week we finish our duties as editor and manager of the Lincoln county Leader.

"We have given it a fair trial, but on account of non-support we must quit and throw up our lease, and go elsewhere where our services will be appreciated. Every dollar we have earned through the paper has been spent in Tyron, with very little response. In one establishment we have spent upwards of \$35 and only \$1.50 have we received from that house.

"We think half a dozen good funerals around here would be beneficial and new business blood would then be injected.

"We have no apologies to offer and our wish is that our successor may be more successful."

BRATTON NAMED AS A CAMPAIGN PROBER

Washington.—A senate committee to investigate 1932 presidential and senatorial campaign expenditures was named Monday by Vice President Curtis.

Curtis appointed the committee within a few minutes after it had been authorized by the senate without a record vote.

NEW VACCINE MAY BRING A PARTIAL CONTROL OF TUBERCULOSIS

MILWAUKEE, WIS.—In a copy-right story, the Milwaukee Sentinel Saturday said 29 years of research by Dr. William D. Frost, agricultural bacteriologist at the University of Wisconsin, have been rewarded by discovery of a vaccine, "Tubuvase," which ultimately may bring partial control of Tuberculosis.

The scientist, in confirming the story, warned against assumption that "Tubuvase" was either a sure cure or a certain means of prevention. He has not completed his experiments.

Results of experiments on Guinea pigs and rabbits, the Sentinel said, indicated the vaccine was beneficial for immunization.

CHICAGO.—Development of a vaccine from irradiated tubercle bacilli by Dr. William D. Frost of the University of Wisconsin was described Saturday by Dr. Morris Fishbein, editor of the Journal of the American Medical Association, as "interesting" but of no significance as yet in relation to human tuberculosis.

OLD HIGH FINANCE

Frenzied finance is not exclusively a habit of recent years. At the Riggs National Bank in Washington, says the Popular Magazine there is carefully guarded a proof of the foregoing assertion.

Regarding the proof there is told this story: One winter morning Henry Clay finding himself in need of money, went to the Riggs bank and asked for the loan of \$250 on his personal note.

He was told that while his credit was perfectly good, it was the inflexible rule of the bank to require an indorser.

The great statesman hunted up Daniel Webster and asked him to indorse the note.

"With pleasure," said Webster. "But I need some money myself. Why not make your note for \$500 and you and I will split it?"

This they did. And today the note is in the Riggs Bank—unpaid.

When a congressman dies in service, his family receives \$100,000 from the government says one source of information. Another source says the family receives \$10,000. Which ever amount is correct, lots of these congressmen are overrated from \$9,000 to \$99,000.

There were five tables of players for bridge. Mr. and Mrs. J. T. West were high score winners.

PICNIC

The Jim Michelet, Robert Campsten and Charles Michelet families had a bountiful fried chicken supper and picnic on Tuesday afternoon at the old reservoir south of town. The later hours were spent in visiting at the Robert Campsten home.

A NEW RESIDENT

And now for a good old fashioned barn storming. What for? Well because Richmond Hams has decided to once more become a resident of Hagerman and how else could we show our appreciation of the addition of this 100% good family to our town. And now lets go!

MARY TODD HEDGES

The house of Hedges is rejoicing these days, because of the arrival into the family circle on the third of July, of a baby girl, Mary Todd. Mother and father are Mr. and Mrs. Don Hedges of New Hope, Pennsylvania.

This fortunate little girl has two living grandmothers, Mmes. Ricker of Michigan and J. A. Hedges of Hagerman; one great-grandmother, Mrs. A. A. MacKintosh of Hagerman and Rev. Hedges is the one proud grandfather.

The maternal grandfather, Dr. Ricker was a prominent physician and did extensive surgical work during the World War.

Happy days for this little girl, and once more we hear the echo of that old legend: "For the child that is born on the Sabbath day, Is Bonnie and blithe and good and gay."

PLEASING HER PET

"Hortense, call up Mrs. de Bilton and ask for Fido." "Yes, melody." "Carlo wishes to bark to him over the telephone."

TELEPHONE KISS

"Did you ever get a kiss by telephone?" "No—what's it like?" "It's like dreaming about something to eat when you go to bed hungry."
