

BY BILL ELLIS

THE GENERAL ELECTION is getting closer all the time, and so far there has not been a great deal of activity, although some shots are beginning to be heard on the state level.

Gubernatorial candidates John Hill and Bill Clements have agreed to stage a debate on television just prior to the election, and from what we understand, Channel 7 in Amarillo will carry the debate for this area's benefit.

Then, Monday's news carried the details of a charge levelled by Krueger, John Tower's opponent. The charge was serious enough to cause Tower to break his previous agreement to appear with Krueger in a debate.

And in the 18th Congressional District, the Kent Hance camp charged George Bush with attempting to "buy" the election, and pointed out that a big part of his campaign contributions have come from outside the area.

State representative and House Speaker Bill Clayton made a campaign speech on Hance's behalf Monday in Lubbock. A little earlier, former congressman and present state representative Bob Price made a campaign swing with Bush, including a stop in Parmer County.

Those are the main races to be considered by voters on November 7, and of course voters in the Bovina and Rhea precinct will be electing a commissioner for a four-year term.

As you would expect, the candidates for commissioner, Jack Patterson and Vernon Estes, have conducted a very low-key campaign. In addition to the races, voters will also be asked to vote on a slate of nine proposed constitutional amendments, including a "watered down" version of proposition 13 which has to do with state taxes.

It would behoove voters to make an effort to familiarize themselves with these amendments between now and election time, and we will make an attempt to study them and interpret them to the best of our ability.

Amendments to the state constitution are always submitted in so large a package that many times some of the proposals do not get much of a hearing—even those which should otherwise be given a lot of consideration. Usually one or two of the amendments gains enough support on a statewide level that they get the attention of at least a majority of the voters.

But on the others—the fate of the proposed constitutional amendments depends most times on the whims of voters who do not even know the nature of the proposals. And in most instances, voters will vote against a change if they do not understand it—and this is probably a good rule of thumb, rather than to vote blindly for a change.

CONGRESS ADJOURNED last weekend, with its usual barrage of last-minute legislation. There has not been sufficient time as yet to examine the last-minute bills which were passed, so that judgment can be made, one way or the other.

Texans were concerned over the energy legislation, as one proposal would have enabled residents of the north and east to buy our gas and oil at a price ceiling, while our own state residents would have no price guarantee.

We don't know how this portion of the bill fared, but like most Texans, we were hoping they would leave our oil and gas alone.

The bad part about last-minute legislation is the fact that often-times, some bad bills are passed when congress doesn't take the time to properly consider the legislation, but votes something through so they can adjourn and go home.

Jim Kassahn Chosen To Head Association

Hundreds of visitors relived the past at the ninth annual Ranch Day at the Ranching Heritage Center, as they watched "pioneers" at their daily chores and occasionally even participating.

Jim S. Kassahn was elected president of the Ranching Heritage Assn., host for Ranch Day at the center, a 12-acre outdoor living exhibit of a score of authentic structures depicting the history of ranching in the American West. The center is located at The Museum of Texas Tech University, Lubbock.

Members of the Ft. Griffin Fandangle entertained guests after a barbecue, and Wray Finney, seventh generation cattleman and former president of the American National Cattlemen's Assn., reminded visitors that "a heritage doesn't happen by accident."

Kassahn is a cattle feeder and rancher who lives in Lubbock. He succeeds Claude Denham as president. He is a director of the First State Bank of Bovina and is the son of Mr. and Mrs. Jack Kassahn.

Elected to serve with Kassahn

JIM KASSAHN

were Mrs. Wayne Owen, Lubbock, first vice president; Riley "Rich" Miller, Justiceburg, second vice president; Mrs. John E. Birdwell III, Muleshoe, secretary, and Giles McCrary, Post, treasurer.

Jim Humphreys, manager of the Pitchfork Ranch, was re-elected chairperson of the association's Board of Overseers. Watt Matthews of the Lambshead Ranch is honorary board chairperson.

Ambulance Service Tops City Agenda

The Bovina City Council met in a marathon five-hour session last Thursday night, October 12. The major item of business before the City Fathers was the establishment of the Bovina Ambulance Service.

The City Council unanimously approved the Ambulance Service's charter and an ordinance establishing the Service as a volunteer agency of the City.

The Council also adopted a unanimous resolution requesting that the Parmer County Commissioner's Court finance a \$3000 grant to the Bovina Ambulance Service for paging and medical radio equipment.

The Council also passed a unanimous resolution commending the members of the Ambulance Service for their efforts and proclaimed October 29 thru November 4 as Bovina Ambulance Service Week.

Dick Richards, president of the Ambulance Service, thanked the Council for its support. He reported that full time service will begin on November 1. Richards also reported that the Ambulance Service will host an open house the afternoon of Sunday, October 29, at the Bovina Supermarket with the Panhandle E.M.S. helicopter participating.

The Council also unanimously approved a resolution asking for a grant from the Texas Department of Parks and Wildlife for "Phase I" in the new city park located by the highway department building.

Jane Kassahn and Kenneth Cary appeared on the behalf of the park committee and explained that the grant would be for \$18,000 and would be matched by \$6000 in local labor and materials and \$12,000 in local

cash donations. When completed, Phase I will consist of a paved road, paved parking, a complete water line system, "tot park," landscaping, grills and picnic tables.

In other business, John Vaughn was approved by the City Council as deputy marshal. Vaughn is a native of Amarillo and has been employed three years in private security work. He is a recent graduate of the Panhandle Regional Law Enforcement Academy, and is married. He will work under a C.E.T.A. program for one year.

The City Council also approved a request by Texas A&M University to allow City Manager Clayton Williamson to be their guest lecturer for two days in November with A&M paying all expenses. Williamson will also attend the Regional Water Short School in November.

John Vaughn New Deputy

Bovina has a new Deputy Marshal. John Vaughn, previously of Amarillo, has taken the position and started his duties Sunday, October 15.

John is an Amarillo native, and has lived there all of his 26 years. He attended Caprock High School and graduated from the Panhandle Regional Police Academy in July of this year. Vaughn worked for the Amarillo Airport Police Department for three and one-half years.

The new deputy marshal is married, and he and his wife Denise are living at 104 Ave. G in Bovina. John will be working under the C.E.T.A. program for one year.

CEREMONY SLATED

Local Ambulance To Kick Off November 1

At the regular meeting of the City Alderman last Thursday night, the Bovina Ambulance Service received its official charter with operations due to begin the first of November. Currently members of the service are contacting local businesses for help in obtaining additional equipment to make the ambulance fully ready for service.

In the Emergency Care Attendants school which was recently held here to train members of the ambulance service, fifteen local people and five nurses from Dimmitt received state certification. The class, whose average grade on the written part of the test was 89.5, was highly praised by representatives of the State Department of Health, Division of Emergency Medical Services, for their dedication in attending, studying and practicing in order to do so well on the testing.

Local people completing the course included Sue Fowler, Donna Mitchell, Larry Mitchell, Cindy Williamson, Clayton Williamson, Norma Whitten, Michael Dixon, Ralph Ramon, Don Spring, Gladys Spring, Cleo Thomas, Glenna Monk, Geneva Johnston, O.B. Johnston and Dale Gunnels. Of this number, all except Norma Whitten and O.B. Johnston plan to work with the service with Mike Dixon and Geneva Johnston being associate members.

Persons already trained who will also be a part of the Ambulance Service include Dick and Mary Richards, full time, and Weldon Moody and Scott Richards, associate.

Officers of the ambulance service who were elected at a training session last week include Dick Richards, president; Don Spring, vice president; and board members Ralph Ramon, Donna Mitchell and Mary Richards. These persons will serve for the remainder of this year and the next year.

Although the ambulance service will not officially begin until November 1, several runs have already been made including service at local high school varsity and junior varsity and junior high football games. While not as completely stocked yet as members would like, the ambulance has received the approval of the state and can be used at the present time if needed.

To officially inaugurate the service a commissioning ceremony has been scheduled for Sunday, October 29. At that time the air ambulance from Amarillo will be

here for all citizens to view and services available will be explained to those who come out. According to ambulance service personnel, ev-

everyone in town is invited to come out and see the ambulance, the helicopter and the equipment which will be available to Bovina citizens.

MIXED COMPANY...."George," who started out to be a half-brother (or sister?) of the kittens in the above photograph, has assumed a

new role as "Mama" to the kittens. The unusual family group belongs to Tamara Read.

Duck Becomes Step-Mother

An interesting story came our way last week about a duck, a mother cat, and several kittens. It seems that Tamara Read, daughter of Mr. and Mrs. Robert Read, won a baby duck while at the Curry County Fair. Tamara placed the duck with a mother cat and her kittens and the cat took the duck in to raise as one of her own.

After the duck had grown to a good size, the mother cat was killed by a car on the highway. The duck, having grown to a much

faster rate, took the kittens under his or her wing.

The Reads tell us that George (that's the duck) cares for the kittens and goes into a fit whenever something threatens the kittens.

George and his story recently won a Pet Contest run by KDAV Radio in Lubbock. The prize was \$300 worth of Hartz Pet Products.

There must be a moral to this story, but as of now, we haven't been able to figure it out.

Schoolboys Shine In Weekly Contest

By R.D. LOONEY
News Editor

When I came to work Monday, I proceeded to do what I have done for

the past five weeks: grade football contest entries. This week, I expected the scores to fall, as there were at least three big upsets that were on our contest.

But lo and behold, the very first entry I graded scored a 10. I figured that this could be the winner, and sure enough, I graded about half of the entries before coming to one that was higher. This one did turn out to be our winner for this week.

Dale Gunnels scored a 12 and was 38 points off on the tie-breaker. Dale missed the TCU-Rice game and the Washington-Philadelphia game. I was surprised that he had picked the Houston-A&M upset.

Only a few entries later, I had another 12 scored. This entry belonged to Thad Rains. Thad missed the Muleshoe-Idalou game and the Houston-A&M game. He was 40 points off on the tie-breaker.

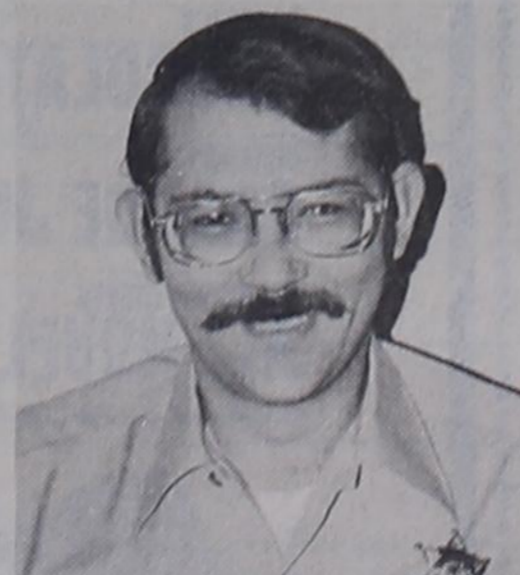

As I got down near the bottom of the stack, another 12 was scored. This time the entry belonged to Richard Villarreal. Richard missed the TCU-Rice game and would have

won the whole thing, but he had marked out Notre Dame and written in Pittsburgh. Richard missed the tie-breaker by 44 points.

There were also three entries that scored 11. These were David Steelman, Flossie Rhinehart and Lynn Read. David missed the Muleshoe-Idalou, A&M-Houston and TCU-Rice games. Flossie missed the Muleshoe-Idalou, TCU-Rice, and Washington-Philadelphia games. Lynn missed the Dimmitt-Lockney, A&M-Houston and Washington-Philadelphia games.

After having graded all the entries, it occurred to me that five out of the top six entries were all still in High School. Maybe they have a source of information not available to the rest of the entrants.

Whatever the case may be, there are seven weeks left in the contest, and Nick Rodriguez is the "sole leader with 60. H.J. Charles is second with 59. Third is shared by Frank Galvan, Jr., and Dorothy Harris. Fourth is shared by Johnny Martinez, Billy Smith, Don Spring and Emmett Tabor.

Scooter's Scoops

Corn harvest is coming to a close and the ladies tell me they are glad because they are tired of taking meals to the fields and driving trucks. It has been a good harvest for most people in our area. Good weather has been with us for several days.

Other news around town.....

Mrs. Bob Johnson, Sr. of Lubbock, her daughter, Marywill of Abilene, and her son, Dr. Sam Johnson of Salinas, California, were visiting in Bovina Monday. Sam and Marywill attended school in Bovina several years ago and the late Mr. Johnson managed the S.E. Cone Grain Company in Bovina during the late 1930s.

They visited in the Odis White home and with several other friends in Bovina and Friona.

I talked with Nancy Rundell, who was telling me about an exciting weekend in Albuquerque. She posed as a model for Karen Buchtel, a beauty operator in Clovis and they took third place in the State Competition for hair styling. The event was held in the Marina Hotel in Albuquerque. The ladies left Saturday and returned Monday. Said they had lots of fun.

Lisa and Mike Spears spent the weekend enjoying the fall foliage in the mountains of New Mexico near Cimmaron and Red River. Mike said it must have been the perfect time to go because the fall colors were just beautiful!

Funeral services for Mary Leola Bass, 92, of Portales, were held Monday morning at the Wheeler Starlight Chapel in Portales and graveside services were at 3 p.m. Monday in the Amherst Cemetery.

She was A.L. Nuttall's grandmother and also a good friend of our family. She lived next door to my parents in Hereford years ago and was a very lovely lady and a blessing to everyone who knew her. Mrs. Bass was survived by two

sons, three daughters, 20 grandchildren, 38 great-grandchildren, and 16 great-great-grandchildren. Her grandsons served as pallbearers.

The Elton Venables and Owen Pattons attended the Mule races in Ruidosa, New Mexico over the weekend and said they had lots of fun.

I talked with Allen Cumpton this morning. He came home from the hospital Monday night after spending 10 days in the Deaf Smith County Hospital in Hereford.

He says he's feeling good but will return for surgery about the middle of November.

Billy and Kathryn Harbison returned home last week after spending two weeks in Weslaco. The Harbisons have a home there also Billy's mother and twin brother live in the same area.

Billy was telling me that it rained 13 inches while they were there and the mosquitoes were unbearable. He said he's tried to mow the grass in his yard wearing two shirts and a towel around his head and it was still impossible.

Seventeen roads were closed while they were there and after they came back to Bovina they talked with their folks in Weslaco and it had rained another three inches after they left.

Don and Gladys Spring enjoyed company Sunday. Reverend and Mrs. Paul Mohr of Houston. They pastor the Congregational Church in Houston and are parents of Reverend Skip Sircic, pastor of the Congregational Church of Friona. Reverend and Mrs. Sircic were also guests in the Spring home Sunday. Rev. Mohr is a former pastor at Friona's Congregational Church.

The Senior Citizens will have a luncheon at the Spot October 25, and ask that you come and be with them for a good fellowship and bring a

friend. I noticed in one of their reports the other day that they had 49 present. We congratulate them on the good job they are doing!

Buck Ellison hosted an annual Fall Foliage tour through Nogal Canyon in New Mexico last weekend.

He was joined by several relatives and friends all the way from Brenham, Texas to Albuquerque, New Mexico, to view the beautiful fall colors.

Saturday, two pickups and one scout wagon was used to take the group on top of the ridge between Nogal and Bonita Canyon where they enjoyed lunch together.

Twenty-six people attended the church service Sunday morning. The group enjoyed hiking and playing horseshoes, washers, wahoo, Yatzee and "42."

Buck said the weather was perfect and the full moon was so bright through the tall pines that the colors could be identified even at night.

Those attending were: Mr. and Mrs. J.R. Ellison of Brenham; Mr. and Mrs. J.O. Glover of Tularosa, New Mexico; Mr. and Mrs. Ellison Glover and three children of Alamogordo; Mr. and Mrs. Willy Deney of Albuquerque.

Also, Mr. and Mrs. Jerry Deney and two sons, Mr. and Mrs. George Trimble, Mr. and Mrs. Jack Kassahn, Mrs. Jerry Ware, Mrs. Charlsie Eubanks, Patsy Read, Mr. and Mrs. Thomas Rhodes, Mr. and Mrs. Tom Ware and Mr. and Mrs. Bob Fillpot and small boy, all of Bovina; Junean Grissom of Tiaban; Mrs. Irene Crawford of Amarillo; Mr. and Mrs. Vernon Miller of Nogal; and Mr. and Mrs. Tim Henry of Roswell.

She attended church with them Sunday.

Jerry Rockwell To Attend Conference

Jerry L. Rockwell, pastor of First Baptist Church of Bovina, Texas was invited to attend a pastor's conference sponsored by the James Robison Evangelistic Association in Fort Worth, Tx., Thursday, October 12. Robison called together approximately 60 pastors from a five-state area to meet with them personally and to outline the details of local church involvement in a massive evangelistic thrust during prime-time television.

Robison explained that the effort will require strong pastoral leadership such as that which is exemplified by the ministries of those pastors invited to the conference. Local churches will be asked to provide volunteers to man a complex telephone counseling service to be made available during each of the broadcasts.

Plans Made For Annual Xmas Bazaar

The "Christmas In November" Bazaar and Arts & Crafts Show sponsored by the Parmer County Family Living Committee has been scheduled for Friday and Saturday, November 17 and 18 at the Community Center in Friona.

The Bazaar will be open from 10 a.m. to 7 p.m. Friday and from 9:30 a.m. to 4 p.m. on Saturday.

Table spaces will rent for \$10 for wall-table space and \$7.50 for a regular table space.

Those interested may call or write Laura Jacobs, Assistant County Extension Agent, Box 683, Farwell, Texas 79325. Phone: 806-481-3619 for additional information and an entry blank. Exhibitors have until November 10 to make provisions for space.

All individuals, organizations and businesses from the Panhandle, South Plains and Eastern New Mexico area are welcome to take part in the Bazaar.

Special demonstrations on crafts and Holiday Fashion shows are planned for the two-day event.

"God wants to get his message to the world today, and I believe He will use the medium of television to do it," Robison explained. "It's the greatest communication device in the history of mankind. The Sunday morning block of religious programs is effective in reaching a segment of society, but it's prime time that reaches the heart of America," he added.

Robison plans to schedule fifteen hour-long televised crusades to begin in the summer of 1979. He emphasized that there will be no appeal for funds during the telecasts. The \$15 to \$20 million budget required for the air time will be raised in advance by the association.

Robison emphasized the importance of the local church, stating that "all legitimate television ministries should seek to lead their viewers to become active in a Bible-believing, local church. True evangelism is simply an arm, an outreach of the church."

"He left the amount blank - says it's nobody's business except his and the Lord's!"

God's Part In Salvation

God fulfilled his part in providing you salvation. God knows that you are a sinner (Romans 3:23). We all have sinned by personally transgressing God's law either by word, deed or thought (1 John 1:8; 3:4). As a transgressor of God's law you are lost, justly condemned to punishment by a just God (Romans 6:23; 11:22). But God is more than just!

He is also merciful, not wanting anyone to perish (2 Peter 3:9). How, then, can the conditions of both justice and mercy be satisfied? The answer is Jesus Christ, in whom justice and mercy meet (Romans 3:25,26). Al-

though Jesus satisfied justice's demands of a perfect life (1 Peter 2:22), he died on the cross paying the penalty of a common criminal. God, therefore, will accept Christ's perfect life and undeserved death as the penalty that justice requires for your sins and the sins of all mankind (1 Peter 2:24; 1 John 2:2). God offers to you the righteousness which Christ earned (2 Corinthians 5:21). Through Christ, you may have God's unspeakable gift of salvation.

Smith Re-elected To County SWCD Board

Dan Smith of Lazbuddie was recently re-elected to the Parmer County Soil and Water Conservation District board of directors October 10. Smith represents Zone 5 of the district.

The purpose of the Parmer S.W.C.D., with headquarters in Friona is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on

conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Smith will be

responsible for district policies and procedures for carrying out the district program within the framework of the Texas Soil Conservation District Law.

In Texas there are 198 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCD's do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Member Is Named To Board

Lorraine W. Welch of Friona has been named to serve on the Farmers Home Administration County Committee according to Billy R. Boling, the Agency's County Supervisor. The appointment is for three years.

The purpose of the County Committee is to review applications for Farmers Home Administration loans and certify their eligibility. Composed of three members, the Committee is set up on a rotation basis with one new member appointed each year.

Mrs. Welch succeeds Gene Welch of Black who served on the Committee for the past three years. Other members of the Committee are Leslie McCain of Bovina and W.G. Harlan of Lazbuddie.

"We've got a great opportunity Nov. 7 to take a significant first step toward tax relief in Texas. I'm urging everyone to vote for the proposed constitutional amendment to give tax relief to our farmers and ranchers, homeowners, and elderly. CRAZYHORSE AWARD....This week's defensive standout was Thad Rains. Thad had eight unassisted tackles and six assists.

OFFENSIVE STAR....Ruben Salazar was the offensive star for his play against the Sunray Bobcats.

BIG HIT AWARD....Richard Lowe took the honors for the Big Hit of the Week against Sunray.

Ponies Fall To Strong Sunray

The Bovina Mustangs traveled to Sunray last Friday night and came away with a beating at the hands of the Sunray Bobcats, 48-17. The Mustangs now post a 1-3-1 record for the season.

After the opening kickoff, Sunray drove almost the length of the field and scored a touchdown. This seemed to be an omen of things to come. The Mustangs seemed to be disheartened and Sunray continued to score points.

The Mustang's only glimmer of the first half came on a 30 yard field goal by Ronnie Cary. The score at halftime stood at 34-3.

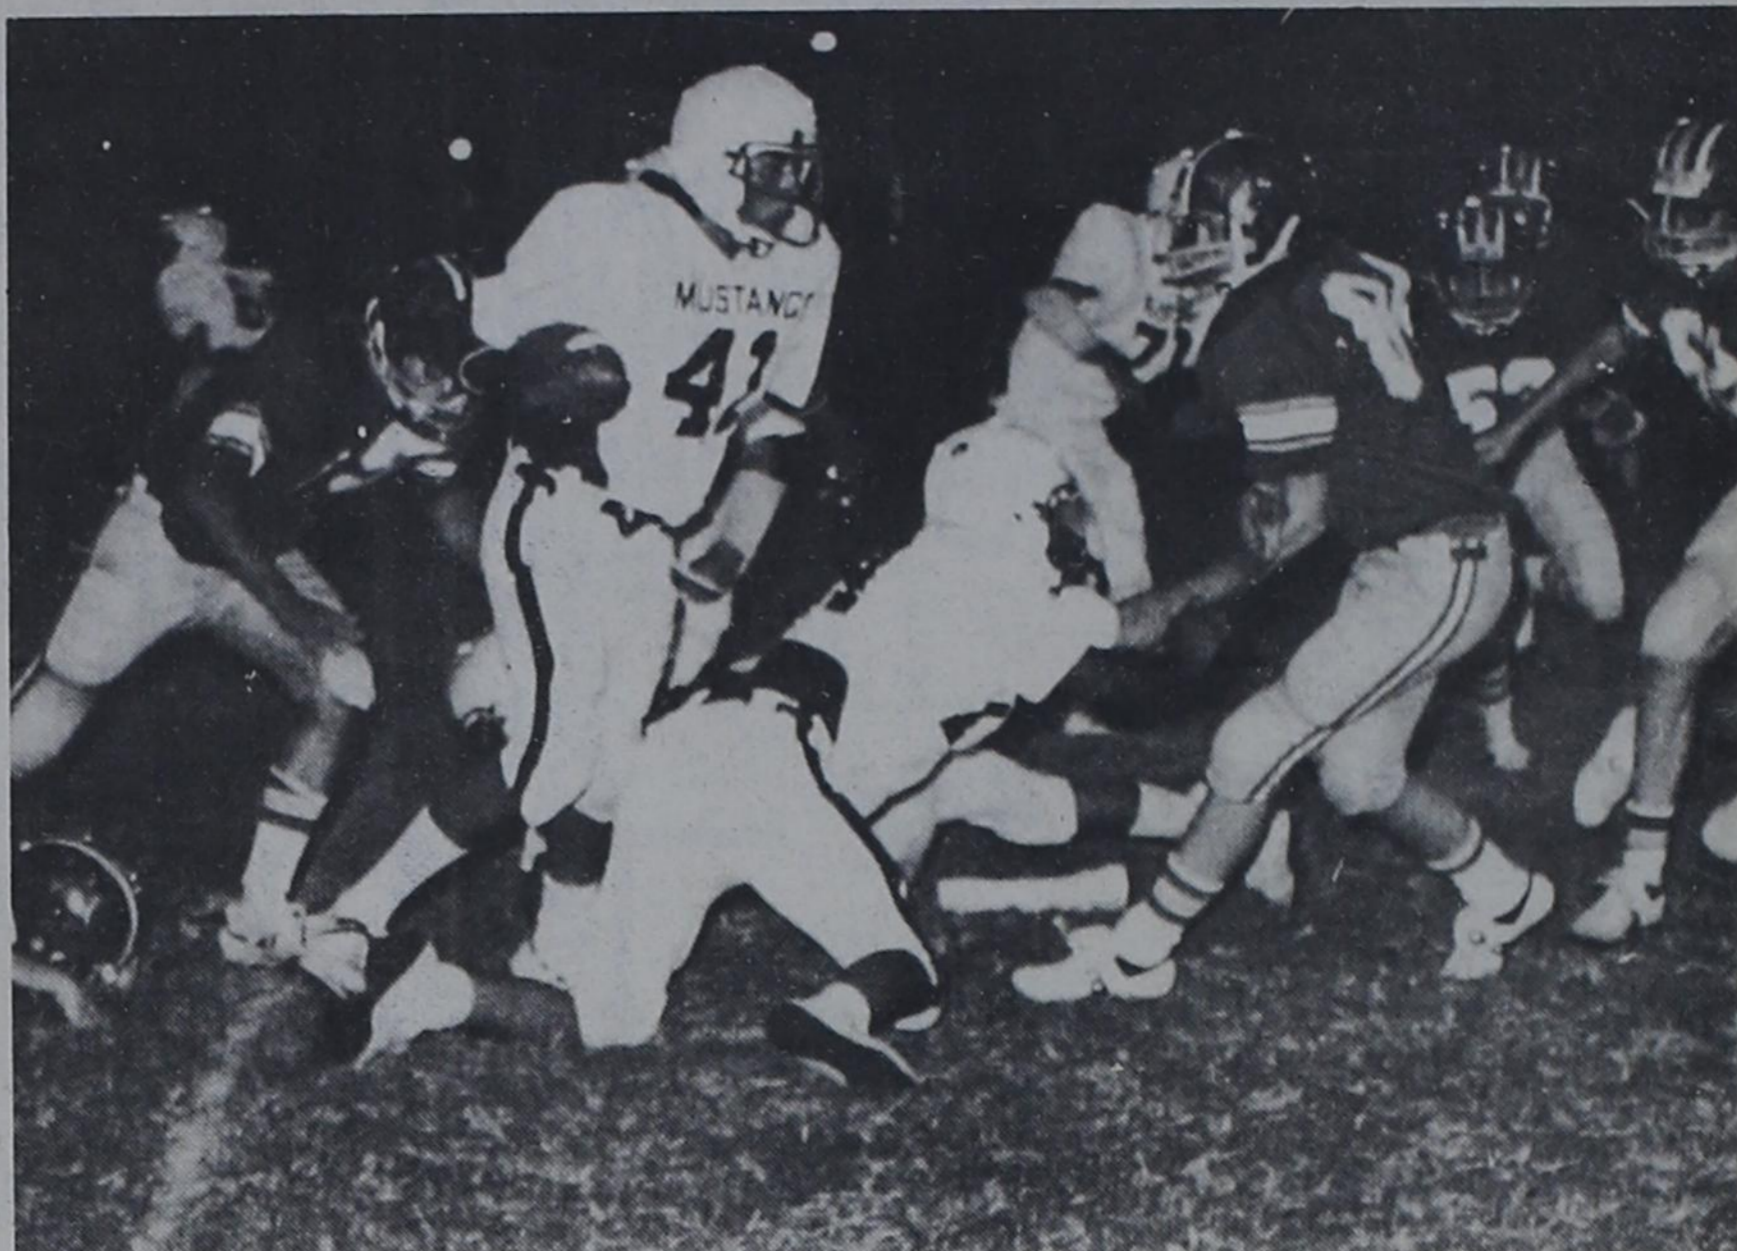

During the second half, the Mustangs came to life and scored fourteen points in the fourth quarter. The Mustangs were inside the Bobcats' 20 yard line five times during the game and came away without scoring.

Statistics for the game are as follows:

Bovina	First Downs	Sunray
8	25	25
12	Net Yards Rushing	281
233	Net Yards Passing	138
245	Total Yards Gained	419
20	Passes Attempted	8
0	Passes Intercepted By	2
5	Number of Punts	2
35	Punt Average	30
2	Opp. Fumbles Recovered	1
3	Number of Penalties	5
27	Yards Penalized	43

The Bovina team will travel to Hart this Friday, October 20 to take on the Longhorns. This is the first game of district play.

Hart is predicted to finish last in the District this year by Top-O-Texas Magazine. Although the 'Horns have fourteen returning lettermen, their offensive line will be made up of new players.

TOUGH GOING....Richard Villarreal is shown making a gain against the Sunray Bobcats in last Friday

night's action. The Mustangs accumulated only 12 yards rushing against the Bobcats.

Bookmobile Program Debated By Court

The question of changing the procedure for paying for the Bookmobile program was a major item of discussion at the regular meeting of the Parmer County Commissioner's Court on Monday, October 9.

The Bookmobile program has been in existence since 1966 serving the counties of Lamb, Parmer, Bailey and Cochran. When originated, the basis for computing each county's share of the costs of the Bookmobile service was the population of each county, as estimated by the Texas Almanac.

Using this formula, Parmer County has contributed 25 per cent of the support toward the program, Lamb County 42 per cent, Bailey County 20 per cent and Cochran County 13 per cent.

The Lamb County Commissioners had complained that the percentage method should be changed, using the percentage of books read in each county.

Lamb County had agreed to participate this year under the old formula, but indicated it would probably be the last time. In the meantime, they submitted a new

formula, based on usage, that would put Parmer County paying 27.5 per cent; Lamb County 36.5 per cent; Bailey County 21 per cent and Cochran County, 15 per cent.

"We all agreed that if any county, especially Lamb or Parmer, should withdraw its support, the Bookmobile service would be jeopardized. We also further agreed that it is a good service, and is needed," the spokesman further stated.

After much discussion, the court agreed to participate under the new arrangement for a one-year period.

Most good farmers don't wait until planting time to buy Pioneer-brand seed... not anymore.

The best farmers seem to think that having the seed with the greatest potential is too important to leave to chance. So ordering next year's seed as soon as they've seen this year's results is becoming a habit... practically a tradition.

Why? Because, when you compare Pioneer performance to brands that are always available and compare the advantages of ordering early to the disadvantages, you've got to pick up the phone and call a Pioneer dealer.

AND TO CAP IT OFF - Pioneer will acknowledge your early order by sending you a sprightly green, foam-lined gabardine cap.
