Bull Town Bulletins

By Bill Ellis

A COUPLE OF CENTURIES ago a fellow named William Congreve made this statement...."Music hath charms to soothe the savage beast."

They have a new ritualistic rite of youthful exuberance which they call "disco." This seems to require about \$10,000 worth of sound equipment, turntables, tape players, speakers of assorted size and loudness, and an array of flashing colored lights that would put to shame the neon dazzle of the Las Vegas Sunset Strip.

But back to Mr. Congreve's dissertation on the charming abilities of soothing music. The next lines of his poem read..."To soften rocks, or bend a knotted oak. I've read that things inanimate have moved." Oh yes, speaking of "things inanimate," have you tried lately to get your teenager out of bed in the morning or to get him or her to take out the trash in the evening? Now there's an immovable, inanimate object for you!

If you want to see your inanimate heir spring into action, just turn on some of his disco-music. It must be loud enough to crack the plaster, mind you...and there, before your very eyes, you'll see the transformation take place. The spine-cracking gyrations that go on to this not-so-soothing music, must keep all the country's chiropractors in the highest income-tax bracket.

When several of our inanimate objects get together in one place it's called a "disco party," and the object seems to be to see who can get one of their joints out of socket first. Or maybe it's to see who can get the most bones out of place without collapsing completely. Who knows!

At least they are polite about it. The boys try to help the young girls all they can by slinging them around the room, bending them over backward, or twisting them totally out of shape.

The girls need all the help they can get when they're wearing those match-stick stilts they call shoes. After all, you wouldn't want to fall off your shoes and break your ankle before you'd had a chance to get at least one hip out of joint.

Anyway, one night several weeks ago I was just settling down for a nice quiet evening of reading and relaxation when suddenly the foundation of the house began to quiver. I jumped out of my recliner, which is about as active as I'd been all day.

The walls were vibrating, bricks were falling off the outside of the house, and to top it off, five years' worth of black soot came tumbling down from the chimney, out of the fireplace and onto the living room carpet.

First I checked the laundry room to see if the wife's washing machine was hopping up and down with an out-of-synch laundry load. All was quiet there. Then I realized the earthquake was coming from the basement.

First I ran to the bathroom to stuff cotton in my ears. Then I donned my trusty sunglasses and dared to venture into the realms of the teenage disco.

"Couldn't you turn that down a notch?" I screamed. I probably would have gotten the same response if I'd asked "What do you think about Jackson and the PLO?" Ignored!

I trudged slowly back up the stairs, grumbling to myself about the energies of youth being wasted on the young; finally deciding that I was just jealous because no one in my generation ever had that much fun. Then I decided it must be about time to hit the sack.

Climbing up and down those stairs can sure wear a fellow out!

Weather Blesses Harvest Work

Harvest operations continued practically unabated in the area during the past week, as the weather has been favorable for farming activities.

DAN KOELZER

Temperatures have ranged from the high sixties to the eighties for the high each day, with lows generally in the 40s or 50s.

The low on Sunday night did get down to the freezing mark in the area, as the official low on Monday morning at Friona's recording station was 32 degrees.

The harvest of the corn crop, the area's number one crop, has been virtually completed, marking one of the most orderly harvest seasons in several years. Yields, where the crops had not been damaged by hail, was much above average.

"In some cases, we have had reports of farmers, with good-sized acreages, who had yields of above 10,000 pounds to the acre," said Larry Webb, manager of Bovina Wheat Growers elevator.

Harvest of other crops, such as soybeans and sunflowers, also is well advanced, and completed in some cases. The sugar beet harvest in the area also is in its second week. The yield and sugar content for the beets has been called above average, which pretty well has been the case for most crops in the area.

The only crop whose harvest has not begun is cotton, which may have been helped by the light freeze of this week. Cotton observers had been saying that a light freeze would kill the tops of the plants, and allow for the maturing process to be completed.

Most cotton farmers have been hoping for a prolonged open season from the weather, which is just what they have received for the past month or two. And the forecast for the next several days appeared good if that is what farmers want, as the warm afternoons, and cool nights are expected to continue to be the bill of fare most of this week.

Koelzer Gets Service Pin

A Bovina resident was honored last night in annual award ceremonies of Pioneer Natural Gas Company.

A banquet honoring Amarillo area employees was held at the Country Squire Dinner Theatre of Amarillo.

Daniel L. Koelzer, Bovina serviceman for Pioneer Gas, was honored for 20 years service.

K. Bert "Tex" Watson, president of Pioneer Corporation, presented awards to 133 Amarillo area employees. In three banquets on the Pioneer system in West Texas this year a total of 247 awards will be presented representing 3,440 years of service.

FAMILY AFFAIR....Allen Cumpton and Jeanne Kerby, who are in-laws, were the winners of the seventh week in the Bovina Businesses Football Contest. Both scored 11 games right and were two points off on the tie-breaker.

JCs Will Sponsor Halloween Carnival

The Bovina Jaycees will be sponsoring a Halloween Carnival again this year. The Carnival will be held Tuesday, October 30 at 329 North Street. The festivities will begin at 7:30 p.m.

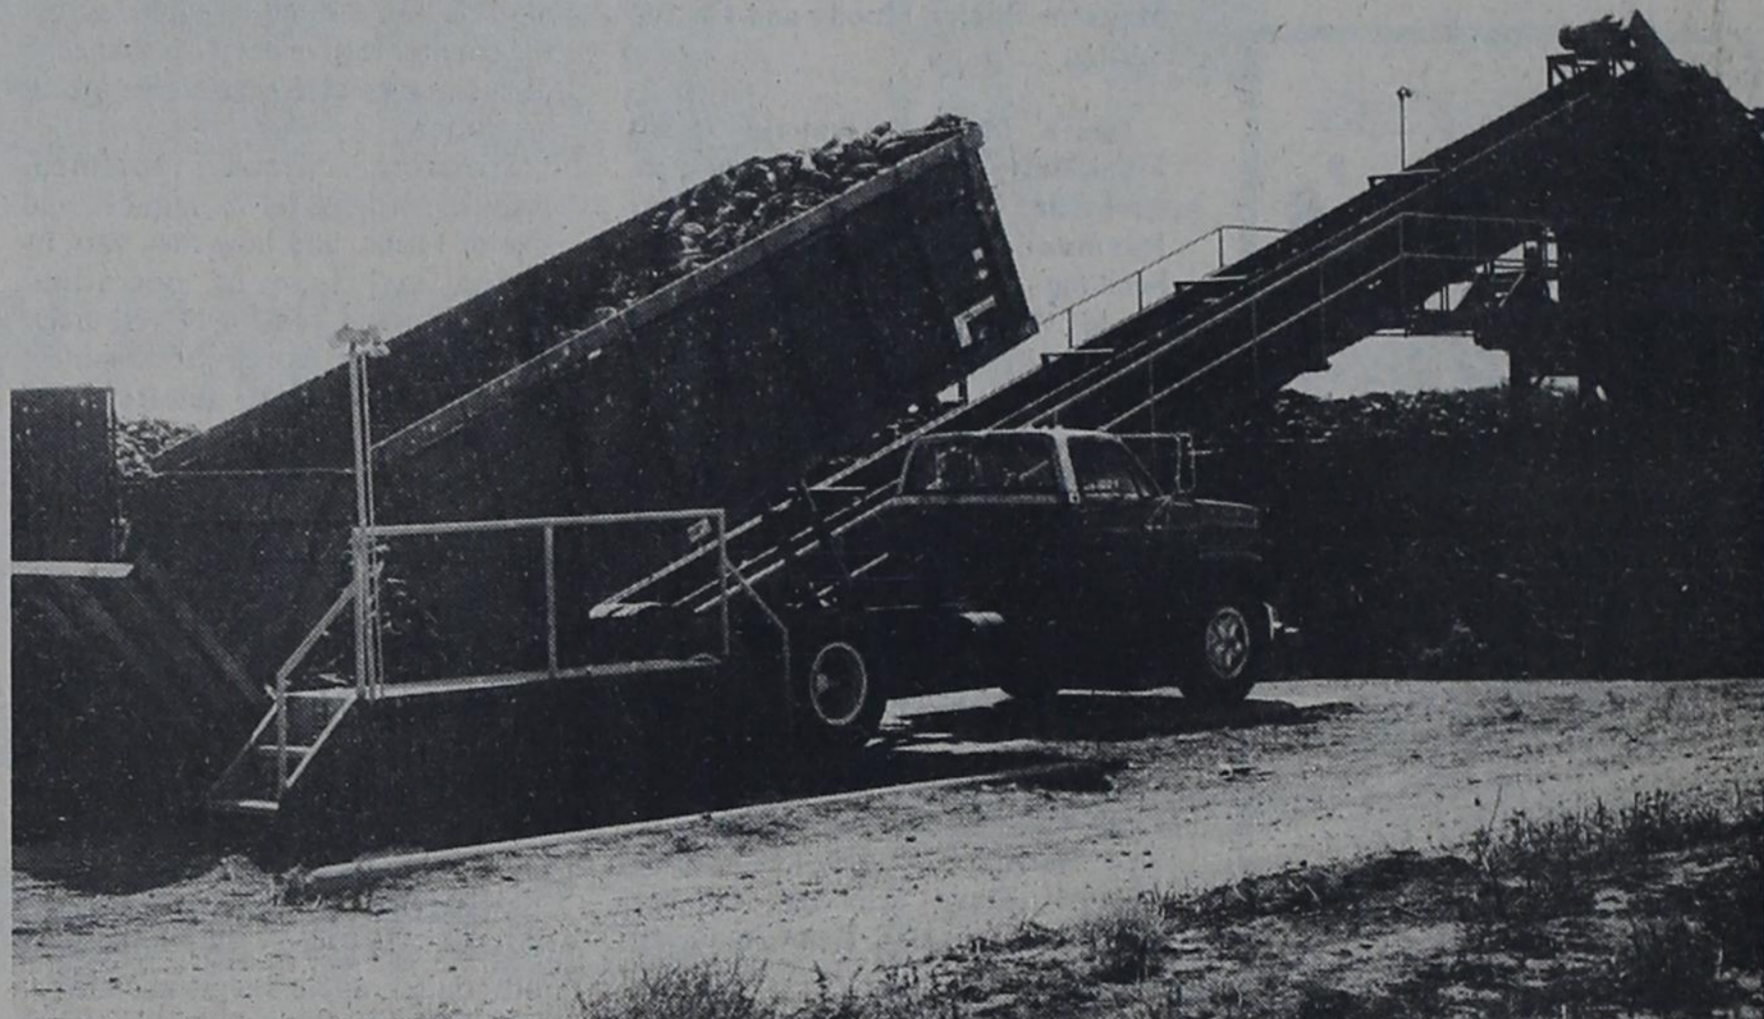

On tap for this year's carnival are the following: the senior class will have a ring toss. The junior class will have a jail. The sophomore class will have a dart throw. The freshman class will participate, but their project was not available at this time.

Also, the eighth grade will have a haunted house. The seventh grade will have a coin toss and bean bag toss. The F.H.A. will have a cake walk and the Young Homemakers will have a car smash.

The public is invited to attend the festivities and support each of the classes in their projects.

The Methodist Youth will conduct a fishing well.

The building will be open after school on Monday, October 29 for groups to set up their booths.

BEEF HARVEST...Trucks have been lining up at Bovina's Holly Sugar Corp. terminal. One such truck is shown being unloaded here this week. The beet harvest, like that of corn and other crops, is moving at full speed.

Two Contestants Tie In Football Predicting

After all the scores had been tabulated in the seventh week of the Bovina Businesses Football Contest, there was an outright tie for first place, even with the tie-breaker.

Jeanne Kerby and Allen Cumpton tied for first, both had eleven games right and both were two points off on the tie-breaker score. Jeanne and Allen, who are in-laws, are both former winners of the contest. Mrs. Kerby won the contest in 1964. The following year, 1965, Cumpton was the champion. Cumpton also won the contest in 1977 and is one of the few people who have won the annual fall event twice.

Mrs. Kerby missed the Morton-Olton, Texas-Arkansas and T.C.U.-Tulsa games. Cumpton missed the Morton-Olton, Texas-Arkansas and Washington-Philadelphia games.

There were eight other contestants who also scored an eleven for the week. They were Nickie Villarreal (who won third), Joyce Read, Donna Beth Lide, David George, Mike

Grissom, Greg Hromas, Todd Ware and Donna Grissom.

After seven complete weeks and just past the half-way mark, Mike Perez still leads in the contest with a score of 68, but David George has been very consistent the past few weeks and is only one point behind Perez, who had a three-point lead for two weeks.

The sponsors of the Bovina Businesses Football Contest are: Bovina Pump Company, Bovina Wheat Growers, Inc., Sherley Grain Company, Charles Oil Company, Bovina Blade, Bovina Feeders and First State Bank.

Also, Big Nick Farm Machinery, Lawlis Gin Company, Horn-Clayton Insurance, Paul Jones Texaco, Dairy Freeze, Parmer County Spraying Service, Crop Care, Inc., and Agri-Sprayers, Inc.

In addition to the weekly prizes totalling \$15.50, contestants are vying for a grand prize of \$100 to be

awarded at the conclusion of the 13-week event.

CST Makes Appearance On Sunday

Residents are reminded that Saturday night (or early Sunday) is the time to set your clocks an hour earlier, or "fall back," to standard time, for the next six months.

Daylight Savings Time, which has been in effect since the last Sunday in April, will officially end at 2 a.m. on Sunday, October 29, when the time goes back to standard time until next April.

IT'S A BOY....That's what the sign says at Paul Jones Texaco. Mr. and Mrs. Paul Jones are shown standing beside the sign at their Texaco station in

Bovina. The Joneses are announcing the birth of their first grandbaby, a boy, to everyone that comes into the station.

Bergland Heads Agriculture Meet

Secretary of Agriculture Bob Bergland will preside over a meeting to be held on December 6 in Wichita Falls, Texas to give the public a chance to discuss the future "structure" of American agriculture. The meeting, to last from 9 a.m. to 5 p.m., will be held in the Wichita Falls Activity Center, 10th and Indiana.

Leroy Johnson, Chairman of the Board for Parmer County Soil & Water Conservation District, said the meeting is one of ten scheduled across the country to give people a chance to discuss issues affecting the future of agriculture. Structure, broadly defined, includes such issues as number and size of farms, and how they vary by region and type of operation; ownership and control of resources, including the form of business organization, its tenure and purchasing and marketing arrangements; degree of production specialization and how it affects managerial and technological requirements; barriers to entering and

leaving farming; and social and economic characteristics of farm operators and owners.

The Wichita Falls program will include statements by pre-scheduled speakers and impromptu comments or questions from the audience.

Persons wishing to address the meeting should send a request as soon as possible to: Project Coordinator, Structure of Agriculture, USDA, Washington, D.C. 20250.

Services For Residents' Father Held

Funeral services for the father of two Bovina women were held Tuesday in Farwell.

Services for Hill Johnson, 65, were conducted Tuesday afternoon at the New Light Baptist Church in Farwell, with Rev. Thomas J. Spikes officiating. Burial was in Bovina Cemetery.

Mr. Johnson was born November 11, 1913 in Enterprise, Texas. He had been a stonemason and was of the Baptist faith. He was married to Maudie Burkley in Henrietta, Texas in 1938.

Survivors include his wife Maudie of the home in Amarillo; four sons, Charles Johnson of Phoenix, Arizona, Bobby, Ronnie and Larry Johnson, all of Amarillo; five daughters, Frances Williams of Texico, N.M., Effie Mae Shepherd and Charlene Shepherd, both of Bovina, Mary Ann Ranson and Linda McGill, both of Amarillo; two sisters, Catherine McCallister of Enterprise, Texas and Marian Johnson of Houston; one brother, Emmett Williams of Texico; 26 grandchildren and two great-grandchildren.

Pallbearers were Ben Byrd, Joe Shepherd, J. Shepherd, William Harrison, Curtis Gardner and B. Shaw.

REFLECTIONS From The Blade

20 YEARS AGO--OCT. 28, 1959

A reported accident between Bovina and Farwell Friday night brought ambulances, policemen and highway patrolmen speeding through the city but by the time they reached the scene, the vehicle involved was gone.

R.T. Harbor suffered a knee injury when a cow attacked him on a ranch northwest of Bovina last week.

Lucy Wilson has returned home after spending a week with her daughter, Mrs. John Byler in Amarillo.

15 YEARS AGO--OCT. 21, 1964

Corporal Max Gilreath, son of Mr. and Mrs. Boyd Gilreath of Bovina, who is serving with the U.S. Marine Corps in England, recently received a complimentary letter from T.J. McHugh, sergeant major of the Marine Corps.

Mrs. E.G. Howard underwent surgery recently at a hospital in Lubbock. She is reported to be improving and is at home.

Stewart Hosley of Salt Lake City, Utah and Carl King of Idaho and

their wives visited last week in the home of Mr. and Mrs. Jack Roach. The men were "buddies" during World War I.

10 YEARS AGO--OCT. 22, 1969

Mr. and Mrs. Catarino Ramon of Springlake have moved to Bovina and opened Ramon's Service Station, formerly operated by L.H. Marshall on Highway 86.

C.E. Trimble is in Northwest Texas Hospital, Amarillo, following an accident shortly after 6 p.m. Sunday at his farm near Bovina.

5 YEARS AGO--OCT. 23, 1974

Mrs. Jerry Wright of the Bovina Jaycee-Ettes won two awards at the Area IA Convention held in Perryton, October 11, 12 and 13. Mrs. Wright won the Spoke Award, given to the Jaycee-Ettes of less than one year's membership in the organization, and the Have Your Say Award. The Spoke Award is based on knowledge of the Jaycee-Ette and Jaycees organization with the second award given for the best three to five minute talk on the creed.

Local Directors Attend Meeting

Parmer County S.W.C.D. directors M.C. Osborn and Dan Smith attended the State S.W.C.D. Meeting in El Paso recently.

The 39th Annual State Meeting of Texas Soil and Water Conservation District Directors was held October 2-4 in El Paso. The theme of this year's meeting is "Challenge of the 80's." Approximately 900 attended the meeting. The purpose of the meeting was to review developments effecting Texas conservation programs and to plan future conservation district programs and activities.

Speakers for the session were: Neil

Sampson, executive vice president of the National Association of Conservation Districts; State Senator Grant Jones of Abilene; Congressman Richard White of El Paso; and Congressman Charles Stenholm of Stamford.

John Henry Faulk, humorist, historian and philosopher entertained at the banquet on Wednesday evening.

Both Osborn and Smith felt the meeting was very good and timely. Both men were accompanied by their wives and all enjoyed visiting in the border city.

Texas Engineering Extension Service offers job training

COLLEGE STATION -- Approximately 50,000 Texans employed in electric power, electronics, telecommunications and municipal services received job training through the Texas Engineering Extension Service last year.

The total of workers trained through the Texas A&M University facility was up some 3,000 from the previous year, said TEEEX director James R. Bradley.

Bradley said the 16-division TEEEX experienced 75 percent increases in activity during the year. Most of the expansion was in fire protection, special programs, energy technical assistance, international programs, public works, construction equipment and electronics training.

In addition to its functions of a direct public service nature, TEEEX also conducts courses which lead to jobs in construction and heavy equipment operation.

"In special programs, contractors are putting women trained for construction work on the payrolls as fast as they become available," Bradley said.

Scooter's Scoops

By Scooter Russell

Things are going good in Bovina. Almost all the corn has been harvested, with good yields...some crops suffered hail damages the early part of August but warm weather throughout September has helped make the cotton and farmers are smiling once more...The Cowboys won their game over the weekend so Dorothy Harris is happy as are many other football fans...Sunday is Mother-in-law's Day and I have been blessed with one of the best! So Happy Mother-in-laws' Day, to you, Mrs. Russell in Hereford...

Other things happening around town...

Mina Horn and Arleen McCallum have just recently returned from a trip to Hawaii and Japan. The ladies spent a week in Hawaii and while there they did a lot of sightseeing. Mina said they took an all-day cruise around the island and she suffered a bad sunburn and Arleen got seasick. Other than that they made it fine in Hawaii.

Later they traveled to Japan and visited with Mina's son and his family, Dick and Joan Horn and sons, Steve and Tim. Mina said the heavy traffic was unbelievable. It is almost impossible to get around other than on trains and they were very crowded. She said one day, Dick tried to go Tokyo by auto, he called an hour later and said he had only traveled about six miles and that he was returning home because the heavy traffic made it impossible.

The Horns were telling the ladies about the price of fuel and how the cost had almost tripled since last year. Their home is heated by butane and in order to have it turned on long enough to get the chill out of the house it costs almost twenty dollars so they mainly used fireplaces or the electrical heating unit which homes have built in the floor under their tables. The price for gasoline is \$3.00 a gallon (American money).

The Horns have lived in Tokyo for about five and one half years. Dick is now overseeing five churches and his wife Joan teaches English Bible classes in their home and in the churches.

Margaret Charles and Mrs. Wilbur Charles drove to Albuquerque October 4, and from there they flew to Los Altos, California to attend the wedding of Mrs. Charles'

granddaughter, Charlotte Kaminski, which was held at the Los Altos Methodist Church. While there they visited with Mrs. Charles' daughter, Mary Elizabeth and her five sons.

Dorothy Lusk entered the Methodist Hospital in Lubbock Monday of this week and is scheduled for surgery today (Tuesday).

Brother J.J. Terry celebrated his 75th birthday Sunday of this week. I talked with him and he said the highlight of the day was preaching Sunday evening at the First Baptist Church. Several members of his family were here over the weekend: their son Melvin and grandson Malcom and his friend of Lubbock; their daughter Ludene and Jerry Davis and daughter Barbara Williams of Roswell; another grandson Terry Collins of Memphis; and Arnold Hromas and Brad came by Sunday after services and visited with the Terrys in their home and wished Brother Terry a Happy Birthday.

We heard from Jeanne and Bo Bartlett who have recently moved to Guatemala City and will be in charge of getting an orphanage started there. Jeanne said they have a nice house in Guatemala City and will live there until the grounds and buildings are under way for the orphanage. She is teaching school, has 19 in her class and says it is almost the same as in the states except they do not have all the extra paper and teaching aids.

She said the rainy season was supposed to be over but it had been raining and damp with cool nights since they arrived.

The children like school and their teachers. Bo has been busy working on the jeep and truck and they hope to go to Flores soon and have the land surveyed for the orphanage.

If you wish to write to the Bartletts, their address is:

Mr. and Mrs. Clyde Bartlett
Diagonal 17-No. 24-49 Zona 11
Guatemala, Guatemala, C.A.

Laqueta Garner's mother, Bernice Chaney of Plainview, underwent surgery in the Methodist Hospital in Lubbock last week. She will be in the hospital at least another week and her room is No. 793.

The Senior Citizens will meet

Wednesday, October 31 at the Spot for their regular luncheon and games later.

You are urged to come and bring a friend.

It could only happen in Bovina...This is Dickie Garner's first year of farming and most of his corn was hailed out. We learned today that an anonymous "somebody" left 10,000 pounds of corn at the elevator in Dickie's name. How's that for a good neighbor? Anyway, Dickie and Joyce want to say a big "Thank You" to whoever....

Nelline Spicer has been enjoying a good visit with her mother, Nell Gordon of Boswell, Oklahoma, who came last week and will spend a couple of weeks with her. Nelline's sister, Adelle Anderson of Dallas drove to Bovina with her mother and she spent a couple of days before returning to Dallas.

Little Kelly Mitchell, daughter of Donna and Larry Mitchell was hospitalized at the West Plains Hospital in Muleshoe about a week ago with a virus. She is home now and the family says she is getting along fine.

Luther Grissom was taken by ambulance to the Parmer County Community Hospital a week ago last Friday where he spent a couple of nights. He was in the office visiting with us Monday morning of this week and is doing well.

Jeanne and Al Kerby have been enjoying a visit with their one-year-old grandson, Jason, of Littlefield. He came last Sunday and will go home Thursday.

Merle Morgan went last Tuesday to Stinnett to visit with her daughter and her family, Deanna and Charles Harris and children Jonathan and Amy. Amy celebrated her first birthday while her grandmother was there.

Our elementary school asks that you save Campbell's Soup labels and Franco-American labels and give them to Virginia Rhodes or turn them in at the office at the school. Educational materials can be purchased with the labels to be used by the school.

Kathy Blagrove, daughter of Joann and D.T. King, underwent surgery at the Methodist Hospital in Lubbock Wednesday of last week. Monday, her dad said she would be going home sometime this week and is getting along fine.

Mr. and Mrs. Jim Owens have had lots of company recently: Mr. and Mrs. Hubert Duren of Electra, who are still with them, and others: their daughter and son-in-law, Bertha and J.D. Kelly of Texico; Jim's brother and sister-in-law, Dale and Shirley Owens of Clovis and their children, Dayla and Greg. Also visiting, another brother and sister-in-law, Charlie and Helen Owens of Hereford.

Allen and Bobby Cumpton have recently returned home from a trip to Colorado and Dallas.

Allen's dad, W.E. Cumpton of Cortez, Colorado underwent surgery and they stayed with him a few days. Reports are that he is getting along fine.

Later the Cumpions went to Dallas to watch the Cowboys play ball and also watched S.M.U. and Baylor. Allen said at this game there were 35,000 Baptists and 35,000 Methodists.

While in the Dallas area they spent time with their daughters and their families, Nancy and Erick Perkins and children, Sharon, Russell, and Jeffrey; and Patsy and Bill Bain and children, Laura Beth and B.J.

We want to extend our deepest sympathies to Lawrence Jamerson and Jessie Jamerson in the loss of their brother and son, Al Jamerson, who passed away last Friday at Lubbock Methodist Hospital. He is survived by his wife, two children, a brother, two sisters, his mother, and seven grandchildren. Services were held Monday at the First United Methodist Church of Ralls.

Art Sale To Benefit Charities

The works of local artists, as well as artists throughout Texas and Oklahoma, will be featured at a Starving Artist Sale November 16-18.

Sponsored by the Lubbock Jayceettes, the exposition will be held at the former TG&Y Building in Monterey Center. Nancy Morgan, publicity chairman for the sale, said "many kinds of art, such as jewelry, oil paintings, ceramics, macrame, and wire sculpture will be featured."

The sale will be open Friday, November 16 and Saturday, November 17 from 10 a.m. until 8 p.m. and Sunday, November 18 from 12 noon until 5 p.m.

Proceeds from the sale will go to charities. Last year's proceeds from the sale went to the March of Dimes, Multiple Sclerosis Society, Family Services of Lubbock, Lubbock Area Foster Parents Association, Lubbock Area Children's Shelter, Lubbock Jaycee's Children's Shopping Tour and the Texas Jaycee Campus.

This will be the eighth annual sale the Lubbock Jayceettes have sponsored.

the Tom Simmons Park and placed in the top fifteen which entitles him to go to the national track meet which will be held at Wichita, Kansas.

Those going from Bovina to watch Buddy run were Kim and Nancy Rundell and son Blade and Kathy Williams. Later the Rundells enjoyed the Tech game with Donna and Mike Grissom and son Jason.

Also running track Saturday at Lubbock was Linda Pinner of Amarillo. Linda and her family lived here a few years ago and she attended school in Bovina. Her sister Tony Barrett and her children Ty and Daphne were there to watch her run and also attending the meet was Beverly, Tony's sister-in-law.

Those two happy people handing out lollipops and cigars Monday were Paul and Ola Lee Jones. Yep...they finally have their first grandchild, a boy, born to their son Randy and his wife in Florida. Our Congratulations!

Mrs. W.W. Wilcox went to Lubbock last week for a checkup and said she is getting along fine. While there, she visited with Bessie Combs who is in the High Life Nursing

Home in Lubbock. Mrs. Wilcox said Mrs. Combs is getting along fine and stays busy quilting and doing needle work. Mrs. Combs lived in Bovina for many years and we miss having her here but it is good to hear that she is well and happy.

Lowell Boozer was in the office Tuesday wearing a cast on his left arm. It seems he broke it while roller-skating last Friday night.

He said the bad part was that hunting season is nearly here and he shoots left-handed.

Lee and Joan Clark are enjoying company this week: Goan's mother, Daisy Ashburn of Jeaham. She came Tuesday and will be with the Clarks for a few days.

Monta McClaran came home last Saturday from the Hi Plains Hospital in Clovis where she has been a patient for several days.

Friends say she is getting along fine.

Sue and Lonnie Fowler left last Thursday for San Diego, California to visit with their daughter Nancy.

Their son Robert said he wasn't for sure how long they would be gone.

Kirby Karrell's mother, Merle, underwent surgery last Tuesday at the West Plains Hospital in Muleshoe. She is getting along fine and is expected to get out of the hospital today (Tuesday). She lives in Houston but will stay with her brother in Dimmitt until she is strong enough to go home.

Paula and Billy Whitecotton have returned home from New Orleans where they attended a Ben Franklin Merchandise Show which was held at the Super Dome.

The Whitecottons left last Thursday and came home Saturday.

SMILE: After several hours of smooth uneventful riding, a small boy on a long trip with his parents said to his father, "I wish you would let mother drive. It's a lot more exciting."

Thank you for helping out with Scoops this week...have a good one...Scooter.

Difficulties As Stepping-Stones

We are troubled on every side, yet not distressed; we are perplexed, but not in despair; persecuted, but not forsaken; cast down, but not destroyed.

--II Corinthians 4:8-9

AMONG the various studies that were made by a research group, one was a study of fish. A large glass tank was built with a partition of clear glass in the middle and each side filled with water. A little minnow was placed on one side, and a bass on the other side.

When the bass saw the minnow, he immediately dived for the anticipated meal, but he bumped his nose on the partition. He kept on bumping his nose frequently for several days, and then, only occasionally. After a period of time he stopped trying. The partition was removed from the tank, the minnow and bass swam together. The bass never attempted to catch the minnow again.

We sometimes think that we are getting a lot of bumps—and we do. But the Lord is teaching us how to receive something better.

PRAYER: Heavenly Father, teach us to use our present difficulties as stepping-stones in Thy love. Lead us in faith to know that the suffering of this present time is not worthy to be compared with the glory that shall be revealed in us; through Christ, our Redeemer. Amen.

Vega Hands Bovina 30-0 Setback Friday

The Bovina Mustangs opened their District 3A schedule last Friday night when they met the Vega Longhorns at Vega. The Mustangs suffered a 30-0 loss to the District 3A co-favorites.

According to Coach Monte Barnes, the Mustangs were unable to stop the Longhorns' offense and the six Mustang miscues provided the Vega team too many opportunities to

score. The Longhorns rolled up 469 total yards on offense and held the Mustangs to only 157 yards on offense.

"Their quickness just killed us and our team wasn't reading their keys and executing," said Coach Barnes. Barnes also pointed to the fact that with so many sophomores on the team, there needs to be some older players to assume a leadership role, something the Mustangs have been lacking.

Barnes cited the play of Gabriel Guevara and named him the Offensive and Defensive Player of the Week.

The Mustangs will be hosting the Hart Longhorns this Friday night. According to Coach Barnes, the 'Horns have some speed, two big running backs, and a quarterback that can throw the ball pretty well. The Mustangs and Hart are pretty evenly matched and it should be a pretty good game.

Coach Barnes also brought up another interesting fact. The Mustangs have not been beaten by any team this year that they had not lost to last year, except for the River Road team, and Bovina almost won the district title last year.

With harvest almost over and the World Series over, it is hoped that the fans will show up to support the Mustangs. Attendance has been lacking the past few games, and sooner or later this affects the team.

JV Loses, Jr. High Wins

The Vega Junior Varsity and Junior High teams came to town last Thursday night and when they left, they had won one and lost one.

The Vega Junior Varsity defeated the Mustang Junior Varsity by a score of 14-0. According to Coach Barnes, the game could have been a whole different story, except for two fumbles and a penalty. The Mustang J.V. had a 60 yard touchdown called back during the first half and two fumbles by the Mustang J.V. led to Vega scores. The J.V. now sports a 2-3 record, 0-1 in district.

The Bovina Junior High Colts won their game against the Vega Junior High team, 6-0. The Colts now stand 3-1 for the season and 1-0 in District.

SHORT GAIN.... Gabriel Guevera, 99, is shown making a tackle on a Vega runningback. Guevera was

named the offensive and defensive Player of the Week by Bovina coaches.

Honor Rolls Are Given

PCTA Has Meeting At Lazbuddie

The Parmer County Teachers Association met Monday, October 15 at the Lazbuddie School District. A ham dinner was served.

The group was entertained with a short skit depicting what schools would be like in the year 2000. The skit was presented by a group of Friona teachers under the direction of Jeanne Moseley.

Mrs. Moseley also gave a report of the NEA convention she attended in Detroit. The Association elected their delegates to the Texas State Teachers Convention to be held in March. Patricia Turner, third grade teacher in Bovina was selected as the alternate.

Those attending the meeting from Bovina were Shirley Garrison, Anne Heflin, Isaiah Mejia, Patricia Turner, Sue Cortese, Glenna Monk, Karen Renner, Norma Villarreal, Joy Melton, Janie Sudderth, Kena Arthur and Phyllis Steelman.

The next meeting will be in Bovina in January.

QUESTIONS OFTEN ASKED ABOUT YOUR EYES

By B.W. Armistead
& Steven D. Smith
Optometrists-Littlefield

Q: Do you do any charity work? By that I mean, do you take care of people who need your services but can not afford to pay?

A: Yes. Our policy is the same as it has been for many years. If a person needs our services and has been certified by the School Nurse, the Welfare Department, the Lion's Club Sight Conservation Committee, or some other authorized agency and funds are not available from any Governmental Agency, we will provide our services at no charge. We will supply a frame at no charge and bill the school or Lion's Club (or other organization making the referral) for only the cost of the lenses.

Q: If I know someone, maybe a school child, who needs visual care, how do I help? What is the first step?

A: Contact the school nurse or a member of the local Lion's Club in your area. They then certify that the person is needy and refer them to us.

Q: Since the weather has had such a devastating effect on crops this year, and with the local economy in a slump, have you given any thought as to how you might help others needing your services?

A: Yes, we have. We realize that this has been an unusually bad year for our crops and that people we serve continue to need good visual care. So we have decided upon the following course of action to help our patients. From October 1, 1979 through December 31, 1979, the following policies will be in effect:

1. We will make available to our patients new, but discontinued, frames at a savings of 50 per cent. We have many current styles to choose from.

2. On second pairs of eyeglasses only, if the frame selected sells for \$20.00 or less, we will give our patients the second frame at no charge (free).

3. If the frame selected for a second pair sells for more than \$20.00, we will make the second frame available at a savings of 50 per cent. Many of our patients need a second pair as a "spare" or in prescription sunglasses.

4. We will make every effort to cut costs where we can without curtailing the high quality of professional visual care we continue to provide for our patients.

NOTE: If you have had your eyes examined anytime during the past year (at our office or elsewhere) and would like to have a "spare" pair of glasses or prescription sunglasses, you can take advantage of these savings.

THE ABC'S OF FUEL ECONOMY

Here are some easy tips to help you get more miles for your gasoline dollar. Use them all and you can save as much as 4¢ on every gallon!

To get a free booklet with more easy energy-saving tips, write "Energy," Box 62, Oak Ridge, TN 37830.

ANTICIPATE... stops, turns, lights, traffic, hills.

BUFFER... yourself from other traffic; leave room to react.

CONSERVE... momentum by avoiding unnecessary braking, turning, accelerating.

ENERGY.

We can't afford to waste it.
