Town  
Bulletins**  
By  
Bill Ellis

AFTER TWO OR THREE weeks of unseasonably cool weather, it is beginning to look as though the seasons are about to get straightened out somewhat.

We mentioned a couple of weeks back that unless things changes, the year of 1981 was going to win the award of "weirdness," hands down.

After a hotter than normal April, with farmers chomping at the bit to get their crops planted, we followed that up with a cooler than normal May, plus winds we should have been through with in March. This left young crops really challenged to get off to a good start.

But, we had a great weekend of weather around the Memorial Day weekend, with both a warming trend and some hopeful signs in the way of moisture, so that farmers again may be able to get their hopes up.

Hopefully, we'll have a summer that won't be quite as hot as last year's, and with more help from the moisture department. In fact, our farmers (as well as city dwellers) are needing that type of summer in order to get by.

City residents need the break from the drought and heat wave, the same as the farmers, from the standpoint of utility bill relief. And our city water supply, just like that of the farmers, needs some help from mother nature to help us all get by.

**WE GOT TO THINKING** this week about several things, which in a way are related, and then again, they're not. The similarity is mainly in the approach to solving the problem.

For example, it has been said that if you get a bad cold, you can go to the doctor, take some shots, get a prescription, come home and rest, and in about a week you'll be over it. Or, you can just take it easy, drink plenty of liquids, and in about a week's time...yep, you'll be over the cold.

Then, there is the chore of shovelling snow, which admittedly we did not face to a large extent this past winter. Our feeling in regard to snow on your driveway or sidewalk is: "Why give yourself a premature heart attack shovelling it all off? By June or July, it's always melted, isn't it?"

We're beginning to develop a similar philosophy in regard to dandelions. Usually, we spend at least a day in the early spring, going around with our spray can, doctoring the pesky yellow flowers. About a month later, the dandelions disappear.

This year, we laid it off to being busy, but never did get around to the dandelion treatment. We noticed that, sure enough, about a month after the dandelions were at their zenith, they now have been choked out by the grass.

We used to have a cartoon, which wife Carol cut out and placed on the refrigerator door. It showed one neighbor (which Carol indicated was me) telling the other "Oh, I didn't say I didn't have any weeds-I said I'm not bothered by them."

That's sort of like the motto our friend Leon Coffey has about weeds: "I've never seen a two-year-old weed," he asserts.

**THE EXPERTS** say that we all work the first four months of the year just to pay our taxes, and what we earn the rest of the year is ours to keep.

If that is true, then it takes about one-third of each dollar earned to pay Uncle Sam.

On the current world market, the dollar is worth 36 cents. Take the 33 and one-third cents that we owe the government from that, and this leaves the individual with two and two-thirds cents of each dollar to pay our mortgages, utilities, buy our groceries and clothing.

What can you buy with two and two-thirds cents? Why, even the penny postcard is up to twelve cents.

### Flags Pay Tribute To Veterans

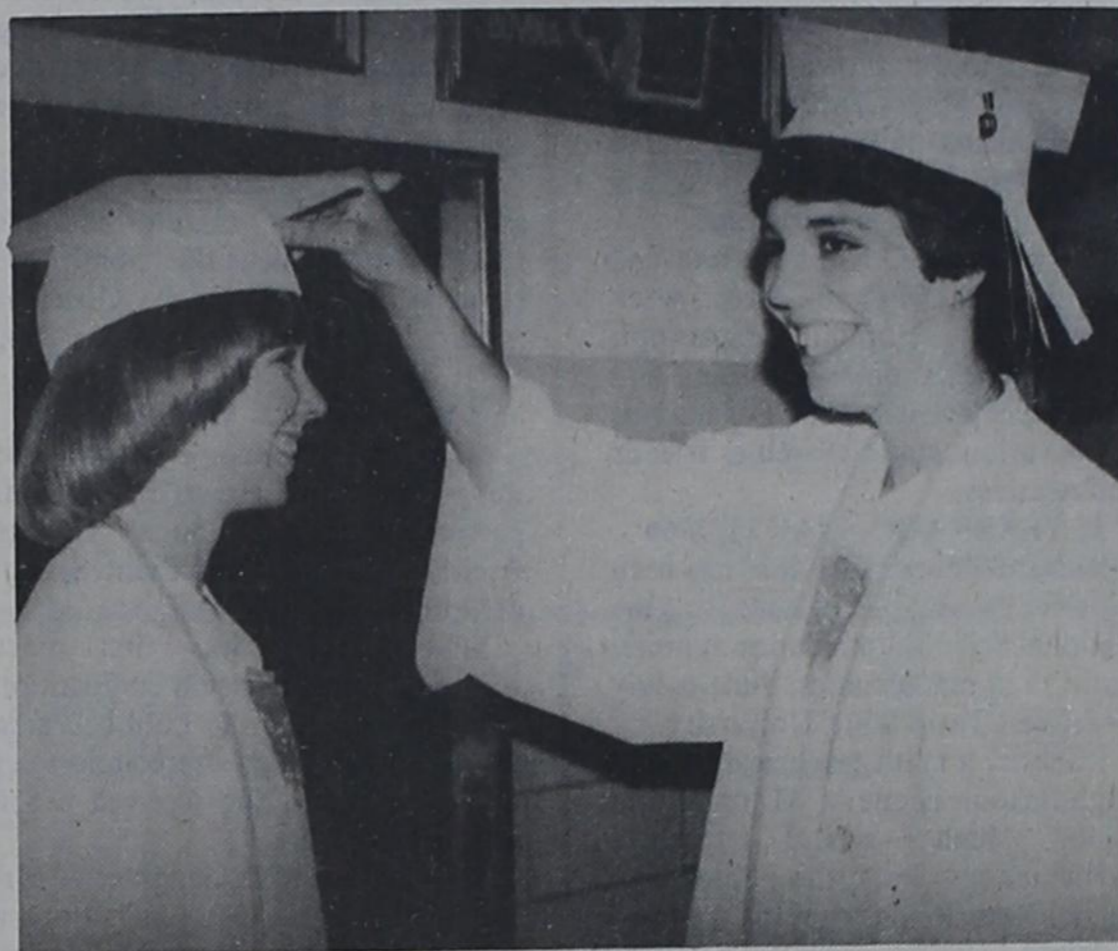

Memorial Day is a time of paying tribute to those Americans of our armed forces for their deeds, their courage and their great sacrifice.

The Bovina Cemetery had 11 World War I veterans and 38 World War II veterans, making 49 veterans buried in the cemetery.

Flags were put on all veterans' graves, Saturday by Elton and Marie Venable, and Clyde and Helen Blaylock. "We are hoping we didn't miss any veterans, but if we missed anyone, please let us know by calling 238-1107 and we will put their name on our list for next year."

Flag holders and flags are supplied by the American Legion Post 518, which is named after a veteran who lost his life at Pearl Harbor, John Teetem Wilkerson.

### Sale Set By Co-op

A close-out sale was announced this week by Bovina Wheat Growers. According to Floyd Schueler, chairman of the Co-op's board of directors, unless something in the way of a miracle happens, the company's elevator and fuel divisions will be closing.

"We have just about exhausted all avenues and possibilities, in attempting to keep the cooperative afloat, or selling the property to someone. We have just about reached the end of our rope," Schueler said this week.

The co-op spokesman said that the administration's "cut back" policy had been a deterrent in the securing of a loan by one interested party. Under the new guidelines, Small Business Administration loans are limited to \$100,000, a limitation which may severely handicap business loans.

The details on the close-out sale can be found in the company's advertisement on Page 4 of this issue.

## GSPA Needs Farmer List

Mabry Foreman, president of the National Grain Sorghum Producers Association (GSPA) has announced an intensive farmer-to-farmer effort to reach and enlist every sorghum farmer in the nation.

Foreman, an Oklahoma farmer and rancher, said it is essential that sorghum growers be represented in Washington, D.C. as feed grains provisions of the 1981 Farm Bill are written. "Never before, has it been so important for farmers to speak up," Foreman said. "Never before, has it been so necessary for them to combine their voices in unity to reach their common goals. The economic and political mood of the nation demands it."

"GSPA has operated for more than 25 years on a very small budget." Foreman continued, "but it has been acclaimed as one of the most successful and effective farm organizations. In 25 years, the organization has added BILLIONS of dollars to sorghum farmers' incomes—\$250 million, in last year alone. Every sorghum farmer in the nation has shared in these benefits, and the time has come that we must have their support to continue to work."

Foreman said every member of Grain Sorghum Producers Association will be asked to contact other sorghum farmers in his community, tell them about GSPA's work and ask them to help him keep it going. The success of GSPA's work is directly related to the participation of farmers. "We expect this to be a landmark year in farm legislation, especially for feed grains. Export market development may be even more important," Foreman said. "We simply must not let sorghum farmers be ignored because they were not represented."

**League Needs Leaders**

The Bovina Little League season is just around the corner from its starting date, yet it is facing problems of inflation, rising costs, and more important, people-power.

will have to work hard or for very long. The other area lacking in people-power is coaches and managers. The program needs someone willing to coach teams. "We need people that will take enough time for a practice session each week and two games a week. Unless someone will volunteer to help coach a team, there might not be a Little League program at all. One or two persons cannot coach all the teams. It takes several persons that are willing to work," a Little League official says.

"If you, (parents, grandparents, spectators, or whoever) want to have a Little League this year, won't you volunteer to help out somewhere? When your child brings home the paper for you to sign so he or she can play, please take time to tell us what you will be willing to help with. Or if you don't have children playing and would like to help, let it be known to the Little League. Together we can make Little League a great success, but if you don't help out, it might be you that let Little League, and your children down, by not having the program this summer," the spokesman concluded.

But time has been taken to get the field ready; someone has had to buy equipment, practice with the teams for games and to make sure the kids get there for the game and many other things. "When you buy the popcorn or hot dogs, just think about the people who prepared all those goodies for you to eat, and the time it took to do so. The concession stand takes a lot of work and time to run smoothly," said a spokesman for the Little League.

All these activities take several people to run the Little League and all of the above have been taken care of for this year's program except one or two. The concession stand is one area which needs help. Unless the parents are willing to help out one or two nights, the concession stand might not be available for the parents and kids "to enjoy a coke at the game." If everyone will volunteer one or two nights for the season, no one

# Scooter's Scoops

By Scooter Russell

Happy 50th wedding anniversary to Mr. and Mrs. John T. Gee, who are observing their anniversary today, May 27. Many happy returns.

We want to congratulate Thelma and Rouel Barron on the birth of their first grandson. He was born last Friday, May 22, and has been named Mathew Adam. His parents are Jerry and Suzi Barron of Shreveport, Louisiana. He weighed eight pounds, two ounces and has two sisters, Stacey, five years old, and Shelly, who is two. His other grandparents are Mr. and Mrs. Dal Miller of Scottsdale, Arizona, and also a great grandmother, Mrs. Miller, also of Scottsdale. The Barrons have five granddaughters.

Our deepest sympathies to the family of Bob Roberts who passed away week before last. He was Nadine Paine's father and Kim Rundell's grandfather. Bob had lived in our area for many years and was loved by many.

Thomas and Virginia Rhodes had their family visiting over the weekend: their daughter and family, Rhonda and Riley Armstrong and daughter Ragan of Roswell; and their son Alan and his wife Robyn of Lubbock.

Visiting over the weekend in the home of Mr. and Mrs. T.E. Rhodes were Mrs. Rhodes' sister Mary Lee Tidenburg and her daughter-in-law

June Tidenburg of Albuquerque, New Mexico.

Les and Rose McCain enjoyed company Sunday in their home: Les' parents, Mr. and Mrs. W.C. McCain of Fieldton; his sister and her husband, Mr. and Mrs. Eldon Hill of Littlefield; and an aunt and uncle, Mr. and Mrs. R.T. Truelock of Littlefield.

Mrs. P.O. Dixon who spent a couple of days recently in the hospital was taken by ambulance back to the Parmer County Community Hospital in Friona Sunday afternoon.

Lavoda Hawkins was taken by Bovina ambulance to the Clovis High Plains Hospital Saturday night.

Friends say she is getting along fine but will stay in the hospital for a few days for observation.

Jimmie Clements underwent surgery last Thursday in a Lubbock hospital for the removal of a kidney stone. He came home last Saturday and is getting along fine. This is the fourth surgery for the removal of kidney stones since he suffered a broken back several months ago. We sincerely hope he is on his way to a complete recovery this time.

Jim and I enjoyed having our cousins visit for a short time Monday morning on their way to Hale Center, Mr. and Mrs. Jessie Kennedy of Tucumcari, New Mexico.

Esther Steelman entered the West Plains Hospital in Muleshoe last Friday. I talked with her Monday night and she said she would find out Tuesday of this week if she will require surgery or not. She is in room 425.

Pauline and Bedford Caldwell and Fern and Durward Bell have recently vacationed in Angle Fire, New Mexico and Ruidoso. Pauline said when they left Angle Fire they had intended to go to Pagoso Springs when they drove into a bad snow storm, so they turned around and went to Ruidoso instead. She said the area received 10 inches of snow.

We understand Mrs. Willie Mae Ross is back home in Bovina and has had her daughter and son-in-law Mr. and Mrs. Skeet Evans, visiting for a few days from Oklahoma City.

Keith and Laqueta Garner and daughter Donnell attended a family reunion in Plainview Saturday night. Laqueta and Donnell returned home that night and Sunday Tim and Doyle went to Plainview to pick up their dad. Tim said about 30 family members attended the reunion and it was held at his grandmother, Leora Garner's home.

Ona and Jack Patterson had company Sunday, their daughter and family, Sandra and Carl Blacksten and sons, Sean, Mark and Donnie, of Amarillo. Visiting Monday in their home was Jack's niece, Nancy Dunn.

Sid Lloyd and Elbert Kelley attended graduation ceremonies of Sid's grandson, Mike Lloyd, in Bryan. Mike is the son of Don and Myrna Lloyd of College Station.

Merle and Buster Morgan visited recently with their daughter and her family, Deana and Charles Harris and their children Amy and Jonathan of Stinnett.

Shelby and Gaylon Rhodes have had visitors, their niece and nephew, Janet and Jason Rector of Friona. They came Saturday and left Monday. They are the children of Sharon and Larry Rector.

Steven and Linda Wiseman and their children, Shana, Brandy and Jimmy, of Albuquerque, New Mexico, have been visiting Steven's mother, Jean Wiseman. They arrived in Bovina Saturday.

Jean Wiseman was telling me her grandson Aaron is getting along okay, although he is still in the hospital in Amarillo. He was a little fellow, but weighs three pounds, seven ounces now.

Bruce and Darlene Caldwell were honored last Saturday evening with a couples shower to celebrate the birth of their daughter, Rebecca. Sandwiches, iced tea, chips and dips, and cake was served to approximately 14 couples. The baby shower was in the home of Billy J. and Barbara Charles.

Larry Sides graduated from the University of Texas at Arlington recently and has been in Bovina visiting with his mother, Ernesteen

Minter. Larry will be moving to Houston and will be employed by Texaco.

We understand the 26 seniors and sponsors who flew to New Orleans, Louisiana for their senior trip had a great time. While there they visited the Super Dome, two plantations, St. Louis Cathedral, and shopped in Jackson Square. They stayed in the French Quarters which was fabulous. One of the senior girls told me they had tickets for a cruise on the S.S. Natchez, but there was a mix-up on departure time and they missed their boat. The group left last Wednesday and arrived back home Saturday.

We want to congratulate Lavonia and Weldon Moody on the birth of twin grandsons born Tuesday, May 19 in the Methodist Hospital in Lubbock. Their parents are David and Kim Vaughn of Petersburg. The boys have been named Travis Jay and Trace Aaron. Travis weighed seven pounds 15 ounces and was 21 inches long. Trace weighed six pounds 13 ounces and was 19 inches long.

Other grandparents are Mr. and Mrs. Steve Trowbridge of Petersburg and Mrs. Tom Terrell of Plainview is the great-grandmother.

Visiting in Bovina recently with Mr. and Mrs. Vernon Ward was their daughter and family, Billie and Sonny Spurlin and their children, Steve and Sharon of Amarillo.

Also visiting was Sharon's friend, Rusty Neil, also of Amarillo.

Attending a family reunion at Lake Whitney recently were Barbarette Sikes, daughter Kathy and grandchildren, Scott, Angie and Penny. They also visited other relatives in the area. The family went to Lake Whitney Friday before Mother's Day weekend and returned home the following Monday.

Have a good rainy week and thank you for helping with the Scoops-- Scooter
