Tract consisting of 400 acres and located in 19-28 sold to J. M. Roco of Los Angeles for \$100.00. Tracts 10 and 11 attracted no bidders.

## To Start Retard Dam For Hope The Latter Part of This Month

It was learned here yesterday there is a strong possibility of starting the retard dam to serve the Hope irrigation district the latter part of the month. Plans for the construction of the dam have been practically completed; the dam is to be located on the Penasco river near the YO crossing and is being built for the purpose of retarding the flood waters of the river. The project is expected to employ forty men.

## Man Stabbed To Death At Clovis

Jay Gibson, 28-year-old Clovis wholesale liquor dealer, was stabbed to death in a rooming house at Clovis Saturday, and Ralph Daugherty, 18, of Lariat, Texas, was arrested in connection with the slaying.

Arrest of the youthful Texan, a former resident of Etowah, Tennessee, followed a few hours after Gibson, his jugular vein slashed, staggered down the stairway of a second-story hotel on to the sidewalk and gasped:

"My God, they killed me." Witnesses said Gibson had gone to the rooming house to see a friend, Martin Cranfill, of Texico, and while there became involved in an argument with two men in defense of Mrs. Ruth Bowman, proprietor. They told officers Mrs. Bowman had spoken to the pair about creating a disturbance in one of the rooms and that Gibson intervened when one of them struck her.

## BUSINESS MEN'S CLUB

The Business Men's club met on Tuesday evening, March 10th, at the basement of the Presbyterian church with President James Mitchell presiding. The Presbyterian church ladies served a very excellent dinner. Immediately after the dinner, the president launched into the regular program. Mayor J. T. West was called upon to make a report on the installation of the new proposed sewer system. The mayor made a very favorable report and the consensus of opinion is now that Hagerman is assured this modern asset.

Mr. Wimberly was called upon to introduce the out-of-town speakers. He introduced Mr. McKee, a salesman from Amarillo, also an old-timer, D. P. Greiner from Roswell, and Will Robinson, who has made the Pecos valley famous with his "Sidelights on the News." Considerable wit was displayed in the introduction as well as in the response. He was brought out very plainly that Mr. Wimberly and Mr. Robinson had differed in many points, however, the differences had apparently been friendly. It seems that their differences had extended over a period of thirty years and they were still on speaking terms. Mr. Robinson was introduced by Mr. Wimberly as being a man of broad experience, cultured, and informed. He described his as being a versatile and able writer on the current subjects of history, literature, art, science, and religion. Their politics were not mentioned.

After explaining the working of the liquor system, Mr. Robinson gave an inspirational talk of the upbuilding of southeast New Mexico, a subject upon which he was well informed. He made a point that a man could not travel continuously without acquiring valuable information as to the things that make New Mexico outstanding. Mr. Robinson believes that the Hagerman Mineral Wells, as soon as the people learn their merits, will be an asset to Hagerman. The wells bring travelers, money and will probably be the cause of many people locating here. He stated that information secured from the travel bureau indicates that New Mexico had 2,705,000 guests last year. It has been estimated the competent authority that we had 51,700,000 transients last year. He suggested that our tourist sales double our cattle sales. He further stated without hesitation, tourists in New Mexico have placed up twenty-five to forty years ahead of what we would otherwise be. Tourists, alone, bought \$1,000,000 of gasoline last year in this state. Mr. Robinson has found that gas tax alone has brought to the state five dollars for each one dollar expended by the travel bureau.

In summarizing the oil industry, Mr. Robinson quoted that New Mexico's ratio part of the United States oil production was only 60,000 barrels. New Mexico has the largest oil field in the world in the making and could supply enough oil to furnish the whole United States for a number of years. He does not believe the average person has any conception of the immense

## District Board Meets Saturday Outlines Plans

The regular meeting of the Pecos Valley Artesian Conservancy District board was held in Roswell Saturday. The board heard a few well applications and also a report of the plugging operations. George Frisch, board member, said Monday the crew which had been attempting to plug the water flow in an old oil test east of the river and northeast of Artesia had been moved to a well near the Atoka school house. The well east of the river will be abandoned temporarily and the time devoted to working on wells easier to plug.

## STATE LOSES IN WATER SUIT

WASHINGTON — New Mexico Monday lost in the supreme court its effort to dismiss the Texas suit for determination of water rights in the Rio Grande states.

Twenty days were allowed New Mexico to answer the Texas complaint.

New Mexico asked dismissal because Colorado and the government were not named in the suit.

## Monthly Auction Is Successful

The monthly auction sale held at Artesia yesterday measured up to expectations in every way. Arba Green, manager of the Chamber of Commerce, reported. While the sales made were mostly small items, the total amount of the sale was \$113.60 from over 100 articles. The crowd was much larger than in the initial event last month and the public seemed to be pleased with the results, it was reported.

## FORMER RESIDENT DIES

Word has been received that the Rev. W. H. Huffman of Tucson, Arizona, passed away last Saturday night at his home in Tucson. Brother Huffman was a former pastor of the local Nazarene church for several years and was a popular man who held much esteem in the hearts of the Hagerman residents. He was also pastor of the Nazarene church for several years after leaving here, but left Roswell last year sometime hoping to have better health in Arizona.

The Rev. B. F. Harris, pastor of the Roswell church, left Monday to have charge of the funeral services which were held yesterday.

## PLOW DESIGNER WHITTLED MODELS FROM POTATOES

The plow invented by Jethro Wood in 1814—with mouldplate, share, and landside cast separately—forecast modern plows. But Wood had great difficulty in getting workmen to mold his plows as he wanted them. He was taunted with being a "whittling Yankee" because he whittled away bushels of potatoes before he had a miniature model plow that suited him. Seward, Lincoln's secretary of state, said, "No citizen has conferred greater benefits on his country . . . none has been more inadequately rewarded."

## NEW GRAZING DISTRICT MADE

Establishment of another grazing district in New Mexico, covering two million acres, and one of the largest in the west, has been announced.

Approval of Secretary of the Interior Harold Ickes made it New Mexico Grazing District No. 2. It is known as the Northwestern New Mexico Grazing District because it embraces the northwest section of the state. It includes those parts of Bernalillo, Sandoval and Socorro counties which are west of the Rio Grande, and all of Valencia, Catron, McKinley, San Juan and Arizaba counties.

## Eleven Locations Are Staked In Oil Area The Past Week

Eleven new locations were staked in the southeastern oil area the past week. New locations include the Gulf Oil Corp., Luthy No. 1, sec. 29-19-37; Gulf Oil Corp., Janda No. 2-B, sec. 32-21-36; Amerada Oil Co., State No. 1-O, sec. 30-19-37; Amerada Oil Co., Weir No. 3, sec. 35-19-36; Amerada Oil Co., Culp No. 1, sec. 31-19-37; Empire Gas and Fuel Co., State No. 5-D, sec. 32-21-36; Empire Gas and Fuel Co., State No. 1-E, sec. 30-19-37; Amerada Oil Co., State No. 3-J, sec. 2-20-36; Texas Company, Laneart No. 1, sec. 29-25-37; Repollo Oil Co., R. M. Jones No. 1, sec. 35-22-36; Repollo Oil Co., Phillips No. 2, sec. 31-19-37.

## Explosion Fatal To Oil Worker

J. T. Dunivan of Eunice loses life when blast goes off.

The body of J. T. Dunivan, 48 years old, oil field driller, killed instantly Saturday night in an explosion near Eunice, was shipped to his home in Glen Rose, Texas, it was learned at Carlsbad Monday.

The body was prepared by C. M. Bynum of the Talmadge Mortuary at Carlsbad, who was called to the scene of the accident.

Mr. Bynum said the body was horribly torn apart by the blast, which occurred when drillers prepared to "shoot" the well.

## Improved SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago. Western Newspaper Union.

**Lesson for March 15**  
**JESUS TEACHES HIS DISCIPLES TO PRAY**  
 LESSON TEXT—Luke 11:1-13.  
 GOLDEN TEXT—If we ask anything according to his will, he hears us.—1 John 5:14.  
 PRIMARY TOPIC—When We Pray.  
 JUNIOR TOPIC—Teach Us to Pray.  
 INTERMEDIATE AND SENIOR TOPIC—What Jesus Says About Prayer.  
 YOUNG PEOPLE AND ADULT TOPIC—Why Should We Pray?

### Alluring Daytime Frock With Distinctive Yoke

1832-B

The yoke of this frock is unusual and a distinctive departure from the obvious round or squared-off affair, because it extends over the shoulders and forms flaring little caps—caps which conceal two inverted pleats and which are transformed into lovely loose ruffled sleeves. The blouse gathers at the yoke and waist in front and back, rendering fullness and a soft drape appearance. The twin panels in the skirt give you height, and the skirt an added swirl. Two huge gathered pockets in unison with the blouse are interesting features and very practical. Make a self-fabric belt trimmed with a diamond shaped buckle and two harmonizing buttons, and notice how smart and up to the minute your frock will be.  
 Barbara Bell Pattern No. 1832-B is available in sizes 32, 34, 36, 38, 40, 42 and 44, and can be procured for fifteen cents. Size 36 requires 4 1/2 yards of 35-inch material.  
 The Barbara Bell Pattern Book featuring Spring designs is ready. Send fifteen cents today for your copy.  
 Send your order to The Sewing Circle Pattern Dept., 367 W. Adams St., Chicago, Ill.

## The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.  
 We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.  
 Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.  
 Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.  
 You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

## Bayer Aspirin

Lend an Ear Opportunity is always knocking if you're listening.

## Grow a garden of "GRADUATES" from a real seed breeding institute

For 80 years, Ferry-Morse Seed Co., America's greatest scientific seed growing organization, through continuous yearly tests and with infinite care, has protected market and home gardeners against deterioration in seed quality.  
 Our foundation stock is developed at The Ferry-Morse Seed Breeding Institute Stations at Rochester, Mich., and Salinas, Cal. This purebred stock is then used for seed production on our own farms, or under our direct supervision. The seed crops from this stock are sold only after thorough tests have shown that they are of proper quality and germination.  
 That is why—North, South, East, West—you can buy seeds from the Ferry display in your neighborhood store with the greatest assurance that they will reproduce true to type and quality.  
 Look for the Ferry display before planning your garden. Write for free copy of our Home Garden Catalog. Ferry-Morse Seed Co., Detroit and San Francisco.

## THE FERRY-MORSE SEED BREEDING INSTITUTE

Devoted to improving and maintaining the quality of America's garden seeds.

### THINK

By DOUGLAS MALLOCH  
 The strong May lead, but not for long. Though strength may conquer for a time, And yet The victors I have met Used heads as well as hands to climb. Watch both the trail and skies. Observe the sun, select a star— Yes, they Who wisely choose the way The final victors always are.  
 Make sure The truth that will endure Is your equipment on the quest; The trail Too short may often fail, The longer road may be the best. More strength Will lose the lead at length. Stand baffled by some sudden brink. While on And up some man has gone, Some who took the time to think. © Douglas Malloch.—WNU Service.

### Toque for Spring

The high pointed crown of this toque of shiny black basket weave straw is emphasized by a spray of flowers tucked into the front. The bow is of cornflower blue silk taffeta matching the cornflowers that are combined with pink and yellow bachelor buttons.

**Listens-In**  
 "When a man knows more than I does," said Uncle Eben, "I's willin' to listen. When he knows less I listens anyhow so as not to waste information dat he wouldn't appreciate."

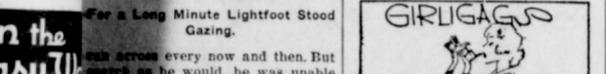

**THE RING FROM THE STRING**  
 THREAD a ring on a double loop of string and place the ends of the loop over a spectator's forefinger. The trick is to remove the ring without taking the loop from the fingers.  
 Then, slide the original loop off the person's finger. The ring will drop from the string. Yet at no time has the string actually left the person's fingers.  
 Perform this trick rapidly; after a little practice the moves will blend. The ring will seem to drop off in most uncanny fashion.

## BEDTIME STORY

By THORNTON W. BURGESS

### LIGHTFOOT CATCHES A GLIMPSE OF THE STRANGER

LIGHTFOOT the Deer was unhappy. It was a strange unhappiness, an unhappiness such as he had never known before. You see, he had discovered that there was a stranger in the Green Forest, a stranger of his own kind, another deer. He knew it by dainty footprints in the mud along the Laughing Brook and on the edge of the pond of Paddy the Beaver. He knew it by other signs which he

For a Long Minute Lightfoot Stood Gazing.

World. At least that is the way it seemed to Lightfoot, though the truth is, it was not as beautiful as his own, for it was uncrowned by antlers. For a long minute Lightfoot stood gazing. A pair of wonderful, great, soft eyes gazed back at him. Then that beautiful head disappeared. With a mighty bound Lightfoot cleared the Laughing Brook and rushed over to the thicket in which that beautiful head had disappeared. He plunged in, but there was no one there. Frantically he searched. But that thicket was empty. Then he stood still and listened. Not a sound reached him. It was as still as if there were no other living things in all the Green Forest. The beautiful stranger had slipped away as silently as a shadow.  
 All the rest of that night Lightfoot searched through the Green Forest, but his search was in vain. The longing to find that beautiful stranger had become so great that he fairly ached with it. It seemed to him that until he found her he could know no happiness.

next few year department of the Town ill have get to know and maintaining the system now owned by the City Treasurer and the sewer system shall be man- public opinion controlled and operated as stem or utility.

on 2. All income received from the water and sewer department of the Town shall be used for the purpose of maintaining and improving the sewer system. To the payment of interest on any revenue bond the payment of which the from said utility is pledged. To the improvement and maintenance of said utility. To such other purpose or as may be permitted by the Board of Trustees.

Section 3. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 4. All applications for attachments or connections to the water and sewer system shall be made by the party desiring such attachments or connections in writing and filed with the City Clerk, and where the applicant is the lessee in possession of the premises to which such attachments and connections are to be made, the application must be accompanied by the written consent of the owner or duly authorized agent of the owner of said premises. The application shall be made in triplicate and under seal, and the purpose for which the same is to be used and the Town shall issue a permit for the water and sewer attachments, provided, however, that the applicant shall not be obligated to pay the cost of the water and sewer facilities of said premises beyond the limits of the water and sewer system of the Town, or to extend the same within the Town of Hagerman, or to accommodate the same to the premises of adjoining users unless the Board of Trustees of the Town, there are no other applications to justify the same.

Section 5. All tapping of water mains must be under the supervision of a duly authorized employee of the Town, the expense of running the same from the main lines to the curb line for residences shall be borne by the consumer, and for other premises, unless otherwise provided, shall be borne by the consumer. The tap lines to the curb lines and curb lines shall be and remain the property of the Town. The Town shall determine the number of taps into the water mains. A fixed service meter shall be installed where the consumer or user pays in advance by meter. A service meter intended to supply the dwelling or premises provided with separate valves placed in or near the property of the dwellings to be served.

The Town shall supply a stop cock or valve in the water service pipe to be installed where the consumer or user pays in advance by meter. A service meter intended to supply the dwelling or premises provided with separate valves placed in or near the property of the dwellings to be served.

Every person or corporation making application to the Town for the water or sewer connection shall thereby permit any duly authorized employee of the Town to enter upon his or its premises to examine the pipes and to count the number and the manner in which the water and sewer is used and the meter and meter in connection therewith shall remain the property of the Town.

Every person or corporation making application to the Town for the water or sewer connection shall thereby permit any duly authorized employee of the Town to enter upon his or its premises to examine the pipes and to count the number and the manner in which the water and sewer is used and the meter and meter in connection therewith shall remain the property of the Town.

Section 6. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 7. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 8. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 9. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 10. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 11. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 12. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 13. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 14. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 15. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 16. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

Section 17. The Mayor shall keep the books and accounts of the water and sewer department audited annually as other accounts and a full complete report furnished to the Board of Trustees and shall be subject to the audit of the Board of Trustees at any time, by resolution of the Board of Trustees. The Board of Trustees may, by law, establish such rates as may be deemed to be reasonable and in such amount as will create an income sufficient to pay all reasonable expenses of the water and sewer department and the maintenance of said system and to create a net revenue which will be sufficient to pay the interest on any revenue bond and the net revenue of said utility is pledged.

reserves the right to shut off water and sewer service for violation of any of the provisions of this ordinance.

Section 10. All consumers and users shall be required to keep their sprinklers and faucets and all water apparatus in good condition at their own expense and all water works must be kept closed when not in use. Water will not be furnished where there are defective or leaky faucets or other fixtures and when any consumer is found to have such in use his supply shall be withdrawn until the same are repaired.

Section 11. No continued flow of water shall be permitted except by meters and upon payment of special rates. Where water is run into tanks, they must be water tight and the supply pipes furnished with good stop cocks. Steam boilers taking water from service pipes and depending on the water pressure will be at the owner's risk. All boiler or heating water shall be supplied at the owner's risk and all consumers are warned to open hot water faucets to allow steam to escape when the water is shut off.

Section 12. No person shall remove, obstruct, injure or in any way meddle with any fire hydrant, valve, meter box, cover, stop cock or in any way damage the equipment, fixtures or other property of the Town of Hagerman, used in connection with said water and sewer system and the meter boxes shall only be opened by a duly authorized agent or employee of the Town.

Section 13. When an alarm of fire is sounded in the Town of Hagerman, all hydrants or service pipes then open or in use for watering lawns or purposes other than for domestic use shall be immediately closed and shall remain closed until such fire or fires are extinguished.

Section 14. No person driving, operating or controlling an automobile, motor cycle, wagon, carriage or other vehicle shall stop or park the same within 10 feet of any fire hydrant within the Town limits.

Section 15. All owners of occupied property, or the lessees in possession thereof, which adjoins streets and alleys where sewer pipes are laid shall, within thirty days after such sewer pipes are laid, make application to the Town of Hagerman for sewer connections; and a failure so to do shall constitute a violation of this ordinance, punishable as provided in Section 17.

Section 16. Regularly established water and sewer rates shall be a personal obligation of the consumers and users, and any and all amounts due and which may become due and payable shall also be a lien upon the real estate to which the tap or connection is made from the time the connection is made and such lien may be foreclosed, as provided by law.

Section 17. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine or not to exceed \$100.00 or by imprisonment in the Town Jail for a period not to exceed ninety (90) days.

Section 18. That all ordinances and parts of ordinances in conflict herewith be, and the same are hereby repealed.

APPROVED: J. T. WEST, Mayor.

ATTEST: JACK SWEATT, Clerk.

ORDINANCE NO. 61 OF THE TOWN OF HAGERMAN

AN ORDINANCE RELATING TO AND AUTHORIZING THE ISSUANCE OF WATER AND SEWER REVENUE BONDS OF THE TOWN OF HAGERMAN AND PROVIDING FOR THE PAYMENT THEREOF OUT OF THE NET INCOME TO BE DERIVED FROM THE OPERATION OF THE WATER AND SEWER SYSTEM.

WHEREAS, it is provided by Chapter 57 of the New Mexico Session Laws of 1933, as amended by Chapter 4 of the New Mexico Special Session Laws of 1934, that an incorporated town may, by ordinance, adopt, amend or repeal the affirmative vote of two-thirds of the members of the Board of Trustees, at either a regular or special meeting called for that purpose, authorize the issuance of revenue bonds, payable and collectible solely from the operation of any municipally owned utility, the proceeds therefrom to be used for the purpose of purchasing, acquiring, constructing and making necessary improvements, extensions, repairs and betterments of such utility, and to pledge, irrevocably, such income to the payment thereof; and,

WHEREAS, it is necessary for the peace, health and safety of the inhabitants of the Town of Hagerman that its water system be extended and improved, and that an adequate sewerage disposal system be constructed and operated by the Town in connection with said water system, as a municipally owned public utility, and in order to partly finance the construction thereof it is necessary to issue revenue bonds payable solely out of the net income to be derived from the operation of said water and sewer system pursuant to the provisions of Chapter 57 of the

New Mexico Session Laws of 1933 as amended by Chapter 4 of the Special Session Laws of 1934.

Section 2. That the Town of Hagerman shall issue revenue bonds under the provision of Chapter 57 of the New Mexico Session Laws of 1933 as amended by Chapter 4 of the Special Session Laws of 1934, aggregating the sum of five thousand dollars (\$5000.00), the proceeds to be used to extend and improve the water system and to construct a sewer system for the Town of Hagerman in accordance with the plans and specifications heretofore prepared by the Weiland Engineering Company, said proceeds to be used only for the aforesaid purposes, which said bonds shall all be dated January 1, 1936; shall mature serially in the principal amount of Two Hundred Fifty Dollars (\$250.00) on the first days of January and July in each of the years 1937 to 1946, both inclusive; shall bear interest at not to exceed the rate of 5% per annum, payable semi-annually, on the first days of January and July in each year until maturity; shall be in denominations of Two Hundred Fifty (\$250.00) Dollars, numbered from one upwards in order of maturity; shall be payable in lawful money of the United States of America at the office of the Town Treasurer in the Town of Hagerman, Chaves County, New Mexico, and each bond shall recite on its face that it is payable and collectible solely from the revenues derived from the operations of said utility; shall be negotiable coupon bonds, registerable, at the option of the holder, and shall be payable to bearer, or, if registered, to the person in whose name registered.

Section 3. That said bonds shall be executed on behalf of said Town by its Mayor and by the Clerk, and the corporate seal of said Town shall be affixed thereto; and that the interest coupons attached to said bonds shall bear the facsimile signature of the Town Treasurer.

Section 4. That said bonds and interest coupons shall be in substantially the following form:

UNITED STATES OF AMERICA  
STATE OF NEW MEXICO  
COUNTY OF CHAVES  
TOWN OF HAGERMAN  
WATER AND SEWER SYSTEM

No. 1 \$250.00

The Town of Hagerman, of the County of Chaves, State of New Mexico, hereby acknowledges itself indebted and for value received promises to pay to bearer, or, if this bond is registered, to the registered holder hereof, on the first day of January, A. D., 1937, the sum of

TWO HUNDRED FIFTY DOLLARS

and to pay interest thereon at the rate of 5% per annum, payable on January 1st and July 1st in each year until maturity, upon the presentation and surrender of the annexed interest coupons, as they severally become due. Both principal and interest of this bond are payable in lawful money of the United States of America at the office of the Town Treasurer in the Town of Hagerman, Chaves County, New Mexico.

This bond may be registered as to principal only in accordance with provisions of this ordinance. This bond is issued for and on behalf of the Town of Hagerman, New Mexico, for the purpose of acquiring funds necessary to extend and improve the water system of the Town of Hagerman and to pay part of the cost of the construction of a sewer system for said town, said water and sewer system to be owned and operated by the Town of Hagerman as a public utility, and are issued pursuant to the provisions of Chapter 57 of the New Mexico Session Laws of 1933, as amended by Chapter 4 of the Special Session Laws of 1934, and this bond is payable and collectible solely from the revenue derived from the operation of said utility, the income of which is pledged by the Town of Hagerman for the punctual payment of this bond, with interest thereon as aforesaid, and that the holder hereof may not look to any general or other fund for the payment of principal and interest of this obligation.

It is hereby certified and recited that all conditions, acts and things required by the Constitution and Statutes of the State of New Mexico to exist, to have happened and to have been performed precedent to and in issuance of this bond, exist, have happened and have been performed.

IN WITNESS WHEREOF, The Town of Hagerman has caused this bond to be signed in its name by the Mayor of said Town and by the Town Clerk, and the seal of said Town to be affixed hereto, and has caused the annexed interest coupons to bear the facsimile signature of the Town Treasurer, and this bond to be dated the first day of January, 1936.

Mayor.  
Clerk.

(Form of Coupon)

No. \_\_\_\_\_ \$6.25

On the 1st day of July, 1936, the Town of Hagerman, County of Chaves, State of New Mexico, promises to pay to bearer Six Dollars and Twenty Five Cents (\$6.25), in lawful money of the United States of America, at the office of the Town Treasurer in the Town of Hagerman, New Mexico, being six (6) months interest due that day on its water and sewer system bond, dated January 1, 1936, and bearing No. 1.

(Facsimile)

Town Treasurer.  
(Form of Registration Certificate)  
(NOTE: NOTHING TO BE WRITTEN HEREON EXCEPT BY TOWN TREASURER.)

This bond may be registered as to principal only, in the name of the holder hereof, on the books of the Treasurer of the Town of Hagerman, New Mexico, at which time such registration shall be

noted below by said treasurer. Upon its presentation by such registered holder, either in person or by a bank or trust company authorized to do business in the State of New Mexico, with a written consent endorsed on this bond that the bond be registered in the name of another person or that the registry be cancelled and the bond be made payable to bearer, said Town Treasurer shall register it in the name of another holder or to bearer. After registration to bearer this bond shall be transferable by delivery, but it may be again registered as before. The registration of this bond as to principal shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery.

The within bond has been registered as follows:

DATE OF REGISTRY	NAME OF REGISTERED HOLDER	SIGNATURE OF TOWN TREASURER

Section 5. That for the purpose of payment of interest on and principal of the bonds herein authorized as each matures, the Board of Trustees of the Town of Hagerman shall, from time to time, by resolution or otherwise, as may be provided by law, establish such rates for water furnished and for services rendered by said utility as will create an income sufficient to pay all reasonable expenses of operation and create a net revenue which shall be sufficient to pay interest coupons on said revenue bonds as they shall mature, and to provide a sinking fund which shall be adequate to discharge said bonds as and when they shall mature, and such rates shall be maintained continuously until such bond issue has been fully liquidated.

Section 6. That the net revenues derived from the operation of said water and sewer system are hereby irrevocably pledged for the punctual payment of said revenue bonds, with interest thereon as therein provided. All moneys derived from the operation of such water and sewer system shall constitute a separate and special fund and be so kept by the Town Treasurer, and other than the expense required for operation and for the needed repairs of such system the revenues collected and credited to this fund shall not be withdrawn or for any purpose disbursed unless the amount remaining therein is ample to meet the next succeeding payments of interest and principal on said bonds and same shall be a trust fund for that purpose and not otherwise withdrawn.

Section 7. That said officials are hereby authorized and directed to prepare and execute said bonds as herein provided, and as soon as may be after the effective date of this ordinance.

Section 8. That said bonds shall be sold for cash at not less than par and accrued interest at either public or private sale, and at such time or times as the Board of Trustees of the Town of Hagerman, by resolution, may authorize and direct.

Section 9. That the proceeds from the sale of said bonds shall be deposited promptly upon receipt thereof in a separate account or accounts in a bank or banks which are members of the Federal Reserve System and the Federal Deposit Insurance Corporation. The proceeds from the sale of such bonds shall only be used for the purposes for which said bonds are issued.

Section 10. That Ordinance No. 59 of the Town of Hagerman, and all ordinances or resolutions or parts of ordinances or resolutions inconsistent herewith are hereby repealed to the extent only of such inconsistency. The repealer shall not be construed to revive any ordinance or resolution or a part of any ordinance or resolution heretofore repealed.

Section 11. That this ordinance shall be and remain irrevocable and shall be binding upon the Town of Hagerman and the interest thereon shall have been fully paid, satisfied and discharged, as herein provided.

APPROVED: J. T. WEST, Mayor.

ATTEST: JACK SWEATT, Clerk.

SHORT CIRCUIT BLAMED FOR HOBBS DEATH

A short circuit from a radio receiving set to a gas radiator was blamed Saturday for the death of Charlotte Roberts of Canadian, Texas, whose badly seared body was found in a hotel room at Hobbs.

A coroner's jury decided the woman, whose body was discovered Saturday night, died from an accidental electrical shock.

Her body was held pending the arrival of relatives from Canadian, Texas.

The ambitious young applicant for a civil service post was sitting his examination. All came out all right for him until he came to the general knowledge test.

This puzzled him for a while, but at last he thought of a way out of the difficulty.

"Give the quantity of coal exported from U. S. A. in any stated year," read the question.

With a sigh of relief he put down his answer: "In 1492—None."

Amos: "Do you use tooth paste?"  
Andy: "No, sah, my teeth ain't loose."

LOCALS

Sanford Knoll visited last week with home folk and friends.

Mr. and Mrs. Willis Pardee were visitors in Roswell on Monday.

Mr. and Mrs. Clay Lemons were business visitors in Roswell last Tuesday.

Dana A. Potter of Roswell was a business visitor in Hagerman last Friday morning.

Oscar Walters of Littlefield, a former resident of Hagerman, visited with friends early in the week.

Mrs. Bud Menoud, Mr. and Mrs. Louis Hampton and Mrs. Alice M. Hedges motored to Carlsbad last Sunday afternoon.

Mrs. Ernest Malone of the Cottonwood community was taken to St. Mary's hospital early this week for an appendicitis operation.

Mr. and Mrs. Willis Pardee made a combined business and pleasure trip to Roswell Saturday. Following dinner they went to see Zane Gray's "Drift Fence."

Mr. and Mrs. Harry Cowan recently traded homes with C. F. Tressler, and have moved to their new home, which is located in southwest Hagerman.

Mrs. J. W. Vandever and little Jackie Keith of Artesia are visiting Mrs. Jimmie Keith and Miss Christine Vandever at the Wells apartments this week.

Miss Peggy Harrison, Miss Mary Jones, Miss Nora Clemons, Miss Georgina Silliman and Miss Sara Beth West attended the show in Roswell Monday night.

Mr. and Mrs. Johnnie Mann are planning on moving out to the farm soon. Mr. Mann will run the pumping plant on Jack Sweatt's place in Buffalo valley.

The local independent basketball team, the "Poison Five" left this morning for El Paso, where they will enter the tournament. They expect to return Sunday afternoon.

Mr. and Mrs. Rex Phillips left Monday morning for Springfield, Missouri, where they will meet Mr. Phillips' father. They expect to locate somewhere in the locality of Springfield.

Louie Heick, Jr., has been critically ill this week. He was taken to St. Francis hospital in Carlsbad early in the week. Last night's report stated that he seemed to be resting a little easier.

Mrs. Seborn Price and small daughter Nancy of Tatum and Mrs. Stafford Brown and Jimmie of Carlsbad visited their parents, Mr. and Mrs. Jim King, and their sister, Mrs. P. R. Woods, over the week-end.

The Sunshine Oil Company have recently changed their location to the corner building, formerly tenanted by the B. & B. Service Station, confident that the change will benefit their customers. This building is more in the heart of town.

Mr. and Mrs. Tom McKinstry, Mr. and Mrs. Edmund McKinstry, James McKinstry and Mr. and Mrs. Lloyd Harshey and Richard Harshey are celebrating Edmund's birthday today at the Harshey home. The usual birthday cake and feast is being served.

Mr. and Mrs. O. J. Atwood are planning to install a "Help-Your-Self" laundry in the very near future. They plan to have two or three washing machines, and other necessary equipment, but are having to wait for some part of their water heater. Watch The Messenger for their announcement soon.

Mr. and Mrs. R. B. Mathews have moved into the Marrs residence in the east part of town. Mr. and Mrs. Mathews came here from Lake Arthur and have opened a meat market and grocery store on Main street. They had a store in Lake Arthur for several years, and prior to that one at the Cottonwood gin.

The Rev. Julian Atwood of Roswell gave a very interesting lecture on Monday evening at the high school auditorium on the "Early History of New Mexico," illustrating his talk with moving picture slides. A quartette of young women from the Roswell church sang several beautiful numbers. A good crowd was in attendance.

Misses Jessie George, Almetta Growden, Gene Seeley, Katherine Hammock, John Garner, Garner Mason and Billy Gibson went last Sunday afternoon to the rattle-snake den across the Pecos river. This is a cave, where the snakes seem to den up for the winter months, and about this time of year, begin to crawl out to the sunshine.

Range and Livestock Over State

In Best Condition in Three Years

RANGES: Ranges over the state are furnishing about a normal amount of feed for this time of the year. Feed is getting very thin on winter ranges and near watering places. In some localities in eastern and southwestern counties the lack of sufficient range feed has necessitated feeding some hay and cottonseed cake. All ranges in use now are open and the snow covering is confined to high altitudes, and it is possible that there will be sufficient water for irrigation. Prospects for spring range feed are not as good as they were a month ago, but still the best at this time in at least three years. High winds that have prevailed during the past two weeks have depleted much of the soil moisture. Rain or snow is needed to abate the recurrence of last year's dust storms. Spring weather has apparently begun in southern counties a little in advance of normal time. Range water is generally ample over the state. There will be sufficient feed to carry livestock through to grass time with small carryover in some counties. The condition of ranges is reported at 86 percent of normal compared with 86 percent last month and 82.0 for the 10-year average.

CATTLE & CALVES: Continued mild winter during February was a feed saver for the cattle owners. Cattle generally have held up well with very little feeding. The condition of cows in most localities is good, and prospects for a calf crop this season are the best in years. Prices on all classes of cattle remain favorable, but very little trading is being done. Practically all cattle intended for market have already been shipped. Losses during the past month from all causes are reported very small and possibly below normal. The condition of cattle and calves is reported at 89 percent of normal compared with 89 percent last month and 84.9 for the 10-year average.

SHEEP & LAMBS: Losses of all classes of sheep have been small. Prospects are unusually good for a large lamb crop to be dropped. If soil moisture remains favorable for the next sixty days there should be plenty of range feed to raise lambs dropped, with few losses. No contracting of wool is reported, but prices remain favorable. The carryover of wool was exceptionally light and there are practically no sales to test the market for New Mexico wool. The condition of sheep and lambs is reported at 90 percent of normal compared with 90 percent last month and 85.4 for the 10-year average.

Mountain Lion Killed At Otis

A mountain lion, very large and very dead, created a great deal of excitement in Carlsbad Monday, says the Current-Argus.

Killing of the lion solves a mystery which has confounded Walter McDonald, rancher, who, for several weeks had found the remains of sheep slain by a wild animal.

McDonald had thought the killer was a wolf, but he was puzzled by the manner in which the sheep had been torn to shreds. It did not look like a wolf's work, but the rancher did not suspect a mountain lion. Other ranchers had blamed wolves.

The beast, measuring six feet in length, was killed one mile from Otis by M. L. Tidwell, farmer.

Tidwell was hailed by Leo Matkins, irrigation ditch rider, at 7:00 a. m., and told that a mountain lion was in the vicinity, but Tidwell was incredulous.

Matkins insisted that he was "not seeing things," so Tidwell armed himself with a 25-35 rifle and accompanied Matkins to the spot where the lion was seen.

The panther was found walking down an irrigation ditch, and Tidwell dropped him with the first shot.

I FEEL FINE

Mothers read this:

A CONSTIPATED child is so easily straightened out, it's a pity more mothers don't know the remedy. A liquid laxative is the answer. Mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help. This treatment will succeed with any child and with any adult. Doctors use liquid laxatives. Hospitals use the liquid form. If it is best for their use, it is best for home use. And today, there are fully a million families that will have no other kind in the house. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, now so widely known that you can get it all ready for use at any drugstore.

### Vacuum Hoses Save Drillers From Silicosis

#### Protection for Workers on New York Job

Operators use rock drills equipped with vacuum hoses to carry off rock dust and thereby guard against silicosis, as construction begins on the last link of the West Side elevated highway in New York. The vacuum hoses, which are attached near the bottom of the drills, carry the dust to a machine where it is collected.

### Ice Stops Shipping in the Cape Cod Canal

This photograph, made from a plane over the new vertical type lift railroad bridge spanning the Cape Cod canal, shows just how greatly hampered shipping was in the canal due to huge cakes of ice. Only the largest vessels could pass through.

### Chicago Banker Has Treasury Post

Wayne Chatfield Taylor of Chicago, who has been serving as vice president of the export-import banks, has been appointed assistant secretary of the treasury to succeed L. W. Roberts, Jr., resigned.

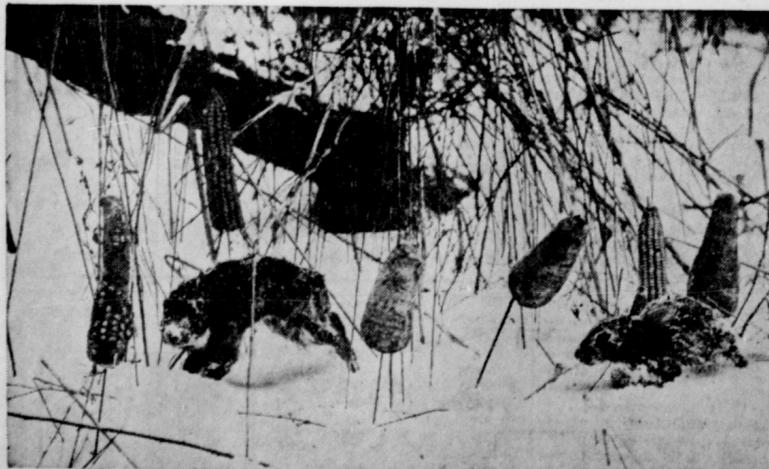

Mr. Taylor, a Chicago investment banker, was for several years associated with George N. Peek, former head of the export-import banks and acted as their chief following the resignation of Mr. Peek several months ago.

### Bridge Widowers Learn Cooking

Some of the students in the cooking class for men only that Mrs. Winifred Steis teaches at a Detroit high school. The culinary art is meant for sportsmen who want to cook their own game, but any married man can think of a number of other occasions when the course will come in handy right at home.

### Table D'Hote for Rabbits and Birds

During the unusually snowy winter many persons throughout the country have been putting out food for the animals and birds that find foraging difficult. Corn and carrots on sticks comprise this outdoor banquet hall near Cheltenham, Pa. The corn is for the birds and the carrots form the piece de resistance for the rabbits you see in this picture. Hunger caused them to overcome their natural timidity and they refused to allow the cameraman to interrupt their feast.

### Silk Prints Go Formal or Informal

By CHERIE NICHOLAS

AS TO "class distinction" the new silk prints declare it at a glance. If a print is informal, you know it without being told. The same applies to prints that are formal, there is no mistaking them. The character of their patternings and their colorings is that clearly defined in the spring crop of silk prints there is scarcely a doubt as to their identity as either formal or informal.

Wherefore, choice of a new silk print, and there is no sidestepping of prints if you would be in fashion, depends entirely as to whether you are looking for a print to wear when you go shopping or for sports or during your round of daytime social activities or whether you are seeking a print to tune in with glamorous nights and festive occasions. You can see by the picture that there is no chance of confusing the two.

As to prints for informal daytime wear, they are going as far as they dare in the way of amusing as well as unique design. For instance, note the novel "around the clock" patterning of the print that fashions the dress to the left of the picture. It's great fun to decipher the Roman numerals printed in white. If you look closer you will discover more numbers, one's and two's and three's and so on scattered over the background. A handsome black sheer pebbled silk crepe is this with its clock motif printed in red and in white. A red lacquered bar clasps at the throat, giving a soft fullness to the bodice. A matching clasp holds the black patent leather belt. The felt hat with its wide rolled brim points the way to stylish trends in the millinery realm.

Entertaining and smile-producing as are the new time-of-the-day clock prints, they are no more so than are the silks that are patterned with bars of music. You can actually read the notes and recognize some of the "airs." Then there are the new vegetable prints, yes "vegetable" prints. No need rolling your eyes, they did not deceive you. Carrots and peas and so

on, and they are as delightful and pretty as florals. Fruits, too, you will be seeing in print. A comely suit to start the spring season is shown to the right in the picture. This three-piece suit is tailored of black silk crepon printed in white comet design. It features a short jacket and a slender skirt that has a black pleated panel, thus giving emphasis to back fullness such as leading designers are advocating in their newest creations. It is worn with a white-sheer silk blouse having a lace trim.

That formal evening prints should so strikingly contrast informal daytime prints adds greatly to the zest of the printed mode. Gorgeous, exciting, beguiling, lovely beyond words are the prints that go about to dance parties and dinner affairs and other "after six" social events. The tendency is toward wide spaced, although some of the most beautiful prints pattern the entire surface with a labyrinth of flowers that reflect a very ecstasy of colorings, sometimes in pastels but just as often in radiant natural flower colorings. The print used for the exquisite formal gown pictured, patterns shaded satin tulips in vivid colorings against the chalky surface of satin-backed white silk crepe.

#### HAND QUILTED

By CHERIE NICHOLAS

The latest thing in needlecraft going the rounds in the realm of costume design is hand quilting. The stunning hip-length jacket pictured is of heavy black celanese satin. The smart hand-quilted design on the sleeves and bordering the front is raised by being stuffed with black wool, after the manner of Trapunto quilting. It was in the Renaissance period that Trapunto quilting came into existence. It is accomplished by drawing the design in double lines, and after quilting it the space between these lines is stuffed with small shreds of wool. In the jacket pictured both the cut and the design of the hand-quilting carry out the militaristic motif. The fashion-wise miss will wear this jacket open with the tiny military collar turned up.

These are made of lustrous celanese satins, crepes and soft glowing taffetas. The color combinations are notable. They range from the soft pastels to the deep browns and navies and other smart suit colors. An evening cape of soft creamy velvet with an unusual design of snowflakes and icicles is outstanding.

Paris sends word that fans are back, and, along with parasols, are being seriously considered. Renee Montague, for instance, has just shown a beautiful velvet fan in marine blue, with tortoise shell sticks. It's small, feminine, utterly useless and completely unique. Another she has in bright coral velvet.

These fans are said to have been suggested by the Chinese note in spring collections, but are really Louis XIV. With them one can carry on courtship in grand style—displaying anger, jealousy, rage, contrition and remorse.

#### WELCOME REVIVAL OF HAND-QUILTING

Welcome news to women who delight in the needlecraft is the revival of fine hand-quilting. The flair for this rare handicraft has become so pronounced and so general, exhibits of finest examples of this lovely needlework are being held in many of the larger cities.

The work shown surpasses anything ever before attempted in this country. Not only are quilted things for home decorative purposes displayed, but the showings include exquisite examples of hand-quilted negligees, bed-jackets, evening cloaks and capes; also modish jackets that are stunning worn with cloth or crepe afternoon frocks or with blouse and skirt to complete a very attractive three-piece costume.

These are made of lustrous celanese satins, crepes and soft glowing taffetas. The color combinations are notable. They range from the soft pastels to the deep browns and navies and other smart suit colors. An evening cape of soft creamy velvet with an unusual design of snowflakes and icicles is outstanding.

#### Fan Flirtation Due Back in the Grand Old Manner

Ladies are looking to fan flirtation once more. Paris sends word that fans are back, and, along with parasols, are being seriously considered.

Renee Montague, for instance, has just shown a beautiful velvet fan in marine blue, with tortoise shell sticks. It's small, feminine, utterly useless and completely unique. Another she has in bright coral velvet.

These fans are said to have been suggested by the Chinese note in spring collections, but are really Louis XIV. With them one can carry on courtship in grand style—displaying anger, jealousy, rage, contrition and remorse.

### Honeymoon Handicap

By E. P. O'BRYAN

"ALL right," says Gracie, giving Bert a withering look. "Go right ahead, duckie, if that's the way you feel. Shoot the piece." "Listen, sweetheart—" Bert's words dripped honey. But who wouldn't with a gal like Gracie for a bride? "Why, darling, Spring Dance—" "Tippytoe is still my choice," Gracie says indifferently. "I'm putting my money on him." "Our money, darling. I've got something to say, you know."

That was the way it had been going all day. For a honeymoon couple Bert and Gracie were getting off to a good start. Evelyn and I had chanced to run into them that morning and there had been hardly a peaceful moment between them. Every bet either of them made was just another fly in the ointment of happiness.

Gracie was the instigator of every row between them. If a woman ever courted a good sock in the jaw Gracie was doing just that, only Bert wasn't the kind to start socking before the ink was dry on the license. She'd lost a lot of Bert's dough and now she was trying desperately to win some of it back by plunging.

Finally Evelyn stuck her beak in, as women will when they have stood about all they can. "I'll tell you what, let's call the last race the Honeymoon Handicap. You pick your horse, Bert, and let Gracie pick hers. No argument, you understand. Agree on how much you'll bet and that much and no more. Winner takes everybody to supper. No winner, I treat. Fair enough?"

"O. K.," Bert says. "All right by me. Anyway, my horse is running in that race." Gracie looks at her program. "Mine, too, smartie. See! Tippytoe. I'm on. Let's make it fifty dollars."

That settled it—temporarily. Things went beautifully for a while. Then the argument started all over again. Bert was foolish to throw his money away on a plug like Spring Dance. She hadn't any record. Hadn't won a race all spring. "Now take Tippytoe—"

"Oh, that jackrabbit!" Bert says in disgust. "You're making a mistake, sweetheart. Any other horse but him." It finally got around to the last race. First Gracie went away by herself and came back in about five minutes stuffing something in her purse. Then Bert moseyed off. When he came back he was tucking a fifty-dollar ticket in his wallet. They had made their bets.

The horses got off quickly. Sergeant Major, the favorite, went into the lead. He was three lengths out at the first turn. The others strung out behind him like a pack of wolves after a rabbit. There was nothing to it. When they came around the turn into the home stretch, Sergeant Major had everything his own way.

"By Jove!" I nearly dropped dead. Coming down the home stretch right on Sergeant Major's heels was Spring Dance. Where that little filly came from all of a sudden, I'll never know. She just materialized out of thin air. Now they were neck and neck and it looked like a race. Then the crowd went mad. You've seen them do that—when the favorite is challenged. It's always a thrill. Then Spring Dance snatched the lead and held it. I started hammering Bert over the head with my cap and yelling bloody murder. I was helping that little filly all I could. She came down the home stretch like something on wings—beautiful, graceful. Then she flashed by us, winner by at least three lengths. Sergeant Major was second and Rompaway third.

I looked at Bert to see if I'd have to help hold him, but he'd sort of slumped over against the rail, as if to support himself. His face looked like something that had run down a canvas, it was that long. Suddenly he began to curse. "Think of it," he moaned. "I was all set to bet on that horse and she—my wife—Gracie—talked me out of it."

"You mean you didn't bet on Spring Dance after all?" "Hi—, no! Let her talk me out of it, I tell you. I figured maybe she was right, and if she was she'd hold it over me like a club the rest of my life, so I played safe and bet on Tippytoe, too."

Just then the price went up. Eighty-four dollars. And Bert's moan sounded like a steamboat coming up the river. He slumped down and sat on the ground, his head in his hands. "Lord, O Lord!" he groaned. "Think of it! I'd have won a couple of grand if I hadn't let Gracie bamboozle me like that. If I only hadn't listened—"

I tried to console him, but it wasn't much use. He kept on moaning. Suddenly Gracie ran up waving a flock of bills.

"Lookie, darling! Look! I won, and thanks for the tip, dearest." She gave him a look that was all milk and honey. "Oh, sweetheart, what's the matter? Aren't you glad I won, too? I'll always bet the way you want me to after this. Honest, I will. Kiss me."

### OF INTEREST TO THE HOUSE

Try rolling doughnuts in cinnamon and sugar, like the flavor.

When the lining of your comes soiled take it out, wash with soap and water and iron. If felt, to renew the color, in clean lining.

A very fine sandpaper soapstone set tubs or sink plying linseed oil and turpentine make tubs as smooth as wax.

Linseed oil applied to furniture makes it soft and gives a darker shade and its durability.

Glue used to keep furniture together cracks and drives heated rooms. If a good fish glue is used furniture stay glued for a long time.

**Italy Wins Another Battle**  
**Talks About Peace**

FROM the Italian army on the northern front in Ethiopia comes news that the invaders have defeated the natives in a series of severe combats and have reached and taken the mountain stronghold of Amba Alaji. The Ethiopian losses are estimated at 10,000 dead and many more wounded. The Tembien region is now completely in the hands of the Italians and they way to the center of the country is

strike said the owners must now sign the union terms and that he would accept no calls for arbitration. Each building, he asserted, must sign for itself.

Since the strike affected not only office buildings but innumerable apartment buildings also, the occupants of the latter were deprived of heat and telephone connections, and in many cases sick persons were marooned without food supplies. This led Mayor La Guardia to call the city health officials into conference, and declare a civic emergency and order Health Commissioner Rice to see that fires were stoked and that trips necessary to health of the tenants and care of the sick were made in all residence buildings of more than six floors.

Union officials in Akron, Ohio, warned the law enforcement officials there that a general strike would be called in that city if force were used to break the strike blockade by pickets at the Goodyear Tire and Rubber company plant. About 14,000 workers of Akron are idle because of the strike, which was started in protest against layoffs which the company said were seasonal reductions in production.

**Dispatches from Addis Ababa** advised that the Italians also were advancing rapidly in the southern part of the country and said Ras Tsehai Demtu's army and large numbers of warriors from all over the north were gathering to try to stop them. Marshal Badoglio's troops in the north were besieging Abbi Addi, miles west of Makale and the 300 Ethiopians there were said to be facing surrender or extermination.

With these successes on the military side, Mussolini was reported to be leading economically because of increasing pressure of the various sanctions against Italy. Because of his weakened position at home, it was said in Geneva and Berlin he probably would be disposed to negotiate peace if terms satisfactory enough to save his face were proposed.

The sanctions committee of the League of Nations unexpectedly decided that Mussolini should be asked once more whether he is ready to discuss peace; and it was understood that if he said no, the league would proceed to impose an embargo on oil. Such a step, Mussolini has repeatedly asserted, would mean war in Europe.

Emperor Haile Selassie, according to Geneva dispatches, sent a message to Great Britain, offering to discuss peace on the basis of a status quo, letting Italy retain the territory she has occupied, providing King Edward will act as intermediary.

**Spain Military Revolt Ends in Failure**

JAPAN was calming down after the amazing revolt and attempted coup d'etat of a thousand soldiers led by a group of young "fascist" officers who thought the Okada government was hampering the military progress of the nation. So far as can be judged at this distance, the net results of the uprising were: Admiral Viscount Makoto Hata, former premier and lord keeper of the privy seal; Korekiyo Takahashi, minister of finance; and Gen. Jotaro Watanabe, chief of military education, were assassinated; the rebels, Premier Okada escaped death, his brother-in-law being mistaken for him and slain. The seafarers, threatened by loyal troops and the fleet, obeyed an edict by Emperor Hirohito and surrendered. Of their 23 leaders, two committed suicide and the rest were put in prison to await probable trial by court martial.

One other important result is likely to follow the uprising, and that is the formation of a new government more national in character and including some able military leaders. That is what the army wants, but not caring especially who is president. Okada, after emerging from "retirement" with his place of hiding, offered his resignation, but the emperor commanded him to carry on for the present.

It may be Japan will really be the trainer for the revolt, but it suffered one great loss in the death of Takahashi, who was a financial genius.

The whole affair emphasizes the fact that the Japanese do not look with disfavor on assassinations and murders that are motivated by "patriotism."

**Building Service Strike**

More than 150,000 workers in 11,000 buildings in New York City called out on strike by James J. Bambriek, president of the Building Service Employees' International union, and the sky-scrapers from the Battery to Washington Heights were badly crippled. Elevator men stopped their cars, fur from the bottom banked their fires, and sometimes they marched out of the buildings and formed picket lines. There were scattered fighting between the strikers and men hastily hired to do their places, but the entire force of the city was mobilized in a hurry to preserve the

**Federal Judge Ritter Impeached by House**

ARTICLES of impeachment against Federal Judge Halsted L. Ritter of the Southern district of Florida were voted by the house of representatives. The vote was 181 to 146. The judge is accused of accepting \$4,500 from a former law partner who collected \$90,000 in fees in Ritter's court.

This impeachment is the twelfth voted by the house in American history. Of the 11 men previously impeached eight have been judges, one a senator, another a cabinet officer, and the other was a President, Andrew Johnson. Only three, all judges, were found guilty by the senate, which sits as the court in such cases.

**A. F. of L. Estimates the Unemployed at 12,626,000**

ACCORDING to the American Federation of Labor, the number of unemployed in January was 12,626,000, and the increase from December to January was the greatest in five years.

"To lose ground to such an extent at this time is nothing short of tragic," the federation said in reporting that its survey indicated 1,229,000 persons who had jobs in December lost them in January.

The survey blamed lengthened working hours and slackened manufacturing operations for the job losses.

Out of the 12,626,000 unemployed in January, the federation said 3,524,000 now had WPA work while PWA took in 148,250 others

**Removal of Gen. Hagood Stirs Up Big Row**

SUMMARY removal of Maj. Gen. Johnson Hagood from his command of the Eighth corps area because of his critical expressions concerning the WPA and other New Deal activities stirred up a pretty row in Washington. Gen. Main Craig, chief of staff, signed the order to Hagood, by order of the secretary of war and the President. The Republicans in congress, backed up by Tom Blanton of Texas and some other Democrats, assailed the action vigorously, and Senator Metcalf of Rhode Island introduced a resolution for an inquiry into the incident in behalf of "free speech."

Breaking its usual "rule of silence," the War department made public a letter from General Craig to Secretary Dern, declaring Hagood's record was "marked by repeated examples of lack of self-control, irresponsible and intemperate statements."

Hagood had told a house subcommittee that it was "almost impossible" to get WPA's "stage money" for "anything worthwhile." These remarks, said Craig, "can only be characterized as flippant in tone and entirely unbecoming and contempt upon civil agencies of the government."

Accusing him of "thinly veiled" opposition and "contempt" toward War department policies in the past, Craig pointed out as "contemptuous" Hagood's references to CCC activities as "loobies," "collecting postage stamps" and "taking an interest in butterflies."

**Boulder Dam Turned Over to the Government**

COMPLETED two and one-half years ahead of schedule, Boulder dam and its power houses were turned over to the reclamation service. The job was the biggest single contract ever executed for the government. There was no ceremony in the transfer. Frank Crowe, construction superintendent for the Six Companies, Inc., contractors, said to Ralph Lowry, reclamation service engineer: "Take it; it's yours now," and that was all.

The dam and power houses are done, but there is plenty of work on the entire project remaining to keep the government engineers busy for a long time. The Six Companies received \$54,500,000, and the total cost will be \$165,000,000.

In addition to the federal project, which includes an all-American canal in Imperial Valley, Calif. there is under way a \$220,000,000 aqueduct to southern California.

## Texas Opens Centennial Birthday Party

REMEMBER the Alamo, the battle cry of Texas, was heard all over the state as its centennial celebration opened at the village of Washington-on-the-Brazos, where the declaration of independence from Mexico was signed. The old "charter of empire" was taken there from its place in the state capitol rotunda in Austin and Gov. James V. Allred of Texas and Gov. Philip LaFollette of Wisconsin went along to take part in the ceremonies. The party then went to Huntsville, where Gen. Sam Houston gathered an army of Texans to fight the Mexicans, and there Gov. Hill McAllister of Tennessee made the address. San Antonio and other cities followed on the program, and the celebrations will continue for months, reaching a climax in the opening of June 6 of the centennial exposition at Dallas.

## Removal of Gen. Hagood Stirs Up Big Row

SUMMARY removal of Maj. Gen. Johnson Hagood from his command of the Eighth corps area because of his critical expressions concerning the WPA and other New Deal activities stirred up a pretty row in Washington. Gen. Main Craig, chief of staff, signed the order to Hagood, by order of the secretary of war and the President. The Republicans in congress, backed up by Tom Blanton of Texas and some other Democrats, assailed the action vigorously, and Senator Metcalf of Rhode Island introduced a resolution for an inquiry into the incident in behalf of "free speech."

**Putting New Farm Bill Into Quick Operation**

ROOSEVELT signed the new soil conservation-farm relief act passed to take the place of the invalidated AAA. Administration of Chester C. Davis began planning ways to spend \$500,000,000 authorized. Under his orders more than five thousand employees of the AAA who had been waiting since January 6 for something to do got busy placing the new program into effect. The goal of the new law, Mr. Roosevelt said in announcing his signature, is parity, not of farm prices, but of farm income. He said the New Deal has "not abandoned and will not abandon" the principle of equality for agriculture.

The President, in a formal statement, stressed three "major objectives" of the program which he said are "inseparable and of necessity linked with the national welfare":

- "The conservation of the soil itself through wise and proper land use.
- "The re-establishment and maintenance of farm income at fair levels so that the great gains made by agriculture in the last three years can be preserved and national recovery continue.
- "The protection of consumers by assuring adequate supplies of food and fiber now and in the future."

Davis planned, as the first move, a series of four conferences with agricultural leaders in Memphis, Chicago, New York and Salt Lake City to formulate plans to take 30,000,000 acres out of commercial production this year and place them in legumes and other soil conserving crops.

## Building Service Strike

More than 150,000 workers in 11,000 buildings in New York City called out on strike by James J. Bambriek, president of the Building Service Employees' International union, and the sky-scrapers from the Battery to Washington Heights were badly crippled. Pretending Costs Money  
A Japanese Widow  
The Five Babies Are Well  
Democratic Edward VIII

Arthur Brisbane

Even imitation war is costly. England's battleships, submarines and airplanes in the Mediterranean, intended to intimidate Italy and keep down discontent in Egypt, represent no real war.

England occasionally discharges light "depth bombs" in the Mediterranean, "bringing Italian submarines popping like corks to the surface." Yet the government tells the house of commons this imitation war costs British taxpayers five hundred thousand pounds a month.

The twenty-four-year-old widow of a Japanese officer who committed suicide after the recent rebellion sends a letter of apology to "Your august majesty," the Japanese emperor, saying: "I believe the spirit of my husband, whose body lies in a coffin before me, also sorrows for those who fell."

A most serious people, the Japanese.

Doctor Dafoe, modest man from Canada, who understands quintuplets, dropped in to say the five little girls are doing well, fighting frequently, sign of a normal condition. They like sleeping outdoors with the weather 30 below zero, but in daytime only. It would delight you to see their red cheeks.

Three hundred and seventy-five thousand visitors, nearly all from the United States, came to look through a fence at the quintuplets last year; 500,000 are expected this year. The baby girls are a wonderful advertisement for Canada. Many that go to see them will buy farms and stay.

A democratic young person is Edward the Eighth, new king of England and emperor of India. Broadcasting to 200,000,000 that live under the British flag and occupy one-quarter of the earth's surface, he does not refer to them as "my subjects" or "my people," as his predecessors did, but calls them "fellow men."

And Edward VIII does not refer to himself as "we," which is customary with other rulers. His father spoke of "my empire" and "my dear people" and called himself "we."

President Roosevelt submits to congress a plan to increase heavily income taxes of corporations suspected of holding many billions of profits not distributed. The taxes might run to over 33 per cent.

You never can tell what Wall Street will think. President Roosevelt's taxation program sends stocks up. Perhaps Wall Street has no "undistributed reserves." Great industries will not be forbidden reasonable cash surpluses, presumably. Such a rule would make expansion and increased employment impossible.

A joint resolution in the house and senate suggests a congressional medal of honor for the late Gen. William Mitchell, head of the American air forces in the big war. Few congressmen would vote against a tribute to a man who fought so well for his country, and the medal would please his widow and children.

Uncle Sam paying rent to Panama for the canal, offering the usual \$250,000 rent installment, was told: "No, we do not take 50-cent dollars."

Washington admits that while it may try interesting experiments with its own money, and tell its own citizens "Gold is too good for you," it has no right to make the outside world suffer. Panama will get an amount of money equal to 250,000 of our dollars before we slide off the gold basis and into the "inflation bond" era.

Sometimes government ownership gets things done. Germany's postal ministry opens the first long-distance television telephone in the world, between Berlin and Leipzig—the charge for three minutes only \$1.40. When you call up a "strong, bluish light" illuminates your face, which is seen by the person at the other end of the line. That would have been improbable when tele-phones were installed in the big Paris exposition, not so long ago.

Four years ago the Lindbergh child was kidnapped. Bruno Hauptmann, convicted of the kidnapping and murder, caught spending the marked gold certificates that Lindbergh paid in a vain effort to get back his child, is still alive.

It is said that he will have another reprieve. Our system of justice is not hasty.

## Crocheting an Afghan, Tomorrow's Heirloom

PATTERN 5254

What more conducive to "forty winks" than this fluffy, lacy afghan! Its crocheted warmth will ward off the most treacherous draughts, its color brightens and gladdens any room it adorns. A very simple pattern to follow, too. The stripes look like tiny daisies strung together, and are in a crochet stitch which busy hands and needle soon learn to do by heart. Lovely in three shades of one color, it is also effective with each stripe a different color.

In pattern 5254 you will find directions for making the afghan; an illustration of it and of the stitches used; material requirements, and color suggestions.

Send 15 cents in stamps or coins (coins preferred) to The Sewing Circle Household Arts Dept., 250 W. Fourteenth St., New York, N. Y.

## Faces Their Fortune, Yet They Don't Visit Beauty Shop

Mongolia harbors some queer persons whose faces keep them in food. Members of a certain Mongolian cult know the secret of making hair grow all over their faces, until they almost look like animals.

They terrorize simple villagers in providing them with food and clothing, and thus, their faces become their fortunes.

## You'd Never Know a Sponge if You Met It Face to Face

The uninitiated who expect to find growing on the ocean floor a replica of the handy plant rag that is used for washing motor cars and windows are certain to be disappointed.

It is learned at Tarpon Springs, the center of the Florida sponge industry, that commercial sponges in no wise resemble the form in which they are known to the Coast's Green divers. When found they are covered with a tenacious black skin, and the cells are filled with a gelatinous gray substance which is called "gurry," a word not found in the dictionary. After being harvested, the sponge is allowed to rot and the gurry is eliminated by pressure. The residue is the gray skeleton that the world knows as a "sponge" though even the commercial color must be obtained by bleaching with a solution of permanganate of potash.

## MEANING OF HAPPINESS

Surely happiness is reflective, like the light of heaven; and every countenance bright with smiles, and glowing with innocent enjoyment, is a mirror transmitting to others the rays of a supreme and ever-shining benevolence.—W. Irving.

## Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged. Your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

**This story will interest many Men and Women**

NOT long ago I was like some friends I have... low in spirits... run-down... out of sorts... tired easily and looked terrible. I knew I had no serious organic trouble so I reasoned sensibly... as my experience has since proven... that work, worry, colds and whatnot had just worn me down.

The confidence mother has always had in S.S.S. Tonic... which is still her stand-by when she feels run-down... convinced me I ought to try this Treatment... I started a course. The color began to come back to my skin... I felt better... I did not tire easily and soon I felt that those red-blood-cells were back to so-called fighting strength... it is great to feel strong again and like my old self.

Insist on S.S.S. Tonic in the blood-red Cellophane-wrapped package... the big 20-oz. size is sufficient for two weeks' treatment... it's more economical, too.

**S.S.S. Tonic Makes you feel like yourself again**

# Firestone TIRES

## RUN up to 28° COOLER

**THIS IS WHY THEY GIVE YOU More Dependable Service AND SAVE YOU MONEY**

Every truck operator knows that internal friction causes heat and heat is the greatest destroyer of tire life. The only way to counteract friction and heat is by Gum-Dipping, the Firestone patented process which soaks the cords in liquid rubber, saturating and coating each tiny cotton fiber and strand within the cord, counteracting friction and heat at their very source. As a result of this patented process, Firestone Tires run up to 28° cooler than tires built without Gum-Dipped Cords.

This is why Firestone Tires are used by thousands and thousands of truck operators from coast to coast, including the largest transportation fleets. These operators choose tires strictly on performance... they know that Firestone Tires give them more dependable service at lowest cost per mile. See your nearby Firestone Auto Supply and Service Store or Firestone Tire Dealer today and start reducing your operating costs.

**FIRESTONE TIRES RUN COOLER**

This scientific instrument accurately measures the heat generated in tires at high sustained speeds. Firestone Tires run up to 28° cooler than tires built without Gum-Dipped Cords—this means added strength, greater dependability and longer mileage.

Listen to the Voice of Firestone featuring Richard Crooks or Nelson Eddy—with Margaret Speaks, Monday evenings over Nationwide N.B.C.—WEAF Network

### Carrizozo Downs Lake Arthur 17 To 15 for Loop Title of District 5

The Carrizozo high school quintet won the basketball championship of district five at Roswell Saturday for the second consecutive year, defeating Lake Arthur by 17 to 15 in the final minute of play. In the consolation game, Roswell beat Artesia 32 to 23. In the third quarter Artesia threatened to tie the score. Tidwell of Artesia scored seven of the team's twenty-three points, while Marshall was

high point man for Roswell with ten. Trophies were awarded the winning team, the second team, the third place team, consolation winners and the most sportsman-like team, won by Corona. A summary of the tourney results were:

- Championship Flight**  
Semi-finals: Carrizozo 18, Artesia 13; Lake Arthur 24, Roswell 18.  
Finals: Carrizozo 17, Lake Arthur 15; Roswell 32, Artesia 23.
- Consolation Flight**  
Semi-finals: Hobbs 26, Carlsbad 24; Tatum 27, Hondo 13.  
Finals: Tatum 26, Hobbs 14.
- Free Throw Contest**  
Quarles (Lovington) defeated Traylor (Hope) 20-19. (Final). Quarles defeated DuBois 20-18 and Traylor defeated Gonzales (Hondo) 17-13. (Semi-finals).
- All-District Teams**  
First: Shaw of Carrizozo and Stone of Dexter, forwards; Elliott of Carrizozo as center; Nelson of Lake Arthur and Traylor of Hope, guards.  
Second: Barela of Carrizozo and Johnson of Artesia, forwards; Price of Lake Arthur, center; Davis of Carrizozo and Greer of Carlsbad, guards.  
Third: Wiske of Hobbs and Bailey of Carlsbad, forwards; Duncan of Artesia, center; Sims of Vaughn and Oden of Carlsbad, guards.  
Results of other district tourneys over the state were: District 1—Raton 17, Kiowa 14. District 2—Santa Fe Indians 53, Santa Fe High 33. District 3—Albuquerque Indians 28, Albuquerque High 21. District 4—Hurley 30, Lordsburg 23. District 6—Clovis 25, Floyd 22. District 7—Forrest 29, House 22. District 8—Gallup 40, Fort Wingate 20.

## IN SOCIETY

Phone 17  
(Items for either this column or the calendar must be turned in by not later than Wednesday noon)

### Social Calendar

The Baptist W. M. S. will meet with Mrs. O. J. Ford on Monday, March 16th, at 2:00 p. m., for the Royal Service lesson.

Mrs. Sam McKinstry will be hostess to the Thursday club on March 19th with Mrs. J. A. Hedges as leader.

The Young Women's Circle of the Methodist church will meet in the undercroft next Wednesday, March 18th, with Mrs. Rufus King and Mrs. James Burck as hostesses.

The Presbyterian Aid will meet in the basement of the church on Wednesday, March 18th, with Mrs. T. D. Devenport as hostess.

There will be a St. Patrick's day party at the Methodist church undercroft on March 17th. It is sponsored by the young woman's circle. The public is cordially invited.

### PRESBYTERIAN MISSIONARY

Mrs. I. E. Boyce was hostess on Monday afternoon to the Presbyterian Missionary society. The topic, which is always given by each member contributing, was on "Japan," for the foreign subject, and the home topic on "The Forfeigner in America." Members and guests present were: Mmes. J. E. Wimberly, D. A. Marrs, H. J. Cumpsten, B. W. Curry, B. F. Knoll, Bud Menoud, C. G. Mason, T. D. Devenport, Fred Evans, C. O. Holloway, Tom Banks, Jim Wheeler and the hostess.

### T. CLUB

The T. club met at the lovely new home of Mrs. Johnnie Allen last Thursday. The afternoon was spent in embroidering and visiting. Refreshments of jello, cake, cocoa and coffee were served to Mmes. Johnnie McAlister, Wayne Graham, A. D. Lawing, Richmond Hams, Homer Ingle and the hostess.

### NINE CLUB PARTY

Members of the Nine club met last Saturday afternoon at the home of Misses Grace and Ruth Wade and prepared an enchilada supper. Present were: Misses Nellie Lang, Phillis Andrews, Dolores Bartlett, Willa Smith, Charline King, Irene Newsome and the hostesses.

### THURSDAY CLUB

Mrs. W. L. Heitman, in her usual vivacious manner, gave a very interesting lesson last Thursday afternoon on "Legends and Superstitions." Mrs. J. T. West was hostess. About fourteen members were present.

### SURPRISE PARTY

Mrs. E. L. Askins was very much surprised last Friday evening when several of her friends and some of the members of the Nazarene church gathered there in the parsonage in honor of her birthday, and giving her a handkerchief shower and Mrs. Charlie Tanner brought a beautiful cake decorated with candles. There were about nineteen guests present and at the close of a very enjoyable evening refreshments of the birthday cake and cocoa were served.

### N. Y. P. S. RALLY

The N. Y. P. S. had their rally program at the local Nazarene church last Sunday afternoon. A very interesting program was given by the different N. Y. P. S. groups represented and a lovely musical program was furnished by the Roswell orchestra. Roswell received the banne rfor having the largest attendance.

### DINNER PARTY

Mr. and Mrs. Roy Boykin were hosts to a lovely dinner Sunday in honor of Mrs. Boykin's birthday which was Saturday. Seated at the table with the hosts were Miss Essie Williams, Miss Bertha Askins, Miss Oma Dene Graham of Roswell, Charles Weir, Leroy Boykin, Travis Boykin, and Johnnie Boykin.

### SEW AND SO CLUB

The Sew and So club met at the home of Mrs. Joe Coleman on last Thursday. The afternoon was spent in quilting on the friendship quilt which had been pieced by the club during 1935. Relicous fresh fruits were served by the hostess. The meeting was adjourned to meet at the home of Mrs. Amos Rutledge March 26 with Mrs. Elmer Bible as hostess.

### METHODIST MISSIONARY

Mrs. Louie Burck was hostess yesterday afternoon at the home of Mrs. J. W. Slade to members of the society. Mrs. Slade led the

## Scout News

Camp-O-Ral, April 23rd-26th, at Lake Van, Dexter, is just "around the corner." We are expecting over 500 Scouts to attend this four-day camp. Many troops started preparations months ago. Special attention should be given to health and safety of Scouts. Be sure to water-proof your tents.

National Jamboree 1937—Now is the time to start preparation for our first national jamboree. Dates have not been definitely settled but it will be early summer of 1937. The cost will be about the same as previously which was \$75. This may be increased some but not much. Many troops are holding intact the money they raised last year for this purpose. We urge this policy. Candidates should be chosen as soon as possible. The commissioners of the area will continue to serve as the jamboree committee and a detailed bulletin on this subject will be issued from them after they meet in the near future.

Advancement in Rank: We are happy to make known that Scouts in this area showed a gain of 150 per cent increase in advancement during the first two months of this year over the same period last year. This is real evidence of progress.

About the only time some girls keep a stiff upper lip is when they are putting lip stick on it.

### devotionals. Mmes. Flora West and Menefee each gave a chapter in the lesson book, "The Teaching of Jesus on Human Relations."

During the social hour, refreshments of cake and coffee were served to the following: Mmes. E. A. Paddock, Sarah Walton, J. F. Campbell, Louie Burck, Carl Ridgeley, Flora West, Menefee, Tom McKinstry, Elmer Graham, Ross Jacobs, the hostess and one guest, Mrs. Mattie Willoughby.

### L. C. CLUB

The L. C. club met at the home of Mrs. I. E. Boyce last Thursday afternoon with the president, Mrs. E. D. Menoud, in the chair. The roll call was answered with quotations from the life of Washington. Following the business session, in which it was decided to make another quilt, a lovely social hour was enjoyed.

Mrs. Louie Burck, an early member of the club, was asked to give a talk, in which she told of the organization and the naming of the club that had been started in May of 1921 and given the name of the "Ladies Cooperative Club" with the motto being "For the Good Fellowship of the Neighborhood." There were several of the members who helped to organize the club present and they gave amusing reminiscences of the early days.

Delicious refreshments of sandwiches, cake and coffee were served to Mmes. W. E. Utterback, Lester Hinrichsen, E. G. Lathrop, George Lathrop, C. O. Holloway, Earl Stine, E. D. Menoud, M. D. Menoud, A. M. Ehret, Fred Evans, Marion Woody, A. M. Hedges, Ross Jacobs, Willis Pardee, Mrs. I. E. Boyce and two visitors, Mrs. Louie Heick and Mrs. Tom McKinstry. The next meeting will be with Mrs. B. F. Gehman and the roll call will be answered with Irish stories.

### YOUNG WOMAN'S GUILD

The Young Woman's Guild met at the home of Mrs. T. D. Devenport last Friday afternoon with the county nurse present and a very instructive talk given. There were about twenty present. Lovely refreshments of cookies and kool-aid were served.

### D. D. CLUB

Mr. and Mrs. W. A. Losey were the delightful hosts of the D. D. club last Monday evening. A lovely buffet dinner was served and all the members were present. Jack Sweatt won the high score for the evening.

### BIRTHDAY DINNER

A lovely birthday dinner was given by Mr. and Mrs. T. E. Baker last Sunday in honor of Mrs. T. E. Baker whose birthday was Tuesday and Miss Rilla Mae's birthday being that day. Seated at the table with the honorees were Mr. and Mrs. Will Gentry, T. E. Baker, Arthur Baker, Mack and Bobby Lee Baker and Miss Ethel McVickers of Dexter.

## LOCALS

Mr. and Mrs. B. W. Curry were Roswell visitors Monday.

Mrs. Carl Hanson was operated on Monday for mastoids.

Mr. and Mrs. Homer Ingle visited in Carlsbad Sunday.

Roy Dollahon and Betty were Lake Arthur visitors Tuesday.

Miss Catherine Hammock spent the week-end in Albuquerque.

Will A. Gentry of Hereford, Texas, spent the week-end in Hagerman.

I. V. Cook of Altus, Oklahoma, was in Hagerman Friday visiting with old friends.

Ernest Langenegger and Bill Langenegger were visitors in Clovis yesterday.

Mr. and Mrs. Roy Dollahon and children were Roswell visitors and shoppers Saturday.

Mr. and Mrs. Jack Sweatt were Roswell visitors and shoppers on Monday afternoon.

Mrs. A. M. Mason spent the week-end in Lake Arthur as a guest of Miss Mae Brewer.

Miss Letha Green, Miss Essie Williams and Leroy Boykin visited in Artesia Sunday afternoon.

Miss Almaretta Growden and Miss Nora Clemons visited friends and relatives in Clovis last week-end.

Miss Lucy Murphy of Texico came in last week to make her home with the Rev. and Mrs. Geo. E. Toby.

Mr. and Mrs. R. Lolar moved to Roswell last Friday. They had been living at the Mineral Wells apartments.

### Carlsbad Man Freed of Murder Charges In Lubbock, Texas, Court

Y. D. Buckalew, who lives three miles south of Carlsbad, was freed by a Lubbock, Texas, jury after a head-on collision several weeks ago, in which two people died after their auto collided with the Buckalew car and burst into flames. Buckalew is alleged to have been drinking at the time of the crash.

### TWO FINED AFTER HEARING ON THEFT OF TRAPPED FISH

J. E. Ham and Ed Hill were fined \$25 and costs of court in a justice court hearing at Carrizozo Monday for breaking state game laws, M. Stevenson, deputy state game warden for this district, said Tuesday night.

The men pleaded not guilty to a charge made by the state department at the Bonito dam on Southern Pacific property on the headwaters of the Rio Bonito, on Friday of last week.
