

BY BILL ELLIS

THIS HAS BEEN one of those weeks when it's not particularly fun to be in the news business.

We're sorry to have to report the tragic death of Esther Trimble of Bovina, while on a trip in England. It's always a blow to a family to lose a member at a relatively early age, and to have it happen under conditions such as this makes it even harder.

Our sympathy goes out this week to C.E. Trimble, to the children, and all of the Trimble family. We know that the Bovina community will rise to the occasion in this hour of need.

THE OTHER TRAGIC incident this week involved the tragic situation in Guyana, which included the murders of the California congressman and newsmen, followed by the mass suicides by some four hundred members of the cult which had been established by Jim Jones.

It is hard to realize that such atrocities as happened in the small South American country could happen in the 20th century, and especially that they were perpetrated through an organization that called itself a church.

It is equally hard to realize that an individual can hold the type of power over other people that Jim Jones apparently held over his followers. It must have been the Hitler-type of hypnotism that the Nazi leader used to recruit his followers earlier in this century.

Jones must have thrived on persuading his followers to do his every bidding, even to carrying out the mass suicide that shocked the entire civilized world early this week.

Another thing that is puzzling is just what Jones was attempting to build there in the South American jungles, if indeed he had any type of master plan.

It would appear that since warnings and complaints had been coming from the Jones compound for most of the past year, that more caution would have been taken by those going in to inspect the situation.

It has been pointed out, of course, that the United States had no jurisdiction over the residents of the compound since it was on foreign soil.

The irony of the mass deaths, it seems to us, is the fact that Jones supposedly called his followers to a "better life," leaving the hassle of everyday life. And in the end, all they got was an early grave.

We are reminded that the Bible speaks of prophets as well as false prophets. It isn't hard to figure out in which category the late Mr. Jones belongs.

WE USED TO THINK it was hard to be at least a part-time fan of the Houston Oilers football team, because it seemed that try as they might, the Oilers always came up second best. In fact, they were the type who would come up with new ways of losing games.

But after this season, and particularly their showing on their Monday night games, it's becoming less and less of a chore to root for the Oilers. In fact, some of our Dallas Cowboy loyalty may start to shift a little bit.

If the Cowboys had Houston's Monday night record this year, they wouldn't be concerned at this point as to whether they can make it back to the Super Bowl. They would practically have it wrapped up.

Old Bum Phillips, the former Amarillo Sandies' head coach, has come a long way in the coaching ranks. And he certainly deserves the notoriety he's getting this year with his Houston team.

From the *Journal* (Pelham, Georgia): "If people fall at your feet, watch lest they be reaching for the edge of the rug."

A little-known medical fact: Married men do not actually live longer than single men. It only seems longer.

BBBBRRRR...that's cold. That is what Brandon Caldwell seems to be saying as the result of being hit by a

snowball thrown by his brother, Chris. Chris and Brandon are the sons of Mr. and Mrs. J.B. Caldwell.

Thirteen Is Lucky For A.M. Wilson

Do you think 13 is an unlucky number? Well, in some cases it might be considered unlucky, but A.M. Wilson thinks 13 is a pretty lucky number.

That's the score Wilson achieved in the 11th week of the Bovina Business Football Contest, and it earned him first place in the weekly contest.

Wilson's only miss was the Estacado-Canyon game won by the Lubbock team, which decided the District 1-AAA championship. He was only six points at variance on the tie-breaker score, if it had been a factor in his win, which it wasn't. Wilson received the first place check for \$7.50 from the Bovina Blade.

Second place went to Johnny Martinez, who scored twelve right, and missed the tie-breaker score by only three points. Third place went to Joe Pat Wright, who also correctly picked 12 games, and missed the Dallas-New Orleans score by only seven points.

Martinez' only misses were the Southern Cal-UCLA and Atlanta-Chicago games. Wright missed St. Louis-Washington and Atlanta-Chicago.

Six other contestants correctly picked twelve games. They were Elice Martinez, Yvonne Stevenson, Mike Spears, Paula Whitecotton, Jimmie Cockerham and Betty Shepherd. Twenty-six contestants correctly picked eleven games, and thirty others had ten correct.

In the race for grand prize, the leader, Harry J. Charles, scored an eleven for the week, and increased his lead to three points. Charles now

CONTEST WINNER....A.M. Wilson is shown above holding his check for \$7.50 which he earned by winning last week's Bovina Business Football Contest. The picture was taken at the Parmer County Community Hospital as Wilson was there receiving treatment at the time. We hope A.M. gets well soon.

has a grand total of 107 points, to 104 for Nick Rodriguez, who had a ten for the week.

Dorothy Harris also scored an 11, and moved into third place in the standings with a score of 103. Next at 102 come Wes Cockerham, Flossie Rhinehart, Billy Smith and A.M. Wilson. Paula Whitecotton stands

alone at 101, while Mike London, Pat Read and Don Spring have an even 100.

Two weeks remain in the annual contest, the current one and one more. Contestants are urged not to forget to enter this week, due to the holiday break. "Get your blank filled in right now, and either bring it by the Bovina office or drop it in the mail," says contest editor R.D. Looney.

Some great games are coming up the next couple of weeks in the college and professional ranks, so anything can happen.

Contestants are vying for a grand prize of \$100 cash in the race for grand prize, in addition to weekly prizes of \$7.50, \$5.00 and \$3.00 for the top three places.

Charles is drawing his sights on his second championship in the local contest, having won the title back in 1973. He would like to duplicate the feats of Emmett Tabor and Allen Cumpton, both of whom have won the football predicting title on two occasions.

This is the 18th year for the Blade to sponsor the contest in conjunction with local businesses.

Weather Continues Fickle

The weather in the Bovina area has been on the disagreeable side for most of the past week, with temperatures on the cold side, and hampered by an almost steady drizzle.

Last Thursday, residents awoke to the first snowfall of the season, which measured about three inches in the local area. The snow added about .25 inch of moisture to the month's total.

Farmers who are needing to finish their harvest operations have been hindered again during the past week, and have been unable to accomplish any outside work.

It is beginning to look as though cotton farmers may be lucky to get their crop out of the fields prior to the first of the year.

Reports Are Set

The Bovina Independent School District announced that report cards will be sent home with students this Wednesday, November 22.

School will dismiss for the Thanksgiving holidays on Wednesday, November 22 at 2:30 p.m. Classes will resume Monday, November 27, at their regular time.

Esther Trimble Services Friday

Funeral services for Esther Trimble, 49, will be conducted at the United Methodist Church Friday, November 24 at 2:30 p.m., with Rev. Dick Richards officiating.

Mrs. Trimble passed away November 18 in London, England, while visiting relatives.

Survivors include her husband, C.E. Trimble, two daughters, Cathie R. Sharp of Levelland and Christie Kay McCain of Port Arthur, a son, Charlie of Bovina, a sister, Gertrude Depperman of Portland, Oregon, and two brothers, Al Wutzke of Coeur d'Alene, Idaho and Roland Wutzke of Juneau, Alaska.

Mrs. Trimble left Bovina on November 4, with her brother-in-law and wife, Mr. and Mrs. Horace Trimble of Lufkin, Texas. They went to England to visit Mrs. Horace Trimble's mother, Mrs. Dunn of Manchester, England.

The Bovina resident passed away while visiting in the home of Mrs. Dunn.

Mrs. Trimble was born in Roseglan, North Dakota on May 23, 1929. She married C.E. Trimble on July 4, 1954 in Coeur d'Alene, Idaho. Burial will be in the Bovina Cemetery under the direction of Parsons-Ellis Funeral Home of Friona.

A memorial fund has been

ESTHER TRIMBLE

established at the Methodist Church for pew Bibles. Memorials may be sent to the church, or given to Gene Ezell.

Pallbearers will be Tommy Williams, C.W. Grissom, A.L. Nuttall, Vernon Willard, Mike Nabers, Pete Davies, Robert Read and Billy Don Read.

1979 Grain Program Released By ASCS

The 1979 Feed Grain Set-Aside Program is basically the same as the program for the 1978 crop, according to the ASCS officials. It requires corn and grain sorghum growers who want to qualify for program benefits to set aside eligible cropland equal to 10 per cent of their farm's planted acreage.

Also, growers will be offered diversion payments if they will set aside an additional acreage equal to 10 per cent of the 1979 plantings of grain sorghum and/or corn. In other words, idle an acreage equal to 20 per cent of the farm's 1979 plantings of corn and/or grain sorghum.

There is no additional diversion payment offered to barley growers. Barley growers must set aside an acreage equal to 20 per cent of their farm's 1979 plantings in order to qualify for program benefits.

As in 1978, a farm's plantings—plus the set aside acreage, must not exceed the farm's established Normal Crop Acreage (NCA) under the program. The 1978 acreage of corn and/or grain sorghum planted on the farm has no bearing on 1979 program participation. Any corn or grain sorghum producer whose farm meets the NCA planting and set aside requirements may participate in the diversion for pay program.

Payment per acre will be made at \$1 per bushel times the yield established for the farm times the

acreage (the additional 10 per cent) voluntarily set aside. For example: Typical farm in Parmer County has NCA of 460 acres with 130 bushel established corn yield and 98 bushel grain sorghum yield.

Now, let's assume that there is 150 acres of corn and 100 acres of grain sorghum planted on the farm in 1979 and the farm is to participate in the additional (for pay) set aside program. In this case there would be 50 acres of land set aside with 25 acres eligible for payment.

Fifteen acres would be paid for at the corn rate—\$1.00 x 130 bu. x 15 acres equals \$1950.00. Ten acres would be paid for at the grain sorghum rate—\$1.00 x 98 bu. x 10 acres equals \$980.00. Thus, the total diversion payment for this farm would be \$2930.00.

In the above example we have only accounted for 300 acres of the farm's NCA; however, we can assume that the other 160 acres will be utilized by planting NCA crops and/or setting aside land under the wheat and/or cotton program. Of course, a grower is not required to plant or utilize all of a farm's NCA in order to participate in the program.

Anyone having a question about any of the provisions of the 1979 farm program are urged to contact the ASCS office in Farwell.

MBPXL Sets Stock Study

The Board of Directors of MBPXL Corporation voted unanimously today that its fiduciary responsibility to its stockholders required it to seek further information regarding a proposed tender offer announced yesterday by Cargill Holdings, Inc., a wholly owned subsidiary of Cargill, Inc.

Management and advisors of the Company were directed to inquire into various aspects respecting the proposed offer.

Pending such inquiry, the Board has taken no position as to the proposed offer.

MBPXL has entered into an agreement with ConAgra, Inc. for a merger into ConAgra on a share-for-share basis. That agreement is subject to stockholder approvals. A registration statement covering the merger has been filed with the Securities and Exchange Commission.

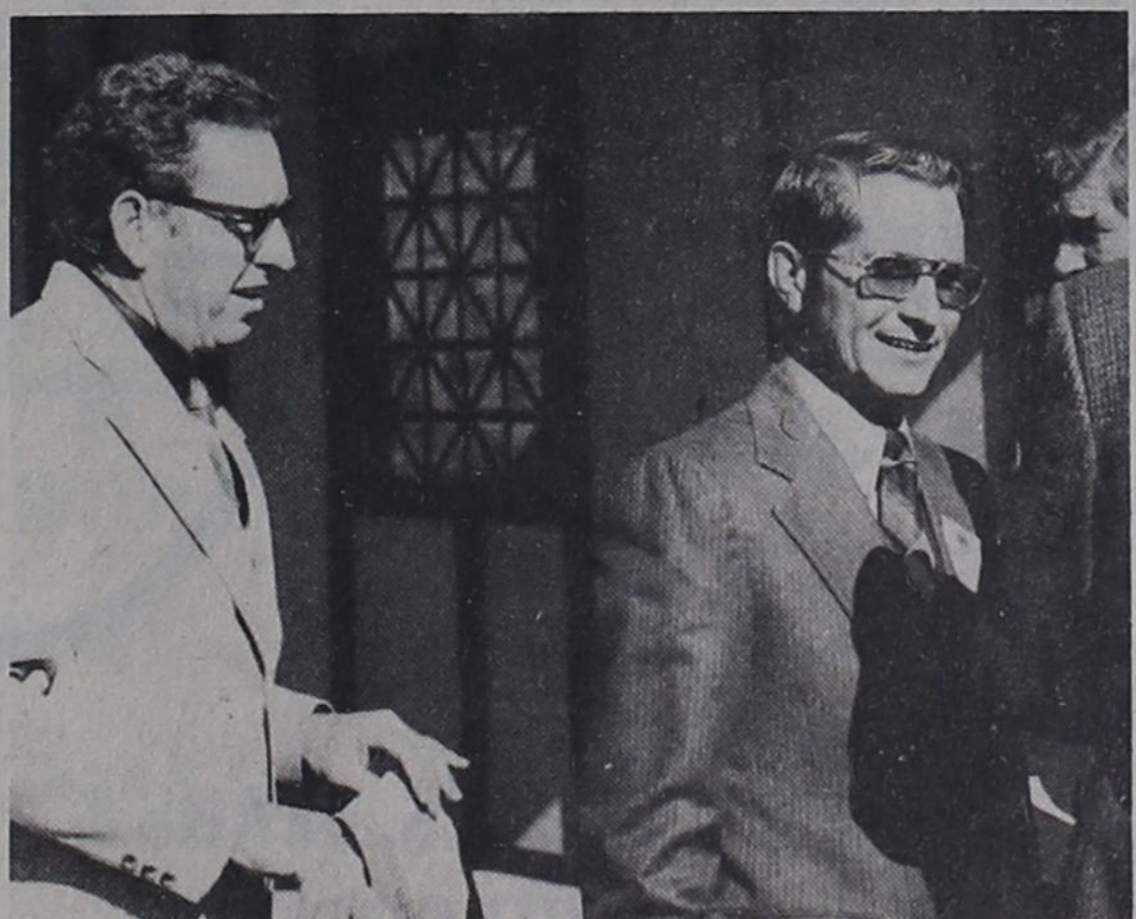

Community Service Scheduled

Bovina's Annual Community Thanksgiving Service will be held at First Baptist Church on Wednesday, November 22 at 7 p.m. Those churches that are cooperating are First Baptist, St. Ann's Catholic Church, Belen Baptist Mission and First United Methodist Church.

The offering from this service will go for the rebuilding of the Christian Benevolence Fund. This fund is used to help people in need as they pass through the community.

Special music will be furnished by First Baptist Church under the direction of Grady Sorley.

Rev. Dick Richards, pastor of First United Methodist Church will be doing the preaching. Bro. Richards is new to our community, moving from Ralls in June.

ATTENDS AWARDS LUNCHEON... Eugene Griffin, SPS manager for Bovina, and Bill Wilshire, SPS manager for Friona, recently attended an awards luncheon in

Amarillo. Southwestern Public Service was awarded the "Outstanding Electric Utility for 1978" by the *Electric Light and Power* magazine.

Apple Recipes Given

By LAURA JACOBS
Ever hear of an "apple peeling bee"? It's an old fashioned way to turn back into pleasure. In "the good old days" horseback riders would race through the countryside to round up neighbors for the apple peeling bee. All the women folk would gather, bringing mince and pumpkin pie and other foods. How much they and their men folk enjoyed each others company as they peeled apples, later to be dried or made into apple butter—a sweet reward indeed!

You may not have an "apple peeling bee," but what better way to enjoy your guest than with tasty apple treats, warm from the oven.

You'll get more flavor in baked apples if you choose varieties that are tart to the taste. McIntosh and Rome Beauty are two of the four major varieties. Northern Spy and Cortland are fall varieties that are also especially good for baking and general cooking.

Remember to spare the water and the sugar when cooking with apples. Apples have their own sweet, natural water content and can become too soft if special care is not taken.

Use just enough water to prevent the apples from sticking or scorching. Add little sugar to highlight the flavor; too much makes apples mushy.

Seasonings should be added with a gentle touch to enhance natural flavor, not smother it. Allspice, cinnamon, nutmeg, ginger, apple pie spice, coriander seed, anise seed, pumpkin pie spice, mincemeat spice and fresh mint are a few spices especially suited for enhancing apple flavor.

Baked apples used to be the hallmark of the Northern Pacific Railroad in the days of great dining

cars. Use the simple recipes below to bring great dining to your kitchen. Put cored apples in a baking pan and fill the cavities with one or a combination of the following: butter, sugar and raisins; brown sugar; maple syrup; or jam. Bake for one

hour in a 350 degree oven and serve with sweet cream. If you are counting calories, fill the cavities with cinnamon and your favorite low-calorie soda.

For FARMHOUSE BAKED APPLES, vary the above recipe slightly. For 12 apples you'll use a mixture of 1½ cups cooked rice and ¾ cups seedless raisins. Drizzle 3 cups warm maple syrup over the stuffed apples. Bake in 400 degree oven until apples are tender, about 45 minutes to one hour. Cover the pan for the first half hour of baking, then remove cover and baste apples with syrup, continue baking uncovered. Serve warm or cold with a pitcher of cream.

Wedding Shower Scheduled

There will be a wedding shower December 2, 2-3:30 p.m. at the Community Room of First State Bank, for Kathy Squibb, bride-elect of Coach Michael Leiby of Bovina.

Hostesses are: Joyce Read, Marilyn Rains, Evon Stevenson, Era Louise Jamerson, Juanda Murphy, Florence Ritchie, Lisa Spears, Dilene Barnes, Shelby Rhodes, Cathy Heard, Merle Nelson, Donna Roming and Vergie Cary.

Scooter's Scoops

By Scooter Russell

We enjoyed having daughter Tracy and Denise for a few days.

For the ladies who gave Tracy's wedding shower we want to thank you so very much and for all the lovely gifts. Most of all we thank you for being good friends to us.

News around town:
Carolyn and Prentes Pruitt visited with her mother, Mrs. Christine Pearson of Kerrville and her sister, Mrs. Dudley Steapp of Mason. Carolyn said it was the first time they'd left the boys by themselves and they made it fine without their parents.

During this week the Dean Hastings and the J.W. Wrights have been enjoying a visit from their five-year old grandson, Heath. He is the son of Carol Jean and Jerry Wright of Truth or Consequences, New Mexico.

The Owen Pattons had company last week: their daughter, Sandra Jones of Amarillo and granddaughter, Regina Vogel of Dallas. The ladies also visited their grandmother and great-grandmother, Mrs. Alice Snodgrass of Clovis, who is also Mrs. Patton's mother.

If you would like to buy some delicious fruit that the FFA boys sell each year—now is the time. The fruit sells for \$9.50 a box and you can call one of the FFA boys for your order.

Last Tuesday evening Mrs. Von Bowen broke her right arm. She was taken to Parmer County Community Hospital in Friona where she spent the night.

She said she was using one of her bar stools as a step stool and fell. She's getting along fine.

Mina Horn came home last Saturday from Lubbock where she had been hospitalized. Her mother,

Mrs. Jno Nation of Crosbyton is with her and she's getting along fine.

Allen Cumpton is home and doing 'great' since his surgery in Hereford last Tuesday.

Their son, Rex, of Amarillo was with them during that time.

The children of Mr. and Mrs. Elmer Lowrie request the pleasure of your company at the reception in celebration of their Fiftieth anniversary of their parents marriage Sunday, December 3, 1-5 p.m. 137 Ranger Drive, Hereford, Texas.

Patsy and Dwain Nance have recently returned from a pleasant trip to Barbados, a small island in the West Indies.

Patsy said the island was only 166 square miles in size and had 172 churches. On the island they raise cotton, carrots, and sugar cane. She said the flowers were beautiful on this little tropical island and the poinsettias were just beginning to bloom.

Patsy Webb entered an Amarillo hospital yesterday where she will have some tests run. She will be there for a few days. Larry says she's feeling fine.

The holidays are ahead: if you don't want to gain weight, here is the perfect diet: If it tastes good, spit it out!!!

Last week A.M. and Mary Jane Wilson returned home from visiting Jim and Sherley Hemke and their daughters Sharon and Linda and their families.

The Hemkes lived in Bovina about eight years ago.

Mr. and Mrs. Bobby Straus of Abilene spent the night with the Wilsons last Wednesday. Bobby is

Mary Jane's nephew.

The Elton Venables are grandparents of a new little grandson born November 8, in Alamogordo, New Mexico.

He has been named Logan Benjamin and weighed seven pounds, twelve ounces. His parents are Margaret Jo and Owen Moore. Margaret is with them in Alamogordo and Elton says they are all coming to Bovina for Thanksgiving.

The Moore's have another son, Neil, who is five years old. This is the fourth grandson for the Venables.

Beth and Don Waddell and children, Mandy and Kevin are visiting friends and family in Bovina and Clovis this week.

The Waddells live in Colorado Springs and Beth is the daughter of Ed and Alta Hutto of Clovis.

We want to express our deepest sympathy to the family of Esther Trimble, who passed away last Saturday in London, England.

She was a lovely, gracious person, a good friend and neighbor, loved by everyone who knew her.

May God comfort you, C.E., Cristi, Cathy, and Charlie, during this time of sorrow.

Mrs. C.R. Elliott wishes to thank her many friends for their birthday cards and telephone calls on her "Nth" birthday. A special thank you goes to Rosalynn and President Jimmy Carter for their nice card from the White House.

THINK ABOUT IT.... This is Thanksgiving week....do we have something to be thankful for? Let's take inventory....

Are we blind? Does the sun rise and fall without our witness? No, we can see and enjoy the magic of a leaf, a snowflake, a pond, an eagle, a child, a cloud, a star, a rose, and a rainbow and the look of love. Count a blessing....

Are we deaf? No, we can hear the wind in the trees, the rain on the roof, children at play, a robin's song, and the words "I love you".... Count another blessing.

Are we mute? Do our lips move and bring forth only spittle? No, we can speak...as no other creature, and our words can calm the angry, uplift the despondent, cheer the unhappy, warm the lonely, praise the worthy, encourage the defeated, teach the ignorant and say I love you. Count another blessing....

Are we paralyzed? Does our helpless forms despoil the land? No, we can run, we can stretch, move and work...Count another blessing....

Are we unloved and unloving? Does loneliness engulf us, night and day? No, love is a gift and all around us....Count another blessing.

Are we diseased of skin? Do people turn in horror when we approach? No. Our skin is clear and a marvel of creation. Eventually the strongest of metals will wear, will use, but not that layer that we have constructed around us. It constantly renews itself, old cells replaced by new. Count another blessing....

Are our lungs befouled? Does the breath of life struggle to enter our bodies? No, our portheoles of life

support us even in the vilest of environments of our own making, and they labor always to filter life giving oxygen through six hundred million pockets of folded flesh while they rid our bodies of wastes. Count another blessing....

Is our blood poisoned? Is it diluted with water and infections? No... Within our 5 quarts of blood are 22-trillion blood cells and within each cell are millions of molecules and within each molecule is an atom oscillating at more than ten million times each second. Count another blessing....

Are we feeble of mind? Can we no longer think for ourselves?...No, our brains are the most complex structures in the universe....Count another blessing.

We can be thankful...because we have every blessing necessary to achieve great glory!!!

These are our treasures, our tools with which to build, starting today, the foundation for a new and better life...Let's count our blessings. Happy Thanksgiving....

Thank you for calling.... Scooter

WT Sets Course

"Educational Psychology," a graduate level course at West Texas State University, will be offered beginning January 17 at Dimmitt High School.

The course, Education 5510, will be taught by Dr. Paige Carruth, associate professor of education at WTSU.

The course will include psychological aspects of human behavior, learning, teaching, individual differences, mental health and current issues of psychological importance in the classroom.

Registration will be on the WTSU campus during the regular spring enrollment on January 13, or from 5 to 5:30 p.m. on January 17 in Dimmitt.

A minimum of 18 students will be necessary in order for the course to be offered. Additional information concerning the course may be obtained from a graduate advisor, or by calling the Department of School Services Office at WTSU (806) 656-2617.

Touch Calling now available in most areas.

Lazbuddie Church Sets 50th Anniversary

The Lazbuddie United Methodist Church is holding its fiftieth year anniversary, homecoming, and annual Harvest Festival on November 26.

The morning services will be conducted by Rev. Wesley Putnam, pastor, beginning at 10:45 a.m. The Harvest Festival service will be a part of the morning worship.

After the morning service, dinner will be served by the ladies of the church in the fellowship hall.

About 2 p.m., everyone will return to the sanctuary where the history of Lazbuddie United Methodist Church will be given. Past pastors and members will be given an opportunity to say a few words. Johnny Ray Watson, our featured guest, will minister to those present in song.

All present and past members, former pastors, and all friends are invited to come and be a part of any or all of the day's activities.

The Lazbuddie Methodist Church was organized in the fall of 1928 by Rev. W.B. Hicks, Methodist minister from Muleshoe. Rev. Lloyd H. Jones was the first pastor of the

church, which was a part of the YL circuit.

The first church building was constructed in 1937 at a cost of \$500.00. Members of the church donated the labor to build the sanctuary which is now used for classrooms. The present structure was built in 1955 and was dedicated debt free in 1961 by Bishop Paul V. Galloway.

Between 1928 and 1937 the church met jointly with other denominations in the community, alternating with other ministers, with all services in the Lazbuddie school building.

The parsonage was built in 1947 and Lazbuddie Methodist Church became a "full time" church. The present parsonage was remodeled and enlarged in 1972.

During the past 50 years, many good men have pastored the church and many dedicated members have worked hard and prayed long to keep the banner of Christ held high. As we celebrate this day we look back on the ministry of this church with pride, while at the same time we look forward to an even greater ministry for Jesus Christ in the years ahead.

INTERCEPTION....Ronnie Cary is shown here returning upfield after intercepting a pass from Vega quarterback Galbraith. Bovina and Vega were playing for the District 3A title.

**HAVE A...
Happy Thanksgiving**

Thanksgiving...
 a beautiful
 occasion when
 generations
 come together
 to share
 a family's
 blessings...

To all, a happy
 Thanksgiving

1978

Heap high the farmer's wintry hoard,
 Heap high the golden corn,
 No richer gift has Autumn poured
 From out her lavish horn...
 And now with Autumn's moonlit eyes
 Its harvest time has come,
 We pluck away the frosted leaves
 And bear our treasure home.
 O, let the good old crop adorn
 The hills our fathers trod,
 Still let us, for our golden corn,
 Send up our thanks to God.

FACTS & FIGURES

The term Siamese twins
 stems from Chang and Eng
 Bunker. The brothers, joined
 by a band of cartilage at the
 chest, were born in Siam,
 now Thailand. At age 32,
 they married sisters and
 fathered 10 and 12 children,
 respectively.

For joining together rubber,
 plastics, metals, hardwoods
 and ceramics, it's helpful to
 have a strong product like
 Eastman 910 adhesive. Just
 one drop and fingertip pres-
 sure forms a bond capable of
 holding up to 5,000 pounds.

WINTER IS HERE....All that white
 stuff on the trees, ground, and just
 about everywhere is snow. Bovina
 received about three inches of the

white powder last week. The snow
 was pretty wet and will probably
 help out the wheat crop. This photo
 is of the Earl Whitten home.

Around The House

By LAURA JACOBS
 Consumers can "unravel" any
 confusions about nylon by knowing
 some basic nylon facts. Nylon's
 exceptional strength and elasticity
 make it useful for a variety of
 products. It is often used in blends
 with wool and other fibers to give a
 fabric greater strength and shape-
 retaining properties. Other advan-
 tages are nylon's ability to stay
 strong when wet, resist damage by
 mildew and chemicals and to resist
 abrasion. Also, it can be heat-set in
 permanent pleats and it washes and
 dries easily and quickly. However,
 nylon can be damaged by exposure
 to sunlight—and by body oils or
 perspiration, unless it is laundered
 frequently.

Nylon Uses
 Nylon fabrics come in many
 forms—to suit their end uses. They
 are generally knitted for use in
 lingerie, foundation garments, ho-
 siery and blouses. Woven nylon
 makes raincoats, ski wear, wind-
 breakers, and some dress fabrics.

Nylon Trade Names
 Qiana is the trade name of a shiny,
 silky kind of nylon used in dresses
 and evening wear. Antron and
 Bodyfree nylon have static resistant
 properties, while Crepeset is the
 trade name for a textured nylon
 yarn. Other nylon trade names are
 Actionwear, Cantrece, Enkasheer,
 Random-Tone, Source and Zefran.

Nylon Care
 Nylon care is usually simple. Most
 items are machine washable and

require drying at low temperatures.
 Delicate items may need special
 care or hand laundering. Nylon
 absorbs color from wash water—and
 from other fabrics, so always
 launder nylon fabrics with similar
 colors. This is especially important
 for whites. Also, white nylons
 require whitening occasionally with
 special nylon whiteners or by
 bleaching. If nylon items need
 pressing, use a warm iron. In all
 cases, for best results, follow the
 care label instructions, since special
 finishes may need special care, too.

Mistakes Costly As Vega Topples Ponies

By R.D. LOONEY
The Bovina Mustangs went into Friday night's game with high hopes of winning the District 3-A crown, but came away with only the memories of the season to comfort them.

But, we would like to think that the players, coaches and fans have many good memories. Bovina was picked to place fourth in the district by Top-O-Texas magazine, but the Mustangs fooled a lot of people, and finished with a 5-4-1 season and 4-1 district record. The Mustangs had undisputed second place in the district standings.

We here at the Blade, and probably most of our readers, would like to express our appreciation to the Mustangs for a most enjoyable football season. It was our pleasure to cover the games, talk to players,

and interview the coaches. Maybe next year will be the one for the Mustangs.

But, back to the game. Vega took advantage of six Bovina turnovers and some mixups in the secondary to put the Mustangs away. The Mustangs were only able to move the ball 75 yards on the ground, and were completely unable to gain any yardage through the air, failing on 16 pass attempts.

The visiting Longhorns jumped out to a 14-0 lead at the end of the first quarter, as quarterback Randall Galbraith ran for six yards for one score and threw a 42-yard pass to Les Newbill for another.

The Horns scored a two-point conversion following their first touchdown.

Then in the second quarter, Galbraith clicked on a 45-yard pass

to Jesse Rodriguez, and then hit Rob Groves for two points as Vega stretched their lead to 22-0.

The Vega quarterback figured in all five Longhorn touchdowns. He scored twice more in the second half, on runs of five and one yard, to complete the scoring.

Statistics are as follows:

Bovina		Vega		
6	First Downs	16		
75	Yards Rushing	154		
0	Yards Passing	125		
75	Total Yardage	279		
16	Passes Attempted	13

KIM NAEGLER... (24) is shown above shooting over a Friona Squaw defender in basketball action Saturday night, November 18. The Fillies dropped the game to the Squaws 25-29. Denise Read (32) starts to come in for the rebound.

Sandi Sides (44) goes high above a Friona player to grab the rebound. Elyese Moody (40) stands by if Sandi should need any help.

Fillies Stumble In Season Opener

The Bovina High School Fillies basketball team lost their opening game of the season Saturday night, November 18 to the Friona Squaws, 25-29. The Fillies just couldn't seem to get untracked due to a bad case of the "jitters." Coach Joel Nelson said, "I didn't realize the girls were so scared."

The Fillies, who are in their first year of five-man basketball, led most of the first half, and went into the locker room with a 14-14 tie at halftime. At the end of the third quarter, the Fillies trailed 18-19, and were outscored in the final quarter 7-10. The Fillies hit only 25 per cent of their free throws and according to Coach Nelson, "Our play under the basket wasn't the greatest."

Belinda Shelby was the high scorer for the Fillies and the game with nine points. Elyese Moody followed with six, and Sandi Sides had five. Dana Miller had seven for

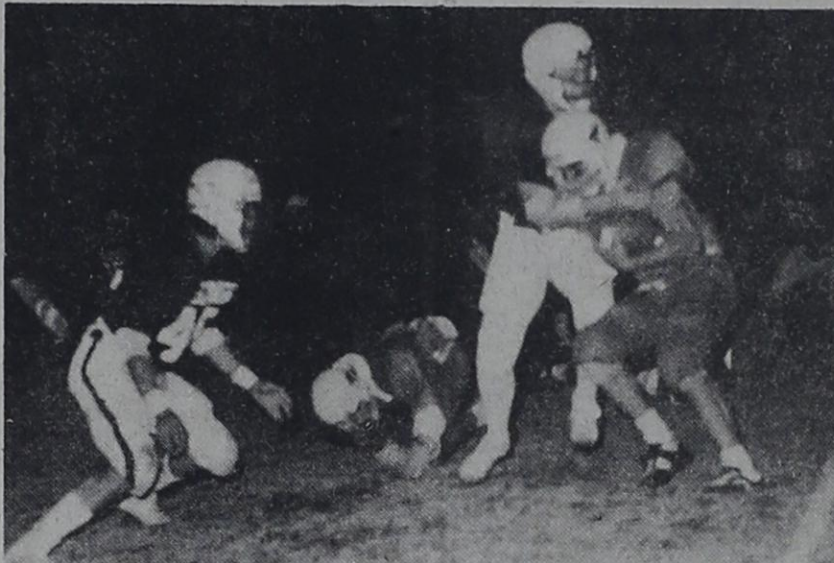

the Squaws, followed by Renae Monroe with six and Kim Frye with six.

The Fillies' J.V. had a little better luck, winning their first game of the season 42-35. Kathy Williams was the high scorer with 13 points, while Fonda Griffin had 12 points for the Fillies J.V.

The games against Lazbuddie, scheduled for Monday, November 20, were cancelled. The Fillies and Mustangs will play next in Muleshoe, Tuesday, November 21. Let's get out and support our teams.

Volleyballers Stumble

The Fillies volleyball team traveled to Lorenzo Monday night, November 20, to take on the 4A District champions for the Bi-District title. The Fillies suffered two straight losses to the Lorenzo team, 15-4 and 15-6.

CRUNCH....An unidentified Mustang makes the tackle on a Vega running-back in Friday night's football action. Ruben Salazar, (40) prepares to help out on the stop. The Mustangs lost to Vega 36-0.

CONTROL

**Rats, Mice, Termites, Roaches, Silverfish
Without Poisons. Eliminate The Odor Of Dead
Mice In Your Home, Business And Outbuildings.**

The Eliminator, from Monty Environmental Services, Inc., is a revolutionary electronic device to control rats, mice and many insect pests—without poisons.

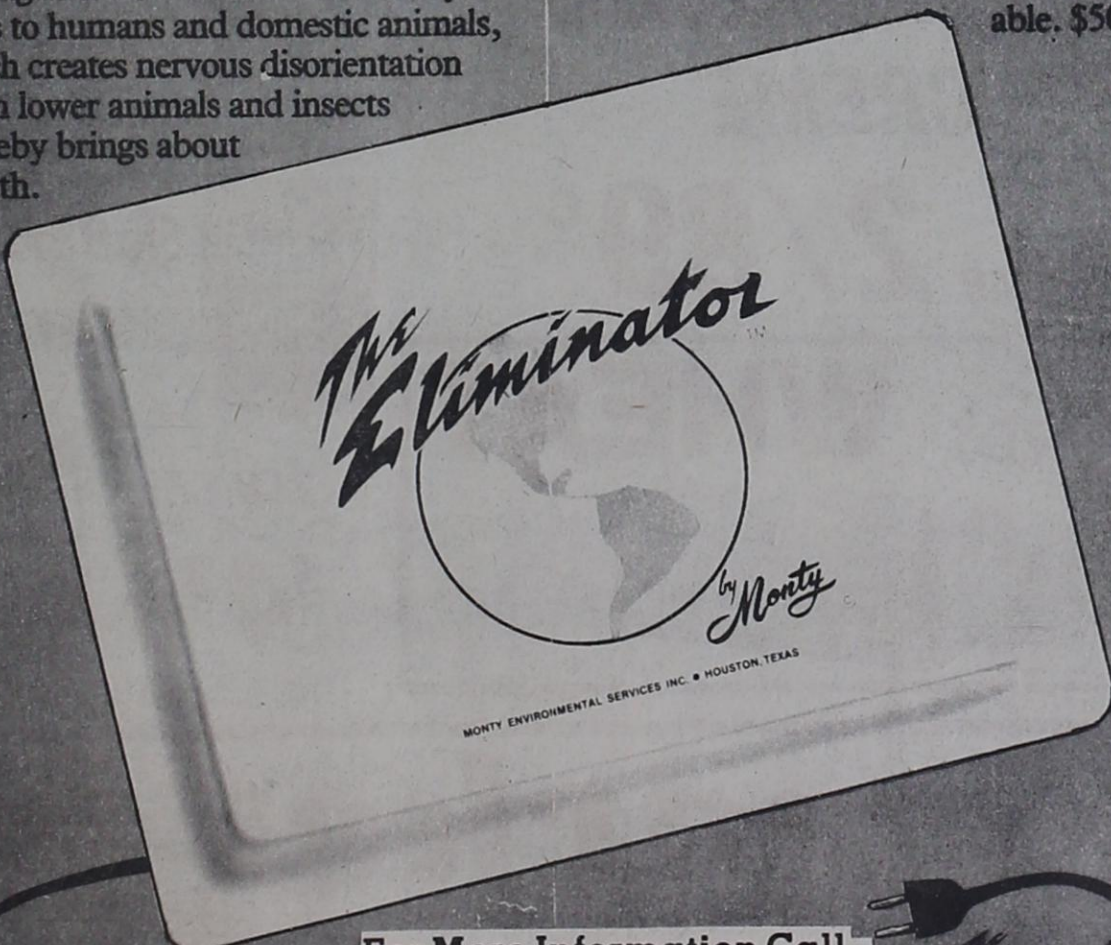

The pest does not have to come in direct contact with the instrument. Its effective range is up to 150' radius, it can be adapted for AC or battery operation, and is waterproofed for outdoor installation.

Simply stated, the Eliminator creates a mild magnetic field which is absolutely harmless to humans and domestic animals, but which creates nervous disorientation in certain lower animals and insects and thereby brings about their death.

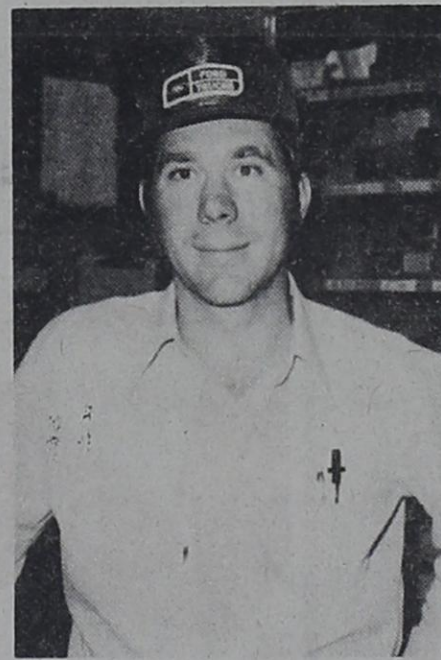

This means, for the first time you can have effective control of pests around your farm, business, or home without the dangers or continuing expense of poisons and traps.

The Eliminator has been proved effective in grain elevators, feed lots, restaurants and other places which often have difficult pest control problems.

Eliminate poisons, and control pests. Get the Eliminator. Model 500 now available. \$500.00
