We are offering a comic book that stars the same cartoon character that appears on all of our television safety spots. We call him "Sparky the Safety Mouse." This is a light-hearted approach to a very serious subject: safety. We want to give children a safety message they will read, understand and remember. This is the time when youngsters are most apt to be playing around power lines. So, it's the best time for them to think about safety. Pick up your free comic book now.
