WITH THE GENERAL ELECTION coming up on Tuesday, November 2, we will attempt to make some endorsements, for those who wish to compare notes, on the major races.

In the governor's race, we support **BILL CLEMENTS** for re-election. Clements has worked well with the Democratic legislature.

Clements has managed to keep our state showing a surplus in its state treasury, at a time with federal government and virtually every other entity is in the red.

With some 11.3 million Americans out of work, approximately 10.1 per cent of the nation's work force, the percentage of jobless in Texas is only 8.4 per cent—and some 800,000 new jobs have been created in Texas during the administration of Bill Clements.

Clements believes in pay-as-you-go. He holds his ground against federal programs which would hurt the state. He has shown more interest in the Panhandle than any governor other than our own Preston Smith. He is much aware of our need for a water import program.

JIM COLLINS has to be an improvement over Lloyd Bentsen in the U.S. Senate. Although Bentsen's backers call him a moderate who votes across party lines and sometimes supports the president, we fell out with Sen. Bentsen for his vote which helped give away the Panama Canal.

Perhaps history will prove that this was a wise choice, but we never did understand why a nation the size of the USA had to give in to the demands of a two-bit dictator.

Bentsen's refusal to vote the wishes of his constituents on this and other matters should be good enough reason to retire him from office.

GEORGE STRAKE is our choice for lieutenant governor. Strake, a Houston businessman, was Gov. Clements' campaign chairman in 1978, and served as Secretary of State under Clements. We feel the governor could better function with a candidate from his own party, and that Bill Hobby, who has served ten years in office, has surely done enough harm by now.

From here down, we switch to the Democratic ticket, and favor **BOB BULLOCK** for re-election as Attorney General. Bullock has done a good job, we believe, in his position, and despite his problems, deserves another term.

ANN RICHARDS grabbed our attention while winning the nomination for state treasurer. A former Travis County Commissioner, she would be the first woman to win a statewide office since Miriam "Ma" Ferguson, who won her second term as governor in 1932.

GARRY MAURO is the only candidate for statewide office to come into our community, visit the publisher and ask his support. He defied a lot of odds by winning the party's nomination for land commissioner in May, so Garry, you have our endorsement.

We do not know **JIM HIGHTOWER** personally, but Ralph Roming has worked with him and thinks he would be a great Commissioner of Agriculture, working for the benefit of farmers. This would be a big improvement over the GOP candidate, Fred Thornberry, who thinks our state's farmers are all making a big profit. Thornberry has been a college professor, and perhaps he'd be better off to stay with his books, and not venture out into the real world.

It almost goes without saying, but we'd better say, that we favor **KENT HANCE** for re-election for congress, and **BILL SARPALIUS** for state senator. Both men have done outstanding jobs representing our district, and need to be allowed to continue.

General Election Set November 2

The General Election will be held next Tuesday, November 2, with a number of races which should bring out the voters.

Perhaps the top race is the governor's race, where incumbent William P. (Bill) Clements is opposed by Democratic candidate Mark White.

Clements upset the appcart in 1978 by becoming the state's first Republican governor in a hundred years. White, who has served as the state's attorney general, won a tough primary battle in May, and has waged a tooth-and-nail battle for the office, which is expected to be close.

Lloyd Bentsen, liberal Democratic senator who has drawn the ire of Texas residents due to his voting record, is opposed by Republican Jim Collins. This should make for a good race, except for the fact that it may turn out that Collins has had about as poor a record in the House of Representatives as Bentsen has had in the Senate.

The Lieutenant Governor's race also has been heating up. Incumbent Bill Hobby, who has served four terms, is opposed by George Strake, and Strake has really carried the fight to Hobby.

Congressman Kent Hance, Lubbock Democrat, has only token opposition from Republican E.L. Hicks and Libertarian party candidate Mike Read, neither of whom has campaigned seriously. Otherwise, Jim Mattox (R) and Bill Meier (D) are battling for White's vacated Attorney General's post; and incumbent Bob Bullock (D) is opposed by Mike Richards (D) in the

race for Comptroller of Public Accounts.

Ann Richards, who defeated incumbent state treasurer Warren Harding in the Democratic primary, now faces Republican Allen Clark in the General Election.

Garry Mauro (D) and Woody Glasscock (R) are battling for the General Land Office commissioner's position; and Jim Hightower (D) is opposed by controversial Fred Thornberry (R) for Commissioner of Agriculture.

Jim Nugent (D) is battling John Henderson (R) for the Railroad Commission, and Ted Robertson (D) is opposed by John L. Bates (R) for justice of the Texas Supreme Court, place 1.

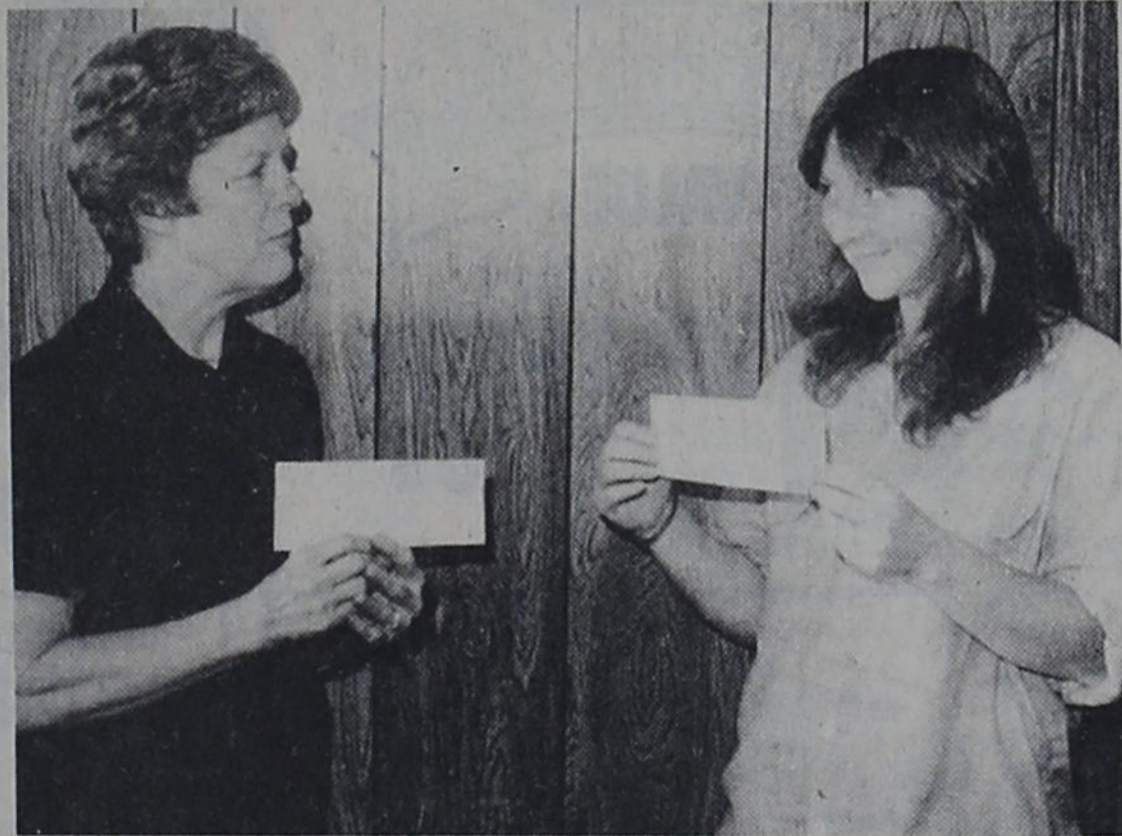

On the County Commissioner's level, Tommy Williams, who defeated incumbent commissioner Jack Patterson in the Democratic primary in May, now is opposed in the general election by Dale Hart of Friona.

Precinct 2 was enlarged due to the reapportionment of precinct lines, to include a portion of western Friona.

Marjorie Watkins, who won the Democratic nomination for County Clerk, is unopposed in the general election, along with the other county and precinct officials.

Bovina voters will be voting in the American Legion Hall, with Jay Sherrill as election judge and Gloria Atchley as alternate.

Rhea voters will vote at the Rhea Parish Hall, with Raymond Schueler as judge and Carl Schlenker, alternate.

WEEK'S WINNERS....Jeanie Kerby, left, and Rhonda London tied for first place in the Bovina Blade's weekly football contest, and split the top two prizes. Each contestant picked 13 games, and were the same number of points from the Bovina-Kress score.

IT'S THAT TIME....Justin Lusk, three and one-half year old son of Mr. and Mrs. Terry Lusk, dons a Halloween costume, also points at a clock to remind Blade readers that Central Standard Time begins on Sunday (Fall-back). Also, a reminder for young spooks to do their trick or treating on Saturday.

AUSTRIAN VISITORS....Visiting in the Nabors' home in Bovina this week have been two young ladies from Austria, first cousins of Tamie Nabors, shown at the left. The girls are Irma and Tanja Janecek. Mrs. Nabors is at the right.

Austrian Girls Are Guests Here

Loyd and Irma Nabors and daughter Tamie have had as guests in their home this week two of Irma's nieces from Enns, Austria. They are Irma Janecek, 20, and Tanja Janecek, 18.

The young ladies are daughters of Irma's only sister, Margaret Janecek of Austria.

Since their arrival locally, the two have been amazed at the distances—the flat land, and have been surprised to find that the people here are so friendly.

They also have been impressed by the giant shopping centers in the large cities, which offer much more in the way of retail goods than they are used to in Austria.

The girls started their journey by train from Enns to Frankfurt, Germany, then flew by plane to Chicago, thence to Oklahoma City, where they spent a weekend with Loyd and Irma Nabors' daughter and family, Sharon and David Sherrill. Another of the Nabors girls, Karen Walsh, drove up to meet them.

Since arriving in Bovina, the girls have driven to Keys, Oklahoma, where Mr. Nabors is harvesting maize; they attended a pep rally, where they were able to see their first cousin, Tamie, in action as a cheerleader, and attended their first American football game.

Other things which have impressed the young ladies since their arrival here include the large grain elevators and the pretty sunsets.

They also can't get used to the fact that in America, the vehicles are obliged to drive so slow, since in

Austria the speed limit is 80 miles per hour, and the roads are much more narrow. They also say they are impressed by the courtesy of the drivers here.

In Austria, the girls have finished their study course, which is equivalent to college degrees in this country. Tanja works at a hospital, in the medical records division. Irma works for a Swedish firm, doing general accounting work.

The girls' father is an engineer in a sugarbeet plant, so they are familiar with at least one phase of this area's agriculture. Irma says that Mr. Janecek is quite an inventor and designer.

Mrs. Nabors has been to Austria three times in the past 30 years. Mr. and Mrs. Janecek came here four years ago for a family wedding. It is the first time for the two girls to be in this country. They began saving their money—when they went to work, and when they had enough, planned their trip.

"It has really been a treat for Tamie to have had her cousins here, since she had not met them previously," Mrs. Nabors says.

This weekend, Mrs. Nabors and daughter Margaret plan to take the two Austrian visitors to the Houston area to see NASA, the coast, and all the sights in the Houston vicinity. They will then fly into Dallas for a get-together with an Austrian friend, prior to their return home.

They will be gone from home a total of three weeks. The trip, Austria to Texas, requires approximately 27 hours travelling time.

Two Contestants Tie For Contest Prize

Two contestants finished in a dead heat for first place in the Bovina Businesses' Football Contest's eighth week.

Rhonda London and Jeanne Kerby split first and second place money in the weekly contest, each having correctly picked 13 games, and both missing the Bovina-Kress game score by exactly 25 points. Each contestant received \$6.25 for their efforts.

Miss London's tie-breaker guess was Bovina 20, Kress 14, while Mrs.

Kerby picked the Mustangs, 18-16.

It was the second time during the course of the contest for two contestants to tie for the top spot.

Third place went to Gay Horn, who was the other contestant correctly picking 13 games. Mrs. Horn's tie-breaker was in favor of Bovina, 36-12, but the game was not that high scoring and she missed by a total of 39 points.

Eight contestants correctly picked 12 contest games. They were Mary Jane Wilson, Joe Pat Wright, Claudia Chisom, Bobby Johnson, Frances Johnson, Al Kerby, Jr., R.S. Keys and Tommy Reyes.

Another 24 contestants had scores of 11, and 22 more correctly picked ten.

Wayne Thatcher and Larry Wiseman were among the contestants who had scores of 11, and they maintained their lead in the contest standings with scores of 82.

Mrs. Kerby's score of 13 elevated her into a tie for second place with Roger Harris, Burry Thatcher and Tom Ware, two points back at 80. Bobby Johnson, Brad Lance and Billy Shepherd are third with scores of 79.

Contestants are shooting for a grand prize of \$100 in the contest, which has five weeks to run.

Health Club Opens Here November 1

Bovina's newest business, "The Body Connection," a health and recreational club, will open on Monday, November 1.

Yearly memberships are being sold for \$20 per single person plus a \$5.00 monthly fee, or \$40 per family membership and a \$10 monthly fee.

The Body Connection is located on Third Street in the Blade Building.

Hours of the club will be 8:30 a.m. to 6 p.m. Monday through Saturday.

Classes will be offered by the club beginning November 10, in ballet, gymnastics, twirling, ladies' self defense, tiny tot gymnastics, senior citizens' stretch, men's weights, and "Ms. Fits."

"Come by and register for the class of your choice," said a spokesman for the club.

A grand opening event will be held November 5. Details on the grand opening will be contained in the next issue of the Blade.

13-Year-Old Is Winner, Freeze Date

Tracy Diane Moore of Fort Davis, Texas, daughter of Chris and Nathan Moore, former Bovina residents, is the "First Freeze Champion" for 1982, having picked the actual first freeze date, October 20, right on the nose.

Tracy was mailed a check for \$10.00 for her super abilities as a weather prognosticator.

Other contestants who came close (but no cigar) included Don Murphy, whose guess was October 22; Juanda Murphy, October 23; Delpha Vinson and Sid Lloyd, both October 16. October 24 was another popular date for the predictors, chosen by two contestants, Rocky Bartlett and Lester Rhinehart.

This was the 18th straight year for the First Freeze Contest to be sponsored by the Bovina Blade. There has been a different winner of the contest every year.

Clinic Board Sets Meeting

The public is invited to meet with the directors of the Bovina Medical Clinic Monday evening, November 1, at 7:30 p.m. at the First State Bank Community Room. The purpose of the meeting is to elect or re-elect two new directors. Mike Spears and Kregg Wilson's terms are expiring.

Directors of the Bovina Medical Clinic are: Vernon Willard, Ellen Estes, Gene Scott, T-Bone Trienen and Thomas Rhodes.

If you have any nomination and can't be at the meeting you can contact Vernon Willard or Ellen Estes or any other director with your suggestion.

Chili Meal Slated Here

A chili supper will be sponsored by the Bovina Booster Club Friday from 5-7 p.m. before the football game at the School Cafeteria. Adults will be charged \$2.50 and children ten and under will be charged \$1.50.

Members of the Bovina Booster Club are reminded to come to their regular meeting held Tuesday evening at 8 p.m.

Band Readies For Contest

The BHS Band will hold its last regular practice Monday, November 1 at the Football Stadium, prior to the UIL marching contest November 2 in Lubbock at 1:30 p.m.

The public is invited to attend the practice, where band boosters will have refreshments.

City Gets 1 Per Cent Tax Check

State Comptroller Bob Bullock sent \$35.6 million to 967 Texas cities as their share of the one-per cent city sales tax for October.

The 1982 statewide total so far this year is up 11 per cent over the 1981 total up through the same date of last year. This payment reflects taxable sales made in August and reported to the state by the end of September.

Receipts for the City of Bovina for the period amounted to \$1,438.19, compared to \$796.95 the same time a year earlier. The city's payments for 1982 now stand at \$18,573.93, a 2.9 per cent drop from the 1981 totals at this time, \$19,144.68.

Houston received \$7.7 million. So far in 1982 Houston's payments are up 14.1 per cent over 1981.

Dallas got \$4.2 million, up 8.9 per cent so far in 1982.

San Antonio got \$1.9 million, up 10 per cent for the year.

Fort Worth received \$1.2 million, bringing the total for 1982 to \$19.9 million, up 4.5 per cent for the year.

Austin received \$1.3 million, up 14.3 per cent for the year.

El Paso received \$841,937 up 6.6 per cent for 1982.

These statewide figures included the impact in border cities of the August peso devaluation. Past devaluations have had an immediate negative impact on border sales but have returned to pre-devaluation levels within a year, Bullock noted.

"These are the declines which we predicted last month. Even though the thorns have begun to show, past experience points to recovery for the border towns with no long-term effect on the rate of growth in sales," Bullock said.

DIRT IN THE EYE?

Few things are as annoying as getting a speck of dirt into the eye. Sometimes, the tears stimulated will wash out the speck. But if they don't, here's a first-aid procedure--

If you can see the speck of dirt on the white part of the eye (sclera), use the corner of a moistened tissue or Q-tip to lift it out.

If the speck is on the clear window part of the eye (cornea) try to wash it out with a good eyewash. However, if it is embedded in the cornea do not try to get it out but rather consult a doctor for help.

If you can't find the speck, hold the upper lashes while looking downward, and gently pull the upper lid away from you and down over the lower lid. This will usually sweep the speck down to the lower lid, where it can be removed easily.

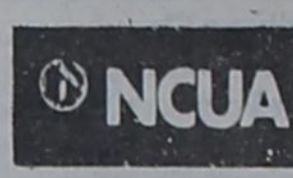

If you still can't find or remove the speck, STOP. Don't try more difficult procedures yourself. Cover the eye with a clean handkerchief or a dry sterile dressing to prevent blinking and consult an eye doctor.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

The fuel cost adjustment pass-through is fair to our customers. Costs of coal, natural gas, and fuel oil Southwestern Public Service buys to generate electricity change frequently. Sometimes fuel costs go up, and — we're glad to report — sometimes they go down. As set forth by regulatory authorities, the fuel cost adjustment pass-through requires SPS to reflect those changing costs in each customer's monthly bill. The fuel cost adjustment is designed so that each customer is charged only for the fuel that was required to generate the amount of electricity he actually used. There is no profit for SPS figured in the fuel cost adjustment. The customer pays only the current price for that fuel.

Doyle Moore, Amarillo District Manager.

SPS works hard to keep down the cost of fuel. Some people say that because fuel costs are charged directly to the customer, SPS has no incentive to keep fuel costs down. That's just not true. We have a commitment to keep electric bills as low as we can. Our customers are our partners, and we want to help them save money. Too, we always remember that electricity competes with other energy forms for the customer's dollar. So it's simply good business to keep the total cost of electric service as low as possible.

Maurice Johnson, Senior Engineer, System Planning, Amarillo.

Coal-fired generating plants help you and SPS hold down fuel costs. SPS now has two coal-fired generating plants. The newest, Tolk Station near Muleshoe, Texas, has just come on line. Fuel costs at coal-fired plants are significantly lower than fuel costs at the older, natural gas-fired plants. On the average, in fiscal 1982, the fuel cost of a kilowatt-hour generated by natural gas was 3.178 cents. The fuel cost of a kilowatt-hour generated by coal was 1.803 cents. So maximizing use of Tolk and our other coal-fired plant, Harrington Station near Amarillo, will help us, as your partners, hold down fuel costs.

Kurt Shaugnessy, System Accounting Coordinator, Amarillo.

Mustangs Shut Out Kangaroos

After opening district play with a pair of disappointing losses, the BHS Mustangs scored an impressive win over the team which had been pre-season favorite for the district title, the Kress Kangaroos.

In fact, the Mustangs shut out the larger Kress team, 9-0; Bovina's first shutout win of the season. The win upped Bovina's season record to 5-3. They are 1-2 in district play.

"We executed much, much better on defense. It was a great team

Bovina Eyes Olton Team

The team which Bovina will host on Friday, the Olton Mustangs, are sort of a mystery team. Olton wallowed around during non-conference play with only a single win, then when district started, they came on like gangbusters.

Olton won their first two games outscoring their opponents, 70-0 in the process. Farwell managed to bring them down to earth last week for their first District 3-AA loss.

But Bovina coaches are expecting a tough game Friday. "They're still in the thick of the district race with a 2-1 record, so they'll be up for the game," Coach Larry Helton says.

Olton's offense is similar to Bovina's, as they run a veer. On defense, the Mustangs show a 6-1 or 5-2, and will stunt on every play.

"Our line will have to pick up their stunts. It will be a big challenge for us. If we don't check their stunts, it could be a long night for us," Helton said.

Olton has fair size, but not anything as big as Kress. The Mustangs are said to be quick for their size.

Olton is the "new kid on the block" in District 3-AA this year, having moved down a classification after several years in the upper classification, playing the likes of Muleshoe, Littlefield, Friona and Dimmitt in district.

Coach Helton said if the team plays like it did at Kress, the Mustangs could win. "We've got to keep playing consistent, both on offense and defense," he said.

effort," said Bovina Coach Larry Helton. Kress threatened to score only once, penetrating Bovina's 20, but the Mustangs stopped that by recovering a fumble.

The Mustangs had held onto a slim 2-0 lead for more than two quarters, before scoring a clinching touchdown in the final quarter for the 9-0 margin.

Richard Shepherd had apparently scored on a 40-yard run on an option pitch in the first quarter, but the run was called back for a clipping penalty "which I have not seen on the film yet," Helton adds.

In the second quarter, Bovina got on the scoreboard following a great punt by Dale Gilbreath, which went to about the Kress two. The ball squirted into the end zone, and players from both teams went after it. Had Bovina recovered it would have been a touchdown, but since Kress did, the Mustangs got a safety, and the 2-0 lead.

The score was still the baseball-type, 2-0 at halftime.

After a scoreless third quarter, the Mustangs rallied to put some larger points on the scoreboard.

The Mustang defense set up their only touchdown of the night. Danny Villa blocked a Kangaroo punt, and Joe Pat Wright scooped up the ball and ran down to the Kress ten before being caught from behind.

On the next play, Gilbreath called the option pitch. The quarterback kept the ball and waltzed into the end zone for the TD. The PAT was good, to run the margin to 9-0.

Helton said that so good was Bovina's blocking on the option play, that any one of three players could have scored. "Dale could have handed off, and that man could have scored; he could have pitched out, and the pitch man could have scored, or he could have kept it, which he did--anything would have worked," Helton said.

One other time the Mustangs had a scoring threat, driving to the Kress 20, but Kress intercepted a Bovina pass to end that scoring opportunity.

Another time, it appeared the Mustangs had hopped onto a Kress fumble inside the ten, but a quick whistle had ended the play and

spoiled a scoring chance for Bovina.

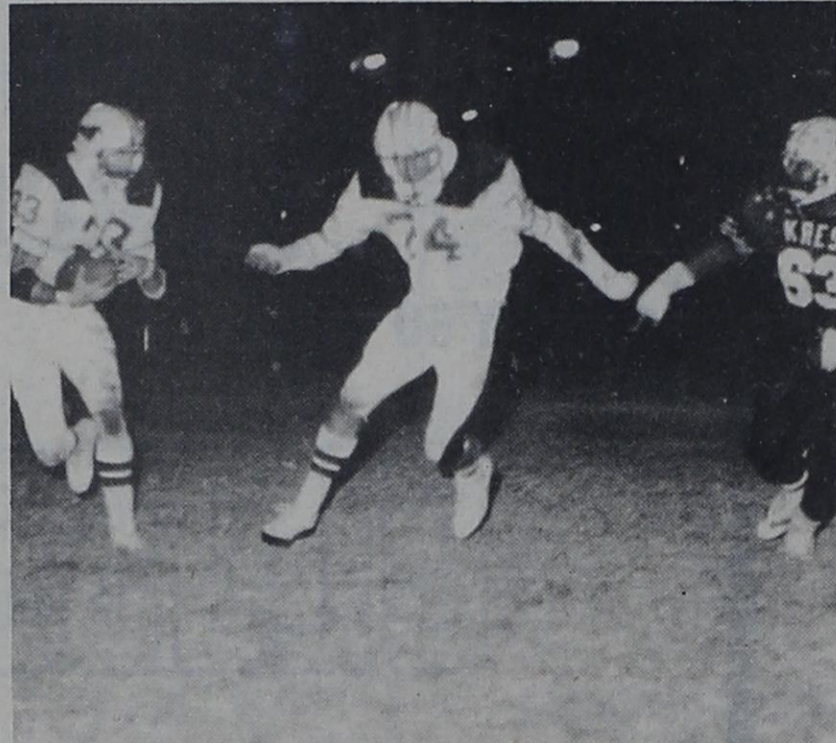

The Mustang defense held Kress to 145 yards total offense. The game was played at Kress' parents night.

Prior to the beginning of the season, Kress had been rated as high as fifth in the state, but the 'Roos suffered some injuries, which riddled their team, and their predicted banner season went down the tube.

"They hit hard. I'll give them that much," said Helton, who lauded Danny Silva, Jon Riddle and Terry Glasscock for their defensive play in the game.

Riddle caught two passes for 75 yards, and Wright caught a pair for 61 yards. Both came on fourth down when Gilbreath checked the play off at the line of scrimmage, and Bovina was able to maintain possession.

CAST YOUR VOTE ON NOVEMBER 2

Having had the opportunity to work more closely in Texas politics than most of you for the past few years, we have been able to distinguish who our real political friends are.

JIM HIGHTOWER, Democratic candidate for Agriculture Commissioner, is undisputably one such friend.

JIM HIGHTOWER is very knowledgeable and sensitive to the deplorable economic condition of Texas farmers and ranchers today, yet has the unique support and trust of urban people to support much needed agriculture legislation.

JIM HIGHTOWER will provide much needed leadership and directive to our state's agricultural policy and be a strong voice for our cause in Washington D.C., where the ultimate changes in agriculture policy must be made.

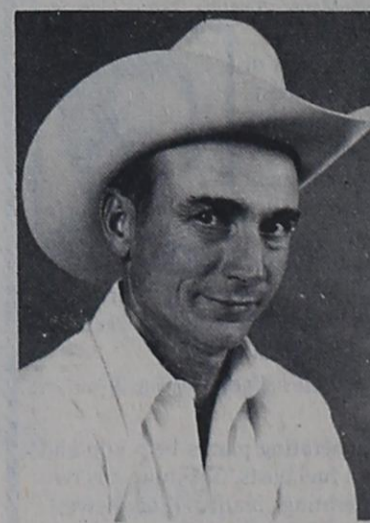

For these reasons, please join us, Ralph and Donna Roming, with your vote and support for **JIM HIGHTOWER** on November 2.

After much study and extensive evaluation of all the candidates, we will be voting a straight Democratic ticket and would urge everyone to vote a straight Democratic ticket for all our best interests.
