THURSDAYS......\$1.50

THURSDAY FEB., 27, 1902.

WHARTON, MAY & COMPANY.

With this issue the EAGLE has been merged into a Company, the firm name of which is Wharton, May & Co. This change has been made for business advantages, and while the EAGLE is now the best equipped newspaper office in this section of New Mexico, it is the Company's intention to keep it up to the requirements, so that all lines of commercial printing may be had right here at home; and to merit the patronage of every business man and individual in reach of it.

Mr. Silas May, whose name appears in the Company, needs no introduction to the local readers of the EAGLE, as he is, and has been a resident of this city for a long while, and is known to be a man of business integrity and good judgment. Mr. assumes the business management | 1st District of the Company and S. M. Whar- and District. ton the editorial department of the publication. The new Company will collect all accounts due the paper and pay all bills against White Oaks EAGLE.

Nine inches of snow in New York, seventeen inches at Philadelphia, and the greatest storm in several years on the Atlantic coast. Thus while we have warm and almost spring-like weather, the people of the east are having the worst weather for years. New Mexico climate is something worth having.

The President has consented for his daughter, Miss Alice, to attend the coronation of King Edward. And again some people object. Why not allow our children to see the sights? Surely there is no danger of our becoming imbued with monarchical tendencies by visiting the coronation.

The State Senate of Maryland passed a resolution for the deportation of McClay's history from the state because of its reflections on Admiral Schley. The Senate of Colorado wired congratulations.

The Harvey eating house at Rincon, on the Santa Fe, was burned the other morning just after breakfast. The fire started in the kitchen. A brick will be built in its place.

THE COMMONER.

Mr. BRYAN'S Paper.

The Commoner has attained within six months from date of the first issue a circulation of 100,-000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and WHITE OAKS EAGLE together for one year for \$2.00. The regular subscriptions price of the two papers when subscribed for separately is \$2.50.
