## A Lame Horse in Business

For many ordinary purposes, a lame horse may be all right hitched with one that is sound. The two may draw the load perhaps without difficulty, but when it comes to a hill or a rough road, the going is handicapped by the lame horse.

The man without the aid of a bank's service in his business has a lame horse. Some men can carry on their business in a way, perhaps satisfactory to themselves, without a bank's help. They have never experienced the real advantages of a bank's help.

There are times in any business when the best methods and every available assistance is necessary. A lameness means failure when the road is rough.

The man with a bank account has the benefit of the bank's service for his every-day needs, he can depend upon the bank when unexpected occasions arise that require outside help.

The Brady National Bank has a service that is good for every man's daily needs, it is adjustable to the demands of the various businesses, and is also a reserve help for unexpected and arduous times.

Our service will be a necessity to your business after you have experienced its many advantages.

## ENGINE TURNS OVER

Freight Train Splits Switch on Entering Frisco Yards Wednesday—Trains Delayed Thereby.

Wednesday afternoon at 2:30 o'clock a freight train in charge of Conductor John Godwin was wrecked just as it entered the Frisco yards at the point where the Santa Fe "Y" leaves the main line. The train was running about twelve miles an hour and on crossing the switch the engine, No. 355, took to the switch while the tank and balance of the cars kept to the main line. The result was an overturned engine, a smashed tender, two box cars in the ditch and two others derailed. Engineer Walter Amick, of Brownwood, received a sprained ankle when he jumped, while Fireman D. B. Mason also jumped and was uninjured.

The accident occurred on a high dump, and it is quite a wonder that the engine crew were not killed. The engine turned over on its side, squarely across the Santa Fe track, while the tender buckled across the Frisco line. The first two cars were dumped over in the ditch to the left and about a hundred yards of trackage was torn up.

Fireman Mason told a Standard reporter that he was standing in the gangway when he noticed Engineer Amick rise in his seat and look at the track ahead. A second later he saw the engineer reach for the emergency brake and he waited for no explanations but leaped off on the engineer's side. After applying the air Engineer Amick jumped from the fireman's side, just as the engine turned over. Both men landed in the ditch fifteen or twenty feet below, and both consider themselves fortunate in escaping with their lives.

The track was blockaded about fourteen hours, it being necessary to bring the wrecker all the way from Fort Worth and as a result the regular night passenger train due to leave here at 8:30 did not get out until 4:00 o'clock Thursday morning.

## KILLED IN RUNAWAY

Three-Months-Old Child of Harmon Ehrlanson Meets Tragic Death Saturday Afternoon.

The unexpected runaway of a family horse Saturday afternoon in the Bear Creek neighborhood a few miles southwest of town, caused the death of an infant and painful bruises of the child's mother and two other children who were occupants of the buggy at the same time.

Harmon Ehrlanson with his wife and three children were driving the horse. Mr. Ehrlanson left the buggy to speak to someone, and while out the horse suddenly took fright and bolted. Mrs. Ehrlanson and all the children were thrown out and the buggy was demolished. When the father got to his family he found the baby dead, while the other two children and Mrs. Ehrlanson were suffering painful, though not serious bruises.

The funeral of the little one was held Sunday afternoon at West Sweden cemetery.

P. P. Phillips is back from a fishing trip on the San Saba river. He reports a big rain Monday night and a thoroughly drenched camp with a four foot rise in the river.

## Commissioners Court.

The commissioners court was in session the first three days of the week, the principal business before the body being the examination of Tax Assessor Quicksall's rolls for the current year. The rolls were checked over very carefully and found correct in detail, and the court passed an order approving same. Mr. Quicksall's work was com-

plimented highly.

J. D. Wood returned Wednesday from a visit with relatives at Caldwell, his brother, C. R., returning with him to spend a few days with former acquaintances here.

Mr. Harrison, material yard foreman for the Santa Fe, left Monday for a business trip to Winters.

Brady and Melvin

Shoes For the Whole Family

WE can proudly say that we have the most complete shoe stock we have ever had the pleasure of seeing in Brady. We believe we can fit any foot and satisfy any customer in shoes. We are not selling paper shoes but strictly all-leather shoes. Nettleton and Tilt Shoes for Men, Dorothy Dodd and Priesmeyer for Ladies and that Red Goose School Shoe are bought and sold with the understanding that they must give satisfaction to the wearer.

In Men's Hats and Suits we know we have the correct styles and in these lines others may do a lot of wind jamming, but

We Will Make the Price the Thing

We are receiving our Ladies' Ready-to-Wear, and all we ask is a look and the garments and price will be our selling agents. We want to impress upon the minds of the people of the Brady territory the importance of pricing all over town and then come to the Grand Leader and we will sell you your bill of goods for less. This is a broad assertion, but we will not miss a sale when quality and price is the consideration.

Fred Ellis was hurt Saturday while on his way to town with cattle. His horse became unmanageable and fell with him, rendering him unconscious for some time and cutting his head besides straining his back. His injuries will lay him up for several days.

Manager Roddie, of the McCully Co., informs The Standard that Brady is now paying the highest prices for hides of any town west of Dallas. As a result his firm is now receiving

consignments from points which might be considered entirely out of this territory.

Frank Watters is on the sick list this week.

Alfred Reissner made a business trip to Brownwood the first of the week.

Frank Bennett is out again, looking quite pulled down by his recent illness, but still working for the business college.

The rain of Monday night was quite general all over the portions of the state most needing it. In this section of the state all districts report a good rain except southeast of here, Mason and Voca were particularly unfortunate, getting only a sprinkle.

W. K. Gay made a business trip to Brownwood Tuesday.

Newt Bryson lost several sections of grass by fire Saturday night.

#### Where Somebody Acted Unwisely.

For one solid year the newspapers of Coleman advocated an election for bonds to improve the roads in this precinct and after a struggle in which the papers devoted much time, money and hard work an election was called and the bond issue was repudiated by a vote of more than two to one. We made the fight for the good of the county and the people and as is often the case the very people that would have been the most benefited by the bond issue were the ones that killed it.

The additional amount of tax that the bond issue would have made necessary, about five cents on the hundred dollars, looked so terrible the voters took fright and run from it the same way they would run from the black plague. Now then, let us suppose that the bond issue had carried and this precinct would have had today \$200,000 to spend in this precinct, that money would have furnished work the most of the winter and fall to every idle man and team in the precinct at fair wages. The money thus earned would have fed the teams, fed the people, clothed the wife and children and done much good otherwise and the labor would have improved the roads which would have increased the value of the property in the precinct more than the amount of the bond issue and one day's work would have netted to the laborer enough in wages to pay the extra taxes for the year.

Now Mr. Farmer and laboring man that voted against the bond issue can't you see where you bit off your nose to spite your face? Don't you wish you had voted for that bond issue so you could be at work today making a living instead of sitting around wearing out the seat of your overalls and going in debt? Don't you see where you could have well afforded to vote a tax of fifty cents or a dollar a year on yourself and have had a chance to work and make a living all these long fall days? We have heard more than one say "we ought to voted that bond issue and then we would have been at work today, we told you so at the time but some seemed to think we were trying to work a graft and when the election was over came around and laughed at us because the bond issue failed. Well, its not so funny today and we are just as sorry today that the election went wrong as we were the day it was held.—Coleman Democrat-Voice.

### Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Felts, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself as no claims then continue the treatment by buying a 50-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free trial bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

**CERTAIN RESULTS**

Many Brady Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Brady. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

R. G. Lowin, of Brady, Texas, says: "I have taken Doan's Kidney Pills off and on for fifteen years and consider them the best kidney medicine I ever tried. I was in a bad shape as the result of weak kidneys and was obliged to get up three or four times at night to pass the kidney secretions. My back became so lame and painful that I could not lie still. Any cold I contracted always settled in my kidneys and at such times my condition was worse. Upon learning of Doan's Kidney Pills, I procured a supply at Central Drug Store and they relieved me in a short time. I have used them since then and they have never failed to give satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**INDIANS AND BULLETS.**

A Sample of the Strenuous Life in Kentucky in 1777. In 1777, while Harrodsburg, Ky., was so beset with Indians that the inhabitants were in straits for daily bread, a young man, only sixteen years old, made himself extremely useful by venturing out of the fort before day-break and returning with a load of game after nightfall. This intrepid youth was James Ray, afterward General Ray.

One day in the year just mentioned Ray and another young man were shooting at a mark near the fort, when the second man was suddenly shot down by the Indians. Ray looked in the direction whence the shot had come, saw the enemy and was on the point of raising his rifle when he was set upon by another band who had crept near him unseen.

He took to his heels and, being a quick runner, reached the fort amid a shower of bullets, but the gates were shut, and the men inside were so frightened that they dared not open them. Finding himself shut out, Ray threw himself flat on the ground in the rear of a stump, and here, perhaps seven steps from the fort and within sight of his mother, he lay for four hours, while the bullets of the Indians tore up the ground on either side of him.

At last he grew impatient and called out to the garrison: "For heaven's sake, dig a hole under the cabin wall and take me in!" The men inside set to work immediately, and the brave young hunter was speedily safe inside the fort.

**FORTUNE ISLAND.**

The Story of the Buried Prize of an English Buccaneer.

An English buccaneer, having looted and fired a rich prize, found himself pursued in turn by a Spanish pirate, and in order to save his treasure sought some isolated shore on which to bury it until the time came to divide the spoils with his followers. So he ran into the Bahama group and, landing on a low lying strip of sand and palm trees, cached his plunder and, naming the place Fortune Island, sailed away. He left a number of negro slaves behind to guard the buried treasure, and the present inhabitants are said to be descended from these slaves. The Fortune Islanders believe the old sea rover never returned for his chest and that it is still hidden somewhere near the tide level. It is no uncommon sight for tourists on the rare occasions when a steamer stops there to see some half naked black man digging in the sand, probably in obedience to a dream or other sign.

The natives are half civilized, exceedingly superstitious and very poor and live mostly on fish and fruit. They do not attempt to plant vegetables, preferring to rely on the bounty of nature, as the fierce hurricanes that sweep the Bahamas soon uproot and destroy gardens. The little colony is huddled together in a collection of squalid huts that are blown clear away in nearly every storm and have to be built anew. The island is nine miles long and a mile wide at the broadest part and lies 110 miles northeast of Cuba. — New York Press.

**Surprises in Chinese.**

"Some people," said an American consul to China, "live as long as twenty years in China and never learn more than a dozen Chinese expressions. But not so my little girl. She used to meet me each evening with some new Chinese expression which she had learned during the day. Now, the Chinese language, like the Japanese, is full of honorifics, and I fondly imagined one evening, when my little girl greeted me with some entirely new expressions, that she was saying something like this: 'Here comes the honorable personage, my father.'"

"To verify my guess I asked a little Chinese boy to translate. At first he was rather backward, but I urged him until he finally said:

"Your excellency, your daughter says, 'Here comes that old wooden-headed bottle.' Yes, those are some surprises in Chinese."

**Not Interrupting at All.**

At the piano Mrs. Eaton was guiding Edith and Edward and Jack through the intricacies of an old English melody when she became aware that the twins were adding their voices from an indiscreet distance and stopped playing.

"Children," she exclaimed, "you are not allowed to join in the chorus with Edith and Edward."

"We weren't," the twins protested, in slightly resentful tones. "We were singing something quite different."—Youth's Companion.

**Shakespeare Altered.**

A portable theater had been pitched in an out of the way spot where the prospective theatrical patrons were unsophisticated in matters dramatic. The players possessed the costumes for "Hamlet," and Shakespeare's tragedy was selected for representation. It then occurred to the proprietors of the show that the name might not attract, so they altered the title to "How the Stepfather Was Paid Out!"—London Mail.

**He Pleasured Her.**

"She asked me how old I thought she was."  
"What did you say?"  
"Well, I perjured myself like a gentleman."—Detroit Free Press.

been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for other unwaranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach, or the heart, or the nerves fail, quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health fails to return Dr. Shoop will himself gladly pay the druggist for that test. And for that test a full 30 day treatment is freely granted.

But write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but I am authorized to give the 30 day test, so I can give you the full measure of my medicine. I will issue my "no help, no pay" medicine to the sick. Tell me also which book you need. The books below will surely open up new and helpful ideas to those who are perfectly well, but those who are not perfectly well, but who are just as you would yourself, should buy the book. My advice and the book below are yours—and without cost. Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely yours.

**ABOUT THE BRIDGE BONDS.**

The sentiment at present seems quite favorable for the voting of the bridge bonds at the special election scheduled for Oct. 1st. The Standard has heard many favorable reports from different sections of the county, and it seems that a sentiment prevails that the success of the measure depends altogether on the way Brady people vote. The other precincts, it is thought, will give the bonds a handsome majority. This being the case the bonds should be assured, for Brady needs the bridges as badly as any other section.

The Standard this week secured the following expressions from members of the commissioners court regarding the outlook in the three outlying precincts:

Commissioner Armor: "All the three boxes in my district will go for bond issue, sure."

Commissioner Dickinson: "All of my people will stand as a unit for the bonds for all of the bridges. It all depends upon Brady as I see the matter. If Brady people will turn out and support the issue as they should we will have all the bridges."

Commissioner Gault: "I suppose that Mercury and Milburn will support the measure, as they usually stand for such things. I have not discussed the matter much with my constituents."

The Menard Messenger man reads between the lines in The Standard's recent pleasantries and figures it out that we would like to tie on to a little of Menard's "wetness"—the which seems to be her chief glory. In the same article, our loquacious brother signifies a desire to borrow a nickel from each of three prominent Brady citizens. Three times five is fifteen, and fifteen cents is said to be the price of one "wetting" in magnificent Menard. Reading between the lines is a dangerous practice, dear Callan, for it works both ways sometimes. By the way, why not establish a subscription jug after the fashion of Alkali Eye? It might obviate the necessity of borrowing "the price" ever and anon.

WITH a 10,000 bale cotton crop McCulloch county will not be in such bad shape after all. The price is good and prospects for it getting better, while the seed market is already up to \$28. It looks like every bale will be worth in the neighborhood of \$100, counting the seed, and that means \$1,000,000 worth of cotton. A million is lots of money and will scatter out among the people and do lots of good.

The "first bale" in Childress county was marketed last week by a farmer in an automobile. There was a race on to get the premium and the farmer with the auto won out, loading his bale of cotton on the back of his Overland and beating the others to town. Begins to look like the auto on the farm is something worth while!

It's a pity that road bond elec-

tion wasn't voted some time ago. The money thereby acquired would come in mighty handy this fall and winter, and every man with a team would have a job, and the short cotton crop wouldn't be noticed.

BOOST a little and pull a whole lot. The fellow who can't boost for his town ought to move.

**SCHOOL OPENS 26th**

Opening Date Postponed One Week on  
Account of County Teacher's Insti-  
tute Beginning on 19th.

Announcement was made Wed-  
nesday of the postponement of  
the opening of the public school  
until Monday, Sept. 26th. This  
action was taken on account of  
the fact that the teachers of the  
county desired to hold their an-  
nual institute prior to the begin-  
ning of the term rather than dur-  
ing the term. The proposition  
was acceptable to the school  
board and Superintendent Wil-  
son and the announcement was  
so made.

The Institute will begin Mon-  
day, the 19th, and the sessions  
will be held at the high school  
building. The program for the  
meeting will be found elsewhere  
in this issue.

The new ward building will  
not be ready for the opening and  
the board is trying to make ar-  
rangements for the use of one of  
the churches near the school  
building for a few weeks in the  
beginning of the term. The  
present prospects are that the  
high school building will not ac-  
commodate the enrollment, even  
should the various rooms be  
crowded ever so much. In fact,  
there are rooms for only thirteen  
teachers in this building, where-  
as the faculty this year consists  
of sixteen.

The scholastics number 690,  
not counting any transfers, of  
which there will be many. The  
enrollment last year was nearly  
800 with a much smaller scholastic  
census, and of course the  
usual increase is due to material-  
ize this term.

However, the inconveniences  
anticipated will not be for long,  
as the contractors are pushing  
the new building to the utmost  
of their powers, and another 30  
days will no doubt see the build-  
ing ready for occupancy.

**DIVERSIFIED FARMING**

One McCulloch County Farmer Who is Mak-  
ing Money Raising Fine Hogs  
and Jersey Cattle.

The Standard enjoyed a pleas-  
ant call from George Darley, the  
Voca stock farmer, Tuesday  
night while the presses were run-  
ning. Mr. Darley was formerly a  
cotton farmer, but of late years  
he has "cut it out," finding that  
he can make more money with  
less labor raising fine stock and  
feed crops. He has been hand-  
ling registered Poland China  
hogs for several years, and last  
spring he bought a herd of  
registered Jersey cattle which  
he reports as doing well and  
making good as money makers.

Mr. Darley now has about  
forty head of hogs, the smallest  
number he has carried for some  
time. He says the demand for  
registersd and high grade pigs  
is constantly increasing and he  
finds a ready market for all the  
pigs he can raise at from \$10 to  
\$25 per head. The farmers in  
the Voca country are becoming  
imbued with the hog raising  
spirit and the industry is grow-  
ing.

He raises kaffir corn, milo  
maize, corn and other feed crops,  
and has his own machinery for  
harvesting, threshing, grinding  
and chopping his feed. He finds  
that kaffir corn, threshed and  
ground and properly mixed and  
moistened is as fine a fattening  
agent as can be found for hogs.  
He binds his kaffir corn with a  
row binder, and later on tops the  
heads, threshing and grinding  
same for hog feed. The fodder  
is then run through a chopper  
and grinder which reduces it to  
the proper consistency that when  
mixed with cotton seed meal  
makes a splendid feed for fatten-  
ing cattle. Cattle fattened by  
him in this manner last year  
made big gains and sold at top  
prices on the local market.

Mr. Darley has high hopes for  
big results from his Jerseys. His  
herd is small yet, but is highly  
bred and doing well. The eight  
cows have all brought calves,  
and are all doing fine. He has  
one cow now yielding five gal-  
lons of milk a day; another yields  
four gallons, and all are good  
milkers. He thinks that McCul-  
loch county, particularly the  
southern portion, offers as good  
opportunities for diversified  
farming and stock raising as any  
section of the United States.

News Notes of Interest From Our Country Correspondents

## FIFE FINDINGS.

Fife, Texas, August 1.  
Editor Brady Standard:

Fife is still very dry but we are no worse than the rest of the county. Cotton will make from 1-5 to 1-6 of a bale to the acre, and unless it rains the feed crop will be a failure.

The Christian meeting conducted by Rev. Lawrence of Silver Valley, closed Sunday night with 8 additions to the church. A Christian church was organized here, which makes five churches maintaining organizations at this place. The Christian, Baptist, Presbyterian, Protestant Methodist and Methodist Episcopal.

E. Saunders has returned from Driftwood, Hays county, where he sold his place and has closed a deal with Perry Fitzgerald for his place here, paying \$24 per acre for it. Mr. Fitzgerald will move to Voca soon.

Henry Martin and H. D. Bradley shipped two cars of cows to Fort Worth Monday.

An effort is being made to organize a Masonic lodge at this place soon. A meeting will be held at the hall here on Sept. 16th for the purpose of talking it over. Let all Masons attend.

R. K. Finlay has bought the A. A. Dudley place paying \$12.00 per acre for it. Mr. Dudley now lives in Archer county but was down here this week closing the trade.

Misses Ruby Payne, of Mason and Lois Bradley, of Brady, visited relatives and friends here Sunday and Monday.

Prof. Alexander and wife are visiting relatives in Brady this week.

Miss Nettie Isaah, of Lohn, was the guest of Misses Agnes and Mary Finlay Wednesday.

Willie Roberts took a few hours of Sunday to visit friends here.

We wish to commend the action of the directors of the Fair Association on their deciding not to hold the fair this fall. In our opinion there would not be a corporal's guard attend this year.

We agree with a road advocate from Waldrip on the road proposition exactly. Let each precinct vote on the bonds, separately though, so everybody will get a square deal.

We wish to call the people's attention to the fact that we are not wanting a new bridge at Waldrip but only want to repair the one we have had. We think the election notices should have stated that the bonds were for repairs and not for building. Many of the people do not know that we ever had the bridge and will probably vote against it on that account, when if the bond issue was to "repair" no one but a fool would vote against it. Vote to "repair" if you vote against all the rest.

## How Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Jones Drug Co.

## EAST ROCHELLE NEWS.

East Rochelle, Texas, Sept. 4.  
Editor Brady Standard.

As we have seen nothing from this place in quite a while, will try to round in a few items. What is to hinder another correspondent from this place? I am certain the town is large enough to afford as many as two any way. Say now, come on let's have more correspondents from this lively little place and let the world know we are here, and there is no better way of doing this than through The Standard, the best paper in Brady.

The drouth still continues and has cut very short the cotton crop in this section.

I think the corn has turned out real well in this and the Deep Creek community. Also other feed such as cane, maize, millet, and kafir corn, probably sufficient to run till another crop.

Quite a crowd of neighbors and friends assembled at the home of Mr. and Mrs. J. P. Waddill on last Sunday evening to witness the marriage of their daughter, Leila, to Mr. Henry Hardin of Rochelle. This young couple marched out to the music of a wedding march played by Miss Virginia Mollen. After a beautiful and most impressive ceremony by Rev. Shan Hill of Richland Springs, amid congratulations and showers of rice

they all repaired to church, after which this young couple went to their previously prepared home, and are at home to their many friends in the future.

Alvin Hall has been quite sick the past two weeks with typhoid fever, but is improving at present.

Mr. and Mrs. Seth Abernathy visited the latter's sister, Mrs. J. N. Baxter, last week.

G. W. Young's new house is nearing completion and will soon be ready or occupancy.

Miss Mary Sellman left last Thursday for Brownwood, where she will enter Howard Payne College.

Work on the new rock school building is progressing nicely and when finished will be an honor to the town and something for its citizens to be proud of.

Miss Annie Arnold who has been visiting relatives at this place, will leave today for her home in Gonzales county.

Miss Rosa Williamson also will leave for San Marcos where she will enter school for another term.

Rochelle has certainly been blessed with good meetings this summer, three right in succession. All had good preaching and fine singing, and the power of God was certainly felt, the result being about 150 souls saved.

Miss Lula Henderson was quite sick a few days last week, but is improving at present.

Cotton picking is the order of the day, but do not think it will last long as the first going over gets most all of it.

Here is hoping the drouth will soon close and let the people smile again.

## AUNT HESTER.

Save a Soldier's Life.  
Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted asthmaloid," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, LaGrippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and Lung trouble, its supreme. 50c. \$1.00 Trial bottle free. Guaranteed by Jones Drug Co.

If it is a watch you want I can save you money. Call and see me. **H. C. Boyd, Jeweler.** At Palace Drug Store.

## LOHN LOGIC.

Lohn, Texas, Sept. 1.  
Editor Brady Standard.

We were blessed by a nice rain last Friday which was much appreciated.

The health in our community is very good.

Messrs. Alex Deering and Ember Smith returned last week from Mason county.

Mr. Meeks and family left Saturday for Fannin county, where they will make their home. We regret to see them leave but wish them much success.

Miss Lucy Deering returned from Melvin where she has been visiting her sister, Mrs. J. L. Hale.

Everybody is busy gathering their cotton.

Mrs. Deering and daughter, Anna, visited Mrs. Blanton one day this week.

The young people here attended the meeting at Fife Sunday.

## VOCA VOICES.

Voca, Texas, Sept. 1.  
Editor Brady Standard.

F. M. Hopkins, Lee Crutsinger and Mr. Walker all had the misfortune of losing a horse from eating mesquite beans.

The good rain that fell last week has done very little good towards making a good cotton crop but another good rain or two will insure a fine crop of feed stuff.

Mr. Henry Lew Allen was laid up the first of the week from falling off of a load of hay.

The people of this community are taking advantage of the good corn and maize crop and are buying hogs

to make their meat for another year. Hogs are selling at from \$4.00 to \$7.50 and that seems rather high until we think of going to town and paying from \$20.00 to \$25.00 for a hundred pounds of bacon.

Cotton picking is the order of the day now but will soon be over for the dry weather has made the crop short.

Best wishes to The Standard and its many readers.

DUSTY DODGER.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the falling "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that but you will surely know that help is coming. Sold by Jones Drug Co.

## MERCURY MUSINGS.

Mercury, Texas, Sept. 6.  
Editor Brady Standard.

Miss Jackye Walker, of Brady, spent last week visiting friends in Mercury. Miss Jackye is quite a charming young lady and we were glad to have her among us.

Miss Una Hall left Sunday night to visit relatives at Antelope Gap before taking charge of her school at Rusk, Texas.

Mrs. Rudd, of Goldthwaite, returned home Thursday after a pleasant visit to relatives at this place.

Miss Jessie Stone, late of Talequah, Okla., is visiting in our town, the guest of her sister, Mrs. Tom Beasley. We are glad to report Mr. Bert Hamnford on the convalescent list this week.

Mrs. W. A. Cawyer and granddaughter, Minnie, returned from Eden Sunday where they had been to attend the Baptist Association.

Judge Harvey Walker was shaking hands with friends in our town one day last week.

The Christian people are having a splendid meeting. Rev. M. L. Vaughn of Lometa is conducting the meeting.

Justice of the Peace Burleson attended the Baptist Association at Eden last week.

Miss Nellie Kerk, of this place, and Mr. Gordon Smith, of Winchell, were married Sunday. The happy couple will make their future home at Winchell and we all join in wishing them a long and happy married life.

## HERE AND HECTIA.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real Coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome toasted cereals, malt nuts, etc. make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute," says Dr. Shoop. "I served as coffee, it's taste will even trick an expert." Sold by Jones Drug Co.

## Passenger and Express.

On Sept. 10th I will put on a new passenger and express hack between Brady and Mason, and will make regular trips. All patronage accorded me will be appreciated. 42-3

## Catarrh Germs

Move Out When Hyomei Moves In.

No stomach dosing. HYOMEI (pronounce it High-o-me) is made from the highest grade of eucalyptus, taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system.

In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs cannot live, and in consequence catarrh and consumption are unknown.

Breathe HYOMEI and get the very same, pleasant, healing, germ-killing air as you would get in the eucalyptus forests and kill the germs.

HYOMEI is sold by Central Drug Store and druggists everywhere, at \$1.00 a complete outfit.

An outfit consists of a bottle of HYOMEI, a hard rubber pocket inhaler and simple instructions for use. The inhaler will last a lifetime, but bear in mind if you need another bottle of HYOMEI you can get it at druggists for only 50 cents. Guaranteed to cure catarrh, croup and throat troubles, or money back. Trial sample of Hyomei free to readers of The Brady Standard. Address Booth's Hyomei Co., Buffalo, N. Y.

# 5 Strong Reasons for Fall Painting

1. The wood is thoroughly dry.  
*Summer's sun has removed all moisture.*
2. Paint penetrates deeper into dry wood.  
*The deeper it goes the better it holds.*
3. Fall weather is warm, dry and dependable.  
*Little danger of cold, damp, rainy days, which endanger the durability of the paint.*
4. Wet weather decays and destroys unprotected surfaces.  
*Lack of paint means unsightly and less valuable property.*
5. Fall painting keeps out winter moisture.

# A SPECIAL INVITATION

## To the Farmers and Cotton Raisers of Brady's Trade Territory

We, the undersigned business men, merchants, bankers, cotton buyers, oil mill and compress men of Brady, desire at this time to approach you on a subject of deep interest to you as well as ourselves.

We are facing a short cotton crop, and conditions which, to some at least, mean "hard times." It is, therefore, to the interest of the cotton raiser to get the best price possible for both his cotton and his seed. It is also to your interest to buy your supplies at rock bottom prices, and we desire to extend you a pressing invitation to bring your cotton to Brady and buy your supplies from our business people.

Our cotton buyers are ready to pay the top of the market for the staple, and our oil mills have always been known to set the price of seed high and keep it up. Our two mills are prepared to handle every pound of seed raised in this territory, and our compress is equipped to handle every bale in the country.

Our merchants are ready to sell you goods at hard-time prices. Realizing the shortness of the crop and the scarcity of ready money, they have scaled down their profits to a point that means bargains in every line.

In short, bring your cotton and cotton seed to Brady and get the best market prices for same. Buy your goods from Brady merchants and get the benefit of small profits to them and big bargains to you. We unite in extending you this invitation, and believe that by accepting it you will save many dollars.

You will also find a ready market here for all country produce, such as butter, eggs, chickens, vegetables, feed stuffs, hides, furs, etc. The Brady hide market is today paying more for hides than any town west of Dallas. Come to Brady and get the highest prices for what you sell and the lowest prices for what you buy.

Thanking you for past favors, and hoping to meet you in Brady again soon and often, we remain,

Yours truly,

From Carl Schmidt.

Lohn, Texas, Sept. 5.  
Editor Brady Standard:  
In No. 38 of The Standard, dated August 28th, you so kindly mentioned my nomination for the office of governor by the Socialist Labor Party of this state. I can not claim to have sent my boys to a higher institution of learning. These places are reserved, under the present system of production, for the up-spring of financially well situated people, and this will continue to be so until the downfall of capitalism.

When on the 23rd of September, 1881, I came to this county, the democratic party controlled the state and has kept it under its absolute control until the present. Now what has this party done for education? The people are entitled by law to vote on themselves a special school tax. The term during which the school is open may be lengthened by special tax, but the small land owner and renter will have to keep their children at home chopping and picking cotton, in order to keep soul and body together. The better situated gain the privilege of using the school fund for the education of their children. If the democratic party was for education they would have made education compulsory.

The free school system was intended to enable the poor to educate their children, but special tax and economic conditions force the poor to help in providing the funds for the education of the children of the financially superior. If this goes on it will finally increase the gulf between the capitalist and laborer until it comes to the stand taken during the French revolution of 1793. At that time a man wearing a good coat was taken of necessity as immoral and corrupt. The period of sansculottism indicates a truth, under Socialism education will be free and the economic difficulty removed. If this nation wants to work its self to the front it will have to take care of its children.

Credit where credit belongs. The democratic party by and through the infamous poll tax and other laws, deprive the poor of the peaceable and civilized means of making themselves heard in the municipality, state and nation; finally driving this poor people into the arms of anarchism.

Political economy teaches us that all wealth is produced by labor; therefore, all wealth should belong to the man who performed the work. But all the wealth created by the worker is appropriated by the shirker, and the idler. The American Federation of Labor says, "Capital and Labor are brothers." I think the Daily People is right in saying: "The Earth is the mother. Labor the father, and Capital the child." If the child creates havoc in the family, the father should take a good hold of the child and administer the necessary spanking.

To free the workers of the thralldom of capitalism is the task of the proletarian movement, scientific Socialism.

Yours for the Socialist Republic,  
CARL SCHMIDT.

**H**AS been blessed with that much hoped for rain---you are feeling good over it too--- and you are going to supply yourself with a lot of things that you had intended doing without, because you feel like you can afford it, and it is right that you should. On the other hand, there is a **SPECIAL URGENT** reason why most of us should make every dollar spent bring its full value.

### Buying Hardware and Implements for a Household

Is usually treated as a side issue. Very much less thought is given this class of merchandise than any other. You get the habit of going to the same hardware store year in and year out, supplying your needs without acquainting yourself with the market value of your purchases; therefore, you cannot know that you are getting value received---in other words you get in "a rut" which, pardon us, with your helping wears deeper and deeper until you can't see out, much less get out, while your progressive neighbor is getting better goods for less money because he has his eyes open and investigates before he buys. If you have been a customer at our house you already know where a dollar does the most. If you have not called, we urge you to do so. Come get our prices before you buy---it is a pleasure to answer questions.

### Try This For Catarrh

Get a Hyomei (pronounced High-o-me) outfit today.

Pour a few drops from the bottle into the inhaler that comes with each outfit, and breathe it in 4 or 5 times a day.

Immediately you will know that Hyomei soothes and heals the inflamed and irritated membranes.

But Hyomei does more than soothe and heal, it kills the germs, those persevering pests that are at the root of all catarrhal conditions.

"Last year I suffered terribly with catarrh. I used one bottle of Hyomei and my catarrh was better."--Miss Helen McNair, Loyalton, Cal.

A complete Hyomei outfit, including a bottle of Hyomei, a hard rubber pocket inhaler and simple directions for use, costs only \$1.00. If you now own a Hyomei inhaler you can get an extra bottle of Hyomei for only 50 cents at druggists everywhere and at Central Drug Store.

Guaranteed to cure catarrh, croup, asthma and sore throat, or money back.
