A Lame Horse in Business

For many ordinary purposes, a lame horse may be all right hitched with one that is sound. The two may draw the load perhaps without difficulty, but when it comes to a hill or a rough road, the going is handicapped by the lame horse.

The man without the aid of a bank's service in his business has a lame horse. Some men can carry on their business in a way, perhaps satisfactory to themselves, without a bank's help. They have never experienced the real advantages of a bank's help.

There are times in any business when the best methods and every available assistance is necessary. A lameness means failure when the road is rough.

The man with a bank account has the benefit of the bank's service for his every-day needs, he can depend upon the bank when unexpected occasions arise that require outside help.

The Brady National Bank has a service that is good for every man's daily needs, it is adjustable to the demands of the various businesses, and is also a reserve help for unexpected and arduous times.

Our service will be a necessity to your business after you have experienced its many advantages.

JEFF F. MONTGOMERY, Cashier
The Brady National Bank,

REVENUE IS \$8,472.18

Assessed Valuation of Brady City Property Shows Increase Over Last Year of \$377,531.00.

City Assessor Paul Sheridan has completed the compilation of the rolls for the current year, and the same will be examined by the city council at its next meeting.

The rolls show an increase in taxable values amounting to \$377,531.00 over last year. The total assessed valuations this year reach the sum of \$1,354,638.00, as against \$977,107.00 for last year. The city tax levy for all purposes is 60c on the \$100 valuation, which gives the city government a total revenue for the ensuing year of \$8,472.18. The tax is divided as follows: General fund, 25c; street and bridge fund 15c; street bonds fund, 20c.

Brady will have about \$2,000 more money this year than last, as a result of the above noted increase in valuations. And even at that, it looks as if eight thousand dollars was a small amount with which to run a city of our present proportions.

Compress Starts Up.

The Brady Compress started its machinery Saturday and pressed 280 bales during the run. Another run was made Wednesday and 315 more bales were pressed, making a total of 595 to date.

Manager J. W. McCracken reports the press in fine shape and everything running smoothly. The receipts of cotton to date do not justify a continual run, and the press will not be started again before next week.

Martin Heights.

Martin Heights is the newest addition to Brady. It consists of 46 acres of land lying just north of the fair grounds, and owned jointly by John Martin and the Meers Land Company. There are nearly 200 lots already platted, and sales are already being made in the new addition.

The property is not nearly so far out as at first appears. It runs up within about four blocks of the new ward school building on the north side, the land lies well and is valuable property.

Teachers Arriving.

The faculty for the public school is assembling rapidly now and all will be in readiness for the opening on Monday, the 26th.

Prof. J. O. Wallace, the new principal of the High School came in Tuesday from Rockwall. On Wednesday Miss Ethel Fletcher arrived from Lampasas, Miss Annie Hill from New Waverly, and Miss Bessie Graham from Comanche.

M. B. Briggs has resigned his position as book keeper for the Brady Lumber Company to accept a position as traveling salesman for a shoe company out of St. Joseph, Mo. He left Wednesday night, and his family will follow in a week or two.

O. N. Guthrie, who recently sold his gin and home to J. C. Koerth, left this week with his family for their former home at Yoakum, Texas.

Mrs. Dr. J. G. McCall and daughter, Marjorie, left Wednesday night for a visit to relatives at Winchell.

Mrs. H. P. Roddie and children returned Wednesday from a visit to relatives in Brownwood.

H. J. Fancher and Gus Jones, of Sinton, Texas, arrived with their families this week to make Brady their home. They are brothers-in-law of J. J. Paxton, who, since coming to Brady, has proven himself a wheelhorse in boosting for Brady and the Brady Country. Both gentlemen will engage in some line of business as soon as they get their bearings.

The Meers Land Co. reports the sale of 160 acres of the Big Davis ranch to G. W. Wilson, of Kimble county, the price being \$20 per acre.

Mrs. Ora Miller, who has been visiting Mrs. R. A. Rutherford, Jr., returned to her home in Brownwood Wednesday night.

Miss Mattie Huey is visiting friends at Rochelle this week.

FOR A POST CARD DAY CUTTING UP BIG RANCH

Brady Commercial Club Now Arranging for Some Extensive Booster Post Card Advertising.

Richey-DeFreest Land Company Opens Office in Brady—Will Sell Parts of the White Ranch.

The office of the secretary of the Brady Commercial Club gets busier all the time, and Mr. Hardison is carefully laying plans for the securing of much publicity regarding Brady and the Brady Country.

The latest idea is that of having a "post card" day for Brady. A day on which every citizen will be expected to mail out just as many post cards containing scenes of Brady and surrounding country as he possibly can. The directors at their meeting Monday discussed the plan and authorized Mr. Hardison to proceed with his plans as outlined. Briefly, the plan is for the Commercial Club to buy a large number of specially printed post cards, containing local views. By buying in large quantities they can be had at a most reasonable price. The Club will sell these views to the local post card dealers at cost, and the dealers will be enabled to retail them at cheaper prices than they have ever before been able to offer, probably as low as one-half cent each—10 for a nickel.

Then the club will appoint a "post card" day, advertise the fact and every citizen of Brady and surrounding country will be expected to buy some of these cards, address them and mail them away. Mail them where ever they want them to go—the farther off the better. If this plan is carried out Brady will receive some pictorial advertising which will cause comment and bring results.

The Commercial Club will, of course, mail out large numbers of these cards. The three banks have already spoken for 500 each. Let everyone take an interest in this matter. The secretary has written for prices on the cards, and will be able to set a date soon. Get ready for "post card" day.

The Brady Water & Light Co. reports water troubles at an end with the breaking of the drouth. For the first time since it was erected the big new reservoir was filled to overflowing yesterday, and the supply is now greater than the demand. The ban on sprinkling and watering the trees has been removed, and the company anticipates no further shortage.

Dr. Cox's Painless Blister. Price 50c. Guaranteed to blister without pain, or money refunded. For sale by all druggists.

We will take pleasure in showing you through the most complete and up-to-date stock of furniture in the city. Do not fail to see us before buying, as we will sell you for less. Satterwhite & Martin.

Tax Assessor J. F. Quicksall is getting out a booklet containing a list of the tax payers of McCulloch county. The book also gives the postoffice address of each tax payer, number of acres owned, value of real estate owned and total property rendered for taxation, and will prove of value to everyone desiring information of this nature. Mr. Quicksall is having the book copyrighted.

The Richey-DeFreest Land Co., one of the biggest and best known land companies in the southwest, has opened an office in Brady, and has secured for sale a large body of land lying to the west and southwest of Brady, comprising in all nearly 50,000 acres in McCulloch, Menard and Concho counties.

The Brady office will pay particular attention to about 12,000 acres of the White ranch in this county, and which includes the new townsite of Whiteland, located 12 miles west of Brady at the junction of the Frisco and Santa Fe railroads. Mr. J. H. Beckham, Jr., will be in charge of the Brady office, and is already on the ground, having arrived yesterday. He has secured office rooms on the second floor of the Klondike building on the east side of the square.

The Richey-DeFreest Company is well known for its large operations in the coast country in recent years. The men at the head of the organization are known to be among the best immigration promoters in the business today, and their coming to the Brady country is the signal for much real estate activity.

The land in this county which will be put on the market consists of the tracts known as the Comfort ranch, South Brady pasture, Sisk pasture, and a portion of the Ford ranch. The promoters will advertise extensively and will induce immigration by running special trains from the north and east to this point.

Besides the Whiteland townsite (named so by the railroad) the company will also promote the new town of Callan, in Menard county, but that section of the country will be handled by another office, either on the ground or at Menard. The Brady office will pay particular attention to McCulloch county lands and the Whiteland townsite.

Cotton Receipts. Up to Thursday night, the receipts of the two cotton yards in this city amounted to 1248 bales. Public Weigher Jordan reports 918 bales at his yard, and Manager Jacoby 330 bales at the Farmers' Union Warehouse.

Mrs. F. J. Neal has this week been enjoying a visit from her brother, Mr. Lindley, of Bowie, Texas.

A Constipation Remedy Free

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemuel Landerite, an old soldier at Quincy, Ill., Elmer McMillan, of Speed, Mo., Mrs. Monahan, of Stonewall, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their friends, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since '61. It only remains for you to realize that salts are of but temporary good, and what you want is a permanent cure; that purgative tablets, cathartic pills and such violent things make a great show of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative- tonic, a mild syrupy liquid that contains ingredients that not only cure the constipation, but tone the intestinal muscles so that they learn again to work without help. A bottle can be bought of any druggist for the small price of 50 cents, and there is a dollar size for families who have already found out its wonderful value in stomach, liver and bowel troubles, in old or young. Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. E. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Oil Mills Ready. Brady's two big oil mills are now ready for business and only awaiting for seed receipts to reach a point justifying the starting of the season's run. The Brady Cotton Oil Co., Alfred Reissner, manager, has already made one short run, firing up Tuesday and operating the machinery for about 36 hours. Mr. Reissner says he will likely make another run Monday. The Bencini mill is ready to run, but Manager Wood says they will probably not begin until they have enough seed on hand to start the season.

County is Wet. Reports brought to The Standard office are to the effect that practically all of McCulloch county has received more rain this week. Several showers have fallen in Brady and the weather has been damp, cool and drizzly moisture will be of great benefit to all farm crops.

che, where she is visiting friends

for the present. These ladies
have a host of friends in Brady
who will give them a hearty wel-
come home.

Mrs. E. D. Hurlbut who has
been the guest of her grand-
daughter, Mrs. C. A. Trigg, and
son, Mr. Bert Hurlbut, will leave
Saturday for her home at Brown-
wood. Mr. Bert Hurlbut will
accompany her home for a few
day's visit.

Miss Ruth McShan celebrated
her eleventh birthday Friday
afternoon from 4 to 6 o'clock.
Games of various kinds were in-
dulged in and refreshments of
banana ice cream, cake and can-
dy were served to the following
little guests: Clara Bell, Bessie
Scott, Gladys Phillips, Lula Bell
and Dorothy Ogden, Jay South-
er, Willie and Scott Shropshire.

The Misses Lizzie, Ida May
and Ollie Souther gave a hen
party last Saturday night in
honor of Miss Charlotte Young
of Brownwood. 'Tis needless to
say that the girls had the time of
their lives and one not to be soon
forgotten. The following are
those who formed the party:
Misses Marie Crothers, Francis
Tisdale, Addie Conner, Gillie
Macy, Hayde Willoughby, Lillian
Roberts, Minnie Wiley, Laura
White, Carlita Matthews and
Nina Walker.

A charming event of the week
was the heart party given last
Friday night by Mrs. Dr. A. S.
Holley. The heart idea was
beautifully carried out in the
decorations, score cards and re-
freshments. Eighteen games
were played, the high score prize
going to Mr. C. P. Gray and the
booby going to Mr. J. E. Cooke.
Refreshments of cream and cake
were served to Mr. and Mrs. C.
P. Gray, Mr. and Mrs. S. M.
Richardson, Mr. and Mrs. J. E.
Cooke, Mesdames, A. G. Walker,
W. L. Perkins, W. H. Wroten,
Mrs. Wheelless of New Orleans,
and Miss Olga Schaege.

The Brady Mother's Club came
out of its summer siesta last Sat-
urday evening, thanks to the
energy of its president, Mrs. A.
G. Walker, and inviting a few
guests proceeded to enjoy a de-
lightful picnic supper in the
Marsden pasture with a drive
home later in the moonlight. It
was a jolly crowd which assem-
bled about the snowy linen laid
upon the grass, and the feast
spread thereon was one to tempt
appetite of an epicure. The Club
is due to again take up its labors
next month, and the picnic was
arranged as a method of renew-
ing interest in the work. That
it was a success in every respect
is attested by all attending.

Another one of those very de-
lightful and unusual dances was
given at the Klondike Hall Tues-
day evening in honor of Miss
Nina Walker, of Missouri. The
evening was threatening but
made it all the more pleasant for
the dancers. Those who partici-
pated are as follows: Misses
Marie and Chase Crothers, Addie
Conner, Gillie Macy, Ollie South-
er, Nina Walker, Charlotte
Young, Laura White, Hayde Wil-
loughby, Alice Ballou, Virgie
Yeager, Clara Wilhelm, Tyra
Graham and Pearl-Barris.
Messrs. Fred Ellis, Busheyhead,
Sidi Wulff, Walter Caldwell, Dr.
H. W. Lindley, George Sartwell,
Bert Hurlbut, Jack Brannum,
Sam Moffatt, Beryl Wiley, Boy
Crothers, A. Adkinson, Scharff,
and Mr. and Mrs. Nussbaum.

Mr. and Mrs. J. T. Mann were
complimented Tuesday evening
with a surprise reception and
miscellaneous shower on their

return from their wedding trip.
The Mann home was beautifully
decorated in pot plants and
ferns. In spite of the inclement
weather a large concourse of
friends were there to give the
bride and groom greeting and a
hearty welcome home. The
guests were received by Miss
Nell Jackson and Mrs. J. G. Ax-
tell, who in turn presented them
to Mrs. Gilbert of Dallas, and to
Mr. and Mrs. Mann. The list
of remembrances on this occasion
comprised a wide variety of
handsome, useful and ornamental
articles. During the evening
the guests were refreshed with
delicious punch served by Mrs.
John Schaege.

The Vendome.

The Vendome announces for
all next week the Spooner Dram-
atic Company, for their third re-
turn engagement this season.
The Spooners are too well known
and liked to need any further
mention, and crowded houses are
assured. New plays will be
given, and new specialties be-
tween the acts.

On the following week the Al
Phillips Cosmopolitan Players
will come for a two-weeks' en-
gagement. This company comes
bearing the highest endorse-
ments. It is composed of cap-
able people, and they will present
a line of entirely new plays—
plays that have never before
been seen in Brady. Mr. Phillips
is a comedian of note. For the
last seven consecutive years he
has been with the Gertrude Ew-
ing Company as leading fun
maker for that excellent com-
pany, and in organizing his own
company he has selected only
the best talent. The Vendome
management count themselves
fortunate in securing this at-
traction. Two full weeks, be-
ginning Monday night, Septem-
ber 26.

Remember the Spooners all
next week and secure your seats

Brady, Texas, Friday, Sept. 16, 1910

A CORRECTION.

The Standard was guilty of an error in Tuesday's issue when we stated that one ginner in Brady was paying \$33 per ton for cotton seed. The facts are that all the Brady gins are paying this price for seed of their own ginning.
The price of \$33 per ton is an advance of \$8.00 per ton over and above the market price in Brady as set by the oil mills. The mills are paying \$25. The fact that the gins are paying more is, of course, due to their keenness for business, and they are only paying the advance on seed from cotton ginned by them. We make this statement in justice to all concerned.
The Brady mills are paying more for seed than any of the surrounding towns in this section of the state. We are informed that Brownwood and other mill points are paying \$22. It will, therefore be to the advantage of every seed holder to bring his seed to Brady and get the better price.

BROWN County is receiving some mighty good advertising as a result of their precinct road bond issue in which \$100,000 has been expended most advantageously. Last week a committee of practical farmers from Taylor county visited Brownwood and personally inspected the roads so constructed with a view to posting themselves on the merits of the plan. The Abilene precinct of Taylor county is contemplating a similar bond issue, and these farmers were sent to investigate the Brown county roads, and upon their report will depend the vote of the farming class around Abilene when their election comes off. The Brown county roads have received much favorable comment by all who have seen them. This leads us to wonder what has become of the good roads crusade started by the Brady Commercial Club some months ago. The Standard believes the committee appointed ought to be able to make a report at once.

A NEWSPAPER is in no sense a child of charity. It earns twice over every dollar it receives, and it is second to no enterprise in contributing to the upbuilding of a community. Its patrons reap far more benefits from its pages than its publisher, and in calling for the support of the community in which it is published it asks for no more than in all fairness belongs to it, though generally it receives less. Patronize and help your paper as you would any enterprise because it helps you, and not as an act of charity.

COLEMAN has a red hot cotton mill proposition up for consideration. Eastern capitalists propose to put in a \$400,000 plant if Coleman people will take \$100,000 stock in same. Sounds reasonable, and we wouldn't mind seeing Brady face to face with a similar possibility.

THE STANDARD ventures to suggest that it would be a

mighty good plan for every real estate agent in Brady to assist the Commercial Club in the preparation of the Dallas Fair exhibit. The real estate men can help in many ways, and with their help and the active co-operation of the farmers of the county an exhibit may be had which will be an eye-opener.

Brady Standard: The Brownwood Bulletin claims that Brown County will raise 20,000 bales of cotton this season. That being a fair estimate, and comparative reports of crop conditions of the two counties as brought to this office being correct, McCulloch County will not fall far short of her record of two years ago, when 50,000 bales were marketed in Brady. However, The Standard is making no such prediction.

State Press has observed that a number of Texas newspapers have raised their crop estimates since the recent rains, but it is evident that The Standard believes one's reputation is jeopardized as much by predicting the size of a Texas cotton crop as it is in making prophecy concerning the weather; and not being able to plead that he is a newcomer, the editor of The Standard contents himself with flashing a ray of hope. AID FOR THE FARMERS

Prospects are Extremely Good for Government and Railroad Demonstration Work in this County.

Secretary Hardison, of the Commercial Club, some time ago took up with the Frisco officials the matter of establishing a railroad experimental farm near Brady, and also with the Government concerning co-operative demonstration work through the Department of Agriculture. His efforts in these lines have borne fruit even more quickly than anticipated.

On last Thursday Vice President W. B. Drake, of the Frisco, came to Brady, and met a committee from the Commercial Club in discussion of the proposition. Mr. Drake was quite favorable to the work, and stated that he would make an appropriation for the purpose provided the Santa Fe would do likewise. This, he thought, would suit the Santa Fe officials, and he promised to take the matter up personally with General Manager Pettibone of that road. Mr. Drake was assured that plenty of good land was available for the farm; in fact two choice sites were inspected by him, either of which can be had free of charge with as long a lease as desired. Another site available for the farm is a 46-acre tract just east of town, situated between the Frisco and Santa Fe road beds, and owned by the Frisco. It is probable that this site will ultimately be chosen.

Regarding the Government's co-operative demonstration work, the Club's letter was referred to J. L. Quicksall, of Waco, who is State Agent for the Department of Agriculture and has in charge all such matters in this part of Texas. Mr. Quicksall wrote the Club that there was a shortage of funds for this work, as there were so many claimants, but that if McCulloch county would guarantee \$250 a year to supplement the Government's appropriation, he would send a man here to take up the work. The Club authorized Mr. Hardison to accept this offer, which has been done.

It is now thought that the two propositions can be combined, and with the two railroads and our local people working in harmony with the Department of Agriculture, a line of demonstration work among the farmers of McCulloch county may be inaugurated which will prove of inestimable value to the county as a whole and the farmers in particular.

The Government's plan, as is well known, is to supply free seed and furnish a practical man to give instructions as to planting, cultivating and harvesting. The "dry land" methods will be shown, and much good will result. Any farmer who will agree to co-operate with the agent sent here may have the full benefit of his advice and experience, together with the free seeds for planting, the total revenue from all crops to be his own.

The Standard hopes to be able to announce the successful culmination of the Commercial Club's efforts along this line in the very near future. In fact, it may be stated almost as an assured fact now that we will get the agent.

HALL VALLEY

To Be the Best Town on the Santa Fe Between San Saba and Brady City.

Natural advantages warrants its becoming so; we feel safe in saying it has the largest territory of already developed farm lands than any other town in the county. Besides on the west is Richard Sellman's 27,000 acre Ranch, which comes within one mile of Hall Valley, will no doubt be cut into small tracts and sold for farm land in the near future, which will open up more new territory for our town.

The town was finished being surveyed and platted on September 8th. We have a general merchandise house that carries over a ten thousand dollar stock of goods; a blacksmith shop,

good school, church and a good gin. Lots have already been sold for a number of other businesses.

We have an abundance of fine water and will start the drilling of a public well on the square at once.

This is the best business location in the West. We don't have to yet develop our country; that has already been done. Therefore every one knows the town will build itself. Don't wait till the cars are there and pay boom prices. Buy now and save money. Our business lots are worth \$100.00 for inside lots, and \$150.00 for corners; residence lots, \$50.00 and \$75.00.

If you want a business location, if you want an investment, if you want to place your money where it will double in value, come to my office at HALL VALLEY or ROCHELLE and let me show you.

DALLAS FAIR EXHIBIT

McCulloch County Will Have Fine Agricultural Exhibit at Texas State Fair in October.

The Brady Commercial Club engaged space in the agricultural exhibit hall at the Dallas Fair some months ago, and at a meeting of the directors held Monday Secretary Hardison was instructed to begin at once an active campaign for exhibits with which to fill the space.

With that idea in view The Standard is requested to urge all farmers in McCulloch county to bring to the Secretary's office in the First State Bank building such specimens of farm products as they may have which they deem worthy of a place in the exhibit. It will be absolutely necessary for the Commercial Club to have the heartiest co-operation of all our farmers in this work. We cannot have the exhibit without the products, and unless the farmers are willing to do their part the exhibit will of necessity be a failure. The Club feels that every farmer in the county should take a deep interest in this matter, and The Standard believes that they will. Secretary Hardison is going to put in full time on the work, and he will appreciate the co-operation of all.

Now, all together for a prize-winning exhibit at the Texas State Fair in Dallas, October 15 to November 1.

Rushing the Work.

J. C. Collins has moved his big railroad gang from near Harkeyville to a point near Lometa. He has 20 teams and most of the mules were pronounced superb by the many who viewed them as they passed here on their way. Mr. Collins is reputed to be a great railroader and the fact of his transfer to the Lometa end of the work has had the effect of inciting hope that the work on that part of the line will be given a new impetus. It is reported here that the work of grading east of the river will now be rushed in order to get the rails down to haul out the heavy irons for the Colorado bridge.—San Saba News.

That rain, well it was the finest ever. Ten hours steady down pour. Just what we had been hoping for, needed and was bound to have. It put new life in us all. It is just good to see the new green come on every living thing, grass in the pastures, water in the creek and river. We may confess that we were a tiny bit blue, but it is over now. A rain cures many evils. Rain or no rain, stick to your crop and never lose confidence in your own country. We are better fixed here than most any section of the state.

"Find your bush and stick to it," is old but valuable, remember it when tempted to "cuss" your country and move. Dig up every dollar you can and pay off the grocery account with your home merchant, no man should have one any where else, and stick to him as he is the fellow that has stuck to you. It seems as if we were to have a place next year to dispose of our truck. The home is a fine place for the surplus but the man with an extra surplus will appreciate The Standard's efforts in his behalf, especially if the roads from all points in McCulloch are fixed in shape to get to Brady with a load of produce. Look at the roads, look at your tired over-taxed horse, and vote to save horse feed, vehicle repairs and your own worry. Roads are as necessary as education. Fix them by your vote.

IF SICK--WHY PAY Unless Health First Returns. Here is what should and can be done! Now you would not willingly pay for food that was worthless—would you? Then why pay for medicine until that medicine first proves to you its actual worth? Positively knowing what Dr. Shoop's Restorative can do for the sick, I say to all "don't pay unless health first returns". And I took my Restorative with a signed and sealed 30 day "No help, No pay" contract.

I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails". Let others do the same or else pass their prescriptions by.

If you need more strength, more vitality, more vigor or more vim, use my Restorative a few days and note the immediate improvement.

When the Stomach, Heart, or Kidneys go wrong, then test Dr. Shoop's Restorative. I do not dose the Stomach nor stimulate the Heart or Kidneys, for that is wrong. Years ago I cast away that mistaken idea in medicine. The books below will best tell you how I am succeeding.

These books also tell of a tiny hidden "inside nerve," no larger than a silken thread. They tell how that nerve, until it falls, actually gives to the Heart its power, its tone, its never-ending action or impulse.

These books will open up new and helpful ideas to those who are not well. They tell how the Stomach, Heart, and Kidneys reach inward "inside" or power nerves. They tell how the Restorative was especially made to reach and revitalize these weak or falling inside nerves. All of these facts tell why I am able to say, "It is free if it fails".

This is why I say "take no chance on a medicine whose maker dare not back it just as I do by this remarkable offer". So write me today for the order.

I have appointed honest and responsible druggists in nearly every community to issue my medicines to the sick.

But write me first for the order. All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line please—and thus save disappointment and delays. Tell me also which book you need.

A postal will do. Besides, you are free to consult me as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request. So write now while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

Indigestion Departs

Stomach Aged and After Dinner Distress Stopped in 5 Minutes.

Why should any sensible person continue to suffer day after day with terrible stomach ailments when Central Drug Store guarantees MI-O-NA stomach tablets to cure even the worst case of indigestion, or money back.

If your stomach rebels after eating and food sours or ferments in the stomach causing gas, pain, heartburn, and heaviness, two MI-O-NA tablets will drive away the misery in five minutes and leave the stomach feeling splendid.

A large box of MI-O-NA stomach tablets costs 50 cents at Central Drug Store and leading druggists everywhere.

If you have stomach trouble of any kind, start to use MI-O-NA stomach tablets today. They not only build up the stomach, but they act as a tonic to the entire body. They are makers of rich red blood and nerves that never flinch; they increase vitality and make the weak more vigorous.

WALDRIP WHISPERINGS.

Waldrip, Texas, Sept. 12. Editor Brady Standard.

Last Monday night we had a fine rain and everything is looking so fresh and green.

Cotton picking is in full blast and the new gin up to Saturday night had ginned about 35 bales. Farmers are making more than they expected.

Mr. and Mrs. Will Looney came in last Thursday week. Mr. Looney is Mr. T. R. Briscoe's son-in-law and will make his home here.

Mrs. J. E. Kelly spent last Saturday and Sunday with Mrs. Powell.

Mrs. Willie Woodard returned Monday from an extended visit to Alabama. She was accompanied by her daughter, Nannie, who graduated recently from the L. O. O. F. Home at Corsicana. She left Sunday morning for Denton where she will enter college.

Mrs. M. J. Hutto left Sunday morning for a visit to friends in McLennan county.

Marshall Bratton returned from Dallas Saturday night.

Lee Webb and Miss Lanning Batchelor attended singing here Sunday afternoon.

Every one enjoyed the singing at Mr. and Mrs. W. L. Bratton's Sunday night.

Messrs. Davis Ramsey and Marshall Bratton left Thursday for Seymour.

Rev. J. B. Wright filled his regular appointment here Sunday morning.

Glenn Wright left Sunday for Santa Anna where he will enter school. JUANITA.

LOST CREEK ECHOES.

Voca, Texas, Sept. 10. Editor Brady Standard.

We had a light rain last Friday accompanied with considerable wind, shaping itself into a miniature cyclone near the residence of F. D. Schooley breaking off and topping several trees and tore of a number of strips and some weather boarding from the house but nothing serious occurred.

We notice in last week's issue of The Standard that the Brady fair had been put off. We hate it, just at this time when all eyes are turned toward McCulloch county. I am sure that all exhibits would have exceeded those of last year especially from this place, although it has been very dry for quite a while.

Well we will soon have an opportunity to vote for the bridge bonds. Now let's all be good fellows and vote for the bonds and have some good public improvements in our own county.

Of course the thought of bonds will make a few get their breath fast and hard but they will soon get over that and be glad that enough voted right and that we have the nice bridges which will speak for our county when prospectors come this way.

Mrs. Joe Taff and children, little Miss Minnie and Henry, of Goldthwait on their return from a trip out in Kimble county, stopped over for several days among relatives here.

Mrs. Jim Spiller was quite sick several days last week.

Cotton picking is progressing nicely the weather has been favorable for picking and the crop will be gathered earlier than usual. Then comes in the pecan crop which is better than it has been for some time. A CITIZEN.

JONES DRUG CO., "WHERE THE PEOPLE TRADE"

A SPECIAL INVITATION

To the Farmers and Cotton Raisers of Brady's Trade Territory

We, the undersigned business men, merchants, bankers, cotton buyers, oil mill and compress men of Brady, desire at this time to approach you on a subject of deep interest to you as well as ourselves.

We are facing a short cotton crop, and conditions which, to some at least, mean "hard times." It is, therefore, to the interest of the cotton raiser to get the best price possible for both his cotton and his seed. It is also to your interest to buy your supplies at rock bottom prices, and we desire to extend you a pressing invitation to bring your cotton to Brady and buy your supplies from our business people.

Our cotton buyers are ready to pay the top of the market for the staple, and our oil mills have always been known to set the price of seed high and keep it up. Our two mills are prepared to handle every pound of seed raised in this territory, and our compress is equipped to handle every bale in the country.

Our merchants are ready to sell you goods at hard-time prices. Realizing the shortness of the crop and the scarcity of ready money, they have scaled down their profits to a point that means bargains in every line.

In short, bring your cotton and cotton seed to Brady and get the best market prices for same. Buy your goods from Brady merchants and get the benefit of small profits to them and big bargains to you. We unite in extending you this invitation, and believe that by accepting it you will save many dollars.

You will also find a ready market here for all country produce, such as butter, eggs, chickens, vegetables, feed stuffs, hides, furs, etc. The Brady hide market is today paying more for hides than any town west of Dallas. Come to Brady and get the highest prices for what you sell and the lowest prices for what you buy.

Thanking you for past favors, and hoping to meet you in Brady again soon and often, we remain,

Yours truly,

THE WEATHER BUREAU

Brady Secures United States Signal Service
Branch Through Efforts of
Commercial Club.

The Brady Commercial Club, through its secretary, recently made application for a branch of the Weather Signal Service for Brady, the application being signed by J. J. Paxton, manager of the long distance telephone exchange. The following letter was received by Mr. Paxton Monday:

Houston, Texas, Sept. 9.
Mr. J. J. Paxton,
Brady, Texas,

Dear Sir:—
I beg to inform you that the Chief of Bureau has approved the establishment of a co-operative meteorological station at Brady, Texas, and an equipment comprising, thermometers, instrument shelter and rain gage have been ordered sent to you from Washington, D. C. As a part of the equipment will come by freight it may be some weeks before you will receive the complete equipment, but I hope you will have it in time to begin October the 1st, next. Instructions, blanks, envelopes, etc., will be mailed from this office.

Yours truly,
SECTION DIRECTOR,
Houston, Texas.

Part of the equipment referred to came in Monday, and Secretary Hardison of the Commercial Club is getting everything ready for Mr. Paxton to begin his observations at the earliest possible date. A large flag pole will be erected on top of the telephone office, from which will be floated the weather signals. The rain gage and temperature records will be placed either on top of the telephone building or in the courthouse yard, and the observations will be taken every evening at six o'clock. A complete record will be kept.

The weather signals will be floated as occasion requires. For instance the approach of a cold wave will be wired Mr. Paxton, who will immediately raise the "cold wave" flag, and all other atmospheric disturbances will be heralded in the same manner.

John Howell has bought a lot in the Spiller addition and will build a cottage thereon soon.

We handle a complete stock of builders hardware at prices very reasonable. Let us figure on your bill and we will show you. O. D. Mann & Sons.

Good Way to Use Hyomei for Catarrh

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling Hyomei from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Try it; it's very simple; gives quick relief and makes you breathe easier.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stuffiness at once, and makes your head feel fine.

You can get a bottle of HYOMEI at Central Drug Store, and druggists everywhere, for only 50 cents. Ask for extra bottle HYOMEI inhalant.

But bear in mind that a HYOMEI outfit which includes inhaler and bottle of HYOMEI costs \$1.00.

HYOMEI is guaranteed by Central Drug Store, and druggists everywhere to cure catarrh, sore throat, coughs, colds, asthma and croup, or money back. Try it on that generous basis.

D. C. Middleton, a prosperous farmer of the Stacy community, made The Standard a pleasant call Tuesday. He reports the rains of last week fine and all farming interests greatly enhanced. Mr. Middleton thinks conditions are much better than anticipated by most of our farmers. His country will make lots of late feed, while late cotton will be greatly benefited.

FARMERS, ATTENTION:—I have bought the Guthrie gin and want your business. New plant, completely overhauled, and will guarantee you as good ginning as can be done anywhere. Remember the new gin, just east of the cotton yard in Brady. 44-F-4t J. C. Koerth.
