Banking By Mail

Mr. Farmer, suppose you should sell a horse, a cow, the hay or grain and are paid by check on some bank in Brady or some neighboring town. You are busy and do not come to town for a few days. Do not carry that check around or hold it at your home. You are sleeping on your rights if you do. Let Uncle Sam help you. Endorse your check. Make it payable to the order of the Brady National Bank and sign your name below. Mail it at once to us and ask us to place it to your credit. We will mail you a receipt.

You have thus protected yourself by using due diligence in presenting the check for payment. If the buyer's account should be closed from any cause, you could not back on him, otherwise he would escape. It is never good policy to hold a check out long after it is given to you. The giver may close his account and cause you trouble if not loss. Use the mail and telephone. You do not have to come to town to make your deposit. Mail us your checks and save trouble. We will be glad to accommodate you.

Lockhart-Cone.

Sunday, January 14th, at the home of the bride's parents in Brady, occurred the marriage of Frank Lockhart and Miss Cone. Rev. Payne of that place officiating. The wedding was a very quiet affair, only the immediate family being present as witnesses. Mr. and Mrs. Lockhart returned Sunday and went home to their friends in Lockhart's residence near school house.

Miss Lockhart is a most charming and accomplished young lady, last year taught in the Brady school, during which time she fully captured the heart of

Mr. Lockhart but endeared herself to a large circle of friends as well. Mr. Lockhart holds a responsible position with the Brady National Bank as bookkeeper and is one of Brady's most promising young men. A host of friends welcome the happy couple to home in Brady, and wish for them a happy and successful journey through life.

John T. Love, our farm demonstrator, returned Saturday from a furlough with his family in Johnson county.

Friday, the 13th, the stork brought a fine boy to the home of John Rose and wife.

HOW CAN I OBTAIN A SITUATION?

Just Four Words Answer This Question. Prepare Yourself for It.

The cities are full of situations. Show your employers that you can fill one and you will experience no further trouble. Getting a place is a matter of small importance as compared with keeping it and advancing in it. "Influence" may obtain for you a dozen positions, but you will end where you begin unless you have the requisite qualifications.

The solution of this question seems to be the chief anxiety with a large number of young people, when in fact none is more easily solved. Too many make it a rule to see how poorly qualified they can be, hoping to ride into responsible and lucrative situations on the shoulders of other people, instead of making it a point to so thoroughly understand what is required of them that they can, with confidence, walk in on their own qualifications. He who stands on his own merits will far outstrip him who is dependent on the influence of others. The one must beg or even buy employment; the other will be asked to accept a situation and be paid a remunerative salary because he is worth it.

Just you look around in your own community and observe the standing of the trained young man. You will note in every instance, that young man or young lady holds a responsible position. If you will call at the office of Draughon's Practical Business College and have the manager give you full information regarding our Life Scholarship, explain our practical course in banking, bookkeeping, shorthand and typewriting, we feel sure that it will not take long for you to make up your mind to enlist with us and receive a thorough and practical training and a Diploma. REMEMBER, to each and every graduate we guarantee a position, a feature that you do not enjoy in any other school in the world.

By a Life Scholarship we mean a certificate which entitles you to instructions until you graduate in any of Draughon's Colleges, at any time in the future, with a guarantee of a position attached to it. Our life scholarships are backed by 22 years, success, more bank endorsements than all other business colleges combined in the world. FIFTY SUCCESSFUL SCHOOLS, which have turned out more than a HUNDRED AND FIFTY THOUSAND GRADUATES and placed them in GOOD PAYING POSITIONS, THAT is what WE mean by Life Scholarships. So when you are offered one get full particulars—when you enter a business school know the **STANDING OF THE INSTITUTION**, not only in your community but the reputation, it bears with the commercial world, for you will not likely remain in your town when you are in search of a position, but when you answer that invariable question, "What school are you from?" you may well feel proud in saying Draughon's Practical. You will note a warmer reception than had you replied with the name of any other school in the world, for if the business is of any size you will find a brother graduate. Investigate us, visit our school and see our students working,

City Council Meets.

The City Dads met in a short session Monday. The principal business transacted at the meeting was the naming of a committee composed of A. B. Reagan and E. L. Jones to confer with the Water Company upon the water situation, the committee being invested with full authority to take any action they might deem necessary. The appointment of J. M. Anderson as deputy marshal was ratified by the council.

The examining trial of Raymond Avery and Zanie Weaver on the charge of assault with intent to murder was held before Justice Lyle Friday. Young Weaver was released, but Avery was bound over to await the action of the grand jury, his bond being placed at \$250. Both boys were re-arrested on the charge of shooting at a train, and bound over to the county court under bonds of \$250 each.

Our friend, C. E. Wooldridge, has purchased some property in New Meder, and expects to leave shortly.

CENTER OF STATE'S POPULATION.

Changing the state's population centers is not so easy a task as one might suppose. In order to move the center westward, the west must first cede to the east some of its most thickly settled territory and then offset this generous gift by an increase in population in its remaining territory. Take, for example, the past decade, the center of population moved five miles west and in doing so over a million acres of land and approximately 75,000 people living in the area in question were transferred from West Texas to East Texas by the moving of the center line.

The moving of the population center westward compelled West Texas to hand over to East Texas some of her choicest cities, among them Dallas, Waco, Sherman, Denison and the city of Ft. Worth, which a few years ago was a frontier army post, now finds the longitudinal center of population just outside its city limits and in another decade the West will likely have to transfer this city over to East Texas as one of the penalties of growth. So long as the star of the empire moves westward this process of growing and giving of her most powerful territories on the part of West Texas will have to continue.

From our observation we think that we have one of the most efficient and faithful men to his employment at the courthouse that has ever been known in the county. We refer to Mr. Davis, the janitor. He is strictly on to his job and never fails to be at work by 5 o'clock in the morning and remains at his work until near night, and the excellent condition in which he keeps the courthouse and grounds bear out our assertion that he is faithful and efficient. We suggest that

sufficient for his in order.

We occasionally speak light and their business, that is, boocountry, which we think most unjust criticism. The agent, if an evil, is certainly a necessary and almost indispensable evil. He sees the best features of a town, the country and the people. He lauds the good and avoids the bad features of the country and spends his time in efforts to build both town and country and his commission seldom affords him a fair compensation for his work.

The new bridge will take out the seasaw, zigzag kink in North Bridge street and the residents of that portion of the town will not suffer in the future from a crick in the neck produced by efforts to see across the bridge before attempting to cross over, and the new bridge will be wide enough to permit vehicles to pass freely while the present one would scarcely afford room for wheelbarrows passing without danger of collision.

The Bulletin notes with regret the retirement of John E. Cooke of Brady from newspaper work, he having sold his interest in The Brady Standard to his partner, H. F. Schwenker. During his connection with The Standard, a paper which he founded two years ago, Editor Cooke has given the people of Brady a splendid paper, one which in this office has always been appreciated. We trust that he will not stay out of the harness long, however, for the newspaper profession can ill afford to lose one as capable as John E. Cooke. —Brownwood Bulletin, Jan. 6.

Editor John E. Cooke of The Brady Standard has sold his interest to his partner, H. F. Schwenker, who has become sole owner and proprietor of The Standard. The Standard has become a semi-weekly and is doing a great work for its thrifty little town. —San Saba Star.

Our friend John Cooke has sold his interest in The Brady Standard and his valedictory says that he will be forced for a while, at least, to give up editorial work. Mr. Cooke went to Brady with either the fourth or fifth paper there. He bought out and consolidated the others until now, we believe, there are but two, of which his Standard

is easily the leader. Cooke is a good newspaper man and has made a success wherever he has gone.—Denton Record & Chronicle.

J. E. Cooke has sold his interest in The Brady Standard to H. F. Schwenker. Mr. Schwenker is not only a good newspaper man but he is a being who would submit kindly to having himself tied to an apron string, so to speak, or words to that effect.—Rocheille Record.

"Out of the fullness of the heart, the mouth speaketh," and his words betray the yearning desire of our friend, H. Adkins. When Herbie grows up we shall not be a bit surprised to see him making moonlight trips to bountiful, boundless Brady with religious regularity every Wednesday and Sunday night in order to sit in a hammock with one (or more) of Brady's beautiful, brilliant belles, and—talk about the weather.

Yes, I had to stay in Menard three days and neglect my work at home because the river was up and I couldn't get to the depot. I wish to thunder we had a bridge.—Menard Messenger.

The above is ample evidence that a new brand, having an entirely new effect, has been introduced into the soaked "near city" of Menard. We cannot say whether we prefer the "goods" that make a fellow think that he sees snakes wiggling and writhing around in his boots, or a grade of "merchandise" to make us think that we see swollen rivers flowing with water during a drouth. We have always thought that it was hard enough to find the water pitcher to soak our "cargo" without such delusions as rivers of water rippling and frolicking around our wabbling feet, and we will continue taking our old brands of "snake medicine" until Editor Callan has thoroughly demonstrated the superiority of the "high water stuff," and we have his professional word that it does not compel a fellow to swim all through the jag. By all means get the bridges with banisters 14 feet high, so a fellow will not fall overboard during the experiment.

ONLY twelve days remain in which to pay your poll tax and retain your voting privilege. Do it now.

THE WATER SITUATION

Shortage Again Stares Brady in the Face.
Careful Use of Present Supply
Will Carry us Through.

Sunday morning the citizens of Brady awoke to the fact that another water famine was confronting them, the last of the water in the Live Oak creek having been pumped out Saturday night. Monday the city council held a special meeting to consider the perplexing problem, and instructed the water company to cut the water off in Brady with the exception of one hour each day. The company, however, has been able to supply water to every patron at least two hours in the day, and will continue this arrangement indefinitely, turning the water on from 6:30 to 7:30 a. m. and from 5:30 to 6:30 p. m.

The sudden disappearance of the water in Live Oak creek is an inexplicable mystery to the company. The hole was holding out splendidly until after the hard freeze of two weeks ago, since when the water has been used up at an alarming rate. The only possible solution they have to offer is that the citizens filled up their cisterns to be prepared for another cold spell. At present the wells are supplying all the water, and Manager Martin requests the citizens not to waste it or use it for irrigating purposes. If this request is observed there will be an abundant supply for drinking and household use. In this respect Mr. Martin stated that the Water company greatly appreciated the uniform courtesy that had been shown them by the citizens of Brady throughout the troublous times.

That the Water company is doing everything in their power to solve the situation there can be no doubt, and they have at all times worked in harmony with the council in an effort to secure an abundant supply. Monday and Tuesday they scouted the entire country trying to find water in sufficient quantity to justify them in going after it, but nothing greater than a week's supply could be found.

The company is conserving all the present supply as much as possible. In case of fire or an emergency they have instructed all the employees to throw every bit of pressure upon plug nearest the danger.

A letter from Mr. Hawley, the water expert, stated that while he was convinced that Brady is out of the artesian belt, he is waiting to hear from an artesian expert before making his written report.

McCulloch

A reports

enjoyed a

Whiteland in

ham's auto one d.

was the writer's first t

new town at the junction of Mc-

Culloch county's two new rail-

roads, and we are compelled to

a confession of surprise at the

remarkably progressive appear-

ance of the new town.

In the first place the railroad

has completed a switch half a

mile long, on which several cars

were standing for unloading.

More than a dozen cars of lum-

ber have already been unloaded,

and the new lumber yard looks

like business. Their sheds are

large and the yard seems suffi-

ciently large to supply a heavy

trade. Their office building is

just completed and they are still

unloading lumber stock.

The new hotel is rapidly near-

ing completion. It is a hand-

some structure, and in both size

and design would be a credit to

a town even as large as Brady.

It will be ready for occupancy

within another fortnight. The

company has also put up a small

garage, and within a short time

will begin work on an office

building for their own use. The

Santa Fe has let the contract for

a nice depot, and it is thought

that work on same will begin

shortly.

Whiteland is an ideal townsite

from a topographical standpoint.

If the county had been searched

a prettier place for a town could

scarcely have been found. Situated

on a rolling knoll, which

slopes away in all directions with

a gentle drop sufficient to insure

perfect drainage yet not abrupt

enough to cause washing, the

townsite seems to be as near

perfect as could be desired.

Furthermore there is not a gully

nor a rocky spot in the entire

boundaries. Every lot is a good

one, with deep, rich soil, free

from rocks, gravel or "hardpan,"

and insuring success in tree

growing. The site is covered

with a growth of mesquite trees

and shrubs, and nearly every lot

has one or more nice shade trees.

A force of men is at work

cutting out the streets. Not

only are they cutting the trees

but the roots are being grubbed

up and the brush piled for burn-

ing. Within another week this

work will be completed and fur-

rows plowed and all the streets

and cross streets will be plain-

ly marked. The company also

contemplates grading some of

the streets.

All blocks and lots are staked

and numbered, suitable sites

have been reserved for churches,

school, park, etc., and taken al-

together Whiteland presents a

most creditable appearance.

Several business concerns are

now figuring on locating there,

among the number being a bank

and a big general merchandise

concern.

Whiteland is surrounded on all

sides by the finest farming land

to be found anywhere. This land

has all been cut up into quarter-

section tracts and is now on the

market. The promoters have

many agents in the north and

east advertising these lands, and

in the spring and summer

excursions will be run and many

people brought in from a distance.

Expense is not being spared and

success is assured, for the Richey-

DeFrest Company not only has

plenty of money behind the en-

terprise, but are putting into it

all the experience gained by

years of similar work, and all

the energy and enthusiasm of

which they are possessed—

which, in this instance, is a big

asset.

All exemption receipts to date 13

Total 932

The report for last year does not include any exemptions paid up to that time. Placid has the distinction this year of having the largest per cent of poll taxes paid.

Collector Mayo requests us to say that all young men who will become voters this year, but who were not old enough to be assessed for poll taxes, can get exemption certificates by applying to him before Feb. 1st. These cannot be issued after that date, neither can poll tax receipts. So if you want to vote on any question that may come up this year, you must get your poll tax receipt or exemption certificate before Feb. 1st. He also wishes to emphasize the importance, when sending in a written request to him to pay poll taxes, of stating age, voting precinct in which party resides, race, term of residence in Texas and in McCulloch county, occupation and postoffice. No poll tax receipts can be issued unless this information accompanies the request. Use the form published elsewhere in this paper to avoid any oversight.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the Heart or Kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the Stomach nor to temporarily stimulate the Heart or Kidneys. That old fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by Jones Drug Co.

CERTAIN RESULTS

**Many Brady Citizens Know
How Sure They Are.**

Nothing uncertain about the work of Doan's Kidney Pills in Brady. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

R. G. Lewin, of Brady, Texas, says: "I have taken Doan's Kidney Pills off and on for fifteen years and consider them the best kidney medicine I ever tried. I was in a bad shape as the result of weak kidneys and I was obliged to get up three or four times at night to pass the kidney secretions. My back was so lame and painful that I could not lie still. Any cold I contracted always settled on my kidneys and at such times my condition was worse. Upon learning of Doan's Kidney Pills, I procured a supply at the Central Drug Store and they relieved me in a short time. I have used them since then and they have never failed to give satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

Get Well First
 Don't risk even a penny—until health
 first returns.
 And I mean just exactly that.
 I am the one physician who says to the sick "I
 will not put you in my pocket, try for your medi-
 cine if it fails to bring you help."
 And for 25 years Dr. Shoop's medicines have
 been used and recommended in every city and
 hamlet in America. They are positively stand-
 ard in every community—and every where.
 Then why pay the cash, and at your risk, for
 other unwarrented and uncertain medicines?
 Thousands upon thousands have in the past
 successfully used Dr. Shoop's Restorative.
 When the stomach nerves, or the heart or kid-
 ney nerves fail, these medicines know how quickly
 Dr. Shoop's Restorative will bring them back to
 health again. But best of all, they positive-
 ly take no money risk whatever. They know
 that when health fails to return, Dr. Shoop
 will himself gladly pay the drug-
 gist for that. And for
 that test a full 30 day treatment is freely granted.
 But write me first for an order.
 This will save delay and disappointment.
 All druggists sell Dr. Shoop's Restorative and Dr.
 Shoop's Rheumatic Remedy, but all are not au-
 thorized to give the 30 day test. So drop me a line
 please—for I have appointed an honest and re-
 sponsible drug-
 gist in almost
 every commu-
 nity, to issue my "no pay"
 medicine to the
 sick. Tell me also
 which book you
 need. The books
 below will surely open up new and helpful ideas
 to those who are not well. Besides you are perfect-
